Fire Department Donates \$87.00 To March of Dimes

At their regular meeting Monday night, the Santa Anna Volunteer Fire Department donated \$87.00 to the March of Dimes and they are now making plans to do something else to help the drive along.

The money donated was raised last year when the members of the department sold "safety-lite" tape on cars in this area. It is possible they will again do this.

Others donors to the March of Dimes Fund through Tuesday morning are:

Mrs. C. F. Yancy \$10.00
F. C. Williams \$5.00
Mrs. W. C. Sharp \$3.00
Santa Anna HDC \$5.00
M. A. Richardson \$2.50
Chap Eeds \$50.00
Whon HDC \$7.20
Jack Woodward \$5.00
Mrs. Paula Robinson \$5.00
Fire Department \$87.00
Total \$179.70

COLLECTION AT THEATER

Mrs. Billie Guthrie, local March of Dimes Chairman, announced this week that a collection would be taken at the Queen Theater on Thursday night for the March of Dimes and another collection will be taken on Saturday night.

James R. Allen Shows Grand Champion Southdown Lamb At Fort Worth Show

By Tom Milligan

James Allen, an 18-year-old Future Farmer from Santa Anna, showed his 110-pound Southdown fat lamb to grand champion honors in the junior lamb show at the Southwestern Exposition and Fat Stock Show here Saturday.

The Coleman County youth, son of Mr. and Mrs. O. S. Allen of Santa Anna, won out over 403 fat lambs that showed in the junior show.

After winning first place in the Southdown grade or cross-bred class, Allen kept his eye on Dr. W. G. Kammlade Jr., fat lamb judge, as he competed against winners of the other two classes for the grand champion honors.

Breeder of Allen's champion lamb was Don Smith of Talpa. Allen carried off over \$80 in prize money and several prizes given by commercial organizations.

Allen placed second in his class last year and was elated over the fact he moved up one notch this year.

Competing against Allen for grand champion honors in the last round were Tom Max Robison of the Marfa FFA Chapter, whose lamb placed first in the fine wool class earlier Saturday, and Monte Griffin of the Lamesa FFA Chapter, who placed first in the other breeds and crosses class.

Can You Top This?

Last Saturday morning Mrs. Jewel Owen presented your editor with the largest carrot we have ever seen. It measured 10 inches around and just over 10 inches long. Mrs. Owen said she planted the carrots last spring and just let them stay in the ground until one day last week she decided to use the ground for something else and when she started digging the carrots, she got over a bushel basket of very large carrots. She presented your editor with the largest one and some of the others.

Another unusual thing about these carrots was the fact that they were just as solid as any regular carrot, and they were good eating.

TURKEY FRYER

Another pleasant thing happened to your editor last week when our friend Bill Griffin presented us with two turkey fryers. This was our first occasion to enjoy fried turkey and we assure you it is delicious. Bill tells us the northern markets really go for frying size turkeys, but not too many of them are used in the south as yet. The south is well known for its Southern Fried Chicken — why not for its Southern Fried Turkey.

We appreciate both the gifts and if anyone else has any unusual things of the eatable nature, you might try them on your editor.

Trickham Cemetery Meeting Set For Sunday, April 25th

It was announced on cards sent out by Miss Lou Featherston, secretary, on Jan. 1st, to interested persons, that the Trickham Cemetery Association's annual meeting would be held this year on April 18th. It was voted last year at the meeting to have future meetings on the third Sunday in April.

The directors seeing that the date would fall on Easter this year, have changed the date to April 25th, the 4th Sunday. All interested persons take note of the change and plan to attend.

Rev. J. W. Burgett, former pastor of the Cumberland Presbyterian Church of Santa Anna, who also preached at Trickham and taught in Santa Anna schools, will be the speaker for the day. Remember the date, April 25th.

Mrs. A. H. McCord of Cross Plains is in the home of her son-in-law and daughter, Mr. and Mrs. M. C. Switzer, convalescing from a recent illness. Mr. McCord spent the week end here with his wife and the Switzers.

Fire Dept. To Ask For Hill Country Convention In Aug.

The Santa Anna Volunteer Fire Department met in regular session Monday night and voted to donate \$87.00 made last year on putting "Safety-Lite" tape on local cars to the March of Dimes and also to sponsor something this year to help the drive.

Ten members of the organization will attend the Hill Country Firemen's Convention in Brady Tuesday, February 9, and during the convention they will ask for the next convention to be held in Santa Anna. This convention will be held on August 10 and approximately 250 firemen and visitors attend these meetings.

They also voted to have their annual Firemen's Banquet the night of March 2 in the basement of the Methodist Church, with the Methodist Ladies preparing and serving the meal.

Fifth Grade Presents Program At P-T. A.

A most interesting program was rendered when the P-T. A. met Tuesday afternoon with a fine attendance.

Mrs. Jack Dillingham was in charge of the meeting, and Mrs. Richard Horner voiced the prayer.

Mrs. J. A. Harris' 5th grade pupils had charge of the program, which dealt with "Important Days in February", with emphasis on birthdays. The unusual thing was that the pupils had written their parts.

Dixie Joe Baugh was the announcer.

Important days in February mentioned were Ground Hog Day, Valentine Day, Boy Scouts organized, P-T. A. organized. A double quartet sang "Let Me Call You Sweetheart", in connection with the Valentine feature. Two Scouts of the 6th grade, Joe Brannan and Jimmie Crews, assisted in the features. Mrs. J. H. Martin played for the songs.

Great men featured as having birthdays in Feb. were: Lincoln, Longfellow, Washington, Caruso, Edison and Lindberg. The boys singing Bimbo concluded the program.

It was voted to have a basketball tournament with the first games to be played on Feb. 25th. A committee on arrangements appointed are: Mrs. Billie Guthrie, Mrs. Edna Wristen and Mrs. Charlotte Burney. Mrs. Harris' 5th grade pupils won the attendance award.

Mrs. Billie Guthrie announced the Mothers March on Polio for next Tuesday, Feb. 9th, and asked for helpers.

The next meeting will be on Tuesday, March 2nd. Those liking to hear interesting programs should attend these meetings.

Mrs. Mabel Burrage, teacher in the David Crockett School in Midland, spent the week end with her father and mother, Mr. and Mrs. M. E. Harvey, and her children, Dorothy and Elgean Harris. She brought three faculty members home with her: Mr. Al Cluck of Big Spring, Miss Joe Hinkle of Detroit, Mich., and Mrs. Margie Kallofer of Midland.

Mr. and Mrs. W. N. Kilmer of Placid came Sunday and visited with his mother, Mrs. C. A. Kilmer, and took her to the Santa Anna Hospital for a thorough examination. She has been suffering for nearly two months with a deep seated cough. She returned home with her son and daughter-in-law, who will bring her back next week end for further examination.

Mr. and Mrs. W. R. Mitchell and family of Abilene came Saturday and took his mother, Mrs. Nettie Mitchell to Ft. Worth, where they spent the week end with her sister, Mrs. R. D. Moore who has been quite ill, but has improved.

Mrs. Hubert Dudgeon and daughter, Ruth Ann of San Antonio, visited over the week end with her aunt, Mrs. A. E. Campbell. Mr. Dudgeon, who had been here, returned home with them.

Lions Den

Next week being National Boy Scout Week, the local troop of Boy Scouts is to give a program for the Lions Club, their sponsor. It was decided to postpone the initiation of new members until the third week in this month in order to have the Boy Scout program. The program this week was presented by Lions Hardy Blue and Bruce Snodgrass and was a film on "The Rim of the Wild" and was shown by Harold D. Penny, State Game Warden of this district. Penny lives at Lake Brownwood and he had his son present with him.

The Tail Twister sold his badge at Chinese Auction and Lion R. K. Green purchased it for \$1.15, which entitles him to do what he pleases for the next 30 days without being fined.

A discussion was held concerning the basketball game between the Lions Club and the National Guard. The game will be held in the high school gym Monday night, February 15. All plans are not complete as yet, but will be announced next week. All the proceeds will go to the March of Dimes Fund.

J. J. Gregg Reported To Be Improved

J. J. Gregg, Santa Anna News owner, is considerably improved, but is still in the Abilene hospital. His condition has been improving since last Thursday and if his improvement continues, we hope to bring him home the last of this week or first of next week.

Heart Fund Drive Now Underway

Research into the causes of heart diseases — which affect one out of every 16 Americans — will be given top priority in the program supported by the 1954 Heart Fund, which now is in progress throughout Texas and the nation, according to Dr. W. R. White, Baylor University president and chairman of the 1954 Texas Heart Campaign.

Dr. White pointed out that heart diseases annually cause more than 750,000 deaths — more than all other diseases combined — and said that contribution to the 1954 Heart Fund will be used in research programs that seek to find the causes of hardening of the arteries, high blood pressure and rheumatic fever. These three conditions account for more than 90 per cent of all diseases of the heart and blood vessels, Dr. White emphasized.

Governor Allan Shivers, who, with Attorney General John Ben Shepperd, is serving as co-chairman of the 1954 Heart Fund Drive, has declared February "Heart Month in Texas" and has called upon all Texans to support the month-long fund-raising campaign.

Hundreds of volunteer workers in 26 Texas Heart Association districts and numerous county Heart Chapters are devoting their time and efforts in February to the Heart Fund, Dr. White reported. Slogan for the 1954 Heart Fund is "Help Your Heart Fund — Help Your Heart". The state Heart Fund chairman urged that "contributions be made to your local Heart Association, or sent to Heart, care of your Postmaster".

Mr. and Mrs. Luke Pricer of Coleman have a new baby boy, which they have named Gaylon Lee. He weighed 6 lbs. and 12 ozs. and was born in the Coleman hospital Saturday at 8:31 a. m., Jan. 30. The Pricers have another son, Randall, 2 years old. The mother is the former Glynda Gober. Mr. and Mrs. E. W. Gober of Santa Anna are grandparents and Mrs. W. A. Brandon of Santa Anna is a great grandmother.

Buck Mills, who sustained a broken hip at Sonora on Sunday, Jan. 24th, in a car accident, was brought to his home here on Saturday in an ambulance, where he is getting along very well.

Mrs. Billie Guthrie Announces Mothers March On Polio For Tuesday Evening

Signal Lights Changed Back To Normal Operation

Clifford Stephenson, city foreman, said this week that the signal lights in Santa Anna were changed back to normal operation because the city received too many complaints about fast traffic going through town and people not being able to safely cross the streets.

Last Thursday the lights were changed back to their normal operation. They were tried for about ten days with the amber caution light for through traffic and the red stop signal for traffic entering the main thoroughfare.

Boy Scout Week To Be Observed Feb. 7-13

The future strength of America lies in its youth, says Dr. Arthur A. Schuck, Chief Scout Executive of the Boy Scouts of America. In a message for Boy Scout Week, Feb. 7 to 13, marking the 44th anniversary of the organization.

"How well the young men of tomorrow will meet the challenge of the times will depend upon the training that they receive today in character development, participating citizenship and personal fitness," the Chief Scout Executive said. "In cooperation with the home, the church, the school and other community institutions, the Boy Scouts of America," he continued, "is charged by its congressional charter with the responsibility for promoting the ability of boys to do things for themselves and others, to develop skills, self-reliance, initiative, physical strength, endurance, courage, patriotism and those other qualities which contribute to the very highest type of citizenship."

During Boy Scout Week, in countless communities Scouts, their parents, local institutions and public officials will pay tribute to the leaders of the 89,000 Cub Packs, Boy Scout Troops and Explorer Posts for the contribution they are making to the boyhood of America.

The Boy Scouts of America, Dr. Schuck points out, is operated by volunteers with the help and assistance of a small professional staff. Men come forward in increasing numbers, he said, to give their best in the service of youth. Without them, he states there could be no Scout program. Because of them over 2,440,000 boys today enjoy the adventure of Scouting, which has become a part of normal American life.

Volunteer leadership positions in Scouting attract men of education, as well as men of character with an educational and occupational background well above the national average.

Mr. and Mrs. James A. Harris and son, Kenneth, and Pete Wylie, were in Ft. Worth Saturday to attend the Fat Stock Show.

Mr. and Mrs. Calvin Campbell and Linda attended the Fat Stock Show in Ft. Worth at the week end.

Mrs. James Cliett and Molly of Hurst, Texas, spent the week end here with Mrs. Cliett's parents, Mr. and Mrs. Neely Evans.

Tom Bailey was home from N. T. S. C. at Denton visiting with his parents, Mr. and Mrs. Preston Bailey at the week end.

Mrs. W. E. Calloway returned home last week from a two weeks stay at Carlsbad, New Mexico, with her son and daughter-in-law, Mr. and Mrs. Bernice Calloway. While there a new daughter was born into the family. They have two other daughters.

An ant has the largest brain, in proportion to its size, of any animal.

Mrs. Billie Guthrie, chairman of the March of Dimes drive, announced this week that a Mothers March on Polio will be held Tuesday evening, February 9, beginning at 6:00 p. m. The fire alarm will ring one long blast at this time, reminding people that the march is starting. Mothers are needed to help in the drive and those of you who will be willing to work for approximately 30 minutes to one hour are requested to contact Mrs. Guthrie and offer your services.

A number of mothers have already said they would help, but more are urgently needed. The more mothers that help, the less time all of them will have to work. The plan calls for a house-to-house canvass, rather than having perch lights turned on. It is planned for two mothers to work in a group and it is hoped that enough will offer their services that each group will not have more than two blocks to cover. Every mother should offer her services with the thought in mind that you might be doing something for your own children.

Everyone is asked to be as liberal as possible when you are called on to donate to the March of Dimes.

Contributions will also be taken at the Queen Theater on Thursday night and Saturday night.

Dr. Henner Speaks On Alcohol Effects At Methodist Church

Sunday night, Dr. Charles Henner spoke at the Methodist Church on Alcohol. The service was sponsored by the W.S.C.S. of the church, who are studying Alcohol and Christian Responsibility. Dr. Henner brought out convincing facts on the harmful effects of alcohol even in small quantities. Mrs. Henner also spoke on narcotics and told experiences when she worked in a narcotics ward in a hospital.

Also two films were shown that were both interesting and instructive. The church was full for the occasion.

Miss Betty Blue is the leader for the W.S.C.S. for the study of alcohol, which they are now having.

Another open meeting will be held on Feb. 14th, on the alcohol subject, when a highway patrolman will speak.

Sunday At The First Christian Church

All services were well attended Sunday. Sunday School a little off from the previous Sunday, but a fine crowd for church.

The highlight of the day was the Youth Rally of District Eleven in the afternoon, which drew the largest attendance that has attended these meetings, and they say they want to come to Santa Anna again. After the meeting the group went to the High School gymnasium where Miss Judy Crow of Ft. Worth conducted recreation and all enjoyed sandwiches, cookies and cold drinks. The night service featured a solo by Clayburn James, "My God is Real", with his mother, Mrs. Gene James playing the accompaniment. Leroy Pollock also sang, "Abide With Me" as a solo with Miss Crow playing the accompaniment.

After the service was dismissed Mrs. James and her children, Clayburn, Grady and Standley, and her daughter Sherrill, furnished a lovely quartet and other numbers, and Sherrill sang a solo, all of which was much enjoyed.

Moving Around

Mrs. Tom Wheatley has bought the Carl Benton home on South Lee St., former Dow McBride place. The Bentons are moving to the S. E. Benton farm and the S. E. Bentons have moved to the place formerly occupied by the Julian Whitley family, who moved to town sometime back.

In his State of the Union message, President Eisenhower requested the Congress to raise the public debt limit beyond the present \$275 billion ceiling. It's been a long time since our federal government had no debt. Only once, and that was in 1835 when a surplus developed a sort of dividend and dish the surplus out to the various States. Then came the 1837 depression, and there hasn't been a surplus in the Treasury since then.

Today a struggle is going on to keep the stupendous public debt from virtually swallowing up the whole national economy. Henry Wallace used to laugh off the public debt size by saying, "Why worry? After all we just owe it to ourselves." That fuzzy theory, if dominant, could prove disastrous. Actually some of us owe the debt to those of us who happen to own government bonds. The good faith of the government is thus involved.

The public debt now averages more than 6,000 per family. Interest alone costs the taxpayers \$6½ billion a year. The debt is created, in the main, by govern-

ment borrowing. To finance borrowing, the government sells bonds to banks. Thus a base for large-scale new expansions of credit money is created. This new money, bidding against more money, runs up costs and causes inflation. That inflationary force becomes a sort of vicious cycle. The impact forces government spending upward in order to pay for inflated costs for what the government buys — thus often leading to more borrowing to pay for the increase in government spending.

The Congress has tried to control the debt through controlling the ceiling. The first ceiling was set back in 1917, the first limit having been \$1½ billion. By 1921 it jumped to

37½ billion, and in 1945, the peak of \$300 billion was hit.

The end of the war found the Treasury with unspent money, and soon the ceiling was cut back and then upped a couple of times to the present level of \$275 billion. Actually, the debt limit device has been useful only as a psychological brake. It has been of little use in preventing the growth of the debt. The only real way to do that is for the Congress to spend less money. If the Congress votes appropriations and obligations that exceed the debt limit, then the Congress has little option but to raise the debt limit accordingly.

Hardy - Tubbs Vows Exchanged In Dallas Sunday, January 24th

Miss Reba Hardy of Dallas became the bride of C. A. Tubbs, Jr., also of Dallas at 4 o'clock on Sunday, Jan. 24th. Vows were exchanged in the Lovers Lane Methodist Church with Rev. Tom Shipp, pastor of the church, reading the ceremony, before an altar banked with greenery and white tapers.

The bride is the daughter of Mr. and Mrs. Earl Hardy of Santa Anna and the bridegroom is the son of Mr. and Mrs. C. A. Tubbs, Sr., of Dallas.

Mrs. Billie Joe Robinett of Santa Anna played traditional music and accompanied Miss Sandra Shields of Santa Anna, who sang "Because", and "The Lord's Prayer."

Mr. Hardy gave his daughter in marriage. She wore a ballerina length gown of chantilly lace and nylon net over taffeta. The long sleeves came to a point over the hands.

Her nylon tulle veil was attached to a head piece of lace and net and embroidered in pearls. A white Bible was featured in her bouquet of white carnations and white gardenias.

Miss Jean Marsden of Dallas was maid of honor. Her dress was of blue chantilly lace, ballerina length, and she carried a bouquet of gladiolas and split carnations.

The candles were lighted by Larry Watson of Dallas.

Mr. Billy Bob Evans of Dallas was the groom's attendant.

Mrs. Tubbs is a graduate of the Santa Anna High School and attended the Parkland X-Ray Training School and is now a registered technician and employed at the Lakewood Clinic in Dallas.

Mr. Tubbs is a graduate of the

MRS. C. A. TUBBS, JR.

Woodrow Wilson High School, and a student at A & M College.

The couple will make their home at 6122 Valesco St., Dallas.

Mr. and Mrs. Tom Kingsbery and Sue returned Saturday from a visit with Mr. and Mrs. Jack Kingsbery and Ann at Batesville.

Century Of Progress To Be Celebrated By Texas Schools

A century of phenomenal progress will be celebrated by the Texas public schools during 1954, their centennial birthday year.

The 100th birthday of the public school system was on January 31, but the observance is scheduled to last all year because there is so much to celebrate.

Today's Texas public schools are a far cry from their humble beginning back in 1854, when the per capita payment was 62 cents and the permanent school fund was started with an initial endowment of \$2,000,000. The per capita payment has now grown to \$68 and the permanent school fund to \$249,016,781.

In the same state where youngsters used to be considered lucky if they were given three or four months of schooling a year, a minimum of nine months of school each year.

Despite these vast improvements, Texans have not yet achieved the goal outlined by their forefathers. The Texas Education Agency, the Texas State Teachers Association, the Texas Congress of Parents and Teachers and other participating groups hope the centennial celebration will renew the interest of the general public in its schools and lead to additional improvements.

It was, on January 23, 1854, that a group of Texans converged on Austin for a mass meeting. "We will not only be the Empire State in point of territory," they solemnly resolved, "but in the number and excellence of our institutions of learning."

It was a bold boast from a young state — one which had been admitted to the Union less than nine years before. But just eight days later, the Common School Law was enacted. It established the free public school system of Texas.

"It was the first mile of a long road still under construction — that leads to happiness and prosperity," Executive Secretary Charles H. Tenyson of the Texas State Teachers Association said recently. "It is a well traveled road, with traffic increasing at an astounding rate. There are 72,000 more children traveling on it now, for

GIVE TO YOUR HEART FUND!

instance, than there were a year ago."

Six periods of peak interest in schools have been selected by the State Board of Education for statewide observance of the centennial, but local groups will decide for themselves if these are of the greatest interest locally.

Th six periods are: January 31, official birthday; March 1-7, Public Schools Week; May-June, end of school year; September, beginning of new school year; October, State Fair time; and December, statewide Citizens Advisory Conference on Education.

Different communities will observe different dates, significant to the public schools, in different ways during the centennial year. But they will all be trying

to accomplish the same purpose: to acquaint the public with school problems and to urge the public to help in working out solutions that will give 1,600,000 youngsters in our public schools a better education.

William C. Bullitt was the first United States Ambassador to the Soviet Union.

Rodrigo de Triano is believed to have been the first of Columbus' crew to sight land.

Martin Van Buren was the first President to be born a citizen of the United State.

The Living Bread
Lesson for February 7, 1954

STRANGERS to the Christian religion are always somewhat astonished at its central and most solemn act of worship. It is nothing else than taking a morsel of bread and a sip of wine. Such simplicity is not to be expected. In fact, some churches decorate the simplicity with all manner of ritual till the simple act at its center is almost smothered out of sight. But it is always there, the simple piece of bread. Pitiful to relate, theologians and whole churches have come to blows over the precise meaning of the sacrament we call Communion, but whatever be the differences, all Christians agree that the reason we do this is because Jesus directed it. We also all agree that in this simple act Christ is present. With a divine humility he wished to be remembered in the "breaking of the bread."

Dr. Foreman Christians agree that the reason we do this is because Jesus directed it. We also all agree that in this simple act Christ is present. With a divine humility he wished to be remembered in the "breaking of the bread."

Life's Necessity

Jesus never said, "I am the cake that came down from heaven." Man can live without any kind of cake, but not without some kind of bread. When Jesus lived in Galilee, the poorest man always had bread, if nothing else, for his one meal a day. (In Palestine to this day one may see a working-man at noon crouching in a bit of shade munching on his black bread.) When Jesus called himself Bread, he meant that he cannot be "taken or left." There is no such thing as Christianity without Christ. There is no such thing as a Christian without Christ.

To Be Assimilated

Marbles are filling, but they are not food, because they can't be digested. Bread is food because it is absorbed into the system. In your bones and blood, in your nerves and skin and glands today,

are the elements you have taken in with the bread you have eaten. Some of it is stored up in the fat-cells which are the body's reserve bank. Some of it builds up various tissues. Some of it is expended in energy of living. The bread has ceased to exist, as bread, it does you good only because it has been assimilated, it has become a part of your muscle and brain. So Christ intends that he shall be assimilated by the Christian. It is true a Christian cannot exist without Christ; but we must think what that means. Christ in a picture on the wall is only a picture. Christ as a definition in a catechism is only a definition. Christ as a half-understood phrase in a creed is still only a dim and perhaps meaningless name. Christ as a historical person is a figure in history, no more. It is only the assimilated Christ, Christ taken into your system, Christ a part of you, that is vital in your day's living. How does this take place? First of all by knowing him—in the Gospels, in the New Testament, and then, and always as a living invisible Presence, the inner Christ who takes the wheel of your will. Bread has to be eaten to be of use. Christ must be willingly taken if he lives within.

To Be Shared

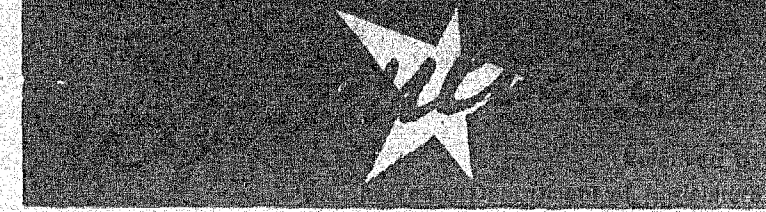

As some one has said, "A crust eaten alone is only a crust. A crust shared may be a sacrament of friendship." There is one fact about the Living Bread which is not true of ordinary bread. A loaf from the grocery will be just as nourishing if you eat it alone as if you eat it in company. A loaf stolen is as nourishing as a loaf honestly bought. It is not so with Christ the Bread from Heaven. The selfish life, the life that thinks only about its own troubles, ambitions, dreams and hopes, is not one in which Christ can live. If all you want him for is to get on better with your own schemes; he will do you no good. If you were sitting in a restaurant enjoying a good meal, and you looked out through the window and saw in the street, nose pressed against the glass, a starved-looking child, would the meal taste as good to you afterwards? And yet church members will sit in their comfortable churches, listening to sermons about Jesus, standing up and saying they believe in him, singing about him, even taking the bread of Communion,—and all the while soul-starved people are on the outside. How can we ever truly have Christ in our lives if we never try to share Him?

WEEDING OUT ACCIDENTS

Ever stop to think how much time a farmer spends in weeding operations?

It's not just a question of getting rid of unwanted plant growths in the fields. It also involves weeding out inefficient farm methods, cutting down high production costs and eliminating unprofitable crops and livestock.

Right now, during the winter "slack season", another weeding job is in order. It is time to weed out accident hazards in the barnyard.

Many a farm barn is just one big Pandora's box full of accidents waiting to happen. When winter stops field work and the farmer spends most of his time attending to chores in the barn, these accidents begin to multiply. The newspapers report them every day.

The first job is to find these accident hazards. Some of them may have remained unnoticed for years. If so, then some house cleaning is necessary.

If alleyways or work areas are obstructed with feed, stools, carts or other obstacles, locate a safe place for them. A "barked" shin is painful, but misplaced implements can lead to more serious accidents. A storage rack should be constructed for pitchforks, scrapers and other barn cleaning tools.

Loft doors, feed chutes, ladders and stairways can be real booby traps for the unwary. Ladders or stairways should never be used as hay chutes. A well constructed, clean stairway with strong handrails provide the safest and easiest passage to hay mows. When it is necessary to use a ladder, see that it extends well above the loft floor and that it is kept in good condition.

Another good rule is "never work in the dark". Fumbling around in dimly lighted work areas is really asking for trouble. Good lights properly placed not only help prevent accidents but also speed up the work.

Finally, observe a "no smoking" rule around the barn. And always be on guard for fires.

Mrs. Claude Reid and children Melinda and San, of Abilene, were week end visitors with her mother, Mrs. J. J. Kirkpatrick. They also visited with Mrs. Reid's sister, Mrs. M. V. Caylor at Lohn.

Arthur Martin of Temple, student at Texas Tech visited Friday night and Saturday with his uncle and aunt, Mr. and Mrs. W. V. Priddy.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

FORMALITIES, COST REDUCED BY APPROPRIATE PROVISIONS IN WILL

A properly drawn will can be the means of short-cutting many legal formalities, and may save a great deal of time in distributing the estate of a decedent among his rightful heirs. It may also serve to save many dollars in legal fees and court costs.

As an example, whenever a person dies without a will and it is necessary for the probate court to appoint an administrator of his estate, the person so appointed is required to post a bond. This bond is for the purpose of insuring the faithful performance of his duties. When signed by individuals, the amount thereof must be double the estimated value of the personal property of the estate plus a reasonable amount to cover prospective rents and other income from real estate involved.

When issued by a bonding company, the estimated value of the personal property need not be doubled. The administrator's bond must be kept in force until the estate is finally closed and he is discharged from his obligation by the court.

The same rule applies to an executor under a will, unless the testator has specified that no bond shall be required. This provision may be inserted or left out of the will at the option of the maker. Needless to say, there are situations in which the bond serves a real purpose. But when not needed, the statutory requirement may prove a distinct annoyance to the executor and a burden upon the estate in the form of annual premium payments.

Another example: A court appointed administrator may not sell any property of an estate without an order of the court authorizing him to do so. He must take application to the court for approval of each sale. The court must be advised of and approve the sales price and the manner in which the same is to be collected. Similar provisions apply to the making of mineral leases and other transactions.

These provisions apply equally to the executor of a will unless the testator has freed him from such requirements. A single short paragraph inserted in a will designating him as an independent executor in appropriate phraseology may serve this purpose. Then he will have a free hand to dispose of property upon short notice whenever a favorable opportunity arises, with a minimum of legal formality.

Since every application or other paper filed with the probate court and every order obtained from the court involves the expenditure of attorney fees

for its preparation and court costs for its handling by the clerk, in proper cases many dollars may be saved for the heirs by adequate provisions of a will.

A free pamphlet containing useful information on wills and related matters has been prepared by Texas lawyers. To obtain a copy, merely print your name and address on a postcard and mail to State Bar of Texas, Colorado at Fifteenth, Austin 1, Texas.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

tell you about Mrs. Bryan. She has been ill since 1942. But she is so cheerful you feel a spiritual uplift after visiting with her. Mrs. Bryan can't walk out and see her flowers or do her house work. She can use her hands and keeps busy and cheerful sewing.

When asked what she thought about her Home Town and her neighbors, she replied that she

simply couldn't begin to tell of all the wonderful and thoughtful things that are done for her. She is not only remembered at Christmas and birthdays, but hardly a day passes without a neighbor bring a pie, lunch or some gift of love.

It's a lovely character such as Mrs. Bryan we are thinking of when we say we wouldn't trade our Home Town.

Mrs. Selman Honored With Gift Tea

A recent bride, Mrs. Elvis Selman of Abilene, formerly Annabelle Price of Santa Anna, was honored with a gift tea on Saturday afternoon in the home of Mrs. Jess Griffith on Ave. A.

Co-hostesses were Mrs. Rex Haughwaut, Mrs. Billy Campbell, and Miss Evelyn Oakes.

Mrs. Bill Price, aunt of the bride, was at the door. In the receiving line were the honoree, and her sister, Mrs. Alford England of Abilene.

Evelyn Oakes showed guests to the gift room, where Mrs. Haughwaut and Mrs. Buster Woodard, aunt of the honoree, displayed the gifts. The tea table was laid with a white linen cloth and had appointments of green and white crystal.

Mrs. Campbell served the pink punch and the white and pink cake squares were served by Mrs. Griffith. Mrs. A. E. Campbell and Mrs. David Steward were also in the house party.

Mr. and Mrs. Willie Fletcher visited Sunday at Brooksmith with his brother, Charlie Fletcher, in the home of his son-in-law and daughter, Mr. and Mrs. Sam Lowe. Mr. Fletcher, 80 years old, has been quite ill with pneumonia, but they found him improving.

Mrs. Annie Stovall and members of her family, Mr. and Mrs. Eldon Tabor and Mr. and Mrs. Paul Jennings, were in Robert Lee Monday afternoon to attend funeral services for her

brother, L. M. Lofton, who met death Sunday afternoon at 5 o'clock in a car crash. Death came about 10 miles out from Robert Lee, as he was driving alone returning home from San Angelo, when he seemingly lost control of the car.

Mrs. R. E. Albright and daughter, Reta Grace, made a brief visit in Santa Anna the past week end. They brought Mr. and Mrs. J. Ed Bartlett, parents of Mrs. Albright, home after a three week visit in Baton Rouge. Mrs.

Albright is a supervisor in Louisiana Recovery Department of State Welfare and Reta Grace is a sophomore in Louisiana State University.

W. R. Mulroy was in San Angelo Tuesday night to attend a West Texas Utilities Company meeting.

Rev. M. L. Womack, who has not been so well of late, is able to be up and around some, and was able to meet with the Lions Club Tuesday.
