SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, SEPTEMBER 10, 1943

NUMBER 37

Floyd Baker of Fort Riley, Kansas, is visiting his parents, Mr. and Mrs. S. S. Baker.

James Calvin Preas has enlisted in the Army Engineers Corps as a truck driver and has been assigned to the Engineer Unit Training Center, Camp Claiborne Louisiana for training.

Allen L. Hawkins, son of Mr. and Mrs. Dink O. Hawkins of Santa Anna, Texas, has added a third stripe to his uniform and is now a sergeant at the Yuma Army Air Field in Arizona. He was inducted in September, 1942 at Fort Sam Houston, Texas, and served at Camp Kearns, Utah, prior to being transferred to the Army Air Field in Yuma, Arizona. He attended Goldthwaite High School.

STEPHENS POINT, WIS.—Private Arnold Leon Williams, 18, of Sweetwater, Texas, son of Mrs. J. F. Williams, 102 Beall, Sweetwater, Texas, has arrived at Central State Teachers College for course of Army Air Force instruction lasting approximately five months prior to his appointment as an Aviation Cadet in the Army Air Forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier and go on to schools of the Flying Training Command for training in these specialties.

SAN ANTONIO AVIATION CADET CENTER, TEXAS—Engaged in the last phase of their training before they actually get behind the controls of an army plane, 401 young men from the state of Texas, including one from Santa Anna, are now stationed at the Army Air Forces Preflight School for pilots at the San Antonio Aviation Cadet Center, the nation's largest pool for air crew trainees.

Upon completion of their pursuits at the preflight school, the cadets will be sent to a primary flying field, there to take up a new phase in their training as potential combat pilots. Basic and advanced courses will follow.

Those from Santa Anna now taking preflight studies include: Aviation Cadet William V. Oakes.

Dear Mr. Gregg,

I was reading your column in the News, "Letters from our men in Uniform" and I noticed the article about Darlin Brewer. Darlin and I used to pal together quite a bit and since he left I haven't heard from him. If you would send me his address, (if you have it) it would be greatly appreciated. If you happen to that are in the service I would be glad to have them so I could write the boys. You know when you are in the service and away from home letters are greatly appreciated from anyone you happen to know. I know I'm not as far away as a lot of the boys are and I am always glad to hear from home.

Thanks a lot.

Sincerely,
Billy Pieratt

Pioneer Ginman Buried Tuesday

Funeral services were held at the Baptist church Tuesday afternoon for W. E. Wallace, 69, who passed away at the Sealy Hospital Monday, after several days suffering with complications beyond human control to reach.

According to data furnished this office, deceased was born May 3, 1874, at Grapevine, Texas, and died September 6, 1943, age 69 years, four months and three days.

He was married to Miss Mary Byrum of Decatur, Texas, and came to Santa Anna thirty-nine years ago, where he has been engaged in the cotton gin and livestock industry since. He was a member of the Baptist church and his pastor, Rev. S. R. Smith conducted the funeral. His remains were laid to rest in the Santa Anna cemetery with Masonic honors, with Hosch directing.

Survivors are the widow and the following children, three sons, Col. Karl Wallace in the U. S. Army, Elmo and Scott Wallace of Santa Anna. Three daughters, Mrs. J. P. Woodruff and Miss Cody Wallace of Santa Anna and Mrs. Chas. Ing of Las Vegas, Nev., and one sister, Mrs. Bonna Herring of Florida.

The pallbearers were members of the Masonic order and the flower ladies were Mmes. Opal Riley, Ima Simpson, Fay Mobley, Medora Kirkpatrick, F. C. Woodward, J. L. Boggus, Lee Hunter, Mattie Ella Gray, and Misses Elsie Lee Harper and Will Gideon, the latter from Coleman.

A number of out of town friends were here for the funeral. Mr. Wallace owned ginning interests in Santa Anna, Bangs, Trickham, Rockwood and Gouldsbush.

Much Interest In Turkey Meet

A large and interested group met at the Rockwood school house Monday night to learn more about solving their turkey raising problems. George P. McCarthy, poultry specialist of A. and M. Extension Service gave some very helpful information

on turkey raising. W. T. Jones, newly elected president of the Texas Baby Chick Association gave some of the highlights of the recent meeting in Ft. Worth. Bill Griffin, vice-president also spoke of the Baby Chick meeting. Other visitors present included E. W. Scott, Vocational Agriculture teacher of Coleman, Charles Wilson, Mr. Autry, editor of the Coleman County Chronicle, Miss Jewell Hipp and D. D. Steele of the Extension Service. B. T. Wiley, president of the Turkey Association presided at the meeting.

HOLLYWOOD "STARS OVER TEXAS" TOUR TO AID SANTA ANNA'S THIRD WAR LOAN! SEPTEMBER 13, 3:00 P. M.

It was announced today that Santa Anna would be included on a tour of Hollywood stars which will encompass almost the entire state of Texas, in the interest of selling War Bonds during the Third War Loan, from Sept. 9 to Oct. 2.

Visiting here for the tour, which is called "Stars Over Texas," will be two of Republic Picture's newest young stars, Mary Lee and George Byron. Miss Lee, who was discovered by Gene Autry and used in several of his pictures as leading lady, is now a star in her own right. Geo. Byron, who for the past two years has been one of the stars of "Icecapades," the touring skating show, is being groomed by Republic for stardom. He is a singer, actor, and dancer, and has appeared in "Hoosier Holiday," in addition to having already sold millions of dollars worth of War Bonds, through his appearances at rallies and radio broadcasts.

Miss Lee and Mr. Byron will visit Santa Anna next Monday, September 13 at 3 p.m. to participate in one of the biggest War Bond rallies ever staged in this section of the country. Their only public appearance here will be at the Bond Rally, according to G. Preston Tate of the Queen theatre, who is local chairman of the War Activities Committee of the motion picture industry, and of the Texas Theatre Owners Association, under whose sponsorship the "Stars Over Texas" tours have been planned. The tours, of which this is one of eight different groups which will play in more than 200 towns in Texas, have the backing of the War Finance Committee here and in Washington.

The two stars will be in Texas for approximately two weeks during the September Bond Drive, and will work during this period at no salary, devoting their entire time and energy toward the selling of War Bonds for Uncle Sam. In addition to Santa Anna, they will appear in approximately twenty-five other towns in the state. The eight different star units working throughout the state will make it possible for every town of any size in Texas to have a group of Hollywood personalities for their major War Bond Rallies.

It is planned that the local Rally be one of the most impressive ever presented here, with bands, entertainers, heroes from our Armed Forces, and military personnel participating. The committee has arranged for an outdoors meeting to which there will be no admission charge.

Miss Lee got her professional start in her home town of Centralia, Illinois, at the age of 12 when Ted Weems, the famous orchestra leader, heard her sing. Ted Weems signed her immediately, and she sang for his band until Autry spotted and signed her. At first Miss Lee played moppet roles with Autry—but after blossoming into young womanhood, she has graduated to leading parts and stardom. Her last two films were "Nobody's Darling" and "Shantytown," and her next, after her Texas Tour, will be "Three Little Sisters," with George Byron as her co-star.

We want to see the largest crowd of people in Santa Anna next Monday afternoon we've had this year. Some very valuable information will be given out and you should get it direct from those giving it out. Be sure and come!

—COMMITTEE.

PROCLAMATION BY THE MAYOR

Pursuant to the call of our Commander-in-Chief, requesting each one as an individual and as a unit of his community to expand to the limit in the purchase of bonds during the 3rd War Loan Drive, and, in cooperation with the War Loan Drive committee who has arranged for a trio of movie stars to be and appear in Santa Anna Monday afternoon, September 13th, for the purpose of explaining the needs and demands of our Government to finance the world war, I George Johnson, Mayor of the town of Santa Anna, Texas, hereby issue a proclamation ordering all places of business in Santa Anna closed for two hours, from three o'clock to five o'clock in the afternoon of Monday, September 13th, 1943, and request all the owners, managers and employees to join the crowd assembled for the purpose of officially opening and fostering the 3rd. War Loan Drive in Santa Anna.

Given under my hand and seal of office at Santa Anna, Coleman County, Texas, this the ninth day of September, A. D. 1943.

(SEAL)

GEO. M. JOHNSON
Mayor of Santa Anna, Texas.

AT THE BOND RALLY

An unusual event is coming our way next Monday afternoon, when three movie stars will be here in person to entertain the crowd and officially start the 3rd War Loan Drive out on its mission of selling the quota of bonds allotted to Santa Anna to sell.

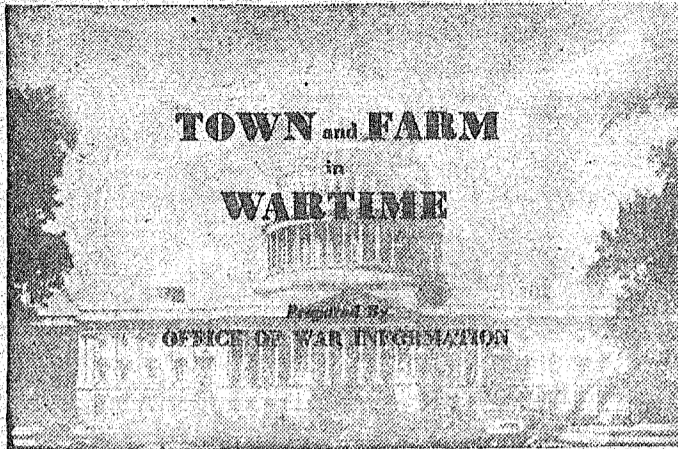

The business houses, of Santa Anna will close for the entertainment and every business and professional person in Santa Anna join in extending an invitation to all the people in this territory to be here for the event.

You want to know what the Government expects of you as a citizen on the home front, and this will be a good place to get such information. Load the family on the old family car, drive by and pick up the neighbors and come to town just for this educational and important event. It will be blended with some fun, comedy and worthwhile entertainment, in addition to the educational features regarding our war department and their needs. Not only are they needs, but if not raised by volunteer subscription, then, demands. The money must and will be raised by either the sale of bonds or taxation, or else. The war is on and the expenditures must be met by the citizens of the United States. Lets do our part.

At a meeting of the business men of Santa Anna Wednesday night, presided over by local chairman D. D. Byrne, it was decided to broaden and extend the territory to other communities in the eastern part of the county, and invitations were sent out to each school in the territory, inviting them to close the schools for the afternoon of Monday and join us in the opening of our 3rd war loan drive, while we have some informative help, probably, just such help as many people in these parts want to know. And in this connection, any one living in other communities buying bonds during our sale will be credited with the purchase, therefore, there is no room for confusion or any mix-up. Just join the crowd and come to town, hear the explanations, see and hear the entertainment, and if you are ready and have your mind made up as to how much you are going to invest in bonds during the drive, buy them here if it suits your convenience, and the same will be duly credited to your home community.

Do You Have Cotton Pickers?

All farmers desiring cotton pickers should leave their application with the Farm Labor Clerk, at the County Agent's office. Every effort is being made to meet the farm labor requirements for cotton pickers. A representative from the U. S. Employment Service at Brownwood is cooperating with the Extension Service in handling migratory labor. A recruiting agent will be furnished by the U. S. Employment Service and will assist in directing migratory labor where it is needed.

Ration Reminder

Gasoline—In 17 states of eastern shortage area A-6 coupons are now good. In states outside the eastern shortage area A-7 coupons are good through September 21. All gasoline coupons in the possession of car owners must be endorsed with the owner's license and state of registration.

Fuel Oil—Period 5 coupons in old rations remain good through September 30. Period 1 coupons in new rations are good through December. Occupants of oil-heated homes are urged to return their applications for next year's fuel oil to their ration boards promptly and when issued new rations to place orders with their dealers for summer fill-ups.

Sugar—Stamp No. 14 good for 5 pounds through October. Stamps Nos. 15 and 16 good for 5 pounds each for home canning purposes through October 31.

Stoves—Consumer purchases of rationed stoves must be made with a certificate obtained at local War Price and Rationing Boards.

Meats, Fats—Red stamps X, Y and Z good through October 2. Brown stamp becomes good Sept. 12 and remains good through October 2.

Processed Foods—Blue stamps R, S and T, expire September 20. U, V and W, now good, expire October 20.

Farmers' War Bond Quota

Farmers have a war bond quota of 1½ billion dollars in the 15 billion dollar third war loan drive which begins September 9 and continues thru the month. During the campaign, canvassers expect to call upon at least 3,600,000 of the nation's 6 million farm homes. Farmers' income figures point to big bond subscriptions. It is estimated that their cash income from marketings will be 19 billion dollars this year.

To Start Using Ration Book III

The first brown "point stamp" in War Ration Book III will become valid September 12. This stamp A, is good for 16 points through October 2. Brown stamps will become valid on successive Sundays and will always expire on the Saturday nearest the end of a month. They will be used for rationing meats, fats, oils, canned fish, cheese, canned milk and all other commodities now rationed with red stamps in War Ration Book II. The small stamps bearing pictures of field guns, tanks, ships and airplanes are not yet in use. Anyone who has not received Book III may obtain one by applying to his local ration board.

Overseas Christmas Mail

More than 10 million individual Christmas parcels for overseas soldiers are expected in the mailing period, September 15 to October 15. The Army Postal Service will need the full cooperation of the mailing public if packages are to reach soldiers in time. The public is asked to be sure to put the correct overseas mailing addresses on the packages and to wrap them securely, but in such a manner as to permit inspection prior to their dispatch. Every overseas package must be opened, inspected, and re-wrapped at the port of embarkation. The Army Postal Ser-

vice and the U. S. Post Office Department strongly urge that packages be mailed September 15 or immediately thereafter.

Father Enlists After Sons Die

A 54 year-old Wisconsin farmer whose two marine sons gave their lives in the war against Japan, is now a marine private doing guard duty somewhere with his companion sentry, a powerful Doberman-Pinscher dog. Private Frank W. Winterling said it was only natural for him to enlist in the branch of the service in which his sons died in order that his daughters, Jane and Kate, might continue to enjoy "the advantages that were guaranteed to me under our system of government." One of Private Winterling's sons, Marine Corporal Joe N. Winterling, died at Bataan, and the other, Marine Sergeant Frank E. Winterling, died at Guadalcanal.

Ration Point Changes

Reflecting an improvement in civilian meat supplies, the ration cost of most lamb and bacon cuts, sirloin steak, and rib roasts has been reduced from one to two points for September. In addition several variety meats also have lower point values. Creamery butter increased two points to 12 points per pound. Country butter, however, has been assigned a value of 6 points per lb. The purchasing power of meats fats stamps in September will be a little larger than in August because the decrease in meat point values more than cancels the higher ration cost of creamery butter.

Blunder Will Not Be Repeated

"In spite of a 1944 program designed to achieve the greatest food production in U. S. history, good soil conservation practice can be followed," recently declared Judge Marvin Jones, War Food Administrator. "Thus," Judge Jones said, "the U. S. can avoid the tragic blunder of the other war when land was plowed up without regard to its fitness and the soil was allowed to wash and blow away without any adequate means to prevent it. That blunder, Judge Jones promised, "will not be repeated."

Nurse Corps Funds Approved

Funds have been approved to provide complete tuition, fees, stipends, maintenance and uniforms for an anticipated 10,175 student members of the U. S. Cadet Nurse Corps. Over 500 state accredited schools of nursing have applied to the U. S. Public Health Service for participation in the program. To date, 67 have been approved.

More Lumber From Farms

A program to increase sharply the production of forest products from farm-owned woodlands as part of the nationwide drive to meet wartime military and essential civilian needs for lumber was announced recently by the War Food Administration. It is estimated that 3½ million farms have woodlands, most of which can yield marketable products. Minimum national requirements for lumber in 1943 total 36 billion board feet. Of this amount, 21½ billion board feet are needed for boxing and crating agricultural products.

Add To Navy Chaplains' Corps—Although more than 1,500 Chaplains now serve the Navy,

the Coast Guard, and the Marine Corps, more must be added. "Global war," explained Captain Robert D. Workman, Chief of Chaplains, U. S. N., "means a global service of religion to the fighting forces—from Alaska and Sicily to the South Pacific, and aboard the ships of the fleet on all the oceans. We must minister to more men under a greater variety of difficult situations than ever before."

Prunes And Raisins Rationed

Dried and dehydrated prunes and raisins were restored to rationing September 5. Values were placed at four points per pound. Allocations of dried prunes and raisins to Government agencies will be larger. However, the balance of raisins and dried prunes available from the year's production for civilian distribution is expected to be over 90 percent of the average annual civilian supply for a five-year period preceding rationing.

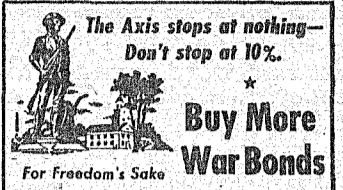

Southern Workers Help Save Wheat

More than 3,500 domestic agricultural workers have been transported to the midwest and spring wheat area since August 1. This is part of the Government's Farm Labor Program, the War Food Administration said, and was done to help meet emergency harvest needs and save vitally important war crops. The workers were recruited in four south-

ern states with the assistance of county agricultural agents. During the past few weeks, the WFA said, 1,650 workers were moved from Arkansas to North Dakota; 1,200 from Oklahoma to Wyoming, Montana, North Dakota and South Dakota; 650 from Mississippi to North Dakota; and 200 from Alabama to Ohio. The workers will be returned to their home states in time to help with

the cotton harvest, which gets well under way in September.

DO YOU KNOW TEXAS

A. Garland Adair, Curator Texas Memorial Museum

Q. When did Texas join the United States of America?

A. History records an extraordinary scene in Austin 97 years ago.

On the 16th of February, 1846, officials of the Republic and state of Texas met in the capital to place the seal of approval on measures of annexation by which Texas voluntarily abdicated her authority as an independent nation to become the 28th state in American Union.

On the 19th of February, 1846, in the presence of the legislative branches of the outgoing and incoming governments and many interested spectators and distinguished guests, President Anson Jones declared:

"The first act in the great drama is now performed. The Republic of Texas is no more."

The act to which the last President referred was the lowering of the Lone Star flag and the raising in its stead of the Stars

and Stripes by the authority of the first Texas legislature and the first Texas governor, James Pinckney Henderson.

This event is without parallel in political history.

A diorama of this scene-unique in world history is in the patriotic history division of the Texas Memorial Museum. The building reproduced from drawings and photographs is the earliest Texas Capitol at Austin, erected in 1839 on the site now occupied by Austin's Municipal Building. It was used as the State Capitol until 1853, when a new Capitol of limestone was constructed at the head of Congress Avenue where stands the present granite structure.

Q. Who were the first United States Senators from Texas?

A. The first United States Senators from Texas were: Sam Houston, age 56, born in Virginia, and Thomas Jefferson Rusk, age 44, born in South Carolina. Their elections occurred in 1845, and they took their seats the following spring. Articles of historic value, owned by both Houston and Rusk are on exhibit in the Texas Memorial Museum on the University of Texas campus at Austin. Admission to this state museum, known to hundreds as the show window of southwestern history, is without charge.

Q. Where are the historic gowns of the wives of the Presidents of the Republic of Texas and the Governors of Texas?

A. The chief feature of the state museum of the Texas Society of the Daughters of the American Revolution, located in the Art Building of Texas State College of Women, Denton, Texas is this collection of dresses, beginning with those of Mrs. Anson Jones and Mrs. Sam Houston. The general arrangement of the group of figures is that of a tea party with Mrs. Joseph D. Sayers the hostess, thereby honoring the

fact that Governor Sayers in 1901 signed the bill which created TSCW.

Q. Who made the Texas flag?

A. Sarah Bradley Dodson, "the Dolly Madison of the Lone Star State" in 1835 made the first officially accepted Texas flag. Born in 1812 she lived only 36 years, dying in 1848. But what a life of heroic service! She was buried at old Bethel cemetery in Grimes County.

Q. Is it true that Texas now has the largest state capitol building in the world, and that the state has had eight Capitols?

A. The Louisiana State Capitol at Baton Rouge, La., is the largest, with the capitol of Texas second.

Texas has never had but two capitals—Houston and Austin—but she has had at least ten more "seats of government" where officials of the Republic transacted business.

For bulletin on Texas Capitols write the Texas Centennial of Statehood Commission, Austin, Texas, and a copy will be sent you free.

Q. Was the seat of government of Texas ever at San Jacinto?

A. Yes, for a few days after the battle on April 21, 1836, a great deal of business was transacted by the Republic of Texas at this place.

Q. Is "the empty saddle monument" of Dalhart, Texas, the only monument of its kind in the world?

A. Yes. It is unique.

Join the Navy and see what's left of the world.

Due to the editor devoting so much time to the advertising of the 3rd. War Loan Drive this week, we have had to neglect several news items we would like to feature, but they will have to wait for some future issue. The school opening this week, the President's talk Wednesday night the fall of Italy Wednesday morning to the Allies, and several other items that would be interesting news, but we cannot do justice to them all and do the other work incumbent on us. Pardon us for being in such a crowded situation. The editor.

The long looked for rains fell over portions of the state, over the week-end but the amount was insufficient to relieve the distressing conditions in general. The relief here was only temporarily and is not enough to give general relief. More rain is needed and here's hoping it comes soon.

**LESS CRIME IN
COLEMAN COUNTY**

COLEMAN, Sept. 7—(Spl)—There has been less crime in Coleman County this year than at any time in the memory of District Judge A. O. Newman, he told members of the 35th district court grand jury when they were given their oath of office Monday morning.

Judge Newman turned over only three cases for investigation. One was for burglary, one for theft and one for forgery.

The district judge explained the oath which he administered to the jurors. He said, in discussing crime, that it is unpatriotic to commit a crime when the country is at war.

With A. B. Carroll of Rockwood appointed foreman, the following grand jurors will serve until the first week in April of next year: E. W. Gill, C. W. Hemphill, Jr., Roland Jameson, O. O. Turner and J. A. Netherton, all of Coleman; Joe C. Barnes, Santa Anna; Roy Kilgore, Talpa; O. B. Featherston, Novice; Andy Young and Earl Gray both of Burkett; and G. E. Younglove, Echo.

Coleman County grand jury in session here for a few hours Monday returned three felony indictments for each for burglary forgery and theft.

Jury balliffs included, K. B. Story, door; L. M. Arnold, walking; and John Fowler, riding.

**TEXAS BUD WINNER
IN MATCHED RACE**

COLEMAN, Sept. 7—(Spl)—"Texas Bud," thoroughbred owned by "Butch" Galloway of Midland, Saturday afternoon defeated "Hill Country," quarter horse that was owned at the time by Trav Hays of Santa Anna for a quarter mile length on the Brady race track and in mud.

"Texas Bud" is out of "Bud Charleston" and its dam was sired by "Set Back," a Dunman stallion.

A large crowd of persons from over a wide area was present for the contest.

Pete Taylor of Doole bought "Hill Country" after the race for a roping pony, it has been reported here.

**Budget Adopted By
Baptist Convention**

DALLAS, SEPT. 7 (Ap)—The executive board of the Baptist General Convention of Texas today adopted a budget of \$1,400,000 for the next convention year. Included were \$100,000 for endowment of Texas Baptist institutions and \$75,000 for ministerial students. For the second year a fund was earmarked for post-war missions, the amount for 1943-44 being \$100,000.

**Russians Report Killing 420,000
German Fighters During
The Summer Assault**

LONDON, Wednesday, Sept. 8 (Ap)—The Russians announced in a special statement last night that more than 420,000 Germans had been killed at least 1,080,000 wounded and 38,600 captured in the first two months of the Red Army's big summer offensive, which swept on today unchecked along a 600-mile front.

The Red Army also took a great toll in material from the retreating Germans, including 5,729 planes, 8,400 tanks, 5,192 guns and more than 28,000 trucks, Moscow's announcement said.

Indicating perhaps the haste of the German retreat as well as its extent, the Moscow statement listed among the captured material 1,041 tanks, 2,018 guns, 5,382 machine-guns and 7,953 trucks.

Unofficial calculations based on the Russian advances as recorded in the daily communiques show that the Red Army in the offensive begun last July 12 has recovered approximately 30,000 square miles of territory.

The Russians advanced generally Tuesday, the Soviet communique reported today, driving thru the Donets Basin despite increasing German resistance to cut an important railway behind embattled staling.

**Producers Urged To Market
Hogs Early**

Farmers are being urged to market hogs early so as to prevent congestion at a later date. Records show that there has been a 22% increase in the spring crop. The capacity of slaughter houses are limited and transportation, refrigeration and shipping space restrict the quantity that can be handled without loss during the months of heavy slaughter.

**HOLT-McGAUGHEY
WEDDING SOLEMNIZED**

BANGS—(Spl)—Miss Willene McGaughey, daughter of Mr. and Mrs. Will McGaughey of Bangs became the bride of Cpl. Ford Holt at 6 p.m. Tuesday in the Presbyterian parsonage at Santa Anna. Rev. Womack read the single ring ceremony.

The bride wore a two piece suit of light blue wool crepe and used black and fuschia accessories. Her shoulder corsage was fashioned of white gladioli and narcissus with a touch of baby's breath. Her only ornament was a strand of pearls, a gift of the groom.

Attending the couple were Miss Frances Holt and Carrol Holt of Bangs, sister and brother of the groom.

Mrs. Holt is a graduate of Bangs High School and is registered as a junior at TSCW at Denton for the coming term of school.

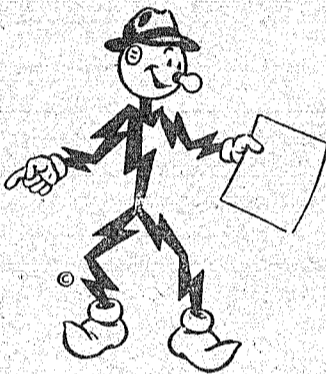

Cpl Holt, the son of Mr. and Mrs. Will Holt of Santa Anna, has just completed a course in air mechanics at Willow Run Army Air Base, Ypsilanti, Mich., and will report for further duty at Salt Lake City, Utah.

Eggs should be cooked over a slow heat for best results; high temperatures toughen egg protein. For hard cooked eggs, water should be brought to a boil, the eggs covered, then the fire turned off, the eggs allowed to sit on the back of the stove for 30 minutes.

**"THANK
GOODNESS!**

Here's one thing
that *hasn't* changed!"

Reddy: You're exactly right, Lady! Every other civilian service has been affected because of the war, but not **electricity!** It's still on hand every moment to make life easier and more pleasant for you!

Lady: Did you say, "easier"?

Reddy: Yes, that's what I said. You see, Lady, we realize what an important and patriotic person you are, with your Red Cross work, the Motor Corps, besides that very vital job out in the kitchen.

Lady: But it's the least I can do for the war effort.

Reddy: Of course, it is, and your electric company is now serving Army Training Camps and war-time industries, but it has also pledged itself to go right on serving **you.** Electric refrigeration keeps the food for your family safe and healthful; electric cookery retains vitamins and other valuable food elements essential to good health. Then there is your sweeper, iron, washer, and many other electric appliances, all at your finger tips to save your time and lessen the labor.

Lady: Whee, that's a big job!

Reddy: You bet it is, but it's our contribution to the War and to you. All of it adds up to friendly, dependable service at **low cost.**

Lady: And that sounds mighty good to me and my budget—and it's more than you can say about most items, since the war began.

WE MUST APPEAL TO THE MERCHANTS FOR HELP

The Treasury Department of the United States has supplied this office with a series of advertisements supporting the sale of War Bonds in the 3rd. war loan campaign, and insist upon us calling on the merchants of the town to help pay for the space to put the campaign over.

We have no alternative other than to follow instructions, and put the matter squarely up to our merchants for their cooperation and help. Please call us if for any reason we fail to contact you while on our rounds and you feel that you would like to have a part in putting the drive over. Our force and facilities are taxed to capacity and then some, and it is impossible for us to do all that is expected of us through the remainder of this month. Help us to better serve our country.

"Yes—Buy D. B. & S!"

Comm. Warming Up, 3rd War Loan Drive

Santa Anna's Quota \$175,000

The quota for Santa Anna, in the 3rd war loan bond drive has been set at \$175,000, and the committee chairman are looking at the size of the quota and scratching their heads, wondering how, when and where to strike, in an effort to raise the amount.

Uncle Sam says we must raise it. The government must have it in order to carry on, and if they did not know we could do it, they would not expect it of us. The money is here, and those who have it, owe it to their country to purchase bonds until the amount is raised, regardless of how we feel about it. The men and boys from this country who are fighting our battles for freedom must be fed, clothed and supplied with fighting materials, and those left at home must back them up with plenty of supplies to do the job they are fighting for.

The drive opens this week and will continue throughout the month of September, and longer if more time is needed, as the drive will not close until the necessary funds are raised. Dig until it hurts, then keep on digging until the amount is produced. It Must Be Done.

Yes—Buy D. B. & S.

DRIVE CAREFUL AND HELP PRESERVE LIFE

There are several hundred children now in school in these parts, and carelessness on the part of automobile drivers could cause accidental death or render some child a cripple for life. Children in crossing streets and public drive ways should be very careful and try avoid being hurt or killed.

The driver usually gets the blame for an accident, and it is not always the drivers fault. Any way, it behooves both, the driver and the pedestrian to be careful at street crossings and intersections where the view is obstructed. Look twice, then move cautiously.

Church Members And Friends Give Farewell Party To Retiring Pastor

Last Monday evening the Presbyterian church honored their retiring pastor, Rev. M. L. Womack and family with a social at the church. Friends in other churches with their pastors were present to express their regrets in losing this fine family from the town.

A group of girls assisted in serving punch and presiding over the register. Piano solos were rendered by Fred Oakes, Misses Betty Ann McCaughan and Sybil Simpson. The pastors present spoke of their personal association and close friendship with Bro. Womack. Rev. Burgett presented a gift from friends outside of the church membership. Preceding the presentation of a cash gift from the church by Miss Blanch Boyd, a duet "Give Me The Roses Now" was sung by Mrs. Mark Davis and Mrs. J. T. Oakes. Then Bro. Womack expressed his appreciation with appropriate words and a joke he always has ready.

The entire town joins the Presbyterian church in wishing much happiness for their former pastor in his new field of work. Bro. Womack faithfully served this church for 14 years and was active in civic organizations of the town.

Bond Sale Program Outlined

W. B. Williams, principal of the Rockwood grade school introduced Johnny B. Howell of Coleman, County Chairman of the War Bond Drive. Mr. Howell introduced Rob O'Hair who gave a very forceful appeal for the sale of bonds. Mr. Howell also introduced Clyde Edens, cashier First Coleman National Bank who discussed various types of War Bonds available to the public. At the close of the War Bond discussion about \$1700 in bonds were purchased by those present.

TEXAS STATEHOOD

A. Garland Adair, Commissioner, Texas Centennial of Statehood-1945-46

History conscious Texans are asking the question "What is being done on behalf of a state observance of the centennial of Texas Statehood?"

The answer to this is there is perhaps being done as much as could possibly be done during the stress of war to plan for an appropriate patriotic and cultural statewide observance in 1945 and 1946 of the admission of Texas as the 28th state.

There's an official Centennial of Texas Statehood Commission now being fully organized.

The Statehood Commission is operating in every way possible with the war effort on behalf of an early victory.

Karl Hoblitzelle of Dallas is chairman of the Statehood Commission; Jesse H. Jones, U. S. Secretary of Commerce is the

chairman of Federal Participation; Paul L. Wakerfield is the Executive Secretary; W. Lois Hodges is Executive Assistant and Treasurer; A. Garland Adair is the Commissioner, and headquarters have been opened at 612 Norwood Building, Austin, Texas.

No funds have been appropriated by the Texas Legislature for the work of the Commission. Voluntary subscriptions are going to be depended upon to carry on the program which has been divided into three divisions: Preparation, Legislature and Participation.

The program in prospect calls for the cooperation of the entire citizenship and the patriotic, civic and commercial organization, fraternal bodies and historical societies, and is meeting with most gratifying response. Many commissioners both men and women, are to be added just as rapidly as it can be done and entirely with cooperation with the war effort uppermost.

The Statehood Commission has recently issued its fifth number of a Citizenship series of publication designed to promote interest in Texas history. This is titled "A Century of Texas Governors and Capitols" and contains the entire collection of photographs of the paintings of Texas Governors which grace the walls of the rotunda of the statehouse, and also pencil drawings of the capitols by P. B. Searcy of the Texas Memorial Museum staff.

PUBLIC SANITATION URGED

Austin, Texas, Sept. 9.—"Texas health officials are making every effort to improve the sanitary conditions of public eating places and in addition schools are conducted to instruct foodhandlers. Moreover there are laws, rules, and regulations requiring the use of approved equipment and methods in such establishments. Nevertheless, one of the most forceful influences for sanitation is not being used and that is the public's unfavorable reaction toward dirty and insanitary places states Dr. Geo. W. Cox, State Health Officer.

"The public cannot do the job entirely, nor can health departments bring about desirable and essential practices without the help of the public. As for hygienic practices, persons serving food and drink should be clean; should not cough and sneeze over the utensils and material served should keep their hands away from their mouth and nose, hair and face; should handle all utensils by the outside instead of putting their fingers on the inside of service utensils. These are conditions a person can see, and unless these safeguards are practiced, disease may result."

Also milk served can be appraised by the patron. Texas law requires that a milk bottle cap state grade of milk and whether it is raw or pasteurized. However, if milk is brought to a patron in a glass, he cannot know whether it is from a graded supply or whether it is raw or pasteurized, but if served properly in its original container, with covered cap and legal label, the patron can secure from the label the information he should have before ever being willing to drink strange milk.

The patron should note sanitation conditions in food establishments. Are the floors, walls, ceiling clean? Are tables and counters clean? Are pies and other ready-to-serve foods protected from dust, dirt, and flies? Are flies prevalent?

"Be assured that what can be seen as a patron at the table or counter usually will be many times better, cleaner, and safer than conditions in the kitchen and other places out of sight of the patron," Dr. Cox warns.

**THE 3rd WAR LOAN
DRIVE STARTS
—TO BACK THE INVASION!**

**3RD WAR
LOAN**

**15 BILLION DOLLARS
(NON-BANKING QUOTA)**

What you will be asked to do—

MARK well the date—Thursday, September 9th. For on that day, *you* must answer to your country's call.

On that day, the 3rd War Loan Drive opens. You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest in *more* bonds—hundreds and thousands of dollars' worth more.

Scrape up the money from every source you can . . . turn in all the loose cash you carry with you . . . dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and *win*.

These men are throwing everything they

have into this fierce invasion push. They are giving their blood, their lives. No one can put a price on such courage, self-sacrifice, devotion. But you *can* show you're with them to the limit! You can say it with Bonds . . . EXTRA Bonds this month.

World's Safest Investments

For this 3rd War Loan, you will be offered a choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, 1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; 7½% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "F"; United States Savings Bonds series "G."

Attend Bond Meeting In Coleman

The editor, O. L. Cheaney and W. B. Griffin accompanied Postmaster F. C. Woodward to Coleman last Friday afternoon to attend the first meeting of the County organization to put over the 3rd war loan drive. Ben W. Yarborough and Curtis Collins were also present at the meeting. Johnny B. Howell, the County Chairman and Press McCord had charge of the meeting, attended by citizens from over the county. Congressman O. C. Fisher was the principal speaker and his address, in simplified words, drove home some very vital points. The quotas for the various districts were announced, and the several committee chairmen were supplied with literature, to aid the selling of the large amount of bonds allotted to Coleman county. Santa Anna's quota is \$175,000 and those responsible for the drive realize the importance of enlisting the cooperation of every man, woman and child in the territory to help in every way you can to put the drive over.

Our boys who were sent overseas to conquer or destroy the enemy who is trying to destroy us, are expected to deliver the goods, and no half way performed duty will suffice. So it is up to us on the home front to meet

the necessary demands of the War Department to supply their every need. Lets do it and not render any excuses.

NOTICE

Mrs. Arthur Turner announces the opening of her fall class in piano September 13th at her home. Special work for pre-school children and beginners to develop rhythm. Instruction includes theory, sight reading, transposition and memory playing. Phone 240.

Culver Lowery has turned marksman, sportsman or some-

thing, having bagged two rabbits, three squirrels, two fox and three coons in one day out on his farm. Culver reports the varmints being very destructive to poultry and turkeys.

Our good friend L. S. Millard, retainer in the Mobley home north of the Santa Anna mountain, reports one inch of rain falling over the week-end, according to the gauge stationed there.
