SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, MARCH 24, 1944

NUMBER 13

Methodist Pastor To Begin Revival Today

The Methodist church will begin its revival services today, this Friday. The pastor, Rev. J. D. F. Williams, will do the preaching. Rev. Lloyd Sanders, pastor of the Methodist church at Blanket, will assist with the music and other work.

The people of Santa Anna may remember Brother Sanders as he helped Brother Bowman in a meeting four years ago. There will be services Saturday night and each night next week at 8 o'clock. The meeting will come to a close on Palm Sunday.

The pastor is also conducting a childrens class in church membership each Monday afternoon at 5 o'clock.

'CHINA CLIPPERS' (NOT THE PLANES) AMAZE NATIVES

(The following story, distributed by the Associated Press; was written by Sgt. Ray Fitzpatrick of Waterbury, Conn., a Marine Corps combat correspondent.)

GREEN ISLAND, New Ireland Group (delayed)—Natives of this newly-occupied island have received their biggest thrill not from planes, gun, or bulldozers, but from the false teeth of an American Seabee.

Passing a native village yesterday, the Seabee was invited in to a meal of roast pig. When a piece of meat was handed to him, he casually pulled out his upper plate and began chewing. The natives gathered around, gesticulating excitedly, and the Seabee had to put the plate back in and remove it several times.

The natives looked on in awe. When the Seabee left one of them followed him back to camp. Later a delegation called at his tent, bearing baskets of fruit as gifts.

Today the natives invited him to another feast, telling him in pidgin English that they had invited other islanders, to let them see this amazing white man with the removable teeth.

Council Report Of Coleman Co. H. D. Clubs.

Mrs. Harry Dibrell, vice-chairman, presided at the Council meeting Saturday, March 11th, in the absence of Mrs. Frank Gillispie, chairman, who was unable to attend because of sickness.

Mrs. S. T. Lindsey, Mrs. R. J. Candler and Mrs. Frank Gillispie were elected as delegates to attend the Texas Home Demonstration Association meeting which will be held this year at Eastland in May.

Reports were made on the Educational Exhibits which were set up in connection with the Stock Show which was held in Coleman March 4. Mrs. T. S. Lindsey made the report on the 4-H girls work complimenting the girls in their increased interest and improved products which were shown.

Miss Jewel Hipp, CHDA, was not able to attend the Council Saturday due to the serious illness of her father at Olton, Tex. We are glad to report he has improved sufficient for her to be back at her post of duty.

Cpl. Tech. Odis Smith, who is stationed in Georgia, is home on furlough.

CLEVELAND SCHOOL VISITS PRINTING OFFICE

Last Thursday afternoon Mrs. John W. Taylor, teacher of the Cleveland school, brought the students in, by appointment, to see us print the paper. The question of printing had been a subject of discussion in the school, and it was decided to visit the printing office and see for themselves how printing is done.

Mrs. M. F. Blanton, Mrs. John Perry, Mrs. C. T. Moore and Mr. Joe Griffis, patrons, accompanied the children and their teacher, to supplement conveyence, and the entire party apparently enjoyed the visit and seeing the printing press in operation.

The following students were in the party: R. D. Hartmah, Patsy Griffis, Fain Phillips, Wayne Phillips, James Perry, Oneta Blanton, Donald Cornett, Patsy Moore and Betty Griffis.

Jack Frost Greeted Spring

Monday, March 20, according to the vernal equinox, generally referred to as the first day of Spring, arrived and found old man winter still hanging on with the promises in general covered with frost. In some sections, not so far from here, geographically speaking, when people arose Monday and emerged from their sleeping quarters, were confronted with a snow several inches deep.

Damages to gardens, field crop and orchards are hard to estimate, but is worse in places than here.

Ward School P.T.A.

The Santa Anna Ward School P. T. A. was postponed until next Tuesday, March 28, 3:30 p. m. at the Ward School auditorium.

There will be a good program presented at that time and some very important business to be transacted, so please be present. The public has a cordial invitation to come to all our meetings.

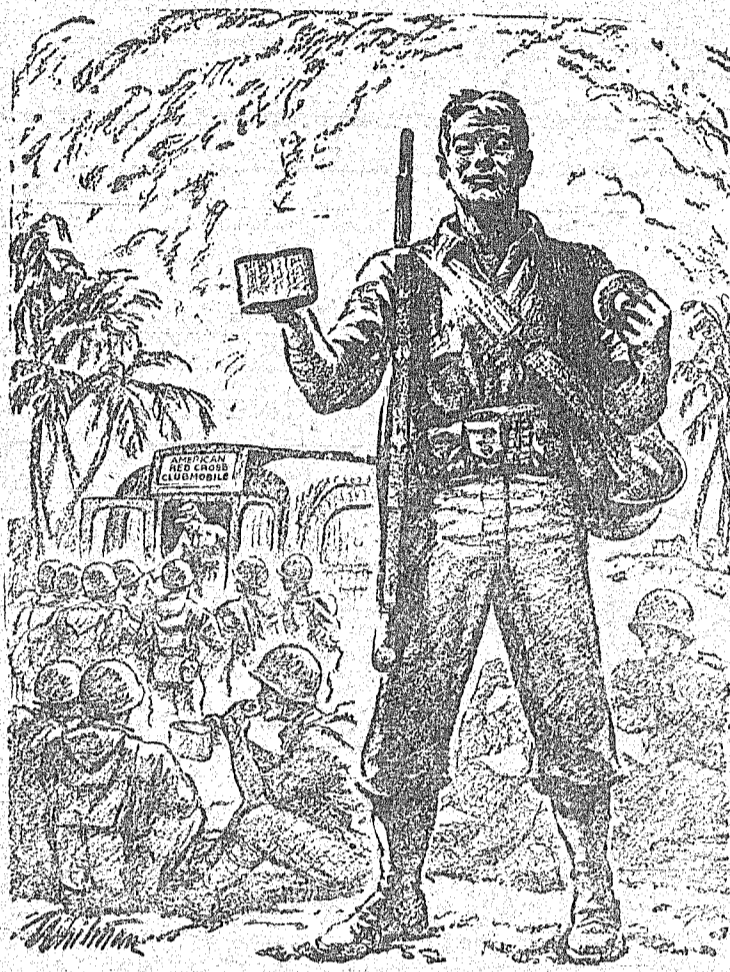

Mrs. Sue Walker was brought home this week from Scott & White Hospital, Temple, Texas, where she underwent heavy surgery and extended treatment for complications that came near taking her life. Mrs. Walker is reported to be gradually recovering and expects to be her normal self again soon.

Eddy Johnson, M. M. 2-c returned last Saturday night from San Francisco, for a few days visit with his wife and baby son here, and also his parents in Corpus Christi. Johnson is a member of a transport crew, on a refueling tanker, operating between San Francisco and the South Pacific Islands, and has made several trips over since he was at home.

Mrs. Leroy York, of Akron, Ohio, is here for an extended visit with her parents, Mr. and Mrs. G. B. Smith. Mrs. York will accompany her parents to Colorado City this week, for a visit with Audas, who is teaching in the Colorado City schools, and on to Midland, to visit another son, Aubrey Smith, pastor of the Calvary Baptist church in Midland.

Cpl. Adrian Speck and wife of Goodfellow Field spent the weekend with home folks.

American Red Cross at Work

W. C. Ford Buys Gulf Service Station

W. C. Ford, former garage and service station operator here, recently returned from England where he served 18 months as an aircraft engine mechanic with the civil service, has purchased the station equipment of the Gulf Service Station from S. A. Boardman and is now in charge.

Mr. Boardman, together with several other young businessmen in Santa Anna, is soon to report to Uncle Sam for training in some branch of service in the U. S. Army.

ONE MORE WEEK OF RED CROSS DRIVE

The month of March was designated for the American Red Cross Drive, during which time the people of America are expected to raise \$200,000,000 for the Red Cross relief activities during the ensuing year. Only one more week left in this month—do your part.

MAJOR PADGITT IS BACK IN THE STATES

COLEMAN, March 18. (SC)—Maj. James Padgitt, Coleman, member of the Fighting 36th Division, injured several weeks ago in Italy, has arrived at Ashford General Hospital, White Sulphur Springs, W. Va., for medical treatment.

Maj. Padgitt received a broken foot when he was run into by a truck one night while directing operations.

J. B. Jones and family, J. G. Richards and D. T. Jordan of Ingleside, came in Tuesday evening for a business visit with relatives here. J. B. Jones, with the Cagle Mercantile Company, was recently selected for service with the U. S. Army, and is here to arrange for living quarters for the family for the futher duration of the war. Mr. Jordan and Mr. Richards are visiting the J. W. Jordan family.

Heroism Citation Reaches Denver Man On His Return Home

The citation Joe Dodgen earned while a member of a medical detachment during the perilous, hardship-filled first weeks of the American landing on Guadalcanal, more than a year ago, caught up with him in Denver Saturday.

The citation for the feat of taking and holding a vital airfield in the Solomons was in the name of the president, signed by Secretary of the Navy Knox, and was made to the First marine division, which went in on the beaches Aug. 7, 1942, and was relieved Dec. 9.

Dodgen went in with the original landing, but his naval medical detachment was not relieved until Feb. 20, 1943. In that period the group hung up a record of as much combat area duty as any other unit, proportionately, in the division, and yet escaped without a casualty.

Sent Home For Recruiting Duty

The detachment of navy corpsmen was loaned to the marine corps, which does not have a medical branch. The temporary transfer ended when Dodgen left the Southwest Pacific in 1943. He arrived in Denver last Nov. 22 for duty in the Denver navy recruiting office. Malaria, with which he has had ten bouts makes him unsuited for tropical duty. He is now a pharmacist's mate, first class, doing work in serology at the induction station.

"For the first six weeks on Guadalcanal," he recalls, "we had to get along with the medical supplies and equipment we were able to take ashore in the two reconnaissance cars and three ambulances we landed with."

"For fourteen days we never had our shoes or our clothes off. The first hospital was set up in camouflaged tents in a plantation, and then we moved to the edge of Henderson field, where a hospital was built, partly of Jap lumber. Our blackout curtains were Jap tarps."

Only Four Of 400 Surgical Cases Lost.

"It's wonderful what can be done when it has to be done. The hospital cared for 250 to 350 men a day, and the seriously wounded were evacuated by air within hours. Of 400 surgical cases the doctors handled, only four died on the island. We underwent three to five air raids a day, and some bombs dropped close to the hospital. For many days we lived on Jap rice and canned tomatoes."

Dodgen arrived in Oakland last July, and was a patient and then a laboratory school student at the naval hospital in Oakland before being assigned to Denver.

Last Feb. 27, he married Miss Jean Sargeant, a Denver girl he met after coming here, at Trinity Methodist church—and they're still looking for a house to rent. He is the son of Mr. and Mrs. Albert B. Dodgen of Santa Anna, Texas, and enlisted a few days after Pearl Harbor.

—Denver Post.

WILLYNE RAGSDALE ON DEAN'S LIST

DENTON, TEXAS—Miss Willyne Ragsdale of Santa Anna is among the 182 upperclassmen qualifying for the spring dean's list at North Texas State.

Students included in the list are not required to observe the class absence rule which deducts grade points for unexcused absences from class.

In order to have his name on the dean's list, a student must attend the college during the fall semester and complete at least 12 semester hours of work with an average grade of B and no grade below a C.

Miss Ragsdale is the daughter of Mr. and Mrs. W. E. Ragsdale. She is a business education major of senior standing at the Denton college.

LIBERTY FIRST TO TOP GOAL IN RED CROSS DRIVE

A. K. Sanderson, of Liberty, came in Monday morning and turned over to the Red Cross \$155.40, collected in the Liberty community drive over the weekend.

Liberty community's quota was \$70.00, and the patriotic citizens of that fine rural community topped their goal by \$85.40, raising more than double their allotted request. Good for them.

Rev. O. N. Baucom, Texas Synodical Field worker for the Board of Missions of the Cumberland Presbyterian church, will be in Santa Anna from Friday, March 25 through Sunday, March 27.

He will preach at Trickham Friday evening, March 25, and at the Cumberland Presbyterian church in Santa Anna on Sunday. You are invited to attend these services.

J. W. Burgett, pastor.

Look for the Red Cross Workers, who are soliciting for your annual contribution to the American Red Cross. Be as liberal as you can, for your offering goes for a good purpose.

Coleman County won more honors at the Southwestern Exposition and Fat Stock Show in Fort Worth last week than any county in the state. We purpose to give mention of all the winnings in this paper, but will have to defer it until a later date due to the lack of information.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

Ration Reminder

Meats, Fats—Red stamps A8, B8, C8, D8, E8, and F8 are good through May 20. G8, H8, and J8 become good March 26 and remain good through June 18. Waste kitchen fats exchanged for two points and four cents a pound.

Processed Foods—Green stamp A8, B8, C8, D8, and E8 are good through May 20.

Gasoline—In 17 east coast states A-9 coupons are good thru May 8. In other states, A-11 coupons are good through June 21.

Fuel Oil—Period 4 and period 5 coupons are good in all areas through September 30.

Sugar—Stamp 30 in Book Four is good indefinitely for 5 pounds. Stamp 40 in Book Four is good for five pounds of canning sugar through February 28, 1945.

Tire Inspection Deadlines—For A-coupon holders, March 31; for C-coupon holders, May 31; and for B-coupon holders, June 30.

Shoes—Stamp No. 18 in Book One is good through April 30. Airplane stamp No. 1 in Book 3 is good indefinitely. Another ration stamp good for one pair of shoes beginning May 1 will be announced soon.

Income Tax—Declarations of estimated 1944 tax are due by April 15.

Longer Periods For Food Stamps

Under the ration token plan, three red (meats-fats) 10-point stamps become good every two weeks, on Sundays, and five blue (processed fruits-vegetables) 10-point stamps become good on the first day of each month. To reduce last-minute rush buying just before stamps run out, the Office of Price Administration increased the period for which stamps may be used. Thus, the 60 red points and 50 blue points, which become good each month may be used at any time during a period of from 10 to 12 weeks.

Changes In Gasoline Rules

Beginning April 1, the five-gallon "R" gasoline coupon for non-highway users will be good for purchases at "authorized filling stations," as well as for gasoline purchased at bulk plants or delivered to private storage tanks, OPA announces. The "A" ration for motorists is now two gallons weekly in all parts of the country. On the Pacific Coast, the "B" ration has been cut from 460 to 400 miles a month.

More Income Tax Information

While the majority of the nation's 50 million taxpayers will find their 1944 federal income tax obligations taken care of

through withholding by their employers, an estimated 15 million will be required to file declarations of their estimated 1944 tax by April 15. Declaration forms are being mailed by the Bureau of Internal Revenue to all persons who filed declarations last fall. The first quarterly payment of estimated tax shown to be due on the declaration should be made at the time the declaration is filed, the other payments to be made on or before June 15, September 15, and December 15. Farmers who receive more than 80 percent of their income from farming, may postpone filing their declarations until December 15. However, if they wait until December they must pay all of their estimated tax at that time.

Grow More Greens In '44

Home gardeners should plan to grow more fresh greens over a long season and can less, food specialist of the U. S. Department of Agriculture suggest. The housewife who puts up a big batch of greens in the spring for year-round use when she could have fresh greens from the garden makes herself extra work and serves less appetizing food.

Farm And Garden Speakers

Town and city groups—victory garden clubs, farm labor committees, schools, and other groups—desiring farm or garden speakers at their meetings should give their requests to the county agricultural agent, the War Food Administrator advises. The best time for such meetings is during "Grow More in '44" week, scheduled in most sections for April 2-8, before farmers get busy with the start of planting season, he suggested.

Round-Up

Salad oil spread on the surface of farm-cured ham will delay development of surface mold for several weeks, the Department of Agriculture says. WFA has requisitioned 6 1/2 million pounds of black pepper from importers and holders to supply U. S. requirements and commitments until about 1946. Power production in 30 Bureau of Reclamation Power Plants has increased 275 per cent since Pearl Harbor, according to the Department of the Interior. The War Manpower Commission predicts that before the end of the summer, 700,000 men and women will need to be recruited to work in canneries and food processing plants. Only when present rear-wheel tractor tires are worn beyond recapping stage may ration certificates be obtained for new replacements, OPA says. WPB says that barbed wire and woven wire fencing may now be made in heavier gauges such as are needed to confine hogs and cattle, and standard weights of zinc coating will be permitted. Production of home canning jars and closures has tripled in the past three years and is now keeping pace with increased demand. Permission has been granted to manufacturers to make more and better quality bedsprings and box springs. U. S. monthly war expenditures hit a new high of \$7,808,000,000 in February.

SUBSCRIBERS TAKE NOTICE

The call to conserve paper is being urged, and we don't know how soon we will be called upon to remove from our mailing list all delinquent subscribers, and take only renewals in good standing, and not add any new ones. This would restrict us from adding names as new subscribers after removing them from our list.

We hope this condition does not happen to us, but if the war continues for a long duration, it will happen. A tip to the wise should be sufficient. The moral, Keep your subscription paid up.

Watts Creek

There was no Sunday School last Sunday, due to the weather. Next Sunday is regular church day. Everyone come and bring someone with you.

Mr. and Mrs. Payne Henderson Jr. spent Sunday in the W. L. Lee home.

Bonnie Jean Odom spent Saturday night with Dorothy Seals.

Mr. and Mrs. Roy West visited Mr. and Mrs. Joe Flores in Santa Anna Thursday night.

Mr. and Mrs. J. D. Henderson spent Sunday with Mr. and Mrs. Roy West.

Everyone is cordially invited to attend the singing at the church Sunday afternoon.

Mr. and Mrs. Artie Irby visited Mr. and Mrs. Loren Seals Sunday night.

FORMER COLEMAN MAN MARRIED TO ENGLISH GIRL RECENTLY

Mr. and Mrs. J. H. Goodgojn of Rochelle, formerly of Trickham, have received notice of the marriage of their son, Pfc. George Z. Goodgojn, now stationed somewhere in England.

Pfc. Goodgojn was married on Saturday, Feb. 12, to Miss Patricia Greenham, of 19 Castle St., Kingston on Thames, England.

Pfc. Goodgojn attended the Trickham school and was engaged in farming before being inducted into the Armed Forces, in February, 1942. He was stationed in Salt Lake City, Utah, in California, Sioux City, Iowa, and in the state of Washington before being transferred to England. He is driving a truck for the Quartermaster Supply Depot.

ORDINANCE NO. 141. CURFEW

Ordinance prohibiting children from loitering on the streets of Santa Anna, Texas, after 10:00 o'clock P.M.

Article 1.—It shall be unlawful for any person under seventeen years of age to be, loiter or remain in, or upon any of the streets, alleys or public places in the City of Santa Anna, at night between the hours of 10:00 o'clock p.m. and 5:00 o'clock a.m., unless such a minor is accompanied by some adult person having him in charge, or unless upon some errand by direction or permission of his or her parent or guardian, or other proper legal custodian, or unless engaged in some business or occupation requiring him to be upon the streets of the City of Santa Anna, during the above mentioned hours, or unless such person is going to or from such occupation.

Article 2.—It shall be unlawful for any parent, guardian or other person having the legal care and custody of any person under seventeen years of age, to allow or permit any such child, ward or other person under age to go, be, loiter or remain in or upon any street or alley or other public places within the City of Santa Anna, within and between the hours named in Article 1, of this Ordinance, unless there exists a reasonable necessity therefor.

Article 3.—Any parent, guardian or other person having the legal care and custody of any person under seventeen years of age, who is guilty of violating Article 2, shall be fined in any sum, not less than one dollar and not exceeding twenty-five dollars.

Article 4.—Every police officer in the City of Santa Anna is hereby authorized to arrest without warrant, any person violating any of the provisions of this Ordinance, but no person so arrested shall be placed in confinement until his parent, guardian or other legal custodian shall have been notified of such arrest, and shall have refused to insure or compel an obedience of such person arrested of the provisions of this Ordinance.

A warning bell shall be sounded at 10:00 o'clock p.m. every day, after which time any person violating Article 1, of this Ordinance shall be arrested and dealt with according to its provisions.

This Ordinance, passed by the unanimous vote of the City Commission in a meeting called for that purpose on March 21, 1944. This Ordinance becomes effective immediately after being published in the Santa Anna

News for three consecutive weeks. Date effective being April 7, 1944.

FEED MAKES FOOD

and
COTTONSEED
MAKES BOTH
FEED and FOOD!

The War Food Administration is urging farmers to an all-out effort to produce more in 1944 for military, civilian, lend-lease and foreign relief programs.

This is the cotton farmer's chance for distinguished service on the Food and Feed Front. Food fats and oils are scarce and rationed. Supplies of meat and milk are short and expected to be shorter.

COTTONSEED supplies these edible oils and COTTONSEED MEAL and CAKE furnish the protein concentrate essential to increased production of meat and milk.

By increasing the cotton acreage planted in 1944, farmers will be helping the Nation, the War Effort and themselves. **PLANT MORE COTTON FOR VICTORY!**

The Soldier's Vote Bill

After much wrangling, the House and Senate last week finally passed a bill the purpose of which is to aid members of the armed forces who desire to vote in the elections this year. The compromise bill would make available the facilities of the Army, Navy and Maritime Commission in getting ballots to the soldiers overseas and back to the election judges.

The measure provides for full priority in the dispatch of the ballots. And this alone should be of much assistance.

Rankin Answers Bradley

In the heat of debate on the floors of Congress, a flash of wit in repartee occurs now and then. The veteran John Rankin of Mississippi is perhaps the cleverest rough and tumble debater in the House. He is a true patriot, is well-informed and is an able fighter for what he believes in. Whether one agrees with him or not, he is always respected in debate and takes care of himself under all conditions.

During the debate on the soldier's vote bill, Congressman Bradley of Pennsylvania, who frequently finds much fault with the South, charged that in Rankin's home state of Mississippi the soldiers could not vote because of the poll tax, and found other criticism of other practices down Mississippi way.

But Rankin was ready for him "Mr. Speaker," he began, "the speech of the gentleman from Pennsylvania was most ridiculous. The state of Mississippi has already set aside its registration and poll tax provisions for servicemen during this war. We do not need to take any lesson on political morality from any Philadelphia politician.

"I am reminded," Rankin continued, "that a few years ago when the Marines were sent to Nicaragua, it was said they went down there to see that they held an honest election. Senator Norris said, 'Why in the—do you not send them to Philadelphia or Pittsburgh?'"

Simplification Of Tax Forms Nears Reality

The House committee which for more than a month has been working on a plan to simplify the present complex tax forms, is soon to report a much simplified program.

During the last 10 years, 17 different tax bills have been passed by Congress, the details of many of which are said to have been worked out by the Treasury Department. The result has been that, year after year, additional measures were pyramided on top of each other, each adding new phases of deductions and regulations, and increasing the complexity of tax procedure.

It is now proposed that these different laws be combined and correlated in one measure. It has been a colossal task, but now that Congress is taking this problem into its own hands and assuming its responsibility in this respect, it is believed the bewildered taxpayer soon may see a ray of hope in a new, much-simplified form.

The C. E. Eubanks family returned last week from California where they have been for several months, and will likely take up their abode in Santa Anna again.

STATE HEALTH TALK

Austin, Texas, March 20—Speaking of the susceptibility of children to tuberculosis, Dr. Geo. W. Cox, State Health Officer, said today that few people realize that babies and young children are very likely to become infected with tuberculosis if they are kept in rooms with persons who have the disease, use the same dishes, sleep in the same beds, or are handled and kissed by persons who have tuberculosis.

"Babies and young children pick up the germs of tuberculosis just as readily as they pick up the germs of measles or whooping cough, or of any other of the so-called children's diseases," Dr. Cox said. "But tuberculosis, unlike most diseases, has more than one form. Babies who get tuberculosis may not show the symptoms we associate with the disease in older persons. But the disease in most cases develops rapidly and is likely to end fatally. Tuberculosis in babies and young children is a very serious matter, although recent studies have shown that if young children are removed promptly from contact with the disease and given the necessary care, many lives can be saved."

Dr. Cox said that if the presence of tuberculosis is recognized in its early stages and if medical attention is secured promptly, a great deal can be accomplished whenever the disease develops, whether in young or old.

"Tuberculosis doesn't just simply happen. Nobody is born with disease. Everybody who develops tuberculosis gets it from some other source, and children and young people who have been in contact with persons having tuberculosis are especially likely to contact it."

1st. Sgt. V. D. Fulton, who is stationed at A. and M. in Army Special Training, stopped over here Wednesday for a few hours visit with his parents, Mr. and Mrs. J. W. Fulton.

War-time Diet Changes Build National Health

Consumption of the two food nutrients most likely to be deficient in the human diet has increased greatly. Calcium and riboflavin are present in the average daily menus of today in much greater quantities than a few years ago, according to the Bureau of Human Nutrition and Home Economics of the U. S. Department of Agriculture.

The increase in the human intake of both calcium and riboflavin that has taken place in the past decade is due to the fact that consumption of milk, ice cream, and cheese has increased about twenty-five percent per capita in that time, continues the Bureau of Human Nutrition and Home Economics. This represents one of the greatest improvements made in the human diet in recent years.

"Milk and its products are the best source of both of these food constituents," states Mrs. Ethel Austin Martin, Director of Nutrition, National Dairy Council. Seventy-five percent of all of the calcium and forty six percent of all the riboflavin included in the national diet are furnished by milk, cheese and ice cream.

"Calcium is important to the body as a builder and maintainer of bones and teeth, and is also needed in many of the fluids which govern the body's involuntary activities," according to the government agency. "Riboflavin promotes growth and is essential for normal nutrition at all ages. Insufficient quantities of riboflavin for any length of time may be followed by digestive disturbances, nervous disorders, and some types of 'eye strain' and a lowered general resistance."

Dutch ovens in early American homes were little brick ovens built in by the side of open fireplaces, for baking.

IRICK SEEKS RE-ELECTION FOR CONSTABLE

To our political announcement column this week is added the name of Frank Irick, serving his first term as Constable, Precinct No. 7, Coleman County, who solicits your consideration during the campaign and your vote at the polls in Democratic primary in July for re-election to

succeed himself. Mr. Irick has served well as constable, acting with caution, but without fear or favor in whatever capacity his services have been needed. Your favorable consideration will be appreciated by him.

Cpl. Frank Dibrell spent a few days in Santa Anna while home on furlough.

Rockwood News

(Mrs. Ray Caldwell)

Attendance at church Sunday was small on account of bad weather.

Old man winter has put in his appearance again. We had a heavy frost and ice Monday morning, but very little damage to the fruit and small garden stuff. We have a beautiful day today. (Monday)

Mr. and Mrs. Bill Miller of San Antonio and Mr. and Mrs. Lohn of Lohn were visiting here last week.

Mrs. Claud Box, Mrs. Boss Estes, Mrs. Garnett Reeves and son of Pampa, and Sgt. Ray Harkey of Camp Bowie visited their Grandmother Harkey at Kalamity Sunday. Mrs. Reeves and son and Sgt. Harkey are visiting with Mrs. Box and Mrs. Estes.

Mr. and Mrs. Clyde Box, Max and Mona, Mr. Robert Russ, all of San Angelo, Mr. and Mrs. Miller Box and Jerry, Mrs. Demby Wise and Billy visited with their mother and grandmother, Mrs. Velma Box Sunday. Mrs. Russ and baby son, and Mrs. Bill Maxwell returned home with them after a weeks visit here.

Mr. and Mrs. Ray Caldwell and son, Denny were business visitors in Ft. Worth Friday of last week. They attended the Fat Stock Show while they were there.

Mrs. Frank McCreary, Sr. and Mrs. Frank McCreary, Jr. and son are visiting in Fort Worth this week with Mr. and Mrs. Victor Payne and Clyna Sue and Mr. and Mrs. J. D. Ashmore.

Mr. and Mrs. R. L. Steward received a telegram from their son Lt. R. L. Steward and wife, of Columbia, S. C. telling them of their new daughter born March 15th.

Mr. and Mrs. Demby Wise and daughter Billy, Hilton Wise and daughter Colleen, attended the Fat Stock Show Thursday.

Mr. and Mrs. Carl Cheney and daughter Nancy, of Gouldbush visited with Mr. and Mrs. Boss Estes Thursday evening.

Mr. and Mrs. Otis Byrns, Mr. and Mrs. Odie Powers, of Shields, and Mr. and Mrs. Woodrow Estes were guests in the home of Mr. and Mrs. Herman Estes Saturday evening.

Mrs. Jack Bostick and sons visited in Lampasas last week with relatives.

Mr. and Mrs. Evan Wise have had a letter from their son, Joe Wesley, saying he was at the reception center in Fort Bliss.

Mrs. Claud Box, Mrs. Boss Estes and Weldon, Mrs. Garnett Reeves and Bradford, visited with Mr. and Mrs. H. L. Livingston of Coleman Friday afternoon.

Mr. and Mrs. Lee McMillan were business visitors in Coleman Saturday.

Mr. A. S. Hall was called to the bedside of his sister, Mrs. Allie Hall of Killeen Sunday. She was much better when he returned home.

Miss Alta Lovelady, of Santa Anna, spent the week-end with her mother, Mrs. J. C. Lovelady.

Mrs. Cecil McCreary, of Mozelle and Lt. Melvin Martin and Mrs. Martin, of Camp Hood, visited friends here Monday.

Dan Moody Caldwell, Curtis Bryan and James Hunter, boys of our community did a good deed last week. They went on a rattle snake hunt on the J. A. Hunter and Oran Wise places. They killed eight rattlers. The largest measured four and one half feet. They are going again Wednesday and dynamite the den.

Mrs. Tom Bryan, Mrs. E. D. Black and Miss Anita Sue McCreary visited with Mr. and Mrs. Cecil McCreary of Mozelle Tuesday evening.

Mrs. Ray Caldwell, Misses Jerry Box, Renee and Nelda Steward visited with Mr. and Mrs. R. L. Steward Sunday afternoon. Mrs. Steward is sick with influenza.

Tuesday morning and it is raining again.

Whon News

Mrs. Tom Rutherford

We are very glad to report Ma Gill able to return to her ranch home at Whon. Ma has been ill at the home of her son in Brownwood for quite a while. We are glad she is able to be back at her home again, and hope for her a speedy recovery.

Mrs. Blake Williams of Rockwood and Mrs. Clifton Straughan visited with Mrs. Earl Cozart Saturday afternoon.

Mr. and Mrs. Jim Gill returned from the Fat Stock Show last Thursday. Jim has a broad smile on his face these days. His calves are really making showings. Jim's calf won champion at the show. (Sorry we don't know more to report on them). But they are really beautiful, we saw them as they came home Monday afternoon. Mr. Roy Stafford went to Fort Worth and brought them home.

The Sunday school party at the school house was enjoyed by a large crowd Saturday night.

Mr. and Mrs. L. O. Smith took their little son, Jerry, Don, to Brownwood Monday seriously ill. We hope it proves to be nothing serious, but at this writing we haven't heard from them. Mrs. Geo. Rutherford went with them.

Pvt. L. J. Lovelady, of Marfa Army Air Field, visited a few days with his parents at Whon.

Mrs. Alma Forehand who has been visiting her daughter, Mrs. Otis Tatum, of San Antonio, has returned home.

Mr. T. J. Adkins, employed by Jimmy Gill, returned Monday with Jim's calves from the Fat Stock Show.

Mrs. Maye Gill and Mrs. Alma Forehand were Santa Anna and Coleman visitors Monday.

There was no service at either church Sunday due to the bad weather. Seems like ole man winter certainly made his appearance again. We had a heavy frost Monday morning. Maybe it didn't hurt the fruit this time.

Sis. Nellie Hill and Laura Doalan were in Santa Anna Monday.

Jimmy Frank Smith ran into Chas. Bepge's gas pump Sunday in Elder's car, tore the pump up pretty badly, and bent the car fender, but lucky the boy wasn't hurt—only scared.

Mr. and Mrs. Tom Rutherford and children visited with Mr. and Mrs. Bert Turney Monday. Mrs. Richard Meeks and son and Mrs. Meeks mother-in-law of Dallas are visiting with Mr. and Mrs. Turney this week.

Bro. and Sis. Bailey, pastors of the Whon Baptist church spent Sunday with Mr. and Mrs. Homer Schultze.

Trickham News

There were not very many at Sunday school and church Sunday, as it was so cold and the roads muddy.

The following girls enjoyed a slumber party at the home of Mr. and Mrs. Fred Haynes last Wednesday night with Reba and Lois Haynes as hostess: Zona Douglas, Betty Eubank, Ovell

McCulloch, Lois Fay Harris, Reba and Ruby Goodgoin and Wanda Lou Williams.

Mr. and Mrs. Elmer Haynes spent Sunday with Mr. and Mrs. Fred Haynes.

Mrs. Lee Dockery has been sick with a cold. We hope she is soon better.

Mr. Cleo James cut his foot while cutting post at San Saba last week. He is suffering quite a bit, but his foot seems to be healing nicely.

Several enjoyed the music furnished by Jozack Miller, Carl Ray, Charlie Owens and Edd Zenor last Friday night at the home of Mr. and Mrs. Jess York and son Dayle, they were Mrs. Carl Ray and daughter, Carlene, Miss Murdock, Mrs. Sims John-

son, Sealy Banks, all of Santa Anna, Mrs. Edd Zenor, Evelyn and Eddy Jo, Mrs. Fred Haynes, Lois and Reba, Willie Calcote and Rankin McIver.

Mrs. Jess York and Dayle and Mr. and Mrs. S. E. Reed and Merline spent two days with Mr. and Mrs. D. C. Blauvelt of San Saba. Dayle went for more cedar post.

Mrs. Gene James has been ill for several days.

Mr. and Mrs. Oscar Boenicke spent Sunday with Mr. and Mrs. Arnold Boenicke.

Mr. and Mrs. Woodrow Gilbert were guests of Mr. and Mrs. S. M. Fellers Saturday night and Sunday.

Mrs. Wells and sons and Lucille spent Sunday with Mr. and Mrs.

R. C. Shield of Whon.

Trickham School News

The school children have collected over 1000 pounds of scrap paper and about a ton of iron this week.

Easter will soon be here. Our bulletin boards and blackboard borders are beginning to look like spring. They are bright with rabbits, flowers, frogs and lambs.

We are planning a clean up day soon.

Mrs. Martin and Miss Kirkpatrick, the teachers, are planning a play to be given before the close of school.

W. W. Evans spent last week in Dallas on business.

THE AVERAGE AMERICAN FAMILY

Includes 3 1/2 persons

uses 1/2 of a bathtub

owns 1/2 of a house

listens to 9/10 of a radio

1929

1944

AND gets about twice as much electricity for its money as it did 15 years ago!

The envy of the world today is the average American family. That family has the world's highest standard of living.

Statistically speaking, the average American family is composed of three and four-fifths persons. It uses three-fifths of a bathtub and owns one-half of a house, listens to nine-tenths of a radio, and gets about twice as much electricity for its money as it did 15 years ago.

Obviously, three-fifths of a bathtub wouldn't hold water very well! That is just another way of saying that three out of five American homes have bathtubs. The figure about electricity applies only to homes that have electric service (four out of five). But as an average of all these homes, it is a fact.

Most families own more electric appliances now than they did in 1929. Over the years as they used more electricity the cost per unit used was steadily reduced. So—though your total bill today may be as much as it was in 1929—yet you are getting twice as much electricity for your money.

The cost of electricity has not only been steadily reduced but it has stayed down while most other prices are going up. Today, electricity is just about the biggest bargain in your war-time budget! For this you can credit your electric service company, manned and managed by practical business people. Their hard work has made electric service dependable and cheap.

WHO'S WHO

Whenever you hear anyone talking about girls playing baseball, you'll hear Mary Annis Norris's name mentioned. Boy! can she sock a ball. She makes "Dizzy Dean" look like a "sucker" with the home runs and hits she makes. She's a big hit with us, too, 'cause we think she's swell.

Mary Annis is 5 ft. 7 in. tall, weighs 147 pounds and has dark curly hair and brown eyes. She is 18 years old, too.

She attended Mukewater Grammar school in Brown County and Bangs High School as a freshman, coming to SAHS in '40. As to be expected, she was captain of the baseball team her freshman year and has been a member of the Home Make Club for two years.

Collecting stamps from different countries is her hobby. For recreation she likes mainly to play ball, and ride horseback. Listening to the radio and reading good books are her favorite amusements.

As to this ideal person business she, too, has so many people for ideals, but Johnnie M. Swenson is the "most idealist" one. Now, who in the world is Johnnie M. Swenson—another actor, I don't know? At any rate he really stands up there in Mary Annis' admiration, huh?

Zane Grey is this senior lass' favorite author, and—oh! ho! guess what the one thing she does fairly well is—rather than to leave you guessing, I'll tell you. She says that she can really "boss" people.

Wonder of wonders, algebra is this "palsey, galsey's" favorite study.

Tsh! Tsh! being put to sleep has been her most interesting experience. (We thought you were a grown up dignified senior, kid) The things she likes are chocolate cake with plenty of filling. (Do "muh" mouth water!) sour pickles, and red beans. "Also I like for Mrs. Evans to explain algebra the way I want it."

Mary Annis dislikes "smarty" boys, "bossy" teachers, hateful people and teachers pets—whew! what a collection.

After graduation she is going to work for Uncle Sam in an aircraft plant in San Diego, California.

Hear ye! Hear ye! Once again may I take up a few minutes of your precious time to present to you one of my senior girl friends, who this week's "Who's Who" is honoring Juakana Vercher?

Juakana is just another "easy going" lovable senior lassie with dark brown eyes, light brown hair, 116 lbs. of weight and 5 ft. 2 in. of height.

This 16 year old has attended the Shelds and Mozelle schools prior to her entrance here in

good "ole" SAHS.

While in high school, Juakana has been a member of the pep squad and a member of the Home Make Club.

Swimming and kodaking are her favorite hobbies and recreations, whereas, her favorite amusements are reading good books and attending the movies.

Quote: "My ideal person? I believe that I have two—mother and Mrs. Morris, because they're just so good to me." Unquote.

This "sad potato's" (that last title doesn't necessarily mean that she's sad, that's just the latest slang title making the rounds at HI, or haven't you noticed?) favorite author is Kathleen Norris and—my! my! it seems that the one thing she does fairly well is to get into "mix-ups"—some merry, others not quite so merry!

For her favorite studies she likes typing and shorthand.

Say, do you "sad seniors" remember that elegant, hay ride we had at the first of the year, you know all that hay, grass-burrs, weiners, etc? Well, Juakana says that that, and getting stuck in the mud that very same night, has been her most interesting experience.

Most of all "our little chum" likes to go places, likes black cars, sleep, short hair, all friendly-people, pretty weather, Frances Arnold, and to eat!

Passionately disliked are car troubles, people who brag or people who are conceited, rainy weather and "nosey folksies!"

Juakana plans to go to a business college or to join the Cadet Nurses Corps when school is out.

We are presenting this week that grey eyed Texan, T. A. Jackson. This typical Texan is 5 feet 10 1/2 inches tall, weighs 165 lbs., is 17 years old and has brown hair. T. A. is rather quiet, and smiles a great deal. He doesn't talk very much, but when he does, it is something worth listening to. He dislikes red finger nail polish and geometry. Among his likes are spinach, but as for eating, he likes "anything eatable."

For recreation he likes to fish and go to shows. T. A.'s favorite subject is science, favorite author is Zane Grey, and favorite movie stars are Roy Rodgers and Mary Lee. Hill billy music is also tops with him.

When asked what kind of girl he prefers, blonde, brunette, or red head, he said "all of them." Just to help you girls, who don't seem to be getting anywhere with him, his mother is his ideal person.

His ambition is to be a farmer and we know that he will be one of the best. Good luck, T. A. You're our ideal classmate.

GOSSIP

According to Webster, gossip is familiar or idle talk. Children we could argue this point because some of the magnificent things we've seen this week may be a little familiar to some "folksies," but they "shore ain't" just idle "gab" with us. Why take for example—

Dale Nolen and Virginia Stockard, Bobbie Halmon and Evelyn West. That was some "joy ride" they had in Dale's killer-diller convertible coupe. The lucky dopes.

That bunch that went to Coleman Saturday night really had the fun. They bought three dozen hot tamales, then went to the fire station (I can't imagine why) to eat them. Just as they were leaving they noticed a sign which read, "Five dollars for parking here" and they all passed out, but we don't know whether it was the tamales or the sign.

Jackie Watkins and Rita Campbell are at it again. They were seen together Sunday night. Wonder what Bobbie will say? We hope he says it to Rita in private.

Richard and Deanna like to have frozen to death Sat. nite.

They went to see Lost Angel and didn't even wear a coat. Don't tell anybody but we didn't either. Say Julian, I was eavesdropping and heard someone say they sure would like to go to the Garden Party with you. Just to give you a hint, you know her very well.

While we're talking about the garden party we might as well tell you everything we've heard. Tommie's taking Blondie so Joyce Gill you might as well play up to someone else.

J. Cecil you had better wise up to the gal with the "redhair." She's got her heart set on going to the garden party with you and she's not going unless you take her!!!!!!

About this business of the garden party Suzy would like to go with J. Cecil's side-kick. By the way, this is still leap year, gal.

Donald Ray was overheard asking Joyce Richardson to the garden party. We sure are anxious to hear the result.

Hazel French is going to the party with Bennie Cecil so I hear from unreliable sources.

Nell went to the show with Harold Pittard Fri. nite. We heard her say something about this and we also heard her talking about the garden party and the Eubank boys. Wonder if these have any connection? (The garden party and the Eubank boys I mean.)

Colleen Wise was seen with Travis King Saturday nite at the Dixie Pig. From the way things looked they must have had a good time.

Denny and Joe Evelyn, Edd and Johnnie Evelyn, Alvin and Billie Jeanette were also seen at the Dixie Pig Sat. nite.

Mila Mae was seen with an instructor from Coleman Flying School the other night. I bet Curtiss doesn't like this one little bit. Can't say that I blame him.

Elton, who was that guy you were sporting at Coleman the other night. It was none other than Bennie Cecil from Rockwood.

You boys had better get those dates for the garden party early this year since the girls aren't going to accept at the last minute.

Since we don't have anything about the garden party this week we'll have plenty about it next week.

Peep and Squeak

JOKES

Two Pants
The train was just pulling out of the station when a young man opened the door and flopped in. He sat down, huffing and puffing, opposite an old gentleman.

"You're not in very good shape young man," observed the old gentleman. "When I was your age I never got winded like that. Elvis Ray looked up sheepishly. "Perhaps not," he drawled, "but I'll have you know I missed this train tree stations back."

Eye See
J. Cecil—She's an awfully good sport.
Douglas—Oh well, my girl isn't much to look at either.

Dayton—Do you know my girl?
Donald Ray—Oh, just a nodding acquaintance.
Dayton—What do you mean nodding?
Donald Ray—Nodding doing.

Suzy—What makes you so foolish, Blondie?
Blondie—I used to sleep under a crazy quilt, dopey!

Virginia P.—Can you loan me five bucks?
Oma Dean—I will when I come back from San Antonio.

Virginia—When are you coming back?
Oma Dean—Confidentially chum, I ain't going.

Webb—Where do the flies go in the winter time, Jackie?
Jackie W.—I dunno, Webb.

Webb—Well, I wish that they'd

Juniors Entertain In Assembly

In assembly Friday morning, March 10, the junior class presented a Negro Minstrel, consisting of jokes and songs.

The program was opened by a song "Dark Town Strutter's Ball" by a group of junior girls. Our "darker" master of ceremonies was Alvin Bostick. The jokes were told by Roland Day, Buford Dodgen, Don Howard and Kenneth Moredock.

Thanks, junior class, for a swell program. It was enjoyed by all.

The Sophomore Entertainment Program

The sophomore class entertained the student body Friday morning with an interesting and funny program.

First was a skit entitled "As we see you" which was the impersonations of the teachers by ten members of the class. Mr. Byrne was impersonated by W. H. Blake, Mr. Donham by Ray McSwain, Mr. Keen by Webb Golston, Mr. Skiles by Willie Calcott, Mrs. Williams by Calice Jane Overby, Mrs. Williamson by Alice Anna Guthrie, Mrs. Evans by Billie Joyce Cozart, Miss King by Artie Jean King, Miss Lewis by Mary Lois Leady, Mrs. Snodgrass by Joyce Hunter.

Next there was a skit about the Ladies Sewing Circle. Fifteen girls took part in it. A skit about the men of the downtown street corner followed next. Two boys took part in it. Then James England read some jokes about different teachers. The program ended with the class-song.

—Reporters.

NAMES IN SONG

Sleepy Lagoon—Allyn Gill.
Lazy Bones—J. Cecil Grant-ham.
I'm Riding For a Fall—Sings Donald Ray to Joyce.
Jeannine, I Dream of Lilac Time—Sings Bob S.
I've Got a Gal in Kalamazoo—Sings Ralph.
Happiness is a Thing Called

go there in the summer time, too

Joyce Gill—Are you in the habit of speaking to men you don't know?

Rita C.—Yeah, the men I do know won't speak to me.

Joe—Sings Nell.

There Will Never Be Another You—Sings Billie Faye to Johnny.
I Get the Neck of the Chicken—Sings Suzy.
He's My Guy—Sings Ginger of Felton.

It Started All Over Again—Joyce to Julian.
All For One—Senior Class.
My Kingdom for a Horse—Sings Elton in her jeans.

Spellbound—James and Mildred.
There are Such Things—Sings Mrs. Evans to geometry students.
Waiting To Hear From You—Betty to Arnold.

Why Don't You Fall in Love With Me—Mila Mae to Dick.
Why Don't You Do Right—Mr. Byrnes to the whole student body.

I've Got Four New Tires—Wish all the boys who have dates for the Garden Party.

Too Much Race Agitation

The country is being disturbed too much by race agitation. There is no cause for it. No good comes from it, harm does, and it retards the war effort.

The war isn't being fought by one race of the country's citizenship but by all of them. All of us are Americans, regardless of race, and our efforts should be unified with a recognition of the rights of all races who are fighting under the same flag.

The issue as to which is the superior race is not involved. As a matter of fact, no race is superior except by intelligence, character and achievement. A superior race is tolerant of the others and desires to help them. Those who stir race prejudice or strife prove no superiority but on the contrary, they show fear, jealousy and weakness.

Because of the right of free speech the narrow-minded, vicious groups who are causing disturbances by agitation can not very well be suppressed, but the press and radio should lend them no encouragement or cooperation, while the thinking public should ignore them.

The birds of the air of various species live in the same community in peace. The dove and the crow feed in a common field and alight on a common limb without strife. Why can people not do it? If the intelligent forces of the country will frown down on the strife makers, race agitation can be put to an end.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D., of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for March 26

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

THE SACREDNESS OF LIFE (TEMPERANCE LESSON)

LESSON TEXT: Gen. 1:27, 28; Matt. 12:11, 12; Rom. 14:19-21; 1 Cor. 6:19, 20. GOLDEN TEXT: "Know ye not that your body is the temple of the Holy Spirit?—1 Corinthians 6:19."

A high and ennobling concept of the value of human life is an important element in Christian thought. The Word of God always regards human life as sacred—a gift of God to be used for His glory, never to be exploited for gain or destroyed at will.

This important truth needs constant reiteration in a social order which is so shortsighted and sinful that it will permit the destruction of man through the sale and use of alcoholic beverages. The lesson has a real application to the liquor problem.

I. God Honored Man (Gen. 1:27, 28)

It should be of primary interest and concern to discover what the Maker and Lord thinks of His creation, man. He knows what is in man and if we learn of Him we may come to evaluate man aright. It is well to note first that when God made man—

1. He Made Him in His Own Image (v. 27)

The teaching of Scripture makes it clear that this image was not anything material or physical, but rather a likeness of personality. As God is a personal, moral, intelligent Being, so is man.

How tragic then that man will not only reject that grace, but will subject his God-given personality to the destructive influence of alcohol.

Not only did God make man in His image, but—

2. He Gave Him Power and Authority (v. 28)

This is the very thing man is seeking, and here we learn that the only One who had a right to give it—God Himself—bestowed it upon man.

Having dominion over the entire earth, man is in a place of responsibility, not only for his own moral choices, but for the welfare of others. Think that over as it relates to the ever-growing liquor problem.

II. Man Should Honor Man (Matt. 12:11, 12; Rom. 14:19-21)

Since God has such a high regard for man, it is clear that we ought to have equal respect for our fellow man. Man's inhumanity to man is often declared to be the world's greatest difficulty. It would not be so if God's Word were obeyed. Man would learn that—

1. He Should Recognize His Fellow Man's Value (Matt. 12:11, 12)

Property values are so well to the front in the thinking of all, that it requires an argument to convince anyone that a sheep that has fallen into a pit should be rescued. But the sad thing is that the man who would run for help to rescue a sheep in that predicament will hardly cast an interested glance at the drunk in the gutter, or lose a few minutes sleep over the girls who are going to hell by way of our countless taverns.

The plain fact is that we do not regard a man as of more value than a sheep. Many a neighborhood has been stirred to angry reprisal over the poisoning of a pet dog, but will let the liquor dealer poison men and women—all for a small license fee.

The man who loves his fellow man knows that—

2. He Should Sacrifice for His Fellow Man's Good (Rom. 14:19-21)

Paul here states a high principle of Christian consideration. He makes clear that man is his brother's keeper and must do nothing which will tempt his brother to do that which will harm him.

III. Man Should Honor Himself (1 Cor. 6:19, 20)

Man is told not to think more highly of himself than he ought to think (Rom. 12:3), and that is good counsel. But at the same time he ought to think as highly of his own being as God does. He should recognize that—

SHERIFF'S SALE

The State of Texas, County of Coleman.
By Virtue of a certain order of sale issued out of the Honorable District Court of Coleman County, on the 24th day of Feb. 1944, by John R. Pearce, Jr., Clerk of said District Court against S. M. Polk, Jr. for the sum of one thousand forty and 19/100 (\$1040.19) dollars and interest and costs of suit, in cause No. 6366-A in said Court, styled The State of Texas versus S. M. Polk, Jr. and placed in my hands for

1. His Body Is the Temple of the Holy Spirit (v. 19)

The Bible teaches that the moment a man believes in Christ his body becomes the dwelling place of the Holy Spirit. That means that he must never take that body in any place (such as a tavern) to do anything or partake of anything (like intoxicants) which would dishonor the Holy Spirit of God.

2. He Belongs to God (v. 20)

Men have been given a free will by God. He has given them the right of self-determination. That does not abrogate God's right to man's devotion and love.

The fact that we are free to choose should make us the more determined that the right choice should be made—that we shall glorify God in our bodies, which are His.

Does it take even a moment's thought to tell us that the violation of that body (and every bit of scientific evidence proves it to be a violation) by the use of alcohol is not only disobedient, but sinful rebellion against God.

Mr. Strange has served as Sec. Treas. sixteen years, and will now devote part of his time to farming and stock raising.

service, I, Geo. Robey as Sheriff of Coleman County, Texas, did, on the 24th day of Feb. 1944, levy on certain Real Estate, situated in Coleman County, described as follows: to-wit: 28' North and South by 150' East and West the South part of Lot 1 and 2 in said Block 14, and 47 ft. North and South by 150' ft. East and West the North part of Lots 7 and 8 in said Block 14 of the Town, of Santa Anna, being 75 feet north and South by 150 feet East and West and levied upon as the property of said S. M. Polk Jr. And on Tuesday, the 2nd. day of May 1944, at the Court House door of Coleman County, in the Town of Coleman, Texas, between the hours of ten A. M. and four P. M. I will sell said Real Estate at public vendue, for cash, to the highest bidder, as the property of said S. M. Polk, Jr. by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Santa Anna News, a newspaper published in Coleman County.

WITNESS my hand, this 24th day of Feb. 1944.

GEO. ROBEY
Sheriff Coleman County, Texas

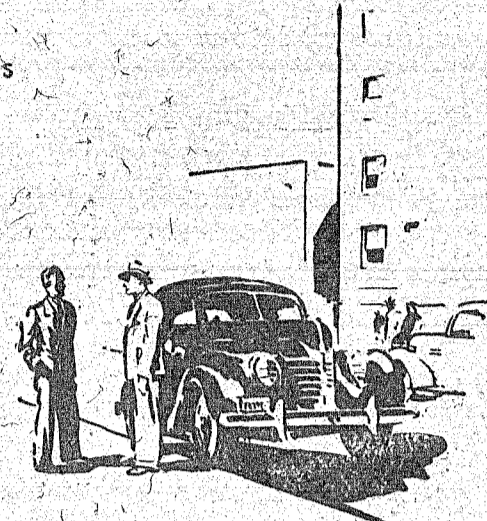

Celebrates Birthday

Little Miss Lora Morris celebrated her 12th birthday anniversary last Saturday at the home of her parents, Mr. and Mrs. Geo. Morris.

Those present were Joyce

Cummings, Myrtle Bible, Mary Jo Bishop, Nellie Gay Holman, Geneva Bible, Aleene Mingus and Vera Morris. Several nice gifts were presented and refreshments were served.

BUY WAR BONDS

"Let's walk, John. It's not far. Anyway, it'll do us good. And we save just that much gas for the boys who drive the war buggies."

How every Texan can help:

1. Make sure his car is properly serviced to use gasoline efficiently.
2. Do no unessential driving.
3. Save gasoline by driving slowly.
4. Buy only gasoline authorized by his government coupons.
5. Give away no coupons so that other motorists can do unessential driving.

What Shall We Salvage From The War?

That we will win the war is a fairly safe assumption, but at how great a cost no one can make a forecast. We do know, however, that the cost in the lives of our very fine young manhood will be stupendous. The cost in money and resources will be incalculable. Our economic and industrial systems will be upset and the problem of readjustment will be complicated and most difficult.

And just what will we salvage from it? Probably there will be left many planes, tanks, trucks and other war accoutrements, only a part of which can be converted into civilian use. Most of it no doubt will be ready for the scrap heap. However, in other ways there may be much. We will have left the efficiency we acquired in doing things. We will have obtained a new skill in mechanics. We will have new and better methods in manufacturing machines and implements that can be used for peace time purposes.

And more than all let us hope that we may salvage from the war a soberness and spirituality we have needed. The bereavements, sacrifices and sufferings that have or may yet be ours may perhaps bring us as a people closer together, teach us the richness of life that is ours when we can live in a free land, safe from dictators, to pursue peace and happiness.

AIMS AND PURPOSES

By B. D. Stevenson

Saturday Night Bible Readers have no field representatives. Yet they do have many and the number should grow to millions.

Anyone who reads the Bible on Saturday night is a Saturday Night Bible Reader and what he does he does on his own authority and motion. After a period of devout reading and study of the Bible as the inspired Word of God, His message to man, it is to be hoped that every Saturday Night Bible Reader will be aroused to take a stand for morality and righteousness in his community and witness for his Lord.

It is said of St. Francis that he asked the blessing of the church on a great venture. And what is this great adventure, he was asked, "To restore God's church. And how would he restore it? By obeying Jesus Christ."

That is the task of Saturday Night Bible Readers and the place to start is to devoutly study the Bible and if it is impossible to do it Saturday night then do it some other night or Sunday afternoon.

Saturday Night Bible Readers have nothing to sell and never will. The writer of this column is paying the expenses of printing and mailing these syndicated articles out of his own pocket and will continue to do so as long as there is money in the pocket. The first newspapers to subscribe will continue to get it free but the time may come when it will be necessary to charge new subscribers a small amount to help meet expenses.

Newspapers sign no contract. All they do to receive the articles regularly is to mail a copy of the paper or page from it each week showing that the articles are being used regularly.

Every Saturday Night Bible Reader should be a missionary. A good plan is to invite your neighbor to come over on Saturday Night and bring his family and take turns reading out loud. Then in time the neighbor opens his own home and invites in his neighbors. Thus the idea spreads.

But be sure the night is spent reading and not arguing.

Then go to church on Sunday. Then on Monday take your religion right into the Market Place with you. If the church and Christianity and the cherished freedoms of America are to be saved it is through an awak-

J. B. OUTLAW

Denton, Tex.—One-man track team for North Texas State this year is J. B. Outlaw, pictured above. The blonde, lanky North Texan, who is the first freshman to earn a varsity track letter at the Denton school, ran side by side with the famous Rideout twins at NTSTC in 1940. After a short school teaching career, the Eagle ace is back on the Denton campus now and is establishing himself as one of the top-notch milers in this section. At the Texas relays on April 1, Outlaw will enter the 3,000 meter run, and he will go to San Antonio on April 21 to run in a special marathon race from the Alamo to Alamo Stadium.

ening of the one-talented people of America, who are not afraid to stand for righteousness. What are they teaching your children in the public schools? You better look into it.

Watch for the Saturday Night Bible Readers Column regularly in this paper. Call your neighbor's attention to it.

Good Will Can't Be Legislated

When society, business or industry get out of joint and disturbances such as strikes come about, the American reaction is "There ought to be a law." Usually we get the law only to learn later that it doesn't solve the problem. Regulatory laws and their penalties are, of course, helpful but they are by no means a "cureall."

The most satisfactory and happiest human relationships are the product, not of compulsion, but rather of voluntary determination among human beings to cooperate with one another. Though we may legislate to the end of time, there will never be industrial peace and harmony without good faith and integrity a high degree of responsibility and a real desire to cooperate on the part of all parties concerned. Without this spirit of good will, all of the social, economic and labor laws will eventually prove to be in vain.

Those charged with the dealing of human relationships need to learn that there are more effective forces that can be invoked than statutes. The effects of force are always temporary. If the world must resort to only an enforced peace after the war that peace cannot be expected to endure. It can be had only by good will, and that isn't made possible by legislation or force.

Per Cent

(Another chapter in the story, "Working for Victory on the Santa Fe")

New Steel Beauties on the Santa Fe

There isn't yet the ceremony in taking delivery of a new locomotive that there is in christening a ship.

But, just the same, it's a great occasion on the Santa Fe when we receive those super-powered, high-speed locomotives so badly needed today.

For every new one means "rolling" more and longer freight trains loaded with war matériel, and more trains operated for the increasing troop movements.

The three locomotives shown above are among the first delivered of the big fleet of powerful locomotives ordered by Santa Fe. And more are coming!

* Locomotives illustrated above—new "A-S-1" steam locomotive, 2000 class, 5,400 horsepower freight Diesel; "2-10-4" steam locomotive, "5001" class. You can bet your driving wheels they'll pull a lot of freight cars fast!

SANTA FE SYSTEM LINES

ONE OF AMERICA'S RAILROADS—ALL UNITED FOR VICTORY

Personals

Mrs. Earl Watkins visited over the week-end in Colorado City with her daughter and family Mr. and Mrs. Adus Smith.

Mrs. Reba McCreary visited in Sweetwater last week-end.

Mr. and Mrs. W. A. Vanderford visited in Cisco Saturday.

Mrs. Leon Morgan spent last week-end at Brownfield with her parents, Mr. and Mrs. J. J. Gaston and other relatives.

MISS DORIS SPENCER BECOMES BRIDE OF SGT. MCCOMBS HERE

Brownwood Daily Bulletin—Miss Doris Spencer, of Brownwood became the bride of S-Sgt. Denzil A. McCombs in a ceremony performed at 8 o'clock Saturday evening, March 11, at the parsonage of the Coggin Avenue Baptist Church.

Dr. E. D. Dunlap, Coggin Avenue Baptist pastor, read the ceremony. Attendants for the couple were Miss Loraine Calaway of Brownwood and Sgt. Geo. Fox of Chicago, Ill., now stationed at Camp Bowie.

The bride wore a powder blue wool suit with black patent and white accessories. Her corsage was of orchids. For something old she wore a gold bracelet which had been given to her mother by her father before their marriage.

Miss Calaway's costume was a navy blue suit with white accessories and a corsage of red roses. Mrs. McCombs, who is the daughter of Mr. and Mrs. Joe Spencer of Santa Anna, is a graduate of Santa Anna High School and attended Mary Hardin-Baylor at Belton. She is now employed at Camp Bowie.

Sgt. McCombs is the son of Mrs. Clara McCombs, Rich Hill, Mo. He is a graduate of Rich Hill High School and is now stationed at Camp Bowie.

Following the wedding, the couple left for a trip to Fort Worth and Dallas. After their return to Brownwood, they will make their home at 417 Milton.

MISS VIRGINIA HOLT BECOMES BRIDE OF CPL. CHESTER F. AUSTIN, JR.

Miss Virginia Holt, daughter of Mr. and Mrs. Will F. Holt of Santa Anna, became the bride of Cpl. Chester F. Austin, Jr. Friday evening March 10, at 7 o'clock.

The Reverend William D. Wyatt, pastor of the College Avenue Baptist Church in Ft. Worth read the single ring ceremony in his home.

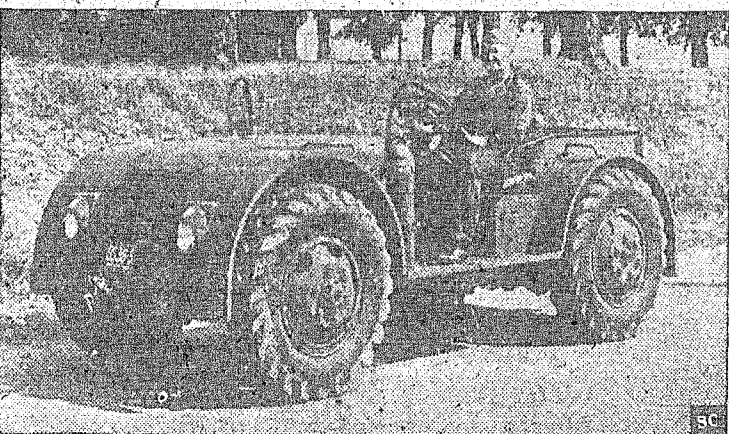

For the ceremony the bride wore an air force blue suit with accessories of black. Her corsage was an orchid.

Mrs. Austin is a graduate of the Santa Anna High School and for the past year and a half has been employed as a stenographer by the Federal Housing Authority in Fort Worth.

Cpl. Austin, son of Mrs. Edna J. Austin of Princeton, West Va., attended Concord College at Athens, Virginia, and the University of West Virginia, at Morgantown, West Va. Prior to his induction into the army he was employed by Armour and Co., at Norfolk, West Virginia. He is stationed at Hicks Field, Fort Worth where he is an instructor in instrument flying.

The couple was attended by Miss Jo Ellen Burris of Fort Worth, Sgt. Tommie Hamilton of Edna, Texas, M-Sgt. Donald Royce of Helena, Montana, both of whom are stationed at Hicks Field, and Miss Frankie Holt of Santa Anna, sister of the bride.

"Jeep" Helps Save Lives of War Heroes

SOMEWHERE IN THE SOUTH PACIFIC—"We were landing our big bombers after a successful raid on the Japs. Some of the planes were shot up a bit. One had blown a tire and landing with the flat he jammed the runway. There was over half the rest of the squadron still circling and waiting to come in . . . getting dangerously low on gas. Ground crews had to clear the runway . . . delay could easily mean crashes and deaths and injury to gallant U. S. airmen. Two Jeeps rolled out from a revetment, hooked tow bars to the plane. I crossed my fingers. These planes weigh many tons and on other fields I've seen it take an hour to clear the runway of one of them crippled. The Jeeps geared—strained, and I'll be d—d if the two of them didn't drag that plane off the runway in less than 10 minutes. All the rest of our boys landed safely."

There's an actual eye-witness account of a lieutenant in charge of a bomber squadron "somewhere in the Pacific" and it graphically tells the part being played on the war fronts by the modernized original "Jeep" shown above. Thousands of these remarkable machines, made by the Minneapolis-Moline Power Implement company, are on the fighting fronts all over the world.

Mrs. Hallie Bissett visited her children, Mr. and Mrs. Clarence Bissett, and Mr. and Mrs. Derwood Bissett in Ballinger over the week-end.

Cpl. David W. Eubank of Fort Lawton, Wash., and wife and son of Brownwood spent Sunday with his parents, Mr. and Mrs. M. D. Eubank.
