## 5th War Loan Drive HALF-WAY Over In Coleman County

### Lions See War Picture

One of the main features of the meeting at the Lions Club Tuesday was a war picture, released by the Government to enlighten the public of the need for the purchase of War Bonds in the 5th War Loan campaign.

The picture showed several phases of life incidental to the progress of the war, from the physical training in sportslike fashion to the toughest of jungle, sea and air fighting, and to one of limited observation in war routine, from training to fighting, it is most indescribable, but very inspiring.

The reel of pictures and machine was brought to Santa Anna by Rob O'Hair and Earl Smith of Coleman, two of the promotion committee to encourage the sale of War Bonds during the 5th War Loan campaign now on, and in our judgment, such a picture is calculated to stir one to the utmost. A liberal subscription of applications for bonds followed the showing of the picture.

Other guests of the Club were Mr. and Mrs. John Will Vance of Shield, sponsors of the 5th War Loan Drive in Coleman county, who arranged to have the picture brought to Santa Anna and exhibited; C. F. Blanton, chairman of the Shield community drive, who reported his community over the top and still going; W. H. Pittard of Liberty; Lester Newman of Mayo; Manley Blanton of Cleveland; L. E. Wood, guest of Lion Pierre Rowe; Major Elgean Shield, here with his family while on short leave from Walter Reed Hospital; J. J. Winger, guest of Lion J. W. Parker; Rev. D. N. Baucom of Hillsboro, guest of Lion Burgett, and Mrs. Jeanette Hensley.

As next Tuesday comes on July 4th, and the business houses will be closed, the Lions luncheon will be postponed until Wednesday, July 5th.

### Local Boy Gunner On Flying Fortress

An Eighth AAF Bomber Station, England—Breaking into the combat line-up of the Eighth AAF on "D-Day," Sergeant Robert D. Penny, 23-year old Flying Fortress Gunner, of Bangs Texas, is playing an important role in the air support of ground operations on the new western front.

Sergeant Penny, son of Mr. and Mrs. Veron E. Penny, of R. R. 2, Bangs, received his battle baptism when his fortress was in a formation which hammered the French invasion coast just before Allied troops swarmed a shore to begin the great campaign to drive Germany out of the war.

On duty with a veteran combat group that has been cited by the President for gallantry in action, the Texas flyer is carrying out assignments against tactical targets on the continent, aimed at destroying and disrupting enemy supply lines and reinforcements.

Sgt. Penny's wife, Mrs. Douglas Penny, is making her home with his parents.

### Barney Lewellen Leases Jones Produce

After this week Barney Lewellen will sever his connection with the Santa Anna Hatchery and move his line of feed and poultry remedies to the Jones Produce plant, having leased the plant and premises from Mr. Ed Jones, who has owned and operated the plant for several years.

Mr. Jones will devote his time to other interest in Santa Anna. See Mr. Lewellen's announcement in a display ad in this paper.

### ANNOUNCEMENT

R. J. Fulton announces that he will do watch repairs at his home until such time as business space becomes available.

Temporary office in the E. P. Ewing home, south of May's Gulf Station, Santa Anna, Texas.

Mr. and Mrs. W. R. Kelley, Jr., have gone to Ruidoso, N. M., for the summer.

W. H. Burden, of Lamesa, is visiting with his children here this week.

### Stores To Close July 4th

Following the custom of closing on July 4th, the merchants of Santa Anna and the Santa Anna National Bank will close their places of business next Tuesday, same being July 4th, in observance of Independence Day, it being a legal holiday.

The public will please take notice and govern your business accordingly.

The Bank and Merchants of Santa Anna, Texas.

### Dragging In Santa Anna

#### Personal Work Needed

Up to noon Wednesday, \$486,632.25 had been raised in the county to apply on our quota of \$940,000.00 in the 5th War Loan Drive. To date, Santa Anna has not put out her committees, due to the rush of work during the harvest season, but it is now necessary that the several committees get on the job and bring up our quota. Coleman County must raise \$454,000 more and the sponsors are anxious to reach our quota by next Tuesday, July 4th.

Remember, our boys fighting in the air, on land and water throughout the world, fighting for you, their homes and themselves, cannot wait. They must proceed to the finish and we cannot let them down or even show weakness on the home front. By all means, BUY BONDS!

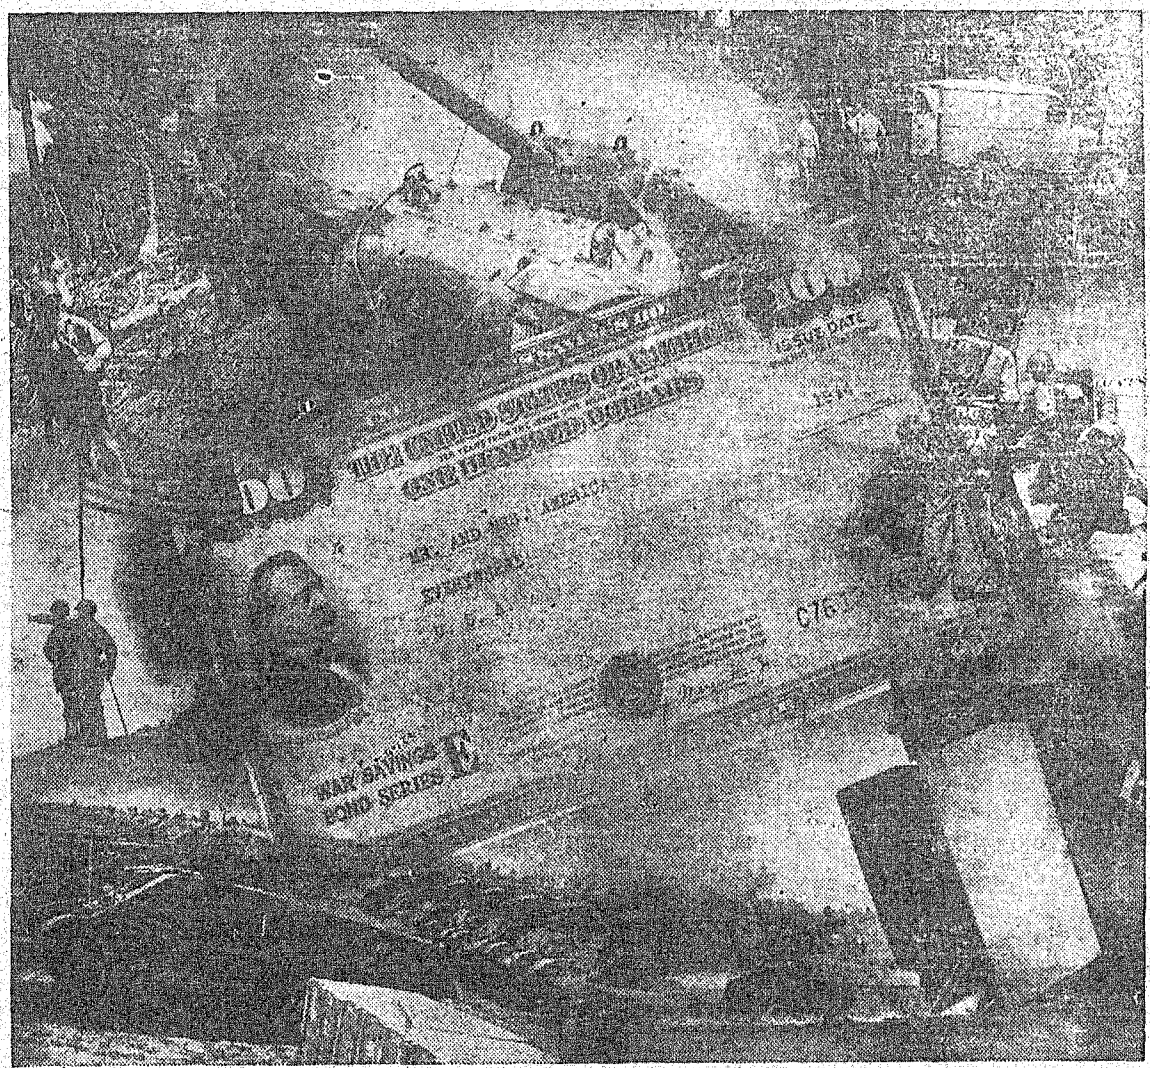

#### AERIAL EXHIBITION SUNDAY 3:30 TO 8

Enterprising owners of airplanes in the county and adjoining counties, are giving an exhibition Sunday afternoon, July 2, from 3:30 to 8, at the South Coleman Air Field.

Private planes will be present to take any one purchasing bonds of any denomination, on a free ride through the air. A booth will be installed on the premises to issue bonds and stamps, and your purchases will be credited to your local communities. A special thrill is in store for children who purchase war saving stamps not less than 25 cents. Go out and see the sights, purchase a bond and take a ride in one of those planes or give the ride to a friend.

Aerial committee is staging the show for your pleasure, fun and amusement, and for the purpose of encouraging the sale of bonds in the 5th War Loan Bond Drive. It is something new and different, and the public is invited to attend. No expense except the purchase of bonds and stamps.

The county sponsors and sales committees have endorsed the program, and join in the invitation to the public to attend.

#### REVIVAL AT FIRST BAPTIST CHURCH BEGINS JULY 5TH

The First Baptist Church is announcing a Revival Meeting July 5 to 16. The first service will be on the church lawn next Wednesday night and will continue on the lawn each night. The day services will be in the church at 10 a.m. each morning.

Rev. H. L. White, one of our State Evangelists will do the preaching. The pastor has known him for a number of years and can vouch for his preaching. We are fortunate in having him and we urge our friends to accept our invitation to be present and to enjoy the services with us. We trust that the revival may be a great blessing to our city and surrounding country.

S. R. Smith, pastor.

## TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### Ration Reminder

Most Plentiful Food—Eggs.

Meats, Fats—Red stamps A8, through W8, good indefinitely. X8, Y8, Z8, become good July 2.

Processed Foods—Blue stamps A8 through V8, good indefinitely. W8, X8, Y8, Z8, and A5, become good July 1.

Sugar—Sugar stamps 30, 31, and 32 each good for five pounds indefinitely. Sugar stamp 40, good for five pounds of canning sugar through February, next year.

Gasoline—In 17 East Coast states, A-10 coupons, good thru August 8. In states outside the East Coast area, A-12 coupons, good through September 21.

Fuel Oil—Period 4 and period 5 coupons are good in all areas September 30. New period 1 coupons for the 1944-45 heating year may be used as soon as they are received from local boards.

Shoes—Airplane stamps 1 and 2, good indefinitely.

### Army Trucks For Farm Use

The farmer in critical need of a truck may apply to his county AAA Committee for a used army truck, the War Food Administration announces. Upon the basis of applications on hand and further investigation, AAA offices prepare letters certifying to the needs for available trucks. These letters authorize truck dealers to negotiate with proper authorities and buy the trucks for resale to approval applicants. WFA warns that for some time relatively few persons who need trucks for essential agricultural purposes will get them.

### Goal Is One \$25 War Bond Each

The 680 delegates attending a 4-H club convention in Stillwater, Okla., set their goal for at least one \$25 War Bond from the personal earnings of each club member in Oklahoma and agreed to promote the sale of bonds to members of their families and their neighbors.

### Farm Plans For War Vets

In formulating principles of guidance for establishment of veterans, war workers and farm youths on farms after the war, the Interbureau Committee of the Department of Agriculture points out that most of the good agricultural land in the United States already is in farms. Approximately one and one-half million veterans with farm experience will be demobilized following the war, many of the 3 million war workers with farm experience may wish to return to farming, and thousands of "intensification, improvement and further development in productive land areas" might make 350,000 family farms available during the five years after the war, and if additional farms are needed, perhaps 300,000 more could be developed within 10 years through reclamation, the committee said.

### Galvanized Ware For Civilians

Increased production of galvanized pails or buckets, tubs, washtubs, wash boilers, funnels, garbage cans, ash cans, fire shovels, coal hods and scuttles for civilian use have been permitted by easing of the War Production Board restrictions on types of iron and steel that may be used.

### Plentiful Foods For July

Foods that will be plentiful in most of the country during July include, eggs; canned green and wax beans; frozen vegetables; dry-mix and dehydrated soups; peanut butter; citrus marmalade; soya flour, grits and flakes;

wheat flour and bread; macaroni, spaghetti, noodles; oatmeal and rye breakfast foods. WFA says. Fresh apricots will be plentiful in the Pacific Coast area and fresh snap beans in Eastern U. S. Fresh peaches are expected to be plentiful in July and August.

### Prices On Low Cost Clothing

Retail prices on new low cost clothing items that meet specifications of WPB, as announced by the Office of Price Administration, will be cotton house dresses, \$1.49; women's cotton slips, 65 cents; men's printed, solid color and white shirts, \$1.39; and men's shorts, 39 cents. WPB is allocating the fabrics for clothing items to be produced and distributed during July, August and September.

### Disabled Veterans To Get Training

Disabled veterans of the present war may apply for job counseling and vocational training and rehabilitation at centers to be established at colleges and universities throughout the country, according to the Veterans Administration. The centers will provide free of charge to eligible disabled veterans, transportation to centers, meals, comfortable quarters, medical service, aptitude tests to determine veterans' abilities, interests and occupations in which they could be successful, and professional advice on vocational training. The first of the proposed centers will be opened at the College of the City of New York.

### These Things Are Hard To Find

Severe civilian shortages now exist in washtubs, adairn clocks, window screening and flashlight batteries, clothes pins, double boilers, egg beaters, pails, radio tubes and umbrellas. Mild shortages exist in wood and coal stoves, thermos bottles, baby carriages, mops, rope, bedsprings and bobbie pins.

### Round-Up

OPA announces that it may establish ceilings on wage rates for independent contractors for services rendered on farms,

where the War Food Administration has established maximum wage rates of farm workers. Used car rationing is not planned at this time, for the future, so far as OPA knows. Unused farmers Pr-19 certificates held by dealers have the same standing as new certificates for the purchase of farm supplies, WPB says. Passenger travel for the first quarter of this year was 25.5 per cent over traffic in the same quarter last year, OWI reports. To insure travel facilities for disabled military, naval and merchant marine personnel, railroads may cancel reservations, space assignments or tickets and if necessary must cancel or discontinue passenger train service and refuse permission of passengers other than disabled personnel or attendants to board trains, ODT has announced.

### MRS. J. L. WRIGHT

Funeral services were held at 2:30 p.m. Tuesday at Trickham for Mrs. J. L. Wright, 59, who died Sunday afternoon at the home of her daughter, Mrs. Frank Drumm in San Antonio.

Deceased was born in Austin County, Texas, October 30, 1884, and came to the Trickham community in 1904.

Survivors beside her husband, are two brothers, Arnold Boenicke and Herman Boenicke of Bangs, and a daughter, Mrs. Frank Drumm of San Antonio.

Rev. Plez Todd, Methodist pastor, conducted the funeral service.

### SON OF FORMER BULLETIN EDITOR KILLED IN ACTION

Mr. and Mrs. Bruce Francis of Abilene were informed Sunday by the Navy Department that their son, Ensign M. D. (Chuck) Francis, has been killed in action in the South Pacific.

Bruce Francis is state editor of the Abilene Reporter-News and formerly was telegraph and sports editor of the Brownwood Bulletin.

Young Francis, a graduate of Rice Institute, attended Brownwood High school for two years. He was a member of the first naval ROTC at Rice, and went on sea duty aboard a destroyer March 20. He was an honor roll civil engineering student at Rice for four years.

### Simple Funeral Service Held For Mrs. Will Rogers

GLENDALE, Cal., June 29 (AP)—Christian Science funeral services were held Monday for Mrs. Will Rogers, widow of the movie actor and writer. She died Wednesday night.

There were 300 in the Wee Kirk of the Heather, Forest Lawn, to pay final respects, most of them friends of the family. William S. Hart, veteran cowboy actor, collapsed in his seat and was assisted from the little church by Billie Burke, Dorothy Stone and other friends. Hart had known Mrs. Rogers since 1905.

Present were two of the three Rogers children, James and Mary Elizabeth. Army Lt. Will Rogers, former congressman, is overseas.

Mrs. Rogers' body was placed in a vault where her husband's body was entombed after he died in an airplane crash in Alaska with Wiley Post in 1935. Rogers' body was taken to Claremore, Okla., last month, and that of Mrs. Rogers will be placed beside his within 60 days.

There were 300 floral pieces about Mrs. Rogers' casket. The service was read by Mrs. Hazel Houseman.

### A WIDER HORIZON

The impact of the war upon the country's educational system has been terrific. This is true not only because it has almost decimated the male contingent of the colleges but because it reveals what should have been long ago obvious, the lop-sided kind of education furnished the youth.

Some of the institutions specialize in the training of the young people for the different professions while others devote their efforts to vocational training. In each instance the kind of training afforded is not only im-

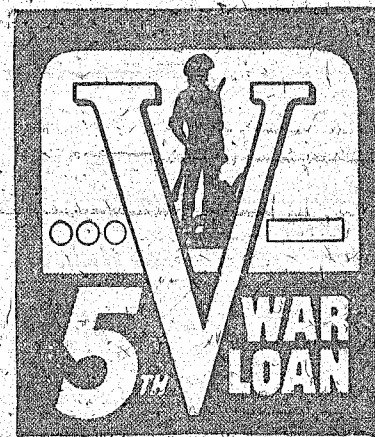

portant but necessary to the set-up of our civilization.

The weakness revealed is the frigidty of the curricular. The lack of elasticity prevents those who are taking the courses in either the professions or vocations from acquiring a knowledge of allied subjects. The knowing of a vocation or profession is inadequate unless it is based on a broad general knowledge of the liberal arts.

The medical doctors and the dentists have become awakened to the truth and are urging a more elastic organization of curriculum to insure a proper growth and development. A mechanic needs to know more than his mechanics. He requires a background that will afford him a basis of vision and a broader concept of life. He is a better farmer who has other knowledge than of seeds and soil and cultivation.

The doctor who knows nothing but medicine, a technician who is only concerned with special skills in one line, a business man whose vision does not go beyond his shelves and cash drawer, all are inadequate as good citizens.

If Mrs. Roosevelt influences the President any, it's done by remote control.

## An Explanation!

We wish to offer the following petition as an explanation that prompted the City Commission to purchase and install a pair of public scales for the benefit and convenience of customers interested in the general welfare of Santa Anna and the trade territory, to offset the idea that the City of Santa Anna has purchased and installed a pair of public scales in competition to personal or individual interest.

The petition follows:

We, the undersigned citizens of the town of Santa Anna, Coleman County, Texas, do hereby petition the City Officials of the City of Santa Anna, to immediately purchase and install a set of Public Scales to be owned and operated by the City of Santa Anna for the use of the Citizens of Santa Anna, the Santa Anna Trade Territory and the General Public.

## Change In Management

Upon leaving Grammer's and Santa Anna, I wish to express to my many friends and customers my sincere appreciation for the patronage you have given us, and the regret I feel in leaving all of you.

It is with pleasure, however, that we announce that the store will continue under the management of Mrs. Alma McNutt, who will be happy at all times to serve you with the same friendly, courteous service you have always received in the past.

**Congress Takes Recess**

As this is written, Congress is working long hours in order to finish essential legislation before the summer recess.

With the Republican convention set for late June and the Democratic convention three weeks later, the recess is scheduled to last till about August 1, but subject to call in case of an emergency.

Because of the recess, this will be our last weekly news letter until fall. I plan to be in the district during July. The office in Washington will be kept open, however, and I urge any citizen who has any problem I might assist on to either contact me or write me in Washington where it will be given prompt attention.

**Working Session**

The 1944 session of Congress has been a working session. Many perplexing problems of importance have been dealt with. Appropriations to keep the war going at a crushing pace have been passed. The Army and Navy in all their requests have had the united support of Republicans and Democrats alike. Indeed, on war measures there has hardly been a dissenting vote.

That type of united support coming from the Congress, from the producers of food, the thousands of men and women in the homes, the factories, the bond drives, USO, Red Cross, ration and selective service boards, and hundreds of other activities—is today paying off in the aid to victories being won by our heroic men-in-arms on a hundred battle fronts.

The recent session has, in an effort to simplify the complicated income tax laws, rewritten that law and made it far more simple and understandable.

The session has enacted a mustering out pay law for veterans returning to civilian life. It has passed the so-called "G. I. Bill," providing for a system of aid and rehabilitation for returning soldiers, hundreds of thousands of whom will be wounded and disabled.

Every American wants to see them adequately provided for. Every veteran will have a chance to finish his or her school work interrupted by induction.

**Dad Chokes As Babe Asks If Jesus Can Bring Him Home**

The faith a little girl puts in God was carried by overseas telephone to the Marshall Islands last night in a plea for daddy. Col. Edwin B. Miller, Jr., of San Antonio, to come home.

Mrs. Miller, who is here visiting her brother, Capt. Edward Felle, SAAAF, talked three minutes with her husband over the transoceanic line. Daughter Mary Martha, 3 years old, also talked to her officer father.

"Daddy, please come home little Mary Martha pleaded. Remembering her nightly prayers to God for safekeeping of her father, she asked: "Why doesn't the little Jesus bring you home?"

Col. Miller choked up and said nothing, his wife said. He did indicate, however, that he hoped to be home on leave this fall.

The colonel is commander of a B-24 group, and is on his second tour of duty, having formerly been stationed in the Aleutians.

**If Johnny Doesn't Come Marching Home**

As the war reaches its intensest stage it is in order that we contemplate its gloomy aspects. To do so will sober us and place us in a more sacrificial and cooperative attitude.

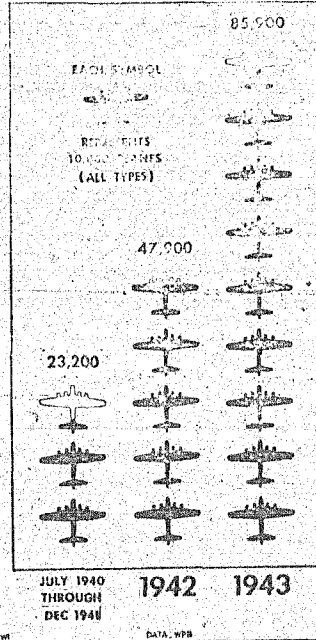

We have been planning against the time when Johnny comes marching home. However, to thousands of homes Johnny will not come marching back. The high command says the casualties of the invasion campaign are not so great as had been expected, but that does not mean that thousands of our boys are not falling in battle and many more thousands must make the supreme sacrifice. Among them will be either your boy or your neighbor's boy. The thought

ought to be sobering and a challenge to everyone to forget selfishness and to make the fullest possible contribution to making the invasion a success and the conflict as brief as possible.

It is hard to understand how any citizen with a heart can take the situation lightly, carrying on as usual for profits, patronizing black markets and all that while their boys are fighting and dying that they may retain the blessings they now enjoy, even in war times. Yet there are many who are doing just that. God pity their shrivelled and sordid souls! Let us give the matter serious thought. To thousands of American firesides Johnny will not come marching home and our country challenges the best that is in us to serve and sacrifice in the trying days that are ahead of us.

If both parties to a marriage are square there is no danger of a triangle.

(Mrs. Ray Caldwell)

For the past week the thermometer has passed the 100 mark, 106 was the highest reported.

We are reeding fair badly. Threshing has begun in our community.

It has been several years since the men have taken their bed-roll and the cook shack was a very popular place.

Mrs. Carl Buttry and Mrs. Johnnie Steward are cooking for Carl Buttry's threshers.

Bro. and Mrs. Nobles were with us Sunday and we had good attendance at both services.

Our prayer service each Wednesday evening is growing. Come out and be with us, wont you?

The Pentecostal Revival began here Monday night of this week with Bro. and Mrs. McClusky doing the preaching.

Cpl. Jack Bostick, of Liberal, Kansas, is here on leave with his family.

Misses Anita, Sue McCreary and Claudia Wise, of Ft. Worth, spent the week-end here with their parents, Mr. and Mrs. F. E. McCreary and Mr. and Mrs. D. W. Wise.

T-Sgt. Dean Ashmore, of San Antonio, and Mrs. J. D. Ashmore of Ft. Worth, visited here this past week with relatives and friends.

Mrs. Grace Gardner and Mr. and Mrs. M. T. Traylor and children, of Coleman, spent Sunday with Mr. and Mrs. Roy G. Gardner. Uncle Billy McCarrell returned home with his daughter, Mrs. Gardner.

Mrs. Frances Couch and son Jerry spent Saturday night in Coleman with Mrs. Grace Gardner.

Mr. and Mrs. Finis Bryan, of Ft. Worth, have been here on a visit with his brothers, Frank, Tom, Melvin, Louis and Bill Bryan and their families and his sisters, Mrs. J. P. Hodges, Jr., Mrs. Dink Snider and Mrs. Hilton Wise.

Mrs. Bill Steward visited in Dallas this past week with her sister, Mrs. Frank Bryan, who was a patient in Baylor Hospital. Mrs. Bryan returned home Sunday.

Mr. and Mrs. Red Davis, of Ft. Worth, spent the week-end here with Mr. and Mrs. Herman Estes.

Mrs. Otto Simpson, of Goldthwaite, Mr. and Mrs. Etoile Cozart and family of Trickham, Mr. and Mrs. Earl Cozart of Whon, visited with Mr. and Mrs. Howard Lovelady and Howard Lee Sunday.

Miss Ina Grace Johnson has returned home after an extended visit with her sister, Mr. and Mrs. Clovis Taylor, of Eldorado. The Taylor's are the proud parents of a baby son.

Mrs. R. E. Johnson returned home Sunday from Ballinger where she had been visiting her brother, Dr. Charles Cheatham. She had some dental work done while she was there.

Boss Estes is a patient in Memorial hospital, Brownwood. We trust he will soon be able to return to his home.

Mrs. Hilton Wise is suffering with an infected foot caused by stepping on a nail.

Dave Arnold is in Temple at

Scott and White for a minor operation.

Mr. and Mrs. Fox Johnson, Mr. and Mrs. Marcus Johnson and son Jerry visited Vernon Johnson at Austin Tuesday of last week.

Dan Moody Caldwell left Friday for San Diego to take his boot training in the Navy.

Mr. and Mrs. Lewis Bryan and son Kenneth were dinner guests of Mr. and Mrs. Josh Bryan Friday evening of last week.

Sgt. Ray Harkey, of Camp Bowie, Mrs. J. O. Harkey, Mrs. Garnett Reeves and son Garnett Jr., Mrs. Claud Box and Weldon Estes spent Sunday with Mrs. J. R. Harkey, of Katemey.

In addition to seeing that train movements essential to Victory come first—

*Santa Fe employs in pay roll deductions alone are buying well over \$1,000,000 of War Bonds every month!*

We know there is no better way for us to back up those who have the toughest job of all in this dirty war—those millions of men and women in our fighting forces, 10,000 of them are former Santa Fe employees.

By buying War Bonds and keeping "Loaded for War" trains rolling, we know we are helping to bring our victorious forces home quicker—and providing ourselves with savings for the days of peace to come.

No matter where you work let's all dig a little deeper and buy more War Bonds now.

**ENTERING THE PROMISED LAND**

**LESSON TEXT**—Joshua 1:1-9; 23:1-5. **GOLDEN TEXT**—Be strong and of a good courage; be not afraid, neither be thou dismayed: for the Lord thy God is with thee whithersoever thou goest.—Joshua 1:9.

The forward look is typical of God's people. They are always to go on. They are to be like Israel, to whom came the word, "Moses is dead," but "now therefore arise and go" under a new leader.

Our lessons for this quarter center around the experiences of Israel from Joshua to David, a period rich in historical data, much of it with most helpful spiritual application. It affords a real opportunity for effective teaching.

Moses was now dead, but that only brought forth:

**I. God's Provision of a New Leader (1:1-2)**

God buries His workmen at the end of their day of labor, but God's work goes on. The people had become attached to Moses and had learned to trust his leadership (even though they often murmured). With his death we might have assumed that there would be a letdown, but that was not in God's plan.

The Lord works through men. He gives them abilities and uses them for His glory—often in a way which astonishes them and others. But let them not become proud, for God has someone to take their place when they are gone. They are not indispensable.

Sometimes people talk as though all the great leaders of the church had died, or were dying. Yet God has some obedient men who are ready to step into the gap.

Joshua was ready, when God was ready, and he stepped into leadership.

**II. God's Promise of Victory (1:3-5)**

The promise given to Moses was still good. God's promises are always good. They are the only really stable thing in a trembling universe. The question is, Are we ready to accept Him at His word?

If our love were but more simple, We should take Him at His word; And our lives would be all sunshine In the sweetness of our Lord.—Faber.

They were to step out by faith. The land was promised to them only as the sole of their foot should tread upon it. Israel never took out the full promise of verse 4. They lacked faith. Do we?

God honors those who believe Him and who move forward by faith to plant the foot of spiritual conquest in new territory. Some are doing it now. Are we?

The enemies of God's people were many and mighty, but they were not able to stand in the way of God's people when they were moving forward for Him. Here, again, Israel failed. They did not drive them out, because they did not take God at His word. The application of that truth to us is obvious.

**III. God's Plea for Obedience and Courage (1:6-9)**

"Be strong and of good courage." There is a side to the believer's character which calls for submission, for turning everything over to God, for being sweet and spiritual. All that is good and very desirable, but it can never be substituted for that other side which shows virile courage and fearless abandon to the cause of our God.

Joshua was made to realize—as we must too—that serving God (and especially in a place of leadership) calls for a measure of high courage unsurpassed in any other pursuit of man. It takes all there is of a man to be a real follower of Christ—be sure of that!

This courage, however, is not to be confused with a foolhardy bravery which is reckless and unintelligent. No indeed, for it is based on the observance of God's law (v. 7).

Note (v. 8) the importance of meditating upon God's Word. This

(which is really a lost art in our day) means so absorbing the principles of the Word that our very lives are conditioned by them, and we are made ready to meet every problem in the light of its teaching.

**IV. God's Purpose for the Future (23:1-5)**

Passing all the great and stirring experiences of Joshua, we have now a glimpse of his closing days. He was counseling the people regarding the future.

It is the mark of a great man that he looks beyond the end of his own short existence and plans for the future. Many there are who are not concerned about what happens once they are gone. They have no vision, no concern about the continuity of life, in fact they come and go almost like the beasts of the field.

What about the future? Joshua reminded them that every blessing they had received, every victory they had won, everything, had come from the hand of God. There and there alone was their hope for the future. And it was enough!

T. E. McDonald, conservation leader in the Plainview Group, came in last week and requested that ponds be staked for co-operators Joe D. Flores, Mrs. Rosa Henderson and himself.

Mr. McDonald has recently completed stubble mulching a 40-acre grain field. He used a one-way plow set so as not to turn the residues under.

A. E. Switzer, Rockwood Group, observed that he got a better stand of crops on land that was planted on the contour. "Cotton that was planted in rows running straight down the slope washed out on the upper part of the slope and was covered too deep on the lower part of the slope," Mr. Switzer said.

S. S. Squyres, Mozelle Group, recently harvested grain with a combine on land that has broad-base terraces. The combine hand led easily on these terraces, Mr. Squyres reported, and wouldn't use any other kind of terraces on his farm. He terraced about 50 acres last year with a plow.

Howard V. Cheney, Range Conservationist with the Soil Conservation Service, located in Coleman for the past 20 months, resigned last week. He has returned to Kansas to assist his father with his farming operations for a short time before beginning work with the Soil Conservation in Kansas.

Bill Archer, Buffalo community former cooperator with the CCC

Camp at Brownwood has observed that sweet clover improved soil fertility and increased crop yields on his farm.

Sweet clover that has been kept free of weedy vegetation is making considerable more production this year than fields that were kept free from weeds and other vegetation. Cultivating the clover has increased the growth in every case observed.

A close-up of some of those family trees might reveal traces of monkeys.

# HELL DIVING'S HIS JOB ..LENDING IS YOURS!

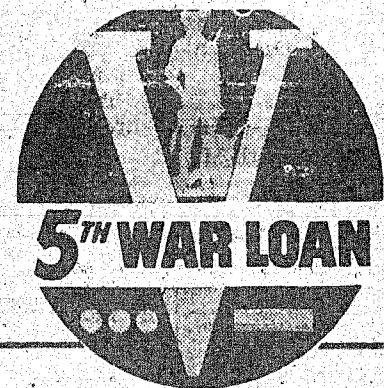

WITH guns blazing and a prayer in his stout heart, this American fighter is hell-bent on destruction of our enemies. HE is not thinking of how little or how much he's doing to help win the war. For him, the chips are down; but his fighting spirit is as high as the heavens from which his plane is diving.

In cramped foxholes and disease-infested jungles, on sun-scorched beachheads—under and over the seven seas—other Americans are matching his courage. And their name is legion. They KNOW that

war is a bloody business; that their lives, as well as yours, are at stake.

Is it asking *too much* of you to back these men up by buying more, and still more, War Bonds? There can be but one answer. You'll find it in your own heart.

And remember, too, as you dig deeper than ever before into your pocketbook or cash surplus, that the Fifth War Loan MUST raise 16 billion dollars. It is the *greatest financing drive* the world has ever known . . . to back up the *greatest invasion drive* the world has ever known.

And Here Are 5 MORE Reasons for Buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the war.
5. War Bonds mean education for your children, security for you, funds for retirement.

**SOMEWHERE IN THE PACIFIC**

Somewhere in the Pacific where the sun is like a curse, And each long day is followed by another slightly worse.

Where the coral dust blows thicker than the shifting desert sands,

And the white men dream of cooler, fairer lands.

Where the bats nightly screeching robs a man of blessed sleep.

Where there isn't any whiskey, and the beer is not so cheap.

Somewhere in the Pacific, where the nights were made for love.

Where the moon is a searchlight, and the southern cross above,

Sparkles like a diamond in a balmy tropic night.

It's a shameful waste of beauty, When there's not a girl in sight.

Somewhere in the Pacific, where the mail is always late,

And a Christmas card in April is considered up to date.

Where we never have a payday,

and we never have a cent, But we never miss the money for we would never get it spent. Somewhere in the Pacific, where the ants and lizards play, And a hundred fresh mosquitoes replace the ones you slay. So take me back to Texas, For this God forsaken country is a substitute for hell.
