

A Boy At Last

Boy, Oh Boy, Oh Boy, exclaimed Dr. James L. Corthouts' family of seven girls when they heard the news in Hartford, Conn., that a baby brother was born in the family. It was the first son born to the dentist and the nurse had to repeat the news twice before he believed it. Although it was good news to the father, the seven sisters greeted the news as something which could never happen to them. (AP Wirephoto.)

Soviet-Built MIG Attacks Belgian Plane On Border

By RICHARD O'REGAN

VIENNA, Austria (AP)—A Belgian freight plane was shot up today over Yugoslavia near the Hungarian frontier. Its radio officer was hit by cannon fire and killed. Surviving crewmen said a Russian-made MIG, bearing a red star insignia, dived upon the DC3 transport in an apparent attempt to force it toward Hungary. They said the plane ignored fire when the Belgian pilot ignored the MIG's maneuvering.

Sabena Air Lines, operator of the transport, declared it was attacked "by two fighter planes of unknown nationality." Belgian officials at Belgrade and Frankfurt also said they were informed that more than one attacker was involved. The transport—carrying pig-greased pigs from Britain to Yugo-

slavia—had a crew of three Belgians and a British co-pilot. The Belgian pilot and a Belgian mechanic were injured. The dead radio man also was a Belgian. Two of the several score pigs were killed. The DC3, hit on the left side

Big Spring Man Gets State Post

Appointment of Charlie L. Watson, Big Spring, to the post of assistant director of Division 10, State Comptroller's Department, was announced today. The appointment was made by Robert S. Calvert, state comptroller.

Watson, who now is serving as district supervisor for the department of acts providing for taxes on Austin sometime this summer to take up new duties. The transfer is to be effective not later than Sept. 1.

He will be succeeded here by E. R. Trego, Lubbock, an area tax supervisor for the Comptroller's Department.

Watson will fill the post formerly held by the late W. E. Maxson Jr. The position has been vacant since Maxson's death several months ago. In the new job, the Big Spring man will be assistant to J. G. Pope, Division 10 director.

In his new assignment, Watson will be charged with the enforcement of acts providing for taxes on cigars, occupations, coin-operated machines, admission tickets, awards, etc., throughout the state.

Mr. and Mrs. Watson have lived in Big Spring since 1935. The local comptroller's office is headquarters for a 38-county area of West Texas with sub-offices in El Paso, Pecos, Odessa, San Angelo and Colorado City.

Mediator To Work On Bus Line Strike

DALLAS (AP)—A government mediator said yesterday he will try to arrange a meeting this week to end the strike of 161 Continental Dixie bus drivers.

85 Or More City Officials Due Here For TLM Session

A district meeting of the League of Texas Municipalities is scheduled in Big Spring tomorrow, and it is estimated that from 85 to 100 officials from West Texas cities will be here for the occasion.

The Settles Hotel ballroom has been reserved for the meeting by City Manager H. W. Whitney. Activity starts at 9:30 a. m. and will continue through 4 p. m.

The staff of the League will conduct the meeting, Whitney said. The local session is to be much like the other seven being conducted across the state. Topic of discussions will be, of course, city affairs.

Lakeview Bids To Be Opened

Bids for the new Lakeview High School plant will be opened at 3 p. m. today at the high school cafeteria.

Pat Murphy, business manager for the Big Spring Independent School District, said that upward of 10-bidders were expected. Fifteen sets of plans were delivered to contractors by Atchison & Atkinson, Lubbock, architects for the job. Some of these, however, may not submit bids.

Members of the school board will be on hand for the opening. Clyde Angel, board president, indicated. The plans call for a gymnasium and two wings in the school area. The latter will house the classrooms, a home economics and a science laboratory, plus offices, teachers' lounge, library, book room, etc.

The gymnasium will contain a stage, under which will be a large all purpose room which would be acceptable for classroom purposes if ever needed.

Among the first which have taken out plans are Jones Construction, A. P. Kasch & Sons, and Suggs Construction Companies of Big Spring; Eitze Kitchens Construction of Austin and W. B. Abbott of Lubbock, who currently have jobs going here. Others have gone to Odessa, Midland, Lubbock, Kilgore, and Dallas firms.

Five Power Chiefs Gather At Pentagon

WASHINGTON (AP)—The military commanders of five powers assembled today at the Pentagon to consider the problems of Communist-ruled Southeast Asia.

—questions which Secretary of Defense Wilson terms more political than military.

Ahead of the chiefs of staff or their representatives for the United States, Britain, France, Australia and New Zealand were five or six days of discussion of what might be done in a military way to save Southeast Asia, including directly threatened Indochina, from falling to Red domination.

But any strategy, any further arms aid considered in these exploratory discussions was limited to existing or future decisions by the chiefs of state and diplomatic representatives of the five powers.

The military meeting obviously was something less than the American State Department had hoped for. And this was reflected in Wilson's comment to newsmen who met him last night upon his return from a three-week trip to the Far East.

The secretary said the people who had been in Washington knew more about the meeting than he. "I will say that I understand the five-power discussions will be on a military level. I happen to think most of the problems are on a political level," he said.

Texas Is Out As AF Academy Site Possibility

WASHINGTON (AP)—The Air Force announced today that its search for an academy site has been definitely narrowed to three locations—Alton, Ill., Colorado Springs, Colo., and Lake Geneva, Wis.

Air Force Secretary Talbott made the announcement, saying the three sites had been recommended by a five-man board and he must make the final choice from among them.

Talbott said he would make his decision only after further personal inspections by himself and his staff, and that he will study thoroughly the problems of land acquisition, engineering and all factors at the three locations before making his pick.

The academy selection board started its search at the beginning of April, traveling more than 18,000 miles and reading reports and recommendations involving more than 400 locations proposed by civic groups and local communities.

The task of choosing a permanent site for the academy was assigned to Virgil M. Hancher, president of the University of Iowa; Brig. Gen. Charles A. Lindbergh; Merrill Meigs, vice president of the Heart Corp.; Gen. Carl A. Spatz, first chief of staff of the Air Force; and Lt. Gen. Hubert R. Hammond, special assistant to the chief of staff for Air Force Academy matters.

Legislation authorizing the academy was signed by President Eisenhower on April 1.

Twisters Hit North Texas; Family Hurt

By The Associated Press

Eight members of a farm family were injured in northeast Texas Wednesday as tornadoes raided rural communities for the second straight night.

The Wednesday night funnel tore into the F. R. Cooper home, 11 miles south of Paris, Tex. The five-room frame structure was torn to bits.

Burney Oats, who lives a half mile west of the Cooper home, said "it looked like a huge funnel of black smoke." The Oats home had its porch ripped off and the barn was unroofed.

Tornadoes in West Texas and North Texas Tuesday night killed one person and injured 14. The Coopers live in the Lake Creek community between Commerce, Tex., and Paris.

The injured were Mrs. Cooper, 46; Mevlina, 18; Loretta, 16; Virginia, 12; Stella, 10; Drosi, 8; Fern Lee, 6; and Wayne, 2.

Five ambulances took the family to Lamar Hospital in Paris. Thursday all eight were still in the hospital but none in critical condition. Loretta was the worst injured with stomach and hip cuts.

Meanwhile, a cool front that kicked up the damaging winds for two nights was along the upper Texas coast at dawn Thursday.

Temperatures Thursday at the sun came up ranged from 45 at Dalhart to 78 at Cotulla, ahead of the front.

Until Wednesday at midnight, 24-hour rainfall totals reported included .02 of an inch at Beaumont and Tyler, .28 at Waco, and .17 at College Station.

Temperatures Thursday were expected to be generally below Wednesday's summertime levels when Presidio reported 107 degrees and many points in South and Southwest Texas reported readings 100 and above.

U.N. Security Council To Debate Asia War

ONE WAY TO CLOSE SALE

BERKELEY, Calif. (AP)—Howard Martin was giving a life insurance sales talk to Paul B. McCracken last night.

A bullet crashed through a window and damaged McCracken's radio.

Silently Martin extended a pen. McCracken signed.

Later, police said Hollis S. Berg, 25, a neighbor, had fired in a futile suicide attempt. His .45 bullet barely grazed his side and sped on to McCracken's.

Russian 'No' May Foreshadow Veto

By A. I. GOLDBERG

UNITED NATIONS, N.Y. (AP)—The U.N. Security Council voted today over Soviet opposition to debate Thailand's request for a U.N. peace watchdog commission to study the Indochina War threat on Thailand's borders.

It was the first time the Indochina War crisis was put before the U.N.

Pote Sarasin, Thailand ambassador to the United States, launched the council debate with a charge that the Indochina War not only directly threatened his country but menaced the legal governments of neighboring Cambodia and Laos.

After Sarasin spoke, the council adjourned indefinitely to allow delegations to study the request and get instructions from their capitals.

Only the Soviet Union opposed the Thailand request. That act foreshadowed a Soviet veto.

In the Council's opening speech, Soviet Delegate Semyon K. Tsarapkin charged the move would hinder peace in Indochina. He said it would interfere with negotiations at Geneva on an Indochina cease-fire.

France switched from its previous opposition to support putting the question on the Council agenda for debate.

Tsarapkin said the Thai request would only serve the interests of "aggressive circles" and the interests of the United States by interfering with Indochinese armistice talks at Geneva. He said it was not necessary to discuss the situation here at present.

Tsarapkin was not able to pre-

vent the Thai ambassador, Pote Sarasin, from speaking on his complaint. But Tsarapkin's opposition indicated the Soviet Union likely would veto any later resolution for a peace observation group in Thailand.

Sarasin's request dealt technically with Thailand, but actually Thailand was hopeful the U.N. could do something to halt the Communists in Indochina.

The seven-year conflict thus reached the talking stage in the international organization whose "moral sanction" U.S. Secretary of State Dulles has made a condition for American intervention in Indochina.

The 11-nation Security Council was called to meet to examine Thailand's request that, because of the "large-scale fighting" near her borders, military observers be sent to Southeast Asia. Thailand, a member of the U.N. but not of the council, borders Indochina on the west.

Diplomatic sources said the Soviet delegation opposed immediate council debate on the grounds that (1) this might endanger current negotiations in Geneva for a cease-fire in Indochina and (2) the delegation lacked instructions from Moscow.

In New Delhi yesterday, an authoritative source said Indian Prime Minister Nehru also was against the council's starting debate on the matter now, for fear it would endanger the Geneva negotiations. India is not on the council.

Services will be held at 4 p. m. Friday at the Nalley Chapel with Dr. R. Gage Lloyd, First Presbyterian minister, officiating, assisted by Dr. F. D. O'Brien, First Baptist pastor. Burial will be in the Trinity Memorial Cemetery beside the grave of his wife, who passed away Jan. 7, 1953.

Mr. Leatherwood was born Sept. 28, 1868 near Elkton, Mo. As a lad he moved to Fayetteville, Tenn. and then came to Texas at the age of 21. He settled first with an uncle at Alvarado and after two years moved to Lancaster. It was there that he married Joanna Griffin on Aug. 8, 1897. They were married by the Rev. Bob Moffett, father of the late Leon Moffett of Big Spring.

On Jan. 1, 1906 they came to Howard County, settling at Elbow near the farm of his mother, who had come here a few years previously. Thirty-nine years ago, he

absolutely crucified and the (armed) services with me." The calls were last February.

Dirksen proceeded to read his calls after a long argument over whether the transcripts available to the investigations subcommittee should be spread on the record.

McCarthy and Cohn stuck to their stand that their own calls to Army officials should not be used unless the Army also supplied transcripts of talks between Army officials. They made no objection, however, to use of Dirksen's calls.

Cohn charged Stevens is deliberately trying to withhold certain

P. C. LEATHERWOOD

P. C. (Uncle Bud) Leatherwood Succumbs Today

Partilla Calvin (Uncle Bud) Leatherwood, 85, resident of Howard County for almost half a century, died at his home near here at 12:30 a. m. Thursday.

Mr. Leatherwood had been in failing health for several years.

He was one of those stalwart individuals who helped transform Howard County from almost exclusive ranching spreads to extensive farming. He farmed for 15 years in the Elbow community, and then for nearly two score years immediately north of Big Spring. He was widely known in the area and was of the old school whose word was a bond.

Services will be held at 4 p. m. Friday at the Nalley Chapel with Dr. R. Gage Lloyd, First Presbyterian minister, officiating, assisted by Dr. F. D. O'Brien, First Baptist pastor. Burial will be in the Trinity Memorial Cemetery beside the grave of his wife, who passed away Jan. 7, 1953.

PROBE BEGINS Foe Of Parr Goes Before Grand Jury

SAN DIEGO, Tex. (AP)—The new Duval County grand jury investigating handling of county and school district funds today talked again with the Freedom Party candidate for sheriff.

He is J. L. MacDonald, the sixth witness called since the new jury began its work Tuesday afternoon.

The Freedom Party was organized with the announced purpose of breaking the political power of George Parr in Duval County.

MacDonald was with the jury 40 minutes yesterday. He went in this morning carrying a large bundle of papers.

Another witness before the jury yesterday was the present sheriff, Archer Parr, nephew of George Parr. Archer Parr is not running for re-election as sheriff but is a candidate for the state Legislature as representative.

State Atty. Gen. John Ben Shepperd and Malcolm Wilkey, Houston, U.S. district attorney for the South Texas District, stopped by the San Diego courthouse briefly today on their way to Freer and Benavides.

Shepperd told a reporter they were going to talk to people and look things over.

Wilkey told the reporter he didn't expect anything "dramatic" to come from his visit here.

The jury said yesterday it likely, "as a matter of course," would include offices of the Duval County attorney and 7th Judicial District attorney in its probe.

That is one of the reasons, the jury said in a report yesterday, that it does not desire the services of the grand jury in the grand jury room of either Dist. Atty. Benavides or County Atty. R. F. Luna.

Both Norris and Luna are aligned with political kingpin George Parr whose supporters opposed expanding of the grand jury.

The jury said in its announcement that it would call on Norris and Luna from time to time on other matters involving law violations. It said it wanted to talk to Shepperd's offer and chose three Texas Rangers and one Duval County sheriff's deputy—Mamuel Amaya—for its bailiffs.

The Rangers selected were M. W. Williamson, W. A. Russell, and Jim Wier. They are regularly assigned to this troubled South Texas area.

Others besides Shepperd and his aides who appeared before the grand jury yesterday included Duval County Sheriff Archer Parr, nephew and heir-apparent to political leader George Parr; J. L. MacDonald, Freedom Party candidate for sheriff; E. N. Martin, state handwriting expert; and Cristobal Ybanes, 55, San Diego truck driver.

Ybanes testified in federal court in Houston that George Parr struck him with the barrel of a rifle Aug. 17, 1953, in San Diego. He also has testified that he tried to get Luna and a previous grand jury to do something about it but failed to get action.

Negroes Play Golf On Links At Houston

HOUSTON (AP)—Negroes are playing golf here on municipal courses which until yesterday were open only to white people.

The city's three municipal golf courses, including locker rooms and lunch counters, were opened yesterday by unanimous vote of the city council.

The council placed in effect an ordinance which goes beyond a Fifth Circuit Court of Appeals ruling upheld May 24 by the U.S. Supreme Court.

The 1951 circuit court ruling had directed that the courses be opened to Negroes on a segregated basis. Yesterday's ordinance was approved after City Atty. Will Sears recommended that no effort be made to prolong the four-year court fight.

The first Negro golfer was Charles M. Washington, 35, mail clerk and a former caddy at Memorial Park, who paid his 75-cent greens fee at 2:30 p. m.

Thirty minutes later, Dr. A. W. Beal, physician who was one of the five Negroes who filed the original 1950 court suit, and three other Negroes played a foursome at the Hermann Park course.

Beal called the city council action a "heartening show of good intentions and good faith." He said, "we had no trouble at all and all had a fine time," after the round.

During the next hour, nine more Negroes teed off at Memorial. None showed up at the third municipal course, Glenbrook.

Beal and his companions did not make use of the locker room and shower facilities but they had cold drinks at the Hermann lunch room after playing the nine holes.

Suit Filed In Air Crash At Midland

HOUSTON (AP)—Three oil companies and a vehicle rental firm were named defendants here yesterday in a quarter-million dollar suit filed by a Houston widow.

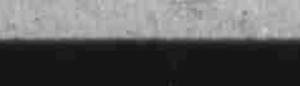

Mrs. Mary Earle Butler, whose husband was killed in a Midland plane crash in 1952, filed the \$247,835 suit for herself and two children.

The court petition said James W. Butler Sr. was a passenger on a small plane which had an engine failure while taking off from the Midland airport.

THE WEATHER

BIG SPRING AND VICINITY: Clear to partly cloudy and cooler this afternoon. Partly cloudy with light and fresh breeze. High today 86, low today 66.

Highlight 100 p. m. in 1952 record this date is 104. Minimum 48 in 1942. Windy this date 1954.

Good Oil Shows Found In Edgers To Moore, Luther S' east Pools

Extension of two Howard County oil fields was indicated today by reports that good oil shows were made on edgers to production in the Luther Southeast and the Moore pools.

Lone Star Producing Company No. 1 Marie Bryson, southwest edger to Luther Southeast production, made 90 feet of oil and gas mud and 50 feet of clear oil on a 24-hour drillstem test. The same firm's No. 1 Mittle Walters, northwest outcrop to Moore pool, had streaks of bleeding oil on a core.

Locations have been reported in the McCabe (Pennsylvanian) Field of Mitchell County and the Oceanic (Pennsylvanian) Field of Howard.

Howard

Lone Star No. 1 Mittle Walters, 2,110 from north and west lines, 34-34-1/2, T&P survey, is now preparing a drillstem test following a core from 3,140 to 3,190 feet. Recovery on core was 50 feet of dolomite with fair porosity and good stains and good odor. There were streaks of bleeding oil on the last 30 feet. Total depth is 3,190. This project is north of Highway 80 and a northwest extension to the Moore field. It is actually in the old Morita area.

Lone Star No. 1 Marie Bryson, C NW SW, 22-32-2n, T&P survey,

is being prepared for completion. A two and a half hour drillstem test was taken from 9,890 to 9,910 feet, and there was a fair to good blow throughout. Recovery was 9,730 feet of gas in the drill pipe and 90 feet of oil and gas cut mud. Some 50 per cent of the oil and gas cut mud was oil. There was also a 50-foot recovery of clear oil at the top of the tool. Flowing pressure was 35 pounds, and the 30-minute shut-in pressure was 3,955 pounds. Total depth according to Schlumberger test is 9,913. Driller depth is 9,910. Pipe is now being laid. This venture is one-half mile southwest of Lone Star No. 1 Haney and on the extreme southwest side of production in the Luther Southeast field.

Lone Star No. 1 Merworth, C NW SE, 22-32-2n, T&P survey, is running tubing at 9,912 feet. Southern Minerals No. 1 Homan, C SE NW, 45-33-3n, T&P survey, has bit turning at 5,640 feet in lime and shale. Texas Pacific Coal and Oil No. 2 Haney, C SW NW, 14-32-2n, T&P survey, bored to 4,890 feet in lime. Texas Pacific Coal and Oil No. 1-B E. N. Phipps, C NE SE, 10-32-2n, T&P survey, is drilling retaining.

Lone Star No. 1 Merworth, C NW SE, 22-32-2n, T&P survey, is running tubing at 9,912 feet. Southern Minerals No. 1 Homan, C SE NW, 45-33-3n, T&P survey, has bit turning at 5,640 feet in lime and shale. Texas Pacific Coal and Oil No. 2 Haney, C SW NW, 14-32-2n, T&P survey, bored to 4,890 feet in lime. Texas Pacific Coal and Oil No. 1-B E. N. Phipps, C NE SE, 10-32-2n, T&P survey, is drilling retaining.

Guests Visit In Home Of Mrs. Simpson

LUTHER — Visitors in the home of Mrs. Ruby Simpson and Nolan recently were Dr. and Mrs. Akin Simpson and children, Mr. and Mrs. Bob Simpson and son, Mr. James Delbert Simpson, all of Big Spring, and Mr. and Mrs. Harold Simpson and Kent of Odessa. Mrs. Daisy Graves, who has been visiting Mr. and Mrs. Bus Lloyd and Mr. and Mrs. Nolan Stanley, has returned to her home in Ballinger.

Betty Hogan is spending the summer with an uncle in Tyler. Mrs. Alice Rauscherbert of Weatherford is visiting her sister and husband Mr. and Mrs. Otto Hecher.

Mrs. Bill Hogan and a brother, Roy Lambert, went to Navasota after their father, Mr. Lambert, recently.

Randy Smith, who visited his grandparents, Mr. and Mrs. N. M. Smith Jr. returned to his home in Lubbock with his mother, Mrs. N. M. Smith Jr. this week. The Smith's son, Howard, also visited them recently.

Recent visitors of Mr. and Mrs. James Foster were Mr. and Mrs. James Malone of Louisiana. Mr. and Mrs. Jack Proctor and family of Fort Worth were recent guests of his brother and wife, Mr. and Mrs. Ralph Proctor.

Mr. and Mrs. John Couch and children visited Mr. and Mrs. E. J. Couch in Big Spring.

Mr. and Mrs. Edward Simpson visited his brother and wife, Mr. and Mrs. W. F. Simpson at Post, recently.

Mr. and Mrs. Clark Hall and Billy Bruce and Mr. and Mrs. W. Rawlings were guests of Mr. and Mrs. W. B. Puckett.

Mitchell

Sun Oil Company spotted its No. 11 B. T. McCabe in the McCabe Field about 23 miles southeast of Colorado City. It is to be drilled to depth of around 6,250 feet. Location is 600 from north and east lines. S-1A-H&T survey. Elevation is estimated at 2,163 feet.

McDermott No. 1 Mackey, 2,310 from north and east lines, 10-29-1n, T&P survey, has depth of 5,220 feet in lime and sand. Top of the Dean sand is 5,120 feet, and elevation has not been given.

FREE MILK SHAKES SATURDAY FOR CONTESTANTS IN SOAP BOX DERBY

Special events are coming up thick and fast for the boys entered in the Soap Box Derby.

Saturday of this week is "Milk Shake Day" and all Derby contestants may go to Elliott's Drug, 1909 Gregg Street, any time Saturday and get a milk shake free. They have only to present their official Soap Box Derby Entrant Card.

Saturday, June 12, will be Movie Day, when the boys, by presenting their cards, will be admitted free to the Ritz Saturday morning matinee.

Saturday, June 19, will be Swim Day, and bearers of the official cards will have a free swim at the Munny pool, any time after 10 a.m. on that day.

Saturday, June 26, will be test day, when the racers will have an opportunity to try out their cars on the race course at the City park.

More than 50 boys are building cars to compete in the local Derby on July 5. Elaborate prizes are at stake, and the winner gets an all-expense trip to Akron, Ohio, to compete in the All-American Soap Box Derby, sponsored by Chevrolet Motor Co.

Special events are coming up thick and fast for the boys entered in the Soap Box Derby.

Saturday of this week is "Milk Shake Day" and all Derby contestants may go to Elliott's Drug, 1909 Gregg Street, any time Saturday and get a milk shake free. They have only to present their official Soap Box Derby Entrant Card.

Saturday, June 12, will be Movie Day, when the boys, by presenting their cards, will be admitted free to the Ritz Saturday morning matinee.

Saturday, June 19, will be Swim Day, and bearers of the official cards will have a free swim at the Munny pool, any time after 10 a.m. on that day.

Saturday, June 26, will be test day, when the racers will have an opportunity to try out their cars on the race course at the City park.

Rapist Dies In State Electric Chair Today

HUNTSVILLE, Tex. (AP)—Charles Klinedinst, 29, died early today in the electric chair for raping a 12-year-old Dallas girl. Eyes shut and smiling, Klinedinst received the first shock at 12:04 a.m. and was pronounced dead two minutes later.

Klinedinst was convicted in 1953 of raping the bobby-soxer while his common law wife watched and took pictures. The woman, Shirley Mook, is serving a 10-year prison sentence for the crime.

Last-minute efforts to save the condemned man failed. Robert W. Burns, 32, of Dallas was still trying to persuade Thomas B. White of Austin, chairman of the Texas Board of Pardons and Paroles, that Klinedinst should have a third reprieve.

Previously, Gov. Allan Shivers had granted the convicted rapist the customary 30-day reprieve and a week ago gave him seven more days of life after one of Klinedinst's court-appointed attorneys said he had new evidence.

The attorney did not appear at the resulting hearing, but the Rev. J. Perry Austin, who claimed Klinedinst's body this morning, appeared Tuesday with a long letter saying he believed the death sentence should be commuted to life imprisonment.

A board member said such appeals occurred in nearly every case of capital punishment and that Austin's reasons were not enough to commute the sentence.

Shortly before Klinedinst entered the death chamber, Burns called the Associated Press and said he had talked again with chairman White by long distance telephone.

"I told Mr. White we wanted only 72 hours more, or that we'd settle for 48, because I could get some of the jurors to sign a petition for clemency," Burns said. "They'd sign it—four of them."

Fire Department Purchases Boat For Lake Rescues

A 14-foot boat has been purchased by the Big Spring Fire Department to use in emergency rescue operations on area lakes.

Fire Chief H. V. Crocker said this morning that the cost of the boat was \$300. A 15-horsepower motor, also to cost \$300, has been ordered, he said.

Other emergency rescue equipment to be obtained by the department will include a trailer to carry the boat, life jackets for the firemen, lights for night work, and drags.

Firemen will build the trailer and make the drags, Crocker said. By making these items, the department will be able to purchase all the emergency equipment for the \$850 which county and city officials said they would allow.

The cost of equipment will be split between the county and city, and the boat will be used wherever it is needed. The equipment will be ready for use at any time and will be pulled by a radio-equipped truck, Crocker said.

178 Pupils Make Transfer Pleas

A total of 178 students made transfer applications for the 1954-55 school year, it was reported at the office of Walker Bailey, county school superintendent, today.

The transfers were required by June 1 of all pupils who plan to attend school outside their home districts next year.

Midway lost the greatest number of pupils through transfer, with 35 transferring out of the district. The Midway School was chosen by other districts, however.

Transfers by school district, with points to which the transfers were made, include:

Gay Hill, 20-19 to Big Spring and one to Coahoma.

Center Point, 18—all to Big Spring.

Midway, 35—two to Center Point, one to Big Spring and 21 to Coahoma.

Elbow, 32-11 to Big Spring, 20 to Foran and one to Garden City. Lomax, 29—all to Stanton.

Vealmoor, 14-nine to Ackerly, three to Big Spring, and two to Borden County High School.

Big Spring, 23-three to Center Point, eight to Midway, one to Coahoma and 11 to Knott.

Coahoma, 3-one to Center Point and two to Midway.

Knott, 4-one to Gay Hill, two to Ackerly and one to Big Spring.

No Injuries Reported In Highway 80 Crash

A sideswipe collision about a mile west of Big Spring on Highway 80 Wednesday apparently resulted in no injuries, and sheriff's officials said damage to vehicles involved was minor.

The left front side of a car operated by Paul Stamey, Webb Air Force Base, came into contact with the right rear fender of another vehicle traveling the same direction, east.

Three Negro women were in the other car, but Deputy Miller Harris said this morning that the driver was not known.

Shell Pipe Line To Shift Office From Mitchell

COLORADO CITY — Shell Pipe Line Corporation announced Wednesday that a decision has been made to transfer its West Texas Area offices from Colorado City to Midland.

The move became necessary, according to D. F. Sears, vice president, because of the growth of Permian Basin production throughout West Texas and into New Mexico.

"Shell Pipe Line is engaged in a highly competitive business as a common carrier of Crude oil," Sears told Chamber of Commerce officials Wednesday. "To maintain its position in the field of oil transportation, it must make continuous aggressive efforts to obtain tenders from oil shippers, who in this area are chiefly located in Midland and Odessa. From offices centrally located in Midland the company believes its representatives will be more favorably situated to seek and obtain new business."

The move will affect approximately 45 employees and their families and Shell employees will find it necessary to dispose of 25 homes. Six to eight employees will still work here. The Colorado City office will become a center for instruments and maintenance.

Shell families will move to Midland beginning in August and continuing until June of 1955 when the transfer of personnel is expected to be completed.

Sears told the directors of the Chamber of Commerce that "geology and geography" had forced the decision on Shell and that the company had reached the decision with reluctance. He stressed the fact that the company had enjoyed cordial relations with townspeople and city and county government officials.

Doctor's Degree

Oscar L. Redwine, son of Mr. and Mrs. O. B. Redwine, 1201 W. 6th, will receive his doctor of medicine degree from the College of Medical Evangelists in Los Angeles on June 8. He plans to intern at the San Joaquin General Hospital at French Camp, Calif. Dr. Redwine is one of 92 graduating from the school of medicine which is operated by the medical education center of the Seventh-day Adventist Church. Next year the center will observe its 50th anniversary.

Home TV Unit Will Watch Over Children

Rumors have it that would-be mischief-makers are about to form a Born-30-Years-Too-Late Club. A new scientific development threatens to ruin their fun by tattling their pranks to Mommy.

Announced by the DuMont Laboratories, it's an electronic baby sitter—a miniature television camera. The camera can be hooked up to the regular TV receiver and the viewer can watch the children at play in the yard or in any part of the house on which the camera is focused.

Dies Wednesday

COLORADO CITY — Sam Alexander Partree died Wednesday at his home in Colorado City and his body has been taken to Pioneer for burial.

He had lived in Colorado City for 10 months. He was survived by his wife, of Cross Plains, two sons, S. A. Partree of Cross Plains and Kenneth Partree of Ft. Bliss; six daughters, Mrs. Lottie Williams of Houston; Mrs. R. S. Westfall and Jewell Partree of Colorado City; Mrs. J. W. Bishop and Mrs. W. J. Phillips of Cross Plains and Mrs. Wesley Coffman of Stanton.

IT HAPPENED

Mercury Too Fast

OMAHA (AP)—A telephone repairman swiftly answered a trouble call from the John Koffend home here. The Koffends hadn't expected him so quickly and, being upstairs, didn't hear the front door bell ring nor the knocks at the back door.

How to get in? The repairman hooked his test phone onto the line and called the Koffends to let him in.

Saw For Himself

DU QUOIN, Ill. (AP)—A sign above the safe in Leo Hindman's hardware store reads:

"Safe not locked. No money in safe. Just turn handle and open the door."

Someone followed instructions, Hindman told police and helped himself to \$300 in cash and \$400 in checks.

What's In A Name?

NEWARK, N. Y. (AP)—The proprietors of the Spotless Diner were fined \$100 by Magistrate Joseph Lerner for failure to maintain proper sanitary conditions.

Thank You Letter

LOS ANGELES (AP)—The city jail never had a boarder like this before. He has sent City Treasurer Leon V. McCordle \$300 to pay for his year's lodging behind bars.

McCordle said the money came with a rambling, partially illegible letter which appeared to be signed Calist C. Lenzinger, York Hotel, Dallas.

"I spent a year in Los Angeles jail six or four years ago and was locked up for trying to forge and a second time for trying to look for a job," the letter read. "I never was given a bill to pay ex-

Denton Carries Rail Plea To Washington

WASHINGTON (AP)—The people of Denton, Tex., want the Santa Fe railroad to connect up with their community, and carried their plea before the Interstate Commerce Commission today.

A delegation from Denton arrived here yesterday and outlined this situation in preliminary talks with Rep. Frank Beard (D-Tex) and other congressmen.

The Santa Fe plans to build a shortcut on its line from the Midwest, so passengers headed for Dallas won't have to go first to Fort Worth as is now necessary. The shortcut would start near Sanger. Denton feels the shortcut might just as well be altered to give Denton added rail service.

How Water Gets In The Ground

This display installed at the State National Bank by the Texas Electric Service Company shows, in moving color, just exactly how rainfall either penetrates or runs off the surface, depending on the condition of the soil. Its showing is being sponsored by the Supervisors of the Martin-Howard Soil Conservation District and it will be moved to other locations throughout the area during the next few months.

Soil And Water Conservation Display Shows Runoff Effect

A soil and water conservation display, powered by four electric motors, and designed and built by engineers of the Texas Electric Service Company, assisted by specialists from the Soil Conservation Service, has been installed at the State National Bank in Big Spring where it will remain for another week.

After this the display will be moved to the First National Bank

for two weeks. Later it will be taken to the two Lamesa banks; the bank at O'Donnell; the First National Bank at Stanton and then to the banks at Midland. It will be installed in each of them for two weeks.

The display has already been shown in the Wichita Falls, Eastland, Graham, DeLeon, Ranger and other areas in the state.

Set up with the display is a specially made picture of the members of the Board of Supervisors of the Martin-Howard Soil Conservation District, and a supply of literature descriptive of approved soil and water conservation practices is on a nearby table. Visitors are encouraged to supply themselves with these pamphlets.

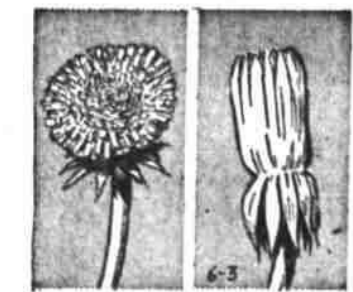

Last year TESCO engineers created another conservation display which was shown here, but which mainly followed the theme of range conservation.

UNCLE RAY'S CORNER

Small leaves of a dandelion plant close the blossom when evening comes.

Some plants (but not all) are known to go to sleep, in a sense of the word. Their sleeping, or resting, is marked in several ways. Usually the leaves fold or droop, or both.

The little plants known as wood sorrels give us a good example of this process. Their pale green leaves are spread out during daylight, but they fold and droop after sunset.

In one case, where a record was made, the folding and drooping of the leaves started at half past 5 o'clock in the afternoon. An hour and a half later, the folding and drooping came to an end, with the leaves pointed toward the ground.

That plant remained "asleep" until 15 minutes before 7 o'clock in the morning. Then the rising and spreading of the leaves began. The movements which greeted the morning sunshine lasted about an hour.

Wood sorrels are kept as potted plants in some homes. If they are placed in windows where they will have a proper supply of sunshine, the evening and morning movements can be observed very well.

Another plant, the chickweed, has leaves which grow in pairs. With the coming of darkness, each leaf moves toward the opposite leaf in the pair.

The common dandelion has little leaves at the base of the yellow flower. At night those leaves fold together and cover the round disk of yellow petals.

In addition to the small leaves, a dandelion plant has good-sized leaves with tooth-like edges. Another kind of folding flower is the morning glory. Growing on vines, the blossoms are fully open when we look at them in the morning, but the story changes as the day goes on. Sunshine makes them close, and they usually are seen to be closed, or folded, during the afternoon.

Tomorrow: Animals Asleep.

Attendance At Foodhandlers School Urged By Sanitarian

Operators and employees of all local foodhandling establishments are being urged by City-County Sanitarian Lige Fox to attend Big Spring's annual Foodhandlers' School.

The school will be conducted here next week by the Texas Department of Health, and an instructor from Austin will teach.

Employees of concerns engaged in the manufacturing, processing, distributing, preparing or serving of food or drinks are classed as foodhandlers, Fox said. All these people should attend the course, it was pointed out.

Subjects of discussion will be bacteria in foodhandling, preventing food contamination, three enemies of the food establishment, food sanitation, and personal hygiene. All those who successfully complete the course will be awarded certificates in sanitary food-handling.

The foodhandlers course leads to a license, and the license is necessary to work in any establishment where food is processed, Fox said.

Two classes will be held in the City Auditorium daily to assure that individuals working on both the morning and evening shifts can attend. Class periods are from 9 to 10:30 a.m. and from 2:30 to 4 p.m.

Wichita Papers To Get New Plant

WICHITA FALLS, Tex. (AP)—The president of the Times Publishing Co. here, Rhea Howard, has announced plans to build a new plant for the Wichita Daily Times and the Wichita Falls Record-News.

Howard said yesterday the firm had bought a tract of about two acres on which to erect a new building.

Howard is editor and publisher of both the evening Daily Times and the morning Daily Record-News.

Purchase price for the tract, he said, was \$200,000 cash and other considerations. No plans for the new building have been drawn, he said.

The company started its 48th year of daily publication May 14.

Revival Services To Start Friday

Revival services will start Friday at the State Street Missionary Baptist Church, at 13th and State. H. S. Schoenrock, pastor, has announced.

Rev. E. D. Keller, corresponding secretary for the Missionary Baptist Association of Texas will be the evangelist. Services will be held daily at 11 a.m. and 8 p.m.

Geneva Meeting In Deadlock On Truce Policing

By MAX HARRELSON

GENEVA (U.S.)—Western and Communist delegates wrestled with a new deadlock today over the thorny question of Red participation in the policing of an Indo-China armistice.

Agreement on this key point appeared remote as the nine-party Far Eastern conference prepared for another secret session today.

The deadlock developed at yesterday's closed-door meeting when Russia insisted that the Communists must be represented on any truce supervision commission. The Western Powers firmly said no.

Russia's Foreign Minister V. M. Molotov reflected the gravity of the problem when he told the conference it would be difficult to reach agreement on truce supervisory machinery unless Communists were represented on the proposed agency.

Another difficulty arose yesterday when Pham Van Dong, vice premier of the Communist-led Vietminh, declared the proposed neutral nations supervisory commission should be given only one task—controlling the entry of arms and troops from the outside.

He got quick support from Molotov, but France's Foreign Minister Georges Bidault declared that the commission should control all phases of a cease-fire, including regrouping of forces, policing of ports, watching Red China's frontiers and checking on all war materials.

The new difficulties were regarded as extremely serious in view of the importance attached to the policing problem. Western diplomats have insisted from the beginning that there can be no cease-fire unless there is a truly neutral body to supervise implementation of agreements reached in Geneva.

Western officials argue that Communist nations cannot be neutral in a dispute where one of the parties is Communist.

The Reds indicated yesterday they want the major burden of supervising the cease-fire to be borne by mixed French-Vietminh commissions rather than the broader international body.

Bidault, on the other hand, said France would agree to have the neutral commission set up a small mixed subcommittee for local duties. But this, he said, should be limited in this function and should remain under control of the international group.

The Western Powers, meanwhile, continued to study the question of how the proposed international body should be composed. They generally agreed that it should be made up mostly of Asian nations, but the exact terms of their proposal have not yet been worked out.

Russia's scheme for a four-nation commission appeared to have been killed off by Western opposition. The plan called for a Korean-type body part Communist, the rest non-Red—for Indochina. The Soviets nominated Communist Poland and Czechoslovakia along with India and Pakistan.

Dr. Condon Reports Pentagon Reviewing His Security Status

CORNING, N.Y. (U.S.)—Dr. Edward U. Condon, the former head of the U.S. Bureau of Standards, said last night that Defense Department officials were reviewing his security status.

Condon, now research director for the Corning Glass Works, said he was working "exclusively on nonmilitary projects involving no access to classified information" while the review was pending.

Condon declined to elaborate when asked whether the Defense Department action constituted a suspension of clearance.

He said the current review was in connection with the glass firm's government contracts. Corning does work for the Navy Department.

In a statement, Condon said his loyalty to the United States was not an issue in the security review. Nor was there any suggestion, Condon said, that he ever had breached security regulations or had been indiscreet in handling secret information.

He did not say when the review was begun, or by what agency.

In Washington, Defense Department officials said a check disclosed no one in the Washington area who knew about the review. One spokesman said the Navy might be handling it.

Condon, who resigned from the Bureau of Standards post in October 1953 to come here, once was described by the House Un-American Activities Committee as "the weakest link" in the nation's atomic security chain. He has repeatedly denied this.

Condon said he had not been consulted by government agencies on classified material since he left government service. He added that during his tenure as a government official his security clearance never had been suspended.

Condon's name has cropped up in the security investigation of Dr. J. Robert Oppenheimer, the physicist who headed the Los Alamos atomic bomb project during World War II.

Condon was mentioned in a report made public Tuesday by the special personnel security board of the Atomic Energy Commission that voted 2-1 against reinstating Oppenheimer as a consultant to the government on atomic energy.

Condon said he would have no comment on references to him in the Oppenheimer findings except to say that his "right of constituted access to classified information of the government" was under review.

He declared that before taking his present position he had had fullest clearances by the Department of Defense and the Atomic Energy Commission.

The statement concluded: "In view of the fact that my clearance now is under study by the Defense Department, any statement on the merits of the application for clearance is inappropriate other than to say that my loyalty and devotion to the United States is (sic) not an issue, and there has been no suggestion that I ever breached security regulations or that I was indiscreet in the handling of classified information."

The majority report on Oppenheimer, signed by Gordon Gray, chairman of the special board, and Thomas A. Morgan, stated that the physicist was a "loyal" citizen and that he had been "discreet" in his handling of secret matters.

The report mentioned two instances, however, in which it said Oppenheimer, at Condon's instigation, had intervened in behalf of persons whose loyalty had been questioned.

The report stated that Oppenheimer, in 1949, had confirmed before the Un-American Activities Committee the substance of a previous interview with a federal security officer in which he had characterized Dr. Bernard Peters as a "dangerous Red and former Communist."

"At this time," the report asserted, "Dr. Peters was on the staff of the University of Rochester. Dr. Oppenheimer, as a result of protestations by Dr. Condon, Dr. Peters himself, and by other scientists, then wrote a letter for publication to the Rochester newspapers, which in effect, repudiated his testimony, given in secret session."

Peters now is a research physicist in Bombay, India.

The other mention of Condon came in reference to Giovanni Rossi Lomanitz, who had worked on the atomic bomb project with Oppenheimer.

The board said it had found Oppenheimer knew Lomanitz "had been very much a Red" and that in 1943, when Lomanitz was scheduled to be inducted into the armed forces, Condon had written to Oppenheimer "about it in a great sense of outrage."

As a result, the board contended, Oppenheimer protested Lomanitz' induction.

Burglar Believes In Cash, Self Service

TOKYO (U.S.)—The burglar who broke into the apartment of Miss Sueko Onoda, a 35-year-old geisha, took \$18 and then demanded her electric iron.

He plugged in the iron, pressed his coat and trousers and walked out.

Ohio Mansion To Provide Class Space

PAINESVILLE, Ohio (U.S.)—A little northern Ohio school district has turned an unused mansion into the answer to its need for a new school.

For \$150,000, Willoughby-Eastlake—with a combined population of about 13,000—bought a 20-room mansion, complete with a \$50,000 pipe organ and six fireplaces. It is on a 125-acre site that includes four barns.

Three months from now the mansion will be the elementary school for about 250 youngsters. There will be nine classrooms.

The biggest barn will be a warehouse and someday may become a gymnasium. High school classes in industrial arts will be held in two other barns, which will become shops, and the four-car garage will house an automotive-arts workshop.

Greenhouses and kennels will be

biology and botany laboratories. The vast mansion kitchen, with its three pantries, will be headquarters for the dietitian who serves all district schools. The 50-cabinet linen room will be a storeroom. The lily pond will become a sand pile.

Nobody has yet figured out just exactly how to use the pipe organ, complete with chimes, so it will remain undisturbed in its first-floor room.

The entire remodeling cost will be around \$30,000, school officials say, and the result will be a facility worth \$200,000 without counting the land that may someday provide sites for three more schools.

The property was the estate of Mr. and Mrs. Stanley W. Tucker. Mrs. Tucker died March 23, 1953; her husband 10 years earlier. She bequeathed the estate to Western Reserve University, which sold it to the school board.

Cotton Leader Sees Gain In Consumption

CORPUS CHRISTI, Tex. (U.S.)—A 50 per cent gain in world consumption of cotton in the next 25 years is likely, an industry leader said here today, if present trends continue.

Burris C. Jackson, general chairman of the American Cotton Congress in convention here, told delegates an intensive program of research and promotion must be continued, however, if cotton is to claim its share of the expanding fiber market.

"Our opportunity lies in the programs of research and promotion

which already have proven so remarkably effective," the Hillsboro, Tex., cotton man said.

Jackson told his audience that the fact cotton has turned back its major competitor in the fight for markets—during a period when all fibers are plentiful—overshadows some of the problems the industry faces.

In apparel and household uses, which account for more than 70 per cent of cotton's total markets, the natural fiber's per capita consumption is rising, he said.

Cotton gained in its share of the broad woven goods market in 1953, he continued, while its principal competitor—rayon—lost. He said this included nearly all the textile market with the exception of tire cord, other cordage, knit goods and some specialties.

Jackson, also chairman of the Statewide Cotton Committee of Texas, said quality and promotion are the reasons for cotton's gains.

"All of us know that cotton is the most versatile fiber known to man. We are familiar also with many of the improvements that have been made in recent years—beginning with the plant itself and continuing through the laboratory where some astounding achievements have taken place.

"Many of you have had a part in this progress—in this contribution toward an improvement in quality, which has enabled cotton to gain ground in its fierce struggle for markets.

"As to the second reason behind the competitive strength of cotton—promotion—there is abundant evidence as to why cotton has achieved its unparalleled popularity. We see it in magazines, in the newspapers, radio and television, and in displays at our favorite stores.

"Our fiber is riding the crest of a prestige in apparel and household items such as it never enjoyed before. In this regard, you'll have to pardon me for a personal reference, for I am firmly convinced that this trend—this capitalization on cotton's superior qualities—would never have occurred to the extent we now see it, had it not been initiated and prosecuted by an aggressive and organized cotton industry."

Tokyo Coeds Ired By Posing Order

TOKYO (U.S.)—Fifty freshmen coeds at a Tokyo women's university raised a howl today against posing nude from the waist up for a professor's "scientific study" album.

Parents joined in the protest.

The girls said they were ordered to pose for the photos during entrance physical exams at Tokyo Ochanomizu Women's University. They were told the pictures would be used as "research material for studies on development of personalities."

University authorities were not available for comment.

The Red indicated yesterday they want the major burden of supervising the cease-fire to be borne by mixed French-Vietminh commissions rather than the broader international body.

Bidault, on the other hand, said France would agree to have the neutral commission set up a small mixed subcommittee for local duties. But this, he said, should be limited in this function and should remain under control of the international group.

The Western Powers, meanwhile, continued to study the question of how the proposed international body should be composed. They generally agreed that it should be made up mostly of Asian nations, but the exact terms of their proposal have not yet been worked out.

Russia's scheme for a four-nation commission appeared to have been killed off by Western opposition. The plan called for a Korean-type body part Communist, the rest non-Red—for Indochina. The Soviets nominated Communist Poland and Czechoslovakia along with India and Pakistan.

Navy Unveils Its Flying Pogo Stick

MOFFETT FIELD, Calif. (U.S.)—The Navy unveiled its Flying Pogo Stick yesterday in the first public demonstration of a vertical takeoff by a wing-type plane.

The delta-wing craft made a tethered flight inside the Navy's huge hangar once used for dirigibles.

Test pilot J. F. (Skets) Coleman took the Convair XF7Y up three times and landed vertically. Safety cables prevented him from turning it into its standard horizontal flight position. The experimental plane rose as high as 100 feet.

When the plane is fully developed, it will allow large vessels to carry their own air cover, and give infantrymen cover from small cleared spaces right behind the front lines.

Officials Say Services Gain

Scope of Howard County functions has just about doubled in the past four years, if May activities in the offices of the county clerk and tax assessor-collector are any indication.

Clerk Pauline Petty and Tax Assessor Viola Robinson both reported big increases in business during May—even over the same month a year ago.

Tax receipts last month totalled \$30,698.47, Mrs. Robinson said. That was an increase of nearly 50 per cent over the \$20,907.16 received in May of 1953 and nearly double the \$16,472.44 taken in May, 1951.

Mrs. Petty reported a total of 912 legal instruments—deeds, liens, contracts, leases, etc.—filed in her office for recording during May.

For May of 1953, there were 345 instruments filed. In the same month in 1953 the total was 422.

Both Mrs. Petty and Mrs. Robinson say growth of Howard County, particularly in connection with oil developments, is responsible for the big increase in services required of their offices. They predict a "record" year for the county if activities continue at their present pace.

Centenarian Gives Speech On Birthday

CLEVELAND (U.S.)—To celebrate her 100th birthday yesterday, Miss Lucia Jennison, who had her silver hair curled for the occasion, gave a 40-minute talk on art to 200 women of Lakewood Congregational Church.

She showed about 30 of her water-color paintings of flowers and landscapes. She declined a microphone, saying: "I'm used to speaking in public."

Born in Templeton, Mass., she taught art in Worcester and later Cambridge, Mass., for 40 years before retiring in 1921. She came to Lakewood three years ago to live near her nephew and niece.

Couple Called Too Poor For Divorce

CHICAGO (U.S.)—Mrs. Alice C. Moore, 30, asked for temporary alimony to support herself and a daughter, Karol, 1, pending a hearing on her divorce suit against Robert Moore, 32.

Moore, questioned by Superior Court Judge Alan E. Ashcraft, said he earns \$272 a month as a shipping clerk and has fixed expenses of \$158.

"You're too poor to enjoy the luxury of a divorce," Judge Ashcraft told the couple. "You're foolish even to want one. I suggest you become reconciled."

The Moores agreed and left the courtroom hand in hand.

Mundt Has Birthday Today, No Celebration

WASHINGTON (U.S.)—Today is Sen. Karl E. Mundt's 54th birthday and the 25th day of the televised Army-McCarthy hearings, over which he is presiding as temporary chairman of the Senate Investigations subcommittee.

The South Dakota Republican said he had no plans for a birthday celebration, that he was not expecting anything except "just more hard work—more of the same."

Dallas Man Puts Car Fire Out Hard Way

LAKE DALLAS, Tex. (U.S.)—When his car, garage and house caught on fire Monday, Dub Brown of this lake-edge community pulled the car out of the garage by attaching a tow chain to a truck and backing up. He then extinguished the house and garage fire. Using the truck again, he pushed the burning car into a pond.

He's pretty sure the fire is out because the car is still six feet under water.

Officials Say Services Gain

Shelley Winters Granted Divorce

SANTA MONICA, Calif. (U.S.)—Shelley Winters has divorced her Italian actor-husband Vittorio Gassman, who she said, admitted he was temperamentally unsuited for marriage.

The actress, who charged cruelty, testified in Superior Court yesterday that Gassman once told her: "If you want to be married to a European you have to live where your husband lives and you have to give him a great deal of freedom."

"I told him," Miss Winters said, "that was not the kind of marriage I wanted."

With her intercountry decree she got custody of their 15-month-old daughter Vittoria Gina and a property settlement. The latter provides that 10 per cent of Gassman's earnings shall go toward support of the child, with a minimum of \$5,000 if he is working in this country and \$3,500 if he is working abroad.

Summer Slump?

Heck, no! He's been shopping with his wife!

People buy more in Summer than in most other months of the year!

Away on vacation? Heck, no! You can find 94% of the people at home at any time during June, July and August—still shopping at a fast rate. Still reading newspapers. Still buying the things they read about!

As the famous retailer Bernard Gimbel said recently: "There is no excuse for reduced sales effort. The business is there if we go after it—all summer long."

**Based on studies by Curtis Publishing Co. and NBC.*

ness because we feel that there are too many valleys between the peaks that have no reason to be there."

And he adds that summer business is "the most neglected, the most under-promoted area in our whole merchandising system."

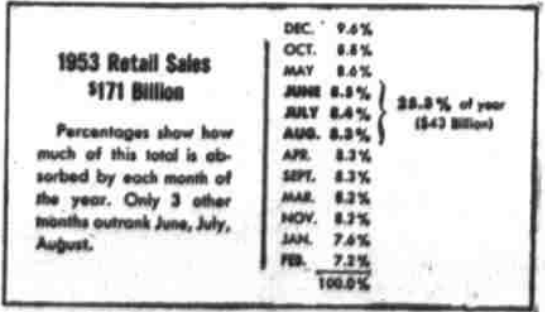

Are you planning special summer promotion?

BERNARD F. GIMBEL

And they're using newspapers! They know there's no summer replacement for the newspaper. People buy and read newspapers avidly all summer long!

If you haven't made big summer promotion and advertising plans, start now.

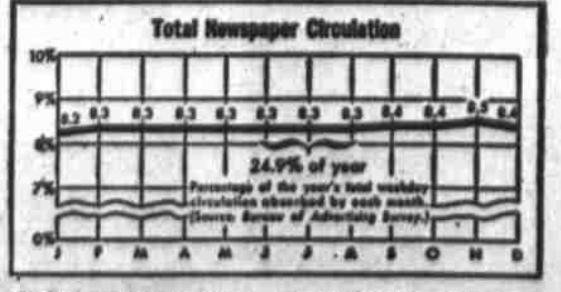

SUMMER MONTHS get their full share of year's business—and more besides! 25.3%. (Source: Dept. of Commerce)

Sales are as hot as the weather! People spend more money on merchandise in June, July and August than in most other months—as the chart shows.

Are you taking advantage of this?

Business leaders are capitalizing on this! Mr. Gimbel says: "We're going after summer busi-

CIRCULATION IS STEADY—54 million dailies for the nation's 45 million families.

MEN IN SERVICE

ERNEST E. POTTER

Midshipman Ernest E. Potter, son of Mrs. Ernest Potter, 907 Scurry, is scheduled to graduate June 4 from the U. S. Naval Academy...

Midshipman Potter entered the Naval Academy on a Congressional appointment after graduating from Howard County Junior College...

Midshipman Potter will receive a Bachelor of Science degree.

Sgt. Claude W. DeVaney, whose wife Wanda lives in Coahoma, recently received the good conduct medal in Korea for exemplary behavior, efficiency and fidelity.

DeVaney is a technical supply sergeant in the KMAC Aviation Section. The 24-year-old soldier, from Odessa entered the Army in May, 1952, and arrived in Korea the following December.

Curtis R. Rasberry, who was raised on a farm near Big Spring, was recently appointed first sergeant of the 390th Fighter Bomber Squadron at Alexandria, La.

The appointment is temporary, as the regular top soldier has been placed on temporary duty at another base. Rasberry's job is regularly that of chief clerk.

An airman first class, Rasberry has been in the service only since 1951. After taking basic training, he was sent to clerk typist school at Natchitoches, La., and was later sent to Wright Patterson AFB in Dayton, Ohio, and then overseas.

He served 18 months in Korea and Japan. While in Korea, Rasberry worked in an orderly room some 60 miles from Pusan. One of his duties was to ride "shotgun" for the mail that was picked up in Pusan and to guard it from enemy guerrilla units.

Rasberry, who is married to the former Eva McKinney, plans to be a rancher when discharged from the service.

Pvt. Lawrence D. Gray, son of Mr. and Mrs. R. M. James, 204 Jones Street, is now serving with the 361st Military Police Company at Fort Shafter, Hawaii.

Pvt. Gray, who served in the Philippines and on Okinawa during World War II, was employed by the Caldwell Electric Company before enlisting for his present tour of duty. He is a graduate of Westward High School.

Gray's wife, Janice, and their 15-month-old son, Larry Glenn, live with his parents.

Pvt. Herbert W. Choate of Big Spring has recently been assigned to the 550th Anti-Aircraft Artillery Battalion at Fort Story, Virginia. He is in headquarters battery and is chief typist for the supply officer.

Before being assigned to Fort Story, Pvt. Choate received instruction at Fort Bliss in the fire control section of radar aviation. He graduated from a class of 78 men with the highest average.

TOKYO, Japan — Sgt. Harland V. Gregory, 22, son of Mr. and Mrs. John V. Gregory, 602 W. 17th, recently spent a seven-day rest and recuperation leave in Tokyo.

Sergeant Gregory, whose wife, Dorothy, lives at Upper Darby, Pa., is stationed in Korea as a radio operator with the 25th Division's 14th Infantry Regiment. The sergeant has been in the Far East since May 1953.

Marine Pfc. Harold D. Holcombe, son of Mr. and Mrs. Roy R. Holcombe of Silver Hills Addition, has

Four Puerto Ricans Go On Trial For Shooting Spree In Congress

By WARREN ROGERS JR. WASHINGTON (AP)—Four Puerto Ricans go on trial today with the job of jury selecting made doubly difficult by the heavy news coverage of their wild shooting spree March 1 in the House of Representatives.

Five congressmen were wounded when the Puerto Rican Nationalists, led by stony-faced Lolita Lebron, 34, splattered the House chamber with bullets from the visitors' gallery.

Pleas of innocent were entered for Mrs. Lebron and her three male colleagues—Rafael Cancel Miranda, Andres Fuguerola Cordero and Irving Flores Rodriguez—at their arraignment March 5.

They are charged on five counts each with assault with intent to kill and on five counts each with assault with a dangerous weapon. Jailed with bonds set at \$100,000 each—an amount none was able to raise—each faces a maximum possible sentence of 75 years in prison.

The task of picking a jury may take many hours. One question normally put to prospective jurors is: Have you read anything about this case in your newspapers or heard anything about it on radio and television too, these days—that might prejudice your opinion?

Defending the four Puerto Ricans, who say they want independence for their country, are four court-appointed attorneys: F. Joseph Donohue, former chairman of the District of Columbia Board of Commissioners, as senior counsel, and Myron G. Ehrlich, Abe

Goldstein and Ben Paul Noble as associate counsels. The prosecution is being handled by U.S. Dist. Atty. Leo A. Rover, with the help of his chief criminal assistant, John Conliff.

Mrs. Lebron said at her arraignment she wanted it clearly understood why she and her young companions—all in their 20s—were there: "I would like it to be charged that what I committed was the defense of my country."

U.S. Dist. Judge James W. Morris, who had trouble understanding her broken English, asked whether she still pleaded innocent. "Yes, on those grounds," she replied.

The most seriously wounded of the five congressmen shot was Rep. Alvin H. Bentley (R-Mich.), who hovered for days on the critical list with a shattered liver. He is now back at work along with the others—Representatives George H. Fallon (D-Md.), Kenneth A. Roberts (D-Ala.), Clifford Davis (D-Tenn.) and Ben F. Jensen (R-Iowa).

Goldstein and Ben Paul Noble as associate counsels. The prosecution is being handled by U.S. Dist. Atty. Leo A. Rover, with the help of his chief criminal assistant, John Conliff.

NEW 'FACTS' TOO

Soviet Encyclopedia Has New Ideas On Lend-Lease

By RICHARD KASISCHKE MOSCOW (AP)—The Great Soviet Encyclopedia describes U.S. lend-lease, which helped Russia beat back Hitler's invasion, as "one of the greatest sources of enrichment of the American monopolies during the second World War."

Lend-lease gets nearly a page in the encyclopedia's Volume 24, just off the presses here. Its figure on what the Russians received under the program—\$9,800,000,000—is more than one billion dollars under what the U.S. government says it gave Moscow.

The encyclopedia article also claims: 1. Lend-lease arms and materials were sold by American sources at inflated prices.

2. What the Soviet Union took from the United States was "insignificant" compared to Russian industrial output during the war.

3. The United States gave Britain a very generous deal on settlement of the British account but fixed terms for the Soviet Union "deliberately higher."

The United States has listed a total of \$48,895,235,000 worth of lend-lease distributed during the war and postwar period to 43 Allied nations. Of this, the British Commonwealth received \$31,384,810,000, and Russia, the second largest recipient, got \$10,982,089,000.

Britain settled her debt in 1946, paying 650 million dollars after account was taken of reverse lend-lease charges. Of the nearly eight billion dollars in reverse lend-lease received by the United States, more than six billions came from Britain.

The United States has demanded over 800 million dollars from Russia in settlement. The Russians reportedly have countered with an offer of 300 million. The two countries are still disputing the matter.

Prof Finds Pupils' Knowhow Pays Off

TOWSON, Md. (AP)—Prof. Frederick G. Reuss at Goucher College wanted to know if the 31 girls in his economics class were getting enough out of their class room theory.

So he launched an investment project backed by almost \$1,000 from the college. He asked each girl to take a single stock to analyze and report on as a potential investment.

The would-be female tycoons have done so well, the investment pool is bringing in income at 6 per cent per annum. When profits reach about \$1,000, the girls plan to set up a scholarship fund at the college.

Prof. Reuss is more than satisfied at the results. He now takes market tips from the girls and admits his own investments have done "all right."

But Not Identical

PEORIA, Ill. (AP)—The Best twins, Janet and Janice, were the best students scholastically in the graduating class at Our Lady Academy. They graduated yesterday, Janet as valedictorian and Janice as salutatorian.

With business at its record peak, Connecticut paid out more than eight million dollars in unemployment compensation in 1953.

THE SPRINGBOARD

News From Webb Air Force Base By JAMES F. KRUEGER

CHANGE OF COMMAND

In gaining their silver wings and the gold bars of a second lieutenant, the staff of Aviation Cadet Class 54-J lost quite a bit of rank.

Each graduating cadet class is managed by its own staff of officers, from lieutenant through colonel, during their final weeks of training. When graduation day rolls around, of course, they lose their staff position and higher rank for the more realistic bars of lieutenant.

In change of command ceremonies in the cadet group last week, A-C William H. Whitten donned the epaulets of "colonel" and became Group Commander. He replaces graduate 2-L. Paul Voswinkel.

Other newly appointed members of field grade holding staff positions with Class 54-L include Lt. Col. Roman J. Bednar, Executive Officer; Major John Komlnoth, A-C Squadron I Commander; Maj. Arlan Johnson, A-C Squadron II Commander; and Maj. George Pearson, A-C Group Adjutant.

SELECTION TEAM MOVES During their tour of duty here, since April of last year, members of the Aviation Cadet Selection Team have traveled over 40,000 miles and have processed more than 1,000 applicants for flight training in an area of 100 counties in West Texas and New Mexico.

The mission is now being expanded to include the procurement of personnel for both flying training and for the regular Air Force. This has necessitated a relocation of all personnel assigned to selection teams. Webb members of the team will be relocated at recruiting stations throughout the United States to help carry out this mission.

SAVINGS BOND DRIVE A command-wide Savings Bond Drive got under way at Webb yesterday with scores of airmen signing up to have monthly deductions taken from their pay toward the purchase of Savings Bonds.

Lt. William Casey, project officer for the drive here, said "To win financial independence, you must begin to save early. Your Savings Bonds will repay \$4 for every \$3 invested and are the best means of saving that I know."

CONDUCT RULES Following the official opening of

Webb's new swimming pool two weeks ago came a list of "swimming pool rules" from Wing Headquarters to aid swimmers through a safe summer season.

Among the rules, were tips to adults who have youngsters with them in the pool area. Parents are responsible for the care of their own children.

PERSONNEL OFFICERS MEET Mutual problems dealing with increasing enlistments, stepping up the on-the-job training program to offset anticipated skilled personnel losses through discharge, and the implementation of the NCO effectiveness reports brought together personnel officials from throughout the Air Training Command at Scott AFB recently.

Representing Webb AFB was Lt. Col. Raymond L. Morris, Wing Personnel Officer.

The colonel reported that reports on the seminar-type meetings at the conference will be forwarded to Hq., USAF for review and action.

TEEN-AGE ROAD-E-O A-B James Skipalls of Webb's motor pool will be one of the three contestants representing Big Spring in the West Texas District Teen-Age Driving Road-e-o to be held here Saturday.

Skipalls was made eligible for district competition when he won the Big Spring drivers road-e-o here in April.

The road-e-o, open to the public, will get under way at 1 p.m. and continue through three o'clock.

Webb project officer is Maj. Corrado Camilli.

Although the game didn't really get under way until the second in-

SPORTS

ning when Webb's Dusters, base softball team, scored a total of seven runs, the local squad tripped up 61st Maintenance to the tune of 12-6 last week in softball action.

Maintenance is on top of the intramural softball league at Webb. Their game with the Dusters was an "extra-curricular affair" and will not affect intramural league standings. The Dusters are a member of the city league.

Police School Starts June 14

A two-week police training school sponsored by the Department of Public Safety will be held in Big Spring starting June 14.

The school will be attended by all local officers and police from area towns, according to Acting Police Chief M. L. Kirby. Instruction will be in traffic law, accident investigation, and police public relations.

Two classes will be held daily so that policemen on all shifts will be able to attend. First period will be from 2 to 4 p.m. and the second session is set from 4 to 6 p.m. Classes will be held in the Corporation Court Room.

Kirby announced that at the close of the school certificates will be presented to the men who have completed the course.

Harry Leach, training specialist of the DPS bureau of education will teach the traffic law section.

T. C. Laws, chief of the bureau, will conduct one class in traffic law enforcement. James C. Shaw, another specialist, will teach the accident investigation section. Lewis Berry, DPS civil defense supervisor, will teach the public relations class.

Brazil Boosts Price Of Its Coffee Beans

RIO DE JANEIRO, Brazil (AP)—Brazil has boosted the minimum price for this summer's coffee crop from 68 to 57 cents a pound. The hike will have little current effect on foreign buyers, now paying 68 cents a pound for the bean, but it promises little likelihood of prices declining for at least another year.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headache, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause setting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's stimulating how many times Doan's give happy relief from these discomforts—help the 15 million kidney tubes and filters flush out waste. Get Doan's Pills today!

"The anger of the Lord was kindled against Israel." — Num. 25:3. Yet he never permitted his people to be destroyed. Other tribes and nations vanished from history, but not Israel. Israel learned and changed.

American People Are Capable Of Facing Up To The Austere Facts

Almost certainly the slogan that enabled Woodrow Wilson to win the 1916 election (by a hair) was, "He kept us out of war." Quite possibly this left the impression with the then German government that America would not go to war, an impression that had been heightened by Mr. Wilson's misunderstanding "too proud to fight" remark. Thus emboldened, the Germans went ahead to commit more and more offenses against U. S. shipping and to spread sabotage and nameless terror throughout the country.

Revising Of Codes Would Raise Effectiveness Of The Committees

Although some Republicans—including their Senate leader, William Knowland—have commented lately on the need for tightening the rules governing activities of investigating committees, it does not necessarily follow that anything will be done about it. Action was perhaps delayed or killed by proposals for a new code introduced in the Senate Thursday. It was introduced by 19 senators, all Democrats except Morse of Oregon, classified as an Independent. If the GOP leadership ever had any intention of asking for revision, they dallied too long and the Democrats beat them to the punch. This may mean no action at this time, since the Republicans are in firm control of committees.

These Days—George Sokolsky

Communists Try To Worm Way Back Into Hollywood's Studios

Since April, 1951, a two-phase program developed in Hollywood, which is probably the best example of cleaning an industry of a heavy Communist infiltration. This effort was initiated by certain members of motion picture management and by a group of self-appointed anti-Communists who believed that the problems of Hollywood could be solved without hatred, without vindictiveness, even with an anxiety to win back to constructive Americanism those who had wandered away.

elections down through the decades about the "ins" creating "war hysteria" for the purpose of gaining votes. It was heard in 1940 and again in 1952, in both instances directed against the Democrats. There have been stories to the effect that in a genuine desire to avoid having such charges leveled against his administration, Mr. Eisenhower is leaning over backward to avoid picturing the world situation in its true colors. On advice of his counselors, so these stories go, the people have not been told many of the factors which add up to a very grave situation indeed. We would not know about that, but it does seem that the situation has deteriorated rapidly in the last few months, and we are convinced that the American people should be told the facts. They can take it. Literate Americans are bound to realize the gravity of the present situation; the evidence is plain and unmistakable, and no amount of wishful thinking can gloss over the facts. This is the time strong leadership should make itself evident.

German Radio Liked

BONN, Germany (AP)—Resurgent Germany is moving into overseas broadcasting in a big way. The Deutsche Welle (German Wave), in operation just a year, has won a big audience throughout the world. It's the German equivalent of the Voice of America, the British Broadcasting Corporation's overseas broadcasts and Russian short-wave broadcasting. This year the Germans will start building the most powerful short-wave transmitters ever used for German overseas broadcasting—200,000 watts compared with the 20,000 watt transmitters now in use. Broadcasts will be added in English, French, Spanish and Portuguese. Deutsche Welle now broadcasts only in German. Deutsche Welle has won faithful listeners from Moscow to Chile and from Japan to South Africa.

Quite A Challenge

The World Today — James Marlow

McCarthy Leaves Some Questions Not Answered On Commies In Defense Plants

WASHINGTON (AP)—The public will have a muddled idea of what is meant unless the senators and principals in the Army-McCarthy hearings get more specific on Communists in defense plants. There is no law giving the Defense Department the power to order a Communist fired from a plant where it has a contract. It can only tell an employer doing secret work for the government that an employe, considered a security risk, cannot work on the secret project.

Notebook — Hal Boyle

Courting Stick Would Prove Helpful Nowadays

NEW YORK (AP)—If your teen-age daughter is hogging the telephone in long talks with her boy friends, why not solve the problem by buying her a courting stick? The time seems ripe for a revival of this communication tool of lovers, popular in old New England.

GRIN AND BEAR IT

Names Beginning With Y Or Z Impediment In Alphabetized U. S.

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

For the sake of my offspring, I'm thinking about changing my name—to something like Aabco, for instance. I've stood at my share of the tail-ends of lines, which always seem to be formed alphabetically. And I don't see any justice in two generations of the same family having to go through with that.

Today And Tomorrow—Walter Lippmann

McCarthy, Mundt 'Game' Would Lead To Anarchy In Government

After the hearings were resumed last week, the crucial issue became more sharply defined. Sen. McCarthy had said on Thursday that it was the "duty" of Federal employes to give him secret information, even though it was against the law, contrary to the orders of the President. On Friday the Attorney General, on the express authority of the President, declared that this was an attempt to usurp the obligations and duties of the Executive. Sen. McCarthy replied the same day by inviting all Federal employes to disregard what the President had said, to violate the law secretly and to disobey the orders of the President about classified information.

Sunny Rain Needed

HOLLYWOOD (AP)—A movie studio was shooting a murky weather scene and the script called for some rain-making machines to provide the necessary sprinkles in the right places.

Muddy Research

CHARLOTTESVILLE, Va. (AP)—Scientists here are spending a lot of time playing with mud. They must know the consistency and strength of the underwater soil before construction starts at the 7,300-foot underwater tunnel under Hampton Roads, from Hampton to Williamsburg. The Virginia Council of Highway Investigation and Research is doing the checkup for the \$4 million dollar project. Mud is being brought up from holes as deep as 200 feet for the study.

Historic Desk

SCHENECTADY, N. Y. (AP)—The Albany County Historical Society has given to Union College a desk used nearly a century ago by alumnus Chester A. Arthur, 21st President of the United States.

Comrade, Be Careful

HIBBING, Minn. (AP)—The Johnson-Messer-Roche Veterans of Foreign Wars post has passed a resolution asking that the organization's traditional salutation "comrade" be dropped.

Easy To Remember

NEW YORK (AP)—Bookworms should have no difficulty remembering the New York Public Library's new phone number—Oxford 8-4200.

Beauty Suggestions Given

Roberta Linn, popular recording artist who is fast becoming one of the nation's favorite singers, passes on some beauty suggestions she discovered while traveling with a band. She recommends non-allergic cosmetics for those with sensitive skins.

HOLLYWOOD BEAUTY

If Skin Is Sensitive, Be Sure Of Cosmetics

By LYDIA LANE
HOLLYWOOD — It was not generally realized when Roberta Linn recently received an "Emmy" as one of the outstanding female performers on TV that she had once been a well known child actress under the name of Mary McCarthy.

"I thought the jinx was on me too for a while," Roberta told me the other day. "After I grew up I got no where in Hollywood so I went on the road singing with bands. And then came TV. Lawrence Welk gave me a job as his Champagne Lady and my luck began to turn.

"Things have moved so wonderfully for me ever since that I am floating on air," Roberta confided.

Now Roberta is winning fame as a stage singer. She recently appeared at Ciro's here and makes regular appearance in Las Vegas and other cities. Her phonograph records, too, are top sellers.

"I learned a lot about beauty traveling with a band," Roberta explained. "With one night stands you have no time to take care of

yourself and yet you are supposed to look glamorous. This taxes your ingenuity and teaches you the importance of planning. Learning to handle beauty while on the move helps you when you are settled and I think my suggestions might help others.

"I tried to choose clothes which didn't need a lot of attention," Roberta explained. "This rule, of course, can be easily followed at any time.

"But I've had the most trouble with my complexion. I think wearing so much make-up for so many years as a child did my skin no good and I find now that I am allergic to many popular cosmetics.

"Once, when we were motoring in the Middle West during a dry hot spell, I left off all make-up and put a film of baby oil on my face," Roberta went on. "This, I thought, would agree with me but it turned out that I was allergic to something in it and by the time we hit St. Louis my eyes were so swollen I could hardly see.

"Now I am on the safe side and use a special non-allergic line. There are all kinds of creams and make-up in all cosmetic stores and I have no further trouble since using them. I would advise anyone with allergies to use something which is especially designed for super-sensitive skins."

Pocketed Casual

Dress with low neckline has gathered shoulder straps and pockets on a flared skirt. Elastic trim can be smart accent and add the spark to a summer favorite.

Sue Hill Says Vows With Elvon DeVaney

In a twilight ceremony at the First Presbyterian Church in Coahoma Tuesday evening, Betty Sue Hill became the bride of Charles Elvon DeVaney, son of Mr. and Mrs. C. H. DeVaney of Coahoma. The bride is the daughter of Mrs. Arnold Johnson of Seminole and Tom Hill of Amarillo.

The Rev. Lin Croesman, pastor of the church, read the vows for the semi-formal, single ring ceremony, before a lattice covered with greenery and pink carnations. Seven-tiered candelabra and baskets of pink carnations flanked each side. Mrs. Robert Mason of Big Spring accompanied Mrs. Dillon Bowden as she sang "I Love You Truly" and "Because." Mrs. Mason played the traditional wedding marches.

The bride, who was given in marriage by A. D. Shive, an uncle of the groom, was wearing a strapless dress of net over taffeta, designed with full skirt with tiny lace ruffles. The sleeves of a bolero jacket came to a point over the wrists. Her veil fell from a small pocketbonnet with an orange blossom wreath. She carried white carnations and gardenias on a white Bible.

Mrs. Wayne DeVaney, a cousin of the groom, was matron of honor, and Beverley Meador was maid of honor. They were identical dresses of mauve and deep pink, respectively, with bands of fresh flowers in their hair. They carried nosegays of daisies and fern.

The bridegroom was attended by his brother, Arlon DeVaney, and his cousin, Wayne DeVaney. Ushers were Gary Hoover and Windel Shive. The candlelighter was Rosalene DeVaney.

Following the wedding a reception was held in the Presbyterian Manse. In the receiving line were the parents of the bridegroom, the bride couple and their attendants.

The bride's table was laid with a white linen cutwork cloth with an arrangement of pink gladioli and white candles. Joyce Francis served the three-tiered cake, which was topped with a small bride and groom. Mrs. Ray Echols presided at the crystal punchbowl.

Mackie Brooks was at the guest register, and other members of the houseparty were Mrs. H. L. Stamps and Mrs. Leroy Echols. About 100 attended the reception.

Immediately after the reception, the couple left for a wedding trip to San Antonio. The bride chose a white suit with black patent accessories for traveling. Upon their return, they will be at home in Coahoma, where Mr. DeVaney is engaged in farming.

Mrs. DeVaney was graduated from Coahoma High School with the class of 1954, where she has been cheer leader for the past three years. She was the band's drum major this past year. The bridegroom was graduated from Coahoma High School in 1952 and attended Eastern New Mexico University in Portales and Howard County Junior College.

GFWC To Discuss Guatemala Today

DENVER — Resolutions on Guatemala and world trade barriers are up for action today at the 63rd annual convention of the General Federation of Women's Clubs swings into its busiest session.

Officers will be elected during day-long voting by machine at convention hall. Mrs. Theodore S. Chapman, Jerseyville, Ill., is unopposed for president.

The liveliest election contest is between Miss Chloe Gifford, Lexington, Ky., and Mrs. J. W. Walker, Plainview, Tex., for second vice president. Mrs. R. I. C. Prout, Wakefield, Mich., is unopposed for first vice president.

The resolution on Guatemala is a last-minute proposal under "emergency business." Mrs. Zelo Woodford Schroeder, Grosse Pointe, Mich., chairman of the federation's international affairs department, has drafted the proposal for submission to the convention.

It says "leaders of the government of Guatemala have publicly endorsed and supported manifestations of international communism in that country." The resolution proposes that the federation "express sympathy and solidarity with the freedom-loving people of Guatemala and to assure them that free peoples everywhere hope that their inalienable rights may be safeguarded and preserved for them and their children."

Recent guests of Mr. and Mrs. Fred Roman were Mr. and Mrs. R. L. Henderson and Kenny of Abilene, Mr. and Mrs. George Strickland, Joe Reid, and Diane, and Mr. Minnie Murphy of Big Spring. Mr. Gene Haston and James Robert recently visited his parents in Fort Worth.

Recent guests of Mr. and Mrs. Edgar Alrhart were Mr. and Mrs. Jack Alrhart and family of Mineola, Mr. and Mrs. J. F. Alrhart and family of Artesia N. M., and Mrs. Dorie Thornton and daughter of Big Spring.

Mrs. Watson Given Farewell Party

Mrs. Charles Watson was the honoree Tuesday afternoon for an informal party in the home of Mrs. J. E. Hogan. The Watsons will leave soon for Austin, where they will make their home.

The refreshment table was covered with a brown linen cloth and centered with an arrangement of Japanese sunflowers and bells of Ireland in a basket.

The guest list included Mrs. Ted Groehl, Mrs. Jack Woodall, Mrs. John Dabryell, Mrs. P. W. Malone, Mrs. Arch Carson, Mrs. Larson Lloyd, Mrs. Joe Pond, Mrs. Roscoe Cowper, Mrs. Hubert Stipp, Mrs. Robert Stripping, Mrs. Carl Strom, Mrs. Coy Nalley, Mrs. Joe Blum, Mrs. H. M. Jarratt, Mrs. Herbert Keaton, Mrs. H. W. Smith, Mrs. G. T. Hall, Mrs. Anthony Hunt, Mrs. Clyde Angel, Mrs. E. B. McCormick and Mrs. K. H. McGibbon.

Mrs. Sutherland Is Delegate To THDA

At a meeting of the Fairview Home Demonstration Club in the home of Mrs. E. A. Williams Wednesday afternoon, Mrs. Daisy Sutherland was elected delegate to the THDA meeting to be held in Dallas August 11 through the 13.

Mrs. Williams gave the devotion from Matthew 7. The club repeated the club prayer, and roll call was answered with "My Favorite Craft." Mrs. D. W. Conway gave a demonstration of textile painting, for eight members and two guests. Mrs. Conway and Mrs. S. L. Lockhart.

The next meeting will be a covered dish luncheon in the home of Mrs. J. M. Smith on June 15. Mrs. Clyde Angel will show a film on cancer at the time.

Planters Have Garden Pilgrimage

The pilgrimage of the Planters Garden Club started Wednesday afternoon in the garden of Mrs. Dale Smith, 401 Hillside and went to the homes of Mrs. Raymond Moore, 428 Westover Road, Mrs. Bruce Frazier, 901 E. 15th, Mrs. D. W. Caldwell, 608 George, and Mrs. Allen Orr, 1401 Sycamore.

At the home of the club sponsor, Mrs. Cliff Wiley, the members were given a demonstration on how to pot an African Violet. The plants were furnished by Miss Carrie Schois of Caroline's Flower Shop, and each member was given plant. Mrs. Wiley also distributed iris rhizomes to the club.

A plant exchange is planned for June 8 at 6 p.m. in the home of Mrs. Smith. The hostess for the next regular meeting on June 16 will be Mrs. Moore. Mrs. Dewey Mark was hostess for the Wednesday meeting.

Jimmy Walker Feted On Fourth Birthday

KNOTT — Games were played and refreshments served at a party honoring Jimmy Walker on his fourth birthday. Guests were Larry and Linda Franklin, Lance Hopper, Pat and Mike Springer, Sharon Roman, David, Mike, and Lee Roman, Pat and Fran Thrallkill, and Dennis Walker.

Bible Schools Show Large Enrollment

All inquiries show that a large number of Big Spring young people have turned out to participate in the Vacation Bible School activities.

The First Baptist Church School, which is in session this week, shows an enrollment of 288 participants. 226 youngsters have enrolled at the Main Street Church of Christ. St. Paul's Lutheran Church has an average attendance of 36 pupils and teachers.

The Wesley Methodist Bible School, under the direction of Mrs. Elmer Askins, has about 80 pupils who registered Sunday morning. The school will continue through June 9. The St. Paul Presbyterian Church will have its Bible School program June 7-18 from 8:30-11:00 a.m. Mrs. Anson Lang will be in charge of directing the school.

Parrots Announce Birth Of Daughter

The parents of a new baby daughter born at 10 o'clock Wednesday night at the Medical Arts Clinic Hospital. Mother and daughter are doing nicely.

Adamson Is Favored In State Playoffs

By HAROLD V. RATLIFF

AUSTIN (U)—Adamson of Dallas was favored today to win the Texas Schoolboy Baseball Championship and it might be an All-Dallas final.

The Leopards knocked out what was considered the toughest team in the opening round yesterday as they dunked Odessa, 1-0.

Tonight Adamson plays Travis of Austin in one semi-final. Travis eliminated Texas City, 5-2.

Highland Park of Dallas, which took out Austin of El Paso, 4-1, clashes with Longview, which beat Ray of Corpus Christi, 3-0.

The opening round featured three great pitching exhibitions, all of them 1-hitters. But the hurler who caught the eye of the fans and the scouts was husky George Myers of Longview. Scouts for professional teams said the Longview football and baseball players had one of the finest assortments of pitches they had ever seen in the state tournament.

Myers limited what was supposed to be a heavy-hitting Ray team to a single blow and struck out 10 batters in sweeping Longview to the semi-finals.

But Myers is the heart of the Lobo team and they aren't likely to let him again tonight, so Highland Park might be the one to take out Longview and brush into the finals.

Adamson is the tournament favorite because it has three top pitchers. No other team has more than one. The first Adamson ace, Clifford (Red) Jones, limited Odessa to only one hit. Adamson got only two off Carl Carl Schlemeyer, the Odessa star who is quite a pitcher himself, but one of them was a vicious single to right field by Jim Samford that drove in the Adamson victory run in the sixth inning.

Bob Nelson, the second Adamson hurling star, will take the mound tonight against Travis.

Travis cashed in on the wisdom of Texas City pitchers to win its victory. Ott Lind, the Travis ace, had to be lifted in the seventh and Johnny Ballard got the side out. Lind got credit for the victory, however.

Slender Don Prealey pitched the third 1-hitter of the opening round as he turned back Austin of El Paso with a single in the last inning by Ed Carter. Prealey struck out 13 El Paso batters.

The Adamson-Travis game tonight starts at 7 o'clock. Longview and Highland Park meet at 9.

BOBBY JACK GROSS AND HIS TRACK LOOT

Gross To Enter Detroit Meet

Bobby Jack Gross, Texas A&M's mighty weight tosser, is home for the summer but he hasn't put his discus and shot put away.

Gross, who recently completed his junior year at College Station, is working out daily for the National Intercollegiate Track and Field Meet, which will be held in Detroit June 11-12.

Despite a wrist injury that would have caused a less courageous person to call it quits long ago, the good-looking youngster never broke stride in training and climaxed a sensational year by being named the most valuable man on the Aggie track team.

In all, he won 19 first places in meets across the country during the spring campaigns, ten in the shot put and nine in the discus.

His big thrill, perhaps, came in the Southern AAU Meet at Houston last weekend, when he shattered Darrow Hooper's discus record with a throw of 161 feet. Hooper's mark was 158' 7 1/2", set last year.

Gross scored double victories in the weights in an early season meet with the University of Missouri, at College Station, at the Border Olympics in Laredo, a triangular meet with Texas and the University of Houston at Houston, a triangular meet with LSU and Rice at Houston, a triangular meet with SMU and Rice at Dallas, a triangular meet with A&C and North Texas at College Station and the Southwest Conference Meet at Waco.

In addition, he was first in the shot and fourth in the discus at the Texas Relays in Austin, second in both the shot and discus in the Kansas Relays, fourth in the shot and third in the discus in the Drake Relays at Des Moines, first in the shot and third in the discus in the quadrangular meet between Southern California, Texas, Texas A&M and SMU at Dallas and first in the discus in the Southern AAU at Houston, where he did not throw the shot.

At the Texas Relays, Gross cut loose with a discus throw of 162 feet but lost out when the judges said he fouled. It was generally agreed that the judges were in error on the point, that he had remained within the confines of the throwing area. Too, the ring did not conform with regulations.

Gross never knew he hurt his wrist. It became sore the Sunday following the Texas Relays and bothered him at Kansas. It proved very painful at Des Moines, when he made his worst showing.

Oddly enough, it hurts him very little when he huris the discus but is a real bother when he fouls with the shot.

He has thrown the discus 165 feet in practice.

At the Kansas Relays, Minnesota's Holtz beat him with a toss of 157' 5" in the shot put, which beat anything the Minnesotan had done previously by three feet.

Gross will be the only Aggie entered in the National Intercollegiate. He tried to enter the NAIA

meet in Abilene this weekend but was denied the chance. He was advised that track carnival was for boys from small schools, only.

Bobby Jack, a workhorse full-back on the football team when he attended high school here, is up to 195 pounds now, all of which is distributed very well. He carried 170 pounds when in school here.

The Olympic Games are two years away but Gross is a good bet to make the United States team, if he keeps improving. He figures he'd have already done 55 feet or better in the shot put, had not his injury occurred, and he's a very modest kid, not inclined to heap praise upon himself.

With his capacity for work and his reluctance to depart from a rigid training schedule, he's apt to be among the front runners in 1956, when it comes time to call the roll.

Western Open Gets Under Way

CINCINNATI (U)—The Western Open Golf Tournament, an affair that dates back to 1899, opened here today and predictions were that a 10-under-par 274 would be good enough for the title.

A field of 131 players was listed to start the four-day grid over a Kenwood Country Club course in the battle for \$15,000 worth of prize money.

Ben Hogan and Sam Snead failed to enter but except for them the field included virtually all the nation's other top stars.

The chase for the championship looked like a wide-open affair but such stars as Lloyd Mangrum, Niles, Ill., a former National Open and Western champion; Julius Boros, Mid-Pines, N.C.; Johnny Palmer, Charlotte, N.C.; winner of last week's Colonial Invitational; Ted Kroll, New Hartford, N.Y.; Tommy Bolt, Houston, Tex.; Doug Ford, Yonkers, N.Y.; Jack Burke Jr., Klamath Lake, W.Y.; and Art Wall Jr., Pocono Manor, Pa., were mentioned as the major threats to defending champion E. J. (Dutch) Harrison, Ardmore, Okla.

Dr. Cary Middlecott, Memphis, Tenn., usually a threat, sent word he would be unable to play because of ill health.

Jimmy Bond Will Attend A&M

PAMPA (U)—Texas A&M College has landed Jimmy Bond, all-state basketball center for Pampa High School for the past two years.

The 6-5 Harvester star signed a letter of intent to attend A&M yesterday. Aggie Coach John Floyd was in Pampa for the signing.

Bond failed to miss a game for Pampa during the last three years, scoring 1,496 during that time. The Harvesters have won the Class AAAA cage crown two years in a row.

Pioneers Take Charge Again In WT-NM Loop

By The Associated Press

The Clovis Pioneers, with an assist from Berger, were in unassisted control of the West Texas-New Mexico League lead today.

Red Dial of the Pioneers came out on top of George Socha of the Albuquerque Dukes in a pitching battle which the Clovis team won 3-2, with the help of a four-hit eighth inning.

Amarillo, which went into last night's contest tied for first with Clovis, dropped a decision 6-1 to the Berger Gassers' new pitching ace, Dave Anderson.

Anderson, fireballing his first game for the WT-NM club, held the Gold Sox to four hits and gave the Gassers hope of an eventual rise from their spot one above the cellar.

Last-place Lubbock also had a better than average night, walloping third-place Pampa, 9-8. Plainview staged a seven-run rally in the seventh to edge Abilene, 8-7.

Dial allowed Albuquerque only five hits while Socha yielded nine, spacing five one-to-an-inning before allowing the four blows in the eighth for the tying and winning runs.

The Berger-Amarillo contest was protested by Manager Ted Claviter after a first-inning hassle over a base umpire's decision ruling Amarillo runner Frank Kempa out on interference. He finished the game under protest.

Harry Radebaugh, who relieved starter Milt Ardrey in the third, took credit for the first Lubbock win in many a game. Jake Hanson took the loss.

Cedil Davis, whose homer put out one fire against Abilene Tuesday night, was called in again to save Plainview's bacon in last night's contest. The reliever was called in in the eighth to quell a Blue Sox rally. Abilene's Andy Alonso had a three-hit working out in his record was spoiled by the seven Plainview clouts in the seventh.

Artesia Gains First Place In Longhorn League Race

By The Associated Press

Artesia's Numexers rode atop the Longhorn League standings Thursday for the first time since the opening week of the season.

The Numexers wrestled the league lead from Roswell Wednesday night with a 7-3 victory over the Rockets, who had been in command since April 25.

Other Wednesday night scores included a pair of 5-3 wins by Midland over San Angelo, Carlsbad's 9-4 triumph over Big Spring and Odessa's 20-7 rout of Sweetwater.

Wednesday night's victory gave Artesia a sweep of the two-game series with Roswell. It was the 15th win in the last 13 starts for the Numexers.

The last night Artesia was in first place was April 21—two days after the season opened. The Numexers dropped to third the next day and until Wednesday had spent most of the time since then squabbling with Midland over second place.

Pots Score Six In 6th To Win Over Cayuses

Pepper Martin and his Big Spring Bronco limp out of town today, still seeking a way to return to the victory road.

The Steeds were licking their wounds this morning after suffering a 5-3 defeat at the hands of Carlsbad here Wednesday night.

In that one, Big Spring was in command until the sixth, when the Potashers put together six of the cheapest kind of base hits with two errors and a misplay to score six times.

Big Spring had gotten away to a fast start, spiking the dish with two runs in the first and another in the second. Just about the time the 404 spectators on hand thought the lead was going to hold up, the Potashers picked themselves up off the mat.

Frank Maren started on the mound for Big Spring and looked better than he has all year—until the enemy's big inning.

Carlsbad collected only one extra base hit in the sixth, at which time it sent 11 men to bat. That was a double by Elias Osorio that scored two runs.

Al Mendoza and Bob Martin followed Maren to the hill. Each did quite well.

The win went to Gene Wolf, recently in from Yakima, Wash., of the Western International League. He didn't finish, however. Darío Jimenez had to take over in the eighth, after Wolf tired.

The loss was the third in a row for the Bronco, who tonight moved to Odessa to open a two game series with the Oilers. Aramis Arcebia is apt to get the mound call for Big Spring.

DIAMOND DUST—Meddell Lagrone paced the Bronco attack with a double and two singles. Julio Delatorre didn't start the game for Big Spring, due to an ankle injury. He appeared as a pinch hitter for Maren in the seventh, however.

Bronco rightfielder Johnny O'Neil started a double play in the fifth when he accepted Wolf's fly ball, although he bounced the ball into first to catch Oliver Hardy.

The fielding of Tony Martinez was little short of sensational around first base. A number of the fans came wrapped in blankets, as a cool wind blew in from the east. Bob Martin twice tried to steal second base. He made it in the first but was arrested on a throw by Art Herring to Hardy in the fifth.

Hooper Is Named To Succeed Gilliam

Barney Hooper has been named grounds superintendent for the Tri-

ity Memorial Park, succeeding G. E. (Red) Gilliam who resigned, O. C. Shapland, manager, announced today. Hooper previously was employed in Odessa. He is a native of Big

Spring, Gilliam, who has been associated with Shapland since September of 1950, said he was resigning to devote full time to politics. One pair of houseflies and their progeny, if all survived, could produce 191 quintillion flies in a season weighing 9 1/2 trillion tons.

President Concerned With Solons' Inaction

By MARVIN L. ARROWSMITH WASHINGTON (AP)—President Eisenhower's decision to go to the people with his legislative program reportedly is based on growing administration concern over building a record for the campaign to maintain Republican control of Congress.

With the target date for adjournment of Congress just two months off and with November election campaigns already getting started, Eisenhower is pictured by associates as determined to do what he can to speed up the pace on his program.

He reflected such determination at his news conference yesterday in:

1. Virtually barring from now on questions which deal with controversy over the activities of Sen. McCarthy (R-Wis). Eisenhower has indicated several times he

feels that controversy is diverting attention from the administration's program.

2. Saying that enactment of the program is so important to the welfare of the nation that he intends to give it what he called his exclusive attention.

The President said he is going to talk about the program with everyone he sees—the public generally, members of Congress, and newsmen every time he meets with them.

He ticked off his proposals dealing with farm legislation, tax revision, foreign trade, health, housing and social security. In none of those fields has Congress completed action.

It has, in fact, approved only two major items in his program: the St. Lawrence seaway and a highway construction program.

At earlier news conferences Eisenhower has indicated impatience over the pace with which his program is moving in Congress. And he has said the Republicans won't deserve to win in November unless they can point to enactment of a dynamic and progressive program.

Eisenhower aides who asked not to be named said he plans to pound at a need for speedy action in just about every speech he makes during the next two months.

The National Citizens for Eisenhower Congressional Committee made public late yesterday a May 20 letter from Eisenhower saying his program "will stand or fall at the polls in November."

"We must have a strong and favorable majority in Congress" he said, "if we are to complete the job we began together in Abilene two years ago." He said the challenge is "tremendous."

Automobile Offered For Naming Car In Special Contest

Someone in Big Spring has a chance to win a new Nash Metropolitan Sportster.

It is the Grand Prize among 587 prizes being offered by the makers of Skinner Raisin Bran in a "Name the Car of the Future" contest.

The Skinner contest is simple and easy to enter. Entry blanks will be available in all local grocery stores June 6.

The entry blanks picture a futuristic car, which the Skinner Company had designed for the contest. The contestant is required to give the car a name. A company representative said that entries will be judged on originality, sincerity, and aptness of thought.

Other prizes in the contest include Bendix television and radio sets; the new Doughboy plastic family swimming pools. These may be used in any backyard and are 18 feet wide and 3 feet deep.

The contest has appeal for boys and girls as well as adults, as other prizes include bicycles, coaster wagons, roller skates, tinker toy sets, and plastic water animals.

Reporter Passes Up Story About Himself

LINCOLN, Neb. (AP)—Veteran Lincoln Journal City Hall reporter Phil Wadhams passed up a story yesterday.

to see that the paper got it. The story was about a resolution the City Council passed congratulating Wadhams for his "consistently high plane of reporting on city affairs rendered since 1913, and the spirit of honesty, integrity and cooperation which has always characterized his work."

McFarland To Seek Arizona Governorship

FLORENCE, Ariz. (AP)—Former U.S. Sen. Ernest W. McFarland has entered the race for the Democratic nomination for governor of Arizona.

LT. HALL AND FAMILY

Lt. Hall Wins Promotion, Now Gets \$49.50 A Week

By CLIFTON LAWHORNE
Lt. Robert E. Hall, commander of the Big Spring Salvation Army post, was notified this week of a raise in salary which places him in the same pay bracket as the organization's state commander. The raise was for \$1, and Lt. Hall's salary is now \$49.50 per week. Though the figure doesn't sound so high, Lt. Hall explains that it is "pretty good" so far as Salvation Army salaries go. Base pay in the Army for a married man is only \$37.50 weekly, and the Texas commander, Col. John A. Morrison makes barely in excess of \$50 each week. Occasion for Lt. Hall's raise in pay was a promotion. He was moved up one notch—from second to first lieutenant. Each promotion, he points out, means an increase in salary of \$1. Since he has received two promotions (the other from probationary officer to second lieutenant), his salary increases have totalled \$2 during his five years service. Reason that Hall's salary is quite a bit in excess of base pay is his two children. The Army allows him \$5.50 for seven-year-old Janet Hall and \$4.50 for his infant daughter, Beverly Jo. This \$10 added to the \$2 in raises and the \$37.50 base makes the total of \$49.50. Lt. Hall says that lodging is the

only "extra" which he and his family receive from Salvation Army work. He must pay for food, clothing, personal car, uniform expenses, etc. The Hall family also returns a tithe plus a dollar each week for retirement benefits. "We're not suffering by a long shot," he said. "A matter of consecration makes the sacrifice worth while." Notification of Lt. Hall's promotion was received this week from the territorial headquarters at Atlanta, Ga. His first lieutenantcy was effective May 10, according to the communication. The local officer also was informed that he passed the regular five-year review. Lt. Hall and his wife, Mrs. Elaine Hall, have been in Big Spring almost two years, coming here in August, 1952, from Littlefield. They had spent two years in Littlefield in charge of Army operations there. Before that the couple had been in charge of the Salvation Army Youth Center in Austin. Both Lt. and Mrs. Hall are ordained ministers. Actually Mrs. Hall, who is also a lieutenant, has been in Salvation Army work longer than her husband. Graduating from high school in 1942 at Houston, she started to work as a secretary but later attended the Salvation Army

Training College in Atlanta. Graduating in 1944, she was sent to Tyler and later worked in Fort Worth. She left the Salvation Army in January, 1946, and returned to Houston so that she and Hall could be married. At that time Hall had just been separated from the Navy, having served in the South Pacific as a signalman. He, like his wife, had attended school at Houston. Since Salvation Army regulations called for a two-year engagement period, Mrs. Hall quit so she and her husband could get married. Two years later, Hall attended the Salvation Army Training College in Atlanta, accompanied by his wife. Both say they have been entirely happy in their work, pointing out that there are many compensations for their tasks. "Our pay is adequate," Hall said. "The Salvation Army scale is set up according to the need of the officers, and as long as we can get along like we are, we're happy." Lt. Hall, pointing to the salary received by single officers, says things could be worse. A single man's base pay is only \$27 per week, and he must pay \$10 of it back to the Army for room and board.

Oil Importers Plan Cutbacks

AUSTIN (AP)—Two major oil importers have told the Railroad Commission they plan to cut imports this year. Commission Chairman Ernest Thompson said today two other firms are "seriously considering" similar action to help offset excessive stocks of crude and gasoline. Thompson, persistent critic of imports which cut domestic production, said he hopes other companies will follow the example of Standard Oil Co. of New Jersey and the Texas Co. In response to a commission questionnaire on import plans, Standard Chairman Eugene Holman reported it will cut its flow of incoming foreign oil 14,000 barrels daily, beginning this month. The Texas Co. said it will cut 14 per cent below the 62,000 barrels per day it had planned this month.

Bobby Jack Gross Is Added To Summer Recreation Staff

Another member has been added to the summer citywide recreational program staff. He is Bobby Jack Gross, son of Mr. and Mrs. Eugene Gross. The connection was announced Wednesday by B. B. Lees, director, and will become effective June 15. Lees and Grover Good, executive secretary of the YMCA, may attempt to open the work at Kate Morrison and Lakeview school areas, where Gross will be assigned, prior to his arrival. Gross already was committed to represent Texas A&M at the NAIA track meet in Abilene on June 4 and the NCAA at Detroit, Mich., on June 9-14. A graduate of Big Spring High School where he lettered two years in football and basketball, three years in track and was senior class president, Gross has lettered the past two years in track at A&M. He won the shot put and discus events in the Southwest Conference meet, was high point man and was chosen most valuable man on the Aggie track squad. All youngsters are invited to participate in the playground activities at junior high, said Lees. Harold Rosson, supervisor, is on duty there. No organized program will be attempted this week but between 8:30 a.m. and noon, and 1:30 p.m. and 5:30 p.m. there will be volleyball, basketball, softball, and some tumbling activities for those who come.

Court To Rule On Auto Tax Division

AUSTIN (AP)—The Supreme Court will rule on how a county's portion of the auto certificate of title fee should be split. The court has agreed to review a dispute between Jim Robinson, individually and as assessor-collector of taxes for Wichita County, and the county, on division of the fee. The state charges 50 cents for issuing auto certificates of title. Half goes to the state automatically and the state's share is not involved in this suit. The division of the county's half, or 25 cents, is involved. The appeal was sought by Wichita County.

Virginia Wins Safety Laurels

CHICAGO (AP)—Winners in the 1953 national traffic safety contest were announced Wednesday with top honors going to Virginia. The contest was conducted by the National Safety Council. The awards were based on which cities and states came nearest to doing the most for traffic safety. The contest was scored on the basis of 1,000 points divided between traffic deaths and the traffic safety program. First-place winners among states included Virginia (Southern states, plus the grand award) and Oklahoma (Midwestern). Award-winning cities included Los Angeles (one million and up group), Phoenix, Ariz. (100,000-200,000), Kalamazoo, Mich. (50,000-100,000), Wausau, Wis., (25,000-50,000 plus the grand award) and Garden City, Kan., (10,000-25,000).

Yankee In Disguise? Prisoner Asks Jurist

HOUSTON (AP)—A federal prisoner recently wrote Judge Allen Hanny asking him to get out of prison. He appealed "in the name of Gen. Sam Houston and as a loyal, fellow Texan." The request ended with this: "I pray to God you are not a Yankee in disguise."

Golf With Democrat

WASHINGTON, June 2 (AP)—President Eisenhower today selected a Southern Democrat—Sen. Smathers of Florida—for a golf companion at Burning Tree Country Club in nearby Maryland.

MRS. W. F. TAYLOR

No Finicky Appetites Around Taylor Home

"With a 'Mixed Quartette' of children to feed there was never any worry about my cooking not being eaten," said Mrs. W. F. Taylor, in talking about the two luscious-sounding foods, which her family delights in eating.

She says that she has worked in a gift shop, where her husband was always her boss. Her chosen profession, though, is homemaking and all that goes with it—remembering birthdays and other holidays and entertaining.

There was never any time for a hobby, other than the life-sized one of rearing and educating children. Now that there are grandchildren, Mrs. Taylor says that she is like all other grandparents. She considers them her hobby. She believes that grandparents must enjoy talking about their grandchildren almost as much as talking about their children.

Here are the recipes for the delicious food that those lucky children and grandchildren are served when they come for a visit:

ICE-BOX GINGERBREAD

Ingredients:
1 cup butter or margarine
1 cup sugar
4 eggs
1 cup dark molasses
4 cups flour
2 teaspoons soda

2 teaspoons ginger
1/4 teaspoon allspice
1 cup sour milk
1 teaspoon salt

Method:

Cream butter or margarine with sugar and add eggs, one at a time, beating well after each addition. Stir in molasses, and beat well. Sift flour, soda, salt and spices and add to first mixture, alternately with the sour milk. This may be covered with waxed paper and kept in the refrigerator until it is wanted. It will keep well for days. When ready to cook, fill muffin tins about half full and bake in 350 degree oven about 19 minutes.

PINEAPPLE ICE BOX CAKE

Ingredients:
1 cup butter
1 1/2 cups sugar
1 package lemon flavored gelatin
1/4 cup hot pineapple juice
4 eggs
1 cup cold pineapple juice
1 cup drained crushed pineapple
1 1/2 pounds crushed vanilla wafers

Method:
Cream butter with sugar. Dissolve gelatin in hot pineapple juice. Add egg yolks, cold pineapple juice, and crushed pineapple. Mix well and add wafers and nuts. Then add egg whites. Store in refrigerator in oblong pyrex dish.

Different Kinds Of Cookies Made From This Basic Mix

To make cookie baking even simpler, it is possible to make different kinds of cookies with one basic cookie mix. The cookies made from carousel cookie mix, a brown-sugar oatmeal cookie, go round from drop cookies, bars, chewie cookies, ice box cookies and back to drop cookies with an orange flavor.

This recipe makes 12 cups of basic mix from which the amount of cookies needed may be baked and the rest of the mix stored for future use.

CAROUSEL COOKIE MIX

4 cups sifted enriched flour
2 teaspoons baking powder
2 teaspoons soda

2 teaspoons salt
2 cups brown sugar
1 1/2 cups hydrogenated shortening
4 cups rolled oats

Sift together flour, baking powder, soda and salt three times. Mix in brown sugar. Cut in shortening until mixture resembles fine crumbs. Add rolled oats, mixing thoroughly. Store in covered container at room temperature.

Among the many variations that may be made with this basic mix are:

DAREDEVIL DROPS

2 cups cookie mix
1/4 cup melted butter
1/4 teaspoon almond flavoring
Chocolate shot

Mix together cookie mix, butter and flavoring thoroughly. For each cookie, drop a teaspoon of dough into chocolate shot. Place chocolate side up on ungreased cookie sheet. Bake in a moderate oven (375 degrees F.) 12 to 15 minutes. Makes two dozen cookies.

RIBBON BARS

2-3 cup pitted cooked prunes
2-3 cup cooked dried apricots
1-3 cup water
1-3 cup sugar
2 cups cookie mix

Cook prunes, apricots, water and sugar together in saucepan until thick, stirring frequently. Sprinkle one cup cookie mix over the bottom of ungreased 7 x 11-inch pan. Cover with even layer of fruit mixture. Sprinkle remaining cup of cookie mix evenly over fruit layer and press down. Bake in a moderate oven (350 degrees F.) 25 to 40 minutes. Cool and cut into squares. Makes 25 bars.

Leftover Problem

You'll probably have leftovers when you cook a smoked tongue. Don't forget you can use the tongue in a jellied loaf, with potatoes and onions in hash, in a stuffing for green peppers, with celery and mayonnaise for sandwich filling.

Different Salad

Here's a good variation on Waldorf salad. Instead of using apples, dice peeled fresh pears and mix with celery, walnuts and mayonnaise. Serve on salad greens and sprinkle with a little paprika.

Rhubarb Pandowdy Is Test Of Good Cook

Such straight and rosy stalks! Such tender young green leaves! Rhubarb is here, ready to put good cooks to a test. We say this because rhubarb needs the right amount of sweetening, or it needs good pastry or biscuit dough or teaming with fruit to bring out its culinary charms.

One of the most delicious ways to use rhubarb is an old-fashioned pandowdy. Webster says that a pandowdy is "a deep pie or pudding often sweetened with molasses." It is true that old-time recipes did call for molasses as a sweetener in this dessert, but nowadays most pandowdy recipes call for sugar.

We like the topping on the Rhubarb Pandowdy, for which we are giving you the recipe today, because the bran used in it adds an interesting texture and flavor that goes well with the sweet soft fruit underneath. The bran in the biscuit dough is a modern innovation—but a good one.

It may be that you like Rhubarb Pandowdy plain. Our family enjoys it with embellishment. So when we serve it we pass cream—plain or whipped and slightly sweetened—or soft custard sauce.

In cutting rhubarb, put it on a board and use a sharp knife with straight quick strokes so that it won't "string."

When you have a bowl of stewed rhubarb in the refrigerator, you can concoct some interesting compotes with it. One good one is made by spooning the rhubarb over sliced bananas; for six servings

use three bananas with a pound of rhubarb that has been stewed. Another time add strawberries just as you take the stewed rhubarb off the range then serve right away or chill. And for a special occasion serve chilled stewed rhubarb over a medley of bananas, strawberries and fresh pineapple. For use in all these compotes, the rhubarb should be cut in about one-inch pieces and carefully cooked so that it keeps its shape.

RHUBARB PANDOWDY

Ingredients:
4 cups diced fresh rhubarb (about 1/4-inch slices)
1 cup sugar
1 teaspoon butter or margarine
1/2 cup ready-to-eat bran
1/2 cup milk
1 1/2 cups sifted flour
3 teaspoons baking powder
1 teaspoon salt
2 tablespoons sugar
1-3 cup shortening

Method:

Put rhubarb in baking pan (about 8 by 10 inches); sprinkle with 1 cup sugar and dot with butter. Add bran to milk to soak. Sift together the flour, baking powder, salt and 2 tablespoons sugar. Cut in shortening until mixture resembles coarse cornmeal. Add bran-milk; stir only until flour is moistened. Drop small spoonfuls of the dough onto the rhubarb and spread gently so it will cover rhubarb. Or turn dough out on floured board, roll to fit top of baking dish and place on top of rhubarb. Bake in moderate (375F) oven 30 to 40 minutes. Serve warm. Makes 6 to 8 servings.

Peanut Candy Will Keep If Frozen

Peanut candies may be kept fresh for as long as two years if they are well packaged and stored at zero degrees, the Georgia experiment station reports as a result of recent research in co-operation with the confectioners and refrigeration industries. The station made a series of studies of 200 kinds of peanut candies stored at temperatures ranging from minus 10 to 100 degrees. The studies showed that refrigeration can be used to great advantage in preserving fresh color, aroma and flavor of these candies, in retarding staleness and rancidity and in preventing insect infestation.

About 120 million pounds of peanuts are used annually in candies, the station says. Thus, candy is an important outlet for the peanut crop. Not only are peanut candies popular for their flavor, but they also contribute nutrients in which the peanut is rich, such as protein and B vitamins.

When candies were stored at temperatures above zero, the studies showed that the higher the temperature, the shorter the time that candy keeps well. For example, peanut candies stored at 32 degrees and 50 per cent relative humidity kept well for a year; at 50 degrees, they keep well only half as long; at 70 degrees they kept

at their best only for a few weeks.

Peanut brittle and spun peanut butter bars need lower temperature and humidity than most other peanut candies. Peanut brittle tends to become rancid and dark in a warm place and, if the humidity is high, absorbs moisture and becomes sticky. Chocolate coatings on peanut candies help in keeping the candy, the studies showed. But all candies need wrappings to protect them against absorbing moisture in storage, the station reports.

International Dish Comes Out Of Can

Canned meat takes in an international flavor when it is made into

best Stroganoff which may be served over rice or noodles.

BEEF STROGANOFF
1 4-ounce can mushrooms
1/4 cup chopped onion
1 can condensed tomato soup
2 12-ounce cans roast beef
1/4 cup sour cream
1/4 teaspoon Tabasco
3 cups hot cooked rice
Drain mushroom liquid into skillet; add onion. Cook until onion is tender and liquid is evaporated. Stir in tomato soup. Break up roast beef into pieces with fork. Add to skillet with mushrooms; heat to serving temperature. Stir in sour cream and Tabasco. Turn into serving dish; surround with hot cooked rice. Makes four to six servings.

Mrs. Tucker says...

"You'll TASTE the Difference in TRIPLE Guaranteed Premium Grade MEADOLAKE"

The main reason so many women are raving about Meadolake these days is because it simply tastes better! If you don't say Meadolake's flavor is better than ANY other margarine for spreading, seasoning or baking, send the carton end flap to Mrs. Tucker, Sherman, Texas, telling her what you don't like about it and she will send you \$1.00 for your trouble! Treat your family to premium quality Meadolake today.

Dozen Guests Would Go For Pineapple Trifle

By CECILY BROWNSTONE
Associated Press Food Editor

"What shall I serve 12 people for dessert?" That's a query we often get when our friends are giving a buffet supper or just having guests for coffee and dessert in the evening.

A trifle, styled after the famous English sweet, is one answer. It can be made in the morning, or even the day before the party and refrigerated. Then just before serving, if you use a spring-form pan, it can be slipped onto a plate. Or if your kitchen doesn't boast a large spring-form pan, you can make the trifle in a casserole. It will still look pretty because of its garnished top, and you can cut it in front of your company.

There are various schools of thought when it comes to trifle. Mrs. Beeton, famous 19th Century English cookery author, has four recipes for this dessert. But one thing is sure—most classic trifles call for sponge cake or lady fingers; strawberry or raspberry jam, custard and whipped cream. Mrs. Beeton usually calls for some macaroons along with the sponge cake or lady fingers, but our version omits these; we use packaged vanilla pudding, too, instead of custard, and we add pineapple tidbits.

When I made this Pineapple Trifle recently for a supper party my sister was giving, we had onion soup, chicken, stuffed baked potatoes and green peas on the menu. The soup was a prepared mix; the chickens were spit-roasted, two at a time, on the electric rotisserie; the potatoes had chopped pimientos and scallions added to their filling; the peas were quick-frozen. Instead of salad, there were attractive dishes of radishes, carrot strips and olives on the table. Our guests enjoyed the Pineapple Trifle very much after this combination, probably because while it is a substantial dessert, it also has a quality of lightness.

PINEAPPLE TRIFLE

Ingredients:
36 lady fingers
1 cup raspberry jam
1 No. 2 can pineapple tidbits (drained)
2 packages vanilla pudding
4 cups milk
1 cup cream
8 whole blanched toasted almonds
2 red maraschino cherries, angelica or green maraschino cherries

Method:

Split lady fingers in half lengthwise and spread each half with jam. Stand lady finger halves on end, jam side to the center, around the edge of a 10-inch spring-form pan or straight-sided, casserole. Place half of the remaining lady fingers jam side up, in an even layer in the bottom of the pan or casserole; arrange half of the pineapple tidbits over them. Prepare vanilla pudding according to package directions, using 4 cups milk. While the pudding is still hot, pour half of it over the pineapple layer. Repeat layers of lady fingers, pineapple and pudding in the same order and chill dessert thoroughly. (Reserve 4 pineapple tidbits for garnishing.) Refrigerate. Just before serving, remove sides of spring-form pan and place trifle on serving plate; or serve from casserole. Split reserved pineapple tidbits in half. Make two

Leftover Veal

When you have some veal roast leftover, dice it and mix with celery crescents and diced apples; if you use red apples, the peel may be left on. Either mayonnaise or French dressing may be used for this salad and it should be served on lettuce or other greens.

flowers by placing a cherry in the center of each, and arranging pineapple pieces and almonds alternately around cherry for petals. Make stems of angelica or sliced green maraschino cherries. Whip cream, sweeten to taste and flavor with vanilla; spoon cream around edge of trifle. Makes 12 to 14 servings.

3 cheers for the family with Swift's Sherbet

• Here are three easy ways to perk up wilted family appetites—a tall, frosty beverage, a colorful salad, a tempting dessert. Just goes to show what cool tricks you can do with Swift's Sherbet—at mealtimes and between times!

Once you've tasted Swift's Sherbet, you'll never be happy with any other kind! Swift's new recipe captures the true fruit flavor... brings you icy-cool refreshment for hot summer days. Wonderful flavors, too—tart and tangy with all the zest of the fruit itself. Your choice of Lemon, Lime, Orange, Pineapple and Raspberry.

Be sure you get the new Swift's Sherbet next time you shop. Give your family this special taste thrill soon—and often!

Swift...to serve your family better!

Swift & Company presents Don McNeill's BREAKFAST CLUB over ABC. Listen regularly.

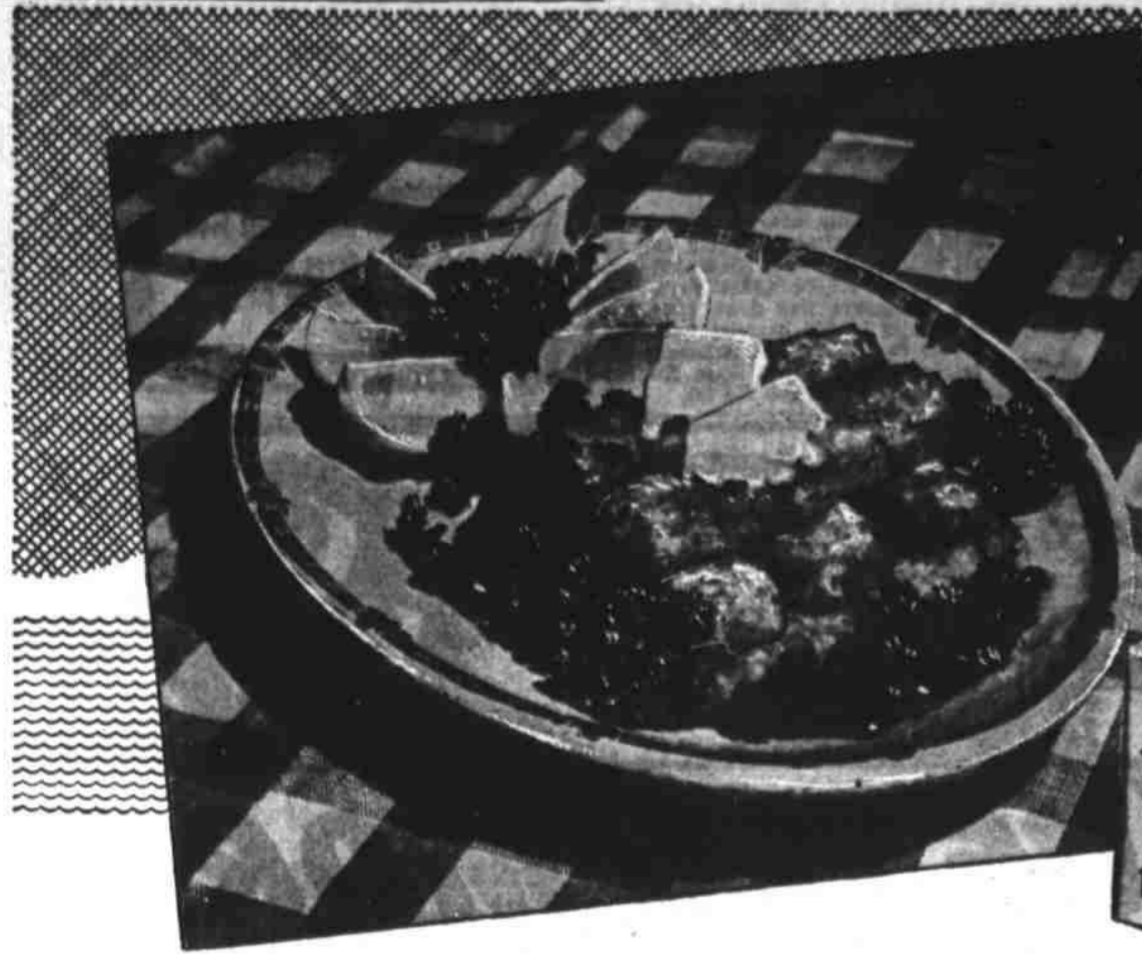

ANGEL HALO
Sprinkle coarsely chopped nuts over square of angel food cake. Top with generous scoop of raspberry sherbet. Gala and good!

COPA COOLER
Place a large scoop of frosty lemon or lime sherbet into a tall glass. Fill to the brim with bubbly, ice cold ginger ale. Different and delightful!

PARTY FRUIT PLATE
Alternate peach halves and pineapple slices around a mound of orange sherbet on crisp lettuce. Elegant and easy!

Get refreshing Swift's Sherbet wherever Swift's Ice Cream is sold!

President Finds Frustrations In 'Toughest Job'

By ARTHUR EDSON
WASHINGTON, June 3 (AP)—Dwight D. Eisenhower, now a third of the way around the presidential course, Wednesday told how it feels to hold down what must be the toughest job in the world.

His view: Frustrating, with a lot of inhibitions. The President used the word in the sense of "prohibitions." But, he said, it's still a source of inspiration.

The subject came up when it was pointed out at his news conference that he now has completed a third of his term. Would he like to say whether it has gone the way he thought it would?

Eisenhower grinned, and said he had mentioned before he didn't enter the position with any idea it was going to be a picnic.

But along with the frustration, he said there was inspiration from many quarters where you least expect it. Things that were done quietly, he said, but were highly pleasant and inspiring to the President.

Then he turned to an incident of a couple of weeks ago, when he was visited by 18-year-old Sandra Miskelly of Keene, N.H.

Without mentioning her name—she called her a little girl—Eisenhower said she had been knocked out of her visit two years earlier by an attack of polio. Later, he said, in her determination to be able to walk again, she had broken both her legs.

The President didn't mention another detail that came out at the time of her visit. While recovering, she kept up with her classes by telephone, and was graduated as valedictorian.

When you see courage like that, Eisenhower said, you don't feel very sorry for yourself.

After all the squabbling and bickering of the Army-McCarthy hearings, it was a relief to look in on a President who appeared relaxed and at ease.

Eisenhower got a laugh when he was asked about a statement that the Democrats were riding on his coattails. That he said, could be a very dangerous business because when you're riding a man's coattails you don't know where you're going.

One possible reason for his relaxed mood: At the start he had ruled out questions on the hottest issue hereabouts, Sen. McCarthy (R-Wis).

But, even so, he was asked by a reporter if he thought McCarthy was riding his program on Capitol Hill.

Riding

THE GRUB LINE

With Franklin Reynolds

The second Annual Homecoming of Borden County Pioneers will be held at Gall next Sunday.

It is sponsored by the Borden County Sheriff's Posse, of which Sheriff Sid Reeder is president, and W. L. Wilson is secretary.

In order to give everybody an opportunity to attend the church of their choice, or to reach the scene of festivities in time, the official homecoming program will not start until 1 p.m., when a barbecue dinner will be served. Before, during and after the dinner, of course, there will be a lot of visiting.

The program will be presented in the High School Gymnasium at 3 p.m.

There's nothing anywhere else that equals the way the good ladies of Borden County bake cakes and bread and make pies and salads and cook up vegetables and provide all the trimmings, and everything to go with the barbecue that is cooked by the possemen for these events.

There will be hundreds of people there, many of them coming great distances.

The Tarzan Marketing Association, in cooperation with manufacturers of fertilizers and insecticides sold in Martin County, is sponsoring a countywide 4-H Club cotton growing contest this year.

There are both irrigated and dryland divisions of the contest with five prizes, \$40, \$30, \$25 and \$15 in each. The rules provide, with a recollection of the drought, that in event of a "complete dryland failure" all the prize money will be paid out in the irrigated farming division.

Participation of the fertilizer and insecticide manufacturers in the contest, County Agent Ralph Jones explains, does not mean that their products have to be used, or that any fertilizer or insecticide at all must be used. It's just simply a contest to see which member of the 4-H Club can grow the best cotton while using his own judgment about seed, planting, cultivation and chemicals in either the form of poison or fertilizer.

The purpose of the contest Jones explains, are to encourage the growing of better cotton; to learn to reduce production cost through more efficient methods; to improve soil fertility and to increase yields; to control cotton insects, and to encourage more boys to participate in 4-H Club work.

The rules require that a complete record be kept on the crop, and

any boy or girl in Martin County, who is a 4-H Club member, is eligible to participate in the contest. They must have at least two acres of irrigated cotton or at least five acres of dryland cotton. No contestant may have both irrigated and dryland cotton. They must farm either one way or the other, but not both.

The contestant must produce at least one bale of cotton, and the contest plot must be plainly marked off by July 1. After that date the location of the contest cotton cannot be changed. Likewise, all entries in the contest must be in the hands of the county agent on or before July 1.

All work in the cotton, so far as possible, must be done by the contestant, and all record books, gin receipts and grade cards must be completed and turned in to the county agent not later than January 15, 1955.

Partnerships between two individual 4-H Club members are permissible. The score card for judging dryland cotton provides 10 points for land preparation; 10 points for seed quality; five points for seed treatment to control disease; 10 points for cultivation and weed control; five points for insect control when necessary; 10 points for yield of lint cotton; 10 points for grade; 10 points for staple; 15 points for the record book showing all income and expenses; and 15 points for the story of the cotton crop.

This score card is designed to show land preparation, planting and cultivation and all methods used; the dates of land preparation, planting and cultivation; dates and amounts of rainfall; dates of insect control measures, type of poison and method of application; dates of harvesting, and any other important information about the crop.

The score card for irrigated cotton provides seven and one-half points each for land preparation; quality of seed; seed treatment to control disease; cultivation and weed control; insect control with dates and types of poison used; water applications, with dates and amount applied; the use of fertilizers, with dates applied and kind; the yield of lint cotton; grade and staple. Twelve and one-half points are provided each for the record book, and the story of the crop.

The score card on the irrigated contest cotton will show land preparation, planting and cultivation, and the methods used; dates of

cultivation; dates and amounts of rainfall and water applications; dates, method of application, and type of poison used to control insects; dates and amounts and kinds of fertilizers used; dates of harvesting, and any other important information about the crop. Jones says he expects to have a large number of entries in both divisions of the contest.

More than 1,000 Texas 4-H Club members, both boys and girls, are expected to attend the annual Roundup at Texas A&M College next Tuesday, Wednesday and Thursday. They will be accompanied by adult leaders and a

number of county Extension Service workers. The program includes 17 statewide judging and demonstration contests, and has been planned around 19 different subject-matter short courses, ranging from agricultural engineering to wildlife. Also included will be subjects involving the home and leadership and recreation.

Delegates will register the afternoon of June 7. There will be chuck wagon feeds and the annual Recognition Banquet on Thursday evening, after which special entertainment will conclude the meeting.

The theme for the Roundup is "Building A Stronger America."

Nation's Daily Oil Output Shows Drop

TULSA (AP)—The nation's daily average crude oil and condensate production was reported by the Oil and Gas Journal Wednesday as having dropped 12,850 barrels during the week ended May 29.

Total daily average output was 6,436,000 barrels, bringing 1954 cumulative figures to 957,568,350 compared to 968,006,840 last year.

Oklahoma was down 2,700 barrels to 539,500 barrels; Louisiana, 450 to 712,900; and Arkansas and New Mexico, each down 200 barrels to 77,600 and 205,700.

U.S. Withdraws Gls In Indochina

WASHINGTON (AP) — The United States has started to withdraw some 200 Air Force technicians rushed to Indochina to help maintain French warplanes nearly three months ago.

The Defense Department, however, is reported considering allowing some American servicemen to volunteer to assist French ground crews in servicing planes blasting away at Communist-led rebel forces near Hanoi.

Diplomatic officials who reported this today said the evacuation of American Air Force personnel in no way should be regarded as a lessening of American interest in the future of Red-threatened Indochina.

The withdrawal, they emphasized, is being carried out in accordance with pledges to Congress that the 200 technicians sent to Indochina last March would be pulled out by June 12. A substantial number, they said, already have been returned to U.S. bases in the Far East.

These officials said some 47 American B26 bombers, loaned to the French air force about the same time, will be kept in Indochina to bolster air assaults against a driving Communist army, especially in the critical delta area.

These disclosures came as top military chiefs of the United States, Britain, France, Australia and New Zealand began gathering here for secret strategy conferences.

Recognition

Typical of the growing number of awards being made by private business and organizations is that being presented to Sam Buchanan, left, by Doris Blissard, vice chairman of the board of supervisors for the Martin-Howard Soil Conservation District. Buchanan received a plaque recently from the Stanton Lions Club for being the district's leading conservation farmer.

'Yankee' Recruits Sparse, So Some Assigned To 'Blues'

By SAM JOHNSON

BRICE'S CROSSROADS, Miss. (AP)—The Rebels are getting ready to whip the Yankees again but no one wants to be Yankees, especially Mississippians just naturally don't like blue.

A new type enlistment was devised to fill the Union ranks for the second Battle of Brice's Crossroads Sunday, 90 years after Gen. Nathan Bedford Forrest routed a Union force of superior numbers. Volunteers for the battle re-enactment have no choice whether they would look better in blue or grey. They just enlist.

"Then we assign them to one of the armies," said Claude Gentry, author of a book about the Civil War battle and a sponsor of the re-enactment. "You can't find any-

Award Shows Awareness Of Stake In Soil Program

Private industries and organizations are awakening to their stake in soil conservation.

When Sam Buchanan was presented a plaque at the Lions Club in Stanton recently as outstanding conservation farmer for the Martin-Howard district, this was but another evidence of this increasing awareness outside of actual soil circles.

One of the leaders in the movement over the state is the Fort Worth Press, and it was in conjunction with the Press awards that Buchanan was so honored. Lions Clubs of Texas voted to present plaques on a local level.

This year more than 75 of these were given. District winners, such as Buchanan for the Martin-Howard district, are considered in regional and finally in state contests. The Press contest annually distributes \$8,500 cash awards.

Goodyear Tire and Rubber Company of Akron, Ohio is another of the private concerns which is seeking to encourage the movement through awards. It sponsors a national contest for soil conservation districts. The outstanding conservationist in each winning district plus one member of the district board will be guests of the company at its winter resort near Litchfield Park, Ariz. Plaques go to the 100 first and second place winning districts.

The Texas Bank & Trust Com-

pany of Dallas sponsors an event annually for naming the outstanding conservationist who is a member of a board of supervisors for various districts. District winners, selected by a committee of bankers from within the district, become eligible for the state award.

From the Texas Research Foundation at Renner, Texas comes a notable award, the Hoblitzelle Achievement Award for the advancement of Texas rural life. Winner will receive \$5,000 and a gold medal for having made the outstanding contribution to the advancement of agriculture in Texas for the three-year period preceding May of this year. Scientific research and professional agricultural workers are not eligible.

Texas Electric Service has for several years sponsored exhibits, first in connection with its annual electric show and more recently on their own concerning soil conservation. (The exhibit happens to be here at the State National Bank now and will be shown in the First National lobby before going to another city).

Farm Implement Institute, along with most farm implement companies individually, distributes attractive, concise, practical information on soil conservation.

Boy Scouts of America have made conservation the national good turn for this year. In addition to encouraging the preservation of

the out-of-doors in general, seeking to protect it against desecration as well as destruction, the Scouts are committed to develop projects which "will help boys better understand the importance of our soil, water, mineral, forest, grassland and wildlife resources."

Farm & Ranch magazine has taken the lead in interesting churches in soil conservation. In May each year a soil Sunday is sponsored and ministers in rural churches usually devote their sermon to the subject.

In a more local vein, the Big Spring Chamber of Commerce has issued a bulletin on soil conservation. Midland and Littlefield chambers issued booklets boosting conservation. In Big Spring a number of feed and implement dealers sponsored the excellent brochure, "Food Down the River," showing how lost topsoil is lost food.

There are many, many others participating. For instance, more than a score of local and Southwest-wide firms join with the Fort Worth Press in its oldest established affair, evincing a healthy interest by private business in a matter of vital and general concern.

Mama Cat, Litter Returned By Air

LONGVIEW, June 2 (AP)—A letter and a litter were sent by air today to a sergeant's wife at Camp Lejeune, N.C.

The letter explained a cat and her litter of four kittens were coming.

The sergeant's wife, Mrs. R. O. Cunningham, wrote Hugh Sawyer, vice president of the Longview Chamber of Commerce, saying the mother cat, which was about to have kittens, escaped from the family auto here May 25 while they were traveling to North Carolina.

"Kids highly upset," she wrote. The story was printed Monday.

Mrs. Cleveland Terry, who lives a block off the highway, reported yesterday a cat had run into her cellar May 25 and had four kittens. Sawyer notified Mrs. Cunningham, and a moving van company built a special crate for the cat family.

one who wants to enlist as a Yankee."

"The ones that can run the fastest will be the Yankees," he said, recalling how Union forces were routed and fled back to Memphis, Tenn., in 1864.

A practice battle was scheduled for today to whet the Rebels' appetite and give the Southern "Yankees" a rehearsal in backward movement.

An enlistment booth is signing up soldiers in the Baldwin post office (federal, that is). "Enlistments are coming in pretty good," Gentry said. He predicted 200 fighters in homemade uniforms would fight the battle, with perhaps 25,000 watching.

Baldwin is a town of about 1,600 in sparsely populated northeast Mississippi. The battle site is nearby.

The Yankees lost about 2,300 killed, wounded or captured in the battle, Gentry said. Forrest lost about 500 killed or wounded.

The battle had no appreciable effect on the war. Vicksburg had fallen the year before, cutting the Confederacy in two. Sherman was pushing through Georgia at the time.

But the battle lifted morale a little and gave Mississippi a fading taste of victory.

California Kidnaper Sentenced To Die

SAN FRANCISCO (AP)—Harold Jackson, 52, kidnaper of Leonard Moskowitz, Peninsula real estate man, yesterday was sentenced to die in San Quentin Prison's gas chamber.

His co-defendant, Joseph Lear, 43, was sentenced to life imprisonment by Superior Judge Twain Michelsen with no possibility of parole.

After sentence was pronounced, Jackson told Judge Michelsen: "I am asking no modification. I was not guilty of kidnaping as such. At most it was attempted extortion."

Cool Customers Chill Ice Company

LONGVIEW (AP)—A couple of cool customers walked into the Gregg Ice Co. Tuesday night.

One flashed a \$10 bill and told the manager they wanted to buy 10 cents worth of ice.

The manager chopped up 10 cents worth. Then he reached into his pocket and pulled out a \$5 bill, planning to make change.

The man dropped a slice of ice down the manager's short front, grabbed the \$5 bill and, with his companion, sped away into the night.

"The whole episode left me cold," the manager said.

Munitions Explosion Kills Two At Saigon

SAIGON, Indochina (AP)—Huge stores of explosives blew up Wednesday in a French munitions dump near Saigon's main residential section. One person was killed and several injured.

Authorities feared the explosions might go on for two days.

It was not immediately determined whether the explosions resulted from an accident or sabotage by the Communist-led Viet-minh, many of whom are known to be in Saigon. The French command put the Saigon garrison on an immediate alert and troops were ordered to return to their billets at once.

Porfirio Believes In Saving That Daylight

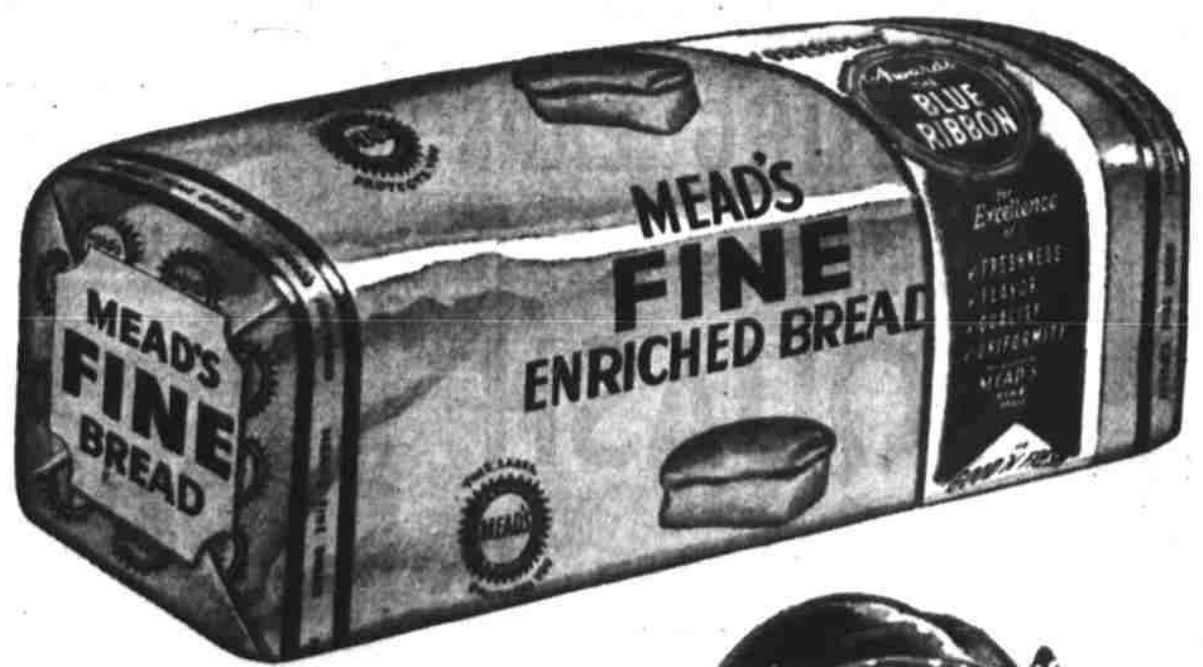

NEW YORK, June 2 (AP)—Porfirio Rubirosa, accompanied by Zsa Zsa Gabor, disembarked from his plane shortly after noon today and commented to reporters: "It is unfair to come out to meet us so early in the morning."

The actress and the estranged husband of heiress Barbara Hutton flew in from California. They said they intended to go to Paris, maybe tomorrow. After Paris, they will go back to California.
