

## Churchill, Ike Agree To Ask Pact On Asia

**LATE BULLETIN**  
WASHINGTON, June 28 (AP)—Prime Minister Churchill made a plea today for a "real good try" for peaceful co-existence with Russia to minimize the risk of a conflict which would "leave us victorious on a heap of ruins."

WASHINGTON (AP)—President Eisenhower and Prime Minister Churchill declared today they will "press forward with plans for collective defense" of Southeast Asia, regardless of whether peace negotiations for Indochina are successful.

In a communique, they also expressed "conviction that further delay" in the creation of a European Defense Community and granting of sovereignty to West Germany "would damage the solidarity of the Atlantic nations."

This was a prod for France to get on with ratification of EDC. On another major point, the American and British leaders jointly declared that "both our countries would benefit" from "technical cooperation" on atomic energy to the fullest extent permitted by United States law.

The communique was the first formal statement out of the four-day round of talks here on British-American policy differences. It left unanswered the critical question of when an international conference to create a Southeast Asia anti-Communist alliance might be called.

This has been a major issue, with Britain wanting no such definite action pending a conclusion of present French efforts to negotiate peace in Indochina. The United States on the other hand desired quick action. The communique appeared to bear out reports on con-

tinued disagreement by failure to report any agreement. "We are both convinced," the communique said, "that if at Geneva the French government is confronted with demands which prevent an acceptable agreement regarding Indochina, the international situation will be seriously aggravated."

This was one of three terse paragraphs dealing with the Southeast Asia, and it set forth a clear warning to the Communists to offer the French honorable terms to end the seven-year old war.

Another reported that the two leaders had discussed Southeast Asia and "examined the situation which would arise from the conclusion of an agreement on Indochina."

They also "considered the situation which would follow from failure" of Indochina peace negotiations. Then they said: "We will press forward with plans for collective defense to meet either eventuality."

The communique promised a second statement on "basic principles" underlying American and British policy—probably a kind of harmony statement—will be issued tomorrow. White House Press Secretary James C. Hagerty disclosed that Churchill will have another meeting with the President beginning at 11 a. m. EDT tomorrow.

This morning's meeting, lasting two hours, had been scheduled as the last of their sessions. Churchill departs tomorrow for Ottawa, Canada.

The communique revealed little of the substance of the many conferences which have been held between American and British officials since Churchill and Foreign Secretary Eden arrived here Friday morning.

It did not disclose what possible alternatives to a European Defense Community may have been considered. Nor did it indicate what was meant by the pledge to "press forward" with security plans for Southeast Asia.

Most of the words dealt with the European defense issue. They were clearly designed to reassure the Germans about eventual sovereignty and rearmament and to prod the French to get going on ratification of the EDC treaty.

"We are agreed," Eisenhower and Churchill said, "that the German Federal Republic should take its place as an equal partner in the community of Western nations, where it can make its proper contribution to the defense of the free world."

The Western Powers want about 12 German divisions formed to strengthen Western Europe's security against Communist forces. Eisenhower and Churchill said they were "determined to achieve" the goal of a German contribution to defense, "convinced that the Bonn and Paris treaties provide the best way."

These treaties would give West Germany a self rule, set up a six-nation European army including French and German forces, and tie the whole to the North Atlantic Treaty Organization.

They then welcomed a statement made by the new French Prime Minister, Pierre Mendes-France, about a week ago saying that France's allies had a right to know France's answer.

In the words of Eisenhower and Churchill, they welcomed the French assurance "that an end

## Crash Victim's Rites Pending

Body of Robert Eugene Alexander, 25, fifth traffic fatality in Howard County in 1954, was to be taken to Snyder Monday for final arrangement by the Bolger Funeral Home.

Alexander was killed instantly when the car in which he was a passenger left a curve at the Garden City-U. S. 87 Highway intersection south of Big Spring on Saturday night. The body was taken to Nalley Funeral Home.

Ira Alton Hill, who officers said was driver of the car which overturned, was charged in County Court this morning with driving while intoxicated. He pleaded guilty and was fined \$100 and was sentenced to 90 days in jail.

The two had completed work on a well and were en route to Snyder from Big Lake when the mishap occurred.

Surviving Alexander are his parents, Mr. and Mrs. R. L. Alexander, Munday; three sisters, Mrs. J. W. Thomason, Richmond, Okla., Mrs. Margie Towie, Snyder, Mrs. Ruby Marie Alexander, Seminole; two brothers, David Alexander, Hobbs, N. M., and Harvey Alexander, who is in the U. S. Army and stationed in Panama. He also leaves six nephews and three nieces.

## Girl, 14, Reports Rape, Declares Airman Attacker

An airman who was arrested Saturday night after a 14-year-old girl said she had been raped was to be questioned by the Howard County grand jury today.

Although charges have not been filed against the airman, police said the girl identifies him as the man who attacked her.

She told officers that the attack occurred while she was baby sitting at her sister's house. She claimed the man displayed a knife.

The report was made to police about 11:15 p. m. Saturday when the girl and her sister went to the police station. The girl was later treated at a local hospital and released.

Police said the medical report indicated that the girl had not been raped but that she had been molested.

The girl told officers that she was sitting with her sister's three-year-old child when her attacker appeared. She said she did not know how he gained entrance to the house but that he came in from the back.

The man first asked her where the money was, she told officers, and then he slapped the baby. She is quoted by Capt. M. L. Kirby as saying that she slapped the man back and that he then pulled the knife.

Her sister told officers that when she came in, the 14-year-old girl was crying. They immediately reported the incident, she said.

The girl gave officers the airman's name, saying that she had known him for approximately two years. He was a friend of the family, she said.

The airman was arrested at his residence, and sheriff's officials said he was in bed at the time. The man claims he was home all evening, and Capt. Kirby said this morning that two of his neighbors substantiate that he was home until at least 9 p. m.

## Grand Jury Starts Its Investigations

Grand jury for the June term of district court was impaneled this morning and the group immediately started an investigation into some 40 criminal charges which have been filed in the last three months.

District Attorney Elton Gilliland said the grand jury also may look into some matters not involving criminal charges.

A. G. Mitchell was appointed foreman of the jury after it was sworn at 10 a. m. Other members of the panel are Floyd McIntyre, Manuel Puga, George O'Brien Jr., Robert W. Currie, William L. Cox, Marvin Wood, Z. M. Boykin, Gilbert Gibbs, M. R. Creighton, M. B. Horne and Roy Phillips.

## 14 Die In AF Plane Crash

MARCH AIR FORCE BASE, Calif. (AP)—An investigation was under way today into the crash of a B-50 Superfortress plane on Box Springs Mountain early yesterday with a loss of 14 lives.

The KC97 Strato Tanker of the 96th Bomb Wing at Altus Air Force Base, Okla., struck the mountain at the 3,000-foot level while groping through a heavy overcast for a landing at Norton AFB at San Bernardino.

The pilot had asked permission to land at March AFB here, 12 miles south of Norton. But because of a local overcast, the plane was directed by radio to land at Norton. Box Springs Mountain is between the two bases.

After striking the mountain, the four-engine plane slid onto a boulder ridge and burst into flames. Ninety minutes later ground rescue units from March AFB reached the scene and radioed that there were no survivors.

The plane was on a routine training flight from Altus. In addition to the regular crew of seven, it carried seven passengers.

# Rebels Won't Recognize New Guatemala Regime

**LATE BULLETIN**  
TEGUCIGALPA, Honduras, June 28 (AP)—The Guatemala government radio announced today the new government junta has outlawed the Communist party in that embattled country.

The anti-Communist rebel radio said today "we do not recognize" the new Guatemalan government of Col. Carlos Enrique Diaz.

It warned insurgent war planes will launch a "general attack" on military targets in Guatemala City if the rebel conditions for peace are not met.

The clandestine insurgent radio heard here said Col. Diaz would have until 8 a. m. CST to reply. But the rebel radio was still repeating the warning at 8:20 a. m. The Guatemalan government radio was broadcasting music at 8:20 a. m.

The rebels declared "we fight a system, not a man" and said the same seven conditions "for peace and order" which they broadcast last Saturday still stand.

The rebels Saturday urged the army to form a military junta, arrest Jacobo Arbenz Guzman, then president, and "all other Communists" and join the rebels in forming a new government. Arbenz quit last night and Diaz took over as head of a ruling junta.

The insurgent war planes this morning said if their conditions are not met: "Our air force has its precise instructions for today: "1. A general attack on all military bases in Guatemala City and in particular." (This target was not identified.)

The "Liberation radio" called on Col. Diaz to "let us know or we will hit them (the targets) one by one until they are all destroyed."

The rebels appealed to the Guatemalan army not to obey the new chief. "The army should not let itself be deceived," the broadcast said. "We fight a system, not a man. Our struggle is against communism until it is thoroughly uprooted from our soil."

By JACK RUTLEDGE  
GUATEMALA (AP)—Leftist President Jacobo Arbenz Guzman resigned under the pressure of the army and military reverses last night. He handed over the government reins to a military junta headed by Col. Carlos Enrique Diaz, 29-year-old army chief of staff.

Diaz in a broadcast pledged the army to continue the war against the invading exiles led by Col. Carlos Castillo Armas, but the switch in government appeared to signal the end of the Communist's strong influence on the regime Arbenz had led. Army leaders are known to have become increasingly opposed recently to the Red's strong influence on the government.

The ouster of the 41-year-old Arbenz followed reports of a big rebel victory at Zacapa, key rail-

## Five Reported Dead In Ozona Overflow

DEL RIO, Tex. (AP)—Mighty cloudbursts roused the sleepy Rio Grande to its greatest flood and thundered in torrents down dry washes today, leaving a reported five dead at the little ranching town of Ozona.

One body was recovered from a rambling draw that spilled into Ozona, 112 miles north of here. The highway patrol said another four persons were dead and their bodies unrecovered in the little Southwest Texas town.

Fires that couldn't be fought because of the flood destroyed three buildings there, and the highway patrol described the situation in the inundated town as "very serious."

Helicopters continued to shuttle passengers away from their stranded train in Langtry, 60 miles up the Rio Grande from Del Rio. State civil defense headquarters said the Mexican town of Ciudad Acuna, across the border from Del Rio, was "completely under water" and all residents had been evacuated to higher ground.

Eagle Pass, Del Rio, Laredo and their Mexican sister cities prepared for the worst the Rio Grande could do. Water spread into low-lying riverside sections of Del Rio and Eagle Pass this morning. The few residents in the low sections were evacuated yesterday.

The Rio Grande hit a record crest of 40 feet here and kept rising. New records were predicted down the river to its mouth at Brownsville.

Cloudbursts dumped 11 to 13 inches of rain over the area. Rain surging down dry washes that criss-cross the country around Ozona spilled into the town, drove an estimated 500 persons out of their homes and spoiled the city's water.

Ozona has a population of about 2,500. It is known as one of the richest ranching towns in West Texas. The San Angelo Standard-Times See FLOODS Pg. 6, Col. 2

## Big Springers Stranded; S-P Trains On T-P

At least 10 Big Spring youths were stranded by flood waters in the Del Rio sector during the weekend. They were in two parties which had left for a weekend of fishing but got rained out.

Reports indicated they were safe and sound but simply unable to get out of the flooded area. Probably both groups were on the Mexico side.

Meanwhile, Big Spring was feeling effects of the flood in another manner. All Southern Pacific trains were being routed through Big Spring.

There were eight freights and four passenger trains due through here Monday. Western division offices for the T&P announced that an extra set of dispatchers had been put on to handle the press of extra business. So far, traffic was flowing rapidly and smoothly. S-P trains at El Paso were being sent to Fort Worth to tie into the company's lines there.

In one group of Big Springers at Del Rio were Dean Porter, Melvin (Sonny) Choate, J. H. Parks, Ray Shaw, Doss Brookshire and Curtis Barnfield. They were reported stranded in Villa Acuna by high water. They telegraphed home Sunday night that roads and telephone communications had been disrupted.

Pat Ray, Kelly Lawrence, John Tom Lewis and Dick Laswell were in the other group. They got word to Pat's uncle, who resides in Del Rio, that they had been rained out of their fishing on Devil's River. It was possible that they had gone sight-seeing in Villa Acuna and had been stranded on the other side. Meanwhile, efforts were made to call back to Del Rio but lines were out by that time.

## Foreign Aid Bill Up Before House Today

By RUSSELL BRINES  
WASHINGTON (AP)—The House today starts considering the 3-billion-dollar foreign aid program amid signs the debate will range over the whole foreign policy field.

The measure, always controversial, comes up at a time when many congressmen are irked at British proposals for a Far Eastern nonaggression pact and French efforts to obtain an early Indochina truce.

## Erratic Showers Moisten County

Spotted showers played twinkles across this area Sunday and Monday.

Rainfall was so erratic that it was impossible to arrive at any dependable averages or reach any general conclusions.

In Big Spring the Herald measured .24 for the two days, .8 of it Sunday morning. The U. S. Experiment Farm had .31, with .10 of an inch Sunday morning and the balance since then.

Bruce Frazier measured .18 for this spell at HCJC. He had .05 of the amount in the gauge early Monday morning. For this period Texas Electric Service switching station had .04.

TESCO reported .15 at Otschalk, .16 at Sweetwater, .30 at Lamesa traces at Morgan Creek station, Snyder and Colorado City.

Arthur Stallings had only a sprinkle at Lomax. Earl Hull, 10 miles northeast, measured .4 of an inch. Coahoma had about half an inch and eight miles northeast Dick Stevens reported .31. There were some substantial showers in south of the city and some immediately north. Around Vincent a series of showers, including one brief but intense one at 6 p. m., put the northeast corner of the county in fine shape.

Everywhere the showers fell in any substantial amount, cotton and feed were refreshed. Ranges were helped even more.

# Split Among Demos Aids Administration's Tax Bill

By JOE HALL  
WASHINGTON (AP)—A three-way split among Senate Democrats over the big tax revision bill appeared likely today to give President Eisenhower a clear-cut victory on the measure — one of the biggest items on his 1954 program.

Floor debate opens in the Senate today with the leaders hopeful of pushing the huge measure through by Friday night. The House has okayed the bill, which would not change major taxes but would cut tax receipts \$1,400,000,000 in its first year of operation.

Majority Leader Knowland of California has announced extra-long sessions for the week. He is holding out the promise of a three-day holiday over the Fourth of July if the bill is passed by Friday.

Both Knowland and Sen. Milliken (R-Colo.), chairman of the Finance Committee and floor manager for the measure, are predicting that the measure will be passed as the administration wants it.

275-billion-dollar national debt ceiling.

Secretary of the Treasury Humphrey said on an NBC TV-radio show last night he will request a hike in the debt ceiling, but won't decide the amount until the legislators finish work on the money bills that determine how much is likely to go into and out of Treasury coffers.

Sen. George (D-Ga.), senior Democrat on the finance group, said in an interview today that members of his party were not unanimous on the tax bill. It would take a fairly solid bloc of Democrats to upset GOP ranks on this measure, especially since the Republicans regain a 48-47 edge for the first time in a year today with the swearing in of E. D. Crippa, Wyoming Republican named to succeed the late Sen. Hunt (D-Wyo.).

George declined to predict the outcome of any Democratic move but said he thought there would be some Republican support for a tax reduction on individuals. Republican leaders, however, were conceding only the loss of Sen. Langer (R-ND), who has announced he

favors such an amendment. George is head of a group which wants an income tax cut either by an increase in personal exemptions or by a \$20 tax credit to each taxpayer figured as the final step on his return. He said some of his supporters want him to propose a \$200 boost in exemptions, a 4½-million-dollar annual tax cut, but that he appeared to be leaning toward a \$100 increase, which would be a \$2,400,000,000 annual reduction: A Democratic move for a \$100 hike lost narrowly in the House.

Sen. Byrd (D-Va.), second-ranking Democrat on the Finance Committee, is opposed to any of the amendments because of the unbalanced federal budget. He and a few others would like to strike out of the bill some of the principal revenue-losing features supported by the administration.

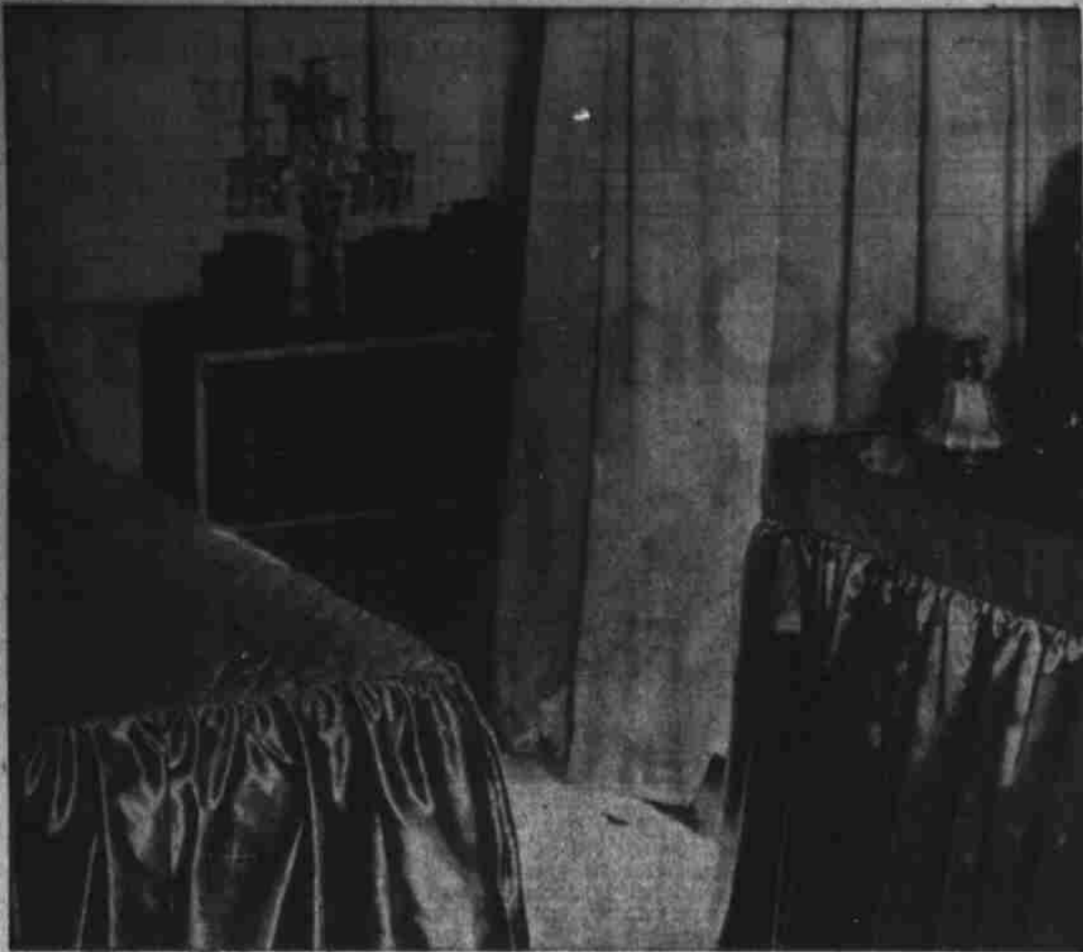

A third group of Democrats wants to eliminate from the bill some sections they say aid chiefly the wealthy and big corporations. Sen. Douglas (D-Ill.), for instance, says he is concerned over a provision for substantial relief to stockholders on their dividend in-

The luxurious Golden Boudoir pictured here is created almost entirely of acetate satin. This is just one of the many rooms to be shown in "Your Home Charming," a program of color slides to be presented for the Home Demonstration Clubs of the county.

**HD Clubs To See New 'Room-Do's'**

The trend toward do-it-yourself is becoming widespread as more and more women take an interest in this self-expression. They find it fun to create new "room-do's" in such as this one in golden satin shown above.

For example, the basic requirements for this whole room are only a vanity and bookcase, painted to match the color scheme, a box spring and a mattress. The whole decor can be completed with ready-made bedcovering, drapes and a vanity skirt of acetate satin—and presto! a whole new room with the newest of new looks has been created — and all of this on a budget.

"Your Home Charming" will be shown today at the office of the County Home Demonstration Agent in the courthouse, for the HD clubs of the county.

Mrs. H. S. Hanson is chairman of arrangements. Mrs. Sue Newman, HD agent, will read the commentary on the 58 color slides shown. Ideas galore and many new suggestions will be given for beautifying each room in the house.

**Plenty Of Information For Diet And Exercise**

By LYDIA LANE  
HOLLYWOOD — Though Lois Moran retired from the screen nearly twenty years ago, her fans have remembered and given her acting come back a warm welcome. Letters from old friends and admirers have been pouring in ever since Miss Moran made her television appearance in the "Waterfront" series.

But though she concentrated on her family and hobbies during the years, she still made appearances at charity affairs.

"I felt some how that the door was not closed on my professional life," Miss Moran told me when I visited the television studio recently. "And then when TV came I knew this was the answer."

Miss Moran looks wonderful and I chatted with her about this.

"It is so easy to take care of yourself today," she commented. "There is so much interest in caring for the body and such a wealth of information. With the exception of poor health, laziness is the only excuse for a woman letting herself go. Even one with a large family and a limited budget can find time to follow the basic rules of diet and exercise."

"Today a woman can preserve a young skin and keep the marks of age away with hormones, vitamin creams and a whole field of moisture preparations," I commented.

"Which do you recommend?" Miss Moran asked.

"I think it is individual," I replied. "What works best with one may not be as satisfactory with another."

"I feel the big mistake," Miss Moran confided, "is not to have an open mind. One has to try new things to find out what they will do. But there is an attitude of re-

**THIS IS GOOD EATING**

**SPINACH OMELET**

Ingredients: One 10- or 12-ounce package quick-frozen chopped spinach, 3 eggs, 3 tablespoons water, 1/2 teaspoon salt, pepper, 2 tablespoons butter, 1 cup commercially-prepared sour cream or 1 cup hot cheese sauce, paprika.  
Method: Cook spinach according to package directions; drain and keep warm. Beat eggs with water, salt and dash of pepper just enough to combine yolks and whites but not until foamy. Heat an iron skillet (about 8 inches across top); add 1 1/2 teaspoons butter; when melted and hissing tilt skillet to grease sides; add 1/4 of the egg mixture; as soon as bottom sets, stir with a fork so runny part of egg gets a chance to cook. Have heat high enough to set egg quickly but not high enough to brown omelet—it should be a pale yellow on bottom when finished. Remove from heat and put 1/4 of the spinach down center of omelet and roll; turn onto plate; top with 1/4 cup sour cream or hot cheese sauce; sprinkle with paprika. Make 3 more omelets the same way; serve at once. Makes 4 servings. Serve with the following lunch.

# Navy Plane Collides With Airliner; 2 Die

COLUMBUS, Ohio (AP)—John G. Rankin ate breakfast today with just his right hand. His left hand was still wrapped in heavy bandages from friction burns received last night when he and 30 other passengers slid down a rope from a burning American Airlines plane that crashed-landed after colliding with a Navy Beechcraft here.

Two Naval Reserve officers died in the crash. Rankin, 54-year-old Louisville, Ky., employe of a fishing tackle firm, slid to safety after a woman passenger stalled in front of him, afraid of the 25-foot rope plunge. "Lady," he told her, "we've got to go."

He said he grabbed her with his right arm and slid down the rope by his left hand. He suffered severe hand burns. Eyewitnesses on the ground said the Navy plane exploded in a "ball of fire," spattering burning debris in the dusk, then crashed just east of the Port Columbus Airport.

The dead were identified as Lt. Cmdr. John R. Hoerath, 35, of nearby Westerville and Lt. Cmdr. Donald G. Edgar, 48, of Columbus. Capt. J. C. Pollard, 32, of Nashville, pilot of the American Airlines passenger Convair, brought his ship safely to earth.

Its wings were flaming from gasoline spilled in the crash and the left engine was torn loose. Crippled and burning, the Convair skidded across the Port Columbus runway on its nose. Trapped inside by a damaged

exit door up front near the nose, the passengers and three crew members escaped down a coarse rope 25 feet to safety.

The safety door was forced open by slim, auburn-haired stewardess Martha Jane Gunn, 24, of Nashville, Tenn.

A baby was dropped into the arms of its parents, Mr. and Mrs. Arthur Herrman of Columbus, when they were unable to take the child with them down the rope.

Investigators from the Civil Aeronautics Board were expected to arrive today from Washington and Chicago to study the crash. The planes collided at both near Port Columbus for landings.

The Civil Aeronautics Authority here said a preliminary report indicated both planes had been given "an okay for an approach but only the American Airlines plane had been given an okay for a landing."

The passenger plane was bound from Memphis to Cleveland, Ohio. The Navy plane was returning to Columbus from Lafayette, Ind.

One eyewitness, pilot John H. Corrier, 35, of Columbus, said the Navy plane pulled up apparently on control tower orders to make a different approach and crashed into the front undersection of the huge passenger ship.

TV Show To Come From Ocean's Floor

AVALON, Calif. (AP)—Television chalks up a new first today when it beams a live nationwide show from the floor of the Pacific Ocean. The hour-long "Home" show over NBC came to Santa Catalina Island for TV's first undersea show: a commentary on a skin diver spearing fish and other aspects of Avalon Bay.

CARTHAN STOCKS

Two soldiers from Big Spring began eight weeks of basic training in the Antiaircraft Artillery Replacement Training Center at Ft. Bliss, El Paso, recently.

They are Pvt. Gerald L. Scott, son of Mrs. B. E. Freeman, 403 Washington Blvd., and Pvt. Carthan J. Stocks, husband of Mrs. Jerris Dorris Stocks, 905 East 14th.

Pfc. and Mrs. Leonard Elbert Burks announce the birth of a daughter, Jimmy Elaine, on June 14, weighing 7 1/2 pounds. Pfc. Burks is stationed at Ft. Knox, Ky. Mrs. Burks is the former Jimmy Shanks of this community.

Mrs. Ora Richards of Abilene is visiting her brother, J. S. Walker

and his wife. She will also visit Mrs. C. A. Burks before returning home.

## Mother And Children Die In Burning Home

PHILLIPSBURG, N.J. (AP)—A young mother dashed into her burning home yesterday in answer to the screams of her two sons and a niece. She and the three children were burned to death.

The victims were Mrs. Thelma Baker, 25; her sons, Ronald Sebring, 5, and Robert Earl Baker, 2; and the niece, 10-year-old Claudia Ludwig of East Stroudsburg Pa. Ronald was Mrs. Baker's son by a previous marriage.

Mrs. Baker had fled from the house before she heard the children's screams.

# NAACP Will File Suits If School Boards Hesitate

DALLAS (AP)—The leader of the Negroes' antisegregation battle has indicated his organization will stand for no trifling with the Supreme Court's school decision.

Thurgood Marshall says the National Assn. for the Advancement of Colored People (NAACP) will go to court against local school boards which balk.

Marshall arrived yesterday for the annual national convention of the NAACP in this segregated city. As special counsel for the NAACP, he was a powerful factor in the May 17 decision of the Supreme Court which outlawed segregation in public schools.

"While the governors want to circumvent the Supreme Court," he said, "we are going to circumvent the governors . . ."

"Since the Supreme Court spoke, there is no use listening to anybody else."

"In suits, if they have to be filed, the school boards will be the defendants."

However, he would not deny pro-segregation governors the right to speak out against the court's ruling. And he said he favors court action to compel admission of Negro students to schools only as a final resort.

Today, Marshall was discussing with other Negro lawyers how to handle any possible suits. The lawyers will confer with state NAACP presidents tomorrow, opening day of the six-day convention. About 700 delegates are expected.

The lawyers said the convention will consider other fields in which it will fight segregation. He mentioned transportation, housing, recreation and employment. But, he added, "schools are most important to me."

# Riot-Torn Tunisia Lacks Government

TUNIS, Tunisia (AP)—Nationalist torn Tunisia lacked even a caretaker government today to handle its troubled affairs.

Mohamed Salah M'Zali's cabinet, which resigned 12 days ago, served notice yesterday it would not attend to any more administrative business for this French North African protectorate. The French administrative government was handling the protectorate's business on a stop-gap basis.

When the ministers resigned June 16, they cited as the reason "the return to methods of violence and the incomprehension of certain groups."

The day before three pro-French leaders were assassinated. The act was blamed on Nationalist terrorists.

## Census Records Show Citizenship

More than 5,500 residents of Texas turned to the U. S. Bureau of the Census for assistance in establishing proof of age or citizenship during 1953, according to Supervisor Francis H. Wilmer of the Bureau's district office at Dallas.

Transcripts of personal census records are acceptable, in most instances, as substitutes for birth certificates or other legal evidence in establishing proof of age or citizenship. Such proof is of vital importance in qualifying for Social Security benefits, in settling estates and insurance cases, in determining eligibility for employment in defense industries, and for other purposes where it is necessary to furnish evidence of identity, age or citizenship.

Transcripts of personal census records can be obtained from the Census Bureau upon payment of the cost of searching the records. Federal funds are not appropriated for this service and the fees charged are used to pay the salaries of the searchers and to cover the cost of the necessary office supplies.

A fee of \$3 is charged for searches of two censuses for one individual, given routine handling. Expedited handling can be obtained for a fee of \$4. Routine handling generally requires from four to six weeks to complete while expedited handling is usually completed in one or two weeks.

Wilmer pointed out that personal information recorded by the census bureau is entirely confidential and may be furnished only upon written request of the individual to whom it relates or his legal representatives.

Persons desiring transcripts of their personal Census records may obtain application blanks and information from the Census Bureau's district office at 1114 Commerce St., Room 125, Dallas, Texas, Telephone ST 5611, Ext. 2109 or by writing to the Bureau of the Census, Washington 25, D. C.

## Language Courses Set For Airmen On European Duty

WESBADEN, Germany (AP)—Most U.S. Air Force officers and enlisted personnel in Germany, France, Italy and North Africa will have to start compulsory foreign language courses next month.

Air Force headquarters here said they would be required to take a 30-hour course in the language of the country in which they are stationed.

The compulsory courses began two weeks ago for key supervisory personnel. Others will start during the latter part of July, the Air Force said, with the exception of those already familiar with the language, those taking voluntary courses and those returning to the United States within six months.

The instruction was ordered by Lt. Gen. William H. Tunner, commander of the U.S. Air Force in Europe.

He said the language courses were ordered to "break down the barriers between people."

# Famous Trichologist Will Demonstrate How To Grow Thicker Hair ... And Guarantees It!

This new method of home treatment for saving and growing thicker hair will be demonstrated in Big Spring, Texas, Wednesday ONLY, June 30, 1954.

These private individual demonstrations will be held at the Settles Hotel on Wednesday ONLY, June 30, 12 Noon to 9 p.m.

OKLAHOMA CITY, June 22—In an interview here today, Mr. William L. Keele, internationally famous trichologist and director of the Keele Hair and Scalp Specialists, Inc., said "There are 18 different scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

"The Keele firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offer a guarantee," Keele said.

Once a person avails themselves to the Keele treatment, his skepticism immediately disappears. To insure this, we offer this guarantee. "If you are not completely satisfied with your hair progress at the end of 30 days your money will be returned."

HOPELESS CASES DISCOURAGED First the Keele specialists are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in the lost category.

If there is fuzz, no matter how light, thin, or colorless, the Keele firm can perform wonders. Every one is given a complete private examination to determine the condition of his scalp, and cause for his hair trouble.

FREE EXAMINATIONS This examination is very thorough and highly technical. It requires 20 to 30 minutes. There is no charge for this examination

and no appointment is necessary. After the examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Keele firm in Oklahoma City, and a trichologist will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Keele firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

NO CURE-ALL "We have no cure-all for slick, shiny baldness," Keele emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to be a miracle."

There is one thing Keele wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

HAIR FOR LIFETIME "If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Keele said. "Our firm is definitely behind this treatment, it all depends on the individual client's faithful observation of a few simple rules."

HOW'S YOUR HAIR? If it worries you call Trichologist R. Wayne Green at the Settles Hotel in Big Spring, Texas on Wednesday ONLY, June 30, 12 Noon to 9 p.m. The public is invited.

You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way. Both men and women are welcome.—Paid Adv.

Keep safely ahead...in the clear! Get the one and only **Summer-Formula Gulf No-Nox** The Gasoline with Evaporation Control!

Remember: the part of any gasoline that evaporates first is extra-high octane... a part you need for smooth, thrifty performance in modern engines. Guard that vital power part—get Summer-Formula Gulf NO-NOX... specially made to resist evaporation.

Speedometer proof: Regular gas "falls" away. This photo, snapped halfway up the hill, shows how car with regular gasoline is losing speed.

Speedometer proof: Gulf NO-NOX pulls away. This photo, snapped at same moment as one at left, shows how car with NO-NOX is gaining speed.

## Hill-Test PROOF

All gasolines seem pretty much the same, when the going is easy—but just notice the difference this hill test reveals!

As shown to millions on TV (on Gulf's popular "Life of Riley" show), the twin test cars in this demonstration were expertly tuned—one for best performance on Summer-Formula Gulf NO-NOX; the other for best possible performance on a regular grade of gasoline.

They hit the starting line at the same speed, and then—at full throttle—started up this steep grade. The speedometer pictures give you the results at a glance.

With a cameraman hovering above in a helicopter, Gulf test cars are tuned for a showdown test of acceleration.

## Acceleration PROOF

This dramatic picture—shot from a helicopter—shows again how much extra safety you get with Summer-Formula Gulf NO-NOX.

As in the hill test, both cars were tuned to get maximum performance from their fuels. One car was tuned for Summer-Formula Gulf NO-NOX, the other for a regular grade of gasoline. Both cars hit the starting line at the same speed, then—full throttle! Same make of car—same engine—but what a difference Gulf NO-NOX made!

### Wave Of Sex Hysteria Raises The Question Of Who Is Responsible

A speaker before the American Medical Association convention the other day reported the increasing number of unwed mothers — there were 88,000 illegitimate live births in 1938, 142,000 in 1950 — was due partly to "sex hysteria" in American society.

Dr. Goodrich C. Schaffner of Portland, Ore., said many influences are at work producing "an emotional shambles which fosters many of the deviations and denatured biological trends which are common among our young folk."

### Russia Blocks Efforts To Effect Control Or Ban On Atomic Bombs

Latest attempt to ban atomic warfare crashed against the hard rock of Russian intransigence in London this week. It is now disclosed by Western spokesmen. After 20 meetings of the United Nations disarmament subcommittee there, at which the West had submitted a proposal for scrapping atomic and hydrogen weapons on a strict time-table, accompanied by an equally rigid enforcement of limitations on tanks and planes, Russia's Jacob Malik rejected the idea and refused even to listen to the details.

#### Another Dividend From Korea; Chinese Warlords Lose Power

While preparing to pick up the big prize in Indochina, the Chinese Communist government has just taken another rich dividend from the Korean War.

than to the Politburo. While this was the situation, anyone can see there was always a possibility that one or more of the military dukes could challenge the authority of the Politburo, which then directly controlled only a small part of China with relatively weak military forces.

To be sure, the old-fashioned warlords like Lung Yuen of Yunnan had altogether ceased to matter. But there were potential new-fashioned warlords in the form of the tough commanders of the Communist field armies, who had just won a civil war.

After that it was easy. First Gen. Lin Piao was replaced as Korean commander by the chilly creature of the Chinese Politburo, Gen. Peng Teh-huai. Then, somewhat later, the "military and administrative commissions" which had ruled the Military Areas under the Field Army commanders, were suddenly transformed into simple "administrative commissions" entirely staffed by Communist bureaucrats.

# Oil Industries Life Starts With Over A Million

With more than \$1,000,000 capital and surplus paid in cash, Oil Industries Life Insurance Co. starts writing business today.

Many of the giant Texas insurance firm's 35,000 stockholders are in the Big Spring area. R. V. Middleton, vice president of the First National Bank and Dr. B. Broadrick are advisory directors from Big Spring. Also on the board is Jerry Currie of Garden City.

"We wanted to be certain O. I. L. would be adequately financed, so we raised more than \$1,000,000," said John Bennick of Houston, O. I. L. president. "We are informed by Alfred M. Best Co., national compilers of insurance facts, that in the entire history of the life insurance business in the U. S. only four other old line legal reserve firms started out with \$1,000,000 or more paid in cash capital and surplus."

O. I. L. will concentrate writing life insurance in the oil industry, setting a precedent in that respect. Dale R. Major, an attorney, is chairman of the O. I. L. board. He is a director of Texas Cities Trust, vice president and director of North American Title Co., and secretary-treasurer of San Jacinto Title Guaranty Co. J. D. (Jimmy) Rodgers, Rice Institute backfield star on its 1937 Cotton Bowl champions, is secretary-treasurer. Otto Gross is vice president. A former examiner for the Iowa State Insurance Department, Gross resigned as vice president and actuary of Jefferson National Life to join O. I. L.

Bennick said presidents of more than 30 leading life insurance companies of the U. S. were interviewed in O. I. L.'s six-month organization period.

"We adopted their best practices," Bennick said.

Administrative and advisory directors of O. I. L. include three oil company presidents, five independent oil operators, four bank presidents, a savings and loan president, a school superintendent, a judge, a clergyman, two officials of two of the largest local unions of the Oil Workers International Union and prominent Texans of varied business experience.

## JUST WANDERED OFF

### Tot, 5, Discovered Safe After 40 Hours In Wilds

MARKLEEVILLE, Calif. (U)—Little Kathy Paxton, who survived more than 40 hours without food or shelter in the High Sierra wilderness with no more serious consequences than a couple of bumps, is going back to Woods Lake to finish her vacation today.

The red-clad 5-year-old was located up the granite cliffs 1 1/2 miles from Woods Lake yesterday by Alvin Van Dell, 30, a timber cruiser. He joined the search "because I knew the country around there."

Van Dell and a friend, Louis Avery, started to work the high country because they thought others among the 500 looking for Kathy had thoroughly worked low-er lands. Woods Lake is at the 8,500-foot elevation near Kit Carson Pass on the ridge of the High Sierra.

They found Kathy's footprints—but lost them. After circling fruitlessly, Van Dell called, "Lou, Lou" to Avery.

But it was Kathy who answered. "Why don't you call me?" she piped from a nearby ledge. She had been sleeping in a crevice when Van Dell called from only a few feet away.

Hardly daring to believe it was she, the tall lumberman asked: "Are you Kathy?"

"Yes," she replied with a tiny smile, "and I'm tired."

So Van Dell carried her, chattering about her experiences all the way, half a mile back to a road where a California highway patrol car was waiting with her stepfather, Stewart Crandall of Cupertino.

She was rushed to search headquarters, where a doctor from Stead Air Force Base near Reno was waiting. Aside from a bruised eye and a chipped tooth suffered in a fall, plus not having eaten for more than a day and a half, Kathy was declared all right.

Kathy disappeared Friday evening. She said she drank water from a hole but had nothing to eat. "At night I lay down on some pine needles," she said. "It was awfully cold."

It was — 34 degrees each night. Proudly, she added: "I was never scared."

CAIRO, Egypt (U)—The recently uncovered Saqqara Sarcophagus proved to be empty yesterday but its discoverer thinks he will find the real tomb of an ancient Pharaoh deeper within the pyramid.

Archaeologist Zakaria Goneim, who found the sarcophagus May 31 beneath a step pyramid he had discovered last December said last night it was a "symbolic tomb" and he expects "to find the real one somewhere else in the pyramid."

"Any possibility that the tomb had been robbed should be ruled out," he said.

The tomb was opened amid great secrecy yesterday, but a communique from the Education Ministry said it was empty. The ministry said work in the area, some 20 miles south of Cairo, would be suspended until late fall.

After Goneim found the seven-ton sarcophagus, he told newsmen he hoped to find inside "a royal mummy inside a wooden coffin ornated with gold." He believed it the last resting place of Sankhet, a 3rd Dynasty monarch who reigned over Egypt about 2,750 years before Christ.

work for peace and to evolve "mutual respect" pacts similar to the one India had signed with China April 29 to govern relations with Communist-occupied Tibet.

Chou's proposal for an Asian get-together drew no distinctions between Communist and non-Communist nations. He said it applied to the "principal Asian countries."

He told newsmen in a press conference statement: "It is my view that, in order to seek common measures for the maintenance of peace and security in Asia, it is desirable for the appropriate persons of the principal Asian countries to meet occasionally and to consult with one another."

Both Chou and Nehru intimated that their declarations of mutual friendship and cooperation were only a beginning in closer relations.

Sources close to Chou's tight-mouthed delegation arrived at this estimate of the Chinese leader's plan:

Chou hopes with India's active assistance to build a stout Asian wall both politically and economically and thus oust Western interests.

The keystone of his program is "Asia for the Asians" and its aim is to combat so-called colonialism.

Economic cooperation will play an equal part with political understanding, because Chou is under orders to find through Asian sources a substitute for China's needs blocked by Western embargoes.

The informants said that was why Chou brought a group of economic experts here to sound out the possibilities of expanded economic relations between the two countries.

## U.S. Grants Appreciated By Bolivians

LA PAZ, Bolivia (U)—This is a Latin-American country where the United States is popular. Newspapers of the ruling National Revolutionary Movement (MNR) vie with each other to print material favorable to Uncle Sam. Hardly a newspaper appears without a page one picture of President Eisenhower.

This is the background: A revolution two years ago threw the army conservatives out of office and brought the MNR of President Victor Paz Estensabor to office. The MNR had always been unfriendly to the owners of the tin mines — Patino, Hochschild and Aramayo. It proceeded to nationalize their holdings.

Today there is little demand for Bolivia's tin. The price is about 90 cents a pound, in many cases less than tin costs to mine. That figure is less than half the wartime price and compares with the \$1.30 of 1938.

Bolivia must import much of the flour, meat, lard and rice that feed its three million people. There is no money to pay for them, under present conditions. The United States stepped in to save the situation this year with an outright gift of 12 million dollars in food. The Bolivian government sells the food for local money and uses the resulting funds to rebuild the country — under U.S. supervision.

The results in good will have been enormous.

## Margaret Truman To Continue Acting

BINGHAMTON, N.Y. (U)—Margaret Truman, assured that her ailing father, former President Harry S. Truman, was "resting well," plans to go on with the show tonight.

Miss Truman, getting her first experience in summer stock, arrived here yesterday from Mount Airy, N.C., with the company of the play, "Autumn Crocus."

She told newsmen that she had checked with her Missouri home after her arrival and was told her father was "resting well."

Asked her plans in view of his illness, Miss Truman said "we will cross that bridge when we come to it."

## Physician Practices Still At Age Of 90

HAWLEY, Pa. (U)—Dr. George T. Rodman, a practicing physician for 60 years, celebrated his 90th birthday here today.

The doctor gave up active surgery 20 years ago and quit delivering babies in 1940 but still maintains an office and frequently is called in for consultations.

# UNCLE RAY'S CORNER

Corona as seen during total eclipse in 1900.

A Florida woman recently asked me: "Why aren't we going to have a total eclipse of the sun in Florida?"

Something in the lady's voice gave the impression that her state was being cheated. A total eclipse is due on the last day of June, but Florida will be left out—except for a partial eclipse.

"The path of darkness," I replied, "will fall to cover Florida and a lot of other places for a simple reason: the moon is too small and far away to provide a very wide pathway of darkness."

Because of its distance from the earth, the moon would need to be many times as large to cast a shadow 2,000 miles wide.

If we reduced the distance of the moon, the width of the shadow would increase. As it is, the band of darkness will have an average width of about 80 miles during the coming eclipse. If the moon kept a distance of only 100 miles from the earth, there would be total eclipses many times each month. The dark pathway would be thousands of miles wide.

I am glad that the moon stays far enough away from the earth! When it comes closest, the distance is 221 thousand miles. At other times the distance increases to 252 thousand miles. The average distance is 239,000 miles.

If we had eclipses every day, or almost every day, they would be nuisances. The "daytime darkness" would bother us during our ordinary life.

When the moon reflected sunshine to us at night, it really would give us bright light. Many nights each month would seem almost as bright as day.

Tomorrow: Guarding the Eyes.

# Secrets To Beverly Won't Be Revealed

By BEVERLY BRANDOW

Dear Readers: For a long time I've been trying to throw rays of light on the hidden solutions to your problems. Now I have one of my own and need your help.

In my desk drawer are stacks of letters and post cards. Some of them request the names and addresses of foreign pen-pals, free booklets on how to be popular, or state a problem. This drawer I'm telling you about is my dead letter office. No where in the lot is there so much as a hint where I'm to send my reply.

Most are signed with such names as Wandering, Curious, Frustrated, and the like. A few, like one I received this morning read: "Dear Miss Brandow: Please send me your popularity booklet, Bobby."

What's in a name? Shakespeare may know, but it leaves me pretty clueless. There are an awful lot of Bobbies in town. To frustrate me a bit more, some have last names as well. Before me is a letter from John Smith. Ever try looking that up in the phone book?

Writing an answer in this column seems the logical solution except that some problems are not suited for publication and printing others would necessitate duplicating a problem discussed shortly before.

One point I would like to make crystal clear. When your letters

reach me, they go no further. Nobody, but nobody reads them except yours truly. As far as the same goes, my lips are sealed.

When a problem "makes the column" details and circumstances are changed just enough that your best friend would never guess that you wrote it; yet the basic problem and answer are the same.

For instance, if your name is Helen Harris, it might be changed to something like Rosalind Greene, but you'll know it's you because I'll drop you a line telling you to be on the look-out.

Another thing to bear in mind. If yours is a question that must be answered pronto, your address saves the day. This column is written several weeks in advance, and you might have a long wait for a published reply.

Is yours one of the letters in my dead letter drawer? I hope not, but if it is, please write another with a complete return. It's always a real pleasure to hear from you; don't give yourself out of an answer. Write in care of The Herald.

## LEGAL NOTICE

THE STATE OF TEXAS  
To: Robert L. Hilburn  
Defendant Arresting

You are hereby commanded to appear by filing a written answer to the Petition for Divorce filed in the County of Tarrant, Texas, on the 1st day of June, 1954, at the County Clerk's Office, in the City of Fort Worth, Texas, at 10:00 o'clock a.m. of the first Monday after the expiration of forty-two days from the date of the issuance of this writ, same being Monday the 8 day of August, 1954, or before the Honorable District Court of Howard County, Texas, at the Court House of said County in Big Spring, Texas.

Said Plaintiff Petition was filed in said court on the 1st day of June, 1954. In this cause, numbered 8949 on the docket, the parties are: Plaintiff, Donna Hilburn, Plaintiff, vs. Robert L. Hilburn, Defendant.

A true and correct statement of the nature of this suit is as follows to wit:

For divorce, plaintiff having resided in the County of Tarrant for the last six months immediately preceding the filing of said petition, seeks a bona fide inhabitant of the State of Texas for twelve months prior to exhibiting said petition, seeking divorce by reason of cruel and harsh treatment and improper care and custody of two minor children, Patricia Ann Hilburn and Robert Allen Hilburn, as is more fully shown by Plaintiff Petition on file in this suit.

It is further stated and averred within ninety days after the date of its issuance that the defendant has failed to file an answer to the Petition for Divorce and that the officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said Court, at office in Big Spring, Texas, this 23 day of June, A. D. 1954.

OTEO, C. CHOATE, Clerk,  
District Court, Howard County, Texas.  
By Elizabeth A. Burrell, Deputy.  
(M.A.)

# Parr Doesn't Pay Filing Fee In Race For Duval Judge

SAN ANTONIO (AP)—George Parr, South Texas political leader currently in a bitter battle with state officials, apparently did not pay his filing fee for the district judge race, Goode S. Weir, chairman of the Jim Wells County Democratic Committee, said yesterday.

Parr had announced as a candidate. The deadline for paying the fee was midnight Saturday. Early Monday, Weir had not received a letter enclosing the fee, which could have been postmarked before Saturday midnight and been under the deadline.

Former Judge Woodrow Laughlin, ousted in one round of the Parr political battles, paid his fee Saturday. So did Mark Heath of Falfurrias. James Breckenridge South withdrew from the race.

# Carr Held Ready To Quit Position Under McCarthy

NEW YORK (AP)—Francis P. Carr will resign as staff director for the Senate subcommittee on investigations in about a week, Walter Winchell said last night.

In his nationwide broadcast over the American Broadcasting Co. network, Winchell said he learned of Carr's planned resignation from Roy M. Cohn, chief counsel for the committee.

Carr was reported to be leaving the committee, which is headed by Sen. Joseph R. McCarthy, to take a better paying job with a firm described only as being nationally known and with offices in New York.

Carr, a former FBI agent, was originally named as a principal in the recent Army-McCarthy hearings but he was dropped from the case after the Army finished presenting its side of the controversy. Carr spent several days in the witness chair anyway.

Neither Cohn nor Carr could be reached to comment on Winchell's report.

## Exchange Clubs Elect

HOUSTON (AP)—The Exchange Clubs of Texas elected Don Abel, Austin, as president during the weekend. New members of the board of control are Morris Banta, Houston; Dan Boone, Abilene; Ben Gastard, Beaumont; Jack McWhorter, San Angelo; Milvern Crozier, Lubbock; and Frank Judmaier, San Antonio.

# National Party Leaders Eye Maryland Vote For Trends

By LOU PANOS

BALTIMORE (AP)—National party officials showed special interest in three of the seven congressional flights and state political leaders kept close watch on the Democratic primary for governor today as Marylanders named their candidates for the November election.

Despite this high-level attention and an exceptionally bitter campaign by Dr. H. C. Byrd and paving contractor George P. Mahoney for the Democratic governor nomination, the primary stirred little apparent interest among the voters.

Election supervisors predicted about one third of the 1,065,190 eligibles would turn out.

An even smaller showing was expected on the Republican side, where Gov. Theodore R. McKeldin sought renomination to a second term in a state where his party is outnumbered 2-1 by the Democrats.

The GOP campaign had produced few fireworks. McKeldin practically ignored his three opponents, Baltimore used car dealer Temus R. Bright, retired Marine Lt. Gen. Pedro A. del Valle and James W. Gum, Montgomery County farmer and lawyer.

With the GOP holding a bare majority of the seven Maryland

congressional seats, national chieftains of both parties looked for sore spots and possible November breakthroughs.

Mentioned among these in dispatches from national party headquarters were the 2nd, 5th and 7th District seats occupied by Republicans Edward T. Miller and Frank Small Jr. and Democrat Samuel N. Friedel, respectively.

Miller, who broke a long series of Democratic victories in his district eight years, was opposed for a fifth term by Mrs. Alonista Walker, widow of a wealthy oilman.

Small faced opposition from Robert E. Ennis of Capitol Heights,

and Friedel from Henry R. Hergetroder, member of a well-known baking family and professor at Baltimore Loyola College.

There was no primary opposition to the other incumbents.

In a televised windup campaign speech last night Byrd, who resigned as University of Maryland president to make his first try for public office, said he had evidence Mahoney was aided in his campaign by public relations man Jon Jonkel. Three years ago Jonkel was fined \$5,000 after pleading guilty to violating state election laws as director of Republican

**OVER \$1,000,000. CAPITAL & SURPLUS PAID IN CASH**

**OIL INDUSTRIES LIFE Insurance Company**

"An Old-Line Legal Reserve Life Insurance Company"  
FANNIN STATE BANK BUILDING • HOUSTON, TEXAS

There's only one way to appraise \$1,000,000 in cash. A million dollars is a million dollars. And as Oil Industries Life starts writing life insurance today, it will have more than \$1,000,000 in capital and surplus paid in cash.

The advent of Oil Industries Life Insurance Co. marks a historic milestone not just in Texas but in the entire United States.

Never before have Texas' greatest industries—Oil and Insurance—been so linked. O.I.L. Insurance Co. will concentrate in the oil industry.

In the entire history of life insurance in this country (and there are at present approximately 750 old line legal reserve life insurance firms in the U. S.) only four companies could be found by the Alfred M. Best Co., whose publication is the insurance industry's Bible, with over \$1,000,000 paid in cash prior to the writing of business.

Why did O.I.L. insist on over \$1,000,000 in capital and surplus paid in cash? Because we of O.I.L. wanted our company not only to be safe and sound for the more than 35,000 persons who individually and collectively own stock in O.I.L., and for our future policyholders, but we wanted the company to be super-safe and super-sound.

In our six months' organization period, we interviewed the chief executives of more than 30 leading life insurance companies. With the best obtainable insurance brains in O.I.L., we proceeded slowly and carefully. We adopted the best practices of the nation's leading life insurance firms. We made sure, before writing a single policy, that O.I.L. would be adequately capitalized to acquire superior management and strong agency forces and for a more rapid expansion program.

Oil Industries Life Insurance Co. is a company of which Texas can well be proud.

# Adenauer Forces Claim Voting Shows Support For Program

By BRACK CURRY  
 BONN, Germany, June 28 (AP) — Chancellor Konrad Adenauer's supporters claimed a fresh mandate today from the German people for his pro-American foreign policy following the nation's first political test of 1954.

But the opposition Socialists claimed Adenauer's Christian Democrats suffered a political setback in the election yesterday of a new 200-member parliament in the state of North Rhine-Westphalia, home of the industrial Ruhr. The Socialists based their claim on the fact the Christian Democrats and their partners in the coalition state government, the Zentrum (Centrist) party, fell two seats short of an absolute majority.

To increase their voting strength of 90 Christian Democrats deputies and 9 Centrists, Adenauer's party was expected to enlarge the coalition to include some of the Free Democrats, their partner in the national governing coalition who won 25 seats in the state parliament. The Christian Democrats rolled up 2,855,672 votes, or 41.3 per cent

of the total of 6,921,739 valid ballots.

The Socialists, bitter opponents of Adenauer's European unity policy, polled 2,387,069 votes (34.5 per cent) and won 78 seats. The Communists, who had held 12 seats, lost them all.

Adenauer's Christian Democratic party headquarters here promptly hailed the result as "a positive development for the Christian Democrats' foreign and domestic policies."

Most foreign observers here agreed that the election showed this: Adenauer's party retained its position as the strongest political force in the nation's biggest state. But it failed in its aim of winning an absolute majority as it did in the federal parliament in 1953.

## Three Robbers Raid Country Dice Game

ATWOOD, Tenn. (AP) — Three robbers, armed with a sawed-off shotgun and pistols, broke up a 20-man dice game in a corn field near here yesterday and drove off with about \$9,000, the state patrol reported.

Cpl. Hal L. Smith and Patrolman Chester Bullington Jr. said the robbers made the dice shooters remove their shoes and then chased them into a nearby woods by firing shots over their heads.

"When the gunmen left," Smith reported, "two or three of the men got into their car to chase them." The pursuers caught up with the robbers but after an exchange of shots the robbers got away, the officer said.

## Five Get Dunked In Boston Tar Pit

BOSTON (AP) — Five persons suffered dunkings in a tar pit yesterday but none of them was the worse for it today.

Four-year-old John Sullivan fell in while playing at the brink of the tar pit, eight feet in diameter and about five feet deep, which had been left behind by a construction gang.

His brother Francis, 7, tried to help and also fell in. Their mother Geraldine heard their cries and boldly stepped in and began sweeping the tar away with her hands.

Herbert Foreman, a passer-by, spotted the trio and stepped in to rescue Francis. Patrolman Louis Spina then waded in and pulled out John and his mother.

## Paged In Theatre, Booked By Police

SHELTON, Conn. (AP) — Lionel Adams, 23, of Southbury was paged at a movie theater here last night. He left his seat and went to the lobby, where he was met by state policeman Glen Thomas. Thomas took him to the state police barracks and booked him on a charge of stealing a rowboat. He was released in \$100 bail.

## Kelly Commander Dies

SAN ANTONIO (AP) — The Kelly AFB base commander, Col. Laurence A. Gowdon, 39, a native of Clovis, N. M., died of a heart attack at his quarters yesterday.

## Ex-NKVD Agent Details Murders

MUNICH, Germany (AP) — A former Russian secret police commander told in chilling detail today how he helped betray and deport a million of Stalin's subjects because they wanted independence from the Kremlin. Lt. Col. Grigori Stepanovich Buriitski, 36, emerged into the glare of television floodlights to tell of racial murder in the Soviet Union. He has been hidden in the West for a year by U.S. intelligence agents. He deserted to the West last June but it was kept secret until he testified today before a U.S. congressional committee on Communist aggression, now in session here.

Speaking through an interpreter, Buriitski described how rebellious non-Russian people like the Checheno-Ingush Mountain people in the Caucasus and the Tatars of the Crimea were trapped by Soviet security forces in mercenary "Trojan-horse" operations. He told how a million people were fooled into believing Soviet Russian overtures of friendship so that they dropped their guard. Then they found themselves herded into cattle cars for deportation to the wastes of Siberia under the guns of men they had been entertaining as guests. Buriitski said the Kremlin could not tolerate any independence movements so simply wiped out whole regions, leaving the land silent and deserted until new settlers could be found.

## Evangelist Graham Enters Army Clinic

FRANKFURT, Germany (AP) — American evangelist Billy Graham, who got up from a sickbed to preach to 75,000 Germans in Berlin, entered the U.S. Army Hospital here today for a medical checkup and treatment.

The 35-year-old North Carolinian flew to Frankfurt from Berlin this morning. Graham's press spokesman said, "He's getting along fine and it's nothing serious. We hope to be able to fly to Paris tomorrow." Graham is scheduled to conclude his European tour there Wednesday.

## Man's Own Booby Trap Traps Him

CREEDE, Colo. (AP) — His own booby trap seriously wounded J. T. Hord, Rockport, Tex., yesterday. Sheriff Harry Larson gave this account: Hord rigged a rifle trap to guard against burglars at his summer cabin when he left last year. He posted warning signs. Upon returning yesterday, he found the windows of the cabin broken out. Angered, he stormed through the door. The .22 rifle fired, hitting Hord in the chest. He crawled to a highway and travelers took him to a hospital.

## Begin Training Stint

NORTH FT. HOOD, Tex. (AP) — The 8,000 men of the 49th Armored Division, Texas National Guard, were swinging into their 2-week summer training here today after their arrival yesterday.

## Fourteen Violent Deaths Reported During Weekend

By The Associated Press  
 Violent death took at least 14 lives in Texas during the weekend. Traffic accidents killed 7 persons, 3 were shot to death, 2 burned to death and 2 were drowned. Some of the latest reported deaths: James Bennett, 32, Hempstead, admitted to officers that he shot a waitress, Mrs. Helen Milton, 28, to death with an over-and-under .22 rifle and 410 shotgun. He fired charge after charge into her home, he said. The shooting occurred early Sunday morning at Hempstead. Bennett was charged with murder. Jessie James Woodall, 47, Fort Worth, was killed in the collision of a car and truck near Bowie Sunday. Three women were killed Saturday night in a 2-car collision near Hearne in Central Texas. Two other women in the same car

were injured, as were two Dallas men in the other car. Killed were Mrs. Maxie Deason, 15; her aunt, Mrs. Willie Peeler, 60; and Mrs. Deason's mother, Mrs. J. W. Pyland. The women, all of Hearne, were returning from a shopping trip to Bryan. Another Hearne resident, Mrs. Toney Perrone Sr., was killed Sunday in an auto-truck collision near Hearne. Thomas Patrick Daly, 21, an Ellington AFB cadet from Newark, N. J., drowned Sunday while swimming in the new city reservoir at Houston. Danny Tillman, 24, Tyler, was killed Saturday night when his car and a furniture van collided near San Antonio. The van and its furniture burned with a loss of \$15,000. R. E. Alexander, 25, Snyder oil field worker, was killed Saturday night when his car overturned near Big Spring.

## Never Asked Before, Visits Capital At 81

RALEIGH, N.C. (AP) — Mrs. Polly Caudle doesn't get to this capital city very often. In fact, although she lives only 35 miles away, the 81-year-old woman never visited here until last weekend. Her nephew brought her to town wearing a bright print apron and a big, fluffy sunbonnet. Why had she never come to Raleigh before? "I was just never asked," she explained.

## Two Newsmen In Guatemala Crash

TEGUCIGALPA, Honduras (AP) — Two U.S. correspondents for Time and Life magazines were reported to have escaped unhurt yesterday from the crash of a small plane at Esquipulas, Guatemala. The newsmen were Robert Lubar, chief of the magazine's Mexico City bureau, and George Silk, photographer.
