SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, JANUARY 26, 1945

NUMBER 4

NEWS OF OUR MEN and WOMEN IN UNIFORM

MIAMI BEACH, Fla., Jan. 19—Pfc. James F. Keeney, 21, son of Mr. Thomas Keeney of Route 1, Santa Anna, has returned from service outside the continental United States and is now being processed through the Army Ground and Service Forces Redistribution Station in Miami Beach, where his next assignment will be determined.

Pfc. Keeney served 5 months as a rifleman in the Italian theater of operations. While there he was awarded the Purple Heart for wounds received in action.

Before entering the service Pfc. Keeney was employed as a farmer. He became a member of the Armed Forces on Feb. 17, 1943.

Mrs. Halle Bissett received word Sunday from the War Department that her son, Pvt. Garland G. Bissett had sailed for overseas.

Pvt. Charles Henderson, of Camp Hood, spent last week-end with his family here.

An Air Service Command Depot in England—When new battle tactics dictate last-minute changes in combat airplanes S-Sgt. William J. Ogle of Route 2, Santa Anna, Texas, steps up his record-breaking output.

Bomb racks for fighter planes, armor plate for bombers, parts for propaganda bombs—these are only a few of the high-priority projects he and his fellow soldier-technicians help build in the metal manufacturing section of this Air Service Command modification depot.

He and his buddies were recently commended by their commanding general for their high speed production which helped spur the aerial offensive against Western Europe.

He is the husband of Mrs. Mary Louise Curry Ogle of Santa Anna. Before he joined the army in July, 1943 he was employed as a foreman of welding department by the Civil Service, Esler Field.

Pvt. Darrell Downs, who is stationed somewhere in France, writes his mother, Mrs. Hattie Lange, that he received his Christmas box sent by the Santa Anna Lions Club and wishes to extend his thanks and appreciation.

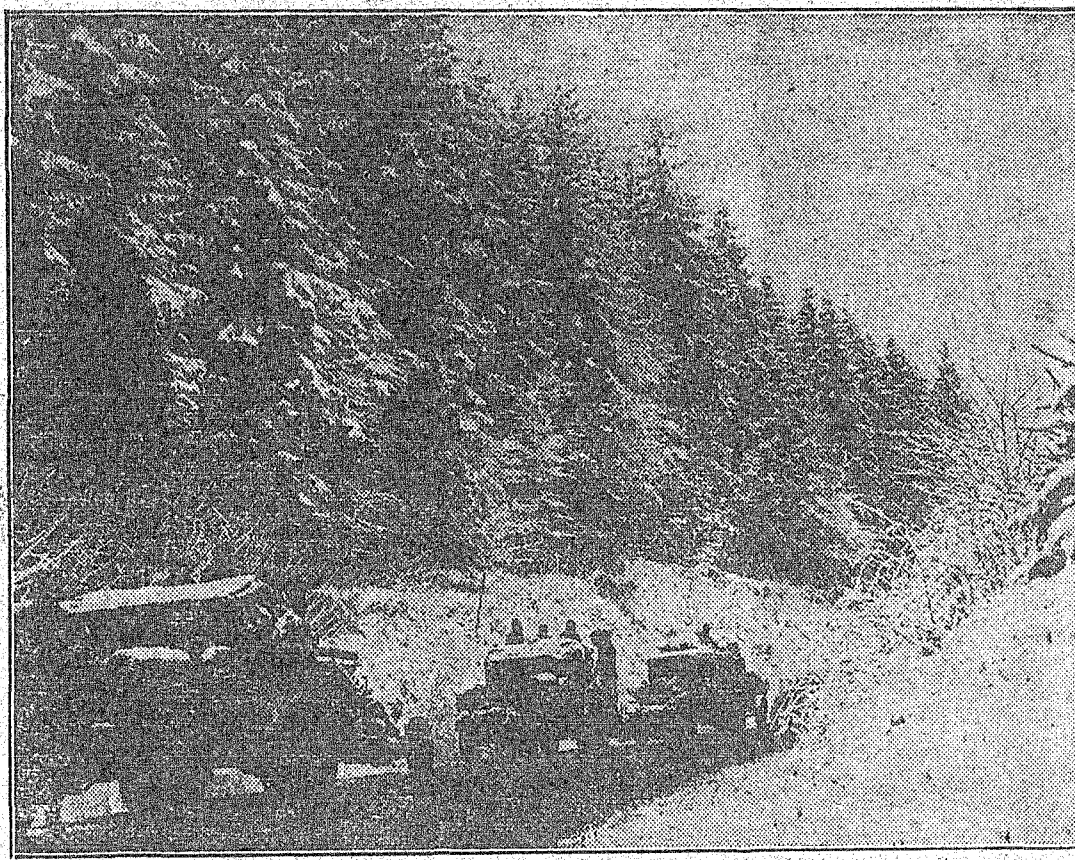

Sgt. Add T. Walker has gone to Hot Springs, Ark. for reassignment, after visiting his mother, Mrs. Boots Walker.

Pvt. W. W. Ragsdale and Mrs. Ragsdale left Wednesday night for Camp Beale, Calif., after a few days visit with his parents, Mr. and Mrs. W. E. Ragsdale. He has been stationed at Jackson, Miss.

BEGINNING SOON

A class in Expression, dramatic art, and interpretative reading. Special attention given children from five to ten. Call early as class is to be limited. Phone 35, Mrs. Ford Barnes.

Mrs. E. G. Warren visited in Brady Sunday.

Released by U. S. War Department, Bureau of Public Relations.

WINTER FIGHT IN BELGIUM—Part of a U. S. Army convoy moving to the front line in Belgium stops for rest in a beautiful snow-covered valley. The men are reinforcements for units in the front lines holding back the German counter thrust.

R. G. Bland Is Wounded In Germany

Mr. and Mrs. Kelly Bland, of Bangs, formerly of Santa Anna, received word from the War Department last Saturday morning that their son, R. G. Bland, had been slightly wounded in Germany on January 1st.

He is with the Third Army.

A group of Santa Anna women attended a meeting of the Chapter of the United Daughters of the Confederacy at the home of Mrs. Will McCullough in Coleman last Saturday afternoon. Those attending were Mrs. Ollie Weaver, Mrs. W. R. Kelley, Mrs. J. R. Banister, Mrs. Seth Risinger, Mrs. A. L. Oder, Mrs. Will Bell and Mrs. Everett Hickman.

Mrs. Brandon Receives Card From Son Who Is Jap Prisoner

Mrs. W. A. Brandon received a card Tuesday from her son, Cpl. Alton Brandon, who has been a prisoner of the Japs since the fall of Java in February, 1942. The message stated "I am well" and was dated January, 1944. It was mailed from a prison camp in Thailand. The only other message the family has received from Alton was a card about 13 months ago, also a year old, which was mailed from Moulmein, in Burma.

Mrs. Brandon is visiting in Houston but members of the family immediately forwarded the card on to her.

Mr. and Mrs. J. W. Riley, who purchased the Leman Brown residence several weeks ago, moved to their new home last week. The Leman Browns are at home in Mrs. Fred Turners apartment and Mr. and Mrs. Neal Oakes are the new occupants of the residence formerly occupied by the Rileys.

Jim Tom Simpson visited relatives in Lahn over the week-end.

Next-Of-Kin Meeting To Be Held Wed.

Next Wednesday evening, Jan. 31, at eight o'clock in the American Legion Hall at Coleman there will be a meeting of the next-of-kin of prisoners of war, according to an announcement by Rev. J. W. Burgett, chairman of the prisoner of war organization. The meeting is just for the immediate families of men who are prisoners of war and those who have sons or husbands listed as missing.

Mrs. Lester W. Morrell, who has traveled extensively in Europe, British West Indies, and in Canada, will be the speaker for the evening. Mrs. Morrell has had experience in newspaper work, and prisoner-of-war work with the National Red Cross.

Invitations will be mailed out immediately to the next-of-kin of prisoners of war and to next-of-kin of those who are missing in action. An effort is being made to get invitations to all who are eligible to attend, but if you have a son or husband who is a prisoner or is listed as missing you are invited to attend this meeting.

Two Annual Stock Shows This Week

The Coleman County Annual Livestock Show will be held at Coleman Friday of this week, January 26, and the Brown County Show will be held in Brownwood Saturday, the following day.

The Coleman show was advertised for last Saturday but postponed on account of bad weather.

Both shows promise to be very interesting with many head of fine stock on exhibition.

Rev. J. D. F. Williams, Adult Youth Director of the Central Texas Conference, is attending a convention in Oklahoma City this week. He left Sunday night and visited briefly in Ft. Worth with his father, who is ill.

Bill McCrary Missing In Action

Mr. and Mrs. Sam McCrary of the Buffalo community received a message from the War Department Wednesday that their son, Bill McCrary, is missing in action in France since January 11.

The latest word the family has received from Bill was a letter dated January 6, stating that he was in a rest camp.

Wesleyan Service Guild Silver Tea

Monday evening, January 29, 1945 at 8:00 p.m., in the basement of the First Methodist Church, the Wesleyan Service Guild will present Mrs. J. D. F. Williams in a review of the currently popular poetry novel, "White Cliffs of Dover." Immediately after the review tea will be served to all guests by the members of the Guild.

The public is cordially invited to attend.

Rev. Dunham and Family Brief Visitors Here

Rev. R. E. Dunham and family were brief visitors in Santa Anna at the noon hour Wednesday, enroute to Colorado City where they will make their home for awhile. Rev. Dunham was recently mustered out of the Army, where he had served as Chaplain at Camp Campbell, Tenn. for the past year. He was released because of his physical condition. He is to hold a series of revivals to begin his work as a civilian again.

Rev. Dunham, Mrs. Dunham and the children expressed thanks to their many friends for their expressions of sympathy at the recent death of their daughter, La Nelle.

Calvin Campbell of the U. S. Navy came Monday night for a month's visit at home with his wife and other relatives. He has been stationed in Alaska for the past 19 months.

Join The March Of Dimes Club

Saturday of this week, the weather permitting, the committee from the Lions Club has arranged to have several high school girls on the streets soliciting and collecting money in any amount to be sent to Washington to be used in the prevention and treatment of infantile paralysis.

The committee decided not to hold a party, dance or any other kind of entertainment, but just take what we can get and send it in.

The money will be added to the fund for the Warm Springs Foundation, that is headed by President Roosevelt. Just give whatever you feel like investing in the March of Dimes for the prevention and relief of those sufferers who are afflicted with the dreaded disease.

The campaign committee will close their report at the Lions Club next Tuesday at noon. If you fail to meet with the collectors Saturday, and feel that you would like to have a part in the work, mail or hand the amount you feel like investing to The March of Dimes Committee in care of this paper and we will see that it is put to proper use. F. C. Woodward, Rex Golston and J. J. Gregg compose the committee.

Sgt. Ford Holt Liberator Mechanic

15TH ARMY AIR FORCE IN ITALY—Changing sparkplugs, testing engines and playing nursemaid to a B-24 Liberator bomber is not a romantic job, but it is one of the more important phases of heavy bombardment.

Liberator mechanics may come from any walk of life. Sgt. Barney Ford Holt, 22, of RFD 2, Bangs, Tex., farmed at Santa Anna, Texas, prior to entering the service, Oct. 31, 1942.

After intense mechanical training in an army technical school, Sgt. Holt joined his present group. He is now stationed at a 15th Air Force heavy bomber base in Italy, in a group commanded by Col. Thomas W. Steed, of Etowah, Tenn., which has flown more than 165 combat missions against enemy targets.

Hours before his bomber takes off, Sgt. Holt is on the line, testing the engines, making last minute check-ups. Later when he turns the plane over to the pilot and his crew, Sgt. Holt is satisfied that the Liberator is in top flying trim.

While his plane is gone, Sgt. Holt works about the hard stand, repairing equipment, and preparing for the return of his bomber. The plane rumbles onto the parking stand after the mission. Sgt. Holt and other mechanics go over it, checking with the pilot and engineer to determine damage to the four engines.

Sgt. Holt may repair battle damage far into the night, readying the bomber for the next day's mission. He won't get medals, but he knows that every time his ship flies he has helped to win the war.

Letter From India.

Editor's Note: The following is an excerpt from a letter written by a Santa Anna boy doing service in the U. S. Army in India.

A ride on an Indian train is an experience never to be forgotten. The compartment and sleeping accommodations are not to be compared with our trains. You enter the compartments from the platform. When you get ready to eat you wait until the train stops and then hop off and run down to the diner. If it is full, you run back to your compartment and throw all the Indians off that got in while you were up trying to get something to eat. We are guests of the Indian Government so we have to treat the Indians different to the way we did the Arabs, and take my word for it, they know it and take advantage of you.

Four people sleep in each compartment—that is, there are four simulated berths. Usually there are as many people on the floor as there are in the berths. You carry your own bedding and drinking water. The red caps over here are coolies and they can't carry any weight at all on their arms. It takes two or three of them to get your baggage on their heads, but once they get the load on their heads, they can balance it and carry it almost anywhere. That's what is called using your head for something besides a hatrack, I-guess.

When you eventually get a seat in the diner you get a fairly good meal and much to my surprise, it is fairly well cooked.

The peddlers carry their tray of foods on top of their heads and carry a stand to place it on, when they are ready to stop and peddle their wares. The birds pick at the fruit, the flies swarm over it, and the dust blows on it. In the place of sacks they use large dry bones for containers in which to deliver the goods. It must be delicious.

Many of the people do not have homes. They sleep right where night finds them—on the streets, sidewalks, or along the railroad tracks. Life is probably one of the cheapest things that you find in India. Although murder is a crime that brings greater punishment than is usually meted out in our country, life still seems to be the cheapest thing here.

I saw an Indian funeral procession the other day. They were carrying the corpse down the street on what we call a stretcher. I would say that there were approximately 30 men in the procession. Those ahead of the four men carrying the body were saying about a dozen words. Those in the rear of the procession continued to repeat the same words and then it went back to the men in the front. Traffic at the intersections halted and the procession continued on its way. Some members of the party seemed to be chanting. Others carried lanterns, apparently to guide the destiny of the soul. The body was draped with flowers and many colored materials. The bodies of Hindus are burned. Bodies of the Parsee, which is compared to the wealthier Jew of our country, is fed to the vultures on top of the Silent Tower. The bodies are tied so the flesh will have to be picked off and not have the legs or arms torn off. The bones are then burned. Bodies of Mohammedans are buried.

IT'S A LONG WAY TO THE LUZON BEACHHEAD

DALLAS, Jan. 22—Texans are accustomed to wide open spaces and great distances. But even Texans must be impressed by the distances the Navy must travel in order to reach and supply the battlefronts in the Pacific. The distance the Navy must travel to transport men and material to the American beachhead on Lingayen Gulf on Luzon, in the Philippines, is so great that if it were possible for sound to cover it, San Francisco could not hear the booming of the warships' guns until more than eight hours after they were fired.

Or put it another way: The distance from San Francisco to Luzon is about nine times across Texas. Or still another way: You could travel by direct line from Seattle, Washington to Miami Florida; turn around and make the round trip a second time, then go back to Miami, and you still would not have covered the mileage one of the Navy's ships must cover in delivering a war cargo from San Francisco to the beachhead and returning.

But not all the Navy's ships can leave from San Francisco. Some of them pull out of East Coast ports and have to go through the canal. This almost doubles the distance.

There are 6,974 statute miles from San Francisco to the Lingayen Gulf; and 6,057 statute miles from New York to San Francisco by ship.

SWING OF SOUTHWEST FARM MARKETS

Most southwest farm products, except vegetables, eggs and cotton, held firm during the past week, the War Food Administration reports.

In contrast to the trend at most other markets, Chicago cattle continued downward under heavy receipts. Southwest cattle prices went up only 25 to 50 cents during the week despite lighter offerings, indicating that meat rationing and price control as well as set-aside requirements, exercised a restraint to keep prices in line. Top steers hit \$15.00 and above at Denver and Fort Worth, but daily tops throughout the Southwest generally rang the bell around \$12.50 to \$13.50 per cwt. on medium and good grades.

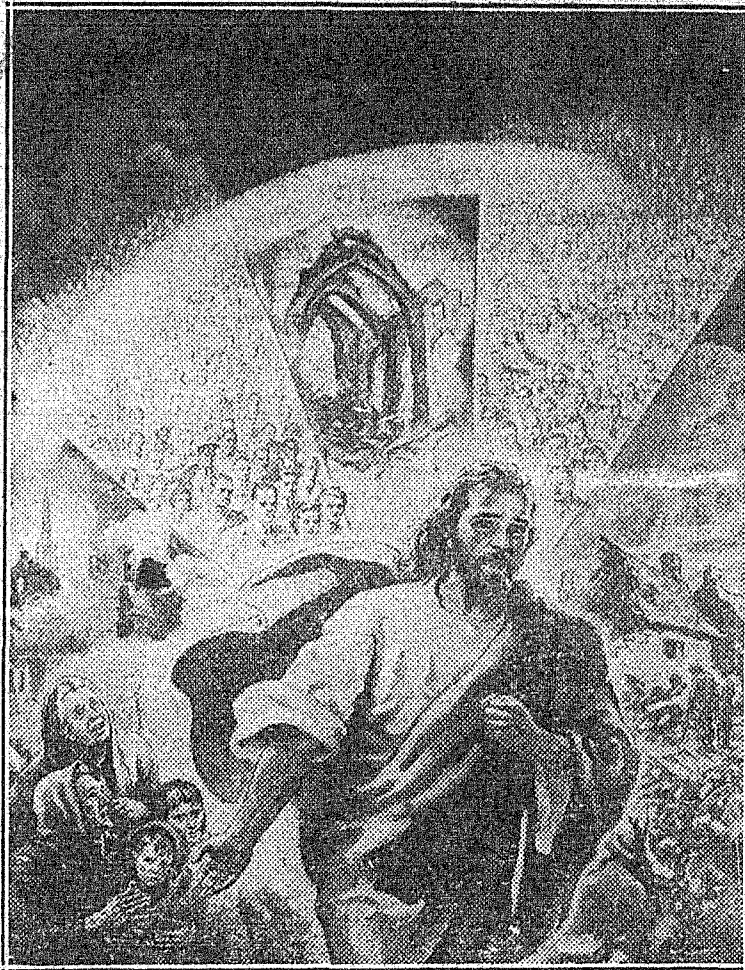

Most hog prices remained at the ceiling under an active demand, but southwest markets reported a definitely lower trend on feeder pigs and on hogs that produce soft pork. Lighter offerings during the week morrored to some extent recent favorable changes in price control programs. The week's receipts were only half the volume for the corresponding week last year reflecting smaller hog numbers in relation to feed supplies this year.

Despite heavy receipts at southwest and midwest markets, sheep prices held full steady and lambs gained 25 to 50 cents per cwt. Kansas City reported the heaviest run for any week since last March. National Stockyards paid \$15.00 to \$15.35 for southwest fed lambs at the close of the week. Southwest wools sold in moderate volume on the Boston market.

Shortage of refrigerator cars, restrictions on vegetable shipments from the Rio Grande Valley early in the week, and rains during the period, all contributed reduced movement of Texas vegetables. Prices for carrots, beets and cabbage sagged under a slow demand, but spinach strengthened as inquiries improved. Colorado potatoes and onions held firm under a strong demand. Liberal supplies of sweet potatoes from Texas, Louisiana, and other southwest areas brought weaker prices at consuming points.

Light poultry offerings at southwest consuming centers fell

New Sallman Painting Depicts Theme of Crusade for Christ

CHICAGO — Warner Sallman, whose portrait of Christ has sold 4,500,000 copies, depicts here the support of millions of Christians to the determination of their Leader that there be no more war. Methodists are among those who are working for liberty and justice for all men, through their four-year, five-fold Crusade for Christ.

Posters of the Sallman painting, now appearing in more than 41,000 Methodist churches across the na-

tion, appeal for sacrificial contributions to the \$25,000,000 Crusade relief and reconstruction fund, more than half of which will go for food, clothing and other aid for peoples of war devastated and occupied countries. Other phases of the Crusade for Christ call for support of cooperation among nations in the post-war world, renewed evangelism efforts, education for Christian stewardship and improvement of Sunday School attendance.

short of the heavy demand and brought producers ceiling prices. In the principal producing areas of Arkansas, Oklahoma, and Missouri, most supplies moved to the Army under the chick set-aside order.

Egg prices declined slightly as a result of increased receipts and seasonal downward adjustments in the ceiling level. A fair demand, however, tended to hold prices about steady at the ceiling.

Cotton prices sagged after advancing to new highs during the first half of January. New York March futures closed at 22-01 cents. Grains were steady to higher with considerable strength on sorghums and oats. No. 1 hard ordinary wheat closed the week at \$1.70 a bushel, bulk, in carlots, at Fort Worth and Texas common rate points. Milo brought \$1.97 per cwt., and kafir \$1.99.

TEXAS LEGISLATION ON THE EDUCATIONAL FRONT

Austin, Texas—The Texas House threw the rule book out the window last week to pass and send to the Senate an emergency appropriation to aid some 15,000 rural school teachers and 400,000 Texas pupils.

The \$1,575,082 appropriation would give teachers \$75 more per month for the last four months of the current school year. It would allow rural school districts \$60 more per teacher a year for purposes other than salaries, and would increase transportation allowances for pupils \$1 per capita a month.

Rep. Bob Proffer of Denton, sponsor of the House legislation declared "hundreds of rural teachers" have been leaving their jobs because of low salaries. Sen. G. C. Morris of Greenville will press for early action in the Senate, since the bill as it is now written must be passed by Feb. 1 for teachers to receive the maximum benefits of \$300 this year.

Gov. Coke Stevenson submitted as emergency matter the proposal to amend the state

Whon News

Mrs. Tom Rutherford, Mr. and Mrs. Oscar Lovelady, Virgil Tennyson, Jim Carter and Gus Fiveash were business visitors in Brownwood Monday.

A very large crowd enjoyed the party at Mr. and Mrs. Jim Carter's Monday night.

Mrs. Bert Turney was called to Dallas last Friday to be with her daughter, Pat, who is ill. We truly hope not seriously.

Mr. and Mrs. Dick Deal and family spent Saturday night at Melvin with Mrs. Deal's mother, Mrs. Ellis and her sister's family. Glad to hear Mrs. Ellis is still improving after a serious illness last fall.

Miss Laura Dolan received the sad news Tuesday morning of the sudden death of her mother, who lives in San Antonio. Rev. Nellie Hill and Miss Laura left immediately for San Antonio.

Mr. and Mrs. Geo. Rutherford, Pvt. Harvey Rutherford, Cpl. W. L. Rutherford and Mrs. I. O. Smith and children spent Monday with Mr. and Mrs. Tom Cooper in Coleman. Mr. and Mrs. Alec Cooper and baby returned home with them and spent Monday night and attended the party at Jim Carter's.

Mr. and Mrs. Willie Fiveash and son of Abilene spent Sunday with Mr. and Mrs. Lee Fiveash.

Sylvia Fiveash spent the past week-end with Betty Parker in Santa Anna.

Sunday was a great day for Mr. and Mrs. Geo. Rutherford. They had all of their children home for the first time in several years. But always after sunshine, comes sorrow. Pvt. Harvey (Dumpy) Rutherford left for Ft. Ord, Calif. Tuesday. Cpl. Willie Lee (Bill) Rutherford will report back to San Diego, Calif., and will go back on duty on Feb. 3. Other visitors in the Rutherford home Sunday were Mr. and Mrs. Jim Carter and Bert, Mr. and Mrs. Tony Rhem and family and Mr. and Mrs. Jack Black of Brownwood.

Mrs. Pearl Holder of Brownwood visited with her brothers, Calvin and Dave Shields over the week-end.

Mr. and Mrs. Sam Grant and sons attended church at the Baptist church Sunday morning and were guests of Mr. and Mrs. Homer Schulze Sunday. Remember Sam is the Phillip 66 man. How is this for advertisement Sam? Other guests in the Schulze home Sunday were Mr. and Mrs. Buster Wynn and boys.

Rev. Nellie Hill and Miss Laura were business visitors in Brownwood Monday.

Every one is invited to PTA Friday night, Jan. 26. We hope to have a program and refreshments.

The famed 36th "Texas" Division which fought so heroically in Italy, is picking up new laurels in France, where it already has taken more than 17,000 German prisoners—an average of more than one and a half prisoners for each member of the Division. The figures count only live Nazi actually in the hands of the Texans, and not the several thousand killed outright.

Most recent news reports say the 36th is in a new offensive. Apparently the Texas boys just don't know how to retreat!

And, speaking of Texas boys, here's a tip that may help you make them mighty happy at little cost: send them your home town newspaper. Better still, enter a subscription for your son husband or friend, so that the paper will go to them direct from the newspaper office each week. Nothing makes a better gift, for every soldier wants to read all the home-town news. The boys abroad would rather have the home-town weekly than the New York Times plus all the current magazines!

But back to the 36th Division—Sgt. Fred Hall of Mansfield, Tex. who weighs 202 pounds and is the biggest man in his headquarters battery, recently was forced to sleep in a baby crib while fighting along the Seventh Army front in France. It was the only available sleeping place in the house where he was billeted—and Fred reports that it was lots more comfortable than a fox-hole in the cold!

S-Sgt. Rector Schnahals of Bastrop has been awarded the Soldier's Medal for heroism in helping extinguish a crashlanded bomber. He did the job despite constant danger that several bombs still left in the ship might explode. The official citation pointed out that his deed constituted "heroism at great risk of life."

S-Sgt. Cy Key, whose farm home is near Crowley, recently won the Combat Infantryman's badge for outstanding service with the 2d Infantry in France.

And from Leyte comes word from another scrapping Texan who knows what it is to be lucky. He is Pfc. Jim Pavlicek of West, who has fought through two of the toughest campaigns of the war without being scratched.

"I guess God has been with me," Jim told a war correspondent who talked with him recently. He has been in service four years, and has fought the Japs on several Pacific islands.

Another West resident, Marine Corp. John Stepan, has earned his "M" with a Marine football

The 1944 Progress Report, made by the Supervisors to the Secretary of Agriculture, shows that 298 farms and ranches covering 186,849 acres are cooperating with the district in the Coleman Work Unit area. Additional requests for cooperation on hand at the end of the year totaled 181 on 109,450 acres.

The report shows that on crop land, 25,854 acres were contour planted; 13,782 acres had crop residue management for soil productivity improvement; and 11,858 acres had an effective cover during critical erosion periods.

Terraces have been constructed to date on 12,381 acres, totaling 656 miles. Diversions constructed above cropland to protect fields from outside water total 14,881 rods.

Range conservation practices established include proper stocking on 105,213 acres; fire prevention and suppression on 85,551 acres; deferred grazing on 19,536 acres; rotation grazing on 10,898 acres and maintaining re-

team in the South Pacific. The former Texas University guard plans to coach football after the war, and he's keeping up with the game even while fighting the Nips.

Also in the Pacific is Russell Cole of Brownsville, who believes in working when there are no Japs around to fight. While waiting for a new combat assignment after several months of front-line service, Cole volunteered to work with a construction unit building Quonset huts on the island.

Incidentally, Texans at home are going to receive a lot of national publicity when the final report on the recent War Chest drive is made. Details aren't ready for publication yet, but Wayland D. Towner, United War Chest of Texas general manager, has let slip the fact that Texas generosity came through again!

All you who contributed so generously can be sure that you have helped toward victory—and you have helped make life better for our fighting men, too!

Fish Pond Management was carried out on 78 ponds. Twenty five hundred pounds of commercial fertilizer were distributed for use in fish ponds to increase production.

The report shows, also, that sweet clover was introduced in the district and its production encouraged for use (1) as temporary pasture, (2) in crop rotations to improve soil productivity, (3) as a hay crop and (4) as a cash crop through sale of seed.

Educational work for the district has been done in 27 meetings with a total attendance of 627, according to the report.

**Teacher Pay
Up To Voters**

Approval of the school tax rate increase to be submitted to voters next Saturday will "make it easier" for teachers to remain in their profession, W. L. Stewart, president of the Board of Education, told members of the North Fort Worth Kiwanis Club Friday at a luncheon at First Methodist Church.

Of the proposed 10 cents per \$100 valuation tax increase, 6½ cents will go to provide better salaries, and 3½ for improvement of the school system's plant

properties. Stewart said higher salaries are offered in most every other field today, and teachers find it hard to stay with their profession.

Trickham News

By Mrs. Beula Kingston

I was just sure I would have some real news for this week, but he went off early Monday morning and stayed until Wednesday night, but when he did come back no one came with him—so no news after all. Just one of Rankin McIver's jokes he put over us.

Mrs. C. F. Shield had a telephone call from her son, Bryan, last week saying he was feeling much better and had been given a medical discharge from the army, but would start working in some defense plant in California and could not come home now.

Miss Mary Frances Rutherford left Friday for Ft. Worth where she has employment.

Mrs. Lee Vaughan and Nan and Mrs. W. D. Craig were shopping in Brownwood last Friday.

Mr. and Mrs. Fred Haynes honored their daughter, Reba, with a birthday dinner Sunday. Those present were Mr. and Mrs. Elmer Haynes and Mattie, Mr. and Mrs. Lige Lancaster, Lucille and Robert Earl, Mr. and Mrs. J. R. Haynes and family, Mr. and Mrs. Glenn Haynes and Nancy Jo, and Miss Ruth Dean.

Mrs. Emma Perry, of Bangs, is reported to be gaining some strength after being ill so long.

Wanda Lou Stearns, who has been very ill, seems to get better for awhile, then relapses again.

Mrs. Lee Vaughn and Nan visited Mrs. Kingston Monday afternoon.

Mrs. Jack Dockery and children spent Saturday with her parents, Mr. and Mrs. Oll Martin.

Pvt. Talmadge McClatchey, Jr. and wife of Camp Hood were here over the week-end.

Mrs. Lewis Burney was a supper guest of Mrs. Kingston Sunday night. She had received word from her sister, Mrs. Viola Mays, that she would return home today. Mrs. Mays has been in a hospital in Mineral Wells for the last two weeks.

Mr. and Mrs. Marvin Whitley and her mother, Mrs. May Rutherford were in Coleman Friday. They visited Mrs. Rutherford's sister, Mrs. Laura Carter who has been quite ill, but is somewhat better. Grandpa Whitley came home with them.

Mrs. A. J. Martin spent Saturday in Brownwood.

Mrs. Leta Price and sons and Mrs. Kingston visited in Whon Sunday afternoon with Sister Hill and Laura and Mr. and Mrs. Gus Fiveash.

Mrs. Virgil Lancaster spent last week with Mr. and Mrs. Lige Lancaster and family.

Mrs. J. S. Laughlin visited Mrs. L. E. Page Monday afternoon.

Mr. and Mrs. Charlie Thompson returned home Friday from Abilene where they were called last Monday. Their son-in-law, Mr. Frank Ellis, died before they got there. He was buried at Snyder.

Mr. Ben James and son, W. D. of Corpus Christi, came in Wednesday. Ben came to have some teeth made and they returned home Saturday.

Mr. and Mrs. Paul Tackett and

two children, of Corpus Christi, came Friday for a few days visit with relatives here.

Mr. and Mrs. Harley Stearns are becoming very uneasy over their son, Pvt. William Grady (Pat), who left the states Dec. 19, and as yet they have not heard from him.

Mr. and Mrs. Oscar Boenicke had as dinner guests Sunday her mother, Mrs. Shield and brother, Robert and Mr. and Mrs. Charley Thompson. This was their wedding anniversary.

Mr. and Mrs. Albert Dean and Ray visited her sister, Mrs. Ben Herring and family Sunday afternoon.

Mr. and Mrs. Harry Livingston visited Mr. and Mrs. Wiley McClatchey Sunday.

Brother Burgett filled his monthly appointment here Sunday morning and night and was a dinner guest of Mr. and Mrs. Oll Martin.

IT'S NO CIRCUS!

They may look like two daring young men on the flying trapeze. But they're really electric linemen, working fifty feet in the air, with no net underneath.

It's tough enough up there on a sunny summer day. It's much worse on a wet black night—or when everything's slippery with sleet. But the job must be done. It's part of giving you good electric service.

Fortunately, there are men who have the courage and skill to do it. Just as there are other men who control complicated switch-boards in lightning storms, or keep a careful watch on giant turbines, or crawl in hot boilers to make repairs.

These folks know what to do because they've been doing it a long time. Men and women grow up in the electric light and power business. It takes years to become a power-plant engineer. Lineman—load dispatcher—service man—almost every job is specialized and technical.

The value of this experience—and of sound business management—has been dramatically proved by war. In spite of shortages of many essentials, there is no shortage of electricity—and it is still sold at pre-war prices!

Hear Nelson Eddy every Sunday afternoon in the brilliant new musical show — "The Electric Hour" — with Robert Armbruster's Orchestra, 3:30 CWT, CBS Network.

WHO'S WHO

Corine Bengé
Corine is a tall girl of 5' 8". She has beautiful brown eyes and brown hair.
Before entering Santa Anna school as a Freshman, she attended school at Millersview for almost seven years and Whon school about four months.
Corine's main activities are horseback riding, swimming and dancing.
On being asked her favorite amusement, she says, "Nothing like kodaking!"
As for Corine's favorite authors, she chooses Emily Loring and Pearl Buck. Her favorite study is Geometry.
Corine says something she does fairly well is artistic work. She loves to paint and draw.
After leaving high school, Corine can't make up her mind whether to go to T. C. U. or enter nurses training. Wherever you go, good luck to you, Corine.

WHO'S WHO IN THE SENIOR CLASS

This week's "Who's Who in the Senior Class" is Claude Barrington. Claude came to Shields from Indian Gap and he started going to Santa Anna schools when he was in the seventh grade.
Claude's only hobby is taking pictures and he hopes some day that he will have a good camera.
Claude's best loved sport is hunting. Some of Claude's dislikes are that he doesn't like to be told what to do, and he definitely dislikes history. Claude's ideal person is General Patton.
Some of his likes are girls (and how!), hot music and about three pounds of steak at each meal. After Claude has finished high school he plans to join the Air Corps or enter Texas Tech. Claude is in the Santa Anna High School Band and played on the senior football team.

GOSSIP

Boy, oh boy, was gossip scarce this week! But what we had—gee whiz! Just take a peep.

Who was seen in Brady Saturday night with Melvin boys? None other than Sybil Simpson and Mary Lois Leady.

Joyce M. had a visitor last week-end. What's her name? Maybe we should find out.

Who's next on your list, Buford? Seems as tho you and Suzy Holmes have broken up.

Say, Cuddles, you have been holding out on Buford and us. What were those Bangs boys doing down here Sunday and Tuesday night? Say, Buford, you had better be careful here!

Mary Lois L. has been making eyes at Denny C. You had better watch out Joyce M.

Hal, you had better watch Joyce H. closer. She has wandering eyes.

Corine Bengé has sure had a lot of fun lately could it be because Dumpy and Bill Rutherford are at home on leave?

It's still the same ole two-some—Earl Jean Woodard and Thomas Newman.

Who's this we hear Fred O. likes now? Could it be Lavonia Lane?

Better luck next time Willard. Maybe Joyce can go.

Well, let's have some more gossip—kids—we really need it.

Well so long,
Nitty and Witty.

JUNIOR NEWS

The Mystery in the Box
Time—Tuesday afternoon about 2:15.

Place—High School Auditorium.

Characters—The handsome Junior boys and lovely Junior girls. A good natured man with two mysterious boxes.
Act I—Scene I.

The man with the boxes (Mr. Thomas) "I have here two boxes from which you are to select your class rings."

Junior Class (with looks of relief and joy): "Hooray! At last! Why didn't you come sooner?"

Mr. Thomas: "Now if you don't have any classes next period I'll measure you right here."

Junior Class: "We don't except (in a very small voice) geometry."
Scene II.

Mr. Thomas: "Well, I have all your measurements and now I must go."

Junior Class: "Oh! Please don't go yet. Geometry period isn't over."

Mr. Thomas: "I thought you liked Geometry."

Junior Class: "Are you kidding?"

Curtain.
And so ended a very happy and long waited for day in the lives of those famous Juniors.

Dear Aunt Agatha,
I am one of those cute Junior girls, and I have a very perplexing problem. It concerns a certain jerk (soda) who works at the Corner Drug Store. Although I spend quite a lot of my time there, it seems to do no good. I just can't get a date with him. Please tell me what to do.

Yours truly,
"Cuddles."

I took a world war to make us Americans eat sensibly.

Dear "Cuddles,"
After receiving your letter I know you do not have a problem, because you said you were one of those cute Junior girls. Now, I have been around Santa Anna High School for a long time and I am very well acquainted with both of you. This soda jerk is a very nice little boy when he wants to be and seems to pay a lot of attention to you. You said you spent a lot of time at the Corner Drug Store. Now, just where do you figure you will come out on that.

I'm sure you look very nice in your clothes and so if you keep up the good work I am sure you will get results.

Yours lovingly,
Aunt Agatha

\$445 OFFERED IN PRIZES IN TEXAS HISTORY WRITING CONTEST

The Texas State Historical Association has announced a first prize of \$100.00 for the winner of the 1944-1945 Junior Historian Writing Contest. Eighteen papers will receive awards totaling \$445. Special prizes of seven framed etchings are offered also.

Contest entries may deal with any topic in Texas history, but contestants are urged to work on some subject related to their community or local history. Some suggestions for topics are: cattle, trails, saddles, Indian depredations, transportation, natural history, exploration, oil, economic, political, or biographical subjects.

"Any boy or girl in Texas under twenty-one years of age may become eligible for competition," stated H. Bailey Carroll, Editor of "The Junior Historian," the magazine of the Association which is written almost exclusively by young Texans.

April 1, 1945, is announced as the closing date of the contest. All interested are invited to write for further information to The Junior Historian, Box 2131, University Station, Austin 12, Texas.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for February 4

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

JESUS' CONCERN FOR ALL

LESSON TEXT—Matthew 9:1, 9:13, 18:26.

GOLDEN TEXT—Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets.—Matthew 7:12.

What is a man worth? Well, say we, that depends, and then we are prone to undervalue him. Jesus had (and taught) a high regard for the inherent value of man. He saw possibilities in all men. He had a love for them. He was concerned about their welfare, and they responded by an interest in Him.

Jesus showed by His dealings with men how wrong are most of the standards and attitudes of the world. With Him there were:

I. No Social Barrier (vv. 1, 9, 10). The caste system of some lands, dividing people into social strata which separate men and hinder fellowship, does not exist in our land. Yet, in practice, we have such levels which are a formidable barrier in the thinking of many (perhaps most) people.

Jesus knew nothing of social barriers. He ignored them and went straight to the one in need. In our lesson it was a man of position and wealth who was an outcast among his people because he was a hated gatherer of taxes for Rome.

Jesus saw in him a man of faith and a useful witness for Him. And He not only talked with him, but called him to be His disciple. Then He went further and, to the astonishment of His critics, went in to a great feast where many such men were gathered.

He ate with publicans and sinners, not because He approved of their manner of life, but because He wanted to change it as He changed them.

II. No Fear of Criticism (vv. 11-13). Many a kind and noble impulse has died a-borning because of the fear of criticism. "What will people say?" has kept many a Christian from speaking to some sinner about his (or her) soul.

"The world is too much with us—" and we all too often guide our lives and service by the possible reaction we may receive from those round about us. We did not learn such an attitude from Jesus.

His answer to His critics made it clear that there will be no self-righteous, "good enough" people in heaven. The Lord is not even calling them, so long as they trust in their own goodness. He came to seek and to save sinners (v. 13, and Luke 19:10).

We, too, may go forward without fear of our critics. That doesn't mean that we "don't care what people think" about us. We ought to care, but if their opinion is based on unbelief and self-righteousness, it should certainly not deter us from our all-important business of soul-winning.

III. No Limitation of Time and Place (vv. 18-22).

Often the help of man to those in need is circumscribed by so many regulations that those who most deserve help cannot get it. There are times and places for application forms, and tests must be completed, etc. Doubtless much of this is needed, but one wonders at times whether our charitable impulses have not disappeared under a mountain of red tape.

Be that as it may, how interesting it is to see that Jesus met the need when and where it appeared. He was already on one errand of mercy when the sick woman touched His robe. He was not too busy nor too preoccupied to stop and give her a word of help and comfort (v. 22).

Is there not a significant lesson here for us in the church? The need is reason enough for the extension of our help. The place is anywhere that men are in sadness or sorrow, and the hour is now—when they need our help.

IV. No Lack of Power (vv. 23-26). How often the human heart is prompted to help, and willing hands are ready to follow its promptings

Santa Fe System carloadings for week ending January 13, 1945 were 24,532 compared with 21,291 for same week in 1944. Cars received from connections totaled 13,668 compared with 10,754 for same week in 1944. Total cars moved were 37,612 compared with 32,045 for same week in 1944. Santa Fe handled total of 32,463 cars in the preceding week.

Anyone can be brave from a safe distance.

If the paper shortage continues they are going to have to make our shoes out of leather again.

In loving action, yet we find that we cannot do anything. The need is too great for our meager resources. Our strength does not suffice. We have no money, or the situation is one beyond human help.

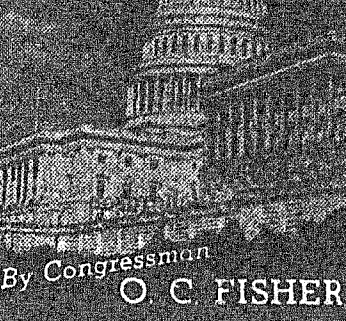

How wonderful it is then to remember the Lord Jesus! A touch on the hem of His garment in faith made the woman whole (v. 22). A word from Him brought the dead little girl out to face the scornors of Jesus, in the bloom of life and health.

Has He lost any of His great power? No. He is just "the same yesterday, and today, and forever" (Heb. 13:8). Why not trust Him?

Do you need help—spiritual, mental, physical? He is able. He has no prejudice regarding your social position. He will meet you right where you are, and right now. He is seeking the sick and the sinful—"the lost, the last, and the least." Look to Him by faith.

The great Physician now is near. The sympathizing Jesus: He speaks, the drooping heart to cheer; O hear the voice of Jesus.

Our WASHINGTON Letter

House Votes More Funds For Navy

More trouble for the Japs was foreshadowed last week when the House voted a requested-billion and a half dollars to be used to build and operate bases in the combat zones. It was indicated much of this will be spent in the Pacific.

The House also passed a reserve officer training bill which the Navy requested last fall. It will take the place of the present V-12 program, and increases the normal maximum authorized personnel of the Officers Training Corps to 24,000 during the war and 14,000 in peace time. Before the war the limit was 7,200.

General Hershey on Draft Boards

General Hershey, head of Selective Service, was reared on a farm and owns one now. In explaining to some Congressmen last week how the draft is handled with respect to agricultural workers, he paid tribute to the local draft boards of the Nation and to the food production record of farmers. In raising 150,000 men each month until July, which the High Command has ordered him to do, Hershey said a great responsibility would fall upon the local draft boards in weighing individual cases and determining if this man or that man is more essential to the war effort in his present occupation than he would be in the Army or Navy.

Why the U.S. Is the Best

For the life of me, I can't understand why some of the Left-wingers in this country are continuously harping on the need for a change in our economic system. If these agitators would go to other countries and stay awhile they might change their line of talk and see more good in the U.S.A.

Let's take a look at a few comparisons. The United States contains less than seven percent of the world's population, and we occupy only 5.9 percent of the world's land surface, yet our nation has an abundance of facilities and materials that contribute towards a high general standard of living.

Our country has about 31 percent of the world's railroads, 52 percent of the world's radio sets, 59 percent of the world's telephones, and 71 percent of the world's automobiles.

This nation normally consumes: 63 percent of the world's petroleum, 66.4 percent of the world's rubber, 55 percent of the world's coffee, and almost 21 percent of the world's sugar.

These things are not goals however. Rather they are instruments by which life in the U. S. is made better for everyone. It's a system that's worth holding on to.

Some Mail Lost

For some two weeks in Jan. our mail delivery service in the House Office Building was very bad. Nearly every day I would get mail belonging to others, and I have learned that some mail I should have gotten was never received. This was because of new and inexperienced postal help here. Therefore, if any one has written me and it has not been answered, please write again.

In the Congress where senior-

ity of rank counts a lot, Texans again took the spotlight in the 79th Congress, with five committee chairmanships, the largest number held by any State.

As a matter of course, the veteran Sam Rayburn of Bonham was elected to his third term as Speaker of the House.

O. C. Fisher, of San Angelo, with but two years of service, was by a coincidence made Chairman of the Committee on Elections No. 3. This Committee, which hears most all the election contests to the House, has been headed by Hugh Peterson, Georgia, who resigned to become Chairman of the Committee on Territories. Others ahead of Fisher on the Committee declined the chairmanship because they were chairman of other committees. A member is not allowed to head but one Committee.

Other Texans who are Committee chairmen include Hatton Sumners of Dallas, Fritz Lanham, Ft. Worth, J. J. Mansfield, Galveston, and Ed Gossett of Wichita Falls.

Fisher, in addition to his spot on the Elections group was advanced on five other committees. These are: Labor, Immigration, Flood Control, Rivers and Harbors and Roads. The latter three are especially important in Texas.

Santa Fe System carloadings for week ending January 20, 1945 were 24,115 compared with 22,645 for same week in 1944. Cars received from connections totaled 14,139 compared with 12,634 for same week in 1944. Total cars moved were 38,254 compared with 35,279 for same week in 1944. Santa Fe handled total of 37,612 cars in the preceding week of this year.

One sacrifices but little in exhibiting good manners, and gains much.

GI BILL OF RIGHTS DISCUSSED

Machinery for translating the agricultural phases of the GI Bill of Rights from promises into actual operation will be set up in Coleman County and thru out Texas within the next few weeks, according to John E. McDaniel, Farm Security Administration supervisor.

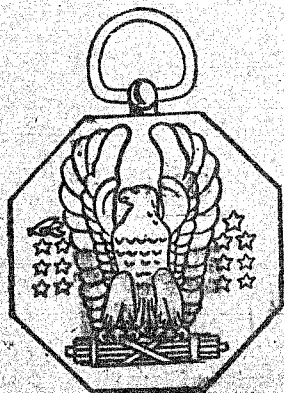

Charles M. Richter, District Supervisor, at Eastland, has called a meeting of supervisors in the thirteen counties comprising his district, at Brownwood, for January 30, where he will outline how the government farm loan guaranty will work. Mr. Richter has just returned from Oklahoma City where regional, state and district officials from Texas, Oklahoma and New Mexico heard from R. W. Hudgens, Washington, FSA Associate Administrator, of the part FSA will play in the GI program.

The law provides that the government through the Veterans Administration will guarantee a maximum of \$2000, but in no case more than 50 percent, of any loan made to a veteran by a private or other lending source. The Veterans Administration will guarantee the loan upon recommendation of the Certifying Committee in the respective county that (1) the proceeds of such loan will be used in payment for real or personal property purchased or to be purchased by the veteran, or for repairing, altering, or improving any buildings or equipment, to be used in bona fide farming operations conducted by him; (2) that such property will be useful in and reasonably necessary to such operations; (3) that the ability and experience of the veteran and nature of operation contemplated are such that there is reasonable likelihood of success; and (4) that the purchase price asked for the property does not exceed the reasonable normal value as determined by proper appraisal.

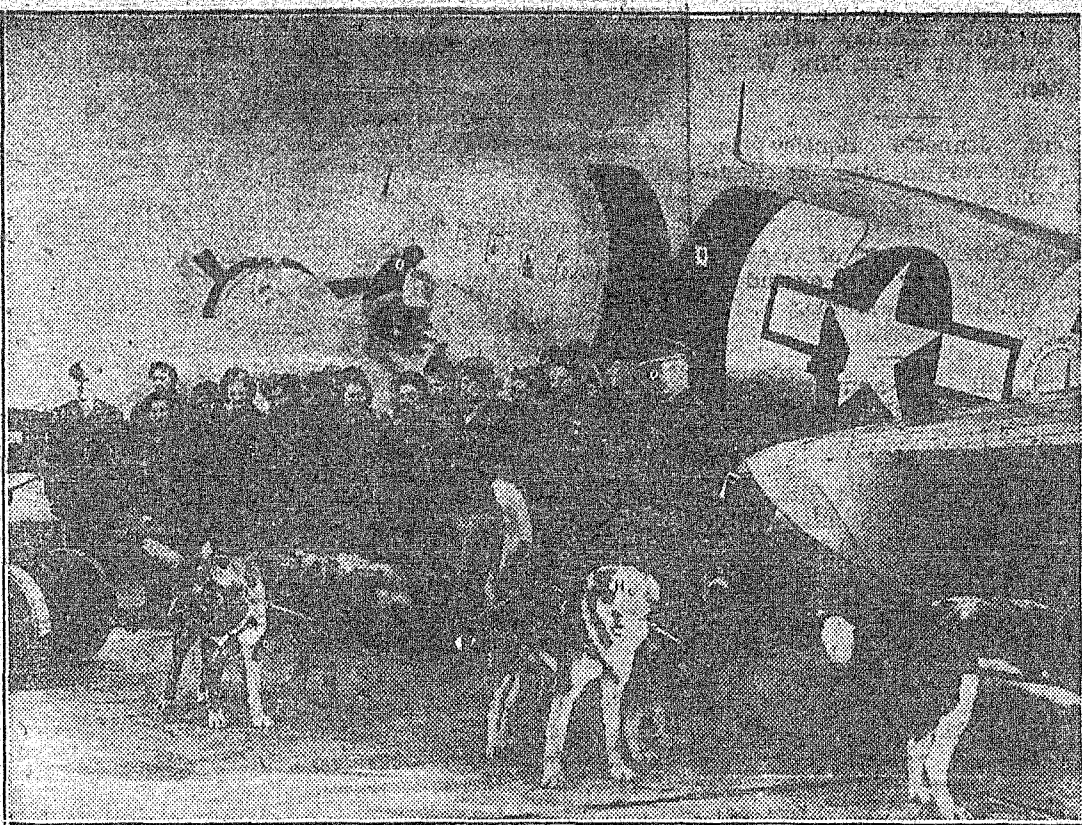

In applying for a loan to buy a farm, the Veteran should obtain a Veteran's Administration Form No. 1800 which is to be signed by the Veteran and the lender and forwarded to the Veteran's Administration. Veterans wishing to receive a loan for the purchase of a farm under the GI Bill may contact the Advisory Committee at the County Agent's Office for advice concerning Agricultural information in the area in which he wishes to locate. The Certifying Committee furnishes facts and recommendations to the Veteran's Administration who approves or rejects the Veteran's agricultural loan. The Certifying Committee is presently composed of three men in each county who also serve as the FSA County Loan Committee. The Certifying Committee may be contacted in each county at the local office of the Farm Security Administration.

Federal Land Bank appraisers will appraise all farms purchased by veterans under the GI guaranty.

Surveys by the U. S. Department of Agriculture indicate that more than one million five hundred thousand men with farm background are now in the armed services and that more than one-third of these will probably wish to return to farming at the end of the war.

4-H Clubs Active In County

The Girl's 4-H Club activities in Coleman County the past two weeks, under the direction of Miss Jewell Hipp, County Home Demonstration Agent, have had as their high point the making of "hats" and "draw string bags." In these meetings 242 girls have been in attendance and received instructions by the agent along these lines. There were 187 hats displayed by the girls as a result of an earlier demonstration on making of "beanies," "dutch hats" etc.

There are 16 4-H Clubs in the county and they are concentrating with the War Activities programs, by buying war saving stamps and bonds, collecting waste paper, waste fat, and carry on Junior Red Cross work.

The Bowen 4H Club has as its president, Katharine Walker; and sponsor, Mrs. Vernon Close; Brown Ranch, Cleo Belle Biggs is president; and Mrs. R. S. OF INTEREST TO HIGH SCHOOL GRADUATES

Stephenville, Jan. 13—Mid-term high school graduates who want to enter immediately into college training will find special arrangements for them at John Tarleton Agricultural College, according to an announcement from J. Thomas Davis, administrative head of Tarleton.

"Soon after our entrance into the war," said Dean Davis, "we

realized there would be a drastic need for fast and efficient college training for young men faced with induction into the armed forces, Tarleton adopted a three semester, around the calendar schedule which provides

three full semesters of work per calendar year instead of the conventional two. Under this plan, high school graduates may do two years college work in 16 months elapsed time. This program is to be continued at Tar-

LIBERALIZED STATE PENSION PROPOSED

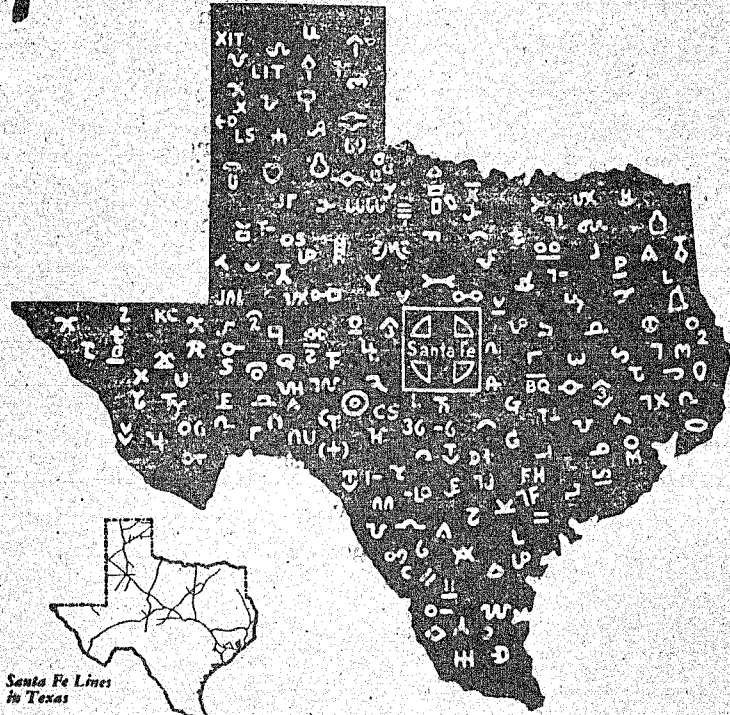

Austin, Jan. 20 (AP)—A constitutional amendment proposed by Rep. Charles R. Floyd of Paris changes the name of old age assistance to old age security.

The Floyd proposal also permits the state to grant up to \$25 per month to a pensioner, based on need, compared with the present state limitation of \$15 which is used to match federal grant. It further permits the state to pay a maximum grant of \$25 without federal matching funds when the recipient qualifies for it under the state definition of need but can not qualify under the federal requirements.

leton during 1945. The high type of technical training and the excellent course in military training at Tarleton has provided the armed forces with more than 3,000 well trained men, a majority of whom are officers."

Since the inception of the accelerated program at Tarleton, hundreds of 16 and 17 year olds have profited from the opportunity to receive a maximum of education and a thorough course in military training before induction. Tarleton will likely be the only school in Texas offering the combined advantage of a speed up program and military training during 1945.

famous TEXAS brands

Those brands above (with one exception) stand for cattle—Texas cattle. But look a little closer and you'll see a "brand" that doesn't represent cattle-raising. It stands for a long-time Texas partner in getting those cattle to market. It's the Santa Fe trademark.

Cattle isn't all that Texas offers to the nation—not by a long shot.

Texas is the big "all round" producer from field, orchard and mine as well as range.

Look at Texas grapefruit. Texas helium. Texas cotton. Texas melons. Texas grains. Texas oil. Texas vegetables. Texas sulphur and other

minerals. Texas sheep. Texas steers. Texas turkeys. Texas gas. Texas wool. Texas mohair. Texas pecans.

Santa Fe "settled" in Texas in the early 1880's. Since then we have seen the products of Texas lands and factories begin, grow and flourish.

Texans will be interested to note how Santa Fe is keeping in step with the Lone Star State—by increasing yard facilities, lengthening sidings to handle bigger freight loads faster.

After the war your Santa Fe railroad partner will be ready, able and proud to take even more Treasures of Texas where you want them to go—North, East or West.
