SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, AUGUST 31, 1945

Santa Anna School Faculty For 1945-'46 School Term

Elementary School: J. W. Burgett, principal; Mrs. Beulah Sparkman, Miss Frankie Holt, Miss Corinne Wallace, Miss Mary Gladys Pope, Miss Alta Lovelady, Mrs. D. D. Byrne, Mrs. J. L. Harris and Mrs. J. Frank Turner.

High School: D. D. Byrne, supt.; Mrs. Chas. Evans, principal; Quentin Burgett, Mrs. Quentin Burgett, Mrs. H. P. Morris, Mrs. L. Williamson, Mrs. Ruth Davis, Mrs. Nettie Singleton and Mrs. Hearthal Arnold. Sam Skiles has resigned as V. A. teacher and has accepted a similar position in Weatherford High School. Every effort is being made to get A. D. Pettit discharged from the Army in order that he may resume his work here as V. A. teacher. Mr. Pettit was granted a leave of absence when he entered the armed forces, and unless he is released immediately, there will be no V. A. department in our school during the ensuing year for it is impossible to secure a teacher under the circumstances.

It is to be regretted that a band director could not be obtained, but we hope to be able to work out something whereby the band will carry on as an organization until a director can be secured.

Lt. Burgett requests that all high school boys who intend to work out for football, report at 2 o'clock Monday afternoon, Sept. 3rd, on the high school football field.

The News Goes Back To Regular Size

This week, as you will notice, the Santa Anna News goes back to a regular six column, 18 inch page. We have enjoyed our little tabloid sheet the past two years, and it was plenty of room and space for us until recently, but the demands for more space has made it necessary to go back to a six column publication.

This will give us more space in which to carry the news, thus giving us a much larger and more standard like newspaper. Here's hoping we will be able to continue in the future to publish a standard size paper.

Mrs. Minnie Hampton and daughter, Mrs. Grace Fisher of Ft. Worth are here visiting with her brother, Mr. W. S. Stacy this week.

Piggly Wiggly Store At Comanche Burns

Our good friend, W. H. Thate, who started the Piggly Wiggly store in Santa Anna about eighteen years ago, and later moved to Comanche where he set up a nice Piggly Wiggly store and has built up a real business, lost his store in an early morning fire Monday of this week.

The fire was discovered about thirty minutes before the store was due to open for business, and had gained such headway, starting in the storeroom in back of the building. The stock, fixtures and the building were all greatly damaged, and it will require several weeks to get cleaned up, the building repaired, and additional stock procured to reopen for business.

Friends here will join in extending sympathy to Mr. and Mrs. Thate in their loss, which was about one-half covered by insurance.

Neal Oakes, manager of the store here, was in Comanche all day Wednesday helping clean up the store.

Pupils Must Have Birth Certificate

Pupils, who are six years old and are attending Santa Anna school for the first time, must produce a birth certificate unless they are on the Santa Anna School census roll.

Pupils who have not attained their 6th birthday before Sept. 1st will not be permitted to attend school unless they pay \$3.00 per month for 9 months or as many months as they attend. They must be six years old during the calendar year 1945. They must begin school during September and if the first grade becomes over-crowded they must withdraw at the request of the school officials.

C. P. Riordan Buys Blue Bonnet Cafe

C. P. Riordan has purchased the Blue Bonnet Cafe from Mrs. Lola Woodard, and is now in charge, the change taking place Thursday. Mr. Riordan is too well known here to need any introduction from us, having lived in these parts all his life.

Mr. Riordan has recently been discharged from the army and purposes to establish himself in business here.

First Lieutenant Quentin W. Burgett of Santa Anna, Texas, former prisoner of war of the Germans, gets the feel of a football again at Army Air Forces Redistribution Station No. 2 in Miami Beach, Fla. Lieutenant Burgett will be released from the Air Forces soon and has accepted the offer to be athletic director at Santa Anna High School, where he will also teach.

John Will Vance Gets Good Gas Well

Newman & White of Coleman and Breckenridge completed a well on the John Will Vance farm about twelve miles southwest of Santa Anna last week, that is reported to be good for five million cubic feet of natural gas.

The gas was struck in the Ranger lime at about 2,500 feet, and was treated with 5000 gallons of acid. It responded nicely, and is a new find in the Ranger lime. It is said to have a rock pressure of 1,000 pounds.

The same drillers, Newman & White, are down to the pay on the Kingsbery tract, six miles south of town, and have the promising of another good well in the Ranger lime. The pay has been topped and the hole will be cemented before they proceed to bring in the well.

Williams Dairy Herd To Be Sold

The F. C. Williams Dairy Herd, located in the southwest part of town, is advertised for sale at auction, Friday, September 7th.

Mr. Williams has spent four years in building up a real dairy herd, but the labor situation has become so acute, Mr. Williams has decided to sacrifice his ambition and dispose of his fine herd and let some body else do the worrying.

Mr. Williams has visited dairy herds practically all over the state, and has purchased top cows for his herd and has one of the best dairy herds set up in the heart of Texas.

Col. Geo. Apple of McKinney Texas is to be the auctioneer.

Miss Marjorie Taylor is now back on the job at Phillips Drug after a weeks vacation in Clovis, N. M.

Lt. Charles Mathews came in the first part of this week on a 30-day leave. He enlisted in the Navy in November 1942. He was formerly the History teacher in the high school here, leaving here to accept the position as principal in the Junior High School at Colorado City.

Miss Blake Is Lions Club Speaker

Miss Emma John Blake, Spanish teacher in the high school at Midland, who is spending some time during the summer here with her parents and friends, was the principal speaker at the local Lions Club Tuesday, her subject being largely a resume of a recent trip to Old Mexico, where she visited several places of interest, including Mexico City, the Capitol of the Republic of the Latin American country.

Miss Blake gave a very interesting report of her trip, and held the Lions attention through out the entire time she was talking. To one who has visited several places in the Latin Republic she drew some very interesting mental pictures.

Saturday's Election Quiet Affair

In the special off-year election last Saturday to pass on four constitutional amendments, the vote was considerably light thru out the state.

Three of the amendments, one to increase the Supreme Court from three to nine, the one referred to as the Welfare amendment and the soldier voting amendment were carried. The supposed amendment, increasing the pay of Texas legislators from approximately \$600 a term to \$3,650 annually, was defeated by a decisive vote.

Expression Classes

Mrs. Ford Barnes will again begin teaching Speech Art and Little Theatre work, on the tenth of September.

Those interested please call 35.

Mrs. Bob Sharp and children of Bangs were visitors in Santa Anna Monday afternoon.

Harry Simmons Is Critically Injured Sunday

Sunday about noon, Harry Simmons, 12, fell from the fender of the car he was riding on and was critically injured. He is a son of R. J. Simmons, who is visiting here from Killeen. Harry received severe abrasions and skull fracture on the right side of his head.

Reports from the hospital Thursday morning said he was still unconscious and in a very critical condition.

Lt. Charles Mathews Returns Home

Lt. (jg) Charles Mathews came in the first part of this week on a 30-day leave. He enlisted in the Navy in November 1942. He was formerly the History teacher in the high school here, leaving here to accept the position as principal in the Junior High School at Colorado City.

Lt. Mathews has spent 19 months in the Pacific area from the Aleutian Islands to Australia. He is the commander of a sub chaser and states that they have fired quite a number of depth charges, but has never gotten a confirmed kill. He participated mostly in anti-sub patrol and aircraft rescue work in the Marshall Islands; making several rescues of Marine Fighter Pilots who were shot down there.

Lt. Mathews is the husband of the former Miss Anita Kirkpatrick and this is the first time that he has seen their daughter, Carolyn, who is almost two years old.

After his leave he is to report to the 8th Naval Dist. Headquarters at New Orleans for re-assignment.

Santa Anna News Prints Bangs Paper

Due to an unexpected call for Editor Forrest Kyle of the Brown County Gazette at Bangs to be out of the state for several days, the Santa Anna News published the Bangs paper this week, in connection with our own publication.

Mrs. Kyle and her helper, Miss Billie Schultz, spent the greater portion of Monday and Tuesday in the News office, rendering such services as they could to aid in the publishing of the Bangs paper.

Mexican Colony To Celebrate Annual Independence

Beginning Friday, September 14th, and continuing for three days, closing the program Sunday, September 16th, the Annual Anniversary of the Mexican Independence all the Spanish speaking people of the county are to assemble at Coleman for a three days celebration well filled with interesting programs.

The meetings during the day will be informal, the evening programs will be largely composed of musical entertainments and such other routine as the committees will direct.

The Mexicans request the Santa Anna News to extend for them an invitation to friends of other races and creeds to visit with them at will any time during the entire three days procedure, and promise them as good a time as the Mexican Colony can provide.

Mr. S. D. Harper, Jr. of Eldorado was here on business Tuesday.

American Legion Met Friday Night

Last Friday night the American Legion met in the back luncheon room of the Service Cafe and enjoyed a social meal. There were thirty-four present including Mayor Johnson, Major Padgett, commander of the Coleman Post and Bill Hall from the Winters post. Several men that had recently been discharged from the army and before the night was over most of them joined.

Glen Williamson gave a welcome address to the new members. Sam H. Collier gave the Legion the information about the home that is to be built for the American Legion Post here and asked the Mayor about his opinion on voting a bond for the building. The Mayor replied favorably to the bond election.

Major Padgett of Coleman offered the Legion the help of the Coleman Post and also suggested that both Legions work more in conjunction than they have in the past.

A motion was made by Sam H. Collier to petition the city to build the Legion a home here. It was carried by a large majority.

It was also decided that we will meet the first and third Thursday nights in each month. The first Thursday for a Legion Luncheon Club and the third Thursday for the regular business meeting of the Legion. All members are requested to be at the Service Cafe at 8:30 o'clock Thursday night, September 6th to attend the luncheon at that time. Regular business will also be discussed at this meeting.

Baptist Brotherhood Jubilee Still Growing

All the members of the Baptist Brotherhood of the local Baptist Church, together with several friends of the Brotherhood from other churches and also members of the local Baptist church who are not members of the Brotherhood organization, attended the District Jubilee at Walton Park, on the shores of Lake Brownwood, Monday and Tuesday.

The attendance was large, in fact, greater than was expected, and a fine program was rendered. The program got off to a good start Monday evening with a barbecue luncheon served to more than six hundred members and visitors, and the evening program that followed was very interesting and instructive. Joe Trussell, song leader, M. C. Paul of Brownwood, Louis Newman of Santa Anna, S. E. Stovall of Brady, Rev. Lee Ramsour of San Angelo, L. A. Tapscott of Nashville, Tenn., and John H. Hill, book editor of the Baptist Sunday School Board of Nashville, Tenn. were on the program for Monday evening. Mr. Tapscott has been elected as State Director of the Brotherhood organization in Texas, and is making his rounds over the state.

President Stephens of Brownwood presided over the meetings.

Tuesday evening, Joe Trussell, Houston; R. C. Tension, Hamilton; G. C. Cole of Fort Worth and former Governor Pat M. Neff and now President of Baylor University of Waco, supplied a very interesting and instructive program.

Senator Tom Connally of Merlin was here for a brief period Tuesday while enroute to the farm east of Rockwood, in the southern part of the county. Senator has a large number of friends and acquaintances in Santa Anna and Coleman county, and felt very much pleased when he came here.

School Opening Postponed

Due to unexpected changes in our faculty, an unseen delay has made it necessary to postpone the opening of the Santa Anna Schools until Monday, September 10. Will patrons please take notice and be governed accordingly.

The attendance was large, in fact greater than was expected, and a fine program was rendered. The program got off to a good start Monday evening with a barbecue luncheon served to more than six hundred members and visitors, and the evening program that followed was very interesting and instructive. Joe Trussell, song leader, M. C. Paul of Brownwood, Louis Newman of Santa Anna, S. E. Stovall of Brady, Rev. Lee Ransom of San Angelo, L. A. Tapscott of Nashville, Tenn., and John H. H. book editor of the Baptist Sunday School Board of Nashville, Tenn. were on the program for Monday evening. Mr. Tapscott has been elected as State Director of the Brotherhood organization in Texas, and is making his rounds over the state.

President Stephens of Brownwood presided over the meetings.

Tuesday evening, Joe Trussell, Houston; R. C. Tennison, Hamilton; G. C. Cole of Fort Worth and former Governor Pat M. Neff and now President of Baylor University of Waco, supplied a very interesting and instructive program.

Senator Tom Connally of Marlin was here for a brief period Tuesday while enroute to his farm east of Rockwood, in the southern part of the county. The Senator has a large number of friends and acquaintances in Santa Anna and Coleman county and feels very much at home when he comes out this way.

School Opening Postponed

Due to unexpected changes in our faculty, an unseen delay has made it necessary to postpone the opening of the Santa Anna Schools until Monday, September 10. Will patrons please take notice and be governed accordingly.

NEWS OF OUR MEN and WOMEN IN UNIFORM

Glen Pope, who was just recently home on a 30-day furlough and returned to Ft. Sam Houston, has received his discharge and is now back home for good. Instead of his reporting to his unit in Washington, he was intercepted at San Antonio and discharged there. He was a member of the 8th Air Force in England.

Shag Garrett recently returned home with his discharge. He was a member of the 36th Division, and fought with them until they were way up in Italy when he and some of the other boys got to come home. Since he came home he has made an extended War Bond tour and has seen quite a bit of duty training men for combat duty. For the present he is making his home here.

Charlie Henderson was discharged last week from the Army. He is back here to make his home at least for the time being. He was in the army only a short time and received a medical discharge.

Raymond (Shorty) Kemp returned here this week after receiving his discharge from the army about two weeks ago. He went to Houston from San Antonio, where he received his discharge. After a short visit there he went to Dallas for a short visit before coming here. He was a member of the 36th Division and served in Africa, Italy, France, Germany and Austria. He was overseas 28 months of the four and one-half years he served in the army, receiving the Combat Infantry Badge, the European Theater Ribbon with 5 battle stars and the Bronze Arrowhead and the Good Conduct Medal. He doesn't know just yet what he will do, but is making his home here for the present.

Lt. Vernon Oakes is here on a 15-day furlough. He has recently returned from the European Theater where he was a P-47 fighter pilot. He says that he may get a discharge from the army when he reports back to Ft. Sam Houston.

Word was received from the War Department that T-Sgt. Marlin R. Hibbs of the First Airborne Army and Pvt. Darrell S. Downs and Pvt. George V. Wallace of the 2nd Airborne Division are part of the occupation forces in Berlin.

S-Sgt. Vivian Fulton from Fort Worth was here the first of the week visiting his parents, Mr. and Mrs. J. H. Fulton.

With the First Airborne Army Occupying Berlin, T-Sgt. Marlin R. Hibbs, of Box 565, Santa Anna, Texas, was among those commended by President Harry S. Truman during his stay at the Big Three Conference in Potsdam.

The President's commendation which was addressed to Major General Floyd L. Parks, commanding general of the First Airborne Army and the U. S. Berlin District, read as follows:

My Dear General Parks: I have noted with pride and pleasure the excellent service provided us by the officers and men of your command.

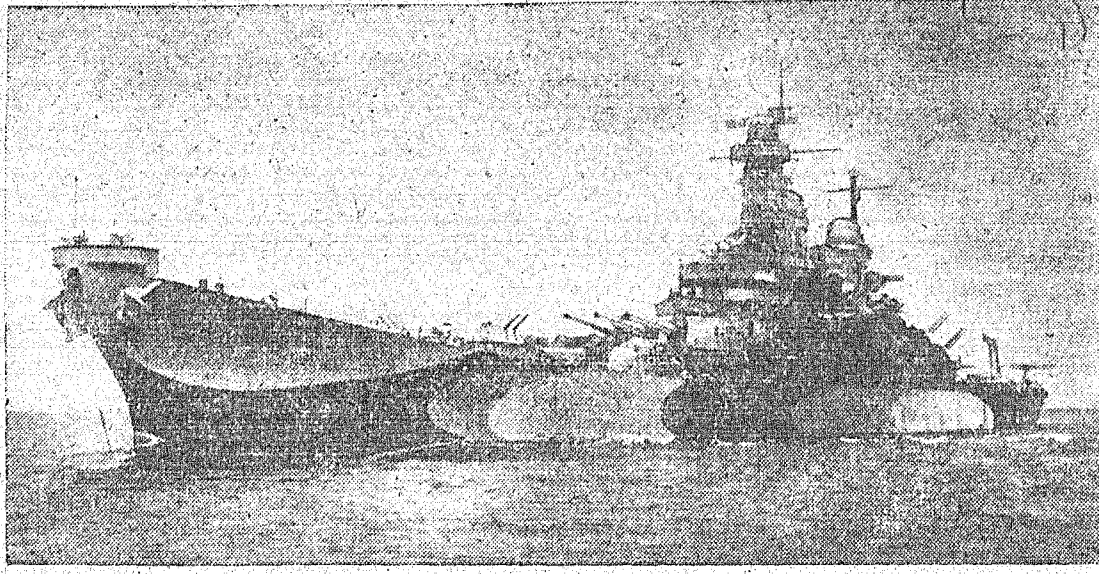

The junior officers in charge of billets, post exchanges, transportation and other services have been especially thoughtful and helpful, and have contributed materially to the work of the Conference.

I congratulate you on the morale, courtesy and military smartness of the officers and men of your command who have come under my observation.

(signed) Harry S. Truman
T-Sgt. Hibbs, who is a member of the First Airborne Army, was one of the thirty-three hundred officers and men who operated and administered the American section of the Big Three Conference arts.

John Asie Baker, 24, son of Mr. and Mrs. S. S. Baker, returned home last week for a 30-day furlough after spending 24 months in the Air Corps in the European Theater. Cpl. Baker

USS Missouri to Be Scene of Jap Surrender

The United States Navy's mighty 45,000-ton battleship, the USS MISSOURI, will end her World War II career in a blaze of glory, Aug. 31, 1945, in Tokyo Bay, when she serves as the scene of the historic unconditional surrender of Japan to the United Nations. Proudly bearing the name of the home state of President Harry S. Truman, the fighting USS MISSOURI has been named by General of the Army, Douglas MacArthur, Supreme Allied Commander, as the locale of the formal ending of the war in the Pacific. Fleet Admiral Chester W. Nimitz, Commander-in-Chief of the United States Pacific Fleet and Pacific Ocean Areas, will sign for the United States, General of the Army, MacArthur, for the Allied forces which fought in the Pacific. The USS MISSOURI was launched Jan. 29, 1944. Construction was ordered June 12, 1940. Her keel was laid on Jan. 6, 1941, at the New York Navy Yard.

saw service England, France and Germany. Upon completion of his furlough he will report back to Fort Sam Houston for reassignment.

From University News Service

Austin, Texas—Texans are avidly searching for material to use in connection with the observance of the Texas Centennial of Statehood, Mrs. Marcella Hamer, assistant in the Texas Collection of the University of Texas library, asserts.

"The Texas Collection has been used more this summer, both by University students, and by others, than in any year since the Texas Centennial in 1936," Mrs. Hamer said.

Although books from the Texas Collection are not loaned from the library, every type of reference aid is given to persons throughout the state, the librarian said.

In addition to the statehood information which is being sought and requested, many persons are searching old records and old books for factual material to be included in the Handbook of Texas, to be issued by the Texas State Historical Association.

O. L. Wise, Clifton Straughan and Miller Box of Rockwood attended the Turkey School at Stephenville, Wednesday and Thursday of this week.

SWING OF SOUTHWEST FARM MARKETS

Mostly steady to weak trends prevailed for southwest farm products at the principal terminals during the past week, according to USDA's Production and Marketing Administration.

Wheat advanced slightly, while oats and sorghum grains had a weak undertone. On August 24, Fort Worth quoted No. 1 hard ordinary wheat at \$1.72 1-2

per bushel, bulk, in carlots; No. 3 White oats 67 cents a bushel; kafir and milo \$2.42 to \$2.45 per hundred pounds. A little new crop south Texas corn sold at shipping point ceilings. Texas and Louisiana rice also brought the ceiling under a very good demand. The same was true of scattered offerings of new crop peanuts from the south Texas area.

The sharp decline in cotton that followed announcement of Japan's surrender appeared to be halted at the close of the past week. On August 24, Middling 15-16 inch was quoted in Dallas at 22.35 cents a pound, Galveston 22.25, Houston 22.23, New Orleans 22.15, and Little Rock 22.30. More cotton was ginned in south Texas through mid-August this year than in 1944, but the grade averaged lower.

Potatoes continue to be the number one item in commercial vegetable movement. Plentiful supplies are moving from Colorado, Kansas, and Texas in the Southwest, with government purchases maintaining prices at support levels. U. S. No. 1 Size A Cobblers in the Gilcrest, Colorado, area sold from \$1.85 to \$1.90 per hundred pounds, Bliss Triumphs mostly \$2.05 to \$2.10 at the end of the week. In the San Luis Valley, the U. S. No. 1 Telephone variety of green peas ended at \$2 to \$2.25 per bushel basket, while pony crates of U. S. No. 1 Snowball type cauliflower sold mostly at \$1.15. While the bulk of fruit and vegetable shipments originated in Colorado, Arkansas movement included cantaloupes, watermelons, tomatoes, apples and grapes;

Temper High Temperature

SOMEWHERE IN THE PACIFIC (Delayed)—Feel hot? Third Division Marines have found a way to keep their minds off the high temperatures, according to Sergeant Red O'Donnell, Marine Corps combat correspondent.

Out here, where the sun bears down and the thermometer generally hits 100 every day, Leathernecks have made a fad of the laborious exercise of weight-lifting.

So popular has it become that one group found it necessary to warn intruders with a sign: "Weights are for Regular Lifters Only."

a dozen in the Southwest. Medium grades increased in volume but met a slow demand. These are a good buy in markets where they are plentiful. Most of the poultry in Kansas, Oklahoma and Texas moved to the armed

services through authorized processors, with only light supplies available in regular trade channels at firm prices.

Livestock receipts at the country's 12 major markets showed a considerable increase over the previous week, which included the victory holidays. Hogs maintained a ceiling trend under light offerings and a good demand. Cattle and sheep were slightly irregular, but the general tone was steady to lower at most markets. Wichita was strong to higher on all classes. Other variations from the general steady to weak trend was strength on steers at Oklahoma City and on cows at San Antonio. Spring lambs were mostly steady but yearlings closed 25 to 50 cents lower while aged sheep were steady to strong.

PEACE...

The war is won and we are truly thankful—Now as the din of battle fades, we pledge anew to the accomplishment in fact of an enduring peace.

New problems face us—but Americans can muster all out effort in the cause of a secure peace just as they went all out in the pursuit of armed victory. Our fighting men and women as well as those who have played their part on the home front are now equal to the new tasks ahead of them.

Whether in the affairs of the nations, of business houses, or individuals, the principles of fair play always win in the long run. The outcome of this war is ample proof of that fact!

We join our fellow Americans in celebrating this righteous Victory, and promise to play our part in creating a bright and happy future for Santa Anna, for Coleman County, and the world!

From State Health Department

Austin, Texas—Diabetes, a disease for which modern medicine can do so much, took a toll of several hundred lives in Texas during the past year, according to Dr. Geo. W. Cox, State Health Officer.

"While the communicable diseases such as typhoid fever, malaria, diphtheria, and small-pox are causing a decreasing number of deaths each year in this country, diabetes is now taking an appalling number of human lives, especially in the middle aged group," Dr. Cox said.

"Until recent years diabetes was not noted as a major health problem but it became accepted as such in direct ratio to the development of medical laboratory procedures, which made the disease more easily diagnosed."

Dr. Cox said that diabetes is generally recognized as a class disease. It seems to attack the white-collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise. Whatever the actual cause of the disease may be, vocational and economic conditions are factors, since it seems a fact that those who do not indulge in luxurious living and whose occupations calls for manual labor are not frequently effected. Dr. Cox said that simple living, wholesome diets, sufficient exercise and sleep are factors in the prevention of diabetes, and an annual physical examination is important to determine whether or not the disease is present in the middle-aged group.

All we know is what we read in the paper and if we can believe what we read we're in for a few cool days, unless the weather man read his thermometer upside down.

Eyewitness Describes Kamikaze Attack On LST 534

An Advanced Base, Western Pacific (Delayed)—"I stood on the beach a few hundred yards away this morning and saw it happen."

The speaker was Mark C. Green, Storekeeper, Third Class, USNR, 35, of Bowen, Illinois, who published a weekly newspaper in his home town before entering Naval service. He was describing what happened when a Jap suicide pilot decided to crash dive into the USS LST 534 while the landing ship was discharging cargo at a pier.

"Past the picket line far out to sea, slipped the single Jap fighter. The LST stood at the dock in the brilliant early morning sunlight.

"Suddenly the siren on the beach sounded the alert. Some scattered for cover. Others, curious, mingled in little knobs of humanity.

"The grey-green plane swung in over the darker green of the long peninsula, shot into the glaring sun.

"Sharp bursts of ack-ack filled the air as every craft in the harbor opened up on the invader, but miraculously, the Jap stayed in the air. In a quick bank he gauged his target, then he roared in, straight as an arrow.

"The LST 534 heaved from the concussion, as the Jap crashed amidships.

"Bright blue chunks from the inside of the plane's fuselage hurtled skyward, settling with a crash on the nearby dock. The engine and heavier parts burrowed through the deck to the hold below.

"Men picked themselves up from the heap they had been thrown in. Others chased their steel helmets, rolling about the quivering deck.

"Smoke poured from the darkened hold, as the ship began to settle heavily in the shallow water.

"Far to the south another Japanese pilot tried to penetrate the defense, but the barrage drove him off."

There was but little confusion aboard the stricken ship as doctors and medical corpsmen rushed to aid the injured, Green said.

"A few of the wounded cried out—but only a few," he continued. "One man smiled as he drew on a cigarette through bleeding lips. The next burden on a stretcher was covered with a khaki blanket and the crowd of onlookers hushed momentarily."

"An Army chaplain, Colonel Phil J. Newman, also tended the wounded—Protestant, Catholic and Jewish alike. He is Father Newman to the members of St. Mary's Parish in Quincy, Illinois.

"Among the men who were not hurt was Paul F. Lueck, Seaman, First Class, USNR, 24, son of Mr. and Mrs. Fred Lueck of Dennison, Iowa. Lueck was a gunner on a 20 millimeter mounted on the bow. He said:

"Fix the old buggy up and I'll sail her again!"

Two other members of the crew who stayed at their battle posts while the enemy plane roared into their ship at a 400-mile an hour rate expressed the same thought. They were L. C. Lyles, Seaman, Second Class, USNR, 18, son of Mr. and Mrs. E. L. Lyles, of Dublin, Georgia, and Guy Burns, Fireman, First Class, USNR, 18, of Foley, Ala.

Austin, Texas—Petroleum production in Texas during July, 1945 totaled 2,209,400 barrels, as compared with 2,067,300 in July, 1944, the University of Texas Bureau of Business Research reports.

Coastal Texas and West Texas had the largest daily average output, with 563,950 barrels per day recorded in the coastal area, and 521,400 barrels per day averaged in West Texas.

Output per day in Southwest Texas was 360,750 barrels; in East Texas 379,500 barrels; in East Central Texas, 139,000 barrels; in North Texas 152,300 barrels, and in the Panhandle, 87,000 barrels.

Editors Note: A recent editorial in the Little Falls Minnesota Transcript hits at that Universally hated figure the dog poisoner. The dog mentioned in the article belonged to that editor's daughter.

A HAPPIER PLACE

"High up in the courts of Heaven today a little dog angel waits..."

This particular little angel is still unfamiliar with her surroundings and her playmates. For her arrival in Heaven came earlier than had been expected. Some one who didn't like dogs didn't understand why others should, sent her to the hereafter early with a deft dose of poison.

There wasn't any question about her admission for she was good, as most dogs are. She was better qualified for romping through eternity with the good little ones who died young because she was a child's dog and was quite accustomed to making children happy.

People such as the one who sent this playful little creature to her death may scoff at the idea of dogs having a place in the eternal kingdom. The Crea-

As a poem runs:
"Isn't there a heaven?"
(She was but seven)
"Isn't there?" (sobbing)
"For dogs," she said.
The answer to the little girl of the poem and to any other little girl who has lost a pet almost obviously is, certainly, there must be. And heaven must be a happier place because of the dogs which continue the frolic-ing with youngsters that they began on earth.

Now that the war is ended it can be told that a balloon bomb of Japanese origin, fell on the Setzler farm north of De Leon early in the year. It was during the afternoon and school buses from De Leon, Comyn, and Desdemona were near the scene at the time. The balloon exploded in the air and school children picked up fragments as souvenirs.

This week I disinfected my laying house again. It was quick and easy though, with Dr. Salisbury's PAR-O-SAN, so I do it often. Then just before roosting time I spread Dr. Salisbury's NIC-SAL on the roost to kill the lice. It's so effective and no work at all.

I ROTACAP my laying flock both spring and fall. Dr. Salisbury's ROTACAPS offer extra value because they contain Rotamine and remove large roundworms and intestinal capillaria worms as well. Heavy infestations can certainly reduce egg production so that's why I give ROTACAPS, a successful individual treatment. Try it on your flock.

Hundreds Reported Homeless In Wake Of Storm

A Gulf hurricane, said to be the most destructive in twenty years, swept the coastal regions of Texas early this week, leaving in its wake, thousands of homeless people, a few reported killed, and property damage up into the millions of dollars.

According to reports Tuesday, the storm was abating inland, after visiting destruction on towns and rural properties for a distance of four hundred miles along the Texas coast. The larger cities, such as Houston and Corpus Christi, report considerable property damages, and some of the smaller towns are reported wiped out.

There were no commercial failures recorded in Texas business during July, the Bureau of Business Research at the University of Texas has reported. There was one failure in July, 1944.

T-Sgt. Wendell Rowe Receives Treatment At Beaumont Hospital

T-Sgt. Wendell Rowe, who survived all major campaigns of the 36th Infantry "Texas" Division unhurt, is back in the States now for treatment of an injury inflicted four days after peace was declared in Europe.

He was flown to William Beaumont General Hospital at El Paso from Paris for treatment of a broken jaw.

His jaw was broken in Austria May 1 when the 23-year-old sergeant was attacked by a group of civilians while he moved from his platoon to his company area.

Sergeant Rowe was overseas for 29 months in North Africa, Italy, France, Germany and Austria as platoon squad leader. He won the Bronze Star Medal for wiping out a German supply route 400 yards away from the American lines.

He accumulated 126 points and five campaign stars during his overseas action.

Sergeant Rowe is the son of Mr. and Mrs. Pierre Rowe of Santa Anna and was a student at Daniel Baker College before he entered the Army in November, 1940.

Sam Estes, Herman Estes and Claude Wright of Rockwood attended the turkey school at Stephenville Monday and Tuesday of this week.

Mr. and Mrs. G. C. Daniel visited with friends in Breckenridge the first of this week.

Statehood Centennial Edition of the Texas Almanac Now Ready

The new Texas Almanac is off the press; the 1945-46 edition being commemorative of the Centennial of Texas Statehood. Although print paper is still alarmingly scarce, the fact that the new book contains 608 pages—the largest in history—is considered adequate proof of its value to the public. In harmony with its dedication, a considerable portion of the book is devoted to historical matter. There is a revised history of Texas from Cabeza de Vaca to Coke R. Stevenson, and there are additional chapters on events and places of historic interest, including an extensive current account of Texas' participation in World War II. As usual, data and statistics on rainfall, crops, mineral deposits, farm demonstration, railroad mileage, rosters of state and county officials, Mayors and City Managers, sources of state revenue during the latest fiscal year and articles on Texas counties, with individual maps, are included in the current issue, together with revisions in up-to-date form, covering rail, highway, air and shipping commerce; banking and insurance; Texas athletic events, parks and tourist attractions, schools, libraries, health and hospitals.

In view of the postwar program of economic development, especial attention is given to Texas manufacturing industries between 1940 and 1944, when pay rolls and volume of production more than tripled. There is full treatment also of Texas minerals, of which more than sixty kinds were produced last year, for a total value of more than a billion dollars—the greatest value of mineral production of any single state in the history of the nation. Included also, are late developments in soil and water conservation, telling of the construction of such new projects as Lake Texoma, near Denison, one

of the largest reservoirs in America.

Approximately 85 percent of the current edition of the Almanac had been sold before the first volume came from the press a few days ago.

Mrs. R. W. Douglas returned Wednesday from Texico, N. M., where she attended a house party in the home of her sister, Mrs. C. A. White and Mr. White. Others attending the house party were her mother, Mrs. C. M. Wood of Santa Anna, who is spending the summer with her daughter, Mrs.

T. T. Ratliff of Hagerman, N. M., Mrs. N. H. Walker of Phoenix, Ariz., Mrs. V. J. Worley and son, and Mrs. T. T. Ratliff of Hagerman, N. M., sisters and niece of Mrs. Douglass. Group pictures, excursions to interesting places and theater parties were enjoyed.

Miss Aline Harper of Fredericksburg and Mrs. Pauline Harper of Corpus Christi are visiting Mr. and Mrs. Curtis Collins.

JOSEPH'S PLACE IN GOD'S PLAN

LESSON TEXT Genesis 39:20-23; 41:9-16, 25, 41
GOLDEN TEXT "I will stand before King Pharaoh."

Does it seem to you that God? Does He know about the sorrows and the troubles of His people? Does He have anything to do with the affairs of the world? Are we asking such questions in our day, and we have the answer in God's dealings with men in the past.

The story of Joseph is fascinating from almost any angle, but it holds no more important truth than that the man who honors God in his life will be honored by God (I Sam. 2:30), even in the hardest place, yes, and in the highest position.

Joseph appears before us in our lesson as

I. A Prisoner Prospered by God (39:20-23)

It is surprising how often one finds God's men in the Scriptures in prison. Their determination to live upright and honorable lives ran so counter to the plans of the world that in the inevitable clash there came persecution.

The story of how Joseph became the object of his brother's jealousy and was sold as a slave into Egypt; how he prospered there only to be disgraced and imprisoned because of the lying accusation of an angry woman—all these are in the background of our lesson.

Now that he was in prison, presumably his influence was gone and his usefulness of an end. Not so, for God can be with a man in the prison as well as in the palace.

He soon became the head man of the jail. Imagine a prisoner taking over the keeper's work! Then, too, he there met the king's chief butler who, though forgetting for a time, did eventually say the word which brought Joseph back into power (see Gen. 40:14-23; 41:9-13).

The obvious lesson and blessed truth here is that when one of God's people finds himself in a difficult place, he can rest assured that God is there working out His own blessed purpose. Why not trust Him and look for His deliverance?

Joseph the God-prospered prisoner now becomes

II. A Prophet Prepared by God (41:14-16, 25)

The hour had come when a man was needed who had a word from God. In preparation for the awful years of famine the Lord wanted to use the land of Egypt as His great granary. He wanted thus to preserve the chosen nation of Israel, as well as to meet the needs of others.

The vision of the king, plain as it seemed when interpreted, was unintelligible without the key from God, and He had His man prepared. Joseph was ready to be called from prison to speak the right word at the right time.

How important it is that the Lord's messengers be prepared and ready to respond in the hour of His blessing and opportunity! Many eager Christians look forward to the months and years just ahead of us as the greatest opportunity the Church has had to spread the gospel.

Notice that Joseph gave God the glory (vv. 16-25). The one who really knows what is going on in the world is quick to recognize that only the wisdom and the grace of God are sufficient for man's need. Let the voice of boasting mankind be silenced and let the voice of God speak!

Joseph's prophetic word marked him as God's man to carry out God's plan, so we see him now as

III. A Premier Promoted by God (41:41-43)

"I have set thee over all the land," said Pharaoh, and so he had, but in reality it was God who had planned the whole matter. He wanted Joseph there at this time, and there he was.

It may be well to stress the fact that God is interested in government and in the men who hold public office. In fact, the only true foundation for government is found in God. We are told to "be subject unto the higher powers. For there is no power but of God: the powers that be are ordained of God" (Rom. 13:1).

The Bible clearly teaches that every governmental agency and every public servant, from the policeman on the corner to the President

Your BABY.

By Lillian B. Storms

The general program for introducing the supplementary foods into your baby's diet is a program and not a rigid schedule. Your doctor will determine the exact foods to be given and when they are to be added to the menu. Your doctor and you, with considerable help from your baby, will decide how much food is needed and desired.

The general outline includes the following foods supplementary to the milk — which is the mainstay of your baby's diet. Cod liver oil or other source of Vitamin D and orange or tomato juice or ascorbic acid are started during the third or fourth week.

Cereals are usually the next food. The special baby cereals are not only thoroughly cooked but have had vitamins and minerals added during their manufacture. Strained vegetables and vegetable soups come next, usually during the third month. Gradually egg yolk, strained fruits and custards are added.

The amounts of these foods which your baby may eat during the first year are important but not nearly as important as is the training he is receiving in learning to eat new foods and to enjoy a variety of foods. This training is your part of the program. Keep mealtimes a happy adventure for both you and your baby.

Reports of wholesale suicide in Japan reminds us this is the sible to agree with the Japs.

In the White House, is permitted to exercise authority over his fellowmen only because God has ordained that there should be such government.

Clear it is that every right-thinking official of state and nation should be humble, teachable, discreet, and wise in the exercise of his power, and God-fearing in the discharge of his responsibility.

He who reads may apply the truth of God's Word to himself and find personal blessing. It is a rich and powerful and stimulating Word. Let us use it for God's glory.

FARM NEWS

ADDITIONAL INFORMATION RECEIVED ON SHEEP AND LAMB SUBSIDY BY THE AAA

Under Section 201.58 of the regulations under the Packers and Stockyard Act, it is the duty of the marketing agencies to sell consigned livestock to the highest available bidder. Anyone who makes a bid on livestock who can not furnish a certification for subsidy payment must bid greater than the packer's bid plus the subsidy in order to purchase the livestock. In order to receive the subsidy evidence shall be furnished to the County Committee, and it shall consist of invoices, sales tickets, account sales, statements and receipts signed by the buyer, and the name and address of the legally authorized slaughterer, number of head sold, total live weight, whether sheep or lambs, and a signed statement from the legally authorized slaughterer or his agent stating that the lambs or sheep were purchased for slaughter. If the sheep were not raised by the seller, an additional statement showing the purchase price, the date of the purchase, and the name and date of the person from whom purchased must be included. In order for an authorized slaughterer to receive the subsidy, he must have owned and fed the sheep not less than 30 days and would slaughter them himself, or deliver them to another legally authorized slaughterer for slaughter.

Wheat farmers have only thru September 1 to apply for 1945 All-Risk Wheat Crop Insurance. R. L. Allen of Leaday signed an application for wheat insurance. He expects to seed over 200 acres. Andy Broyles of Talpa, and Raymond McElrath, who farms east of Coleman, also signed an application for wheat crop insurance.

W. L. Stafford of Rockwood is terracing a large part of his farm. He received an approval from the County Committee for 49,350 feet of large ridge type terraces. Y. B. Johnson is doing some terracing on his farm.

R. H. Dyer is building an earthen dam of about 5,000 cubic yards.

Use of electric power in Texas increased 4.5 per cent in July over the corresponding period last year. From the Bureau of Business Research at the University of Texas, comes the report that commercial users increased consumption 10.6 per cent; industrial users, 5.2 per cent; residential users, 8.8 per cent, and all others decreased their use of power by 6.8 percent.

Terraces were completed last week on the T. M. Griffis, W. L. Stafford, Y. B. Johnson and Mrs. Josephine Ballard farms in the Valera, Rockwood and Echo groups.

Madrid sweet clover has furnished more than 6 animal months grazing per acre on the W. F. Barnes ranch south of Santa Anna on the Colorado river. Thirty-one acres of the clover have carried 200 ewes and their lambs since June 1st. Additional grazing is expected from the clover through December.

William F. Deal of the Mozelle conservation group has obtained more than 6 animal months grazing per acre on Madrid sweet clover. He grazed the equivalent of 12 cows and 85 ewes for 5 weeks on 6 acres.

A summary of grazing experience by growers in the district shows that first year clover has furnished seven to fifteen animal months grazing per acre as compared to a normal two or three acres for small grain and about four animal months for Sudan.

Adequate amounts of Madrid sweet clover seed continue to be scarce. Official lists released this year by Crop Improvement Association from the main production areas show only 16 acres of pure seed grown in Oklahoma and 29 acres in Nebraska. This district had 40 acres inspected for certification with only 31 harvested.

Arrangements are being completed for a seed cleaner to be used for recleaning clover seed, according to directors of the Madrid Clover Improvement Association. Growers will be notified when the machine is ready for use.

To Speed Up The Dishes

Rinsing and soaking speed the dish washing as every home maker knows. Here are some tips on rinsing and soaking, says Miss Jewell Hipp, CHDA of the A. and M. College Extension Service.

When you're washing pans that have been used for milk, eggs, cereal or dough mixtures use cold water to rinse or soak them.

For equipment that's had sugar, syrup, ieint and the like in it—hot water is the most efficient.

And for the greasy pots and pans that are hard to wash—use hot soda water to soak them. The soda gets the grease off in a hurry.

Did you know you can clean an egg-beater quickly if you'll

give it a few turns in cold water—a few turns in hot water—and finally a few turns in the air? Of course, you'll need to be careful to keep the cogs and wheels out of the water. They're hard to get dry and they're likely to rust if they aren't dry, Miss Hipp says.

If you have trouble cleaning strainers, orange and lemon squeezers and graters—try using a stiff little brush on them. Then rinse the grater in cold water and then in hot water. It's clean in no time at all.

You can make time when you are doing the dishes—if you'll take time to do a little advance work—to clean and put away cooking equipment as soon as you've used it, says Miss Hipp.

Cpl. Tom F. Gipson Writes From Luzon

An extract of a letter written by Cpl. Tom F. Gipson in Luzon to his grandmother, Mrs. J. R. Gipson.

I spent last week-end in Manila with an ex-roommate from college. We had lots of fun looking over Manila, swimming in a grand life pool, but most of all I enjoyed going through the Chinese Cemetery there. It is a curious mixture of the old and new, the Oriental and the Occidental, and the conflicting architectures really make you stare. For example there is one building there which has a Chinese roof with the turned-up eaves, then some features like the Indian or Russian building, all topped off with Gothic spires. Perhaps I should stop to explain that at least half of the Chinese buried there are Christians yet they still hold to the old custom of putting the tomb inside a lavishly furnished house so the deceased will have a place to stay when he comes back to this world. There are always chairs, tables, and all the necessary furnishings for the returning person's comfort.

Even on the houses of the Christian's tombs are found all the old Chinese symbols for luck, etc.; and the roofs are adorned with beautiful figures of dragons fish and other figures. These figures are covered with tiny pieces of especially cut glass and as the sun plays on them, it makes them look as though they are moving slightly. The dragons are for luck and to guide the dead on the stormy way to the place of the hereafter. The fish are supposed to ward off lightning since the Fish-Goddess will see them and not strike that building with the "fire from heaven." In other words they are to act as lightning rods do for us and I imagine they do about as much good.

Most of the tombs have pictures of the person buried there and the inscriptions are sometimes written in both English and Chinese. All in all it was a very interesting place and one that no visitor in Manila should miss. Be sure and drop in the next time you are in Manila. Ha!

Southern pine mills reported a decrease in weekly production and weekly shipments of lumber in July, as compared with July, 1944, the Bureau of Business Research at the University of Texas reports. Average production last month was 190,485 board feet per unit; average weekly shipments per unit were 206,871 board feet.

THE TOUCH OF THE MASTER'S HAND

(Selected from Marble Falls Messenger)

'Twas battered and scarred, and the auctioneer

Thought it scarcely worth his while

To waste much time on the old violin,

But he held it up with a smile.

"What am I bidden, good folks," he cried,

"Who'll start bidding for me? A dollar, a dollar—now who'll make it two—

Two dollars, and who'll make it three?

"Three dollars once, three dollars twice,

Going for three" . . . but no!

From the room far back a gray-haired man

Came forward and picked up the bow;

Then wiping the dust from the old violin,

And tightening up all the strings,

He played a melody, pure and sweet,

As sweet as an angel sings.

The music ceased and the auctioneer

With a voice that was quiet and low.

Said: "What am I bid for the old violin?"

And he held it up with the bow,

"A thousand dollars—who'll make it two?

Two thousand—and who'll make it three?

Three thousand once, three thousand twice

And going—and gone," said he.

The people cheered, but some of them cried,

"We do not quite understand—What changed its worth?" The man replied:

"The touch of the master's hand."

And many a man with life out of tune,

And battered and torn with sin,

Is auctioned cheap to a thoughtless crowd,

Much like the old violin.

A "mess of pottage," a glass of wine,

A game and he travels on, He's going once, and going twice

He's going—and almost gone! But the MASTER comes, and the foolish crowd,

Never can quite understand, The worth of a soul, and the change that's wrought

By the touch of the Master's hand.

4,250,000 Persons Receiving Benefits Of Social Security

WASHINGTON, (AP)—The social security program wound up its first ten years with a report that 4,250,000 persons are now receiving benefits.

From President Truman came a statement that he will make specific recommendations to Congress to make it "a more perfect instrument for the maintenance of economic security throughout this country."

In the past decade, Mr. Truman said, social security has become an essential part of the American way of life.

As of Aug. 1, chairman Arthur J. Altmeyer of the social security board, said in the agency's tenth annual report, approximately 190,000 persons were receiving weekly unemployment compensation payments, twice as many as on VE-day.

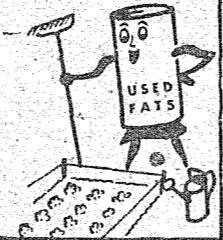

Benefits averaged \$18 a week, he said.

All told, 4,250,000 men, women and children are now receiving cash benefits aggregating \$111,000,000 a month.

Since the act went into effect Aug. 14, 1935, social security payments have approximated \$9,000,000,000.
