

## Four Gassed In Tank Car At Refinery

Four men were gassed, two seriously, in a tank car at Coaden's refinery here Thursday morning. Under treatment at the Big Spring Hospital, where they were

rushed in an Eberly-River ambulance, are Henry Covert, 46, asphalt foreman; Eddie Morrison, 25, Richard Laswell, 21, and Carrol Choate, 23.

Laswell and Choate were most seriously affected. Although their condition at noon was satisfactory, their attending physician said that there had been some pulmonary edema, the full extent of which could not be determined until the late afternoon.

Choate had gone into the tank, on which he had worked Wednesday, early Thursday morning before the sun's rays made it impractical to work inside. Apparently there had been a pocket of gas accumulated overnight and Choate was overcome.

Laswell went in after him in an attempt to drag Choate to safety, and he was overcome.

Covert went down the hatch, and he, too, was overcome. Anderson followed with the same results.

By that time others had secured a rope around three of the victims, and special equipment had been rushed up. Covert, who was still able to move, was last one to be hauled out.

Contributing to concern was an analysis of the gas. There was a possibility of some hydrogen sulphide, which would present more of a problem, being present with the hydrocarbon gas.

U. S. Army authorities said the men appeared to be in "good condition" and that they reported "the food was good."

No other statement was immediately available.

They were brought to the border in a dusty Czech bus, and as they climbed out some of them appeared red-eyed and nervous, but in good health.

Capt. Davis, clutching a road map in his hands, spoke briefly for the group after they stopped momentarily on the German side of the border.

"My men are very tired and very nervous," he said. "The treatment was satisfactory. The food was sufficient and the billets were adequate."

Davis himself appeared nervous. His hands trembled as he spoke.

Two of the men were carrying cameras they apparently had taken with them on their July 4 sight-seeing trip to the border.

The men were met by Lt. Col. Archie Birkner of the 2nd Armored Cavalry, who led a detachment of about 20 men. Behind him, where the dirt highway reaches back to the German town of Weiden, 12 miles away, armed jeep patrols rolled guard.

They were put into cars and conveyed toward Nuernberg.

The seven members of the 16th Field Artillery Battalion, are: Capt. Jack M. Davis, the battalion surgeon, Raytown, Mo.; Cpl. John F. Gasson, Okdale, Calif.; Pfc. Jerry W. Griffith, Springfield, Ohio; Pfc. George Switzer, Millburn, Neb.; Pfc. Leonard D. Tennis, Alliance, Ohio; Pvt. Richard J. Jumper, Booneville, Miss.; and Pvt. Ross F. McGinnis, Greensburg, Pa.

## Dulles Says Way Found For Unity On Peace Parley

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—Secretary of State Dulles returned from three-power talks at Paris today saying "we have found a formula for constructive Allied unity" which will strengthen the anti-Communist position at negotiations on Indochina peace.

Dulles flew to Paris Monday night and held emergency consultations with British Foreign Secretary Eden and French Premier Mendes-France. One of his decisions was that Undersecretary of State W. Bedell Smith should go to the Geneva conference to participate in the final round of talks with the Reds on Indochina.

Diplomats here believe that Dulles would not have agreed to send Smith to Geneva to provide high level U. S. participation in the conference unless he had assurance from Mendes-France ruling out a peace at any price settlement.

In a statement upon his arrival here this morning, Dulles said the Paris talks "have brought about an understanding concerning Indochina much more complete than has heretofore existed."

Dulles went immediately from the airport to the White House to report to President Eisenhower. Undersecretary Smith will take off for Geneva late tomorrow for the talks.

Eden and Mendes-France reportedly put heavy pressure on Dulles to go to Geneva himself, or at least send Smith.

American officials feel the probability is that the Russians and Chinese Communists will in the end make a satisfactory deal on Indochina although their final bargaining position has not been disclosed.

The United States may not formally support it, Eisenhower has said this country would never sanction an arrangement extending Communist control over new territory and populations. Nevertheless, the terms of the settlement so far as non-Communist territories are concerned could in effect be millipede guaranteed by a defense alliance which the United States has long been urging for Southeast Asia. Talks on the terms of such an alliance are under way here with the British—about three months late by Dulles' timetable.

What will happen if in the show-down the Reds refuse terms which the French consider honorable is an open question. Mendes-France is committed to get peace by July 20 or resign as premier. The outcome of his efforts therefore should be known in a few days.

ARMORY BIDS DUE AUG. 9  
Bids have been asked for Aug. 9 on the construction of an armory building for the National Guard in Big Spring.

The state board of control has posted legal notices of the bid date and said that proposals would be received until 10 a. m. on Aug. 9 when bids would be opened.

Also up for a possible letting on the same date is an armory for the National Guard unit at Brady. The state has been deeded a site east of Webb AFB for armory purposes. Plans and specifications for the structure may be had from the state board of control, the state armory board announced.

WASHINGTON (AP)—Sen. Daniel D-Texas) said at the White House today that President Eisenhower today assured him he still takes the position Texas owns submerged lands extending three leagues, rather than three miles, into the Gulf of Mexico.

Three leagues is about 10.5 miles. Daniel said he had been concerned by reports in Texas that the administration had changed its viewpoint and would challenge the state's ownership of land beyond the three mile limit.

He told reporters after talking with the President that Eisenhower authorized him to say there is "no change in his position whatever" and that he still believes Texas has title to the full three leagues.

Texas claims its ownership extends three leagues because of a provision in the treaty by which it joined the United States. The other coastal states' ownership is limited to three miles offshore.

Daniel said both Secretary of the Interior McKay and Atty. Gen. Brownell, in testimony before congressional committees, likewise have recognized the three league limit for Texas.

## Death Toll From Heat Reaches 112 Over U.S.

Deaths attributable to weather reached at least 112 today in the wake of the season's hottest wave and a series of violent storms which helped to break up the wave.

Included in the toll were victims of heat prostration, of drownings among the many who sought relief from the high temperatures, and of storms which swept in behind the boiling surge of air as it moved through eastern states.

Cooling air, frequently dropping temperatures into the 50s last night where only the day before they were above 95, blanketed the north central states. This air was tending the thunderstorm violence into the eastern region.

A storm that struck Denver and spread across Wyoming and Colorado was welcomed. It was the first major rain of the summer and helped parched prairies. Generous amounts fell along a 500-mile front from the New Mexico-Colorado border to the Wyoming-Montana line on the north.

A tabulation of the deaths was as follows: Missouri 34, Oklahoma 18, Kansas 18, Illinois 9, Kentucky 7, Pennsylvania 5, Colorado 4, Ohio 3, New Hampshire 2, Massachusetts 2, and 1 each for New York, Iowa, Louisiana, Nebraska, Connecticut, Virginia, Tennessee, Texas, West Virginia and Maryland.

The heat-relieving storms left a multimillion-dollar trail of wind and lightning damage across New England, eastern New York, New Jersey, Maryland, Pennsylvania, Ohio and southern Michigan.

Winds of near-hurricane strength uprooted trees, peeled off roofs, snapped power and telephone lines and blocked highways.

The mercury hit a sizzling 120 degrees at Fort Scott, Kan., before the cooler air began moving into that state. Temperatures of 100 degrees or higher were common from Kansas, Oklahoma and northern Texas eastward to the Atlantic.

Thousands of baby chicks died from the heat in Arkansas. The Arkansas Poultry Federation said the state's poultry industry may suffer its worst baby-chick shortage in history.

Volunteers responded to an appeal to help save the lives of feeble-minded patients at the state See HEAT TOLL, Page 8, Col. 2

Lightning Kills Man In Valley

Another weather death has been recorded in Texas, but it was from lightning, not heat.

Tadino Amaza, 23, of Monterrey, Mex., was struck Wednesday by lightning while picking cotton on the farm of George Heener, north of Edcouch in South Texas.

Forecasters predicted the 11th and 12th successive days of heat in excess of 100 degrees for Dallas. Reservoirs, ranges and farm crops were withering under the hot sun.

Cities and towns acted to conserve the water supply.

Jacksonville invoked voluntary water rationing. Palestine clamped some restrictions on, and Dallas was appealing to residents to watch their step, waterwise.

Amardillo had blowing dust and reduced visibility Thursday morning. Wednesday it was El Paso reporting a "murky cloud of fine-grained dust" descended from what the Weather Bureau called an "air mass thunderstorm."

Gov. Allan Shivers and Agriculture Commissioner John C. White both made new appeals for federal aid on the drought. They urged a program to steady the cattle market and guarantee maximum benefits to the cattle raiser.

Shivers also appealed to President Eisenhower to invoke the public disaster law and any other laws needed to provide relief.

## Kansas Town Has 120-Degree High

By The Associated Press

Deaths attributable to weather reached at least 112 today in the wake of the season's hottest wave and a series of violent storms which helped to break up the wave.

Included in the toll were victims of heat prostration, of drownings among the many who sought relief from the high temperatures, and of storms which swept in behind the boiling surge of air as it moved through eastern states.

## Water Usage At New High

By The Associated Press

Water consumption in Big Spring hit a new high for the year Wednesday. Figures at City Hall show that 6,853,000 gallons were used.

Daily totals have been steadily climbing all week, with Monday's use reaching 6,131,000 and Tuesday's consumption at 6,485,000.

Due to the heavy water demand, the city has not only been using Colorado River Municipal Water District facilities but also wells on two leases south of town.

Water superintendent Roy Hester said that 4,289,000 gallons came from the CRMWD yesterday while 1,740,000 came from the O'Bar lease and 824,000 was pumped from section 33 wells.

During a 12-hour period yesterday, from 8 a. m. to 8 p. m., use totaled 4,015,440 gallons—an average of 334,620 gallons per hour. Hester points out that if this rate had continued throughout the 24-hour period, consumption would have totaled 8,030,880 gallons.

There were about 600,000 gallons of water lost in storage from 8 a. m. to 8 p. m. yesterday, which would increase the consumption figure even more, Hester explained.

WASHINGTON (AP)—Alfred Gross, the builder with the biggest "windfall" profit yet reported, told Senate investigators today that FHA officials advised him to increase the cost estimate in his Glen Oaks Village, N. Y., application for mortgage insurance.

And, said Gross in response to Democratic questioning, the tax council who advised his family-held corporation to treat the 5-million-dollar profit as a capital gain—taxed at a much lower rate than income—is associated with the law firm of which Atty. Gen. Brownell was a member until he took the cabinet job.

The Internal Revenue Service has challenged the use of the capital gains tax. It was testified, and the case is now pending in New York.

Gross said that in applying to the Federal Housing Administration for insurance on the first \$4,815,000 mortgage on the 25-million-dollar project, he included in his cost estimates 5 per cent for "architect's fee" and 3 per cent for "builder's fee."

Actually the architect's fee was 1 per cent and the builder's fee all, he said. But in asking the higher allowances he simply followed a sample application shown in a brochure distributed to build-

ers for illustrative purposes by the now-defunct National Housing Administration.

When he conferred with FHA officials in New York, Gross said, he was asking approval on only a \$4,411,000 mortgage. They instructed him to boost it by some \$400,000, he said, so that there would be ample funds for completion of the project if he defaulted on the contract.

Brownell's name was brought into the record by Sen. Maybank (D-SC). Maybank asked Gross the name of the tax consultant who advised him to use the capital gains provisions, with a tax at 25 per cent rate, instead of the much higher rate on corporate earnings.

The consultant was Harry Rudick of the New York law firm of Lord, Day and Lord, Gross said.

"Mr. Brownell belongs to that firm," Maybank said.

Just ahead of Gross, the Senate Banking Committee heard from William J. Levitt, one of the builders of Levittown, Pa., and Levittown, Pa. He said the New York law firm, built with government-insured loans, cleared over five million dollars in profits.

Levitt told the committee in its investigation of windfalls, that the See FHA PROBE, Page 8, Col. 4

## Seven American Soldiers Freed By Red Czechs

WALDHAUS, Germany (AP)—Seven American soldiers, held in Communist Czechoslovakia since the Fourth of July, crossed the border to freedom today at noon after 12 days in captivity.

The six enlisted men and a captain were turned over at this West German-Czech border point where Associated Press correspondent William Oatis was freed more than a year ago.

They were met by a detachment from the U. S. 2nd Armored Cavalry, which is stationed along the East-West frontier.

An Army spokesman said earlier that "after a routine interrogation, a news conference will be held," probably Saturday.

U. S. Army authorities said the men appeared to be in "good condition" and that they reported "the food was good."

No other statement was immediately available.

They were brought to the border in a dusty Czech bus, and as they climbed out some of them appeared red-eyed and nervous, but in good health.

Capt. Davis, clutching a road map in his hands, spoke briefly for the group after they stopped momentarily on the German side of the border.

"My men are very tired and very nervous," he said. "The treatment was satisfactory. The food was sufficient and the billets were adequate."

Davis himself appeared nervous. His hands trembled as he spoke.

Two of the men were carrying cameras they apparently had taken with them on their July 4 sight-seeing trip to the border.

The men were met by Lt. Col. Archie Birkner of the 2nd Armored Cavalry, who led a detachment of about 20 men. Behind him, where the dirt highway reaches back to the German town of Weiden, 12 miles away, armed jeep patrols rolled guard.

They were put into cars and conveyed toward Nuernberg.

The seven members of the 16th Field Artillery Battalion, are: Capt. Jack M. Davis, the battalion surgeon, Raytown, Mo.; Cpl. John F. Gasson, Okdale, Calif.; Pfc. Jerry W. Griffith, Springfield, Ohio; Pfc. George Switzer, Millburn, Neb.; Pfc. Leonard D. Tennis, Alliance, Ohio; Pvt. Richard J. Jumper, Booneville, Miss.; and Pvt. Ross F. McGinnis, Greensburg, Pa.

## Tolleff Program To Be Broadcast

Full program of the Chamber of Commerce appreciation dinner for R. L. Tolleff Friday evening will be broadcast over KBST.

Arrangements were completed today for this service, so that persons who do not attend the function may hear via radio the address of Federal Judge James V. Allred and others on the program.

Meanwhile, arrangements were being made at the Settles Hotel to take care of a crowd that will surpass 500. Tables which will be used on the mezzanine for the meal later will be cleared so that all guests may be in the ballroom for the program.

Judge Allred, former governor who has known Tolleff for many years, will pay the principal tribute. The judge is now on vacation, is due to arrive here Friday afternoon from Colorado. C. T. McLaughlin of Snyder also will appear on the program, along with representatives of various groups who are paying special recognition to Tolleff. These include local 826 of the IUOE; Coaden 25-year veterans, and the Chamber of Commerce.

Mrs. David Barlow of New York City is to be heard in vocal selections, and Mrs. Champ Rainwater will play organ music.

## Girl Who Falsely Accused Airman Put On Probation

The 14-year-old girl who falsely accused an airman of attacking her on the night of June 26 was placed on probation for one year this morning by County Judge R. H. Weaver.

She was ordered to report once each month to Juvenile Officer A. E. Long during the probationary period. Judge Weaver stressed seriousness of the girl's crime during a hearing on the matter this morning. The girl, her parents and sister were present.

The girl told authorities that the airman broke into the house where she was baby-sitting on the night of June 26. She said he criminally assaulted her. She displayed torn clothing and scratches on her legs in support of the charge.

Three days later, under questioning of the grand jury, the girl confessed that the story was completely false. She said she decided to make up the story after seeing a television program which gave her a desire to testify in court.

## Accused Rapist Can't Remember

LUBBOCK (AP)—A husky ex-convict charged with kidnaping and rape of a baby girl said today he didn't remember anything about it.

"I was drinking, I guess, but I don't remember anything that happened. I guess I'm in serious trouble—huh?" William Thomas Hughes, 34, said to officers.

Hughes was brought to the Lubbock jail late yesterday, from Seminole, Tex., near where the alleged attack on little Jackie Jo Davis, five months old, occurred.

Officers would not say that they feared mob violence—they said the Seminole jail was "not of maximum security."

Hughes was denied bond on the charge of rape against him. Bond of \$5,000 was set on the kidnaping charge.

Hughes is 6 feet 2 inches tall, weighs 195 pounds and is 34 years old.

He has served penitentiary sentences for automobile theft and forgery.

Gaines County officers said they brought him here for "safe-keeping."

Earlier, officers had denied a newspaper report that "ominous little groups of men" gathered around the Seminole jail.

WASHINGTON (AP)—Sen. Daniel D-Texas) said at the White House today that President Eisenhower today assured him he still takes the position Texas owns submerged lands extending three leagues, rather than three miles, into the Gulf of Mexico.

Three leagues is about 10.5 miles. Daniel said he had been concerned by reports in Texas that the administration had changed its viewpoint and would challenge the state's ownership of land beyond the three mile limit.

# Gore Sees Republicans Joining Demos To Defeat Power Plans

By RUSSELL BRINES  
WASHINGTON (AP)—Sen. Gore (D-Tenn.) predicted today some Republican senators will join many Democrats in supporting a proposal to block President Eisenhower's plan to place a new private power plant in the Tennessee Valley.

The Senate approached a vote on the proposal, an amendment to a lengthy bill to revise the Atomic Energy Act in line with the President's program to exchange more nuclear information with foreign allies and to permit private industry entry into peacetime atomic activities.

## GENERAL BALANCE UP

### Pool, Park Fund Gains During June

A noticeable increase in the City of Big Spring's special swimming pool and park fund resulted in June, and a small increase was made in the general fund.

Report made by City Secretary C. R. McClenny shows that the cash balance in the swimming and park fund rose from \$7,172.30 to \$10,530.11 during the month. Green fees, building rental, concession rights, and swimming fees brought \$4,914.33 into the fund, according to the report. Expenditures for minor tools, machinery, insurance, etc. totaled only \$1,666.52.

Cash balance in the general fund went from \$3,115.36 on June 1 to \$3,682.38 on June 30. Receipts were \$72,423.01, and the expenditures were \$71,845.83. Of the receipts, \$54,071.41 was transferred from other funds.

Other large sources of revenue in the general fund were current taxes, \$1,303.11; delinquent taxes, \$1,246.78; royalty on oil, \$7,709.52; gas franchise, \$2,844.83, and fines, \$1,348.

During June \$8,500 worth of bonds were retired, and \$3,921.25

in interest was paid. The City's bonded indebtedness now stands at \$821,500 in tax bonds and \$1,210,000 in revenue bonds, according to the report.

The interest and sinking fund balance slipped from \$80,587.71 on June 1 to \$39,274.50 on June 30. McClenny listed 109,479,000 gallons of water as having been metered to customers in June, and water and sewer bills totaled \$46,383.53.

Total receipts in the water and sewer system revenue fund were \$60,900.20. This fund had a balance of \$45,249.77 on June 30 as compared to \$70,164.79 on June 1. Expenditures totaled \$85,815.55, including transfers.

The parking meter fund had a decrease in balance from \$27,798.31 to \$13,485.85 due to expenditures for meters, improved streets and bond payments.

Cash receipts at the airport in June were only \$532.92, and expenditures for upkeep were \$1,284.68. Balance in the airport fund, accordingly, dropped from \$4,307.55 to \$3,022.87.

Expenditures for the water treatment plant and machinery brought the water and sewer system construction fund down from \$349,396.23 to \$334,342.92. The cemetery fund dropped from \$423.68 to \$215.52. No change was noted in the street improvement bond fund, which had balance on June 30 of \$11,293.15.

Gains were made in the Fourth Street escrow fund, which went from \$2,022.88 to \$2,113.58, and the garage fund, which rose from \$14,233.94 to \$15,264.70 after transfer of money from the general fund.

The special account insurance fund had cash balance of \$168.33 at the beginning of the month which rose to \$170.13. Another \$995.04 is invested in government securities. The report also shows that the storm sewer bond fund balance rose from \$1,010.15 to \$1,123.55, with another \$62,785.30 invested in government securities.

skirmishing continuing on the power plant issue, Eisenhower has directed the Atomic Energy Commission (AEC) to conclude a 25-year contract with a private utility group for a new steam power plant to service the Memphis, Tenn., area over Tennessee Valley Authority lines. The power would replace TVA power being shifted to the AEC's plant at Paducah, Ky.

The President, who has described the order as one which will provide time for another government look at TVA operations, met at the White House yesterday with Sen. Anderson of New Mexico, senior Democratic senator on the Senate-House Atomic Energy Committee.

Anderson later introduced an amendment that would allow the AEC to contract only for power supplied directly to atomic installations. The amendment would also require proposed contracts to be submitted for 30 days to the congressional atomic committee. Anderson told the Senate the proposed contract would supply power for general consumer service.

## IT HAPPENED

### Finds Use For Pole

COLUMBUS, Ohio (AP)—A burglar found that shiny brass pole in a Columbus firehouse the means for a quick exit.

Fire Lt. Thomas Curran said he awakened and saw a man at the foot of his bed. He shouted at him and the man slid quickly down the pole and fled.

The intruder had stolen about \$70 from the pockets of sleeping firemen.

### Too Hot In Cooler

MIAMI, Okla. (AP)—It was even too hot in the "cooler" here Tuesday.

With the temperature at 115 degrees, Ottawa County Sheriff James A. Allen ordered seven prisoners out of the jail, marched them onto the courthouse lawn under shade of trees and permitted them to play cards.

"It was too hot in that

### fourth floor jail," the sheriff remarked, "even for law violators."

### No Mood For Visitors

LINCOLN, Neb. (AP)—When the mother and wife of prisoner Lloyd Leonard of Omaha arrived at the penitentiary here to visit him, Warden Herbert Hahn drove over to the prison farm to fetch Leonard.

Leonard wasn't there. He had walked away from a threshing crew and his absence had gone unnoticed until the warden arrived.

### Well Fertilized

STELLA, Neb. (AP)—Farmer Herbert Walker stood watching the hot winds blow over his corn field and casually remarked that even if the crop

### did burn up there was money in the field.

He had plowed under his pocketbook, containing \$87, while cultivating the crop.

### Collection Agency

BUFFALO, N.Y. (AP)—"I was chasing a man who owed me \$15," said Nolan Holloway, pleading guilty in Traffic Court to a speeding charge.

"That's a foolish way to get your money," Judge Judge Taggart replied. "You're going to lose it now."

He did—plus \$10. The fine was \$25.

### Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headache, dizziness and loss of pep and energy. Don's suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these symptoms bother you. Try Don's Pills—a mild diuretic. Used successfully by millions for over 10 years. It's amazing how many times Don's gives happy relief from these discomforts—helps the 15 million kidney tubes and filters flush out waste. Get Don's Pills today!

## Men Seek Household Jobs In Los Angeles

LOS ANGELES (AP)—Mrs. Lulu B. Bryden, director of the Volunteers of America's free employment bureau, observed yesterday that men are applying for household jobs hereabouts.

"Men are much more willing than women to hire out for housecleaning, floor waxing and odd jobs about the house," said Mrs. Bryden.

## Dies At Funeral

GLENDALE, Calif. (AP)—Late to a funeral, insurance man D. G. Kenning ran from his auto to the chapel yesterday, made it through the door and then collapsed and died of a heart attack.

## 500 Cattle Sold As Market Steady Here

The market remained steady and was in line with other markets across the country at Wednesday's Big Spring Livestock Auction Company's sale.

Bulls sold for 11.50 to 12.75, fat cows from 9.00 to 11.00, butcher cows from 8.00 to 9.50 and fat calves and yearlings for 18.00 to 18.00, with a few choice animals bringing even better prices.

Heifer calves went for 14.50 to 15.50, cows beside calves from 8.00 to 12.50 and hogs up to 23.00.

An estimated 500 cattle and 25 to 30 hogs were paraded before the buyers.

## To Film Arnold Book

HOLLYWOOD (AP)—The growth of the world's mightiest air force, as told by the late Gen. H. H. (Hap) Arnold in his book, "Global Mission," will be made into a motion picture, Paramount studio announced yesterday. Arnold commanded America's Army Air Force during World War II.

# UNCLE RAY'S CORNER

Dance of Corn Maidens at Zuni.

A young scientist risked his life to learn about the Pueblo Indians. His name was Frank Cushing, and he was employed by the Smithsonian Institution.

On a hot summer day, 75 years ago, a high Smithsonian official offered him the opportunity to go to New Mexico. He accepted, and left Washington with the plan of being away for three months.

Riding on a mule, Cushing reached the Pueblo town of Zuni. Little was known at that time about the Zuni Indians.

Here, in shortened form, is Cushing's account of the first part of his visit:

"Zuni bristled with ladders, chimneys and rafters. The long, heavy ladders against the roofs. The little windows and doorways made one think of the holes in an ant-hill.

"About 300 Indians had gathered on the topmost terrace of the strange town. Getting off my mule, I tied it up, and climbed toward the high terrace. I used two or three of the ladders on my trip to the top.

"Forty or 50 of the men came to meet me, waving their arms and shouting. One of them left the group, and motioned to me to

## Taxidermist Spends Year Stuffing Whale

TOKYO (U)—It was a whale of a job for a year, but who wants another whale stuffed? Fifteen strong men carried off the year's work of a Tokyo taxidermist, a stuffed 30-foot whale weighing almost a ton, to a berth in a whaling museum here.

go away. At the same time he said something in Spanish.

"Not understanding his words, I took his hand and breathed on it as a Zuni herdsman had done to me. The old Indian seemed pleased by this action, and breathed on my hand. Then the other Indians gathered around me to shake hands and exchange breaths."

The white man was allowed to stay in the village. All that he saw proved of keen interest to him. In notebooks he wrote down some of the facts he learned.

The Zuni Indians were fond of dancing. Cushing made pictures of them as they looked while painted and masked. When the dancers looked at the sketches, they showed signs of admiring the white man's skill.

Tomorrow: Danger for Cushing.

## MUST BE SOME YANKEES ABOUT

FORREST CITY, Ark. (U)—Forrest City, named for Confederate Gen. Nathan Bedford Forrest, has made up for a slight oversight in 1953, when it forgot to celebrate the general's birthday.

Tuesday was Forrest's birthday again. The Nathan Bedford Forrest chapter of the United Daughters of the Confederacy presented a birthday program. To compensate for last year's lapse of memory, the celebration was broadcast over the local radio station.

## Heat Makes It Easy To Get Hive's Honey

SOMERVILLE, Mass. (U)—The hottest day of the year had a happy result for Thomas J. Flaherty yesterday.

A wild bee hive hanging in a tree in his yard tumbled down when the 95-degree temperature melted the wax. Flaherty collected the honey for table use.

## Finn Twins, Out Of Jail, End Fast After 23 Days

HOLLYWOOD (U)—Haggard after 23 days in jail without food, the freed Finn twins sipped milk and gulped vitamin pills today.

George and Charles, who lost 50 pounds between them during their fast in protest against what they termed the injustice of one-year sentences for interfering with a government officer, are in La Brea Hospital.

They were whisked to the hospital by ambulance late yesterday after being released from the California Medical Facility at Terminal Island on \$1,000 bond each, pending their appeal.

They had vowed to starve to death rather than eat while in custody.

All their troubles stemmed from purchase of a war surplus C46 cargo plane from a school district. The government contends the purchase was illegal. The twins, both

of whom have fine wartime flying records, contend it was legal. At the moment the 40-year-old twins are more concerned with what they denied themselves for 23 days—food.

Both agree that the first three days of their self-imposed fast were

## Bodies Of Dad, Son Pulled From Stream

FAIRMONT, W.Va. (U)—The bodies of a 27-year-old Marion County man and his young son, still clasped in his father's arms, were pulled from the Monongahela River yesterday.

Chief Deputy Sheriff Lohr Yeager said the victims, William Heron of Catawba and his 6-year-old son Wilber, had been missing since Sunday, soon after they went out in a homemade boat.

the toughest. Hunger pangs bothered them most of that time. After the first three days, they tried not to think of food.

"The only time it was tough from then on," said Charles, "was when we were asleep. One night I dreamed of a charcoal-broiled steak. I was eating it with my fingers and believe me, I could taste it."

Charles, the stronger of the two, said that one night George dreamed of being in a cake factory. It was filled with giant cakes, three feet wide and five tall. For awhile their diet won't be

that rich. The first few hours they received small meals every hour—milk, vitamin pills and rare ground steak having high vitamin C and D content. Doctors said it will be a couple of weeks before they can leave the hospital.

The U.S. Circuit Court of Appeals granted the bail yesterday after the twins' attorney, Bernard Cohen, argued that Federal Judge Edward Murphy committed "many flagrant errors" in sentencing the Finns and refusing them bail.

The Finns were convicted of interfering with U.S. Atty. Laughlin Waters with a so-called citizens' arrest. Cohen, said the twins believed they had a right to make

the arrest "because in their minds only in depriving them of an airplane (Waters) had committed a felony."

Big Moment For Dillard's Horse

John Ray Dillard, in shirt sleeves, Big Spring horse trainer, is shown accepting a silver platter from track officials after his seven-year-old mare, Equichall (held by groom), had won the \$10,000 Independence Day Stakes at the Ak-Sar-Ben race track at Omaha, Nebraska, July 5. The cameraman caught the action at the post in the thrilling race at

the top. Butch K, Gurner's Lad and the favored Lefty James are strung out behind the Big Spring horse, J. Bellino is the jockey. Dillard is now visiting here before going on to a race meeting at Raton, N. M.

### Baker Blisters Dallas Course To Score Wins

By WILBUR MARTIN DALLAS (AP)—A baker from St. Louis and a sailor from Jacksonville, Fla., had the rest of the field on edge today as the 29th Public Links Golf Tournament moved into the fifth round. The baker, Joe Evans, blistered Cedar Crest's par 71, 6,296-yard course with two sub-par rounds yesterday as he ousted Bob Ludlow of Indianapolis, 7 and 6, and Mike Andonian of Pontiac, Mich., 5 and 4.

William Scarbrough, a giant chief petty officer from Jacksonville, Fla., licked Larry Holshouser of Charlotte, N.C., 3 and 2 and then uncorked his own fleet of big guns—deadly iron shots that netted him an eagle finale in his 5 and 4 victory over Milton Frank of St. Louis.

Scarbrough was 4 under par in his match with the little Missouri postman. His eagle crushed Frank after the latter had birdied the par 5 north hole. Extra hole matches were common yesterday as the dwindling field tumbled around the long course in 102 degree heat.

Jim Wilbert of San Francisco lost to Bob Preston of Detroit, 1 up in 22 holes. The birdie that gave him the match was the only time Preston was ever ahead in the third round match.

E. F. Shively, Dayton, O., carried Art Jennemann, St. Louis, 20 holes before winning, 1 up, and Rodney Funseth, Spokane, Wash., went 20 before downing Wallace Smith, Royal Oak, Mich., by the same score. It took John Hatch of Dallas 21 holes to beat Dick Martin, Dallas, 1 up.

The fifth round and quarter-finals will be played today with 36-hole semi-finals tomorrow and the 36-hole finals Saturday.

The terrific heat—the third straight day the temperature has been above 100—was taking its toll of the players. Several have defaulted because of it. Hal McCommas, Southern Methodist University golfer, was feeling rocky after his 4 and 2 victory over Bob Parry, Portland, Ore., but after an hour of being soaked with wet towels, came back to thump Reese Berry of Indianapolis 4 and 3.

Preston had an easier time in his second match, beating Artie Taylor of Dallas, 4 and 2. He used only 19 putts and a chip shot that landed in the hole in winning and racked up an eagle on No. 10.

### Home Runs Sink Abilene, 8-3

By The Associated Press The Clovis Pioneers bombed the Abilene Blue Sox with four homers in the first four innings Wednesday night to take an 8-3 West Texas-New Mexico League game. Hank Paskiewicz, Clovis third sacker, led the way with two circuit blows and a single for four runs. Pete Trabucco and Jim Fairchild also slugged homers.

Bob Pascal knocked in one Abilene run with a homer. Lubbock, on the bottom rung of the league ladder, claimed another victory with a 10-7 win over Borger, in seventh place. In the other two games, second-place Pampa downed Amarillo, 10-3, and Albuquerque edged Plainview, 5-4.

### 11 Hurlers May Win 20 Games

NEW YORK (AP)—Twenty, the elusive victory peak all pitchers hope to climb but only a few do, is well within reach of 11 major league moundmen this season. With the 1954 campaign entering its second phase, seven American League pitchers and four in the National are at least halfway "home."

### Jim Trice Wins

OMAHA (AP)—Jim Trice, Victoria, Tex., defeated Jim Hastingner, Omaha, 6-0, 6-4, in the Junior Boys' division yesterday in opening rounds of the Midwest Open Tennis Tournament.

### Thornton Insurance Agency

### New Coach

Francis X. Reagan, assistant coach of the pro Philadelphia Eagles football team and former Penn star, has been named football coach at Villanova. Art Raimo, who was coach, resigned suddenly to take an assistant coaching job at Yale. (AP Wire-photo).

### MARTINEZ IS DISABLED

Manager Bob Martin of the Big Spring Broncs said this morning he had placed first sacker Tony Martinez on the disabled list for a week. Martinez was struck on the hand by a pitched ball some time ago and re-injured it in the recent home stand when he hit a ball too far down on the handle of his bat.

The fancy-fielding first sacker will not be eligible to play again until July 21, at which time Midland will be here. Medsall LaGross will probably play first base in the absence of Martinez.

### Moncrief Enters Columbus Play

COLUMBUS, Ga. (AP)—Defending champ Doug Sanders faced stiff competition for his Southeastern Amateur Golf crown here today as qualifying rounds picked his 31 opponents from the field. Sanders is exempt from qualifying, but is allowed to go for the medalist trophy.

The overflow of outstanding players made it tough for the old-timers to agree on a favorite. Top golfers entered included Jake Howard Jr., of Augustan and Bob Moncrief of Houston, Tex.

First rounds of match play in the championship flight are scheduled Friday.

### Sather Released

SAN ANGELO (SC) — Herb Sather has drawn his release from the San Angelo Colts. Sather indicated he would quit baseball and remain in San Angelo.

### Bluhm Stages Major Upset In City Meet

Youthful Bobby Bluhm 'came of age' in local golf circles earlier this week. The schoolboy moved along in the City Golf Tournament by defeating the meet favorite, Bobby Wright, 2 and 1, in a round at the Muny course.

Bluhm and par fought a stand-off battle in the round. Bobby won two of the first three holes and Wright was never able to climb back into contention. He was still two down at nine.

In another match that should have a direct result on the outcome of the tournament, Luke Thompson downed Randal Carpenter, 2 and 1.

Both Bluhm and Thompson were members of the Big Spring High School golf team two years ago and Thompson waded into the finals of the Big Spring Invitational Tournament last September.

Bluhm now becomes eligible to tangle with the winner of the Novice Womack - John Pipes match while Thompson awaits the outcome of the C. G. Green-Jack Mann setto.

### Conrad Faces Addington

DENVER (AP)—Defending Champion Joe Conrad leads a field of 32 golfers, including nearly all the favorites, into the second round of championship play today in the 51st Trans-Mississippi Golf Tournament.

Conrad, from San Marcos, Tex., Air Force Base, meets Floyd Addington of Dallas in the first round of the upper flight.

Medalist Ernie Vossler, whose qualifying round of 66 tabs him as the leading contender for Conrad's title, plays Ron Moore of Denver, 1-up winner over Rufus King of Wichita Falls, Tex., in the top match of the lower flight.

Topping the upsets in yesterday's opening round of championship play was Jim Vickers' 4 and 3 loss to David Dunn of Dallas, an 18-year-old Southern Methodist University student. Vickers, of Wichita, was runner-up last year in Kansas City. One match was forced to go 19 holes before Gregg Kelly of Los Angeles beat Dr. James Foust of Denver. Another match, ending with Orville Goenn of Des Moines, Iowa, and Bob Worthman of Midland, Tex., all even after 18 holes, was called because of rain and darkness.

### LOOKING 'EM OVER

With Tommy Hart A sports headline in Norfolk, Va., said that the \$10 season ducat sold there is keeping that city's professional baseball team operating in the black.

The management, the story continued, is convinced that the booster sales are the only way to save minor league baseball. Pepper Martin, manager of the local club, is of the same opinion.

When Martin and his business manager, Carl Bradley, gauged public opinion here by circulating printed forms through the grandstand, asking the people how they felt about such a plan for the 1955 season, the idea was well received.

If the plan is adopted here, more seats are going to have to be added to Steer Park or the local fans are going to have to start thinking in terms of a new and larger stadium.

You can't ask the patrons to buy 4,000 season ducats, when only 2,200 seats are available. No one knows that better than Pepper. Norfolk set 10,000 season ducats as its goal and sold only 3,014.

If Martin does come out with his ticket plan, he'll campaign all winter. San Angelo staged such a drive but didn't announce it to the public until a week before the 1954 campaign got under way.

He'd visit Coahoma, Stanton, Forsan and other surrounding communities to whip up interest there.

John Rudessel, the postmaster at Ackerly, returned one of the opinion forms printed here and remarked that the idea was the best he'd heard in baseball and he was all for it.

Martin would make the payments as painless as possible for the fans. He's indicated he'd let the fans pay them out over a period of months, if they indicate that's the way they want it.

Of course, the idea is nothing more than that at the present time but it is a start in the right direction.

Everyone agrees that it would be a wonderful thing for a club to solve its financial problems before the season got under way—and not to remind the public it needs business every time pay day rolls around.

This week's edition of Look Magazine has a timely article on Dick Burnett, the Dallas millionaire who wants to bring big league baseball to the Southwest.

Burnett is the fellow who (1) paid a half million dollars to George Schepps for the Dallas club (who dissipated his profits in three or four years), (2) signed the first Negro to play in the league, (3) opened a season in the Cotton Bowl and (4) organized a team that in one season played to over 404,000 people at home.

He's the man who could promote the venture, if anyone could. Maurice Proulx umpired a recent baseball series here in blue ducking trousers and a dyed dress shirt.

There was a good reason for his not wearing the conventional blues. He and Arbitor Paul Kelly lost all their clothes when their car was broken into in Roswell.

A short time before the theft occurred, Proulx had been talking to several of the Big Spring players in front of the Nickson Hotel there around midnight and a suspicious policeman approached them. He wanted to know what the strangers were doing in town.

When the players and Proulx identified themselves, the policeman acknowledged he knew them and moved on. The thieves rolled up their sleeves and went to work not long after the cop moved on and the players and umpires went to their rooms.

### PONY LEAGUERS OPPOSE McCAMEY IN FIRST ROUND OF TOURNNEY

The Big Spring Pony League All-Stars left today for Crane where at 8 o'clock this evening they open play in the Sub-District Tournament.

### Valdes Eyeing A Title Shot

By JACK HAND NEW YORK (AP)—Nino Valdes rides the glory road toward a 1955 shot at heavyweight champion Rocky Marciano today as Hurricane Tommy Jackson blows harmlessly out to sea.

The lobby of Madison Square Garden told the story of last night's two-round TKO victory for the Cuban giant on the automatic three-knockdown rule. Valdes ambled through a swarm of happy admirers, pausing to sign autographs and greet handshakers with a wide grin.

Outside, in the pouring rain, Jackson walked with head down, mumbling to himself. His family trailed behind, trying to convince him to go back to the hotel.

"I won't fight nobody else until I fight him," Jackson had said in his dressing room. He made a stormy scene in the ring, tearing the referee's scorecard in two, before police ushered him to his dressing room.

"He had nothing," said Valdes, through an interpreter. "He clown fighter. Everybody expect us to go to body, we go to head in second round." About Marciano? "I knock him out in four rounds."

Harry Markson, managing director of the International Boxing Club, said "Valdes rates the next shot at Marciano after the rematch with Ezzard Charles that we hope to run in September."

Valdes, an 11-5 underdog, overwhelmed the listless Hurricane, who showed only one brief flash of the fiery newcomer who stopped Rex Layne, beat Clarence Henry and knocked out Dan Bucceroni in his exciting rise from prelim bout to No. 5 contender.

In the first round, the Cuban thumped at Jackson's body with both hands. Shifting to the head when the jiggling Jackson came out for the second, Valdes drove his man half through the ropes with a solid right. Although the timekeeper counted four, Referee Al Beri ruled no knockdown.

Another right sent Jackson to the floor for an automatic-eight-count. Actually he was up at two. Another flurry and a bull rush drove Jackson to his knees. He was up at one but the count again went to the automatic eight.

The third knockdown that ended the bout, under New York rules that require a referee to halt a fight when one man has been down three times in one round, was disputed by many in the crowd of 4,465. It looked as though a push, following a blow to the neck, sent Jackson down. No matter what it was, Beri ruled "knockdown" and the fight was over at 2:35 of the second.

Valdes weighed 204, Jackson, 190½.

### Moreno, Wingate Traded To Spuds

SWEETWATER (SC) — The Sweetwater Spudders have obtained two players in exchange with Roswell for Rod Arco.

The newcomers to the Sweetwater club are Pedro Moreno, a pitcher, and John Wingate, Negro third baseman.

Moreno had a 5-5 won-lost record for Roswell. Wingate was hitting .325 at the time.

Arco, hitting only .225, can catch, as well as play third.

### LOCALS INVADE ARTESIA PARK

Somewhat the worse for wear after that 14-13 squeaker over Artesia here Wednesday night, the Big Spring Broncs head for Artesia this evening to resume play with the pace-setting NuMexers.

The Broncs will be in Artesia for two nights, then head back to Sweetwater for two games before returning home Monday to play Midland.

Bertie Baex, who has been very active in the Artesia set to date, will probably hurt for Big Spring this evening. That means Tommy McKeeen would get the call Friday.

The Broncs' built up a 13-2 lead over the NuMexers last night but had to score an unearned run in the seventh to get by the aroused Artesians.

The NuMexers kept bombing until the ninth inning. Bob Herron, first man up in the ninth inning, hit one out of eight but reliever Tito Arencibia settled to get Reuben Smartt on a fly ball and fan Paul Dobkowski and John Goodell to save the Broncs' bacon.

Albert Hill started on the mound for Big Spring and looked very good until he tired in the fifth. He received credit for his first win of the year.

The loss was hung on Gil Johnson, who failed to last out the first inning. He was the first of four Artesia hurlers to see action.

All 13 of Big Spring's hits were singles but the Broncs made them count in the first three innings, when they scored 13 of their runs.

Injuries are handicapping the Broncs' bid for a first division spot. The Steeds finished with an outfielder at third base and pitchers at first and in right field.

FOUL TIPS — The win was the Broncs' fifth in seven starts in the home stand and the fourth decided by one run during that time. In the last 12 games, the Steeds have played nine decided by one run. They've won five such decisions. Though he bowed out with an injured ankle, third sacker Julio Delatorre of Big Spring enjoyed a good home stand.

In the seven home games, Julio halted an even 500, collecting 12 hits in 24 tries. He scored 11 times and drove in ten runs. He now has 111 RBIs.

In games here against Artesia this season, the Broncs have emerged victorious five times. Luis Caballero, who spelled Delatorre at third base in the sixth, probably saved the decision when he leaped high to spear Paul Dobkowski's line smash to end the inning, at which time the NuMexers had runners at first and third.

Pete Simone came up with a sensational catch and throw on Charley Watts' ground ball in the second. Bob Martin had assists on all three putouts made in the first inning. The 369 paying customers brought the year's paid attendance here to 22,259.

# First Methodists Celebrate Birthday

Light from real, antique kerosene lamps was used Wednesday evening by the congregation of First Methodist Church at a dinner held in celebration of their 71st birthday. Wild roses were used in the decorations, old-time fans were furnished, and a washstand was used to hold the Bible of the late "Mother Zinn," a charter member of the church.

Accompanied by Mrs. Herbert Keaton at an old pump organ, the group joined in singing old-time songs, led by the Rev. Jordan Grooms. Members told informally of early experiences of the church, and an arranged program followed.

Those appearing on the program were Robert Stripling, Mrs. R. W. Thompson, Mrs. L. M. Horn, Mrs. V. A. Whittington, Joyce Howard, Mrs. G. E. Fleeman and the Rev. Richard Deats.

Special tributes were paid to pioneer preachers and to the charter members of the church, who were the Rev. J. B. H. Thomas, the first pastor, Mr. and Mrs. G. W. Peever, Dr. D. W. MacIntyre, David Black and Mr. and Mrs. Zinn.

In further observance of Birthday Week, services will be held at the church at 10 a.m. Friday morning.

# Interesting Life Led By Gift Shop Owner

By DOROTHY ROE AP Women's Editor

Note to bored women: Want to see the world, meet interesting people and have a whale of a good time?

Then open an antique or gift shop, advises Roa duBord of Harbor Springs, Mich., who does business in a hen house.

Mrs. DuBord is the picture of a happy woman. Summers she sells old, English silver; French porcelain, modern crystal and knickknacks from all over the world in her Hen House (that's the name of it) 12 miles out in the country from the resort town of Harbor Springs. Winters she and her husband Andre do the same thing in Bel Air, Fla. In between times she roams the world, in search of the rare and the beautiful.

All this is not only fun—it's financially profitable, says Mrs. DuBord, who has an almost fanatic love of beauty, whether it be in a priceless piece of antique silver or a dollar corkscrew. She says: "There's no excuse for people to have drab, ugly things in their homes, because beautiful things are available at any price. The simple, modern porcelains being made in this country have real beauty because they're functional. The same is true of some contemporary furniture and crystal. "You can find beauty in any period and in every price bracket. A price tag doesn't denote beauty. There are some fabulously expensive antiques that are monstrosities, and there are inexpensive

modern pieces that are a joy to behold."

Mrs. DuBord started a shop of her own in Toledo during the depression, found that people appreciated beauty when they found it, and prospered. There followed a branch shop at Harbor Springs, and another at Bel Air.

Then last year the DuBords closed up the Toledo shop and the swank resort shop and moved 12 miles out to a little farmhouse on a country road. The farm had a hen house, and since they did not plan to raise chickens, Roa decided this would make a wonderful shop.

# Know How To Cope With A Shiny Nose?

By VIVIAN BROWN Is my face shiny?

That's a question women have asked other women since the days of Cleopatra, we presume.

And today the situation hasn't changed a bit. One beauty expert says the shiny nose is a sign of lovely movie stars have this problem too. Only the ladies of cinemaland use a trick to master the basic strategy of this shine-fighting. He offers these Hollywood pointers to keep that shine at bay.

1. Strip your face of every trace of cleansing cream before you apply make-up, using either skin-freshener or astringent. The difference between the two depends on whether your skin is dry or oily. (During the summer both types of skins can ooze out plenty of oil, according to Factor.)

2. While removing all traces of oil from your face make sure your cotton pad, dampened by skin-freshener or astringent, goes up to the edge of the eye openings. These are the little areas which can harbor small traces of cream after cleansing, developing into larger areas of shine as your skin warms up with a rising thermometer during the day.

3. If you add a blush to your cheeks during warm weather use dry rouge, not cream rouge. The dry rouge will put a convincing blush on your cheeks and is less likely to explode into a shine.

4. The more dull-surfaced your make-up foundation is, the quicker your powder puff will kill a little shine when you notice it. But if you puff on loose powder, the entire face must be retouched.

5. If you need to blot up a shine in only one area, as say the nose, a creamy cake or powder in compact form might do the trick. This cake powder gives mat-like touch-ups to the combination dry and oily skin.

6. Powder cakes which combine foundation and face powder in your own skin tint should give you a touch up which shouldn't cake, dry, or give the appearance of being built up even if skin acids do get a whack at your makeup.

**TV Profit**  
FITCHBURG, Mass. (AP)—What do you do when you watch television? Mrs. Nellie LeBlanc hooks rugs. In the past five years she has made eight rugs, five of them of Oriental design. She is working on a 9 by 12 job now that won't be finished until next December. And her motto isn't "rugs to riches"—she won't sell them. She uses them in her own apartment or gives them to relatives.

**Silver Polishing**  
Old powder puffs are handy for cleaning and polishing silverware.

# Give It The Once-Over

Faye Emerson, one of the veterans of television, points out the necessity of inspecting your make-up to see that it is well-blended with your skin tone. She also talks about a special liquid diet.

# HOLLYWOOD BEAUTY

# Check Up Closely For An Attractive Makeup

By LYDIA LANE NEW YORK, N. Y. — A stop-over here in the big city, on my way to Europe, has given me a chance to see Faye Emerson again. We were able to have a chat the other evening at a party.

Faye is one of the top television stars today, and we talked about the great strides which the industry has made. She laughingly referred to her early days before the camera. "I had an awful battle with the make-up men because at that time they wanted everyone to wear brown lipstick and use a heavy orange-colored base. "I used to wear much less than they thought necessary," she added. "I wore make-up not too different from what I wore on the screen. The corrections they said couldn't be made turned out very well."

Faye said that it's difficult to stand up to someone in authority. "But in this business I feel that while the make-up men may know more about make-up than I do, they don't know more about my face. Sometimes you'll see a woman in a terrible dress or hat and wonder how she could ever have selected it. But the chances are she was talked into it by someone who sold her on the idea that it was the latest fashion. "And while we are on the subject of make-up I'd like to say that if a woman is going to use a tinted base she should remember to blend it into her jawline, neck and well in front of her ears. If she would inspect her face from the profile she'd discover that it looks like a mask."

While we were talking maids kept passing delicious hot hors d'oeuvres but Faye passed them all up. "I'm trying to keep my weight down," she confided, "by not eating in between meals. I think it's so much wiser not to get more than two or three pounds on the up-side because when you go on a big strenuous diet it always takes something out of your face. Some women feel that they must wear a size twelve and in getting their hips down they lose their vitality and good looks. "I simply adore a spaghetti and all the fattening things that go with Italian food and when I indulge myself with these things I don't wait many days without going on a liquid diet. "It's such a quick, easy and healthy way to drop two or three pounds," she added.

**FAYE'S DIET**  
Now you can get a copy of Faye's own one-day liquid diet. With it you'll be able to lose up to three pounds with no effort. Added, at no extra cost, Elizabeth Taylor's own liquid diet. Get both by sending 5 cents AND a self-addressed, stamped envelope to Lydia Lane, Hollywood Beauty, in care of The Big Spring Herald. Ask for leaflet M-2.

**Summer Dish**  
Serve cooked asparagus on toast with a cheese sauce; top with curls of crisply-cooked bacon. One of the best ways to cook asparagus is in a deep skillet with a dome-type cover; use only a small amount of boiling salted water, the little amount of liquid left in the pan after cooking the vegetable may be utilized in the cheese sauce, substituting it for part of the milk.

# Love Songs Of Today Would Make A Sad Sack Of Anyone

By ANNE LEFEVER

"From where I sit" it looks to me as if the sadder your love affair is, the more you enjoy it—that is, judging by all the popular songs being heard today. There just aren't any that sound happy in love!

"Now, when I was a girl" (and that's a sign I'm getting to be an old-timer) nearly all the songs were gay and joyous. We had a few "tear-jerkers" like "Please Don't Talk About Me When I'm Gone" or "Melancholy Baby" or "Just One More Chance."

Those are not even in the running, though, when it comes to the sad, sad sentiments of "I've Forgotten More Than You'll Ever Know About Him." Besides being a little on the morbid side, it is very much on the ungrammatical side, too!

"Jilted" is another in the sad parade, and though the singer sounds glad to be finished with the affair, I bet it's just sour grapes! Love songs of "the good ol' days" were really love songs, for example, "My Darling," "Beloved," "The One Rose" and "The Object of My Affection." Today, a person must have to demand attention, if "Make Love to Me" is any example of courting songs. On second thought, we must have done the same thing, but just a little more subtly—we sang or danced to "I'm in the Mood for Love."

An indication that there was more rain during that time may be the songs, "Singing in the Rain," "Rainbow 'Round My Shoulder"—and, to add a blue note, "I Got the Blues When It Rains." Nowadays, some of the younger generation have hardly seen enough rain to appreciate the significance of it, though, even in music.

About the only current song that anywhere near approaches happiness or contentment in love is "Little Things Mean a Lot." However, it is overshadowed by "I Don't Want to Know," "I Was Just Walking Out the Door" and "Roses in the Garden."

Even though it meant being "born thirty years too soon," I'm glad I came along at the time when love affairs were happy things—in other words—when the hill billies were still in the hills.

# Donald Lovelady Honored At Dance

Under crepe paper decorations of red, white and blue with balloons added, about 40 couples were entertained at a dance honoring Donald Frank Lovelady on his 15th birthday. Hostesses for the occasion were Donald's mother, Mrs. Ann Steck and his grandmother, Mrs. Frank Wilson.

Refreshments were served buffet style. Chaperons for the dance were Dr. and Mrs. George Peacock, Mr. and Mrs. John King, Mr. and Mrs. Royce Boyd, Mrs. W. R. Jennings and Bob Ladd.

## BARBECUED FISH STEAKS

Ingredients: 2 tablespoons salad oil, 2 tablespoons finely chopped onion, 2 tablespoons vinegar, 2 tablespoons brown sugar, 1/2 cup tomato catchup, 2 tablespoons lemon juice, 1/4 teaspoon salt, 1/4 teaspoon pepper, 1 package frozen fish steaks.

Method: Brown onion lightly in oil; add vinegar, sugar, catchup, lemon juice, salt and pepper; simmer 10 minutes. Place unthawed fish steaks in shallow baking pan. Pour sauce over and bake according to package directions until crisp and bubbly—about 12 minutes in hot (425 degrees) oven. Makes 3 to 4 servings. Try this delicious dish with the following Friday fare.

### Police Narrow Down Suspects In Clemons Case

Police said today that they are narrowing down the number of people suspected of murdering Samuel Lee Clemons last Monday night. Evidence seems to point to one individual as the person who inflicted the stab wound leading to Clemons' death, said Patrolman Jack Shaffer, an investigating officer.

Six Negro gunmen are still in police custody, and a number of other Negroes are being questioned. Police Chief E. W. York and Patrolman Shaffer spent all day Wednesday at Webb Air Force Base questioning others involved in a fight.

Clemons, a Negro, was killed in a street fight outside the Cozy Inn Cafe on Northwest 3rd shortly after midnight Monday. He died of a stab wound in the heart.

Immediately following the fight several Negroes were taken to the police station. Only six were held in custody, the others being released. Those held had all been cut in the fight, officers said.

Police have questioned those involved time and again trying to piece together the story of what happened. The officer intimated that several have "broken" under questioning. What officers believe to be the murder knife was found at Webb Tuesday by a clean-up man.

Burial will be in the City Cemetery with the Eberley-River Funeral Home in charge. The body will be in state at the funeral home until time for services.

### Attorney Found In Contempt At Crane

Absence of a defendant led to a contempt of court finding in 109th District Court in Crane on Wednesday. George T. Thomas, Big Spring attorney, appeared to Judge G. C. Olsen and to members of the special venire when his client, Gordon Lee Summers, 24, charged in a rape case, failed to appear for trial. Thomas said he had taken Summers to a hospital in Big Spring where emergency surgery had been recommended after Summers developed a pain in his abdomen.

Judge Olsen had held the removal of the defendant was irregular. He ordered forfeiture of the \$15,000 bond but noted it had been dated 1945 instead of 1954. Summers is due to go to trial in November. His companion, Billy Wayne Smith, 22, co-defendant in the case, was found guilty of attacking a 15-year-old Odessa girl and was assessed nine years in prison.

### Key Club Directors Plan For Activities

Plans for activities of the Key Club were developed at a meeting of Key Club directors in the home of Robert Morehead, president, on Wednesday evening. The club, a high school boys' organization sponsored by the Kiwanis Club, will have a hayride July 24 at 7:30 p.m. The directors also projected plans for a leadership banquet on Oct. 9 or 16 when Melvin Munn, Dallas, will be the speaker. The high school principal, student council officers and others will be guests. Key Club directors voted to have three programs and a business meeting each month.

### HEAT TOLL

training school in Winfield, Kan. Some Mongolian-type patients are super-sensitive to the heat because of deficiency in a gland that acts as a sort of thermostat in the body. They had to be packed in ice or otherwise externally cooled. Eleven patients have died in Kansas mental institutions this week. Even tropical plants at the Missouri Botanical Garden in St. Louis withered. An automatic sprinkler system went into action in a suburban St. Louis car factory when the temperature reached 165 degrees in the firm's attic. Workers were drenched and the office was flooded.

These all-time high temperatures were recorded: St. Louis, 112; Springfield, Ill., 114; Columbia, Mo., 113; Springfield, Mo., 113; and Tulsa, Okla., 112. Other high readings included Philadelphia, 101; Washington, D.C., 100; Huntington, W.Va., 105; Richmond, Va., 103; Baltimore, 104; Newark, N.J., 101; Terre Haute, Ind., 107; Columbus, Ohio, 104; Arkansas City, Kan., 118; Mexico, Mo., 116; and Kansas City, 110. Upstate areas of New York suffered severe storm damage. At Pen Yan, in the Finger Lakes region, the mayor declared a state of emergency and estimated damage at two million dollars. The heat also touched off severe storms in the South and West. A heavy rainstorm with winds up to 62 miles an hour hit Denver. One of the worst electrical storms in years caused thousands of dollars of damage in Atlanta. Half the city was without power service at one time. Cool Canadian air spread across most of the Northern Plains and Midwest, ending the heat wave in those sections.

## Third Producing Zone Added To Sara-Mag With Barr Completion

Russell Maguire has completed day of 6,871 feet in lime. Magnolia No. 1 J. H. Foster, C NW NW, 23-36-4n, T&P survey, has depth of 11,533 feet. Operator is preparing to drill stem test from potential test.

Production in the Sara-Mag area now comes from the Canyon reef, the Wolfcamp, and the Palo-Pinto. It was also reported today that Pan-American No. 1 Iden in the Oceanic area flowed nine barrels of oil per hour through a 14-64th inch choke. Bay Petroleum Company spotted its No. 2-A W. L. Foster in the Parochial Bads field of Sterling County.

**Borden** Pan American No. 1-B Good, C SE SE, 2-33-3n, T&P survey, reached 8,235 feet in lime. Kimbell No. 1 Beal, C SE NE, 8-30-3n, T&P survey, is bottomed at 7,980 feet. A drillstem test was taken from 7,630 to 7,680 feet with the tool open an unreported length of time. Recovery was 5,950 feet of salt water and no shows. There were no pressures.

**Howard** Russell Maguire No. 1 Barr has been completed as a discovery well in the Palo-Pinto formation of the Pennsylvania. This well is located on the southwest side of the Sara-Mag field near Vincent. The 24-hour flowing potential was 319 barrels of 39.6 gravity oil, and recovery was four per cent water. Flow was through a 16-64th inch choke. Completion was natural and the gas-oil ratio measured 1,354-1.

**Philips To Attend Convention Of TPA** Shine Phillips of Big Spring will attend the diamond jubilee convention and fall and holiday gift show of the Texas Pharmaceutical Association in San Antonio. The four-day convention and show begins July 25. More than 1,200 persons are expected to attend. Phillips, vice president of the State Board of Pharmacy, will remain after the convention for a board meeting. The convention business program features five panel discussions concerning subjects and problems of the Texas retail drug industry. The druggists will also preview new lines of fall and holiday merchandise and discuss merchandising problems. During the convention, Texas pharmacists will vote on a code of ethics to prevail for all pharmacist members of the association, prescribing the obligations of the practicing pharmacist to the general public, to other health professions and to his competitors.

**Dawson** Vega No. 1 Pool, C SW SE, 123-M-EL&RR survey, had depth to

**Four Teen-Agers In Alabama Charged In Airman Incident** MONTGOMERY, Ala. (AP)—Police and Air Force authorities investigating a series of attacks here on "Yankee" military personnel charged four teen-agers yesterday with burning an airman with lighted cigarettes.

The arrests followed a series of eight reported incidents since July 23 in which Northern airman stationed at nearby Maxwell and Tuskegee Air Force bases have clashed with teen-agers. Glenn E. Hunter of Harbor Beach, Mich., an airman from Gunter, said he was held and burned with cigarettes Saturday after a group of teen-agers called him a Yankee during an argument over racial segregation. The four youths arrested yesterday admitted thrusting burning cigarettes against Hunter's arm but said he urged them to do it as a "test of guts." Scars from cigarette burns were also found on the arms of two of the young civilians, police said.

### Four Minor Auto Accidents Listed

Four automobile accidents were reported in Big Spring yesterday, but officers said all were minor and that there apparently were no injuries. Ruby Baton Smith, 909 Runnels, was operator of a vehicle which collided with a parked car in the 500 block of Runnels about 5:15 p.m. Shortly after 7 p.m. cars driven by Floyd Mount, Douglass Hotel, and Horace Greely Russell, 1101 West 3rd, were in an accident in the 500 block of West 3rd.

### PAL-Continental Merger Favored

Word was received here today that a favorable report has been made by the Civil Aeronautics Board examiner concerning the merger of Pioneer and Continental Air Lines. Congressman George Mahon wired J. H. Greene, local Chamber of Commerce manager, the news today. "Tom Wren of CAB advises that he is releasing to the press his findings on the Pioneer-Continental merger, which are favorable," Mahon's telegram read. Greene said this morning that Wren is an examiner for CAB and that his report was made to the board. The board must make the final decision on the merger, he pointed out.

### Webb Authorization Sent To Eisenhower

WASHINGTON (AP)—Thirty-four Texas projects are included in the \$57 million dollar military construction authorization bill approved by Congress today. The House by voice vote sent the measure to President Eisenhower. The bill was a compromise of measures passed previously by the House and the Senate. An actual appropriation to pay for the work is subject to later action by Congress. Prospects re-authorized included \$150,000 for Webb Air Force Base.

Elevation is 2,421 feet, total depth is 8,033, the 5 1/2-inch casing is bottomed at 8,511, and the pay top is 7,961 feet. Production is from perforations between 7,961 and 7,966 feet. Drillrate for the well was C NE SE, 14-25-H&TC survey, some three miles west of Vincent. The field also produces from the Wolfcamp and the Canyon reef. Wolfcamp discovery was Van Grisso No. 1 Carpenter, and the Canyon discovery was Maguire No. 1 Chandler.

**\$50 Fine Levied In Theft Case** A man who police caught in the act of stealing a fender skirt last night was this morning fined \$50 in City Court on charges of theft under \$5. He pleaded guilty. It is expected, that he will be transferred to county authorities on another charge of stealing two hub caps. The man was arrested in the Douglass Hotel parking lot about 12:30 a.m. He was accompanied by another man, who pleaded not guilty in City Court this morning to the same charge. Acting Judge Carroll Smith postponed the second man's trial until this afternoon because the arresting officer, a witness, was sleeping this morning after working all night. The fender skirt was taken from a 1954 Chrysler. The two hub caps found in the men's car came from a 1954 Chevrolet, officers said.

**COURT** (Continued From Page 1) fended the Eisenhower administration and, in effect, came to Shivers' aid in the latter's campaign for the Democratic nomination. Porter said Yarborough was guilty of "gross distortion of the truth" about Texas tidelands. Yarborough has said Shivers was duped by the GOP. He said Shivers was assured Texas would get its full 10.3 miles of tidelands to learn later that the administration plans to limit Texas to three miles of tidelands. "Texas would have irretrievably lost her tidelands," Porter said, if Democratic nominee Adlai Stevenson had been elected president. He called Stevenson "Yarborough's candidate." Porter added that Yarborough, as an attorney, knew that the tidelands act specifies Texas is to get 10.3 miles of tidelands. Atty. Gen. John Ben Shepperd said recently Texas may have to fight for the full 10.3 miles.

**FHA PROBE** (Continued From Page 1) Beth-Page Realty Co. was set up to build 4,028 of the project's 18,000 individual homes. Government-insured mortgages totalled nearly 30 million dollars and actual costs of construction were \$24,160,000, he told the committee, headed by Sen. Capehart (R-Ind). The difference was treated as a capital gain after the stock in Beth-Page was sold to the Junto, Inc., of Philadelphia in December of 1948. Junto was described as a charitable organization. Levitt said each of the Beth-Page homes got FHA-insured mortgages of \$7,500 or thereabouts. They were built only for rental, under an expired postwar program. The homes now are valued by the FHA, Levitt said, at \$7,700 and actually are worth a good deal more. He said a third owner, unidentified, bought the stock in the project from Junto and is now selling the homes, with purchasers eligible for FHA mortgage insurance.

**STERLING** Bay Petroleum Corporation No. 2-A W. L. Foster is a new location in the Parochial Bads (Clear Fork) field. It will be drilled to 2,400 feet by cable tools. Estimated elevation is 2,525 feet. Location is 10 miles west of Sterling City, drillsite being 330 from north and 1,704 from east, 28-22-H&TC survey. Panuco No. 1 J. E. Chappell et al, 330 from south and west lines, 69-18-SPRR survey, bored to 7,467 feet in sand and shale with traces of lime.

### HOSPITAL NOTES

**BIG SPRING HOSPITAL** Admissions—Mrs. Mae Jaynes, 1103 Pickens; Rhana Carol Latson, 1108 E. 13th; Tommy Wallace, Seminole; E. Fuente, Pecos; J. N. Ortega, Pecos; Thad Hale, Coahoma; Eddie Anderson, Coahoma; Henry Covert, 1701 Donley; Richard Laswell, 111 E. 10th; Carrol Choate, Rt. 2. Dismissals—Leslie Lanhlan, 1606 State; Beatrice Molina, 307 NW 10th; Ruby Biggs, 1011 NW 4th; B. R. Mize Jr., City; James Doren, Westbrook; John Moss, Fort Worth.

### Man To Be Returned Here On Charges Of Taking \$180

A man who aroused the suspicions of Sheriff Jess Slaughter Wednesday was arrested in Mineral Wells last night on theft charges. He was being returned to Big Spring today by Deputy Sheriff Miller Harris.

Charges of felony theft were filed in Justice Court against Sidney Jones after Slaughter became suspicious of his actions and learned that \$180 had been stolen from a truck driver Wednesday afternoon. The sheriff was talking with Gilbert Gibbs in the Hemphill-Wells store Wednesday afternoon when the two noticed a man who was carrying a paper sack make a purchase which seemed out of character.

Thinking that he probably was preparing to give a check, Slaughter and Gibbs watched and noticed that he offered a \$100 bill. The sheriff said he thought this was "big money" for a man dressed in work clothing and when he returned to the office he received a report that a person fitting the description of the man had disappeared with \$180. Slaughter checked the bus stations and found that the man apparently boarded a bus for Mineral Wells. Palo Pinto County authorities were notified and Jones was arrested at the bus station in Mineral Wells. Sheriff's officers said Jones carried a paper sack when he was taken into custody. The sack contained a pistol, they said. Complainant against Jones alleges he took the money from L. H. Walker. The Sheriff's Department said Walker is a trucker with whom Jones had been riding. The two

### Man To Be Returned Here On Charges Of Taking \$180

stopped at the Phillips 66 Truck Stop Wednesday and while Walker was asleep Jones disappeared.

### Floyce Brown Ends Work For YMCA

Floyce Brown will lay aside her duties as physical director of the YMCA today. Friday she leaves for a three week trip to New York City, via Washington.

Her summer duties will be taken over by Bobby Jack Gross and B. B. Lees, who will serve on alternate days. Gross, who is director of the Northside playground, will work on Tuesdays, Thursdays and Saturdays. Lees, who is summer program director, will assume the duties on Mondays, Wednesdays and Fridays. The summer program will end July 31.

### Compensation Asked In Suit Filed Here

Jess W. Frazier asks compensation at the rate of \$25 per week for 401 weeks in a suit filed in 118th District Court against the Trinity Universal Insurance Company. Frazier alleges he is due the compensation for back leg and facial injuries suffered April 27 in a fall from the top of a tank truck. His petition says he was employee of H. W. Smith, trucking contractor at the time. The fall occurred during a rain.

From where I sit... by Joe Marsh

### What's New with Cows?

Catching up on my reading, I noticed three news items you might like to know about. First, a farmer whose milk had a trace of garlic flavor is feeding his cows chlorophyll to sweeten their breaths.

Next, a college agricultural station has trained a herd to get milked when they are called by number. Seems 75 out of 80 cows learned their numbers in a few days. Guess the "dummy" five couldn't count that high. Final item—cows are getting "nose-printed" for identification.

From where I sit, I hope there is as much progress being made with humans... especially in regard to tolerance. Whether it's a choice of a political party, a basketball team, or a favorite beverage, let's learn to live and let live more. You may ask for a soft drink after a hard day's work—I'll choose a refreshing glass of beer. But let's not try to "cow" the other fellow into our way of thinking!

### To Give Statement

Susan Hayes, 24, (above), a medical technician, appears at the district attorney's office in Los Angeles, Calif., to give a statement about her relationship with Dr. Samuel M. Sheppard, osteopath whose wife was hacked to death near Cleveland, O., last July 4. She also was scheduled to tell circumstances of the gift of a wrist watch to her by Dr. Sheppard during a medical convention at Los Angeles last March. (AP Wirephoto).

### Survey On Dirt Moving Near End

Engineering survey work will be completed this week for the lowering of grades on the courthouse square, officials reported. The commissioners court this morning authorized the advertising for bids on the excavation work which will be required. Bids for removing the excess dirt will be accepted until Monday, Aug. 2, said County Judge R. H. Weaver. The excavation is a part of the over-all project for beautifying the square and widening streets on three sides of the block. Plans for landscaping already have been prepared.

### 4-H Girls' Dress Revue Is Tonight

Twelve County 4-H Club girls will participate in tonight's dress revue at Howard County Junior College Auditorium. Program is scheduled for 8 o'clock. Admission is free. The dress revue climaxes the Home Demonstration sponsored sewing workshops which were held the past month. Four divisions are in the event. The girl who places highest will attend Lubbock's district dress revue in September. Margaret Doris Box will narrate the program. Music will be provided by Carol Robinson.

### OIL, GAS TRANSACTIONS
