## OUR BOND QUOTA OVER THE TOP AGAIN

### NEWS OF OUR MEN AND WOMEN IN UNIFORM

Charles H. Dimbleby, M.M.3-c, arrived home Nov. 30 with his discharge. He was with the Navy for 22 months and 14 months of that time was spent at sea. He served aboard the USS Guam and for 10 months worked with the 3rd, 5th, and 7th fleets in the Pacific. The Guam, as flagship of the Northern unit of 7th fleet with Admiral Lowe in command, accepted the formal surrender of Korea Sept. 9, 1945. Claude wears the American Theater, Asiatic-Pacific with 3 stars and Philippine Liberation ribbons, and the 5th and 7th Fleet award and Victory Bar. He is living at Barton Ranch with his wife and two daughters.

Garland Close returned to his home here a short time ago after receiving his discharge from the U S Army at Camp Fannin. He served in the ETO for 27 months, all the time being spent in Italy. He arrived at Newport News, Va. Nov. 22 and was sent from there to Camp Patrick Henry for processing and then to Camp Fannin for his discharge. He was a radio operator in the Field Artillery and had four battle stars on the ETO ribbon.

Mrs. Otis Smith received a wire from her brother, Major Ben Peyton, that he had landed at San Francisco and as soon as transportation was available he would be home. After spending two years in the CBI attached to the Headquarters Combat Command, he got to fly home from Shanghai, China.

Lt. Paul James, son-in-law of Rex Golston, is here visiting in the Golston home. Lt. James was in the ETO 18 months in North Italy with the 34th Division. He is one among several who won a commission in the field. He also wears the Bronze Star. At the present time he is on inactive status but expects his discharge some time this week.

Cpl. Howard Taylor of Tarrant Field in Fort Worth visited in the Earl Hardy home over the weekend.

I. C. Collins recently received his discharge from the U. S. Navy. Collins served aboard the USS Donald L. Griffin for 15 months in North Atlantic and served in the Armed Guard in the Pacific for 4 months.

### Tom Cooper Rites Held At Rockwood

COLEMAN, Dec. 9 (SC)—Last rites were held at Rockwood Saturday at 3 p. m. for Tom T. Cooper, 66, of Glen Cove Route, Coleman, who died Friday in Brownwood at 12:30 p. m.

Services were held at the graveside with Rev. Truman Felkner officiating. Cooper had lived in Coleman since 1901.

Survivors are: the widow; four sons, Pete Cooper of Coleman, Alfred and Alec Cooper of Bangs and Jack Cooper of Rockwood; three daughters, Mrs. Loma Kinnaman of Borger, Mrs. Louise Davis of Baird and Mrs. Veva Bolton of Coleman; a sister, Mrs. George Rutherford of Rockwood, also nine grandchildren.

Wright Funeral Home was in charge of funeral arrangements.

Mr. and Mrs. I. O. Shield of Sunset, Texas were here a short time Wednesday morning.

### Lions Club To Sponsor Stock and Turkey Show

At the suggestion of Lion A. D. Pettit, vocational ag. teacher in the Santa Anna High School, the Club voted Tuesday to sponsor the stock show for the several club calves being fed by members of the clubs attending school. The show will be held the latter part of January, the dates to be set by the committee close to the dates of the County Show at Coleman and the district show at Brownwood, but not to conflict with either of the above mentioned shows.

**Turkey Show In Connection**  
Since Santa Anna has become one of the leading turkey centers of entire country, it was decided to hold a turkey show in connection with the stock show, which should make this one of the most interesting events of the year.

The turkey industry has become the leading industry from a standpoint of quantity, quality and returns, of any phase of agriculture in this section.

The kind of turkeys produced here are tops and the demand is growing from season to season for the famous Santa Anna birds.

The committee to look after the stock is headed by A. D. Pettit and further composed of Pettijohn, Emzy Brown, W. F. Barnes, C. E. Kingsbery and J. L. Boggus. W. B. Griffin is chairman of the committee to arrange for the turkey show.

The show is for the several club boys and the premium awards will be restricted to the Club members. The show will be open for all breeders and feeders who wish to take advantage of the opportunity to show, but their awards will be restricted to ribbons only. Prize awards in the turkey show is to be worked out by the committee.

The show will likely be held about Monday, January 21st, but could be some other date. Further announcements will be made.

### One Christmas Day To Be Observed

A move was started here first of the week to close shop in Santa Anna from Saturday, December 22 until Wednesday the 26th. The subject was brought before the Lions Club Tuesday, and the general consensus of the Club was not to close but the one day, Tuesday, Christmas Day, for the Christmas week but to close Tuesday, January 1st, as an additional holiday.

Inquiries from other towns in the district indicate they will also close only the one day for Christmas.

### SANTA ANNA BAND TO GIVE CONCERT

Saturday evening, December 22 at 6:00 p. m. the Santa Anna Band will present a concert on the main street in Santa Anna. The Band is under the direction of Mr. Kent Martin.

Mr. Martin has worked faithfully with the band this year and they are doing mighty well. He spends one evening a week with the juniors and one evening with the high school band. We would like to see a large crowd out for this concert.

Mr. and Mrs. James B. Hansen of Pomona, Calif. are visiting in the Mr. and Mrs. Jack Woodard and Mr. and Mrs. W. B. Woodard homes.

### Steaks Are Back Again!!

Having sacrificed precious red points to get steaks and other meats or nearly four years, women all over the country enthusiastically hailed the recent OPA liberalization of meat rationing. Above, Doris deWhirt, CBS actress, deliberates before buying a big, juicy steak as her butcher cheerfully exhibits choice cuts. Although steaks are more plentiful, Mr. Butcher handles meat with care, packing it on waxed paper to assure sanitation, wrapping it as though his fair customer still paid precious points.

### George V. Wallace Awarded Silver Star Medal

Private First Class George V. Wallace, 505th Parachute Infantry, has been awarded the Silver Star Medal.

George V. Wallace, 38134034, Private First Class, 505th Parachute Infantry. For gallantry in action on 6 June 1944 near La Fiere (Normandy) France. Private First Class Wallace, assistant machine gunner, was in position at the east end of the Merderet River Bridge when the enemy launched an assault supported by intense artillery and mortar fire which caused heavy casualties. He and one other man remained with their guns and fired on the three German tanks leading the attack, killing the tank commander. The accuracy of his fire forced the tank to "button up" and run blindly into bazooka fire which destroyed it. The remaining tanks fired their machine guns and cannon directly at Private First Class Wallace's position, but he stuck to his gun and helped force them to the same fate. Eight attempts in all were made by the enemy to cross the river but Private First Class Wallace and his comrade stood by their guns all night and broke up every assault, killing an estimated 150 Germans. The gallant determination and high courage of Private First Class Wallace in a critical moment of the airborne assault in Normandy reflects credit on the man and his organization. Entered military service from Santa Anna, Texas. James M. Gavin, Major General, U. S. Army, Commanding.

### Santa Claus Letters

Remember children, if you wish to get your letters to Santa Claus in the paper get them to us as soon as you can. Several have been brought in and we will start preparing them for the paper immediately following the printing of this paper.

Please observe the rules and get your letters in as soon as you can. The editor.

Mrs. Jeannette Hensley left Saturday for New York where she will join her husband, Major Gene Hensley, who has just arrived from the ETO.

### Griffin Family Attends Texas Baby Chick Association

Mr. and Mrs. W. B. Griffin and daughter, Coyita and Mr. and Mrs. Ted Walker went to Dallas last Wednesday where they attended the annual three day session of the Texas Baby Chick Association, held at the Baker Hotel, Thursday, Friday and Saturday. Mr. Griffin was the president of the Association having been elected to the place in San Antonio at the 1944 session of the association.

Mr. Griffin reports a very interesting session, with interest growing to proportions beyond expectations.

The association of hatcheries, breeders, doctors, and educators attracted national wide attention, as many interesting visitors from other states were present and added zeth to the interest of the session. The association has the approval and encouragement of the Extension Service of A. & M. College and the leading poultrymen of the college were present at the meeting.

The poultry industry has expanded from that of a small farm flock or barnyard flock to proportions almost unbelievable and is still just in its infancy. Many of the smaller towns in Texas depend largely upon the poultry industry for their livelihood and income in business, and a number of the larger places feel the weight of income from the poultry and its allied industries.

### SCROOGE'S CHRISTMAS TO BE PRESENTED

The play, Scrooge's Christmas will be presented by the intermediate grades of the Ward School Thursday evening, December 20, in the High School auditorium at 7:30.

There will be a charge of 15c and 25c for this play. The money will be used for the benefit of the Elementary School.

This is the first attempt by the intermediate grades to present a play and we are expecting a good attendance.

### THE WARD SCHOOL P. T. A.

The Ward School P. T. A. will meet Tuesday afternoon, December 18th at 3:00 o'clock. Mrs. Virgil Priddy will have charge of the program.

### Santa Anna People Should Be Proud Of Themselves

#### Greeting Edition Next Week

Our next week's edition will be the last paper published before the Christmas holidays, and we purpose to feature most of the advertising with greetings.

We will appreciate getting all the copy in as early as possible, so we can get the paper printed and in the mails early. Christmas Eve will be on Monday, which will be one of the best days of the season, provided it is a suitable day for people to come to town. May we urge that you do not wait until the last day to do your Christmas shopping, and for our sake, please don't wait until the last moment to prepare your Special Greeting ads. Anyone not having a sentiment to your liking, if you will call at the office or call for some one to come see you, we will be glad to serve you with such as we have. But remember, time is a factor with us at the printing office, and promptness will be appreciated. We would like to feature several New Years Greeting ads in our last issue to be printed Christmas week.

Starting in January we purpose to give our readers some turkey talk.

#### Gen. Patton In German Hospital

Gen. George S. Patton, Jr., one of the most colorful Generals in the ETO, who saw service probably in more combat sections of any of the American Generals and came through the war without a scratch, is in a hospital in Heideberg, Germany, suffering with a broken neck with a slight chance to recover, the tragedy occurred last Sunday when the automobile in which he was riding, collided with an Army truck. The third vertebrae and the seventh vertebrae from the top of the spine were broken and his body was paralyzed from the shoulders down for two or three days. Wednesday he was reported improved.

The dashing silver haired warrior received his injuries Sunday about noon when a 2 1/2 ton Army truck smashed into the side of his Cadillac sedan outside Mannheim. Mrs. Patton reached his bedside Tuesday, leaving by plane from New York Monday.

Mrs. Rex Golston, Jr. has moved back here from Lubbock to make her home. For the present she is making her home with her father, Mr. D. W. Nickens.

#### Star-Telegram Rates Are Announced

Bargain day rates on the Star-Telegram were announced this week and we are now ready to take the renewals of old subscribers. No new ones will be taken for the present.

The rate this year is the same as last year—\$3.95 for daily and Sunday and \$7.75 for daily only. You can save by clubbing your Star-Telegram with The News. Bring the mailing label on the front page of your paper in placing your renewal.

Santa Anna is among the first of the major communities to go over the top and then keep going on the Victory Loan Drive. We could have announced last week that Santa Anna was assured of her quota, and felt safe, but at the time we prepared our publicity for the week we admit we were a bit downhearted. We never should feel that way about the good people of Santa Anna and community, but the sale of Victory Bonds over the country was dragging, so we could not help but wonder! But its in the bag now, and no one is hurt.

After W. Ford Barnes was appointed temporary chairman and assumed the work, we felt most assured that Santa Anna would be reported among those who made the grade with a good margin to spare. By noon Saturday, Coleman county had raised \$372,000 to care for a quota of \$605,000. More than forty per cent above the quota allotted to us, and Santa Anna was tops.

B. A. Parker, the County Chairman for the Victory Loan Drive, can go on back to his Auto Supply Store now with a great sigh of relief. Aubrey worked hard at the job, sacrificed his own business to do the job, and now feels greatly relieved. It was a big job and Aubrey felt like he was unequal to cope with such an ordeal, but taking the old adage, "A winner never quits and a quitter never wins" for his motto, he went out and fought the game with a determination to not fail if he could help it. Victory at last crowned his efforts, and he was made to rejoice over the results. He needs the commendation of every citizen in Santa Anna for his services.

In so far as the Victory Drive is concerned, it's over in Santa Anna, but we are advised by the U. S. Treasurer that each county will be expected to subscribe for a quota of bonds each month for the further duration of the war, and we are urged to continue our sponsored War Bond advertising campaign until the last one is returned and the war is finally over and the incident declared closed.

In this connection we wish to try to express our thanks to the merchants and other businessmen of Santa Anna who so faithfully stayed with us and made it possible for us to keep the agitation of buying bonds and the dire need of the public cooperation before the reading public during the war so far, and we plead for your further cooperation so long as the U. S. government insist upon us to keep the people advised as to the needs of our Government to raise money to finance the war. Remember, less than one half of our soldier boys have returned home, and we don't know what per cent of them are in hospitals or under medical care, but its most unbelievable. With your approval we will continue to carry the Treasury page about twice a month, and believe the information distributed by this means will be more than worth the small cost to any one who continues their cooperation with us. It sure would be hard for us to carry on the campaign outlined and requested by the Secretary of the Treasurer without your help. May we continue to have your much appreciated cooperation?

**Texas Topics  
100 Years Ago**

The fact that Texas was a sovereign power before becoming a state is realized when the history of Texas' public lands is cited. Texas retained the title to all its public lands, and in 1850 sold to the United States part of what is now included in the states of New Mexico, Colorado, Oklahoma, Kansas and Wyoming. Twelve million seven hundred fifty thousand dollars was the price paid.

A century ago the Texas Republic found it impossible to raise adequate funds for the maintenance of the young and struggling nation. So in addition to applying for a loan in the United States, it was necessary to sell about 700,000 acres for which script was issued to be sold at not less than 50 cents per acre. To secure free public schools, President M. B. Lamar and his Congress passed acts granting to each county four leagues of land. The money derived from the sale of these lands was placed in a permanent school fund of the county. Additional grants were made to found the University of Texas, and also to support elementary institutions. A large amount of land script was sold by the state and this money was placed in the state school fund. (The granting of 3,100,000 acres of land in the Panhandle for the present capitol in Austin is frequently recalled.)

Lands were granted to colonists, and for services rendered during the revolution each head of a family who had settled in Texas prior to January 1, 1837, received a certificate for 4,605 acres. This grant also applied to widows who were heads of families. Each single man was given 1476 acres. Later this was changed as to grant the latter

a maximum of 3,129 acres, provided they married before December 14, 1838. Before securing its independence, Texas was a state of the republic of Mexico, and prior to that a Spanish province. Hence a number of laws and customs in Texas were inherited. These included the system of land measurements, the vara being the unit. The word "vara" in Spanish means "yard". The United States Supreme Court decided in 1879 that 33 1/3 inches be recognized as the vara in Texas.

**UNBOUNDED WEALTH**

Rich beyond the measure of gold and silver to evaluate is a country that has a glorious past and a future radiant with bright prospects for its proud sons and daughters. Texas, the 28th state in the great sisterhood, is just that kind of a country. Its rare and romantic past is only excelled by its promises for a thrilling tomorrow, unprecedented, unequalled and unparalleled.

Revering in the unique history of days gone but not forgotten, the Texas Centennial of Statehood Commission is not unmindful of the heavy responsibilities that lie ahead as the Lone Star State approaches its second century of statehood. The program embraces history and the revitalization of agriculture.

Texas is an area of one hundred and seventy two million acres of land, the imperial native home of the world's greatest commodities. With only about one-sixth of her land in cultivation, Texas leads all of the other forty-seven states in agriculture. Wise planning and intelligent execution that calls for universal cooperation on the part of all the people over an extended period will enable Texas' tillable soil to give up its sleeping wealth for the feeding and clothing of a hungry and ragged world.

**Vestel Askew  
Is Re-elected**

By AL SLEDGE  
SAN ANTONIO, Dec. 12—Directors of the Texas Sheep and Goat Raisers Association named Vestel Askew secretary of the organization for the sixth time here today.

A graduate of Texas Tech in 1939, Askew is a native of Del Rio, but is now making his home with his wife at 1619 W. Beauregard Ave. in San Angelo.

In 1940, the TS&GRA secretary took his Masters Degree at Texas A & M at College Station, majoring in wool. Shortly after this, he worked for Lake Charles Junior College at Lake Charles, La., working there in 1940 and 1941.

Askew's next stop was at Colorado A & M at Fort Collins, Colo.

**TRUMAN NAMES BOARD**

DETROIT, Dec. 12 (AP)—President Truman named a fact finding board to look into the General Motors strike today and the CIO United Auto Workers promised to co-operate with the group.

When Mr. Truman announced his plan Dec. 3 there was criticism from union circles on grounds that for a board to start inquiries with negotiations in progress might impede or delay a settlement.

Shortly after the President named the members of the board today, however, the UAW-CIO announced its intention to co-operate.

Mr. M. D. Eubank received word Thursday morning that his brother, R. A. Eubank of Minor Hill, Tenn had died and would be buried Friday in Tennessee. Mr. Eubank was a rancher and nurseryman. He had visited with his brother here several times.

Mr. and Mrs. Fred Jewell, Miss Devera Ann Garrett and Mrs. S. P. Jones of Dallas spent the weekend with relatives here.

Because the word "honorable" is not included in the Certificate of Service of discharged officers of the U. S. Army, some prospective employers and draft

boards are under the impression that the certificate is the equivalent of a discharge without honor. Top ranking generals are concerned over the resulting confusion.

Col. Dixon H. Allison, commander Abilene Army Air Field, states that the Officer's Certificate of Service is the equivalent of the enlisted Man's Honorable

Discharge Certificate. Army orders also bring out that a separated officer does not lose all connection with the Army, but remains in a reserve status, holding his AUS (Army United States) commission for the duration of the emergency plus six months, and is legally liable to be called back into service at any time.

servant situation?**

**Why, I haven't any servants! I do all my own housework.**

Not quite all, Mrs. Smith. You have some household appliances, haven't you?

**Of course, but—**

**OF COURSE**—that's the answer, Mrs. Smith. You DO have a servant, but you take that servant for granted. You've got a combination laundress, cook, cleaning woman, lamplighter, seamstress and entertainer—one who doesn't mind a few odd jobs like heating the bath water, guarding your food, fanning your fevered brow—

**Oh, you mean ELECTRICITY—**

Yes, Mrs. Smith, *electricity*—the universal servant who works 24 hours a day at low pre-war wages—and never asks for time off. Why, Mrs. Smith, your "servant situation" here in America is better than anywhere else in the world.

Mrs. Tom Rutherford

Old man winter has been in the air the past few days. Seems as though every one is killing hogs.

Cpl. and Mrs. Willie Lee Rutherford arrived home from California Tuesday to spend Christmas with their parents, Mr. and Mrs. George Rutherford, and other relatives here.

Mr. and Mrs. Edgar (Jack) Shields and daughters, Sandra and Lois Faye, are here from California visiting Edgar's sister, Mr. and Mrs. Bert Turney. Their daughters started to school here Monday morning. Mr. and Mrs. Shields plan to make their future home in Texas.

Mr. and Mrs. Charles Benge and Charles Edwin spent last Wednesday in Millersview with Dr. and Mrs. Cheatham.

Several from our community attended the funeral of Mr. Tom Cooper, held at the graveside in the Rockwood cemetery Saturday afternoon. Our sympathy is extended to all the bereaved.

Mr. Earl Cozart, who has been in Mississippi with show calves for Jimmy Gill, returned home Monday.

Mr. and Mrs. Oscar Lovelady are expecting a good Christmas this year. We are all in hopes they won't be disappointed since they are expecting their son, Darwin Lovelady, home for Christmas from the South Pacific.

Visitors in the home of Mr. and Mrs. Homer Schulze and son Sunday were Mr. and Mrs. Alfred Cooper and children from Bangs, Mr. and Mrs. Frank Schulze of Silver Valley, Mr. Dixon from Santa Anna and Mr. and Mrs. Morgan Black.

There is still quite a bit of flu in our community. We feel lucky our school is still going with not very many school children absent.

Lt. and Mrs. Charles Armbrust spent Thursday night with Mrs. Armbrust's parents, Mr. and Mrs. Bert Turney. They returned to San Antonio Friday. We all remember Mrs. Armbrust as Neewah Turney. Both she and her husband have spent 3 or more years overseas.

Mrs. Walter Branstutter of Buffalo spent Sunday with her sister, Mrs. Alma Forehand.

Mr. Zack Bible went on a deer hunt last week—haven't heard if he had deer luck.

Mr. and Mrs. Jack Black of Brownwood spent Saturday night with Mr. and Mrs. Jim Carter.

**Rockwood News**

(Mrs. Ray Caldwell)

New cases of flu are reported every day and this cold cloudy weather won't help much I'm afraid.

Day by day our boys are returning home. Paul Rains, son of Mr. and Mrs. W. E. Rains and Sanford (Doc) Ellis, son of Mr. and Mrs. Dave Ellis, have returned home this past week.

Mr. and Mrs. Jack Bostick spent Saturday and Sunday in Lampasas with relatives.

Mr. and Mrs. Robert Russ and children of Coleman spent Sunday with their grandmother, Mrs. Velma Box.

Mr. and Mrs. Claud Lomax and family of Big Spring, Mrs. Alma Duncan of Houston visited

with Mr. and Mrs. A. N. McSwain this past week.

Miss Kate Marie Porter of Brady is visiting in the Carl Buttry home and with Miss Mavice Box.

Punkie Underwood of Brady is spending the week here with his grandparents. The Brady schools are closed on account of the influenza epidemic.

John Straughan is visiting in Houston with his sister, Mrs. Chester Iden.

Mr. and Mrs. Herman Estes and children and Mrs. E. N. Woods attended the wedding of Miss Sammie Melvain and Jake McCreary at Frances Couch and Bill Shamblin at Ft. Worth Sunday.

We extend our sympathy to Mrs. Tom Cooper and the entire family at the death of her husband, who was laid to rest here Saturday afternoon.

Sammie Bryan has returned home from Odessa where he has been employed as a mechanic.

Mrs. Ray Caldwell, Denny and Talmadge were luncheon guests of Mr. and Mrs. R. L. Steward Sunday.

Mrs. Jack Bostick and Mrs. Howard Lovelady honored the football boys and pep squad girls with a banquet at the lunch room Friday evening.

Pfc. William A. Sharp is welcomed home with a discharge from the U. S. Army. He spent 12 months in the South Pacific. He was in combat on Luzon in the Philippines and other Islands. He is the husband of Mrs. Frances Sharp, daughter of Mrs. Sam Story.

Mr. and Mrs. Claud Box have received word that their son, Cpl. John E. Box has sailed for home. He has been in Korea for several months now. They are expecting their other son A. W. of the U. S. Navy about the first of January.

Mr. and Mrs. Bob Miller and Dale Shamblin of Ft. Worth are here visiting with Mr. and Mrs. Herman Estes.

We wish to congratulate the newly weds of this community, Miss Sammie Melvain, daughter of Mr. and Mrs. S. T. Melvain and Jake McCreary, son of Mr. and Mrs. D. W. Wise and Frances Couch, daughter of Mr. and Mrs. W. L. Stafford and Bill Shamblin, son of Mrs. Lucy Shamblin of Ft. Worth. The wedding vows were exchanged in Ft. Worth Sunday. Sammie, Frances and Jake were reared here and Bill lived in the Shields community until moving to Santa Anna. Both of the boys have just recently been discharged from the Army. The girls have

been doing defense work in Fort Worth and San Antonio. I have not had time to get any further data on the wedding. Bill is a brother of Mrs. Herman Estes.

Mrs. A. W. Crye

Rev. Hall of Valera filled his regular appointment at the Methodist Church Sunday.

Friends of Mr. Roy Thweat are sorry to hear of his serious illness in the Coleman hospital and hope for him a speedy recovery.

Mr. and Mrs. J. C. Underwood of Orland, Calif., and Seaman I-c Bailey Crye left Monday for Del Rio, Texas to visit a brother.

Mr. and Mrs. T. E. Moore of Voss visited in the Crye home one evening last week.

Everyone rejoices with relatives of Dewitt Priddy who returned this week from overseas. His wife had gone to California to meet him both returning by train Monday night.

Sorry to report Mrs. Claud Stone on the sick list this week.

Friends of Mr. and Mrs. Allen Norris of the Voss community were sorry to hear of them having their ranch home burned Monday night.

It is nice to have Joe Bailey Spruill and family in town again. Joe also has been serving his country.

Mrs. Bob Harding is reported to be improving in the Coleman hospital.

**Trickham News**

By Mrs. Beula Kingdon

I am sorry I can't write up any news this week. But I have just returned home from the hospital, having had a tussle with the flu. The hospital was filled to capacity. From what I hear since coming home there is or has been, two or three cases of flu in most every home.

Someone has heard that Pfc. George Goodgion has arrived home from overseas. So has Lt. Bill Hiedbrier, husband of the former Tavy Marie Stacy.

Wish someone else felt like writing up the news when I am not well.

Mrs. Ola Niell took a short cut on her Christmas shopping by sending the Santa Anna News to her daughters away from home for the next year. Several others, including Mrs. G. W. Teagle, have also made gifts of the Santa Anna News to friends.

Herbert A. Bailey and wife of their parents, Mr. and Mrs. A. F. Monroe, Michigan are visiting Bailey and family.

SANTA ANNA HIGH SCHOOL'S STUDENT COUNCIL

Last week, here in Santa Anna High School, a committee met. The business before the house was the discussion of a Student Council and the appointment of the president and representatives. The young man who will head the organization this year is Willie Calcote and his chief aide is Vice President Maurice Kingsbery.

FRESHMAN NEWS

On Monday, December 10, the Freshman class president, Weldon Estes called the meeting to order. We elected the F. F. A. Sweetheart candidates who are Kathryn Stewardson and Kelly Wise.

Also we are planning a Christmas party before the holidays but the date has not been set. All the Freshman football boys reported a very nice time at the banquet at Rockwood.

SENIOR NEWS

Have you seen, Willie Calcote, president of the Senior Class, rushing around lately with a tape measure in his hand, putting it around the head of every Senior he sees? Don't get it wrong; he's not measuring to see if they have the big head about being seniors.

GOSSIP COLUMN

Star light, star bright we're shining again. This is none other than "Dipsy and Doodle" back on the beam again. You all know that old saying about "a stitch in time saves nine." Doretha is going in for domesticity. Hum, wonder why? Wanda Lee's heart throb is none other than the great Vance Cobb. She says he's perfectly swoony!

SPANISH CLUB NEWS

The Spanish Club met Wednesday, December 5. A new vice president was elected. The president has withdrawn and the vice president that was in office previous to the president's withdrawal will now be president. Ruby June Humphries was elected to fill the vacancy of vice president.

### Army Pay Higher Than Industry

WASHINGTON—The average GI will suffer a pay cut of more than 28 per cent in transferring from the Army to industry, Representative Frank E. Hook, (Dem.) of Michigan told the House Tuesday.

The average GI pictured by Hook is an enlisted man with a wife and two children who has been serving overseas. His earnings while in service, as computed by the Congressman, amounted to \$2,841 a year, or \$47.71 a week.

Hook said that in April, 1945, "the gross weekly pay of the average worker in manufacturing industries was \$47.12" or slightly less than that of the serviceman.

"With the return to the pre-war work week—with overtime and premium pay cut out—the average earnings in manufacture will drop to \$33.96," Hook said, adding this would represent a cut of more than 28 per cent of the wartime earnings of the veteran.

In figuring the income of the serviceman, Hook counted his family allotment and the food, clothing and medical supplies furnished him by the Army, in addition to his pay.

### Extend Infantile Paralysis Fund Campaign Dates

Austin, Texas (Spl.)—Campaign dates for the Sister Elizabeth Kenny Infantile Paralysis Foundation Fund have been extended until January 1, throughout the nation, according to announcement received at State Headquarters from Bing Crosby, National Chairman. Due to lateness in getting organized in Texas, the extension of time was welcomed, George C. Francisco, Jr., Texas Chairman, said.

The campaign was originally scheduled to end on Saturday, December 8, which date had been proclaimed Sister Kenny Day by Governor Coke R. Stevenson.

The Texas quota in the campaign is \$250,000. Chairman Francisco has notified all county committees, school committees, and special committees at work in Texas cities, to continue their solicitations until January 1, or until they are completed.

### USED FATS STILL NEEDED

Continuing importance of used household Fat Salvage for peacetime production is stressed by Secretary of Agriculture Clinton P. Anderson in a telegram yesterday to Donald M. Pfeiffer, President of the National Renderers Association.

Secretary Anderson's message read:

"We urge that you ask all your members to continue their splendid work on the salvage of used fats. Renderers and independent collectors have a key role in the Fat Salvage Program. It is essential that they continue to complete the collection system. The end of consumer rationing food fats and oils has in no way lessened the need for salvage fats for industrial use. Your continued cooperation is needed and will be appreciated."

Reports received by the American Fat Salvage Committee indicate that there has been only a slight decline in used kitchen fats turned in to meat dealers since the cessation of meat rationing. Shortages of soap and other essential household articles which depend upon industrial fats and oils seem to have convinced housewives that fat salvage is still a number one duty.

Efficient collection of used fats by meat dealers and pickup service by Renderers and Railway Express Agency are vital to the continuing success of the program. Fat Salvage Committee officials agree. Meat dealers are most active and cooperative and will continue to pay four cents a pound for salvaged household fats as long as the present industrial fats and oils shortages continue.

John William Burden, wife and two children and his mother all of Houston, are here visiting relatives.

### INFLUENZA APPROACHES EPIDEMIC STAGE

Austin, Texas, Dec. 1—Reports coming in from various sections of the State indicate that the number of influenza cases appears to be increasing with the advance of the fall season.

Commenting on this situation today, Dr. Geo. W. Cox, State Health Officer, said that most of these cases are mild and lend themselves to treatment readily. He pointed out that two cooperative factors are essential to victims of this disease: First, to call the family physician promptly when suspicious symptoms manifest themselves; and second, to take it easy for a reasonable length of time after the acute stage has subsided.

"It is essential to realize that influenza, no matter how mild the attack, calls for a period of convalescence," Dr. Cox said, "since serious complications can occur if this important fact is ignored. Influenza is not mass-controllable. However, those persons who maintain the highest possible health level at all times, increasing their resistance to communicable disease germs, will have a protective advantage over those more careless persons who abuse their health."

The State Health Officer declared that living by the laws of nature, securing plenty of sleep, daily exercise in the open, nourishing foods and good personal hygiene offers the best known bulwark against all respiratory diseases and added that avoiding habits of any and all kinds detrimental to maximum well being is a wise course to take in the pursuit of good health.

Dr. McChristy (taking up quiz paper): "Why the quotation marks on this paper?"

"Babe" Newton: "Courtesy of the girl on my left."

### LOCAL COLLEGE STUDENTS ELIGIBLE IN STATEWIDE TEXAS HISTORY CONTEST

Austin, Texas—The Texas State Historical Association has recently announced the Louis Wiltz Kemp Essay Contest in Texas History for 1946. The contest, now in its second year, was established by Hon. Harry Pennington of San Antonio. It is open to all undergraduate students beneath the age of twenty-five enrolled in Texas colleges. First prize award will be \$100. Awards totaling \$175 will be made.

Papers may be written about any phase of the historic past of Texas—political, economic, cultural, social, geographic, biographical or industrial. Original research and contributions to the fund of knowledge about Texas will be given consideration over re-statements of known facts.

The contest closes April 1, 1946. Full information regarding it may be secured by writing the Texas State Historical Association, University Station, Austin 12, Texas.

Dallas, Tex. Nov. 28—In line with the new streamlined recruiting program currently launched by the United States Marine Corps was the announcement today that prospective Leathernecks may now enlist for a period of two years.

The announcement, made by Colonel John R. Lanigan, Officer in Charge of the Southern Recruiting Division of the Marine Corps, also provided that discharge Marines can re-enlist for a period of two years.

Prior to the new provision, which becomes effective on Saturday, December 1 Marines were required to enlist or re-enlist for periods of three or four years.

A boost in enlistments was anticipated by Marine Corps recruiting officers as a result of the new plan.

"Veterans who have not finished high school should not give up the idea of securing a college education." This announcement was made recently by Dean E. J. Howell of John Tarleton College, Stephenville, which is a co-educational branch of Texas A. & M. College. Tarleton, he pointed out, is the only state college where high school work is offered in addition to the regular college courses. A great many veterans, upon learning this, have enrolled in the Stephenville institution and have made up their high school deficiencies. A number have taken refresher courses in the high school division prior to entering college. "Veterans desiring training of this type are entitled to the same benefits under the GI Bill of Rights as college students," he explained. Interested veterans should write the Registrar at John Tarleton College immediately for information relative to entering the next semester, which begins January 28, 1946.

John Tarleton College offers, in addition to two years of high school work, the first two years of college work in the fields of agriculture, engineering, home economics, business administra-

tion, fine arts, music, and mechanic arts.

**Help them get home for Christmas**

Make only essential trips during the holidays

528,000 home-bound members of our victorious forces will reach West Coast ports this month

The biggest gift that thousands and thousands of the men and women in our fighting forces could get is a chance to spend the Christmas holidays with the folks at home.

But getting them home is far more than a matter of discharge papers or a holiday leave—there's the problem of getting them to wherever home is.

Tens of thousands are now in California ports waiting to get home.

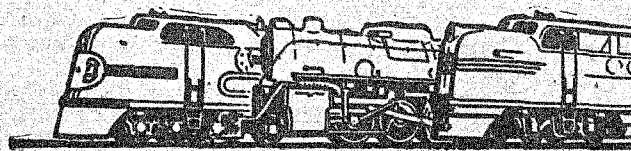

The Army and Navy tell us that better than a half million service personnel will be returning in December. That means 17,000, on the average, must be taken care of each day.

Our trains are already overcrowded. We don't want to disappoint a single soldier, sailor, marine, coast guardsman, Wac, Wave or Spar we can possibly find space for.

So won't you help us to do our share in playing Santa Claus to them by postponing your trip until after the holidays—unless it has to be made.

You'll get—we'll bet—a little glow out of knowing that you're making it possible for somebody in the service to be home. So again we ask, in all friendliness, won't you postpone your trip until we can serve you in the traditional Santa Fe manner.

**EXALTING CHRIST IN THE LIFE OF THE NATION**

LESSON TEXT: Isaiah 9:2, 3, 6, 7; Luke 1:26-33.

**GOLDEN TEXT:** For unto us a child is born, unto us a son is given; and the government shall be upon His shoulder; and His name shall be called Wonderful, Counsellor, the Mighty God, the Everlasting Father, the Prince of Peace. —Isaiah 9:6.

Christmas is coming! It should be a blessed and delightful time this year. But do not fail to ask yourself, What is its true meaning? Why did Christ come? So that we could feast and celebrate? Surely not. He came first of all to be a Saviour; but do not forget that the Saviour is also the King of kings.

When Jesus came, His people Israel were practically without a government. They were a subject people under the rule of Rome. Their national life was in ruins; darkness had settled over their land, and there was both national and spiritual darkness. Christ came as their King, as well as the Light of the world. True, they rejected Him, and His kingdom is now in abeyance until He comes again to reign. One of these days He will come!

**I. Darkness—but the Light Is Coming!** (Isa. 9:2, 3).

When Jesus came there was deep darkness in Israel; there was no king. National honor and glory were at low ebb. Religious leaders had lost their spiritual vision and zeal. They were going through the form of godliness but denying its power. Read the book of Malachi for a picture of their desolation.

Then Jesus came, and the greatest Light of all time shone forth in the darkness. He was and is "the Light of the world" (John 8:12). They that followed Him did not stumble in darkness (John 9:5; 11:9). How sad that they received Him not (John 1:11)! The reason? They loved darkness rather than light (John 3:17-21).

There is much darkness in our world today. We need the light of Jesus in national life, as well as in individual life. When will the nations of the earth recognize Him as the only One who can truly lead them through the darkness?

Military leaders, educators, and scientists are saying in our day that there must be a spiritual rebirth of the peoples of the earth if we are not to have another war which will destroy everything. No mere revival of "religion" will do it. We must have Jesus, the Saviour and the Light!

**II. Chaos—but a King Is Coming!** (Isa. 9:6, 7).

We have already suggested that Isaiah's prophecy came at a time of chaos in the affairs of the nation. Would they ever have the order and dignity of a nation again? Who was to be their king? What kind of leader would He be? Our verses give the answer.

Seven hundred years before Christ came, the prophet presented a glorious, detailed picture of the coming One. He was to be born as a Babe—a Son—but the "government shall be upon his shoulder."

What kind of King is He? His names reveal Him.

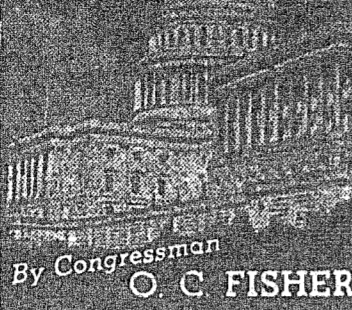

"Wonderful"—that word has been so misused that it means comparatively little to us. It really fulfills its true meaning in Christ. He is unique, remarkable, yes, truly wonderful. "Counsellor"—in every detail of life, great or small, an infallible Guide. "Mighty God"—not just like God, or representing God; Christ is God. "Everlasting Father"—the tender and loving, unfailing One to whom time brings no change, for He is the "Father of eternity." "Prince of Peace"—He is not yet the Ruler of the nations of the world, hence we hear not only of wars but of rumors of wars. Mark it well that there will be no enduring peace until He comes to reign whose right it is to reign, the divine Prince of Peace.

**III. Jesus Christ—the Light and the King** (Luke 1:26-33).

If Christ is to be honored in the life of any nation, yes, of our nation, He must first be recognized as the Son of God, the Lord of glory, the everlasting King of kings.

We need to emphasize that fact now when both military and political leaders are talking about the need of spiritual revival to save the world. Let us be sure that they mean more than just to pay formal recognition to a great man and a distinguished moral teacher. He is the Saviour, and there is none other

By Congressman O. C. FISHER

Columnists who write and interpret the news in the Nation's capitol are an interesting lot. The same is true of newspaper reporters.

To carry out "freedom of the press," the Speaker of the House issues gallery press passes to bona fide reporters for newspapers and magazines from all over the world. In fact, there are now 328 papers, periodicals and news services represented by 496 reporters, registered with the Speaker.

One soon learns these reporters and columnists are human. They make mistakes just like other people. They have a job to do and go about ferreting out the news. There is hardly a dot or a dash they overlook. Representing all sorts of publications, they naturally have a variety of beliefs and convictions. Some, like Walter Lippman and David Lawrence, are generally regarded in capitol cloak rooms as statesmen in journalism. Most of the writers play-up stories readers of their particular papers like. There are always a few columnists, of course, who like to mix a little truth with a lot of fiction and pretend to dish out "confidential" information.

And there are columnists who are quite sectional in their at-

titude. They hammer away at parts of the country that displease their fancies. Columnist Thomas L. Stokes, for example, finds much fault with southern democrats. He pecks away at them in his daily columns. But he probably means well.

Speaking of the South, it is interesting to note the way many of the more radical papers and magazines in the North and East turn their guns on us. We are often pictured to their readers as being backward, reactionary, lacking in social consciousness, prejudiced, poor, and what not.

One columnist recently tried to find the reason for the antipathy that so many of the left-wing politicians and the radical press have for the South. He concluded it may stem from the fact that the hot-beds of radicalism in this country are found in the metropolitan areas where the ratio of foreign-born is rather high. There is, he said, very little left-wing leanings among rural people.

Many of the foreign-born in the big cities are, of course, good Americans; but from some European countries people bring ideals that don't mix very well with our brand of democracy.

In the South it is a different story. There the proportion of foreign-born and their first generation are much lower than the nation's average. A few examples will make this clear. In the South only 1.5 percent of the people are foreign-born while in the North, the ratio is 12.3 percent. In the City of New York 28 people out of every 100 you meet were born across the sea, while in Fort Worth only 2 percent are foreign-born. In Texas as a whole the percentage is 3.7.

Certain nationalities gravitate to the industrial areas. Among the 993,000 native-born Polanders in this country, 939,000 live in the North, and only 30,000 in the South. There are a million immigrants among us who were born in Russia. Ninety percent live in the North and only five percent ever crossed the Mason and Dixon line. Of the one and six-tenths million of our people who were born in Italy, a million and a half of them make their homes in the North. There are more Italians today in New York City than in Rome.

Probably all that—the generations of native-born in the South—is a factor in explaining why that part of the Nation has traditionally furnished America with many of its greatest leaders and statesmen, and will probably continue to do so. Of the past four Speakers of the House three have been southerners. Of the past four who have presided over the Senate, three have been from the southland.

In fact, for more than 40 years the South has furnished most of the Congressional leaders for the entire nation. Certainly at this moment that is true. Today in the House there are 46 standing committees charged with the duty of considering thousands of bills that have been introduced. It is not a coincidence that 27 of those 46 are headed by southerners. Over in the Senate, 16 of the 32 committees have as chairmen Senators from southern

Abilene, Texas—Dirt is to be broken for the Sandefer Memorial Library, first of the structures called for in the Greater Hardin-Simmons university million dollar building program, as soon as the architects drawings can be completed and a contract awarded. Announcement of the speeding up of plans to get actual construction underway was made by O. D. Dillingham and W. P. Wright, co-chairman of the executive committee for the development program.

Yes, the South can stand some criticism. But though low in population and wealth, it is one of the pillars that makes the nation strong and great.

(Acts 4:12).  
Note the marvelous fulfillment of prophecy which actually took place in the coming of Jesus. Isaiah (7:14) said He was to be born of a virgin. He was (v. 27)! He was to be the Son of God (Ps. 2:7). He was (v. 32)! And so on through all the detailed prophecies of His birth. We celebrate the fulfillment of these prophecies at Christmas time. Let us be reminded that there are hundreds of prophecies that He is to come again. Let us believe them, and look for Him. He is the hope of this poor world!

### PRESS STATEMENT OF SENATOR TOM CONNALLY

Last July we approved the ratification of the United Nations Charter by the overwhelming vote of 89-2. By that act we gave our solemn pledge to cooperate wholeheartedly with the United Nations in the difficult job of maintaining world peace. The legislation now before the Senate and the House constitutes the first important step in making possible the close collaboration of our Government with the new Organization.

It is my hope that the Senate will act speedily and decisively. In this turbulent and war-torn world it is imperative that we in the United States demonstrate beyond any shadow of doubt our willingness to cooperate in every possible way to keep the peace.

The most important section of the new bill would give to the President the power to make available to the Security Council our quota of armed forces—a quota to be agreed upon later by the Congress—for enforcement action against aggressor nations. It will not be necessary for the President to refer each such case to the Congress for approval.

This is exactly as it should be. The Security Council must have both the power and the authority to act promptly or it will fail in its all-important task. Bitter experience has shown that here is one place where we dare not temporize. The Security Council is one agency which we cannot afford to hamper.

The bill would also bestow upon the President the power to join with the other United Nations in applying enforcement measures short of armed force. Here again the Security Council must be in a position to act quickly and decisively. By taking prompt action in the application of diplomatic and economic sanctions we may be able to frighten law-breakers into the paths of peace and thus avoid

more drastic enforcement measures.

There are still a few people who fear that we may be granting our representative on the Security Council too much authority. The bill is perfectly clear on that point. All our representatives to the United Nations would have to act at all times in accordance with instructions from the President.

No doubt the atomic bomb and the other new weapons being developed by science will change considerably the tasks of the United Nations. It would be foolhardy to suggest, however, that the atomic bomb has rendered the Security Council an unnecessary instrument of world peace. Far from it. If ever there was a time to think and act as United Nations that time is now. The United Nations Charter is the only present hope for world peace and cooperation. We have only one alternative. Either we tackle our responsibilities with a vigor and a determination characteristic of the American people or else we let the world tumble in about us.

A communication from the War Department, AAF, advises us that Floyd Shelton, son of Mrs. Velma Shelton of Shield has been promoted from General Bookkeeper to Corporal. Corporal Shelton is a member of the Army Airways Communication system, and has been stationed in Greenland for seven months. He has been in the service since December 28, 1943 and been overseas seven months.

### WINTER HAS ARRIVED

Old Man Winter has impressed us this week of the fact that winter is not just around the corner, but right here. Those toppers have been fished out of the attics, the moth balls removed and put (the toppers) back in use. Lots of searching has been done for additional longhandles, but no late models have been dug up, that is, around one place we know of.

Hog killing and sausage grinding has been the order of the day this week. The editor and family managed to edge in a little on some of that fresh country sausage and it sure does remind us of days in the long ago.
