

Carbon Black Plant Will Be Located Here

Location of a carbon black plant east of Big Spring was announced today.

R. J. Wright, vice-president and general manager of General Atlas Carbon company, said that the Dixon plant, formerly operated at Guymon, Okla., would be located approximately a mile east of Cosden's refinery.

Construction will start soon. At the peak of construction, Wright estimated some 50 people would be employed. Approximately 35 people will be required in operation and maintenance of the plant.

Details of the trade with Cosden Petroleum Corporation were closed here Wednesday. Friday engineers for General Atlas were surveying the site and running elevations. It is located at the spot where the Great West Refinery operated 20 years ago and where Great West No. 1 Dick Graham, a wildcat oilwell, was drilled 15 years ago.

The plant, which has been out of operation about a year at Guymon, is to be converted from gas furnace to oil furnace. It will use residual fuel oils from the Cosden refinery. In the oil furnace type of carbon black operation, recovery is so efficient that practically no excess smoke escapes.

Railroad siding will be extended to the site, and Cosden will extend its line, already at the east end of its own tract for loading of fuel oil, to the General Atlas intake point.

It was understood that the carbon black company had selected the location near Cosden after a survey of other possible points that took in potential locations of the West Coast. The set-up will afford Cosden a market for its residual fuel oils, which have faced a sharply declining market with Dieselization of the Texas & Pacific railroad.

The plant being moved in at once from Guymon is a four-unit plant. It is a four-unit plant. It is a four-unit plant.

They attacked numerous vehicles carrying North Korean troops and a railway train. No opposition was met in the air.

The big brothers of the Air Force, the B-29 superforts, bombed targets in Communist North Korea yesterday for the second straight day. They flew north on two separate missions and neither mission was challenged in the air.

TO SPEED UP PROGRAM

Truman Asks For More Atom Funds

WASHINGTON, July 7. — President Truman today asked Congress for \$260 million to speed development of atomic bombs and push experiments on the hydrogen bomb. Mr. Truman said the money would be used to enable the Atomic Energy Commission "to build additional and more efficient plants" to carry out his directive of Jan. 31 ordering work on the H-bomb.

America Replies To Potato Bug Charge Of Reds

WASHINGTON, July 7. — Russia's charge that potato bugs were dropped from American planes to sabotage East German crops drew a comeback from the State Department yesterday. The department didn't dignify the Russian note with a direct reply. Instead, it issued a diplomatic statement which said: "The charge was a 'fantastic fabrication'... B) the Russians borrowed the idea from German Nazi tactics; C) it was an excuse for a serious potato shortage in eastern Europe and D) the bugs, if there were any, must be Communist bugs."

Denmark Officers Must Remain Home

COPENHAGEN, Denmark, July 7. — No Danish navy or army officers may leave Denmark for a holiday until further notice owing to the present world situation.

Three Britons Killed

HAMBURG, Germany, July 7. — Three British officers were killed when two RAF training planes collided over the British zone of Germany yesterday, an RAF spokesman announced today.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy to cloudy, scattered thunderstorms today and Saturday, not much change in temperature. High today 92, low tonight 68, high tomorrow 94. Highest temperature in 1949: lowest this date 59 in 1905; maximum rainfall this date 3.25 in 1944.

OUSTED AS SPY — American Bishop Gerald P. O'Hara (above), last Vatican diplomat in an Iron Curtain country, has been ordered out of Romania as a spy. The Russian satellite charged that the Nunciature, the Vatican's diplomatic mission, was a center of "Anglo-American espionage" against Romania, Hungary and Czechoslovakia. The Bishop's two chief aids were also ordered to leave. Bishop O'Hara is from the Savannah-Atlanta, Ga., diocese. (AP Wirephoto).

Soviet Steps Up Maneuvers In East Germany

BERLIN, July 7. — U. S. intelligence agents disclosed today that the Russians have stepped up normal summer maneuvers in East Germany.

These informants said that in east Germany eight Soviet divisions are going through special exercises. Some involve tank-supported river crossings.

Experts, who with increased interest have noted every Russian move here since the Korean fighting broke out, said this increased Red troop activity could be a normal step—designed to let the Germans know who is boss and possibly to give Western allies a dose of jitter.

A senior American officer confided in this view and said allied military leaders aren't too concerned about the stepped-up Soviet maneuvers.

American intelligence agents have been told to watch the Russian moves closely, however, on the chance that the Soviets might be planning to stage something similar to the Korean action over here.

The informants said that five Soviet divisions are training between Berlin and the Elbe River. They reported another three Red divisions holding war games north of Berlin in the Mecklenburg area, trying to illustrate the best ways of encircling the fortified position.

In the course of the maneuvers, the Russians have shifted divisions from Magdeburg to Dessau and north from there along the Elbe River, facing the British zone.

Between now and the end of August, allied experts believe the Russians will stage at least half a dozen maneuvers to sharpen the training of their East German armies. The people's police, who have been expanded into what amounts to an infantry force, will be used for odd jobs in these maneuvers.

Pike's nomination for a new term has been bottled up in the Senate where a vote on confirmation is set for Monday. The President emphasized yesterday his confidence in Pike and said he is backing him 100 per cent.

Pike's term expired last Friday.

SCHOOL BOARD MEETS

Approve Contracts For Six Principals

Principals of Big Spring's elementary schools will serve on a nine-and-a-half month basis for the next school year.

Contracts covering those individuals—six in all—were approved by the school board in a meeting Thursday night. Supt. W. C. Blankenship requested the two weeks additional to the regular nine-month teacher contract, so that principals could be on duty for a week prior to the opening of school and a week after the close, to get records in shape.

The 1950-51 school term will include a full 175 instruction days. Dates are to be fixed at the August board meeting.

Blankenship reported to the board Thursday night that the following teachers had either resigned or had declined new contracts: Mary Lee Sears, Jane Freeman, Mrs. Gilbert Gibbs, Mrs. Eleanor Hinkley, Lorena Brooks and Mrs. Marguerite Schwarzenbach, all elementary teachers; and these high school teachers: Marian Short, Mrs. Edith Russell, E. M. Schneider and Helene Phillips.

Report US And Koreans Move Forward 10 Miles

DRAFT LAW ORDERED TO RAISE STRENGTH

WASHINGTON, July 7. — The government today ordered use of the draft law to bring military forces to needed strength for the Korean war. The Defense Department announced that overall ceilings on branches of the armed services, which had restricted their expansion, had been lifted. Military enlistments also will be used to step up size of the various services.

The announcement did not contain any estimated figure for the new military expansion. The latest total strength figure given for the armed forces was about 1,370,000. Of that, the Army had 593,000, the Navy and Marines 427,000, and the Air Force 350,000. The Army probably will be the first to benefit by the new order. Its combat strength has been whittled down from the wartime peak to only 11 divisions. Four of these divisions are in the Far East with part of them either in or headed for the Korean war front.

Yank Planes Only Ones In The Sky

WASHINGTON, July 7. (AP)—President Truman summoned congressional military leaders today for a conference on what Senator Bridges (R-NH) said was "an emergency matter"—presumably on Korean fighting. Senator Bridges made the statement to reporters as he entered the White House for the meeting amid reports that an announcement dealing with increased troop strength might be forthcoming. Members of the Senate and House Armed Services Committees formed the group that went to the White House. Bridges said he did not know the nature of the "emergency matter."

TOKYO, Saturday, July 8. (AP)—General MacArthur reported today the North Korean Communists were continuing to press their enveloping movement deep in South Korea, but field dispatches credited the American and South Korean defenders with a 10-mile comeback in at least one sector.

The Tokyo headquarters said the front reached from a point north of Chonan—which is 60 miles south of Seoul—northeast to Mugung, Chungju and the east coast.

It said the North Koreans were pressing their enveloping movement with two divisions in the Pyongtaek area, which is 14 miles north of Chonan.

However, Tom Lambert, AP correspondent reporting from the South Korean front by telephone, said an American combat patrol had moved about ten miles north Friday against meager opposition. He said the only planes visible in the clear sky were American.

Lambert, who accompanied the advancing American patrol, reported two slight fire fights as the northerners pulled back. Lambert's dispatch indicated the Americans had started south of Shonan—which is 60 miles south of Seoul—and had moved to some place north of that town.

It was apparent the American patrol was running into probing invader outfits and that neither side was in very great force in the area.

Earlier a South Korean colonel said the defenders had recaptured Pyongtaek and Chungju, 40 miles east of Pyongtaek.

MacArthur's communique said the envelopment threat by the Reds in the Pyongtaek area was being pressed by the third and fourth divisions. The enemy first division was reported farther west, near the west coast, while the fifth division was probing south and west from Wonju, which is 60 miles northeast of Pyongtaek.

North Korean divisions have an estimated combat strength of 5,000 to 6,000 each.

The communique in effect confirmed field dispatches of 24 hours earlier. Tokyo headquarters matter has been running consistently later than field reports, a fact which lends credence to field news of an American comeback.

MacArthur's communique also reported widespread American air blows, ranging from close front support for the troops to a B-29 raid on an oil refinery at Wonsan, 70 miles inside North Korea.

It added that naval patrols bombarded enemy oil tanks, bridges, and shipping along the east coast at undisclosed places.

Guerrilla activity was reported on the east coast near Yongdok, 100 miles south of the 38th Parallel.

See REPORT, Pg. 11, Col. 4

Switchmen Call Off Strike On Four Railroads

Strike Still On Against One Major Railroad Line

CHICAGO, July 7. (AP)—AFL switchmen have called off their 12-day strike against four of five big Midwest and western railroads. They acted yesterday after President Truman called the strike unjustified and threatened drastic action.

The strike against the Chicago, Rock Island and Pacific continues. The other lines—the Chicago Great Western, the Great Northern, the Denver and Rio Grande Western, and the Western Pacific—bent all efforts today to get rolling again.

The end of the strike on the four lines came eight hours after President told a news conference he would take drastic action if necessary to halt the walkout of 4,000 members of the AFL Switchmen's Union of North America.

He did not say what he would do if his demand were ignored. He did not, for example, say whether he would ask government seizure of the lines.

The Western Pacific said in San Francisco it would run its passenger trains today. Officers of the Great Northern, at St. Paul, Minn., announced operations would be resumed "as fast as we can." D&G officials at Denver said their trains would be rolling "as rapidly as possible."

The Chicago Great Western did not have any immediate announcement of resumption plans.

The switchmen said they would continue their strike against the Rock Island "to learn whether freedom in a free country can still bargain with their employers... without fear that big government will team up with obstinate employers."

J. D. Farrington, president of the Rock Island, was quoted by a line spokesman as saying he was "shocked that the Rock Island should be singled out" for continuation of the strike.

The Rock Island is paralleled by other rail lines, a union spokesman commented, and therefore there is no strike emergency on the line.

"This way the railroads won't be able to scream about an emergency being created by the Rock Island's switchmen being on strike."

The 8,000-mile Rock Island system runs from Chicago and connects with West Coast lines in New Mexico and Colorado.

UN Commission To Pusan Quarters

TOKYO, July 7. — The United Nations Commission on Korea will set up headquarters in Pusan, South Korea, it announced today.

Col. Alfred G. Katzin of South Africa, head of the UN Commission, conferred in Pusan today with U. S. Ambassador John J. Muccio and Maj. Gen. William F. Dean, commander of American forces in Korea.

The Republicans also agreed, Brewster said, that they ought to file the blame on the Truman administration for any lack of American military supplies in Korea and other areas of the Pacific.

Sen. McCarthy (R-Wis.), who isn't running this year, took that slant in telling the Senate yesterday that Secretary of State Acheson "sabotaged and vetoed the attempt of Congress to fortify South Korea and to give aid to Chiang's anti-Communist forces on Formosa."

REDS PIERCE SOUTH KOREAN DEFENSES — North Korean armored columns (dark arrows) have pushed through the Sojourn-Chchon defense line (solid black line) on continued southward sweep. One Red drive nosed into Chonan (A), forcing U. S. forces to withdraw almost 50 miles south of Seoul. South Koreans clashed with Red armored units at Chungju (B). Broken line from Chchon on the east coast marks the wandering defense line through mountainous terrain. The town of Uthchin (C) was reported retaken by South Koreans as some Communist units pushed 25 miles south of the city. The black area is the approximate area of the Red invasion into South Korea. (AP Wirephoto).

DUE TO KOREA WAR

GOP Pushes Plans To Stay In Session

WASHINGTON, July 7. — Republican senatorial candidates enlisted the help of GOP leaders today in a drive to keep Congress in session while Korean fighting continues.

Sen. Wherry of Nebraska, the GOP floor leader, indicated he is abandoning plans to go along with Democratic chieftains on a proposed Aug. 1 adjournment.

"Congress ought to be here and be prepared to act if any new crisis arises with regard to the Korean campaign," Wherry told a reporter. "With the Korean situation as it is now, it is unreasonable to think of recessing."

Sen. Myers of Pennsylvania, the acting Democratic leader, said that while he would like to see Congress finish its work by Aug. 1, it's obvious that no decisions can be made until there is some definite turn for the better in the Korean fighting.

Sen. Brewster (R-Me) said GOP candidates agreed unanimously at a meeting yesterday that Congress ought to stay on the job even though some of the lawmakers have been itching to begin campaigning.

Candidates present at the meeting included Sens. Morse of Oregon, Aiken of Vermont, Young of North Dakota, Millikin of Colorado, Taft of Ohio and Hickenlooper of Iowa.

The Republicans also agreed, Brewster said, that they ought to file the blame on the Truman administration for any lack of American military supplies in Korea and other areas of the Pacific.

Sen. McCarthy (R-Wis.), who isn't running this year, took that slant in telling the Senate yesterday that Secretary of State Acheson "sabotaged and vetoed the attempt of Congress to fortify South Korea and to give aid to Chiang's anti-Communist forces on Formosa."

Sen. Wherry of Nebraska, the GOP floor leader, indicated he is abandoning plans to go along with Democratic chieftains on a proposed Aug. 1 adjournment.

Sen. Myers of Pennsylvania, the acting Democratic leader, said that while he would like to see Congress finish its work by Aug. 1, it's obvious that no decisions can be made until there is some definite turn for the better in the Korean fighting.

Deposits Hit Record High For Texas

By The Associated Press Many Texas banks hit all-time peaks in deposits reported in the state and national bank calls issued for conditions as of June 30.

The 13 banks of Fort Worth and Tarrant County showed all-time-record deposits of \$401,442,265.

In Dallas the all-time record was broken with total deposits of \$1,204,391,068. The First National Bank of Dallas announced resources of \$401,334,829.

Houston deposits were \$1,167,242,300 compared to \$1,041,705,773 on June 30 last year.

San Angelo deposits of \$50,482,965 were a record high, an increase of \$11,524,931 from a year ago.

Deposits in Corpus Christi's five national and state banks, totaled \$85,903,699, about six and a half million more than a year ago.

Ablene banks set an all time record with deposits totalling \$53,144,013, an increase of 23 per cent over last year.

Deposits in Snyder more than doubled during the past year. The present total is \$17,438,543.

Midland deposits reached an all-time high of \$39,963,163, a gain of \$9,190,865 during the year.

Deposits in Wichita Falls totaled \$107,939,553, an all time high.

US Troops Open Comeback Move

WITH AN AMERICAN COMBAT PATROL IN SOUTH KOREA, Saturday, July 8. (AP)—The Americans started back Friday.

This patrol took off from a miserable little collection of mud huts Friday morning with instructions to contact the enemy and try to regain the ground lost the day before.

Under a blue sky inhabited only by American planes, the patrol by 3 o'clock Friday afternoon had moved approximately 10 miles north against meager opposition.

The patrol was led by Maj. Boone Seegers of Flushing, N. Y. A tall man with ruffled hair and bloodshot eyes, the major told his men:

"Here is what it is: Move out there and make contact. Keep pushing. There's more heavy stuff coming behind you."

Two of the patrol officers asked in the same breath, "how much heavy stuff?"

They were Capt. Eugene Heales of New York and First Lt. Archie Stith of Fort Worth.

"You just take the town and the high ground," the major replied. "We are right behind you."

The patrol set out in jeeps, well-spaced and well-armed. It stopped briefly to permit a nonchalant GI to remove some road obstructions that had been placed to slow any on-coming invader tanks.

The jeeps moved on again through several silent little villages. They crossed three bridges that had been dynamited with such delicacy that jeeps and trucks could use them but tanks could not.

In hot, muggy weather the GI's stopped at another village and probed cautiously through empty mud huts. Village women looked up their skirts and ran for a nearby river.

There was a quick clatter of rifle fire and the word was passed, "we've made contact; they're shooting as they withdraw."

SENATORS CONCERNED

Ask Extra Effort In Fight For Korea

By The Associated Press WASHINGTON, July 7. — Lack of available shipping was blamed by Sen. Tydings (D-Md) today for the slowness with which American military equipment is being moved to Korea to combat Communist tank columns.

At the same time, other senators called for a speed-up in efforts to contain the Communists on Korea, lest Russian satellites gain the impression that America is weak and start trouble in other parts of the world.

However, House members showed less concern. The coming weeks, some of them said, should show a change in the tenor of the Korean fighting.

Tydings, the chairman of the Senate Armed Services Committee, indicated he feels somewhat the same way.

He told a reporter he thinks heavy military supplies and manpower soon will be poured into

Korea to reverse the tide of attacks which has found Communist armored columns overrunning weakly-held American positions and scattering South Korean defenders.

"It's a question of getting ships concentrated, getting them loaded and getting the equipment transported — it takes time," Tydings said.

The Maryland senator has asked military leaders to report at a closed session of the armed services group Tuesday on what is being done to make up-to-date fighting equipment available—not only in Korea, but in Europe and other areas of the world as well.

Sen. Morse (R-Ore) one of several senators who demanded such a tabulation, told reporters he believes that unless the United States shows quickly it is strong enough to handle the Korean fighting with a minimum loss of lives "we will have to meet some of the satellite armies of Russia in Europe."

## DEMOBILIZATION Scouts Scattering As Jamboree Ends

VALLEY FORGE, Pa., July 7.—The biggest gathering of youth ever held in the Western Hemisphere was just a logistics problem today as 47,000 Boy Scouts scattered to the four winds by train, bus and automobile.

By nightfall, three-fourths of the boys in knee pants who have spent the past seven days at historic Valley Forge will be on their way home to all the 48 states, four U. S. territories and 19 other nations.

The scouts second national jamboree wound up officially last night with the final of four assemblies in the huge hillside arena.

The camp dismantling and embarkation began by a process of distance to be traveled. The West Coast contingent—Washington, Oregon and California groups were among the first to leave.

As each unit placed its baggage on trucks bound for one of three railroad stations, the rubbish and garbage trucks moved in for the last time.

And when the cleanup squad moved on, there was left only a bare spot—a patch of dried grass—where a few hours before a group of boys had cracked bull whips, spun yo-yoes, swapped trinkets and mingled with their fellow scouts.

To the casual observer, it seems impossible that a bunch of boys—the kids who oftentimes can't even hang up their own clothing at home—could accomplish such a speedy, methodical and complete demobilization.

The final units—those from the host council of Pennsylvania, Delaware and Maryland—will be on their way home by dusk tomorrow.

And on Monday, a Philadelphia firm of contractors will take over the tremendous job of putting George Washington's old camp site back in continental order.

That job entails far more than might be imagined. One foot of water pipe for every scout in camp—47,000 feet—must be removed from the park as well as staggering amounts of wire, lumber, electrical equipment and \$2 million worth of Army lend-lease.

### Red Cross Will Aid

TOKYO, July 7. (AP)—The American Red Cross will send supplies and assistance to South Korea in answer to a request by President Syngman Rhee.

## Army Sergeant Indicted For Selling Secrets

SANTA FE, N. M., July 7. (AP)—David Greenglass, 28, has been indicted for selling U. S. atomic secrets to a go-between for Russian agents for \$500.

Greenglass, an Army tech sergeant who helped assemble atomic bombs during the last months of World War II, was indicted by a federal grand jury here yesterday on charges of conspiracy.

The grand jury charged that Greenglass delivered the atomic secrets to Harry Gold at Albuquerque, N. M., June 3, 1945—when America was at war—and received \$500 in currency from Gold.

Gold is the Philadelphia chemist who has admitted delivering to Russian agents the U. S. atomic secrets stolen by Dr. Klaus Fuchs, British scientist.

Both Fuchs, now serving a prison sentence in England, and Greenglass, now being held in jail in New York, gained access to the atomic secrets while working at the Los Alamos, N. M., atomic center.

Fuchs was a scientist in the Los Alamos scientific laboratory; Greenglass, with an Army engineering detachment at an A-bomb assembly plant.

The grand jury indictment charges that Greenglass entered into the conspiracy with Gold, one Anatoli A. Yakovlev, and "diverted other persons to the grand jury unknown" about Jan. 1, 1945, and "continued thereafter for a considerable period."

Greenglass, who was arrested by FBI agents at his Lower East Side New York home June 15, is specifically charged with delivering to Gold "information relating to the national defense, preparing and delivering a sketch of a high explosive lens mold, and preparing and delivering a statement about the Los Alamos atomic project.

If you would rather have cash than fish sell your fishing equipment thru an inexpensive want ad.

## BUSINESS OUTLOOK

# Business In Financial Shape To Meet Economic Emergency

By J. A. LIVINGSTON

A columnist, even a writer on economics and finance, has responsibilities in a crisis. As soon as a dramatic, world-engulfing event takes place, such as the Korean war, everything he writes, at least for fortnight or so, must be tied into it. That's called latching on to the thoughts uppermost in people's minds.

Yet, sometimes, it's pretty hard to observe the rules of the trade. Suppose, right now, a writer wanted to discuss the extraordinary financial strength of American corporations. He could hitch it to Korea, if he wanted to—by stretching. He could say that one reason American business men took the Far Eastern outbreak so calmly, one reason they didn't hasten to liquidate inventories and sell commodities, is that they were well-heeled with cash. Having big bank accounts, they didn't panic.

Or you could say that U. S. corporations, having great jobs of cash and government securities to fall back on, are in a position to turn quickly from civilian to war production, if need be. But, neither of those "tie-ins" can stand rigorous analysis.

In the first place, business men weren't the least bit inclined to liquidate inventories on the Korean news. On the contrary, they feared another outbreak of shortages. And being financially well-heeled, they were anxious to build up, not decrease, inventories. In the second place, business men don't expect to use their own funds to change over to munitions production. In the last war, the government paid conversion expenses or built war plants.

No, the fact will just have to stand by itself: American corporations today are in a stronger working capital position than in any time in history. According to the Securities & Exchange Commission, their current assets—assets corporations can realize on quick

ly—amounted to \$124.8 billions at the end of March. Cash on hand and government securities together exceeded \$40 billions. Current liabilities amounted to only \$55.8 billions.

Net working capital—quick assets corporations would have left after paying off all current liabilities—came to \$69 billions, three billion more than at the end of March 1949 and more than twice the amount on hand December 31, 1941, just after Pearl Harbor. Then net working capital totaled \$32.3 billions.

The significant point is this: Here we are in a boom, and corporations, instead of going into debt, are more liquid than ever. What a contrast with 1941 through 1948. Then notes and accounts payable rose from \$23.5 to \$7.1 billions. But during 1949, as business dropped, debts and bank loans were reduced.

That helps to explain the present boom. Corporations have not had to scrounge around for funds whenever they have wanted to expand plant, buy new equipment, or recondition buildings. For the most part, they've had their own resources, or they've been able to sell securities.

After the 1949 readjustment, new construction undertakings picked up much more rapidly than business men, themselves, had expected—in their own reports to the SEC and Department of Commerce executives pulled out blueprints and went ahead with plans. Money was no problem.

Yet despite heavy expenditures on fixed assets, despite more liberal dividend policies in 1949, corporations can show \$2.24 of net quick assets for each \$1 of quick liabilities. In 1941 the best they could show was \$1.50 to \$1. Ditto in 1939.

The inference is that at the first suggestion of a downturn, banks

and creditors won't begin crying for their money—forcing liquidation and curtailment of business activity. The economy is not as tight, financially, hence as subject to compulsory contraction, as in years past. That was proved by what happened in 1948.

### Two Women Spend Day In Solitary For 1935 Murder

CHICAGO, July 7. (AP)—Because of a judge's ruling 15 years ago, Mrs. Blanche Dunkel, 59, and Mrs. Evelyn Smith, 61, spent yesterday in solitary confinement at the Illinois Reformatory for Women nearby Dwight, Ill.

The two murdered a grocery clerk on July 6, 1935. Judge Cornelius J. Harrington, in sentencing them to 180 years each on Aug. 8, 1935, decreed that they should spend each anniversary of the slaying in solitary meditation.

### Daniel Promises No Compromise In Tidelands Issue

SAN ANTONIO, July 7. (AP)—State Atty. Gen. Price Daniel promised the State Bar of Texas convention here that there would never be a compromise in the tidelands issue.

In a speech yesterday, Daniel said there had been suggestions that Texas settle with the federal government for less than full title to the submerged lands.

"But for me . . . the principles

involved are more important than a share of oil and money, there should never be a compromise," he said.

**Moses Taught People How To Worship God**

Scripture — Exodus 4:28-31; 18:20; 35; 40:17,38.

By NEWMAN CAMPBELL

The condition of the Hebrew people in Egypt was a pitiable one. They had multiplied greatly since the days of Joseph, who had persuaded his father, Jacob, and his family to come to that country when a great famine struck their own land.

Now all Egyptians who had known Joseph were one, and his people were an oppressed minority group—as we say in this day and age.

Moses, the baby who had been saved from death by the Pharaoh's daughter and brought up as her son, was in exile from Egypt. One day while tending his flocks, he saw a bush that was on fire but did not burn. He stepped aside to examine it, and the voice of God came from it, appointing him as the man to take his people out of the Egyptian land to a country which they could call their own.

The Lord told Moses that the Pharaoh's heart would be hardened and he was to show the ruler various miracles or signs that would finally convince him that he should let the people depart.

The Lord told Aaron, Moses' brother, to go into the wilderness to meet Moses and to hear what he had to say. The two brothers had been separated, so the meeting was a joyous one.

Moses divulged that he was

coming back to Egypt, and that he, with his brother, was to lead the people forth when they gained the Pharaoh's permission.

The two gathered the leaders or elders of the people together, told them God's plans for the people, and showed them the signs which were to convince the Egyptian ruler that God was with the Hebrews and he should let them depart.

We skip over the struggle with Pharaoh and the escape of the Israelites, to some months later, when they were encamped in the desert, near Mount Sinai. Moses went up into the mountain to talk with God, and the Lord told him to tell the people, "Now therefore, if ye will obey My voice indeed, and keep My covenant, then ye shall be a peculiar treasure unto Me above all people: for all the earth is Mine: And ye shall be unto Me a kingdom of priests, and an holy nation. These are the words which thou shalt speak unto the children of Israel."

Moses repeated the Lord's words to the people and they all answered, "All that the Lord hath spoken we will do. And Moses returned the words of the people unto the Lord."

Then the Lord told Moses to have the people wash and sanctify themselves, for he was going to appear to them in the mountain, but no one but Moses must see Him. If any other so much as touched the mountain he would die.

The people prepared themselves, and on the third morning "there were thunders and lightnings, and a thick cloud upon the mount, and the voice of the trumpet exceeding loud, so that all the people that were in the camp trembled."

"And when the voice of the trumpet sounded long, and waxed louder and louder, Moses spake, and God answered him by a voice."

The Lord gave Moses laws to govern the people, including the ten commandments which were later graven on the tablets of stone. Chapter 35 tells us how Moses asked the people to donate the materials necessary for building the Lord's tabernacle.

All the men and women who were "willing hearted" came to him, bringing their most precious possessions—jewels, uncut precious stones, gold, silver and brass, purple cloth, blue and scarlet, spun by the women. Some women spun goat's hair, and there were "red skins of rams," and badgers' skins which were brought. All things needed were given for the work, including spices, oil and sweet incense.

Then the work began, according to the Lord's directions to Moses, and when it was finished, Moses put the candlesticks in the tent of the congregation, and he lighted the lamps before the Lord.

When all was done, a cloud covered the tent of the congregation, and the glory of the Lord filled the tabernacle.

"And Moses was not able to enter into the tent of the congregation because of the glory of the Lord filled the tabernacle."

Thus did Moses bring the people to God, and teach them how the Lord desired them to worship Him. It is a lesson modern Christians would do well to take to heart—that of obedience to the will of God and faith in Him.

**MEMORY VERSE**  
"If ye will obey My voice indeed, and keep My covenant, then ye shall be Mine own possession from among all peoples."  
—Exodus 19:5.

**Two Local Boys Tell About Big Scout Jamboree**

VALLEY FORGE, Pa. July 4 (Delayed)—Tonight is the 4th of July and as usual the weather is hot.

Tonight there is planned a celebration to top all others. The largest fireworks display in history has been planned, including a visit by Gen. "Ike" Eisenhower, president of Columbia University.

For the past day and a half there have been thousands of visitors from various states and countries. Today the Pennsylvania state police have been directing traffic through the Park.

Most of the visitors are from Philadelphia. All the boys are sprucing up for tonight's event. It is to be held in a vast natural arena located one and a half miles from camp.

We were surprised when we learned of the Korean situation and wish parents would send us news of happenings.

We got a thrill out of the visit of President Truman who visited here as the camp opened. Our camp has been located among the camps of California, Hawaii and councils from Texas.

Swapping has been the fad and it seems as if every boy has something from another state. The most popular trade article is the Texas horned toad. (WARREN AND DON ANDERSON)

**Top Officials Seen Meeting On Tidelands**

AUSTIN, July 7 (AP)—Top state-city and county officials are expected here July 13 for the planning of an aggressive campaign to save Texas tidelands from federal claims.

The newly-formed Texas Property Defense Assn. announced here yesterday that it had invited all legislators, mayor, county judges and school superintendents to attend the meeting.

Gov. Allan Shivers, Atty. Gen. Price Daniel, House Speaker Durwood Mansford and Former Atty. Gen. Robert Lee Bobbitt of San Antonio, chairman of the Tidelands committee of the state bar, are among scheduled speakers.

Herbert Y. Cartwright, mayor of Galveston and acting President of TPDA, said Texans are beginning to realize that the tidelands fight is more than just a squabble over some oil wells off the Gulf Coast.

"These lands have belonged to Texas for over 100 years and if the interest of national defense or whatever other notion happens to strike the fancy of the federal 'socialistic planners,'" he said.

**British Plane Worried Over Strange Ship**

TAIPEI, Friday, July 7 (AP)—A British-owned Hong Kong airways plane reported a strange fighter plane circled it several times today off the Chinese Communist port of Swatow.

The crew said the plane might have been a Japanese Zero. The Communists may have some of these planes, which were captured by the Russians in Manchuria.

Crewmen reported, however, that the fighter bore an insignia of a circle half blue, half red. No such insignia shows in James "All the World's Air Craft." The Chinese Communist flag, on which an Air Force insignia probably would be based, is a Red flag with yellow stars. (The Chinese Communist plane insignia is not known.)

A report from Hong Kong earlier quoted the civil air traffic control there as saying jets operating near Swatow this morning fired on an unidentified plane. The jets also were not identified, but the Chinese Communists are said to have obtained a few from Russia.

Plans are being pushed to complete the Cairo, Egypt, to Cape Town railroad which, if finished, will be 10,000 miles long, the longest in the world.

**Mrs. McIntosh Writes Only Hadacol Helped Sick Stomach Spells**

caused by deficiencies of Vitamin B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin

We are indeed very happy to make public this letter from Mrs. McIntosh and hope that any of our readers who are suffering from such deficiencies will profit from her experience.

1042 Kickland Memphis, Tennessee April 3, 1950

Dear Sir: I have been wanting to write you before now and tell you about your wonderful HADACOL, and I just couldn't put it off any longer. I am 24 years old and have been nervous and run-down for quite some time. I kept suffering with my stomach. I kept having those dreadful sick spells. I finally had to give up my job and stay home, and that's the reason I'm home now to rest. So I decided I was going to get a bottle of HADACOL, after hearing about it over the air, and try it because nothing else seemed to help me. I know people won't believe me, but I had only finished that one bottle of HADACOL when my stomach felt better than it ever had in my life. It's the most wonderful product I know of. I'm not nervous like I was, I'm gaining weight, something I never could do. I've got my grandmother taking it too, and it has helped her so much. Thanks for a wonderful product.

Mrs. McIntosh

Many Doctors Recommend HADACOL

HADACOL is that wonderful new product for stomach sufferers recommended by many doctors. It is not a quick-acting antacid which gives symptomatic relief.

—HADACOL is so successful because it relieves the REAL CAUSE of stomach disturbances, gas, heartburn, indigestion, bloating, constipation and a general run-down nervous condition when caused by deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin.

So if you're troubled this way, don't keep on putting off relieving the REAL CAUSE of your trouble. HADACOL gives you more than your daily needs of these vital elements. Remarkable improvements are often noticed within a few days' time.

Get That Wonderful HADACOL Feeling

The great advantage in taking HADACOL is that continued use of this great product helps prevent such stomach misery from coming back to torture you. Know what it means to enjoy that wonderful, wonderful HADACOL feeling!

You'll have to admit anyone is very foolish and deserves no sympathy if he or she continues to suffer such stomach disorder when relief is so near at hand as any drugstore. Go right now, to, or telephone, your nearest drugstore for HADACOL. Start taking it today. Trial-size bottle costs only \$1.25. Large family or hospital size, \$3.50. Refuse substitutes. There is only the one true and genuine HADACOL which everyone is talking about.

## Legion Auxiliary Makes Zone Plans

Plans were made for the American Legion and Auxiliary zone meeting to be held here July 20, when the American Legion Auxiliary met in regular session Thursday evening at the clubhouse. Representatives will attend the meeting from Stanton, Big Spring, Colorado City, Snyder and Hermleigh. Guests will

be feted with a barbecue and bingo party. A cake-walk will also be conducted.

A nominating committee was appointed and election of officers will be held August 2. Serving on the committee are Mrs. Roland Schwarzenbach, Mrs. Charles Hutchison and Mrs. Florence McNew. Installation services are scheduled for August 17.

Plans were made to conduct an Early Bird membership drive which is a campaign to collect 1951 dues before the state convention. Goal is to have a 100 per cent report for representatives to take to the convention which will be held in Galveston in September.

Mrs. E. Elliott was accepted as a new member by the auxiliary. Mrs. Elliott comes to Big Spring from Kerrville where her husband was a past commander of the Kerrville post.

Attending the meeting were Mrs. Roland Schwarzenbach, Mrs. Florence McNew, Mrs. L. S. Steward, Mrs. Charles Hutchison, Mrs. Elvia McCrary, Mrs. W. H. Booher, Mrs. Harold Steck, Mrs. Neal Barnaby.

## Wedding Is Solemnized

KNOTT, July 7, (Sp) — Billie Doris McClain, daughter of Mr. and Mrs. H. C. McClain was married to Jack Tweedie of Sterling City Saturday night in Hobbs, New Mexico.

The bride, who has been employed by the Bell Telephone Company in Big Spring, graduated from Big Spring High School in 1947 and attended Texas Tech at Lubbock. She is a member of the Order of the Rainbow Girls. The groom attended Sul Ross at Alpine and is now ranching near Sterling City.

O. B. Smith is studying for his master's degree at Colorado State College in Greeley, Colorado. Mrs. O. B. Smith and children are visiting her parents, Mr. and Mrs. A. C. Mulling of Port Neches and his parents, Mr. and Mrs. L. D. Smith at Colmesneil.

Sunday guests of Mr. and Mrs. P. P. Coker were Mr. and Mrs. C. T. Clay, Robert and Charles of Big Spring, Mr. and Mrs. Walter Clay of California, and Mrs. J. W. Smallwood of Ira.

Tuesday dinner guests of Elder and Mrs. E. G. Newcomer were Mr. and Mrs. Albert Pettus and Mrs. Ray Walker of Hartsville, S. C., Mr. and Mrs. T. A. Christman and son of Wolfort, Mr. and Mrs. L. V. Misk and Louanna, Eva Ann and J. R. Newcomer, Mrs. W. W. Pettus and Mrs. J. J. McGregor also visited in the Newcomer home.

Mr. and Mrs. Junior Gaskins and Bobby and Mr. and Mrs. T. J. Castle spent the Fourth in Christoval.

Mrs. Ora Richards is confined in a San Angelo hospital as a result of a broken leg. She has not fully recovered from another injury she received in a fall several months ago.

## Mrs. G. B. Walters Gives Devotional

A devotional reading from Philippians was given by Mrs. G. B. Walters at the meeting of the Main Street Church of God Missionary Society yesterday at the church.

Following a prayer by Mrs. Truett Thomas, Mrs. J. D. Jenkins opened the business session. After the reading of minutes and a treasurer's report, intercessory prayer groups gave reports of previous meetings. Mrs. W. M. Spears was elected assistant Spiritual Life Director.

Mrs. Jenkins reported she had bought the cup towels donated and stated that over seven dollars had been received for the National Fund. She discussed eucumical registration. Mrs. Andrew Dickson dismissed the meeting.

Those present were Mrs. J. Black, Mrs. Pete Hickson, Mrs. Johnnie Spears, Mrs. Joe B. Hill, Mrs. Jenkins, Mrs. Thomas, Mrs. Walters, Mrs. Dickson, Mrs. Spears, Mrs. Nell, and a visitor, Mrs. Winsett.

## Dick O'Brien Home Is Scene Of Coffee

Approximately 50 guests were entertained at a morning coffee in the home of Mrs. Dick O'Brien and Mrs. S. Marie Haynes at 101 Lincoln. The coffee was to allow the old and new residents in Washington Place area to get acquainted.

Brass and silver bowls containing arrangements of daisies and gladioli decorated the entertaining rooms. A handmade cloth of old lace covered the serving table.

Mrs. O'Brien presided at the silver service and Mrs. Haynes met guests at the door. Children of the guests were entertained with punch and cookies in the backyard of the O'Brien home during the morning by Carl Phillip and Johnny Gordon Haynes. Among the guests were Mrs. Ralph E. Power and Sonny, Mrs. James Dennis, Mrs. Harry Weeg

and Ray, Mrs. J. A. Coffey and Glenna, Mrs. E. A. Turner and Lila, Mrs. Tommy Hollingshead and Joe and Carol, Mrs. Joe Pickle and Gary and Tommy, Mrs. Ches Anderson, Mrs. Tom Rosson and Maxine, Mrs. Sanders, Mrs. Roy Ragan, Mrs. John Davis, Mrs. C. W. Deats Jr., Mrs. Hollis Webb and Jan and Hollis Jr., Mrs. Carl Cooper and Jim and Pat, Doris Jean Morehead, Betty McGinnis, Mrs. T. B. McGinnis, Mrs. H. W. Wright, Rita Faye Wright, Mrs. Roy Russell, Mrs. Dick R. Lane and Darrell, Mrs. G. G. Morehead, Mrs. Lonnie Coker and Londa Carol and Gloria, Mrs. Leonard Coker and Donnie, and Mrs. Merrill Creighton and Sharon and Clifford.

## Bob Hawkins Is Installed As Pastor Of Presbyterian Church In Coahoma

COAHOMA, July 6, (Sp) — An ordination and installation service was held at the Presbyterian Church Sunday evening when candidate Bob Hawkins was ordained into the ministry and installed as pastor of the Coahoma Presbyterian Church.

A committee representing El Paso Presbytery conducted the services. The Reverend H. W. Tillman, pastor of the Colorado City First Presbyterian Church presided over the meeting and propounded the constitutional questions. The sermon for the evening was delivered by Reverend Walter Guin, pastor of the Odessa First Presbyterian Church.

Reverend R. Gage Lloyd, pastor of the First Presbyterian Church of Big Spring charged the minister and the congregational charge was given by the candidate's father, Elder T. R. Hawkins, of the Westminster Presbyterian Church of Dallas.

Elder J. Riordan of Colorado City and Elder Frank Loveless of Coahoma completed those serving on the Commission Committee. Reverend Hawkins pronounced the benediction. At the close of the evening service in the Sanctuary a reception was held on the church lawn. Refreshments consisting of punch and cookies were served. Mrs. G. T. Guthrie and Mrs. Bruce Mahfield presided at the table service. Approximately 150 members and visitors were present.

Mrs. Nancy Annen, local high school homemaking teacher sponsored an adult leather working class last Wednesday and Thursday in the homemaking classroom. Mrs. Davis of San Angelo was the instructor. Twenty ladies reported a most interesting and profitable experience from the two days work. During this time many beautiful billfolds, coin purses and belts were made.

The Ruth Sunday School Class of the Baptist Church was entertained last Thursday evening with a social in the home of Mrs. Zoe Miers. Mrs. Mark Reeves led the devotional for the evening. Following an enjoyable evening of games, refreshments were served to Mrs. Idell Messer, Mrs. Donna Lee, Mrs. Mark Reeves, Mrs. Velma Ruthie Woods and the hostess.

Members of the Coahoma Baptist Church were entertained last Friday evening with a barbecue picnic supper on the church lawn. Men of the Brotherhood were hosts

for the occasion. Approximately 85 attended.

Mrs. Rube Baker honored her daughter, Beverley Ann with a party Monday afternoon celebrating her seventh birthday, at the home of Mr. and Mrs. Dennis Turner. Games were played and refreshments were served to Rosalie DeVaney, Marjorie Logsdon, Deloras Lindley, Joan Davis, Judy Echols, Billy Jean Scott, and Dannie Arthur.

Mr. and Mrs. Ray Noble and children and Mr. and Mrs. Oscar Smith all of Colorado City visited in the home of Mr. and Mrs. Carl Fletcher last Sunday evening. John C. Adams and Allie Ray are spending this week visiting relatives in Fort Worth and Granbury.

C. H. DeVaney is attending a meeting of the Board of Directors of the Texas Farm Bureau being held in Waco Thursday and Friday of this week. Mr. and Mrs. P. L. Fletcher of El Paso have been visiting here in the homes of Mr. and Mrs. Carl Fletcher and Mr. and Mrs. Bob Marshall.

Members of the Coahoma Baptist Church were entertained last Friday evening with a barbecue picnic supper on the church lawn. Men of the Brotherhood were hosts

for the occasion. Approximately 85 attended.

# Florida Pastor Will Take Over At Main Street Church Of God Sunday

The Rev. George Harrington of St. Petersburg, Fla., will assume the pastorate at the Main Street Church of God, Corner Tenth and Main, Sunday morning.

A native Texas, the Rev. Harrington with his wife and three daughters, Georgette, 12; Diane, 10, and Hope, three, arrived in Big Spring Thursday evening. The Rev. Harrington completed his high school education at Coahoma. He attended Anderson college in Anderson, Ind.

Sunday morning, the Rev. Harrington will give an informal introductory address, acquainting the church membership with the poli-

cies and principles of the Church of God. During the evening, he will discuss, "Five Reasons Why A Person Ought To Be Saved."

Beginning Monday evening at 7:45 o'clock and continuing through Friday, the Rev. Harrington will be heard on the devotional hour broadcast over KTXC.

The Rev. Harrington has served as pastor at Decatur, Ala., Ballinger, Abilene and more recently at St. Petersburg, Fla. He served at the latter church for four years.

will sing the selection, "That's Why I Love Him," by Lawrence.

During the morning service at the Wesley Methodist church, the Rev. Cecil Hardaway will discuss, "The Scriptural Basis For Divine Ownership and Human Stewardship." During the evening, the Rev. Hardaway will speak on "The Eternal Benefits of Christian Discipleship."

LLOYD CONNELL, MINISTER

In the absence of Dr. P. D. O'Brien, church pastor, the Rev. Charles Carter of the Fairview Baptist church will serve as guest speaker during both services at the First Baptist church Sunday.

Dr. and Mrs. O'Brien are visiting in Harlingen. The Rev. Carter is a student at Hardin-Simmons university. He was converted and baptized in the local First Baptist church.

"Vital Decisions" will serve as the sermon-subject to be discussed by the Rev. Lloyd Thompson during the morning worship hour at the First Christian church Sunday.

During the evening service, the Rev. Thompson will be heard on the sermon-topic, "Fortresses of the Soul." The Intermediate Fellowship group will meet at 8:30 o'clock rather than the usual hour at 7:15.

At the First Methodist church, the Rev. Aisle H. Carleton will be heard on the subject, "Living Under Tension," during the morning worship period. Members of the choir will sing the anthem, "Lord Me Home, Gentle Father," by Thompson. During the evening, the Rev. Carleton will discuss "Overcoming Our Handicaps." Methodist Youth Fellowship groups will convene at the church at 7 o'clock.

The Church At Work will serve as the sermon-topic to be discussed during the morning service at St. Paul's Lutheran church Sunday. Sunday school and Bible class will meet at 10 o'clock. The Rev. Ad. H. Hoyer, church pastor, will bring the morning address.

The Rev. R. Gage Lloyd will discuss the sermon-subject, "In Time of Need," during the morning worship period at the First Presbyterian church. Special music for the morning will be presented by the choir. The group will sing the anthem, "In Perfect Peace," by Holton. The Rev. Lloyd will speak on the "Feeding of the 5,000-Providence," during the evening service. Members of the children's chorus

The Rev. A. M. Bryant, pastor of the Sand Springs Baptist church has announced that the morning worship service will be in charge of a team of Vacation Bible school workers. This group will remain at the church throughout the week to assist in the Vacation Bible school. Sunday school is at 10 o'clock, under the direction of Walter Barbee, superintendent. Training Union will meet at 8 o'clock, with Jarrell Barbee, director. Evening church service will follow at 8:45 o'clock, with the Rev. Bryant in charge of the sermon.

Announcement is made that the Rev. R. L. Bowman will serve as guest speaker during both services at the Chalk church Sunday. During the morning worship hour, the Rev. Bowman will speak on the subject, "Christian Confidence." Sunday school will convene at 10 o'clock. Evening worship services will begin at 8:15 o'clock.

**Mrs. D. Forrest Is Honored With Wedding Shower**

STANTON, July 7—Mrs. Dean Forrest, the former Jo Anne Jones, daughter of Mr. and Mrs. James Jones, was complimented with a wedding shower recently in the home of Mrs. Edmund Tom. Hostesses with Mrs. Tom were Mrs. B. F. Smith, Mrs. Glenn L. Brown, Mrs. Neil Fryar, Mrs. Floyd Smith, Mrs. J. H. Rosamond, Mrs. Dale Kelly, Mrs. J. N. Woody, Mrs. Noybe Hamilton, Mrs. Morgan Hall and Mrs. Bill Etheridge.

The honoree wore a tangerine linen dress with a corsage of gardenias presented to her by the hostesses. Guests were registered as they arrived by Mrs. R. P. Odom. Punch and cake were served by Mrs. Leroy Gregg and Betty Carol Bennett. The dining table was covered with a white linen cutwork cloth on which borders of pink and silver ribbon were placed. In the center was a large bowl of pink carnations flanked by pink tapers in holders tied with silver bows. Piano music was played by Billy Jean Carlisle during the refreshment hour.

Using a microphone with station call letters L O V E, Leslie Jean Tom, as announcer, presented the gifts. She was assisted by Peggy Ross, Billy Jean Carlisle, and Betty Bennett who sang. In imitation of a give-away radio program, Mrs. Forrest was chosen as a contestant who won the jackpot of gifts.

# May I go out and play ?

Mother just can't resist Teddie's winning smile, and in another minute he goes skipping out the door with her consent.

And though Mrs. Jones is glad to see her little son so happy, she cannot help worrying. Busy traffic . . . older children . . . a thousand things might happen to Teddie while he's away from the protection of his home and his parents. But he must learn to look out for himself.

There are even greater dangers which Teddie must face as his life unfolds. Without religious training Teddie might some day go out of this door, and be no longer the same fine son of which his mother is so proud. While he is yet young, he must have that spiritual instruction so necessary to make him a self-dependent and successful young man. He must have the faith and courage to judge right and wrong.

Ever present, and willing to help, the churches of our communities stand like great spiritual HOMES, offering protection and Christian training to the children of the land . . . your children!

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday . . . . . Matthew 24:1-12  
Monday . . . . . Matthew 7:7-12  
Tuesday . . . . . Revelation 2:19-22  
Wednesday . . . . . Daniel 2:1-12  
Thursday . . . . . Daniel 10:10-12  
Friday . . . . . James 1:12-16  
Saturday . . . . . Psalms 24:1-7

If you desire a schedule of readings for the year write to American Bible Society, Dept. U, 450 Park Ave., N. Y. 22, N. Y.

# Bombardier Needs Two Jumps To Get Out Of Stalled Plane

TOKYO, July 7. (AP) — Lt. Harry Lister of Topeka, Kas., twice jumped out of his stalled B-29 bomber before he finally hit the ground.

The first time his coveralls caught on the seat and the 29-year-old bombardier had to crawl back and release himself and jump again.

That started a chain of events like this:

Lister hit the water safely but his life raft tangled with his parachute and he floated about four hours supported by his life preserver before South Korean fishermen found him.

The Koreans could not ascertain whether she was Russian or American. That caused some bad moments.

Finally the Koreans took him to a village. Policemen eyed him suspiciously. Eventually a Korean colonel cleared him as American, presented him with silver after dinner coffee cups and sent him by another city officials gave him a hero's welcome.

Lister won ribbons as a bombardier in the Asiatic theater in World War II. His wife is the former Leonora Lapp of Eden, Tex.

er before South Korean fishermen found him.

The Koreans could not ascertain whether she was Russian or American. That caused some bad moments.

Finally the Koreans took him to a village. Policemen eyed him suspiciously. Eventually a Korean colonel cleared him as American, presented him with silver after dinner coffee cups and sent him by another city officials gave him a hero's welcome.

Lister won ribbons as a bombardier in the Asiatic theater in World War II. His wife is the former Leonora Lapp of Eden, Tex.

## Garden City Men Proud Of Showing At Horse Races

GARDEN CITY, July 7.—Marshall Cook and Sam Chumley are pretty proud of the showing their horses made in races at Brady over the holidays.

Cook's "Rocky Lane" ran third in its race last Saturday, then romped home first on Tuesday. The "Queen Bee" came home first and Chumley's horse, "Sta Bueno," ran a close second.

Fern Cox entered one horse in the races. Attending from here were Mr. and Mrs. Marshall Cook and daughters, Mrs. Allie B. Cook and children, Mrs. Alby Crouch, Mr. and Mrs. W. E. Chaney, Shorty Bigby, Robert Lawson, Hugh Crouch, Sam Chumley, Fern Cox.

New stables have been erected by Cook for his race stock on his ranch home west of town.

OFF WITH A GRIN — Equipped with a handful of baggage and a grin, First Lt. A. G. Mire of Morgan City, La., boards his B-29 bomber in Spokane, Wash., — destination, a Pacific base. The bomber was one of those ordered into the Pacific area by the Airforce. (AP Wirephoto).

# Nine Die, 75 Injured After Freak High-Speed Streamliner Accident

MONICA, Ill., July 7. (AP) — Nine died and about 75 were injured yesterday after a two high speed Santa Fe streamliners, coming eastbound along parallel tracks, smashed into each other in a freak accident.

The tangled wreckage of the 70-mile-an-hour Kansas City Chief and the extra-fare, all coach 90-mile-an-hour El Capitan had been cleared from one trackway by this morning.

The crash came at 4:40 o'clock in the morning. The trains were bound for Chicago, 148 miles northeast of here. The Chief was on the normally westbound track under automatic train control.

This means that signal lights ordinarily seen on block signals on the right-of-way flash in the engineer's cab. Santa Fe officials said the procedure is an everyday operating maneuver. A dispatcher in the train terminal sets the train course.

As the El Capitan speeded ahead of the Chief a Pullman coach and train-mail car swayed, left the tracks, and whipped into the first car and side of the Kansas City train's locomotive.

Eighteen of the gleaming stainless steel cars from both trains jumbled together but none turned over. Tracks were ripped up for a quarter of a mile. United States investigation is under way, but no results have been announced.

R. J. Yost, railway division superintendent of Chillicothe, Ill., said possibly a wheel truck of the El Capitan mail car came loose.

The early hour delayed rescue work. Thirty-eight persons were taken to hospitals in Peoria, 2 miles south of Monica, and to Galveston, 30 miles west. Some of the victims were in critical condition. Many others were given first aid amid the smashed wreckage.

Big Spring (Texas) Herald, Fri., July 7, 1950

**Detroit Crackdown On Speeders Paying**

DETROIT, July 7. (AP) — If figures count for anything, Detroit's crackdown on speeding drivers is paying off.

In 60 days of a "get tough" policy 500 persons have been sent to jail.

Over the same period 23 persons were killed in traffic as compared to 34 for the previous 60 days.

"It looks good to me," said Traffic Judge John D. Watts. "But give us another six months and we'll really show some results."

# LOOKING 'EM OVER

With Tommy Host

When the Longhorn league gets around to naming its 'rookie of the year,' if such an election is held this year after the farcical pibecite that took place last season, someone should stuff the ballot box for Our Town's Elpidio Hernandez.

A few of the patrons may ask, "Who, 'fheevens sakes, is Elpidio Hernandez?" knowing only that he is one of the catchers on the Bronc ball club.

Well, Pete is one of the real heroes in the recent surge of the Hossees, a lad who realizes he doesn't know everything about the backstopping business but whose ambition to win his spurs is very admirable.

The life of a baseball catcher is a brutal way to make one's way, whether you work for a Class D outfit or ply your trade in the big leagues. There is so much a catcher has to take and so many things he has to learn, it is small wonder the supply of the receivers never catches up with the demand.

Hernandez had taken his usual bump behind the dish without losing his enthusiasm for the job. His split, too, has had a favorable reaction on other members of the club. And, he's learning to swing the lumber with authority. Witness the timely home run he hit off Lefty Jim Carson in the Odessa double header earlier this week which actually provided all the cushion Potato Pascual needed for his second victory of the evening over the league leaders.

ELPIDIO HERNANDEZ Coming Along (Photo by Culver)

### MANNY JUNCO WAS IN LINE FOR JOB

When the Broncs opened the season, Manager Pat Stasey fully intended to relegate Hernandez to the bench and refer the first string catching job to Manny Junco, second string receiver for Sherman-Denison last year.

Several things brought about the switch of Junco into the outfield, however. Rookie left fielder Bobby Gonzales failed to live up to expectations as a hitter and Stasey found he desperately needed someone to take over that position.

Junco's amazing speed afoot made him the most likely candidate for the job. Too, Manny betrayed a weakness for throwing to second base while working behind the plate. He provided an excellent target behind the dish and all the pitchers swore by his ability. Stasey felt sure he could overcome his weakness of spraying his throws into the outfield.

However, Hernandez never gave up his scrap to win a regular berth and finally came onto his own when the shortage of outfielders developed, forcing Junco into the garden.

Junco will still do his share of backstopping but Hernandez is considered the regular back there. In two or three seasons Pete should be a master craftsman at the business.

That Salt Lake City 'white hope,' Rex Layne (who actually is from Lewiston, Utah), is still winning in the boxing ring. The heavyweight, who may someday be champion of the world, kayoed Jack Huber, 217, of San Francisco last week in the second round of a scheduled 10-round bout.

### Cubs, Mustangs Record Wins

The Cubs and the Mustangs have scored victories in opening round play of the YMCA Kids' baseball league this week.

The Cubs, managed by Bobby Blum, cruised by the East Ward Cats, 10-8. Blum was the winning pitcher. Chandler the loser.

Royce Hardaway's Mustangs edged the Junior Broncs, 8-7, with Kennedy on the mound. Ewing toiled for the losers.

The Junior Broncs and the Cubs clash today on the Central Ward diamond.

## Jim Konstanty Is Big Factor In Phil Push

By JACK HAND AP Sports Writer

Jim Konstanty of the Phillies is the Joe Page of 1950. No doubt about it. Just ask any Phil fan.

Day after day, the righthander with the specs balls out Phil starting pitchers. So far he's done it 34 times in 70 ball games. If he keeps it up, he's a cinch to break Ace Adam's record of 70 appearances for the Giants in 1943.

Good control and a baffling sinker are Jim's main props. Once in a while he slips through a fast ball, but it's his ability to get the ball over that counts most. In 65 innings he's only walked 17 men—about one every four innings.

Eddie Sawyer brought Konstanty to the Phils from Toronto in 1948, a couple of months after he moved up from the International League to become Phil manager. Jim worked only a few games in September. Konstanty developed fast last season. Now Sawyer thinks he's the best relief pitcher in baseball. He's been pitching that way, too.

When the going is roughest, Sam Wynn calls for Konstanty. Curt Simmons has nine wins but Konstanty finished fourth in the race. Rookie Bob Miller has a brilliant 8-0 record. But Jim saved him three times. Only Robin Roberts doesn't seem to need Konstanty. All of Robin's 10 victories have been complete games.

Miller needed help from Konstanty again yesterday to preserve, his eighth straight, a 9-6 edge over New York. The sensational freshman was knocked out in the seventh. In game Konstanty to save the day.

The rookie now is within shouting distance of the record for first-year pitchers, shared by Atley Donald of the Yanks in 1939 and Hooks Wiltse of the Giants in 1904. Each won 12 in a row.

Willie Jones hit his 16th homer. Andy Seminick hit his seventh and Grady Hamner his fifth as the Phils hung a loss on Sheldon Jones. Bobby Thomson homered for the Giants, No. 11.

St. Louis protected its one game lead in the National by knocking out Ewell Blackwell in a 10-run first inning to crush Cincinnati, 13-1. It was the Cards' seventh straight and their 12th in a row at Sportsman's Park.

Sixteen Cards went to the plate in the inning in which Bill Howerton doubled twice, driving in three runs. There wasn't a homer in the game but Tommy Glaviano had four hits.

Al Brazier had little to do but get the ball over after the first. He allowed seven hits in his first complete game.

Brooklyn clouted Warren Spahn and Vern Hickox, making his first relief appearance of the year, for a total of 16 hits in an 8-3 night win over Boston. Homers by Eddie Miksa and Gil Hodges, each with a man on, showed the way.

Preacher Roe who asked for the assignment with only two days rest in order to have four before the all-star game, earned his 10th victory with a seven-hitter. Two of the hits were homers by Del Crandall and Bob Elliott.

Jackie Robinson missed his first game since June 21, 1948, breaking a string of 340 consecutive games. Hobbled by a knee injury, Jackie was available for pinch hitting duty but wasn't needed.

Chicago kicked up a fuss in the eighth to score three runs, knock out Bill Wertz and win Pittsburgh, 4-2. The previous Cub run was Hank Sauer's 18th homer. Andy Pafko drove home the tying and winning runs with a single after Murry Dickson replaced Werle. Paul Minner went all the way with a five-hitter, his best job of the year.

Half the American League took the day off but both New York and Cleveland chipped away at idle Detroit. The Yanks' 5-4 edge 3 1/2 back of the Tigers. Cleveland over Philadelphia left them only downed Chicago, 5-2, to trail Detroit by 4 1/2.

Yogi Berra's double following Gene Woodling's infield hit gave the Yanks their ninth-inning win over the A's.

Early Wynn, an important reason for Cleveland's rise, notched his fifth straight win with a four-hitter against Chicago.

Yogi Berra's double following Gene Woodling's infield hit gave the Yanks their ninth-inning win over the A's.

### Ballinger Nips Odessa Again

By The Associated Press

Collar-dwelling Ballinger last night knocked off pace-setting Odessa, 10-5, and that was right neighborly as far as Roswell is concerned.

Odessa's defeat and Roswell's 10-1 victory over Big Spring left the New Mexico entry in the Longhorn League just a game and one-half behind the circuit's leader.

Ballinger splurged for four runs in the eighth to sew up his victory. Ken Jones' double in the fourth scored Jim Prince with the run that gave Midland a 2-1 decision over Sweetwater. Ralph Blair held Sweetwater to three hits, two in the ninth for the Swatters' lone tally.

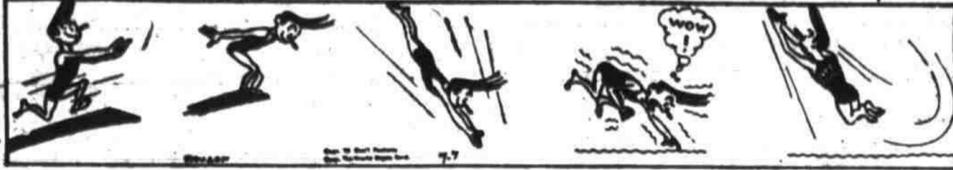

San Angelo nudged Vernon, 4-2, with Bob Cruce's seventh inning home run an insurance tally for the colts.

Odessa . . . 100 101 011—8 4 1  
Ballinger . . . 200 105 045—28 12 2  
Crandall and Cleary . . . Jackie and B. Bell

Vernon . . . 000 000 000—0 0 1  
San Angelo . . . 000 010 100—1 3 1  
Richardson, Grayson and Hayes; Bellinger and Schoenfeld.

Sweetwater . . . 000 000 000—1 3 0  
Midland . . . 010 100 000—2 6 0  
Blair and Bonham; Blair and Jones.

### LITTLE SPORT

## SteeDs Host Vernon In 8:15 Engagement

### Dusters Here Thru Sunday

Now at the crossroads in Longhorn league play, the Big Spring Broncs return home tonight to open a crucial three-game series with the Vernon Dusters. Tonight's imbroglio gets underway at 8:15 o'clock.

The Hossees are seven games off the league leading Odessa Oilers' pace. They're 5 1/2 lengths back of second place Roswell, only one ahead of the Dusters and just two games out of the second division.

The season is wearing on. They picked up one game on the league leaders on their last road trip but will have to do better than that, if they can hope to capture first.

Vernon has always been a rough customer for the Steeds to handle. As a matter of fact, if the Cayuses had been able to beat the Roswell gang and Vernon as consistently as they've handled Odessa, then they'd be in first place right now.

Indications were this morning that Bert Garcia will go to the hill tonight for Big Spring. He'll seek his 11th win of the campaign.

Dick Troas, obtained recently from Abilene, could toil for the visitors.

The two clubs will clash here again Saturday night in a contest starting at 8:30 p.m. and on Sunday afternoon at 3:30 o'clock.

### Hubbers Regain Lead Position

By The Associated Press

It's Lubbock's turn now to lead the West Texas-New Mexico League. Yesterday it was Pampa. Day before that it was Lubbock.

The Hubbers traded places with Pampa last night by handing them a 7-4 licking, behind the six-hit pitching of Bob Clodfelter. It was win No. 13 for Clodfelter, a five run eighth inning cinched it for him.

### Coleman Recommends That Ward School PE Program Be Broadened

The Big Spring school board received a recommendation from Head Coach Carl Coleman at its Thursday evening session that the ward school physical education program be broadened.

It accepted Coleman's proposal that a playground supervisor be named for each elementary school and instructed Supt. W. C. Blankenship to try to find such supervisors as members of faculty at each school. This is designed to try and bring the elementary physical education program up to a level with other 3A-A cities.

The board also voted to pay \$350 expenses of Coleman and

members of his coaching staff to the annual coaching school, which will be held early in August.

Coleman submitted this tentative outline of athletic expenditures for next year, this to be studied by administrators before final acceptance for the budget:

Football	\$9,907.97
Basketball	1,672.00
Track	1,026.00
Baseball	1,120.50
Girls Volley B.	578.40
Tennis	225.25
Totals	14,675.12

### Franks Again Halts Locals

ROSWELL, July 7.—Roswell's Rockets advanced to within a game and a half of first place in the Longhorn league standings by defeating Big Spring, 10-1, here Thursday night.

Dean Franks who apparently can beat the Broncs simply by throwing his glove onto the field, set the 1948 champions down with four scattered hits.

Meanwhile, the Rockets were combing the offerings of Luis Gonzales and Tony Iglesias for 14 assorted blows, including doubles by Buzz Jackson and Julian Pressley.

The Rockets broke the barrier with five runs and closed shop about the same way, getting four tallies in the ninth.

Big Spring escaped a shutout when Pat Stasey scored in the fourth frame on a double by Gil Guerra.

Only Pete Hernandez was able to solve Franks' offerings with any consistency, getting a pair of singles in three trips.

### Jimmy McHale Virtually Eliminated From Title Consideration At Troon

TROON, Scotland, July 7. (U) — Jimmy McHale of Philadelphia, floundered all over the Troon course today and needed 74 strokes for his 18-hole round in the British Open Golf championships.

That gave him 220 for the distance and virtually eliminated him from title consideration. A fourth round will be played over the par 35-35-70 layout this afternoon.

The weather conditions were ideal for today's 36-hole marathon that will determine a successor to Bobby Locke of South Africa, who started the day two strokes off the pace in third place.

Roberto De Vicenzo of Argentina, was the early leader after 54 holes with 211, following his 68 in today's morning round.

John Bullis of Pittsburgh, twice a runner up in this tourney, kept up with the leaders with a 71 that gave him 214—three strokes off the lead—for the first 54 holes.

Frank Stranahan of Toledo, Ohio, who won the British Amateur title several weeks ago, had puttr trouble and soomed to 73 for a 220 aggregate.

### Frogs To Play 4 Home Games

FORT WORTH, July 7.—Application blanks for season tickets to the TCU Horned Frogs' 1950 football games have gone into the mails, according to Amos Melton, new business manager of athletics.

Within the next few days, the blanks will be received by all holders of 1949 season books and by other fans requesting them. Fans who do not receive the applications may obtain them by writing the TCU Athletic Department.

Fans using the blanks may order not only season tickets to the Frogs' four home games but individual tickets for out-of-town battles as well. The season tickets for reserved seats at home are \$14.40. The boxes are \$17.00.

The Purple's home slate is: Oct. 7, University of Arkansas (night); Oct. 14, Texas Tech (night); Nov. 4, Baylor University; Nov. 18, University of Texas.

In addition to game tickets, fans may also purchase parking space inside the stadium grounds so long as the limited number of such tickets are available. Space on the lower level is \$5.00 for the season. The upper level is \$10.00.

Indications are that the demand for tickets for the Texas game on Nov. 18 will be the heaviest and there is a strong possibility of a sellout. Melton said. "Demand for the Arkansas game promises to be close behind."

The Texas Tech game has been declared the "official student trip" for the Red Raiders and more than 4,000 students and West Texas fans will be in the stands for the night game.

The Baylor student body will also follow the Bears here on Nov. 4. "With overall interest in the Frog home games likely to hit a new peak this season," Melton pointed out, "it is advisable that all fans wanting season tickets place their orders early. Applications must be in by Aug. 1 when the job of filling all those on file will be started."

Away from home this fall, the Frogs will play Kansas in Lawrence, Kansas, on Sept. 23; Oklahoma A&M at Stillwater, Okla., on Sept. 30; Texas A&M at College Station, Oct. 21; the University of Mississippi at Memphis, Tenn., on Oct. 28; Rice at Houston on Nov. 25 and SMU in the Cotton Bowl in Dallas on Dec. 2.

### Far East Air Study

TOKYO, July 7. (U) — U. S. Air Force staff specialists, headed by Lt. Gen. Kenneth B. Wolfe, departed for Washington today after studying Far East air force problems in the Korean campaign. The group conferred with Lt. Gen. George F. Stratemeyer, FEAF commander.

### Program Worked Out By YMCA

The YMCA, which recently moved to new quarters in the building formerly occupied by the First Christian church, has announced its recreational program for the various age groups.

Youngsters under 12 years of age will be encouraged to take part in tumbling and basketball exercises from 1:30 to 2:30 p.m. on Mondays and Fridays.

Lads in the 12-15-16 age bracket will undergo similar drills from 2:30 to 3:30 p.m. on those days. Boys over 14 will be permitted to use the gym from 3:30 to 5 p.m. Mondays, Wednesdays and Fridays.

Men's gym classes will be conducted starting at 5 p.m. on Mondays. Last fall, Syracuse University's Bob Kolesar added the point after touchdown 22 times in 23 tries.

# Rain Enhances Crop Chances In Areas South, West Of Here

Timely showers fell in spotted areas south and west of here Thursday afternoon, enhancing crop prospects in those areas. Most of the Elbow section obtained upward of an inch of moisture. Even in the midst of it, however, the picture was spotted. Lee's store, to the south, had an inch, but to the east Forsan had only a shower.

# Shell-O'Daniel To Take Second Drillstem Test In Pennsylvanian

Shell No. 1 O'Daniel, northeast Howard Pennsylvanian discovery, was preparing to run another drillstem test today. The venture had deepened to 8,000 feet in lime and prepared to run the test from 8,010-60. Earlier it had recovered a total of 42.9 barrels of 47.6 gravity oil (at 12.2 degrees) in a 40-minute test of a section from 7,985-8,010. Age of the reef formation has not been announced.

# Work Starts Today On Storm Sewer Near High School

Work started today on the installation of approximately 750 feet of 24-inch storm sewer to drain 11th Place in front of the new high school grounds. The storm sewer will be put in from the low place at the intersection of Benton and 11th Place to the draw near the 11th Place-Gallard street intersection. The city and Big Spring school district are cooperating in the installation of the sewer with the school providing material and the city doing installation work.

# Ex-Navy Head Dies

HYTHE, Eng., July 7 (AP) - Admiral Pervical Henry Hall-Thompson, 76, former commanding officer of the royal navy's reserve fleet, died yesterday.

**PERFECT FOR SUMMER**  
**HCJC Instructor Invents Car Cooler**

By WILLIAM C. BARNARD  
Associated Press Staff  
A 27-year-old Texan, George A. McAllister, Jr., has invented an automobile air-conditioner nearly any car owner can afford.  
McAllister, a mathematics instructor at Howard County Junior College, Big Spring, says he got the idea while crossing the Mojave Desert.  
"I began to wonder if there wasn't some practical way to cool that scorching wind that was coming into the car. After having brok-

**TRAIN CRASH FATAL TO EIGHT**—This is a general air view of the crash at Monica, Ill., of the freak collision of two Santa Fe railroad trains, the El Capitan and the Kansas City Chief, running side by side. Eight passengers were killed. The accident occurred when a mail coach of the El Capitan, extra fare all coach train running between Los Angeles and Chicago, suddenly left the track and swerved into the Kansas City Chief, a combined pullman and coach express operating between Kansas City and Chicago. (AP Wire-photo.)

en two window glasses while using a window type cooler, I decided there must be some better way."  
McAllister's invention—an evaporative type cooler, is now being manufactured at Teague, Tex.  
Two air scoops are attached over the openings of air ducts on each side of the radiator, behind the grill. In each scoop is a pad on which water is sprayed intermittently by action of a six-volt electric pump. The water comes from a six gallon water tank that is attached to the car beneath the front bumper by to flanges that hook over the bumper supports. When the hood of the car is closed, all this apparatus is concealed.  
"Forward movement of the car forces air into the air scoops," McAllister, a six-foot two-inch 200 pounder told us. "The air travels through the pads, here it is cooled, and then on into the interior of the car. By use of a special device, all water that is not evaporated is returned to the supply tank and used over again."  
A native of Commerce and a former Marine officer, McAllister said that when winter comes, you just leave the car cooler in place since it isn't in the way.  
"Besides," said he, "one feature is just as good in winter as in summer. Flick a switch and the electric pump will throw a generous spray of water on your windshield to clean it off."  
The coolers, named Northwind Kar Coolers, became available this week for Chevrolets. Later they'll be manufactured for other cars. Installed, they sell for \$62.50.  
Oh, yes—the car cooler will travel 200 miles on one tank of water

**DOES CAPONE GANG EXIST?**  
**Senate Probers Seek Evidence For Chicago Underworld Study**

WASHINGTON, July 7.—Senate investigators, stirred by reports that the Al Capone gang still exists, gathered evidence today for a study of the Chicago underworld and its political influence in near-by Cicero, Ill.  
Chairman Kefauver (D-Tenn) of the Senate Crime Investigating Committee said the groundwork already has been laid for the inquiry. The group will hold closed-door hearings in Chicago July 21-22.  
Director Virgil Peterson of the Chicago Crime Commission gave senators a report on Chicago crime yesterday. He was slated to testify today on the New York headlines and their ties with Chicago, Florida and California racketeers.  
Peterson said the Capone crime syndicate is still operating, using Cicero as headquarters in much the way it did 20 years ago. He added it would be hard to prove but that it was obvious the hoodlums had strong political influence in Cicero.  
Kefauver said the committee intends to go into the Cicero situation as part of the Chicago crime inquiry. He declined to say if subpoenas had been issued.  
Peterson, a former FBI agent, has spent several years making a study of gangland operations and the links between criminals in all parts of the country.  
Peterson named Charles Fischetti and Tony Accardo as two of the chieftains in what he called the present-day Capone syndicate. He also listed a score of others with names such as Louie "Little New York" Campagna, Hymee "Loudmouth" Levin, and Sam "Golf Bag" Hunt.  
"Many of these individuals," he said, "are still important members of the Capone syndicate."  
Peterson named Edward Vogel as the slot machine king of Cook County, Ill., which includes Chi-
