NUMBER 6

'A Scout Is Friendly' Is Theme Of Boy Scouts' 49th Anniversary

The nation's 4,780,000 Cub Scouts, Boy Scouts, Explorers, and adult leaders observe Boy Scout Week, February 7 to 13, by launching the fourth and final year of the "Onward for God and My Country" program. The 49th anniversary emphasis is "A Scout is friendly."

Through their World Friendship Fund of voluntary contributions the Boy Scouts of America have helped Scouts in 48 other nations.

America will be represented by several hundred Scouts at the Tenth World Scout Jamboree next July 17-26 in Makiling National Park near Manila in the Philippine Islands.

During Boy Scout Week, honors will go to units that successfully carried out projects in traffic, outdoor, and home safety in last year's Safety Good Turn.

A Scout Is Friendly

The fourth point of the Boy Scout Law reads, "A Scout is friendly. He is a friend to all and a brother to every other Scout."

Now, as the Boy Scouts of America celebrate their 49th anniversary during Boy Scout Week, February 7 to 13, let us see how this friendliness is fostered.

Friendships form readily in the Cub Scout pack, Boy Scout troop, and Explorer unit as their programs promote democratic ways of living together.

The weekly neighborhood den meetings of the Cub Scouts who are eight, nine and ten years old are full of fun as they take on themes of American history, geography, natural science, and safety. At monthly pack meetings where they put on interesting demonstrations and program features, the Cub Scouts meet and know the parents of members of the other neighborhood dens.

The Boy Scouts, over eleven, make friends as they form patrols in the troop, elect their own boy leaders, and plan their programs. These friendships are strengthened as they camp and hike together.

The new Exploring program for high-school age young men provides a series of social experiences that help Explorers increase their skill in working and living with others.

World Scouting today in 67 nations finds 7,589,183 enrolled. America's Scouts make friends with those of other lands at the world Scout jamborees usually held every four years. Several hundred American lads will camp together with about 12,000 others from all parts of the world at the Tenth World Jamboree in the Philippines next July 17 to 26.

Through the World Friendship Fund of voluntary contributions since 1944, Boy Scouts of America have helped less fortunate brother Scouts of other lands.

We congratulate the Boy Scouts on their 49th milestone.

2nd Sunday Singing To Be Held At North Side Baptist Church

The regular meeting of the Second Sunday Singing group will be held at the North Side Baptist Church Sunday, February 8, from 2:00 to 4:00 p. m.

All who enjoy good group singing are invited to meet with the group and join in the singing.

Patricia Bryan Sweetheart Of U Of T Fraternity

PATRICIA ANN BRYAN

Patricia Ann Bryan, daughter of Mr. and Mrs. Bill Bryan of Rockwood and a freshman in the University of Texas at Austin, has been selected sweetheart of the Kappa Psi Fraternity at the University.

Miss Bryan is a 1958 graduate of Santa Anna High School. During her high school career she was a member of the FFA for four years, was a twirler in the band for four years, played basketball two years and also played volleyball. She was a member of the Librarian's Club two years, Press Club three years and participated in the Senior Play.

She held the following offices during high school: Class Treasurer for three years, band reporter and secretary and Press Club society editor. She was also elected FFA sweetheart her Junior year.

Some Moisture In Extreme Cold Weather

A little badly needed moisture was welcomed during the extremely cold weather that almost brought this section of the state to a stand-still during the first part of the week. A report from the Coleman Gas Company reveals a total of 1.4-inch moisture fell here. Generally, about the same amount fell throughout this area.

Beginning early Sunday morning a light mist began freezing on windshields and making driving hazardous. After a let-up during the morning hours, Sunday afternoon the weather became worse and by Monday morning the entire area was covered with a slick coating of ice. A slight thaw Monday afternoon, then another freeze Monday night made Tuesday morning the slickest the area had been in several years.

By noon Tuesday a lot of the ice had thawed enough that it could be removed from the sidewalks. Many cars passing through town had lots of ice on them. Driving conditions Sunday night through mid-morning Tuesday were very hazardous, but few accidents were reported. No serious accidents were reported in this area that we know of.

Reports seem to indicate that the groundhog saw his shadow in the northern states where the little animal lives. According to legend, when the groundhog comes out of his burrow and sees his shadow, he goes back underground for another six weeks, indicating six more weeks of winter weather. The groundhog would not have seen his shadow in this area on Monday, but forecasts seem to indicate that winter is not over for us.

The entire area is in need of some good heavy rains. Lots of farmers report their stock water is dangerously low. We have not had a good general rain here for about three months, and the small grain prospects are looking pretty bad, unless the needed moisture is forthcoming very soon.

World Day Of Prayer To Be Friday, Feb. 13

Around the world in 80 minutes!

How? The World Day of Prayer.

When? Friday, February 13 at 9:30 a. m.

Where? The local observance will be held in the First Christian Church, and is sponsored by the Council of Church Women in Santa Anna.

Neither the Navy, Army or Air Force has been able to invent a satellite which can encircle the globe in 80 minutes. But never underestimate the power of any church woman to do it on any First Friday in Lent.

The World Day of Prayer had its beginning in 1887. This movement, which had a small beginning, has become one of the great ecumenical demonstrations in the world today. A day creating new patterns of brotherhood, destroying prejudice, tearing down barriers. Nothing speaks more eloquently of the success of the last 150 years of the modern missionary movement of the church than does the participation of thousands upon thousands of Christians around the world in the World Day of Prayer.

It was in 1920 that the observance began as an international and non-denominational observance. As it passes through the air and over the ground, it is continually being robbed of its energy by friction in the air and on the ground and by the work it has to do in going around and over obstacles.

Whenever an increase in pressure occurs at the eardrum, we have a sound. Therefore anyone in the path of the cone of high pressure air will hear a sound at the time the cone passes him. Since the aircraft which is generating the cone is traveling at a very high rate of speed and since the high pressure is produced almost instantaneously, the observer will hear a very sharp loud crack which sounds much like a thunderclap.

As the shock wave strikes an obstacle such as a house, it passes over and around the structure pressing on it from all directions. However, it reflects off the front wall of the house like a wave reflecting off a seawall and the pressure on the front wall then becomes about twice the original or "free stream" pressure.

New Minister For Church Of Christ Arrives Here

JACK HALE

Mr. and Mrs. Jack Hale arrived in Santa Anna Wednesday, Jan. 23, to assume the duties as minister of the North Side Church of Christ. The Hales have three children, James, 8, Alan, 6 and Alana, 4. They are making their home at 807 Avenue A.

Hale was the minister of the Church of Christ at Harker Heights, Texas for two years before coming here. Born and raised in Fort Worth, he attended schools here and did some work at Texas Christian University. He plans to further his education by taking a night course at Abilene Christian College.

The new minister, along with other members of the church, extend a cordial invitation to everyone to attend services there.

Public Schools Week To Be Held March 2-6

Governor Price Daniel issued the following Official Memorandum from the State Capitol recently, designating the week of March 2-6 as Public Schools Week in Texas. A number of activities are being planned at Santa Anna during Public Schools Week and everyone is urged to participate in all the activities possible.

The official inauguration states:

Greatness, Texas, more than ever before, the inauguration of our schools is being conducted by an awakened Nation. A new perspective has been gained in education, both in scientific and liberal arts fields.

As we rush to build better and place satellites in outer space, however, it is important to remember that our public schools will furnish the majority of tomorrow's citizens. Basic human, moral and cultural foundations need strengthening, advanced training and knowledge.

In an effort to make Texas public schools the finest in the Nation, the citizens of our communities are urged to take an active interest in the school systems and to cooperate with the respective school boards, superintendents, principals and teachers.

For the past nine years Public Schools Week in Texas has been set aside as a special time each year to place increased emphasis on our educational system. Parent visitation is encouraged and each citizen is urged to recognize the tremendous importance of our public schools.

THEREFORE, I as Governor of Texas, do hereby designate the week of March 2-6, 1959 as PUBLIC SCHOOLS WEEK in Texas.

In official recognition whereof, I hereby affix my signature this 7th day of Jan. 1959.

s/Price Daniel
Governor of Texas

Linda Riley, a student in the University of Texas at Austin, spent the weekend here with her parents, Mr. and Mrs. J. W. Riley.

Mrs. Milton Herbert of Shreveport, La., Mr. and Mrs. Bryan Blevins and Mrs. Richards of San Angelo, were visitors in the John Gregg home Wednesday night of last week.

Mr. and Mrs. Ben G. Ewing Sr. announce their new address is 809 North 11th St., Waco.

Mother's March Nets \$255 For March Of Dimes

The annual Delta Chapter Sorority Mother's March on Feb. 6 netted a total of \$255 for the March of Dimes. The money was collected in the form of a raffle.

The Delta Chapter Sorority has a total of \$279.40. The money contained in the raffle will be picked up at the end of this week and the money will be turned over to the March of Dimes.

We are sure there were a number of persons and business establishments who were missed in the drive on Friday. We would appreciate it very much if those of you who planned to make contributions to the March of Dimes would either bring or send your contributions to The News office or deposit it to the March of Dimes account at the Santa Anna National Bank.

In comparing figures this year with previous years, we are just over the half-way mark of the goal raised two years ago. In 1957 \$1,076.47 was raised for the March of Dimes. In 1958 a total of \$725.00 was raised.

With the National Foundation fighting on the treatment and research on other diseases, drive chairman have been instructed to raise more money than ever this year. It seems that we will not have that kind of success, but we are still open and ready for all contributions.

New Directors For Chamber Of Commerce

New directors elected to the Community Chamber of Commerce board of directors last week were: W. B. Griffin, C. L. Cheney, D. H. Moore, W. H. Tate and Walter Holt. These directors will serve a term of two years.

Old year directors are: Oso Tubank, Cullen N. Perry, W. R. Ambrose, Norman H. L. A. Wain and J. L. C. Wain. The Chamber of Commerce will meet in the next few days and elect officers for the coming year.

New Band Members

New members in the Santa Anna High School band are: Paul Anderson, Don Bantz, Ed and Ann B. Wain and J. L. Hargrove. The Coleman Gas Company this week volunteered to purchase a number of band uniforms.

James A. Mallow, band director, expressed the thanks of the band to all who have purchased uniforms and made a difference during the last few days. The band was issued on Friday, and because there was no school the first part of the week, no accounting has been possible.

The band received \$430 worth of the candy and if it is all sold they will make a total profit of \$180, all of which will go into the band uniform fund.

Happy Birthday

"Happy Birthday" to all who have birthdays during the next week. Below are listed the birthdays we have this week.

FEBRUARY 6
Mrs. Joe Grant
Mrs. Ed Spencer
J. B. Howington

FEBRUARY 8
Stanley James

FEBRUARY 9
Ariena Wallace
Mrs. Fred Bates
Johnny Hutcherson, Dumas.

FEBRUARY 10
Mrs. Bob Melvill
Alice Anna Lovelady
Ione Caton
Mrs. J. B. Howington

FEBRUARY 11
Terry Blanton

FEBRUARY 12
Mrs. Hazel McCrary
Ben W. Yarborough
Earl Irick Sr.
O. B. Smith

Would you like for your name to be published on your birthday? If so, please be sure to let us know when it is. Next week we will publish names of those born on February 13th and February 14th.

Shields News

By Mrs. E. S. Jones

Mrs. Bert Fowler, chairman of the March of Dimes, reports \$66.50 for our community.

Mrs. Jessie Williams, Mrs. A. D. Eppler and son, Dwight, and Mr. E. R. Eppler visited last week with relatives at Lubbock and Plainview.

Mrs. Clyde Vercher, who has been a patient in Shannon Hospital, San Angelo, for several weeks, was moved to the home of her sister, Miss Ann Ashford in San Angelo on Friday.

Mrs. W. F. Maellen of Santa Anna and Mrs. E. S. Jones visited with Mrs. Ura Dillingham Wednesday afternoon.

Mr. and Mrs. George Cobb visited over the weekend with their sons, Vance and family of Odessa, and Stanley and family at Midland.

Mr. and Mrs. A. B. Carroll spent Tuesday and Wednesday in Austin with his sister, Mrs. Blockshear.

Mrs. Herman Gilbreath visited Friday with her mother, Mrs. W. C. Revels, a patient in Over-all Hospital, Coleman.

Miss Pat Taylor of Santa Anna spent the weekend with Chrystene Carpenter.

Mr. George Stewardson and Jeanie spent Sunday night in Fort Worth with the Darwin Watson Jr. family.

Mr. and Mrs. E. D. Jones of San Angelo and Mrs. Ione Calton of Santa Anna visited Saturday with Mrs. E. S. Jones. Mrs. Emma D. McClain of Doole spent Sunday with Mrs. Jones.

Mr. and Mrs. Homer Goodison visited over the weekend in Dallas with their daughter and son-in-law, Mr. and Mrs. Winny Shaw and children. They also visited his sister, Mrs. Ophelia Ewing, who is recovering from eye surgery, recently performed in a Dallas hospital.

Pretty Marilyn Wood, Donna, Texas, high school senior, and Santa Fe Railway 4-H scholarship winner, is one of six chosen to report on club activities to President Eisenhower and the nation at Washington during National 4-H Club week starting February 28th.

Income TAX FAX

Questions and Answers About Your Individual Income Tax Report for 1958, as Presented By The Texas Press Association.

Do you have traveling expenses in connection with your employment?
If so, you can deduct them from your income if arriving at your adjusted gross income. This means that you also can use the standard deduction as you no longer have to itemize your deductions on page two in order to take these traveling expenses.

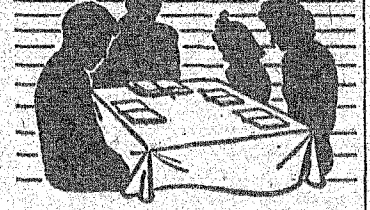

Out-of-Town travel expenses: The law provides special deductions for the expenses of travel while away from home in connection with your employer's business.

Traveling "away from home" means going away from the city or town where you normally work and remaining away at least overnight.

"Travel expenses" means the cost of transportation fares, meals, and lodging, and includes porter's tips, hire of public stenographers, baggage charges, and similar expenses necessary to travel.

Travel expenses do not include any entertainment ex-

Today's MEDITATION
from The World's Most Widely Used Devotional Guide

The Upper Room
© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read John 13:6-17

I say, through the grace given unto me, to every man that is among you, not to think of himself more highly than he ought to think. (Romans 12:3)

One day some soldiers were repairing a redoubt. As they were attempting to lift a heavy timber, an officer not in uniform came riding by. Seeing the struggling men, he stopped to watch.

Struggle as they might, the men could scarcely move the heavy timber. The officer asked the commander why he did not take hold and help. With a superior air, the commander replied, "Sir, I am a corporal."

"Oh, I ask your pardon, Corporal," said the officer gravely. Then he dismounted from his horse, and assisted the men. Then he turned to the corporal and said, "Corporal, whenever you have such a job on hand and not enough men to handle it, send for your Commander-in-Chief, and he will come and lend a hand again."

How true indeed are the Master's words, "Whosoever exalteth himself shall be abased, and he that humbleth himself shall be exalted."

PRAYER:
Gracious God, our Father,

expenses do not include the expense of commuting to and from work. Commuting is a personal living expense and is not deductible.

Thou didst humble Thyself by sending Thy Son into the world for the redemption of mankind. Humble us now by increasing our awareness of how much we fall short of Thy glory. In Jesus's name we ask it. Amen.

THOUGHT FOR THE DAY

"Humble yourselves in the sight of the Lord, and he shall lift you up."

Henry H. Schooley (Rhode Island)

GO TO CHURCH SUNDAY.

Thinking of hearing glasses?

INSIST ON QUALIFIED PROFESSIONAL SERVICE

If a hearing aid is the answer to your hearing problem, consider PRESCRIPTION HEARING GLASSES.

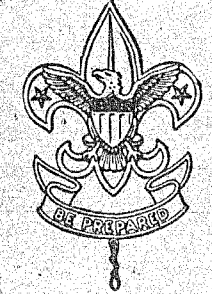

These glasses are available exclusively through ophthalmic channels—not through hearing aid dealers.

Don't sacrifice your vision or comfort with heavy, poorly-fitting glasses that slip or slide. Benefit by the professional experience and training of optical specialists.

LAFF OF THE WEEK

"Golly, I guess she wasn't a mermaid after all!"

HALF-PAST TEEN

Whon News

By MRS. TOM RUTHERFORD

Our news is very scarce this week. Sunday was the beginning of very bad weather conditions. Our school bus did not run today (Monday) and probably won't Tuesday.

I am sorry to report the condition of Mrs. Gardiner, who broke her hip and is a patient in Brady Hospital, is not so well as hoped for. But the doctors say she is doing as well as can be expected with her type of break. Friends who have visited her say she is really suffering. We are also sorry that Mr. Gardiner is not well, even though he has not been hospitalized.

Douglas Avants of Brady and John X. Steward of Rockwood visited with Mr. and Mrs. Aaron Avants Sunday afternoon.

Mr. Elmer Renroe, a former resident of our community, was through this community last Friday. He visited briefly with the Earl, Cozart's. Mr. Renroe is now living in Mexico.

Sammie Shields was Sunday dinner guest of Mr. and Mrs. John Avants in Brownwood.

Earl Wright Gill was on the ranch Friday. I was surprised when Earl informed me he married New Year's Eve and was living in Brownwood on Ave. E. All Earl's friends wish him much happiness.

Mrs. Bert Turney spent one night the past week with her son and family, Mr. and Mrs. Rex Turney and children in Santa Anna.

Sorry Mr. Greham Fitzpatrick was on the sick list over the weekend, and was unable to work on Monday.

Mr. D. F. Parkins of Coleman is spending a few days with his daughter, Mr. and Mrs. Floyd Morris and boys.

Mrs. Ann Bryan was in Santa Anna a few days last week with Mr. and Mrs. Church Deer. Mrs. Bryan accompanied Mrs. Deer to the Santa Anna Hospital, where she was a patient one night for a special kind of treatment.

Tom Rutherford and daughter, Lynda Sue, were business visitors in Coleman Monday morning.

Mr. and Mrs. Jodie Deal of West Texas spent the weekend with his parents, Mr. and Mrs. Dick Deal and Dixie.

Dick Deal, Tom Rutherford, Sammie Shields and Aaron Avants were in Brownwood last Tuesday for the livestock sale. Deal and Shields had hogs there and Rutherford and Avants had calves.

Trickham News

(Editor's note: This week we did not receive very much news from the Trickham area. Likely, this was due to the very bad weather that has been with this area since Saturday night. We would appreciate each family having news items sending them in to us. We will compile the column of Trickham News here. We request all news to be mailed in as soon as possible. All news received by Tuesday noon each week will be published as that week's news.)

Mr. Bud Laughlin, who took suddenly ill about two weeks ago with an apparent stroke, is still in the Memorial Hospital in Brownwood. His condition remains about the same.

Mr. and Mrs. Frank Shield of Graham spent the weekend here with his sister and husband, Mr. and Mrs. Oscar Boenicke. Other visitors in the Boenicke home were Mr. and Mrs. Sam Craig and Mr. and Mrs. Antone Boenicke.

Mr. and Mrs. Del Ray Stacy of Midland visited his parents over the weekend.

Mr. and Mrs. Weldon Lucas and Mrs. Maud Burney of Coleman, Mr. and Mrs. Homer Gooden of Santa Anna, Mrs. Clara James, Sierrell and Stanley, Mrs. Zona Stacy and Mrs. Beula Kingston were in the Walter Stacy home Thursday night for a sing-song and Christian Fellowship.

John McClatchey, a patient in the Bangs Rest Home, spent the weekend with his daughter, Mr. and Mrs. Oil Martin.

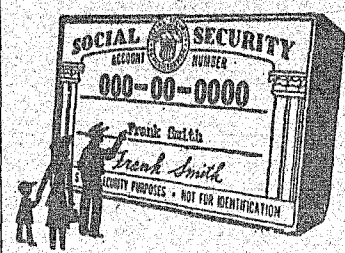

Mr. and Mrs. Charles Hosh and Sandra of Sweetwater and Mr. and Mrs. Donald Hosh of Coleman were visitors with their parents, Mr. and Mrs. Roscoe Hosh, Sunday.

Mrs. W. C. Spencer and sons, Tom and Bill, of Dyess Air Force Base, spent the weekend with her parents, Mr. and Mrs. T. A. Mills.

Chester Galloway of Beaumont spent the weekend here with his wife, Mrs. Mildred Galloway.

Attend Church Regularly

Mr. and Mrs. Jake Degal were shopping in Brady one day last week. While there they visited Mrs. Gardiner in the hospital. Mr. and Mrs. Etoile Cozart were shopping Coleman Saturday.

QUESTIONS AND ANSWERS

Q. In 1958 I had an actual profit of \$700.00 from my farm. My gross sales were \$1,500. Must I pay social security tax on the actual profit of \$700.00 or can I use the optional method of reporting?

A. You can pay tax on your actual profit of \$700.00 or you can pay tax on 2 1/2% of \$1,500.00 under the optional method of reporting. The choice is entirely up to the individual farmer. It may be to your advantage to report on the larger amount.

Q. Is it really necessary to

keep records of my income and expenses on my farm?

A. Yes. Accurate farm records listing all income and expenses should be maintained in order for you to be able to file an accurate and complete tax return each year. If you do not have accurate records you may fail to receive social security credits for the work you have done.

Edison

IN OBSERVANCE OF NATIONAL **Electrical Week**

FEBRUARY 9-15

In tribute to Thomas A. Edison and other pioneers whose inventive genius launched the electrical era three-quarters of a century ago.

DO YOU REMEMBER WHEN

- We used the old pump in the back yard?
- Mother used the old scrub board and tub?
- We had lopsided cakes baked in the old wood oven?
- The butter jar was dunked in the well to keep cool?
- Fresh meat, fruits and vegetables had to be bought in small expensive quantities so they wouldn't spoil?

GREAT IMPROVEMENT

Electric power has already done more than any single development to improve our way of living and ... complacency still has no place in electrical progress. Inventors and engineers are still discovering and developing greater things for us all.

Value of water and conservation is emphasized in the unrecoverable losses that resulted on the Rio Grande during 1958. Shortly after the Falcon dam below Laredo, was completed a few years ago, the biggest flood in modern history came. Engineers estimated that savings from flood damages alone more than paid the cost of Falcon's construction.

And the less severe floods of 1958 furnishes further proof of the need for another dam to conserve and protect. Col. L. H. Hewitt, U. S. Commissioner for the International Boundary and Water Commission, has just reported to me that if the proposed Diablo Dam above Del Rio had been built and in use last year, savings would have amounted to 99 percent of our share of the cost of construction. The 200,000,000 gallons of flood water that would have been conserved and damage prevented would have amounted to an estimated \$100 million.

Diablo was advanced another step last week when comments on Col. Hewitt's economic report on the project were received from all Federal Agencies to which the report had been submitted. The next step is action by the Bureau of the Budget, and then submission to Congress.

Increased imports of frozen lamb carcasses from New Zealand has caused much concern among domestic growers and feeders. The Department of Agriculture, however, has declined to intervene before the Tariff Commission to seek restrictive action.

Citing import figures, the Secretary of Agriculture expresses doubt that, at least up

to this time, the imports have been enough to cause much damage. In January-September 1958 period mutton and lamb imports were 18.6 million pounds and U. S. domestic production was 516 million — about 3.6 percent of domestic output. In urging the Secretary of Agriculture's help, many of us became fearful this rate of importation may increase and cause serious harm to lamb markets.

The best panama hats come from Monte Cristi, Ecuador. They are so fine that they can be rolled up and drawn through a wedding ring.

Georgia is the largest state east of the Mississippi river.

Plan Your Fertilizer Program Around A Soil Test

College Station — An inventory of your soil now will provide a basis for planning a fertilizer program which will supply needed plant nutrients and help your crops produce their yield potential.

A soil test will give this inventory by determining the level of usable nutrients in the soil, says Bill Bennett, extension soil chemist who is head of Texas A&M's soil testing laboratory.

"Soil tests are somewhat like finding out your bank balance," Bennett said. "If it is low, it should be replenished. If it is well filled, you're in good

shape." Slowly available nutrients which are not available now but will be in the future are important as well as readily usable nutrients, Bennett pointed out. Fertilizer recommendations based on soil tests take both forms into consideration.

Farmers should plan now to take inventory of their soil by getting a soil test, Bennett advised. Local county agents can provide advice and assistance in taking a soil sample and submitting it for testing.

The second-largest state capital in the United States is Indianapolis.

The Monroe Doctrine was published in 1823.

Joyce Smith Hostess To Ski Club Meet

Miss Joyce Smith was hostess to the Aquacade Ski Club of Brownwood in the home of her brother, Mr. and Mrs. Floyd Smith, Sunday afternoon February 1st. The meeting was called to order by the president, Wesley Montgomery. Minutes were read by the secretary, Miss Joyce Smith.

The group voted to build a Ski jump and raft and the president set two work days a month to get the jump built. A committee was also appointed to buy skills for the club. Another committee was appointed to see about having club emblems made.

Refreshments were served the group from a table covered with an aqua cloth, the club's color. Present for the meeting were:

Mr. and Mrs. Wesley Montgomery and Carol, Luther Talley, Mr. and Mrs. Ray Winn, Mrs. Kenneth Lee, Mr. and Mrs. M. D. Lofton and Miss Smith.

The next meeting of the club will be held March 1st in the home of Mr. and Mrs. Ray Winn in Brownwood.

Self Culture Club Meeting

The regular meeting of the Self Culture Club was held Friday, January 30th at the home of Mrs. Charles Ing. A very interesting program on Hypnosis was presented by Mrs. Nona Woodruff. The hostess, Mrs. Ing, spoke on Mental Telepathy.

Following the business meeting, refreshments of pie and coffee were served to the 13 members present.

The next meeting will be on Friday, February 13, with Mrs. Hardy Blue.

Dorcas Class To Honor Newly Weds Thursday

Members and their husbands of the Dorcas Class, First Baptist Church, will entertain Thursday night, Feb. 5th at 7:00 p. m. with a party in the church annex honoring Mr. and Mrs. W. W. Bartlett. Mrs. Bartlett is the former Lennie Biggs and a member of the Dorcas Sunday School class. Friends of the couple are invited to attend.

Needlecraft Club Met With Mrs. Dillingham Thursday

The Needlecraft Club spent a very pleasant afternoon in the country home of Mrs. John Dillingham on Thursday, Jan. 29.

Several business items were discussed and disposed of. The remainder of the afternoon was spent in conversation.

Mrs. Sam H. Dalton was a guest of the club.

The hostess served a refreshment plate of congealed salad, cake and coffee.

Those present were: Mrs. Dovie Chapman, Mrs. Lillian Pettit, Mrs. Ella Stiles, Mrs. A. R. Brown, Mrs. C. A. Curry, Mrs. Taylor Wheeler, Mrs. J. E. Bartlett, Mrs. W. E. Wallace, Mrs. Will Haynes, Mrs. John C. Brown, Mrs. John Dillingham, Mrs. S. H. Dalton, Misses Jettie and Dora Kirkpatrick, and Mrs. M. L. Guthrie Sr.

20th Century Club To Meet Friday

The 20th Century Club will meet Friday, February 5, at 2:00 p. m. at the Library building. Mrs. Leroy Stockard will be hostess for the meeting.

An interesting program will be presented.

All visitors are welcome to attend.

Perry-Biberdorf Vows Exchanged

Roberta Ann Perry of Dallas, daughter of Mr. and Mrs. Robert Perry of Santa Anna, formerly of Dallas, became the bride of David Biberdorf, son of Mr. and Mrs. Oscar Biberdorf of Quincy, Iowa, January 16 at 8:30 p. m. in the Methodist Church in Quincy. The Rev. Max Paige officiated.

The bride wore a street length dress of white net over pink with white net veil and tiara. She carried a bouquet of pink and white roses.

Matron of honor was Mrs. Nelda Anderberg of Alcester, South Dakota, sister of the bride. Frank Clemens of Chero-

Following a honeymoon in Omaha, Neb., the couple will make their home in Quincy, Iowa.

Farm Bureau Supports Governor's Tax Plan

Waco — Governor Dan F. Smith's proposal to tax natural gas as a means of raising needed revenue has been strongly endorsed by the Texas Farm Bureau.

J. H. West, president of the state's largest farm organization, declared that the tax is fair and equitable because it does not place an undue burden on Texas, while at the same time, gives the people of Texas an opportunity to benefit from the "irreplaceable" natural resource now being shipped out of state.

The revenue-raising proposal, HB 43, has been introduced in the House of Representatives by Austin by Rep. George Hinson of Mineola. The proposed tax is a "covered beneficiary" tax on natural gas at the rate of 3 percent of value, which would raise \$41 million over the next biennium. It would be paid by the producer only if there is no coverage beneficiary to pay for it.

West, joined by Governor Smith and Representative Hinson, urged the state to tax natural gas as a source of revenue that would help pay for the state's educational and health care programs. The tax would be levied on the production of natural gas within the state, rather than on the sale of it to other states.

At present, some 53 percent of Texas' natural gas production is consumed out of state, while at the same time, many of the consuming states are benefiting from the revenue from taxing it. For example, the states of New York, Michigan, Indiana, Ohio, and Texas collect from two to three times as much in taxes per thousand cubic feet on Texas gas as Texas as itself collects.

West said he would work with Governor Daniel T. Davis, who may end up paying part of this tax on gas consumed in Texas, to see that those who are entitled to move their tax burden outside the state pay a just tax on this natural resource.

The Texas Farm Bureau, which has been a strong supporter of the tax plan, said it would support any natural resource tax that would help pay for the state's educational and health care programs. The policy first was introduced in 1957 in some government agencies and has since been adopted by many of the nation's independent republics. That was in 1776.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M. D., Commissioner of Health

The next time you hear the rich full voice of your favorite singer, don't envy him. Pity him instead. He probably has extra large sinuses, and when they stop up...

America Lives Better Electrically As Industry Grows, Creates Jobs

THE PHRASE "ELECTRICITY BUILDS MORE JOBS" is the key to a nationwide event, National Electrical Week, this month, as well as a reminder of the role this powerful form of energy plays in our lives.

Local payrolls, national defense, comfort in the home, entertainment and plain good living all pivot on the services and products of this \$30 Billion industry. Over 50,000 local dealers, electric utilities, electrical manufacturers, trade associations, electricians and specialists celebrate their industry's contributions to the nation's welfare.

Americans can live better electrically because of the industry's constant progress in research and development. Today over 60 different types of appliances and electric home equipment are on the market, as compared to the 17 items that were available in 1930. Despite inflation, the cost of electrical service and equipment has stayed far below costs of other consumer goods and services.

Over 70,000 new homes across the nation were certified for the industry's highest award for electrical excellence, the Medallion, during 1958. Local utilities checked out these residences to determine that they met the industry's top criteria for the best in wiring, lighting and appliances. Industry experts forecast that over 100,000 new residences will qualify for the Medallion during the year ahead.

National Electrical Week marks the birthday of pioneer Thomas Alva Edison, his 112th anniversary. Edison's inventive genius paved the way for America's vast and vital electrical industry. In the past half-century, the growth of the industry has been so rapid that one out of every 20 working Americans is today in some branch of the industry or related services. Over \$14 Billion annually pours out in wages to industry employees.

Some racial groups are apparently immune to specific maladies which beset the rest of humanity. Eskimos rarely if ever get cancer. And toothache is practically unknown among natives in remote parts of the globe.

But apparently the rule concerning sinus trouble is this: if you're human you're susceptible. Thus, if you suffer from a sinus condition either chronically or occasionally, you are in excellent company.

A nasal sinus is a lined cavity in the face bone which opens into the nose. There are two important ones on each side of the face: one in each cheek bone, and one over each eye.

Cheekbone sinuses are triangle-shaped, large enough to hold half an ounce of fluid. Oversized ones can hold up to a full ounce. Eyebrow sinuses are smaller, the average having a fluid capacity of one-fifth ounce.

Sinuses are lined with mucous membrane, a continuation of the membrane lining the nasal cavity. When a sinus lining becomes inflamed enough to interfere with drainage, someone is in for trouble.

You can get all sorts of answers as to what good purpose sinuses serve. Some specialists believe they warm and moisten air as it is inhaled. Others believe that sinuses, like appendix, are evolutionary remnants which are, sometimes, more harmful than useful.

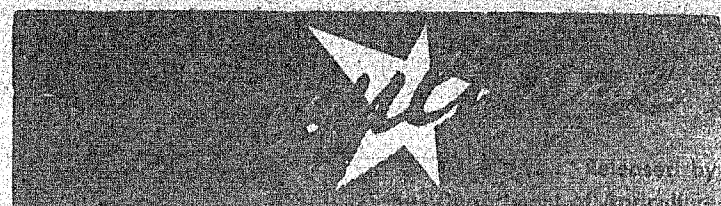

Sinus sufferers subscribe unanimously to this latter theory. But the truth probably is that sinus cavities serve as resonating chambers for the voice. Whether a person has a high or low pitched voice, according to this reasoning, is dependent on the size of his sinuses.

There are as many different causes of sinus inflammation as there are people suffering from it. Infection-producing agents such as viruses, and irritants such as pollens and dust are most often the cause. But facial injuries, infected teeth, and other conditions can also bring on flare ups.

What to do about it? Make sinuses drain, which is a little like telling the winter to go away. Still it can be done, if you can identify and eliminate the cause of irritation.

Temporary relief can sometimes be obtained with dilating drugs or inhalers, but the basic cause should be determined and treated by a physician.

Lincoln was nominated for the presidency in Chicago on May 18, 1860.

HOW WILL YOU HAVE YOUR CHICKEN

Texas is a chicken-raising and chicken-eating state. More than two million broiling or frying chickens are bought by Texas consumers each week, and the popularity of the budget-wise bird is ever-increasing.

To determine just what sort of bird the Texas fryer buyer is looking for when he or she goes shopping, the Texas State Fair in Dallas was the site for comprehensive consumer preference tests on certain poultry products.

The tests, conducted among 2,000 men and women attending the State Fair, were directed by personnel from the Texas Agricultural Experiment Station of Texas A&M College.

Items on which Fair visitors were asked to indicate their choice included: skin "color" — light, medium or dark yellow; method of pre-cutting chickens — into 6 pieces (as is commonly done), 10 or 13 pieces; type of wrapping — for pre-packaged birds — conventional clear cellophane, colored cellophane or aluminum wrap.

Conclusions showed that most of those tested (57 percent of men, 55 percent of women) preferred a medium yellow skin color for broiler chickens although a considerable number preferred a dark yellow color and very few (13% of men, 15% of women) chose a light yellow, almost white, skin color.

Although most poultry offered for sale in Texas stores is packaged with the carcass cut into 6 pieces, most consumers selected the carcass cut into either 10 or 13 pieces, with no significant preference between the two. This is probably because many housewives either do not know how to cut up a frying chicken or else have no desire to do so.

In the test for wrap preference, groups of poultry carcasses cut into six pieces were packed in pulpboard trays and wrapped in clear, yellow or red cellophane or in wrapping paper with an exterior aluminum finish. Eighty-three percent of those expressing a choice took the transparent cellophane overwrap now commonly used. Only 8 percent expressed a choice for the aluminum-wrapped package, probably because

it would give better protection if the poultry were to be held frozen before consumption.

Concerning the tests for skin pigmentation or color, it is interesting to note that a similar survey conducted in Baltimore, Maryland, revealed that most consumers there preferred either a very light or very dark pigmented carcass. It is possible that the differences can be explained on the basis of regional preferences, but further work is underway to determine some of the factors consumers associate with a white or yellow skin.

TAX-MAN SAM SEZ

During the past few years the sick pay exclusion on line 6, on page 1 of the Form 1040, has provided an important tax benefit for many taxpayers each year. There are specific rules to be followed in claiming the sick pay exclusion, but generally if you work for wages, become ill for a long period of time and your employer continued to pay you for all or part of your wages and salary, you may be entitled to some benefit. It is a good rule of thumb to read the sick pay exclusion tax instructions carefully if you lost any time off the job due to sickness or injury during the year and received pay for the lost time.

"The first month's sugar,
The second month's pie,
The third month you can
work...
And so can I."

This ancient bit of verse, written for newlyweds, might apply to the usual pace of legislative sessions, with short meetings and long weekends in the early months, followed by an around-the-clock grind. But this year lawmakers are being urged to cut short the honeymoon.

With committees appointed and put to work, Speaker Waggoner Carr urged House members to be "especially industrious" to save both time and money. Answers, he said, will "not be any easier to find next summer than this winter and

spring."

Appropriations Committee responded by putting itself on a five-days-a-week, eight-hours-a-day schedule, aimed at having the big appropriations bill ready in 60 days. Ordinarily, other legislation is held back until appropriation decisions are made.

HOUSE COMMITTEES — Affairs Committee defeated Rep. Joe Burkett Jr. of Kerrville for speaker, suspense centered on how Burkett supporters would fare in Carr's committee lists.

Outcome was that Carr men, naturally, received all choice posts and approximately 86 percent of committee chairmanships. Of the 43 House committees, 37 are headed by Carr supporters, four by definite Burkett supporters and two by persons

whose vote was not known.

Top committees and their leaders are: Appropriations, W. S. Healy of Paducah, chairman, John Huebner of Bay City, vice chairman; Revenue and Taxation, V. L. Ramsey of Beckville, chairman, Frates S. See-Ilgson of San Antonio, vice chairman; State Affairs, Richard Cory of Victoria, chairman, Max C. Smith of San Marcos, vice chairman; Oil and Gas, Wesley Roberts of Lamesa, chairman, Richard Slack of Pecos, vice chairman.

Constitutional Amendments, James M. Cotten of Weatherford, chairman, Frank McGreggor of Waco, vice chairman; Insurance, Carl C. Conley of Raymondville, chairman, Joe Chapman of Sulphur Springs, vice chairman; Motor Traffic, H. J. Blanchard of Lubbock, chairman, Rufus Kilpatrick of Beaumont, vice chairman; Agriculture, Truett Latimer of Abilene, chairman, Harold B. Parish of Taft, vice chairman.

SENATE COMMITTEES — Less dramatic, but fully as important to legislative processes, were Lt. Gov. Ben Ramsey's selections of senate committees.

Top posts are concentrated among veteran Senators, experienced in government, and in accord with the conservative philosophy predominant in the Upper House. Heaviest responsibility will be in the hands of Sen. Dorsey Hardeman of San Angelo, State Affairs chairman, and Sen. William S. Fly of Victoria, Finance chairman.

Other committee leaders include State Affairs, Jap Fuller of Port Arthur, vice chairman; Finance, Preston Smith of Lubbock, vice chairman; Agriculture and Livestock, George Moffett of Chillicothe, chairman, Culp Krueger of El Campo, vice chairman; Labor and Management Relations, George Parkhouse of Dallas, chairman, Krueger, vice chairman.

Also Oil and Gas, Frank Owen III of El Paso, chairman, Moffett, vice chairman; Insurance, Floyd Bradshaw of Weatherford, chairman, Owen, vice chairman; Transportation, Abraham Kazen Jr. of Laredo, chairman, William T. Moore of Bryan, vice chairman; Constitutional Amendments, Bill Wood of Tyler, chairman, Jimmy Phillips of Angleton, vice chairman.

GAS "EXPLOSION" DUE — Battle lines are being drawn swiftly and heavy artillery rolled up for the fight over Gov. Price Daniel's tax program, particularly the gas severance tax.

Industry spokesmen criticize the governor's program as "short-sighted" and deplore the

increasing of levies on sources already being taxed. Gas men promised to fight the severance tax, if passed, all the way to the U. S. Supreme Court.

But Governor Daniel declared he'd gotten many more bouquets than brick bats for his plan. Only opposition, he said, was from those who want to tax "everything from shirts and shoes to bassifets and baby buggies."

Rep. George T. Hinson of Mineola, who introduced the gas bill in the House, said it would bring in \$1.06 from out of state for every \$1 paid by Texans.

HANDS OFF — Governors of 28 other states have joined him, says Governor Daniel, in a fight against President Eisenhower's proposed 1 1/2 cent raise of the federal gasoline tax.

This tax field should be left to the states, the governor believes. Texas Highway Commissioner, he pointed out, is asking for a one cent raise in the state gasoline tax to help pay mounting road building bills.

Under the present federal aid formula, Daniel estimated that with a 1 1/2 cent federal tax increase, Texans would pay \$137,000,000 more in gasoline taxes than would be returned to the state for highway building.

GRIST FOR THE SESSION — Most of the bills which will be stirring up the air in the next few weeks already are in the mills. Among them are these measures which would:

PROVIDE FOR PARTY registration by voters at the time they pay their poll taxes, by Rep. Jamie Clements of Crockett. Only persons registered as party members would be allowed to participate in primaries and conventions.

RAISE TEACHER PAY by approximately \$800 a year, and lengthen school year to 190 days by Rep. L. DeWitt Hale of Corpus Christi. This follows recommendation of Hale-Aikin school study committee, of which Hale was vice chairman.

INCREASE LIQUOR TAXES from \$1.40 to \$2.50 a gallon, by Rep. Pete LaValle of Texas City. This was one of Governor Daniel's recommendations to bring in an estimated \$18,000,000.

TAX CORPORATION income on a graduated scale, by Rep. Dean Johnston of Houston, to raise an estimated \$20,000,000 annually.

INCREASE TRUCK WEIGHT limit from 52,420 to 72,000 pounds, by Rep. R. L. Strickland of San Antonio. Same bill was defeated after stiff fight last session.

REQUIRE open meetings by all government agencies, except

where they are now required by law to be confidential, by Rep. Truett Latimer of Abilene.

CHANGE PRIMARY election dates from July and August to the first and fourth Tuesdays in May, by Rep. Marshall O. Bell of San Antonio.

GIVE ALL Cities of more than 10,000 full authority to regulate wages and hours of firemen and policemen, by Rep. Ben D. Sudderth of Brownwood. This is a matter of sharp controversy. A counter-measure, introduced by Rep. Bob Johnson of Dallas, would reduce hours and increase pay for firemen and policemen.

PROVIDE A NEW University of Texas medical branch. Rival bills are being pushed — one by the Austin delegation directing that the school be built in Austin, and another by the San Antonioans, specifying their home city.

PROHIBIT LABOR UNIONS from using regular dues and assessments for political purposes, by Sen. George Parkhouse of Dallas. Unions would be required to file an annual audited financial statement with the Secretary of State.

LOAN STATE FUNDS to communities to help establish homes for old people, a constitutional amendment proposed by Rep. Murray Watson of Martineau.

SET BUTTERFAT content of milk offered for sale at a minimum of 3 1/2 percent, by Rep. Steve Burgess of Nacogdoches.

RAISE UNEMPLOYMENT benefits from \$23 to \$40 a week, and extend pay period from 24 to 39 weeks, by Rep. Roger Daily of Houston.

REQUIRE EMPLOYERS to recognize a collective bargaining agent supported by a majority of employees, by Rep. Clyde Miller and Robert Eckhardt of Houston.

ALLOW HIGHER SPEED limits on Texas highways. One

proposal, by Rep. Bill Jones of Dallas, would raise maximum from 60 to 70 m. p. h. Another, by Reps. Tom James of Dallas and Louis Anderson of Midland, would permit Highway Commission to regulate maximum up or down, as road conditions justify.

ABOLISH POLL TAXES as a requisite for voting, by Reps. B. H. Dewey of Bryan and Maude Isaacks of El Paso.

HAVE DEMOCRATIC executive committee members elected by direct primaries, rather than selected at the state convention, by Rep. Dewey.

REPEAL THE LAW requiring that a local vote be taken before a school can desegregate, by Rep. Don Gladden of Fort Worth.

MAKE ARLINGTON STATE College a four-year school, by Sens. Doyle Willis of Fort Worth and George Parkhouse of Dallas. Similar proposals were put forward for John Tarleton College at Stephenville and Midwestern University, Wichita Falls.

ALLOW LEGISLATORS to set their own pay by a two-thirds regular vote, a constitutional amendment, by Sen. Dorsey Hardeman of San Angelo. Hardeman was a leader in the defeat of the last pay raise amendment.

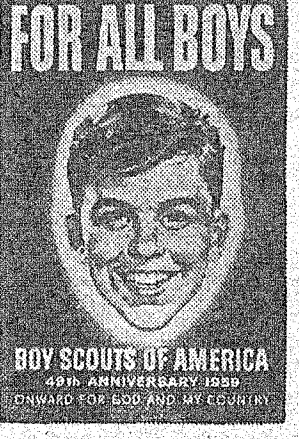

BAN AUTOMOBILE selling on Sunday, by Sen. Ray Roberts of McKinney.

Faneuil Hall, in Boston, is known as the Cradle of American Liberty.

BASKETBALL RESULTS

Thursday night the girls lost their conference game to Goldthwaite by a score of 47-40, making their record for the conference three losses and one win. They won over Mason and have lost to Goldthwaite, Llano and Burnet.

High point girl for Santa Anna was Judy Bryan with 20 points. Anita Broadway was second with 8 points. Addie Conrad was high point girl for Goldthwaite with 34 points. Margaret Jackson was second with 11 points.

The boys won their game over Goldthwaite by a score of 49-45. This year the boys have won two and lost two games. They won over Goldthwaite and Mason and lost to Llano and Burnet, both by one point.

Travis Buse was high point boy for Santa Anna with 13 points. Lowell Burdick was second with 11 points. Tom Graves was high for Goldthwaite with 13 points. Campbell Wilkins was second with 11 points.

Tuesday night the girls won over Mason by a score of 35-28. High point girl for Santa Anna was Judy Bryan with 19 points. The boys won over Burnet by a score of 39-47. High point boy for Santa Anna was Travis Buse with 12 points.

After the United States purchased the Danish West Indies in 1917, their name was changed to the Virgin Islands.
