

## Typhoid Shots Are Ordered In Robstown

ROBSTOWN (AP)—High water has needed six to eight inches in the business district but it was two to three feet deep in Avenue J. Highway 44 bypass in the north end of the city. No new rains had fallen today.

Mass inoculation against typhoid fever was on at order of Dr. Sidney Posen, city health officer.

Heavy rains at Bishop and Fallfurris last night flooded those towns. Officials said the situation appeared improved by noon. At Kingsville fifteen families who had been forced from their homes late last week had not returned.

At Sinton, northeast of here, 450 residents from the flooded south section of Sinton took refuge in the high school building again Sunday night. A new threat to another section by Chilitin Creek failed to materialize when that creek crested last night after a 10-inch rain west of Sinton. A forty block area has been threatened again.

At Robstown, 17 miles west of Corpus Christi, 2,000 persons spent

a third day in emergency shelter. Constable Ben Bennett reported water receding slightly in residential sections but "about the same" downtown.

If no more rain falls, or no more ditches break, Robstown will be "fairly well off," Bennett said.

An overnight shower dropped another one-half inch of rain on Robstown.

Robstown evacuees were being cared for in the Knights of Columbus Hall, the Nueces County Livestock Show Barn and the Sunday School room of the First Baptist Church. Charitable organizations were giving them food. The opening of Robstown schools was postponed from Tuesday until Sept. 8.

Bennett said it would take two or three days for water to drain off if no more rain falls. From the air, the area around Robstown looked like a vast lake.

Bennett urged sightseers to stay away.

Highway 44 from Robstown to Alice was closed. About 40 men from the Corpus Christi Naval Air Station and highway patrolmen patrolled highways leading to Robstown, asking drivers not to enter the town unless it was an emergency.

At mid-morning showers fell at Victoria, Houston, Cotulla, Laredo, College Station and Waco.

The Weather Bureau gave these rainfall totals for 24 hours ending at 5:30 a.m.: Beaumont 2.10, Corpus Christi 1.11, Galveston 1.76, Victoria 3.7, Austin .03, Brownsville .01, Dallas .02, Houston .66, San Antonio .40, Waco .86, Texarkana .22, Lufkin .28, College Station .14, Palacios .28, Cotulla .09 and Marfa .18. Morning temperatures ranged from 59 at Marfa to 78 at Brownsville.

The rain-flooded Rio Grande is 8.7 feet deep at Laredo and rising, but this was far below flood stage. Sunday, the river measured 2.2 feet at Laredo. Rio Grande water backing up behind the new Falcon Dam 75 miles downstream from Laredo was 82 feet at the dam, with 535,000 acre-feet stored.

Six inches of rain fell on Uvalde Monday morning and the surrounding area also was hit hard enough to close two highways.

The Rocksprings highway north from Uvalde and the Pearsall highway south both were closed because of high waters. At Kalpita the rainfall measured 5.50 inches, at Glina there was a 1.90 downpour.

The rain started falling at Uvalde about 4:30 a.m. and brought the Leona River, which flows through the town, almost half full. As a result of the Leona River rise several streets in Uvalde were closed due to the water.

Uvalde, which had missed much of the recent rains in South Texas, with only two inches recorded during the past week, now has about 11 inches of rain this year.

Farmers and ranchers in the area said Monday's rain definitely was a drought-breaker as there was good rainfall all over the range lands around Uvalde and water standing on what a week ago had been parched land.

The south Texas flood was no great danger to life because the water rose slowly. It spread over vast acreages and was trapped behind drainage ditch levees, rail

### Receives Republic Of Korea Award

President Eisenhower's son, Maj. John Eisenhower, was one of five U. S. 3rd Infantry Division officers honored recently by the Republic of Korea. Maj. Eisenhower (right) receives the Chungmu Distinguished Military Service Medal with gold star from Maj. Gen. Eu Kyin Shin, Republic of Korea Army deputy chief of staff. The citation said in part for "outstanding professional skill, resourcefulness and integrity." (AP Wirephoto).

## Telephone Strike Ends As Contract Reached

### Local Workers Notified; Pay Class Unchanged

Big Spring telephone workers began returning to work this morning at 8 a.m., W. A. Fitzgerald, president of Local 6101, Communications Workers of America, CIO, said today.

He expressed disappointment over the fact that the settlement didn't include the change in pay classification Big Spring telephone workers had sought. They had sought placement in Class III with Snyder, Odessa, and Midland, rather than the Class IV they are in. This had been termed the "chief issue" for local employees.

Fitzgerald said only a skeleton crew of operators had reported this morning but that the men had all been notified by the union. He was called direct from Fort Worth at 7:10 a.m. this morning, he said, and began notifying other employees. The union was unable to notify all the operators this morning, he explained.

He said the new contract would place the wage top at \$54.50 and the lowest wage scale would be "about \$36."

Telephone service was rapidly returning to normal throughout the state, said Clifford Fisher, Southwestern Bell manager here.

"We are glad the strike is over," Fisher said. "Most telephone users in Texas received good service throughout the strike due to efforts of employees who remained on duty. For their loyalty and the long hours they worked to keep vital communications lines open, we are deeply grateful."

"We regret any inconvenience or hardship that may have been caused through any failure to handle calls with normal speed and accuracy. The public has been patient and understanding and we have received many expressions from them for the service furnished during the strike."

### STILL FAR FROM MARGARET ROSE

LONDON (AP)—Four hundred miles from Princess Margaret, RAF Group Capt. Peter Townsend attended a conference at the Air Ministry today with about 30 other air attaches from British embassies abroad.

A former enquery to Queen Elizabeth II, Townsend was suddenly assigned to Brussels as air attache in July after newspaper speculation that he and Princess Margaret wanted to marry.

The handsome, divorced war hero arrived Friday for the first time since he went abroad. Some newspapers charged he was sent into exile because of the rumored royal romance.

Townsend, 38, hasn't had a chance of seeing Margaret since his return. She is holidaying at Balmoral, Scotland, with the royal family until mid-September.

The conference ends in a week.

## 'Quickie' Walkout Issue Compromised

ST. LOUIS (AP)—A contract agreement ending the 13-day-old Southwestern Bell Telephone Co. strike was reached at 6:30 a.m. (CST) today.

Officials said the 53,000 striking CIO Communications Workers were to return to work on their next regular shifts.

The end of the six-state strike came after an all-night negotiations session.

The contract for one year is effective as of yesterday. It calls for a general wage increase ranging from \$1.50 to \$3 a week, depending on seniority and job classification.

Wages ranged from \$35 to \$95 weekly under the old contract.

A compromise was reached on the main stumbling block issue, a company-proposed clause designed to end "quickie" strikes.

"We don't consider it a no-strike clause," said Frank Lonergan, vice president of CWA's District 6. "We got out the objectionable wording. As it now stands, it covers grievances and an arbitration system."

A company spokesman had said last night all points in dispute had been settled verbally including the company - proposed clause which would have prohibited strikes during the life of the agreement.

The walkout began Aug. 20 over pay. Later the issue was reported solved and the strike limitation clause became the stumbling block.

The negotiators, joined by federal and state mediators, went into session yesterday afternoon faced with a threat by Missouri's Gov. Phil Donnelly to take some action as far as his state was concerned unless an agreement was reached by last night.

Missouri has a law prohibiting strikes in public utilities.

Donnelly said later he would put off action since the two sides seemed to be making some progress.

"Members in the field are free to strike at any time, but the union will not sanction a strike while grievance procedure is going on," Lonergan said.

A company spokesman called this "essentially correct." Under the contract, he said, the union is required of grievance matters to go through the grievance procedure rather than to order of sanction a work stoppage or slow down.

The contract will cost the utility eight million dollars annually and the cost will be passed on to subscribers in the form of higher telephone rates, the company said.

"That will hardly be a popular statement, but it will be the truth and the public ought to know it."

Thirteen of the 500 towns served by the company were given a higher classification for pay purposes. Officials explained that this means the increase in wages for some workers will range up to \$19 weekly.

The period in which workers will reach the maximum pay scale was reduced from 6 1/2 to 6 years.

The final issue was company insistence on a clause providing for disciplining any employee found guilty of "violence or sabotage" during the strike.

Under the contract, a company spokesman said, such an employee "must be disciplined or, in actual cases of sabotage, subjected to prosecution."

"We have several cases under investigation," he said.

Several cases of cable cutting and other wire tampering were reported during the walkout. The union disclaimed any knowledge or responsibility for the incidents.

The long negotiations began June 3 and continued with brief interruptions right up to today. The Federal Conciliation Service and the Missouri State Mediation Service took a hand shortly before the strike began.

Towns moved upward in the company's classification system, which determines the varying pay scales, included Fort Worth, LaPorte, Berger, Nederland, Orange, Port Neches, Mesquite, and Rockdale, Tex.

## England, Egypt Near Agreement

CAIRO, Egypt (AP)—Britain and Egypt were reported near agreement today on evacuation of British troops from their big Suez Canal zone installation and future Western use of the base in the event of war.

A high official source said "almost all" differences had been settled and the two nations so long at odds were expected to complete a final agreement late in September.

The source said Egypt, in informal talks here, had agreed if Britain pulled her 80,000 troops out of the canal zone, Egypt would make the base there available again to the West in case of war.

But he indicated possible use of the base in the event of an attack on Turkey remained the chief point at issue. He explained:

"The Egyptians contended Western forces should be allowed back into the canal zone only in case of aggression against Arab countries. The British at first insisted that this be extended to include cases of aggression against Iran, Turkey and Greece as well. Now they have given up Greece and Iran."

"Little questions" still blocking a formal agreement will be taken up, the source said, when Lt. Gen. Sir Brian Robertson, Britain's top negotiator, returns from London conferences around Sept. 18. He is scheduled to leave for Britain early in September.

## Woman Will Divorce POW Husband And Rewed Second Mate

LEXINGTON, Tenn. (AP)—Attractive Ava Nell Cogburn and James Hern, a tall ex-Marine, married last summer, two years after her husband, Sgt. Jimmie Cogburn, was reported missing.

Friday Sgt. Cogburn was released by the Communists.

Mrs. Hern said she will divorce the sergeant and remarry Hern.

"The 24-year-old brunette said she was "happy and surprised" to learn Cogburn was alive.

"But," she added, "I don't love him in the way I love James."

She said she hadn't heard from Cogburn since he was taken prisoner in July 1950.

Hern said he would "stick by Ava Nell—I love her."

"It's worth all the embarrassment and trouble we'll have to go through to know the sergeant is okay," he said. "I only hope we can settle this with the least amount of fuss."

Cecil Manley, Mrs. Hern's father, also promised to stand by the young couple.

"They didn't mean to do anything wrong," he said. "They're young and happy making a good home together, and I'll do what I can to help them."

The sergeant and Mrs. Hern are the parents of a 6-year-old boy, James Danny. She and Hern have a month-old daughter, Marilyn Bonita.

## England, Egypt Near Agreement

The rain-flooded Rio Grande is 8.7 feet deep at Laredo and rising, but this was far below flood stage. Sunday, the river measured 2.2 feet at Laredo. Rio Grande water backing up behind the new Falcon Dam 75 miles downstream from Laredo was 82 feet at the dam, with 535,000 acre-feet stored.

Six inches of rain fell on Uvalde Monday morning and the surrounding area also was hit hard enough to close two highways.

The Rocksprings highway north from Uvalde and the Pearsall highway south both were closed because of high waters. At Kalpita the rainfall measured 5.50 inches, at Glina there was a 1.90 downpour.

The rain started falling at Uvalde about 4:30 a.m. and brought the Leona River, which flows through the town, almost half full. As a result of the Leona River rise several streets in Uvalde were closed due to the water.

Uvalde, which had missed much of the recent rains in South Texas, with only two inches recorded during the past week, now has about 11 inches of rain this year.

Farmers and ranchers in the area said Monday's rain definitely was a drought-breaker as there was good rainfall all over the range lands around Uvalde and water standing on what a week ago had been parched land.

The south Texas flood was no great danger to life because the water rose slowly. It spread over vast acreages and was trapped behind drainage ditch levees, rail

the report without debate. Joe Hodges, past department commander of the legion in Virginia, said the Virginia delegation will try on the floor—probably Wednesday—to get the legion to fight for restoration of a 143-wing Air Force.

The funmaking actually started yesterday with the 40 & 8 parade, a two-mile-long spectacle as gaudy as a circus and as noisy as a battle.

Police estimated that 75,000 persons lined the two miles of curbs to watch replicas of locomotives and box cars, reminiscent of France of 1918.

Pretty, high-prancing majorettes led the drum and bugle corps and bands.

The spectators did their best to match the marchers on color as well as noise, waving balloons and flags.

The main parade of the convention, a 19-hour affair, will come tomorrow.

Gough, in his report, said the planned reduction in the total strength of the Army means "increased reliance will have to be placed on the reserve and the National Guard."

He said the reduction in manpower strength will not be at the

## GOP Held In Strong Immigration Position

By JACK BELL.

WASHINGTON (AP)—Sen. Watkins (R-Utah) told President Eisenhower today he believes the Republicans are in a "strong position" on the immigration issue and he urged delay in any recommendations for changes in the basic law.

In a letter to the President, Watkins described as "largely political" a move by Sen. Lehman (D-N.Y.) for a drastic overhauling of the McCarran-Walter Act. The law was criticized in last year's presidential campaign by Eisenhower and former Gov. Adlai E. Stevenson of Illinois, the Democratic nominee.

In April, Eisenhower asked for a congressional study of the law's operations looking toward a "fundamental revision" of the statute, about which he said he had received "a great many complaints."

Watkins, who heads a Senate-House immigration committee undertaking this study, wrote Eisenhower that he believes the special quota immigration act passed at this year's session to admit 216,000 European refugees and others "takes care of population pressure areas as far as we probably can go in the next three years."

This special act, covering three years, falls somewhat short of Eisenhower's request. He sought authority to admit 240,000 in two years.

"It seems to me, Mr. President," Watkins wrote, "that the administration's position should now be that we have taken care of any emergency matters connected with immigration and that we should follow the program set up by Congress and study the McCarran-Walter Act so that when the present emergency act terminates we will be in a position to suggest revisions in the permanent act if they are required."

"I am satisfied that the Democrats have just awakened to the fact that the Emergency Act of 1953 has placed the Republicans in a strong position before the country on this question."

The Utah senator noted that only eight Republicans voted against the bill in the Senate. Its passage prompted a letter from Eisenhower to Watkins expressing the President's "admiration and gratitude for the remarkable leadership you gave to the emergency legislation, which many people believed impossible of achievement."

Lehman joined with seven Democratic senators and 24 Democratic House members in offering a bill earlier this month to abolish the traditional national origins quota system and to increase the permissible flow of immigration to 251,000 persons annually. Quotas are now limited to 154,000 a year.

Lehman's bill would set up a commission to study the immigration problem and to make recommendations for a new law.

Lehman's bill would set up a commission to study the immigration problem and to make recommendations for a new law.

## Local Workers Notified; Pay Class Unchanged

Big Spring telephone workers began returning to work this morning at 8 a.m., W. A. Fitzgerald, president of Local 6101, Communications Workers of America, CIO, said today.

He expressed disappointment over the fact that the settlement didn't include the change in pay classification Big Spring telephone workers had sought. They had sought placement in Class III with Snyder, Odessa, and Midland, rather than the Class IV they are in. This had been termed the "chief issue" for local employees.

Fitzgerald said only a skeleton crew of operators had reported this morning but that the men had all been notified by the union. He was called direct from Fort Worth at 7:10 a.m. this morning, he said, and began notifying other employees. The union was unable to notify all the operators this morning, he explained.

He said the new contract would place the wage top at \$54.50 and the lowest wage scale would be "about \$36."

Telephone service was rapidly returning to normal throughout the state, said Clifford Fisher, Southwestern Bell manager here.

"We are glad the strike is over," Fisher said. "Most telephone users in Texas received good service throughout the strike due to efforts of employees who remained on duty. For their loyalty and the long hours they worked to keep vital communications lines open, we are deeply grateful."

"We regret any inconvenience or hardship that may have been caused through any failure to handle calls with normal speed and accuracy. The public has been patient and understanding and we have received many expressions from them for the service furnished during the strike."

NEW YORK (AP)—Leading insurance companies have agreed on new nationwide auto liability rates cutting some costs for a dual pleasure car drivers and increasing rates for many young people.

The National Bureau of Casualty Underwriters and the Mutual Insurance Rating Bureau, major auto insurance rating groups, told last night of the new schedule by 213 companies.

A spokesman said the rates would go into effect as soon as they can be filed with various states.

The main revisions affect adult drivers of non-business cars and young drivers under 25. Cars used for business remain classified as before with rates for this category the base for determining other rates.

## Trieste Calm As Tito, Italy Feud

TRIESTE (AP)—This big Adriatic free port went about business as usual today despite a clamorous word war between Italy and Yugoslavia over the long-disputed Trieste "free territory."

Although Italian troops moved toward the border as accusations flew back and forth, Trieste city remained free of demonstrations or even unusual public interest in latest developments in the long dispute.

Yugoslavia officially denied yesterday Italian charges that President Tito was getting ready to annex the territory's Zone B, south of the port city, which Yugoslavia occupies and administers under the Italian peace treaty.

Yugoslav Foreign Minister Ales Bebler also charged yesterday in a speech at Ljrdja, on the Slovene coast, that the Italians were "endeavoring with all means available" to annex the U.S.-British-occupied Zone A of the territory, which includes the port.

Bebler asserted that "the Italians are getting the support of the Anglo-American military government in Trieste."

U.S. diplomats in Rome and Belgrade were reported relatively undisturbed over the increased tension between Italy and Yugoslavia.

Officials in Rome confirmed that an Italian infantry regiment and an armored battalion had been deployed along the Yugoslav border north of Trieste and that other army units in northeast Italy had been put on the alert. But the officials termed these actions "routine exercises" as part of maneuvers under way in the area for some time.

Rome newspapers reported, without official explanation, that an Italian cruiser, two destroyers and a number of small vessels sailed last night into Venice harbor, across the northern Adriatic from Trieste.

Trieste's Italian-language press echoed Rome's fears as possible new Yugoslav moves and the city's political leaders conferred about the situation. The general public, however, remained unexcited.

Italian 1947 peace treaty provided that all Trieste be a free territory under United Nations supervision but the Western Powers and Russia have never been able to agree on an international government. In the absence of this agreement, the British, American and Yugoslav occupations of the two zones have continued.

The Western Allies have been hopeful Tito and the Italians would reach agreement on Trieste in direct negotiations, but so far the two neighbors have not even been able to agree on a basis on which to start talks.

## Gold Surrenders And Posts Bond

WASHINGTON (AP)—Ben Gold, fur workers union president, surrendered today on a three-count indictment charging he lied when he swore in an affidavit in August, 1950, that he was not a Communist.

Gold posted \$10,000 bail. This bail had been fixed Friday by Federal Judge Charles McLaughlin at the government's request.

Two attorneys accompanied Gold when he surrendered. The lawyers said Gold's union, the International Fur and Leather Workers, arranged to post the bail in the form of U. S. Treasury notes.

Gold swore in a statement filed with the National Labor Relations Board that he was not then a member of the Communist Party, had no affiliation with the party, and did not support its policies.

The indictment charged that all three statements were false.

Gold, 54, used to be an avowed Communist, but asserted he severed his party ties in order to sign the non-Communist affidavit filed with the NLRB.

Unions whose members sign such affidavits are eligible to use the services of the NLRB.

Gold's union, which claims a membership of 100,000, was kicked out of the CIO in 1949 on charges of being Communist-dominated.

BRUSSELS (AP)—The Belgian representative of a London insurance adjuster firm said today salvage operations for bringing up more money from the sunken Flying Enterprise have been halted until next year because of bad weather.

Hamilton Mack, manager of the Belgian branch of Tyler and Co., told of this interruption in a project on which already has yielded about \$100,000 worth of sodden U. S. and British currency. Tyler and Co., has been financing the job.

Mack said the little Italian salvage vessel Rostro, which had recovered the money and sent it to a Brussels bank to be dried out and counted, had left Ostende last week for an "unknown destination" after calling off further diving operations on the sunken American freighter ship this year.

## Until Next Year Flying Enterprise Salvage Is Ceased

BRUSSELS (AP)—The Belgian representative of a London insurance adjuster firm said today salvage operations for bringing up more money from the sunken Flying Enterprise have been halted until next year because of bad weather.

Hamilton Mack, manager of the Belgian branch of Tyler and Co., told of this interruption in a project on which already has yielded about \$100,000 worth of sodden U. S. and British currency. Tyler and Co., has been financing the job.

Mack said the little Italian salvage vessel Rostro, which had recovered the money and sent it to a Brussels bank to be dried out and counted, had left Ostende last week for an "unknown destination" after calling off further diving operations on the sunken American freighter ship this year.

The Flying Enterprise lies split in two under 240 feet of water in the English Channel.

The Ostende ship broker handling the unloading of the water-

logged treasure said he expected the Rostro back in three or four weeks with more bundles of money.

British navigators said the Rostro has appeared to be working several miles from the spot where the freighter slipped under the waves in a winter storm 19 months ago.

Officials of the Inbrantzen Co., which owned the Flying Enterprise, also were reported mystified by the reports of the recovery of the dollars and pounds—money consigned originally by Swiss banks to New York banks.

These officials said they knew nothing of any big shipment of money aboard the Flying Enterprise when she left Hamburg for New York on her ill-fated voyage in the Yuletide of 1931.

The Enterprise's captain, Kurt Carlson, won fame by sticking to the battered freighter for 13 days before the finally sank. He jumped into the sea at the last moment and was saved by a British tug.

### THE WEATHER

BIG SPRING AND VICINITY: Fairly cloudy this afternoon, with light rain and showers in vicinity this afternoon or evening.

High today 81, low tonight 61, high tomorrow 82.

Highest temperature since date is 88 on 10/21; lowest this date is 49 in 1912; maximum rainfall this date is 1.55 in 1933.

CLOUDY

# Locations Staked For Two Tests In North Howard Region

Two new prospectors were announced for the Oceanic Pennsylvania Field of North Howard County today.

One is the Phillips No. 1-A Reef (E. W. Roberts), 663 from the south and 660 from the east lines of the northwest quarter of 25-33-3n, T&P. Location is on a 160-acre lease and will be drilled with rotary to 8,300 feet, starting immediately.

Site is one location west of the Oceanic, Green and McSpadden No. 1 Winans.

One location south of the Oceanic, Green and McSpadden No. 1 Winans is Oceanic et al and Phillips No. 1, F. Winans, 660 feet from the north and 1,960 feet from the east lines of the south half of 25-33-3n, T&P. Lease is 320 acres and estimated elevation is 2,685 feet. Well will be drilled with rotary to 8,300 feet a half mile south and west of Vealmoor.

Near Luther, the T&P No. 1 Spencer, 494.6 from the north and 1,980 from the west lines of 14-32-2n, T&P, was waiting on cement after setting seven-inch casing to 9,946 feet.

out water blanket, had a good air flow. Recovery was 8,340 feet of sulphur water with no shows of oil. Flowing pressure was 3,890 and 15-minute shutin pressure was 5,185.

Seaboard et al No. 1 Pettaway, 1,960 from the south and 1,500 from the west lines of 40-34-5n, T&P, flowed six hours through 16-64th choke after perforation of 5 1/2-inch casing from 8,000-8,098 feet. It made 138 barrels of oil. Tubing pressure was 750, casing pressure 550, and gas-oil ratio was 797-1. Gravity was not reported. The well is connected with flow lines and 21-hour potential was to be tested starting today.

Harrell and Williamson No. 1 Fowler, 330 feet from south and west lines of the north half of Section 111-M-EIARR survey, drilled below 4,926 feet in lime.

total depth 2,325 and elevation 2,612.

**Howard**

Cobb & Daniel No. 1 Veal, 450 from the north and 300 from the east lines of 25-33-3n, T&P, was waiting on cement after setting intermediate casing at 3,166 feet.

Murphy No. 1 Wilson, 660 from the east and 1,980 from the south lines of the south half of the north half of 39-31-3n, T&P, drilled in lime and shale at 3,998 feet.

**Martin**

Hall & Stewart No. 1 Brown, 660 from the north and east lines of the southeast quarter of 15-34-3n, T&P, drilled at 5,483 feet in lime.

Hamon No. 1-C University, 660 from the west and 1,980 from the south lines of 12-7, University Survey, was making a trip from 4,372 feet in lime.

McElroy No. 1 Kelly, 330 from the south and 2,310 from the east lines of 180-35-15, T&P, drilled in lime at 2,742 feet.

# Commissioners Discuss Roads

County commissioners discussed road problems during a routine session that resulted in little action this morning.

Commissioners Earl Hull and Ralph Proctor told the court they have been reluctant to press work on securing right-of-way for opening Fourth Street through the city. Some city officials had expressed doubt, they said, that the project would "go through." Consequently, the county officers said they had hesitated to go too far with their part of arrangements for making Fourth a part of Highway 80.

Judge R. H. Weaver reported to the court that there appears to be some question whether the State Highway Department would assume maintenance of a 1 1/2-mile stretch of paving in Borden County which would connect the Gail Road in Howard County with a paved road from Vealmoor to Gail in Borden. Local officials had asked Borden commissioners to pave the segment in order to provide a paved road all the way from Big Spring to Gail.

County commissioners were to attend a meeting with city and Chamber of Commerce officials at noon today to discuss area highway problems, principally Fourth Street.

B. F. Horne, contractor, and Bill French, engineer, were to discuss with commissioners this morning their progress on the new courthouse. Approved this morning were routine bills submitted by Auditor Lee Porter.

**Music Director For Revival**  
Frank Boggs, Baptist Hour singer, will lead the singing for the area-wide Youth Revival which will get underway tonight at 8 p.m. at the City Park Amphitheater. C. A. Roberts of Fort Worth will conduct the preaching services. Services will be held nightly at 8 p.m. through Sept. 5. They have been planned by a committee for young people from 24 Baptist churches in the area.

**Three Of A Kind**  
Three generations of teachers in the same family will be teaching in rural schools at Gladwin, Mich. Miss Beverly Lennon (seated) is being appointed with Ridge School where her mother, Mrs. Coral Lennon (center) and her grandmother, Mrs. Ruby Wirtz, have taught. (AP Wirephoto).

# Brownell Says Reds Greater Danger Now

WASHINGTON (AP)—Atty. Gen. Brownell said today domestic Communists are "a greater menace now than at any time" and that "I suppose there are more in labor unions than anywhere else."

In a copyrighted interview with the magazine U. S. News and World Report, Brownell said the Reds "have gone underground since the Smith Act trials started. They are better organized, and detection is more difficult."

Eleven top Communist officials were violated in 1949 of conspiring to violate the Smith Act, which makes it a crime to teach or advocate forcible overthrow of the U. S. government.

Brownell said the Communist party has lost about 75,000 members, bringing it down to about 25,000, since that trial and several others which followed it. But the 75,000, he added, "are obviously subject to the propaganda of the Communist agents."

The party members who remain, he said, are "organizing their forces more effectively. . . and their espionage activities are much more underground than they were."

In response to a question, he said there was no early prospect that any of the unions expelled from the CIO several years ago on ground that they followed the Communist line would be put on

**Borden**

Ares No. 1 Dennis, 660 from the west and north lines of 10-30-6n, T&P, at a total depth of 5,412, set 5 1/2-inch casing at 5,411 and perforated from 5,340-65, 5,370-5,400, and 5,395-5,410 and is swabbing.

Double U No. 1-A C. E. Spindler, 660 from the south and 1,630 from the east lines of 464-97, H&TC, a drilitem test in the Mississippi at 8,200-8,271. Open one hour, recovery was 36 feet of drilling mud with no shows of oil, gas or water. It is now drilling in lime and chert at 8,298 feet.

Gulf No. 1 Canon, 1,980 from the north and 660 from the west lines of 39-33-5n, T&P, is running survey after reaching 10,514 feet in dolomite. Operator cored from 10,414 to 10,464 and recovered 50 feet of dolomite and chert with oil-stained porosity, with gas odor and fractures. On a drilitem test from 10,441 to 10,464, open three hours, there was a recovery of 1.133 feet of salty sulphur water, red bed and show of oil. Flowing pressure was 500 and 15-minute shutin pressure was 3,925. On core from 10,464 to 10,514, 50 feet of dolomite was recovered with no shows.

Ryan & Burk No. 1 Cannon, 660 from the north and east lines of the southeast quarter of 22-33-5n, T&P, set 8 and 4 1/2 intermediate casing and was to drill plug and deepen.

**Glasscock**

Amended location in the Howard-Glasscock field in the Continental 39-159 W. R. Settles, 2,640 from the north and 828 from the east lines of 159-29, H&NW, three miles west of Foman it will be a combination job to 1,300 feet.

A Howard-Glasscock completion is the Standard No. 3 M. E. O'Bryne, 330 from the north and west lines of lease in 23-33-2s, T&P. Pumped for 7 1/2 hours, the well produced 127.7 barrels of oil, .9 percent water, gas-oil ratio 50-1, gravity 30.2. Top of pay was at 2,202.

**POW And Relatives Miss Connections As He Heads Home**

McGREGOR (AP)—Pfc. Herman View, a former prisoner of the Communists in Korea, headed east from California by bus today while his foster mother left here for California. Neither knew the other was traveling.

Mrs. C. C. Boling and her son, T. C. Boling of Fort Worth, began driving to California to meet View. They left before a telegram reached here telling them View would be here "in a day or two."

W. W. Mayo, who employs C. C. Boling in his wholesale grain business here, said the elder Boling and a daughter would be here to meet View when he arrives. The soldier landed in San Francisco Saturday on the troopship General Hase.

View, a friend of another Boing son, Chandler, became a member of the Boling family informally while he was in training at an Army base near here. When he left for duty in Korea, he said he planned to return to this Central Texas town.

**Red Premier Says Korean Unification One Of Main Tasks**

TOKYO (AP)—The Reds' Pyongyang Radio said today North Korean Premier Kim Il Sung declared that unification of the warring peninsula "must be settled by Koreans themselves."

The broadcast said Kim listed that as one of two main tasks of the Korean political conference.

The other, Kim said, is to "kick out America and its allied troops from South Korea."

Kim outlined his stand before the North Korean Labor (Communist) Party's sixth central committee.

Kim declared North Korea will make "utmost efforts" for peace at the conference, the broadcast said, but he warned that "others cannot intervene in our internal political affairs."

Pyeongyang said Kim's speech was delivered at the central committee conference Aug. 5-9. However, this apparently was the first time it has been released.

**Last Of POW Boatload Are En Route Home**

SAN FRANCISCO (AP)—The last of 47 returned prisoners of war were en route home today after experiencing a 24-hour delay blamed on a late docking and "too many arrivals."

Some 150 of the men who arrived on the transport Gen. W. F. Hase Saturday didn't complete their processing until yesterday. There was plenty of plane space, but the men couldn't make takeoff times.

"Most of the men who missed their planes went home by train Sunday," said Capt. Raymond J. Cochran, Camp Stoneman public information officer. He said all had cleared the base "by last night."

"We had 60 people working but there were some problems we hadn't counted on," Cochran said. "It will just have to be done faster next time—and I think we can do it."

One returned said six "progressives"—prisoners who allegedly accepted Communist propaganda—were "roughed up pretty badly" aboard ship. Lt. Cmdr. Horace Wundram, in charge of the repatriated men aboard ship, denied there were any beatings.

Several soldiers said the Army forbade them to talk. Many said they preferred not to discuss their experiences in prisoner camps.

In Washington a Defense Department spokesman said the repatriated prisoners were free to talk "after they come down the gangplank."

But it was expected of the former prisoners "as good military men, that they would say nothing that might affect military security or would endanger the lives of men still held captive."

**Texan, Reds In Same Foxhole**

TOKYO (AP)—A Texan today told a remarkable story of spending a rainy night in a foxhole with Chinese Reds two weeks before the Korean War ended.

American artillery screamed about the foxhole all night.

A chunk of steel caught the Texan in the shoulder. The Chinese bandaged the wound.

Pvt. Merle W. Ritt of Canyon, Tex., recuperating at Tokyo Army hospital after being freed by the Communists last week, was with an artillery unit overrun by the Reds July 14 on the Central Front.

"We ran into an ambush of thousands of Chinese. I evaded capture for about five hours—just lay flat in some grass," Pitt recalled.

"Then three Chinese—members of a wire-laying team—walked by me. They didn't see me. The fourth member of the team did. 'I looked at him and he looked at me. I got up and he pointed for me to walk to the top of a hill. He and another Chinese escorted me.'

"The three of us got into a foxhole. It rained all night and so did the American artillery—it was really effective."

"When I got 'hit, the Chinese with me just bandaged the place in my shoulder and let it go at that. Not until today did the doctors get the shrapnel out. I feel fine."

"I was sure proud of that American artillery," the 21-year-old Texan said. "When we got out of the hole in the morning, I walked over many Chinese bodies, more than a hundred of them."

# FLOODS

(Continued From Page One)

road embankments and other obstructions. Draining was slow.

Flooding here began Saturday when an embankment softened by 3 1/2 inches of rain in 36 hours gave away, flooding much of the town. Constable Ben A. Bennett said "early 2,000" had been driven from their homes and calls for evacuation were coming in all the time as water crept higher.

At Kingsville, 40 miles southwest of Corpus Christi, about 60 families, possibly 300 persons, were still sheltered after high water Thursday and Friday.

There had been no reported loss of life, but property damages continued to rise. In many South Texas homes water was more than three feet deep.

Mayor Dudley Dunlap warned Robstown residents yesterday their municipal water supply was contaminated.

The Robstown water receded only a few inches yesterday. Then rainfall up to 8 inches fell on higher ground west of the city. The runoff built up a lake outside the Robstown dikes that was up to 3 feet deep last night. It covered 8 square miles.

Sinton had a 7-inch cloudburst in less than 5 hours yesterday, making a total of almost 20 inches since Thursday. About one-fourth of the town was under water.

On the upper Texas coast at Bay City, 80 miles southwest of Houston, 10-23 inches of rain had fallen since Saturday. Streets were flooded with eight inches of water measured in two downtown stores. Houston had 4.19 inches of rain since Friday night. More rain was forecast.

Heavy rain along the coast was in sharp contrast to vast dry areas of Central and West Texas. Scattered rains in recent weeks have eased the drought in local areas, but the situation remains critical for many cattlemen. Gov. Shivers said he may call a special session of the Legislature to deal with the drought, especially as it affects small cattle operators.

A dozen counties were suspended from the designated drought disaster area recently because of improved range conditions. Ranchers no longer are eligible for emergency feed shipments in those counties. Half of the 254 Texas counties still are officially drought disaster regions.

# DEAD ON YOUR FEET?

These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B<sub>1</sub>, B<sub>2</sub>, and niacin is less than minimum daily requirements over a prolonged period. In themselves, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

**SPECIAL FORMULA SUPPLIES IRON YOU MAY NEED FOR RICH RED BLOOD**

Do you feel run down, nervous or depressed? Lost your appetite—constipated—bothered by digestive upsets? You may be suffering from iron-and-vitamin starvation over a prolonged period. BEXEL, the Special High-Potency Formula supplies supplementary quantities of iron for rich red blood and quick vitalizing energy. Each BEXEL capsule gives you 5 times the daily minimum requirements of blood-building iron; more than daily minimum of all essential vitamins; plus Vitamin B<sub>12</sub> and trace minerals. Get wonderful new pep and energy with BEXEL—now available at all drug stores.

**WEST TEXAS**—Partly cloudy through Tuesday with scattered, mostly afternoon and evening thunderstorms. Not much change in temperature.

# MARKETS

**COTTON**  
NEW YORK (AP)—Cotton was 8 to 10 cents a bale lower at noon today. Oct. 1953 contracts were 21 3/4.

**LIVESTOCK**  
FOR WORTH (AP)—Cattle 8.00; steady to 8 1/2 on lower; good and choice slaughter steers and yearlings 18.00-24.00; common and medium 12.00-16.00; head cows 9.00-13.00; good and choice slaughter calves 9.00-13.00; common and medium 5.00-12.00; stocker steers 13.00-18.00; stocker steers and yearlings 11.00-18.00; stocker cows 8.00-12.00.

Hog 6.00; strong to 8c higher; choice 19.00-25.00 to 35.00-50.

Sheep 4.00; slaughter spring lambs 1.00 lower; good and choice 14.00-18.00; and utility slaughter yearlings 13.00; slaughter ewes 1.00-5.00; medium feeder lambs 12.00-13.00.

**WALL STREET**  
NEW YORK (AP)—The stock market opened narrowly mixed today. Trading was light.

Stocks which last week passed their dividend, opened today on a block of 4,000 shares unchanged at 9 1/2. The stock was down 3/4 on Friday.

Pennsylvania Railroad opened on a block of 1,200 shares up 1/4 at 28, and Republic Steel opened on a block of 1,000 shares off 1/4 at 49.

Public Stock opened on a block of 1,000 shares off 1/4 at 49.

New York Central, American Cyanamid and Pennsylvania.

Lower were Chrysler, General Electric, Westinghouse and Republic Steel.

**Veteran Texas Peace Officer, 78, Dies**

DALLA (AP)—Gib Abernathy, 78, a Texas peace officer 40 years, died today at his home in Palo Pinto.

Abernathy for 16 years was Palo Pinto County sheriff. Later he was a ranger and a railroad commission inspector before retiring in 1940.

**To Get Bronze Star**

PUSAN (AP)—A Texas officer of the Korean base section headquarters received the Bronze Star today for outstanding service in Korea. He was Maj. Milton Faik of Dallas, signal section administrative and personnel officer.

**Jail Term, Fine Levied In Court**

Five-day jail term and fine of \$25 were assessed against Bill J. Crook, Big Spring Negro, in County Court this morning after he pleaded guilty to charge of passing worthless checks.

Bond of \$500 was set for Opa Folks, who entered a plea of not guilty to charges of driving while intoxicated. She was transferred from city to County Court this morning.

A fine of \$15 was assessed Sunday in Justice Court against another Big Spring man who pleaded guilty to charges of disturbance.

**Return From Haskell**

Mr. and Mrs. W. W. Bennett and R. E. Bennett returned Sunday from Haskell where they had been called to the bedside of a sister, Mrs. Johnny Griggs, who underwent major surgery. They were accompanied by Mrs. Paul C. Floyd of Midland, daughter of Mr. and Mrs. W. W. Bennett.

Mrs. Griggs was reported improving Sunday.

# LEGION

(Continued From Page One)

expense of combat units but will be achieved through better use of manpower and elimination of unnecessary overhead and support personnel.

Speaking on foreign relations, Gough said he was pleased to note that many recommendations of the Legion's Foreign Relations Commission on Far Eastern policy, toward the United Nations, and in regard to participation in European defense "have now been accepted and implemented by the present administration."

He criticized opponents of universal military training and said the legion has made some progress toward a UMT goal.

"Previously," the national commander said, "it was the opinion of the President and the Defense Department that UMT could not be implemented so long as it was necessary to draft men under the selective service system."

"Now the President has directed the commission (the National Security Training Commission) to report on the feasibility and desirability of operating a military training program to supply trained nonveteran reserves while at the same time continuing induction for service."

"It has been, and continues to be, the contention of the American Legion that the present method is unfair in that only one out of six registrants actually serves in the armed forces. The five or six who escape service and the odds of conflict, also escape the reserve obligation which is passed on to the veteran."

"He said the legion added its strength to supporters of the McCarran-Walter Act on immigration and naturalization "and have helped prevent direct attack on that law."

**Former Coahoma Resident Dies**

Announcement of the death early this morning at Sherman of W. W. Lay, former Coahoma resident, has been received here, and funeral arrangements are pending under direction of the Eberly-River Funeral Home.

Mr. Lay, who was 79, and who moved to Sherman from Coahoma the first of the year, suffered a stroke about 10 days ago.

He is survived by his widow; one son, W. W. Lay Jr., of Coahoma; one daughter, Miss Jo Nell Lay of New York; one brother, Elmer Lay of Coahoma and one sister, Miss Cora Lay of San Marcos.

**Red Premier Says Korean Unification One Of Main Tasks**

TOKYO (AP)—The Reds' Pyongyang Radio said today North Korean Premier Kim Il Sung declared that unification of the warring peninsula "must be settled by Koreans themselves."

The broadcast said Kim listed that as one of two main tasks of the Korean political conference.

The other, Kim said, is to "kick out America and its allied troops from South Korea."

Kim outlined his stand before the North Korean Labor (Communist) Party's sixth central committee.

Kim declared North Korea will make "utmost efforts" for peace at the conference, the broadcast said, but he warned that "others cannot intervene in our internal political affairs."

Pyeongyang said Kim's speech was delivered at the central committee conference Aug. 5-9. However, this apparently was the first time it has been released.

**Back In District**

Congressman George Mahon, back home from Washington, today opened his office in Lubbock, and announced he plans to be in his district for the next several months. He said he hopes to spend most of his time out among the people of the 25-county 19th District, but that his Lubbock and Washington offices will be open regularly.

In commenting on the general situation Mahon made the following statement:

"The present picture is dark in some respects. For this I do not blame the Democrats or the Republicans. We are thankful that an agreement has been reached to stop the shooting in Korea, but there is every indication that there is no good way to deal with the Russian Communist and that the Korean truce will prove to be as frustrating as the Korean War."

"Except for the undiminished threat to our security posed by the Communists, now apparently in possession of both the A-bomb and the H-bomb, Congress could have worked wonders in dealing with taxes and the budget."

Mahon pointed out that the fiscal picture was not altogether dark. He said that a downward trend in spending could definitely be expected unless there should be a worsening of the international situation. He said that there was no reason for a spirit of defeat-

**Oil Compact Meet Opens In Montana**

BILLINGS, Mont. (AP)—About 425 delegates to the summer meeting of the Interstate Oil Compact Commission were here today from 23 oil producing states and four associate members.

The group is headed by Gov. Edward Arn of Kansas and is made up of states dedicated to conservation of oil and gas resources.

Among the delegates are five other governors including Dan Thornton of Colorado, Johnston Murray of Oklahoma and Edwin Mechem of New Mexico. Official representatives of Texas and other governors, all members of the group's seven standing committees and of state oil and gas agencies also, attended.

Observers at the two-day meeting represented the Federal Power Commission, Interior Department, the Canadian provinces of Alberta and Saskatchewan, and also Venezuela, Alaska is one of the associate members. Wyoming also is represented, although not a member.

**Midland Officers Seeking Negroes**

Big Spring police were asked by Midland officers early this morning to be on the alert for three Negroes in a late model Mercury or Lincoln, who are wanted in Midland for aggravated assault.

Midland officers said two of the Negroes were dressed in levis, but were unable to furnish any further description.

**Repatriated POW's Fly Toward Home**

TOKYO (AP)—Three repatriated Texas war prisoners left Tokyo by plane today for Hawaii and Travis Air Force Base near San Francisco.

They are Sgt. Leonel Trevino, San Juan; Sgt. Ralph Ramirez, El Paso; and Sgt. Antonio Espinosa, San Marcos.

The giant squid, a carnivorous sea animal may weigh up to 30 tons and is something like an octopus, although it has ten arms instead of eight.

# Mahon Feels That Country Is Sound

Congressman George Mahon, back home from Washington, today opened his office in Lubbock, and announced he plans to be in his district for the next several months. He said he hopes to spend most of his time out among the people of the 25-county 19th District, but that his Lubbock and Washington offices will be open regularly.

In commenting on the general situation Mahon made the following statement:

"The present picture is dark in some respects. For this I do not blame the Democrats or the Republicans. We are thankful that an agreement has been reached to stop the shooting in Korea, but there is every indication that there is no good way to deal with the Russian Communist and that the Korean truce will prove to be as frustrating as the Korean War."

"Except for the undiminished threat to our security posed by the Communists, now apparently in possession of both the A-bomb and the H-bomb, Congress could have worked wonders in dealing with taxes and the budget."

Mahon pointed out that the fiscal picture was not altogether dark. He said that a downward trend in spending could definitely be expected unless there should be a worsening of the international situation. He said that there was no reason for a spirit of defeat-

**City Court Has A Light Docket**

Special Corporation Court Judge Mack Rodgers, who is serving during the absence of Judge W. E. Greenlees, was faced with a light docket this morning.

One defendant was charged with fighting, a few with being drunk and there were a couple of minor traffic charges disposed of at the lighter-than-usual Monday morning session.

**Stevens In Egypt**

CAIRO (AP)—U. S. Rear Adm. Harold Stevens arrived today to take over his new post of Point Four director in Egypt.

**Attend Funeral**

Mr. and Mrs. W. H. Wharton left today for McKinney, to attend funeral services for Mrs. Wharton's uncle, Dr. T. H. Bryant. Dr. Bryant succumbed Sunday. Rites will be conducted Tuesday.

**Jury Being Named For Robbery Trial**

Jury was being selected in District Court this morning for trial of Roy Cavet on charges of robbery.

Cavet is charged in connection with the robbery last May 26 of Jack's Liquor Store, situated on the Howard-Martin County line.

Judge Charles Sullivan set trial of Lloyd S. Newby for 1:30 p.m. Tuesday. Newby faces four charges of sodomy.

**Chief Of Police Is Father Of New Son**

There's a shiny little new cop in Big Spring.

He's Everett Wayne York, the first son of Chief of Police and Mrs. E. W. York. He was born Friday night and weighed in at nine pounds three ounces.

The chief says his new man has certainly kept traffic moving in the York family since he got to town.

The Yorks have two daughters.

**Safety Program On Air Tonight**

"The Search That Never Ends," a documentary presentation on highway safety, will be carried tonight over Radio Station KTXC. Dr. Lee Rogers, chairman of the Citizens Traffic Commission announced today.

The problem of traffic safety will be approached from the standpoint of engineering, enforcement, and education. The methods and accomplishments throughout the country will be reviewed. Ned Dearborn, president of the National Safety Council, will appear as guest speaker at the conclusion of the program.

The Mutual Broadcasting System is presenting the program, and KTXC is carrying it as a public service. Dr. Rogers stated. The time of the broadcast is 8:30 p.m.

**PMA Board Is Re-Elected Here**

Delegates to the Howard County Production and Marketing Administration convention re-elected all members to serve for another year.

These members, Wilbur Winters, chairman; R. D. Anderson, vice chairman; Ross Hill, regular member; Sam F. Buchanan, first alternate member and W. J. Rogers, second alternate member, will start their new term tomorrow morning.

Gabe Hammack was also re-elected county PMA office manager.

**Youth's Toe Hurt In Saturday Mishap**

A boy struck by a car on West Third Saturday night lost nothing more than the nail off a big toe.

Marlin E. Byrd of Webb Air Force Base reported to police that his car hit John Henry Crony about 9 p.m. Byrd told officers he immediately rushed the boy to the Malone-Hogan Hospital where an examination revealed no injury more serious than the loss of the toenail.

# Flint Proud Of Its Rebuilding Efforts

FLINT, Mich. (AP) — Flint was proud today of itself and its neighbors. In its northern outskirts stood 81 completed homes and 112 more in various stages of construction to prove heart and hands can do much to erase the scars of tragedy.

Those homes took an estimated 80,000 man hours of work — all of it contributed Saturday and yesterday by volunteers. Beneficiaries were those who lost homes, and often loved ones, in a furious tornado that claimed 118 lives, injured nearly a thousand and made kindling wood of houses June 8.

The building bee was tagged "Operation Tornado," and workmen, skilled and amateur, flocked to the scene from many places. Around 200 came from Detroit. A group from Muskegon chartered a bus to get to the job.

When 4,500 turned to Saturday, they started on 111 houses scratch. Some others already were partially

up. They also found some gaping, vacant basements without any building materials beside them—mute evidence of wiped-out families.

Red Cross financial aid, Red Feather fund contributions, and RFC and bank loans helped provide building materials. Flint dealers also gave discounts.

Where there had been 4,500 volunteers Saturday, 5,000 showed up yesterday. Four fell by the wayside from heat prostration as temperatures soared into the 90s.

Their work made Flint Mayor Donald L. Riegler hail "Operation Tornado" as a "thrilling success," and Project Chairman M. A. Borgman added:

"There's not another country it could have happened in. The Voice of America ought to blast this thing all over the world."

"For most," explained Mayor Riegler, "the free labor meant the difference between a home and no home."

The project began with a short prayer service Saturday morning. By last night, many families were moving back into their homes, and workers and victims were joining in a gay street dance. A 10-piece band came to do its bit too.

Moving furniture into this completed seven-room home, Allen Crosby wondered "how to thank all these wonderful strangers."

But perhaps Cecil Schaif put into words the feelings of all as he finished building a storm cellar into his reconstructed home:

"I hope that's the most useless thing I ever built."

## Robbery Discounted As Slaying Motive

DALLAS (AP)—Investigating officers discounted robbery as a motive in the slaying of Miss Selma Adele Ullman, wealthy spinster found beaten to death in her fashionable home Friday night.

Police Chief W. H. Naylor of Highland Park said the 40-year-old woman wore expensive diamond rings and a valuable wrist watch that remained on the body.

Naylor said Miss Ullman probably was killed with a brass pitcher turned this way and that on Wednesday. A neighbor saw her shopping as late as 5:30 p.m. Wednesday and a friend who tried to telephone at 6:15 p.m. got no answer, the chief said.

## Capt. Payton Not Surprised At 'Ex'

FREEDOM VILLAGE, Korea (AP)—Air Force Capt. John Payton Jr., former husband of motion picture actress Barbara Payton, was freed from Communist captivity today.

The handsome, brown-haired flier said "it figures" when told his former wife planned to marry actor Tom Neal.

The last he knew, said Payton, "she was getting a divorce" from actor Franchot Tone.

Payton, of Burlington, Iowa, was a navigator aboard a B26 light bomber shot down near Pyongyang May 30, 1952.

## Frenchman's Yen Upsets U.S. Village

TRUCKSVILLE, Pa. (AP)—A Frenchman's yen to go fishing turned this Luzerne County village upside down.

It all started when Pierre Antoine Jean Bouteau de la Combe from Menezpote, near Bordeaux, told Mr. and Mrs. Marshall Nunlist he'd like to do some fishing before he starts classes this fall at the Massachusetts Institute of Technology.

The Nunlists, who are entertaining Pierre, discovered that non-citizens are not eligible for Pennsylvania fishing licenses.

There was a call to Gov. John S. Fine. Then a telegram was dispatched to Mrs. Dwight D. Eisenhower asking if she would transfer to Pierre a special fishing license issued her. But state law prohibits such a transfer.

Undaunted, the Nunlists are now considering an appeal directly to the Pennsylvania Game Commission for a special dispensation.

The French student will attend MIT on a Fulbright-Smith-Mundt scholarship. His visit with the Nunlists was arranged under a State Department program called "Experiment in International Living," in which foreign students live with Americans in order to make friends and learn the language.

## 21 Die In Weekend Violence Over State

By The Associated Press

Weekend violence in Texas caused at least 21 deaths in traffic.

An airport worker was killed by a whirling propeller. Five were shot and four drowned.

Henry Nelson, 50, of Dallas, was severed at the waist Sunday when he fell or walked into a propeller of an airplane at the Dallas Airport. Nelson had gone to check a baggage compartment lock.

Happy Family

Ormel Siadan (left), his arm still in a sling from an injury received in the Flint, Mich., tornado June 8, his wife, Dorothy, and daughter Janice, 3, review the progress on their new home with some of the volunteers who are building it. In "Operation Tornado" in Flint this Saturday and Sunday more than 4,000 volunteers are building 194 homes for tornado victims. (AP Wirephoto).

# Reds May Free Up To 500 More Americans Than Earlier Listed

By JIM BECKER

PANMUNJOM (AP)—Another 150 Americans, mostly sergeants and officers, were freed today amid indications the Communists may send back up to 500 more Americans than the 3,313 originally promised.

The Reds also released 250 South Koreans on this 27th day of the Korean War prisoner exchange.

The Communists promised to send back 400 prisoners tomorrow—100 Americans, 25 British, 20 Turks, 5 Australians and another 250 South Koreans.

One of the Britons to be handed over Tuesday will be Lt. Col. James P. Carne, top-ranking British officer held by the Communists, Red newspapermen said.

Carne, commander of a battalion of one of Britain's great fighting units—the Gloucestershire Regiment—was captured in April 1951 in the fierce Imjin River battle.

Surrounded by Reds, most of the men of Carne's 1st Battalion were killed or captured in a gallant stand against overwhelming forces. Only a few trickled back to Allied lines.

The Communist Peiping radio said Monday that Carne was awaiting repatriation at Kaesong, the Red holding point just north of Panmunjom, and was in "splendid physical shape."

Meanwhile, Allied and Communist delegates to the Military Armistice Commission met at this truce site in one of their longest sessions. After an hour and 49 minutes, the delegates recessed without setting a date for another meeting.

There was no announcement of what was discussed.

The meeting was called at Com-

unist request.

Returning Americans Monday raised hopes that the Reds would return more U. S. soldiers than they originally promised.

The Reds have returned 2,827 Americans, leaving 488 still scheduled for repatriation, according to their early figure.

But liberated Americans who were at Kaesong over the weekend said more than 1,000 non-Korean POWs were still awaiting repatriation at the Red collecting center just north of here.

They said most of the men were American and British sergeants and officers.

The Reds said recently that their 3,313 total did not include some POWs captured in the last days of the war.

Lt. Maxey H. Hall Jr. of Indiana-

polis, Ind., said 290 American officers were at Kaesong. He said he had no idea how many enlisted men were being held there.

Sgt. I-C Earl Dantzer, of Richmond, Va., said more than 50 non-commissioned officers, mostly Americans, are waiting return at Kaesong.

Other repatriates reported that many of the Allied prisoners awaiting repatriation were soldiers who had been sentenced to jail terms for alleged offenses while in captivity. The Reds promised Saturday to turn all U.N. POWs who want to go home, including any convicted on Red charges.

One American said that 80 to 100 "die-hard reactionary" prisoners who had been handed jail terms were held in a special heavily guarded tent city south of Kaesong.

The repatriate, Sgt. I-C Harley J. Coon of Dayton, Ohio, said the men were Americans, British and Turks. Coon said he saw a man he knew at the tent city while being moved to Panmunjom for repatriation.

The prisoner shouted that he expected to be returned after all others are repatriated, Coon said.

Of the 150 Americans returned Monday, 45 were officers. Most of the rest were senior non-commissioned officers. Apparently in good health, they jumped smartly from Red trucks into friendly hands. Several sported long beards.

missioned officers, mostly Americans, are waiting return at Kaesong.

Other repatriates reported that many of the Allied prisoners awaiting repatriation were soldiers who had been sentenced to jail terms for alleged offenses while in captivity. The Reds promised Saturday to turn all U.N. POWs who want to go home, including any convicted on Red charges.

One American said that 80 to 100 "die-hard reactionary" prisoners who had been handed jail terms were held in a special heavily guarded tent city south of Kaesong.

The repatriate, Sgt. I-C Harley J. Coon of Dayton, Ohio, said the men were Americans, British and Turks. Coon said he saw a man he knew at the tent city while being moved to Panmunjom for repatriation.

The prisoner shouted that he expected to be returned after all others are repatriated, Coon said.

Of the 150 Americans returned Monday, 45 were officers. Most of the rest were senior non-commissioned officers. Apparently in good health, they jumped smartly from Red trucks into friendly hands. Several sported long beards.

## Cancer Society, CBS Plan Color TV Use

NEW YORK (AP)—The American Cancer Society and the Columbia Broadcasting System on Oct. 21 will start a series of color TV programs for the medical profession dealing with detection, diagnosis and treatment of cancer.

The society, in an announcement yesterday, said the series of 30 weekly one-hour programs will be sent over a closed circuit to medical centers in New York, Boston, Philadelphia, Pittsburgh, Detroit and Toledo, Ohio. Other cities will be added later.

The society said it has allocated \$250,000 to the first year's operation, with CBS paying the balance of expenses.

## Canadians Plan More Searching For Plane

VANCOUVER, B. C. (AP)—At least another week of searching is scheduled by the Royal Canadian Air Force for a private plane that disappeared in southern Alaska 13 days ago with a New Mexico family aboard.

The pilot was Ellis Hall, of Albu-que, Texas. Also on board were his wife, two daughters and Patrick Hibben, 17, of Albuquerque.

A \$30,000 reward and an offer of free gasoline has encouraged bush pilots to help in the search. Some \$25,000 of the reward was offered by an Abilene, Tex., company that Hall heads.

## CAA Air Navigation Survey Is Announced

WASHINGTON (AP)—The Civil Aeronautics Administration today said a survey of its air navigation facilities for the year ended last June 30 showed:

A 14,000-mile increase, to 52,000 miles, in the total length of direct airways using the new radio range called VOR (very high frequency, omni-directional range).

A 2,000-mile boost to 20,000 miles in alternate VOR airways, allowing faster traffic in and out of busy airports.

A 4,000-mile step-up to 19,000 miles in oceanic routes.

## Charge Of Church Group Is Denied

BONN, Germany (AP)—A U. S. High Commission official denied last night that the State Department had refused a church group permission to launch a barrage of Bible-laden balloons over Iron Curtain countries.

The Rev. Dr. Carl McIntire of Collingswood, N. J., president of the International Council of Christian Churches, charged in Amsterdam yesterday that the State Department had refused permission to float the Bibles from the U. S.-occupied zone of Germany. The head of the Protestant organization wired President Eisenhower for "assistance."

Alfred V. Boerner, public affairs director for the High Commission, said, "actually, the council needs only clearance by German authorities. The only question is whether the State Department should intervene in helping the council obtain such German clearance."

He said the department had been asked its attitude and a reply was awaited.

## Opera Singer, Wife Find Their Way Out

SYDNEY, Australia (AP)—A one-time Chicago opera singer and his dancer wife, missing in remote central Australia for nearly a week, have turned up exhausted but uninjured.

The former Chicago Opera Company tenor, Victor Carrell, and Mrs. Carrell, a choreographer known professionally as Beth Dean, said they spent five nights in a cave near Ayres Rock after their car got stuck during a rainstorm. They walked into Ernabella mission south of Alice Springs Saturday night.

## Underwood At Meet

Willis O. Underwood, manager of the VA Hospital here, is in San Francisco this week. He is attending annual convention of the American Hospital Association and the Association of Hospital Administrators.

## A Bible Thought For Today —

We soon forget an argument but we never forget a mental picture. Christ was a wonderful teacher. "All these things spake Jesus unto the multitude in parables." — Matt. 13:14.

## Regular Purging Of Docket Is Good Medicine For The Courts

A recent news story carried this information: count on waiting 11½ months before going to trial if you're thinking of starting a civil court case with a jury. You can, in non-jury cases, hope on the average to get to trial in 5½ months. These figures were developed by the Institute of Judicial Administration, Inc. at New York University on the basis of surveys for principal state trial courts in 97 cities.

In Brooklyn, the wait was 53 months and in Oklahoma City it was only one month.

Admittedly, this is one of the problems of the judicial system. Your anxiety to get to trial may be counter-balanced by the reluctance of your adversary. You may announce ready at every opportuni-

ty, but he can plead missing witnesses, need for filing vital amendments, illness or other causes, none of which are difficult to claim but precarious for a judge to summarily brush aside.

However, it does seem, to us that from time to time dockets ought to be purged of cases continued over months and months and frequently years and years. If clients are sincere, action generally can be had or the case refilled. Meantime, clearing the deadwood makes it easier for those remaining to go to bat.

The dismissal of a flock of cases in 118th District Court here last week is a reasonable step, it seems to us. If anything, we'd like to see it happen more often.

## We Need To Guard Against Being Careless In Respect To Symbols

One of our readers brought in a letter not long ago and commented upon a degree of carelessness that is not becoming to patriots and is symptomatic of insensibility to obligation.

She noted that during one of the Wing reviews at the base that a civilian stood with his hat on while the band played the national anthem. Then, as the flag passed by, many let their hats remain on their heads.

Of course, no disrespect for the colors is intended, but there is a tendency just not to be impressed enough by what is going on or by to make any response. This can be more frustrating than open disrespect, which would bring prompt action.

It could be that many people just don't

estly don't know what they should do when the anthem is played or the call to the colors is sounded. It could be that some are ignorant of flag etiquette to the extent that they don't know how to show proper respects when the flag passes by.

Somewhere after World War I we got so sophisticated that we didn't bother with manifestations of patriotism. World War II helped snap us back, but after that conflict there was again a mild reaction of carelessness. Korea, except as it touched us directly, didn't seem to matter.

Our reader has a point in saying that "ritual service is so little in comparison to service of our sons that we ought not to forget or be careless."

## These Days — George Sokolsky

### Professor-Clergyman Follows Soviet Version Of Reasoning

Dr. Harry F. Ward has for many years been an important personality in the American theological world. British born, educated at the University of Southern California, Northwestern and Harvard Universities, he was ordained as a Methodist minister. He was a founder of the Methodist Federation of Social Service. For many years, he was Professor of Christian ethics at the Union Theological Seminary.

stance, his books, "The Profit Motive," "The New Social Order," "Our Economic Morality," "In Place of Profit," "Democracy and Social Change," "The Soviet Spirit," might be studied with advantage in this connection. For here was a man who played on all instruments in the interest of communism which he called democracy.

In 1933, these sentences make hard reading:

As extra-curricular activities, he has been chairman of American League Against War and Fascism and its successor, The American League For Peace and Democracy, both Communist front organizations and definitely subversive.

The other day, in the attic, I found his call to arms in connection with the Spanish Civil War, a pamphlet entitled "The Fascist International," the underlying idea of which is:

"At the beginning of the capitalist period of history, all the forces of feudal reaction united against the growing democracy. Now, at the end of the period, they gather again—all the feudal remnants, all of the capitalist reaction—to destroy the democratic process before it leads to the social change that will remove them from the seat of power. Since the people's front governments were formed in France and in Spain, the forces of reaction have discovered that if they are to preserve their power and privilege, they must swiftly destroy democracy. What our steel and coal barons, our automobile and textile magnates, have long done in their local communities, what Hitler and Mussolini have done in Germany and Italy, is now being attempted on a world scale . . ."

It is to be noted that this pamphlet was written to influence Americans to support the Communist cause in Spain. The above quotation is not sufficient to show what this teacher of candidates for the clergy was saying. He went further:

... Did it escape attention that the voice of the Vatican (and the voice of the Vatican today is the voice of the Jesuits that control the Vatican), was heard in between Hitler's speech, calling the world to a crusade against Bolshevism, and Mussolini's speech, calling the world in defense of law and order against anarchy? In between these two, the voice of the Pope called Christians everywhere, Protestants as well as Catholics, to join in a holy war against the anti-Christ, communism. And so you have the Vatican throwing its lot in with the Fascist International. It is well to bear in mind that the Vatican attacking democracy, under the guise of a crusade against communism, is an organized force that knows more about propaganda than Mr. Hearst can ever learn if he stayed on this earth 1000 years."

While Professor Ward objected to a union of Catholics and Protestants against communism, he favored a union of all forces for " . . . the fundamental principle of the American League Against War and Fascism—the indivisibility of war and Fascism." He objected to the pro-deco societies but favored the American League Against War and Fascism which was an arm of Soviet propaganda and infiltration in the United States.

In the curious controversy which arose over the employment of J. B. Matthews by the McCarthy Committee, much was made of Matthews' statement concerning the infiltration of the clergy by the Communists. At that time, I was surprised that nobody pointed to the work and achievements of the Reverend Harry F. Ward, who was not only a leader in United front movements but in the Methodist church. His career could have been used as a model to show precisely how such infiltration was accomplished. For in-

stead of lining up for letters from home each man now looks in at his own personal mailbox, complete with a four-combination lock.

The men can now pick up their mail at any hour of the day or night, without having to shuffle off from work early to be first in line for the handout.

### Beautiful Jail

EAST POINT, Ga. (AP)—The new \$200,000 city jail in this Atlanta suburb is so inviting in appearance that tourists sometimes stop and seek accommodations, thinking it is a hotel.

Police Chief William H. Taylor helped design the plush calaboose and is mighty proud of it but he wants to scotch one report that's gotten around. It's not air-conditioned.

"I wish it was," adds Taylor, whose offices are in the jail.

### No Mail Call

MILDENHALL, England (AP)—Mail call is a thing of the past at the modern American Air Force supply base here. Instead of lining up for letters from home each man now looks in at his own personal mailbox, complete with a four-combination lock.

The men can now pick up their mail at any hour of the day or night, without having to shuffle off from work early to be first in line for the handout.

### Cooking Hazard

BEMIDJI, Minn. (AP)—A 71-year-old poet, Edward Gillilan, Long Beach, Calif., started a canoe trip from the source to the mouth of the Mississippi River.

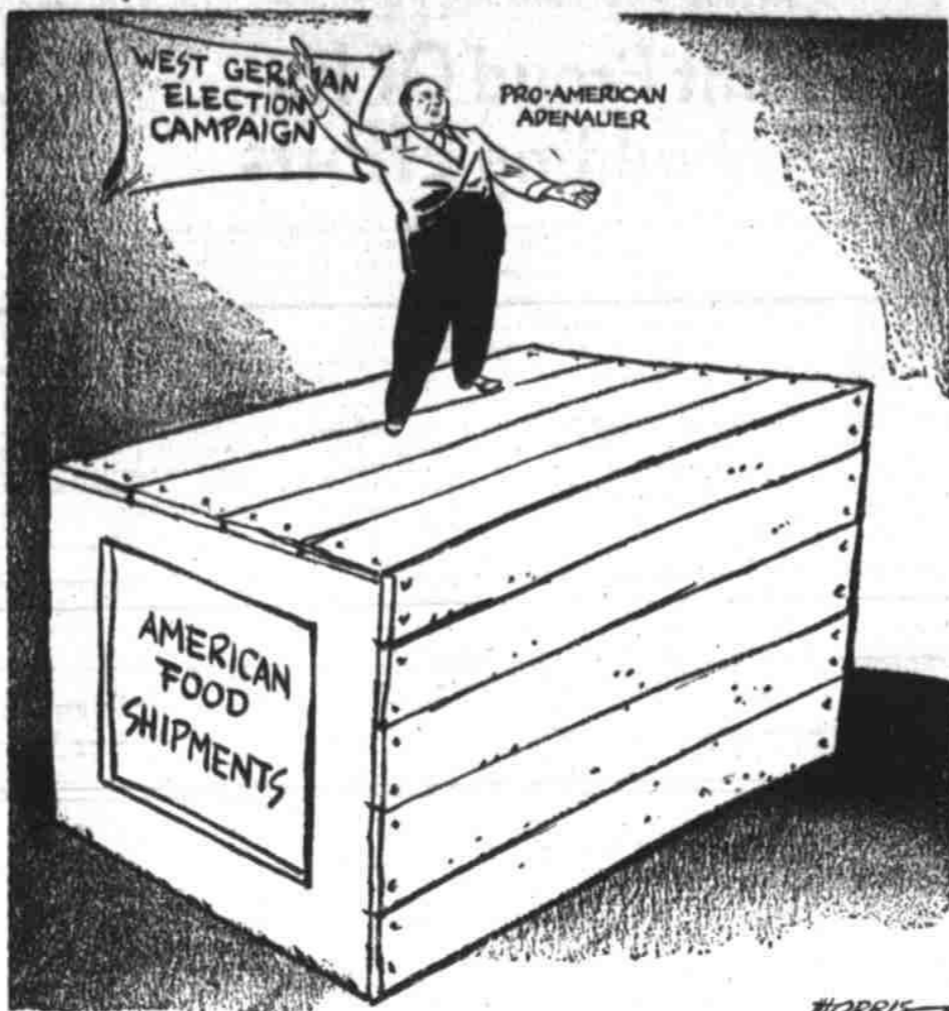

When he gave up, after five days, he wanted it clearly understood that it wasn't the paddling that made him change his mind.

"It wasn't the river that beat me," he explained, "I just couldn't stand my own cooking."

### Gobble Gobble

GALLUP, N. M. (AP)—The Gallup Independent, daily newspaper, reported without elaboration this item:

"We got a letter addressed to the Gallup Independent, Gallup, N. M. Gulp."

Speaking From More Than A Soap Box

## The World Today — James Marlow

### What Is To Happen If Korean Peace Conference Proves To Be A Failure

WASHINGTON (AP)—The dramatic steps preliminary to a Korean peace conference, such as the prisoner exchange and the struggle in the United Nations to pick delegates to the conference, have obscured two main questions:

Will it succeed? If not, then what?

For two weeks world attention has been focused on the United Nations. There the United States managed to keep India from being named to the peace conference, and also maneuvered Russia into taking part only if the Communist Chinese and North Koreans say they want her.

A price tag, perhaps expensive, was attached to this victory for the United States. There was some conflict with allies over the American stand against naming India. The American stand may have injured, more than now appears, the feelings of India, biggest non-Communist nation in Asia, and may have caused resentment among other non-Communist Asians.

Such wounds can be healed later in other ways. Again, they may be reopened by Russia, which could try to renew the dispute on India in another couple of weeks when the U.N. General Assembly begins its regular session. For the past two weeks it was in special session to choose conference delegates.

The Chinese Communists, although not in the U.N., might throw some sand in the wheels with the help of Russia, which is. The Reds might demand that, since Russia can sit in on the conference although she had no troops in Korea, others like Communist Poland and Czechoslovakia should be in on the Communist side too—and perhaps India.

If the Chinese are bent on destruction, they could use other tools to wreck the conference before it really got started. For instance, by argument over what the conference should discuss—Korea only or problems in the rest of Asia—and

how. This country wants to limit the conference to Korea.

There never has been any public revelation of why the Chinese Communists, after steadily blocking agreement on an armistice for two years, suddenly yielded ground on the prisoner exchange issue to let the shooting stop.

It seems unquestionable that they acted under the direction or at least the pressure of Moscow at a time shortly after Malenkov succeeded Stalin as premier and when, apparently, he was involved in an internal power struggle of his own with Beria.

But whatever the reason a few months ago for agreeing to an armistice, the mood or the purpose of the Communists may have changed. It is possible they will work for a peaceful settlement in the conference, but that has to be shown.

There never has been any wide optimism that the conference would succeed. It is supposed to begin sometime between Oct. 15 and 31. Within 90 days after that, sometime between Jan. 15 and 31, there should be some indication of a chance or failure—if it begins on schedule.

If the conference fails, it would seem that the United States at least would have to keep troops in Korea indefinitely, across a no-

man's land from Chinese and North Korean troops in a truce that could erupt any minute into renewed war.

Such an occupation of Korea would be expensive, even if no lives were lost, in American manpower tied down there, and in the monetary cost. It would give this country a foothold on the Asian continent in case of a new crisis there, now unforeseen.

Because of the determination of South Korea's President Syngman Rhee—who predicts failure of the conference and wants all Korea unified by force—the United States may have its hands full trying to keep Rhee from renewing the war if the conference breaks down.

It may have trouble with him even before such a breakdown. He has promised not to start anything for at least 90 days after the conference begins. But it is not clear on the public understanding of his talks with Secretary of State Dulles what he might attempt after that date.

Rhee, who controls half a million troops of his own, has said: "It is our wish and determination to march north at the earliest possible moment."

And no one can even guess what the Chinese and North Koreans might do about renewing the war if the conference failed.

## Notebook — Hal Boyle

### Sidelines Can Assist In Keeping Wolf Away

NEW YORK (AP)—There is more than one way to keep the wolf from your door.

Thousands of American families today are beating inflation by extra income earned by sideline pursuits.

Other thousands would like to do this also, but don't know how. Yet almost everyone can find a way to earn sparetime cash, if he but looks around him.

One of the best ways is to capitalize on your special interests or hobbies.

A former newspaper friend of mine, Ted O'Leary, editor of "The Profitable Hobbies Magazine," published in Kansas City, Mo., has collected hundreds of examples of how hobbies can be turned into a source of profit as well as relaxation.

One of the oldest is the case of Albert F. Marsh of Mobile, Ala. Some years ago Marsh received a single male hamster in payment of a \$1 debt.

He bought two female hamsters and then began breeding and selling the little animals. Within 14 months he quit his job with the State Highway Department to devote all his time to the hamsters. Within three years Marsh was grossing \$4,000 a week, selling hamsters as pets and to hospitals and laboratories for experimental purposes.

Being a housewife is no handicap in the search for gold mines in hobbies, Mrs. Myrtle Helm of Minneapolis began painting plaster figurines with friends in 1946 for fun. She wasn't satisfied with the paints.

With the aid of a chemist, Mrs. Helm devised a quick-drying, hard finish paint that removed the need of kiln firing the figurines. She began selling the paint and other supplies. Her husband resigned his post office job to help her. Soon their annual sales rose above \$10,000.

Rudy Lerompe, a Baytown, Tex. oil chemist, bought an outfit for duck hunting and found he had no money left for decoys. He saw some buoyant driftwood and won-

dered if good decoys might be carved from this wood, which was plentiful. He began doing so, now sells the decoys for \$48 a dozen to other hunters.

Mr. and Mrs. J. M. Cox of Orlando, Fla., specialize in making reproductions of faded photographs in old family albums. They get their orders in house-to-house soliciting, sometimes earn \$100 a day.

Janet and E. John Royle went to Arizona to be cattle ranchers on a place near Tucson. Then they got the idea of making novelty jewelry—pins, bracelets, earrings and necklaces—from cholla, or "jumping cactus." They now have a country-wide market and virtually have forgotten cattle raising.

Age is no barrier. Mrs. George McCollum of Batavia, Ill., loved as a girl to make doll dresses. Now 81, she estimates that in the last 20 years she has made and sold about 100,000 doll garments to stores and individuals in all parts of the nation.

Dr. Coffey Joins VA Hospital Staff

Dr. John Coffey was to take his place on the VA Hospital staff today.

Dr. Coffey, assigned to the surgical services section, came to Big Spring from Houston. He recently completed his residency in surgery at a Houston hospital. He also has received considerable training in internal medicine, said Dr. Jackson H. Friedlander, chief of professional services at the VA Hospital.

The physician is the third to join the hospital staff here in the past few weeks. Other doctors who recently became associated with the VA Hospital are Dr. John Woodall and Dr. Donald Jones.

## Around The Rim — The Herald Staff

### The Country Probably Could Profit From More Courtesy

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

You've heard about the Texan who sold cockleburs to tourists for \$1 each by calling them porcupine eggs.

A Dr. Tennyson Guyer uses it as a point of illustration in maintaining that a lot of nation's ills can be cured by the use of proper words and the elimination of other ones.

In discussing his remedy, Dr. Guyer maintains people should employ more often such phrases as 'please,' 'thank you' and 'come again' in their dealings with other people.

"We could revolutionize our country overnight through use of such words," maintains Dr. Guyer.

He insists half a hundred words—if properly selected, said often enough and believed—could bring the nationals of the world into the family of friends.

"This takes rich relations—and I mean relations, not relations," says Guyer.

Dr. Guyer did not elaborate but ap-

parently he reasons courtesy is going out the window in favor of the wise-crack, the cynical approach.

How many times have you felt like looking the other way to avoid exchanging "hellos" with a familiar face, for fear of the stinging remark you know is coming? With some people, such remarks are as certain as death and taxes, and even less pleasant to digest, at times.

"We have a good product, Americanism," states Dr. Guyer. "It has its price patriotism. It needs persuasion—and that comes under the title of rich human relations."

Dr. Guyer didn't reveal what words would be included in his 50-word vocabulary. They might vary a bit with the individual but, when stated sincerely, they all have the desired effect.

—TOMMY HART

## Washington Calling — Marquis Childs

### Pause For Optimism On Fiscal Situation May Be Brief One

WASHINGTON — The Administration is allowing itself a pause for optimism in the light of the latest budget review. Income and outgo have been brought within a half billion dollars of balance and for government in terms of the deficits of recent years that is practically perfect.

What this means is that the level of government spending has been cut for the current fiscal year by \$2 billions more than the original Administration estimate. The drop in spending with this addition has been from \$78.6 billions, the estimate in the Truman budget, to \$72.1 billions.

It will be well to get all the pleasure that is possible out of this plateau of optimism. For in actual fact the Administration is caught in a bad squeeze between the demand in the Republican Party to cut taxes and balance the budget and the growing apprehension in the country that defense expenditures are being reduced below the level of minimum security.

can be made in the Department of Defense and it is here that the squeeze is toughest. For the current year Congress knocked \$6.7 billions out of the Truman defense budget, bringing it down to \$34 billions.

Dodge and his economy allies expect further large savings from greater cuts in the defense budget next year. They pin their expectations on the "new look" which the new chairman of the Joint Chiefs of Staff, Admiral Arthur W. Radford, will give to American strategy and the defense establishment. Their argument runs that in recent years no one has done a thorough appraisal: new military projects were simply piled on top of those already in operation. Now the new team will find much that can be discarded and reduced.

This puts a tremendous responsibility on Radford who sold himself to the President and Secretary of Defense Charles E. Wilson. If after the "new look," which will follow the Soviet announcement of the H-bomb, he comes up with estimates showing that more and not less money will be needed, his sponsors will be distinctly unhappy.

In current Pentagon gossip, a cut for next year of \$6 billions is reported. This would reduce the defense budget to \$28 billions. But Deputy Secretary of Defense Roger Kyes, acting as secretary in Wilson's absence, denies that money enters into defense calculations. He insists that the objective is to get the most security for the country with waste and frills eliminated.

Both in New York and Washington reports have circulated that Wilson, unhappy in his job, would resign to be replaced by Kyes. Those close to both men insist this is far from true. These reports have gone so far that other candidates are mentioned for the top spot.

Of the total current defense cut, \$5 billions was taken out of the amount proposed for the Air Force. That has caused wide criticism which Kyes and his associates put down to the "Air Force lobby." But in the latest analysis the defense team must accept the responsibility.

An immediate deadline is just ahead on September 15. By that date government departments must submit to Budget Director Joseph M. Dodge preliminary estimates for spending for next year. While it is being emphasized that these figures are hardly more than informed guesses, nevertheless Dodge means to review them with his stern banker's eye.

In a letter to the heads of all departments, Dodge put the facts of life as he sees them squarely on the line. You must, he said, cut spending below the minimums already agreed upon. If you do not do this, Dodge said in effect, then you will not be prepared for the cuts which must be made in the light of the loss of revenue in the next fiscal year. This means that you must review every service provided by your department and if it is not absolutely essential then it must be dropped.

The only place where really big cuts

eliminated.

Both in New York and Washington reports have circulated that Wilson, unhappy in his job, would resign to be replaced by Kyes. Those close to both men insist this is far from true. These reports have gone so far that other candidates are mentioned for the top spot.

Of the total current defense cut, \$5 billions was taken out of the amount proposed for the Air Force. That has caused wide criticism which Kyes and his associates put down to the "Air Force lobby." But in the latest analysis the defense team must accept the responsibility.

This is a return engagement of a drama that played here once before. President Truman's Secretary of Defense, Louis Johnson, cut the defense budget back to \$13 billions, acting, he has insisted privately, on Truman's orders. But Johnson went out.

## Start Beauty Routine Early, Says Starlet

By LYDIA LANE  
**HOLLYWOOD**—Lois Butler, remembered as the girl on Dennis Day's TV show, has a beautiful voice of operatic proportions but she has switched her popular songs for her night club debut. "I'd like to try out my new act," she told me, so I took her to a veterans hospital last week to entertain in the paraplegic ward.

On the way out I asked Lois to tell me what she considered her top beauty secret.

"It's caring for yourself when you are young," she said. Though Miss Butler has not been out of her teens very long, she has worked out a routine which she follows carefully.

"After I clean my face with soap and water, I always use lanolin lotion or cream, especially around my eyes.

"I think it is much easier to take care of what you have than to wait until a complicated routine of rejuvenation is necessary," she explained.

"It is very wise of you to value the skin in time," I commented.

Since beauty and success are closely connected, I asked Lois if she had a formula for making good.

"There are many things to be considered," Lois said thoughtfully, "but first I'd put a combination of drive that keeps you in there pitching and stamina that makes you stay when things look disappointing.

"Next I think the emphasis falls on personality. This is a word which can be interpreted many ways, but to me it is a quality which makes people like you and remember you.

"And in third place I put talent," Lois signed. "I know so many very talented people who have failed to arrive! Sometimes it's because they lose confidence in themselves, and sometimes it's because they are lacking in what we call personality. But talent alone isn't enough."

"What is the most valuable grooming or glamour trick you have learned in Hollywood?" I asked.

"This may sound odd, but it is emphasizing naturalness. I think beauty can be spoiled when it looks made-up."

Lois' blonde hair is very shining and she attributes this to the fact that she has never had a permanent. "But I put my hair up in curls every night," she confessed.

## Theta Rho State Rally Team Chosen

A team of officers for the Cay-loma Star Theta Rho Girls' Club has been selected to attend the State rally in June in Orlessa.

Participating will be the following: Claudine Butler, president; Denise Honey, vice president; Dolores Cooke, past president; La Rue Hayworth, chaplain; LaFaye Woods, marshal; Sandra Havens, warden; Virginia Cain, music; Peggy Hayworth, inside guard; Patsy Davidson, outside guard; Judy Martin, right support to the president; Sue Zollinger, left support; Mary Helen Lee, right support to the vice president; Nancy Rogers, left support; Shirley Lee, first herald; Glenda Wilson second herald; Waldine Pike, third herald; Anita Greenhill, fourth herald; and Marilyn Constant, angel.

## Mrs. Andrews Returns

Mrs. Theo Andrews has returned from a visit with her daughter, Mrs. E. B. Daniels Jr., in Pecos. She accompanied Mrs. Daniels to Lubbock to attend the graduation of Mrs. Andrews' grandson, Eddie Daniels, from Texas Tech.

## Mrs. M. T. Staggs Honored At Shower

Mrs. M. T. Staggs was honored at a pink and blue tea in the garden of Mrs. John Knox's home, 113 Lexington.

Co-hostesses were Mrs. L. R. Saunders, Mrs. Ted McLaurin and Mrs. O. W. Sparks.

Mrs. Robert Dunbar poured tea, and Mrs. Knox and Mrs. Saunders received guests. Mrs. McLaurin displayed the gifts and Mrs. Sparks registered guests.

The table was decorated with pink candles and a pink satin basket filled with roses. Decorations in the garden included a figure of a stork, placed beside a miniature pool, and an old-fashioned baby cradle filled with flowers.

There were 35 attending.

## Methodist Classes Are Entertained

Mrs. A. C. Bass entertained members of the Susanna Wesley and Philathea classes of the First Methodist Church Sunday afternoon.

Mrs. J. B. Apple and Mrs. W. E. Moren presided at the punch bowl. About 35 attended.

## 185 Leaf Embroideries

By CAROL CURTIS  
 Big leaves in the golden-red and yellow-green shades of flaming autumn will make stunning place mats and matching napkins when embroidered in variegated oranges, yellow and scarlet threads. You may want to do the embroidery in the new gold and red and other colored metallic threads for a de-luxe effect. Transfers for 30 leaves in all: some sized 3 inches, some 4, corners are 5 by 3 inches. Grand, too, to use on aprons, pillowcases, curtains, runners!

Send 25 cents for the AUTUMN LEAF TRANSFERS (Pattern No. 185) color chart, embroidery details, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS

Big Spring Herald  
 Box 222, Madison Square Station  
 New York 10, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

## Emphasize Naturalness

Says Lois Butler, attractive young singer, who has appeared on Dennis Day's TV show. She has a set beauty routine she follows very carefully.

## THIS IS GOOD EATING

### DEVILED MEAT LOAVES

Ingredients: 1/2 cup quick or old-fashioned rolled oats (uncooked), 1 pound ground beef, 1 egg (lightly beaten), 3 tablespoons finely diced celery, 1 teaspoon prepared horseradish, 1 teaspoon prepared mustard, 2 teaspoons Worcestershire sauce, 1/4 teaspoon salt, dash of pepper, 4 tablespoons chili sauce.

Method: Mix rolled oats, ground beef, egg, celery and seasonings except chili sauce. Grease 4 large custard cups. Spoon one tablespoon chili sauce into each cup. Pack meat mixture lightly over chili sauce. Bake in moderate (350F) oven 25 to 30 minutes. Turn out upside down and serve at once. Makes 4 large servings. Goes well with the following:

- Chilled Fruit Cocktail
- Deviled Meat Loaves
- Whipped Potatoes
- French-style Snap Beans
- Relishes
- Hot Rolls
- Baked Apples or Pears
- Beverage

## Eula Mae Masters Wed To Sgt. Lea Vollmer

Mr. and Mrs. John T. Masters, 808 Johnson Street, are announcing the marriage of their daughter, Eula Mae, to S-Sgt. Lea Bernard Vollmer.

The marriage took place August 22 in Carlsbad, N.M., with the Rev. James Hood performing the double ring ceremony. The couple was attended by Rita McDaniel, bridesmaid; Johnny Masters, best man and Joyce Rogers and S-Sgt. Lee Lindsey.

The bride was attired in a navy blue faille street length dress, fashioned with high collar and slashed neckline. Her accessories were navy and white, and she wore a corsage of pink carnations.

For the traditional wedding accessories, she wore a pearl brooch belonging to her great-grandmother; a pair of earrings, gift of the bridegroom; a watch belonging to her grandmother, Mrs. D. W. Stutes; and a blue garter.

Miss McDaniel and Miss Rogers wore black faille dresses with black and white accessories. They wore carnation corsages.

The bride attended Big Spring High School and Howard County Junior College. She was a member of the Lasso Club at H.C.J.C. The bridegroom, stationed at Webb Air Force Base, is the son of the late Lea Vollmer and Mrs. William Anderson of 463 W. St. James Place, Chicago. He is a graduate of Walters High School of Chicago, and has served three years in the Air Force. The couple will leave on an extended tour through the Eastern states and to Chicago, as soon as his discharge is effective.

## Party Honors Wesley Deats

Mr. and Mrs. James Bruce Frazier were hosts at a farewell party Saturday night honoring Wesley Deats who will enter the seminary at Southern Methodist University on Sept. 8.

Refreshments were served in the patio of the Frazier home and gifts were presented Deats.

Attending were Mr. and Mrs. Ed Fisher, Mr. and Mrs. R. E. McClure and Mary Lynn, Dr. and Mrs. Akin Simpson and Dale, Melissa and David, Mr. and Mrs. Deats and John Wesley, and the hosts and their children Jim, Penny, Mack, Beth and Eddie.

## Basic Skirts

In one pattern—two beautifully basic skirt styles. Each skirt has eight-gores; one luth pockets and high waistband—the other slim-making plain idea with regulation waistband. Use variety of fabrics from woolsens to gabardines; plaid to plain!

No. 2766 is cut in waist sizes 22, 24, 26, 28, 30, 32 and 34-inch. Size 28; With pockets, 2 1/2 yds. 54-in.; plain skirt takes 2 yds. 30-in.

Send 30 cents for PATTERN with Name, Address, Style Number and Size. Address: PATTERN BUREAU, Big Spring Herald, Box 42, Old Chebea Station, New York 11, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

## New Agent Honored

Sue Milligan, second from left, new Home Demonstration agent, was honored at a tea in the home of Mrs. A. C. Bass. Pictured with Miss Milligan are Mrs. D. C. Zant, HD Council secretary, Mrs. Bass, Mrs. Ray Shortes, council chairman, and Mrs. Ross Hill, council treasurer.

## New HD Agent Is Feted At Tea Saturday In Bass Home

Sue Milligan, new Hoard County Home Demonstration Agent, was honored at a tea and lawn party Saturday afternoon by all the home demonstration clubs in the county. The party was held in the home of Mrs. A. C. Bass, 106 Washington.

Receiving guests were Mrs. Ray Shortes, Home Demonstration Council president; Miss Milligan and Mrs. Bass.

The table was laid with an ecru hand-embroidered linen cutwork cloth and appointed in crystal. The centerpiece was an arrangement of golden yellow mums encircled with bunches of grapes, bananas, apples and pectarines. Yellow candies were placed on each side of the arrangement.

Mrs. W. N. Norred and Mrs. H. P. Wooten of the City HD Club were in charge of the decorations. Mrs. Jack McKinnon, Mrs. Ross Hill and Mrs. Pearl Caudle of the Elbow club were in charge of the

# Five Records Are Broken, Two Tied In National Loop

## Eddie Mathews Has 43 Homers

Associated Press Sports Editor  
National League sluggers went wild yesterday, blasting 22 home runs to set five new records and tie two others.

Brooklyn's Dodgers walloped the St. Louis Cardinals, 20-1, and then saw their league lead cut to 10 games when the Milwaukee Braves trounced the Pittsburgh Pirates, 19-4 and 11-5.

In the American, New York's 8 1/2-game margin over Chicago remained intact after the Yankees split a double-header with the White Sox, winning, 10-6, and losing, 1-0.

## PLAYS IN MIDLAND SEPT. 12

# McMurry Grid Eleven Hurt By Loss Of Senior Back

ABILENE, Aug. 29 (Sp1) — The McMurry College football machine will be cranked up again for another Texas Conference race on September 1, when some 40 Indian gridgers report for the first fall workout.

McMurry Rambler

Coach Wilford Moore and his assistants, Edgar Payne and D. V. Marcum, have just eleven days to get the '53-model Tribe rolling in high gear. They'll meet the Sul Ross Lobos at Midland September 12 at 8 p.m. in the season opener for both teams.

The neutral-site game is being sponsored by the Midland Optimist Club. The McMurry Band and a large group of Indian backers are expected to follow the team to Midland, and a "football special" train may be lined up for the trip.

McMurry's football outlook was darkened somewhat a few days back when it was learned that Wayne Graham, senior letterman fullback, will have to report for military service instead of college this coming month.

# Jolly Kay 2nd, Equichall 4th In Raton Races

RATON, N. M.—(Sp1)—Jolly Kay scored a credible second in a fast five-furlong race at Raton Sunday. She is owned by Mr. and Mrs. Bud Tucker. Lane Co-Boy set a fast pace to take the race over Jolly Kay, leading the pack by some three lengths.

Equichall, carrying 123 pounds and most of the betting money in the six and one-half furlong "Albuquerque Day Handicap", finished a fast closing fourth.

The Big Spring mare, owned by J. T. Dillard, broke from the No. 4 post position.

Always a back runner, she was not able to move until the final half-furlong.

Veteran jockey Richard Moore was bottled all the way around the back side.

# LOOKING 'EM OVER

With Tommy Hart

What they're saying around the sports circuit:  
SUNBEAM MORRISON, secretary of the Texas Horse Breeders Association:

"Word from Raton, N. M., is that Doyle Vaughn's Hella Cobra, which it was thought would be out for a year with a pulled stiff, may make a much quicker recovery. The two-year-old, which won at both Omaha and Denver, is showing remarkable progress and will be put in light training. Should the leg prove sound, the colt may possibly fulfill his commitment in the September Futurity at Albuquerque."

"Vaughn has acquired another, this one a yearling filly half-sister to Hella Cobra. Purchase was made from Herbert Cope, Sterling County rancher, who owns Air Cobra. She will go into fall training."

CARLISLE ROBINSON, Big Spring High School griddy:  
"I weigh 190 pounds now, but expect to lose weight in a hurry when training starts."

PAT MURPHY, business manager of the local schools:  
"The seats just to the north of the 50-yard line at Steer Stadium generally are held in higher regard because of prevailing winds."

A BROOKLYN DODGER EXECUTIVE, on why the team gave up on Willard Ramsdell, the ex-Big Spring hurler:  
"Campanella couldn't hold him, and we're not going to handicap Roy."

RAMSDELL:  
"I went to Cincinnati, and had the same trouble. In fact, the only catcher who ever seemed to be at home with my knuckler was Babe Phelps."

"But I don't blame the catchers, for it's a fact I don't know myself what the ball is going to do. I throw it half or medium speed most of the time but if I really want it to do tricks I fire as hard as I can; that's when the ball cuts."

"I'm not a 'finger-nail' knuckler, like Hoyt Wilhelm of the Giants, or the old style of bent knuckles behind the ball. I throw much like the fingerknuckler, but from the tips of my fingers."

"I have had catchers don mask and belyppads when warming me for a game."

"I became a knuckler pitcher at Odessa, Tex., after leaving Big Spring in 1940. The pitcher isn't too high, about 2,800 feet, but for the life of me I couldn't make a curve ball break at all. The manager said that wouldn't do and asked what else I had. I said I sometimes had a knuckler. 'You'd better get busy with it right away, for that imitation wrinkle you know won't fool anyone,' I led the league with 23 wins that year."

DARNELL PEACOCK, San Angelo sports writer:  
"The thousands of baby catfish placed in the North Concho Lake yesterday should make for good fishing in the not-too-distant future."

PAT PATTON, Lubbock High School football coach:  
"Our new budget will take care of the 1,000 athletes taking part in sports at the senior high and the four junior highs and I hope that in the future possibly 2,000 can be worked into the system."

Y. A. TITTLE, a Texan quarterbacking for the San Francisco 49ers:  
"Counting high school, I've been in football almost 18 years. If I can't handle a team through a whole game now, I should give up."

JANE FEMBERTON, writing about Gorgeous George in the Odessa American:  
"He firmly refused to let the harassed referee touch his dainty body in search of old horseshoes or black pepper, and surrendered himself only to the tender hands of his valet."

A RACE TRACK WIT, when Eddie Arcaro was introduced to Native Dancer:  
"That's the first time Eddie ever saw that end of the Dancer."

LEW WORSHAM, following his famous shot in the Tam O'Shanter Tournament:  
"Luck! Skill! Hell, what came first, the chicken or the egg?"

ROCKY MARCIANO:  
"Follows used to come over and slap me on the back and say anything they wanted. Now, they sort of show politeness and respect and a special kind of consideration. They know what the title means—a sport of piece in history."

# Tigers Trounce Lamesa Twice, 4-3 And 3-2

LAMESA — The Big Spring Tigers twice defeated the Lamesa team but had to go all out to turn the trick in both games.

The Bengals won the opener, 4-3, Hill scoring what proved to be the winning run in the seventh on hits by Tom Arieta and Guy Lara.

Jack Rogers set the Lamesans down with three hits in the opener. He struck out seven.

The Big Springers had to come from behind to win the second game, 3-2. Trailing, 2-1, going into the sixth and last frame, Bernard led off with a triple and tied it up on a misplay. Jackie Jennings then scored what proved to be the winning run after walking. He got home on a fielder's choice.

Robby Beall and Rogers divided time on the mound in the second game.

The wins were the 31st and 32nd of the season for the Tigers.

Table with columns for player names and statistics (runs, hits, errors, etc.)

# WT-NM League Reduces Vets

AMARILLO — West Texas-New Mexico League directors Sunday voted to reduce to three the number of veterans a club may carry on its active roster.

Clubs in the Class C league are allowed eight veterans this year, and as recent as 1951 they could carry 10. The vote on that issue came as a surprise, since the primary objective of Sunday's meeting was to arrange for the Shaughnessy playoffs.

League officials said the move was made in an effort to interest clubs of higher classification in working agreements with West Texas-New Mexico League members.

# Russians Beat US

STOCKHOLM (U) — Russia's weightlifters headed back for Moscow today with the world title tucked away. The Russians scored 25 points and the United States, which was favored, finished with 22 points.

# Ambitious Longhorn Gridders Open Workouts On Tuesday

Bright and early tomorrow morning, the 1953 edition of the Big Spring High School football team falls out to get its battle gear.

This is the same hour for the Steers on Tuesday afternoon down through Turkey Day, and possibly beyond, the boys will be concentrating on football.

Great promises are being made for the Bovines. Some observers have placed them ahead of the Breckenridge Buckaroos in the conference battle, and the Bucks are defending state champions.

The strapping youngsters well know they have their work cut out for them, however. They have some of the best material in the school's history, yet they are aware no team is going to roll over and play dead for them.

Some trouble. He is due to do some shifting in the line.

The Steers should have an explosive backfield, one capable of scoring from any point on the field.

A lack of blocking and aerial defensive weaknesses appear to be among the team's shortcomings.

The team takes skull practice at 2 p.m. today and reports again at 6 p.m. for regular drills. It will probably work until dark.

The Steers will work every day this week, including Saturday. Scrimmages with out-of-town teams are being arranged for later in the week.

# Washington's New Mentor Looking For New Threat

(The first of a series on 1953 football prospects of major colleges.)

SEATTLE (U)—Gone are the days when an All-American arm or pair of legs carries the University of Washington's pre-season football hopes.

# STANDINGS

Table showing standings for various leagues including National League, American League, and Texas League.

# 'Magic Number' Now 15 For Brooklyn

NEW YORK (U)—The "magic numbers" were reduced to 15 for the Brooklyn Dodgers and 17 for the New York Yankees today. Any combination of 15 Dodger victories or Milwaukee Braves defeats will give the Brooks their second straight National League pennant, and a total equaling 17 of Yankee wins or Chicago White Sox setbacks will be enough for the World Championship fifth straight American League flag.

# One-Man Gang

CLEVELAND (U)—Ted Williams has supplied almost all the home run power for the Boston Red Sox since he returned from Korea. The Red Sox only have hit nine homers since Aug. 8 and the slugger outfielder has six of them.

# Maxwell Team 12th In Meet

ODESSA — The Maxwell brothers of Big Spring, W. O. (Junior) and Bobby, tied for 12th place in the \$7,500 Odessa Pro-Am Tournament, which ended Sunday. The two posted a 170 for the 72 holes, closing with a fine 65.

# Dallas Man Wins In Skeet Shoot

DALLAS (U)—Henry Adler of Dallas won high-overall in the championship class of the Dove Hunter's Open Skeet Shoot at the Dallas Gun Club yesterday with a 294 x 300.

Nancy Burrus of Dallas won the ladies high-overall with a 282 x 300. Kenny Ballard of Midland swept honors in the sub-junior division, winning both 20 and 12-gauge events and the overall trophy.

Truman Jones Motor Co. Your Lincoln and Mercury Dealer

HELP! HELP!

We need a little help, we've got too, too many used cars (and who ain't). We need to sell. Even more than that, we've GOT to sell. Now, tell you what we're gonna do—We're gonna give some hot bargains on both our good and bad used cars. We'll give a deal you can't refuse—if you think we're kidding just try our boots on.

1953 BUICK Roadmaster 4-door Sedan. 4,000 miles of perfect beauty and V-8 power. Can be bought for a right smart discount.

1951 FORD Victoria. Radio, heater and overdrive. A guaranteed 13,000 mile car. It ain't cheap, Ma-gie, but it's worth more than we're asking for it.

1952 CHEVROLET 4-door sedan. Power Glide, radio and heater. This car is tops in looks and quality. We'll sell it for less than it's worth. Just what you've been looking for.

1950 OLDSMOBILE '88. This thing is flat worn out. There's no way to buy it cheap enough. She's a real one OLDSIE but she's been gone too long (It does LOOK good).

1951 PLYMOUTH 4-door Sedan. The best one made and the best one we have. It's been here too long. Come on in and we'll try to uproot it from the lot.

1950 BUICK Special 4-door. Straight shift. Just got this black honey in and it's nice as they come. We'll give you the deal of your life on it. Just try.

2-1951 CHEVROLETS. One 2-door, one 4-door.

2-1950 FORDS. One green, one black.

1952 BUICK Super Station Wagon.

1950 BUICK Roadmaster 4-door sedan.

1951 STUDEBAKER V8 4-door sedan.

Forsan Club Discusses Study Trends At Breakfast Meeting

FOR SAN (Sp) - "Current Trends for Study" was the topic at the Forsan Study Club breakfast meeting Thursday in the home of Mrs. C. C. Brunton, chairman of the social committee.

Co-hostesses were Mrs. Lois Smith, Mrs. Ell Jacobs, Mrs. H. L. Nixon, Mrs. D. M. Bardwell, Mrs. Glen Whittenberg and Mrs. Charles Ellis.

Mrs. Jeff English presented the yearbooks and led the discussion on the year's program. Mrs. Joe T. Holladay was presented a president's pin of the General Federation of Women's Clubs by Mrs. Lois O'Bar Smith, immediate past president.

Mrs. B. J. Wiss read the constitution and by-laws. Mrs. Holladay announced the committees for the year: yearbook, Mrs. Jeff English, chairman, and Mrs. Bill Conger, Mrs. Hamlin Elrod, Mrs. Mrs. J. D. Dempsey; public welfare, Mrs. C. V. Wash, chairman, Mrs. Dan Furse and Mrs. W. M. Roman; ways and means, Mrs. B. P. Huchton, chairman.

The table was laid with a white cloth bordered in brown. A yellow bowl holding yellow citrus fruits and green leaves centered the table and yellow pottery was used for serving.

Guests were Mrs. W. O. Averett, Mrs. E. A. Grissom, Mrs. Ell Jacobs, Mrs. W. B. Deane, Mrs. Muri Bailey, Mrs. M. M. Hines, Mrs. F. P. Honeycutt, Mrs. C. C. Brunton, Mrs. Hamlin Elrod, Mrs. J. D. Leonard, Mrs. C. B. Long, Mrs. Joe T. Holladay and Mrs. Glen Whittenberg.

The Sun Oil Co. employees honored Mr. and Mrs. English at a farewell get-together at the company barbecue pit and presented the couple with a gift.

Attending were Mr. and Mrs. D. L. Boyd, Thomas, Charles, Opal and Jerry Don; Mr. and Mrs. Forrest Winget and children, Mr. and Mrs. George Grey and children, Mr. and Mrs. Eddie R. King and children, Mr. and Mrs. Jim Allen and son, Mr. and Mrs. Wayne Monroy and Mr. and Mrs. Herbert Day of Stamford, Mrs. English's parents.

Farewell Coffee Fetes Mrs. English

Mrs. Jeff English, who is moving away, was honored at a coffee in the garden of Mrs. Bill Conger's home.

The table was laid with a white cloth bordered in brown. A yellow bowl holding yellow citrus fruits and green leaves centered the table and yellow pottery was used for serving.

Guests were Mrs. W. O. Averett, Mrs. E. A. Grissom, Mrs. Ell Jacobs, Mrs. W. B. Deane, Mrs. Muri Bailey, Mrs. M. M. Hines, Mrs. F. P. Honeycutt, Mrs. C. C. Brunton, Mrs. Hamlin Elrod, Mrs. J. D. Leonard, Mrs. C. B. Long, Mrs. Joe T. Holladay and Mrs. Glen Whittenberg.

The Sun Oil Co. employees honored Mr. and Mrs. English at a farewell get-together at the company barbecue pit and presented the couple with a gift.

Attending were Mr. and Mrs. D. L. Boyd, Thomas, Charles, Opal and Jerry Don; Mr. and Mrs. Forrest Winget and children, Mr. and Mrs. George Grey and children, Mr. and Mrs. Eddie R. King and children, Mr. and Mrs. Jim Allen and son, Mr. and Mrs. Wayne Monroy and Mr. and Mrs. Herbert Day of Stamford, Mrs. English's parents.

L. R. Mundts Return From Vacation

Mr. and Mrs. L. R. Mundt have returned from a two-week vacation trip in the southeastern states. Accompanied by his sister, Mrs. E. W. Langford of Wichita Falls, they drove through Arkansas, Tennessee and the Great Smokies of North Carolina and the Blue Ridge Mountains in Georgia.

While they were impressed with the blue haze or "smoke," and historic spots, they report their most exciting experience as being in the rain.

"It rained on us almost every day on the Gulf Coast returning home and the hardest rain of all fell at Houston," they said. The Mundts were enthusiastic about the beaches from Pensacola to New-Orleans, said to be the most beautiful in the world. Still another interesting discovery, they reported, was that vacationing in the southeastern area costs only about half that on the West Coast or North.

Mother, 2 Daughters Burned In Boat Blast

ARDMORE, Okla. (U-P)-A Wichita Falls mother and her two small daughters were severely burned yesterday in a gasoline explosion aboard a Lake Murray excursion boat.

Attendants said the condition of Mrs. Marion Webb, and Maribeth

# Democrats See Attacks On GOP Farm Policy As Rallying Point

By JACK BELL.  
WASHINGTON (AP)—Democratic leaders, still beset by internal dissension, look for attacks on Republican farm policies to become a rallying point for their efforts to restore party unity at a Sept. 14-15 conference in Chicago.

Farm prices, which recently turned down again after leveling off from previous declines, are certain to be spotlighted at a panel discussion of agricultural problems led by Gov. G. Mennen Williams of Michigan.

National Chairman Stephen A. Mitchell has billed the Chicago meeting as a sendoff for Democratic senatorial candidates in next year's campaigns. And high farm

price supports appear to be one of the few national issues on which the 21 Democrats up for re-election can agree, almost without exception.

Southern Democrats who were critical of former President Truman and who show no enthusiasm for Adlai E. Stevenson as the presidential nominee again in 1956 can forget their party differences in support of almost any program that promises greater returns for the farmer.

That goes for such expected candidates as Senators Eastland of Mississippi, Ellender of Louisiana, McChesin of Arkansas, Maybank of South Carolina, Robertson of Virginia, Russell of Georgia and Lennon of North Carolina.

It goes also for Southerners more inclined to support the party stand on other national issues, such as Senators Lyndon B. Johnson of Texas, the Senate minority leader; Sparkman of Alabama, the 1952 vice presidential nominee; Kefauver of Tennessee; and the dozen Democrats from the North and West who are up for re-election.

Johnson said in a weekend analysis of problems likely to come before the next session of Congress that the agricultural situation is contributing to "disturbing signs in the nation's economy."

"Farm prices have been falling at a rate far exceeding the drop in consumers' prices," he observed. Noting that inventories are piling up in some industrial lines, he added:

"It is too early to say whether there are merely minor cracks in an otherwise solid economy or whether they represent the beginnings of a trend which could be deleterious to our people."

Thus far, none of these potential 1954 senatorial candidates has indicated he is voluntarily absenting himself from the meeting, as Sen. H. H. Hill of Florida said he would do.

Holland said in an interview yesterday he is declining an invitation to attend the Chicago session because he believes the South has nothing to gain there. This was an obvious reflection of Dixie resentment over the civil rights

stand taken by the party at last year's convention.

Holland said that until the South is taken into full partnership in the writing of the platform and the selection of presidential nominees, the national party is going to continue to find defections below the Mason and Dixon Line.

Sen. Byrd (D-Va.), who helped swing Virginia to President Eisenhower in last year's election by refusing to back Stevenson, said he hadn't been invited to the Chicago powwow and had no intention of attending.

However, Sen. Olin D. Johnston (D-SC) said he would go if he could arrange his schedule to attend the meeting.

## Firestone Strike Ends In Agreement

CLEVELAND (AP)—The giant Firestone Tire & Rubber Co. was rumbled back into production today after a four-day strike by 25,500 CIO United Rubber Workers ended in an agreement expected to set a pattern for the entire rubber industry.

The agreement was reached here last night after almost continuous bargaining during the walkout, which shut down Firestone plants in eight cities. It provides a 12-cent hourly pay raise package, including a 5-cent general increase which raises the average pay of the production and maintenance workers to \$2.10 hourly.

Other benefits include a \$25 increase in pension payments—to \$15 monthly—and comprehensive, company-paid hospital and surgical insurance for employees and their dependents.

## Ruiz Cortines Will Make First Report

MEXICO CITY (AP)—President Adolfo Ruiz Cortines makes his first annual report to the nation tomorrow.

It will be in the form of an address to Congress at the Chamber of Deputies, explaining the administration's activities from Dec. 1, 1952 to Aug. 31, 1953. It will be broadcast by 400 radio stations and televised in the capital.

Informed sources said the address is expected to be brief in comparison with those of other years.

Congressional committees will escort the President from the National Palace to the Chamber of Deputies. Political leaders plan a special festival after the speech.

## Girl Can't Swim But Still Saved A Life

DETROIT (AP)—Seven-year-old Annette Kuzdal can't swim but still she splashed into the Detroit River yesterday and saved the life of her father, Peter, 48.

Annette was sitting on the beach when Kuzdal suffered a heart attack and fell face down in shallow water. She yelled when she saw him floating and kept on yelling as she waded into the water.

She reached her father and held his head above water for five minutes until two policemen heard her shouts.

Kuzdal recovered from the attack.

## Police Want Chat With This Joker

OKLAHOMA CITY (AP)—"I want everything in the cash register," said a sinister-looking man who kept his hand in his front pocket as if he had a gun.

A grocery store cashier Otto Smith opened the register, the man suddenly smiled and said:

"Forget it, I don't have a gun. I just wanted to see if it was as easy to pull a robbery as the papers say it is."

Police say they want to have a little chat with the joker.

## Johnson Predicts High Tariff Drive

AUSTIN (AP)—Sen. Lyndon Johnson predicts strong drives for high tariffs in Congress next January.

The Senate minority leader told a radio audience last night high-tariff protectionist forces will be stronger than they have been for many years.

"The so-called protectionists occupy key positions—especially in the House. They will try to use these positions to go back to what they call the 'good old' log-rolling days when every interest was favored except the public interest," Johnson said.

Only by encouraging foreign trade, Johnson said, will this nation be able to help its allies get on a sound economic footing. Johnson added that Texans are aware of the vital need for export markets because cotton economy rises or falls according to the international trade situation.

Until a terse RAF announcement yesterday that the 21-year-old airman was under arrest at the air station here, there had been no modification of the British charge he was being held by the Egyptians. The RAF said only that his disappearance was being investigated.

Rigden's parents visited him yesterday. His father reported: "He would only say that he had been held by French police in Paris, handed over to British authorities and immediately flown to this country."

## Tournament Queen Marries Ex-Texan

LA CANADA, Calif. (AP)—Miss Leah Feland, 18, Queen of the 1953 Tournament of Roses, and Roland C. King Jr., 24, formerly of San Antonio, Tex., were married last night in the Church of the Lighted Window.

The wedding originally was announced for Aug. 16 but was postponed when Miss Feland became ill.

The couple met in San Antonio last April while Miss Feland was there as grand marshal of the city's annual fiesta. After a honeymoon the Kings plan to live in Pasadena where he is associated with an automobile agency.

## Eastern U.S. Has Hot Weather And Faces Shortages Of Water

By The Associated Press  
The August 1953 heat wave probably will not soon be forgotten. Records written under a stifling air blanket reaching from the Rocky Mountains to the Atlantic Coast should take care of that.

Every day brings new records, and the Weather Bureau forecast little if any change through Tuesday. This is a distressing outlook for eastern United States, where 90-degree plus temperatures were the rule Sunday and

Deaths of 17 Pennsylvanians, 15 in Philadelphia, were attributed to the heat.

Some communities faced serious water shortages for domestic consumption as a result of brassy, rainless skies; many banned use of water for sprinkling and automobile washing.

Lawns burned up, trees and crops suffered, and the dryness of vegetation posed the threat of grass and brush fires in rural areas.

Hundreds of thousands of persons swarmed to the beaches seeking relief.

Aug. 30 all-time temperature records were set by the dozens.

Nor was relief in sight. The Weather Bureau in Chicago said it might be a bit cooler in the northern tip of New England today, and temperatures may drop into the 80s in northern portions of Minnesota, Michigan and Wisconsin.

Otherwise, the forecast was "Fair and continued hot." Possible brief showers in Lower Michigan, Minnesota, Iowa, Western Illinois and Wisconsin were expected only to humidity.

The long hot, dry spell—it has been eight consecutive days of 90 degrees or higher in Chicago—apparently has directly caused little the loss of life. Only Pennsylvania reported heat deaths Sunday. Chicago police and Fire Department rescue squads treated 38 persons overcome by the heat—25 of them among the 35,000 persons attending the New York-Chicago baseball game at Comiskey Park, Pitt. Mich., had four prostrations and Baltimore one.

The Weather Bureau said this low rate of human casualties was due to low humidity.

New Aug. 30 heat records set Sunday included: Washington 99.3; Boston 98; Portland, Maine, 95; Louisville 98.4; Baltimore 99; Philadelphia 100; Pittsburgh 96; Cleveland 96; Toledo 96; Columbus 100; Albany 98; Syracuse and Binghamton, N. Y., New York City 95.9; Chicago 96.1; Hartford, Conn., 97, and Richmond, Va., 101.

The hottest spots were Waldorf, Md., and Strasburg, Va.—both 103.

For Chicago it was the fifth straight day of temperature records, and the 18th straight day of no measurable precipitation.

It was Washington's hottest day of 1953.

It was Detroit's and New York's second consecutive record temperature for the date. It's been 90 or above in Detroit for six days. Cincinnati now has had eight consecutive days of 90-degree temperatures.

Newark has had three straight days of more than 100, seven in a row of 90 days or more.

There have been no rains in Maryland and Virginia for weeks.

It was different on the Pacific Coast, Los Angeles policemen were notified they would have to begin wearing neckties again today, as the city basked in a mild 74-degree temperature Sunday. They have been allowed to wear collars open during the summer.

The weather was entirely different for small cities along the Texas gulf coastal plains. Cloudbursts have overtaxed drainage ditches,

overflowed streams and made lakes of low spots, driving some 2,500 persons from their homes.

Seven inches fell in five hours Sunday at Sinton, and 8 inches fell on high ground near Robstown. Both communities are near Corpus Christi.

## DO Favorite Foods "Talk Back" to You?

TUMS Quickly Neutralize Excess Acid

Nearly everyone has favorite foods that sometimes bring on heartburn, sourness and acid indigestion. But millions have found the answer is simple as A.B.C. They just carry a handy roll of Tums in pocket or purse. Eat 1 or 2 Tums for swift, soothing relief. They can't over-alkalize—can't cause acid rebound. And they are FAST! Get a roll of delicious TUMS today!
