## Rural Life Sunday To Be Observed Throughout Nation

May 3 is Rural Life Sunday. It is the day set aside by rural churches — the fifth Sunday after Easter — to emphasize the spiritual values of rural living.

Secretary of Agriculture Benson has said that Rural Life Sunday provides an opportunity to develop better understanding and working relationships among community institutions — churches, schools, farm organizations, cooperatives, soil conservation districts, agricultural agencies, civic and service clubs and other community groups — for the purpose of enriching rural life.

"Too," added the Secretary, "Rural Life Sunday also offers rural and urban ministers one of the best opportunities for exemplifying the true meaning of Christian Stewardship. It emphasizes the great spiritual values to be found and conserved in the community, the true religious significance of resource conservation, the place of the church in an educational program that will bring to everyone an understanding and appreciation for the farmer and the soil. It pointed out the place of man in God's world and a host of other interests of a kindred nature."

For many years Texas 4-H club members have participated actively in Rural Life Sunday church services and 1959 will be no exception. They will emphasize the heart — H as an important part of the four-fold development program of 4-H club work. Participation in church services provides them with an additional opportunity for spiritual growth, points out the state 4-H club leaders and serves also as a step toward a major objective — that of training in citizenship.

Across Texas and the nation, 4-H club members will join in the observance of the day and as in past years, they extend an invitation to the public to attend church services with them on May 3rd.

## 20th American Cotton Congress To Open In Waco May 4th

Several hundred farmers, ginners, merchants, and other persons interested in the cotton industry are expected at the 20th annual American Cotton Congress to be held in Waco, Texas, May 4 and 5.

Highlights of the two day sessions will include talks by several prominent cotton industry people from throughout the nation.

This year's Congress will feature exhibits depicting 20 years of change and progress in the cotton industry.

The American Cotton Congress is an organization dedicated to the improvement of the cotton industry. There is no formal membership and anyone interested in cotton is invited to attend. Reservations for the Congress may be made through Jos Hahn, Roosevelt Hotel, Waco.

## Group Attends State FHA Meeting In Dallas Thurs. to Sat.

"In A Changing World" was the theme of the State FHA meeting held in Dallas last Thursday to Saturday. The theme was used in devotionals and all talks. New State Officers were installed at the meeting.

Virginia Haynes of Trickham, new incoming president of the Santa Anna chapter of the Future Homemakers of America, was a delegate. Dixie Deal was the voting delegate. They were accompanied to Dallas by Miss Doris Beard, Homemaking teacher and Mrs. J. A. Mallow.

Mrs. W. B. Phillips of Hereford is visiting a week in the home of her sister and brothers, Mrs. Neely Evans, Clifford Stephenson and Albert Dean at Bangs.

Visitors in the Clifford Stephenson home over the weekend were Mr. and Mrs. Gerald Pruitt, Kenneth and Sheryl of Dallas; Mr. and Mrs. C. W. Stephenson Jr. Gary and Barbara of Abilene. All attended the Llam reunion at the Coleman Park.

## Band To Enter UIL Contest In San Angelo Sat.

The Mountaineer Band will leave Saturday at 12:00 noon for San Angelo, where they will participate in the University Interscholastic League Concert and Sight reading competition.

To all bands of this region this is the most important contest they will attend this year. The most cherished prize that comes out of this competition is a First Division rating and a beautiful wall plaque, noting that your band is superior in its performance.

They are rated as follows: I — Superior; II — Excellent; III, Good or Medium or Average; IV, Below Average; and V, Far Below Average.

The Santa Anna Band has consistently been in the Division II bracket for the past few years, and it is hoped that they can achieve the Division I rating this Saturday.

James Mallow, band director, said, "If each student and the parents behind them take the correct attitude toward this contest, we can come out on top. They are prepared musically but need to concentrate their attention toward a winning attitude for Saturday's contest. They need lots of public and parent support."

The contest will be held in the new San Angelo Central High School Auditorium and the public is invited to attend, free of any charge.

In order to give you an idea of the size of the contest, it will last three days, Thursday, Friday and Saturday, and will involve some 3,000 student musicians.

The band is expected to return to Santa Anna around 7:30 p. m. Saturday evening, give or take 30 minutes, Mr. Mallow said.

## Sonic Boom Friday Does Lots Of Damage

A sonic boom at 3:24 p. m. Friday, April 24, did considerable damage to several buildings in town. Window lights were burst out of frames in some buildings and some frames were badly disrupted by the boom.

Reports have reached The News on five buildings suffering damage. They are: Piggy Wiggy, Lions Club Room of the Tex-Anna Hotel, Payne Building on main street; Shield building west of Post Office; and the Presbyterian Church.

Mayor Ford Barnes telephone Kelley Air Force Base Monday about the destruction, and the air base said they would send an inspector here as soon as possible to inspect the damage. Anyone knowing of damage to buildings or other property other than the above-mentioned, is requested to report it to Mayor Barnes or The News Office, as soon as possible, in order that the inspector can be directed to the proper places.

We do not know what the outcome of the inspections will be, but most likely the Air Force will see that some damage is paid in each case. This was the worst sonic boom we have had here, as far as we know.

Let us urge each and everyone to write your Senators and Congressmen and urge them to get something done to stop these sonic blasts. We can see no reason for destroying property just in order to advance jet flying techniques, especially when the flying could be done over places where there is little or no likely hood of doing any damage.

Demanding of your representatives in Washington that this be stopped is the only way to get it done. Your elected officials can do it, if enough people will write them and demand they get it stopped.

Miss Bettie Blue is spending the week in Abilene with Mr. and Mrs. W. C. Spencer and family.

Mrs. J. F. Turner went to El Paso last Thursday to visit her daughter, Dr. and Mrs. Dodson Garrett and family.

In 1959 is was unlawful in Massachusetts to have a Merry Christmas.

## Melvin W. Pollock Outstanding Trainee At Basic Training

Melvin W. Pollock, son of Mr. and Mrs. M. R. Pollock, was selected as the outstanding trainee of his unit during his initial eight weeks of military training. Pollock was stationed at Fort Riley, Kansas, during this training period.

Major General H. H. Fischer, commander of the post, said in a letter of commendation to Pollock, "in the military, as well as in every field of human endeavor, there is always a place of honor for those who desire to excel. You have been chosen for this honor on the basis of your conscientious devotion to the training program, military bearing, and degree of military proficiency which you have attained. Your selection indicates that you have adapted yourself exceptionally well to the discipline of military life, and have equipped yourself for maximum service to your country. I have every confidence that you will continue to exhibit this same dedication in whatever duties you may be called upon to perform."

There were 165 men in the training program with Pollock.

## Mrs. Don Ewing Buried Here Tuesday Afternoon

Funeral services were held in the First Methodist Church Tuesday, April 28 at 3:00 p. m. for Mrs. Don Ewing, 84, a former longtime resident of Santa Anna. Mrs. Ewing died in the Henderson, Texas, Memorial Hospital at 12:15 a. m. April 27. She fell and broke a hip about the first of April and underwent surgery later in the month. Her condition never did improve but very little, and began getting worse soon after the surgery.

Mr. and Mrs. Ewing were married in Bellefonte, Arkansas in 1893 and came to Santa Anna in 1902. Mr. Ewing died in 1947 and in 1948 Mrs. Ewing moved to Henderson to live with her daughter, Mrs. W. T. Moore. She was born May 28, 1874 in Harrison, Ark.

Mrs. Ewing was a member of the Santa Anna Methodist Church, the Santa Anna Chapter of Eastern Star and the Woodmen Circle. The Eastern Star conducted graveside rites.

Survivors include one daughter, Mrs. Moore of Henderson, and one son, Ben G. Ewing, Sr., of Waco. Four grandchildren and eight great-grandchildren also survive.

The Rev. Ray Elliott, pastor, officiated. Pallbearers were Calvin Campbell, Curtis Collins, C. D. Bruce, Lige Gober, Collin Price and Lee Strother.

Hosch Funeral Home was in charge of local arrangements.

## Alfred England To Be Dyess AFB Telephone Manager

Alford England, a former resident of Santa Anna, replaced W. L. Blakney as manager of the Dyess AFB telephone services system, effective Thursday, Apr. 30. Blakney had been with the Southwestern Bell Telephone Co. for 23 years and retired April 30.

England is a son-in-law of Mr. and Mrs. Collin Price, and the husband of the former Patsy Price.

## DAUGHTER BORN TO GLENN EARLY'S IN DALLAS

Mr. and Mrs. Glenn Early of Dallas are the parents of a daughter, born April 19. She has been named Kathryn Sue, and weighed 8 pounds and 8 ounces.

Grandparents are Mrs. Dorothy Clark of Santa Anna and Mr. John Early of Ward, Ark.

Visitors with Mrs. Dorothy Clark and boys are Jerry Clark and Mr. and Mrs. Glenn Early and their four children of Dallas.

Mr. and Mrs. W. H. Foster of Brownwood visited with Mr. and Mrs. Aubrey Goodwin Sunday. Mr. and Mrs. Henry Goodwin were also dinner guests.

Mr. and Mrs. Forrest Eskridge of Lubbock, were weekend visitors with Mr. and Mrs. Clarence Hipp.

## Linda Riley Elected To Honor Society

LINDA RILEY

Miss Linda Riley, freshman student at the University of Texas in Austin, has been elected into Kappa Epsilon, an honorary professional fraternity for women in Pharmacy.

To be eligible for membership in the sorority, the young lady must be a freshman student taking 12 hours and having a minimum of 13 grade points.

Miss Riley is a 1938 graduate of Santa Anna High School and a daughter of Mr. and Mrs. J. W. Riley.

## Funeral Services For J. M. Cheaney Held Wednesday

Funeral services for J. M. Cheaney were held at the First Methodist Church Wednesday, April 29 at 4:00 p. m. Mr. Cheaney passed away in the Memorial Hospital in Coleman at 4:00 p. m. Tuesday, after an illness of several days. He fell at his home April 7 and broke his hip, and since that time has been in the Hendricks Hospital in Abilene, the Rest Home in Coleman and he was moved to the Coleman hospital early Tuesday morning.

J. M. Cheaney was born in Grayson County, Texas, December 9, 1875. He moved his family to the Mukewater Community in 1906 and in 1915 the family moved to their farm just east of Santa Anna. Later the family moved to their home near the high school, where Mr. Cheaney has continued to maintain a home.

A member of the Primitive Baptist Church, he was 83 years, 4 months and 19 days old. He had been retired from the farming profession a number of years.

Officiating ministers were the Rev. Ray Elliott, pastor of the First Methodist Church and the Rev. Paul Smith, pastor of the Concho Baptist Church of Coleman. Burial was in the Santa Anna Cemetery beside his wife.

Survivors include four sons, C. B. Cheaney of San Angelo, O. L. Cheaney of Santa Anna, Joe Bailey Cheaney of Abilene, and H. A. (Tub) Cheaney of Pharr, Texas; one sister, Mrs. Mollie Jones of Snyder, Okla.; and one brother, Jack Cheaney of Altus, Okla. Nine grandchildren and 14 great-grandchildren also survive.

Pallbearers were Ozro Eubank, W. T. Stewardson, Glen Copeland, Dawson See, J. L. Boggus and Hilton Wise.

Hosch Funeral Home was in charge of arrangements.

## Minstrel Is Big Success

From all indications, the Lions Club Minstrel presented Tuesday night in the high school auditorium was a huge success. There is still lots of tickets to be accounted for, and it is known that a large number of them are sold.

Mr. and Mrs. Bailey Horner and children of Odessa spent the weekend with Mr. and Mrs. J. J. Horner.

## Tornado Safety Suggestions Listed By Safety Ass'n.

Austin — "For most Texans, no time of the year is quite as pleasant as Spring. It is of small wonder, when you consider the beauty of Bluebonnets, Dogwood and hundreds of other typical Texas flora.

"But, along with these signs of Spring," J. O. Musick, general manager of the Texas Safety Association, says, "we can be quickly distracted by other signs of Spring — particularly Tornadoes.

"Because this is the time of year when these violent and spectacular storms of nature are most likely to visit us."

Musick pointed out that there isn't really much a person can do to insure himself of complete safety when a tornado is around, unless he happens to be near a cave or underground excavation.

But the safety expert did list a few precautions a person might take that will lessen the danger or serious injury when a storm is in the area, they are:

1. If in open country, move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.

2. The south west corner of the lowest floor or basement offers the greatest safety at home. People living in brick or stone houses should seek other shelter, preferably in a storm cellar or the basement of a frame house. If time permits, electricity and fuel lines should be shut off.

3. If at school or in an office building of steel reinforced construction, stay inside away from windows, near an inside wall on a lower floor.

4. Businesses and industrial plants should make advance preparation in case a tornado strikes. Employees should know where they can go for the greatest protection.

5. KEEP CALM! It will not help to get excited. People have been killed by running out into streets and by turning back into the path of a tornado.

## Pony League Play To Start May 14

# State Capitol NEWS

Austin — Most people in or connected with the 56th Legislature are comforting themselves with the knowledge that air conditioning was installed in House and Senate chambers last year.

It may be pretty hot, they say, before a majority of both houses come to agreement on new taxes.

House members systematically cut to pieces the big omnibus

tax bill (HB 727). As originally proposed, it would have raised \$300,000,000, mostly from scores of new selective sales taxes on items ranging from face paint to house paint. After members got through cutting out the things that brought the loudest howls, it was down to less than one-fourth its starting size.

It was then given preliminary approval (second reading) by the narrowest of votes, 74 to 72, counting Speaker Waggoner Carr's "yes" vote. Carr stepped down from the speaker's rostrum to plead with members to pass the bill, even though it had been stripped to practically nothing, so as to "get something to the Senate."

Senate cannot consider a tax bill until it has been passed by the House. But for the Senate getting the shattered fragments of HB 727 is like getting four wheels and some broken glass with the invitation to make an automobile.

**TASK AHEAD**  
In the days that remain until May 12, or in special sessions thereafter, the Legislature faces these decisions:

1. Appropriations — House has passed a bill calling for \$322,000,000 in general revenue. Sen-

ate, a bill for \$302,000,000. Difference must be adjusted in conference committee, which neither presiding officer seemed in a hurry to appoint. This could mean some sort of agreement that there would be no final decision on the appropriations bill until a tax program emerges.

2. Taxes — Either house's spending bill, with the deficit added in, would require something around \$200,000,000 in new tax money. This much, it seems certain, must be found.

3. School improvement — Backers of the Hale-Alkin Committee program will push for adoption of at least part of that program. It would add some \$100,000,000 a year to state expenses.

### ABANDONED PROPERTY "ABANDONED"

In a vote that surprised many, the House killed the abandoned property bill 80 to 67.

Proposed measure would have allowed the state to take over dormant bank accounts and property held by insurance companies, utilities and oil and gas companies if it had gone unclaimed seven years.

Some felt that Gov. Price Daniel, who had fought strenuously for the bill, might regard its defeat as third term fodder. He said at one time its passage meant more to him than anything since the tidelands.

Afterward, the governor said "the fight has just begun." He was critical of Speaker Carr for having allowed the measure to come to a vote when it did.

### "COW BILLS" PASS

Senate has given final approval to three bills affecting ranchers and dairymen.

A milk bill, sponsored by Sen. Grady Hazelwood of Amarillo, would prohibit bringing in milk from other states unless it could be established that the milk was produced under the health and sanitation standards placed on Texas producers.

Sen. Ray Roberts of McKinney pushed through a bill that would provide a penalty for allowing cattle to roam on state and national highways and relieve motorists of liability for hitting stock.

A bill tightening licensing regulations of veterinarians also was passed by the Senate. Sen. Ardy Rogers of Childress, sponsor, noted that there is no pre-

sent law to suspend licenses of veterinarians guilty of malpractice.

### WHAT'S THE USE

Senators refused, 16 to 15, to take up Sen. A. M. Alkin's bill to improve schools and raise teacher pay.

Those who oppose said passing the bill before tax money is found wouldn't bring a "crying dime" to the teachers.

Hopeful teachers could take some comfort from the fact that some who voted against considering the bill said they would favor it when money is on hand.

### LOAN SHARK CURB ASKED

Texans will probably have an opportunity to vote in November, 1960, on whether to adopt a new approach for regulating lending practices.

Both House and Senate have approved a proposed constitutional amendment that would allow the Legislature to regulate the amount of interest that could be charged. Present 10 per cent ceiling on interest, set in the constitution, would be abolished.

A constitutional amendment must be approved by the voters at a general election after it has been passed by the Legislature and signed by the governor.

Backers of the change say it will pave the way for driving loan sharks out of Texas. Such a measure has been sought for a number of years and has the backing of Texas Legislative Council.

### MORE COLLEGES OKEYED

Texas is on the way to having a new medical school and three new state-supported four-year colleges.

Senate, in a burst of educational zeal, passed bills to (1) elevate Arlington State College between Fort Worth and Dallas to a senior college, (2) make Tarleton State College at Stephenville a four-year college, (3) make Midwestern University at Wichita Falls a four-year state-supported college and (4) establish a new University of Texas medical branch at San Antonio.

All except the Midwestern bill already had been passed by the House.

### OPEN MEETING APPROVED

Meetings of state, city, county and district boards and their records will be required to be open to the public under a bill given final Senate approval.

Measure that passed was a combination of Sen. Preston Smith's "open meetings" bill and Sen. George Parkhouse's "open records" bill.

Senate Jurisprudence Committee had amended Smith's original proposal to say that closed meetings could be held "for the discussion of appointments or matters which, if made public, might adversely affect the public security or the financial interests of the state or its political subdivisions."

Mrs. S. L. Cannon visited last week in Brownwood with Mr. and Mrs. J. D. Henderson. Sunday guests were Mr. and Mrs. Oran Henderson and Orabeth of Snyder.

### Today's MEDITATION

from The World's Most Widely Used Devotional Guide

### The Upper Room

© THE UPPER ROOM, NASHVILLE, TENNESSEE

Read I Peter 4:12-19.

If any man suffer as a Christian, let him not be ashamed; but let him glorify God on this behalf (I Peter 4:16.)

On a cold winter's day, St. Francis of Assisi and Brother Leo were walking together. For a time they traveled in silence. Then Francis began to talk about the nature of real joy. He said one does not find perfect joy by setting a good example, nor by doing miracles; nor by having great knowledge, nor by the ability to preach so that infidels become converted.

"If these things do not give perfect joy, where can it be found?" asked Brother Leo.

Francis answered that perhaps they might come to their next stopping place, cold and hungry and soaked with rain. The porter might refuse to let them in. He might accuse them of being good-for-nothing. St. Francis says if they could bear this abuse with patience and not think badly of him, then they would experience perfect joy.

It is in willingly enduring all things for Jesus' sake which makes a Christian joyful. Nothing then defeats him, for he belongs to his Lord.

### PRAYER

O loving God, forgive us for our sins against Thee. Grant that the joy which was in the heart of Jesus may be in our hearts, too. Give us strength and courage necessary to endure all things for his sake. In His bless-

ed name we pray. Amen.

### THOUGHT FOR THE DAY

I will live today for Christ's sake and not for my own.

—Raymond W. Fenn (Nova Scotia)

## About Your HEALTH

A weekly public service feature from the Texas State Department of Health.

HENRY A. HOLLE, M. D.  
Commissioner of Health

They used to call them "Food-handlers Schools." Today, the title more nearly describes its purpose: "A Short Course in Food Preparation and Services."

The courses are presented by Public Health Education Division instructors in any city in Texas on request of local authorities.

Managers, supervisors and all other employees of eating establishments are the primary objectives of the course. However, the same principles apply to all public and private foodhandlers—whether housewife or canner.

The course is presented in four sessions of two hours each. Depending on local working conditions, the daily sessions may be scheduled for morning, afternoon or evening.

Discussions deal with the causative agents of communicable diseases: virus, bacteria, protozoa and worms; the source of these organisms, sick people, people who are carrier and sick animals; the mode of transmission from the source to susceptible persons; and the points of entry.

Discussions bring out that there are at least 75 different communicable diseases existing in the United States today, of which 30 or so can be transmitted through unsanitary food production, processing, distribution, preparation and service.

## BROILERS-FRYERS TOP MAY LIST OF PLENTIFUL FOODS

Broilers and fryers take the No. 1 spot on U. S. Department of Agriculture's list of plentiful foods for May.

Pork and eggs, featured items in April and March, respectively, still belong on the team. Turkeys, especially the smaller sizes, also have stepped into the May list for this area.

Edible fats and oils, milk and dairy products, lard, and potatoes are expected to continue plentiful this month.

And with huge harvest of celery now underway, this item also deserves special attention this month.

The monthly list of foods in heavier-than-normal supply is provided by USDA through the southwest food distribution division of the Agricultural Marketing Service, after national and local supplies are determined. Menu planners usually will find it to their advantage to serve plentiful foods more often.

Emphasis is placed on the fact that if people are properly vaccinated, and thereafter practice sanitation, personal hygiene, and food refrigeration, the majority of these diseases could be greatly reduced or stamped out.

The Division of Public Health Education provides State Department of Health publications used in the course. If local authorities wish to provide additional publications they may do so.

Promotional activities include person to person contact, radio and television announcements, newspaper articles, talks before public health committees of the local restaurant association if any, and other community groups.

There is no denying the value of these sanitation courses to the

health of restaurant goers and everyone who buys any food prepared by a human being. Local areas may contact the Division of Public Health Education of the State Department of Health for further information.

Mr. and Mrs. Howard Lovelady of Gatesville and Oscar Lovelady of Whon, spent Sunday with Miss Alta and Guy Lovelady. All of them visited with Mr. and Mrs. Jim Lovelady and family in the afternoon.

Mr. and Mrs. Jimmy Stevens and family of Breckenridge spent the weekend with her parents, Mr. and Mrs. Clifford Morris.

Mr. and Mrs. Herman Region of Giddings were here on business Friday and Saturday. They took Mrs. Region's father, Perry Smith, home with them.

Mrs. Doyle Evans, who had surgery in a San Angelo hospital last Tuesday, returned home Saturday.

Mr. and Mrs. J. A. Manley Jr. of Fort Worth, were weekend guests with Mr. and Mrs. J. A. Manley Sr.

**Sorghum Alum Is Subject Of New Publication**

Sorghum alum, a tall grass that will grow in most of Texas, is discussed in a new leaflet released by the Texas Agricultural Extension Service, titled "Sorghum Alum".

Sorghum alum, a hybrid between Johnsongrass and a sorghum, is a short-lived perennial similar in appearance to Johnsongrass. It has wider leaves, larger stems, longer and more spreading heads, and the first-year growth is taller than Johnsongrass or sudangrass.

The primary use of sorghum alum is as a grazing crop. The larger stems make it more difficult to cure for hay than Johnsongrass. Sorghum alum has one distinct advantage over Sudangrass as a temporary summer pasture crop - it makes better regrowth and produces more grazing in late summer and fall. It appears to be more drought tolerant than Sudan or Johnsongrass, particularly on sandy soils.

Although a perennial-type plant, survival the second and third growing seasons have been erratic. In view of past experience, it will have to be considered an annual grazing crop, or at least a weak perennial for use as temporary pasture, said E. M. Trew, extension pasture specialist.

The leaflet discusses the description of the plant, its adaptation, establishment and its management.

Copies of the leaflet are available from local agents or the Agricultural Information Office, College Station. Ask for L-329.

**Traffic Deaths In State Increase 10% In First Quarter**

Austin - The Texas Department of Public Safety reported Monday that 50 more persons have been killed in Texas traffic accidents during the first quarter of 1959 than in the same period last year.

Col. Homer Garrison Jr., Director, said this means motorists apparently have reversed the trend which resulted in the lowest traffic death rate in the State's history in 1958.

The Department reported 551 persons have died in traffic accidents during the first three months of this year, including reports received up to April 18. This total compares with a death toll of 501 during the comparable period of last year.

"This 10 percent increase in traffic fatalities indicates we are off to a bad start which could completely wipe out the eight percent decrease in motoricides for the whole of 1958," Garrison said.

"Equally alarming is the fact that the total number of acci-

dents has increased 24 percent over last year, indicating an urgent need for every motorist to take stock of his driving habits and join in a campaign to save lives and restore our improved record of last year."

Garrison's statement was issued with the release of a booklet containing an analysis of 1958 motor vehicle traffic accidents, prepared by the Statistical Services Division. This showed that the 2,342 traffic deaths was the lowest since 1949 when 1,947 were killed, and that the death rate

of 5.3 persons killed for each hundred million miles travelled was the lowest in history. The low rate was achieved through a reduction of 197 deaths in 1958 in spite of a three percent increase in travel.

Rose Mary Estes of Coleman spent Monday with her grandparents, Mr. and Mrs. Amos Taylor.

An ancient of India called for the widow to cremate herself on the funeral pyre of her husband.

### Trickham News

(Editor's note: This is the first time in a number of weeks that we have had any Trickham News. Under the present circumstances, the people of Trickham are requested to write their news items and turn them in to Mrs. Minnie Wilson before the mail runs on Tuesday morning. Mrs. Wilson will put all the news in an envelope and send it to us just as you write it. Then we will attempt to edit it here at The News Office. We would certainly appreciate it if someone in the community would take it upon themselves to write the news column each week.)

Bud Laughlin is doing fairly well, after being at home a week. Mr. and Mrs. A. J. Martin spent Sunday with their daughter and family, Mr. and Mrs. Tom Cole of Brownwood.

Mr. and Mrs. Carl Sheffield visited R. O. Sheffield in San Angelo Sunday.

Sunday visitors in the Grady McIver home were Mr. and Mrs. Roy Miller of Coleman, Wanda Cook and Doyno McIver of Abilene and Mrs. Keetie Haynes.

The Lenton Oakes family visited Friday night and Saturday with Mr. and Mrs. Lige Lancaster.

A large crowd attended the services Friday night where Miss Ann Ruth Jones showed a film of the Belgian Congo.

Mr. and Mrs. W. D. Ranne of Mountain Home, Texas visited in the homes of H. B. James and C. L. Brien. Mr. Brian and Jeraldine White observed birthdays Sunday.

Mr. and Mrs. Charlie Ray Fleming of Abilene were weekend visitors of their parents, Mr. and Mrs. Robert Stearns and Mr. and Mrs. Charlie Fleming.

Mr. and Mrs. R. C. Stearns and children, Mr. and Mrs. Charlie Ray Fleming of Abilene and Mr. and Mrs. Ray Wells and children of Coleman were dinner guests in the Robert Stearns home Sunday.

### Increased Use Of Turkey Sought

The Texas Turkey Federation intends to do something about the surplus problem and at the same time gain back for Texas producers higher national ranking, productionwise.

George Draper of the Poultry Science Department at Texas A & M College and an official of the Federation report that plans are well underway for the launching of an all out effort to increase the turkey consumption.

The turkey industry contributes about \$35,000,000 annually to the agricultural income of Texas. The sale of about 4 million live birds and 18 million hatching eggs, over half of which are exported to other states, are the major income sources.

During the past decade, Dra-

per said Texas had dropped from first to fifth place in the nation in turkey production and cited as a factor the failure of Texans to increase consumption.

The Federation, he said, is hard at work on the problem, and promises that food buyers in order to get turkey in their menu planning will not have to buy an entire bird. Turkey quarters will soon be on the market and housewives will be able to purchase attractive packages containing from 2 to 6 pounds of a food that has long been famous for its high protein and low fat content. The quarters are to be labeled "Golden Roast" and included in each pack will be full instructions on preparation.

Federation officials and others connected with the industry believe this change in marketing will help get more turkey consumed. The new package will give the housewife the opportunity to purchase flavorful turkey in an amount for a single family meal or a banquet.

Draper said the Texas group would get assistance in their promotion program from the National Federation which will launch a nationwide effort in the near future.

### German Visitor In Barnes Home Honored Saturday

Mrs. Ford Barnes honored Miss Ellen Scherf of Goettingen, Germany, with a tea Saturday afternoon from 4 to 6 p. m.

Floral arrangements of roses and iris graced the mantel, the coffee table and other vantage points.

Miss Jean Stewardson greeted guests at the door and presented them to the receiving line, consisting of the hostess, Miss Scherf, Mrs. Carol Kingsbery and Miss Kay Kingsbery.

Miss Clois Cullins and Miss Ruth Radle directed the guests to the dining room, where punch was served by Mrs. Tom Kingsbery, from a gold crystal bowl.

The table was laid in an exquisite handwoven beige and gold cloth, centered by a gold bowl of American Beauty and Le France roses. All appointments were of gold, china and crystal.

Miss Rita Jane Ing assisted Mrs. Kingsbery in the dining room. Seventy-nine guests called during the entertaining hours.

### Self Culture Club Met With Mrs. J. L. Harris Friday

The Self Culture Club met Friday with Mrs. J. L. Harris, with Mrs. Howell Martin as co-hostess. Mrs. Hardy Blue presided during the business session.

Mrs. C. D. Bruce directed a panel discussion by five high school students, who were Rita Ing, Edna Lewis, Kay Kingsbery, Eddie Hartman and Max Price. Miss Jettie Kirkpatrick gave a report on next year's work, which will be a travel course.

Refreshments were served to Mmes. Hardy Blue, Cullen N.

Perry, C. D. Bruce, Otis Bivins, W. B. Sparkman, J. W. Taylor, A. L. Oder, Charles Ing, Nona Woodruff, J. C. Mathews, Misses Jettie and Dora Kirkpatrick, Alta Lovelady, Bettie Blue, and the hostesses, Mrs. Harris and Mrs. Martin.

### Rockwood W. M. S. Has Mission Study

The W. M. S. met Monday afternoon at the Rockwood Baptist Church. Mrs. Nell Brusenhan was chairman of the Mission study book, "The Holy Spirit in Missions." Mrs. Brusenhan and Mrs. Jim Rutherford gave the first two chapters. The W. M. S. will have a regular social at the home of Mrs. Tony Rehm, and honor Mrs. Jim Rutherford with a pink and blue shower.

There were 10 members present, Mrs. Brusenhan, Mrs. Rutherford, Mrs. Eyan Wise, Mrs. L. L. Bryan, Mrs. Matt Estes, Mrs. Rodney Dean, Mrs. F. E. McCreary, Mrs. L. Brusenhan, Sr., Mrs. A. L. King and Mrs. Goldie Milberger.

There is to be a Vacation Bible School Clinic at Coleman Baptist Church May 1. All workers are asked to attend. Cars will meet at Rockwood Baptist Church Friday, May 1 at 9:00 a. m. to take all who will go.

### Liberty Home Dem. Club Meeting

The Liberty Home Demonstration Club met at the Community Building Wednesday, April 22, at 2:00 p. m. Mrs. W. H. Pittard presided over the meeting and business session. Mrs. Billy Gray was hostess and led the club pledge and prayer.

The program was given by Mrs. Gray, Mrs. Roy Stockard and Mrs. Pittard. They discussed the district meeting they attended in Ballinger April 16th. Mrs. Johnny Field, Mrs. Stockard and Mrs. Pittard reviewed instructions on writing news articles, received in a school of instruction in Coleman in March.

Mrs. Gray served refreshments of cookies and hot chocolate to nine club members and one visitor.

The next regular meeting will be Wednesday, May 13, at 2:00 p. m. at the Community Building. Mrs. James Keeney will be hostess. All members are urged to be present and visitors are always welcome.

Miss Doris Belle Turner of El Paso spent the weekend with her parents, Mr. and Mrs. Arthur Turner.

Mr. and Mrs. Roscoe Hosch spent Sunday with Mr. and Mrs. Charles Hosch and daughter in Sweetwater.

Mrs. J. W. McClellan left Sunday for Austin to spend a few days with her two daughters, and to get acquainted with a new granddaughter, born April 23rd, in Austin to Mr. and Mrs. Allen Pierce. The new baby has been named Paula Sue.

The almighty dollar commands a lot of respect. But it doesn't go as far as politeness.

### THE 1959 WATER SUPPLY

The ground water supply outlook this year is "poor in the South and Southwest" and "fair to good in the North," according to U. S. water survey crews.

This rather dim outlook contrasts sharply with last year's generally abundant water supplies in Texas and other western states. It also recalls some vaguely disturbing reminders of the earlier 7-year trend during the bad drought years in Texas.

Snow survey supervisors report, however, that carryover storage from the high 1957 and 1958 runoff, will provide supplemental and late-season underground water where the snowpack is normal. The carryover will also tend to alleviate any disastrous shortage during the 1959 season where the snowpack is low.

The forecast virtually eliminates any damaging high streamflows resulting from snow melt. With average or less snow accumulated in the mountains at the April 1 measuring time, the prospects for spring floods are very slight in the southwest. Commenting on the irrigation

water outlook, D. A. Williams, administrator of the Soil Conservation service had this advice:

"Farmers and ranchers in areas faced with deficient water supplies should seek expert help and advice in planning their water programs. The soil conservation district agents can also offer aid in planning cropping and grazing patterns to fit area soil and available water supply."

The seasonal forecast covered 16 states and British Columbia. Of particular interest to Texas was the Rio Grande sector report which read, in part:

"Water outlook is poor in both Colorado and New Mexico, with the April 1 snowpack near a recorded minimum. Mountain soils are dry. An above-normal carryover storage provides good prospects for New Mexico's Tucumcari and Carlsbad projects but only a minimum inflow is in sight to add to Elephant Butte

reservoir's near-average storage."

The Colorado and New Mexico mountains are an important factor in supplying underground water for the Panhandle and West Texas areas. A survey of carryover supplies in underground storage was not included in the report.

### Two-Thirds Savings Offered To Some GI's On Insurance Policy

Savings of up to two-thirds in the cost of their GI insurance are being offered by mail to all veterans whose insurance policy number is preceded by the letters "RS", the Veterans Administration said today.

All of these veterans, who for the most part fall in the Korean and post-Korean conflict period, now have a chance to exchange their present 5-year term policies for 5-year term policies at lower premium cost, due to the improved mortality tables resulting from modern medical advance.

The new policy, however, must eventually be converted to a permanent plan of insurance since it cannot be renewed by the insured past age 50.

To save confusion, VA also pointed out, if you don't get a letter with the application form, don't worry. That will mean you do not have "RS" type insurance and are not eligible for this exchange.

A word of caution, even if you return the enclosed application continue to pay your premium at the old rate until the VA notifies you the new type policy is in effect. Any overpayment will be credited to your account.

**THE POLITICALLY-CHARGED Kennedy labor bill** survived efforts to strengthen it in the Senate last week. A coalition of northern liberals and southern democrats blocked efforts by Senator McClellan to include amendments which the Arkansas Senator said were necessary in order to curb corruption and abuses his investigating committee has uncovered.

The first skirmish on an amendment by McClellan, enacting a Bill of Rights to protect the rights of union members against arbitrary actions by union leaders, met a tie vote of 45 to 45. Vice President Nixon broke the tie and voted to approve the bill of rights and thereby strengthen the bill and its effective-

**DAUGHTER BORN TO MR. AND MRS. BILLY J. HARVEY**  
Mr. and Mrs. Billy Joe Harvey are the parents of a daughter, born Saturday, April 25 at the Brownwood Memorial Hospital. The baby weighed six pounds and has been named Gaye. Grandparents are Mr. and Mrs. Joe Harvey and Mr. and Mrs. Roy Bible.

**DAUGHTER BORN TO TENNISON GRANAD'S**  
Mr. and Mrs. Tennison Granad are the parents of a baby girl born in a Brownwood hospital Sunday, April 19. The baby weighed seven pounds and two ounces, and has been named Connie Beth. Grandparents are Mr. and Mrs. Joe Granad of May and Mr. Scott of Fort Worth.

On that vote 14 southerners voted with McClellan to strengthen the bill, while 9 southerners voted the other way.

McClellan's amendment to prohibit secondary boycotts, the most important strengthening amendment offered, did not have a chance, however, being turned back by a vote of 50 to 41. The same southern coalition which opposed the bill of rights combined again with the northern liberals to defeat the McClellan amendment.

The third test related to organizational picketing, another key amendment by McClellan which he maintained was needed to curb abuses by certain union leaders and provide necessary protection to the public. But it was defeated by a whopping 59 to 30.

One Washington newspaper editorial described it as a battle between Senator Kennedy, a candidate for President, and Senator McClellan, a defender of the rights of union members and the public interest.

IN THE MEANTIME, the House Labor committee continued hearings on bills to provide fair and effective legislation along the line urged by Senator McClellan. Observers doubt that the House committee, as presently composed, will approve a labor bill that will have any teeth in it.

**Highway Patrol Applications Being Accepted Now**

Austin — The Texas Department of Public Safety today urged young men interested in becoming patrolmen to make sure they have their applications filed by the deadline of May 11.

Colonel Homer Garrison, Jr., Director, announced that competitive examinations will be given on a state-wide basis May 19, 20, and 21 to fill approximately 75 vacancies in the patrol.

"This is an opportunity for young men between the ages of 21 and 35 to become a part of one of the most respected organizations of its kind in the Nation and at the same time to occupy an essential position in our society," he said.

"We are searching for qualified young men who want a lifetime career with prestige and security for themselves and their families. Applicants who make the grade will emerge from the 14-weeks of training at the State Law Enforcement Academy in Austin as commissioned patrolmen."

Garrison said applicants who successfully complete the examination will be trained with pay and, upon graduation from the Academy, will be assigned to one of the six regions in the State. They will receive an additional six months of on-the-job training under the supervision of experienced officers.

He pointed out there are many personal benefits for State patrolmen, including job security, a good retirement system, annual vacations, sick leave and uniforms and all equipment furnished. Qualifications call for high school education or the equivalent, sound physical condition, and height not under five feet eight inches nor over six feet four inches. Applications can be obtained from any Department of Public Safety field office or by writing direct to the Personnel and Training Division of the Department in Austin.

**Best Treatment For The Cross-Eyed Child**  
No. 3 of Series of Four

Whenever anyone starts to define "the best" in anything he may be leaving himself open to considerable argument — especially where functions of the human machine are concerned. And here we might get our first argument — as the automobile mechanic said "But Doc, your job can't be as tough as mine — you don't have a new model coming out every year to learn." This is an easy argument to refute although it usually gets a good chuckle. Obviously the auto is a product of man's brain and work and as such is completely known to man — this is not true of the human body, and there are many things about the body that NOBODY understands.

However, treatment of any condition is based primarily on the cause of the condition. As we have already pointed out, expert investigation has indicated that muscle paralysis is responsible for only about 15% of the cases of crossed eyes. These are usually pretty easy to diagnose. Of the balance of the cases of crossed eyes, the great majority will evidence a close connection with an optical difficulty requiring glasses which if same are prescribed and worn WHEN THE CROSS IS FIRST NOTICED will often correct the condition with no other treatment required.

Actually, we can say without too much argument from anyone that the BEST treatment for crossed eyes is PREVENTION. Now this may sound funny to some of you parents, yet it is true. Except for the small percentage of cases due to muscle paralysis, most cases of cross-

eyes could have been prevented if every child would be given an eye examination at the age of ONE YEAR. The trouble with this is that most parents will wait until they notice the eyes crossing before they do anything about having the eyes checked. Even then they will often delay for one reason or another — sometimes to see if the child will outgrow the condition — sometimes because they underestimate the seriousness of the condition in its first stages when the crossing is only occasional, and wait 'till it crosses and stays before doing something.

Some parents will question the age factor mentioned above saying to us "But Doctor, surely you can't examine a child at that early an age!" May I repeat something I have said several times in past columns on care of children's vision — IT IS NOT NECESSARY FOR THE CHILD TO BE ABLE TO READ THE LETTER CHART OR TELL US IT LOOKS CLEARER THIS WAY OR THAT WAY IN ORDER THAT AN EFFECTIVE LENS PRESCRIPTION CAN BE DETERMINED.

Glasses have been fitted satisfactorily and effectively on children UNDER one year of age. Of course it is necessary to use different examination techniques peculiar to the needs of the age dealt with in these cases. Your family physician would not use the same techniques or prescribe the same medicine for your small child that he would for you as an adult — but that would not mean the treatment or results would be any less effective or desirable for the child.

**Spring Rains Prove Benefit To Wildlife**

Austin — General rains throughout Texas during the past two weeks have brought on many favorable conditions for the benefit of wildlife, according to the assistant secretary of the Game and Fish Commission.

"These early rains will provide fine grass and cover for both birds and animals," he said. "This will be particularly good for the quail production, provided we don't get floods during the nesting season."

There was an exceptionally good carry-over quail crop in many of the areas of Texas during the past season, according to biologists. In areas, however, where additional stock is required there will be an ample number of birds from the State game farm at Tyler.

"Now is the time for landowners to place their orders for these birds," he said. "If they will contact their game wardens, the wardens can inspect their property and they can order the birds for future shipment."

"The quail are sold to landowners at 50 cents each for restocking purposes. This is approximately half the cost of production.

They are not released in unsuitable areas, however. There must be sufficient cover and food possibilities to care for the birds.

In some places sportsmen's clubs have bought the quail for release on land where hunting privileges will be available in season.

Attend church regularly.
