Four Santa Anna And 1 Rockwood Teams In League

Four Santa Anna teams and one team from Rockwood will compose the local Little League summer baseball program. The teams and their managers are: Rockwood Indians, managed by Jim Rutherford; White Sox, managed by Garland Morgan and Maynard Brown; Athletics, managed by Travis Buse and Buddy Benge; Tigers, managed by M. L. Guthrie Jr. and Eddie Hartman; and Orioles, managed by Lee Ray Huggins and Bobbie Densman.

Team managers met with A. D. Donham Sunday afternoon and set up their schedule and selected their teams. Jim Rutherford turned in a list of 15 boys and said he would likely have four or five more names. There will likely be about 15 or 16 boys on each team. The completed list of team names will be published next week. The complete schedule is published elsewhere in this issue of The News.

Practice schedules were set up for the White Sox for 5:00 p. m. Fridays and 5:30 p. m. on Mondays. The Athletics will practice at 9:00 a. m. Mondays and a time to be set. The Tigers will practice at 8:30 a. m. on Wednesdays and Fridays. The Orioles will practice at 8:30 a. m. Saturdays and 3:30 p. m. Wednesdays.

All boys listed on each team must attend practice sessions or they will not be eligible to play in the games following the practice session. Practice sessions will be 1 1/2 hours.

All games scheduled to be played at Rockwood will be played at 8:00 p. m. These will be single games. A time limit of 1 1/2 hours has been set for each game. Ties will be played off at the end of a game if time permits, or will be played at a later date.

A. D. Donham is the General Manager for the Quarterback Club Program. The three-man baseball commission is composed of Roy Bible, George England and L. M. Guthrie.

Pony League To Get Started Thursday, May 14

The 15-game schedule for the Coleman County Pony League will get underway Thursday night of next week, May 14, with one of the first games being played on the local field. The other game will be played in Coleman. Included in the league are two Coleman teams, one team from Mozelle, one from Talpa and one from Santa Anna. The Coleman teams will be known as the Giants and Dodgers, the other teams will be the towns they represent.

No games are scheduled at Mozelle, as they do not have adequate field facilities. Games scheduled in Talpa and Coleman will be played at 6:00 p. m. Games scheduled in Santa Anna will be played at 8:00 p. m. and will be the second part of a double-header schedule. First games will be between Little League age teams.

The Santa Anna Pony League team was selected Monday night after about a two hour workout at the local field. The team was selected by a committee composed of several local citizens who are familiar with baseball, the team managers and the local Quarterback Club field manager. The team was selected from 23 boys and is composed of: Larry Makuta, Glenn Gilbreath, Stanley Hartman, Bill Wristen, Jerrel Elliott, Billy Don McCrary, John Dillingham, Randy Brown, Larry Wardlow, Travis Allen, Tommy Stewardson, Pete Simmons, Lynn Dockery, Terry Moore and Freddie Cullins.

Team managers are W. B. (Lefty) Gilbreath and Ed Hartman.

The team is scheduled to have two workouts a week, the first being on Monday afternoon at 5:30 p. m., the second on Wednesday afternoon at 6:00 p. m. The complete schedule is published elsewhere in this issue of The News.

Mr. and Mrs. John Hunter were Monday dinner guests with Mr. and Mrs. Lee Hunter.

New Postal Service For First Class Mail

A new service was started this week by the local post office, that will speed delivery of first class and air mail.

Now in effect, First Class and Air Mail letters are tied out from the local post office at 3:30 p. m. and picked up by special carrier. This mail is due to arrive in Fort Worth by 8:00 p. m. for immediate dispatch. This makes fast service possible to all points and is similar to the services formerly known as the afternoon bus service.

Lee Strother, local Postmaster, said all mail to be tied out for the early pickup should be in the post office not later than 3:15 p. m. Strother said that with this service one-day mail service to most all points in the United States was now available. Strother said some letters are now arriving here from the west coast in 18 to 24 hours.

This service will operate on a five day a week basis. All holidays, Saturdays and Sundays the new service will not be used.

Good Rain Here; Light In South Part of County

Good rains fell in Santa Anna and surrounding areas Tuesday morning. Registered at the Coleman Gas Company office was an official .80 inch. This added to the .15 inch received last Thursday morning makes almost a full inch in less than a week.

Good rains fell to the west and north of Santa Anna with about an inch being reported from several areas. In the Trickham and Rockwood area the moisture was very light. This area received only about .20 or less which is just a fair shower.

Some areas of the county are still in bad shape so far as water storage is concerned. Lots of tanks are dry or are just about dry and water hauling continues. The way the rain fell Tuesday there was very little runoff.

Soil Stewardship Stems From The Heart of Man

By Don Williams
Soil Conservation Service

Twenty years ago a conservationist said that soil and water conservation will truly become a reality when it becomes an ideal in the hearts of men.

He was thinking of the spiritual values that contribute to the satisfaction of working with the soil. He realized that the practice of modern soil and water conservation — true stewardship of the soil — must be based on something more than just financial gain and the security of one's investment in land.

Profits and security do come from conservation farming and they are important. But money values change. Ideals and spiritual values usually persist to guide the man who carries them in his heart.

The continuing and growing success of Soil Stewardship Week, sponsored by the National Association of Soil Conservation Districts and various national church organizations, indicates that we have reached the time when soil and water conservation has become an ideal in the hearts of millions of people.

Soil Stewardship Week for 1959 is May 3 to 10 inclusive. During these eight days, soil conservation districts and churches throughout the United States will observe the fact that "the earth is the Lord's and the fullness thereof" but responsibility for its stewardship is a sacred trust vested in man. Many other local farmers' organizations, civic and professional organizations, schools, businessmen's organizations and other community-minded groups will join in the observance. In many states, the governor traditionally names Soil Stewardship Week in a Proclamation.

Rockwood Hopes To Win Rural Progress Contest

Good neighbors in the Rockwood community are in the home stretch of the race for honors in the 1958-59 Rural Neighborhood Progress Contest in Texas. This is the 12th and final year of the contest which is sponsored by the Farmer-Stockman Magazine in cooperation with the Texas Agriculture Extension Service. The program is designed to encourage and assist rural communities in becoming a better and a more beautiful place in which to live. Rockwood was third place winner in District 7 last year.

Three hours were spent in judging the Rockwood community on Tuesday, April 28, from 10:00 a. m. to 1:00 p. m. Forty-seven families were enrolled in the community improvement program and approximately fifty adults participated in the day's activities, beginning with a tour of the community from 10 to 11 a. m., followed by committee reports given in the community center. Lunch was served at 12:00 noon by the ladies in the community.

Mrs. John Hunter, president of the community organization, gave a brief history of the community since the last year in which the high school was in operation. Emphasis was placed on developments related to the present community center building which was the school lunchroom until some four years ago, when the elementary school was moved to Santa Anna.

Mrs. Aubrey McSwane, secretary, was introduced. Committee reports which summarized the activities for the year were given, as follows: Recreation and Youth, Mrs. Jim Rutherford, chairman; Community Beautification, Mrs. Tom Bryan, chairman; Education and School, given by Mrs. Jim Rutherford; Quilting Club, Mrs. Frank McCreary, chairman; Agriculture and Marketing, Jake McCreary, chairman; Building Committee, Bill Bryan, chairman.

Outstanding among their accomplishments were: heavy emphasis on improving community center and church facilities; emphasized recreation for both youth and adults; an intensive program on poultry and livestock improvement; expansion of their active program of farm home and farmstead beautification; improved health conditions and services.

Winners in the program this year will share in more than \$5,000 in prizes, with the first place winner in Texas getting a total of \$600. The second place winner will receive a total of \$500, and the third place winner will get a total of \$400.

In addition to the state prizes, there will be five prize winners in each of the 12 extension districts in Texas. First place district winners will receive \$100, with \$75 going to second place winners. Third, fourth and fifth place winners in each district will receive \$50 each.

The District Judging Committee included: Larry Burleson, Extension Organization Specialist; Sterling Lindsey, County Agricultural Agent, Coke County; Sue Hawthorne, County Home Demonstration Agent, Nolan County. Others attending the day's activities in addition to citizens of the community, were the District Agents, Miss Thelma Casey and Roy L. Huckabee of San Angelo, and the County Extension Agents, Jack Brennen, Agricultural Agent; Troy Jones, assistant Agricultural Agent; Bessie Parker, Home Demonstration Agent; Dora Ann Jones, assistant Home Demonstration Agent; C. N. Perry, superintendent of Santa Anna Public Schools. Mr. Petty commended the Rockwood community on its many fine accomplishments.

Rockwood neighbors can well be proud of their progress. The citizens in this community feel this way, "Whether we win a cash prize or not, we win a bigger award of good neighborliness."

Quarterback Club Meeting Postponed

The regular meeting of the Quarterback Club, due to be held Monday night, will be postponed to Tuesday night, and will be held in the class room of A. D. Donham, secretary of the organization. The postponement is in favor of the Little Olympics, to be held in Coleman Monday night.

Baseball Season Gets Underway With Local Win

Santa Anna won the first game of the season the past Saturday night on the local field. The game was between Santa Anna and Coleman, with the local boys winning by a 2-0 score.

The Santa Anna team is a group of young adults, managed by Bill Day.

No errors were charged to either team. Coleman got two hits in 22 times at bat and Santa Anna got six hits in 21 times at bat and made two scores. The last half of the seven inning was not played as Santa Anna was leading.

The Santa Anna scores were made by Eddie Hartman and Bobby Densman. Vasquez got credit for one run batted in.

Minstrel Buys Band Uniforms

A sum amounting to just about \$310 will be turned over to the Band Boosters to go into the New Uniform Fund. This is the money received from the Lions Club Minstrel, presented in the high school auditorium last week.

The money will purchase about 4 1/2 uniforms.

Students Write Essay On Value Of Public Library In Contest

The City Library sponsored by the Self Culture Club, sponsored an Essay Contest during National Library Week. Theme was "Value of the Public Library to a Town." The contest was to get the school students better acquainted with the Public Library in hopes they would make use of it during the summer months.

The essays have all been completed and turned over to the judges. Winners will be announced in the near future. First prize will be a gold medal. The next three prizes will be one-year memberships in the Library.

Page Mays and Mrs. Thomas M. Hays, high school English teachers, conducted the contests.

Adult Homemaking Class To Be Formed

All adults who are interested in attending an adult class in some phase of homemaking are invited to attend a planning session Monday, May 11 at 9:30 a. m. The meeting will be held in the high school homemaking department and will be directed by Miss Doris Beard, homemaking instructor.

The purpose of the meeting is to organize a class in one or more of the following areas: refinishing and upholstering furniture, clothing construction, foods and nutrition, housing. Dates and time for the class meeting will also be determined in the planning session.

Funeral Services For Frank W. Meares Thursday

Funeral services were to be held at the Hosh Funeral Home at 10:00 a. m. Thursday, May 7, for Frank W. Meares, 87, a resident of Santa Anna for 26 years. Meares died at the home of a sister, Mrs. A. Hefner, at midnight Tuesday, May 5th. He was born in Gonzales County April 5, 1872.

Maurice Smith, pastor of the First Baptist Church, officiated. Burial was in the Santa Anna Cemetery under the direction of Hosh Funeral Home.

Mr. Meares had been a member of the First Baptist Church since 1938. He never married. Survivors include three sisters, Mrs. Lulu Hefner of Santa Anna, Mrs. Mae Jernigan of Austin and Mrs. Phepe Baxter of Stephenville. A number of nieces and nephews also survive.

Mrs. Billie Ruth Van Huss and Tarrja of El Paso, recently visited her mother, Mrs. Jewel Owen.

Mesquite Dusting Plane Crashes On Stewardson Ranch

Horton Brandon, 25, of Ballinger, was admitted to the Santa Anna Hospital Wednesday morning after being in a plane crash on the Stewardson Rockwood Turkey Ranch, about 14 miles south of Santa Anna. Brandon was dusting mesquite when the engine of the Piper Super Cub failed and the craft crashed. Considerable damage was done to the plane.

The accident occurred about 7:30 a. m.

The plane belongs to Whites Inc., a crop dusting company operating out of Ballinger.

Dr. Tryon said Brandon's injuries were apparently not serious. He had some facial injuries and bruises, but no broken bones or other serious injuries. He said Brandon would likely be released from the hospital on Thursday.

Two Business Houses Robbed Tuesday Night

The Clover Grill and Bailey Lumber Co. were entered and some money taken from each place Tuesday night of this week. Both places were entered about two weeks ago, and from general appearance, the same persons could have been involved in both robberies.

Entry at the Clover Grill was made by the air conditioner on the south side of the building. The cigarette machine was broken into and money taken from the cash drawer. No estimate of the amount was available.

At the Bailey Lumber Co. entry was made through the same window as before. However, this time the cash drawer was forced open and about 4 or 5 rolls of pennies was taken.

A robbery was also reported in Goldsboro in north Coleman County, the same night.

Mountaineer Band Takes Division II Rating Saturday

The Mountaineer Band received a Division II rating at the UIL Contest held in San Angelo the past Saturday. This is just one rating below the top division I, which is Superior.

The band can be proud of this rating as it is considerably above average. They were consistent in their ratings as they made II ratings in marching, concert playing and sight reading. The marching contest was held last fall.

Those accompanying the band were Mr. and Mrs. Add Walker, Mr. and Mrs. J. M. House, Mrs. Buddy Neff and Mrs. Jack Mobley.

Christian Church Plans Revival

There was a considerable increase in Sunday school attendance last Sunday at the First Christian Church, as compared to the previous Sunday. A number of visitors were present for Sunday school and church. All were glad to hear Don Pritchard was back with the church after being out of town for several months.

After the night service, the official board had an interesting meeting with Clifford Stephenson presiding.

Plans for the protracted meeting to be held May 31 through June 5 were made. The pastor of the First Christian Church in Abilene will do the preaching.

The meeting will begin with the First Fifth Sunday dinner, as the church is planning Fifth Sunday dinner for the future. A nice shower of eggs and cookies is being sent this week to the Juliette Fowler Home for Orphans and Aged at Dallas.

Chris Warren had a tonsilectomy at a Brownwood hospital last Saturday and is home doing fine.

Garden Club Flower Show Big Success

The Mountain City Garden Club held their annual Flower Show in the Payne Building Saturday, May 2nd. Theme used for the show was "Around the World Without a Passport."

The show was considered one of the most successful of all the years the organization has been having the annual show. Many ribbons were won in all divisions.

Mrs. Arthur Casey, president of the club, won the Sweepstakes award in Artistic and Horticulture, and the award of distinction in Dried Arrangements. Mrs. Charles Moseley received the tri-color award. Mrs. L. O. Garrett received the Merit award in horticulture. Guests winning blue ribbons were Mrs. Curtis Schmidt of Coleman and Mrs. Robert Markland of Santa Anna.

In the Junior Division in Class One, Betty Browning of the Gay Gardeners Club in Coleman, won the blue ribbon; Barrett Markland of Santa Anna won the red ribbon. In Class Two, Ann Miller of the Gay Gardeners Club won the blue ribbon; Barrett Markland the red ribbon; and Clay Love, the yellow ribbon.

In Class Three, Barzile Browning won a white ribbon; Ted Taylor won the red ribbon; Patsy Fagan won a blue ribbon; and Betty Browning and Clay Love each took a white ribbon.

There were some 162 attending the show with out of town visitors from Coleman, Brownwood, Bangs and Abilene.

Principal project of the Garden Club is improving and beautifying the cemetery.

Quarterback Club Membership

Membership in the Santa Anna Quarterback Club is very important to the boys who enjoy the summer program. This year a lot of new equipment is having to be purchased and more money is needed than in previous years. If you are interested in the Quarterback Club and the programs they sponsor, or if you have children participating in a part of their programs, you are urged to pay your dues.

Dues for a single person are \$3.00 per year or for a man and wife they are \$5.00 per year.

New members signed up recently include: Mr. and Mrs. Garland Morgan, Mr. and Mrs. R. B. Stearns, Mr. and Mrs. Fred Hicks, Mr. and Mrs. Jack Dillingham, A. D. Pettit, Mr. and Mrs. Johnny Steward, Mr. and Mrs. Robert Smith, Mr. and Mrs. Tony Rehm, W. B. Griffin, Mr. and Mrs. Jake McCreary, Mr. and Mrs. Lon Gray, Mr. and Mrs. C. H. Wise, Mr. and Mrs. Evan Wise, George England, S. L. McCreary, Mr. and Mrs. Cullen Perry, Mr. and Mrs. W. C. Holt, James L. Harris, Maynard Brown, Mrs. Thelma Price, Mr. and Mrs. L. M. Guthrie and C. C. Gilbert.

If you would like to join the Quarterback Club, the membership committee is composed of Ellis Densman, M. L. Guthrie Jr., Joe Wise, Ed Hartman, Roy West and Richard Horner.

George Ryan spent Sunday in Coleman with Mr. and Mrs. Glenn Blackwell and family.

State Capitol NEWS

Austin — "They said it couldn't be done. And, sure enough, it couldn't."

This is the attitude of many tired lawmakers toward the session-long struggle to raise \$200,000,000 in new tax money.

As the regular session drew near to a close, House members, in effect, admitted they couldn't agree on a program that would do the job. House sent to the Senate the scraps of selective sales tax measure (HB 727) and a bill to increase the corporation franchise tax for one year only.

There was off-the-cuff talk among House members of someone proposing at a later date to solve the problem by cutting the appropriation bill across the board to 4 percent less than the 1959-59 budget. This would bring such violent reaction, it was thought, that both lawmakers and their constituents would be more receptive to new tax proposals.

Senate State Affairs Committee has indicated it has no intention of trying to shove through a tax program just to beat the May 12 deadline of the regular session. Full hearings have been promised for all viewpoints.

FIRE-POLICE BILL PASSES

House voted 33-to-56 for a bill that would shorten hours of city firemen and policemen.

Senate already has given the bill final passage. After one more favorable vote in the House, it will be ready to go to the Governor.

Opponents tried, unsuccessfully, to get the bill amended to give local citizens a chance to vote on whether the bill would affect their cities. Supporters protested this would "kill the bill."

TRUCK BILL SIGNED

Gov. Price Daniel signed the bill raising the truck load limit from 53,400 to 72,000 pounds.

But he made no bones about his misgivings. He recommended that the State Highway Department and county commissioners courts take steps to keep the heavier loads off farm roads and others that might be damaged.

Before deciding to sign the bill, the Governor took an unusual step, by calling a public hearing.

State Highway Engineer D. C.

Greer testified there were some 5,000 miles of road that couldn't take 72,000-pound loads. Col. Homer Garrison, Jr., director of the Department of Public Safety, said more license and weight inspectors would be needed. Higher registration fees were expected to provide revenue for this.

17 POTENTIAL GOVERNORS

Sixteen successors to the governor would be designed in a proposed constitutional amendment that has Senate approval.

Sen. Culp Krueger of El Campo is supporting the measure to assure a living chief executive in case of atomic attack.

Line of succession would be the lieutenant governor, president pro tempore of the Senate, Speaker of the House, Attorney General, Secretary of State and the chief justices of the 11 courts of civil appeals in their numerical order.

HOW CLEAN THE COW

Sen. Grady Hazlewood's bill to regulate milk imports is stirring up more commotion than a short in a milking machine.

Senate passed the bill, and a sub-committee of the House Livestock Committee approved it.

Bill would require that milk brought into Texas from other states meet same standards as those imposed on Texas producers.

Milk producers, who favor the bill, say it will protect consumers from unsanitary milk. Milk producers, who oppose the bill, retort that all states have adequate sanitation standards. They contend the producers are seeking a device for excluding out-of-state milk so local prices can be jacked up.

BIG YEAR AHEAD

A forecast of the hubbub that can be expected in the political year of 1960 was seen as the Legislature debated election law changes.

Both House and Senate gave final approval to a bill that would allow a candidate's name to appear twice on the same ballot. It is designed to allow U. S. Sen. Lyndon Johnson to run for another Senate term and accept a presidential nomination at the same time, if opportunity should arise. Senate approval unanimously; House, by a 129-to-15 vote. Liberal members, mostly from Houston, objected.

A bill to move forward two months the dates of state primaries and conventions also drew liberal protests. It would move primaries up to the first Saturdays in May and June. State convention to name delegates to the national presidential nominating convention would be the last Tuesday in May.

Opponents claimed it was intended to let Senator Johnson get his state politicking out of the way before national conven-

tion time. Changing parties in mid-stream would be outlawed under a bill that has received final approval of both houses. Each poll tax would be stamped "Democrat" or "Republican" the first time a person voted in a primary. For the period he used that poll tax, the holder would have to stick with the party of his stamp, in the primaries and party conventions.

3 STUDIES SUGGESTED

Senate has approved three studies to be made by the Legislative Council before the 1961 session.

Recommended for consideration are:

1. Possibility of adding the generously endowed University of Houston to the state college system, sponsored by Sen. Robert W. Baker of Houston.

2. Ways to simplify the tangle of special funds which pay for state government, sponsored by Sen. Culp Krueger of El Campo.

3. Special fees charged by state agencies for licensing and other services, by Sen. Crawford Martin of Hillsboro.

SHORT SNORTS

Examinations will be held May 19-21 for 75 vacancies in the Texas Highway Patrol. Those accepted will receive six months training at the State Police Academy, six months on-the-job training, all with pay.

State taxes cannot be collected on beer sold on U. S. military posts, according to an Attorney General's opinion. Similar opinion was made earlier in regard to cigarette taxes.

Mr. and Mrs. Joe Baker are visiting their son in Lafayette, La.

AN "INDESTRUCTIBLE" COTTON FABRIC

In the constant battle of "cotton vs. synthetics", Texas' major crop has been given a boost with the development of a preservative which should give cotton fabric a better advantage on the market.

Cotton has always suffered a serious disadvantage because of its low rot resistant qualities. Each year, synthetics have grabbed more of the fabric market, partially due to superior lasting qualities under extreme weather conditions. Now that picture may change as a result of a practical method for "weatherizing" cotton materials.

The improved properties imparted to cotton give it outstanding rot resistance as well as improving its chances for longer survival under ordinary weather hazards. This research development should open up even more markets for cotton in awnings, tents, tarpaulins, and other outdoor fabric items.

The preservative method is based on the use of a water-soluble acid colloid of methylol-melamine, a chemical well known for its resin-forming qualities. The resin, which penetrates the outer portion of the

fiber cell wall, becomes a part of the fiber rather than just a coating. This makes cotton virtually immune to rot and mildew.

Proof of the success was determined by burying pieces of treated and untreated cloth in various types of soil. Swatches of cotton were covered with soil containing heavy amounts of fabric-destroying bacteria.

Untreated cotton was in shreds after one week. But treated cotton fabric still retained 100 percent of its breaking strength after five months.

The preservative not only helps cloth withstand the ravages of outdoor weather but, in some cases, will aid in keeping colors bright after long exposure to the sun.

Cost of the fabric treatment is expected to be relatively low, according to research specialists. The method can be utilized with conventional textile finishing equipment. The end result should give cotton a long-deserved break in its struggle to keep abreast of the synthetic market.

Eastern Star Honors Deputy Grand Matron Sunday Afternoon

MRS. LILLIAN HERNDON

On Sunday afternoon, May 3, the Santa Anna Chapter, No. 237, Order of the Eastern Star, honored Mrs. Lillian Herndon, Deputy Grand Matron of District 3, Section 5, with a May Day tea at the fellowship Hall of the Masonic building.

Receiving were Mrs. Willie Jean Bostick, worthy matron; Mr. Jack Bostick, worthy patron; The Honoree, Mrs. Herndon, wore the traditional bouffant red colonial style formal dress of the Worthy Grand Matron's choosing.

Assisting in the entertainment throughout the afternoon were the floor officers, dressed in identical white floor length formal dresses. They were Mrs. Billie Guthrie, Mrs. Charlotte Scott, Mrs. Viona West, Mrs. Carmen Donham, Mrs. Alice L. Walker, Mrs. Fannie Bryan, Mrs. Mertie Gray, Mrs. Lora Rollins, Mrs. Frances Brown and Mrs. Blanche Grandham.

Mrs. Edith Blue entertained the guests in a white parlor. The tables were most charming with the profusion of pastel colored flowers and soft pink linens. The dining table was laid with a pale green and bouffant with two ruffled tiers and sprinkled lavishly with pink daisies and centered with a revolving mirrored reflector on which was placed a May Pole, topped with tiny flowers and multi-colored satin streamers, which were anchored at the mirror's edge with tiny nose gays of matching colored rosebuds and nylon lace.

The center piece was flanked with tall pink tapers in crystal holders. All crystal holders were used on the table. Highly decorated mosaic sandwiches, mixed nuts, small pink tea cakes shaven as May baskets and filled with pastel sugar flowers, matching mints, pink punch on which floated pastel colored candies, was served.

Small nose gays of pastel spring flowers, white tulle satin ribbons were presented to fifty guests from Brownwood, Coleman, Indian Creek, Bangs, Carbon and Santa Anna.

Mrs. Tony Glass of Coleman and Linda of Austin, visited Saturday to Tuesday with Mr. and Mrs. J. A. Hunter and Don. Mr. Glass accompanied them as far as Buchanan Lake, where he attended a convention. Mr. and Mrs. Tommy Briscoe, Lana and Rafty of Waldrip were also guests during most of this visit.

Mr. and Mrs. Curtis Bryan and Leamy visited Monday evening in the Hunter home. C. W. Hunter of Shamrock visited briefly with the Hunters Sunday afternoon.

Train up a child in the way he should go; and when he is old, he will not depart from it. (Proverbs 22:6.)

To a birthday supper, one friend came accompanied by a small child. All was quiet and calm as we went into the dining room. When the guests began to eat without first saying grace, the little girl cried out: "Mother, they are already eating up the supper without saying thanks to God." Her mother calmly answered: "You give thanks for all of us."

In many homes Christian practices are neglected, though they have great importance, especially in homes where there are children.

Each Christian is a temple of God. We need to be careful that, with the help of God, the attitudes and daily practices in our home are what they should be. This is necessary in order that

everything may be done for the glory of God.

PRAYER

Our Father, help us today to testify and put into practice our Christian beliefs. Thus may they have their dwelling place not only in our homes, but outside. May they be seen and we be used as a means to encourage others. We ask this in the name of Christ. Amen.

THOUGHT FOR THE DAY

We give our best to the Master when our faith in Him finds expression in what we do.

YOUR EYES and VISION

Treatment Authorities Recommend For Crossed Eyes Last of Series of Four

As we said last week, the BEST treatment for crossed eyes is PREVENTION. The large majority of cases could be prevented if every child were to have a professional eye examination at the age of ONE YEAR.

We stated also that it is the usual thing for a parent to fail to anticipate this condition and thus usually the eyes are crossing at least part of the time when the child is brought in.

So, if such is usually the case, just what is the best course of action — where DO we go from here?? There have been many books written and many schools of thought trained on this subject. Also, methods differ with the age of the patient. But let's consider the TYPICAL AVERAGE type case, the one developing in a child between the ages of one year and six years. It makes no difference whether the crossing seems to follow a spell of measles, a knock on the head while playing with big brother, or whatever the parents may THINK caused the eye to cross. Actually any minor physical or emotional disturbance may trigger the cross in a child who is already on the verge, but this isn't the basic cause of the cross.

The course of treatment as recommended by the most generally accepted and widely recognized medical text book on the subject is:

1. "Correct the refractive error" (fit the proper glasses). Immediately the cross appears

in a young child, spectacles become a therapeutic NECESSITY no matter what the age."

2. Prescribe a patch to cover the eye which has been doing most of the seeing — this has the effect of causing the crossing eye to have to start working. The patch should be of the type which sticks to the skin around the eye, NOT the type which only covers the lens of the glasses. In other words, the patch should be put on the eye then the glasses on over it. It may be necessary to continue the patch treatment for quite some time in order to achieve desired results but the child usually does not object too much.

3. As soon as the child is old enough — three or four years — start orthoptic training. If within six months progress is not made indicating the possibility of a cure, THEN

4. Operate (not to be confused with held as a last resort — not, as is a common belief, the first thing done) preferably about the age five or six" and AFTERWARD.

5. Continue orthoptic training. It must be understood that mechanically straightening the eyes by surgery alone does not mean that the child will be able to use the eyes normally in the new position right away — he won't unless he is taught how by means of orthoptic training.

Pre-operative and post-operative treatment is nowhere more important than in the orthoptics needed in the cure of crossed eyes. Else of a nature is all the time, pain, or loss, and expense if all that results is an eye that LOOKS normal yet does not function as it was meant to do?

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M. D., Commissioner of Health

Last year 936 Texans under 15 years old were killed in accident. Most met death on the highways — or at home. Last year 1142 Texans in all died in home accidents. That old saw about being as "safe as in your own home" just isn't based on fact. National statistics show a little more than half of non-fatal accidental injuries to children under 15 occur in the home. Nearly 5,500 children die each year as a result of home accidents.

Just how safe is your home? Especially — how safe is your home for your children?

Even if it is fireproofed, moth-proofed, leakproofed, and rust free — is it child-proofed?

Here are some suggestions for helping your children avoid accidents in and around your home:

Always keep matches in metal containers, out of reach from small hands.

Be absolutely certain none of your gas fixtures leak. Use metal pipe connections, not flexible tubing which may fray and leak with use.

Check all your electrical connections, wires and appliances for frays, shorts, and bare wires. Either buy new or repair any which look dangerous. Tape over unused electrical outlets or plugs in the special appliances available for that purpose.

Keep stairs free of all objects to prevent tripping and falling. Train your child from the start to put his toys away. It isn't only safer, but much easier on a busy mother.

While children are young, use table mats rather than table cloths that hang over the table edge. A pot of hot coffee or bowl of soup can easily be pulled down on himself by a toddler.

Keep sewing baskets, scissors, and other constantly used hazardous articles on a shelf or in a drawer that can't be reached by children. This applies to all kitchen utensils as well.

Turn handles of pans on the stove away from the front of the stove, so that your child can't pull them over. Buy a stove whose controls are out of reach of toddlers.
