

# Envoy Claims Adenauer Bared Secret

BONN, Germany, (AP)—The German newspaper Abendpost said today U.S. ambassador to Russia Charles Bohlen accused Chancellor Konrad Adenauer of betraying an American secret during his Moscow negotiations with Soviet leaders.

The paper said Adenauer disclosed Bohlen's accusation in an off-the-record talk with six American correspondents here yesterday. Abendpost quoted Adenauer as saying the charge was made during a "temperamental" exchange between Bohlen and Bonn's ambassador to NATO, Herbert Blankenhorn, in Moscow.

The paper said Bohlen thought Adenauer had betrayed to the Russians what was described as the secret of an American balloon-leaflet campaign directed at the Soviet Union.

Two participants in the talk with Adenauer said the Abendpost account was correct. Bohlen currently is on vacation from his post in Moscow.

The incident followed the display by Soviet Premier Nikolai Bulganin of a big balloon which he claimed had landed in the Soviet Union with a load of American propaganda. The Russians formally complained while Adenauer was in Moscow that huge American propaganda balloons released in West Germany were endangering air traffic behind the Iron Curtain.

According to Abendpost, Adenauer told the correspondents that while the final communiqué on the Soviet-West German talks was being prepared, he and Bulganin took a walk in the garden. Bulganin brought up the subject of the balloons but Adenauer said he knew nothing of them. Bulganin then offered to show him one. After an interval a balloon with two wooden boxes, one large and one small, was brought into the garden. Bulganin pointed out to Adenauer

# 2 Cold Fronts To Put Nip In Texas Weather

By The Associated Press

Two separate cold fronts growing out of the north are expected to put the nip of autumn in Texas air Wednesday night and Thursday.

A pre-frontal wind and rainstorm raked Amarillo Tuesday night, injuring about 28 persons at the Tri-State Fair and wrecking the show's carnival midway.

The first front, the weaker of the two, already was in the Texas Panhandle Wednesday and was not lowering temperature a great deal. It was setting off rainshowers as it moved southward.

The second front, much colder, was expected to move into the Panhandle Thursday morning. This mass of cooler air has been stirring up heavy rains in some of the northern states. Snow fell in Montana.

Sgt. Bobby Hudson of the Amarillo Police Department said Wednesday that published reports of "more than 75 persons" injured "seemed exaggerated" although there was no official count.

Bill Hames, midway operator at the fair, estimated damage to his shows and concessions at more than \$50,000. The veteran showman said, however, that the storm damage would not keep the fair from opening on schedule Wednesday.

Amarillo property damage was reported extensive when 45-mile-per-hour gusts ripped roofs from residences, tore down some porches, uprooted trees, and blew the roof from the J. B. Coe Lumber Co.

Heavy hail and nearly 2 inches of rain hit the Panhandle city with the windstorm. Lightning struck in several places over the town, but the electrical disturbance apparently contributed little to the damage.

Only three of the injured were believed more than slightly injured. Three persons were reported to have broken bones, but none was said to be in a serious condition.

Weather elsewhere over Texas remained calm and at dawn Wednesday most of the state was generally clear. Clouds extended from a line running from Junction to Austin to Lufkin and southward, but only Palacios reported precipitation—a light shower—as the sun came up.

Temperatures dropped to a chilly 54 at Amarillo early Wednesday. Tuesday's high was 100 at Amarillo. Rain for the 24 hours ending at 6:30 a. m. Wednesday included Corpus Christi 2 inches.

# Murdered Boy's Uncle Identifies Defendants

First Carload Of '55 Grain

Alford Johnke watches the last of nearly 50 tons of milo pour into the first carload of grain to be shipped from here from the 1955 harvest. The car was billed out Tuesday afternoon by Big Spring Grain & Commission Company and is the first of what promises to be scores of others. Grain harvest, although cut by late summer and early autumn drought, is expected to run substantially higher this season. Considerably more acreage, diverted from cotton because of controls and late planting, has gone to grain sorghums in 1955. (Keith McMillin Photo)

# 'New Evidence' Promised In Trial

SUMNER, Miss. (AP)—Mose Wright pointed a knobby finger at J. W. Milam today and said "there he is"—identifying him as one man who abducted the sharecropper's nephew in the early morning hours Aug. 28.

Then the 64-year-old farmer pointed out 24-year-old Roy Bryant, Milam's half-brother, as the second man who roused the Wright family from bed at 2 a. m. and took Emmett Louis Till away. Bryant and Milam are accused of murdering the Chicago Negro boy because he allegedly whistled at Mrs. Bryant, Dist. Atty. Gerald Chatham called Wright as the state's first witness.

Testimony began shortly after Chatham said he had six new witnesses who would place the defendants "with the Negro boy several hours after he was taken from Mose's (Wright's) shack." He also said the witness would place the accused men in the area where Till's body was pulled from the Tallahatchie River.

Chatham said the witnesses have "absolutely newly discovered evidence" but did not elaborate further.

Wright pushed his way firmly through the crowded courtroom and sat down in the big witness chair. The back of the chair reached almost to the top of his head. Chatham asked the newly dressed farmer to describe the events of Aug. 28.

"About two o'clock someone was at the door. They said: 'Preacher, Preacher.'"

"This is Mr. Bryant," Wright said the voice told him. "I got up and opened the door."

"Mr. Milam was standing at the door with a pistol in his right hand and a flashlight in the other," Wright declared.

Wright started to continue, but Chatham interrupted: "Uncle Mose, do you see Mr. Milam in the courtroom?"

"The little Negro rose from the big chair and pointed at the defendant. 'There he is,' he said. Wright then pointed out Bryant as the man who stood in the darkness of the front porch with Milam. Wright answered questions without hesitation in a loud voice. Now and again he pounded his right fist on the table before him.

"He said Milam carried a pistol. 'He asked me if I had two boys out of Chicago,' Wright testified. The visiting boys were Till, 14, his nephew; and 16-year-old Wheeler Parker, Wright's grandson. They had been vacationing there a week.

Wright said one man told him: "I wants that boy who done that talk at Mosey."

He said Milam told him after seizing Till: "If that's not the right boy, we are going to bring him back and put him in the bed."

Till and young Parker had been sharing the same bed in the six-room cottonfield shack.

As the men left the house, said Wright, one of them warned him not to cause any trouble or "You'll never live to be 65." Wright said his wife left her bed at the height of the commotion and one of the men ordered her "to get back in that bed and I want to hear those springs."

The witnesses said he watched from a screened porch as the men took the boy to a car parked on a gravel road about 50 feet from the porch. Its headlights were off. He said he heard one man ask—apparently of someone in the car—"Is this the boy?"

"Was that a man's voice or a woman's?" he was asked.

"It seemed a little lighter than a man's," Wright replied.

He said he was an onlooker when the body was taken from the river. "Who was it?" asked Chatham. "Emmett Till," Wright answered.

The witness said he watched authorities remove from the body a ring like the one young Till wore—an initialed signet ring originally worn by his father.

Defense attorney Sidney Carlton quickly moved to cut down Wright's identification of Milam and Bryant in cross-examination. Wright admitted the only light in the darkened house came from the flashlight held by the man he identified as Milam.

Then after a series of rapid questions, Carlton asked the elderly Negro: "Didn't you ever tell that the only reason you thought it was Mr. Milam was because he was big and bald?"

Wright said: "Silent."

Q. All you saw was a bald-headed man? Wright paused. A. "That's right."

Wright still insisted he could identify the men.

Wright is reportedly the only eye witness—unless the district attorney's surprise witnesses as yet unidentified say something.

Their evidence will strengthen the state's case, which is mostly

# Eberley-Stanton Bank Case Goes To Trial Today

Second trial of the \$21,000 suit of the Stanton bank against Mr. and Mrs. Charles Eberley of Big Spring was started in 118th District Court here today.

A jury was chosen this morning and the court moved swiftly through other preliminaries. Testimony was expected to require all of the afternoon and probably extend into Friday.

In the suit, the First National Bank of Stanton asks judgment for \$21,000 and foreclosure of a deed of trust lien against two and a half sections of land owned by the Eberleys.

Involved is a deed of trust note for \$21,000 executed by Mrs. Eberley on April 29, 1952, and a deed of trust, executed to W. C. Houston to secure payment of the note. The deed of trust covers Section 5, Block 34, Township 2-South, T&P Survey, Section 44, and the north half of Section 45, all in Block 34, Township 1-South, T&P Survey.

The deed of trust note was made in connection with loans secured by Mrs. Eberley and funds she secured by checks, according to the bank's petition.

The bank won an \$83,500 judgment against the Eberleys in the first trial of the case, but the judgment was reversed by the Court of Civil Appeals.

On the jury for this trial are T. L. Harris, Jesse C. James, Earl Kelley, L. W. Skinner, Lee Burklow, R. M. Gardner, R. W. Hammond, Roy Tidwell, Ray Fortson, W. H. Booher, R. H. Castle and W. J. Kiser.

Attorneys for the bank are John Coffey and W. L. Gamewell. Clyde E. and George T. Thomas represent the defendants.

# Truman Claims Credit For Peace

WASHINGTON (AP)—Harry S. Truman says he believes his administration paved the way for preventing a third world war for "as far ahead as man can see."

It did so, he contends, by making sure of this country's military strength, and by dealing with Soviet Russia on a "give-and-take" basis.

Truman leaves for conjecture the exact language he used in a face-to-face dressing down he gave Russian Foreign Minister Molotov at the White House on April 23, 1945, for failure to carry out Russia's Yalta agreements on Poland.

But he says it was so sharp that Molotov was stung to protest "I have never been talked to like that in my life." Truman recalls he retorted: "Carry out your agreements and you won't get talked to like that."

Johanan Daniels, a sometime member of Truman's staff, once quoted one of those present as saying Truman used "blunt language unadorned by the polite verbiage of diplomacy" and "the natural language of a direct politician to men he recognized as politicians, too."

The story is told in Life magazine's current issue in the first of five installments of the "Truman Memoirs." The New York Times and the St. Louis Post-Dispatch are serializing them, too. The installments make up the first volume, which will be brought out in book form in November by Doubleday & Co.

Truman is reportedly getting \$600,000 for this and a second volume, to be published early next year.

Of the current effort, he said "I'm just glad to be through with the job."

Truman attributes his 1945 appointment of James F. Byrnes as secretary of state in part to a

# Dawson's Fair Opens Thursday

LAMESA — Dawson County's annual fair, the biggest in the history of the event, was on the eve of opening here today.

All exhibit space has been taken, and exhibitors began bringing in material Tuesday afternoon, and Wednesday the fair grounds presented the busiest picture in all of Lamesa.

"Everything about the fair has been about doubled — or more — this year," said Lee Roy Colgan, Dawson County agent.

Grounds were being wet periodically to control dust and to add to the pleasure of the visitors.

Gates open formally at 9 a. m. Thursday and the fair will continue through Saturday evening. Normal closing time is 10 p. m. each day. There is no gate charge, and the Dudley Shows has been booked in for midway entertainment.

# Cyclist Injured In Car Collision

James G. Crenshaw, 205 Wright, was carried to the Big Spring Hospital in a River ambulance following an accident at the Farm Road 700-Ave. Base Road intersection Tuesday. The mishap occurred about 8 p. m.

Crenshaw's condition was reported as satisfactory this morning and his injuries were not considered dangerous. His motorcycle was in collision with a car driven by Charles Douglas Mangum, 1501 Runnels.

Anselmo G. Torres, Lamesa, and Larry D. Dobbs, San Antonio, were operating cars in collision in the 500 block of Lamesa Drive. Ruby Jane Curley, Midland, and Oleta Shelton Horne 1002 11th Place, were in collision in front of the Piggly Wiggly store. Little damage and no injuries were reported in these accidents.

Other accidents at 7:30 p. m. Tuesday and 7:30 a. m. today were reported to police but no other information was available.

# NEW PRESIDENT NAMED Argentine Rebels Win Peace Agreement From Peron Forces

BUENOS AIRES (AP)—Argentina's rebel forces today won a peace agreement — apparently with unconditional surrender — from the loyalist followers of Juan D. Peron.

The rebels established Maj. Gen. Eduardo Lonardi as provisional president of the nation.

A brief communique did not disclose Peron's fate, but the rebels in their four-day revolt gave as one of their conditions of surrender the handing over of the man who ruled Argentina for a decade. The last authoritative information had him aboard a Paraguayan gunboat in Buenos Aires harbor.

The communique read over the state radio said the two sides had reached "complete accord" and the loyalist forces had "accepted the points stipulated by the rebels."

The rebels had announced before peace negotiations began that they would accept only an unconditional surrender.

Lonardi formerly commanded Argentina's 1st army. Peron retired him in 1951 on suspicion of plotting against the government.

Again in 1952, Lonardi was mentioned in a group reported taken prisoner in an alleged plot against the Peron dictatorship.

He is a 53-year-old artilleryman. A broadcast from the rebel station at Cordoba earlier today proclaimed a provisional national government and said Lonardi would head it. He will take over tomorrow in his new post here.

The Argentine state radio broadcast this announcement: "The military junta, by virtue

# 8 People Die In Coney Island Fire

NEW YORK (AP)—Wind-fanned flames swept through four frame-roaming houses near New York's famed Coney Island amusement park early today and eight persons perished.

Fifteen others, several rescued in dramatic action by firemen, were injured.

Identity of the dead could not be established immediately. Bodies were burned so badly that the sex of only two — a man and a woman — was established.

# Little Lady Loses No Time In Writing Santa

Deanna Kay Morris probably has never heard of Nathan Bedford Forrest, but like the revered Southern general, she senses the importance of getting there "fastest."

On Tuesday, Deanna, 5-year-old daughter of Mr. and Mrs. H. H. Morris, 196 E. 17th Street, sat down and composed her letter to Santa Claus.

The two-page note, written on tablet paper, opens—and continues—with a series of lines suspiciously like the ovals and ups and downs required in the rudiments of penmanship. Unlearned people would swear these were simply scrawls and marks, out of course Santa Claus recognized them as a petition for a bridesmaid doll. He likely was startled, however, by the first letter of the season and to realize that only 21 shopping days remain before Christmas.

# Jury Is Completed For McGowan Trial

WACO, Tex. (AP)—The jury was completed today and testimony began in the murder trial of Raymond McGowan, 47, Dallas riding stable operator accused in the deaths of his pretty wife and her young riding student.

The jury included one woman.

Court was recessed yesterday when the venire was exhausted by careful, finicky attorneys working on each side. But a fresh venire of 219 persons was due in court for what Dist. Judge D. W. Bartlett hoped was the final day of jury choosing.

Judge Bartlett speeded up the jury selection yesterday when he reprimanded Defense Atty. Charles Teszmer for slow vs. When court

# Jurors Being Named For County Court

A jury commission was selecting prospective jurors for Howard County Court today.

Seven panels were to be chosen. Judge R. H. Weaver said the first group probably will be summoned for the week of Oct. 3.

On the jury commission were Wayne Mounroy, Mamie Roberts and A. B. Cramer.

# THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy and continued warm this afternoon, tonight and Thursday.

High looks 88, low tonight 68, high tomorrow 92.

Highest temperature this date in 1955: lowest this date 43 in 1917; maximum rainfall this date 1.22 in 1908.

# One Ad, One Call, And One Sale!

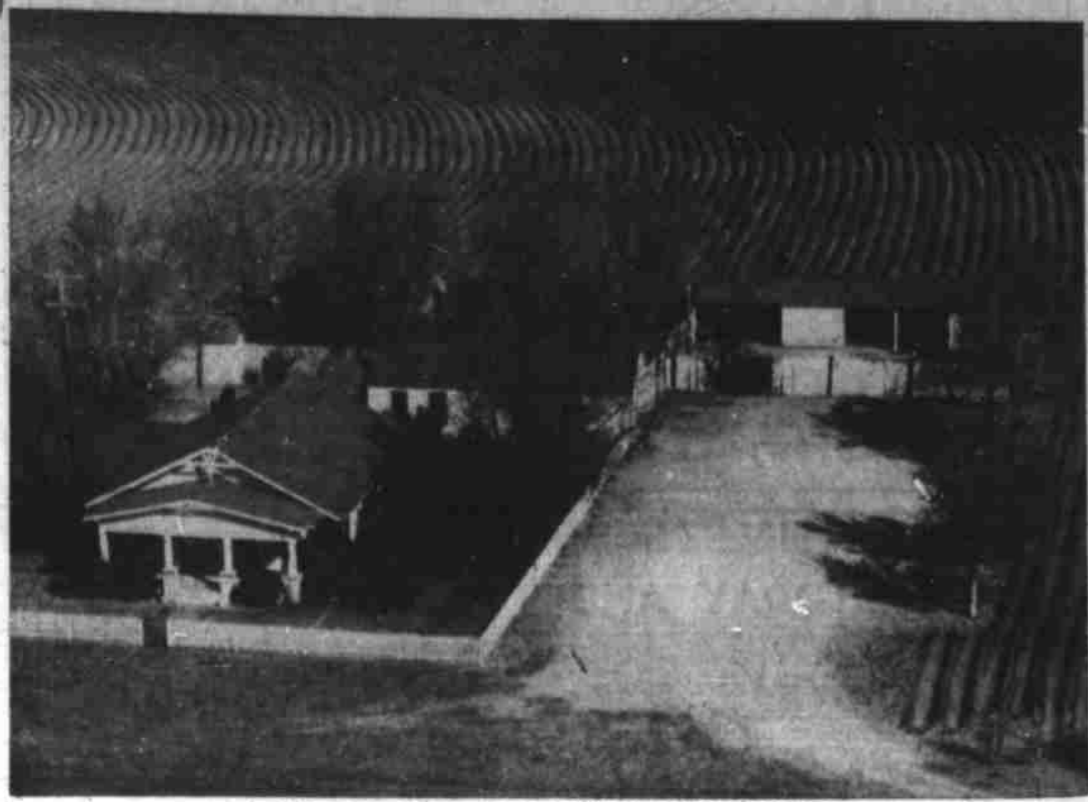

The first person to come by, in response to this low-cost Herald Want Ad, closed the deal. This is fast selling at minimum cost.

1954 PLYMOUTH SAVVOY 4-door sedan. Excellent condition. 4,000 miles. \$1,200. No trade-in. 1209 Johnson.

This is a familiar "result story" when you use Herald Want Ads. They are the top market places in Big Spring, and people turn to them for opportunities. To see for yourself about results, dial 4-4331.

(See TRIAL, Pg. 2, Col. 5)

MR. AND MRS. D. S. PHILLIPS LIVE HERE  
Farm home equipped with all the modern conveniences

### Phillips Home Near Coahoma Big, Comfortable

It has been a hot, dry summer north of Coahoma, but the farm home of Mr. and Mrs. D. S. Phillips is still the picture of "solid comfort."

The spacious home, shaded by trees and shrubbery was the "mystery" place pictured in The Herald last week. It was quickly identified by Mrs. Grady Mason of Coahoma.

The Phillips' home and quarter-section farm is just about a mile north of Coahoma, just west of Farm Road 820. It faces south and is protected from the sun's rays by shrubbery on both east and west sides.

The three-bedroom house is equipped with all the modern conveniences, including television. Butane is used for fuel and electricity comes from Big Spring over Texas Electric Service Company lines.

A well-situated near the house and equipped with pump, furnishes the water.

Mr. and Mrs. Phillips have lived in the house since purchasing the 160-acre farm from the late W. W. Lay in about 1938. Phillips operated a grocery store at that time and continued in the grocery business until six or seven years ago when he turned all of his attention to farming.

Crops have been poor for the past few years and 1955 is no exception. The Phillips farm is located in one of Howard County's "dry spots" and the 77 acres of cotton isn't expected to turn out many bales this fall.

Phillips planted practically the entire place to cotton during the years he was permitted to do so, but allotment regulations have cut him back this year.

The whole place is in cultivation, and Phillips grows crops exclusively. He used to feed out a few calves for his own meat market when he was in the grocery business, but there is no commercial stock on the farm at present.

Phillips is a native of Georgia. He lived in Mason County briefly before coming to Howard County a couple of years before he and Mrs. Phillips were married on Sept. 15, 1926. They have no children.

Before moving to the farm, they resided in Coahoma, Calif., or Cherry Hills, Colo. Mr. Lay built the Phillips house as his home a few years before selling the place to Mr. and Mrs. Phillips. He later moved to his ranch a few miles farther north, and subsequently lived in Sherman where he died about two years ago.

The "real decisive and vital issues" on which his campaign would be based, he said, include "the operation, efficiency and financing of our school system, our transportation system, our institutions and hospitals, the conservation of our natural and manpower resources, and the advancement of our social, economic and human welfare."

### SAN SABA BARBECUE

## Texas Governor's Race Goes Ahead; Senterfitt Holds Rally

By CLAYTON HICKERSON  
The Associated Press

The 1956 race for governor of Texas was actually under way Wednesday with the only announced candidate's opening rally behind him.

The candidate, who announced two years ago and then withdrew, is Reuben Senterfitt of San Saba who says his candidacy is the real thing this time. And he talked like he meant it Tuesday night when San Saba citizens honored him at a barbecue on the Kelly Owen ranch.

As Senterfitt expressed seriousness and "political realism" at the barbecue talkfest, there were these other notes of office-seeking or office-holding activities in Texas:

1. Ralph W. Yarborough, who is thinking about making a third bid for governor, spoke at Tulia and asked for an enlarged and stronger narcotics division within the Texas Department of Public Safety.

2. General Manager Vernon T. Sanford of the Texas Press Assn. said records of political advertising placed in the 1954 election by his group had been destroyed. Sanford made the statement after he was subpoenaed to give testimony

in a suit contemplated by C. T. Johnson, defeated by Ben Ramsey for lieutenant governor in 1954. Sanford also testified that he had no records of how much advertising was placed for Ramsey and that he didn't recall who engaged TPA to place the ads.

3. Rep. Vernon Eugene Smith of Tarrant County said he would mail Gov. Allan Shivers a letter Wednesday in which he would resign from the state Legislature. His purpose, the Fort Worth representative explained, was to give himself enough time to work for Senterfitt in the forthcoming gubernatorial campaign.

4. Secretary of Agriculture Benson, speaking Wednesday in Houston, declared the previous Democratic administration handed the Republican Party a "neat package of carefully fused bombs" in the form of the problem of declining farm prices and income. Now, he added, the Democrats are blaming the GOP for the explosions.

5. Another Republican speaker in Texas, Asst. Postmaster General Eugene J. Lyons told the National League of Postmasters Tuesday that their champion in Washington was his boss, Postmaster General Arthur E. Summerfield. Lyons said Summerfield insisted that "the postmaster appointment x x x be based on merit and removal shall 'not (be) related to politics."

## U. S. Sure Of Air Lead Over Russia

WASHINGTON (AP)—United States military chiefs have decided that this country holds a sound lead over Russia in the atomic arms race and can maintain it until 1960. They are not at all sure what will happen after that.

As a result, informants said today, the finding of ways to prolong this country's superiority in design and production of nuclear weapons, including long-range rocket missiles, has become a major project.

The White House, the State and Defense departments and other government agencies are at work on it.

A report recently completed for President Eisenhower by Dr. James R. Killian Jr., president of the Massachusetts Institute of Technology, is now in the hands of Eisenhower's scientific advisers. The President himself will study it later. It is concerned with "methods of mobilizing the nation's scientific resources for use in the event of an emergency."

While no part of the top-secret document has been made public,

it is understood that it deals with the whole field of research and weapons. It ranges from the problem of Russia's increasing turnout of young scientists and engineers to maintaining the lead in producing intercontinental missiles.

At the present time a kind of atomic stalemate already exists between the world's two greatest powers.

What the Joint Chiefs of Staff and Eisenhower's leading scientific advisers are reported to fear most is the possibility that sometime by or after 1960, the Soviets might develop a new weapon which would give them for a time a clear advantage over the United States.

This would break the stalemate and upset the balance of power.

The President and the National Security Council are understood to believe now that a spectacular Soviet gain in weapons would not necessarily be used by Russia's present leaders to start a military conflict. They could very well use it as the basis of a much tougher and more threatening foreign policy, however.

## Air Force-Telephone Contract Probe Due

WASHINGTON (AP)—The House Appropriations Committee today launched an investigation today of what House Democratic Leader McCormack of Massachusetts called a \$2,400,000,000 "bonanza contract" between the Air Force and private telephone companies.

The Air Force replied that the contract plans had been fully reported to congressional committees earlier this year, and that Congress has already appropriated "substantial" funds for sites and construction of facilities. It said cancellation of the contract now might make the government liable for a penalty which could reach \$22 million dollars.

An issue in a contract for conversion of the present air defense communications system to a "semiautomatic ground environment (Sage)" system. The Air Force contract is with a group of private companies headed by the American Telephone and Telegraph Co. and the Western Electric Co.

The companies would build the communications system and lease it to the Air Force at regular toll

charges for a 10-year period. Engineering and construction work already is under way.

Chairman Cannon (D-Mo) of the Appropriations Committee ordered the inquiry after McCormack disclosed a ruling by Comptroller General Joseph Campbell that the contract lacked congressional authorization.

The Air Force confirmed this, but Asst. Secretary Lyle Garlock said Campbell had agreed to reconsider the ruling.

The effect of the ruling by Campbell, the government's chief auditor, is to ban payments under the contract unless Congress specifically approves.

The fact that Campbell's ruling, made Aug. 15, was first made public by such a key Democrat as the House majority leader indicated that Democrats are hopeful an investigation of the contract will provide fodder for next year's political campaigns.

In a statement to which a copy of the ruling was attached, McCormack called "the Dixon-Yates deal small in comparison to what is involved in this transaction,"

which he said "is clearly a secret effort to bypass Congress."

Under the contract, AT&T and the Western Electric are to finance the necessary engineering construction and installation of equipment at eight combat centers and 32 direction centers and to provide service to the government at cost of as much as \$40 million dollars annually. They will retain ownership of the facilities.

In New York, an AT&T spokesman said, "We were asked to do a job by the Defense Department and we undertook to do it, just as we would for any other customer."

### Don't Relax, Nixon Warns

OMAHA, Neb. (AP)—Prospects for peace are better than they have been at any time since World War II, but it's no occasion for relaxing vigilance, Vice President Richard Nixon said last night.

He told the International Assn. of Fire Chiefs there are three important factors leading to his conclusion. He cited the military strength of the free world, the potency of atomic weapons which confront a potential aggressor with disaster if his initial attack fails to destroy the ability of his adversary to strike back, and the fact people "desperately want peace."

But he asserted the government is not being lulled into a false sense of security by the recent conciliatory moves of Soviet leaders, adding the United States and the free world "are strong enough to meet and defeat attack by any potential aggressor."

### Radiologist Slated As Medic Speaker

FORT WORTH (AP)—Dr. Laurence R. Robbins, radiologist-in-chief at Boston's Massachusetts General Hospital, was to be a featured speaker today at the final session of the Texas Academy of General Practice.

Other speakers were to include Dr. Vernon Knight, associate professor of medicine, Vanderbilt University, and Dr. Arthur G. Schoch, clinical professor of dermatology, Southwestern Medical School of the University of Texas.

Dr. J. D. Murphy, Fort Worth, was installed last night as president of the 1,400 family doctors. Also installed were Dr. George V. Launey of Dallas, president-elect; Dr. Cecil French of San Angelo, vice president; Dr. John M. Smith Jr. of San Antonio, treasurer, and Dr. Carlos Fuste of Alvin, delegate to the American Academy of General Practice.

## Methodist Circles In Study Of Korean Work

At the Reba Thomas Circle meeting of the First Methodist Church Tuesday night at the home of Mrs. J. W. Dickens, 624 McEwen, Mrs. Martin Staggs talked to the group on "North Korean Church in Exile" and on "Work of the Missionary Society."

"New Methods of Cooperation and Rehabilitation in Korea," was given by Mrs. Lee Cahoon. Mrs. Dickens introduced the topic, "Spread of the Kingdom in Perilous Times." The call to worship was led by Mrs. John Knox, followed by responsive reading by the circle. Mrs. Staggs opened the meeting with a prayer and conducted the short business session. Refreshments were served to ten.

Coffee and sweetrolls were served to the members as they arrived at the home of Mrs. H. M. Fitzhugh, 408 Edwards, Tuesday morning for the Fannie Hodges Circle meeting.

Mrs. Howard Stephens presided at the business session and urged the members to bring good used clothing to the next meeting for a duffel bag to be sent overseas.

The meditation was brought by Mrs. Knox Chadd, and then she spoke on "North Korean Church in Exile."

Mrs. W. M. Sims was announced as the new member. Three visitors, Mrs. Paul R. Bishop, Jr., Mrs. James M. Bowen, Mrs. Boyd Bryans, and five members were present.

Members of the Maudie Morris and Mary Zinn Circles of the First Methodist Church were told Monday afternoon that of their yearly pledge of \$615, the amount raised is \$242.

The groups met in the home of Mrs. Arthur Woodall, with Mrs. H. H. Haynes giving the opening prayer. Reports were given by the various committee chairmen. Mrs. W. A. Miller gave instructions for filling the duffel bags to be sent overseas.

Mrs. W. F. Vaughan was in charge of the program on the study, "To The End of The Earth." Mrs. Jake Bishop discussed the topic, "North Koreans in Exile." Mrs. T. G. Adams talked on "Sur-

vival of WSCS in Times of Tribulation." The subject chosen by Mrs. C. E. Shive was "New Forms of Work to Meet These Critical Needs," and Mrs. J. C. Bryans brought the discussion of "New Methods of Cooperation for Rehabilitation."

Sixteen attended the meeting, with one guest, Mrs. Mary V. Bryans. It was announced that the next meeting will be at the church, when all the circles meet for a business meeting.

## Junior High P-TA Practices Child's School Schedule

Ten minute classes were attended by 350 parents Tuesday night at the Junior High School P-TA meeting. At this "Let's Meet Our Teachers" meeting, the parents had an opportunity to go briefly through their child's daily schedule at school and meet his six individual teachers.

Student council members conducted tours through the building. P-TA memberships were sold to 170.

Mrs. H. H. Stephens, president, introduced Mrs. W. N. Norred, district president, who lead the group in the P-TA objects and prayer. The yearbook was presented. The theme for the year will be "We, the People, Insure Richer Dividends." The motto is "Effective Citizenship."

W. C. Blankenship, superintendent of schools, spoke briefly and then introduced the new junior high principal, T. E. Ernest, who in turn, introduced the 33 teachers. The next meeting will not be until December. Announcement was made of the January magazine sale as a yearly project.

Refreshments were served during the social hour by the hostess committee, Mrs. T. J. Grantham, Mrs. W. A. Cobb and Mrs. John E. Freeman.

## Honor Certificates Given Rebekah Lodges

John A. Kee Rebekah Lodge No. 153 Tuesday night received a second certificate of special honor from the Sovereign Grand Master, Telle F. Aston, for increase in membership and cooperation with the lodge during the term of Mrs. Jim Fite as noble grand. The award will be framed and displayed beside the one presented during Mrs. H. F. Jarrett's term.

Date for the rummage sale was tentatively set for Oct. 8. Mrs. Ollie McDaniel, Mrs. Ted Brown and Mrs. Keith Henderson were named on the committee to collect clothing.

Guests introduced were Mrs. Ethelyn Forbis of Vernon, and Mrs. Cass Hill, past noble grand of Rebekah Lodge No. 233, Konowa, Okla., who is now a teacher at Washington Place School.

Announcement was made that Tuesday night there will be a team practice. The funeral marshal, Mrs. Fite, has scheduled a practice for her members.

There were 35 present. At a meeting of the Big Spring Rebekah Lodge Tuesday evening at the IOOF Hall, a special honor certificate was presented to the groups from the sovereign grand master, Telle F. Aston for their outstanding work.

A program on the anniversary of the lodge was given with Mrs. Earl Wilson, Mrs. Tom McAdams,

Mrs. Henry Roger and Mrs. Charles Boland participating. A love offering was sent for work in the flood disaster area in the New England States.

It was announced that there will be a quilting Thursday at the IOOF Hall beginning at 8 a.m. A school of instruction will be held Oct. 23 at the Settles Hotel with Myrtle Russell in charge. Miss Russell is the secretary of the Assembly of Texas.

Thirty members attended, with one guest, Mrs. Coha Shipp of Dal-Tex Rebekah Lodge of Dallas. Refreshments were served by Mrs. J. R. Petty, Mrs. McAdams, Mrs. Ruby Brown, Mrs. Fred Coleman and Mrs. K. J. Neilsen.

## Lost 29 Pounds With Barcontrate

Edna Ferris, 410 Arizona St., El Paso, Texas, wrote as follows: "When I commenced to take Barcontrate, I weighed 173 pounds. I now weigh 144, a loss of 29 pounds." Get Barcontrats at any Texas druggist. Use according to directions and watch the ugly fat seem to melt away. If the very first bottle doesn't show you the way to reduce safely, easily and without starvation diet or back-breaking exercises, return the empty bottle for your money back.

MRS. RUSSELL JAMES SCOTT

## Home Ceremony Unites Miss Nalley, Lt. Scott

An improvised arch of white tapers in graduated heights formed the setting in the home of the bride's parents for the marriage of Janice Nalley and Lt. Russell James Scott Tuesday evening.

Parents of the bridal couple are Mr. and Mrs. C. O. Nalley, 908 Gregg, and Mr. and Mrs. P. J. Scott, Bowie, Texas.

Fern was entwined and caught at various points with white pom-pom mums and gardenias on the stairway, down which the bride came to stand before the floor candelabra, decorated in the same manner. A white column on each side bore a cluster of white candles, and a tall basket of white mums marked the center of the arch.

Dr. P. D. O'Brien, pastor of the First Baptist Church, read the vows for the informal double ring ceremony. Mrs. Champ Rainwater played the traditional wedding music and accompanied Mrs. Don Newsom as she sang "Entreat Me Not to Leave Thee" and "I Love Thee."

The bride, given in marriage by her father, was attired in a waist-length dress of white Italian velvet, fashioned along princess lines with a full flared skirt. Her sleeves were three-quarter length. The v-neckline of her gown featured a surplis band, beaded with pearls and her tiny hat of white satin was decorated with pearls and bugle beads. Her pumps were of white satin.

Gardenias and stephanotis were carried on a white Bible. Following the wedding tradition, for something old, she carried a handkerchief belonging to Mrs. Ralph Baker, which had been the property of her mother, the late Mrs. W. G. Orenbaum. Something new was her dress; pearls had been borrowed from Mrs. Roy Reeder, and she wore a blue garter. A sixpence, which the bride wore in her pump, was brought from England by her when she returned from her recent trip there and on the Continent.

Peggy Hogan was maid of honor and her sister, Janet, was candle-lighter. Both were attired in an identical style, wearing white nylon tulle over net and satin waist-length frocks with full skirts. Peggy Hogan carried a bouquet of pink Fuji chrysanthemums and wore white mums in her hair. Janet chose a wrist corsage of pink carnations. Lt. James H. Weatherby of Randolph Air Force Base served as best man.

Immediately after the ceremony, the bridal couple, assisted by members of their wedding party, received guests. Mrs. Reeder was in charge of the guest register, with the table decorated by a tall hurricane lamp, festooned with gardenias and fern.

In the dining room, Mrs. Baker and Mrs. Ray Shaw served from the bride's table, laid with a pale pink floor-length organdy cloth. Crystal and silver were used in the service, matching the triple candelabra which held white tapers. A silver bowl filled with an arrangement of silvered plumose fern, Fuji mums and a low cluster of gardenias. A matching arrangement was placed on the buffet.

Mrs. Sherman Smith and Mrs. J. E. Hogan were other members of the house party.

Out-of-town guests included Mr. and Mrs. W. C. Estes and Miss Curtis Gregory, all of Ballinger, Mrs. W. T. Gregory of Talpa, Mr. and Mrs. J. M. Gregory of Abilene, Mr. and Mrs. T. O. Nalley of Coleman, grandparents of the bride, Neal Nalley of San Angelo and Mr. and Mrs. G. H. Pickett of Foran.

When the couple left for a wedding trip to Phoenix, Ariz., the bride wore a suit of curco cotton in a gray-beige shade. The boy jacket and slim skirt were woven with a stripe of a lighter thread, which matched her eggshell blouse. A tiny hat of pinna cloth was black as were her pumps and gloves.

Mrs. Scott is a graduate of Big Spring High School, where she was a member of the Quill and Scroll Honor Society, of Tri-Hi-Y, a capella choir, the Corro staff and the Shorthand Club. She was vice president of the senior class, senior favorite, runner-up in the contest for Football Queen and associate editor of the school annual, "El Rodeo." She was a delegate to the Centennial of the YMCA, which has recently been held in Paris, France.

Lt. Scott is a graduate of Texas A&M College, where he received his B. S. degree in civil engineering. He is a member of the American Society of Civil Engineers. He is now a pilot in the United States Air Force, and will be stationed at Luke Field, Ariz., following his transfer from Laughlin Air Base in Del Rio.

(Photo by Barr)

## County HD Council Has Business Meet

Reports were made and officers were appointed recently when the Howard County Home Demonstration Council met in the Commissioners' Court Room.

Mrs. Ross Hill presided in the absence of Mrs. D. C. Zant, chairman. The devotion was given by Mrs. Jim Zike.

Mrs. G. C. Broughton Jr. of the Desk and Derrick Club led a discussion on the Carrie Lane's Traveling Wardrobe which will be here in January. The council voted to sponsor her. Each chairman gave monthly reports.

A representative from each club will help with the Farm Bureau barbecue Oct. 4. Mrs. Frank Wilson, chairman of the Health and Safety committee reported that 24 pair of pajamas had been made and sent to the tuberculosis hospital in Sanatorium.

The nominating committee presented a slate of officers for the coming year which was accepted. They are Mrs. H. S. Hanson, chairman; Mrs. Ross Hill, vice chairman; Mrs. W. Carroll, secretary; Mrs. L. A. Newman, treasurer.

Mrs. John Sutherland and Mrs. John Armstrong reported on the state convention they and Mrs. Zant attended in August.

Seventeen representatives from clubs were present.

## Mrs. Mason Honored At Bridal Tea

A miscellaneous wedding shower honored Mrs. Truman Mason, the former Marilyn McCrary, Tuesday night in the home of Mrs. Elvis McCrary, 1201 Runnels.

Mr. and Mrs. Mason were married Aug. 27.

Sixty-one guests were greeted by the mother of the bride, Mrs. Grady McCrary, Mrs. C. L. Mason, the bridegroom's mother, and the honoree.

Centered on the serving table covered with a white linen cloth were two eight-inch silver wedding rings in a white styrofoam base. The double rings were tied at the top with orange blossoms and pink satin ribbon.

Sister of the bride, Shirley McCrary, registered the guests. Cake and punch were served by Toni Barron, Kay Jamison and Jacqueline Cox.

Hostesses included Mrs. Clyde Thomas Jr., Mrs. Lucian Jones, Mrs. W. D. Lovelace, Mrs. Festus McElrath, Mrs. Roy Tidwell and Mrs. McCrary.

The honoree chose a black dress styled in a tunic fashion for the occasion. Her jewelry was of rhinestones and she wore black suede shoes.

Mrs. Dewey Phelan and her mother, Mrs. C. H. Lacy of Fort Worth, are visiting relatives in Big Spring and Midland.

## Wayne Huestises Feted At Shower

FORAN — About 30 were present at the wedding shower Saturday night at the Country Club honoring Mr. and Mrs. Wayne Huestises of Odessa who were married recently. The bridegroom is the son of Mr. and Mrs. H. G. Huestises of Foran.

A miniature bride and groom were under an arch of tiny flowers and leaves placed on a platform of white satin for the centerpiece. Cake, coffee and punch were served.

Sue Miller presided at the guest register. Hostesses included Mrs. J. M. Miller, Mrs. J. D. Martin, Mrs. H. L. Green, Mrs. Carl Bauskton, Mrs. Robert Cozart, Mrs. H. L. Gibson, Mrs. C. L. Draper Mrs. L. T. Shoultz and Mrs. R. A. Fulen.

## High School Run-Off Set For Thursday

# Moore, Marciano To Test Power Tonight

By MURRAY ROSE  
NEW YORK (AP)—Heavyweight champion Rocky Marciano, an old hand at postponements, is a heavier favorite than ever for his 15-round title defense against light heavyweight champion Archie Moore in Yankee Stadium tonight.

The odds favoring the all-conquering, 31-year-old Brockton Bomber lengthened to 19-5 after the one-day setback caused by Hurricane Ione's threat. The odds may jump another point or two by the time the contestants climb into the ring.

"No Moore money has showed," said one bookmaker in explaining the rise. "As a betting fight this one has fizzled out like Ione."

Forecasters predicted a fair and cool evening, just about perfect for the battle of champions.

Three other reasons may have influenced the increased swing to Marciano. At the weigh-in cere-

# Ez Believes Fight Delay Hurts Archie

By ED CORRIGAN  
NEW YORK (AP)—In the opinion of Ezzard Charles, an expert if ever there was one, the one-day postponement in the heavyweight championship bout between King Rocky Marciano and Archie Moore will hurt the challenger more.

gent Jim Norris has his problems too, consider:

"Four different guys called me insisting they get good seats because they were bringing the governor of New Jersey. If all of them are right, the Governor must want to lie down."

As usual in title fights, the New York State Athletic Commission will waive its compulsory 8-count rule. Also, neither will be charged with defeat if he is knocked down three times in one round, another commission rule governing lesser fights. The referee is absolute dictator. Even the commission physician cannot order the bout stopped. He can advise the referee—and only when asked.

There is considerable talk going around that if Marciano wins, he'll retire. One of his close advisers said he wants to quit, that he's tired of the rugged training and life of a hermit that he must live while preparing for a fight, and that he has half a million dollars in the bank.

With conservative investments, he'll get a return of about \$15,000 a year for life, the adviser said. If Marciano decides to call it quits, the heavyweight division will be in sad shape. The only promising heavy is Floyd Patterson, the ex-Olympic champion, and he's a year or two away.

Hotelmen and restaurateurs were the happiest men in town over the postponement. You couldn't get a closet in the metropolitan area and the eateries were jammed into the small hours this morning.

"Rocky's not going to get cut up like in the Charles fight," proclaimed Manager Al Weill. "That was a lucky one. I even asked Charles if he butted Rocky and he said no. It was just one of those freak things. When did you ever see a fighter get a cut alongside the nose like that one? Moore may puzzle us for three or four rounds, but we'll catch up with him."

Moore had his usual gem when asked how the postponement would affect him.

"One day is a little piece of 20 years," he commented, apparently referring to the length of time he has spent in the ring.

# Sports Climb Back In Fight For TL Title

SHREVEPORT (AP)—Mobile's Bears are in the Dixie Series but it will require at least one more night to determine the Texas League representative.

Houston's Buffs lead Shreveport's Sports three games to two and the sixth contest is scheduled here tonight. If Houston wins it, the Buffs will be in the Dixie Series. If Shreveport wins, another game will be required to decide the issue.

Shreveport climbed back into the final playoff last night at Houston by beating the Buffs 4-1 on Ev Joyner's Frank Merriwell stunt. Joyner slugged a 3-run homer in the ninth to give the Sports the badly needed victory.

It was Joyner's fourth round-tripper in the playoffs. His victim was Bob Mabe, who was clouted for a bases-loaded homer by Joyner at Shreveport Friday night.

Houston took a 1-0 lead in the sixth on Wally Fassler's double but Shreveport tied it up in the eighth on Pidge Browne's double and two infield outs.

Bill Greason (17-11) will go to the mound for Houston tonight. Billy Muffett (10-4) will start for Shreveport.

Mobile, which beat Birmingham 8-2 last night to take the final Southern Assn. playoff four games to two, will be in the Dixie Series for the third time in the 33 years of the baseball postseason classic.

# Nationals Blasting Home Run Records

NEW YORK (AP)—The homer happy National League, with a one-season record already packed away, now has opened a barrage on individual major league home run marks.

game winner, fell victim to the homer hammering last night at Brooklyn, giving up his 39th and 40th of the season—a record total of home runs off a pitcher. Team-mate Murry Dickson held the old mark of 39, set in 1948 with St. Louis.

# Tech Is Favored Over Christians

By The Associated Press

Four of the seven Southwest Conference schools are favored to win their games next Saturday in one of the biggest intersectional football schedules on record.

There are six intersectional games and one against another Texas college—Texas Tech.

Tech is a 3-point favorite over Texas Christian at Lubbock.

Notre Dame is a 7-point choice over Southern Methodist at South Bend.

Arkansas is a 7-point pick over Oklahoma A&M at Little Rock. Baylor is given 20 points over Villanova at Philadelphia, Texas is a 14-point choice over Tulane at Austin. Rice is 13½ points over Alabama at Houston and Louisiana State is a 1-point pick over Texas A&M at Dallas.

# Polly Riley Is Favorite In Trans-Miss Golf Tourney

OKLAHOMA CITY (AP)—Polly Riley shrugged off a three-over-par eight on the 16th hole in the qualifying round but headed into the first round today as the favorite in the 25th Women's Trans-Mississippi Golf Tournament.

The five-foot solid-finished Texan from Fort Worth finished with a four over par 78 to trail medalist Mary Ann Downey of Baltimore by two strokes, but she still commanded the top attention on the basis of her consistency in major tournaments.

Miss Downey scored her medalist winning round of 76 on nines of 39-37 over the 6,370 yard par 37-74 course made difficult by a steady south wind ranging up to 30 miles an hour.

Miss Riley has been a finalist in four of the six previous Trans tournaments in which she has participated. She won the tournament in 1947 and 1948 and was runner-up last year and in 1946—the same year she was co-medalist with Babe Zaharias with a 73.

the National yesterday—boosting the record to 1,232. The old major league mark was 1,197, set by the NL in 1953.

The American League one-season record of 973, set in 1950, seems safe. The eight junior circuit clubs have hit only 944 to date.

# Yankees Just Three Games Short Of American Flag

**By ED WILKS**  
The Associated Press

Just a few days ago Casey Stengel said the New York Yankees had to win all of their remaining 10 games for even a tie for the American League pennant. Now they can wrap it up by winning 3-out-of-5.

It might not take even that much effort by the Yanks. Any combination of New York victories and-or

defeats by second-place Cleveland totaling three will do it.

Still, the Yankees don't have it hands down. They've won seven straight, matching their longest success streak of the season, and have gained 3 games on the Indians in the important "lost" column—but they still have 5 games left, 1 more at Washington tonight and 4 in Boston beginning with a Friday doubleheader.

The Senators, beaten 6-3 in the afternoon half of a day-night doubleheader yesterday, gave the Yankees a fit before bowing 9-7 in the nightcap. Four New York relievers paraded to the mound to save starter Whitey Ford's 18th victory, as the Nats scored six times in the last two innings.

Cleveland, which went into a four-game tallspin after sweeping a pair from Washington, finally shook the slump with a 3-2 decision over Chicago as the White Sox officially fell out of the race.

The Indians, with 4 games left—another at Chicago tonight, then 3 at Detroit—have to win 'em all and hope.

Washington caught Ford by surprise in the eighth inning. The stubby southpaw had a four-hitter going and had retired 13 in order. Then Ford walked a man and pinch hitter Jim Lemon, just up from Chattanooga, walked a home run and the Nats were up on their hind legs.

It took Gary Coleman, Jim Konstanty, Gerry Staley and finally Tommy Byrne to get 'em back on the leash.

Carlos Paula, Washington right fielder, pushed the Yanks into their big lead with some shabby fielding. The rookie played a routine liner into a double in a 3-run Yank third. Then he kicked a bases-loaded single into a 3-run hit and misplaced a hard liner into a triple in a 6-run seventh.

The first game was easier for the Yanks, although starter Don Larsen didn't last through the second inning. Reliever Tom Morgan, with help from Konstanty, got the decision. The Yanks scored three in the first off Marty McDermott, then scored the clincher in the third as Hank Bauer doubled and moved across on two long flies.

Cleveland hung on as Early Wynn turned a 10-hitter into his 17th victory with some dandy clutch work.

Bob Jones and Lane Nelson are fighting for the other starting end spot; Bob Bohannon has come off the sick list to battle Phil Reynolds and Dick MacCaferly for tackle work; tny Podd Ware (141 pounds) is teaming with Vincent Esparza, out two years with a bum shoulder, is back again at center. Quarterback Glen Adams, a junior up from the B team, is the talk of the Yuletia camp with his running, passing and direction of the "T" and single wing. George Spence has been running well at left half and speedy Bob Stroup is a good bet to replace Thompson at right half.

# Ysleta, Green But Ambitious, Set For Steers

EL PASO — The Ysleta Indians open their home football season against the Big Spring Steers Friday night with a new head coach and a green but ambitious team.

J. W. (Red) Coats, former Odessaan who helped Gene Jordan the last few years, coached the Tribe to its first opening win in three years last week at Roswell. Ysleta held on for a 14-13 triumph. However, right halfback Clint Thompson a senior letterman who saw little service a year ago has a bad ankle.

End Charles Rosemond who placed second in the state half-mile run last spring and Guard John Peterson — tri-captain with Thompson.

Bob Jones and Lane Nelson are fighting for the other starting end spot; Bob Bohannon has come off the sick list to battle Phil Reynolds and Dick MacCaferly for tackle work; tny Podd Ware (141 pounds) is teaming with Vincent Esparza, out two years with a bum shoulder, is back again at center. Quarterback Glen Adams, a junior up from the B team, is the talk of the Yuletia camp with his running, passing and direction of the "T" and single wing. George Spence has been running well at left half and speedy Bob Stroup is a good bet to replace Thompson at right half.

# Jr. High Teams Play Thursday

The three Big Spring Junior High School teams see action again Thursday, and the B-string will take on a strong Lamesa squad Saturday night.

Two games are set in Steer Park Thursday evening, while another junior high team goes to Odessa for a game against a Crockett Junior High eleven.

Seventh and eighth graders entertain Sweetwater in the local stadium, the seventh graders clashing at 6:30 p. m. and the eighth graders at 8 p. m. Thursday. The local ninth graders will go up against Odessa's Crockett ninth grade in Broncho Stadium at 7:30 p. m. Thursday.

Lamesa's B team comes here Saturday evening for a game with the Big Spring reserves.

# 3 SMU Athletes In Buenos Aires

DALLAS (AP) — The athletic department at Southern Methodist University has more than average interest in the revolution in Argentina.

There are three SMU athletes bottled up in Buenos Aires. They can't even telephone the fellows.

Oscar Furlong, basketball and tennis player; Matt Murphy, No. 1 tennis player, and Pedro Galvao, star swimmer, are the athletes who haven't been able to get out of Argentina for a return to school.

Furlong and Galvao live in Buenos Aires. Murphy's father is the Irish Ambassador to Argentina.

# FOR YSLETA Steer Workouts Stressing Defense

Defense drills are the order of the day for the Big Spring Steers as they prepare to invade Ysleta for the second game of the year Friday.

Gari Coleman, head coach and athletic director, scouted Ysleta last week and had his respect for the opposition whetted.

Still confident his boys can win, Coleman warned however that a let up could be disastrous. Ysleta had a red hot passing attack against Roswell, a factor which also added to the effectiveness of its ground game.

This week Coleman and Emmett Broderson, assistant coach, have been stressing pass defense. In the opening game Andrews had no occasion to take to the air and the Steers have really had no test against an aerial attack. Coleman is fairly certain they will get such a test Friday.

Adams, the Ysleta quarterback,

# McNew Out Of Knott Lineup

KNOTT — Billy McNew will be out this weekend when Knott entertains Sterling City, but Coach Bill Bolin's Hill Billies have high hopes of clipping the Eagles.

Sterling plays at Knott at 8 p. m. Friday. (Admission 25 and 50.)

John Shanks will be taking McNew's place in the fullback slot. Knott will take a 1-1 record into the game, having lost to Garden City 0-25 and then upending Foran in a complete reversal of form, 21-26. Sterling has a similar record, having clipped Klondike and then bowing to Ackery decisively.

The Hill Billies have been concentrating this week on means of stopping Dan Glass, who has shown as both a passer and runner for Sterling City this year.

Starting lineup for Knott will be Thomas Day and Delano Shaw at ends; Don Roman at center; Woody Long, quarterback; Roosevelt Shaw, halfback; and John Shanks, fullback. Bruce Barker may break into the starting lineup, and at any rate he will see lots of defensive service.

# U. S., Scot Junior Golfers To Tangle

CHICAGO (AP) — A junior variety of international golf makes its bow today when a team of six teen-age players from Scotland meet six top youngsters of the U.S.

# Tech Loses Two

Georgia Tech halfback Jimmy Thompson (28) is about to be run out of bounds by Miami left end Phil Bennett (87) for a two-yard loss in the first quarter of their game at Atlanta. (AP Wirephoto).

# West Texas Back Has Broken Hand

CANYON (AP) — West Texas State will face McMurry here Saturday night without its regular fullback—Delmer Tuggle.

Tuggle received a broken hand in the game with University of Corpus Christi last week and will be out of football for four weeks. He played only four minutes before receiving the injury.

Tuggle was the team's leading ground-gainer last season. Otherwise, West Texas State is in top condition for the important game with McMurry.

# Five SWC Schools On Carpet For Recruiting Rules Infractions

DALLAS (AP) — The Southwest Conference's athletic recruiting troubles boiled over again today with reports that five member schools are involved in the latest investigation.

Texas A&M already under 2-year probation for violation of the recruiting rules, is again on the carpet along with Texas, Southern Methodist, Baylor and Rice, these reports said. They will be "tried" at a special meeting of the conference next Sunday.

Howard Grubbs, executive secretary of the conference, would not comment on the reports other than to say that the announcement last Thursday of the special meeting contained all the information he was permitted to give.

At that time Grubbs said the meeting would be for the purpose of discussing recruiting practices in general and to receive reports of inquiries by conference officials of recruiting practices by conference coaches and friends and alumni of conference schools.

The flare-up of alleged illegal recruiting came a year ago when the conference held a special meeting and issued a warning that violations must cease. In May the conference placed Texas A&M under probation and voided its letters of intent—athletic contracts—with the statement that the coaches and alumni had violated the recruiting rules. Some of the athletes turned loose by the order were signed up by other conference schools.

The Dallas News, in announcing that five schools were involved in the latest investigation, said there were 12 cases to be considered.

"Most of the cases are of a minor nature," the news item added, "although one involving a track star at Texas was classified by the informant as 'more serious.'" The News said.

The News added that the cases involve transportation of prospective athletes in automobiles by coaches. Conference rules permit payment of expenses for one visit by a prospective athlete to the campus by alumni or other friends of the school but the school itself or members of its coaching staff cannot defray such costs.

Reportedly private detectives were hired by the conference to gather the information.

Four of the boys released from letters of intent to Texas A&M went to other schools—Texas and Southern Methodist got one each and Baylor two.

The News related that Coach George Sauer of Baylor reportedly drove one athlete from a Dallas track meet to the Baylor campus which the boy already had arranged to visit, and that Coach Chalmer Woodard of Southern Methodist reportedly drove a boy to his home town in Stamford. The

# UCLA Tennist Drops Aussie In S'West Tournament

LOS ANGELES (AP) — Two upsets and two misses in the Pacific Southwest Tennis Tournament have set the stage for others today as big shots take the center court at the Los Angeles Tennis Club.

Mike Franks, very promising sophomore from UCLA, knocked off Australia's Malcolm Anderson, seventh seeded among the foreign contingent, 6-4, 4-6, 7-5, and meets Philadelphia's Viri Sasas today. Sasas beat Bill Quillian of San Francisco, 6-4, 6-2.

Japan's Atsushi Miyagi came from behind to score an 8-10, 6-3, 6-1 upset over England's sixth-seeded Roger Becker and opposes Herbie Flam of Beverly Hills today. Flam knocked off John Lesch, another UCLA soph, 9-6, 6-4.

Neale Fraser of Australia, defeated Cliff Mayne of San Francisco, 6-3, 4-6, 8-6.

Low Hoad of Australia and Art Larsen of San Leandro, Calif., are in the featured singles match today.

# Integrated Team Cancels One Game

FAYETTEVILLE, Ark. (AP) — Rather than leave Negro players on the bench, Fayetteville High School has canceled its football game with Fort Smith (Ark.) High School.

So far Fort Smith is the only school to object to Fayetteville's integrated football team.

The Fayetteville School Board voted yesterday to cancel the game with Fort Smith. The decision followed a statement by Fort Smith School Supt. Chris Corbin that Fort Smith's team wouldn't play Fayetteville unless the Negroes were left on the sidelines.

Fayetteville, one of the first schools in the South to integrate after the U.S. Supreme Court's decision against racial segregation in public schools, has four Negroes on its football team.

One of the Negroes played several minutes in Fayetteville's opening game last week.

# West Texas Back Has Broken Hand

CANYON (AP) — West Texas State will face McMurry here Saturday night without its regular fullback—Delmer Tuggle.

Tuggle received a broken hand in the game with University of Corpus Christi last week and will be out of football for four weeks. He played only four minutes before receiving the injury.

Tuggle was the team's leading ground-gainer last season. Otherwise, West Texas State is in top condition for the important game with McMurry.

# Cosden Men Provide Grid Down Marker

That new "yard marker" you will see seeding at the football games this year is a brain child and gift from two Cosden Petroleum Corporation employees, Bill Phillips, a materials foreman, and E. W. Platte, a machinist, designed and made the marker.

It has plates numbered from one to four that can be flipped over after each down so that the spectator can easily keep up with the game's progress. It is also rugged and light to give long wear and can be easily handled.

Phillips is the father of the first string halfback, Ronnie Phillips.

**FLOOD STORY**

**Creek's Devastation Unites Twin Cities**

By TOM BRADSHAW  
STROUDSBURG, Pa. (AP)—For generations Brodhead Creek was a meandering barrier between the bustling boroughs of Stroudsburg and East Stroudsburg. The townsfolk of the two Pocono Mountain communities weren't quite drawn up in battle line on either bank—but they might as well have been.

A flash flood that turned the little Brodhead into a churning torrent the night of last Aug. 18 deposited an appalling ring of destruction along its extended banks. But when the scum settled and the last boulder stopped battering its way down stream, there remained the seed of a new-found spirit that promises to bridge the Brodhead as never before.

The shopkeeper on Stroudsburg's Main Street and the ribbon weaver on East Stroudsburg's Lincoln Avenue are talking these days of "the Stroudsburgs." A growing number are thinking in terms of an absolute community merger.

Herb Stoner, a plant executive who is acting as rehabilitation coordinator for East Stroudsburg, had some previous experience with the uneasy juxtaposition of towns. "I'm from Indiana," said Stoner. "It wasn't too pronounced when I was young, but my father told me when he was courting my mother in Lafayette, he literally had to fight his way back across the Wabash River bridge to West Lafayette."

There was the same sort of situation here. A couple of towns close together physically, but that's all. The high schools always were bitter rivals. The school kids of the two towns had the feeling ingrained in them and the harshness remained when they grew up.

There you have Stroudsburg (pop. 6,500) and East Stroudsburg (pop. 7,500) as of Aug. 18, 1955—two boroughs in the eastern foothills of Pennsylvania's Pocono Mountains, a couple of resort towns dependent primarily on the vacation dollar.

That night, an intense, prolonged downpour filled the streams in the upper reaches of the Poconos, spilling down the mountain sides into outlets like the Brodhead.

Today, the creek is a scant 50 feet wide and easily waded where the temporary bridge connects the two Stroudsburgs. At the height of the flood, the creek was 250 yards wide and reached a peak level of 33 feet.

In a matter of brief hours, 470 homes were demolished or damaged in East Stroudsburg. An additional 275 dwellings were affected in various measure in Stroudsburg. Scores of shops and plants on both banks of the stream were hit hard. Sixty-five persons lost their lives in the area—more than half of them as the roaring Brodhead pounded through Camp Davis, a private recreation site five miles north of the Stroudsburgs.

Thirty-eight highway and rail bridges were swept away, marooning scores on flood-created islands. Two trains were halted by track washouts and their passengers had to be evacuated by helicopter.

Twenty-five hundred men, women and children were left homeless in the Stroudsburg area—far and away the worst thing that ever happened there.

That brings us to the key to what occurred since. The flood didn't hurt Stroudsburg alone, or just East Stroudsburg. It was a joint body blow that left both towns gasping for breath with equal difficulty.

The two felt their common bond quickly—when they awoke to the realization the floodwaters had knocked down their most direct link, the big arched steel bridge over the Brodhead Creek.

Lacking the span, the people of Stroudsburg and East Stroudsburg suddenly discovered how dependent on one another they really were. The telephone center was in Stroudsburg. The only hospital was in East Stroudsburg. The principal shopping center was on Stroudsburg's Main Street. A majority of the area's plants were across the Brodhead in East Stroudsburg.

In a second floor Main Street office, an intense tousled-haired young man had plenty to say on the subject. As secretary of the Pocono Mountain Chamber of Commerce and also of the Vacation Bureau, Harold Swenson has his finger on the region's pulse. "The Brodhead Creek is no longer a boundary," he said. "Now it's a rallying point. Because of the flood we are thinking big things, and doing big things. We no longer are limited by small town vision. It has been indelibly etched on our minds that we are one community."

When the water had subsided, the first need was relief for those most affected—finding homes for the homeless, food for the hungry, clothing for those who had to leave theirs behind.

Red Cross staff workers were dropped into the two towns by helicopter even before the swollen Brodhead had returned to its normal level.

In the first post-flood hours, as

many as a thousand persons were fed daily in canteens set up in churches and other available buildings. One month after the disaster the number still stood at 300 a day. The rest were sharing the dinner tables of friends, relatives and strangers who threw open their homes.

In one month 80 per cent of the flood-hit homes were cleared, some partially, others completely, of the filthy mud and ruined furnishings. All of the dead but two were identified and laid to rest—in the Poconos, New Jersey, New York, Pennsylvania.

Along Stroudsburg's Main Street, in the blocks not hit by the floodwaters, business went back to near normalcy and the flood began sharing the conversation spotlight with the weather, the coming hunting season and the November election.

Only down by the banks of the Brodhead, where the scars still remained, was the full impact of the flood in strong evidence. There the two 100-foot sections of Bell's Bridge lay yet where they had been dumped on opposite banks, surrounded by battered automobiles, tattered scraps of clothing, a stained mattress.

Here a house sagged where a corner of the foundation was undermined. Down the street a frame cottage and its exposed cellar stood side by side. The belt of total destruction. And a tangled mass of uprooted trees, splintered boards, a section of roof—extended a hundred yards from either bank. Beyond that for another several hundred yards in the lower spots was the margin area of damaged buildings, their windows gone and the high water mark still visible up as far as attic level.

John Hopkins, who arrived in East Stroudsburg by helicopter to coordinate Red Cross efforts there, said the thing that struck him most was that a great majority of people were thinking, not in terms of flood recovery alone, but about progress.

Herb Stoner tells of one philanthropic citizen who prefers to remain anonymous.

"This man is donating a 55-acre plot," said Stoner, "and right now we're planning a new housing development there. One manufacturer of prefabricated units has offered us a 10 per cent discount. Several local service organizations—Kiwanis, Rotary, Exchange Club—have received donations from all over the country. They want us to use the money to put in streets, sewage and lighting. We'll name the new streets Rotary Boulevard, Kiwanis Avenue, Exchange Street."

Deserving individuals will be able to obtain construction costs from the Red Cross, whether the house be built in the 55-acre "Service Club development" or elsewhere.

"We won't authorize any mansions," said Hopkins, "or pay for television sets, but the man who really needs help and members of his family will have a roof over their heads that will last through the years and that they can take pride in."

Next: The story of Woonsocket, R. I.

**2 Major Roads Jobs Booked**

AUSTIN (AP)—Long-range improvements for U.S. 87 and State 27 in Kerr and Kendall counties have been placed definitely in the futures book of the State Highway Commission.

"Progressive improvement" of the route from San Antonio to Kerrville has been ordered, with advance planning to proceed immediately. The first stretch to be worked on will be from Ingram to the Bexar County line, where the initial step will be obtaining a 300-foot right-of-way.

Work looking toward construction of a four-lane expressway on U.S. 81 in Wise County from Allford to the Montague County line has also been authorized.

ON DISPLAY HERE FRIDAY

New Safety Features, Greater Power In Ford Models For '56

Safety features offered for the first time by any automobile company, power equal to the Thunderbird, and lower body silhouettes are noted in the Ford cars for 1956. They go on display throughout the nation Friday, and will be presented to the local public on that day by Tarbox Motor Co., 500 West 4th.

Ford Sedan In Three Series

The four-door sedan, as pictured above, is offered in three series by Ford for 1956—Fairlane, Customline and Mainline. Above is the Customline four-door in one of the 21 two-tone paint combinations offered on the new models which are to go on display Friday at Tarbox Motor Co. A lower roof line, restyled grille and parking lamps, a new design of body side moldings are among appearance changes. Thunderbird Y-8 engines in Fairlane models develop 202 horsepower for Fordomatic drive. In the Customline and Mainline models the Y-8 engines produce 176 horsepower.

DATE DATA

By Beverly Brandow

Dating Problems

Dear Miss Brandow: Ruth and I are just beginning to date and are both shy. We have gone several places together, but never the show. When we do, should I hold hands, put my arm around her, or kiss her? Should I kiss her at all, and if so, when? Should I ask her to go steady? On her birthday may I send a card, or should I bring a present, or maybe only say Happy Birthday?

tops and you genuinely want to. Then pick some place private, like her living room after the movie when everyone has gone to bed. Going steady is for people who have dated a lot of different people and are more experienced. Wait until you are at least sixteen. If you don't you'll soon find yourself with a headache trying to get out of going steady. You may give a girl a gift any time you like. (This is a fact few boys take advantage of any more. Dad always brought Mom candy or posies.) A birthday gift is not an obligation, however, and a card is sufficient if you prefer it.

One at a time please. Just because you are a boy and she is a girl, you do not have to pretend you are the romantic leads in a million dollar movie. It is perfectly ethical for a dating couple to be good friends, and nothing more. If you are sure she likes you quite a bit, you may hold her hand in the movie. It will make a bigger hit with her if you buy her a candy bar for one hand and a box of pop corn for the other. Putting your arm around her should be saved for later. Kissing is definitely out in any public place. Never kiss a girl because you think she expects it. Kiss her only because you think she is really

(All letters addressed to Miss Brandow in care of The Herald, and enclosing a 3 cent stamp, will be answered personally.)

15 Indicted In Houston Scandal

HOUSTON (AP)—A Harris County grand jury concluded a four-month probe of a city land office scandal today by returning 15 indictments against six men. Three of the six had been named in indictments returned July 28. They were Roy Floyd, former city treasury director; Joseph L. Angle Jr., former acting superintendent of the city's land acquisition division; and Luther Nisbet, Angle's former chief assistant. All three were fired by Mayor Roy Hofheinz after the scandal broke in early June. Also indicted were Dr. Lucian Bukowski, former physician at the city prison farm, and two house movers, W. C. Fortenberry and Cecil Drake. Fortenberry was indicted on six counts of felony theft, Drake on three counts, Bukowski on two, and Nisbet on one. Joint indictments alleging conspiracy to commit felony theft named Nisbet and Angle, Floyd and Drake, and Floyd and Fortenberry.

Marines Open To Teen-Agers

WASHINGTON (AP)—The Marine Corps says it's ready to accept between 461 and 661 teen-age volunteers in each of the next nine months for its six-month training course under the new reserve program. Volunteers between the ages of 17 and 18 1/2 must sign up before receiving a draft induction notice, and must remain in the active reserves for 7 1/2 years after completing their training.

White Nurses Protest Citizens Council Action

ORANGE, Tex. (AP)—Eight white nurses at Orange City Hospital today protested the use of their names by the Orange Citizens' Council in an unsuccessful attempt by the council to have a Negro registered nurse at the hospital relieved of an assignment in which she supervised white nurses. The eight also commended the Negro nurse, Miss Barbara Verdum. Names of the eight nurses, along with names of three other nurses no longer employed at the hospital, were printed on a sheet attached to a letter sent to members of the Orange City Commission last week over the signature of Van Hare, president of the Citizens' Council, and two other officers of the organization. The letter strongly protested the assignment of Miss Verdum to the post in which two nights a week she supervises white practical and student nurses. In a meeting Sunday afternoon attended by members of the hospital staff, city officials, the president of the Orange County Medical Society and members of the Citizens' Council, Mrs. Bess Schofield, hospital superintendent said the assignment of the Negro nurse to the shift resulted from a critical shortage of registered nurses in this area.

U.N. Again Ignores Red China Question

UNITED NATIONS, N.Y. (AP)—The U.N. General Assembly side-tracked for another year the perennial question of seating Red China and prepared today to chart an agenda for the current session. Overriding demands by Russia's Foreign Minister V. M. Molotov that the Asian Reds get a seat, the Assembly adopted 42-12 a U.S. motion to shelve the question until 1956. In its opening session yesterday, the 10th Assembly also unanimously elected Chile's Jose Maza as its president. Molotov made his bid for Peiping 12 minutes after the session began in a mild speech contrasting sharply with the explosive utterances Soviet delegates have made on the issue in previous assemblies. It was the sixth straight year the Russians have tried to unseat the Chinese Nationalists in favor of the mainland government. Henry Cabot Lodge Jr., who spoke for the United States while Secretary of State Dulles listened, announced he would not debate the issue. But he countered with a brief resolution stating that the Assembly decides not to consider at its 10th session proposals to exclude Nationalist China or to seat the Reds. British Minister of State Anthony Nutting quickly supported Lodge

Valley Money Needs Told

HOUSTON (AP)—More money must be spent on citrus and vegetable research, the Texas Citrus and Vegetable Growers and Shippers Assn. was told yesterday. Secy. of Agriculture Ezra Taft Benson was scheduled to speak before the group before the convention ends tomorrow. So was Asst. Secy. of Labor Rocco Siliiano.

W. B. Harwell Named To State Library Post

AUSTIN (AP)—W. B. Harwell today was unanimously elected state librarian by the Texas Library and Historical Commission. Harwell has been acting state librarian since 1953. Prior to that he was assistant librarian and head of the records administration division of the State Library.

Building Boom

PITTSBURGH (AP)—In the past 10 years 51 new buildings, valued at 125 million dollars, have been constructed or are now being erected in downtown Pittsburgh. The building program has increased the assessed valuation of the mid-city district from 253 million dollars to 308 million.

## Mrs. Rainbolt Back At Wagon Wheel

H. M. Rainbolt, owner of the Wagon Wheel Restaurant, has announced that Ruby J. Rainbolt is again taking over duties as hostess at the establishment.

"She will be glad to again greet her many friends," the restaurant owner said.

"Mrs. Rainbolt started 12 years ago making friends with the dining public and she has always had a warm welcome for the many fine customers at the Wagon Wheel," he said. "Letters are received by her from all parts of the United States commending her for the fine hospitality received while visiting or passing through Big Spring."

The restaurateur said that Mrs. Rainbolt has not been able to always greet customers during her affiliation with the Wagon Wheel, for on two different occasions she has had serious illness which kept her out of the Wagon Wheel for more than a year.

"Meeting and being with people is her greatest joy," said Rainbolt. "That's why she tries so hard to make your visit so pleasant."

"Mrs. Rainbolt is the one that makes sure the food is always the best and the service good," the Wagon Wheel owner added. "If you haven't visited the restaurant lately, won't you do so soon?"

The Wagon Wheel has long been known as Big Spring's finest restaurant. It also is established as one of the finest in the entire Southwest.

Both Duncan Hines, world-renowned gourmet and the American Automobile Association, tourist organization, recommend the Wagon Wheel to travelers. It is situated at 803 E. 3rd in Big Spring.

**New Gaston Johnston Corporation Product**

Polishampoo, for automobiles, is the newest product of the Gaston Johnston Corporation, manufacturer of No-Roach and Super No-Roach. The new product is designed to polish automobiles as they are washed. It makes a clean suds with which you wash your car finish, a small area at a time. A thorough rinse should follow, permitting the Polishampoo to renew the car's finish as it is removed. No hard rubbing is required.

## Ambulance Drivers Take No Holidays

Include among those who must make their appointed rounds—in good weather and bad, by day or by night and on holidays as well as on ordinary days—the ambulance driver.

He is on 24-hour alert seven days a week, 52 weeks a year.

He must be especially vigilant in festive times, when the average person tends not to be as attentive while driving as he ought to be.

He must not only be trained to act quickly but professionally when an emergency arises—to know what to do after arriving at the scene of a mishap.

Such men are employed by the Nalley Funeral Home, located at 906 Gregg Street, and some of their number are on duty at the establishment 24 hours a day, seven days a week, 52 weeks a year.

They always wait for the ring of the telephone, never stray too far from it.

Nalley's is owned and managed by Coy Nalley, who has dedicated much of his adult life in the profession of licensed mortician and funeral director.

His concern is completely equipped with a chapel, in which any size service can be staged. Appropriate music is furnished by the electric organ installed several years ago by Nalley.

Nalley is assisted in his duties by Joe Bunch, also a licensed mortician and funeral director, trained to plan all services to the last detail.

Financial burdens when tragedy strikes in a family can be all but eliminated through subscription to the Nalley Burial Insurance plan, where easy payments can be arranged to suit the purchaser.

All employees of the concern are commissioned to discuss the plan with interested parties.

## New 'Polishampoo' Saves Automobiles' Finishes, Makes Old Look Like New

Every year, thousands of automobiles are junked.

Why? Not because they won't run, says the Gaston Johnston Corporation, but simply because the owners have neglected the "looks" of the cars. They have allowed the finish to become so "beat up" that little by little the cars become worthless.

The Gaston Johnston Corporation, of Long Island City, N. Y., is well-known throughout the nation as the manufacturer of No-Roach and Super No-Roach which mean death to the crawling household insect. Now the firm presents an entirely new product, called "Polishampoo," designed to maintain sparkling automobile finishes.

Polishampoo is available in Big Spring at Red & White, Piggy Wiggy, J. O. Newsom, J. E. Green, Hull and Phillips, and Douglass food stores. It also is sold by Jack's and Toby's Drive-In Grocery stores.

Here's what the Gaston Johnston Corporation has to say about its new product:

"Whether yours is one of the beautiful new models with which the roads are crowded, or an old one with which you are 'making do' until you can turn it in for something more up-to-date, not to see that it is kept washed and polished shows both a lack of pride and no business sense,—on your part, and the part of the whole family."

"What has 'the whole family' got to do with it? Washing the car, polishing the body, the chrome, and the glass, used to be a man's job—a major performance."

"Today with Johnston's Polishampoo, a new product—a woman or a teen-aged child can do the job quickly, and with no effort."

"Now let us tell you just what it does, and how to use it."

"Polishampoo polishes as it cleans. It not only removes every last particle of grit and grime, dust and dirt, but it actually renews the gleam of the original car polish."

"It is a scientific formula made only for car washing. After using it, the surface of the car, and its glass and chrome, are spic and span."

**Jade Is Symbol**  
**Of Five Virtues**

Chinese craftsman carving jade.

By RAMON COFFMAN

An old-time Chinese writer left words with this meaning: "Heaven and earth have combined their magical powers. The result is the pure essence of hill and water in solid material, our precious jade."

That was a poetic way to speak about jade. Actually the stony material is a mixture of minerals—chiefly aluminum, soda and iron. In China people say that jade is a symbol of the five virtues which make a person wise, brave, modest, just and kind.

Jade is mined in China, Turkestan, Switzerland, Siberia and New Zealand. Some of it has been found in California, Alaska and Germany.

Green is the most common color of jade. In addition there is brown jade. Pieces of jade in all colors have been carved.

Thousands of years ago the Lake Dwellers of Switzerland cut jade into shape for the heads of axes. At the present time jade is found in a few parts of Europe, but it is valued too highly to be employed in making an axe.

The Chinese have been carving jade for more than 35 centuries.

**Ike Urges Road Group To Action**

WASHINGTON (AP) — President Eisenhower today called on an organization of motor-minded citizens to "speak up again and again for prompt action on a highway system adequate for modern living."

Eisenhower, whose multibillion-dollar highway improvement program was rejected by Congress earlier this year, made the suggestion in a message to the 53rd annual convention of the American Automobile Assn., an organization whose aim is to improve driving conditions. The group claims 4,800,000 members, mostly passenger car owners.

"The members of your association know from experience how urgently needed is a road system in pace with our expanding population," the President said. "Economic growth must not be stunted by a creeping paralysis of traffic. "Motoring convenience, safe driving and national security must not be checked by a lack of roads. A modern road system is one of our great national needs," he continued.

"I hope all of you will continue to speak up again and again for prompt action on a highway system adequate for modern living."

The President's call for a broad highway building program was seconded by Andrew J. Sordoni of Wilkes-Barre, Pa., president of AAA, although Sordoni did not come out for any specific plan.

**Released Yank Still 'Admits' Spying On China**

TOKYO (AP)—Walter A. Rickett said today that U.S. naval officers told him "to keep my eyes open" when he first left for Communist China on a Fulbright scholarship.

The 34-year-old ex-Marine language officer told newsmen that officers at Seattle's 13th Naval District headquarters gave him these instructions on the basis of his previous training with the Marine Corps and intelligence.

Rickett arrived in Tokyo today en route home after more than four years in Red Chinese prisons on charges of espionage.

Rickett repeated that he was guilty. When released at Hong Kong last week, he said he had spied for the United States.

"There was no question about it. It was spying in the Chinese Communist dictionary . . . and in my dictionary too," he said.

"I gave political and military information to the American consul (in Peiping)."

Rickett added it is his "firm conviction that the present Chinese government has the firm support of the majority of the people. They have done a lot."

**West Berlin, Deep In Red-Held Territory, Nervously Eyes Pact**

BERLIN (AP)—Deep in Communist territory, West Berlin today nervously eyed the new Russian-East German treaty.

In Moscow, where the new pact was signed yesterday with the announced purpose of restoring East German sovereignty, East Germany's Communist boss Walter Ulbricht threatened a new traffic squeeze on West Berlin.

Ulbricht, deputy premier and East German Communist party secretary, talked with correspondents after Soviet Premier Bulganin and East German Premier Otto Grotewohl had signed the new pact in the Marble Room of the Grand Kremlin Palace. Ulbricht warned that new traffic measures around Berlin may be necessary "unless the government of West Germany and West Berlin abandon their cold war attack against our (Communist) German Democratic Republic."

An East Berlin broadcast said the Russians had agreed to end the joint control they have maintained with the German Reds over rail, canal and highway links between West Berlin and West Germany. However, the Russians re-

served control of Allied traffic, including the three air corridors to the West.

Ulbricht also repeated the standard Communist demand that Bonn abandon its plans for rearmament within the North Atlantic Treaty Alliance if it wants Germany reunified.

The Moscow communique at the end of the negotiations said the Soviets and East Germans had agreed both West and East Germany must be represented at the Geneva Big Four foreign ministers' meeting next month if a "fruitful discussion" of the German question was to result.

This was a new Soviet bid for the long-rejected Western recognition of the East Germans.

Soviet retention of control over Allied traffic and the air corridors was seen as an indication the Russians will not try to disrupt four-power control of the city. A Western diplomat commented:

"As usual, the Russians have a door open. They're smart enough not to bother the Allies. But I do think the Russians will let East Germany use its so-called sover-

eignty to force recognition by West Germany."

The East German delegation which negotiated the new treaty with Moscow claimed it gives the East Germans "real sovereignty—contrary to the phony sovereignty Bonn received from the Western Powers." Its provisions include:

1. Pledges of mutual respect for the sovereignty of both countries, with "no interference in internal affairs."
2. East Germany was proclaimed "free to decide questions concerning its domestic and foreign policies, including relations to the (West) German Federal Republic, and also the development of relations to other countries."
3. Russia agreed to release German war prisoners still held by the Soviet Union, the same promise made to West Germany.
4. Russian troops will continue on East German soil as long as American, British and French troops remain in West Germany.
5. The two countries "respect the obligations" both have under international agreements "concerning all of Germany." This is considered as plain acknowledgement of the four-power status of Berlin.

An important point about stock car racing that may not have occurred to you:

**The safer car wins...  
and Chevrolet is the big winner**

Auto races aren't won by brute horsepower. Roadability, acceleration, precision steering and stamina — the very qualities that make a car safer for you — are the keys to victory on the track! And that's why Chevrolet is top car by far, on the rugged NASCAR (National Association for Stock Car Auto Racing) Short Track circuit.

**Faster acceleration means safer passing**

Chevrolet's cannonball acceleration has punched past many a bigger car to victory. But the same blazing surge is a vital safety factor on the highway — one that can whisk you more safely around other cars and out of critical situations.

**Easier, super accurate steering**

Nimble is the word for Chevrolet. But you don't have to see them in action on a tight quarter-mile track to judge how

they make other cars seem clumsy. You can feel that yourself in the press of traffic, and sense the feather-light precision of Ball-Race Steering in every curve. There's extra safety, too, in Glide-Ride front suspension that sops up the harshest bumps — that lets your car "keep its feet under it" for maximum traction on the roughest roads.

**More stability on curves**

Chevrolet's famous stability means money in the bank to the race driver — it lets him broadside through turns faster and smoother. But it means peace of mind to you on the road — more comfort in every curve and less body-roll with broad-based Outrigger rear springs, extra security if you have to swerve sharply to meet an emergency, a solid "one-piece" feel that is a delight to any driver.

**The ability to slow down and stop quickly and smoothly**

Those big 11-inch brakes have averted many a disaster in the close-packed battle of racing. But they weren't designed for that; they were made to give you "heads-up" stops and extra stopping power in traffic, on mountain grades, on high-speed expressways. Competition has merely proved their margin of superiority!

Come in and try out this new winner yourself . . . and see how easy we're making it to buy a Chevrolet right now!

# Worried Cops Search 3 Counties For Baby Snatched From Cradle

SAN FRANCISCO (AP)—Worried officers in three counties searched intensely today for baby Robert Marcus, who was snatched from a hospital crib Monday, presumably by a buxom blonde with a craving for motherhood.

L. Donald Scott, chief of San Francisco's general police detail on the case, said it was "very possible" the woman had been seen at San Jose some 50 miles south of here in Santa Clara County.

But he also pressed the hunt in San Francisco and in Marin County to the north.

Robert, just 3 days old when kidnaped from the nursery at Mt. Zion Hospital, is a son of Dr. and Mrs. Sanford Marcus.

In San Jose, Mrs. Henrietta Guerrero told police she opened her door yesterday morning to a blonde woman who wanted to heat milk for a tiny, screaming baby.

Mrs. Guerrero, who had not heard then of the kidnaping, recalled later that the strange woman generally answered the description furnished by hospital attendants.

She said she was between 35 and 40, about 5 feet 6 and 150 to 160 pounds.

When the baby refused the warm milk, Mrs. Guerrero and the blonde unsuccessfully attempted to soothe it with olive oil in the belief it had cramps.

After Mrs. Guerrero suggested a doctor for the baby, the woman left, walking towards downtown San Jose.

San Francisco police went to Marin County after Mrs. Ruth Haugan of Novato reported a blonde woman with a man and a tiny baby had stopped at her home at 8:30 a.m. yesterday and asked the way to Point Reyes station on the Marin coastline.

In San Francisco more than 600 police vainly searched a 30-block

area around the hospital house by house in the city's biggest hunt, ever.

Mrs. Hanna Marcus, the child's 29-year-old mother, was in a state of collapse.

Her husband explained, "Both her parents and her younger brother died in Hitler's gas chambers." When 13 years old, she had been smuggled into Holland, then went to England. She met Dr. Marcus at Philadelphia in 1948.

Dr. Marcus said this "may be too much for her."

He discounted a ransom motive, pointing out he is not wealthy, and said he knew of no one who could have acted for revenge.

## Oct. 8 Designated Newspaper Boy Day

AUSTIN (AP)—Gov. Allan Shivers today designated Oct. 8 as newspaper boy day in Texas.

"It is extremely fitting that the citizens of Texas express their deep appreciation of the day-by-day service rendered by their friendly newspaper carrier salesman and for the training these boys are receiving," the governor's memorandum said.

## Remarriage Urged

TAIPEI, Formosa, (AP)—A Chinese Nationalist lawmaker proposes that mainlanders in Formosa whose wives or husbands are in Red China be permitted to remarry without being liable to bigamy charges.

Miao Chi-ping told the Legislative Yuan (Parliament) there are at least 100,000 such mainlanders on this island.

## Draft Rules Change Aimed At Calling Up Younger Men

WASHINGTON (AP)—The government is considering a change in draft regulations aimed at getting younger men into uniform.

The proposed change is prompted by the rising average age of draftees — now up to about 23 — and is coupled with the administration's new military reserve program.

Officials said the proposed changes, designed to be more "lenient" with older draft-age men, are being circulated among interested agencies for review and comment. They said they did not expect early action.

At present, the practice is to draft from the top down — that is, to take the oldest men first in the eligible 18½-26 age group.

However, a selective service official said that as things now stand, the average draftee will be about 25 when he finishes his two-year hitch and moves into the ready reserve. This is only a year under what this official said is the age at which most men reach their peak of military efficiency.

Selective Service officials said the average age of draftees was about 20 in late 1952 and 1953.

## Editor's Mother Dies

## Judge Indicted On Funds Charge

FORT WORTH (AP)—G. S. Welch, 70, corporation court judge at Saginaw, 10 miles north of here, was indicted today on a charge of misappropriating town funds.

The indictment was returned secretly to Judge Dave McGee of Criminal District Court No. 2. It accused Welch of converting to his own use \$65 received for traffic violations last Friday.

"I don't have anything to say because I don't know what it's all about," he told a reporter after his arrest.

## Thunderstorms Strike Sections Of Central U. S.

By The Associated Press

Skies were clear over the eastern quarter of the country today as Hurricane Ione continued north-eastward over the Atlantic, but widespread and rather violent thunderstorms struck sections of the mid-continent.

The storm activity extended through the northern and central plains eastward into Iowa and Minnesota. Showers were in prospect for most of the middle part of the country during the day.

Rainfall was heavy in some areas, with nearly 2 inches at Lemmon, S.D. and Lincoln, Neb.

Showers also were reported in the northern Rockies and they changed to snow at the higher elevations. Cool weather continued in the northern Rockies as well as in New England and the Middle Atlantic states.

It was moderately cool over the northern half of the Mississippi Valley, the northern and central plains and most of the Far West. It was warm in the Gulf states, Florida, the Southern Plains and the Far Southwest.

## 22 Counties Back On Drought List

WASHINGTON (AP)—The Agriculture Department today reinstated 22 Texas counties to its drought disaster program this enabling farmers and ranchers to continue to buy livestock feed at reduced prices.

The counties are: Atascosa, Bander, Bee, Brooks, Bexar, Duval, Frio, Jim Hogg, Jim Wells, Karnes, Kendall, Kieberg, L. A. Salle, Live Oak, Medina, McMullen, Nueces, Starr, Webb, Wilson, Val Verde and Zapata.

Under the program, eligible farmers and ranchers may buy feed at \$1 a hundred pounds below regular prices.

The department said the counties were reinstated in the program because not enough rain had fallen there to provide pastures and forage crops.

The department officials told Rep. Kilgore (D-Tex.) that Kenneth L. Scott, director of agricultural credit services, expects to be in Corpus Christi, Sept. 29 to discuss the drought relief program at a meeting of county judges.

# Trout Stream Course Changed As Aid To Ike

FRASER, Colo. (AP)—They have changed the course of the Rocky Mountain stream where President Eisenhower fishes here to make it easier to catch trout.

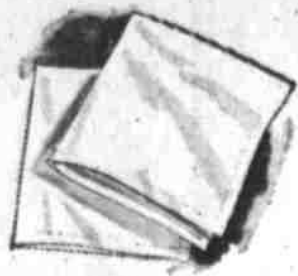

The President and his host, Denver investment banker Aksel Nielsen, stood on the bank of St. Louis Creek yesterday afternoon and helped supervise a bulldozer and a steam shovel in the operation.

The swift-flowing creek, which meanders through Nielsen's ranch, is being tapped to increase the supply of water to Denver, 70 miles to the southeast. The water will be piped over the Continental Divide to the eastern slope.

Murray Snyder, assistant White House press secretary, told newsmen the President and Nielsen—who have been fishing for trout here since 1940—have been planning for years how to alter the course of the stream to improve the catch. They decided to go ahead, Snyder said, when it became apparent that the Denver water diversion project might lower the stream level to such an extent as to spoil the fishing next year.

So they had a new channel cut with the purpose of slowing down the flow, and in doing that created a few deep pools where trout like to lurk.

The President caught seven trout Monday, his first day here, but his luck fell off yesterday. He landed only two.

## Baseball Expert, Grandma Hits \$32,000 Level

NEW YORK (AP)—Grandma Myrtle Power, the baseball sage from Dixie, has kept up her perfect batting average by hitting safely on the \$32,000 question.

Drawing on her amazing diamond lore again last night, she identified six major league players who collected 3,000 or more hits in their careers.

Hal March, master of ceremonies on The \$64,000 Question CBS television show, gave her Ty Cobb as one of the seven who made that mark and asked her to name the others.

Slowly but without missing a swing, she named them — Cap Anson, Tris Speaker, Honus Wagner, Eddie Collins, Napoleon Lajoie and Paul Waner.

The 70-year-old baseball fan from Buford, Ga., who has been working as a housekeeper, can keep the \$32,000 or try for the grand slam \$64,000 question next Tuesday night. If she goes to bat and strikes out, she'll get a Cadillac for a crying towel.

When the master of ceremonies told her she had a week to make up her mind, she inquired with a smile: "Can I answer it now?" March threw up his hands. "You almost blew a whole program," he told her.

It was the fourth appearance on the show for Mrs. Power, a baseball fan for 60 years.

Another baseball fan went to bat for the first time last night.

Patrick J. Keough, St. Louis, got to the \$2,000 mark before time ran out. Keough, 62-year-old assistant plant manager for the St. Louis coke plant of the Great Lakes Carbon Corp., can go for the \$4,000 question next Tuesday night.

After last night's show, Mrs. Power told newsmen that she had a good luck penny in her shoe and wore a locket containing the Lord's Prayer.

Mrs. Power, who wore the same black dress she had worn in previous appearances, explained: "Ballplayers don't change their undershirts when they're on a winning streak."

**Chips and Twigs**

**Boy's All-Wool Flannel Suits**

smart three-button design master-finished with hand-rolled collar and sleeves. In your lad's and dad's favorite colors, charcoal grey and charcoal brown.

**Divorces Husband After 41 Years**

LOS ANGELES (AP)—After 41 years, Mrs. Emma Niccum knew that Elwood Niccum wasn't coming home.

So she divorced him yesterday. She said Niccum deserted her only three months after their wedding in 1914.

Why did she wait so long, the court asked?

"Didn't have enough money to get a divorce," said Mrs. Niccum, 62.

**Mexico Counts 166 Dead From Storm, Still Fighting Floods**

MEXICO CITY (AP)—Mexico today counted a death toll from Hurricane Hilda and the flooding Panuco River estimated unofficially at 166, with 100 more reported missing. Authorities still battled rising floodwaters and the threat of epidemics.

At least 1,000 persons were reported injured. The casualty figures were expected to mount, perhaps extensively, as the floods along Mexico's central and north-east Gulf Coast continued.

In isolated Tampico, focal point of the storm and flood damage, the captain of that important Gulf port said the exact number of dead and missing may never be known, due to the "greatness of the catastrophe."

Tampico's main dock was under water, the railroad yards and marine buildings were like islands in swirling floodwaters, and new areas were inundated hourly. Thousands in the city of 110,000 were homeless.

The unofficial tabulation of dead: Tampico 71; Villa Guadalupe 60, Ciudad Madero 14, Yucatan Peninsula 10, Ciudad Victoria 4, Isla de Lobos 4, San Luis Potosi 3.

The Mexican Airline, whose airport radio provided Tampico's only communications link, said 50 persons were swept into the raging Panuco at the port late yesterday and nine more were trapped by a collapsing building and assumed dead.

The airline said two vessels belonging to Pemex, state-owned oil monopoly, crashed into rocks at Tampico's harbor and sank. Eight oceangoing vessels were damaged. The city was still cut off from the outside world except for air travel and radio. It was without electricity, telephone, or telegraph connections. Most stores were closed. Food supplies were reported getting shorter. Ninety per cent of the city's buildings were reported damaged.

The federal government went all out to fly in supplies.
