VOLUME LXXIII

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, JUNE 19, 1959

NUMBER 25

Mr. and Mrs. Jim Williams of Brownwood visited Sunday afternoon with her mother, Mrs. Annie Muenger, and Mrs. Betty Sackett.

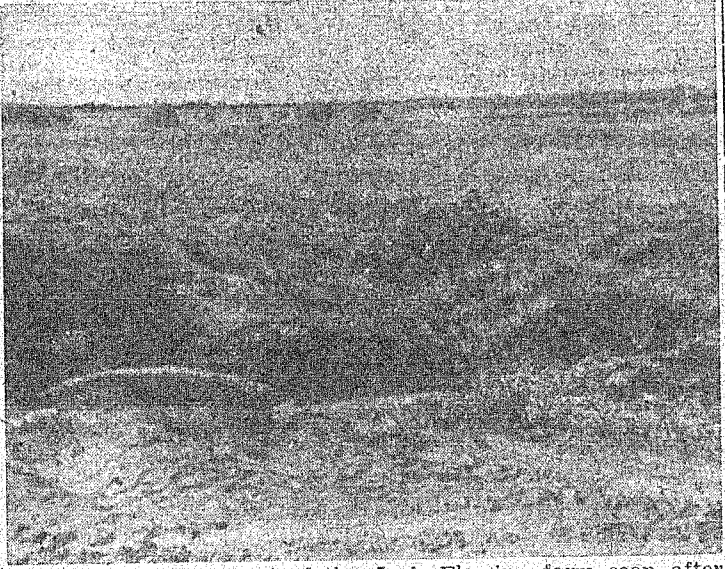

Mr. and Mrs. Oran Henderson and Orabeth of Snyder visited Sunday with her parents, Mr. and Mrs. Hardy Blue and attended the Henderson reunion in Coleman.

Mr. and Mrs. Warren Aldridge and little grandsons, Martin and Andy, spent Sunday in Lawn with Mr. and Mrs. Amos Aldridge.

Mr. and Mrs. John L. Burden of Coleman visited Saturday afternoon with Mr. and Mrs. Homer Burden.

GO TO CHURCH SUNDAY.

Mukewater Damage

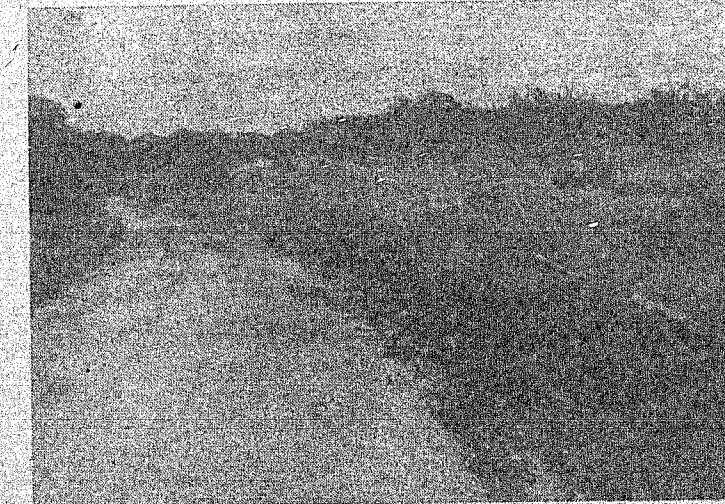

Shown above is a part of the J. A. Fleming farm soon after the heavy rains during the week of June 1 to June 6th. Several hundred yards of fence line was washed out, lots of top soil was washed into the roadway and ditches. Damage to the county road was severe as the result of the flood waters. This site is in the area of the proposed Flood Control Site No. 5.

On the H. O. Norris farm, near proposed Site Nos. 5 and 6 of the Mukewater Flood Control project, the north prong of Mukewater Creek did heavy damage to the oat field during the recent heavy rains received throughout the area. Statistics show that for each dollar invested on the proposed flood control project, the farmer receives an average annual benefit of \$2.32.

This is what the county road looked like below the proposed sites of Flood Control Projects No. 5 and 6, following the recent heavy rains. The proposed flood prevention project will prevent better than 80 percent of the flooding now suffered on Mukewater.

Pictured here is what was left of the fence on the Carrol Holt farm following the recent flood waters on Mukewater. The Holt farm is located immediately below the proposed site No. 5, on the Mukewater Flood Control project. If all the easements are cleared soon, work on the 10 flood retarding structures will get underway in the 1960 fiscal year.

Accident Ruled In Death of E. T. Riley Monday

Justice of the Peace W. Earl Irick Sr., ruled death due to accidental causes in the death of Emmett Talmadge Riley, 53, Monday morning. Time of death was set at about 7:30 a. m.

The body was found on a country road near the J. T. Riley farm in the Shields Community about 8:00 a. m. Monday. The Sheriff was called to the scene. He called the Hosch ambulance and Irick and Deputy Sheriff Bud Simmons to the scene.

After an autopsy by Dr. William Tryon and examination of facts at the scene, Judge Irick ruled the death to be accidental. Apparently Riley had seen a rattle snake or something else, about 50 feet from where his pick up truck was stopped, as the tracks indicated he may have attempted to run over something. He apparently stopped in a hurry, cut the switch, grabbed a .22 bolt action rifle as he was getting out of the pick up, and the rifle went off. The bullet hit his fifth rib on the left side, turned and went through his heart, then to the lower part of his body near his left hip. The bullet was in three pieces when found. Dr. Tryon said he likely died almost instantly.

Riley was born in Bushville, Tenn., March 2, 1906. He had been a Coleman County resident for many years. He was married to Miss Belle Brown at Santa Anna January 13, 1951. He was a member of the First Christian Church.

Funeral services are scheduled at the First Christian Church at 3:00 p. m. Tuesday, June 16, with burial to follow in the Santa Anna Cemetery.

Officiating ministers will be Al Busby, pastor, and Paul Wallace, minister of the Coleman Church of Christ. Stevens Funeral Home is in charge of arrangements.

Survivors include the wife, one son, Tammy of Santa Anna; one brother, Cleburne of Santa Anna; and three sisters, Mrs. Thelma Ashford of Houston, Mrs. Inez Fitzhugh and Mrs. Zelda Pentergrass of Odessa.

Lions Club Ladies Night To Be Held June 25th

The annual Lions Club Ladies Night program will be held in the Ward School Lunchroom Thursday evening, June 25th. Committees are working to make this a memorable occasion.

All members of the club and their wives are expected to attend. Others are invited to attend. Anyone who would like to attend is invited to contact Lee Strother at the post office or Walter Holt for admission tickets. Admission will be \$1.50 per person.

Included on the program will be the installation of new officers for the club. To be installed is: Kenneth Bowker, President; Elgean Harris, First Vice President; Second Vice President, Alyn Gill; Third Vice President, Roy Horne; Tall Twister, Bill Mulroy; Lion Tamer, James T. Dockery; Secretary, W. Ford Barnes; and directors will be J. L. Boggus, Lee Strother, Roy Mathews, and Walter Holt. John C. Gregg is the retiring president.

The program will begin at 8:00 p. m.

MRS. STOVALL GREAT-GRANDMOTHER OF TWINS

Twin sons were born to Mr. and Mrs. John Venable of Leuders, Texas, in a Stamford hospital Saturday, June 13. Mrs. Venable is the former Paula Jennings, daughter of Mr. and Mrs. Paul Jennings. Mrs. Annie Stovall of Santa Anna is the great-grandmother.

The boys were named Alan Neal and John Mark. They weighed four pounds and eight ounces and four pounds and two ounces.

Mrs. Billie Van Huss, Sherran and Tonja of El Paso, are visiting her mother, Mrs. O. B. Owen and Mr. Owen.

How A City Library Helps A Town

The following is the second place theme in a contest conducted for the high school students to describe what benefits they think a town derives from a public library.

The first place theme was published last week. The third and fourth place themes will be published later.

The second place theme was written by Miss Patsy Clifton. She was presented a membership of one year in the Library for her efforts.

HOW A CITY LIBRARY BENEFITS A TOWN

By Patsy Clifton

Have you taken complete advantage of your city library? In regard to this question, we may realize the wonderful opportunity that we have in our town. We should be very proud of our library, because it is not all small towns that can offer public reading in a public place to its citizens.

A library provides a form of recreation to the youths and the adults of a town. You may say—"Libraries are recreational centers." Yes, they are because reading is fun, and fun is recreation.

More people could take advantage of the library. Most of the people who live in the country simply don't have lots of time to spend on reading. The people who live in town are the ones that benefit most from a public library.

When you need to do some extra research work, the library should be the answer to your problems.

The library offers varied opportunities to the individual. There is material for all minds in the library. Scientifically minded people, romantic, adventurous, mysterious, and all others could find something they would benefit by reading in the library.

In large towns or cities, the library offers employment to many individuals. Some of these workers may have only minor jobs, but, nevertheless, they are of major importance. Like in everything else, it takes big men and little men to make anything a success.

During the summer is when libraries benefit more. The young people have more time to spend reading during this time than they do at any other time.

Perhaps there would be less juvenile delinquency if more towns were able to offer libraries to the young people. They would then have something worth while to pass their time away, instead of getting into trouble.

The libraries can benefit everybody if they would only take advantage of them.

Band Boosters Needs Money For Uniforms

Mrs. Add T. Walker, president of the Band Boosters Club, said this week the organization would like for all who have promised to purchase a complete uniform to please get their money in to the organization by 15 July, as the uniforms are due to be coming in soon after that time and when they arrive the club will need all the money possible to get, for payment.

C. F. Campbell and B. A. Parker have recently added their names to the list of those who have volunteered to purchase a complete uniform. Recent additions to the membership of the club are Mr. and Mrs. Jack Amerine and Mr. and Mrs. Jack Dockery.

Anyone who is interested in buying a complete uniform, or in making a donation of any size to the band uniform fund between now and 15 July, it certainly would be appreciated.

Of course all the money for the uniforms will not be raised now or this year, and the drive will continue until the funds are raised. The more money raised by the middle of July, the better. Won't you help.

Bobby Woodard of San Angelo is visiting this week with his grandparents, Mr. and Mrs. W. L. Payne.

Minor League Baseball Schedule

Schedule for the Minor League, formed last week from the smaller boys who are unable to handle regular positions on the Little League teams, was set up over the weekend. The managers met with A. D. Donham, formed the teams, named them and made out the schedule. Games have been worked in with other game times, several to be played at Rockwood.

The first game, a practice game, was played Saturday night with the Copeland-Harris boys winning over the Irick-Harvey-Wristen boys by a 14-7 score. This game will not count on the league standings.

The schedule is as follows: (All games at 6:00 p. m.)

June 16 — Giants at Rockwood
June 20 — Giants at Blue Caps
June 23 — Blue Caps at R'wood
June 27 — R'wood at Blue Caps
June 30 — Giants at Rockwood
July 2 — Blue Caps at R'wood
July 7 — Giants at Rockwood
July 9 — Blue Caps at R'wood
July 11 — Giants at Blue Caps
July 16 — Giants at Rockwood
July 18 — Blue Caps at Giants
July 21 — Blue Caps at R'wood
July 23 — Giants at Rockwood
July 25 — Rockwood at Giants

The team coached by Earl Irick Jr., Bill Joe Harvey and Thomas Wristen will be known as the Blue Caps. They will work out at 9:00 a. m. on Wednesdays and 5:00 p. m. on Fridays on the diamond at the school ground.

The team coached by Glen Copeland and Kenneth Harris will be called the Giants. Their workout time will be announced next week.

The Rockwood team, coached by Roy England, will have their workouts on the Rockwood field at the time they select. Names of the boys on the Rockwood team are not available for publication this week. We will have them next week.

The Giants team is composed of Gordon Copeland, Tommy Wardlow, Jimmy Eubank, E. P. Voss, Walter Robbins, Reggie Tryon, Michael Cupps, Hector Diaz, Bill Martin, Dale Hicks and Mike Moore.

The Blue Cap team is composed of Lin Wristen, Roy Joe Harvey, Johnny Bates, Allen Hawkins, Doyle Wright, Douglas Cornett, Freddie Cornett, Charles Slate, Mike Hosch, Ricky Morris, Patrick and Pascal Hosch.

Ashmore Reunion To Be Held Sunday In Coleman Park

A reunion of the descendants of the William M. Ashmore's will be held in the Coleman City Park Sunday, June 21st. The group is expected to begin gathering in the early morning and the reunion will continue through the day.

Principally responsible for the occasion are Mr. Carl Ashmore of Santa Anna and Barney Ashmore of Bangs. There are five sons and one daughter living in the immediate family, and all of them have families and their families have families.

One sister and one brother are deceased, but their families are expected to be present.

This will be the first reunion of the family. Some are expected from California, across the southern part of the nation to the Fort Worth and Dallas area.

All friends of the family are also invited to attend and visit with them throughout the day.

Eastern Star To Meet Monday Night

The Santa Anna Chapter No. 247, Order of Eastern Star, will have their first meeting of the new year Monday, June 22, at 8:00 p. m. in the Masonic Hall. All members are urged to be present.

Hostesses for the evening will be Mrs. Charlotte Scott, Mrs. Frances Everett, Mrs. Myrtle Taylor and Mrs. Jane Smith.

Mr. and Mrs. Harold Motherstow and grandson, Gary, of Dayton, Ohio, visited from Wednesday to Saturday with Mr. and Mrs. Earl Irick Sr.

OUT EARLY THIS WEEK

We announced last week we would print The News early this week and leave on a short vacation about noon Tuesday, and that the papers would be handled through the post office at the usual time.

However, we had requests from some of our advertisers to go ahead and mail the papers on Tuesday, in order for them to get more time on their ads. We are happy to do this.

It is the plans of your editor and family to visit several points of interest in the western part of Texas and in New Mexico.

We certainly want to express our appreciation to all our advertisers and correspondents for getting us your copy early. Your cooperation has been excellent. Without your help it would be almost impossible for us to have the short vacation.

Two Cents More Comes Off Key Insurance Rate

W. B. Griffin, Iowa, chief commissioner of the State Fire Insurance Department, announced another reduction in the fire insurance key rate, effective immediately. Two cents will be taken off the key rate of 45 cents, making it 43 cents.

One cent was reduced as the result of the addition and repair of some fire hydrants in the city fire zone and the other cent came as the result of increasing the State Fire Insurance Commission that Santa Anna operates a fire truck with an extension ladder.

Griffin said the reason to get some more knocked off the key rate in the very near future.

The city sent three delegates, Griffin, George Johnson, and Cliff Henson to the State Fire Men and Fire Marshal Convention in Dallas last week. This also helps in reducing the key rate. All three delegates were reported present at each session of the convention.

USDA and Extension Service Support Dairy Month

Look to the Milky Way! This theme highlights the U. S. Department of Agriculture's support of June Dairy Month.

The campaign is built around "a galaxy of dairy dishes" designed to generate increased sales of milk, cream and cheeses, according to the Texas Extension Service.

June Dairy Month is a major event during which Texas dairymen and other members of the industry join forces to get more dairy foods into hands of consumers.

The Texas Extension Service and the U. S. Department of Agriculture support the dairy industry in this nationwide marketing campaign because dairy foods are so plentiful and milk production continues to run high.

Happy Birthday

"Happy Birthday" to all who have birthdays during the next week. Below are listed the birthdays we have this week.

- JUNE 20
Davis Tucker
 - JUNE 22
Dorothy Craig
Lenda Jackson, New Bedford, Mass.
 - JUNE 23
Jennifer Horton, Houston.
 - JUNE 24
J. W. Fulton
Mrs. C. H. Richards
 - JUNE 25
Mrs. Sue Walker
Timothy Mulroy Horton, Houston
Donald Jackson, Rockville, Md.
- Would you like for your name to be published on your birthday? If so, please be sure to let us know when it is. Next week we will publish names of those having birthdays between June 26th and July 3rd.

Members of a Chinese Secret Society, formed to rid China of foreigners, were known as the "Boxers."

Give Us This Day

Isn't it strange that men will continue to wait upon the slow and tortured learning of worldly men when the Word of God contains the solution of life's most perplexing problems?

Of rather late discovery, apparently, is the fact that much of what ails the mind and body of man is directly traceable to "borrowed trouble," the projecting of our thoughts out into the perhaps never occurring future and conjuring all sorts of burdens and fears.

Jesus deemed each day with its full complement of cares all that man need concern himself with at one time. "Therefore do not be anxious about tomorrow, for tomorrow will be anxious for itself. Let the days' own trouble be sufficient for the day" (Matthew 6:34).

Of fairly recent discovery, too, is that the unreasonable preoccupation with past setbacks and defeats causes man much trouble. Surely we should profit by our mistakes, that's one way we learn and improve our lives, but a morbid dwelling on such things is injurious to both mind and body. The inspired apostle Paul knew the value of letting the past alone.

"...but one thing I do, forgetting what lies behind and straining forward to what lies ahead, I press on toward the goal for the prize of the upward call of God in Christ Jesus" (Philippians 3:13, 14).

Then let's live life... each day that God gives it... to the hilt! Not by being self-indulgent, nor by trying to cram tomorrow or all of next week into it, nor yet by dredging up "dead yesterdays."

A full, prosperous, profitable life is to be had in consecrated service each day to Him who gives it. And, when the day is done, it may be given back to God by means of prayer... a day filled with love, faith, obedience, and good deeds. Then we may humbly beseech Him for another. "Grant us yet another day in which to honor Thee. May the earth ring with Thy praise. In Jesus' name, Amen."

TAX-MAN SAM SEZ

The Internal Revenue Service is trying mighty hard to make the American system of voluntary compliance better. They are trying to help more people know when and where to volunteer insofar as their taxes are concerned. The tax men are also seriously concerned about people who pay tax they don't owe. One of the best parts of the Tax Education Program is the high school income tax course. Any teacher can take the materials furnished by Internal Revenue and in a few class sessions have the students preparing correct tax returns. At least the returns prepared by these students have only 25 percent of the errors found in adults' returns. Internal Revenue is also dead serious about teaching a few new tricks to us old timers. Their advice is simple—read the tax instructions, keep good records throughout the year, and see what the tax will be before, not after the sale.

Shields News

By Mrs. E. S. Jones

Everyone is invited to attend the Community Supper Saturday, June 20th.

Visitors with Mr. and Mrs. John Loyd Sunday were her mother, Mrs. Jesse Evans and a sister, Mrs. Lester Ferguson and children of Brownwood.

Mrs. Tom Newman and girls, Susan and Elaine, of Midland, spent the weekend with her parents, Mr. and Mrs. R. A. Milligan.

Mrs. J. Z. Vercher was dismissed from the Coleman Hospital Friday and is at home. Her daughter, Mrs. Dan Shuford, of Glen Cove, is staying with her.

Francine McClure and Doretha Carpenter spent Sunday with Mrs. E. S. Jones.

Miss Jeannie Stewardson honored her niece, Patricia Watson, on her seventh birthday Saturday, June 13, with a party in the Community Room of the Santa Anna National Bank. Games were played and ice cream, cake and orange drink were served.

Visitors at the Baptist Church for morning services were Mrs. T. T. Sikes of Fisk, and her daughter, Mrs. Frank Keith and children of Houston and Mrs. Noble Carpenter and children. Herschel Ballard of Dallas visited last week with Richard Dillingham.

Sandra Fowler and Carolyn Carpenter, members of Santa Anna FFA, enjoyed a swim party and supper at Coleman Park Tuesday afternoon and a slumber party at the home of Kay Kingsbery Tuesday night.

Mrs. Nan Fenton and Sue of Gouldbusk were visitors at the Church of Christ Sunday.

Mrs. Bert Fowler, Sandra and Larry spent Saturday and Sunday with Mr. and Mrs. Chester McDonald at Vick. On Sunday Chester and son, Junior of Odessa and Mrs. Fowler went to San Antonio to visit Mrs. Tessie McDonald.

ACCIDENT TOLL ALWAYS BOTHERS GAME WARDEN

Austin — A game warden's life has its excitement and dangers and he is sometimes a man to be envied. But, according to the Director of Law Enforcement, Game and Fish Commission, many times this man to be envied has his moments of sorrow, moments that no one

would want to share.

Each year hundreds of persons, including many innocent children, are victims of one type of accident or another. "Our lakes, streams, rivers, bays, and beaches take their toll of sportsmen, swimmers, and boaters every year," said the Director, "usually because of carelessness."

Wardens stationed at or near these lakes and other waters many times aid in rescuing victims of accidents and carelessness. They also help in the search for the less fortunate with grappling hooks. "The lifeless body of a small child, who only the day before played in the school yard, is not a pretty sight," continued the Director, "but this is a sight seen often by wardens."

Since its opening, Lake Houston has taken the lives of 37 persons, ten of these children, according to Warden Martin Peterson of Humble. "If these people had been wearing some sort of life preserver," said the Director, "many of them would be walking the streets and playing in the school yards."

The Humble warden said, "It tears my heart out to see a drowned child without a preserver—a child that had faith

The News, Santa Anna, Texas, June 19, 1959

in someone who was supposed to be looking after him."

Texas Parade Praised For State Publicity in Magazine

Austin — A resolution has been adopted by the Texas Senate praising TEXAS PARADE Magazine for its eleven years of advertising the state without cost to the taxpayers.

Senator George Parkhouse of Dallas sponsored the resolution, which said the magazine has done an excellent job of publicizing Texas' industrial opportunities, tourist attractions and points of historical interest.

"Continuous publicity has been directed to the nation's leading business executives," said the resolution, "thereby awakening thousands to Texas' enormous industrial advantages."

The magazine's nation-wide circulation includes business executives who are responsible for 90 percent of America's industrial relocations, according to Editor William B. Alderman.

Alderman announced that TEXAS PARADE will launch

next fall the third year of its special program in cooperation with Chambers of Commerce throughout the state calling attention to industrial sites and opportunities.

Noting that the magazine plans to continue its "missionary work," the Senate resolution expressed gratitude for its achievements "in giving Texans a better understanding of their own state, for keeping alive Texas' proud heritage and chronicling its history."

It also praised the magazine for drawing attention from all over the world to "the fabulous opportunity that Texas affords."

Extension Service Offers New Bulletin On Insects

A "Texas Guide for Controlling Insects on Corn, Sorghum, Small Grain and Grasses", is the title of a new publication released by the Texas Agriculture Extension Service.

The insecticides to use for control of these insects are given along with the amount of the insecticide to use. Also listed are the major pests of these crops and the way to identify each.

How to make infestation counts, when to spray and seed treatments to control certain soil insects are discussed. Included is a discussion on rice pests and their control.

A diagram of a homemade-type seed treater to be used for better control of southern corn rootworms, wireworms and seed corn maggots is included.

Results of research indicate that sprays and dusts are equally effective in most areas when properly applied. Copies of the publication are available from local county agents or the Agriculture Information Office, College Station, Texas. Ask for MP-339.

LEGAL NOTICES

THE STATE OF TEXAS COUNTY OF COLEMAN SHERIFF'S SALE

WHEREAS, on the 11th day of May, 1959, in Cause No. 8312-A, in the District Court of Coleman County, Texas, wherein the City of Santa Anna were Plaintiff, Impleaded Party Defendant, and Intervenor, recorded judgment against J. E. Stevens Co., Buck McCain, Martha E. Wiatt, Neal McCain, Murray McCain and the unknown heirs of each of said defendants, for taxes, penalty, interest, and cost against the hereinafter described property:

WHEREAS, on the 27th day of May, 1959, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property.

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 27th day of May, 1959, seize and levy upon as the property of the above defendants the following described property, situated in Coleman County, Texas, to-wit:

(Said description showing the number of acres, original survey, locality in county, and name by which said property is most generally known.)

FIRST TRACT: about 1 acre of land out of the NW 1/4 of the H. T. & B. R. Co. Sur. 58, in Coleman County, situated near the East side of Santa Anna, Texas, and known as the Bertha McCain land.

SECOND TRACT: about 2 acres of land out of the NW 1/4 of the H. T. & B. R. Co. Sur. 58, near the East side of Santa Anna, Texas, known as the Bertha McCain land.

And I will on the first Tuesday in the month of July, 1959, the same being the 7th day of said month, proceed to sell all the right, title, and interest of the Defendant's in and to said property at the Court House door of said county in the city or town of Coleman, Texas, between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Coleman, Texas, this 27th day of May, 1959. H. E. FENTON, Jr., Sheriff Coleman County, Texas. By Roland Jameson, Deputy. 23-25c

Program Set For Rural Church Conference

"The Rural Church Serving the Changing Rural Community", will be the theme of the 14th annual Rural Church Conference to be held in the Memorial Student Center of Texas A&M College on June 22-24.

The Conference is sponsored by Texas A&M College in cooperation with the Texas Rural Church Conference, the Texas Agriculture Extension Service and the Texas Agriculture Experiment Station.

Rev. R. R. Lloyd, president, Texas Rural Church Conference and a member of the Texas General Baptist Convention staff, will be in charge. Council members represent several denominations.

A task force presentation by several Texas A&M men and other presentations by professors at A&M, plus Dr. J. H. Jones, Jr., extension rural sociologist at Louisiana State University, Baton Rouge, La. will be among the features of this conference.

The rural minister of the year will be honored and items such as architecture for the rural church, landscaping, teaching techniques of closed circuit television and agribusiness will be discussed at the meeting.

Ample scholarships and expense funds are awaiting the clergy and church members who have an interest in rural church life and would like to attend the conference. A special invitation is given to church members to attend this year's conference.

COOL Metholized Larkwood nylon hose, \$1.00. Ladies Shop.

Mr. and Mrs. Jesse Little of Austin visited her brother, Mr. and Mrs. Warren Aldridge, last week.

Attend church regularly.

Straight Talk

BY TOM ANDERSON

Once upon a time a hunter and his dog got lost in the forest and could find no game. Out of food, the starving hunter sat by his fire one night with his faithful dog by his side. Finally he could stand it no longer. He whisked out his knife, whacked off his dog's tail and put it on the fire to boil. When he was finished, only the clean bones were left. The kind hunter gave these to the whimpering dog who devoured them and then licked his master's hand in gratitude.

That is the story of "Federal Aid." The hunter is Uncle Sam. The grateful dog is us. Dogs can live without tails. But the hunter is still hungry.

What Is a Welfare State?

Our Welfare State feeds off Federal Aid. What is a "Welfare State"? In the U.S.A., more than 41 million people are now getting checks from federal, state, and local governments. One-fourth of the people are living on the other three-fourths, completely or partially. That is a Welfare State. The subsidy-happy American people, with the enthusiastic cooperation of the Communists and Socialists within and without, are destroying the land of the free. We are becoming slaves to a handout rather than masters of our own destinies.

Spending for welfare programs—federal, state and local—accounts for the greatest non-defense spending increases during the past 30 years.

One of the greatest Americans liked to tell this "welfare" story: "I used to know an old podger," Abe Lincoln said, "whose cabin burned down to the ground. The folks in those parts fell sorry because he'd lost all his earthly possessions. So they began bringing him presents to set him back on his feet.

"Well, they made such a good job of it that, when they were through, he was far better off than he ever had been before. One day the old man was sitting on the stoop of the new cabin his neighbors had built for him and along came a friend from down the road with a bag of oats on his shoulder. 'I want you to have these here oats, pardner,' said the kind neighbor, setting the bag down on the front step.

"I ain't takin' no oats," said the old boy. 'I ain't taking nothing but money.'"

Don't Come Home a Failure

Several years ago an eighteen-year-old country boy left home to try out for a minor league ball club. He wrote his dad shortly thereafter, saying he was being fired. The old man had probably never been on a psychiatrist's couch and learned how important a feeling of "security" is. He sent his son just a five-word telegram. It said: "Don't come home a failure." The boy stuck it out—stuck it out to become the greatest ball player of all time. His name is Ty Cobb. I think his old man is due part credit for those records.

There are very few born geniuses. Genius is usually the power of making continuous effort. As Isadora Duncan said: "Great art is 75 percent perspiration." You have to want something very much—and then work for it. Ty Cobb was great not because he had the most native ability, nor the best coaching, nor lucky breaks. He was the greatest because he had a burning desire to be great, and worked at it unceasingly.

Has Security Become America's Obsession?

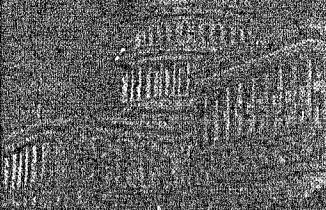

Practically every child today,—farm and non-farm—has a greater opportunity than Ty Cobb—or than Abraham Lincoln. I can't help but wonder, sometimes, what Lincoln would have done if he'd had the opportunities our children have. Hardship builds character, like forging makes steel. Character is neither married or inherited. It's victory over one's environment and one's self.

Money and security are not synonymous. He who had 100 percent monetary security in 1939, now has 48 percent, and in 25 more years will probably have only 20 percent or less. No money in all the world's history has ever survived for more than 42 years after being transferred from a physical to a political basis. In matters of money all powerful central governments are crooked. Ours is no exception. So the man who seeks security in money usually finds added insecurity.

Next to money, we look to government welfare for security. We cannot achieve security by voting for it. For in the end, all welfare states become dictatorships. The road to Socialism, like the road to Hell, is paved with promises. Satan promised Jesus the whole world for his soul. When a politician promises you security, don't forget the price: dictatorship.

There is only one place security can be found: inside our-

Our WASHINGTON Letter

By Congressman O. C. FISHER

A CONCERTED DRIVE against the half billion-dollar a year traffic in obscenity and pornography by mail is taking shape. The Postmaster General recently appeared before a House committee to urge stronger laws, both state and federal, and more public cooperation in reporting to officials receipt through the mail of indecent literature.

Last year the Congress strengthened the law against the merchants of filth. I have joined in a drive for even stronger laws, particularly as applied to habitual offenders.

The states share an important role in this drive, if it is to be fully effective. After all, intra-state traffic in this field can be dealt with only by state laws. Several states have recently strengthened their laws; others are already quite adequate.

TALK IS NOT CHEAP when abuse of it occurs in the Congress where every word and insertion is printed in the Congressional Record each day. One Senator last week surveyed the Record as it applies to the pros and cons on the Admiral Strauses' confirmation issue. The President nominated conservative-minded Strauses last year to be Secretary of Commerce. Already, according to the Senator, 597,000 words have been printed in the Record about Strauses, mostly by opponents, at a cost of 5 1/2 cents a word. And there will be a lot more.

PERMANENT - TYPE IMMIGRATION from Mexico has averaged 50,000 the past five years, according to a report given me by General Swing, Commissioner of Immigration. The preceding four years—1949-52, inclusive—the average was only 7,000 annually. The big increase is obviously due to the extreme difficulty farmers and ranchers experience in obtaining Mexican contract labor on a temporary basis. Since they have difficulty in coming in on contracts, Mexicans by the thousands are swarming in as permanent immigrants. I have urged that this immigration move be reduced.

Texas Lakes Described In New Bulletin

Austin — A list of fishing lakes and streams in Texas now is off the press and available for public use, according to the Director of Information and Education of the Game and Fish Commission. This list has been compiled from seven articles which appeared in the TEXAS GAME AND FISH magazine.

The lakes are listed according to their location, and are described in terms of their character, not dollars; in principles, not pensions; in what we do, not what we intend to do.

How can we make our own security? By giving, not receiving; by giving the best we can, where we are, with what we have. By reassuming our local rights, responsibilities, and taxing powers; by re-taking our individual liberties the government usurped.

The Opportunity To Be Uncommon

This has been called the "Century of the Common Man." And that's fine if it means that every common man has an equal opportunity to be uncommon.

Dean Alfange said: "I do not choose to be a common man. It is my right to be uncommon—if I can. I seek opportunity—not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk: to dream and to build, to fail and to succeed.

"I refuse to barter incentive for a dime. I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of Utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cover before any master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act for myself, enjoy the benefit of my creations and to face the world boldly and say, 'This I have done.' All this is what it means to be an American."

Reprinted from June 1959 issue of Farm and Ranch Magazine, Nashville, Tennessee.

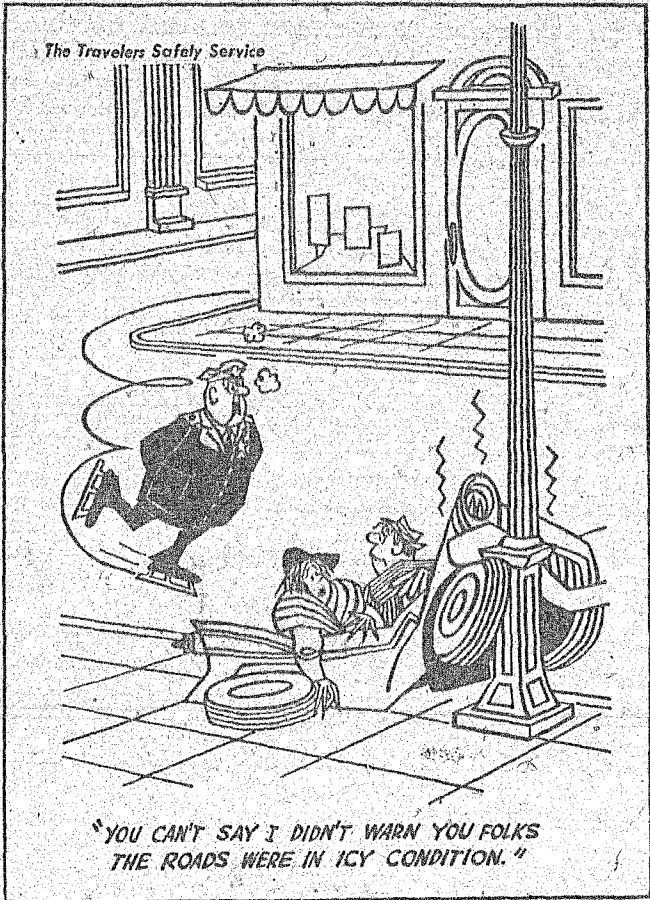

and the Corps of Engineers. Copies of this bulletin No. 38 can be had by writing the Game and Fish Commission, Walton Building, Austin, Texas.

Although there are several new lakes not listed, the brochure is one of the most complete compilations ever published. The series was prepared by L. A. Wilke, Editor of the TEXAS GAME AND FISH magazine from information supplied by river authorities, municipalities

and the Corps of Engineers. Visitors with Mrs. A. B. Little over the weekend were a sister, Mrs. Harold Matthews and girls of Lubbock, and a daughter, Mr. and Mrs. Daniel Warrocks and boys of Odessa. They all went to Temple to visit A. B. Little at the Veterans Hospital, and with their mother and grandmother, Mrs. M. A. Pritchard.

The Luckless Legion by Irwin Caplan

Almost 300,000 casualties occurred on slippery roads in 1958.

Ray Elliott Remains With Local Church

Pastoral and special appointments for the Central Texas Methodist Conference were announced Friday by Bishop William C. Martin.

The appointments were:

Brownwood District — District superintendent J. W. Whitefield.

Ballinger, Carroll Thompson; Bangs, Otis Brown; Blanket, Lloyd Coker.

Brownwood—Central, V. Cyrus Barcus; First, C. D. Wooten; Johnson Memorial, G. M. Seipp; Burkett Circuit, S. Ross Grace; Coleman First, Urban A. Schulze; Trinity, B. B. Marney; Comanche, Plez Todd; Comanche Circuit, Philip Lopes; De Leon, George M. Greebon; De Leon Circuit, J. W. Tickner; Drasco-Wingate, to be supplied; Gustine, V. C. Hankinson; May, Billy Wayne Muncy; Mount View Circuit, Charles A. Miller.

Mullin-Copher, J. K. Brim; Norton-Bethel, to be supplied; Novice, Leuin Berry, III; Rockwood Circuit, to be supplied; Santa Anna, Ray Elliott; Talpa-Crews, to be supplied; Valera Circuit, William Grady Yates; Winters, E. L. Craig.

District Secretaries — Evangelism, Ray Elliott; education, Carroll H. Thompson; missions, C. D. Wooten; director of stewardship, E. Paul Jeanes; Chris-

tian social relations, B. B. Marney; director of Methodist information, George M. Greebon.

HOUSE CITES MELON SWEET

The Texas Legislature paused in its deliberations over sparing industry from undue taxation to welcome a brand new industry to the Lone Star State.

By action of Representative Max Smith of San Marcos, the solons adopted a resolution citing Luling's watermelon-on-a-stick confection plant now being readied for the 1959 melon crop.

"The North Star State of Minnesota," stated the resolution, "has made a great and lasting contribution to the Lone Star State of Texas, more particularly to the City of Luling, and to the watermelon growers."

"This has been made possible," it went on, "through the resourcefulness and inventiveness of one of its citizens, Mr. LeRoy Nelson of Minneapolis, who has developed and patented a process of making pure frozen watermelon on a stick, known as Mell-O-Nice, thereby preserving the delicacy for year-around pleasure for watermelon lovers everywhere."

Rep. Smith's resolution stated "this enterprise will stimulate the demand for the products of our tenacious watermelon growers whose sheer existence is so sensitive to the vicissitude of supply and demand."

Chiggers or Red Bugs Can be Controlled

The chiggers in your lawn and the ticks that your pets bring into the yard need be tolerated no longer, says Extension Entomologist James H. Hawkins.

Most homeowners have at least one of these problems at some time during the year. Both pests create a problem in recreational areas, especially where wild an-

imals are present to serve as hosts for the ticks, he said.

One application of a practical and safe insecticidal control is now available for use in controlling them. For ticks use 10 percent DDT, 10% chlordane or 2 percent dieldrin dust at the rate of 20 to 25 pounds, or 20 percent toxaphene dust at the rate of 10 to 15 pounds per acre where vegetation is sparse. Increase the dosage in heavy vegetation. If sprays are used, follow manufacturers' directions for mixing. Apply at the rate of 15 to 25 gallons per acre to lawns and 50 gallons per acre to heavy vegetation, the entomologist said.

For chiggers apply dusts or sprays of chlordane, toxaphene or lindane to grass and ground litter where chiggers are present. An emulsion spray usually gives the best results. Follow manufacturer's directions for mixing sprays. For small areas, use a compressed-air or knapsack sprayer and apply 2 1/2 to 3 quarts per 1,000 square feet. If dusts are used, apply 5 percent chlordane at 40 to 50 pounds per acre or 20 percent toxaphene at 10 to 15 pounds per acre, he added.

For further information contact your local county agent.

THIN PLASTIC COVERINGS ARE DANGEROUS

Austin — "Thin plastic coverings — such as laundry bags, vegetable bags and dry goods wrappings — were responsible for more than 20 deaths during the first quarter of this year."

J. O. Musick, general manager of the Texas Safety Association made the above statement, as he discussed one of the newest hazards to appear in the American home.

Musick said that no accurate statistics have been compiled that would give a true picture, but that a poll of 48 state health departments were recently made by the National Safety Council and revealed that as many as 100 children may die during 1959 in mishaps involving plastic coverings.

"News reports alone, in recent months, have given sufficient evidence that thin plastics are a menace when left within easy reach of small children," Musick said.

He explained that the danger lies in the fact that thin plastic will cling to the skin, sometimes causing infants to suffocate.

"Static electricity, similar to that on a comb after having been run through hair, is generated on the thin plastic in handling. Any youngster getting the bag close to his face is likely to have it literally grab him through an electrical attraction."

"Also, in at least two cases, children have died from chewing off bits of plastic which lodged in the windpipe."

"Another hazard, especially among older and stronger children, is created if the child puts the bag over his head. Before long he is breathing deadly carbon dioxide. The dizziness, inability to react promptly and muscle spasms occur with more rapid breathing. Before the victim realized it, he is too weakened to tear the plastic from his face."

The safety expert said the remedy for such accidents is merely one of common sense and that once parents are told that these particular plastics are dangerous, most of them will simply keep the plastics away from small children, just as they would a poisonous insecticide or medicine.

A little push will perform more miracles than any amount of pull.

WHAT ARE WE BUILDING?
by Van Neff

What's happening in our country? Just look at the recent news.

The head of one of the country's leading unions threatens that "his union" will not support the Kennedy-Ervin Labor Reform bill if certain concessions he wants are not in it.

A West Coast union boss states that even if the government orders him to ship arms to fight oppression in the East, he will refuse to load ships!

We find another well-known union boss flouting the final decisions of the United States courts and utilizing union funds in his retaliation efforts against an employer for seeking the protection of the courts.

These are but three examples of power-mad union officials who are determined to do just what they feel like doing, no matter what.

What's going on here? And what are we allowing to happen?

Are these men bigger than the courts? Are they a sovereign power bigger than the government?

Do they want to make the laws? — and are they, in effect, making them? What are we building here?

Now, from what the McClellan Committee uncovered we know that something must be done about the evils existing in many unions. We know about acid throwing... unfair picket lines... abusive tactics... racketeers and gangsters in unions. The Kennedy-Ervin bill was supposed to correct these revelations.

Let's admit that Senators Kennedy and Ervin meant to draft an effective bill. But what does the bill actually do? Nothing. Nothing at all!

It contains a batch of "sweeteners" that are nothing more than concessions to union power.

It requires unions to file the names of their officers and a copy of their constitution and by-laws if they have one — and a great many do not!

It provides for no greater "reform" than any bill or law that has preceded it. The union racketeer can still thumb his nose at the government.

And the little business man... what about that poor guy? He may give his employees every conceivable benefit — and yet let anyone decide to unionize his shop and he is powerless to stop an abusive picket line around his premises. If he as much as raises his voice, this bill allows the union to charge him with "influencing his employees" and he must re-

port the cost of the "influence". The Kennedy-Ervin bill does nothing — absolutely nothing! — to protect him from this kind of abuse!

The small business man can do nothing for his own protection or the protection of his employees from racketeers in unions, but the unions are not stopped by this bill from displaying misleading banners, distributing one-sided literature, and coercive propaganda. They even devote union funds to back candidates who will work hand in glove with them.

The Senate has passed the Kennedy-Ervin bill... was it because they didn't want to offend union leaders by legislating real union reform? The people are demanding adequate, effective labor reform. Our last remaining hope lies with the House of Representatives where the representatives closest to the people meet. Surely, they must see the need of a bill that will make the necessary labor corrections that the Kennedy-Ervin bill so obviously fails to make! They must send back to the people a complete measure against union evils. We can not take a "piece" of a bill now... and perhaps more later on! Otherwise, what are we building... is dictatorship from unions. Now... it is up to our representatives in the House of Representatives!

Sorority Has Summer Social

The Delta Omicron Chapter of Epsilon Sigma Alpha Sorority had their June social Saturday evening, June 13. The event took place in the Telephone Lodge at Lake Brownwood.

It was composed of a dance, refreshments and a good time for all.

Members and husbands attending were: Mr. and Mrs. J. T. Dockery, Delburn Rice, Allyn Gill, Beecher Huff, Jake McCreary, Billy Campbell, Kenneth Bowker and Mrs. Ruby Markland. Guests attending were Mr. and Mrs. Roy England, Mr. Charles Wristen, Mr. and Mrs. Terry Dunsworth and Mr. and Mrs. Andy Urban of Brownwood.

Hull Reunion Held Sunday

Mrs. Bertie Hull held a reunion of members of her family at the home of a daughter, Mrs. Bill Griffin, Sunday. Some 33 members were present.

Her three brothers attending were: Jim Golden and son, Raymond, and granddaughter, Celestia Ann, of Semmorey, Coleman Golden and son, Ray of Levelland; Gilbert Golden and wife of Copperas Cove.

Others attending were cousins and grandchildren: Mr. and Mrs. A. T. Hull, Mr. and Mrs. Barney Carroll and Mr. and Mrs. Curtis Gray, Bob and LaNell, all of Copperas Cove. Mr. and Mrs. Doyle Manning of Evans, Mr. and Mrs. Delton Cox and daughter, Vickie, of Dallas; and Lawton Golden of Belton.

Qualls - Haynes Vows Exchanged

Mr. and Mrs. Jesse Ray Haynes will make their home in Coleman. They were united in marriage Saturday evening at the First Presbyterian Church in Cisco.

Formerly Nancy Deanna Qualls, the bride is the daughter of Mr. and Mrs. Jasper Qualls. The bridegroom's parents are Mr. and Mrs. J. R. Haynes of Santa Anna.

The Rev. E. E. Miller, pastor, performed the double ring ceremony. A trio composed of Norma Schaefer and Carlene Holder and Mrs. Bob Qualls sang. They were accompanied by Mrs. Ben Krauskopf who also played the traditional wedding marches.

Candles were lighted by Jack Qualls, brother of the bride, and Roy Burnam of Lubbock. Serving as flower girl was Karen Siddall.

The bride, given in marriage by her father, wore a ballerina length gown of white lace and net over satin. A satin cummerbund and brief sleeves accented the bodice, and the bouffant skirt was of net ruffles with a lace panel in front. She carried a cascade bouquet of white feathered carnations.

Katherine Fricke was the bride's maid of honor, and Virginia Haynes of Santa Anna, sister of the bridegroom, was the bridesmaid. They were identically attired in princess styled dresses of pink crystalline, featuring sweetheart necklines, brief sleeves, and bouffant skirts.

Flowered head bands and short white gloves completed their ensembles. They carried bouquets of white carnations centered with pink carnations. Best man was Bill Webber of Graham, Ronnie Qualls, brother of the bride, was groomsman, and ushers were R. Y. Siddall and Elsworth Mayer.

A reception was held in the fellowship hall of the church

immediately following the ceremony. Members of the house-party were: Mmes. Frank Dittmore, Elsworth Mayer, Ennis Qualls, Roy Burnam, James Qualls, Bob Siddall, Flora McCarley, Bob Qualls and Sylvia Canley and Danny Siddall.

The bride is a 1958 graduate of Cisco High School and has attended Cisco Junior College. Her husband, a 1957 graduate of Santa Anna High School, has attended McMurray College in Abilene and Cisco Junior College.

20th Century Club Met With Mrs. Sam Rutherford Friday

The regular meeting of the 20th Century Club was held with Mrs. Sam Rutherford Friday, June 12th at 2:00 p. m. There were six members and two visitors present.

This was the regular social meeting. The business meeting will be held later this month.

Refreshments of ice cream, doughnuts and soft drinks were served. Get well cards were sent to some of the members who are ill.

Les Guthrie Honored On Birthday

Les Guthrie was honored on the twelfth birthday with a party given by his parents, Mr. and Mrs. Montie Guthrie, Saturday, June 13, 1958, at the Santa Anna Bank Community Room.

Each guest came dressed as a character from the comic strips. Prizes were given to the boy and girl dressed in the most authentic costume. Nelson Perry, as "Snuffy Smith" received the boys prize and the girls prize went to Linda Horner in her portrayal of "Daisy Mae".

Games were played and refreshments of chicken salad sandwiches, cream cheese on

crackers, nuts, cake and punch were served to the following guests: LaWanda Horner, Linda Robinet, Judy Moore, Linda Campbell, Ruth Ann Walker, Dwan Huff, Linda Horner, Velda Cullins, Cynthia Parker, Bobbie Niell, Sheila Swindell, Karen McKluskey, Diane Copeland, Nelson Perry, John Gregg, Gary Suddereth, Stanley Hartman, Bobbie Morgan and the honoree.

Mr. and Mrs. Bill Pritchard of Post visited Friday night with their children, Mr. and Mrs. A. M. Robbins, Mr. and Mrs. Don Pritchard, Sue and Robert Pritchard. On Saturday they went to Temple to visit Mr. Pritchard's mother, Mrs. M. A. Pritchard and with a brother-in-law, A. B. Little, who is a patient in the veterans hospital. On Saturday night and Sunday they visited his sister in Grandbury, her sister at Irving. They attended to business in Dallas Monday morning and returned to Santa Anna Monday night for a short visit with her parents, Mr. and Mrs. W. E. Vanderford. Accompanied by Sue, they returned to Post on Tuesday.

Condition of Teeth Affects Eyes

In a recent column concerning use of the "master eye" we noted that the patient was often curious about why we ask if he is right handed or left handed. Evoking only slightly less curiosity is our question asking how long it has been since the patient had a dental checkup.

A very common response is "Don't see what you have to know that for, what do my teeth have to do with my eyes?" Actually a great deal. The eyes and teeth, aside from being very close together, share the services of several nerves and blood vessels. Any disruption in the normal function of these blood vessels and nerves, will cause trouble along the line. The eyes very rarely cause trouble with the teeth, but the reverse is very common.

Abscessed teeth can cause a painless secondary eye condition known as Chorio-retinitis which may progress to permanent blindness in one or both eyes if not treated in a reasonable length of time.

Right here the patient always gives me to understand that it's easy to tell when a tooth is abscessed. It hurts! That's where the catch is. The ACUTE type abscess hurts the chronic type can be present for years without your realizing it. In fact we have known of people whose general health was impaired to the point by the chronic type that they were confined to bed before it was discovered by X-ray that those perfect looking teeth, were actually abscessed around the roots and were poisoning the whole body. Your dentist judge a book by its cover, not a tooth by its sound. A horizontal X-ray of the tooth, X-ray of the jaw, and a dental X-ray of the tooth can detect the abscess through the

nuses. The roots of some of the upper teeth extend into the floor of the maxillary (check-bone) sinuses. Any infection around the roots of these teeth can easily infect the membrane lining of this sinus and spread to the other sinuses around the vicinity of the eyes. Discomfort such as headaches, redness of eyes, and such common "eye-strain" symptoms caused by these sinus conditions often bring a patient in for eye examination. Results of such examination usually lead us to send the patient for a dental X-ray before we do anything for him in the way of visual correction.

Occasionally we see a patient who has taken care of his eyes and yet tells us that he has always had headaches daily. "Migraine," he usually calls it because it has never been explained or relieved. Investigation of his visual condition reveals nothing, which indicates the eyes are causing the headaches. More than once in such cases we have found the "wisdom" teeth to be missing. The patient tells us they have not been extracted. "Never had any I guess, Doc." Subsequent X-ray of the area in question reveals that the teeth are there but are "impacted," grown in sideways as to exert constant pressure against the roots of the rest of the teeth. It is this pressure which causes the patient's headache. When the impacted teeth are removed, no more pressure, no more headaches. I had one patient who suffered with such a headache daily and you for several years before our inspection. Below the teeth X-ray and the picture, such a condition. It is like a new thought came, the offending tooth was out.

About Your HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, D. D. Commissioner of Health

According to the calendar, summer doesn't start until next week. But according to the weather, summer has been here for quite some time now.

For those of us who must battle the heat, a few simple health rules will go a long way in making the hot Texas summer a little more bearable.

First of all, avoid heavy meals. They are difficult to digest in hot weather. Fewer protein foods such as eggs, fish and meat should be eaten, with more emphasis on fruits and vegetables.

Perspiration causes much fluid loss during the day and must be replaced. Fruit juices—two or three glasses per day—make a pleasant way to make up the loss. But don't gulp down large amounts of ice water when overheated.

The body also loses salt through perspiration, so that if your work or exercise causes you to sweat profusely salt should be replaced with salt tablets—a about one every half hour with a glass of water.

Parents can place extra salt in the children's diet with salt-

ed nuts or crackers plus a little added salt during meals.

Clothing plays an important role in keeping cool. Loose, light clothing is highly recommended for summertime wear. Normal body temperatures are dependent on the evaporation of sweat.

Clothes which inhibit evaporation should be avoided. Also, it is well to remember that white or light colors are cooler than dark, since they do not absorb hot sun rays so readily.

It's smart to get some exercise all year round. But it can easily be overdone in the summer. Long periods of hard yard work or active game of tennis should be confined to the cooler parts of the day.

Swimming is one of the best summer sports, provided the proper safety rules are followed including not swimming alone, getting chilled, waiting at least an hour after meals, and avoiding tiredness.

It is important to keep up your physical condition during the summer months by adequate sleep and a good idea to have your annual check-up before indulging in any strenuous summer activities.

CROP DAMAGE FROM WEED KILLERS RUNNING HIGH

Early season reports of crop damage by careless handling or misuse of weed killing chemicals have already surpassed the number of complaints received in 1958.

Texas Department of Agriculture inspectors are working overtime checking out herbicide damage reports in Central and East Texas fields adjacent to sprayed areas. Most complaints thus far are on cotton damaged by hormone-type herbicides in Leon, Houston, Hayes, Caldwell, Travis, Bastrop, Dimmit and other counties.

MILK COMBATS SUMMER FATIGUE

Rising temperatures call for lighter meals and more liquids.

So when you serve something cold to drink, make it milk. This is a good way to make sure that every adult member of the family gets that daily pint of milk so necessary to good health, and that youngsters get at least a quart.

Milk rates at the top of the list of thirst-quenchers, says the Texas Extension Service.

Milk furnishes plenty of high-quality proteins and energy to give you strength to resist summer fatigue.

How good milk tastes just as it is—fresh and cold! But if you want to dress it up, add chocolate or maple sirup to suit your taste.

For something special, try this flip made with buttermilk. You'll need 6 tablespoons of fresh lime juice, 1/4 cup sugar, a dash of salt, green food coloring, 6 cups buttermilk and some fresh mint sprigs. Combine all ingredients except mint and mix well. Pour into cold glasses and top with mint.

Read Hebrews 11:6-10
Without faith it is impossible to please Him (God). (Hebrews 11:6.)

Some years ago, two friends and I hired a sailboat for a day of sailing on the Gulf of Mexico. Later, when we were not far from land, we were struck by a squall.

I was somewhat afraid that the wind would capsize the boat, but I learned that under the boat was a center board reaching down into the water. The waves beating against the board stabilized the boat against the wind. I was interested in watching the captain of the boat make use of the winds that blew against us to draw us toward the shore.

Knowing these things, I took courage, trusting that the captain of the boat knew how to take care of the situation. We reached land safely.

In life we can make the very winds of adversity serve to draw us toward our goal. By the center board of our faith, we can use the waves that beat upon us to hold us against the winds.

Just as the captain of the boat brought calm to my fears, so the Captain of our ship on life's sea knows and meets all our needs. If we but put our trust in Him, He will bring us safely to port.

PRAYER:
Our Father, may we ever trust Thee as the Captain of our lives. Thereby strengthen us

that we may be able to meet every situation in life in accordance with Thy will through faith, in Jesus' name. Amen.
THOUGHT FOR THE DAY
Faith is the victory that overcomes the world.
— C. H. Yarbrough Tennessee

Austin — when tax bills finally were passed by both the Texas House and the Senate, it was not dollars, but ideas that delayed agreement.

House bill was designed to raise about \$150,000,000 over the next two years; Senate bill, about \$160,000,000. Big difference was in where the money would come from. House bill was divided evenly between selective sales taxes and taxes on natural resources and corporation franchises.

Senate, which heard a long string of witnesses on the dangers of shutting prosperity-making industries out of Texas, changed the ratio. In its version, natural gas and corporations pay about 18 percent of the tab; selective sales taxes, 82 percent.

Senate voted a 15-15 tie on its bill, with Lt. Gov. Ben Ramsey breaking the tie in favor of the

bill. Named to a free conference committee to adjust difference were Sens. R. A. Weinert, Seguin; Dorsey Hardeman, San Angelo; Charles F. Herring, Austin; Jimmy Phillips, Angleton; Bruce Reagan, Corpus Christi. Also, Reps. V. L. Ramsey, Beckville; W. T. Oliver, Port Neches; Don Kennard, Fort Worth; Alonzo Jamison, Denton; George Cook, Odessa.

HOW THEY STACK

These items were hit, in varying degrees, by the House and Senate bills that went to conference committee:

CORPORATIONS — Senate, raise \$10,900,000 by hiking the franchise tax from \$2.25 to \$2.75 per \$1,000 capitalization. House, raise \$12,000,000 by a new two-factor tax on interstate corporations.

NATURAL GAS — Senate, raise \$8,000,000 by increasing the production tax from 7 to 8 percent. House, raise \$36,500,000 by lowering production tax to 5 percent and adding a 3 percent severance beneficiary tax.

MOTOR VEHICLE SALES — Both houses agreed on increasing sales tax from 1.1 to 1.5 per-

cent to bring in an additional \$7,000,000 to \$8,000,000.

CIGARETTES — Senate, raise \$31,500,444 by boosting tax 3 cents a pack. House, raise \$10,500,000 (estimated) by a 1 cent a pack increase.

UTILITIES — Senate, increase the tax on water, gas and electric utilities by 20 percent, for an estimated \$2,600,000. House, increase all other utilities to the telephone company rate of 2.3 percent, for an estimated \$8,000,000.

ALCOHOLIC BEVERAGES — Senate, increase liquor tax from \$1.40 to \$1.65 a gallon, to raise \$2,000,000. House, increase it to \$2.25 a gallon for \$7,000,000.

Wine, Senate increased tax by 20 percent, for \$201,000. House doubled it for \$1,000,000.

Senate also tripled fees for selling beer and wine, doubled permits for liquor selling, for an estimated \$1,600,000. House bill does not include this.

TOBACCO PRODUCTS — Senate, would tax all such products, except snuff, by 12.5 percent, to raise \$5,400,000. House tax is twice this.

SULPHUR — Senate voted to retain present rate. House would reduce from \$1.40 to \$1.03 per ton. There is disagreement as to whether production increase would offset the tax increase in total revenue received.

THEATER ADMISSIONS — Both Senate and House lopped this by about \$120,000 a year.

SOUND EQUIPMENT — Senate added a 2.2 percent sales tax on radios, televisions, hi-fi and stereophonic sets for an estimated \$3,200,000.

BOATS — Senate added 1.5 percent sales tax on boats and motors for an estimated \$5,000,000.

PROPERTY BILL NIXED

For the second time this year, the House of Representatives has refused to sweep unclaimed property into the State Treasury.

The vote of 66-66 killed efforts in the Special Session. Vote that killed the bill earlier in the regular session was almost as close.

Gov. Price Daniel had urged the measure as a means of raising an estimated \$25,000,000 for the State's ailing general fund. It would have required banks, oil and gas companies, insurance companies and others to turn over to the state any property belonging to persons who have been missing for more than seven years.

Bank lobbyists were blamed by Daniel for defeat of the bill. He said they must accept responsibility for the state's having to raise, through new taxes, the \$25,000,000 the bill would have produced.

Bankers have contended the escheat procedure would under-

Trickham News

Stanley and Sherrill James are visiting in Fort Worth with relatives. They will return this weekend.

Miss Barbara Wells of Coleman spent the weekend with her grandparents, Mr. and Mrs. R. B. Stearns.

Mr. and Mrs. Ray Wells and children of Coleman attended church here Sunday and were dinner guests of her parents, Mr. and Mrs. Robert Stearns.

Visitors in the Laughlin home over the weekend were Mr. and Mrs. Roy Laughlin and Charlotte, Mr. and Mrs. Jack Laughlin, Mr. and Mrs. James G. Laughlin and Mary Joyce, from McCamey. Jimmy Laughlin, who has been visiting in the Laughlin home, will return home with them.

Mr. and Mrs. Ray McSwain and children were weekend visitors with Mr. and Mrs. J. H. Martin.

Mr. and Mrs. Walter Stacy visited in San Antonio over the weekend.

Rev. James Ford and family are visiting his folks. Mr. and Mrs. M. A. Ford and Mary, and attended church here Sunday morning.

Mr. and Mrs. J. Y. Steward of Midkiff, Mrs. L. H. McElderry visited the Marvin Whitleys last week.

Mr. and Mrs. Arnold Boenicke

and Mr. and Mrs. Avery Steward visited in the home of Mr. and Mrs. Wylie McClatchey Sunday afternoon.

Mr. and Mrs. Glenn Haynes were in Trickham recently.

Terry McIver visited Sunday with Billy Haynes.

Mr. and Mrs. John Haynes and Dana Evans visited Mr. and Mrs. Fred Haynes.

Visitors with the Grady McIver family Sunday were Mr. and Mrs. Marvin Whitley and Mrs. Keetie Haynes.

Mrs. Myrtle Wagner and her daughter, Patsy, and boys, visited briefly with Mrs. Kingston Friday afternoon.

Mr. and Mrs. Glenn Haynes of Brownwood and Mrs. Clara Cupps and Billy Don visited in the Bill Vaughn home last week.

Mrs. Ruth Driskill and three of her children, a neighbor, Mrs. Ralph Curin and son, spent Friday with Mr. and Mrs. Oscar Boenicke. Ray remained for a longer visit, probably all summer.

Karen and Gene are visiting their grandparents, Mr. and Mrs. Bernice McIver.

Gayla McIver is attending the Senior Assembly at Georgetown this week.

Mrs. Wylie McClatchey visited Mr. John McClatchey and Mrs. Maud Burney in Coleman last week.

Our Community was glad to have Rev. Charles Miller and

family returned to us as pastor of the Methodist Church.

Mr. and Mrs. Walter Stacy were brief callers with Mrs. Kingston Sunday afternoon. They had attended a singing at Santa Anna. Mrs. Kingston is not feeling so well of late.

Mrs. Zona Stacy attended services in Santa Anna Sunday night, where her grandson, the Rev. James Ford of Oklahoma, is holding a revival meeting.

Mr. and Mrs. Malcolm Wilson were brief callers to see Mrs. Kingston late Sunday afternoon. Their daughter-in-law spent the last week with them.

Too many people who save for a rainy day work on the assumption that it will be a light show-

mine depositors' confidence in the safety of their deposits.

LICENSE PLAN STUDIED

Economy forces are taking a good look at whether or not the state's licensing practices might be unnecessarily expensive.

Historically the state has issued licenses annually. There's now some thinking that a lot of the licenses could just as easily be issued permanently, subject to cancellation for cause. Fees would still be collected annually, but a lot of time and money possibly could be saved by not having to type out and mail a new document each year.

Such a procedure was authorized by the Legislature in regular session for insurance companies.

Some licenses probably could not be adapted to the permanent policy. Among these would be drivers licenses, hunting and fishing licenses, and auto inspection stickers.

SEVEN RUN FOR SPEAKER

Now the count is up to seven in the House speakership race. Seventh man in the lineup is Rep. Frank B. McGregor of Waco. His announcement was made at a luncheon sponsored by the Waco Chamber of Commerce.

Six already in the race are Reps. Ben Glusing of Kingsville, Wade Spilman of McAllen, W. T. Oliver of Port Neches, L. DeWitt Hale of Corpus Christi, Jerry Sadler of Palestine and James A. Truman of Gober.

Radar traps must be tested for accuracy before a speeding ticket is valid, the Court of Criminal Appeals has held. Expert testimony in the case before the court had contended that as much as a 20 percent error can occur if the radar machine is not set up properly.

Lt. Gov. and Mrs. Ben Ramsey's new daughter, Maribon, born June 8, officially became "princess of the senate" in record time. By unanimous vote, the honor was bestowed when she was just one day old.

Do's and Don'ts For Good Health

It's fine to be bounding with energy and get-up-and-go, of course. But there is such a thing as overdoing it, especially if you've passed certain birthdays. And particularly during the hot summer months.

Summer or winter, regular exercise is a good thing, but when it's really warm, here are some do's and don't's to bear in mind.

DON'T play vigorously at tennis and such sports for long periods under a hot sun. DO get all the sleep you should have.

DON'T exercise to exhaustion or until you are badly out of breath. DO eat the foods you need, including "solid" protein foods even on a hot day—without overdoing it, of course.

DON'T try to prove your endurance by staying behind a steering wheel for hundreds of miles all in one day. DO plan for the relaxing pastimes, such as reading and fishing, as part of your summer activity.

DON'T let things or people excite you or "heat up" your blood. DO learn to "take it easy," for better health in mind and body.

Whatever your age and whatever the season, let your program of exercise fit your body—both its needs and abilities. And plan at some time during the year—around your birthday would be appropriate, wouldn't it?—to get an annual physical check up.

A test for TB should be included on that occasion, too. TB is one of the major ailments that people may have without realizing it, because they may not feel sick. Yet the TB germs may be there and may be doing damage.

DAUGHTER BORN TO CHARLES McCLELLAN'S

Martha Jan is the name given the daughter born to Mr. and Mrs. Charles McClellan on May 31. The little daughter weighed six pounds and nine ounces.

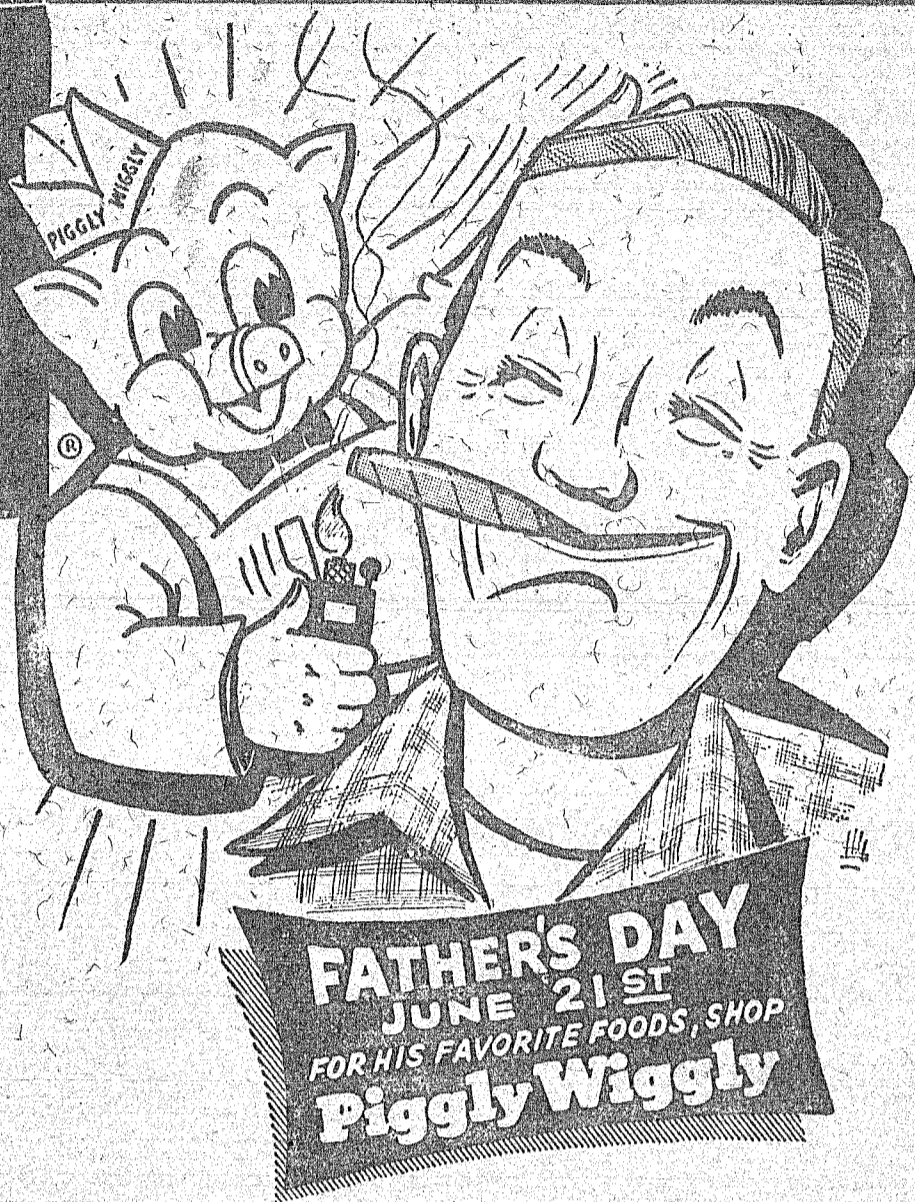

Grandparents are Mr. and Mrs. J. A. Dunn and Mr. and Mrs. Lester McClellan of Santa Anna.

Charles is stationed at Lackland Air Force Base in San Antonio, where he will receive 3 weeks pre-flight training before going to a permanent base. His wife and baby are here visiting her parents during the three weeks.

Roy Payne, stationed in Las Vegas, Nevada with the U. S. Navy, completed a 10-day leave recently with his parents, Mr. and Mrs. W. L. Payne. While he was here his sister, Mrs. Dorothy Priddy and three children of Bloomfield, N. M., visited the group, and all of them visited Mr. and Mrs. Jimmy C. Payne in San Antonio. Roy will soon be stationed in Alaska for a two year term.
