

Mountaineers Lose To Arch Rivals 20-0

The Mountaineers lost to their arch rivals, the Bangs Dragons, by a 20-0 score on the Bangs field Friday night. The Dragons scored twice in the first period and once in the third period to completely dominate the game. In the second and third period the Mountaineers did not make a first down, and in the second and fourth periods, the Dragons failed to make a first down. However, the Dragons led in this department by a 10-4 count at the end of the game.

THE GAME

The Dragons kicked to the Mountaineer 6-yard line, the Mountaineers returned to their 28-yard line. The first play from scrimmage lost the Mountaineers 8 yards, a pass was completed for 14 yards, then another pass failed to click and the Mountaineers punted to the Dragon 28-yard line with a return to the Dragon 34-yard line. It just took the Dragons six plays to go the distance for their first TD. The try for extra point failed.

The Dragons kicked to the Mountaineer 16-yard line with a return to the 19-yard line. The Mountaineers gained a first down, then bogged down and punted to the Mountaineer 48-yard line. On the second play a long pass went all the way from the 44-yard line for the second Dragon TD. Try for extra point failed.

The Dragons kicked to the Mountaineer 11-yard line with a return to the 21-yard line. The Mountaineers gained to the 24-yard line as the quarter ended. The Mountaineers attempted to gain a half-yard on fourth down from the 30-yard line and lost 2 yards, giving the Dragons the ball on the Mountaineer 29-yard line. Two plays gained to the Mountaineer 20-yard line, then Drake intercepted a Dragon pass on the 11. Failing to gain but 4 yards, the Mountaineers punted to their 48-yard line with a return to the Mountaineer 33-yard line. A 5-yard penalty against the Mountaineers made it first and five, then the Dragons completed a pass

on the Mountaineer 9-yard line, but fumbled and the Mountaineers recovered. Failing to gain, the Mountaineers punted to their 49-yard line. The Dragons lost 5-yards, then punted to the Santa Anna 31-yard line. A pass was completed for a yard, then the Mountaineers lost 5-yards as the half ended.

The Mountaineers kicked to the Dragon 10-yard line with a return to the 25-yard line. It took the Dragons just seven plays to go the distance for their third TD, with the last play covering 48-yards. Try for extra point was good for two, and the Dragons led 20-0.

The Dragons kicked to the Mountaineer 20-yard line with a return to the 36-yard line. A gain, attempting to gain on fourth down, the Mountaineers failed to connect on a pass and the Dragons took over on the Mountaineer 42-yard line. The Dragons tried four downs and gained only 5 yards and, the Mountaineers took over again. After failing to gain, the Mountaineers punted to the Dragon 24-yard line, with a return to the 36-yard line. The quarter ended with the Dragons on the Mountaineer 39-yard line.

Attempting to pass, the Dragons had another pass intercepted by John Dillingham. He returned from the Dragon 29-yard line to their 48-yard line. Failing to gain a first down in four tries, the Dragons took over on the Santa Anna 44-yard line. The Dragons couldn't gain and punted to their 9-yard line with a return to the 15. Here the Mountaineers got their only sustained drive of the evening underway, driving to the Dragon 39-yard line before a fumble gave the ball to the Dragons again. A 15-yard penalty put the Dragons back on their 25-yard line, and after failing to gain they punted to the Mountaineer 35-yard line. After a loss of yardage, the Mountaineers punted to the Dragon 37-yard line with a return to the 48-yard line. Failing on four pass attempts, Niell intercepted a fourth-down pass on the Bangs 42-yard line. The

Mountaineers gained a first down as the game ended with the ball on the Dragon 44-yard line.

FOOTBALL ROUNDUP

Bangs continued in the undefeated, untied ranks of Class B schools by their 20-0 win over the Mountaineers.

The Mason Cowpunchers are still listed among the 20 undefeated, untied ranks of Class A

schools over the state. The Punchers rested the past week before beginning their conference at Santa Anna this week.

The Goldthwaite Eagles suffered another loss Friday night by going down 24-38 to the Class AA DeLeon eleven. The Eagles now have a 2-4 non-conference record.

The Llano Yellowjackets managed to increase their non-conference standing to a 2-4 record

by an easy 20-0 win over Marble Falls Friday night.

The Burnet Bulldogs continued their winning season by trouncing the Junction Eagles 44-14. Burnet is also one of the 20 undefeated teams in the state in Class A competition.

Games to be played in District 9-A this week will be Mason at Santa Anna and Llano at Goldthwaite. Burnet has an open date.

YOUR EYES and VISION
By A. L. SPERRY, O.D.
Director Public Education
Texas Optometric Association

Hunter Convicted of Negligent Homicide

Five hundred killed, 3,000 wounded. Sounds like quite a slaughter, doesn't it? But that's an estimate of the number of us members of the "scare 'em up and hunt 'em down" fraternity who will be laid low by shot and shell this season.

As long as we're going to be casualties, why not just sign up for Formosa duty where we might be able to do posterity a little good before acquiring the Purple Heart? Three thousand, five hundred trigger happy replacements—all with well-oiled rifles and scatter guns—I can see the Reds running now.

But what's the cause of all this disaster? In a group that size there will be various causes, but for the most there is but one feeble plea in the hunter's defense—Mistaken Identity! "That man in the red cap with a middle-age paunch bulging his plaid shirt looked just like a 10-prong buck!"

It is necessary to pass a vision test to get a driver's license, a pilot's license, a job in most industries, in the army, navy, marines, etc., but anybody, even with a white cane, can buy a hunting license. He can then legally go merrily on his hunt with a 30-30 at "On Guard", brain "At Ease", and eyes "On Sick Call."

As if that isn't had enough, many men who ordinarily wear glasses with which they get proper vision will leave the

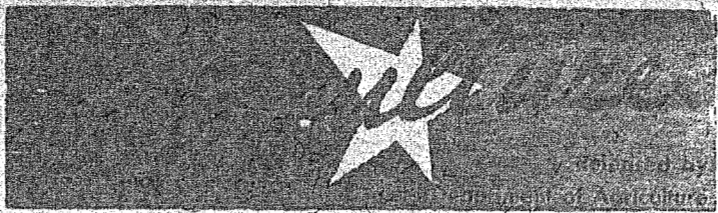

glasses behind when they go after the game. They say, "Glasses are in the way"—so was the poor guy with the red cap but he didn't know it 'til Bateye's dum-dums began clipping the buttons off that 10-prong plaid shirt.

Responsibility for all these casualties boils down to just two reasons: 1. the hunters are disregarding the common safety rules of handling a gun, or 2. the hunters lack the sharp vision necessary to distinguish details at a distance. You can't be guilty of the second without being guilty of the first. You must handle a gun to aim and fire it. If you can't see clearly what you are shooting at, you are disregarding the most important hunting rule of them all.

If the above admonitions have had no effect on you, maybe the following results of an actual trial in a Texas court of law will make an impression. The case of Bertrung vs. State, 2 Texas 160. The defendant had shot and killed a man, mistaking him for some kind of wild game. The jury was instructed that before they acquitted the defendant, they must believe from the evidence that he exercised the same degree of care and caution that a man of ordinary prudence would have done under the circumstances. Based on these instructions, the jury convicted the defendant and the Court of Appeals affirmed the conviction of Negligent Homicide.

Improving the grazing ratio from one animal on 30 acres up to one for each five or 10 acres in a two-year period at an average cost of \$12 per acre may seem not only amazing, but downright unbelievable.

Yet those of us who made a two-day fall range tour in Southwest Texas last week, sponsored by the farm and ranch committee of the San Antonio Chamber of Commerce, not only saw this miracle in process of accomplishment but were shown the beginnings of even greater plans.

The tour took us from San Antonio west to Sonora, then almost due south to Del Rio and from there back to San Antonio, through areas of rock-ridden brushland that used to provide—and to a large extent, still do—grazing as sparse as can be found anywhere in Texas. The trip was made on the heels of a weekend of rains that amounted to 15 and 16 inches in some stretches of an area where the average annual rainfall is about 22 inches, and we were able to view at first hand what conservation of water and soil can really mean.

In Sutton County, Dr. Leo B.

Merrill, director of the Texas Agricultural Experiment Station at Sonora, showed us a sample of what can be done by means of rootplowing and seeding on what had been a barren 68-acre tract at the station. In two years, this tract has produced a lush growth of blue panic grass, along with native cane bluestem, and sidecoats grama capable of grazing one animal to three acres. We were treated to even more impressive demonstrations of what can be done along this line at the Wardlaw Standard ranch belonging to C. W. (Dink) and W. H. (Walt) Wardlaw in the Devils River Soil Conservation District.

Dolph Briscoe, Jr. of Uvalde, one of the area's major ranchers has taken the lead in showing the dollar value of rootplowing and seeding on a large scale. Since 1954, Briscoe has rootplowed and seeded over 60,000 acres, reporting beef yields of 50 pounds per acre with as little as eight to twelve inches of total rainfall. He is convinced the area can be ranched successfully on one-half of the normal rainfall by rootplowing and range seeding.

Oh Man!

Now is the time when parents should stop, look and listen. Don't laugh at Bill during these days. His feelings can be deeply wounded. Help Bill grow into the man you want him to become by giving him strong, wise, and kind guidance.

Stop treating him like a child. Look for the quick changes of mood, the intense, but brief interest in everything. Listen sympathetically during those times when he wants to confide in you.

Harry Truman To Speak At Dallas Rally

Senate Majority Leader Lyndon Johnson will introduce Harry S. Truman when the former President appears at the Dallas Memorial Auditorium October 17 for a political address. Approximately 10,000 persons from throughout the state are expected to pay \$2.50 each to hear the former Democratic President in a speech being co-sponsored by over 200 leading Texans, including State Democratic Chairman J. Ed Connally, National Committeewoman Mrs. R. D. Randolph and National Committeeman Bryon Skelton.

Speaker of the U. S. House of Representatives Sam Rayburn will introduce Senator Johnson and Senator Ralph Yarborough will also make a brief talk. Rally Chairman Dan R. Patton, Jr., loyalists spokesman on the Dallas County Democratic Executive Committee will serve as toastmaster.

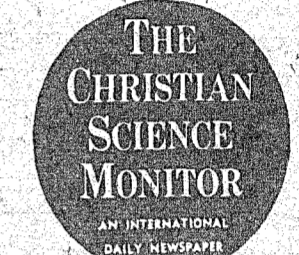

"We are delighted," Mr. Patton declared, "that Senators Johnson and Yarborough along with Speaker Rayburn, could all arrange their schedules to take part in this tribute to a man destined to be remembered by history as one of the world's great leaders in the free world's fight against totalitarianism."

"The Truman Rally," he continued, "gives Democrats of all persuasion—liberals and conservatives alike—an opportunity to close ranks against the frantic efforts of Republicans to make 'white collar McCarthyism' or the 'Standard Oil Company' the American Chief of State."

Mr. Patton revealed that a public reception would be given for Mr. Truman by the Democratic Women of Dallas County from 4:00 to 6:00 p. m. on October 17 in the Terrace Room of the Adolphus Hotel. The general public has been invited to attend the reception and meet Mr. Truman.

"It is obvious," Mr. Patton stated, "that Mr. Truman's visit has captured the hearts of all Texans. A majority of the Dallas County Democratic Executive Committee is serving as co-sponsors for the event. Mayor Thornton has already issued a glowing proclamation naming October 17 as Harry S. Truman Day in Dallas, and even off-fueled Democrats are joining ranks for the occasion."

Mr. Patton said that tickets would likely be sold out before the event, but some are still available now. They may be obtained from precinct chairmen, from Mr. Patton's office at 651 Merchandise Mart Bldg., or from Ticket Chairman Allan Maley, Jr., 1727 Young Street, Dallas.

Today's MEDITATION
The World's Most Widely Used Devotional Guide

The Upper Room - THE UPPER ROOM, NASHVILLE, TENNESSEE

Read Psalm 19:9-14.

It pleased the Father that in him (Jesus Christ) should all fulness dwell. (Colossians 1:19.)

Two of us, a Pacific Islander and I, were talking of God's goodness. He could not understand why beauty in the world meant so much to me. He said everything was beautiful in his islands. There was nothing harsh or ugly. He grew up knowing only beauty. He took it for granted.

On this earth the evidence of God's goodness is unending. The amazing wonders of His creation stagger us in their complexity. The beauty of the work of his hands is perfect. We become so accustomed to His works, however, that our sense of wonder is dulled. The whole world is shining with the love of God, but we are too busy to notice. We take for granted the laughter of a child, the perfection of a sunset, the grace of a bird.

The giver of all this loveliness saw fit to give to the world His Son, that we might be freed from the ugliness of sin and the deforming power of selfishness. Let us rejoice because we have been given this greatest and most wonderful of all God's gifts. PRAISE HIS SON.

O God, our Father, we pray that we may never lose our sense of wonder and indebtedness to Thee. Help us to open our hearts to Christ, so that His beauty may shine continually in our lives. In his blessed name we pray. Amen.

Mountaineers To Host Undefeated Mason Friday

The first conference games of the season will get underway on Friday night of this week. All the games in District 9-A will be played beginning at 7:30 p. m. for the remainder of the season.

The Mason Cowpunchers will come to Santa Anna for the first conference game. The Cowpunchers have a very impressive record this season. They won over Fredericksburg by a 28-8 score, then won over Mehard by a 22-8 score. The Punchers won over Junction by a 25-0 score and the Abilene Junior Varsity by a 41-8 score. In the last game they played the Punchers won over San Saba by a 33-28 score.

Thus they have been scored on in every game but one and have had very impressive leads in all games except with San Saba two weeks ago. Last week San Saba defeated Comanche 16-12, after Comanche led at half-time 6-0.

The Mountaineers suffered two injuries at Bangs' Friday night. Brian Baucum suffered an arm injury before the game started. Doing tumblers during warm-up, Baucum apparently attempted to break his fall with his arm and knocked his elbow joints out of place. He will be out of the next three games at least. Tony Tucker, who suffered a hand injury earlier in the season, but had recuperated, suffered a fractured arm during the game. He will be out about three weeks according to Coach Smith.

Eddie Hartman, who has been out of the past two games because of a leg injury, is expected to be back in uniform by the end of this week, but he may not see much action on Friday night. Hartman has been missed very badly in the last two games.

Mason has a heavy line, averaging about 187 pounds per man. Their backfield averages about 165 pounds. Both are much heavier than the Mountaineers. However, we look for the Mountaineers to play a good game this week. Their spirits are good and this is the first conference game. Your support will help them.

Mr. and Mrs. E. S. Haynes returned home recently from Midland, where they visited a daughter, Mrs. Jim Lineberry and Mr. Lineberry.
