Find Out If Horse Wears His Glasses Before Placing Bet

Do you know how heavy light is? You could carry all you've ever seen in your vest pocket. Light coming from a search light using a ten horsepower generator for one hundred years would weigh less than one hundredth of an ounce.

When this writer was in college one of our professors, a sharp old pioneer in optometry, would occasionally enliven the subject of discussion with tales of personal experiences with which he was well supplied.

Once he told us of a dog he'd had. Old Shep had been a fine pet in his day. Very conscientious about barking at everything passing by the house. But lately all Shep would do was lie on the front porch and sleep.

The professor wondered if old Shep's eyesight might have failed him so that he could no longer see a person walking down the front sidewalk. He decided to find out. Using test methods with which we can closely approximate the amount of eye defect without the patient's telling us anything, the professor examined the dog's eyes and sure enough, the old dog had become extremely near-sighted.

Out of curiosity the professor, using parts of an ordinary dog muzzle, contrived a pair of glasses for the dog. Next morning

getting ready for the new seats which will be put in this week. Mrs. Joe (Ora) Stacy entered Memorial Hospital in Brownwood yesterday. She was to have surgery there early this morning. We wish her for a speedy recovery.

Mrs. Etta Gardner, who had been here visiting relatives last week, went to Rockwood Friday to spend the weekend with her sister-in-law, Mrs. Grace Kemp. Early Sunday morning Grace took her to Coleman to visit Mrs. Maggie Johnson. She was to take the bus from there to her home in Abilene.

Mr. and Mrs. Charlie Fleming of Abilene visited her parents, Mr. and Mrs. Robert Stearns. Also, Mrs. Ray Wells and children of Coleman were here Sunday.

Mrs. Lee Dockery spent Saturday night and Sunday with her daughter, Mrs. Bill Vaughn. They visited in the Laughlin home Sunday afternoon.

Mr. and Mrs. Malcolm Wilson visited Mrs. Kingston Sunday afternoon. Mrs. Oscar Boenicke visited her Saturday afternoon.

Mrs. R. W. (Opal) Williams of Seminole spent the weekend here with her sister, Mr. and Mrs. Marvin Whitley. They all visited Mr. and Mrs. Julian Whitley in Goldthwaite Sunday.

By MRS. MANLEY F. BLANTON

Visiting in our home over the weekend were Mr. and Mrs. T. L. Blanton and family and Mr. and Mrs. Duane Williams and children of Pecos. Visitors on Wednesday were Mrs. R. W. Cupps, Mr. and Mrs. Curtis Collins and Mr. and Mrs. Charlie Blanton of San Angelo.

Billy Williams spent Sunday night with Lee and Hardin Phillips.

Mrs. Jewel Powers and Mr. and Mrs. John Howard were shopping in Brownwood Saturday and visited with Mrs. Geo. Ethridge.

Mrs. C. T. Moore and Mrs. Patsy Jamison were visiting in Abilene on Saturday.

Mr. and Mrs. Lee Ray Huggins and sons and Hardin Phillips were in San Angelo Saturday, visiting with Mr. and Mrs. Leon Phillips and family.

Mr. and Mrs. John Howard and Mr. and Mrs. Jess Howard visited in Bangs Monday with Mr. and Mrs. Will Howard.

Mr. and Mrs. Vernon Penny spent the weekend in Olton with their children.

Mr. and Mrs. C. T. Moore and Mr. and Mrs. Edd Hartman spent Sunday with Mrs. Sam Moore.

Mr. and Mrs. Charlie Ray Fleming of Abilene attended church at Cleveland Sunday. They were visiting Mr. and Mrs. Charlie Fleming.

Mr. and Mrs. Harold Clifton and son of McCamey visited Mrs. Jewel Clifton, Sunday and Monday.

Mr. and Mrs. Elmer Cupps and Hardin Phillips visited Friday with Mr. and Mrs. M. F. Blanton.

when leaving for work he strapped them on old Shep. An hour later he received a phone call from his wife advising him to come home and remove the specs from the dog. It was acting like a puppy; barking itself hoarse at everything passing by, and running itself into a lather.

After that the old dog was only allowed to wear the specs when the professor came home from the office. At the first sound of his master's steps old Shep would run and get his specs to be strapped in place. He enjoyed them till he died.

Another time, the professor told us of an optometrist in Kentucky who made quite a little side money fitting glasses to race horses at \$75.00 per horse. The fact is that a near-sighted horse will not run as fast as he is able. Unlike many humans, the horse wisely wants to see far enough ahead so that he can stop before running into an obstacle. If he can't see that well he slows down. Hence, with glasses many horses make faster time.

If one stops to think, there's really nothing too unusual about using such human remedies on animals. There are many isolated communities where the family physician may be called upon to minister to a sick farm animal, or in the absence of a physician a veterinarian may have to treat the family.

**BRUCELLOSIS, A SERIOUS THREAT TO LIVESTOCK**

College Station — An all out effort for the eradication of brucellosis is now underway throughout the United States. Twenty-one states and more than on-half the nation's counties are now modified certified free. Of the 254 counties in Texas, only three — Jeff Davis, Brewster and Presidio are modified certified areas says Dr. C. M. Patterson, extension veterinarian.

Cattle infected with brucellosis suffer a 20 percent reduction in milk production. They calve on the average every one and one-half years rather than yearly. In addition, the resulting abortions, sterility and difficult breeders increase replacement needs by 20 percent. A beef cow that loses 20 percent of her milk

**About Your HEALTH**

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, R. D. County Counselor of Health.

Healthful nutrition is a year round job. But as cooler weather comes to Texas, it becomes increasingly important to guard against falling victim of "winter susceptibility."

There really isn't any such term, but the fact of the matter is that bodily resistance may be lessened during fall and winter.

For this reason it is smart to observe, more than ever, the rules of good nutrition.

The well-fed family receives the basic daily diet. Food rich in protein should be served at every meal.

Meat, fish, poultry, eggs and milk (including milk products like cheese and ice cream) are the best sources of high quality protein. Other sources are cereals, peas, beans, and nuts.

A green or yellow vegetable should be served at least once a day. These contain essential

vitamins and minerals. Because it cannot be stored in the body, vitamin C (from citrus fruits, tomatoes and other fresh or processed fruits and vegetables) is needed every day.

With the addition of these to round out meals according to taste and appetites, the well-fed family is provided with all the nutrients needed for health and growth.

Breakfast is probably the most important meal of the day because you have gone without food for such a long period of time. One-third of our daily diet must be eaten at breakfast.

Breakfast is essential to children. Fruit, meat, or eggs, and cereal or bread and butter and milk should be included in every breakfast.

Three good meals a day will go a long way toward keeping you fit through fall and winter and all year long.

**PASTURE WEED CONTROL PAYS DIVIDENDS**

College Station — Weed growth in Texas pastures is heavy this fall. G. O. Hoffman, extension range specialist, says these uncontrolled weeds use from four to eleven times more water for growth than grasses. They rob your livestock of good grazing since weedy pastures produce very little forage for winter use.

To have more grass for next year's grazing, control weeds by spraying with one pound of 2,4-D per acre. Usually one application will give good weed control throughout the growing season. Weeds must be sprayed in early spring when they are about six inches tall and growing rapidly. Pasture weed control using 2,4-D costs about \$2 per acre.

See your county agent for information about chemical weed control and pick up a blueprint on how to make a pasture weed sprayer. Your county agent also has information about other range management practices which will pay you big dividends, advises Hoffman.

**NEW MARKET FOR PORK PRODUCTS**

College Station — Pork products packed in cans containing from twelve ounces to three pounds will soon appear in markets throughout the nation. These products will be new in flavor and texture and will include ham, pork shoulder picnics, loins and beef and pork luncheon meats, all of which have been marketed in larger cans for some time.

Roy Snyder, extension meats specialist, says the new all-meat canned products are not heated as high as is the practice for products in small containers now on the market and will correspond closely to the flavor and texture found in larger cans.

The decision to allow cured pork to be marketed in small cans under three pounds without pressure cooking was made only after several years of careful study by the USDA had provided assurance of the safety of such products. Snyder pointed out that over 500 million pounds of these products in the larger cans have been merchandised successfully each year in the

production will wear a calf 10 percent lighter than normal, a substantial loss in these days of high beef prices.

Swine producers also lose from this disease. Infected sows abort or give birth to weak litters. Sows frequently become sterile following abortion. The disease damages the bones of the spine, with the resulting paralysis in up to 20 percent of infected animals.

Patterson has written a leaflet which discusses the two programs which can be used for brucellosis eradication. Your county agent has copies or write the Agriculture Information Office, College Station. Ask for L-308.

U. S. These ready-to-eat pork and luncheon meat products are cured prior to packing and cooked in the can so as to have an internal temperature of at least 150 degrees F, which is not a sterilizing temperature as usually used when canning some of our other food products. Therefore, the canned product must be refrigerated after this heating. Labels for these products must be approved by USDA's Meat Inspection Division officials before use and will bear prominently the statement "Perishable — Keep Under Refrigeration" on each principal display panel.

The specialists warns that dealers and homemakers should store these products in a refrigerator. Meat packing officials have indicated that this new outlet should stimulate the sale of pork products because of the fine flavor and texture that can be delivered in a convenient form.

GO TO CHURCH SUNDAY.

**Safety Belts In Autos Could Be Life Savers**

Austin — Consider these bits of information from the Texas Safety Association as you whiz down the highway in your car:

1. Seat belts cut your chances of getting hurt in an auto accident in half.
2. The risk of death or serious injury in an auto wreck is five times greater if you are hurled from the car than if you remain inside... seat belts help keep you there.
3. Safety men estimate 5,000 lives could be saved each year if seat belts, properly installed, were used in cars.

These are some of the facts safety experts are armed with in their attempt to popularize the use of auto seat belts.

Seat belts, according to TSA, are a positive step a motorist can take toward safety and a

constant reminder to keep his safety guard up. Also, contrary to much thinking, seat belts help reduce driving fatigue.

Is the risk of being thrown from your car in a crash exaggerated?

No! Says TSA, which reports that a recent study showed that in actual crashes, 55 percent of the doors open. Of the persons killed, 47 percent were thrown from the car.

However, experts do not claim seat belts are the sole answer to traffic accident problems, but they do know their widespread use could go a long way in reducing traffic injuries and fatalities.

The fellow with money to burn seldom sits by the fire.

Read 11 Corinthians 8:7-12.

Assuming that earnest willingness, the gift is acceptable according to whatever a man has, and not according to what he has not. (11 Corinthians 8:12. Weymouth)

The Corinthian Church had voluntarily undertaken a collection for the relief of Christians in Jerusalem. Paul planned to visit Corinth and asked that the offering be ready when he arrived.

The Corinthians, however, put off giving until they had more means from which to make their offering. But Paul assured them that if they gave according to that which they had, the gift would be acceptable to God.

That which we have can be of more use to Christ than we imagine. Our willingness to do for Christ as much as our means allow is what God needs in order to advance His kingdom.

A lad in ancient Rome said, "Father, my sword is too short." "Well, said his father, "add a step to it." By doing for Christ as much as our means allow, we

TEXAS CORNUCOPIA IS BRIMFUL

College Station — A wide variety of plentiful foods will be available in Texas markets next month, as turkeys, pork and cranberries head the parade reports the Texas Agricultural Extension Service.

These three items have been selected as foods to feature because available supplies are larger than normal.

Other November plentifuls for Texas are broilers-fryers, lard, apples, potatoes, sweetpotatoes, onions, almonds, filberts, rice, lamb and dried beans.

With such a variety of abundance, all of November should be filled with hearty eating and a thankfulness for the bountiful cornucopia provided by America's farmers and food industry.

# Llano Stuns Mountaineers 40-0

The Llano Yellowjackets scored twice in the first, third and fourth quarters last Friday night to hand the Mountaineers their ninth straight defeat this season, to the tune of a 40-0 score. The Mountaineers gained only 28 yards rushing and lost 25 yards rushing, while Llano gained a total of 520 yards rushing and lost only 6 yards. In the passing department, Llano did not get credit for attempting a pass. The Mountaineers attempted 21 passes and completed 10 for a total of 136 yards. Pass interceptions hurt the Mountaineer cause considerably, as the Jackets intercepted 5 passes, two of them being inside the Llano 40-yard line. However, the Mountaineers did make eight first downs.

**The Game**

The Mountaineers kicked to the Jacket 20-yard line with a return to the Jacket 40-yard line. The first of 12 penalties put the Jackets back on their 25-yard line. Making three first downs, the Jackets drove to the 1-yard line, then were penalized 15 yards, and drove over in two plays, missing the extra point try.

The Mountaineers took the kick-off on their 12-yard line and returned to their 42-yard line. Failing to gain, they punted to the Jacket 26-yard line with a return to the Mountaineer 36-yard line. It took the Jackets three plays to go the 36 yards for the TD. Try for extra point was missed.

The Mountaineers took the kick-off on their 16-yard line and returned to their 30-yard line, made a first down on a long pass, then failed to gain and punted to the Llano 9-yard line. The Jackets lost back to their 3-yard line, then one play put them on the Santa Anna 36-yard line as the quarter ended.

The Jackets gained to the Mountaineer 27-yard line and a penalty from the point of foul put them back on the Mountaineer 36-yard line. They gained one yard, then lost one and the ball went over to the Mountaineers. A 5-yard penalty put the Mountaineers on the 49-yard line, a completed pass gave them a first down, two ground plays gained another first down on the Jacket 33-yard line. A short pass, a short gain and a fumble gave the Jackets the ball on their 43-yard line. A 15-yard penalty put the Jackets on their 30-yard line, then they drove to the Mountaineer 2-yard line, a then the Jackets intercepted another one on the Jacket 34-yard line. From there the Jackets drove to score again with the last play being good for 30 yards. Try for extra point was good.

The Mountaineers took the kick-off on their 8, returned to their 15-yard line, then had another pass intercepted and returned to their 7-yard line. A 5-yard penalty put the Jackets back on the 12, then the Jackets went all the way again, and the try for extra point was good. The Jackets kicked to the

The Mountaineers took the kick-off on their 15-yard line, lost back to their 11 and a 5-yard penalty put them back on their 6-yard line. Two completed short passes put them back on the 15 and then punted to the 50-yard line, with a return to their 31-yard line. The Jackets lost 2 yards then gained to the Mountaineer 29-yard line and the ball went over. The Jackets received a 5-yard penalty, then the Mountaineers completed a pass to their 44-yard line, then a long pass was completed that took the ball to the Jacket 12-yard line. One ground play gained almost a yard, then the Jackets intercepted a Mountaineer pass on the 9-yard line. On the next play the Jackets fumbled and the Mountaineers recovered on the Jacket 13-yard line. A ground play was good to the line, then the Jackets intercepted another Mountaineer pass on their 8-yard line. One ground play was good to the 11-yard line, then their fullback broke into the clear and went 89 yards to score. The extra point try was good for one point.

The Jackets kicked to the 18-yard line, with the Mountaineers returning to the 43-yard line, then fumbled and the Jackets recovered. The Jackets gained 7 yards, the Mountaineers were penalized 15 yards, then the Jackets were penalized 5 yards, which put the ball on the Mountaineer 25-yard line. In two plays the Jackets scored again and kicked the extra point.

The Jackets kicked to the Mountaineer 16-yard line with a return to the 34-yard line, as the quarter ended.

The Mountaineers received a 5-yard penalty to begin the fourth period, missed one pass then completed a pass for a first down, then had another intercepted on the Llano 49-yard line. The Jackets gained to the Mountaineer 31-yard line and lost the ball on downs. The Mountaineers missed a pass, then completed one for 9 yards. The Jackets were penalized 15 yards, then the Mountaineers connected with another pass for 9 yards, then lost 10 yards and their 43-yard line. A 15-yard penalty connected with another pass for 14 yards and another first down. The Mountaineers missed a pass, then the Jackets intercepted an-

**FOOTBALL ROUNDUP**

The Goldthwaite Eagles pulled the upset of the week Friday night by pulling a 6-6 tie off with the Burnet Bulldogs. Burnet had been picked to win the game going away, without any trouble.

Burnet, has apparently been pretty well over-rated thus far in the season. Very few of the teams they have played are known in this area. In their first conference game, they lost by a big margin to Mason, then last week were tied by Goldthwaite. So we wonder if the Bulldogs are as strong as they have been picked to be.

Mason was scheduled to play the Killen "B" team Friday night, but we have no reports that the game was cancelled. It could have been that the game was cancelled due to the weather, which was pretty foggy in that part of the country.

By MRS. TOM RUTHERFORD

Little Ronnie Switzer, who received a broken leg the last week in August, had the cast removed from the leg Friday. But he will be using the crutches for another week. Ronnie is the son of Mr. and Mrs. Thomas Switzer.

Mr. R. A. Baker of Winchell spent Sunday and Sunday night with his daughter, Mr. and Mrs. Darwin Lovelady and Randall.

Mr. and Mrs. Roy Clifton of Millersview were Sunday dinner guests with their daughter, Mr. and Mrs. Lee Abernathy and children, Linda and Rickey.

Mrs. Florence Carter and son, Leon were greeting friends in our community one day last week. The Carters moved into Brownwood last week. They have been living for several months, a short distance out of Brownwood.

Mr. and Mrs. Rex Turney and

children of Santa Anna spent Sunday with his parents, Mr. and Mrs. Bert Turney.

Mr. and Mrs. Hillary Rutherford visited with his parents Thursday night. Hillary had the misfortune of receiving a broken nose while working at Blanco, Wednesday. He is doing fine and returned to Blanco Sunday afternoon.

Mr. Balford Peeples and his sister, Mrs. Edna Smith spent Thursday night with another sister, Mr. and Mrs. Zack Bible. Friday the group left for Los Cruces, N. M., to be at the bedside of a brother, Mr. Gene Peeples, who is seriously ill.

Mr. and Mrs. Aaron Avant were in Christoval one day last week to visit their son, Mr. and Mrs. James Avant and family.

Mr. and Mrs. Emel Bowers of Melvin spent Sunday with Mr. and Mrs. Babe Gardiner.

Mr. and Mrs. Roy Clifton of Millersview visited with Mr. and Mrs. Nick Buse and Earla Sunday afternoon.

## Traveling Science Teacher Visiting Local Schools

Harry R. Calvird, one of 20 specially trained science teachers participating in an eight-state traveling science demonstration-lecture program during the 1959-60 school year, is spending this week in the Santa Anna schools, giving a number of science demonstrations and lectures.

The program is supported by Mr. and Mrs. Lavaughn Snowden and children of Brownwood visited his sister, Mr. and Mrs. Graham Fitzpatrick and children Saturday.

Mr. and Mrs. James Avant and family of Christoval and Mr. and Mrs. Douglas Avant and children of Brady were Sunday guests of their parents, Mr. and Mrs. Aaron Avant. Other visitors in the Avant home Sunday were Mr. and Mrs. Beans Radle and Ruth of Santa Anna.

a \$335,000 National Science Foundation grant to Oklahoma State University, Stillwater, where Calvird spent three months during the past summer in preparation for the job.

While at OSU he was issued a station wagon completely equipped with lecture-demonstration apparatus and supplies. He and the other 19 traveling science teachers were selected by a committee of scientists because of their outstanding qualifications.

Calvird, 35, was born at Parsons, Kan., and attended schools in Denison, Tex., where he graduated from high school in 1940.

He attended Colorado State college, Greeley, Austin college, Sherman, Tex., and Southeastern Oklahoma State, Durant, where he received a BS degree with honors in education in 1952.

A member of the Presbyterian Church, he is on leave from Huerfano County high school, Walsenburg, Colo., where he taught mathematics and physics during the 1958-59 school year.

His special interests are fishing, hunting and bowling, and his travels while in the service took him to China, India, and the Mariannas Islands.

## Class Of 1938 Enjoyed Luncheon At Homecoming

Ten members of the Class of 1938 and their families enjoyed a luncheon in the Tex-Anna Hotel Dining Room Saturday, October 24, during the homecoming activities. The luncheon was served by Mrs. Billie Guthrie, Mrs. Idella Wristen and Mrs. John Gregg, all wives of members of the class.

Present were Mr. and Mrs. Thomas Wristen, Mr. and Mrs. M. L. Guthrie, Les and Lane, Mr. and Mrs. John Gregg, Darlene, Juanell and John Wayford, all of Santa Anna; Mr. and Mrs. Mace Blanton of Fort Worth; Mr. and Mrs. Jack Allen (Gale Collier) of Midland; Mr. and Mrs. Arnold Richards, Ronald Paul, Bryan Keith and Clark Lane of Lubbock; Mr. and Mrs. A. The Class of '38 luncheon is an annual affair for all members of the class.

The flag of Denmark is the oldest one in use today.

## 2-Year-Old Is 'Dimes' Poster Girl

Mary Beth Pyron, 2, daughter of Mr. and Mrs. James T. Pyron of Florence, Ala., has just been chosen national poster girl for the New March of Dimes 1960 campaign in January. Her picture will appear on millions of posters (above), canisters and coin collectors in every town and village of the country, symbolizing the New March of Dimes attack on crippling birth defects, arthritis and polio, diseases that affect one in every four U. S. families. Mary Beth was born with an open spine and water on the brain. Medical science knows no way of helping her. Hope lies in scientific research supported by the New March of Dimes. Mary Beth is a sunny, affectionate child and loves to ride her new walking horse (left). Her brother Tommy, 4, is a normal child.

MISS CAROL MCCLELLAN

Mr. and Mrs. J. W. McClellan announce the approaching marriage of their daughter, Carol, to Mr. Donnie Simmons, son of Mr. and Mrs. M. R. Simmons. Vows are scheduled to be exchanged in the First Presbyterian Church on Wednesday, November 25th. Miss McClellan is a graduate of Santa Anna High School. She is attending McMurry College in Abilene now. Mr. Simmons is also a local graduate and a graduate of Howard Payne College. He is presently teaching in the Abilene school system.

Rutherford - Smith Vows Are Read

Patsy June Rutherford and Robert Lee Smith exchanged wedding vows Friday evening in a double ring ceremony, read by Dr. Lindell Harris, chairman of the Bible Dept. at Hardin Simmons University.

Mr. and Mrs. Tom Rutherford of Whom are the parents of the bride. The bridegroom is the son of Mr. and Mrs. Ras Smith of Scotland, Texas.

The home of Mr. and Mrs. Kermit Newton, 3301 Ward Drive, Abilene, was the scene of the wedding.

Virgie Stevenson and Sam Scroggins were honor attendants. Miss Stevenson wore a dress of blue wool jersey and carried a nosegay of pink carnations.

The bride wore a sheath of pink wool styled with a blouson top and three-quarter length sleeves. She carried garnet roses on a white Bible, a gift from the Helen Jean Parks Young Woman's Auxiliary of the First Baptist Church. A white feather hat and white gloves completed her costume.

A reception followed the wedding. Those who served were: Ruby Billington, Rhama Pope and Mrs. Newton.

After a short wedding trip, the couple will be at home at 500-33 St. Snyder, where the bridegroom is employed with the Lane Wells Oil Co.

YWA Met With Mrs. Harris

The Young Woman's Auxiliary of the First Baptist Church met with their sponsor, Mrs. Dorothy Harris, Wednesday, October 28 at 5:45 p. m. Upon arrival the girls were served refreshments of punch and cookies.

The group sang, "O Zion Haste," followed with a prayer by Peggy Hawkins.

A book review was given by Mrs. Maurice Smith. The book, "Missionary Assignment," concerned the various kinds of work

done by missionaries all over the world. Mrs. Smith showed some colored slides of the people in Ghana, Africa and the places where the missionaries live.

Mrs. Harris closed the meeting with a prayer.

Members present were: Sonja Dunn, Clois Cullins, Reta Ing, Lula Hawkins, Carole Campbell, Peggy Hawkins, Glenda Vineyard, Alice Lovelady, Frances Biggs, Ruth Radle, Mrs. William Brown, Mrs. Smith and Mrs. Harris.

Mr. and Mrs. Wayne Horton, Cissy, Timothy and Jennifer of Houston, spent last weekend with her parents, Mr. and Mrs. W. R. Mulroy, and attended the Homecoming.

Nitia Daniell Circle Meeting

The Nitia Daniell Circle of the First Methodist Church met in the home of Mrs. Emma House Tuesday, Nov. 3, at 7:00 p. m.

Mrs. Martha Thompson was leader for the program. The devotion on "The Ten Commandments" was given by Mrs. Hettie Scarbrough. A playlet, "Relocated Chinese Christians," was given by Mmes. Thompson, Wilma Welch, Dorothy Watson, Lucille Dean, Frances Elliott, Emma House. The program was closed with a prayer by Mrs. Mildred Galloway.

Mrs. Galloway presided at a short business meeting following the program. During the social hour the

hostess, assisted by her mother, Mrs. B. K. Riggs, served German Chocolate cake and coffee.

Other members present were Mmes. Eva Nell Benge, Avis Hays, and Miss Pauline Eubank.

THE BIG CHANGE

If you're like most homemakers, you'll agree to this: seeing your family sit down to a delicious dinner is one of the biggest thrills any woman can have. But—how often can you really enjoy it, when you're tired out, exhausted, after hours of battling with a balky, old-fashioned stove. Well, if that's your situation, get ready for something wonderful to happen—to you! Just start cooking with a modern, automatic electric range. Here's cooking that's faster, easier, cleaner—a range that does the work for you, turns itself on and off so that you don't even have to watch the food cook. You'll find that you'll enjoy dinner, too, along with the rest of the family. This is really living better—and cooking better—electrically. See the new automatic electric ranges on display today at your electric appliance dealer.

## Students Write Themes About Fire Prevention

(Editor's note: Following is the second in a series of top themes by Santa Anna students on fire prevention. This theme, by Kenneth Harris, was the second place winner in the Senior Class.)

### MAJOR CAUSES OF FIRES IN SANTA ANNA

By Kenneth Harris

Fires in Santa Anna destroy a great deal of property each year. Most fires are caused by careless people. If people would take time to check wiring and other fire hazards, a great number of fires could be prevented.

One of the major causes of fires in Santa Anna is bad wiring. Many people think they are electricians and try to do their own electrical work. To often they over load a line and cause

the wiring to heat causing a fire. Some people in Santa Anna have used uninsulated telephone wire to carry electricity in the attic of their homes. This is extremely dangerous. Some people try to plug too many appliances into one outlet.

In the last two years there has been three major fires in Santa Anna caused by electricity. This may be due to the fact that Santa Anna has no electrical code. Not having a code allows people to do their own wiring and it also does not require people to have their wiring checked.

A very small percent of the fires in Santa Anna are caused by means other than electricity. If fires in Santa Anna could be limited to causes other than electricity, there would be few fires.

I think that if a very strict wiring code was placed on Santa Anna, we would have less fires. Since there is no code, people should take it on themselves to see that the wiring in their home is entirely safe.

Mr. and Mrs. Bill Skinner of Childress spent the weekend with Mr. and Mrs. Add T. Walker and family.

Mr. and Mrs. Kent Martin of Wingate visited over the weekend in the home of her parents, Mr. and Mrs. Chap Eeds.

Harper Hunter of Midland, and his mother, Mrs. Ora Hunter of Santa Anna, visited in Dallas over the weekend.

Mr. and Mrs. Joe Robertson of Austin were here for the Homecoming recently and visited with relatives while here. They visited Mrs. Maud Smith, the Albert Dodgens and the Milford Harris.

GO TO CHURCH SUNDAY.

## \$60,000 Paid In County In Social Security Benefits

As of February 1959, old-age, survivors, and disability insurance monthly benefits were being paid in the sixteen county Abilene district at the rate of just over \$12,000,000 a year, according to R. R. Tuley, Jr., manager of the Abilene social security district office.

"This is an increase in money of about 31% over December 31, 1957, and an 18% increase in the number of beneficiaries," Tuley said.

Tuley stressed that while the benefits are intended primarily as a foundation for the beneficiary's economic security, the payment of social security benefits at the rate of \$59,601.00 a month in Coleman County for example, helps business in the community generally because most of the money is spent immediately on food, clothing, and other necessities. "In February social security benefits were being paid nationally at a rate of nearly 10 billion dollars annually."

"There were several reasons for the increase in beneficiaries over last year," he said. The long-term growth of the aged population and of the proportion eligible for benefits are important factors in the continuing increase in the number of beneficiaries. Other reasons for the increase of beneficiaries are found in the provisions of the 1958 Amendments to the Social Security Act which now make it possible for the wife, dependent husband, and children of a disabled worker-beneficiary to receive monthly payments. These amendments also provide for benefits to aged dependent parents of a deceased worker or even though other survivors are

**Check Your Drivers License To See If It Is Valid**

Do you have a VALID Drivers License? One that has expired is NOT VALID and proves quite embarrassing and sometimes expensive if you are driving a motor vehicle, according to Major Wilson E. Speir of the Texas Department of Public Safety. Major Speir reminds us that approximately one out of 25 drivers are found to be operating without a valid license. Many of these actually thought their License was still valid — that is, until a Patrolman checked the date of expiration.

The Department of Public Safety realized several years ago that a sizeable number of drivers overlooked the expiration date, so they instituted a system of mailing a courtesy reminder to each licensed driver in Texas shortly before it was to expire. This courtesy notice is put in the mail about a month before the license is to expire and it has instructions on how to renew by mail, or by presenting it at any Drivers License Office. However, this is only a courtesy notice and you should not rely on receiving it in every instance. For various and sundry reasons some license holders fail to receive this notice, according to word from Captain J. B. Hart of the Midland Region Drivers License Office. He states that you may renew your license without the notice by presenting your old license at one of the Drivers License Offices where Drivers License personnel will gladly assist you.

Do you have a VALID LICENSE? If not, the officers had much rather you would make that discovery NOW than for them to be forced to remind you. Please check your license and see if it is VALID. We want you to be able to smile when a Patrolman checks your license, and tell him you are one of the twenty-four instead of that twenty-fifth one whose license has expired.

Mr. and Mrs. J. W. McClellan attended funeral services in Austin for Mr. H. B. Dieter recently. Mrs. Dieter is the former Frances McClellan, a sister of J. W. McClellan.

Mr. and Mrs. C. W. Stephenson visited Sunday in Abilene with their son, Mr. and Mrs. C. W. Stephenson and family. Her mother, Mrs. George Richardson, went with them and remained for a visit of several days with her sons, Willis and Curtis Richardson and families.

Mrs. Lee Tatum returned home Saturday from Fort Worth where she had been visiting a son and family.
