## U.S. Navy To Protect All Lend-Lease Cargoes

### Germany Make Gains In Kiev, Leningrad Areas

### Resident Of City Since 1908 Expires

Mrs. Nora Anderson, wife of J. N. Anderson, died at her home on the west highway at 8:30 o'clock Sunday evening.

Ill since December, her condition had been serious since Thursday. Funeral will be held at 2 o'clock Tuesday afternoon from the home.

Born, February 1, 1871, Mrs. Anderson had lived in Big Spring since October, 1908. She was a member of the Methodist church. Survivors include the husband; five daughters, Mrs. Jennie Odum Coleman, Mrs. Ida Bledsoe, Mrs. Ella Lloyd and Mrs. Fannie Ruth Dooley, all of Big Spring, and Mrs. Beadie Mae Cook of San Angelo; three sons, W. A. Odum of Carlsbad, New Mexico, Ernest Odum of Big Spring, and John Anderson of Knott; two sisters, Mrs. Margie Caudle of Big Lake and Mrs. Emma Coleman of Big Spring; a brother, Hub Underwood of Big Spring; 35 grandchildren, and four great grandchildren.

### Dried Human Arm, 1892 Vintage, Has Officers On Alert

BROWNWOOD, Sept. 15 (AP)—A dried human arm and hand which a Brady youth was carrying in his automobile today sent officers scurrying on the trail of a series of murder rumors.

### Huge Maneuvers Begin—

## Second Army Launches All-Out Blitzkrieg

By JERRY T. BAULCH WITH THE SECOND ARMY IN LOUISIANA, Sept. 15 (AP)—In a lightning invasion of Third Army territory, the Second Army's 130,000 troops swept south across the Red River along a 100-mile front a few hours after the biggest maneuvers in the nation's history started today.

Without opposition, as Lt. Gen. Walter Krueger commanding the Third Army apparently had been ordered to hold his 330,000 in check far south of the river, mechanized legions of Lt. Gen. Ben Lear crossed at dozen points between Shreveport and Alexandria.

The biggest push came from the north, where Maj. Gen. G. S. Scott sent his columns of tanks and armored vehicles of the first armored corps toward the Sabine river to strike directly at Krueger's western flank on the Texas border.

At the southern end of the Second Army front, flexible, fast-moving infantry divisions captured Alexandria, took over that city's radio station to cut off communications and then drew the Third Army's attention with a furious feint at the east flank.

In the center of the line, Maj. Gen. Robert C. Richardson, Jr., moved his 75,000 men of the Seventh Army Corps across a 50-mile front from Colfax to Coushatta, using two traffic bridges and four pontoon spans floated before dawn.

The first armored division had the longest trip to the battle front, sweeping northward to cross Red River and capture Shreveport. Then Major General Bruce McGroder headed south-west of the Sabine river and the Third Army's left flank.

The center of action was at Coushatta, mid-way point of the 100-mile front. All along the jungle like shores of the river, posts were established while infantry and artillery moved into position under cover of darkness for the dawn jump-off.

Old Ironsides Takes A Village—The First Armored Division, nicknamed "Old Ironsides," shows how its troops would capture a village held by enemy troops. The scene was snatched at Cantor, La., during current war maneuvers. Rolling Barkdale Field, supported the land attack, rear overhead. Defending troops are shown at right and left.

### Jarrin' Jawn Is Sued For Half Million

Pro Team Owner Claims Share In Griddler's Income HACKENSACK, N. J., Sept. 15 (AP)—Texas' John Kimbrough was sued today for \$500,000 by Douglas G. Hertz, owner of the New York Yankees professional football team, who charged the 1940 all-America player with breach of contract.

Hertz, Rockleigh, N. J., sportsman and promoter, also obtained in Vice Chancellor Vivian M. Lewis' court in Paterson, N. J., a temporary order restraining Kimbrough from going through with business activities unless Hertz obtained a partner's share of the profits. The order also called for an accounting of Kimbrough's profits.

The suit in Bergen county court charged that Kimbrough, now in Hollywood making a motion picture, entered into a 5-year contract under which he would play football and Hertz would handle the fullback's personal activities and share equally in profits over \$25,000 annually.

### Coast Storm Blows Over

NEW ORLEANS, La., Sept. 15 (AP)—A storm that threatened the Texas gulf coast apparently had blown itself out without causing any damage today.

## America To Iceland Convoys Likely; Revision Of Neutrality Act Studied

### Knox Reveals Naval Plans In Speech Before Legion Convention

MILWAUKEE, Wis., Sept. 15 (AP)—Secretary Knox told the American Legion's convention today that, beginning tomorrow, the United States navy would protect all lend-lease cargoes traversing the sea "between the American continent and the waters adjacent to Iceland."

The navy chief described the Atlantic fleet's orders in unequivocal language—"to capture or destroy" every axis surface or sub-surface raider encountered.

Although Knox avoided the particular word "convoy," his announcement recalled the interpretation given President Roosevelt's shoot-on-sight speech of Thursday night in London, particularly by the British press which broke out such jubilant headlines as: "U. S. to guard our ships."

The Knox announcement constituted the first official disclosure of how the navy was preparing to carry out the new policy enunciated by Mr. Roosevelt—that henceforth axis war vessels entering United States "defensive waters" would do so at their own peril and that American naval vessels would not wait for them to shoot first.

In a speech prepared for the Legion convention, Knox said "Beginning tomorrow, the American navy will provide protection as adequate as we can make it for ships of every flag carrying lend-aid supplies between the American continent and the waters adjacent to Iceland."

"These ships are ordered to capture or destroy by every means at their disposal, axis-controlled submarines or surface raiders encountered in these waters."

"That is our answer to Mr. Hitler's declaration that he will try to sink every ship his vessels encounter on the routes leading from the United States to British ports."

Whether "protection a safeguard as we can make it" meant that U. S. warships would begin escorting convoys of British and other cargo vessels tomorrow was a matter of conjecture, but the fact that an interim of four days was necessary between President Roosevelt's statement and the beginning of this protection indicated that some special arrangements requiring time to complete had been made.

### American Mission To Reds Reaches London

LONDON, Sept. 15 (AP)—With a writ of the R.A.F. reported already in action against Germany on the eastern front, the entire U. S. mission to Moscow has arrived in Britain for stop-over talks before continuing on to the Russian capital for consultation with the British and Russians on how to beat Adolf Hitler.

Junior members of the American mission reached London yesterday with the Russian ambassador to Washington, Constantin Oumanskiy, after a transatlantic plane flight, and the American embassy announced today that W. Averell Harriman, head of the mission, and the remainder of the delegation had arrived "somewhere in the United Kingdom."

### Ackerly People Hurt In Crash Near Plainview

LUBBOCK, Sept. 15 (AP)—Two persons were killed and nine injured in two automobile accidents near Lubbock last night. Ralph Smith, 15, of Idalou, was killed in a head-on collision of cars driven by Bailey Guess, Jr., 19, of Idalou and Clint Rhea, 49, of Ackerly.

### Rayburn Says No Definite Plan Reached On Neutrality Changes

WASHINGTON, Sept. 15 (AP)—Speaker Rayburn told his press conference that revision of the neutrality act was discussed by legislative leaders at a conference with President Roosevelt at the White House today but that no conclusions had been reached.

The speaker did not disclose the details of the discussion but said, in answer to a question, that there had been "a lot of talk about it."

At the same time, Rayburn said the president would send a message to congress Thursday on the subject of a new lend-lease appropriation which informed sources said would amount to about \$6,000,000,000.

Since President Roosevelt's order to the navy to shoot axis sea raiders on sight in American defensive waters, there has been considerable speculation as to whether outright repeal of the neutrality law, which forbids entry of American merchant ships into combat zones, might be proposed or whether the arming of merchant vessels would be undertaken.

A provision of the neutrality law forbids the arming of merchant ships engaged in commerce with any foreign nation after the president has proclaimed a state of war exists between any countries.

### Baptist Men Will Convene Here Tonight

Baptist laymen, members of Brotherhood organizations in the three associations of district No. 8, will convene here at 6:30 p. m. on the young people's acampment grounds in what is due to be the first of a series of annual overnight meetings.

In charge of the inspirational program will be Joe Williamson, district president.

Among outstanding speakers on the program are R. A. Springer, Dallas, state Brotherhood president, Dr. F. M. McConnell, Dallas, editor of the Baptist Standard, Dr. George J. Mason, head of the Baptist foundation, and the Rev. Vernon Shaw, Snyder.

First item on the business is a barbecue at 7 p. m., followed by a song service in charge of Wallace Wimberly and John Matthews, Midland. Two male quartets, one from Lamesa and headed by Dor-man Kinard and one from Snyder in charge of Jack Inman, will be heard in addition to talks by Springer and Dr. Mason.

Tuesday at 7 a. m. the second day of the program starts with breakfast, followed by a devotional hour in charge of Owen Taylor, Lamesa and then a soul winning testimony meeting led by Lyman Wren, Snyder.

Brief talks will come from T. D. Wynnan, Westalla, B. T. Hambrick, Ackerly, C. V. Wash, Foran, and Thomas J. Pitts, Odessa. Addresses by the Rev. Shaw, Springer and Dr. McConnell will be heard before the concluding luncheon. The campment is being financed by the churches of the district.

### Roosevelt Says Anti-Axis Forces Given 190 Million Dollars Worth Of Goods

WASHINGTON, Sept. 15 (AP)—President Roosevelt reported to congress today that actual exports of American war supplies to nations fighting the axis, under the lend-lease program, had totalled \$190,447,670 up to August 31.

This figure represented expenditures for weapons and other supplies actually sent abroad.

But, the president added, defense articles transferred, including some still waiting to be shipped, amounted an additional \$25,946,701, while various services, such as repairing naval vessels, added up to still another figure of \$78,160,377.

In services, transfers of title and actual exports, the United States had provided \$254,565,748 in assistance to the foes of the axis.

Furthermore, expenditures for articles for services not yet finished added up to approximately \$182,000,000, Mr. Roosevelt said.

### Auto Quotas Again Cut

WASHINGTON, Sept. 15 (AP)—The Office of Production Management announced today that December production of passenger automobiles would be cut 48.4 per cent below the output of last December to conserve essential materials for defense.

Manufacturers will be permitted to produce only 204,848 passenger cars in December, compared with 396,823 in December 1940, it was made known at a meeting of Leon Henderson, director of O.P.M.'s civilian supply division, with the automotive defense industry advisory committee.

The December curtailment will be heaviest against the "big three"—General Motors, Chrysler and Ford—amounting to an average of 51.5 per cent for these large companies. The reduction is only 15.3 per cent for the other companies, Studebaker, Hudson, Nash, Packard, Willys-Overland and Crosley.

### Weather Forecast

WEST TEXAS—Fair this afternoon, tonight and Tuesday. Little change in temperature.

EAST TEXAS—Considerable cloudiness with showers tonight and Tuesday in north portion and near upper coast, fair to partly cloudy in southwest portion and lower coast. Moderate to fresh mostly southeast and south winds on the coast.

### Glamor Girl's Pre-Debut Smile

Miss Betty Corbett, this year's "glamor girl," shows off her smile and debut gown just before making her bow to society at the debutante ball Friday.

### Equalization Board Reconvenes Tuesday

The equalization board, sitting jointly for the City of Big Spring and the Big Spring Independent School district, will reconvene at 9 a. m. Tuesday at the city hall in what may prove the final session. Two sessions were held last week and some clients still were registered for interviews with the board.

### Senator O'Daniel To Speak At Dallas

WASHINGTON, Sept. 15 (AP)—Senator O'Daniel (D-Texas) will speak Sept. 17, at a Constitution Day celebration at Dallas, Texas, aides said today.

The celebration will be held at Fair Park, under sponsorship of the Dallas Bar association, chamber of commerce and other organizations.

Declaring that aid is not an act of charity or sympathy but a means of defending America, the chief executive added:

"We offer it because we know that piecemeal resistance to aggression is doomed to failure; because the ruthless war machine which now bedrives the continent of Europe can be combated only by the combined efforts of all free peoples and at all strategic points where the aggressor may strike."

# Early Finn Peace Hint Again Heard

HELSINKI, Finland, Sept. 15 (AP)—The possibility that Finland may be near the end of her war with Soviet Russia was heightened today by the declaration of a government spokesman that there are "good hopes of peace in the near future."

Any talk of a separate peace with Moscow was ruled out, however, by Vaino Tanner, minister of trade and communications and leader of the dominant social democratic party, in an address to the nation yesterday.

He stressed that Finland was an ally of Germany "only by accident" and that this country would continue to fight only as long as her interests demanded.

"It is for us an entirely defensive war with the aid of which we desire to obtain secure frontiers and lasting peace," Tanner said. "Whatever is needed to secure this must be done, but there our task also ends."

Finland, he added, never wanted war but he declared that since "barbarous and expansionist Russia" is a neighbor "our long frontier is still insecure and it is probably essential that we should render areas beyond it safe in a military sense. Before that, there is no possibility of concluding peace with anybody."

## Iran Warned To Clear Out Nazis

TEHERAN, Iran, Sept. 15 (AP)—A spokesman of the soviet embassy declared today that the Iranian government "will find itself in very tight quarters by tomorrow, great difficulties" unless axis agents, German, Italian, Hungarian and Rumanian diplomats had asked postponement of their own departures until all their nationals had been sent off to internment.

Another contingent of Germans left this morning, 220 for India in British custody and 21 for Siberia under Russian guard. About 150 men still are awaiting transportation.

## Man Lives After Car Goes Over High Cliff

GRAND COULEE, Wash., Sept. 15 (AP)—William Thomas' automobile left the road on a sharp curve and dived 250 feet down a cliff. Thomas crawled out of the wreckage and hitch-hiked to a Mason City hospital. His injuries were a cracked rib and minor cuts.

## SALUM FRONT BOMBED

BERLIN, Sept. 15 (AP)—German Stukas last night dropped heavy bombs on British concentrations, tank and motor vehicle concentrations on the Salum front, the "no man's land" between British and axis lines on the Egyptian-Libyan border, the high command reported today.

## Is Your Laxative a Leader?

A good reason you ought to try BLACK-DRAUGHT next time is—it has been a favorite laxative in the Southwest for four generations! You'll discover an all-around good laxative—spicy, aromatic, easy to take. Used as directed, its action is usually gentle and thorough, too. This is a tonic-laxative ingredient in BLACK-DRAUGHT which helps tone lax intestinal muscles!—adv.

TO ICELAND—Lincoln MacVane of Connecticut, newly-named U.S. minister to Iceland, smiles as he leaves the White House after a recent conference with the President.

## British Pilots Fight Germans On East Front

LONDON, Sept. 15 (AP)—British pilots already are in action against the Germans on the eastern front, British reports said today, following disclosure of the arrival in Russia of RAF units which informed sources hinted soon would be followed by strong reinforcements.

The program to speed aid to the Soviet resolved impetus from another direction, meanwhile, as junior members of a United States mission to Moscow reached London with Constantine Oumansky, Russian ambassador to Washington, after crossing the Atlantic by plane.

It was assumed they would continue shortly to Moscow to participate in three-cornered talks with Russian and British officials concerning the Soviet's war needs.

Arrival of the first British fliers in Russia was disclosed yesterday in a brief announcement that a wing of the RAF—a self-contained unit with full flying and ground personnel—had reached the soviet.

Before the war a wing normally contained three squadrons, but the present strength of such a unit as well as the number of planes in a squadron—is a military secret.

It was presumed, however, that the newly-arrived unit consisted of fighter aircraft, probably speedy Hurricanes and Spitfires such as have formed the first line of defense in Britain.

## Congressmen Tell Of Panama Defenses

WASHINGTON, Sept. 15 (AP)—A congressional committee chairman reported today that the United States is rapidly forging a ring of defenses around the Panama Canal which soon will make it impregnable from the east.

Rep. Harter (D-Ohio), head of a five-man group studying the aviation arm of the nation's defense program, said that already the Caribbean area is very potent defensively and added that "we will be safe enough plenty soon."

## Some Family: Rabbit Has Litter Of 17

SAN BERNARDINO, Calif., Sept. 15 (AP)—There's a big happy family out at Mrs. Bertha Turner's place.

Seventeen baby rabbits turned up in her Belgian hare's second litter, a biological rarity. There were six in the first litter.

# THE WAR TODAY: British Airmen Seek To Save Leningrad

By DEWITT MACKENZIE (Herald Special News Service) The appearance of British-manufactured warplanes on the Russian front, presumably to assist the Reds in their defense of the besieged Leningrad, is a notable demonstration of allied cooperation—but it seems to me that it must be taken as emphasizing that the position of this great and strategically vital city is critical.

These planes are believed in London to have been rushed to the Arctic port of Murmansk. The unit is being described vaguely as a "wing," but this likely means something like forty planes, with full RAF force, including personnel.

Informal quarters in London say that further strong air reinforcements are to follow, but by the slower route through Persia. So this first comparatively small expeditionary force represents a needle to try to pull Leningrad through a mighty tough situation.

These British warplanes may prove a godsend to the hard-pressed Reds, for Berlin tells us that the German air force has, as usual, been a tower of strength in the Nazi offensive. Indeed, the probabilities are that were it not for the Luftwaffe, the invaders would still be far from this ancient capital of the czars, instead of claiming that they have pierced the outer rim of the city's fortifications.

Forty British fighting planes—whatever the number may be—constitute a small force as compared with the total warplanes in action along the Russo-German front, but they can be of big aid in a crisis. For instance, the Muscovites tell us today that the latest duel fought over Leningrad involved 100 planes and that the Germans fled after losing 17. Thus the wing of forty planes would represent nearly half the number engaged on both sides.

Warplanes are the greatest help which Britain can give her hard-pressed ally. One assumes that it will be available at any time now, since British Premier Churchill last week announced that hundreds of planes were being sent to Russia. Right now is the critical time for both the Nazis and the Bolsheviks in the bloody battle raging along the extended front from Leningrad to the Blacksea. Hitler has perhaps a fortnight of fairly good weather left in which to get himself favorably set for the winter—and the Reds are straining every nerve to prevent this.

# MONTGOMERY WARD'S 69TH ANNIVERSARY SALE!

## Save now on every Need!

### SALE OF HAWTHORNE BIKES!

#### With NEW Safety Light! 27 88

Equipped with the new automatic blue flash safety light that flashes a warning when the brakes are applied! Horn, headlight, big balloon tires! Usual Down Payment, Carrying Charge

Boys' and Girls' Models

### WHY PAY \$20 MORE FOR 1941 BEDROOM BEAUTY

#### 3-Piece Modern Suite 74.94

Here's outstanding quality you'd look for at \$20 more! Rich walnut and guineawood veneers and hardwood! Drawer interiors are smoothly finished. Thick turned bed posts. Plate glass mirrors! Matching Vanity Bench . . . . .4.94

# Senate Committee May Investigate Greer Battle With Sub

## Naval Heads May Appear To Testify

WASHINGTON, Sept. 15 (AP) — Amid reports that a German raider was operating in the Pacific approaches to the Panama Canal, the senate naval committee will be asked to decide whether there should be an investigation of the North Atlantic shooting clash between the U.S.S. Greer and a U-boat.

Chairman Walsh (D-Mass.), who summoned the committee to meet Wednesday said he would ask it to question Secretary of Navy Knox and Admiral Harold R. Stark, chief of naval operations, about the Greer incident—one of the recent series which led to President Roosevelt's shoot-on-sight speech Thursday night.

"I think the naval committee should look into the matter," Walsh told reporters. "It is the type of incident which might be used to involve this country in war."

Meanwhile, the navy was believed to be checking reports that a Nazi raider was in the general vicinity of the Galapagos islands off the coast of Ecuador—some 1,000 miles west of the Pacific entrance to the canal—and was preying on merchant shipping.

The location indicated, involving the possessions of a hemisphere nation, apparently would fall within the "defensive waters" area which Mr. Roosevelt mentioned in his speech when he warned axis war craft that they entered those stretches of the sea at their own peril.

The navy treated the raider reports in a very gingerly manner and would give no hint what was being done about them. New York shipping circles for days have been hearing of a raider in that general vicinity, and these sources say that she has sunk one Dutch freighter and given chase to others.

## Stanton NFLA Has Election

STANTON, Sept. 15 (Sp)—The annual meeting of shareholders of Stanton National Farm Loan association was held Saturday morning for the purpose of electing directors to fill terms expiring at this time and to attend to such other business coming before the meeting.

Three directors elected at the meeting were I. T. Graves, re-elected for three years; B. F. White, who had been appointed to fill out the unexpired term of J. F. Cry, deceased, was elected for three years; F. W. Henson, appointed to fill out the unexpired term on account of the death of John F. Epley, was elected to serve until the next annual meeting, which was the time the Epley term was to expire.

Other directors of the association are E. Price and W. C. McClane. Following the shareholders meeting the directors met and elected the following officers for the ensuing year: I. T. Graves, president of the board; B. F. White, vice-president; Ben Carpenter, secretary-treasurer; F. W. Henson, B. F. Smith and I. T. Graves, loan committee; J. R. Sale, Joe Poindexter and alternate loan committeemen.

Forty years ago an oil gusher roared in on a low hill south of Beaumont to open a new industrial era for Texas.

That discovery at Spindletop started our modern Texas petroleum industry and made Texas the nation's leading oil state.

In the forty years since Spindletop blew in, nearly 200,000 wells have been drilled throughout Texas. Over 500 separate fields are now producing in all parts of the State. Today Texas supplies over one-third of the Nation's oil and has over half of its petroleum reserves.

Our industry, by refining almost all of this oil in Texas, has created our largest manufacturing enterprise. By furnishing cheap fuel it has laid the foundation for many other Texas industries.

From a handful of Texans forty years ago, this industry has grown until now, directly or indirectly, it supports almost one million of our people. Its expenditures reach into every section of the State and benefit every Texan.

The discovery of America's first gusher oil field at Spindletop has turned out to be one of the most important events in the history of our state.

*Today all of Texas salutes Spindletop!*

On October 9, 10 and 11, during its annual convention at Beaumont, the Texas Mid-Continent Oil & Gas Association will dedicate a monument to Spindletop.

Inscribed in ageless Texas granite will be the story of oil:  
*"Petroleum has revolutionized industry and transportation; it has created untold wealth, built cities, furnished employment for hundreds of thousands, and contributed billions of dollars in taxes to support institutions of government. In a brief span of years, it has altered man's way of life throughout the world."*

This is more than a monument to petroleum. It is a tribute to Texas enterprise and initiative which in forty years have built a great industry in our State... an industry in which you and every other Texan share.

*This advertisement paid for by various units of the industry and sponsored by*

By GEORGE TUCKER NEW ORLEANS—What a town this is! . . . When I get back to it my heart seems to skip a beat.

Dorothy Thompson Says -- Movie Probe Is Form Of Blackmail

By DOROTHY THOMPSON Some months ago I wrote a column to show that foreign policy was inextricably linked with domestic policy, and that we would either oppose Hitler with all our might and main, or we would end up with Hitlerism in the United States.

FOR THE LOVE OF PAM

Chapter 14 LEO RETURNS

"Hello, Pam," Vin said as Lenore spoke. Pam ignored Vin's greeting. Her eyes flashed at Lenore. "Spies!" she said. "This beach is public. If you don't want to be seen, go somewhere else!"

Hollywood -- Tucker Finds New Orleans Thrills Anew

HOLLYWOOD—"When Ladies Meet." Screenplay by S. K. Lauren and Anita Loos from play by Rachel Crothers. Directed by Robert Z. Leonard. Principals: Joan Crawford, Robert Taylor, Greer Garson, Herbert Marshall, Spring Byington, Rafael Storm, Mona Maris, Max Willens, Florence Shirley, Leslie Francis.

The best thing that can be reported about this new version of Miss Crothers' triangle play is that it is as intriguing a piece as it was when Ann Harding, Myrna Loy, Robert Montgomery and Frank Morgan did it in 1933. It was a top film of that year, and the ladies—those who meet and those who don't—will love it all over again.

"Unfinished Business." Screenplay by Eugene Hackery. Directed by Gregory LaCava. Principals: Irene Dunne, Robert Montgomery, Preston Foster, Eugene Pallette, Dick Foran, Esther Dale, Walter Catlett, Richard Davies, Kathryn Adams, Samuel R. Hinds, June Clyde, Phyllis Barry.

Visit Herald Building The Herald extends the invitation to groups and individuals to visit its plant at 2:30 p. m. on Mondays and Fridays. In the case of large groups, advance notice would be appreciated.

General Mud May Tell Tale In Maneuvers striking force, and 400 planes of a new air task force were alert to spring into overcast skies. Forecasts of scattered rain and aerial visibility of 1,000 to 1,500 feet as a result of a dissipating gulf storm led to curtailment of initial air activity. The second army has an equal force of bombers and fighters, but much of it, authoritative strategists agreed, would be committed to protection of the armored divisions as they probed for an opening in the pine lands southeast of the Red river. "General Mud" might swing the decision should hard rains cause the highly mechanized armored units to bog down. TO RELIEVE A HEADACHE FAST Take Genuine Bayer Aspirin at Once! Only 1 cent a Tablet

Don't miss SONJA HENIE, starring in "SUN VALLEY SERENADE" a 20th Century-Fox film, with GLENN MILLER and his band. ... and don't miss enjoying the great combination of tobaccos in CHESTERFIELD that makes it the one cigarette that's COOLER MILDER and BETTER-TASTING.
