Cows Tested For Tuberculosis

C. V. Robinson, Coleman County Agent, was in Santa Anna Tuesday morning enroute to Brownwood to attend the all-day Pecan school, and reported that 2,560 cows were tested in Coleman County last week for tuberculosis. Seven government veterinarians accomplished the work, and the staff has been increased to twelve for this week.

No one is compelled to have his cows tested, but untested cows cannot be moved from their present pastures, said Mr. Robinson.

RAIN EARLY THURSDAY

Rain early Thursday aggregated 1 1/4 inches in Santa Anna and three inches of water were caught in the Lake, according to reports reaching this office. Rain began falling about 2:00 a. m. There was some wind, but little or no damage was done.

2,000 Cotton Contracts Signed

According to C. V. Robinson, more than 2,000 cotton contracts have been signed in Coleman County for this year, and the entire group will soon be sent to A and M College.

Nancy Conway, daughter of a mother who is bent upon her own wishes, orders a man as a way out of trouble. What's the outcome? Is Lord Lovett the English gentleman he pretends to be? See these characters portrayed in "Bachelor's Choice," senior play, staged in high school auditorium, Friday, April 26, at 8 o'clock. Admission 10c and 20c.

A & M FARMERS' SHORT COURSE ANNOUNCED

COLLEGE STATION,—"Changing Country Life" will be the theme for the twenty-sixth annual Farmers' Short Course to be held at A and M College July 28-August 2, according to Roy W. Snyder, chairman of the central committee.

Phases of the housing problems facing the rural family; soil conservation with particular reference to emergency erosion work; and agricultural adjustment will furnish features of the program. Demonstrations in doing will be stressed rather than talks and lectures at this event, the largest rural gathering in Texas each year.

In addition to the programs planned for farmers, ranchmen, and rural home makers, conferences are scheduled for rural pastors and laymen of the State, agriculture editors, superintendents of rural schools, members of the bee keepers' association, producers of State registered and certified seed, and members of Epsilon Sigma Phi, national honorary fraternity for Extension Service workers.

A newspaper staffed by 4-H club boys and girls as reporters will be printed daily during Short Course week. Neal Douglas, agricultural editor of the Austin American, will be managing editor. A small news sheet was mimeographed and sold on the campus last year, and because of its success plans have been made to enlarge and print the paper this year.

The central committee in charge of developing plans for the Short Course consists of Roy W. Snyder, chairman; R. H. Bush; O. G. Tumlison; Miss Onah Jacks; Mrs. Dora R. Barnes; and Miss Minnie Mae Grubbs. This committee expects to have noted speakers and leaders present to bring information and lead discussion.

WARD SCHOOL PARENT TEACHERS MEET

The Ward School Parent Teachers Association held their regular meeting Tuesday of last week at the Ward School auditorium. The meeting was called to order by Mrs. M. A. Edwards, president. Mrs. D. D. Byrne discussed "The Success and Failure of Mental Hygiene." Mrs. Rex Golston and Mrs. Emmett Day gave reports on the District Parent Teachers Convention which convened in Coleman April 3 and 4.

The group voted to have the next meeting of the Parent Teachers May 15 in order to avoid conflict with the closing of school.

Fifty Mile Singing Convention

According to Newt Wolverton, president of the Convention, the Fifty Mile Singing Convention will meet next Saturday night and Sunday, April 27 and 28 at Early High School at Brownwood. The Sunday session will last all day.

All singers and lovers of music are cordially invited to attend all or part of the sessions.

Max DuBois of A and M College spent the weekend in the home of his parents, Mr. and Mrs. W. DuBois.

The F.F.A. has made rapid progress in the past two months. The group has set up an ideal supervised practice program for Coleman County, bought all paraphernalia required for a model F.F.A. Chapter, framed the Future Farmer Creed, elected officers for the coming year, entered judging teams in the Tarleton Contests in which the Horticulture team won first place in market vegetables, financed the trip of the judging team to the State Contest at A & M College, entered the Chapter Conducting program in Brownwood for May 2, made plans for putting on a Father and Son Banquet April 30, and sponsored a play put on in the local high school auditorium by the Bangs Chapter. These are only a few of the many things that have been done. The boys are working hard to get back the Charter which was lost four years ago.

H. W. Kingsbery stands a good chance to clear at least \$20.00 on the five ewes which he took as a project. He reports that he has no intention of closing the project out this year, but will let it run for a number of years. At present prices, H. W. can easily double his money by this time next year.

FATHER AND SON BANQUET

The Father and Son Banquet will be held in the High School Building April 30. Preparations are well under way, and the Homemaking Girls will serve the Agriculture students and their parents at the banquet. A large attendance from the two classes is expected.

The banquet is the high light of the year, and is a very important step in regaining the charter, which was lost four years ago.

Members of the Agriculture classes are checking over their Project Record Books and estimating how much money will be made in the classes as a whole off all projects. The boys as well as their fathers realize however, that the possibilities for making money while taking vocational agriculture is of minor importance. It is the technical training to be used in the years to come that counts.

Samuel Elliott, Billie Stapleton, and Floyd Gilbreath received Greenhand buttons as individual rewards for winning first place in Market Vegetables at the Tarleton Contest.

The government veterinarians have been to Santa Anna to test all milk cows for tuberculosis during the last week. The Vocational Agriculture boys took advantage of the opportunity and many learned how to test cattle for T. B.

The vaccine is put in at the base of the tail. After seventy-two hours, if the cow is a reactor to the disease, the base of the tail will be swollen. If the base of the tail is not swollen, the cow does not have T. B.

A cow that is a reactor to the vaccine is given more vaccine, and if there is additional evidence that she is a reactor, she is killed immediately. The Government gives as high as \$20.00 for grade cows with T. B. and as high as \$50.00 for pure breed cows with the disease.

The local Chapter is entering a Chapter Conducting Ceremony at Brownwood May 2. The opening of ceremony counts 40 points, the closing of ceremony 40 points, and the Parliamentary procedure counts 20 points. There will be several awards given the best teams at the contest.

W. C. Burden, Jack Price, Woodrow Newman, and Jesse Brown took an examination on terracing in order to apply for a Certificate of Merit in terracing. All four of the boys passed the examination. The papers are sent to Mr. Spangler, the

BUFFALO H.D. CLUB

In identifying garden insects, the club ladies found in their study Tuesday that there were two classes of damaging insects, the kind that bite into the fruit or foliage and chew it up, and those that suck out the juice. For the first kind stomach poison in dust or spray should be used but are of no value to the sucking insect.

This study was very interesting as this is our greatest problems in our gardens now.

The club met Tuesday with Mrs. G. R. Bylins. The hostess had the "Jiggs" family there in person and they proved to be really amusing to the guests. Maggie was impersonated by Mrs. Scofield, Jiggs by Mary Bob Magill, their son by Myrtle Graves and Maggie's sister by Mrs. Thigpen.

The guests were invited into Dinty Moore's Cafe and a plate lunch consisting of Corn Beef, Cabbage, Chow Chow, Radishes, Turnip Greens, corn bread, peaches and butter milk were served to ten club members and Mesdames Babe Thompson, W. L. Lancaster, Bonnie Magill, Charlie Evans and Miss St. Claire.

Miss St. Claire favored the club with a lecture on simple home entertaining. The Club ladies really appreciate Miss St. Claire's working with them and giving them these lessons in connection with our club work.

The Club will meet with Miss Myrtice Graves May 7 and a Mother's Day program will be presented. Every mother in this community is especially invited.

Make Honor Roll

According to an announcement made in the Brownwood Bulletin, Miss Ruth Niell, daughter of Mrs. Ola Niell, and a freshman in Howard Payne College, and Jesse Lee Sparkman, son of Mr. and Mrs. W. B. Sparkman, a junior in the College, were Honor Roll students the past term.

Mr. and Mrs. Curtis Collins and Mrs. C. A. Walker were guests of Mrs. Walker's sister, Mrs. Porter Davis of Cross Plains Wednesday of last week. Miss Hettie Fae Todd of Brownwood visited her parents, Mr. and Mrs. R. L. Todd Tuesday night.

District Supervisor, and then to the State Department of Vocational Agriculture. If the papers are found to be correct, each of these boys will receive a Certificate of Merit in terracing.

"Silas Smidge from Turnip Ridge," a play put on by the Bangs F. F. A. in the High School Auditorium and sponsored by the local F.F.A. was a very good play. There was not a very large crowd because of the rain.

The local Chapter has agreed to put up five signs for John Tarleton Agriculture College, advertising the College. In return for putting up the signs, the local chapter is to receive a sign with the F.F.A. Emblem on it. The signs are five feet by three feet, and represent different departments of the College.

DUSTSTORMS FEAR LINGERS

COLLEGE STATION, Texas, April 20.—Texas has not yet been freed of the danger of dust storms, in spite of heavy rains throughout most of the Panhandle and West Texas, O. B. Martin, director of the extension service at Texas A & M College, warned last night.

"While great good was done by rains east of Amarillo, the area in which the wind erosion is the worst was not in the rain belt," Martin said.

"The greatest damage from wind erosion this spring has occurred in the western part of the Panhandle, especially in the counties along the New Mexico border. This territory did not benefit from the rains Thursday and Friday.

Martin said reports from field agents April 15 showed that 5,250,000 acres in Texas had been damaged by wind this spring, dust storms taking the valuable topsoil off of the fields.

Mrs. Mills Wreck Victim

Mrs. W. L. Mills was injured last Thursday afternoon late when the Mills car, in which she was riding, overturned near the gate leading into the S. A. Elmwood place. Her son, Eddie Vaughn, driver of the car, was blinded by the heavy mist, and failed to see the gate soon enough to slow up for the turn.

Mrs. Mills was not seriously injured, and Eddie Vaughn suffered only a severely bumped head.

Watts Creek News

"Our lives are a succession of advances and retreats - For the most part this advancing and retreating is a matter of individual experience, noticed in the everyday activities of living or stretched over longer periods of time," so states J. Fred Toman in The Country Gentleman.

It is true we have been on the retreat, but such fine rains as we had last week, grains all growing so fast, cattle getting slick and fat, make us feel that surely we are on the advance now.

Easter Sunday was a fine day and large crowds attended the Sunday school and Easter program in the morning. The church was full to overflowing with singers and attentive listeners in the afternoon. We had visitors from Echo, Junction, Camp Colorado, Cleveland, Plainview, Santa Anna, Coleman, New Central, Red Bank, Longview, Mayo, Liberty, Comanche and Brown counties. They were indeed welcome and have a hearty invitation to return next third Sunday. B.Y.P.U. was well attended, also several went to an Easter program at Junction.

Some fifteen young people attended the sunrise Easter egg hunt at the F. P. Brusenhan home Saturday, despite the rain. Perhaps it was all the more enjoyable because of the difficulties in the undertaking.

Mr. L. C. Vaughn is still on the sick list and shows very little, if any improvement. Those visiting him during the week-end include a niece, Mrs. Walter Weatherford of San Angelo, Mr. and Mrs. Luther Odom and Mrs. Will Odom of Junction, Mrs. George Hipsher and Mrs. K. P. Herd of Coleman, Mr. Jim Yates, Mr. P. B. Hagler, Mr. N. V. Begley of Echo, and Mr. and Mrs. W. A. Seal. Mrs. Wallie Vaughn of Coleman spent Monday night and Tuesday with him. Flora Gatlin of Anderson was

a guest of Janice Vaughn Friday night. Guests of Oran Henderson Saturday night were Bartlett Lamb and J. E. Traylor of Santa Anna. They cooked their supper over a camp fire in true cowboy style, and did they have fun!

Mrs. A. M. Smedley of Longview spent Tuesday in the Sam McCrary home.

Bro. and Mrs. E. S. Rowden of Coleman were dinner guests in the C. F. Parker home Sunday.

Mr. and Mrs. Joe Burrage and daughter, Mrs. W. F. Vaughn visited Mrs. H. D. Fry and Mrs. Will Woodard who are patients in the Sealy Hospital, Sunday afternoon. Both ladies are doing fine they reported.

Alta Wright and Geneva Seal spent Sunday afternoon with Evaletta Walker near Longview. Leoma Rowden of Coleman was a week-end guest in the T. T. Ratliff home.

The B.Y.P.U. Social Saturday night was attended by a nice crowd. The singing, readings and "railroad" spelling were the main features of entertainment, but a reading by Geneva Seal, "Buttered Side Down" was especially good.

Novelle DeArmon of Junction was a guest of Mary Clem Shelton Wednesday night.

Mr. and Mrs. B. Seal and daughter Geneva, Evaletta and Nobelia Walker of near Longview were dinner guests in the W. S. Wright home Sunday.

Mr. and Mrs. J. B. Burrage and Mrs. W. F. Vaughn and children motored to Brownwood Sunday to see Mrs. W. A. Burrage who is in a hospital there. Mrs. Burrage underwent an operation on Thursday and was still very sick.

Jimmie Sue Henderson spent Saturday night with her grandmother Cannon at Leedy.

Mr. and Mrs. Sam McCrary, Mr. and Mrs. Roy West, Ruth and Muriel West were Sunday visitors in the J. T. Baird home at Junction.

Jimmie Lee Baird of Junction spent Saturday night with Luther McCrary.

Herbert Shelton is spending a few days with his uncle, Dumas Beeler at Echo.

The Home Demonstration club and their families will have a weiner roast Friday evening. All are to meet at the Floyd Long home about 6 o'clock and proceed from there to some place prepared on the creek. After the "roast" other amusements will follow.

Mrs. T. T. Ratliff was a brief caller in the Payne Henderson home at Mayo Saturday afternoon.

The ladies of the First Presbyterian Church here who attended Presbyterian meeting at the First Presbyterian Church in Brownwood last Thursday and Friday were Mrs. W. O. Garrett, Mrs. W. R. Kelley, Mrs. Dora Bell, Mrs. Teddy McCaughan, Mrs. Raymond Balke, and Mrs. Seth Ford.

SPECIAL MUSIC NIGHT AT BAPTIST CHURCH

Sunday night, April 25, we will have a special musical program, when the choir will present the second "Song Sermon" of the year. The Theme will be "The Constant Call of Christ." Solos, duets, and quartets will intersperse choral and congregational singing. You are assured a spiritual blessing if you enjoy the gospel in song.

Brother W. B. Holland, of Ballinger plans to be with us in the morning hour, and if he is physically able he will perhaps preach for us. But should he not be able to preach he would enjoy meeting many of his old friends, especially those in Live Oak and Line communities.

Let me urge you to accept this as a special invitation to worship with us next Sunday.

HAL C. WINGO, Pastor.

John David Harper of John Tarleton College, Stephenville spent from Saturday until Tuesday in the home of his mother, Mrs. Pauline Harper.

Arthur Turner at the piano. Rev. Wingo then introduced Prof. T. R. Havins of Howard Payne College, who had charge of the program carried on by students and representatives from the college. Kenneth Hiner spoke on "Democracy of Howard Payne," which was followed by songs by Mrs. W. J. Malloy, accompanied by Miss Edith Lake Tate. Raeford Harris, who is to graduate this year, spoke on "Opportunities of Howard Payne." Miss Tate played several piano solos, which were college songs, followed by more songs rendered by Mrs. Malloy. Mr. Hiner played a saxophone solo accompanied by Miss Tate. After this thoroughly enjoyed hour program by these collegians, Mrs. R. R. Lovelady took the lead in several contests for the seniors. Mr. Lock and Mr. Scarborough made short talks, and then delicious refreshments were served. The menu consisted of meat loaf, salad, potato chips, smacks, pickles, iced tea and cake.

The seniors had a very enjoyable evening and wish to thank those responsible for the good time. Especial mention is made for the pretty way the senior class colors were carried out. Pink and white streamers ran across the room and the word SENIOR was spelled out in big letters. The flowers that were used so extensively were deeply appreciated. —Hank.

SCRIBBLERS HAVE RALLY

Miss Emma John Blake, assisted by her mother, entertained the Scribblers at their monthly rally last Monday night, April 8.

When all the guests had arrived they hunted pieces of paper representing Easter eggs, Gale Collier receiving a real one for finding the most. Fortunes were told with Easter eggs and words made from the word "Easter" without using pencil and paper, the contest being to see who could think of and remember the most. After various other games were played, ice cream and cake were served to Marilyn Baxter, Elva Lou Smith, Gale Collier, Rhea Boardman, Ruth Conley, May Campbell and the hostess. The guests left expressing their appreciation for the most enjoyable evening. —Babbs.

DEBATERS AWARDED SCHOOL LETTERS

For such efficient work this year the boys' and girls' debate teams were awarded school letters. The debaters were presented with the letters by Mr. Lock, after they had signed the pledge which all students are required to sign before they are given the school letter.

Helen Martha Zachary and Emma John Blake, the girls' team, won county and placed second in district. The boys' team, Creighton Morgan and Ted Bradford, lost to Coleman boys' team in county. However, the students feel that they debated splendidly. —Jubilant Josie.

LIBRARY PESTS

Do you continually haunt the library counter asking for some book you do not need? If you do, you are a "library pest." There are two good reasons why the "library pest" is a nuisance. In the first place, he wastes his own time by asking for books he does not want or need or books that he will not read thoroughly. Secondly, he causes the librarian to lose time, for he or she must be looking for a book instead of studying. Time is valuable. Someone has said, "Lost: Two golden hours, east set with sixty diamond minutes, somewhere between sunrise and sunset. No reward is offered, for they are gone forever!" The librarian dreads to see a "library pest" coming. Does she dread to see you? —Prim Priscilla.

Dearest Sue,
I, like the Keyhole Kid, join in the chorus by telling you how sorry I am that you are no longer with us. It seems that you understood your task so well that not the least little bit of fun could fall to fall into your iron grasp. In fact, so much enthusiasm arose that teachers had to be on their guard.

Since you left, it seems that a great deal of the fun escapes the eager eyes of fellow-catchers, but even now we enjoy their trials.

We are proud, indeed, of the Keyhole Kid, who has administered many a kindly service since you took leave of our happy premises. The Keyhole Kid has prospered greatly from your sound advice.

We have all somewhat progressed and are looking forward to some good returns. The society members feel honored, indeed, to extend your service, and are thankful for their good luck in having personally known you for even so short a time.

Remember, Sue, that I shall daily expect a reply and also that I shall always remain
Your honest lady,
Mona.
