Firemen Drilled By Field Instructor

The Santa Anna Volunteer Fire company was given a drill Monday night at the Fire Station by Chief G. F. Williams, field instructor for the Firemen's Short Course of A & M College.

Chief Williams found the Santa Anna firemen better enlightened than he expected, and confined the greater part of his work to fire fighting in tall buildings, calling attention to simplified minor equipment of an inexpensive nature, so to speak, made by firemen who were working out their own problems.

Chief Williams was a guest of the Lions Club Tuesday at noon, and made a very interesting talk following the luncheon.

VELMA SEALY TO SERVE ON PARADE COMMITTEE

Austin, Texas, March 18.—Miss Velma Sealy, Santa Anna, has been chosen to serve on the parade committee of the 1935 Round-Up to be held April 5, 6, and 7 at the University of Texas. She will aid in supervising the work of the organizations and club division.

Miss Sealy is a senior journalism student and is a member of Kappa Kappa Gamma sorority. Besides upholding an excellent scholastic record she has been active in extra-curricular activities at the institution.

RELIEF WORKER INJURED

Sam Cummings was painfully injured Tuesday afternoon while riding on the running board of a truck. Two trucks ran together, badly lacerating his leg just below the knee. He was immediately carried to the Sealy Hospital about two blocks away, where the wound was dressed. He was able to be carried to his home, but must remain in bed for several days.

Cummings was one of several relief workers employed on the Public Works project on Main Street in the west part of town.

Mr. and Mrs. F. E. Combs and daughter Mary Lee left Saturday for Paris, Mo., where they were called because of the serious illness of Mr. Combs' mother.

Misses Vivian Norwood of Brownwood, Vela Norwood of Gouldbusk, Janie Byers of Coleman and Annie Stiles of Santa Anna visited in Fort Worth from Friday until Sunday, and attended the Rodeo and Fat Stock Show.

Texas Utility Bill Enacted

AUSTIN, March 18. (AP)—The Texas Legislature today completed action on a bill prohibiting public utilities from reducing rates to freeze out competition when the House passed and sent the measure to the governor.

FORMER SANTA ANNA BOY MARRIED IN CLOVIS, N. M.

Miss Helen Knott and James Hibbets, both of this place, were married in Clovis, New Mexico, Sunday afternoon, March 3rd, by the Rev. Campbell, pastor of the First Methodist Church at that place, the announcement coming as quite a surprise to their friends here. The bridal couple were accompanied to New Mexico by Mr. and Mrs. Vernon Shofner.

The bride is the daughter of Mr. and Mrs. W. W. Knott, and has lived here for about nine years. She was a student in the local High School and was active in scholastic activities and in the younger social circles.

The bridegroom is the son of J. R. Hibbets of Santa Anna, and has been living here for the past year. He is employed by the Elite Cafe and is an energetic and capable young man.

Mr. and Mrs. Hibbets will make their home at Levelland. (Hockley County Herald.)

LARGE CROWDS ATTENDING FAT STOCK SHOW

The editor and three sons, Jack, Jim Bob and John, spent the week-end in Fort Worth, attending the Southwestern Exposition and Fat Stock Show. There were several other Santa Anna and Coleman County people in Fort Worth for the show, but we have no record of their names.

The coliseum attractions are the equal, if not better, than ever, but no sensational records were made while the writer was there. The calves used in the calf roping contest were larger and stronger than usual, the broncos were as wicked as any we ever saw, and the steers used in the wrestling events were unusually hard to throw, several breaking loose from their captives without ever going down. The entire rodeo performance was thrilling and worth while to one who likes such sport.

W. M. U. The members of the First Baptist W. M. U. met Monday afternoon at 2:30 in the home of Mrs. W. J. Hosch. A splendid Royal Service program was rendered.

At the close of the business period, the hostess served a dainty refreshment plate to twenty-three members and one visitor. —Pub. Chm.

Capricious Dust Storm Maroons Scores, Stores Close

GARDEN CITY, Kan., March 16.—Here are a few of the things that happened Saturday during a dust storm described as the worst in Western Kansas' history.

The wind blew so hard that it knocked the tops off of sealed milk cans in a truck. Police and the Sheriff were deluged with calls from frantic parents asking aid in locating their missing children.

So thick was the dust that James Seymour, truck gardener, was lost in his ten-acre patch eight hours. He had walked around in a circle in the whirling dust cloud until he fell exhausted.

Frank Anderson, farmer, was marooned and was almost smothered by the time rescuers found him.

Some business men closed their stores despite the fact that Saturday trade is the best in the week.

Dust, a foot deep, was shoveled off sidewalks like snow in the winter.

All air and bus travel was suspended.

Hundreds of motorists were forced into ditches, their vision obscured and the wind of sufficient strength to blow the cars off the road.

The temperature dropped 54 degrees in eight hours. Wheat fields appeared to have been stripped bare of all plants.

Future Farmers Attend Fat Stock Show

Saturday morning, March 16, at five o'clock, the Future Farmers left here for the Fort Worth Fat Stock Show. They arrived there at ten o'clock Saturday morning.

As soon as they arrived most boys attended the carnival but there was not one boy of the bunch said he did not have a good time. It was estimated that on Saturday, the opening day of the Stock Show, there were three thousand Future Farmers present.

The Future Farmers arrived home at 10:45 Sunday evening. There were 20 boys to make the trip. It was planned by the Future Farmers and carried out by the local adviser, W. H. Godwin.

SPRING TIME

According to tradition and current gossip, as well as expectation, Spring is supposed to arrive on the 21st day of March, which is Thursday of this week, the day this issue of the News goes to press. This is being written in advance, and if you get up early to find a norther or something worse, don't charge it to us, for we plan to be out of town, and will not be here to pay the bill. Just extend the Seasons. Greetings to your friends, and tell them it is a nice, odd, peculiar, or otherwise spring morning and you will be correct. Spring is here whether it is here or not.

Plan to Limit Wartime Parley

WASHINGTON, March, 19 AP—A sweeping plan for wiping out heavy war profits by limiting industrial salaries to \$10,000 a year and seizing virtually all profits over 3 per cent was made public Tuesday by the Senate Munitions Committee.

It was outlined by John T. Flynn, New York writer, who was retained by the committee to put into shape its findings bearing on efforts to make war unprofitable.

Flynn's girl secretary sat beside him, smoking as he testified.

He roughly outlined the committee's plan as follows:

To take 50 per cent of the first 6 per cent profits of corporations, and 100 per cent on all over that in excess profits.

To limit all individual incomes to \$10,000 and to take all over that in income taxes.

To impose income taxes on everybody from \$1,000 or less up in sufficient amount to cover war expenses.

To assess and collect income taxes quarterly out of income as it is made.

To check numerous known methods of defeating income tax levies.

Publicity of all salaries immediately upon declaration of war. Industrial management draft—all general officers of corporations to be registered in a draft of management and when deemed necessary inducted into military forces of the United States.

Close all commodity exchanges, forbid speculation in commodities, fix commodity prices at proper parities and allocate to essential processors.

Regulate all new private financing through a war finance agency.

A war finance corporation to assist in financing of essential war industries.

Commandeering of essential industries and services.

Licensed industries, establishment of priorities in purchasing and when essential, price-fixing. These cmfwy hrsdlu cmfwy gbc

MISSIONARY MEETING

The Christian Aid Society had an interesting missionary meeting Monday afternoon with Mrs. L. O. Garrett, when a delegation of Brownwood women were guests.

The Santa Anna group conducted the devotional and Mrs. E. F. Skerritt of Brownwood gave a most enlightening and inspiring missionary address.

March is visiting month among the missionary groups and the Santa Anna group is invited to meet with the Brownwood society next Monday afternoon when a speaker from Comanche will give the principal address.

At the close of this interesting program delightful refreshments consisting of prune-apricot upside-down cake, frozen gelatine cream, and coffee were served to the 20 ladies present, including Mesdames E. F. Skerritt, H. H. Gresham, W. T. Thompson, Roy Gower and L. E. King of Brownwood.

The house was beautifully decorated for the occasion with gladiolus and other flowers.

Pastor Haley and Son On Saturday Night Program

Haley is the main speaker of the evening, following the banquet. His son, Gene Haley, will draw a rapid sketch, which is another main feature on the evening's program.

Mr. and Mrs. Guy Funderburk and children, Miss Reta Warren and Mrs. Harvey Haynes visited in Brownwood Tuesday night.

Brownwood Wreck Victim Buried in Slaton Wednesday

Funeral services for Hobart Mullins, 21, were held in Slaton Wednesday afternoon. Mullins and D. E. Oliver of Brownwood were returning to Brownwood from the Southwestern Exposition and Fort Worth Fat Stock Show about 1:30 a. m. Monday, and were three miles north of Brownwood near Early High when Oliver, driver of the car, was blinded by truck lights and crashed into the concrete rail of a bridge, completely wrecking the car and throwing the men almost clear of the wreckage. The truck failed to stop.

The victims were carried to a Brownwood Hospital in an ambulance summoned by a passing motorist. Other cars had failed to stop.

Mullins, the son of Mr. and Mrs. K. F. Mullins of Roswell, N. M., has been employed in a filling station in Brownwood for several months. His death occurred about five minutes after he reached the hospital. He suffered a fractured skull and internal injuries. Oliver, a Brownwood mechanic, sustained a badly crushed chest and head cuts and bruises, but is reported to have a fair chance for recovery.

TO THE CITIZENS OF SANTA ANNA:

In response to inquiries coming from numerous friends as to whether or not I would stand re-election to the office of mayor in the coming election, I desire to make this statement publicly that I will not be a candidate for re-election and am not in position to serve you further at this time in that capacity. I wish to thank the many friends who have solicited me to announce my willingness to serve again at this time and say to them that I deeply appreciate their confidence in my willingness and ability to serve my community.

In the almost fourteen years that I have served you as mayor, it has ever been my utmost desire to do and say the things that in my judgment, were for the best interests of the city as a whole.

I have, at all times, welcomed and sought the counsel of friends whom I believed to be more capable than I of solving the many perplexing problems that so often had to be worked out, and have tried to appropriate all friendly and constructive criticism which came to me in order that I might better serve my home town in a creditable manner, that of being progressive enough to command the respect of our neighboring cities, and yet, being conservative enough to keep our "heads above the water" in a financial way. Just how well we have succeeded in this undertaking shall be left for you to say. There is only one thing we can say and that is, we have at all times endeavored to do our best.

We are very mindful of the fact that we may have made many mistakes, but the fellow who makes no mistakes does nothing at all and that is the greatest mistake of any. You have honored me in this capacity, as you have honored no other citizen and the records will show whether or not I have ever broken faith with you. Let me say here, that whatever civic advancements that have been made during our terms in office have been made only with the loyal support and whole-hearted assistance of those who were serving with me, and the co-operation of the citizenship at large. Our own personal affairs demand our attention now, but if, in making the sacrifices that we have made in the past to serve you, has improved our little city in any way or has gained or maintained the respect and admiration of its neighboring cities, then we are not disappointed and we feel that our efforts and sacrifices have not been in vain.

Sincerely,
W. E. BAXTER

Mrs. J. B. Baker of Abilene and Mrs. A. T. Stiles visited in the home of their sister, Mrs. P. M. Rice of Hamilton from Sunday until Tuesday.

State Engineer Visits Santa Anna

A. H. Dunlap, with the Board of Water Engineers, Austin, was in the county last week, checking up on the water situation and proposed water projects in this county, being agitated by the citizens interested in general water improvements.

Mr. Dunlap inspected the water situation in and around Santa Anna early Friday morning, and pledged his support to help furnish relief. In this connection we might add, with all the rains we have had here this year, so far we have caught 14 inches of water in the City Lake. Unless considerable rain falls in the vicinity of the lake this spring, the conditions are going to become alarming during the summer months.

A self-styled, self-appointed committee of interested citizens is expected to go to Austin this week at their own expense to see what further steps to take, if any, to further relieve the situation.

In a famous speech once delivered under pressure, and often referred to as being a wonderful statement, the speaker is quoted as saying "Give me liberty or give me death." We fear, sometimes, when we are trying to locate industries of a worthwhile nature in Santa Anna, and the prospectives are making thorough investigation, we can hear them thinking "Give me more water, or give me transportation to where water can be found."

YOUR HOROSCOPE

MARCH 18, 19, 20: Persons born on these dates generally have much keenness of perception, and some fire in their composition. You like good living and plenty of it, but if it is from necessity you can live on close rations and be satisfied. You are naturally very affectionate, but dictatorial and sometimes impatient with your children and friends. You demand obedience from your children, but prefer that it comes from love rather than enforced.
March 21, 22, 23, 24: If you were born on either of these dates you want to enjoy yourself and have others enjoy themselves, even at your expense financially, if you can afford it. You have a shrewd, positive, mathematical mind. You are courageous, and are apt to accept only proven facts. What you know, you know with all your mind. You are not very poetical. If you are an employee, you are faithful and enthusiastic, but must do everything according to your own methods. If you are a woman you will be fond of admirers, but will not be strongly drawn toward marriage, unless a man is able to win your affections by his own worthiness, then he becomes your god. If a man, you will be more strongly drawn toward marriage. You are generous and want to share your happiness with those you love. You are very warm hearted but not a creature of impulse.

THIS WEEK IN HISTORY

March 19: Wm. J. Bryan, statesman, born 1860; Stamp act repealed 1766; Yale college was opened 1701; Constantine was proclaimed King of Greece following assassination of father, 1913.

THENCE S 1-4 E 966 vrs to place of beginning;

That judgment was rendered in the District Court of Bell County, Texas, in favor of THE BOARD OF PENSIONERS OF THE PRESBYTERIAN CHURCH IN U. S. A. for \$5007.75 on April 2, 1934 and with foreclosure of his first mortgage lien on the land and premises above described and that an order of sale was issued and said property sold by the Sheriff of Coleman County, Texas, and bid in the name of H. C. GLENN, AS RECEIVER FOR TEMPLE TRUST COMPANY, who now holds title thereto. That said property is not worth in excess of the amount of the judgment so rendered in favor of THE BOARD OF PENSIONERS OF THE PRESBYTERIAN CHURCH IN U. S. A. and your Receiver has applied for an order authorizing him to convey said land to THE BOARD OF PENSIONERS OF THE PRESBYTERIAN CHURCH IN U. S. A.

Said application will be heard by The Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application.
WITNESS my hand at Temple,

IT MAKES A DIFFERENCE WHERE YOU PUT IT

The poem was written by a young man who died several years ago for his own amusement.

Lost: Cow belonging to milkmaid, with brass knobs on her horns.

The captain's wife wore a diamond pin in her hair which had been bought in Paris.

He struck the goldfish bowl with his head, which fortunately was empty.

Lost: A wagon by a young man with a long hickory tongue.

By order of the selectmen, cows grazing by the roadside or riding bicycles on the sidewalks is hereby forbidden. —Spring Cholle.

Dear Secret Scribblers:

If you only knew how much talk you are causing you would more than likely put your real names to the articles in the paper instead of the fictitious names which you sign to the articles lately. Everyone is puzzling their pretty heads over the questions that are being asked lately is "Do you know the Scribblers name?" and "If you do, please tell me?"

Some of the students think that they have an idea about the names but later they find something else they think that the one that they have named has written another article.

So, Scribblers, if you do not want everyone to ruin their brains thinking of the writer of these articles, more than likely you had better sign your own name.

LIGHTING . . .
Yesterday and Today

DID YOU KNOW THAT—
musical compositions, frequently dwelling on candle light, are but recollections of a luxury in bygone days?

That such spectacular illumination from candles would compare as only modest electric illumination today?

That one modern electric lamp (50-watt size) gives the same illumination as 48 candle light give?

That the wax candle will burn about 4 hours, necessitating 250 replacements to one replacement of the electric lamp?

That an average home today has the equivalent of approximately ten such electric lamps (50-watt size) in use, and with 24 months or 1,000 burning hours as their useful life, the two-year total lighting costs, including cost of lamps and cost of electric service, is only \$27?

That a comparable illumination from wax candles (not considering the inferior light or the danger accompanying any flame, its fine soot floating or gaseous odors) would necessitate consumption of 120,000 wax candles over such a two-year period at a cost to you of more than \$2,400, yet complete electric "lighting" service is supplied by this company and enjoyed by all members of your household for less daily costs than a cigar to one member of the household.

ELECTRIC SERVICE IS CHEAP! YOU SHOULD USE MORE OF IT!
