More interest is now being shown in the local public library, according to Janice Hipsher, librarian. The city facility was made a free library about a year ago, and new books are added every few months. Also available is a special service, where certain books can be obtained from the Brownwood Public Library on special request.

Mrs. Hipsher has written brief reviews of several books which are now available. These will be published each week under a special library column.

Stephanie Hartman is the two year old live-wire daughter of Mr. and Mrs. Stanley Hartman and the granddaughter of Mr. and Mrs. Edd Hartman. The little girl shows a lively interest in everything, and very little escapes her attention.

Since Edd's ditch digging machine does much of the excavating in the area, Stephanie thinks every hole in town is the work of her granddaddy.

Driving past the Huggins Enco station recently where some work was being done on the driveway, Stephanie exclaimed in awe, "Oh Mommy, just look what Granddaddy did to Lee Ray's station!"

The two elementary school girls won first place in the county contest last month. Junior division entries advance no farther than district competition.

An Editorial —

It's About Time

PRESIDENT NIXON laid it on the line Monday night and as an American, we can only say — It's about time.

We are tired of constantly hearing capitulate, capitulate from those faint-hearted people who are so afraid that if we don't conform to the Communist line that either Russia or Red China will attack us.

It is through this process that we have been given the name of a weakling nation, who would go to any lengths to keep out of a fight.

We were inspired by the stand the President took in showing the Reds and the world that we are not going to be a "Patsy" any more.

We believe that this is the quickest way to insure the safe return of our prisoners of war, the withdrawal of our troops in Vietnam and get a cease-fire and international control.

If you agree, write your Congressman and Senators, showing your support of this action. It is time that the "silent majority" is heard.

In Our Opinion

By W. T. HAYS

SURPRISE was the name of the game to many Texans in the governor's race last Saturday, and probably no one was more surprised than central Texans when Ben Barnes did not make the run-off.

Of course this writer learned a long time ago not to anticipate what voters reactions are to publicity, he certainly didn't anticipate Frances Farenthold to be in the run-off. We have encountered few people who even mentioned her name in speaking of the governor's election, and really expected her to run possibly fourth following Barnes, Briscoe, and Smith, but we never cease to be amazed.

No doubt, some of her vote was from a protest group who felt that the entire "in" group in state politics should be kicked out. Barnes was never connected with the Sharpstown scandals, and the Lord knows, they tried. It is inconceivable that he would have had a connection and his opponents not uncover it. Yet that is partly what beat him.

Farenthold carried the student vote, that is the 18 to 25-year old group including high school and college students, because she represented the "rebellious" group. She is recognized as being an ultra-liberal and campaigned viciously on "cleaning up the state house."

Briscoe demonstrated one of the best comeback campaigns in recent political history. He ran fourth two years ago in a field of ten in the Democratic primary, to come back and carry over 45 per cent of the vote this year. At one time Briscoe carried 53 per cent of the vote and it looked like he would be nominated without a runoff, but Farenthold kept cutting in until his lead was knocked below the needed 50 per cent plus.

Another race that is unorthodox among Texas conservatives was the lieutenant governor's race. Two liberals, although I may be questioned on the interpretation of liberal, are pitted against each other in the runoff. Wayne Connally, brother of Secretary of the Treasury and former Governor John Connally, and Bill Hobby, son of the late Governor Hobby, will face each other. Our choice was conservative Ralph Hall, but you can't win 'em all.

Whatever your choice in the election, it is over and we will work with what is left. The ones elected will be our officials and deserve our support. Let's give it to them.

Austin — The spiraling cost of welfare in Texas has leveled off, and on reduction in grants will be necessary this year, according to reports reaching Gov. Preston Smith.

Welfare demands are slowing down for the first time in a decade, and expenditures for 1973 may be less than in 1972, the Governor said.

Smith's reports indicated the cost of programs in fiscal 1973 may be \$75 million less than the \$347 million estimated a year ago.

"It now appears most likely that grant payments to welfare recipients will not have to be cut, and we will still be able to stay within the constitutional limitation on spending," the Governor said.

Due to a state constitutional ceiling on general revenue state expenditures for welfare assistance, a reduction in grants beginning September 1 had been regarded as unavoidable.

Main reason for the slow-down in welfare's cost climb is a decline in old age assistance rolls and the fact that the increase in Aid to Families with Dependent Children eligibility has not been as large as anticipated.

AFDC rolls, expected to expand by 10,000 a month, actually grew about 5,000 monthly.

"There is still much work that needs to be done, but for the first time in recent years, I believe we now have a handle on the problems and have finally brought them under control," Smith stated.

He credited these factors as contributing to the cost leveling:

New controls over medical assistance expenses, improved management techniques, a program utilization review, more effective use of electronic data processing and a reduction of program abuse.

STARTS ALL OVER AGAIN — With the hard-fought first primary election just behind them, some candidates plunged right into the June 3 runoff campaign.

Of one thing they can be sure: the cost of campaigning, like everything else, is rising. A hasty total of first primary expense-contribution reports indicates spending by the statewide candidates in contested races totalled more than \$5 million. There is no telling how many millions were spent by congressional, legislative and local-county candidates in the rush to be first at the ballot box.

For most of the candidates, the race is over, but for a few the big one is just starting.

INSURANCE PLAN SUBMITTED — A personal protection plan for the motorist is proposed by State Insurance Board Chairman Larry Teaver as an alternative to controversial no-fault auto insurance.

Teaver will unveil his plan officially at the Board's annual hearing on auto insurance in July. It would eliminate uninsured motorist coverage and medical payments sections of standard auto policies. It would substitute a provision giving policyholders, without

regard to fault in accidents, unlimited medical expenses, life insurance in event of fatal accident and income replacement guarantees.

Governor Smith, meanwhile, called on Teaver to intensify efforts to bring lower insurance rates for responsible young and elderly drivers. A reduction in rates for drivers under 25 would encourage them to drive safely and curb the accident toll, Smith contended.

DEATH RATE LOWER — Department of Public Safety reports the death rate from auto accidents last year was the lowest since 1962.

The number of deaths per 100 million travel miles was 5.1. This is the best figure since 1962's 4.9 per 100 million miles.

Still, 4,594 died in traffic accidents in 1971. Ninety-five per cent, DPS, wore no safety seat belts.

UNEMPLOYMENT DROPS — Texas Employment Commission noted a modest increase in the number of labor force participants during March and the lowest unemployment level since May, 1970.

The March unemployment figure was 167,000, representing 3.5 per cent of the work force — 20,000 fewer than for the same period last year.

Employment for the period increased 29,100. All segments reported gains, and the number of jobholders was up 2.2 per cent over the March a-year-ago figure.

COURTS SPEAK — The U.S. Court of Appeals in New Orleans asked the U.S. Department of Justice to prepare a plan involving minimum busing of pupils which could be applied to the Austin Independent School District integration appeal.

Texas Supreme Court held a Lubbock nursing home with paying patients only is not entitled to a tax exemption as a charitable institution.

Court of Criminal Appeals reversed convictions in Dallas and Kinney County murder cases and overturned a 35-year prison sentence assessed a Dallas County man for possession of marijuana.

APPOINTMENTS — Governor Smith appointed Frank W. Hustmyre, Orange attorney, district judge of the 128th judicial district, succeeding Judge James N. Neff who resigned.

House Speaker Rayford Price named to the powerful budget-writing appropriations committee Reps. Hilary D-ran of Del Rio, vice-chairman; Fred Agnich of Dallas, William Braecklein of Dallas, Harold Davis of Austin, Grant Jones

of Abilene, Mike Moncrief of Fort Worth, Walter Parker of Denton, Bryan Poff Jr. of Amarillo, Bill Prenal of Bryan, Robert Salter of Gatesville and Bill Swanson of Houston. Nine others were picked on the basis of seniority. Rep. Bill Finck of San Antonio earlier was selected as chairman.

SHRIMP SEASON CUT — Gulf Coast shrimpers must cease operations 15 days earlier under seasons ordered by Parks and Wildlife Commission.

The brown shrimp closed season set by PWC is the earliest since 1967: May 17 is closing day. Length of the period remains at 45 days — from May 17 to June 30.

The early season is primarily aimed at giving young shrimp protection while they are in transit to the Gulf.

SALE NETS STATE \$1.5 MILLION — First School Land Board oil and gas lease sale of 1972 brought to the state bonus payments of \$1,593,719.

"Seventy-four high bids were accepted" on 40,946 acres of state-owned land. Revenue boosts the Permanent School Fund to an all-time high of \$925,395,386, according to Commissioner of Public Lands Bob Armstrong.

Bulk of the bonus money came from lease of 22,923 acres of submerged lands, much of it in Aransas, Calhoun, Nueces, Kenedy, Matagorda and Kleberg counties.

Average per acre price was \$38.92. Highest offer was \$99,788 for a 1,440-acre Gulf of Mexico tract in Matagorda County.

SHORT SNORTS — The 2,500,000th tourist was welcomed to the enlarged highway department tourist bureau on Interstate 10 at Orange on May 10.

Atty. Gen. Crawford Martin announced recovery of nearly \$700,000 from book publishers and distributors in the state's price-fixing suit.

A new commission, headed by the governor, soon will be named to work on a plan to stimulate economic growth in South Texas.

Girl Scout News

"Camp registrations are being processed now in the Heart of Texas Girl Scout Council office in Brownwood. There are still openings in most sessions, but they are filling up fast," stressed Carroll Rowbotham, camp chairman of the council.

"The deadline for getting camp registrations to the council office is May 15. Camp sessions are open to all girls between the ages of 8-17," Mr. Rowbotham emphasized. Fee for registered Girl Scouts is \$25 for the 5-day Brownie sessions and \$45 for the 12-day Junior, Cadette and Senior sessions. The fee for non-Girl Scouts or out of council girls is \$30 for the 5-day sessions and \$52.50 for the 12-day sessions.

"Many girls earned partial camperships during the recent council-wide Girl Scout cookie sale," Mr. Rowbotham added. "In addition to this, most local associations within the council match the partial camperships earned—thereby making it possible for more girls to attend camp."

In addition to the regular camping program of swimming, cookouts, campkeeping, etc., special interest patrols have been added so that girls may have a choice in pursuing special interests they may have. There are daily "As You Like It" periods for which girls may sign up. Each group will have adult staff specially trained in her particular area of work.

Camp program is geared to the interests and abilities of girls. There are progressive steps throughout the total camp program so that interests of all girls may be met. Junior Girl Scouts—those going into the fourth, fifth and sixth grades in school next fall—will have three choices of sessions: June 11 to June 23; June 25 to July 7; and July 9 to July 21. The interest patrol choices for Junior Scouts are "Cyclist," "Foot Traveler," "Gypsy," "Indian Lore," "Troop Camper," and "Water Fun." To take care of the large enrollment of Junior Girl Scouts, all three units will be reserved for Junior Scouts for the first session of camp. The only other group in camp for this particular session will be Cadette and Senior girls ac-

cepted for the new Mariner Unit—which is limited to canoeing and sailing.

The other two 12-day sessions are open to all Scouts—Brownies, Juniors, Cadettes, Seniors. Four 5-day Brownie sessions—for girls going into the third or fourth grades in school next fall—are scheduled during the last two 12-day sessions as follows: June 25 to June 30; July 2 to July 7; July 9 to July 14; and July 16 to July 21. Girls in the Brownie unit have camper buildings to which they are assigned. Eight girls share a camper building. A counselor, who has received a week's intensive pre-camp training for staff, is assigned to each eight girls. The camp can accommodate 32 Brownie Girl Scouts in each of the above sessions. Brownie program is geared to adventuring in the out-of-doors and helping girls make the social adjustment of being away from home for the first time. All Juniors, Cadettes, and Seniors will register for one of the three 12-day sessions scheduled.

A completely new program is being initiated for the Cadette and Senior Explorer Unit at camp this year. Special patrols will be formed for girls wanting to pursue music, art, and dramatics while at camp. Consultants from the surrounding communities will be available as resource people. At least one trip out of camp is scheduled to tour neighboring art centers. Another patrol activity planned for this age group is "Treking the Back Country." For girls signing up for this activity, the Council has a counselor who has participated in a nationally-sponsored "trekking" activity called "Steep Trails." Girls in this patrol will learn the art of backpacking, how to travel with a minimum amount of gear, and how to assume responsibility for ones self and equipment in unfamiliar territory. Additional interest patrols offered this age group are: "Archery," "Campercraft," "Pioneer" and "Reporter."

Camp folders have been distributed through the troops to all registered Scouts. Girls other than Girl Scouts may register for camp by making application directly to the Girl Scout office in Brownwood.

Mr. and Mrs. T. E. McDonald and his sister, Mrs. F. C. Williams of Coleman, spent the weekend in Lovington, N. M., visiting a brother and family, Mr. and Mrs. Byron McDonald and sons. They came back by Crane for a visit with Albert Dodgen, who is visiting a daughter there.

Mr. and Mrs. Barton Lee Goodwin and children visited Mr. and Mrs. Joe Wallace and children Saturday. They also ate Sunday dinner with Mr. and Mrs. Henry Goodwin.

Another reminder—the Cleveland Cemetery meeting will be next Saturday morning at 10 o'clock. Everyone invited.

THE CITY LIBRARY

With the closing of the spring school term, the Santa Anna City Library should become a more popular place for the local folks.

A large number of new books are available to local readers, on loan from the Brownwood Public Library. There is no charge for use of the library facilities, and readers may borrow as many books as they can read during each two-week period.

Among the new arrivals are fiction selections including "The Running Man," by Benson, "Tric: Three Coffins, Etc." by Carr, "Surprise Endings" by Christi; and "War of the Worlds" by Wells.

Junior books include a new selection of horse stories. Mrs. Edwin Hipsher, librarian, is on hand from 3:00 to 5:00 p. m. each Wednesday to help with the selection of books. Returned books may be left at the City Hall office any week day.

One of the new arrivals is briefly reviewed as follows:

CHRISTY

by Catherine Marshall
Catherine Marshall is the author of ten successful non-fiction books of which three were best-sellers. This is her first novel and goes back to the roots of her life, since she and her parents were born in Appalachia. The book was nine years in the making.

CHRISTY is the story of a 19-year old girl who left her comfortable home to teach in a one room schoolhouse in an isolated cove in the Great Smokies. Christy's adventures begin the moment she steps onto the station platform that snowy January morning in 1912 and they continue through the unforgettable last chapter. There are strange mountain customs that shatter Christy's illusions about life and make her face up to herself and what she believes; a love triangle which builds to the very end; humor, suspense and adventure, foot-tapping music . . . and yes, even the smells seem real.

The stage is titanic, with the mountains, blue and mauve and brooding, as the backdrop. The characters walk out of the pages as real persons: Allee, with her Quaker background and her rare wisdom to whom lack of joy is heresy; Dr. MacNeill, the doctor; David, a handsome brash young preacher who thinks he can reform everyone to his own pattern; Fairlight, a barfoot mountain woman; Uncle Bogg, the county squire, humorist, teller of tall tales; and some of the children, like little Burl of the red cowlick and freckles, and Creed, the clown of the school room.

Here is a powerfully moving book of great depth with real answers to man's deepest needs, plus a joyful reading experience from the first page to the last.

The next meeting of the group will be on Wednesday, June 7.

The business session was led by the president, Mrs. Cliff Herndon. Mrs. Ken Bowker read the minutes and gave the treasurer's report.

A report was given on the members and friends who are ill, and the Vacation Bible School was discussed.

Honorary memberships were presented to James Leland Rice, young son of Mr. and Mrs. Wendell Rice, and to Brett Lee Avants, infant son of Mr. and Mrs. Larry Avants. Mrs. Jess Upchurch and Mrs. Ruby Strickland were hostesses for the meeting and served a salad plate, coffee and cold drinks to those present. They included the ones mentioned and also Mes. Louis Shamblee, Basil Gilmore, Dick Baugh, Walter Seabrough, Henry Newman, Opal Little, Bob Burton, Harry Crews, Nap Wilson and V. I. Dean. Visitors were Mrs. Haygood and Mes. Drummonds, Bell and Renfro of Coleman.

The next meeting of the group will be on Wednesday, June 7.

by Joe K. Taylor

The final certification date for cotton and feed grain programs has been set up one month from last year. The final date this year is July 1. Moving this date up one month will tend to cause payments to be made a little earlier than last year. We expect to make most payments in the month of July.

Farmers are requested to come to the ASCS office and certify their crops just as soon as the maize and cotton have been planted.

After these good showers over most of the county, the farmers may now plant as

How about a report of the Area 4 FFA Convention held this last Friday and Saturday? Cline Smith, Lane Guthrie and Steven Early and Freddy Holland were accompanied by local advisor, Bill Riley. They departed about 12:30 Friday afternoon and arrived in Stephenville about 2:30. After checking in at the Caravan Motel, the local delegation attended the banquet that night and heard Allen Jones, state FFA President, speak. Miss Raylene Davis was elected Area Sweetheart and the talent team from Henerietta took top honors.

FFA Saturday morning, the regular business meeting was held and officers for the coming year were elected. Cline Smith ran for the office of president. He received one of the vice-president posts and will be told which at a training conference to be held in June. Cline was also put on the State Courtesy Corps, the group which plans and conducts the state convention which will be held in July of this year at the Statler-Hilton in Dallas. His application will go to state to be considered for the honor of Lone Star Farmer, a honor which only two per cent of the total state membership can receive.

CLASS MEETING TONIGHT

Mrs. Harold Brown will be hostess for the meeting of the Dorcas Sunday School class of the First Baptist Church on Thursday night (tonight). The group will meet at 7:30 p. m.

Mrs. William Brown will be the program leader.

All members and associate members of the class are urged to be present for the meeting.

soon as the ground dries and the seedbed preparations have been properly made.

Producers are reminded of the importance of the set-aside acreages. It is their responsibility to designate set-aside acreage that will be or equal productivity and it is the responsibility of the ASCS to determine that it is equal.

Farmers are reminded to take all livestock off the set-aside acreage the first of May although this acreage has not been designated as set-aside. If it is found that livestock is grazing the set-aside acreage any time between May 1 and October 1, the farmer's payments may be reduced or even completely lost.

Funds available for cost-share under the REAP are exhausted.

The last group of approvals the County Committee signed, the committee reduced the allowances to \$500. There remained several applications the committee could not approve due to lack of funds. These producers will be notified.

The County Committee does not anticipate any additional funds prior to the first of July which will be too late for aerial spraying of mesquite.

Other Coverage Not Required For Medicare

"To keep your Medicare in force, you must buy this policy," could be the words that some unscrupulous salesman may use to you when he comes to show you an insurance policy, or telephones you about such a policy, says Bob Tuley, District Manager of the Abilene Social Security office.

"This in no way reflects on legitimate insurance salesmen; nor is it meant in any way to cast a shadow on bona fide insurance companies. But, we have had in recent months certain people who have under pretense of selling insurance to our aged residents in the Big Country, make such a claim."

Tuley said that he wished to emphasize to all Medicare beneficiaries there is NOTHING they need to buy from any salesman to keep their Medicare in force. Medicare is administered by the Federal government. If you are a social security beneficiary, no doubt the premium is deducted from your monthly benefit check unless you also get Old-Age Assistance. In that case, the State of Texas pays the premiums. If you are not currently receiving social security benefits, you pay your premiums directly to our own collection office.

Tuley stressed that there are many good policies offered by bona fide companies that pay that part or all of the charges not covered by Medicare. "But," he added, "you do not have to buy any kind of other insurance to keep your Medicare in force."

FAMILY REUNION

The two sisters of H. D. Speck were her for the weekend for the first family visit in many years. They are Mrs. Harry Mallory of Stockton, Calif., and Mrs. W. K. Davis of Burnet.

Also here for the weekend were Mr. Mallor and Mr. and Mrs. Clayton Phillips of Dallas.

Naval Reserve Is Opportunity For Many Men

Naval Reserve Units in Abilene have several openings for Ex-Navy men of almost every rate of the Navy. The Construction Battalion Unit meets on the third weekend of each month and the Surface Division and Fleet Expansion units meet on the fourth weekend.

If you are a Navy man who has been released from active duty and continued in a reserve status or if you have been honorably discharged, it will pay you to visit, call, or write the Naval Reserve Center, 1941 South Third, Abilene, Texas 79602. Area 915 677-2806.

In exchange for affiliating with one of the units and helping build a stronger Naval Reserve, the Navy offers an education, promotion, travel, extremely good pay, and of course eventually retirement.

Education is accomplished by Navy training units while on two weeks annual training duty and here in Abilene both in courses and newly developed practical work. Part of the practical work will be in installing equipment for use in gaming exercises. Some of the weekend meetings are taking place at major Naval installations on the West or East Coast or aboard ships, cockades. Air transportation is provided.

There are no quotas for Promotion in the Naval Reserves. When you pass the test, you are promoted. The entire program is designed to assist you in this endeavor. Promotion increases your ability and pay.

You may get to visit an interesting foreign port during training cruises. One cruise this summer will begin in Hawaii and debark on the West Coast. You will also see other parts of the U. S. For married men, you may want to take your family with you when attending schools and enjoy a vacation in areas you desire to visit.

Pay is extremely good. The average Third Class Petty Officer is paid approximately \$50.00 per month. With training duty, annual pay for a Third Class will amount to about \$1,000.

By qualifying for retirement benefits through your participation in the Naval Reserve, you can assure that "Money in your pocket" will be available for your future needs.

You will associate with the finest men in the nation while engaged in these activities.

For a young man who has never been in the service, the Naval Reserve offers many excellent programs. A program is available for four to ten months active duty, then return to your reserve unit and your employment or college. Or you may elect to remain on active duty for at least two years, thereby accumulating valuable G I educational benefits. In most instances a Navy Trade School can be assigned (guaranteed) prior to enlisting. Young men completing high school this year should look into these and other Naval Reserve programs. Contact this center. We will arrange to meet with groups of approximately 20 persons or more anywhere within reasonable commuting distance of Santa Anna.

For those of you who may be located closer to San Angelo or Brownwood, there are fine units drilling in each of these two cities also. These units meet once a week instead of one weekend per month. It may be more convenient for you to become a member of one of these units. The unit meets in Brownwood at Naval Reserve Training Facility, 1117 Fisk Avenue.

Trickham News

By Mrs. Oscar Boenicke

Rev. Travis Gipson, the Baptist Minister, preached on Sunday morning and night. His wife was with him Sunday night and a few more attended than usual Sunday night.

The directors of the Trickham Cemetery Association met Friday night at the community. The directors are well pleased the way the people are giving to the upkeep of the cemetery.

At the annual cemetery meeting some donations were given for a chain link fence around the cemetery, and at the directors meeting a committee was appointed to see about this. They were Ruth Seward, chairman, and Oma

Lee Dockery and Betty Martin to work with her.

Lynn and Ann Rice and children of Arlington visited the Delbert Rices over the weekend. Also the Bond Feathurstons visited them there, and Mrs. Frank Rice and Mr. and Mrs. Elgean Rice and children all visited during the weekend.

Margie Sullivan of San Antonio spent Sunday night with her parents, the Walter Staacs, and took them to Abilene Monday for Walter to have another checkup on his eye. The doctor thought he was doing good, and he will have surgery on the other eye in two weeks.

Other visitors with the Walter Staacs last week were Clara James and Lillie Richardson, and Mr. and Mrs. Gordon Stearns.

Buck Mitchell is in the Ranger Park Hospital at San-

ta Anna. He seems to be doing better. Lea and Loyd Mock and children of Post, and Betty and Damon Miller and children of Austin were here over the weekend to see him and visit their mother.

Billy and Janie Haynes and Justin visited the Fred Haynes' Sunday evening. Other visitors were Mr. and Mrs. G. K. Stearns.

Saturday evening Oscar and I visited Aunt Pearl Ford in the Twilight Nursing Home at Bangs. She is not doing too good, but able to be up in her chair. We also visited Linda (Moore) Gilbert in the Brownwood Hospital. She had surgery the first of the week.

Sunday evening the Oscar Boenicke's visited Dollie Martin in Bangs Rest Home. She seems a little better than she was. We also visited Fay Whitley in her home and visited the Bangs Cemetery. It was Memorial Day there.

Mr. and Mrs. Bernice McIver went to Brownwood on Sunday morning and attended church with their daughter and family, the Melvin Stern family. They heard a Bishop of the Central Methodist Church from India. The Bernice McIvers had dinner and visited in the Stern home.

Russie James and Yelive Cole of Brownwood had dinner with their sister, Lyndell

Moore at Winchell Sunday.

Barbara and Tinker Dockery, Lynn and Dan, visited the Jack Dockery's Sunday evening, and Saturday evening Jack and Oma Lee visited her mother, Dollie Martin, at the Bangs Rest Home, and also his sister and husband, Mary Ola Woods and Elmer Woods and their daughter, Jeana Smith and son in Bangs.

James Ford of Santa Anna had to have more surgery on Monday afternoon on his arm. A bone specialist from Fort Worth came to the Brownwood Community Hospital and did the surgery. James arm has not done any good since he got hurt some time back. Two other people also had surgery by this doctor. We hope they will all do good after their surgery. I talked to James' mother over the phone Monday night. She had just got home from the hospital.

The Quilting Club meets this Tuesday afternoon at the community center.

We have had more good rain since I wrote last week, but just good slow rain that soaked in the ground, 1 1/4 inches without any hail or storm. We are so thankful for that. We hope our neighbors at Whon and Rockwood soon get more rain as they have not gotten as much as we have.

Ann Martin is home from Texas Tech College at Lubbock. She is undecided whether she will be going this summer or not.

35 Years Ago In The News

The following stories are from the April 23, 1937, issue of the NEWS:

Construction on the new Reid Variety Store, which will be located in the Ralph Mathews building, formerly occupied by the Smith Fruit and Grocery Store and the Modern Beauty Shop, began Monday. Roy F. Reid of Merkel will move his family in a few weeks to make their home here and operate the store.

All men and boys interested in playing softball will meet April 26 to complete plans for the leagues which will begin playing May 3.

Those who have joined since last week's publication have been Bud Crump, A. D. Pettit, Rex Golston, Dick Eaugh, Scott Wallace, Etoile Cozart, Rankin McIver, John Shield, Earl Cozart, Red Rhodes, Nick Buse, Clyde Davenport, Raymond Buse, Chester Mathews and Bill Wright.

Ara Belle Ragsdale will represent Santa Anna in the

My Home Town speaking contest in the West Texas Chamber of Commerce convention in Brownwood May 10-12.

Twenty-five towns and cities will have contestants and the winner will receive a loving cup and a scholarship.

Miss Ragsdale is a sophomore in the local high school and is a member of the high school debating team and an honor student. She is the daughter of Mr. and Mrs. W. E. Ragsdale.

High school honor students for the year have been announced by Superintendent J. C. Scarborough. There are 15 who will have their names engraved on the plaque for scholastic merit.

These students are Doris Spencer, valedictorian; Ruby Lee Price, salutatorian; Raymond Holland, honor boy; and others are Ruth Coaley, Carlene Ashmore, Anita Kirkpatrick, H. W. Kingsbery, Martha Bell Harvey, Rosalie Niell, Veoma Newman, Margaret Jones, Thelma Vinson, Doris Rollins, Irene Stiles, and

Irene Baugh.

The second annual Whon Homecoming will be held at the Whon Baptist Church on Sunday, April 25. Services will begin at 10 a. m. and will last until 4 p. m. with dinner on the grounds.

Former pastors, members and evangelists of the church together with its friends are urged to attend.

A former Santa Anna man, now a resident of Cortez, Colo., is getting a thrill out of purchasing his dairy bottles from the old home town—bottles made in Santa Anna from Santa Anna sand.

The man is C. W. Rice, who with his wife and children were visiting this city last weekend as guest of Mr. and Mrs. P. B. Lightfoot.

While here he visited the Knappe - Coleman Glass Co. and was pleased with the bottles the plant turns out. He operates the only dairy in Cortez and plans to begin ordering bottles with the name of his dairy on them very soon.

"Do not leave a selvage edge as a finished edge for a dresser scarf," Mrs. J. M. Duggins, told the Liberty Home Demonstration Club when it met with Mrs. W. A. Standly in Santa Anna last Thursday.

Mrs. Duggins also gave embroidery patterns for dresser scarves to the ladies attending.

To Harry Wilson, who could never save a penny.

Harry's been talking about that house he's going to buy for six years now.

Harry's still talking. When it comes to saving for something special we all have good intentions, but many of us never seem to get started, let alone have the discipline to keep saving regularly.

That's what makes the Payroll Savings Plan such a terrific way to build a nest egg. All you do is sign up once. Then the amount you specify is automatically set aside from your check each payday and invested in U.S. Savings Bonds.

Now that Bonds pay 5% interest when held to maturity of 5 years, 10 months (4% the first year; thereafter 5.20% to maturity), your savings will grow faster than ever.

So, if you see a little bit of Harry in yourself, maybe it's time you joined the

Payroll Savings Plan. It's time to do more than just talk about your future.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
With higher paying U.S. Savings Bonds.

Mr. Angly, a 31 year old Austin attorney and the senior Republican member of the Texas House of Representatives, was on a tour through central and north Texas.

"Proper management of treasury deposits will produce an increase in state interest earnings of over \$10 million a year, which means we will need much less in taxes in 1973," the candidate continued.

Pecan Growers Spraying Trees For Casebearers

All pecan growers and persons interested in the production of pecans should be ready to spray their trees for pecan nut casebearer.

The Brownwood pecan research station has reported that the 10 of May is the approximate date of full emergence. Several factors can contribute to the emergence, those being cool, rainy weather or hot dry weather. If we continue to get the spring cool spells it may be after the 10th. Dry, hot weather could cause the emergence to be before the 10th.

Further information on the pecan nut casebearer will be related to you as soon as it is available.
