SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY MARCH 15, 1935

NUMBER 11

"He Profits Most Who Serves Best"

## Baylor Daughters To Have Visitors Day

Belton, March 11. (SPL).—Mary Hardin-Baylor daughters will invite their parents to their college home for the second annual Parents' Day April 19 and 20. Parents of every student will be asked to be the guests of the college in its dormitories, dining halls, and classrooms.

The program will open on the evening of April 19 with tentative plans for a student-conducted vespers service, a fine arts recital, and a reception for parents, faculty, and college seniors. Saturday's program will be based around a general plan for parents to visit with their daughters in classrooms. A tour of the campus, under the direction of members of the senior societies, Royal Academia and Historical-Phila, will begin the day.

Visitors will hear the College Chorus in a special program at the chapel hour, and in the afternoon a one-act play will be given in Presser Auditorium. There will also be a tumbling and physical education exhibition on the campus.

Arrangements for this program are tentative but parents of all Mary Hardin-Baylor students are urged to begin making plans to visit the college on these dates.

### TAYLOR-STILES

Rev. E. H. Wylie read the ceremony early Sunday morning which united Miss Nan Delle Taylor and Mr. Emmett Stiles in marriage. Rites were read at the home of the bride's mother, Mrs. H. G. Taylor.

Mr. Stiles is the oldest son of Mr. and Mrs. Wise Stiles, and an honor graduate of the local high school. He was a member of the Class of 1932. Mrs. Stiles also is a former student of the Santa Anna schools.

The young couple will make their home on the farm north of town.

### FUTURE FARMERS TO ATTEND FAT STOCK SHOW

The Santa Anna chapter of Future Farmers have made full preparations to be present at the Fat Stock Show at Fort Worth.

The president, Jot Tucker, and reporter, Bill Mitchell, with their local advisor, W. G. Godwin, are to be present at the Lone Star banquet, given at the Westbrook Hotel in Fort Worth March 15.

Miss Elizabeth Kelly carried her mother, Mrs. Joseph Kelly, back to her home in Dallas Sunday. Mrs. Dr. Billy Moore of Fort Stockton and Mrs. Johnnie Walker of Fort Worth, daughters of Mrs. Kelly, were here with her the past two weeks. Miss Cecilia Kelly returned to Dallas last week.

## Board Re-elects Several Teachers

At a meeting of the Board of Trustees of the Santa Anna School system, one evening last week, several teachers were re-elected to serve again the next term of school.

Prof. J. C. Scarborough was re-elected Superintendent, J. R. Cook, Claude Dean and R. K. Prescott were re-elected to their respective places in the High School. Mr. and Mrs. D. D. Byrne were re-elected to their respective places in the Ward School. No further elections will be made until after the Annual Trustee Election the first Saturday in April.

The action of the Board is very commendable, in the opinion of the writer, and here's hoping they all accept.

### Santa Anna Greenhands Are Initiated

In November 1934 a special meeting was called for the initiation of the Greenhands. The purpose of this meeting was to reorganize our Santa Anna chapter and to get back the charter which was taken from us about five years ago as the chapter had not been active.

The boys who were initiated are to be presented with a Greenhand button as soon as final preparations can be made.

### CARD OF THANKS

Our hearts go out in deepest gratitude to neighbors and friends for their many kindnesses shown us in our deep sorrow at the loss of our husband, father, son and brother. We thank Rev. Marshall, Bennett and Wingo for their words of comfort and consolation and the many floral tributes to our dear one.

We also wish to thank the nurses and doctors who ministered so faithfully to him and especially do we appreciate the careful, tender and delicate manner in which Pat and Norman Hosch handled him.

May heaven's blessings reward you all.

Mrs. Ward Vinson and baby, Mr. E. M. Vinson and family, Mr. and Mrs. Dave Banks and family.

### ANOTHER FINE RAIN

Early Monday morning the elements turned loose another lot of moisture measuring from a light shower to 1-2 inches in Coleman and adjoining counties. The rain was timely, and greatly beneficial to pastures and small grain.

Mr. and Mrs. Milton Moseley and little daughter of Ft. Worth spent the week-end in the J. R. Pearce and M. M. Moseley homes.

## Two Men Badly Injured in Caliche Pit Monday

Two men, John L. Burden and Ruben Fulton, working in the Caliche pit in the west part of town, were painfully and seriously injured Monday afternoon. The men backed under the bank of the pit for protection from a shower of rain, and the bank caved in on them, very nearly ending the lives of both.

Other workers rescued the men from their plight and rushed them to the hospital, where they received treatment, and at this writing, Thursday morning, Mr. Burden, who received a broken leg and severe bodily bruises, is recovering, and will soon be able to be carried home. Mr. Fulton's body was crushed, his spine fractured, and internal bruises that rendered him almost hopeless of recovery. His condition this morning is thought to be somewhat improved, and some hope is held for his recovery unless complications set up that medical skill cannot cope with. He will likely be placed in a cast Saturday or Sunday.

Mr. Burden is reported 45 years old, has a wife and one grown son. Mr. Fulton is 24, has a wife and two small children. They were working with the crew graveling streets in the City, using relief funds.

Twenty members of the local auxiliary were present.

### Tailor Shop Changes Managers

Mr. Carroll, who has been operating the tailor shop known as C & H Dry Cleaners, has sold his shop and equipment to one Dick Smith, who hails from Lohn, Texas. Mr. Smith has an announcement in this paper, to which you are referred for further information.

### QUILTING

A few neighbors gathered at the home of Mrs. H. L. Voss last Thursday afternoon and had a delightful time quilting. The quilt was a "Double Wedding Ring," pieced for H. L. by his grandmother, Mrs. E. N. Voss. There was happy conversation as the workers added stitch after stitch to the many thousands that went into this masterpiece of woman's handiwork.

The hostess served Golden Angel Cake, for which she is noted, and hot chocolate, to Mesdames Sam Bridges, Myrtle Campbell, G. F. Barlett, A. L. Oder, Bowden, Hucins and Miss Lena Jane Barlett, and Mrs. A. C. Watson. The latter was an appreciated visitor but was unable to help with the quilting. —Contributed.

W. G. Godwin visited in Lometa Saturday night and Sunday with his mother, Mrs. J. M. Godwin, and his sister, Miss Ernest Allen of Elberta.

## Oil Belt Teachers At Mineral Wells For Week-end

The Oil Belt Teachers Association will meet in Mineral Wells Friday and Saturday of this week, with the Convention headquarters at the Crazy and Baker Hotels. A letter from the president, R. F. Holloway of Ranger, urges all superintendents, principals, and teachers to attend every session of the meeting. The program will begin at 4:00 P. M. at the Baker Hotel when a program of interest to all teachers and administrators will be presented.

A pageant, "Texas Under Six Flags" will be presented at the banquet at the Crazy Hotel Friday night, and Presidents Neff of Baylor and Hubbard of C. I. A. will speak.

Saturday President W. B. Blizell of Oklahoma University will speak on "New Frontiers in Education;" and Secretary Cobb will speak on "Our Association." President Shaver will discuss "Current Legislation" and there will be up-to-the-minute discussions of interest to everyone present in the section meetings.

All the program will be held within three blocks of Mineral Wells. Write W. A. Ross, Mineral Wells, for reservations. It will be well worth your time—Mineral Wells majors in entertaining people.

### EARLY SETTLER IS BURIED HERE FRIDAY

Funeral services were held here last Friday afternoon for T. C. Watson, who would have reached his 89th birthday May 2nd of this year, had he lived a few more weeks.

Mr. Watson was born at Brunswick, Missouri, May 2, 1846. He came to Texas while only a boy, and came to Coleman county in 1873. According to his memory, if the writing is correct in his data, Mr. Watson's marriage to Miss Mary Hargis on February 6, 1876, was supposed to have been the first marriage performed in Coleman county after the county was organized. This could be a mistake, but was, according to Mr. Watson's memory, correct. He lived the remainder of his life in Coleman county, and reared a family of eight children, one dying in infancy.

His wife preceded him in death, passing on June 15, 1929. The surviving children are, five sons, Bert, Oscar, Ernest and Bill Watson of Santa Anna, and Lester Watson of Capitan, New Mexico, and three daughters, Mrs. Laura Anderson of Southland, Mrs. May Rutherford of Coleman and Mrs. Bessie Fuller of Santa Anna. Forty-two grandchildren and twenty-two great grandchildren survive.

Deceased was converted and joined the Baptist Church at Trickham about 42 years ago. He was a member of the Baptist church here in Santa Anna when he died. His pastor, Rev. Hal C. Wingo, conducted the funeral, with Mitcham Funeral Home in charge. Six grandsons acted as pall bearers.

Mr. Watson was very limited in literature, but possessed a soul of honor and respect, worked hard and accumulated a home and some other properties during his lifetime. His death ended the misery of long suffering and was not unexpected.

The editor accepted a ride with Dr. R. R. Lovelady in his new V-8 out to San Angelo Tuesday, to attend the Fourth Annual Fat Stock Show and Rodeo, which went over big, in the language of many of those present. San Angelo does things in a big way, and the stock show will likely be made permanent. The rodeo attractions were good, and the crowd was great in number. If the exhibition is to continue, we suggest the association enlarge their seating capacity by about ten thousand seats, and maybe most of the people can be seated. This old standing up for two and one-half hours gets old and we don't mean maybe. Thanks to Dr. Lovelady for the ride.

Guests in the Hardy Blue home Sunday, were Mr. and Mrs. J. A. Allen of Goldthwaite, Mr. and Mrs. E. A. Kirby and children of Tuscola, and Mr. and Mrs. Ernest Allen of Elberta.

## Beautification and Clean-up Project

The time is now here for a concerted movement on the part of the citizens of Santa Anna and surrounding communities towards cleaning up our town, and beautifying both our own premises and the vacant lots, especially those on the Highway.

In line with the Highway Beautification program we would like to make a few suggestions to the citizens whose property abuts the Highway. So much can be done by the property owner to beautify the entrances onto the Highway.

In many places beautiful columns of native stone, which is nearly always easy to find, have been built on each side of the gates which add greatly to the beauty of the landscape. Driveways leading from the Highway can be built up and beautified.

In places where stock can not get to it, Bluebonnets and Poppies will thrive by the gateway.

Another thing which impresses the passer-by is the name of the farm or ranch on an arch over the entrance. It shows pride in your homes. The Highway Department also advocates trimming up and protecting all trees. We never can have too many trees in West Texas.

A Statewide Beautification program is on and Coleman county is never found lagging in any progressive move.

These are just a few suggestions as a beginning. Your own ingenuity will suggest many other ideas which you can carry out by the Summer of 1936 and the Centennial.

I want to thank all of you who so generously responded to our call for trees and shrubs for our Park. The work is progressing rapidly. Mr. Godwin, the new teacher of agriculture, has kindly consented to assist us any way possible. We certainly appreciate some expert advice on tree planting, soil erosion and terracing, all of which are our special problems. We still have plenty of room for more things to plant.

—Mrs. Beatrice Gay.

### BIDS ON WATER PROJECT TO BE LET SOON

According to a detailed call published in this issue of the News, bids will be received here Friday, March 28th on the improvements to be made in the City Water System.

Your attention is directed to the article found elsewhere in these columns for further information.

Mr. and Mrs. H. B. Monroe and Miss Grace Mitchell visited in Fort Worth Sunday.

S. W. Childers and J. H. Beall of Coleman made a business trip to Dallas Tuesday.

## Corner Drug Co. Changes Ownership

Mr. and Mrs. I. Williamson, who owned a controlling interest and had the management of the Corner Drug Company for the past ten years, sold the store and premises this week to Lee Mobley, former postmaster here, and J. P. Shofner and son, V. L. Shofner of Levelland, Texas. The Shofners formerly lived in these parts, moved to the west several years ago, and have made good in the plains country.

Mr. and Mrs. V. L. Shofner moved here this week and will be actively identified with the business, and Mr. Mobley will also be found handy around the store.

In their announcement in this paper, the new owners state they will enlarge the stock and do their utmost to increase the service of the store.

Mr. and Mrs. Williamson will move to some place in the west after school is out, where they have hopes of finding a place where Mr. Williamson can regain his health. He has not been able to work for over two years.

We hope the new ownership finds business satisfactory and that their future here will be pleasant and profitable.

### Acknowledgement With Thanks

The editor acknowledges receipt of a certificate, certifying our appointment as a member of the Advisory Committee of the National Rivers and Harbors Congress of the United States.

This appointment came from the President and was recommended by our good friend, Congressman C. L. South.

The National Rivers and Harbors Congress is planning a wonderful and very constructive program throughout the United States, and this part of the country should be concerned very much about the program. A move is now on to have the 44th Legislature create a Central Colorado District of the immediate counties of Brown, Coleman and McCulloch, which, if perfected, will mean a great deal to the three counties, and will mean some wonderful improvements in our section of the great Colorado River Country.

It is a big subject and gives latitude for much thought.

Attend District Convention. The District Sixteen Sunday School and Baptist Training Union Convention met in the Immanuel Baptist Church at San Angelo Tuesday. Messengers from the local church who attended were the pastor, Rev. Hal C. Wingo, Mr. and Mrs. Louis Newman and daughter, Miss Ora Alice, Lester Newman, Emzy Brown, Mrs. J. F. Goen, Miss Lillie Hosch and Miss Queenie Gregg.

LEEDY SCHOOL NEWS

Spring Number Vol. 1 March 8, 1935 No. 3 (Edited by 6th and 7th Grades) A photographer from Brownwood visited our school and made a group picture of the student body. The pictures were good, and nearly every student bought one. Since the State has requested that music be taught in all schools, we are trying to do our part. We have two victrolas and the first set of records which we are learning to sing. At the last meeting of our English Club we had a book program. Every student gave an oral report of a book that he had read and liked. The sixth grade students have finished their study of Texas History, which is a half year course, and are now making a Texas booklet. The booklets are in the shape of the state of Texas. We have tried to make them artistic as well as informational. Friday night, March 15, at Leedy School House we held tryouts for Junior girls declamation in order to select our entrant for the Interscholastic

League Meet. Judges will be disinterested parties from Santa Anna. In connection we will have a short program and puppet show. Cleveland played us return ball games recently. The scores were reversed this time. The Leedy girls won in basketball, and the Cleveland boys won in baseball. We are observing this week in our work as Texas Week.

Thoughts for Serious Moments

"Go to the ant, thou sluggard, consider her ways and be wise; which having no guide, overseer, or ruler, provideth her meat in the summer, and gathereth her food in the harvest." The Bible. Every day look at a beautiful picture, read a beautiful poem, listen to beautiful music and if possible speak a few seasonable words.

The purpose of education is to give the body and the soul all the beauty and all the power of which they are capable. —Plato.

Forethought is cheap, after thought is expensive.

YOUR HOROSCOPE

March 11 and 12: People born on either of these days have good business ability, application and are not lazy. They usually do what they want to do and do it well. They can be very angry or irritated, but are generally very good natured. They are fond of their home and like fun. They have many friends, but people generally get a grudge out of you, though give you little in return. You are fond of camping out and are often found on the water.

March 13, 14, 15: People whose birthdays occur on either of these days are not in the least lazy, and are always doing something, if only reading. You do not like enforced vacation and although sometimes you throw up your job, you at once start hustling another. You have the faculty of making friends and keeping them. You do not demand much special attention. You wait until your share is offered you, and if it is not offered, you do not break your heart about it. You are not over enthusiastic in any direction, but in a quiet way get a fair measure of enjoyment out of everything.

March 16 and 17: People born on either of these dates are often very impractical and find it necessary to follow the guidance of another. You have a happy-go-lucky nature, are faithful to your employer and will bear considerable crowding work. Ordinarily you are satisfied with what comes your way, if you do not see any possible way of gaining more. You are not much given to fretting, if things do not come out as you want them to.

NOTICE TO BIDDERS

Sealed proposals, addressed to W. E. Baxter, Mayor, will be received at the office of Grace Mitchell, City Clerk, Santa Anna, Texas, up to two (2) o'clock, P. M., Thursday, the 28th day of March, 1935, for extending and improving the existing City Water Distribution System in the City of Santa Anna, Texas. At this time they will be publicly opened, read and considered, and referred to the State Engineer, PWA.

Bids will be taken separately on five (5) different contracts, as follows:—

Contract No. 1 - Furnishing cast iron pipe

Contract No. 2 - Furnishing valves, boxes and hydrants.

Contract No. 3 - Furnishing cast iron fittings and special castings.

Contract No. 4 - Furnishing all jointing materials, labor, tools, and equipment, together with all the work incidental thereto.

Contract No. 5 - ALTERNATE - A combination bid including the furnishing and installing in place of all bids included in the above four (4) contracts.

Bidders may bid upon any or all of the various contracts, it being understood that each contract constitutes a separate portion of the work, and may be awarded separately or in any combination which is most advantageous to the City of Santa Anna.

The successful bidder will be required to enter into a contract with the City of Santa Anna, which will contain provisions conforming with the requirements of the Federal Emergency Administration of Public Works as set out in its Bulletin No. 2, Revised March 3, 1934 and the construction provisions of the Loan and Grant Agreement.

A certified, or Cashier's, or acceptable bid bond in an amount equal to five (5) per cent

of the total bid must accompany each bid as a guaranty that, if awarded the contract, the bidder will promptly enter into a contract with the City of Santa Anna, as outlined in the specifications, and instructions to bidders. A performance bond in an amount of one hundred (100) per cent of the contract price, and a separate and distinct labor bond in an amount equal to the estimated largest aggregate payroll in any month, will be required.

Attention is called to the fact that not less than the minimum wage rates prescribed by the Federal Emergency Administration of Public Works must be paid on this project.

Contract will be awarded subject to the approval of the State Engineer, P. W. A., and also subject to the execution of the Loan and Grant Agreement by the Government.

Without exception, no bid will be considered unless accompanied by a properly executed Certificate of Compliance with NRA, in conjunction with P. W. A. Projects (Government Form PWA 61, revised March 19, 1934) duly executed by the bidder stating that the bidder is complying with and will continue to comply with each approved code of fair competition to which he is subject, and if engaged in any trade or industry for which there is no approved code of fair competition, then stating that as to such trade or industry he has become a party to and is complying with and will continue to comply with an agreement with the President (President's Reemployment Agreement) under section 4 (a) of the National Industrial Recovery Act.

Plans and specifications can be obtained at the office of the City Clerk, Santa Anna, Texas, or from F. J. Von Zuben, Consulting and Supervising Engineer, 820 Fair Building, Fort Worth, Texas, on and after Monday, March 4, 1935. A charge of \$15.00 will be made for each set of plans and specifications; one-half of his amount will be refunded upon the return of the plans and specifications, in good conditions, within five days from the receipt of bids.

Bidders are expected to inspect the site of the work and to inform themselves on all local conditions. All unit prices must be stated in both script and figures. The City reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness of stating prices in the bids; the City reserves the right to consider the most advantageous construction thereof or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the City to reject any bid.

The necessary revenue bonds to secure the loan and grant have been voted, printed, and approved by the Attorney General of the State of Texas, and are ready for purchase by the United States Government.

WITNESS the execution hereof at Santa Anna, Texas, this 2nd day of March, 1935, done in accordance with a resolution of the said City Commission of the City of Santa Anna, adopted and approved the 2nd day of March at a special called session of the said City Commission.

W. E. BAXTER, Mayor Santa Anna, Texas ATTEST: Grace Mitchell City Clerk.

IN THE UNITED STATES DISTRICT COURT FOR THE WESTERN DISTRICT OF TEXAS WACO DIVISION J. M. HUBBERT Vs. TEMPLE TRUST COMPANY

NO. 238 - IN EQUITY NOTICE IS HEREBY GIVEN that the undersigned, as Receiver for TEMPLE TRUST COMPANY, has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to W. Announcing A CHANGE IN OWNERSHIP Of The Corner Drug Co., Inc.

We wish to announce the purchase of the stock, fixtures, premises, and goodwill of the Corner Drug Company, Inc., formerly owned by Mr. and Mrs. I. Williamson, and are now in charge. At present we are going through the ordeal of transfers, adjusting ourselves to the new duties and responsibilities incidental to such changes, anticipating the pleasure of serving you in an acceptable and satisfactory way when you come to this store.

The Corner Drug Company is an old, established business in Santa Anna, and has a good reputation for serving the public in the drug and sundry lines.

We purpose to enlarge our stock and increase the service insofar as is possible. The new ownership will be in active charge of the business, on the job, and ready to serve you in every way we can for our mutual interest.

We will carry a complete line of drugs, confections, cosmetics, and other such merchandise as is usually sold in a first class drug store, and solicit your patronage. In return we pledge respectful, satisfactory, and legitimate service.

LEE MOBLEY, J. P. SHOFNER, and V. L. SHOFNER,

Owners and Managers of the

When Father Went to School

In a two-room, two-teacher school, the bell rang high in the belfry to summon the children of the Barfield community, in Alabama, to work. As the sun rises early there, the school took up at seven o'clock, about the time students here are just arising. The eight hours were divided for classes, recesses, and the noon hour. There were sev-

on grades and the average attendance was about fifty-two. Pupils were required to attend a full five months.

In the first grade, ABC's were taught and blackboard exercises were popular, as well as map study. Then in the second grade, as numerals were taught, the three school 'r's' were begun—readin', ritin', an' rithmetick. Geography was taken up the third year, and the fourth year started the pupils off in the famous spelling bees. For one half hour before noon, those who had begun the study at all, took part in the verbal spelling from Webster's dictionary. They were also required to define the words as they were spelled. Elementary and higher courses were taught in English and arithmetic; other courses were physics, geometry, United States History, physiology, and trigonometry. The elementary English course was known as simple phraseology, and the first reader, second reader, etc. were taught to the grades respectively. Civil Government was also taught in the higher grades. Special courses, not in the regular school curriculum, were taught for tuition.

The demerit system was not practiced until later, but a very simple method for punishment was used. One rule was always written on the blackboard—"Do Right." The superintendent had full authority to say whether an act was right or otherwise, and if considered otherwise, switches, of which there were plenty, became handy.

The heating system consisted of a fireplace in one room and a wood heater in the other. For lights, coal oil lamps were used, but there were few occasions to use them as Christmas programs and special exercises were about the only meetings held in the school house at night. —Hank.

SOPHOMORE GIRLS TO SERVE BANQUET

Twelve girls of the sophomore class have been selected to serve the Junior-Senior Banquet to be given this month.

They are: Anita Kirkpatrick, Doris Rollins, Carlone Ashmore, Vesta Evans, Marjorie Pope, Jane Burden, Lenora Golston, Helen Martha Zachary, Pauline Eubank, Annette Sheld, Marilyn Baxter, and Doris Spencer. —Dot.

Senior Don'ts for Underclassmen

Don't ever refuse to take paper to the wastebasket for those who are above you. Don't get in a Senior's way in the hall. Don't be backward about offering your gum to a Senior. Don't forget to excel the class before you in the splendor of the annual banquet—remember who it is in honor of. Don't swipe a Senior's "better half." Don't bring any aspersions whatsoever against your superiors. Don't even try to hold a candle to any Senior accomplishment; because, remember, a Senior won't be belittled by being outdone! —Hank.

Home Making II Club Meets

Home Making II Club had their regular meeting February 27. The roll was called by the secretary, Mattie Haynes, after which several interesting talks were made. President Ora Alice Newman made a talk on the club motto, "As our girlhood is now, so shall our womanhood be." Carlone Ashmore and Doris Rollins told about the lives of their grandmothers. —Reporter.

SAHS GUESS WHO?

This freshman is known and loved by all the students in Santa Anna High School for her generous disposition. She is very short of stature and has brown hair and eyes. This senior is a blond about five feet six inches tall and weighs about one hundred thirty-eight pounds. She has never gone to another school, and she seems to be very intelligent. Blond, frank, neat, intelligent, kind, and beautiful are a few of the many adjectives that describe this sophomore. She is one of the twelve to serve at the Junior-Senior Banquet. —Brown Eyes.

THE KEYHOLE KID

Santa Anna High March 8, 1935

Dear Susie, Spring weather, yes, but it does not seem to increase the list of cases on the campus. There is practically no news in that direction, Sue. However, if you had seen the "slim" attendance at the Scribbling rally last Saturday night, you might have thought otherwise. I suppose that, now Scribblers sign pen names to their articles, students will be interested in ferreting out the identities of the different writers, and will leave mine alone. Oh! Yes! Anita Kirkpatrick has broken the record for snipe hunters! Talk about ardent lovers of a sport! Ever Yours, The Keyhole Kid. SAHS

CLASS PERMITS FOUND

Old Sayings, Yet Priceless

"Never put off until tomorrow what you can do today." "Don't be too hasty in giving up old friends for the new ones." "Experience is the best teacher." "Don't let the sun go down upon your anger." "Be satisfied with nothing but the best." "Hate is one obstacle to success." "Envy no one; their good is priceless, your envy worthless." —Bonny. SAHS PROVERBS

Strive now—the grave will give us rest.

Footwork helps many a man to get ahead. If you fulfill what you owe to yourself, that's victory! No human is a failure who

retains good will toward men. Use your two eyes and two ears more than your one tongue. When harassed, get your courage up, not your temper. If you do your best, no consequences need appal you. There's no higher patriotism than doing one's duty. The key to happiness: Determination, then resignation. Sunshine keeps the world alive. Radiate it! It takes more than years to give us wisdom. It's one thing to have an opportunity, another to see it. Mental poverty is the most common. Courage! Don't crumble. SAHS

"A Hard Question to Answer"

When the warm days of spring are at hand, when birds are hopping about on the branches, and when soft breezes blow a gentle breath through the open windows, many students have fidgeted in their seats, restless and impatient to be outside. As the hands of the clock dragged themselves across its face at a rate that made the snail seem like the limited express, you may have asked yourself in disgust, "Who started education, anyway?" When you asked yourself this question, you really did not care for the exact answer—you were merely bored with the whole process. After all it would probably be an interesting story, if you could find out who did begin education. Nobody knows any more about who founded education than about the location of the first school. That is one of those things that are just as hard to fix exactly as is the home of the first family. Was the first school where some grandfather huddled before the evening camp fire and told stories of the tribe to the younger generation of the family. Was it where the elders picked out a few boys at a time and gave them training in simple ceremonies of the group, or was it at the knee of some primitive mother as she passed the knowledge of dangers on to her child? There probably never was any person of whom it could be said, "He started education." It is one of those things that have been so absolutely necessary to enable man to hold up his end in his age-long struggle that you could hardly expect to find any one place or time for its beginning. Debaters Attend Tournament At Abilene

Helen Martha Zachary, Emma John Blake, Creighton Morgan and Ted Bradford, with their coach, Mr. Womack, attended a practice debate tournament at Abilene on Saturday, March 9. The girl's team was defeated first by Breckenridge. Then they defeated Van by a vote of 3-0. They debated Hawley that afternoon, but it was a non-decision debate. The boys defeated San Angelo A team by a vote of 3-0. They were defeated by Van in the second round by a vote of 1-2. The Van boys won second in the state last year. The debaters are working hard in order to win county meet on March 22. —Jubilant Josie. SAHS

FAITH, HOPE, AND LOVE

Faith, hope and love are three very small words, but each has a very broad meaning. Without them there would be no reason for life, for who would be happy without love, a faith, or hope? Hope and ambition are two

similar words. No hope would mean no ambition and without ambition no one could rise to success in life! Faith is closely related to these words, for one surely has to have faith in gaining knowledge. One has to believe that he can succeed before he can actually reach his goal. Of course, naturally enough, love must enter in. If there were no love in this big universe where so many people exist, who could possibly amount to anything? Love is the making of people, for one has to have friends and loved ones to depend on, and who will inspire him to rise.

Students, those of you who have hopes of gaining, will do so by also having faith and love.

It is very important then, that you acquire those three things in your youth that you may live to serve others later. —Chickie. SAHS

TEACHERS CONVENE AT COLEMAN SATURDAY

The Coleman County Teachers Association convened March 9 at the Coleman High School Auditorium. The purpose of the meeting was to discuss the Interscholastic League, standardization of the schools, general advancement, and most important, the revision of the curriculum. Two hours were given to the General Session, in which music was given by the Talpa Intermediate Choral Club and the Plainview Rhythm Club. Talks were given by Superintendents W. T. Bowers, of Gouldbusk, J. C. Scarborough of Santa Anna, and C. H. Hufford, of Coleman. Other speakers were Thos. H. Taylor, president of Howard Payne, Miss Edgar Ellen Wilson, Assistant State Superintendent, of Austin, and G. W. McDaniel, manager of the Textbook Division, of Austin. Miss Wilson took Miss Opal Gilst-ap's place, who is State Supervisor. After the General Session, the teachers divided to form the Sectional Meetings: Primary, Intermediate, and High School. There the teachers from over

the county spoke in their respective meetings on the fundamentals and modern trends of schools, standards for promotion, curriculum revision, discipline, and physical education in the high schools. —Hank. SAHS

Five Most Common Grammatical Errors Made By Students

One of the most common errors made by high school students is the use of the double negative such as "I haven't got no pencil?"

Another error is often heard in the use of who and whom. So many times one hears the expression, "Who did you write to?"

Many pupils make the mistake of using a split infinitive. Did you ever hear a sentence like this? "I wished to only buy that."

Of course, some people still insist in saying "ain't." However, no REAL student would make such a mistake.

The last error is probably the one that occurs the most. That is "I just LOVE fruit salad!" Remember, you love the girls, but you only LIKE food!

(Note by Editor: Corrected sentences should also have been submitted.)

Dora Davis is advised to meet her companions at places not quite so public as a telephone post.

Sam Forehand and Faye Routh—do not linger in front of the building at noon hour—you might be late to class.

CAMPUS CHATTER

Students, we have all been wondering why Mary Hoopes went to Sapulpa, Oklahoma. It does seem funny, but where the "boys" are the girls go there also.

One would not believe it, but Willis Burney is escorting Bess Shield places. It must be admitted that they make a "cute" couple.

Marie Lovelace seems unreasonably happy this week. The clue is that Barney Smith of Sherman is in town.

Lenora Golston has been sitting at the table in front of study hall lately; but no one seems surprised as Tub Cheaney sits up there also.

The recent poll by the Literary Digest of 325,000 students in 100 of the leading colleges and Universities on the subject of peace and war disclosed that the rising generation believes it is possible to prevent war, will not fight for a foreign war, such as the late World War, does not have any faith in naval and air preparedness as an insurance of peace, favors the universal conscription of both capital and labor in time of war and favors government control of the manufacture of munitions.

Two babies were born in this country in the month of January with no connecting tube between the throat and the stomach. No way is known to medical science to supply this connection. Both babies are being kept alive by means of a rubber tube inserted through the stomach wall. This is being done in the hope that some way will yet be discovered to supply the deficiency. One of the babies was born in Baltimore, Maryland, and the other in Paola, Kansas.

The extent of this depression and the extent of the relief that has been necessary and may yet be necessary causes one to wonder if there is not some obligation to administrations to sense the trend of things and correct the faults that inevitably lead us into a depression before we become involved at such enormous cost and loss. It is possible that it would cost less to correct a condition that would eventually lead to a depression than it does to bring the nation out of the depression after it has gotten into it.

We've an idea that if we were a young woman and some of these young bucks would come around to see us and croon through some of the inane drive one hears over the radio we would feel like repeating the historic act of Horatius who so nobly defended the Roman bridge across the Tiber and thus saved his native city when he smote his adversary on the top of the head with his sword and "clove him to the teeth."

The reason some folks need a \$200 a month pension now is because in the past they have lived as though they had it.

Postmaster General Farley got himself into a lot of trouble by passing out to his friends several sheets of unperforated stamps which he had autographed. The stamps, collectors say, now have a value of about \$100,000 due to the fact that there is such a limited number of them, there being no other unperforated stamps in circulation. Farley when called to account stated that the reason he gave out unperforated stamps was that perforated stamps were not easy to autograph. In all the original value of the stamps was \$80, which Farley paid, but the disturbance caused by the

irregular procedure was a trifle less than would have been occasioned by the sudden passage of the bonus act. Such a release by any one of less authority in the department would doubtless have been the occasion of instant dismissal. The sheet of stamps that precipitated the disturbance was of the 3 cent Mothers Day issue and was sent to a friend collector in North Carolina who had to tell the good news and then proceeded to have the sheet insured for \$20,000. The matter came to the attention of the administration when the other stamp collectors objected to this type of favoritism and protested. As the matter stands the friend still has the stamps and will doubtless keep them.

TWO MINUTE SERMON

TAKING IT ON THE CHIN: I admire the business man who meets everyone these days with a smile, who to all appearances is light hearted, helpful and optimistic. I know as well as though he had taken me back and showed me that business is not good, perhaps it is not making expenses. I know that he stands a good chance to see the saving of his life time swept away before the depression ends. Perhaps it will come at a time in life when it will be impossible

for him to beat back. When I meet up with men like this and they thus reveal to me a fine high courage and optimism and faith, it bolsters up my own courage and I go back to my own work with a feeling that I am not licked until I have given up. My contact with such a sport has served to build me up inside. In such a presence and influence my own worries and problems seem less heavy and burdensome and much of care seems to slip from my shoulders and I am more free to think and work at my best. I do not suppose this business friend of mine realizes that he has made any contribution to me but he has—a splendid helpful contribution that I can take with me wherever I go, and, if I will, can pass on to others as much in need of its helpful influence as I.

WHAT WE THINK

To me the proposal of the government to pay old age pensions and provide for employment insurance is a frank admission that the average individual is incapable of handling his own affairs and has appealed to the government to handle them for him.

For instance, take the old age pension. In the long run no more money can be paid out by a government than is taken in by the government. If the government pays out a hundred million dollars in pensions it will have to take in a hundred million with which to do it.

The assumption is that this pension business is going to be self sustaining—that is the recipients of the pension will pay into the government during their lifetime a sum sufficient to provide the pension.

For years life insurance companies have sold annuities for this very purpose yet only a small percent of the people own them.

This is proof to me that the average individual does not know how to manage his own affairs. He will complain bitterly about the business of other kinds but thinks it will be all right for the government to get into the life insurance business.

The thing is perfectly reasonable to me. I am glad to see the government getting interested in it. I never have believed that there is more than one person in a hundred with sense enough to manage his own personal affairs.

I think the results prove my contentment. For instance this depression followed one of the most prosperous times this country has ever seen. Everybody that cared to work had a job at good wages, yet when the depression struck most people were broke flat six weeks after they lost their jobs.

Barring the few who had their resources drained by sickness or other types of misfortune beyond their control, none of the rest who found themselves broke flat could lay claim to having done a very good job of managing their business. If they had they would have been in shape to have weathered the storm for a period considerably longer than six weeks.

If any further proof were needed that the human critter isn't half as smart as he thinks he is I am ready to produce it. I need make but one illustration—War.

We like to pride ourselves that we are smart, big business men, super men and all that. The race isn't smart enough to keep out of war which according to Dr. Nicholas Murray Butler of the Carnegie Endowment for Universal Peace, cost 400 billion dollars in property.

No one has any idea how much 400 billion dollars is but here is what this amount of money would do.

400 billion dollars would build a \$2500 house and furnish it with \$1000 worth of furniture and place it on 5 acres of land worth \$100 an acre and give one of these to each family in the United States, Canada, Australia, England, Wales, Ireland, Scotland, France, Belgium, Germany and Russia.

After doing this there would be enough money left to give each city of 20,000 and over in these countries a \$5000,000 library and a \$10,000,000 university and out of the balance we would have enough money to set aside a sum at 5 percent interest which would pay for all time to come a \$1000 yearly salary each for an army of 125,000 teachers and in addition pay the same salary to each of an army of 125,000 nurses.

After having done this sizeable job we would still have enough money left to buy all of France, Belgium and everything of value that France and Belgium possess, every farm, home, factory, railroad street car—in fact everything of value in these two countries in 1914.

Ask you, is a race of people that would destroy that amount of value in war, to say nothing of the human lives lost, have any cause to lay any claim to being smart, or to being able to handle its own business? Personally, I don't think so.

STRANGE BUT TRUE

It is said that discovery of an ancient camp site convinces scientists that North America was inhabited during the late ice age.

It is predicted by Dr. William A. White, of Washington, D. C., that the human race will advance to much greater heights.

It is said that American Indians of 600 years ago built dams and irrigated fields during a 25-year-long drought.

W. C. T. U.

The W. C. T. U. had an interesting meeting with Miss Josie Baxter Wednesday afternoon of last week. There was a very good attendance and one new member gained. The Christian Church group in the union here brought in their full quota of members assigned at the first of the year. It is hoped other groups will do as well by the next meeting. There was a general discussion of the liquor situation, and some interesting articles read. A rising vote of thanks was given Miss Baxter for her efficient management in feeding the Lions during the month of February. The Union appreciates this opportunity to add something to its treasury. At the conclusion of the program the hostess served delicious pear upside down cake, and coffee and tea.

JUNCTION H. D. C.

(Too late for last week)

The Coleman Junction Home Demonstration Club met last Friday at the home of Mrs. John Pearce. Twelve members and one visitor were present. The group were especially honored since they were the first club to have Miss Alice Glenn Young, the new County Demonstrator, with them.

Miss Young gave a very interesting talk in which she discussed Bedroom Accessories and Yard Screening.

The hostess served whipped cream cake and chocolate to her pleased guests.

The meeting for Friday, March 15 will be at the home of Mrs. Collin Price.

If you wish to hang on to your wife, when you go to bed, put away your reading matter and turn the light out.

APPLESAUCE

Friday night of this week, a home talent play, under the auspices of the Ward School P. T. A. and the Missionary Society of the Christian church, will be presented in the auditorium of the High School building. The price of admission will be 10c and 20c and promises to be worth the admission.

The play is a three act comedy drama with specialties between acts. A detailed announcement will be found elsewhere in this paper.

It is interesting to note that while on occasions in the past Congress has spent months debating bills that came up for consideration which involved no money appropriations the bill calling for 4880 million dollars, the largest appropriation bill ever passed by any nation was handed in a scant two days' time.

We've made up our mind definitely that it isn't going to make any difference either way to us which way the "Gold Clause" case is decided. We are going to have to put in about the same amount of work each week to get out a paper and the job of keeping enough money in the bank to pay the bills is going to continue to be a matter that will require most of our ingenuity for most of our waking hours.
