## Mountain Echoes

By  
Barbara

The old saying about Easter Sunday rain bringing rain for seven consecutive Sundays is hereby null and void. Last Sunday brought one of the worst dust storms we have had in a long time -- and the first one for this year. West Texas rain, maybe?

It's been brought to our attention that compliments are due the Santa Anna Cemetery Association and the employees there. Our local cemetery is in beautiful condition with a profusion of flowers and shrubs and carefully trimmed and the employees there. Our local cemetery is in beautiful condition with a profusion of flowers and shrubs and carefully trimmed lots. J. T. Avants and Paul Pembroke are the working force that keeps everything in such nice condition.

Seems we have lots of errors in the NEWS, but most can be excused, we hope. Errors are nothing new. In an issue of the NEWS from 40 years ago there was an advertisement for "sick" hose in the newest colors.

Another interesting tidbit from that old issue was an ad stating: Hair bobbing a specialty at Mrs. Shockley's - 35 cents.

## Grain Harvest Now Underway In Community

Grain harvesting got underway in our area this week, and two grain elevators are now operating in Santa Anna.

The Continental Grain Elevator operated by Jack Dockery and sons and the former Santa Anna Co-op Elevator operating under the name of Central Texas Grain Forwarding Co. both opened Monday.

At the Continental elevator the first grain was oats from the Arthur Casey farm in the Red Bank community. The oats were heavy and the moisture content good.

John Dockery reported that the yield should be better than earlier anticipated, and the harvest will possibly be better than last year.

Doyle Evans had the first oats brought into the Cen Tex elevator, and the first sample tested 40 pounds per bushel. Wheat from Hilburn Henderson's farm tested 61 pounds.

Grain prices are higher than last year and farmers are pleased with prospects for the harvest.

Some farmers cut and baled their oats for winter feed instead of combining.

## Two S.A. Teachers Retiring After Many Years on Faculty

Two Santa Anna elementary teachers are retiring this year after a number of years on the faculty of the local school. They are Mrs. Harry (Margaret) Crews and Mrs. V. I. (Lucille) Dean.

Mrs. Crews, a native of Lampasas, attended Howard Payne College for two years after graduating from Brownwood High School. She worked in Coleman for two years, then took a position on the faculty at Leaday for two years.

After her marriage to Mr. Crews in 1934 she returned to Santa Anna in 1945.

Mrs. Crews started teaching in the Santa Anna school system in 1951 as a second grade teacher. The past 21 years have been spent as third grade teacher.

A member of the county and state TSTA, Mrs. Crews is also a member of the Coleman County Delta Kappa Gamma chapter and has served as an officer of the group. She has always been interested in teaching and at one time also taught piano lessons besides the regular classroom duties. Her mother, Mrs. Mae McDonald of Santa Anna, was a long-time music teacher in Coleman.

Mr. and Mrs. Crews are active members of the United Methodist Church. He has recently retired from the building supply business. She plans to enjoy being at home and working in the yard.

Mr. and Mrs. Crews are the parents of two children, Mrs. Billy (Dixie) Aylor of San Angelo and Jimmy Crews, a teacher in Mount Vernon, New York. They also have three granddaughters.

Lucille Dean was the third member of her family to enter the field of education. She planned to be a elementary teacher for the time of her graduation at Winters High School through graduation from Texas State College for Women (now Texas Women's University) and master's degree from North Texas State University.

Mrs. Dean's first position was at Port Arthur, then she taught at Albany for seven years. After teaching the next four years in Wichita Falls she married V. I. Dean in 1949 and did not teach again until they moved to Santa Anna. She taught one semester at Mozelle, then took a position on the Santa Anna faculty in 1957.

Mrs. Dean started as fourth grade teacher but was moved to the primary grades the following year. She has taught second grade for the past ten years. Her largest class was a group of 45 fifth graders at Albany, and she estimates she taught about 700 children her 26 years in education.

Also a member of county and state professional organizations, Mrs. Dean has served as reporter of the Coleman County DKG chapter for five years. She and her husband are members of the United Methodist Church. They are parents of a daughter, Mrs. Roger (Karen) Beard of Santa Anna, and have two granddaughters.

Mrs. Dean plans to enjoy housekeeping, sewing, reading and traveling with her husband who is a retired oil company employee.

The Santa Anna public schools and numerous parents and patrons will miss these two dedicated faculty members who have served so faithfully during the past years.

## In Our Opinion

By W. T. HAYS

THE TEXAS LEGISLATURE ended its session Monday night at midnight after ignoring the long Memorial Day holiday and working almost around the clock to try to finish all it was supposed to do.

It is a funny thing but it seems the Texas House and Senate never get in a hurry until the session is almost over, then they have to work day and night trying to get something accomplished.

A lot of people are like that. We procrastinate until the deadline nears and then have to push ourselves to the limit to try to finish our job.

The Ethics bill finally got passed, however it was disappointing to some and surprising to others. It ended up stronger than many people felt it would, but not as strong as some would have liked. At least it is a start in the right direction. One who enters politics automatically subjects his life to public scrutiny.

A big argument arose on the school financing bill that resulted in its death for this session. Some argued that it did nothing to solve the problem of equality for school districts and proponents claimed it was a step in the right direction. It ended up in a 70-70 tie in the house and Speaker Price Daniel, Jr., after some deliberation delcared the bill failed to pass. The Senate had passed the bill.

Both houses passed a compromise drug bill which would reduce the penalties for possession of marijuana in less than four ounces to a misdemeanor.

Most of us are ready to criticize our state legislative bodies at the drop of a hat, and no doubt they deserve some criticism, but most of us don't realize the pressure they are under in legislative session. They are hit from every angle on about every bill that comes up, and it would take a genius to make the right decision on every one.

As long as they vote like we want them to, they are doing a greta job, but if they disagree with us, they are stupid. That is human nature, we suppose, but we must remember that every question has two sides, and we are not altogether infallible. It is not very hard, usually, to find some place of agreement among a small group, but when you get as many together as we have in the legislature, then that is something else. Sometimes we decide that a question has more than two sides.

 Editor, The Santa Anna News  
 P. O. Box 399  
 Santa Anna, Texas, 76878

Dear Mrs. Kingsbery:  
 I thank you very much for the little item about Eugene Watkins, Jim Allee Hart and myself making the honor roll at Texas Tech College for the winter term of 1933, in the article entitled "40 Years Ago in the News" of the May 24, 1973 issue of the Santa Ann News. I am sure that not many college student these days realize how tough business conditions were in those days. I had to drop out of school at the end of the winter term because all of my money (a total of \$38), which was intended for financing my spring term in the college, was caught in the First National Bank of Santa Anna by the nation-wide bank holiday

declared by President Franklin D. Roosevelt right after he came into office on March 4, 1933. Later I was able to enroll again at Tech in September 1936 and graduated in June 1939.

In my opinion there is no other town like Santa Anna and I always enjoy reading the Santa Anna News.

Yours very truly
