Mountain Echoes

Local postal patrons have noticed little blue and white cards attached to some of their mail in the past week. "Noticed" is putting it mildly! The pesky little cards are attached like leeches with a sturdy staple which makes opening with a letter opener impossible.

While we mutter about the postal service and local employees in particular, we must recognize that the postal workers have a much more difficult time attaching the little critters than we have disengaging them!

All mail is required to have the correct address which includes box number, route names and zip codes. Any mail without the complete address may be returned to the sender marked "insufficient address".

Please, all of you NEWS patrons, add P.O. Box 399 to our address so we will not have so many of the cards attached to our mail.

So much for progress.

In last week's picture of our SAHS cheerleaders we mixed the names of head cheerleader Serena Bryan and Sharon McCreary. Both are beautiful girls, so who would mind being called by either name?

We wrote the caption for one picture, then printed another similar one, hence the error.
bk

Homecoming is just five weeks away. We've promised to mention it often, and again remind you that the dates are Friday and Saturday, October 26 and 27.
bk

Another important event at hand is the annual Coleman County Fair. It is slated for Saturday with much activity planned at the Coleman site.

Co-Presidents Are Chosen By Junior Class

The Junior Class of Santa Anna High School elected co-presidents this year to lead the group. They are Darla Hufford and Donna James. Becky Allen is secretary of the class; Sharon McCreary is treasurer; Nancy Perkins, reporter; and Johnny Salazar is parliamentarian.

Steve Beal and Lisa Herring were chosen as class representatives to the Student Council.

Faculty sponsors for the junior class are Miss Rebecca Pauley, Mrs. Jerry Allen, Floyd Marshall and Cullen Perry.

State Fair Opens Oct. 6

All roads lead to the State Fair in Oct. 6-21, at the "World Gateways Exposition". One of the main thoroughfares will open to enchanting vistas in the Women's Department.

At the entrance to the Department a mini-stage will be set up as a special spot where American Indians will demonstrate various crafts of weaving, pottery work, beading, basketry, jewelry making, leather tooling, and silversmithing. They will also be presented in tribal, ritual, and ceremonial dances.

Along the pathway will be displays of jewel-like jams and jellies, a kaleidoscope of patchwork quilts, exhibits of ceramics, a cruet collection, paintings, a miscellaneous assortment of handiwork for the viewing pleasure of the Fair crowd.

The Cyclorama Stage will be both a rest stop and a destination where free programs and demonstrations of all forms of dance art will entertain those who love to watch the gliding grace of a waltz or the explosive tempo of the Spanish flamenco.

Traffic will pile at the daily free fashion shows which will mingle songs, choreography of foreign lands and continental decor with "Texas Fashions International!" to carry out the Fair's global theme.

Special events will be traditional contests of bread baking and cake making, candy and cookies, chili and pies to display culinary skills contestants.

Sewing contests for teenagers and their moms or dads will discover fresh talent in the needle and thimble department.

Proud steed of the Midway, gleaming with a fresh paint job, shares the ecstasy and delight of his young rider as he gallops on the carousel, just one of the many exciting things to enjoy at the State Fair. Foot-long corny dogs, cotton candy, tangy tortillas, pop and fudgecicles, high-flying rides and swarms of happy Fair-goers will add up to a carnival scene and old-fashioned fun on the Midway during the "World Gateways Exposition" in Dallas, Oct. 6-21.

If you can blow a bigger bubblegum bubble, tap a faster tap dance, carve a better pumpkin, trim a prettier Christmas tree, or just own a crop of freckles, here's your chance for fame and fun.

"Gateway to the Arts" will show a clock maker making a clock, a portrait painter painting

a portrait, and a metal sculptor sculpting metal. Each will explain the tricks of the trade to interest onlookers.

All this in the Women's Department. For further information write for a premium list to the Women's Department, State Fair of Texas, P. O. Box 26010, Dallas, Texas 75226.

Wall Hawks Trip Mounties

The Santa Anna Mountaineers suffered their first defeat of the season Friday night when the Wall Hawks won 22-6 in a non-conference game at Mountaineer Stadium.

The Hawks scored early in the first quarter but were held scoreless in the second and final periods of play. Two TD's and one PAT in the third period of play gave the Hawks their 22-point total.

Santa Anna's only score came in the second quarter when Jody Day hit a 15-yard pass to David Huggins. The try for extra point failed.

Santa Anna had several determined drives toward the goal line but another score did not materialize. Coach Gene Williams cited David Huggins as outstanding offensive player and Marty Warnock and Steve Deal as outstanding on defense.

The Mountaineers will have another home game this week as they host the Lometa team on Friday night at 8 p.m. All local football fans are urged to be present for the game and also attend the pep rally Friday afternoon at 3:40 p.m. at the gymnasium.

Members of the Mountaineer team this year include Jody Day,

Scott Bowker, David Huggins, Danny Valdez, Jay Weathers and Lee Wristen, backs; Steve Beal, David Guthrie, Duane Aldridge,

Timmy Bengel, and Sam Allen, guards; Mark Wagner, center; Lane Guthrie, Robbie Drake, John

Rendon, Mark Shambeck and Hank Wise, ends; Marty Warnock and Albert DeLeon, ends.

Larry Benton and Ronnie Yancy are managers; Danny Walker is trainer; and Royce Cupps is statistician for the team this year.

Dozens of exhibits and booths will be on display for the day, and there will be a midway with rides and attractions for all ages.

A youth horse show will be held in the rodeo arena in conjunction with the Fair. Donnie Neff and Jackie Horne are co-chairman of

the horse show committee.

The annual barbecue supper will be served from 4:30 p.m. with Ort Keatts as chairman of the food committee.

It Takes More than Anti-Freeze to . . .

Prepare Your Car for Winter

Getting your car ready for winter's severe temperatures and driving conditions should involve a lot more than just adding anti-freeze. The American Petroleum Institute has developed a check list that may help you get ready for the cold weather ahead.

But first, let's look at anti-freeze. Today's cars are

designed to use the "permanent" or ethylene glycol type — not the older "alcohol" base variety. Although it is called permanent anti-freeze, it should be replaced at least once a year, or if your car is equipped with air conditioning, twice a year.

Change Anti-Freeze

Anti-freeze solutions also act as rust inhibitors and water-pump lubricants and contain additives that lose their effectiveness after a year's driving.

When changing anti-freeze, begin with a careful check of the condition of the radiator hoses, thermostat, and radiator. Have your mechanic "pressure test" your cooling system. Replace worn hoses before they leak.

If all systems check out, drain and flush the radiator. Replace the coolant liquid with a 50-50 mixture of water and ethylene glycol type anti-freeze. This will offer maximum protection. Do NOT use 100% anti-freeze, use the 50-50 mixture—it's cheaper and more efficient.

Do not overfill the radiator; fill only one or two inches from the top — if it is too full, the overflow that

occurs when the engine heats up will spill the anti-freeze onto the street.

Horse Show Set For Area Youth During Co. Fair

The Coleman County Fair, September 22, is featuring a Youth Horse Show. Mr. Bob Collins of San Saba will be the judge. There will be halter classes for both registered and unregistered mares and geldings. Any youth age 19 or under is eligible to participate.

There will be a Junior Division in performance events for those under 14. Trophies will be presented to all class winners in the Junior and Senior Divisions.

Entries may be made anytime between now and the morning of Sept. 22, by 9 a.m. Entry blanks and catalogues are available from Roger Blackmon, CEA, Box 872, Coleman, Texas.

A buckstitched trophy halter will be presented to the Senior All Around and Junior All Around winners.

The entry fee is \$3.00 for halter events, and \$3.00 will enter a horse any or all performance events.

CEA, Roger Blackmon, invites all youngsters in Coleman and area counties to participate in this horse show and have a good time at the Coleman County Fair.

The team played this week at Blanket and will have a home game with Bangs Junior High on Tuesday night, September 25, starting at 7:30 p.m.

20% have contaminated transmission fluid.

49% have some form of ignition system breakdown.

28% have carburetor malfunctions and 35% have incorrect timing.

Reserved Seats Are Available For Ball Games

Sale of football season reserved seats has been brisk, according to Judy Hartman, school secretary. Only a few season tickets are still available and may be purchased at the Friday night game or by calling the school business office.

The season ticket is only 25 cents per game, or \$1.25 for the remaining five games. Reserved seats can be purchased for individual games if they are available.

A very large crowd of football fans was on hand for the Friday night game, and a larger turnout is expected for the game this week.

In Our Opinion

By W. T. HAYS

PRESIDENT NIXON has suggested that Congress impose a "forced savings" on income tax payers in an effort to curb inflation.

We believe that such action would be about as practical as some other administration suggestions, when we try to foresee just what would be accomplished by such action.

In the first place, the taxpayers who really carry the load in this country are not the cause of inflation. Inflation is caused by the spending of vast sums of money and the government itself is the real culprit.

Income taxes are paid by people in the \$6,000 to \$25,000 earning bracket. Most of them are having a hard time getting along with inflation such as it is, without imposing another penalty on them. Those below that income level, pay little or no taxes and those above that group also pay very little of the income tax revenue, so the act would be discriminatory to say the least.

When we get down to it, the proper solution would probably be like one congressman put it: "Instead of raising taxes, we ought to see where we can spend them more wisely and with less waste." That would be more help in cutting inflation than anything we can think of.

We are not smart enough to know the answer to the inflation problem, but it is evident that a lot of solutions thought out by the "Smart boys" didn't work either. It seems that nobody really knows what to do about it, but one thing we do know is that this country was founded and ran for years on the law of supply and demand. That seems to be the answer still. If business and individuals alike had less interference from the government and had to make it on their own, we believe that sooner or later things would level off.

Anytime there is a shortage of any item, prices go up, but when the supply meets the demand, then things get back to normal. But when the government steps in and limits production, or sets quotas or freezes prices, then the people just react. They do not like that kind of supervision, and, like anyone else—if they can't make something, they will not work.

Who can blame them?

High Value Set On Deer Meat Bagged in '72

AUSTIN--Texas deer hunters took home almost \$12 million worth of venison during the past season, according to Texas Parks and Wildlife Department officials.

The figure is based on the amount of boneless meat from 14,400 mule deer and 362,000 white-tailed deer killed during the 1972-73 season and the November 1972, price of ground beef chuck which averaged \$.85 per pound statewide.

The average field-dressed mule deer weighed 106 pounds and yielded an estimated 53 pounds of boneless meat, while whitetails field dressed at approximately 73 pounds and yielded slightly more than 36 pounds of boneless meat.

The total amount of boneless mule deer meat harvested in Texas was approximately 762,000 pounds and valued at more than \$647,000.

Whitetails yielded approximately 13,174,000 pounds of boneless meat valued at more than \$11,198,000.

Department officials say that rising beef prices should raise the value of venison considerably during the coming season.

Although the bag limit for white-tailed deer in many parts of Texas is three, a few hunters (approximately seven percent) harvested that many last year.

Only 37 percent of deer hunters killed two or more deer, according to a deer and turkey harvest survey for the 1972-73 hunting season conducted by the Texas Parks and Wildlife Department. The bulk of whitetail deer hunters, 62 percent, killed only one deer during the entire season.

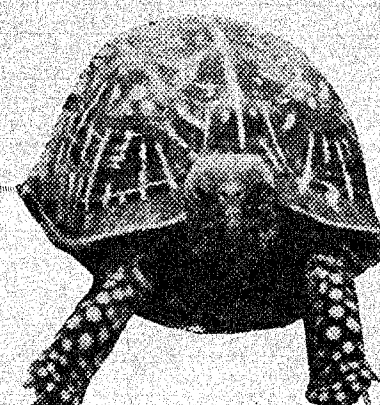

The information from the survey came from responses to 38,774 questionnaires mailed to a random sampling of hunting license holders.

ASCS NEWS

The loan interest rate in the U.S. Department of Agriculture's farm storage and drying equipment loan program is being raised to reflect increased borrowing costs of money to Commodity Credit Corporation (CCC). The interest rate will be increased from 6.0 percent to 8.75 percent, per annum, computed on a daily basis.

In addition, the amount of down payment required by borrowers is being raised from 15 to thirty percent because of the accelerated pace at which on-farm storage is being added. The changes will become effective for loan applications filed on or after Sept. 17, 1973.

The changes are designed to maintain program activity at a level which will more nearly reflect the current storage situation rather than the situation that has prevailed over the past several years, and they should result in a reduction of federal government expenditures in fiscal year 1974, the Department explained.

Under the farm storage and drying equipment loan program farmers can secure CCC loans to finance on-farm storage and drying facilities needed for grain and other commodities. Record use was made of the program during fiscal year 1973 when 41,046 loans were made for \$156.6 million representing more than 313.5 million bushels of storage capacity.

Storage and equipment loans have been available since 1949.

Weevils' Travel Habits Clocked

Fall is apparently the favorite time of the year for travel by boll weevils.

While this information may not be of much help to travel agencies, the National Cotton Council says it is an important clue to scientists who are working to perfect better control methods for the cotton pests.

The distance covered by the weevils in their fall gallivanting also interests scientists. By clocking the insects' mileage, they can determine the size of an area that should be included in large-scale control experiments.

Results to date indicate that control areas should be extensive. More than 300,000 weevils were caught, marked, and released in the recent study. Some were retrapped two miles away after two months, while others flew 16 miles in two weeks.

The record traveler, however, was one jet-age weevil that turned up 25 miles away after only four days.

35 Years Ago ... in The News

The following stories are from the September 16, 1938 issue of the NEWS:

Santa Anna Mountaineers meet their arch rivals, the Coleman Bluecats, on Hufford Field at 8 o'clock tonight. Plenty of action will unfurl on every play when these two teams meet, and there is no way of telling what will happen next. This fracas will give the fans of this section of the state a chance to see just what these two teams have and what can be expected from them throughout the entire season.

For the past four weeks Coaches Little and Jackson have been putting their charges through daily workouts. Last week the Mountaineers scrimmaged Rockwood twice. The Santa Anna ball club is greatly handicapped by being inexperienced, out of the eleven starting men only six have ever been in a football game before.

Captains are Burton Gregg and Charlie Wristen. Others on the team are Wyndell Rowe, Oran Henderson, Lewis Miles Guthrie, John Sidney West, L.V. Cupps, Buddy Lovelady, Vernon Oakes, Cotten Nichols, Adrian Speck, Marle Wolf and Charles Brown.

Other members of the squad include Billy Wade, Charles York, Lee Schattel, Wilburn Box, Jimmie Zachary, Eugene Smith, Virgil Lancaster, Sheg Garrett, and Jim Everett.

Clarence Cooper, civil engineer of Coleman, met with the City Council Tuesday and with representatives of the Lions Club to talk over a proposed drainage project for Santa Anna. The drainage system is to protect homes and property near the mountain from water running from the mountain which causes much damage to streets, bridges and homes.

Mr. Cooper will return here to inspect the streets and will be accompanied by Mayor Leman Brown, City Commissioners E.P.

Ewing and J. Frank Turner, and several local businessmen.

The first regular meeting of the Santa Anna Parent Teacher Association will be held September 20 at the Ward School auditorium. Mr. C.D. Bruce is president and a program on safety will be presented by Mmes. George Johnson, Reg Owen and Chap Eeds. Members of the program committee are Mmes. J. G. Williamson, J. L. Harris and Hardy Blue.

A complete list of teachers on the Coleman County rural schools has been released by County Supt. J.L. Baker. Some of the area schools and their teachers are as follows:

Trickham - C.D. Findley, Miss Evelyn Herridge and Miss Fay Nickers; Buffalo - L.W. Keilers, O.W. Myers, Roger George, Mrs. Roger George, Mrs. Mary Michaels, Miss Nannie Marie Pearson, Mrs. Gladys Harding, Miss Thelma Long, and Mrs. O.R. Barnett; Whon - J.B. Shannon, Miss Pauline Davis, Miss Leora Hester; Line - Mrs. Hallie Bivins, Cross Roads - J.H. Martin, Miss Ester Sides, Miss Aline Harper and Mrs. Agee Edgerton; Plainview - Mr. and Mrs. Jodie E. Baker; Liberty - Mrs. S.W. Duggins, Jr; Cleveland - John David Harper and Lonella Taylor; Shields - A.B. Carroll, Richard Dillingham, Willie C. Revels and Miss Nella Derrington; Leedy - Mr. and Mrs. D.H. Williams.
