Shield-Johnson Well Shows Oil In Fry

The Shield-Johnson well No. 1 being drilled north of town, this week had a slight showing of oil in the Fry sand. At a depth of 1885 to 1888 ft. there was a slight show of oil and gas. From 1888-1899 ft. there was an increase in the oil and gas showing.

For the present the well is shut down to lower the casing. Work was stopped for a few days due to the bad weather, but will begin again soon.

Jack Kingsbery Injured Friday

An injury that resulted in three bad breaks in the bones between the knee and ankle was suffered when a young horse fell with Jack Kingsbery on his father's ranch last Friday.

In the fall, young Kingsbery's foot became caught in the stirrup, frightening the horse and causing the boy to be dragged for 50 yards or more before his shoe tore and released him. The accident occurred in a remote part of the pasture and he lay for five hours before he was seen by Carl Williams, who summoned help to bring him to the local hospital.

Suffering from exposure and shock as well as bruises and the fractured bones, his condition remains serious. An operation to set the broken bones was performed Tuesday and at present he appears to be progressing fairly well.

He is a veteran of the war and planned to re-enter A. and M. College on Feb. 2, to resume his studies.

Harry M. Oder and wife of Abilene visited with his mother, Mrs. A. L. Oder, last weekend. They attended the reunion of the 36th Division in Brownwood Saturday night. The three attended Memorial services at the Christian Church in Brownwood Sunday morning.

Mrs. Ralph Conley of Santa Anna visited her parents in Valera last week. Ralph is now stationed in Yokohama, Japan and is with the 1179 Engr. Construction Group.

Methodist Revival To Be In March

The Official Board of the Methodist Church announced last Sunday that the pre-Easter Revival will begin on Sunday, March 31st, and continue through April 10th. Services will be held each week-day morning at 10:00 and each evening at 7:00.

The pastor, Rev. J. D. F. Williams, announced that the revival preacher will be the Rev. C. C. Sessions, pastor of the Herring Avenue Methodist Church, Waco, Texas. The official board requested that Rev. Thos. B. Granger, who is now pastor at Bangs, be invited to lead the music again this year. We are gratified that he has accepted the invitation for a second year.

The Rev. Mr. Sessions is an outstanding minister of the Central Texas Conference, a graduate of Southern Methodist University. Some will remember him as the County Attorney of Runnels County some ten years ago. Since entering the ministry, he has proven his ability and effectiveness by rising to one of the largest Methodist churches in this territory. We welcome him to Santa Anna.

Misses Elsie Lee and Ruby Harper, Gale Collier, Mary Gladys Pope, Corrinne Wallace and Mrs. Sam Collier and Mrs. L. A. Singleton attended the Community Concert in Brownwood Friday night and heard the noted artist, Lansing Hatfield.

Mr. and Mrs. Elgean Shield were in Fort Worth on business Monday.

UNITED STATES TREASURY WAR FINANCE COMMITTEE OF TEXAS

January 21, 1946

To the Editor of The Newspaper Addressed Dear Editor:

I wish it were possible for me to personally convey my thanks to you for the fine support you have given us throughout the war financing program. As you no doubt are aware, we have exceeded our quotas in the Victory Loan drive and by doing so, Texas occupies an enviable position.

In this final Victory Loan drive, we attained 102.7% of our Series E quota, and 221.7% of the over-all quota. This is a remarkable record, and I can truthfully say that it would have been impossible to have even assumed the responsibilities placed on us had it not been for the all-out support of the citizenship. Since the inception of this program, Texans have invested \$1,590,576,394 in E Bonds and total sales have amounted to \$5,009,185,485. This program has taught people the habit of saving money, and the Treasury Department will continue to offer for sale U. S. Savings Bonds and Stamps.

Our objectives under this new program will be to continue the sale of Savings Bonds through the Payroll Savings Plan in industry and the sale of Stamps and Bonds through schools, banks, and other business and civic groups. I am sure that you will agree with me that this is sound business. It is with that thought in mind that I accepted the appointment by the Secretary of the Treasury to serve as Chairman of the Texas Advisory Committee for the Savings Bonds Division of the U. S. Treasury Department.

I again want to express our sincere appreciation for your support throughout the war financing program and to ask your cooperation in helping in what I consider a sound business undertaking. This program will certainly help us in combating inflation. In a few days our publicity department will prepare a special news release that will be sent directly to you, and it is my hope that you will be able to use it in such a way that you will advise the people of Texas of the continuation of our program to sell U. S. Savings Bonds and Stamps.

Sincerely yours,
Nathan Adams, Chairman,
Advisory Committee of Texas
United States Savings Bonds Division

Progress Slow In Old Clothing Drive

The Victory Clothing Collection is proceeding slowly in Santa Anna. The local chairman, Rev. J. D. F. Williams, reported that about twenty bundles have been turned in the first two weeks. Many have indicated that they have clothes for the collection, but they have not been received. The heavy snow delayed the house-to-house collection of bundles, but the Explorer Scouts will make this collection this week.

Through the courtesy of the management of the Queen Theatre, a special Old Clothes matinee will be given on Friday, January 28th. The feature will be "G. L. Honeymoon." There will be two shows, the first to begin at 12:40, at which the Grammar School children will be released to attend, and the second showing at 2:10, at which the High School student will be released. Others may choose either performance to attend this special OLD CLOTHES matinee. Admission will be by depositing a bundle of old clothes at the entrance of the theatre.

Bundles may be left at the News Office, the Post Office, or schools and churches. This collection is to be closed on January 31st. Badly needed are shoes (any type) boots, rubbers, play-shoes, tennis shoes. We also need underclothes, work clothes, overcoats. If your garments are two or three piece, please tie them together so they will not be separated in shipping. The only articles of clothing not wanted are handbags, straw hats, toys, novelties, and household furnishings. We need serviceable clothing, shoes and bedding.

Go through your closets and attics today, write your goodwill letters and see that they are collected or turned in. A garment given today may save a life this year.

Coleman Annual Livestock Show Held Thursday

The Coleman 15th Annual Livestock Show was held Thursday, January 24.

A record number of entries were expected in this show. There was about \$400.00 awarded in prizes. Roy Largent of Merkel was judge of fat calves and breeding classes of beef cattle. Chester Collinsworth of Merkel, of fat lambs, breeding sheep and dairy animals.

The judging started at 10 o'clock and following the judging an auction sale was held with Delma Johnson in charge.

The show officials were W. A. Powell general chairman; Raymond McElrath, vice-chairman; F. M. McKinney, secretary; and John E. McDaniel, assistant secretary.

Livestock superintendents, club boy division were: Carol Kingsbery general superintendent; Carter Dibrell, fat calves; Joe Tinney, fat lambs; Rex Garrett, swine.

Adult division: Jack Horne, general chairman; C. F. Sappington, sheep and goats; W. A. Powell, registered beef cattle; Frank Gillespie, grade beef cattle; Hal Martin, dairy animals; Rex Garrett, swine.

Mrs. Morris Myrick and daughter, Judy of Fort Worth are visiting with her parents, Rev. and Mrs. S. R. Smith.

Livestock Show Very Successful

Monday the 4-H Club and FFA boys held their 6th annual Livestock Show. Due to the very bad weather the adult part of the show was very light, but all but one or two of the boys had their stock here. Nineteen boys made entries in the show and a total of \$230.50 in prizes will be awarded to these boys at the Lions Club at the regular meeting Tuesday, Jan. 29.

A meeting of all the merchants in Santa Anna will be held at the City Hall Tuesday, January 29th, at 7:30 p. m. at which time we will organize our Chamber of Commerce and elect directors for the year of 1946.

Please be present and show that you are interested in the growth and welfare of Santa Anna.

J. J. Gregg Elected March of Dimes Chairman

DALLAS, Jan. 22—Mrs. Jess A. B. Miller, Coleman, has been appointed chairman of the Texas State Committee for the fund-raising campaign to carry on the work of the National Foundation For Infantile Paralysis in its battle against the dread crippler.

George Waverley Briggs, Dallas, chairman of the Texas State Committee for the fund-raising celebrations in January, announced the appointment of the local director who, in turn, will organize a full committee of local civic leaders immediately.

Mr. J. J. Gregg has been appointed chairman of the Santa Anna March of Dimes campaign. The last of this week there will be jars placed in the stores in Santa Anna with the March of Dimes label pasted on them. Collections will be taken up at the Theater and the Lions Club voted to turn the left over from the cigarette fund to the March of Dimes.

Last year 253 Texas counties participated in the campaign, raising \$611,192 of which Coleman County raised \$634.51. Citing the severe polio epidemic of summer, 1945, the director expressed hope that the 1946 contributions would be materially increased.

"Fortunately, through funds from last year's March of Dimes campaign, we were prepared to meet the 1945 epidemic," Mrs. Miller reported. "More than \$6,500,000—or 65 million dimes—was spent by the National Foundation and its chapters over the country for transportation, hospitalization, services of doctors and nurses, and special equipment such as hot pack machines, iron lungs, braces, crutches and wheel chairs. Treatment of a polio patient costs an average of \$2,500 a year and must be continued for years to effect recovery. Since no one knows where or how hard polio may strike in 1946, we must again be ready to meet the attack wherever it may come, as well as continue treatment still necessary for patients of previous years. Contributions to the March of Dimes is our assurance that no victim of infantile paralysis will go uncared for, regardless of age, race or creed."

Half the contributions raised will remain in the county chapter for care and treatment of local patients, while the other half goes to the National Foundation for epidemic aid, education and research to find a means of preventing the disease.

Mrs. L. A. Singleton and Miss Mary Gladys Pope attended the Knife and Fork Club in Brownwood Saturday night and heard the noted lecturer, Stefansson from Alaska.

come from some other herd. This shows the kind of work these boys are doing right here at home. Better livestock are coming from this part of the country all the time and these boys are the ones who deserve the praise.

Peanuts and Soil Maintenance Or Improvement

The peanut, being a Legume, gathers nitrogen from the air. When 1,000 pounds of nuts are hogged off it is estimated that 50 pounds of nitrogen are gained by the soil against a loss of approximately 8 pounds of phosphoric acid, 5½ pounds of potash and 1 pound of calcium.

When peanuts are dug the vines, nuts and a considerable portion of the roots are removed. A crop of 1,000 pounds of nuts per acre and the accompanying vines and roots dug, remove approximately 60 to 67 pounds of nitrogen, 1 to 12½ pounds of phosphoric acid, 26 to 34 pounds of potash, and 20 to 27 pounds of calcium from the land.

What methods must we adopt to increase our soil fertility to offset this terrible loss, which is constantly robbing us of our labor income on our farms? Why has Texas an average of 450 pounds of peanuts per acre against Virginia's 1,210 pounds per acre average, and Georgia reporting as high as 2,602 lbs. per acre on one variety of peanuts out of 25 making over 1,089 pounds per acre, and as high as 4,225 pounds of hay per acre?

Florida reports 200 pounds to 600 pounds of pork per acre where 1,000 pounds of nuts are raised. On our Texas farms we could get 75 to possibly 100 lbs. of pork per acre with the 450 pound per acre average for Texas.

A possible solution follows:

1. Select an average soil at least with a sandy loam base if possible, as sandy soils work easier and harvest is much easier than clay soils.

2. Peanuts should follow on a soil where some well fertilized

crop has been grown the previous year, such as corn.

3. Follow with a winter Legume cover crop each year, such as Hairy Vetch or Austin Winter Peas, etc. List under the cover crop three or four weeks before planting peanuts to a depth where it will not interfere with peanut cultivation.

4. Bed land in 36 to 40 inch rows with a small middle buster or lister making sharp ridges. Let settle before planting time.

5. Plant 40 pounds of shelled and treated Spanish peanut seed per acre. Machined or hand shelled and treated with 3 ounces of 2 per cent cesaran, 2 ounces arasan, or 3 ounces of spergon to each 100 pounds of shelled seed. Cull out shrivelled, cracked and weak looking pops. This will provide a stand of 5 to 8 inches in the drill.

6. Plant seed with a good peanut planter to a depth of 5 to 6 inches behind a 3 inch bull tongue opener and where they will be deep enough to be a little lower than the middle furrow. Leave a ridge over the row some 6 to 8 inches wide.

7. Plant 8 to 10 rows peanuts on the contour, then 8 to 10 rows of peas, grain sorghum or other large growing crop for blowing land control. Use 150 pounds of 0-14-7 on peas, rye, hairy vetch, grain sorghum on strip crop.

8. In 4 to 6 days after planting, or when sprouts are near one inch on the seed, drag rows to where seed will be 2 or 3 inches deep, leaving a clean row for peanuts to come up in, eliminating hoeing.

9. A few days after peanuts come through or are some 2 or 3 inches high, dirt up rows with small sweeps and renders, or use weeder with running rows instead of across rows.

10. Fertilize with 30 to 400 lbs. of 0-14-5 or a mixture of 120-180 pounds of superphosphate and 60 to 75 pounds of muriate of potash. On poor soils or where

no fertilizer was used the previous year, use 200 pounds of 2-10-4 or 2-12-4 per acre. Fertilizer can be distributed at time of planting or part saved for a side dressing in about 25 to 35 days.

11. Cultivate land rather level, not throwing too much dirt to row and avoid plowing under pegged down vines. Lay by with a 10 to 2 inch sweep run reasonably to kill weeds and grass.

12. Use a dusting sulphur at the rate of 15 to 20 pounds per

acre at 2 week intervals when leaf hopper and leaf spot begin to show up. Three or four dustings will usually increase crop near 20 per cent. This dusting starts near 60 to 75 days after planting, or as soon as spots start showing up on the peanut leaves.

13. After peanut crop is harvested plant a cover crop of Vetch, Austrian Winter Peas or some kind of suitable cover to plow under in Spring.

These suggestions may be followed closely with fair to good results, or may be altered to meet conditions on any farm.

Mr. and Mrs. Jozach Miller and children Dolores Ann and Sarah J. spent Friday night with Mr. and Mrs. Dave Banks and Beverly. Mr. Miller attended the 36th Division reunion at Brownwood Saturday.

See it! Hear it! Action Whirls! COMING SOON.. "THE HARVEY GIRLS"

MGM's musical romance in Technicolor

Epic of a famous Eating Place! Hearts, Heroism and Happiness in a Harvey House! When the Santa Fe, back in the last century, pushed its rails on out through the West, Fred Harvey followed with "civilized" eating places along the railroad. Waitresses were ladies. Food was good. Harvey Houses along the Santa Fe became a national institution.

Stir up the Harvey House Girls serving beefsteak and coffee in a wild and woolly frontier town, add a handsome Western hero and a crooked Western political boss, season with seven hit songs, including that toot-toot-tootingest hit, "On the Atchison, Topeka and The Santa Fe," produce it under famous MGM producers, wrap it all up in Technicolor and you have something!

You met her in St. Louis. She made your heart ticktock in "The Clock." Now she'll put your hair in curls in "The Harvey Girls." Who-o-o? Nobody but Judy Garland. Never such a song for Judy to sing as "On the Atchison, Topeka and The Santa Fe." Never such a part for Judy to play. She carries coffee—sings songs. She curbs crime. She rates romance—and she hog-ties her hero as the lights go up.

Winningest cast of the West:

Along with Judy you get He-Man JOHN HODIAK.

PRESTON FOSTER as the vicious villain.

Find-of-the-year ANGELA LANSBURY.

RAY BOLGER with the frisky feet.

Dead Pan VIRGINIA O'BRIEN.

Those comical cutups, MARJORIE MAIN and CHILL WILLS.

And KENNY BAKER, back in pictures, fresh from Broadway and radio successes.

But that's not all.

You get seven singable songs by JOHNNY MERCER and HARRY WARREN, including that Hit of Hits, "On the Atchison, Topeka and The Santa Fe."

You get direction and production by MGM's famous George Sidney and Arthur Freed. And all in Technicolor.

Historically "The Harvey Girls" grew up with Santa Fe. Our railroad and their eating houses pushed through the Southwest and West when towns were scarce, times were tough, and a Colt's 45 was a man's standard equipment. Today, the 70-year-old Fred Harvey company—which has been under the management of the same Harvey family for three generations—operates Santa Fe dining cars and the Fred Harvey hotels and restaurants located along the railroad.

"The Harvey Girls" is a delightful and wholesome entertainment the entire family will enjoy. Watch your newspapers for announcement on when "The Harvey Girls" will be in town.

AN ORDINANCE Regulating the Moving, Hauling and Transportation of Buildings, Houses and Structures Over The Public Streets Of The City Of Santa Anna, and Providing For A Permit and Bond, and Fixing A Penalty For Violation.

BE IT ORDAINED, by the City Commission of the City of Santa Anna, Texas, by unanimous vote, all members present and voting, that the following ordinance be adopted and after its publication shall become a part of the ordinances of the City of Santa Anna, and be in full force and effect.

SECTION 1: That after the effective date of this ordinance, it shall be unlawful for any person, firm, or corporation, to move, haul or transport over, across, or along any Street or Alley within the City limits of the town of Santa Anna, on any vehicle or truck, any building, house or structure to be used as a dwelling or business house, without having first obtained a permit and filed a bond with the City Secretary of City of Santa Anna, Texas, as hereinafter provided.

SECTION 2: Any person, persons, firm or corporation desiring to haul, move or transport any building, house or structure, over or across any Street within the City limits of Santa Anna, shall make and file with the City Secretary an application in writing, giving the name and address of the person so applying, and the location to or from which, he proposes or wishes to move any such building, house or structure, and the route over which he desires to transport the same, and the City Secretary shall issue such permit on forms furnished by the City, on the filing with the City Secretary of a bond duly executed by the applicant and two solvent sureties in the sum of Five Hundred

(\$500.00) Dollars, payable to the City of Santa Anna, Texas, conditioned that such person, persons, firm or corporation, will pay to the City of Santa Anna, all cost and damages caused to any street, streets, curb or sidewalk in the transporting and moving of said building, house or structure. Further provided that said bond shall be approved by the Mayor of the City of Santa Anna prior to the issuance of any permit by the City Secretary.

SECTION 3: Any person, firm or corporation who violates, refuses or fails to comply with any provision of this ordinance, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not exceeding \$100.

SECTION 4: If any section, paragraph, subdivision, clause, phrase or provision of this ordinance shall be adjudged invalid or shall be held unconstitutional, the same shall not affect the validity of this ordinance as a whole, or any part or provision thereof, other than the part of such provision so decided to be invalid.

Passed, adopted and approved and ordered published in the Santa Anna News, a newspaper published in City of Santa Anna, Texas, as provided by law, this 4th day of Jan. 1946.

Exemption Certificates

Only a few days remain which voters may qualify to participate in this year's elections and considerable confusion exists among two classes of voters—returned ex-service men, and voters over sixty who vote on exemption certificates.

A committee appointed by the Democratic State Executive Committee has conferred with the Attorney General on this matter. The Attorney General has issued an opinion on soldier voting which will enable ex-service men and women to vote without difficulty. It will not be necessary for them to obtain

exemption certificates, or to register in order to be permitted to cast ballots. The committee will furnish all county and precinct chairmen and election judges with adequate instructions on soldier voting.

In the case of voters over sixty, however, it will be necessary for those living in cities of over 10,000 population to secure new certificates of exemption before January 31st, if they are to participate in this year's primaries and elections.

The Democratic State Executive Committee hopes that all of these persons will secure their certificates before the deadline, but fears that many may fail to do so, as in many cities of over 10,000, less than half of the exemption certificates have been renewed.

Former Marines who held rank as corporals and sergeants and are married may now re-enlist in the United States Marine Corps it was announced by Captain Robert E. Rain, Jr., Officer in Charge of the Dallas District Marine Corps Recruit-

ing Office. Heretofore, married Marines of those two ranks were prevented from re-enlisting due to a long-established rule to that effect. Now, the Captain said, that has been changed through official word from Headquarters, Marine Corps, Washington, D. C. providing the men have been discharged from the Corps 90 days or less and are qualified for re-enlistment in all other respects. This is applicable to inductees and reserve components thereof.

Major Re-enlists As S-Sgt. WASHINGTON, D. C., Jan. 21—Just six weeks after he was discharged from the Army, former Major Clarence George, 29, re-entered the service—this time as a staff sergeant.

After social security and withholding taxes came out of his civilian salary, he wasn't as well off as he was in the Army. "Besides," he said, "I missed Army ways."

- 1 Disconnect your electric door-bell. What if your friends and neighbors do bruise their knuckles knocking! You'll save a penny a month. Naturally, a penny saved is a penny earned. In only eleven years (at compound interest) you'll earn enough to buy another door-bell for the back door so you can save TWICE as much by not using it!
- 2 Sell your vacuum cleaner and beat your rugs by hand. The money you get for your old machine will buy several sturdy beaters and an ample supply of liniment. Then, every time you beat ten large rugs, you'll save a whole penny.
You can easily do ten rugs in a couple of days, after you get used to it. The exercise will build you up, even if it does break down the rugs. And the more you beat 'em the more you save!
- 3 Turn off your radio during "The Electric Hour" on Sunday afternoon. Of course, you'll miss Nelson Eddy and his guest stars and Robert Armstrong's Orchestra, but you'll save a penny every time you do it. In a year, that's nearly 9c. And there's no music so pleasant as those coppers clinking in your pocket!

Trickham News

By Mrs. Beula Kingston

Mrs. Ona Vaughn Robertson and daughter, Nan, and daughter-in-law Mrs. Bobbie Robertson of Houston spent several days here with Mrs. Lee Vaughn and other relatives.

Miss Vada Talley is visiting her sister, Mrs. Joe Burleson, of San Angelo.

Mr. and Mrs. Lewis Newman visited Mrs. Beula Kingston Wednesday night. Glad to hear that Henry Newman who was seriously hurt in a car wreck two weeks ago near Zephyr, is improving and that he will soon be his old self again.

Cpl. and Mrs. Travis Starkey are here visiting her parents, Mr. and Mrs. Gordon Stearns and Tommy. Cpl. Starkey has recently returned from 3 years overseas duty.

Mr. and Mrs. Lewis Burney spent the weekend at San Marcos visiting their son, Jessie and family.

Mr. and Mrs. McMurry of Mt. View community visited Mr. and Mrs. Oil Martin Saturday night. Pat and Garner McClatchey took 2 of their fat calves to the annual stock show at Santa Anna Monday, and will take them to Brownwood Saturday.

Mr. and Mrs. Oscar Boenicke and Mrs. Shield left immediately after Sunday school Sunday to meet with the rest of the Boenicke relatives at Miss Pauline Boenicke's in Brownwood for their annual family reunion.

Mrs. Will Featherston was taken back to the hospital Sunday. It seems hard for her to recover from the flu. We surely hope she stays there long enough to be able to fully recover.

Visitors with Mr. and Mrs. Wiley McClatchey and boys Sunday were Mr. and Mrs. Walter Stacy, Mrs. Kingston, Mr. and Mrs. Fred McCormick, Myrna Jean and Donna Ray. The boys brought four of their fat calves to the house for us to see. This to me was a great treat as I seldom have a chance to see stock anymore.

Mr. S. E. Reed has been ill for several days and their many

friends join with them in sympathy over the news they received Saturday morning that their grandson, Bobbie Brice of Brownwood had accidentally shot and killed one of his best friends Don Nordyke, while they were out hunting near Lake Brownwood.

Mrs. Cordia York and Mrs. Zona Stacy were dinner guests with Mr. and Mrs. Marion Ford Sunday.

Pfc. John David McIver leaves this coming Sunday for some camp after a 30 days leave here with his parents.

Brother Burgett brought us a good message Sunday morning, but owing to the cold weather, night services were called off. An offering for the March of Dimes for infantile paralysis was taken. I believe the amount was \$8.75.

Mrs. Martin announced that she had received a letter saying this week is the week for the Clothing Drive. Bring clothes to the school house.

Mr. and Mrs. Gus Fiveash of Whon were brief visitors with Mrs. Kingston Saturday afternoon.

Mr. and Mrs. Lige Lancaster left after Sunday school to spend the day with Mrs. Virgil Lancaster of Santa Anna.

Mrs. J. S. Laughlin and Minnie spent one afternoon with Mrs. Fred Haynes last week.

Mrs. Laverne McClatchey visited Mr. and Mrs. John McClatchey in Coleman Saturday. Sorry to hear Mrs. McClatchey has been ill, but is improving now.

Mr. and Mrs. Homer Goodgion invited the singers to their house for singing Sunday night. Quite a number went and had an enjoyable time.

You Methodist folks take notice! Quarterly conference will be held here next Sunday. Bring your lunch.

Mr. and Mrs. Glenn Haynes and Nancy Jo, had dinner with Mrs. Emma Perry Sunday and in the afternoon visited in Brownwood.

Mr. and Mrs. Carl Sheffield, Mrs. Jack Laughlin and Jackie Ray spent Sunday with Mrs. Laughlin and Minnie.

This is Tuesday morning and such a beautiful sight we see—snow, beautiful snow. No artist could paint such a picture. As the sun shines upon the snow everything shines like diamonds. Some say we had six inches; others say 7. As I look at the snow I think of the words of Isaiah 1:18 which says "Though your sins be as scarlet they shall be as white as snow."

Mr. Ben McIver received a telegram Sunday saying his sister, Mrs. Sarah Thomas of Jonesboro, N. C. had died. She was 82 years of age. This now leaves Mr. McIver the only living child of 10 brothers and sisters. Mrs. Thomas was the mother of Watson Thomas who formerly lived here and grandmother of Cecil Thomas, daughter of Mrs. Zetha Thomas of Santa Anna. Our sympathy to the bereaved ones.

School was dismissed for today Tuesday, the weather is so bad.

Felton Martin went to Brownwood this morning to register for school work at Howard Payne College and plans to go back and forth from home.

Mrs. A. W. Crye

Good morning. How is every one this cold day? Everything looks so beautiful as the sun shines on the snow and ice.

Congratulations to Mr. and Mrs. William L. Livingston, the proud parents of a baby girl.

Rev. Jack Skelton preached at the Baptist church to a nice crowd last Sunday.

We are sorry to report Mrs. Jim Barton on sick list this week.

Mr. and Mrs. A. W. Crye and son, Delmer, were guests in the T. E. Moore home Sunday.

Friends of Mrs. E. S. McClellan are glad to know she was able to attend church Sunday for the first time since she underwent an operation at the Coleman hospital some time ago.

A very nice crowd enjoyed a 42 party at the Ray home last Saturday night.

We welcome into our neighborhood Mr. and Mrs. S. S. Spain, who are soon to move to the Ernest Saunders place south of Gouldbusk.

Mr. and Mrs. Woots Priddy spent the weekend with her parents, Mr. and Mrs. Byron Hawthorne.

Miss Rose Slone has recently returned from Grand Prairie for a visit with relatives here.

We are glad to report that Dewitt Priddy and John Thomas have received discharges from the army.

The young people of our community are having great sport playing in the snow today.

Congratulations to Mr. and Mrs. John Sparks—proud parents of a fine baby girl.

Billie Frank Row of Abilene visited relatives in our community this week.

Buck Row had to report to Fort Sam Houston this week.

Hon. Edwin C. Johnson
Chairman, Subcommittee
Military Affairs Committee
U. S. Senate
Washington, D. C.

In view of your pending investigation of demobilization and return of troops from foreign countries have to advise that while in England I have been consulted by a number of troops stressing situation here. They insist that there are many troops in the United Kingdom which are not needed for U. S. services. Particularly the Army Airways Communications Systems contends that its forces are practically idle and that such activity as it exercises is in servicing civilian commercial airlines. I have also had complaints from 1302 Engineer Regiment, 92nd Bomb Groups, 118th Infantry and other organizations. Their contentions are similar to above. Please call these matters to attention of War Department and your committee.

Signed: Tom Connally,

To the Voters Of Precinct Two

I have my notice in the Coleman Democrat-Voice announcing my candidacy for Commissioner of Precinct Two. But in order that all may see my Notice I am taking this privilege to put my Notice in the Santa Anna News.

I have lived in this county for the past 27 years. I have had road experience with Mr. Curtis Collins, Mr. J. A. Williams and 5 months with Mr. Carl Ashmore. Most of the 5 months for Mr. Ashmore has been since my return from the Army. I was recently laid off by Mr. Carl Ashmore since my announcement for candidacy for Commissioner of Precinct No. Two.

I believe I am capable of building roads and will try to build better roads and work to the interest of the people. I will not show partiality to any one, but will be the same to all.

I have served 2 years, 6 months and 20 days in the U. S. Army.

I will do my utmost to get around and meet each voter of Precinct No. Two, and will cer-

Fairly appreciate your votes.

 Thank you!

WHO'S WHO IN THE SENIOR CLASS

Calice Jane Overby
Have you met that brown haired, brown-eyed, piano playing Senior we call Calice Jane? If not, let me introduce you to the Secretary-Treasurer of the Senior Class and editor of the Mountaineer.
Calice Jane was valedictorian of her grammar school gradua-

tion class and we have heard that she has yet to miss the honor roll. Her main likes are hamburgers with onions, oysters tailored clothes, typing and shorthand. Tops on her hit parade is I Can't Begin To Tell You. Her favorite movie actor is Spencer Tracy; actress, Betty Davis and author, James Hillon. The girl says she doesn't care much for Van Johnson (quick, call a doctor!) Okra seems to be her extra-special dislike with math of any kind running a close second. Her favorite teacher is Mrs. I. Williamson and her ideal person is her cousin of Austin, Mrs. Ward Blacklock.

Calice Jane plans to go to college, major in Business Administration and perhaps be someone's private secretary.
We know lady luck will smile her way because she deserves it. Good luck in everything you do, Calice Jane.

Ray McSwain
Hey Leady, seen that man lately? You know who we mean—Ray McSwain.
Ray is 16 years old, 5 feet 11 1/2 inches tall (that's practically 6 feet) and weighs 171 pounds. Gosh, what a man.
He played right tackle on the football team this year and was a good one too.

Yes here's something you may or may not know too. He has brown hair and brown eyes of the very same color.
His pet likes are algebra and Chemistry (and we did not have a gun in his ribs when he said that either) and last but not least, Mary Lois.

His dislikes are English and well that's as far as he got. Surpassed desire—Now look out—is to stay single.
Ray plans to go to John Tarleton or A and M, but can't make up his mind, and he wants to major in Diesel Electric.

His favorite movie star is Betty Grable and he doesn't have a favorite actor—Wonder why, surely Betty doesn't mean that much does she?
And could you guess what his favorite song is? Well, now I'll tell you, its Chickery Chick. His ideal person is Mrs. Evans. You sure have a lot to live up to there.

Zane Grey or Edgar Allen Poe take their places as his favorite authors but he can't say what book he likes best.
Good luck, Ray, to you and your locomotives!

GOSSIP

Well well through all of this snow Snoop and Scoop failed to make it this week but Peep and Squeek are here with plenty of that "old juicy gossip!"
Well, looks like Authur Dean Talley puts on his cutest smiles when he looks at Jerry Box these days. The Freshman and Sophomore girls, wonder why?
Look out, Boyd! We hear that Billy Campbell has been walking Wanda P. home. Better be careful.

Looks like our handsome Freshman, Stanley Cobb, is making eyes at a Sophomore girl. Could it be Johnnie Ethel Steward?
Could it really be Billy Holder we see Dorothy Jean West talking to every day at dinner? We wonder!
Well, well whose FFA pins are the Junior girls wearing? (Doris, Ann, Jeannine better be careful.)

Seems all the girls are going to miss King Auestead, especially Virginia Lewellen and Joyce Hunter. But never-the-less Virginia, Jerry is still here.
What's this we hear about Reba, Ruby and Jeanette being in Brownwood Wednesday at the skating rink. But we are sorry we couldn't find out how they got there. It couldn't be by Ray Dean because it seems as tho Ray and Jeannette have called it quits.

Looks like Kenneth Vance is having a swell time in the fourth period study hall. Come on Kenneth, tell us her name.
Is Ann P. now a lone wolf?
We wonder why Margaret Van Dyke runs around with Beverly. Could it be because of Leroy?
Dayton, you had better watch Zona. She always has such a wonderful time in Abilene.

Wonder how Junior Cruger and his Coleman love affair is coming along. Junior, don't be bashful, come on let us have her name.

Looks like Wanda, Evelyn, Alice Anna, and Joyce had a swell time in Bangs Sunday evening. With those A. and M. boys and goodness that pin!

My these Freshmen get around. Who could have we seen Bob Stafford with in the show Saturday night? Couldn't have been Barbara Bruce could it? Well, by the way Mary Lois was seen with Dick S.—can't remember who else was along. Seems like Howard Lee, but we won't tell. You can find that out for yourself.

By the way there were some pretty sad looking boys in Coleman Saturday night too. How about it Freddie, Vernon, Bob and Boyd? What's the matter are you slippin' are have you?

We have news from the Press Club party too—would you like to hear it? Well, I mean these are doing o.k., Jerry, Virginia, Billy, Earl Jean and Pat. Doretha looked very interesting.

Well through all this snow we had better leave before some one sees us but maybe Snoop and Scoop will be back with you next week and please put more gossip in that "little old white box" in the study hall.

We are leaving you as Peep and Squeek.

DID YOU KNOW

The Press Club had a party January 18?

The kids of SAHS can hardly wait until they can see the "Mountaineer page" each week? Mid-term tests are over? Bob Stafford is bashful? The skating party at Brownwood January 11, was a success? Jerry Fulton has three window lights in his car now?

Bob, Betty, Ann, Boyd and Wanda are often seen together during the noon hour? Ed, Vance, and James are always together at school? Everyone runs to the lunch room every day at 12:10? Elaine Burgett is nuts over Stanley Cobb? (who isn't?)

What happened to the love affair with Barbara Bruce and Kenneth Vance?
Alice Anna would like to see Jack Steele again?
The Freshmen don't like the Seniors any more? (Wonder why?)

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for January 27

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

A PEOPLE AT WORSHIP

LESSON TEXT—Exodus 28:1-35:4-9, 20-29.

GOLDEN TEXT—Thou shalt worship the Lord thy God, and Him only shalt thou serve.—Matthew 4:10.

A nation which knows God must have a place and a plan for worshipping Him. The history of Israel has moved forward in the account in Exodus where the people delivered from bondage are established as a theocratic nation; that is, one governed by God.

The covenant at Sinai (ch. 19) was followed by the giving of the law (chs. 20-23), and then in chapters 24-40 we find the worship of God established. Two elements are necessary—a way in which God may be approached and a place to meet Him. The former is provided in the ordaining of the Aaronic priesthood, and the latter by the building of the Tabernacle.

I. God Provides a Way to Worship (28:1).

The appointment of Aaron as high priest, and his sons to serve with him, provided for the proper conduct of the worship of God which was to take place in the Tabernacle.

The Sinner coming into the presence of God must approach by way of the brazen altar where sacrifice could be made for sin. This called for a priest set apart for this holy duty, which would open the way for the repentant one to enter into the Holy place, and ultimately to know that his sin was covered in the Holy of Holies.

Consider the grace of God in thus providing for the deep spiritual need of His people. All of this pointed forward to the day when Christ the true High Priest was to make the perfect and final atonement for sin by the sacrifice of Himself on Calvary's tree.

The symbolic dress of the priest, and his consecration for his duties are all very instructive, but we do not have space to comment at length. Suffice it to say that the one who is to serve in the conduct of the worship of God is to be a called, cleansed and consecrated man, set apart for a holy calling and eager to be used of God to lead men into fellowship with Him.

From these first provisions for the worship of God we thus may learn many of the high principles which are to guide the church regarding the call and separation of men to the ministry. The gift and grace of God shown in the man's character are far more important than intellectual or social standing.

II. God Provides a Place of Worship (35:4-9, 20-29).

The plan for the Tabernacle was given by God to Moses in much detail. A close study of it will bring rich reward.

Although the plans were made by God (Exod. 25-27), note that He gave to the people the privilege of providing the materials. They recognized it as a high privilege and not a burden, and they came enthusiastically with their gifts.

That thought bears application to the believer, for we know that God still loves a cheerful giver (II Cor. 9:7). Those who groan and grumble about the money and material needed for the worship of God have not caught the real spirit of Christian giving.

The children of Israel brought more than enough of their most treasured possessions and of the labor of their hands; in fact, they had to be told to stop (Exod. 36:1-7). Imagine having to tell people to stop giving! That would be a novelty!

The Tabernacle was duly built, and thus there was provided for Israel a place of meeting (Tabernacle literally means "tent of meeting"), beautiful and appropriate for their days of sojourning in the wilderness.

The significance of the Tabernacle is both interesting and important.

(1) It is a symbol of God's presence with His people. All who were defiled were excluded because God was there.

(2) It is a type of God's method of bringing sinners to Himself. There must be a sacrifice for sin before communion can be established.

The furniture of the Tabernacle is therefore significant. The altar of sacrifice and the laver of cleansing come first in the outer court. Then on his journey from the sacrifice to the communion of the Holy of Holies, the one who seeks God is fed by the showbread, lighted by the candlestick and sustained by prayer, of which the altar of incense speaks.

Swing of Southwest Farm Markets

(USDA)—The third week of January saw southwest farm markets disrupted by rains, snow and dangerous highways, as well as unsettled labor conditions, according to USDA's Production and Marketing Administration.

Livestock receipts fell off to a mere trickle even at terminals which were not affected by the packinghouse worker's strike. Stockyards were closed at some of the more seriously affected markets, including Fort Worth which suffered most in the southwest. Price trends, as far as could be determined by the light volume of sales, were on the strong to higher side on cattle and fully steady on most hogs though San Antonio reported light weight butchers down 25 to 50 cents for the week. Sheep prices were mostly nominal due to lack of supply.

Both eggs and poultry, which had taken on a seasonally easy trend under increased offerings early in January, drew strength from the prospective reduction in meat supplies if the strike lasts long. Eggs continued to lose ground, however, in line with the gradually declining ceiling level.

Weather conditions and shortage of cars were the keynote of the vegetable situation. Fields were too wet for hauling in the south Texas area, and the consequent reduction in offerings made for stronger prices on items that had begun to sag under increased movement the week before. Movement of potatoes and the remaining light supply of onions from Colorado

continued to feel the effects of the car shortage, as did shipments of sweet potatoes from Louisiana, with prices firm on these commodities.

Cotton prices, which declined slightly when OPA announced proposed ceilings, regained most of the loss in later trade and ended the week fairly steady at levels near the recent high point. Sales of 100,300 bales in the ten spot markets were about equal to the volume in the preceding week but were below a year ago.

A better feeling in domestic wool markets followed the Commodity Credit Corporation's announcement that further price reduction on its holdings were not in prospect and that sales since the decline last November have been very satisfactory. Contracting of spring mohair has begun in Texas at a price of 75 cents a pound for kid hair and 55 cents for adult hair.

Grains held firm at ceiling levels with tight supplies a predominating factor. Demand is very active from both domestic and export buyers. Feeds are extremely short because mixers are unable to buy the necessary ingredients. Peanuts also are below trade needs at ceiling prices.

Babson Discusses Airlines

New York City, Jan. 18—Have had an unfortunate experience at La Guardia Airport in New York City where I waited from 6 a. m. for a plane due to leave for the South at 7:30 a. m. Then at the very last minute it was announced that "due to weather conditions" the flight had been cancelled. I immediately went to the Penn. Station to get a Pullman berth. There I was told that all space had been sold for two weeks ahead. Let me further add that, although I had my plane reservations two weeks in advance, I would now have to wait another two weeks before getting another plane seat.

Air travel is marvelous when the weather is good and there are plenty of planes; but this winter on long routes it is terrible. For runs over 400 miles I advise readers to engage Pullman accommodations and not depend upon airlines. The same general principle may also apply to airline stocks as an investment. For a few years they should have good earnings and much glamour; but then look out! They may be as uncertain, in the long run, as the weather.

Government Competition Now that our country is honey combed with a network of railroads, it would practically be impossible for the government to build new competing railroad lines. Furthermore, their securities are probably now selling for

less than their original cost—not to mention reproduction costs. Remember that the railroads own their roadbeds and terminals, as well as their equipment.

With the airlines the situation is very different. They own no roadbeds nor terminals. The air is free to all; while the terminals are publicly owned. At anytime the government could start competing air routes with little expense. This means that—however large the profits may be during these honeymoon years—they cannot last many years. Airplane traffic will increase tremendously; but this does not mean that airplane companies will always make much money. Furthermore, it strongly suggests that some airplane stocks are now selling too high.

An Investment Yardstick

One of the best yardsticks for judging most stocks is the relation of price to earnings. I try to select stocks which are selling about ten times their annual earnings; certainly twenty times is a maximum ratio. Yet, the leading airline stocks are today averaging to sell at forty times their earnings. Two of the most popular ones are selling from sixty to seventy times earnings. This seems crazy to me.

Of course, there is one thing about airplane stocks which appeals to investors viz: In order to buy an interest in 75 percent of the nation's rail business an investor must buy stocks of 300 different railroads. But he can buy an interest in 75 percent of the total air business by buying the stocks of only seven airline companies. These are American Airlines, Eastern Airlines, United Airlines, T.W.A., Pan-American, Northwestern and Penn. Central. Yet, this advantage cannot justify the big rise in prices

which all have had during the past ten years.

Inflation Possibilities

"Airplane stocks are no good as 'inflation' hedges. They are poor 'socialistic' hedges. Their value lies with the probability of huge earnings during the next few years; but then look out. Although very popular they can be very risky for the long-term investor. Better keep your money on the ground rather than in the air! Personally, I am not keen for anything that operates on wheels and that depends upon franchises or public regulations.

The best inflation hedge is good fertile Mother Earth upon which you can live—near enough to a small city where you can get a job or have a small business of your own. The next best is a family of God-fearing children, each educated to some one profession or trade. Money invested in good land, good children, good education is far safer than in the stocks of any company operating on the ground, above the ground or under the ground!

When Audie Murphy of Farmersville, Texas went into uniform he was told he was expected to fight. He did. Lt. Murphy won all medals given by the Army.

Al Hintner Wants To Be Re-elected Assessor-Collector

Al Hintner, county Tax Assessor-Collector, requests the News to announce his candidacy for re-election, based on his record of service.

"Just tell the people that I have rendered them the best service it has been possible for me to give, and I will continue to do so, if again honored with the office of tax assessor-collector of Coleman county.

"The people of this county have been good to me in the past, giving me a very satisfactory vote, and I want to express my deep and sincere appreciation for same. I trust my services have merited your favor, and that you will again honor me with the office.

"I will endeavor to see every voter possible between now and the July primary, but I here and now solicit your vote and influence in behalf of my candidacy, and assure you that any and all favors will be duly appreciated."

Yours very truly,
AL HINTNER

36th Div. Votes To Erect Monument On Invasion Site

the site of the outfit's invasion of the European continent and to publish a pictorial history of its World War II operations.

The action culminated their first annual reunion for which more than 1,500 former members from Texas and many other states came to the site of the division's mobilization more than five years ago.

Endorsement of the project which has been under way unofficially to raise funds for erection of a monument near Paestum, Italy, where it was the first American division to invade Adolf Hitler's Europe followed an outline of the purposes by Major Gen. Fred L. Walker. He and Major Gen. John E. Dahlquist, the other combat commander of the division in the Second World War, previously had named a committee to initiate the project.

High Mark In Achievement
Walker termed the operation a high water mark in the achievement of soldiers of Texas and the nation for which they should receive proper credit. He expressed doubt that monuments to be erected by the Battle Monuments Commission would give more than insignificant and inadequate recognition to the Texas division on the basis of Fifth Army reports he had read.

The Italian Government has donated seven acres on the beach where the Texans stormed ashore Sept. 9, 1943.

Several thousand dollars have been contributed already, while H. Miller Ainsworth, Luling, president of the association, announced receipt of \$500 in donations at the convention. He announced also that the Salerno Memorial Fund/Committee has opened headquarters in Austin with a mail address of Box 2174 Capitol Station.

Funds From Regiment
Among the contributions at the convention was \$150 from

the 142d Infantry Regiment, one of the assault forces.

Progress of the pictorial history was outlined by Sgt. Richard A. Huff, Detroit, Mich., one of three who volunteered to stay on active duty to complete publication of the history, which will emphasize pictures with sufficient text to relate details of each action. It is expected to be ready for the presses in two or three months.

Dahlquist commended the three for extending their Army service to prepare the manuscript as reflecting the spirit of the division.

Responsibilities for the two projects were transferred from the committees previously appointed by the two divisional commanders to the association's board of directors.

Advisory Committee Formed
Recognition of the members of the division from other states was made in creation of an advisory committee, all members of which will be non-Texans. All officers are from Texas because they constitute a board of directors to transact business between sessions and it was deemed impractical to have them from other states.

Myron G. Blalock of Marshall, chairman of the nominations committee, proposed the creation of the advisory committee.

The delegates also directed the association's officers to petition the Governor to request shipment of the division's war trophies to Texas. Included in available items said Major L. Gene Hensley of Santa Anna, is Herman Goering's bullet-proof car.

Selection of the date and site of the next reunion was left to the board of directors.

Mr. and Mrs. Durwood Hartsfield of San Angelo and Mr. James Hartsfield of Mineola spent Sunday in the B. A. Parker home.

Hunter Woodruff Asks Re-election County Treasurer

Hunter Woodruff, county treasurer, announces his candidacy for re-election, subject to the action of the Democratic primary, and authorizes the News to present his announcement.

The duties and responsibilities of the county treasurer have been multiplied in recent years, says Mr. Woodruff, with some of the added duties including making proper deductions on salaries and wages of county employees on withholding tax, making proper report on funds withheld to internal revenue collector; also making deductions on salaries and wages for accident, health and life insurance policies as required on county employees, and more duties other than routine office responsibilities as required in former years, prior to the war. "I have served to the best of my ability, which I hope has met with your approval. If my record is favorable in your sight, I will appreciate your full support of my candidacy for re-election. I want to thank you for the fine support given me in previous years and hope I have handled the affairs of the office in a manner that has merited your continued goodwill and confidence," says Mr. Woodruff in his statement to be submitted to the voters.

McClure-Rouse

Nuptial vows for Miss Dorothy McClure, daughter of Mr. and Mrs. W. J. McClure of Santa Anna, and Pfc. Marvin E. Rouse, son of Mr. and Mrs. J. M. Rouse of Santa Anna, were performed at Coleman court house by Judge Leman Brown at 3:15 Thursday, January 17.

For her wedding the bride chose a soldier blue crepe dress with navy accessories. Her corsage was of pink rosebuds. For something old she wore a necklace of her grandmother's and carried a blue lace handkerchief.

The bride is a graduate of Santa Anna High School class of 1941.

The groom has just returned from 25 months overseas duty in the Pacific, and is on a 45-day furlough from Brooke Hospital at Fort Sam Houston.

The couple will visit with relatives and friends until his furlough expires.

Rossetta-Bible

The Rev. J. D. F. Williams performed a double ring ceremony for Mr. and Mrs. Billie Bible, Sunday afternoon in the home of Mr. and Mrs. W. M. Morgan, and daughter-in-law, Mrs. E. B. Morgan of Santa Anna.

The bride is the former Miss Cahille Rossetta, daughter of Mrs. Billie Rossetta of Redwood City, California. The bride wore a street dress of powder blue with black accessories, wearing a corsage of white carnations, with the bride-maid, Miss Doris Bible, wearing the same.

The bridegroom is the son of Mrs. Nettie Bible of Ponca City, Okla. and Mr. Roy Bible of Santa Anna. He has just returned home with his discharge from the U. S. Navy. His best man was Pfc. Chester Brannan of the U. S. Army Air Corps.

Those attending were Mr. and

Mrs. N. R. Densman and son, Junior, Mr. and Mrs. Roy Bible, Mr. and Mrs. Henry Simmons, Mr. and Mrs. D. M. Walters, Mr. and Mrs. Elmer Hardy, Mr. and Mrs. W. M. Morgan, Mrs. E. B. Morgan and son, Wayne, Mr. David Neal, Miss Jackie Brannan, Mr. Leo Williams, Miss Nancy Spencer and Ed Spencer, Jr., Miss Ruby Woodard, Mr. Fred Woodard and Mr. Bill Brannan.

The reception was held in the home of Mrs. E. B. Morgan after the wedding.

The young couple are now making their home here.

Garden Reminders

Surely everyone is rejoicing over the lovely snow we have had. It will leave the soil in fine condition for the seed bed and early planting. If the soil has not been worked up it should be prepared as soon as it can be worked. It will pulverize well now and no time should be lost in preparation.

Sweet Peas should be in the ground and ready to spring up as the sun shines.

Hardy shrubs and rose bushes should be set out. Seed boxes should be prepared and the seed planted soon where they can be sheltered from the cool winds. February is just around the corner and garden planting time will soon be here. Get ready for it. Get it in your system and you will feel the thrill of growing things for yourself.

State Senate Asks Probe of Rapido Battle

AUSTIN, Texas, Jan. 21—The State Senate Monday unanimously adopted a resolution endorsing one passed by the 36th Division Association at its first reunion at Brownwood which demanded an investigation of the Rapido River crossing which cost thousands of casualties among members of the division.

The resolution set out that Gen. Mark Clark apparently

ordered the dangerous crossing despite being advised against it by Gen. Fred L. Walker, who commanded the division.

The Senate resolution was offered by J. Franklin Spears, a former member of the 36th Division.

While the Senate adopted the resolution supporting the stand of the 36th Division veterans, Gov. Coke Stevenson, in his press conference Monday, declined to express an opinion about the resolution.

"That is a family affair which members of the 36th Division can handle," Stevenson remarked.
