National And International News Highlights Of The Week

There is much argument both pro and con concerning the current OFA conflict. Chester Bowles has advised the public not to be duped by "compromise" amendments now being proposed. At practically the same time a Senate agriculture sub-committee has recommended that all price controls and subsidies on meat and livestock be removed immediately. A spokesman from the Office of Price Administration predicted that the shortage of nylons will end in four months.

Secretary of State James F. Byrnes, in a meeting of foreign ministers urged that the "police army" in Austria be slashed and plan simultaneous evacuation of both Italy and Austria.

A ban on virtually all freight shipments except food and fuel and a drastic cut in passenger service effective May 10, has been ordered by the Office of Defense Transportation because of the current soft coal strike.

The Ford Motor Company announced late Tuesday that virtually all operations of the Ford Motor Company will be suspended indefinitely due to the coal strike, a shortage of parts and railroad transportation. This shutdown will affect an estimated 106,000 Ford workers.

Hope for an early end of the soft coal strike went glimmering Tuesday night when UMW president John L. Lewis reaffirmed union demands that have deadlocked negotiations since Mid-March.

His action, in effect, threw the whole coal crisis into the hands of President Truman or Congress. Apart from government intervention, there seems no likelihood of reopening the mines in time to prevent a general industrial collapse.

President Truman announced Friday, May 3, that he had signed the \$333,000,000 War Department civil functions appropriation bill, this apparently assured the construction of the North Concho River flood control project in San Angelo and the Hords Creek project at Coleman.

A House fight over the size of an appropriation for the Southwest Power Administration appeared virtually certain Tuesday when Speaker Rayburn told newsmen he would take the issue to the floor of the house for settlement. The Authority distributes power in the Southwest, principally in Texas, Oklahoma and Arkansas.

Great Britain has proposed to withdraw all her military, naval and air forces from Egyptian territory, astride the lifeline to her far-flung empire, and to seek consolidation of her alliance with Egypt on the basis of "two equal nations having interests in common."

Russia, this week, has requested a 20 billion ruble loan and has made plans to establish and elaborate state lottery system to retire the loan.

Invitations have gone out to members of the United Nations Atomic Energy Commission to send government and press observers to the atomic bomb tests at Bikini Atoll, acting secretary of State Dean Acheson has announced.

King Victor Emmanuel of Italy has, it is believed, already signed an instrument of abdication and "is awaiting an opportune moment to make the decision public."

The Alcatraz prison riot of more than 36 bloody hours was staged with only two weapons in the hands of the convicts. It was made possible by Kentucky bank robbers, Bernard Coy, whose acrobatic climb up to the guard's gun gallery and prying his way into this vital spot with plumbing fixtures enabled the convicts to obtain the two weapons. The convicts trapped most of the guards.

Lions Roar

The regular meeting of the Lions Club was opened with the singing of two songs, followed by one verse of America and all members giving the Pledge to the flag.

Lion President Neal officiated at the Lions club regular Tuesday dinner and meeting. The policy of serving only one slice of bread in recognition of the current food crisis went into effect at this meeting.

Lion, the Rev. J. D. F. Williams reported to the Lions that as chairman of the food committee, he had notified UNRA that the Lions Club of Santa Anna is sponsoring the food drive in this city.

The Lions club had as its guests two members of the Plunkett stage show that was playing here Monday through Wednesday. These guests entertained the club members with Hoagy Carmichael's immortal "Stardust."

All Lion members are urged to be present at the meeting next week in order that they may participate in the election of officers to be held then. Officers for the coming year were nominated at an earlier meeting.

48 regular members and five guests were present for this meeting.

Who Wants A Good Job?

The Santa Anna has an opening for some young man or young woman desiring a career of intelligent and highclass living and work.

Our office has been adjudged competent, and we now have a Government certificate, authorizing us to train young GI's, the printing trade and also how to operate the linotype machine. Billy Jo Harvey has entered training as a printer. To us, we do not know of anything any more intellectual, moral, educational or elevating in any way than does the printing trade. A matter of course, just any one cannot master the training or even achieve a competency of it, to make it a profitable business, but we are not looking for those in that category, instead, we want youngsters who are alert, apt, determined and willing to step out in life and shoulder the responsibilities of self support, who are not afraid to risk facing the world with what Nature provided them with to live and rear families. If you get what we mean, and want to take training for a permanent job, come in and talk it over with us. We know what we have, and are willing to share it with others.

See The Editor.

Armed Service Poll Of High Schools

When asked "should you enlist in the Armed services, which would be your choice?" over half of the 3,237 senior boys in 60 representative high schools in the U. S. picked the navy.

With reasons like "useful training for the future," "good living conditions," and "good opportunities for promotion," cited 56 per cent of the seniors queried, preferred the navy.

PHILIPPINE RELIEF

The drive for clothing for Philippine Relief has been extended another week, until May 12. Any kind of cotton clothing for women and children is acceptable and the box for same is in Purdy's Store.

Mothers' Day Is Sunday, May 12

"All that I am or hope to be, I owe to my angel mother," is one of Abraham Lincoln's famous quotations and one that is applicable to most men. The home is the back bone of a nation and Mother is the backbone of the home.

In defining Mother, Webster says, "the female parent, especially of the human race but the word is synonymous with loyalty, devotion, sympathy, pride and everything that denotes good in mankind."

Many Mothers' Day sermons will quote John Wesley's famous tribute to his mother, the famed Susanna Wesley: "Take her for all in all, I do not believe that any human being ever brought into this world, and carried through it a larger portion of original goodness than my dear mother. Everyone who knew her loved her, for she seemed to be made to be happy herself, and to make everyone happy within her little sphere. Her understanding was as good as her heart; it is from her that I have inherited that alertness of mind and quickness of apprehension without which it would have been impossible for me to have undertaken half of what I have performed. God never blessed a human creature with a more cheerful disposition; a more generous spirit, a sweeter temper, or a more tender heart. I remember when I first understood death and began to think of it, the most fearful thought it induced was that of losing my mother; it seemed more than I could bear, and I used to hope that I might die first." The number of people who have felt these same thoughts are without number. Poets, writers and artists the world over have honored mother and paid their tribute in one manner or another. The following verse was written in her praise —

She traveled the road before you, She has known all the cost of the way; She paid out the price to its fullness, That motherhood only can pay.

She loved when the world was against you, She hoped—when your hope sank and died; She clung to your hand when the clinging, Left scars in her heart deep and wide.

She labored—and loved—and was happy, For deep in her kind heart she knew; Your kindness and love would repay her, For all that she did—just for you.

During the past years of war, the mothers of the world have had a great burden to bear but they have always carried their load without crying out and this peacetime Mother's Day will be a greater event this year due to the passing of the war. Remember Mother on this, her day, she will never forget you.

Mrs. Hattie Shields and her mother, Mrs. N. T. Bruton of Bangs had as their dinner guests Sunday some of Mrs. Bruton's children and grandchildren. They were Mr. and Mrs. C. N. Bruton and children of the Concord community, Mr. and Mrs. Otho Bruton and children of Dallas, Mr. and Mrs. Joe Flores and their daughter, Nancy of Santa Anna, Mrs. Pearl Bruton and two daughters, Merlene and Glynnia and Mrs. Manon Wallace and daughter of Bangs, and Mrs. Sylvia Jacobs and daughters, Roberta and Carlynn of Brownwood.

James Daniels and wife of Brownwood spent Sunday with his parents, Mr. and Mrs. G. C. Daniels.

Gala Convention For District Lions May 19th

San Angelo Lions are making preparations for what is to be the largest attendance in history of District 2-A convention of Lions International. This anticipation is justified by the large number of advance reservations with housing chairman, Jimmie Lankford of the Naylor Hotel.

The convention will open Sunday afternoon at 4 o'clock, May 19, in the Cactus Hotel.

The afternoon occasion will be a reception honoring District Governor and Mrs. J. E. Wilkins of Mission.

Business sessions and special program features will begin on Monday morning and continue through Tuesday evening, when the program will be concluded with the governor's banquet.

District 2-A of Texas is the largest district in Lions International with a membership of 5,000. Texas Lions club members total approximately 23,000.

Thomas H. Upton, Jr., H A 2-c arrived last Thursday from San Francisco for a visit with the home folks. He has been on the USS Benevolence, which is to stand by in the forthcoming atomic bomb tests. At the conclusion of his visit here he will report to Dalas.

Mrs. Jimmie Seals of Brownwood visited with her grandmother, Mrs. Sam Cannon last week.

O. C. Fisher Seeks Re-election

O. C. FISHER

Congressman O. C. Fisher soon after returning to his post of duties in Washington, D. C., delved into his work with some of his old time vigor and steadiness. The Congressman was laid up in a San Angelo hospital three and one-half months, because of an automobile injury January 8, until the last week in April, when he was released to be returned to his Washington post.

Mr. Fisher is serving his third term of office from the 21st, or border district of Texas, and no one tries to keep a closer watch on the people of their district than does Congressman Fisher. His name has already been certified to each of the County Chairmen in the District, and insofar as we know, he is not likely to have an opponent.

We suspect the Congressman will do some campaigning thru the mail, but doubt if he will go to the extreme in doing personal campaigning.

Colorado River Ass'n. Meet In Brady, May 15

A large attendance is expected at the Colorado River Basin Association meeting in Brady, Wednesday, May 15. Widespread interest is evident by the assurance that representatives of Extension Service, Agricultural Adjustment Administration, banks, business men, farmers and ranchers will be present.

Attendance from this District which covers 28 western counties will be augmented by officials from bordering territory. The meeting is of vital importance to every individual concerned with better farming conditions and Coleman county should have a large delegation. Every agricultural agency and all farmers and ranchers are urged to attend.

The Central Soil Conservation District supervisors, B. B. Fowler, Rockwood; J. C. Dibrill, Jr., Coleman; A. Broyles, Talpa; Lance Smith, Lawn; and Rufus A. Miller of Clyde, are scheduling their monthly meeting in the morning of May 15 in order that they may attend the public meeting that afternoon. The meeting will begin at 1:20 p.m. Mr. O. L. Chaney, Santa Anna banker and director of Central Colorado River Authority, states that Santa Anna, will be represented by he bank, Chamber of Commerce, CCRA and others.

This will be the first meeting of its kind to be held in this part of the state and we are especially fortunate to have as speakers, Paul H. Waiser, Soil Conservationist, who will give a timely address, picture illustrated and Mr. I. P. Trotter, director of the Extension Service, College Station, will address the meeting on the all important subject of farm economics and welfare.

First Anniversary Of V-E Day

V-E Day! At 9 o'clock on the tense morning of May 8, 1945, the news became official. President Truman and Britain's Prime Minister Churchill broadcast simultaneously the news that the war in Europe was over. Late that afternoon the documents were ratified in Berlin. That night, one year ago, there was world-wide joy, dancing in the streets—restrained only by the knowledge that there was still a war in the Far East.

Many hearts felt lighter just one year ago when this news came and hopes that loved ones might soon be home were renewed with new vigor. This first anniversary of V-E Day the world is almost at peace and is beginning the rumblings of transferring from war to peace time activity. On this day there is cause for sorrow in the hearts of many because some loved one paid the supreme sacrifice in the deadly conflict from which we have emerged victorious. It is to these that we should pay tribute on V-E Day and recall these lines . . . He died that man might live.

In observance of V-E Day the City of Santa Anna took a holiday with only a limited number of establishments remaining open. No plans were made for celebration but the holiday made it possible for the people to celebrate as they saw fit.

Mrs. W. C. Mills and son, Billy, of El Paso, are in Santa Anna visiting Mr. and Mrs. W. L. Mills.

Mr. and Mrs. J. Dietz and daughter, Gladys Ann, were weekend visitors of Mr. and Mrs. A. E. Genz. Sunday guests in the Genz home were Mrs. R. W. Cupps and children.

Veterans School To Open Friday

The Coleman County Vocational School will begin operation Friday night. The organizational meeting for vocational agriculture will be held at 7:30 p.m., Friday, May 10, 1946, in the classroom of the agricultural building. The county agricultural building is located at 215 east Pecan street, Coleman, Texas. All men who have applied for training in vocational agriculture are requested to be present.

The purpose of this meeting will be to distribute new information, discuss the time classes will meet, iron out transportation problems and determine the specialized training that the individual will require.

The coordinator held a telephone conversation with Mr. J. C. Horn of the State Veterans Administration office Monday. Mr. Horn is acting state vocational rehabilitation and education officer. In the course of the conversation, Mr. Horn stated that it is now permissible for classes in the trades and industries branch (i.e. auto mechanics, electrical, etc.) of the school to be held at night. This will be good news because many veterans would have been unable to receive training had the classroom work been held in the day time. The veteran that is on full time employment will be eligible for subsistence allowance if he attends class 12 1-2 hours per week and also receive 12 1-2 hours of supervised on the job training per week.

The school urges the employers of Coleman county who have veterans employed to give this their consideration. The employer should discuss with the veteran the possibilities of his taking advantage of this training opportunity. The coordinator will attempt to contact each employer and discuss the details of this program with them.

Jim Gardner of Winters, son-in-law of W. J. Stevens of Coleman has been named coordinator for the Coleman County Vocational School for Veterans that will start classes soon.

Jim Gardner Is Named Coordinator

Gardner says "my ambition and aim is to give Coleman the kind of school they will be proud of—a school that will not only benefit the veteran, but the community as a whole."

The new coordinator studied engineering at John Tarleton College and the University of California. Prior to the war he was in the oil business at Winters. He entered the service in April of 1941 and recalls that he made the trip to El Paso reception center with several Coleman boys.

Mr. R. M. Flores of San Angelo who was in the Sealy hospital for several days, has improved sufficiently to be moved to the home of his brother, Joe Flores.

Mr. W. B. Stacy who is working in Dallas came in Saturday night for a visit with his family here. He was accompanied by his brother, P. B. Stacy and family. Other visitors on Sunday were Mr. Darwin Stacy and Misses Marlynn and Bobbie Mitchell of Bangs, and Mr. and Mrs. William Ragsdale of San Angelo.

Announcements have been received here of the birth of a daughter, named Linda Gail, to Mr. and Mrs. Reuben Rountree in Austin, Texas, the 27th of April. Reuben was born and raised in Santa Anna and was with the armed forces until a few months ago. He is employed by the state highway department.

Santa Fe To Inaugurate Air Freight Line

The Santa Fe Railway company announced today it was organizing the Santa Fe Skyway, Inc., as an affiliated company for the purpose of engaging in contract air transportation.

Fred G. Gurley, president of the Santa Fe, said the affiliated company will offer specialized contract air service in the general territory served by the Santa Fe.

Santa Fe Skyway will be manned largely by veterans of the military air forces. Surplus army planes of the Douglas C-47 type will be used in the initial operations, Mr. Gurley explained.

Studies are being made of specialized equipment for loading and transportation of cargo to best fit the needs of those contracting for air service.

S-Sgt. G. G. Bissett Home On Leave

S-Sgt. Garland G. Bissett, who served in the 96th Division in the Battle of Okinawa, where he was wounded, returned to Donna, Texas, Sunday, April 21, to spend this week with his wife and small son, Jeff, who have been living with Mrs. Bissett's parents, Mr. and Mrs. R. A. Jeffreys, during Sgt. Bissett's months of service.

Sgt. Bissett was trained in Texas, following which he saw service in the Northwest, the battle of Okinawa, and later eight months in the Philippines.

On occasion he wears the A. P. T. O. ribbon with one battle star, the Purple Heart, Good Conduct Ribbon, American Theatre and Victory Ribbons and Combat Infantry Badge.

After the 96th Division left for home in January, 1946, S-Sgt. Bissett and others with less than 48 points were transferred to the 86th Division with which he served until he left for the United States on March 27th.

He is in Donna on a 15 day furlough at the conclusion of

Protect Your Fruit Crops Against Worms

LUBBOCK — Fruit crops in the South Plains area should be protected against worms this year, according to Dr. W. W. Yocum, professor of horticulture at Texas Technological College.

A spray of lead arsenate, composed of about one to two pounds of the compound to one gallon of water, should be used, Yocum says.

Apple trees particularly should be sprayed at once in order that a dose of poison may get into the blossom end of the apple before it closes. The worms try to enter there, and unless spraying is done before the blossom end closes, the poison will be ineffective.

Things haven't changed a bit since then!

REMEMBER how it took a powerful lot of determination to pass that wonderful store on Sunday morning . . . and not spend most of that Sunday School nickel for candy?

And . . . wasn't it pretty much the same when you grew up too? Every payday, you wanted to put aside a few dollars. But you never did. There was always "something" to buy.

In fact, for one reason or another, saving almost seemed impossible until . . . along came War Bonds and the Payroll Savings Plan!

Then suddenly you discovered it was really easy to save—when your savings

were deducted from your pay envelope every week.

Pretty soon, too, you found you were accumulating more savings this way than you ever had before. Like Topsy, your Bond savings just grew and grew.

Well, wouldn't it be a good idea to keep a good thing like this going?

You can still buy U. S. Savings Bonds just as you bought War Bonds—through your Payroll Savings Plan. You get the same safe investment, same high returns. \$25 for every \$18.75, when the Bonds mature.

And it's certain you'll never find an easier or a surer way to save!

REDDY KILOWATT
Your Electric Servant

How do you like your Eggs?

Reddy Kilowatt as a trouble-shooter isn't worrying about your eggs—or whether you want 'em soft boiled, fried, scrambled—or if you like eggs at all.

But he is worrying about keeping your electric service flowing along as usual. If that means eggs for your breakfast, okay then, that's why he's up on a storm-lashed power pole.

And, he'll stay there till he gets your line repaired—in spite of hot wires sputtering around him. In spite of rain ... lightning ... thunder ... and a high wind howling, "Watch out, fella, we're gonna hit it again!"

You don't have to send him a check for his trouble. You won't pay any more on your electric bill—to cover his hard, wet work and the materials he uses. Chances are you'll never know a line went out.

This kind of service is routine stuff for Reddy, and the electric company he works for. Storms—the repairs and cost—are all prepared for and handled in a businesslike way. But it isn't an easy job. Keeping your electric service dependable and cheap is the result of careful planning and sound business management.

Baptist Churches To Observe Mothers' Day

Baptist churches throughout Texas will observe Mother's Day, May 12 with their second annual Mother's Day Hospital Fund collection to provide charity care for the needy sick in the five Baptist hospitals of the state.

Sunday schools, church congregations and all church organizations will participate with every member invited to make a gift to the sick poor as a personal tribute in honor, or in memory, of his own mother.

In the initial collection last year, Texas Baptists gave \$30,000. All gifts are used solely for giving free hospitalization to critically ill patients in need of hospital therapy but unable to pay for such treatment. The five Baptist hospitals are Hendrick Memorial Hospital, Abilene; Baylor University Hospital, Dallas; Valley Baptist Hospital, Harlingen; Memorial Hospital, Houston; and Hillcrest Memorial Hospital, Waco. Patients cared for under the fund are accepted from all parts of the state and need not be Baptists nor of any denomination.

Marines May Be Reinstated

Former Marines who have been separated more than 90 days may now be admitted back into the ranks, provided they have been discharged subsequent to September, 1945. Heretofore, no former Marine, who had gone beyond this 90-day period of grace, following separation could enlist or re-enlist in the regular Marine Corps. They may now do so, but at a reduction in rank.

Shower Given For Mrs. Jasper Elliott

Honoring Mrs. Jasper Elliott, the former Freda Heallen, daughter of Mr. and Mrs. O. M. Heallen of Santa Anna, Mrs. Paul Bivins entertained with a gift tea Friday afternoon at her home in the Plainview community. Spring flowers were used in decorating the receiving rooms, with sweetpeas and pansies predominating. The refreshment table was laid in lace and was centered with pink gladiolas and green and white candles.

Mrs. Richard Horner and Mrs. Granville England stood in the receiving line, Mrs. Carson Horner presided over the attractive guest register.

Mrs. Otis Bivins assisted by Mrs. Winfred Watson led the group in games. Those presenting the gifts to the bride were Mrs. Piere Rowe, Mrs. Homer Vinson, Mrs. Raymond Jackson and Miss Vera Horner. The bride opened the gifts and passed them to the guests for inspection. She was assisted by her sister, Mrs. J. C. Kirschner.

In the dining room, Mrs. Clifford Stephenson and Mrs. Emmet Smith alternated in pouring punch with Mrs. L. M. Cole, Mrs. Fred Rollins and Mrs. Jimmie Watson assisting in serving open-faced sandwiches, potato chips, pickles, and pink and white angel food cake to 40 guests including the following from out of town: Mrs. Jimmie Watson and Mrs. Granville England of Loss Creek, Mrs. Emmet Smith of Hobbs, New Mexico, Miss Vera Horner of Abilene, Mrs. A. E. Watson, Coleman Junction, Mrs. Winfred Watson and Mrs. Mamie Pridemore of Coleman and Mrs. J. C. Kirschner and Mrs. W. D. Paschall of Austin. The last two are sisters of the bride.

Mrs. Elliott is a niece of Mr. and Mrs. Paul Bivins.

Eugene Medlin, who has been here for some time recuperating from an injury has returned to his work at Ft. Stockton. His wife and little son will remain for a while with her parents, Mr. and Mrs. Jim Harris.

Griswold Trio To Be Here Sunday

You are cordially invited to hear the Griswold Trio from Dallas, Texas, in person at the Assembly of God church in Santa Anna, Texas. They will be here for a fellowship meeting at 2:30 p.m. next Sunday afternoon, May 12th. This will be an old fashioned fellowship meeting and all denominations are urged to be present.

In the picture from left to right is the personnel of the Griswold Trio composed of Gladys Griswold, the musical director; Leonard Lee Griswold, Jr., the little 14 year old evangelist and South's youngest radio pastor, and Rhydonia Ruth Griswold, the announcer. These young people broadcast over radio station KSKY, Dallas, 660 on your dial.

If you really want a treat for your soul be present at the fellowship meeting and hear the Griswold Trio, in person. Little Leonard Lee Griswold, Jr., will be the speaker of the afternoon. There will be plenty of special music and singing. Come early to get a seat.

Clean Out Accident Hazards On Farm

COLLEGE STATION — Spring is clean-up time and time to clean out the hazards around the farmstead which might cause injury. With farm labor shortages and continued demands for high food production, the farmer cannot afford to lose the services of farm workers through accidents. The National Safety Council has listed several wise precautions for prevention of accidents.

Other than the personal factor of poor judgment, the largest single cause of injuries was disorder, according to a study made by the Council a few years ago. "A place for everything and everything in its place" is a prime safety rule.

Broken steps can be responsible for accidents of serious consequences. Floors should be solid, smooth and in good repair. They should be free from obstructions which would cause inconvenience or falls.

At this season of the year many barns have become cluttered with the accumulation of items used during the winter. Avoid storing loose materials overhead on rafters or between floor joints, and make sure that forks, scrapers, brooms, and rakes are kept in racks or places where they will not fall and injure people.

A well-arranged and well equipped farm repair shop brings tools and work together in a suitable location and reduces loss and damage. It is a wise precaution to check the handles of hammers and axes to see that they are secure and in good condition. Ample light and a place for keeping tools are important in a good shop.

Proper lighting and suitable receptacles for knives and other sharp kitchen tools are other important safety considerations.

Mr. and Mrs. W. J. Ogle were here last weekend from San Antonio visiting her parents, Mr. and Mrs. Cecil Curry. They will be permanently located there as Mr. Ogle begins employment there on Thursday of this week with civil service.

The Home Demonstration Club met last Friday afternoon with Mrs. Ola Niell. The program was a combination of Bible women and Mothers Day.

Ruth and Naomi was Mrs. Niell's subject and Mrs. Oder told of Martha and Mary. Mrs. Vandeford read the history of the beginning of Mothers Day and Ellen Richards read a poem "What a Friend We Have In Mother."

A beautiful pot plant was presented to the club mother, Mrs. W. A. Standly. Tickets were distributed among the members, to be sold before 6 o'clock, May 12th for the Stamps Quartette concert, 40 per cent will be retained by the club on tickets sold up until then.

The club voted to serve the tea at the 4-H club girls county rally to be held in June—at the Coleman Park.

The hostess served refreshments consisting of oatmeal cookies and pineapple juice.

After the meeting adjourned Mrs. Niell exhibited some very gorgeous quilts she has made, and also some very pretty quilts. She is certainly an artist with her needle. Those present at the meeting were besides the hostess, Mmes. W. E. Vandeford, W. L. Campbell, W. A. Standly, Louis Zachary, D. H. Moore, Holman, Ellen Richards, Grover Daniel, S. K. Moredock, A. L. Oder and two visitors, Mrs. Earl Watkins and Mrs. Dovie Chapman.

Louella Chambers Honored by Hi School

Miss Louella Chambers was honored last Friday morning when the Junior class put on an assembly program in the high school auditorium. Dayton McDonald, president of the class was master of ceremonies. The program was a radio broadcast in imitation of breakfast in Hollywood. Miss Louella being the oldest lady present, was presented an orchid and a kiss in true Tom Brenneman style, by Dayton after she had told her age and places she had lived over the mike.

After the broadcast she was invited into Mrs. Williamson's room where she gave a talk on Texas history.

Miss Louella enjoyed everything very much. She is 83 years young. Is sound in body and limb and very alert mentally, and has not been in bed sick a day since 1908.

Texas U May Acquire Magnesium Plant

If negotiations with the War Assets Administration are satisfactory the University of Texas may acquire the abandoned magnesium plant, located several miles north and west of the city.

The board of regents in a recent meeting authorized the university to proceed with plans to lease the plant for use for research, housing, instruction, shop and warehouse purposes.

KENT COUNTY, Texas, recently was publicized in The Country Gentleman regarding its industry of Karakal herds. This county is also announcing its first producing oil well where lease buyers are creating a boom.

Notice Veterans

Any veteran drawing a pension or any other recurring award from the Veterans Administration should report the changes in his address to the VA regional office having his case file. Changes should not be reported to the treasury department.

Until the Lubbock regional office is officially activated the West Texas area will continue to be served the regional offices that are now serving these 81 counties.

The contact service of the VA is seeking every veteran who has let his G. I. Insurance lapse to offer reinstatement without a medical examination.

This campaign should result in invaluable service to thousands of veterans. Ex-G.I.'s can now reinstate policies without a medical examination, regardless of how long they have been out of the service, provided their health has grown no worse during the lapse period.

Frank Crum of San Angelo was visiting in Santa Anna Wednesday. He lives in the same apartment building with Dorsey B. Hardeman, who is a candidate for state senator, 25th district. Mr. Crum says Hardeman is a good man and one who will do a good job if elected.

Improved Uniform International SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D., of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for May 12

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

LEARNING TO LIVE TOGETHER

LESSON TEXT—Matthew 18:15-17; 21:32; Mark 10:35-45.

GOLDEN TEXT—By this shall all men know that ye are my disciples, if ye have love one to another.—John 13:35.

One world! Men have discovered in recent years that we must learn how to get along with one another, or we may find that we have destroyed civilization and one another.

God has always taught in his Word that all men are of one origin, and that despite their differences, they are to live in unity and peace. That would have been blessedly true if men had obeyed God and his law. Sin brought division and confusion.

Now in our day, when we should be far on the way to the attainment of God's purpose, we find men more inclined than ever to be suspicious of one another, grasping in their desires and purposes, and evil in many of their ways.

We have not yet learned to live together as nations. Let us set ourselves to the task of living together.

I. A Method for Dealing with Differences (Matt. 18:15-17).

This is the God-prescribed method for dealing with personal problems in the Christian church. That body in which love should reign is often rent by jealousies and personal resentments. If permitted to run unchecked, they create division and even strife before the world, with all the disgrace it brings on the cause of Christ.

Such matters are to be dealt with promptly. The aggrieved one is not to wait for the sinner to make the approach, but is to go to him and place before him the evidence of his guilt. Done in kindness and with tact, this is frequently all that needs to be done. A man may thus win his brother, with no further ado or fuss in the church.

If he proves stubborn, the next step is to bring some brethren along and talk it over again. This evidence of their concern may break the stubbornness, or their prayers may win him. And if it does not work, the things said and done will have been witnessed by brethren who can faithfully report them to the church.

The final step is to bring the erring brother before the church. Now he may see the seriousness of his offense and repent. If not, there is one plain duty; he is to be put outside of the fellowship of the church.

Does that mean that he is abandoned and forgotten? Certainly not. He is to be "as a heathen man and a publican." Does the church have any interest in such individuals? Indeed it does, for the primary business of the church is to win both heathen and publican to fellowship with Christ.

II. A Measure for Determining Forgiveness (Matt. 18:21, 22).

Peter's question was a practical one. He supposed the case of one who sinned repeatedly against one who had shown a forgiving spirit. Most of us need not suppose such cases; we have them before us.

We forgive and are ready to let it all be forgotten, when lo, the offender turns up with an even greater wrong, indignity or sin! Then there is weeping and apparent repentance, followed almost at once by another offense.

How long is this business to go on? The Jews said, "Three times, then let judgment fall." Peter, being a follower of Christ, went much farther. He would forgive seven times. Well, that's a lot of forgiveness; let us recognize that. Most of us haven't even gone as far as the Jews, and Peter is way ahead of us.

But it is not enough! Forgiveness which has any limit set on it is not forgiveness at all. The very genius of forgiveness demands that we do not stand there with a measuring line or an account book; it must be from the heart, without limit and without restraint.

III. A Means for Attaining Greatness (Mark 10:35-45).

To want to be truly great for God is certainly not a sin. In a world which was rejecting Christ and getting ready to crucify him, this mother wanted her two boys to have a place of honor in the service of Christ. So far, so good; but then came the thing which spoiled it all—selfishness.

To seek honor for oneself, or for those one loves in order that the name might be inflated and self given a chance to show off, that is a completely unchristian.

Coleman County Aggies Observe "Muster"

The Coleman County A. and M. Club met in the Lions Club room at the Service Cafe in Santa Anna, Saturday, April 20, 1946 to observe the annual A. and M. "Muster" and to elect officers for this year.

The annual muster of A. and M. men each April 21st is one of the great college traditions of America, having been practiced for 43 years. The 1946 Muster met in prayer and honored the nearly 700 Aggie men who gave their lives in the service of their country. The Coleman county Muster paid special tribute to the memory of Lt. Jessie Brown of Santa Anna and Lt. Julian Warner Saunders of Coleman. The principal speaker was Rev. S. R. Smith, pastor of the First Baptist church of Santa Anna. His splendid address was in keeping with the occasion and was deeply appreciated by the club.

Immediately after the Muster was dismissed the following officers were elected: E. W. Scott, president; Joe M. Glover, Jr., vice president; John B. Howell, secretary-treasurer; and A. D. Pettit, program chairman.

Club members present were Joe Glover, Jr., A. D. Pettit, R. G. Evans, T. L. South, Jim Dibrel, Joe C. Barnes, Joe C. Tinney, A. T. Hedgepeth, R. J. Finley, E. W. Scott, C. A. Miller, B. J. Joyce, J. W. Vance, Charles Stafford and John B. Howell. A number of visitors were present at the ceremony.

Mrs. T. G. McDonald and her granddaughter, Mary Frances Williams spent last weekend with her son, Rudolph McDonald and wife in Lubbock, Texas.

If then it is right to seek proper greatness, how may it be done?

Verses 43-45 tell us. It is by way of sacrificial service, the denial of self. This world and its kingdoms say that the one who serves is inferior to the one who is served. In the kingdom of Jesus it is the one who serves who is greatest. Where will such a path lead? For Christ it led to the cross, and beyond it the victory of resurrection day. It may mean death for us, for a real willingness to serve connotes a willingness to give all, even life itself, for his glory.

Rockwood Man In Race For Commissioner

Added to our announcement column this week is the name of Boss Estes, Rockwood groceryman, who is a candidate for Commissioner, Precinct No. 2, Coleman county, Texas.

Mr. Estes is well and favorably known throughout the precinct, having lived in the Rockwood community, 50 years, all his life, so to speak, a veteran of World War I, an active man in his community, active in church work and civic work in his territory, has been a successful groceryman for 24 years, and believes he can successfully help to manage the business affairs of the county.

The tall Rockwood groceryman will be out among the voters over the precinct during the campaign, soliciting your votes and favorable consideration for the office he seeks, subject, however, to the action of the Democratic voters in the July and August primaries, and promises, if elected, in return, he will serve you to the best of his ability with justice to all and special favors to none.

Being reared in the southern part of the county, he has watched the progress of road building and maintaining since its inception and feels competent to care for the roads in his precinct.

Picture yourself in this field of Clover

THE LUCKY gent you see above is leaning back on one of the most comfortable "clover beds" in the world.

—10 years of accumulated purchases of U. S. Bonds!

Let's assume that, out of his pay, he bought one \$25 Bond (only \$18.75) every month for the next 10 years. (That would make 120 \$25 Bonds—bought with money he never missed.)

And, at the end of 10 years, what cash value would he have?

—Enough to make a good down payment on a nice, new modern home...

—Plus another good down payment on a bright and shiny new 1956 model car...

—With a sufficient balance left to send one, or possibly two, of the boys off to college!

Or...if he so decided, instead of taking the cash, he could have a regular "extra" income of \$25 a month for the following 10 years.

You say all this sounds pretty good? It is pretty good—and there's no reason why the man in the picture above can't be you!

Right now, you're probably enrolled in a Payroll Savings Plan. During the war, you bought plenty of War Bonds through it, found it was the *easiest* way you ever saved money.

Well, *why not keep this good thing going?* Keep on buying U. S. Savings Bonds. Buy them the *same way* every month, get the *same safe investment, same high returns.* \$25 for every \$18.75!

At the end of 10 years (even sooner, if you have a good start with War Bonds) you'll be in the "clover" too!

Save the easy way...buy your Bonds thru PAYROLL SAVINGS

4-Hers Keep On With Victory Gardens

Four-H Club boys and girls throughout the nation are setting an example for all America. They are keeping on with their Victory gardens, which totaled a million acres during the war. It is in response to President Truman's recent message emphasizing the importance of increasing America's total food supply to help relieve famine abroad.

The club members' action is stimulating rural youth to participate in the 1946 National 4-H Victory Garden Award program. The awards are offered by Allis-Chalmers for outstanding records of achievement. They comprise gold-filled medals of honor to the four top ranking entrants in each participating county, and \$9,600 worth of U. S. Savings Bonds to be shared by state and national winners. Sectional winners will also receive an educational trip to the 25th Anniversary National 4-H Club Congress in Chicago next December.

Participants learn how to care for and manage a well-planned garden, carry out a program of garden and insect and disease control, and market surplus produce in an economical, approved manner. Planning gardens for a long season is encouraged so that nutritious vegetables and fruits can be produced for use throughout the year.

The State Extension Service will provide information and suggestions for carrying on this program and for helping 4-H club members in attaining its objectives.

Last year's eight highest rating entrants in Texas: Geo. McBee of Eastland, Henry Neil Schacht of Lockney, Dick Penn of Moore, Jim Whaley of Estelina, Glafira Lopez of Alice, Helen Kolaja of Damon, Lillian Roder of Shiner and Frankie J. Gipson of Plainview.

Major and Mrs. Jack Gregg of Brownwood passed through the Mountain City Monday, enroute to Denver, and other Colorado points while on a few days vacation trip. Major Gregg and his wife have been married six years next July 6th, and due to the war the couple has not been permitted the pleasure of living together and enjoying the companionship of each other, but only a portion of the time. This is really their delayed honeymoon.

Mrs. George Richardson visited last weekend with her son, Curtis Richardson and family in Abilene.

Mr. and Mrs. Homer Williams of San Angelo brought their aunt Mrs. Clara Kilmer, home last Sunday after a week's visit there. Before returning home they visited relatives in the Cleveland community.

Pvt. Theodore R. Taylor, Jr., son of Mr. and Mrs. T. R. Taylor of Santa Anna, has recently been assigned to the First AAA Guided Missile Battalion. This is the only unit of its kind in the U. S. army. Pvt. Taylor is assigned to the battalion as assistant sergeant major and orders clerk.

Mrs. Claude Box and her daughter Miss Mavis Box, and Mrs. Ray Caldwell of Rockwood, and Misses Billie Jeannette and Johnnie Ethel Stewart of Rockwood and Santa Anna visited with Mrs. A. W. Box Sunday.

Mr. and Mrs. I. O. Taylor and children of Brady and R. H. Taylor and family of Abilene visited last weekend with their mother, Mrs. W. D. Taylor.

Mrs. J. K. Moredock and her daughter, Joyce, spent Sunday in Stephenville attending the Homecoming at John Tarleton College, where Kenneth Moredock is a student.

Heallen-Elliott

Mr. and Mrs. Jasper Elliott, Jr. The marriage of Miss Freda Heallen, of Santa Anna, and Jasper Elliott, Jr., of Austin, was solemnized at 7:45 p.m. Friday, April 19th at the home of the bridegroom's parents, Mr. and Mrs. Jasper Elliott, Sr., in Austin. The Rev. J. P. King officiated. The bride wore an aqua suit with white and brown accessories and her flower was an orchid.

Mrs. Elliott is a graduate of Santa Anna high school and has been in the employ of Southwestern Bell Telephone company in Austin.

Mr. Elliott is a graduate of Austin high school and was attending Southwestern State Teachers College in San Marcos when he enlisted in the Army Air Forces. During his tour of duty he saw service in the China-Burma-India theatre.

Out of town guests included the bride's mother, Mrs. O. M. Heallen and brother, Kenneth Heallen of Santa Anna and Mr. and Mrs. A. H. Elliot and Harvey Charles of Bastrop, Texas.

prison guards in a cell block and were holding them at bay until reinforcements arrived. The warden of the prison called on the authorities in San Francisco to furnish help in quelling this disturbance. Volunteer combat Marines were instrumental in quieting the riot. As the conflict ended three of the convicts were dead.

The sixth mystery death in Texarkana within a period of six weeks has the police of that area baffled. The last victim was identified as Earl Cliff McSpaden from a Social Security card found on the body. His mutilated body was found Tuesday, May 7, bringing the victim total to 6. Dr. Anthony Lapalla, psychiatrist, at the Federal Correctional Institution in Texarkana, told newsmen he believed the "phantom killer" is an intelligent, clever and shrewd white man between 35 and 50 years of age and a sadist "motivated by a strong sex drive." Police have reported no developments in connection with any of the six slayings.

President Truman commuted the death sentence of Pfc. Joseph Hicswa, of Wallington, N. J. convicted slayer of two Japanese civilians, Tuesday, May 7. The president decreed Hicswa must be confined at hard labor for 30 years, receive a dishonorable discharge and forfeit all pay and allowances.

D. L. Davis of Santa Anna received a telegram last Wednesday stating his brother, T. H. Davis of Hardin, Mont., had passed away. Friends extend their sympathy to the bereaved.

Mr. and Mrs. Glen Williams of California, recently visited her parents, Mr. and Mrs. Chas. Yancy. They also visited his parents, Mr. and Mrs. Pete Williams in Abilene before returning home.
