

State Dept. of Health Letter

Dr. Geo. W. Cox, state health officer has released some interesting information concerning Vincent's angina, which was commonly called trench mouth during World War I.

Dr. Cox states that Vincent's angina is a specific infection producing an inflammatory condition of the mucous membranes, more commonly those of the mouth, and the disease is spread by indirect as well as direct contact.

Because of the readiness with which this disease is transmitted, it has been occasionally found in epidemic form among school children and other groups. Dr. Cox states, Vincent's angina assumed epidemic proportions in the trench line trenches in 1914-18 and it was during this period that the disease became generally known as trench mouth.

Although trench mouth is now world wide in distribution, reasonable application of preventive measures, which are merely those in line with approved personal health practices will be found a sufficient defense against this infection.

According to the health officer the most common causes of Vincent's angina are neglected mouths, broken tooth fillings and other types of oral irritation. Daily hygiene, plus the periodic visit to the dentist can be relied upon as reasonable buffers against this infection. However, persons who are very careful regarding oral hygiene can acquire the disease by using infected drinking cups and eating utensils and other personal articles, also by kissing, though healthy gums and mucous membranes have a much superior resistance to the infection than does an unclean mouth.

Pay For ROTC Students At Tech

Pay for every student of Texas Tech enrolled in ROTC units is planned by the War Department for the fall term and thereafter pending congressional approval. Lt. Col. Ludlow Adams, commandant of the units, has been advised.

Students in elementary courses would receive about \$20 a month with advanced students being paid an additional \$1.25 a day for a 32 week academic year.

Signal and corp. of engineers advanced work has been resumed and applications are pending on aviation and infantry.

The courses will be open to men students between 14 and 22 years of age and in addition veterans of world war II between the ages of 19 and 26. Academic credit toward a degree will be allowed for the military study and training.

Mr. Walter Sharp, who has been sick for some time and in the hospital quite a lot of the time, is not getting along very well. He received another blood transfusion last week. He is now at his home south of town.

For Lieutenant Governor

ALLAN SHIVERS of Jefferson County

Texas, let's promote Allan Shivers to lieutenant governor. Dean of the Texas senate, he has the necessary qualifications to be elected its presiding officer. Twelve years a senator over here — 2 years a soldier over there.

Polio Death Toll Climbs

The Texas polio death toll rose to 21 Monday as San Antonio reported another victim.

San Antonio health authorities also reported one new case, bringing the city's total to 68 with 10 deaths.

Houston authorities recorded four additional cases yesterday, bringing the total for that area to 30 cases with 2 deaths.

Dead in San Antonio was Willie S. Harris, Jr., 30, who was admitted to a hospital last Friday. The new victim was a 14 year old boy.

Houston's new victims were Patricia B. Wilkinson, 11, and Sherwood Bradshaw, 9, both living in the vicinity of Cloverleaf Farms, and Anna Mae Carson, 13, of Midway, and Carl Guymet, 3, of Buffalo, both north of Huntsville.

Meanwhile, in Austin, state health officer George W. Cox, declared that raising chickens within city limits must be stopped unless it can be done in a sanitary manner without the breeding of flies.

"It has definitely been proved that flies can transmit the polio virus," Dr. Cox said. If chickens breed flies, they are a direct polio menace."

The health officers said the same advice applies to horses, cows and other animals.

H. D. Club

The home demonstration club met last Friday with Mrs. Claude Conley. During the business session final plans were made for the club's window display at Burrs store in Coleman June 25-29. Mrs. Conley gave a demonstration on bread and cake and those present enjoyed generous servings of the same during the social hour. Refreshments of hot buttered rolls, spicy sponge cake, coconut layer cake and fruit punch were served. A number of leaflets on up to date sewing, style trends, etc. were distributed to the members.

Those present besides the hostess were, Mrs. W. E. Vandelford, Mrs. S. K. Moredock, Mrs. W. A. Standley, Mrs. Doug Moore, Mrs. Roy Stockard, Mrs. Edd Jones, Mrs. Clifford Stephenson, Mrs. Arthur Tafey, Mrs. Annie Taylor, Mrs. A. L. Oder and Miss Ellen Richards.

The next meeting will be July 5th in the home of Miss Richards.

Mrs. Dean Hunter and her little daughter of Stamford are here visiting her father, O. C. Yancy.

Mrs. Grady Gilliam and her daughters, Betty Lou and Sandra, Mr. and Mrs. Emmett Horton and Mrs. Mattie Horton were shopping in Coleman Saturday afternoon.

Boyce House Takes Part Only In Race For Lt. Governor

Numerous inquiries received from over the state by Boyce House, candidate for lieutenant governor, resulted in his issuing this brief statement today:

"Replying to many inquiries from citizens asking what my attitude is toward the governor's race, I wish to state that I am taking no part in any contest for office except the race for lieutenant governor."

Roughages Can Fill Gap In The Feed Supplies

Plenty of good roughage is two thirds of the job of feeding a dairy cow and G. G. Gibson, dairyman for the A. & M. College extension service, urges use of more good home grown roughage. With supplies of concentrates short and the prices high, every effort should be made to replace as many pounds as possible with good roughage.

Highest quality hay is pasture with the water taken out so it can be stored until needed. This means that hay should be harvested at as near the best stage for grazing as possible.

The difficulty lies in the small yield obtained at this stage that is best for grazing. By allowing the plants to reach the point where they are beginning to bloom, more tonnage will be obtained without sacrificing too much feed value. The man who waits to harvest hay until the plants have matured loses much feed value although the yield might be higher. The season yield will be less, however, because plants cut when mature will not keep growing as plants cut earlier will do.

Although it does not take the place of hay and pasture, silage can be used to advantage on ev-

Stewardson And Vance Win Wilson Contest

J. L. Stewardson, son of Mr. and Mrs. Hardy Stewardson of Shield, and Kenneth Vance, son of Mr. and Mrs. J. W. Vance of Santa Anna are winners of the Wilson Meat Animal and County Achievement contests.

Stewardson will receive a sterling silver medal as winner of the meat animal contest. As a 4-H club member, he has made demonstrations in both sheep and beef cattle.

Vance will receive a gold lapel pin as winner of the achievement contest. He is a member of the 4-H club and FFA.

ery farm. Silage is another source of cheap nutrients which can replace some of the high priced nutrients. The crop that yields the highest tonnage per acre should be used for silage. The better the feed that goes into the silo, the better the silage that comes out. Three tons per cow will be good feed insurance when grazing is short.

Last week Mrs. Addie Mather of Corpus Christi visited her brother, Walter Sharp and wife and her sister, Mrs. W. D. Taylor. This week Mrs. Sharp's sister, Mrs. Van Casey of Sanderson, Texas, is visiting her and Mr. Sharp and other relatives in this county.

BAPTIST CHURCH NEWS

We invite the public to attend any or all of our services next Sunday.

Sunday School 10:00 a. m.
Morning Worship 11:00 a. m.
Training Union 7:00 p. m.
Evening Worship 8:00 p. m.
Fellowship period immediately following the evening preaching service. We invite all young people to attend this enjoyable service.

Our deacons are requested to attend the monthly meeting Monday evening at 8:00 o'clock. This is a very important meeting that will require the council of all of our deacons.

Monthly business meeting and Workers Council of the Sunday School Wednesday night at 8:00. You will not bring a covered dish but refreshments will be served at the close of the meeting.—S. R. Smith, Pastor.

Mr. and Mrs. A. B. Little and Mr. M. A. Pritchard spent last week-end in Tolar visiting relatives.

Mr. and Mrs. Marvin Pennington of Post, Texas, were week-end guests in the home of his brother, Mr. and Mrs. Elvin Pennington and family.

Capt. Lee J. Lockwood of Columbus, Ga., joined his wife and baby here last week and together they are at the bedside of her father, Mrs. Will Wade at Rochester, Texas, who is reported to be very ill. Mrs. Lockwood has been visiting her grandmother, Mrs. G. W. Meyers, here.

Mrs. T. M. Hayes expects to go to San Angelo Thursday for an indefinite visit with her daughter, Mrs. Frank Chamberlain and husband.

Lubbock suffered a \$200,000 fire last week damaging four buildings.

WHY LOSE BABY CHICKS?

When Durham's Cocco-Dine in their feed and drinking water can save them so easily. It is an acid-dextrose solution that has proven so good for control and prevention of Coccidiosis and Diarrhea—it is sold on a money-back guarantee. Remember this, Cocco-Dine must save your chicks or it costs you nothing. Sold and guaranteed by PHILLIPS DRUG CO.

WASHINGTON Letter

By Congressman
O. C. FISHER

could not be reintroduced if the service amounted to six months in the U. S. or as little as one day overseas, excepting only trainees whose domestic service consisted of going to college, such as doctors and dentists.

The bill would eliminate wartime deferments for industrial production seasons but farm deferments would continue as in the past.

The conferees also agreed on a bill to increase pay for officers and enlisted men as a spur to volunteers.

It is, of course, of utmost importance that provisions be made for induction of enough men to keep up our strength for occupation purposes up to requirements. We have won the war at great cost and sacrifice and we are now engaged in the important battle to win the peace. A vital part of that battle is the effective and continued occupation of enemy territory. Moreover, in present unsettled world conditions, we can be more powerful in our part in writing and maintaining peace treaties if we continue to be a strong nation from a military standpoint. In that condition we can maintain a more dominant position in dealing with Stalin. It is also imperative that ample replacements be provided to assure the rotation of the men who are now serving.

General Eisenhower told the senate committee that for political purposes in the occupied areas older men are more desirable. He also predicted that the passage of the increased pay bill would add to the number of volunteers.

While I feel that the conferees would have done well to authorize the induction of 18 year olds if it should be found that other enlistments and volunteers is not adequate to meet minimum requirements for occupation and replacements, it is felt by many that the goals set by General Eisenhower can be met with the agreement reached by the conferees.

Since V-J day, the number of people coming to the capitol has increased many fold. Each day thousands pass through the capitol building and visit points of historic interest throughout the city. Almost daily we have the pleasure of having folks from the district call on us here. Most of those who come to the capitol want to see nearby Mount Vernon, General Robert E. Lee's home, the Mellon art gallery, Smithsonian Institute, Library of congress, supreme court building, Arlington cemetery and other points of interest. The white house, which before the war, was open to visitors; does not yet allow visitors, however.

Robert Gerald Halmon, grandson of Mr. and Mrs. J. T. Close, returned home last week having received his naval discharge at Camp Wallace June 6.

Bobbie had attained the rating of storekeeper second class, aboard the USS Cahaba.

He was aboard the USS Cahaba for almost two years during which time he traveled almost 73,000 miles. His ship delivered the first cargo of oil and aviation gasoline that had been received in China for four years.

He is authorized to wear five ribbons, American Theatre, Asiatic Pacific, Philippine Liberation, Third Fleet Operations Against Japan and World War II Victory Medal.

Bobbie is very glad to be home and plans on entering school this fall.

The Chicago, Burlington and Quincy and the Atchison, Topeka and Santa Fe railroads have asked the interstate commerce commission approval of a plan which would enable the Santa Fe to enter St. Louis over a direct route from Kansas City and at the same time would provide the Burlington with shorter routes between Chicago and Kansas City and between St. Louis and Kansas City.

The transaction does not involve the construction of any new trackage, but would provide better railroad service, at lower cost, by more efficient and intensive use of existing railroad trackage.

Under the proposed plan, the Burlington and the Santa Fe would jointly acquire the Alton segment of the line, which would give the Santa Fe entry to St. Louis.

Operation of the Santa Fe into St. Louis, in addition to improvement of the St. Louis-Kansas City line, upon which Burlington and Santa Fe propose to spend five million dollars would provide the first single line service between St. Louis and the Pacific coast and between St. Louis and an extensive territory served by the Santa Fe. It would also permit direct movements between the Atlantic and Pacific coasts through St. Louis using only two railroads.

Mr. and Mrs. Bob Floyd and their son, Willie, who has just returned from overseas service, visited last week-end with Mrs. A. W. Box. They came by Abilene and brought Miss Bertie Box also for a visit with her mother.

Mrs. Jeannette Hensley took her mother, Mrs. D. J. Johnson to Marlin last week where she is undergoing treatments. Mrs. Johnson is reported to be improving.

Mrs. Nettie Bible of Ponca City, Oklahoma is here visiting relatives and friends.

Miss Dorothy Dillon of Springfield, Missouri is visiting her cousin, Mrs. Bill McDavid and husband.

Mr. and Mrs. D. A. Stephens are visiting friends in Eastland this week.

Go to Church Sunday.

two newly elected candidates. Even though the newly elected Worthy Matron was out of town the initiatory ceremony on the 21st was rendered in an effective and most impressive manner. Mrs. Odell Henderson and Mrs. Berince Palmer also proved interesting candidates.

The house has passed and sent to the senate a terminal leave pay bill to apply to enlisted men. By virtue of an old law enacted 75 years ago, officers have been drawing terminal leave pay for unused furlough time. It became evident that to make such payment to officers and deny it to enlisted men is unfair discrimination, and the action of the house would correct such injustice.

At the time of this writing, the house and senate conferees have agreed upon a compromise extension of selective service until next March.

The bill, which must be approved by both the house and senate, would continue the draft of those from 19 to 44, inclusive. It would discontinue drafting fathers and calls for discharge in accordance with the program set by General Eisenhower and his staff, the size of the army is fixed at 1,550,000 on July 1, and 1,070,000 on July 1, 1947. Union Services Sunday Night

Union services of the Christian U. S. A. Presbyterian and the Cumberland Presbyterian churches were held at the Christian church Sunday night. There was a good attendance and interesting services. Bro. Burgett, pastor of the Cumberland Presbyterian church, delivered an interesting sermon on "The Highway of Life." Other ministers present were the host pastor, Rev. E. H. Wylie and Rev. Ben H. Moore, pastor of the U. S. A. Presbyterian church. These union services are held each fourth Sunday night in one of the cooperating churches.

Naval Air Reserve Training Command

Thousands of naval pilots and enlisted men, former combat airmen who have returned to civilian life, again associate themselves with the navy Monday, July 1, when the Naval Air Reserve peacetime program for national air security is activated at 22 naval air stations throughout the nation. This national peacetime program for these men will be participated in by more than 6,000 naval pilots and more than 20,000 enlisted men.

Air groups, which will furnish the flight personnel for inactive units of the fleet, will be kept in training on these stations. The naval air reserve, made up entirely of reserves on inactive duty will provide a "second team" to back up the regular units of the fleet.

Men who participate in the regular part time duties will be enlisted in the organized reserve of the navy and will be paid on the basis of their rank and rate for the time they serve. The inactive reservists will serve in the volunteer reserves without pay.

The stations where the air reserve program will be in operation are manned by stationkeeper personnel, who enjoy the privileges of active duty but still are not subject to transfer to other stations.

Mr. and Mrs. Marion Pritchard and children of Slaton came at the week-end for a visit with her parents, Mr. and Mrs. Walter Vanderford. Mr. Pritchard and Mr. Vanderford left Monday for Knox county where the former has employment and Mr. Vanderford will visit a sister.

Tech. Sgt. and Mrs. P. B. Lightfoot are here from Camp Robinson, Ark., visiting his parents, Mr. and Mrs. Paul Lightfoot, and with her people in Coleman. After a few weeks here he will report to Ft. Benning, Ga., where he will be stationed.

Mr. and Mrs. Will Richardson of Brownwood were here Sunday. They took his mother, Mrs. W. K. Richardson out to the home of his brother, George Richardson and wife, where all had dinner.

Texas' Oldest Voter

Senator Allan Shivers, candidate for Lieutenant Governor, of Port Arthur, Jefferson County, Texas, receiving a check for his filing fee from Capt. Roderick Donald Steele, Texas' oldest voter. In presenting the check, Captain Steele, representing the citizens of Port Arthur, expressed the voters' appreciation for his 12 years faithful service to the district and reminded him that he was the youngest senator to take the oath of office when first elected to the Senate. (Shivers is now dean of the Senate).

Captain Steele for many years has refused to tell his age, but old-timers say that he is now 106. He still works daily as a marine surveyor, climbing over ships to inspect their cargoes.

4-H Club Camp Dates Announced

Dates and sites of Texas 4-H Boys' Club camps have been announced by J. W. Rotts, state 4-H Boys' club leader of the Texas A. & M. College extension service, as follows:

Balmorhea, June 24-26; Tankersley, San Angelo, June 27-29; Trinidad, July 1-3 and July 4-6; Kirbyville, July 8-10; Bastrop, July 11-13; Prairie View, July 15-17; Brownwood State Park, Brownwood, July 25-27; Lake McClellan, Pampa, August 5-7; Perkins Boy Scout Camp, Wichita Falls, August 8-10; and Camp Mabry, Austin, August 14-16.

The Kirbyville camp will be devoted to forestry and the Balmorhea, Bastrop and Prairie View camps to conservation.

The Texas Forest Service has already held one boys camp at Kirbyville June 10-15 which was attended by 60 4-H club and FFA boys.

The District 2 — the Lubbock area — camp will be held August 12-14 but the site has not yet been selected.

Mr. George Rae, Sr., of Talpa visited one day last week with his daughter, Mrs. Holman. Mr. Rae, who is 94 years old is a very interesting character. Born in Scotland, he came to America in 1875 and to Coleman county in 1883 and has lived here ever since. He is very active and enjoys good health.

Leon Morgan of Brownfield was here last week-end, coming direct from Paris, Tex., where he had been with his mother, Mrs. J. M. Morgan, who has been very ill. He reports her condition to be improving.

Wheat Production In Year 1946

The effect of the current wheat shortage and the 80 per cent flour milling extraction order on mill feed supplies is illustrated in the latest Bureau of the Census report of mill feed production, according to Herman Steen of Chicago, vice president and secretary of the Millers' National Federation.

The report showed mill feed produced in March totaled 311,490 tons as against 516,450 tons in the preceding month. The decline was attributed to the shortage of wheat for domestic milling and the government order requiring that flour mills grind into flour 80 per cent of the cleaned wheat.

Flour mills averaged only 69.4 per cent of capacity, the poorest average for any month since August, 1944. More mills were idle during March than in any other month of government record.

The wheat conservation program set up for the 1946 crop provides for 15 per cent less flour for domestic use than a year ago and a commitment to ship no more than 250 million bushels overseas compared with 380 million from the 1945 supply.

An experiment made by Bryan Cammack, cooperater with the Wichita - Brazos Soil Conservation District, increased the yield of wheat nine bushels per acre this year through the use of Austrian winter peas in rotating with wheat. In comparison the wheat grown in the pea land yielded 23 bushels compared to 14 bushels in the wheat land.

Pauline, Shirley and June Little returned home Sunday after spending a week in Tolar.

W. R. Chambers Appeals To Farms And Ranches

W. R. (Bill) Chambers of May, Brown county, Texas, speaking in behalf of his candidacy for commissioner of agriculture, made an appeal directly to the farm and ranch people of Texas today, outlining a program to insure a future for agriculture in the state.

The farmer-legislator, outlining Texas farm needs, declared that greater efforts must be exerted to conserve soil and forests and other natural resources on the farm, that a more intensive war must be waged on the insects and diseases which plague the crops of Texas farmers, that steps must be taken to strengthen our food and fiber supply, and that Texas farmers must be given better schools for their children and an adequate system of farm to market roads to enable them to get their produce to town.

"If you are for these things," he told his listeners, "then you are for W. R. Chambers for commissioner of agriculture."

Mr. Chambers declared that the office of commissioner of agriculture can be used most effectively in making farming attractive as a profession to the rural youth of the state and in helping them to find the opportunities which they have a right to expect in agriculture.

In this regard, he said that he favors for soldiers returning to the farm equal rights with those returning to industry — "Training them on the farm as they work and paying them as they learn." He emphasized: "The farmer of the future is going to meet many problems requiring technical training... and it is our purpose not only to get the farm boy ready to meet these problems, but to give him the feeling that he is working in an honored profession where he can attain worthy accomplishments."

New Hand Tools For Sale By WAA

New hand tools that originally cost the government more than \$4,300,000 are now being offered in a national fixed price surplus disposal sale that will continue until all items are sold. War Assets Administration announced today.

The tools are all standard make ordinarily sold by the general hardware trade and auto accessory outlets. Included in the offering are large quantities of wrenches, hammers, files, gages, levels and other items usable for aircraft and automotive repair and maintenance work.

All orders should be sent directly to War Assets Administration, P. O. Box 1407, Ft. Worth, Texas. All prices are F. O. B. San Antonio, Texas, the point where the tools are located.

The tools have been offered concurrently to priority claimants, including veterans of World War II. Their priority privilege expired June 19. However, priority claimants may still purchase of the same status as commercial dealers. Orders will be filled in the chronological order received.

Mr. and Mrs. T. H. Upton visited several days last week with her father at Abilene.

We Sincerely Hope—

to be able to supply all our customers with a normal supply of finer printing on the quality paper you've always associated with any printing job from our plant.

However, printing paper still remains available in limited amounts only. Under this circumstance, we continue our practice of trying to supply all our customers with enough printing to cover basic requirements.

We know your demands are real and we are deeply appreciative of your continued patience and understanding.

Approved Uniform International **SUNDAY SCHOOL LESSON**

By HAROLD L. LUNDQUIST, D. D., of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for June 30

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education, used by permission.

JESUS' FRIENDS CARRY ON HIS WORK

LESSON TEXT—Mark 16:15-16, 19, 20; Luke 24:45-49; Acts 2:42, 47; 5:42.

MEMORY SELECTION—Go ye into all the world, and preach the gospel to every creature.—Mark 16:15.

Friendship brings results. We respond to it with our own interest, and by our desire to bring others into its helpful circle of influence. Obviously, the man who knows the friendship of Jesus wants others to meet his Friend and know his love and power.

The disciples had seen the risen Lord, a privilege which carried with it the responsibility of declaring the good news of completed redemption to all the nations of the earth.

We find them engaged in **I. Blessed Preaching** (Mark 16: 15, 16-19, 20).

The call and commission of the Lord before he was caught up into heaven was clear and definite. How glad we are that the disciples obeyed, went and preached, and had such blessed results.

The response of these early Christians was immediate and enthusiastic. Would that such a spirit had characterized the church through all the generations since then, and if it had, the commission would long since have been carried out. It has been estimated that if everyone in a church of two thousand were to win one soul a year, and each convert win one soul each year, the world would be evangelized in less than thirty-five years. Why not?

But while on the whole the church has failed, there have been valiant souls all down through its history who have given themselves to the business of preaching the gospel. With them, as with these of the first century, the secret is ever, "The Lord working with them."

II. Powerful Witnessing (Luke 24: 45-49).

The death and resurrection of Christ made possible the preaching of repentance and remission of sins, the message of redemption which was to go out to all nations through the disciples.

They were witnesses of these things, they spoke that which they knew and had experienced, and so their word carried weight and conviction. That, however, was not the secret of the success of their efforts; there was something more.

It is never enough for a man to speak of the things of God, no matter how brilliant and eloquent he may be, nor how certain he may be of his facts. He must have the power of God.

The early believers were to tarry until they received the Holy Spirit. We need only yield to him for he is present with every believer—the indwelling One—ready to empower and use us.

We need a real revival of the Holy Spirit power in the church, and we need it now. If the church as a whole will not yield to God, let us do so as individuals that we may be witnesses with power.

God is looking for men. He has always honored those who in faith have obeyed his command. The whole history of church and missionary endeavor bears eloquent testimony to that fact.

III. Glad Soul-Winning (Acts 2:46, 47; 5:42).

There are a number of things in this passage. There is the fellowship of the believers in the early church. We also note that they were regular in their attendance at the temple. They preached and taught both in the temple and at home. But the significant thing which we wish to note now is that it all resulted in the salvation of souls.

The Lord added to the church "day by day those that were saved," for such is the proper reading of verse 47. Day by day souls were won for Christ, and added to the church. Why do we not have more churches of that kind today?

The church, which is so much the center of life for Christians, is not as well understood as it should be. We have come to regard it as just one organization among many competing for the attention and interest of men, when it is really a divine, living organism, established by Christ as his body and representing him in this world.

The church is made up of those who are saved (v. 47), those who have received the word by faith and witnessed a good confession of

National and —

Continued from page 1 in Dallas worst blast disaster. The cause of the explosion was not known. Damage to the hotel will approximate \$500,000, insurance officials estimated.

Russia last week formally proposed that the U. S. destroy its atomic bomb stockpile and stop further production within 90 days after international ratification of a treaty which would outlaw atomic bomb in the furtherance of war. Andrei Gromyko, soviet delegate, placed his proposal before the atomic energy commission after Canada and Great Britain had endorsed the Baruch plan for strictly controlled control of atomic energy.

Pravda, official spokesman of the soviet union, denounced the American plan for international atomic control as atomic diplomacy reflecting "evident striving for world rule" and asserted that Russia never would surrender the right to veto such a proposal.

A blunt charge by China's No. 1 communist that the U. S. was responsible for China's internal strife shook the frameworks of peace negotiations. The accusation was made in a statement issued from Yenan by Miao Tse-tung, chairman of the communist party.

Set J. B. Francis and wife of Albuquerque spent last week with his parents, Mr. and Mrs. R. R. Francis. Mrs. Francis returned to her home in Albuquerque and Set Francis went to San Antonio where he is to receive his discharge. He has been in the army since 1940 and was taken prisoner on Bataan. He spent 3 1/2 years in a Japanese prison camp.

their faith in Christ (v. 41). This is a fact to be remembered in a time when there is so much laxness in receiving members into the church. It is not a religious or social club. It is not a rallying place for those who wish to work for some economic, political, or social project. It is not a gathering of good people who wish to share common interests.

The church needs to cleanse its rolls of all unbelievers, all hangers-on, and to get back to the purity which it had when only those were received who were manifestly "added" by the Lord (v. 47).

The American Way Communism Breeds Liars

By GEORGE PECK
Recently I had the pleasure (?) of being interviewed by the associate editor of one of the nation's most notorious left wing publications. The young man was seeking information so that he could lambast me in his subversive, un-American publication. Someone had informed him that I have a particular dislike for communism and communists.

In due course this publication got around to publishing a most garbled and almost wholly untruthful account of that interview for the edification of its pink perusers. Along with this, the editor called me a lot of names, which according to his perspective should have been most insulting, but which I consider were the highest compliments ever paid me. To be castigated by left wingers is indeed high praise.

For instance, he said that "the smoothest free enterprise nostrum on the market is Peck's packaged pap," and "the Peck Syndicate 'The American Way' dishes out the subtlest anti-labor, anti liberal, reactionary copy in the country."

The article went on to quote verbatim a number of things which I supposedly said while being interviewed. Yet, during the entire two hour interview, the interviewer did not make one single note. Small wonder that his report of the interview comes close to being the all time top in inaccurate reporting.

The significant thing about this, however, is that evidently there was not the slightest intent to make an accurate report. As a reporter I know that no reporter's memory is good enough to permit him to faithfully and factually quote word for word what is said, unless notes are made. Despite the fact that I gave this reporter copies of several of my articles which have appeared recently in newspapers across the nation, in his own article defaming me, he did not quote a single sentence therefrom. The reason for this is obvious, because misquoting my printed statements would have left his publication open to a

libel suit. On the other hand he figured no risk was involved in misquoting my verbal statements made to him in private. The one conclusion must be that deliberate misquoting, falsification and twisting were the intent — that there was not even the slightest effort to report the truth.

The average normal individual may lie, but in so doing, he knows that he is doing wrong. When caught in his perversion of the truth, he has the grace to blush with shame. But not so the communists and left wingers — they lie without any twinge of conscience and when detected in their prevarications are unabashed and unashamed.

Repeatedly it has been pointed out in this column that there is something devastating about communism. Its adherents lose all sense of moral values. It is not so much that they sin by violating all the traditional and proven rules of decency and ethics that condemns them, but that they seem to be proud of their moral delinquency.

It seems to me that any philosophy of human relations that requires its proponents to resort to lies in order to foist their ideology (?) upon a nation, stands condemned at the outset on that count alone. No other indictment need be handed down. The "end" does not justify the "means", but the "means" employed in attempting to gain the "end" are a mighty fair barometer of what to expect if the "end" is accomplished. That communists deem it expedient to lie to achieve their ends, makes their proposed program for the regulation and enslavement of mankind unworthy of consideration — in fact, makes it a program to be stoutly resisted by every decent thinking, liberty loving individual.

THE STATE OF TEXAS.

To: Susie Golston, A. B. Golston, W. W. Brannon, Nancy Brannon, Martha P. Bratton, John R. Bratton, H. F. Adams, M. F. Adams, Blyford Adams, N. B. Davis, and M. D. Davis, and the unknown heirs of W. W. Brannon, Nancy Brannon, Martha P. Bratton, John R. Bratton, H. F. Adams, M. F. Adams, Blyford Adams, N. B. Davis, M. P. Davis and Mattie Bair, Defendants, Greeting:

You are hereby commanded to appear before the Honorable 119th District Court of Coleman County at the Court House thereof, in Coleman, Texas, at or before 10 o'clock A. M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 5th day of August A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 20th day of June A. D. 1946, in this cause, numbered 6831B on the docket of said court and styled W. A. McKean Plaintiff, vs. W. M. Riley, Jr., M. E. Riley, Jesse Simmons, R. P. Simmons, J. H. Simmons, J. T. Simmons, Ernest R. Simmons, Buelah Ruble, Marvin Ruble, J. Riley Simmons, Cecil D. Simmons, Bertha Turner, Susie Golston, A. B. Golston, W. W. Brannon, Nancy Brannon, Martha P. Bratton, Mattie Bair, John R. Bratton, H. F. Adams, M. F. Adams, Blyford Adams, N. B. Davis and M. D. Davis and the unknown heirs of W. W. Brannon, Nancy Brannon, Martha P. Bratton, John R. Bratton, H. F. Adams, M. F. Adams, Blyford Adams, N. B. Davis, M. P. Davis and Mattie Bair, Defendants.

A brief statement of the nature of this suit is as follows:

Plaintiff alleges that on or about the first day of January, A. D. 1946, the defendants and each of them unlawfully entered upon one acre of land more or less, out of the H. T. & B. R. Survey No. 57, and lying 1320 feet West and 560 feet South of the Northeast corner of said Survey No. 57, and ejected him therefrom and unlawfully withheld from Plaintiff the possession thereof, to his damages in the sum of one thousand dollars, being a suit in trespass to try title, as well as for damages, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and

NEXT OF KIN OF OVERSEAS DEAD URGED TO GIVE NOTICE OF CHANGES OF ADDRESS

The War Department has appealed to those who during the war received notice of the death of a relative in the armed forces overseas to inform the military service to which the deceased was attached if they have changed their address in the United States SINCE THE DATE THE NOTICE OF DEATH WAS FIRST RECEIVED. The Department has been authorized by Congress to ascertain the wishes of the legal next of kin concerning the return and final burial of World War II dead of all military services. The request is made also on behalf of the Navy Department, Marine Corps, Coast Guard, Red Cross and War Shipping Administration.

Many thousands of next of kin may have changed their place of residence since the date they received a telegram from the military services informing them of the death of a relative overseas. Such change of residence, without notification having been sent to Washington, may cause serious delays and make it difficult to send important information to proper persons.

To those next of kin who received notice of death from the War Department, the correct present address SHOULD BE MAILED ONCE to

Memorial Edition
Office of the Quartermaster General
Washington 25, D. C.

Next of kin who had relatives who died in the other services should mail their correct present address as follows: Those in the Navy to Bureau of Medicine and Surgery, Navy Department, Washington, D. C.; Marines, to Commandant U. S. Marine Corps (Casualty Section) Washington, D. C.; Coast Guard, to Commandant U. S. Coast Guard (Casualty Section) Washington, D. C.

Phantom Killer

(By BO BYERS)

University of Texas journalism graduate student and tutor in journalism, winner of the 1946 Clarence E. Gilmore safety contest award. A phantom killer has murdered five persons in Texarkana, and the people of that city are in a state of jitters.

A phantom killer took the lives of 1,502 persons on Texas highways in 1945 and had taken another 394 up to April 29 of this year. Yet this killer has caused no jitter among the populace of Texas.

This killer is the careless driver.

make due return as the law directs.

Issued and given under my hand and the seal of said Court, at office in Coleman, Texas, this the 20th day of June A. D. 1946.

Attest:
JAY R. PEARCE, Clerk,
District Court, Coleman Co., Tex.
26-29

er. He is as much a phantom as the man who has committed the Texarkana murders, for the victims of the careless driver never know in which car the murderer rides.

And YOU may be the careless driver who will add another name to the list of Texas traffic casualties.

You say you are not a careless driver? Are you sure?

That means you never drive at high speeds despite tires so old and worn they may blow out at any moment.

You never speed up to make an orange light at the last second before it turns red.

You never drive with your car headlights on a high beam when another car is approaching.

You never pass a car on a hill. You have not violated a single traffic regulation during the past week.

Slow down, Mr. and Mrs. Texas. Would you swear under oath to all those statements?

Don't take a chance on becoming another Texas killer. Don't be a careless driver.

Mr. and Mrs. L. J. Francis and little son of Chillicothe, Texas, spent the week-end with Mr. and Mrs. R. R. Francis.

Dayton McDonald, John Hardy Blue and Ben Mamy left by bus Monday morning for Georgetown to attend the Methodist youth conference to be held in Southwestern University this week.

Red Cross workers labored diligently last week in the Champion area near Roscoe assisting families suffering from a terrific hail loss.

Memphis, Texas, Democrat ended its 56th successful year of publication last week as publisher Claude Wells pledged to continue his policies he has enforced the past many years.

May Ellen Vinson, daughter of Mr. and Mrs. Tom Vinson of Turnerville, Texas, came Sunday for a visit with relatives here. Her cousin, Sara Jane Davis who had been visiting her, came back with her.

Mr. and Mrs. S. C. Holmans of Burkett, Mr. and Mrs. Clarence Porter of Ft. Worth and Mrs. Luther Porter and baby of Big Spring, visited with Mrs. A. Holman Monday.

Mrs. T. M. Hayes returned Monday night from Gatesville, where she had been visiting for a month with her daughter, Mrs. Hubert Crain and family.

Rev. and Mrs. E. H. Wylie left Monday for a visit of several days with their daughter, Mrs. Aubrey Petree and family at Merkel.

Mr. and Mrs. R. P. Francis and daughter, Glenda Fae of Albuquerque spent last week with his parents, Mr. and Mrs. R. R. Francis.

Mr. J. C. Welch of Tujunga, Calif. is here for a few days' visit with her son, Arlie Welch and family.

Cull Hens That Are Inefficient

Any hen laying less than a dozen eggs a month is losing money for her owner, considering prevailing prices of feed and eggs. These inefficient hens should be culled from laying flocks, the Texas A. & M. College extension service is advising farm families and backyard poultry raisers of the state.

A hen consumes about five pounds of feed per month even though she is not laying, so further reduction of laying flocks is being sought by the govern-

ment in view of the current feed shortage. For the nation as a whole, the reduction sought is one of every seven hens.

According to Sam Moore, extension poultry specialist most Texas flocks could lose one of every seven hens, and with proper culling profits would increase. Until recently, he says, Texas egg production this year has exceeded last year's for the same period, although the state has reduced its poultry population to or below pre war numbers. This indicates a rise in production per bird.

While chick production this spring was 20 per cent less than last year with good management an average number of pullets should go into production on Texas farms this fall, Moore says. He indicates that there are large amounts of shell eggs and poultry meat in storage and the demand for fresh eggs has been good this spring.

Mrs. M. L. Guthrie, Jr. Honored With Shower

On Friday afternoon, June 21 Mrs. A. A. Bolton and Mrs. A. F. Barnett of Coleman, entertained in the home of the latter with a miscellaneous shower, honoring Mrs. Monte Guthrie, daughter of Mrs. Barnett and a recent bride.

The honoree received a wide variety of lovely and useful gifts.

The hostesses served refreshments of potato salad, heart-shaped, open-faced sandwiches and bottled soft drinks.

Attending from Santa Anna besides the honoree were her husband's mother and sister, Mrs. Lester Guthrie and Alice Anna.

Mr. and Mrs. Guthrie are living in an apartment with Mr. and Mrs. Jack Bolander.

Mrs. Bailey Horner Honored With Shower

On Friday afternoon, June 21, Mrs. Elton McDonald and Mrs. S. Rowe entertained with a miscellaneous shower for Mrs. Bailey Horner at the home of Mrs. Rowe. There were 35 guests in attendance. Several games were played which helped to make the occasion enjoyable. The honoree received many lovely and useful gifts which will come in handy when she goes to house-keeping. She and her husband and little daughter will be moving in a few days to a house being made ready for them near his parents. The hostesses served refreshments of potato chips, open faced sandwiches, cookies and fruit punch. Mrs. Horner is a native of England and she and her little daughter joined her husband here a few months ago. She has made many friends who hope she will find life on a Coleman county farm a delightful experience.

Lavern McSwain Was Honored With Shower

On Thursday afternoon, June 20th Mrs. Arthur Talley and Mrs. J. E. Haney entertained in the home of Mrs. Talley with a miscellaneous shower for Miss Lavern McSwain of Brownwood, bride-elect of J. B. Ratliff, also of Brownwood. The receiving rooms were decorated with a profusion of shasta daisies, dahlias and gladiolas. A quartet of girls, Coyita Griffin, Carolyn Ray, Joyce Moredock and Eris Kirk played "Some Sunday Morning" on horn, saxophones and accordion and Miss Kirk rendered "I Love You Truly" as an accordion solo.

The honoree received a large number of lovely and useful gifts, there being almost no duplicates among them.

The hostesses served refreshments of wafers, assorted cookies and a variety of soft bottled drinks. Shasta daisies were plate favors.

There were 25 women and girls present who registered in the beautiful bride's book. Those attending from out of town were the honoree, her mother, Mrs. B. A. McSwain, Mrs. Robert B. Saunders, Mrs. Roe Martin and Mrs. J. W. Clark, all of Brownwood.

Insecticides Are Very Limited

Wholesale destruction of certain planted crops is threatened because of a critical shortage of farm insecticides, caused by industrial strikes during recent months.

First of all, the steel strike entailed a loss of coke plant by products entering into insecticides. Then came the coal strike, cutting off the electricity needed to run the insecticide plants. Also hit by the strike was the production of arsenic, lead and copper, all ingredients entering into insecticides.

Manufacturers of essential insect killers declare it will be some time before normal production can be renewed. In the meantime, the growing season, which pays no attention to strikes, marches straight ahead.

Mr. and Mrs. E. E. Behrend of San Angelo are visiting her mother, Mrs. Mattie Dellinger. They came in Tuesday night after a week's visit in Dallas.

Proposed Plan Of The Memorial Building For Santa Anna

4-H Canning Girls Help Release Food For Famine Relief

More home canning will release more food for starving millions abroad.

That is the motto of thousands of rural girls participating in the national 4-H canning activity.

The activity is conducted under the direction of the extension service.

By increasing their canning of garden and other home raised products, the girls will render a three fold service. They will establish a larder of varied, nutritious foods for their family's future use; reduce cash expenditures for foodstuffs, and help release more commercial stocks of canned goods for famine relief overseas.

Awards for outstanding records are offered by Mrs. Ruby Kerr for the 18th consecutive year. County winners will get medals and the state champion will be a guest at the national 4-H club congress in Chicago. National winners will receive \$200 college scholarships.

County extension agents will furnish information and suggestions on home canning to 4-H club members.

Three groups of new students will be given consideration in determining admissions to T. C. U. for 1946-47, according to Dean Moore.

These three groups include T. C. U. ex-students who have been in the service; high school graduates in the Ft. Worth area and veterans whose homes are in Ft. Worth.

It has become necessary for T. C. U. to adopt this plan for selecting new students due to the large number of applications.

Miss Mary Woodward from Pecos and Mrs. Albert Lockett from Lawr visited Mrs. M. F. Blanton last Tuesday.

Mrs. A. Holmans left Wednesday for Kermit, to visit with her son, Hector Holmans and family and her daughter, Mrs. D. Cook.

Burned Timber Builds No Homes

Expecting a greater than ever number of recreation seekers — campers, fishermen, hunters, hikers, trail riders and the like — in the forests next year the State Foresters Association and the U. S. forest service have announced plans for a nation wide drive to prevent man caused forest fires in 1947. Cooperating in the campaign are the American Forest Association, the American Red Cross and various corporations.

Key slogans for the campaign will be geared first to the expectation of greatly increased use of forests by recreation seekers and second to the urgent need for timber for home building in the next few years. The first slogan is: "Please, folks, be extra careful this year. Remember, only you can prevent forest fires." The second is: "Burned timber builds no homes."

C. W. Simmons, farm forester for the A. & M. College extension service, says that figures for the last several years show that America's forests and woodlands have suffered an average of 210,000 forest fires a year. However, the last two years, during which campaigns similar to the one prepared for 1947 have been conducted, are reported to have shown a steady drop in the number of fires. For 1944, according to the forest service, the number was cut approximately in half, and preliminary reports for 1945 are expected to show a further drop.

Bettie Ann McCaughan, Novelle McClellan and Eula Ray Keefer are attending the Presbyterian encampment at Buffalo Gap this week.

Mr. Jim Steward of Rockwood had all his children and grandchildren at his home Sunday. A chicken dinner was enjoyed by Mr. and Mrs. Denver Ellis of Meridian, Mr. and Mrs. Bill Steward and family, Mr. and Mrs. Johnnie Steward and family, Mr. and Mrs. Jack Cooper and family and Sissie Steward all of Rockwood.

Mr. and Mrs. Arthur Duckworth of San Angelo visited Mr. and Mrs. M. F. Blanton Tuesday night.

Mrs. Elmo Wallace and her niece, Sue Crossland, who is staying with her, visited from Friday over the week-end with Mrs. G. W. Snivley in San Angelo.

Buddy Lovelady and Bill Mitchell from Texas Tech visited with the home folks here over the week-end.

Mr. and Mrs. McDonald of Corpus Christi are here visiting his cousin, Mr. R. R. Earnhart. The McDonalds formerly lived in Santa Anna and still have a farm in this county.

Navy Discharge Qualifications Cut

A change in navy honorable discharge qualifications will permit many discharged enlisted personnel now holding other types of discharge certificates to obtain honorable discharges, the navy department has announced.

"Proficiency in rating" requirements for honorable discharge have been reduced from 3.00 to 2.75. The reduction is retroactive to and including December 7, 1941.

This change affects any individual discharged from the navy on or after December 7, 1941, whose proficiency in rating mark was 2.75 or above. Discharged personnel in this category may return their present certificates to the Board of Review, Discharges and Dismissals, Navy Department, Washington 25, D. C., accompanied by written request for and honorable discharge certificate.

Mr. and Mrs. James E. Harvey and son of Lubbock visited over the week-end with his parents, Mr. and Mrs. M. E. Harvey. Jimmie is the manager of the Radford Wholesale Grocery Co. there.
