Police Report

Officer Craig Terry reports that on Sunday, July 20, he investigated a theft on North Third Street and the incident is still under investigation.

Also on July 20, he responded to a disorderly conduct call on the Brady Highway. The matter was settled without any arrest being made.

On Wednesday, July 23, a subject was picked up in the 900 block of North Santa Fe for public intoxication. The same day, Terry investigated the theft of 6 tires from the 100 block of North 8th Street. On Sunday, July 27, there was theft of a tire and wheel from the 100 block of

North 4th Street. Officer Terry believes the two thefts are related and both are still under investigation.

In the early morning hours of July 24, there was an attempted break-in at the Lions Club Building. A suspect was sighted but eluded the law officer. Gas was stolen from a tractor truck parked on North 1st Street across from Bradley Lumber on Saturday night, July 26.

Officer Terry also reports that he has issued tickets for various traffic violations during the week.

Two-A-Days To Start In August

Coach Galen Privitt has announced that the football two-a-day workouts will begin soon. The schedule for the month of August follows:

Monday, August 4 the Perry Gymnasium will be open from 7:00 to 9:30 p.m. Junior High and High School Athletes, boys and girls, may pick up Physical-Acknowledgement-Parent Permission Forms at this time. On Friday, August 29, The Mountaineers will travel to Goldthwaite for a scrimmage there. Starting time will be announced at a later date.

On Monday, September 2, the football team will once again workout from 6:30 to 9:00 p.m.

1986-87 School District Budget

AUSTIN—According to the Texas Research League, a recent study shows in the two years since the legislature enacted HB 72, local school budgets have grown by \$2.7 billion. This higher spending level has been funded as much by local property taxes as by record-setting increase in state taxes. Over the past two years, an added \$1 billion in state aid was matched by a \$1 billion increase in local school property taxes. Last year trustees in the 1,063 local school districts levied the largest school property tax increase in history—\$551 million—for a total tax bill of \$4.6 billion.

Locally, the Santa Anna ISD's tax levy last year was increased by 3.9 percent for 1985-86 as compared to a 13.3 percent increase for the average school district in Texas.

The figures come down from the latest issue of Bench Marks for 1986-87 School District Budgets in Texas, an annual publication of the Texas Research League, an Austin-based, educational corporation engaged in governmental research.

School budgets adopted last year called for spending \$3,346 per student for current operations. Santa Anna ISD's budget provided for \$3,106 per student based on the 386 students in average daily attendance in 1984-85.

Four dollars in five were spent for salaries. Statewide, payroll expenses

averaged \$2,705 per student, as compared to \$2,322 in Santa Anna ISD. Payroll expense is a combination of salary levels and staffing patterns.

The average salary for classroom teachers paid by Santa Anna ISD in 1984-85 was \$20,478. The average among all school districts in Texas was \$23,281 per classroom teacher. While the legislature and local school trustees focused discussion on classroom teachers' salaries, statewide only two-fifths of the 1985 budget increase was used for that purpose.

Taxpayers provided one teacher for 16.6 students in Santa Anna ISD compared to a statewide pupil-teacher ratio of 1 to 16.3. Because of small classes, especially at the high-school level, and abbreviated teaching schedules, many classes have more than the average number of students. HB 72 requires no more than 22 students in kindergarten, first, or second grade classes next year, but one-fourth of the districts obtained a waiver from that restriction last year.

The average school district imposed a property tax at the rate of 76.3 cents per \$100 of appraised value, which value averaged 89.3 percent of market value (selling price). The "true tax rate" was 68.1 cents (76.3 times 89.3 percent) statewide. Locally, the rate on market value in Santa Anna ISD was \$8.896. The tax on a house in this district that would sell

Community Band To Form

Santa Anna School Band Director Lonnie Baker is interested in forming a Community Band, and he has announced that there will be a meeting of all interested persons on Thursday, August 7 at the Band Hall at 7:00 p.m.

Anyone can participate regardless of age or experience. All that is required is that you be interested in participating in the Community Band. If you are interested in being in the Community Band, come to the meeting at 7:00 p.m. Thursday night at the Santa Anna Band Hall.

Water Bills Due By 15th

City Secretary Vikki Wristen would like to remind everyone that beginning August 1, 1986, all water bills are to be paid in FULL by the 15th or the Cut Off Day. If the bill is not paid by that time, water will be disconnected. When water has been disconnected, a reconnect fee will be charged to turn the water back on.

It has been noted that some citizens of the community are continually late with their water payments. Mrs. Wristen says that this does not effect persons who pay their bills on time. Just the ones who are continuously overdue.

Kerry Shropshire To Be County Agriculture Agent

On Friday, July 25, 1986, at a special meeting of the Commissioner's Court, Kerry Shropshire assumed the position as Coleman County Agriculture Agent and will begin his duties on Friday, August 1, according to County Judge W.W. (Pete) Skelton and Ken Cook, District 7 Extension Director.

Kerry is a graduate of Texas Tech University and was an Assistant Agriculture Agent in Coleman before taking an Agriculture Agent's job in Gillespie County.

Kerry and his wife, Diana, are looking forward to returning to Coleman.

for \$80,000 would have been \$414. If the homeowner were eligible for homestead exemptions, the tax would have been \$389, and if owned by a person 65 years or older, the tax on an \$80,000 house in this district would have averaged \$337, or less if subject to a tax freeze.

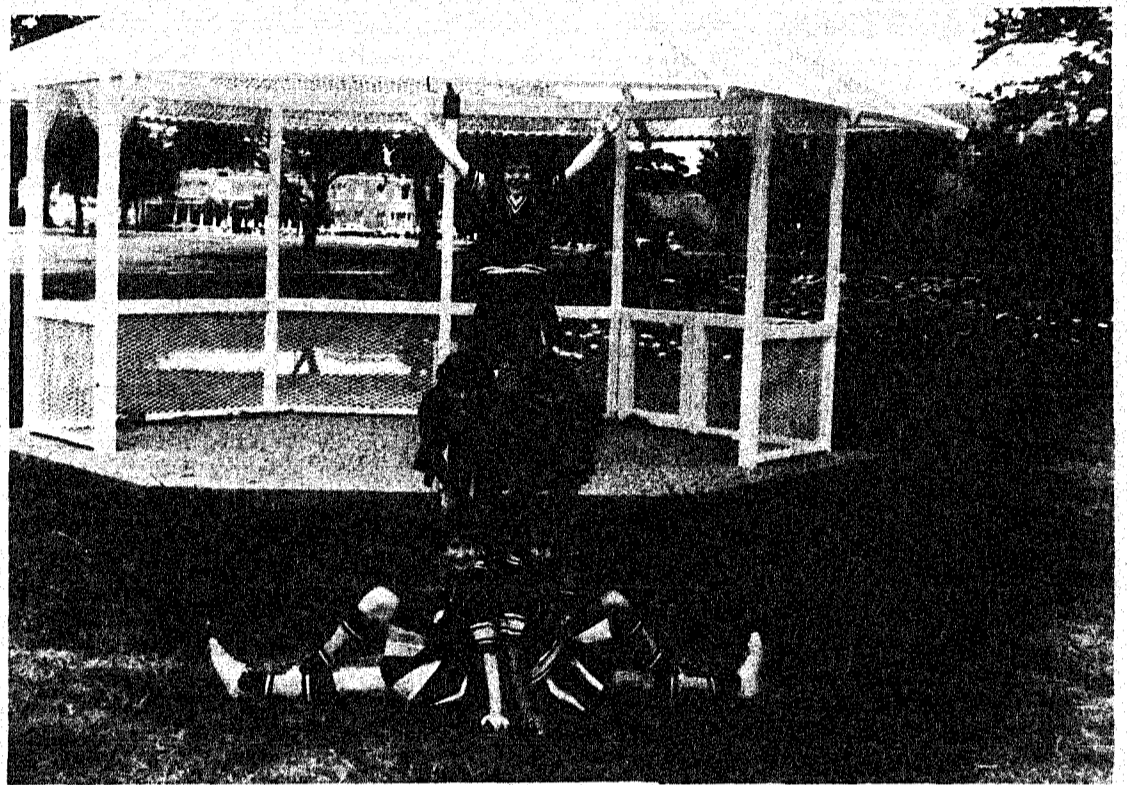

Revenue lost from exemptions totaled \$915 million, which was \$135 million more than the previous year. To balance school budgets, the revenue loss from exemptions was imposed upon other taxpayers in the school district.

Local property taxes plus state aid was \$3,706 per student in Santa Anna ISD as compared to \$3,299 statewide. The primary purpose of state aid is to equalize state and local tax resources among schools. In 1985-86 tax resources ranged from less than \$2,500 per student in ten districts to more than \$10,000 in 12 districts.

Highway Dept. To Begin Repairs

The Texas Highway Department is to begin work next week on the section of highway that is Wallis Ave. in downtown Santa Anna.

The planned project will involve three separate operations of 2 to 3 days each. The Department will be doing a fabric underseal, a seal coat surface and an asphalt pavement surface. The three operations will be

Mission Church Has Ceremonies

Dedication services were held Sunday, July 20, 1986 at the El Cordero Baptist Mission in Santa Anna. Former pastors and others took part in the program.

Ferris Akins, director of mission for the area, was recognized. The El Cordero Mission is a project of the Santa Anna First Baptist Church, the Coleman County Baptist Association, Texas Baptist Convention and the Home Mission Board of the Southern Baptist Convention.

The local mission was organized six years ago, meeting for several years in different locations throughout the town. The new brick building was constructed about three years ago and now has an attendance of approximately 40 each week.

Luis Padillo is the most recent pastor, resigning about a month ago. Other former pastors are Pablo Serena, now of Fort Worth, and Salome Guzman of Taylor, who was on hand for the Sunday event.

Victoria Trinidad read the history of the mission, and Val Garza, chairman of the building committee, spoke briefly. Music was presented by Dora Rosales and by an ensemble, Los Profetas. Leanna Hartman of First Baptist Church was the pianist for the program.

Among the many people present for the dedication were the Rev. John Stanislaw, pastor of the Santa Anna First Baptist Church, and William Brown and Oma Dean Horner, members of the mission committee.

done at separate intervals. The work crew will be doing the same repairs in Brownwood and will be alternating between the two cities.

During the construction, downtown patrons are asked to find parking other than on Wallis Avenue, as the construction will be

done on the center of the road and traffic will be routed to travel down the side of the street where parking is usually done.

Deaths

Jerry B. Foster, 18

Services for Jerry Brent Foster, 18, of Palm Springs, California, were held Tuesday, July 29, 1986, at 10:00 a.m. at Morelock Funeral Home in Brownwood with the Rev. Henry Wardlaw and the Rev. Ken Cole officiating. Burial was in the Sipe Springs Cemetery.

Mr. Foster died last Tuesday in Palm Springs after a sudden illness. He was born December 30, 1967 in Baytown. Formerly of Brownwood, Santa Anna, Ruidoso, N.M. and Sedona, Ariz., he had lived in Palm Springs 10 months. He was a grocery store clerk.

Survivors include his parents, Kathy and Jerry Foster of Palm Springs, Calif.; his maternal grandfather, Jim Holston of Arizona; his paternal grandmother, Aubrey Foster of Brownwood; and two aunts, Sharon Early and Carolyn Goodwin, both of Brownwood.

The Foster family were former residents of Santa Anna.

Deaths

Lacy Culpepper, 59

Services for Lacy H. Culpepper, 59, of Santa Anna were held at 2:00 p.m. Friday, July 25, at the First Baptist Church with the Rev. Gary Lawrence officiating and the Rev. John Stanislaw assisting. Burial followed in the Santa Anna Cemetery. Henderson Funeral Home of Santa Anna handled the arrangements.

Mr. Culpepper passed away at 2:20 p.m. Wednesday, July 23, 1986 at the V.A. Hospital in Temple, Texas, after a lengthy illness.

He was born October 14, 1926 in Anson to Henry Bluford Culpepper and Emily Ann Ferguson Culpepper and attended Anson area schools. A resident of Santa Anna for the past 40 years, he married Vera Alice (Jean) Weldon on June 3, 1951 in Santa Anna. He was a World War II veteran, a carpenter, and a member of the Baptist Church.

Survivors include his widow; five daughters, Bernidine Watson, Brenda Barker and Connie Culpepper, all of Santa Anna, Sharon Alvey of Abilene and Susan Barnes of Center Point; four sons, Tommy R. Culpepper, Jerry Don Culpepper, Tony G. Culpepper, and James E. Culpepper, all of Santa Anna; one sister, Juanita Dixon of Sheridan; one brother, H. C. Culpepper of Dumas; and seven grandchildren.

Palbearers were M. L. Guthrie, O. H. Watson, Ron Barnes, Jim Barker, Lynn Taylor, and Charles Watson.

Members Enjoy 48th Annual Meeting

Coleman County Electric Cooperative held its 48th Annual Meeting this past Friday night, July 25, 1986, at the Coleman Rodeo Grounds.

This meeting consisted of information, business and entertainment which held the attention of the members in attendance. Each member in attendance received a door prize along with everyone in attendance receiving a free cup of homemade ice cream which was gladly received due to the high temperature of 98 degrees in the shade.

The meeting was opened by welcoming remarks from Manager James Barr. The members tended to serious business with the re-election of three directors. These were Wilma Davis who defeated V. D. Cooper for Place 2, Garland Abbey who defeated Sandy Neal for Place 4, and Tom Kingsbery who defeated Hilburn Henderson for Place 9.

Vice President Fuchs in his report to the membership, noted that 1985 was a good growth year for the Cooperative. Over a million dollars in plant has been added by upgrading and maintenance of the system.

He also stated that the move has been underway from the present R.E.A. administration to do away with the R.E.A. by 1990. The strength of our Cooperative as well

as all Cooperatives are the members, so let the elected officials know that the Cooperatives job is not done.

In a report to the membership, Manager Barr stated also that the Cooperative had a good year in 1985 due to controlled expenses along with an increase in KWH sales. A large part of this was due to the oil activity of 1985. So far this year due to the decrease in oil activity we haven't seen a decline but wouldn't be surprised if this happened. He also stated that with the support of a good Board of Directors and employees, the Cooperative will continue to prosper for the membership.

The members enjoyed the music of the band Southern Cross, who by the way have two Coop employees, Buddy Bird and Woody Maddox.

After the entertainment the members enjoyed drawing for attendance prizes, such as an ice cream freezer, a deep fryer, desk fan and the grand prize of a 19" color television. The grand prize winner was Rusty Wells. Several prizes were also given to the kids in attendance, such as a football, basketball, a Monopoly game and a Cabbage Patch Kids Koosas. Kristi Snider assisted in drawing the names for the prizes.

The meeting was then closed and all in attendance were dismissed until the next years annual meeting.

Thoughts From Our Pastors

**By Linwood Bishop
Pastor of Northside Church of Christ**

I think most people would agree that religion in general and Christianity in particular is a matter of free-will personal choice. That is, God does not actually force one to become a Christian. It is certainly true that He has gone to great lengths to make it possible, even to the giving of his only begotten Son to suffer and die for man's sins (John 3:14-18), and to provide the plan of salvation and life eternal.

In His word God holds out every incentive in an effort to appeal to the deepest needs and longings of the human soul. He shows all the advantages of being a Christian and all the disadvantages of refusing to be a Christian. He invites all (whosoever

will) to come and take the water of life freely (Rev. 22:17; Matt. 11:28-30). He offers to every person who will accept it, according to his revealed word, His love, mercy, and His grace; but in the final analysis, He leaves the decision to man. We and we alone must make the decision either to accept the plan of salvation offered through Christ and His word, or to reject it and be lost.

"Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned." (Mark 16:15-16). This is heaven's invitation to every unsaved person, but the final decision must be made, from the heart, by the individual.

Engagement Announced

Mrs. Betty Lewis of Santa Anna has announced the engagement and approaching marriage of her daughter, Becy, to Scott Moore, son of Lance Gene Moore of Gouldbusk. The couple will be married on August 23, 7:30 p.m. at the Harmony Baptist Church at Fisk. All friends and relatives are invited to attend.

3 Attend Camp at Leander

Tammi Starr, John Watrous and Kathy Watrous recently returned from a week at Nameless Valley Ranch near Leander, Texas. Nameless Valley Ranch (NVR) is a camp operated by the Seventh-Day Adventist Church for young people from ages 8-16 from Texas.

Also during the summer program there are speciality camps, such as a horseback and back-packing camp, sailing camp, a camp for under-privileged children, and adult and junior-adult blind camps.

Tammi, John and Kathy attended the Junior and Teen Camps. While there they enjoyed horseback riding, swimming, gymnastics, crafts and nature programs, and Bible Study strengthening their personal relationship with the Lord.

David: A Man God Used

David was one of the most prominent figures in the history of the world. A mountain peak among Bible characters is this man named David. He is the most famous ancestor of Christ. Jesus is not called the Son of Abraham or the Son of Jacob, but the Son of David.

David had a varied background. In his youth he was an athlete (I Sam. 17:32-34). He was a poet and a musician. He was a fine general and conducted his military campaigns with great success. He is most well known for being the greatest king of Israel.

David's life was a strange mixture of good and evil. It is filled with noble deeds, great hopes and great accomplishments, yet his noble life is stained with sin.

This man who wrote the 23rd Psalms is the same man who committed adultery. No other character in the Bible more fully illustrates the moral range of human nature.

Early in his life he is called a "man after God's own heart." (I Sam. 13:14).

What kind of a man can God use? I believe as we look at the life of David we can see three "rights."

The man God uses needs a right fellowship. It is to David's credit

that he never became an idolator and he was loyal to God. He had a right fellowship. He had some faults. He had some failures. He also sought forgiveness in his wrongs. David's confession was not a cold, formal acknowledgement of guilt but a true and heartfelt humbling of himself before God and a deep cry for pardon and restoration.

Guilt over the past is one of the greatest hurts in our society. Forgiveness and full fellowship is available to all!

Second, David had a right spirit. We can see this in the battle with Goliath. David had not been trained as a soldier. He didn't have any armor that would fit. His only weapons were his sling, five smooth stones and his reliance in God. David was victorious over Goliath, but in his victory there is no empty boasting or reliance upon his own powers. God gave David the victory and David gives God the glory. This right kind of spirit could be called serenity. A poem about serenity could be well used here:

- To walk when others are running;
- To whisper when others are shouting
- To sleep when others are restless;
- To smile when others are angry;
- To work when others are idle.
- To pause when others are hurrying
- To pray when others are doubting
- To think when others are in confusion;
- To face turmoil, yet feel composure;
- To know inner calm in spite of everything.

-Doris Lagrasse

And finally the man God uses is a man with the right faith. David had a lot going for him. He was a warrior and king at a very early age, he could have turned in himself. But he didn't. We know he remained faithful. Even when he was sought after by Saul. He could have boasted in the things he accomplished but he gave God the glory for all that he did.

A cab driver in Ireland was reading his New Testament. "What are you reading? a fare asked as he entered the cab. "The New Testament, Sir." "Why do you read it?" "I love it sir, and the Saviour of whom it tells." "What is your creed?" "It is very simple sir: Believe all that God has said; obey all that Christ has commanded; expect all that Christ has promised."

David was a man God used. THINK ABOUT IT: God's part we cannot do; our part He will not do.

50 Attend Library Story Hour

About 50 boys and girls came to learn about Indians, arrowheads and wild animals. It was the July 23 meeting of the Santa Anna Library Reading Program.

Mr. Jerry Ellis is a farmer, rancher and teacher at Santa Anna High School. He graduated from Sam Houston State College with a degree in petroleum engineering, then worked for Schlumberger Oil Co. Jerry has also taught at Bee County Junior College and Howard Payne University.

All the time that Mr. Ellis is growing up south of Santa Anna, he spent his spare time looking for arrowheads. His father and uncle were his guides. The boys and girls learned that he found an arrowhead just last week in a field near his house.

Examples shown were arrowpoints, spear points, tomahawks, scrapers and owl prints. There were also decorative turtles, snakes and thunderbirds, probably used for ceremonies.

Mr. Ellis said to look in plowed fields or newly rainwashed areas located near river or creek beds. Be sure to ask permission of the land owner to hunt. It's best to look when the grass has died back and snakes are less active.

Mr. Mike Bodenchek, who manages the Big Six Ranch Cattle and Wildlife, also talked with the readers. He graduated from New Mexico State with a degree in wildlife management. Mike works with 4-H wildlife groups and promotes the Quail Unlimited Organization.

The boys and girls were fascinated with the plaster of paris animal track molds that Mr. Bodenchek had made. There were raccoon,

prairie dog, javalina, deer, dog and cat paws. Very few of the children had seen a javalina head like the one shown. Everyone wanted to stroke the deer fur and to cuddle the prairie dog.

Mr. Bodenchek said to look near watering holes in wet sand for tracks. Circle the track with cardboard and then pour in the plaster mix. If you use a thick layer, place small sticks across the top for reinforcement.

Anyone who is interested in the Quail Unlimited Group can call Mr. Bodenchek for information. Donna Bodenchek was her husband's assistance, and a very welcome guest.

Mrs. Janet Neff read to the Read-To-Me members.

Mrs. Jerry Ellis read stories from a 1934 school reader. There were several about how Indians got their names. Kindergarten through 4th graders would like to have this book at school today.

Mrs. Jane Gustavus showed magazines to the older members. Each contained articles about Indians and wildlife. These magazines would make great gifts for boys and girls. Texas Highways, Ranger Rick, Highlights, 3-2-1 Contact, National Geographic World, and My Big Back Yard.

There is a rumor spreading that some boy or girl has read 30 books! Do you think that could be true. Keep reading.

DO NOT MISS the August 6th program. Dr. York Clamann from Abilene will be here to talk about Space.

Thanks to Mr. and Mrs. Ellis and Mr. and Mrs. Bodenchek for interesting programs.

MR. MIKE BODENCHEEK during his demonstration and talk about wildlife during the Santa Anna Library Reading Program. Bodenchek showed plaster of paris animal track molds that he had made. Among the track molds were some of raccoons, prairie dogs, javalinas, deer, dog and cat paws. Bodenchek also had a javalina head for show and a deer hide.

MR. JERRY ELLIS giving his demonstration and talk about how to find arrowheads and other such things used by Indians to a large group of children during the Santa Anna Library Reading Program. Ellis showed samples of arrowpoints, spear points, tomahawks, scrapers, and owl prints, as well as decorative turtles, snakes, and thunderbirds that were probably used during Indian ceremonies.

PepSquad Material Here

ATTENTION: All 6th, 7th and 8th grade girls. The material and patterns for Pep Squad uniforms are ready for pickup at Phillips Drug Store. A sample uniform is already made up and is at Phillips to see. Every girl planning to be in the Pep Squad should have uniforms ready by the beginning of school.

Anyone planning to tryout for cheerleader or twirler for the next year must be in Pep Squad this year.

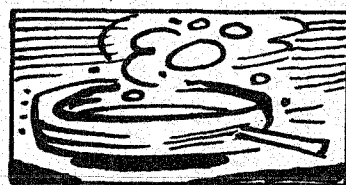

Debbie Dean is the Pep Squad sponsor for this year, and anyone having any questions, should contact her.

Baseball Organization To Meet

The Santa Anna Community Services will meet Thursday (tonight) at 7:00 p.m. in the Ag Building at the High School. The financial report will be given and discussion of the past season will take place. All interested persons are urged to participate.

The baseball program continues to be successful with the support of all in the community, supporting approximately 90 boys and girls, ages 6 through 15.

information on spending guides for thrifty food plans and how to develop an unemployment spending plan.

If you're the owner of a cast iron skillet, after washing and towel drying, place it in a warm oven to complete drying. Moisture is its worst enemy.

Adjusting the Family Budget

Rising unemployment rates mean more Texas families are facing a financial crisis. "This can be a frustrating and stressful situation, but improved money management skills can help families survive those rough times," says Home Economist Mary Clayton Nance.

She points out that families must give high priority to paying fixed expenses such as rent or mortgage payments, insurance premiums, car payments and installment debt from the income they have available. That leaves food, utilities, clothing, household operations and other flexible expenses to be cut.

Nance, a Resource Management Specialist with the Texas A&M University Agricultural Extension Service, says the following can produce the greatest savings of flexible family expenses:

- +Reduce food costs by carefully planning meals and snacks for each day for a week ahead. Plan low-cost protein foods such as dry beans, eggs, peanut butter, turkey and chicken, hamburger or liver. Stretch meat in casseroles and other combination dishes.

- +Reduce utility bills by raising the temperature in your home to lower cooling costs. If you have a portable fan, use it in place of air conditioning when possible or along with the air conditioner to make the higher temperatures feel more comfortable.

- +Consider selling a second car or recreational vehicle. This will save money on gas, insurance and

upkeep. However, think carefully about your future transportation needs before selling, since you may need a second car for transportation to a new job.

- +Reduce child care costs by arranging the family's schedule so that an unemployed parent can take care of the children while the other parent works. If both parents are unemployed, alternate child care duties so each will have an opportunity to look for a job or have some personal time. An unemployed single parent may try to share child care with a relative, neighbor or friend.

- +Repair or remodel clothing you already have or swap items of clothing with other family members or friends. Investigate local resale shops and garage sales to find good buys on used clothing. These are especially good options for buying children's clothes which are often outgrown before they are worn out.

- +Consider cutting out or finding alternates for all "Extras." Depending on the family circumstances, "Extras" might include cable television, or several cable hook-ups; gift-giving or donations; expensive habits such as smoking; magazine subscriptions; more than one telephone; and entertainment costs. Make use of free or low-cost resources for entertainment, such as the public library, parks and community events.

Thursday Fellowship Meal

By An Anonymous Reader

Several years ago, soon after our esteemed mayor, Ford Barnes, was able to get our Mountain Center Recreation and Civic Center in operation in its present form, Verna Newman, his assistant and our beloved "Miss Santa Anna", established in our town people of several ages going to the center on Thursday of each week for their noon day meal.

This pattern is still in operation, men and women gather about 11:30 a.m. with a tasty dish, salad, vegetables, and pies to make a sumptuous meal. The meat is furnished by donations from those who do not want to cook. Also the drink is supplied by the same fund. There is a very able and loyal kitchen crew who give of their time to prepare these foods mentioned above, occa-

sionally a man is seen in the kitchen being helpful with the ice and slicing of meats. Also they are quite helpful after the meal in clearing the tables and placing the chairs back in their position and order.

Pat DeWitt, our talented pianist, gives of her time with renditions of the old and not so old melodies. Birthdays are noted, along with any local news of interest in the community. The food is graciously blessed by the different men in attendance. This is a grand time of fellowship for all senior citizens and any others who have the time to attend.

Last Thursday it was noted that four or five of the regulars were missing, but there was an attendance of twenty-seven, and we still have room for more. The continuing

committee wish to welcome all to this gathering. So do come out and accept the society of your contemporaries on Thursday of each week.

Courts Uphold Belt Law

New York's mandatory safety belt use law, the nation's first, has survived legal challenges in both state and local courts. The law has been affirmed as constitutional, a reasonable exercise of the state's powers, and no violation of individual rights.

Courts recognized and upheld these points:

+The safety belt use law protects not only the individual who wears the belt, but all of society, from the enormous costs resulting from the unnecessary deaths and injuries in auto collisions.

+Driving a motor vehicle is not a right. It is a privilege granted by the state to those who qualify for a license and obey reasonable laws designed to protect the individual driver and the general public.

+Reducing the number of highway deaths and injuries is a legitimate concern of government, and the seat belt law is a legitimate method to achieve reductions.

RHONDA AND JETTA IN WASHINGTON, D.C.

Tour Winners Return From Washington, D.C.

Two Coleman County seniors recently returned from a two-week trip to Washington, D. C., which they were awarded as winners of this year's Coleman County Electric Cooperative Government-Action Youth Tour contest. Rhonda

Brown (above left), Coleman High School student, and Jetta Rutherford, Santa Anna High School student, were quite excited about their experience which began in Austin with stops across the country to the Nation's Capitol.

Rhonda, daughter of Jessie and Barbara Brown, commented "Washington, D. C., is a beautiful place. It has made a lasting impression on my life. I'd encourage anyone to go there." From the seventy-one Youth Tour participants, Rhonda was selected as '86 Favorite Girl. She also won the Best Dressed Award and the Ken Loyd Leadership Award. Highlights of her trip included visiting with Congressman

Stenholm and Senator Benson, and attending the official ceremony on the White House lawn when President Reagan greeted the President of Uruguay.

Jetta, daughter of Patricia Rutherford of Santa Anna, expressed "Washington, D. C. is a beautiful place, and the people are very friendly. However, it was the bus ride there and back that made the trip. You make such wonderful lasting friendships that will last long after the trip is over." Jetta was most impressed by seeing the changing of the guards at Arlington National Cemetery and the special Wreath Laying Ceremony by the President of Uruguay. She also enjoyed visiting with Congressman

Stenholm. This contest, now in its 21st year, was coordinated by Jerry Hubbard, Administrative Assistant for the Cooperative. The topic was "Electric Cooperatives, 50 Years of Progress."

Program To Earn State \$250,00

AUSTIN—State Comptroller Bob Bullock and Treasurer Ann Richards recently said a new electronic transfer of motor vehicle sales taxes will earn extra interest for the state.

"We're using the best technology available to earn as much money as we can for the state and Texas sure needs every penny we can get now," Bullock said.

The new program will earn at least \$250,000 a year in additional interest.

Under the new motor vehicle rapid deposit program, county tax assessor-collectors deposit motor vehicle sales tax receipts in a local State Treasury bank account and the funds are electronically transferred to an account in Austin.

"This is an excellent example of two agencies cooperating to bring modern cash management techniques to state government," Treasurer Richards said. "Bob Bullock has always been innovative. Used Safety Seats

The summer is here and there are thousands of garage sales going on all over the state. Second-hand car safety seats are popular items, but not all of them are safe. To reduce the risk, the following recommendations are suggested:

(1) Make sure the seat was

in streamlining the functions of the Comptroller's office. I'm proud that the State Treasury could be of assistance in this program."

The Treasury now has 12 rapid deposit programs in operation in state government.

The pilot program now includes the state's 15 largest counties. By September, 48 of the largest counties will have the rapid deposit program, bringing in 87 percent of the motor vehicle sales tax revenue. In fiscal year 1985, motor vehicle sales taxes generated almost \$900 million—the fifth largest income producer for state revenue.

The new system will earn interest for days previously lost, and replaces the old courier system for depositing money in the Treasury.

The 15 counties in the pilot program are Bexar, Collin, Dallas, El Paso, Grayson, Harris, Jefferson, Lubbock, McLennan, Nueces, Tarrant, Taylor, Travis, Victoria and Williamson.

manufactured after January 1, 1981. The date should be stamped on the seat. Seats made before this date may not meet federal standards.

(2) make sure the seat has all the original parts, such as top tether strap and hardward, harness straps, shield, padding, and retainer clips.

(3) Find out if the seat has been in an accident. If so, don't buy or sell it. It may have been weakened in some unnoticeable way.

(4) Examine the seat for signs of tampering or damage. Seats with cracks in the plastic shell, or warps, cracks or breaks in the metal frame should not be used.

(EDITOR'S NOTE: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.)

Q—I am a veteran of World War II and a former prisoner of war. I understand a law recently passed by Congress makes several changes in a veteran's eligibility for VA health care. Are any veterans exempt?

A—Yes. The following veterans are exempt from the eligibility assessment procedures: service-connected veterans, former prisoners of war, veterans exposed to certain herbicides while serving in Vietnam and to ionizing radiation in connection with atmospheric testing of nuclear weapons and in the occupation of Hiroshima and Nagasaki, veterans receiving a VA pension, veterans of World War I, the Spanish-American War and the Mexican Border period, and veterans eligible for Medicaid.

Q—Does a general discharge from military service qualify me for benefits from the VA?

A—Yes. Honorable and general discharges qualify veterans for benefits, unless other statutory bars to entitlement exist.

COWBOY BLUES

Listen now folks, and you shall see Just what happened to my horse and me.

I was taking him out for a long fast run Thinking I would have myself some fun.

Oh, my gosh! I remembered too late, That I had forgotten to open that gate My horse stopped still like a big chunk of lead,

And I kept a going right over his head. Didn't do much thinking as I sailed through the air

And landed smack dab in an old prickly pear. As I tried to get up I saw by my side A big old rattler with his mouth open wide,

I moved so fast and gave a great big jump, And landed right a straddle of an old jagged stump.

I couldn't sit for a week, my horse I couldn't ride. But what was hurtin' me worse was my doggoned pride.

Oh, the Cowboy Blues, the Cowboy Blues This is what gives me the Cowboy Blues.

WHON NEWS

By Mrs. Tom Rutherford

We will begin our visit with you this week by saying, "If we had given the weather a thought we would have said July and August will come unless time stands still. So July arrived very hot. We have August and any other hot month ahead of us. Sunday on the south side of my house was 110 degrees. Sunday around the same time in the afternoon was 112 degrees and HOT.

My daughter, Mrs. Bob (Patsy) Smith who is with us who now lives in Laredo, came Saturday and will be with me until Tuesday. She will return to her home at Abilene Tuesday and will probably return to Laredo this weekend. Hilary Rutherford of Coleman was with us Friday and Saturday, doing farm work.

Mr. Floyd Morris drove to Mason Monday and was guest of his cousin, Mr. and Mrs. Jack O'Neil. He went to Smithville Tuesday and spent Tuesday and Wednesday with his son, Mr. and Mrs. Jamie Lee Morris and baby and his wife, who was already there; they returned home Thursday; they reported it was also hot weather at Smithville.

Aunt Atta Lovelady of Brownwood was weekend guest with Mr. and Mrs. Darwin Lovelady in Santa Anna and they attended church services Sunday morning at the Rockwood Baptist Church.

Mr. Dusty Vinson of Hurst was with his grandmother, Mrs. Nettie Vinson from Friday to Monday.

We are sorry to report Loyd Rutherford was not so well during the weekend, had a high fever and pain. Patsy and myself were with him Saturday afternoon, Sunday and also a while Monday and found him much improved Monday afternoon.

Mr. Floyd Morris and son John David were transacting business in Brownwood Saturday and while there visited Mr. and Mrs. Norman Floyd Morris.

We are sorry to report Mrs. Darwin Lovelady of Santa Anna is a patient in the Brownwood Regional Hospital since Sunday afternoon. Mr. Lovelady reports Monday afternoon that she was not feeling so well.
