## Cowboy Camp Starts Friday

Just what kind of people were the cowboys of the Old West?

According to the Hollywood version, they were men who rolled their smokes from a Bill Durham sack, drank whiskey from the bottle, cursed at the drop of a 10-gallon hat, and came to town every Saturday night to shoot up things.

Perhaps there were some cowboys like this, but Little George Havens and his wife, Lucy, believe that just as many were God-fearing men who often sat around the campfire and worshipped, holding camp meetings with their families.

It is in this spirit that the Havens are holding their 21st annual Cowboy Camp Meeting June 19-28 at the Flying H Acres near Santa Anna.

Last year as many as 400 persons came with trailers and tents to the camp grounds to hear the speakers and singers, and to be served food from a chuck wagon. Havens is expecting a large crowd again this year.

Authenticity is one reason for the camp's popularity. Havens, a descendant of many ranchers and cattlemen and a noted Texas historian, is busy creating a camp similar to those from by-gone days. All covered wagons at the meeting are authentic, as is the buggy and other replicas to be found there.

But the greatest replicas of the Old West, believes Havens, are to be the worship services. Persons who go to the Cowboy Camp Meeting are likely to go home with a touch of that "Ole Time Religion." Services begin nightly at 8:00 p.m. There will also be morning services Monday thru Friday starting at 10:00 a.m. and prayer meetings for various age groups will start at 7:30 p.m. nightly.

The Flying H Acres is located between Santa Anna and Coleman alongside the Old West Cattle Trail, on U.S. Highway 84. All are invited to attend.

## School Board Has Meeting

The Board of Trustees of the Santa Anna Independent School District met in regular session on Tuesday, June 9.

Minutes of the previous meeting were read and approved.

Representatives of the Parent Teacher Organization for the local school system met with the Board to request financial assistance in updating the playground equipment. The project will be looked into.

Mr. Brister, school superintendent, was appointed by the board to serve as the Santa Anna ISD representative to the Region XV Education Service Center Advisory Committee.

Media services available from Region XV Education Service Center for 1987-88 were approved.

Accounts payable were reviewed and approved for payment.

After a motion by Terry McIver, the board voted to go ahead with surface renovation of one half of the athletic track.

Several miscellaneous items were discussed and the meeting was adjourned.

Newly appointed Santa Anna Police Officers are Ken Briley on the right and his assistant, James Morris, left. Both men recently completed training at the Abilene Police Academy

and have received their certificates. Morris is a native of Santa Anna and Briley has been a member of the community for several years. (News Photo)

## Post Office Lobby To Be Closed Nights & Weekends

Everyone is reminded that the Post Office Lobby will be locked at dark each evening and will be closed all day Sundays due to vandalism during the past month. Several locks over the past month have been damaged with a sharp instrument and had to be changed. Since the broken locks allow entry to the boxes, the Postmaster only assumes that mail theft has occurred. Any Postal Patron inconvenienced by this change is asked to contact Postmaster Gary Absher for alternate delivery methods.

The theft and vandalism of mail and post office boxes is punishable by up to five years in prison or \$1,000 fine or both. If you have any information concerning the person or persons involved in this crime, please contact the Postmaster or the Police Department. Rewards are payable leading to the arrest and conviction.

## Social Security Representative No Longer To Come To Santa Anna

Effective July 1, the Brownwood Social Security office will suspend its monthly contact station visit to Santa Anna. This change is necessary because of reductions in staff and travel funds.

Residents of Santa Anna can visit in person with a Social Security representative at the Coleman contact station located on the fourth floor of the Coleman County State Bank Building. The Coleman contact station is open each Wednesday from 9:00 a.m. until 12:00 noon and from 1:30 until 3:00 p.m.

Also, of course, persons in Santa Anna can visit the Brownwood Social Security office during its regular hours of Monday through Friday from 9:00 a.m. until 4:30 p.m. The office is located at 200 North Main not far from the traffic circle.

Many people find it convenient to do Social Security business by phone. In fact, any Social Security matter—from getting information to filing an application for benefits—can be handled by phone. The phone number for the Brownwood office is 625-2212.

## Methodist & Presbyterian

## VBS June 22-26

Hey kids, children, tots, and young ones!!! Mark your calendars for Vacation Bible School which begins on June 22 and closes on June 26 sponsored by the First United Methodist and Presbyterian Churches. Invite a friend to come with you. The time is 9:00 a.m. to 11:45 a.m.

Children between the ages of two and twelve years of age are invited to attend. In addition to the daily lessons, there will be a commencement program on Sunday evening, June 29 at 7:00 p.m., with an ice cream social for all attending the program.

Vacation Bible School will be held at the First United Methodist Church, with registration in the Fellowship Hall between 8:45 and 9:00 a.m. on Monday. We are asking that parents please help by providing the correct names and ages of the children as they register, and including a name tag with preschoolers.

The theme for 1987 is "Paul's Adventure for Christ." The main emphasis for all age levels is how Paul as a man, an apostle, and a missionary spread the gospel of Jesus Christ, and in so doing, provided direction and guidance for living as a Christian. Each day the theme will be emphasized through Bible study, music, play and arts and crafts. Refreshments will be provided each morning.

Those working with Vacation Bible School this year include Betty Key, Frances Pyburn, Kathy Pearce, Jackie Davison, Dee Dee Hudson, Kay Gray, Patsy Starr, Sharon Cheaney, Beverly Houser, Sandra Guthrie, Alice Anna Spillman, Pat Smith, Sharon Guthrie, Orabeth McIver, Laura Lawhon, and Marcie Holt. Ruth Ann Wise and Cathy Ellis are co-directors. Pastors of the respective churches are Jasper McClellan and Claude Davison.

## Help Protect Post Office

Texas and Oklahoma continue to be the target of post office burglars, according to Postal Inspector in Charge D. C. Strader, Fort Worth. Strader, whose area of responsibility includes the northern half of Texas (north of Austin) and all of Oklahoma, said that over 50 burglaries will occur within the boundaries of the Fort Worth Division this year if the current trend continues.

Most of the burglaries have occurred at post offices that are located in rural communities that have limited or no local law enforcement available for routine patrols at night.

"A majority of the burglaries do not involve the loss of postal funds, because very little money is kept overnight in post offices and postal stations. Safes and security containers are used to secure the money and blank money orders which are kept overnight," stated Strader. "In addition to burglary-resistant security containers, we are continuing adding and updating existing alarm systems where appropriate. However, we need for the

residents of each city, town, and community to help us protect their post offices and stations from burglaries and vandalism."

Local postmaster Gary Absher emphasized the need for citizen involvement. "Even though postal funds are secured in a safe, burglars who are unsuccessful in attempting to break into a safe will sometimes steal mail left in customers' post office boxes. Even when they don't steal mail, they sometimes just cause malicious vandalism. In either event, it does cost the Postal Service money to repair the damage incurred and for the Postal Inspectors to conduct an investigation. Our local tax money is also spent by our local law enforcement officers who incur expenses, because they are usually the first agency to respond, and they also provide valuable assistance in the first investigations to the Postal Inspectors.

"But the most important reason for citizen involvement is because it causes a hardship to those whose mail is stolen or destroyed as the result of a burglary or a malicious act of vandalism," said Postmaster

## Summer Reading Program Underway

The summer reading program for Santa Anna children got underway Thursday, June 11, with 38 children on hand for the first session. Theme for the summer program is "Animal Antics."

The group met at the meeting room of the Telephone Cooperative building, with Alice Spillman, Library Board chairman, in charge. Mrs. Spillman is also a member of the Self Culture Study Club that is sponsoring the events for the second year.

Dr. Kathy Pearce, local veterinarian, was featured at the session, speaking to the children on pet care and diseases. Dr. Pearce brought several kittens that were enjoyed by the group.

Following the group meeting, children were divided into age groups for story time. They then visited the public library to select books for the beginning of the summer program.

Children who participate in the reading program will be awarded certificates at the end of the summer based on the number of books they

read. They may enroll in the program at any time to be eligible for the certificates.

The next session is planned for Thursday, June 18, at 9:30 a.m. A very special program is planned on sheep shearing, with shearers to be on hand to demonstrate shearing sheep.

Children of primary age are encouraged to attend the Thursday session and the other three meetings planned during the summer. Jane Gustavus, secretary-treasurer of the Library Board, is also coordinator of the programs for each session.

Other Library Board members taking part were Imogene Powers, Janet Neff and Barbara Simmons. Junior librarians on hand for the first session to assist with the children were Mika Gore, Missy Bryce, Jeannie Patterson, Erica Pearce and Tammy Starr. Adult assisting were Jackie Davison, Patsy Starr, Gail Horner and Betty Key.

Postal Service or its employees, should be reported to the local postmaster or the Postal Inspector in Charge in Fort Worth.

The 24-hour number for the Postal Inspector in Charge at Fort Worth is 817-985-1111. Postal Inspectors are also located at Dallas and Lubbock in Texas and at Oklahoma City and Tulsa in Oklahoma.

"It's your community, your post office and your mail," said Mr. Absher, "and we need the help of all our citizens in helping to reduce crimes against the Postal Service in our area."

## Tornado Season Upon Us

With the recent sounding of the tornado warning signal in Santa Anna we began thinking about precautions we can use to avoid injury or even death when we feel the dangerous occurrence might be eminent.

Locally, we have several persons along with the law enforcement officials of the county who help in trying to spot dangerous looking clouds. If such a cloud is spotted, the fire alarm will be sounded with three long blasts.

## Police Report

During the past week Santa Anna has experienced some criminal activity. Glenn's Car Sales was reported burglarized on the 9th. Taken was a car stereo, equalizer and a set of speakers. Also on the 11th more post office box locks were reported broken. A remington shotgun was reported taken from a residence on South 3rd Street on the 12th. These reported cases are still under investigation.

On the 10th windows were broken out of the restrooms and office buildings at the cemetery. This case has been cleared. Restitution is being made by the juveniles' parents.

The officers of the police department would like to thank the many citizens of Santa Anna who have expressed their support. Without that support we could not function nearly so well. If the police department can help you in any way just call.

## New Business Opens In Town

For a nice, refreshing treat from the hot summer sun, people should visit a new business that opened this past Saturday in downtown Santa Anna. The new business—The Ice Cream Shoppe—has many flavors of ice cream and they also serve Tropical Sno.

Owners of the business are Glenda and Danny Cook and operators of the business will be their daughters, Selina and Missy.

Included in the fixtures of the Shoppe are counter stools from the A. D. Donham Sr. "Service Cafe" which was established in Santa Anna in the late 1920's and was a community gathering place until its closing in the early 1960's.

The Ice Cream Shoppe will be open Monday thru Saturday from 1 to 7 in the afternoon and on Sunday afternoons from 2 to 5 p.m.

## New Judge And New Court Hours

Upon the resignation of City Judge Kelly Miller, the Santa Anna City Council has hired a new City Judge, Mr. A. L. McElroy. Mr. McElroy was born and raised in Santa Anna and has been a resident here since 1950. He has been a member of the Santa Anna Chamber of Commerce since 1960. He will be sworn in on June 22, 1987. His court hours will be from 9:00 a.m. to 5:00 p.m. on Mondays, Tuesdays, and Thursdays.

Joy Elaine Brown of Santa Anna received a Bachelor of Science degree in Elementary Education from Howard Payne University in the spring commencement ceremonies on May 9.

She attended Howard Payne University for two years. In her Junior year she was selected as outstanding English student for the Mattie Anderson Hale Scholarship. She was selected as the 1987 Outstanding Elementary Student Teacher of the Year. Mrs. Brown graduated Magna Cum Laude with a GPA of 3.84.

Mrs. Brown is the daughter of Mr. and Mrs. Norman B. Petty of Zephyr. She is a 1972 graduate of Zephyr High School and a 1975 graduate of Central Texas College School of Nursing. She and her husband, Randall L. Brown, are the parents of three children living in Santa Anna, Texas.

Hartman, a management major at ASU, is listed on the 3.00 to 3.49 honor roll. He is the son of Mr. and Mrs. Eddie Hartman of Santa Anna and the grandson of Mr. and Mrs. Edd Hartman of Santa Anna.

SANTA ANNA NEWS

Check It Out

It was a drizzly morning to begin the summer reading program, but the turn out was good and fun was even better! Thirty-eight children registered with 14 in the preschool to kindergarten group, 12 in the 1st to 3rd grade group and 12 in the 4th to 6th grade group.

Dr. Kathy Pearce brought a very informative program on pets, bringing two kitten friends along to demonstrate what to look for in pets for ill health. She also vaccinated them while they were there to demonstrate this procedure. The children were given information on health problems that aren't readily seen, but can be detected by a veterinarian. The importance of having pets vaccinated and neutered was also stressed. Each child received a bag with pet care information from Dr. Pearce.

Poster contest winners were announced: preschool winner was Sarah Gustavus; the 6 to 9 year old category winners were Brandi Bible-1st, James Rendon-2nd, and Beth Eisenhower-3rd; winners in the 10 to 12 year old category were Becky Simmons-1st, Brandi Horner-2nd and Misti Bradley-3rd. Each winner received a book. All posters entered in the contest were put on display in the library.

Those adults responsible for the groups of children included Betty Key and Patsy Starr rounding up the little "duck" group. They heard stories, played finger games, and sang songs about animals and pets. Each child in this preschool group received a name tag with a picture of a duck on it.

Inogene Powers and Gail Horner led the "dog" group, who likewise wore name tags with dogs on them. Alice Anna Spillman read this group a story about the Kitten that Barked! It drew lots of laughs from the children. Mrs. Spillman helped with this group as Mrs. Powers was in charge of the main program.

The "Garfield" group is being led this summer by Mrs. Spillman and Jane Gustavus. One of their stories was about "Old Dog," a blind pet who leads rescuers to his ill master. The other was about the "Scotty" from the city who visited the country and thought he knew everything there was to know about country animals. It got lots of laughs over his encounter with a skunk and a porcupine.

Jackie Davison of the Self Culture Club and Missy Bryce, junior librarian helped Mrs. Martin, our librarian with checking out book at the library. Other junior librarians helping this week were Tammy Starr, Jeannie Patterson, Mika Gore and Erica Pearce.

Library days and hours are as follows: Monday through Wednesday 9:00 to 12:00 and 1:00 to 5:00 p.m. Thursday morning when we have the Summer Reading Program and Friday from 1:00 to 5:00 Watch the paper for changes in these hours.

We're all looking forward to Mr. Hightower's sheep shearing this week. We'll meet again at the Telephone Coop building with the program beginning at 9:30 sharp. See you there!

Martha Group Has June Meeting

The Martha Group of the United Methodist Church met for their June meeting in the home of Doris Griffin. Grace Sharp led the discussion on "The Health of Women," assisted by Mae Blue and Jackie Davison. The thought brought out by this was that even though we are separated by great distances, it should be the goal for all women to use their influence to better condition, thus uplifting the human race. Pie ala mode was served to seven members including the hostess.

Wallace & Miller Visitors

Visitors of Mrs. May Wallace and Mr. and Mrs. Fred Miller and family on Friday, June 12, were Mr. and Mrs. Edwin Feitman of Ranger, Texas, and Mrs. Wilma Gustaferrri of Oceanside, New York.

Critical Minutes To Air June 24th at 7:00 P.M. on KTAB

Last year 25,000 people died after an injury because they did not get to a trauma center in time. Some died right in the hospital emergency room because they could not get the specialized care they needed.—American Trauma Society.

On Wednesday, June 24th, at 7:00 p.m., KTAB will present CRITICAL MINUTES, a one-hour program about the treatment of trauma victims. The special focuses on the highly trained medical teams who fight to save the lives of injury victims. Yet, each year, thousands die needlessly because this country does not yet have an adequate trauma care system.

Hosted by Merlin Olsen, CRITICAL MINUTES is part of LIFEQUEST, a series of documentaries about today's compelling health issues—issues that affect millions of Americans each year.

To assure immediate and specialized treatment of injury victims, each state needs a complete trauma system capable of delivering the most advanced care. Yet, only 10 percent of America's communities have such a system. In CRITICAL MINUTES, medical authorities are interviewed about this serious gap in America's health care system, a system that operates in the most technologically advanced nation in the world. Donald Trunkey, M.D., Medical Advisor to CRITICAL MINUTES and Chairman, Department of Surgery, Oregon Health Sciences University, Portland, states, "We have to have a system of care modeled after the firehouse. We pay firemen to stay in a firehouse 24 hours a day to save our property. Shouldn't we have the same system to take care of people?"

Luncheon Celebrates Birthday & Anniversary

A luncheon was enjoyed at Mr. and Mrs. Jasper McClellan's on Wednesday, June 10. It was the McClellan's 61st wedding anniversary and Veva's birthday. Also present were Jasper McClellan, Carol Simmons, and Veva Cockerell and two daughters, Carolyn and Cathy of Abilene. Charlotte and Otto Wojtek of Robert Lee were also present and were celebrating their 50th wedding anniversary and Otto's 87th birthday. Louise and Charlie Konze and Era Walters were also present.

Thoughts From Our Pastors

By Linwood Bishop  
Minister of Northside Church of Christ

Perhaps one of the most popular denominational doctrines being taught in the world today is that of "salvation by faith alone." That is, salvation on the condition of mental and emotional acceptance of the truth or fact that Jesus is the Christ without any further acts of obedience or submission to God's will. This is not the doctrine of the New Testament scriptures.

There are several degrees of faith or belief mentioned in the New Testament and it is clearly set forth that not all of these different degrees constitute saving faith. An honest, sincere, open minded search of the Scriptures will reveal the truth of God on this subject. What saith the Scriptures?

More than once Jesus accused his disciples of having a "little faith" Matthew 6:30 and Matthew 14:22-33. Many today seem to have just enough faith to make them miserable and not enough to make them obedient and happy. Jesus further explained to them that their failure was due to their unbelief and admonishes them to increase their faith Matthew 17:20.

It is revealed in the Scriptures that devils (demons) also believed on Him, even confessed Him as the "Son of God most high" Luke 8:28-39; yet Jesus cast out these demons and allowed them to go into the herd of swine. Again, James tells us that "the devils also believe, and tremble" James 2:19. Will any one affirm that these devils were saved?

"Nevertheless among the chief rulers also many believed on Him; but because of the Pharisees they did not confess Him, lest they should be put out of the synagogue; for they loved the praise of men more than the praise of God." John 12:42-43.

Compare John 12:42-43 with Matthew 10:32-33. The Roman centurion (Luke 7:1-10 and the Canaanite woman (Matthew 15:21-28) were commanded by Jesus and were granted the blessings which they sought because of their "great faith."

In James 2:14-26 the truth is set forth as clear as crystal that "faith without works, is dead, being alone." Also, "Ye see then how that by works a man is justified, and not by faith only." The Holy Spirit, speaking through Paul, said, "For in Christ Jesus neither circumcision availeth anything, nor uncircumcision; but faith which worketh by love" Galatians 5:6.

Friendship Meal

Someone has asked, is the Friendship Meal important? The answer is when 28 to 35 people gather week after week in harmony and fun, breaking bread together in an unhurried manner, it is important. One plate was filled and carried to a housebound person. Louise McCoughan was back after being absent for sometime. Frank McCary gave the table grace. Rip Keeney was doing his duty on the dishwashing. All are missing Fannie and her Funnies, so do hurry back Fannie.

McClellan Visitors

On Saturday, June 6, the children of Jasper and Veva McClellan brought birthday lunch for their mother. Children present were Carol and Don Simmons, Frances Pierce, and Jasper and Jean McClellan. One granddaughter, Paula Nations and two great-grandsons, Era Walters and Robert Oakes were also present. Calls were received from daughters Joan Brisbin and Novella Boyleston.

Delta Omicron ESA

# District VII Meeting

Delta Omicron was Hostess Chapter for the District VII meeting of E.S.A. International, held Sunday, June 7, 1987 in the Santa Anna Elementary Cafeteria. The theme used for the meeting was "Caring and Sharing." Delta Omicron members dressed as Care Bears, each having a tummy design displaying her own "special feelings." Care Bears and bright, colored balloons decorated the tables. Puffy clouds, stars, and hearts hung from the ceiling in the Land of "Care-A-Lot." Delta Omicron presented a Welcome skit entitled "Meet the Care Bears."

Doris Gore, District VII President, conducted the business meeting. Various reports were given including the May 1988 State Convention to be held in San Angelo. District VII will host the meeting with the theme "Under the Big Top."

District Projects and Service Projects were selected for the new year. They include New Horizons and West Texas Rehab. Service projects

include the NOAH project, New Horizons and San Angelo Center.

Awards were given to the chapters in the areas of membership, education, and service. Several State awards were presented and the Triphly for No. 1 District in the State was proudly displayed.

Presidents from all six chapters were present and gave reports of their chapter's activities. They include the following: Tinnie Kennedy, Delta Lambda; Nan Van Pelt, Gamma Tau; and Nelda Sutton, Theta Alpha, all of San Angelo; Ann Drennan, Delta Lambda, Comanche; Delores Smith, Delta Theta, Brownwood; and Gail Horner, Delta Omicron, Santa Anna.

Forty-eight members and three guests attended the luncheon and business meeting. Drawings for goody baskets, raffle prizes, and door prizes were held at the close of the meeting.

The next District VII meeting and Leadership Seminar will be hosted by Beta Lambda, September 13 in San Angelo.

# Click--The Sound of Saving A Life

For many people, summer means more leisure time and that can mean more time spent in a vehicle. Picnic trips, vacation trips, and trips to visit family can be fun and relaxing. The Texas Medical Association reminds you to make them safe by using your safety belts.

Safety belts really do save lives. Experts estimate approximately 12,000 to 15,000 lives could be saved each year in the United States if all passenger car occupants used safety belts at all times.

An updated TMA pamphlet written for the general public, "Click--The Sound of Saving A Life," answers some of the questions you may have about safety belt usage.

In 1985, a safety belt use law went into effect in Texas. The law requires that drivers and front seat passengers use safety belts. Texas law already required that passengers from birth to two years old be in federally approved child safety seats, and children from two to four years old in either a child safety seat or safety belt.

Some people wonder how just a belt or strap can help save lives. A

lap and shoulder belt offers you the best possible protection in the event of a crash. The belts distribute the force of an accident over your hips and shoulders--the parts of your body that can best withstand the force. More importantly, the belt will prevent your head and shoulders from striking the steering wheel, dashboard and windshield.

Wearing safety belts only on long trips is not sufficient. Most crashes occur at speeds of less than 40 mph and within 25 minutes of home. Fatalities involving people not using a restraint have been recorded as low as 12 mph.

Child restraints are particularly important. One of the most dangerous ways a child can ride in a vehicle is in the arms of a passenger. In a crash, a child becomes an unguided missile, projected into the dash or through the windshield.

To obtain a copy of the brochure about safety belts, call 512-477-8700, ext. 212, or write the Texas Medical Association, Communication Department, 1801 N. Lamar Blvd., Austin, Texas 78701.

# Hold The Salt, Please

Are we born with a preference for salt or is it an acquired taste? According to Russell Fisher, D.O., a cardiologist and staff member at Texas College of Osteopathic Medicine, Fort Worth, our desire for salt seems to be something we develop as we grow up. Salted baby food may have started many of us on the salt habit.

"Because this taste is learned," says Dr. Fisher, an osteopathic physician, "many people can cut back on salt consumption and find that foods still taste good."

Most people consume far more salt than the two-tenths of a gram that is the minimum daily requirement for sodium. He suggests this method for demonstrating graphically how much salt we add to our food: "Cover a dinner plate with wax paper or foil. Picture particular food items on the plate and salt it as you would if it contained real food. Then collect the salt and measure it, realizing this is just one meal." Dr. Fisher offers these suggestions for limiting sodium intake:

- Taste food before salting, instead of automatically reaching for the shaker; If you must salt, try one shake instead of two.

- In restaurants, ask to have your food served without added salt so you

can add only as much as you want; - If a recipe calls for processed food like cured meat, cheese or canned vegetables, you probably will not need additional salt; and

- If the sodium content isn't listed on the food label, you can write to the company for this information.

"Instead of salt," Dr. Fisher recommends, "try using lemon juice to add zest to your food. Another idea is to mix herbs and spices such as pepper, sweet basil, paprika, and onion or garlic powder, in a combination that you find pleasing and using this instead of salt."

Much of our sodium intake comes from compounds added to food during processing. An example is monosodium glutamate (MSG), a flavor enhancer. To cut back on sodium intake, eat fresh foods rather than processed foods.

Is it possible to cut back on salt too much? "For a person to cut back too much," Dr. Fisher says, "he would practically have to stop eating. Sodium is present in plants and animals as a natural ingredient. Seventy-five percent of our salt intake comes from processed foods and from meat and vegetables. Remember: one-eighth teaspoon of salt equals the total daily requirement of sodium."

but it's a powerful climb. You can go around the east side of the hill. That's not too far but the road is rougher'n tarntation. Or you can go around the west side of the hill, which is the longest way, but the easiest. But you know," he said looking them squarely in the eye, "when you get there, the gin man don't ask you how you come. He just asks, "Man, how good is your cotton?" (Taken from Reader's Digest)

Several cotton farmers were whiling away a winter afternoon around the pot bellied stove. They soon became entangled in a heated discussion on the merits of their respective religions. The eldest of the farmers had been sitting quietly, just listening, when the group turned to him and demanded "Who's right, Old Jim? Which one of these religions is the right one?" "Well, said Jim thoughtfully, "you know there are three ways to get from here to the cotton gin. You can go right over the big hill, that's shorter,

Brandi Horner and Candi Daniel, two students from Santa Anna Junior High School were participants in the 1987 Big Country Front Line Camp for baton twirlers, flag corps, drum major and rifles held on the campus of the Hardin-Simmons University in Abilene June 8 thru June 12. Approximately 220 youngsters were on hand for the five-day clinic.

The camp was conducted by Southwest Camps of Cisco, with Mr. Eris Ritchie as camp director. The baton twirlers were taught by a four member staff of twirling instructors and ex-

perts headed up by Donna Oakley Nall of Abilene, Texas, a former feature twirler at the University of Texas and West Texas State University, and a well-known Texas instructional and adjudicator.

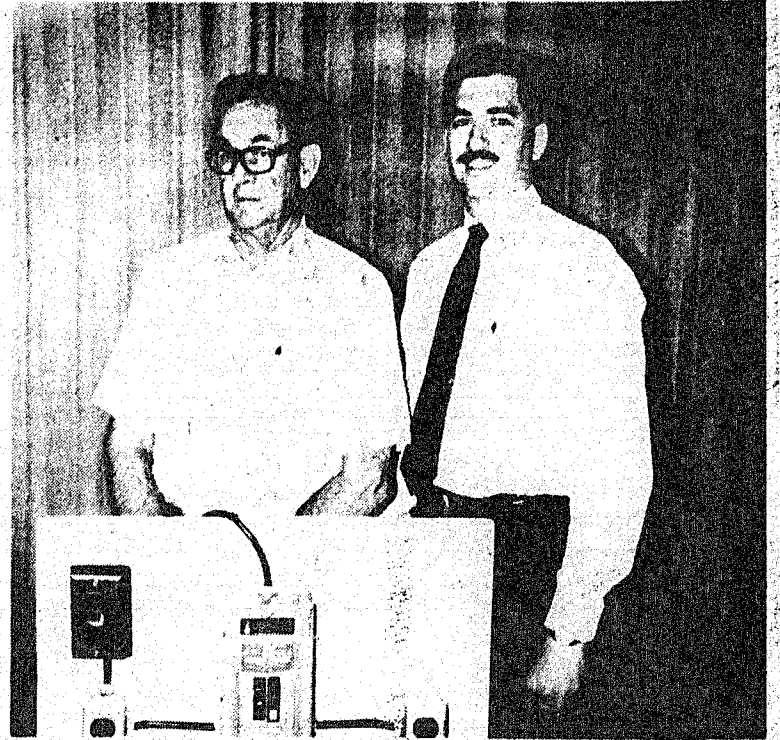

Pictured in the photograph are, Candi Daniel (left), daughter of Mr. and Mrs. Ronnie Daniel and Brandi Horner (right), daughter of Mr. and Mrs. Dickie Horner. Both girls will be 7th grade students at Santa Anna Junior High School in the fall.

### Bike-A-Thon A Success

The St. Jude Children Research Hospital Wheels for Life Bike-A-Thon and Walk-A-Thon was a success held June 6, 1987. The weather waited until that night to rain AGAIN. Those participating were Tim Abernathy, Julie and Jason Dean, Briane Horner, Jason Jones, Ryan Keeney, Erwin Loyd, Brandi and Buffy Martin, Anna Pearce, James Rendon, Sandi and Shane Watson. It is still unknown who collected the most pledges and will receive the bike donated by Bradley Lumber, CCTC, H&H Food Mart, Phillips Drug, Rod's Auto Parts, Santa Anna National Bank, The Wagon Wheel, and Western Auto. All will receive certificates. Anna Pearce rode 54 laps (13 miles). Ryan Keeney and Shane Watson rode 50 laps (12 miles). Most of the others rode at least 20 laps (5 miles). Julie and Jason Dean pumped Erwin several miles after doing their laps.

Delta Omicron provided and served cookies and punch. Cheree Halmon and Dodie Hernandez from the Adventures Camp Fire Girls punched lap cards.

All the kids enjoyed riding and reported having a good time helping the kids at St. Jude Hospital.

"Electrical Wiring and Safety" was the subject for the 1987 Vocational Agriculture Teacher Workshop sponsored by West Texas Utilities, June 11-12 at Lytle Shores Auditorium.

These workshops are provided each year to give the Vo-Ag teacher additional training in various electrical related subject matter to use as an aid in classroom teaching.

Attending from Santa Anna High School was Bill Hightower (left), Vocational Agricultural teacher for the Santa Anna schools, pictured with West Texas Utilities representative Kit Horne.

### Band Boosters Elect Officers

The Santa Anna Band Boosters Club have elected officers for the 1987-88 school year. Officers elected are Gary Absher—President; Robert Pritchard—Vice-President; Judy Hartman—Secretary-Treasurer; and Jacqueline Davison—Reporter.

The Band Booster Club would like to express their appreciation for the support they received during this past school year and look forward to continued support during the coming school year.

Top academic students were honored on May 29 at the Bangs Junior High graduation. They were Kellie McIntire, left, daughter of Mr. and Mrs. John McIntire and Lori Niell, daughter of Mr. and Mrs. Jimmy Niell. Lori was valedictorian with a grade average of 97.10. Kelli was salutatorian with a grade average of 97.00.

## Low-Income Households May Be Eligible For Energy Assistance

AUSTIN - Some low-income Texans may be eligible for help in paying cooling bills this summer through the Home Energy Assistance Program, according to Texas Department of Human Services Commissioner Marlin Johnston.

Johnston said the one-time payment is available to many low-income households. Applications for energy assistance were mailed to households that received food stamps, Aid to Families with Dependent Children or Supplemental Security Income in May.

If those households have at least one member who will be 60 or older in 1987 or a member with a medical condition that is aggravated by heat, they may qualify for assistance. Other low-income individuals may request an application from local DHS offices during the enrollment period of June 15-July 17.

Eligibility is limited by gross income and resources. This year, because of budget cuts and participation rates, the benefits for the cooling program may be lower than last year's.

Aid is available for a one-person household having less than \$555.49 gross income per month. The gross income limits are \$745.49 for households of two persons, \$935.49 for three, \$1,125.49 for four, \$1,315.49 for five and \$1,505.49 for six.

Households are eligible if the cost for cooling is included in the rent payment or if the household pays a portion of its home energy costs.

Energy assistance checks are sent directly to the people who are eligible for assistance. However, the checks are made payable to the energy company.

Persons receiving one of these energy assistance checks should mail it or take it in person to the energy company business office with their regular energy bill. The check can be cashed only by the energy company.

If the HEAP check is more than the energy bill, the additional amount will be credited to the person's account for the next month's bill. If the energy bill is higher than the check, the person is responsible for paying the difference.

(EDITOR'S NOTE: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.)

Q-Do the VA eligibility assessment procedures apply to veterans age 65 and older?

A-VA's eligibility assessment procedures apply to all nonservice-connected veterans regardless of age. Public Law 99-272 repealed a provision in The Veterans Omnibus Health Care Act of 1970 that allowed veterans 65 years of age or older to receive care in VA facilities regardless of income.

Q-Is there a penalty if a VA guaranteed home loan is partially or fully paid before it becomes due?

A-There is no penalty if a VA loan is partially or fully paid in advance.

Q-Do veterans with service-connected disabilities have to pay a funding fee for VA guaranteed home loans?

A-No.

Q-I am a Vietnam veteran, and I am concerned about the possibility that I may have been exposed to Agent Orange. What does the VA offer in the way of examinations and health care?

A-Since 1978, the VA has operated the Agent Orange Registry Program for Vietnam veterans who are concerned about possible health effects of Agent Orange. Veterans who participate in this program receive a

## Don't Mess With Texas Wins National Advertising Awards

DON'T MESS WITH TEXAS, the first antilitter program in the country to target habitual litterers, has received two of the most prestigious national awards in the advertising industry.

First, the American Marketing Association of New York honored the highway department's advertising campaign with a gold Effie. The Effie recognizes the highest achievement in advertising: superior results.

Then, the American Advertising Federation awarded the program a national Addy as one of the year's best advertisements. The national Addy was presented for the DON'T MESS WITH TEXAS radio commercial featuring The Fabulous Thunderbirds.

"We are, of course, excited about these awards. They are the first national advertising awards the highway department has ever received," said Don Clark,

spokesperson for the State Department of Highways and Public Transportation.

"Our best award, however, is that this program is successfully saving tax dollars," Clark said.

The program, now in its second year, is credited with a 29 percent reduction in trash along Texas highways during its first year. Results for the second year are expected in August.

"Between 1970 and 1985, Texas highway litter costs increased 17 to 20 percent every year. By 1985, the annual price tag was \$24 million. With the program in place in 1986,

we were able to stop the annual increase and save Texas taxpayers about \$5 million.

"These awards simply mean Texas is receiving recognition for an innovative, bold program that is working to benefit all the people of our state," Clark said.

comprehensive physical examination and complete a questionnaire about their service in Vietnam. The veteran is advised of the results which are entered into the Agent Orange Registry. The examination can help to detect any illness or injury the veteran may have, regardless of origin, and may provide a basis for follow-up. Vietnam veterans are encouraged to request an Agent Orange examination at their nearest VA health-care facility.

**WHON NEWS**

By Mrs. Tom Rutherford

We failed to get the following in the paper last week. Since the Copper Reunion began several years past it has been held in the Dunn Community Center between Robert Lee and Snyder. This coming Saturday, June 20th, "Father's Day", the Cooper Reunion will be at the Rockwood Community Center. Basket lunch will be served and the families ask all friends of the yesteryears and of today to come and enjoy the day with them and friends. From 4 to 6 p.m., the same day and the same place, a 50th Anniversary will be sponsored by thh Coopers two daughters and their families.

Mr. Jamie Lee Morris, who with his wife and daughter, live at Smithville, called his parents Saturday p.m. Said that water liked three inches being in the back of their hous. They were trying to get the downstairs furniture upstairs. The Sunday morning before noon he called and told them water was three feet deep in their house and the Colorado River was still rising, but the family was safe with neighbors. People whose homes were in water were being taken care of by townspeople in the churches and other buildings, but lots of homes were in water. Monday night the Morris' have not hard any more from the son and family, but they are well and being cared for.

I called my daughter, Rick and Lynda Wheeler Sunday morning. They live near LaGrange, which is 18 miles from Smithville. They were well and safe, but lots of rain, they were a long way from highwater near noon Sunday.

Mr. and Mrs. Neil Fitzpatrick and children of Odessa were weekend guests with his parents, Mr. and

Mrs. Graham Fitzpatrick; Mrs. Fitzpatrick and girls came Friday, Neil came Saturday afternoon.

Recently Mrs. May McFarlin and her grandson, Danny Wheatley, took a few days vacation; they went to Blanco on Thursday where Mrs. McFarlin visited with Mr. McFarlin's nieces. She visited with Mrs. Ed Moore and Mrs. Eulyon Reeves and attended church with them Sunday morning and night. Danny Wheatley spent the weekend with the Danny Zirkle family in Austin and went to Blanco on Monday and also visited in New Braunfels on Monday and returned home on Tuesday reported an enjoyable time.

Mr. and Mrs. Norman Floyd Morris of Brownwood visited Mr. and Mrs. Floyd Morris Sunday.

Mr. and Mrs. Darwin Lovelady of Santa Anna visited Doris Ruth Stearns on Saturday. She joined them and they visited Mrs. Elva McDaniel.

Mr. and Mrs. Bob and Joyce Gillispie of Clyde visited with Mr. and Mrs. Graham Fitzpatrick Saturday afternoon and their guest, the Neil Fitzpatricks. Niel and Bob are close friends employed by the same company.

Mr. James Smith of Coleman visited with Mrs. May McFarlin Friday afternoon. James is the son of Mrs. McFarlin's aunt, the late Mr. and Mrs. Andrew Smith.

My daughter, Mrs. Bob Smith, who has been in her home at Abilene for a while, was with me from Thursday to Saturday. While here, my son, Loyd Rutherford, and son, Todd, visited with us.

# CONGRATS, DAD!

Congratulations, Dad! You've survived another year of parenthood. Whether you spent the year fixing broken bikes, sitting through children's movies, coaching Little League, changing diapers, lending your car to your teenager or learning how to play Laser Tag, we salute you! Sunday is Father's Day and one good way to celebrate is by serving Dad his favorite

meal made with fixin's from the Emporium! Thick charbroiled steaks, fresh steamed lobster, spicy fajitas, homemade spaghetti sauce and meatballs, coq au vin or sweet and sour pork — it all begins with fresh, flavorful ingredients from The Emporium. C'mon in today and stock up for Dad's favorite meal!

## EMPORIUM RECIPE

### CARPETBAGGER STEAKS

- 4 beef tenderloin fillets, each 2 inches thick
- 7 tablespoons butter or margarine
- 2 tablespoons lemon juice
- 1 tablespoon minced parsley
- 4 shucked oysters, each 2 to 3 inches long
- Salt and pepper
- 1 tablespoon salad oil

In one side of each fillet, cut a pocket about 2 inches deep and 2 1/2 to 3 inches long. Do not cut completely through fillet.

Melt 5 tablespoons of the butter in a small pan over low heat; stir in lemon juice and parsley. Spoon about 1 teaspoon of the butter mixture into each pocket; keep remaining mixture warm. Sprinkle oysters with salt and pepper, then insert one in each fillet. Fasten pockets with small skewers; make sure oysters are completely enclosed.

Heat oil and remaining 2 tablespoons butter in a wide frying pan over medium-high heat. Sprinkle both sides of each fillet with pepper, then place in pan and cook, turning with tongs as needed, until well browned and done to your liking when slashed (10 to 12 minutes total for rare).

Lift fillets to a warm platter; drizzle reserved butter mixture over tops. Makes 4 servings.

## EMPORIUM RECIPE

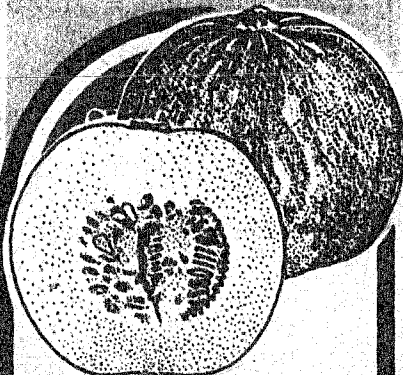

### STRAWBERRIES IN SHERRY CREAM

Sherry cream has a caramel flavor and a slightly golden color. It is exceptionally good with strawberries.

5 egg yolks  
1 cup sugar  
1 cup sherry

1 cup heavy cream  
6 cups strawberries,  
washed and hulled

Put the egg yolks in a heavy-bottomed pan over low heat or in a double boiler over hot water. Beat with a whisk or electric mixer until thick and pale. Beat in the sugar and sherry. Cook over low heat, stirring constantly, until thickened, about 7-8 minutes. Remove from the heat and let cool. Just before serving, whip the cream and fold it and the strawberries into the cooled egg yolks.

Serve this with steamed rice.

8 tablespoons butter	4 cups cooked lobster meat
½ pound mushrooms, sliced	Salt
3 tablespoons flour	½ cup freshly grated Parmesan cheese
2 cups heavy cream	
¼ cup dry sherry	

Preheat the oven to 450°F. Butter a shallow baking dish. Melt 5 tablespoons of the butter in a saucepan. Add the mushrooms and cook until they are softened. Remove and set aside. Melt the remaining 3 tablespoons of butter, stir in the flour, and cook until smooth and blended. Slowly stir in the cream and cook over low heat, stirring until the sauce is smooth and thickened. Add the sherry and cook 1 minute more. Remove from the heat and add the lobster and salt to taste. Spoon into the baking dish, sprinkle with cheese, and bake about 10 minutes, until the cheese is melted and lightly browned.
