THURSDAY, JULY 23, 1987

1986 Best Year For City Since 1971

Audit Reviewed At Council Meeting

According to Collier Watson, auditor for the City of Santa Anna, the city has achieved a great deal with finances over the past three years. Watson presented a Selected Parameters for Analysis to the council at the July 14 meeting of the council. The report covered the years from 1983 through 1986 and Watson stated that 1986 was the best year the city had in fifteen years.

All members of the council were present and fifteen other persons were on hand for the meeting when Collier explained that he is trying to get the accounting brought up to date, so that he could give the council current information when requested. He has started on the current year with April and May in order to give the council current in-

formation. He will continue to give current information monthly and will continue work on the 1986-87 audit. He stated that over all, progress has been made, but the city will need cost containment to be able to make it.

John Gregg and David Thweatt, representing Coleman County Water Supply Corporation, made a request from the council for an easement on the west end of the north side of Lake Santana. The request was tabled for further study after a motion from councilman Hartman and a second by Spillman.

David Huggins spoke to the council on behalf of the Santa Anna Volunteer Fire Department. He informed the group that another pump truck is needed to replace one they

now use. The department is supposed to have two pump trucks and the State Insurance Board only recognizes one of the two that the department has because of the condition of the second truck. This request was also tabled for further study after a motion by Spillman and a second by Keeney. Huggins also requested that the city purchase an air pack (breathing apparatus). The fire department is in need of two packs but felt the department would be able to purchase one if the city could purchase the other. The cost would be \$1075.00 each. Taylor made a motion to table the request until more information was gathered. The second was by Keeney.

Huggins also asked if the city was going to continue replacing at least

two fireplugs per year and was told that it would be taken care of as best they could. Huggins also informed the council that as far as the State Insurance board was concerned the city does not have a warning system,

only a fire system. The council will make a study of that situation.

After a discussion of building codes from Southern Congress on Building Codes, the council adopted the Southern Congress building codes.

After a discussion of ordinances that need to be reworked, the voted for the Mayor to set up a workshop on the ordinances as soon as possible.

A.E. Kelly appeared before the council and stated that his lawyer informed him that he was entitled to reimbursement of sewer charges for two years back. Mayor Brooker asked Kelley to have his lawyer present the statement in writing to the council.

The Mayor informed those present that James Morris had been hired last month as a temporary police officer with a salary of \$800 per month. Also during the meeting the council made the decision to hire Donnie Lappe as City Attorney. Other routine business was taken care of before adjournment.

Wade Turner To Seek Office Of Sheriff

Wade Turner has authorized this paper to announce that he will be a candidate for the office of Sheriff of Coleman County on December 4, 1987.

Turner is currently employed with the Coleman County Sheriff's Department in the capacity of Chief Deputy, and has been employed with that agency since January 1, 1977. A formal statement will follow at a later date.

Wade Turner

Report From Stacy

The report from the Stacy Dam site is that work was delayed some by the rain last week but work is still in progress on the two-mile-long core trench, and excavation is underway on the pit leading to the tunnel. Blasting has been in progress.

It is understood that more equipment has arrived, and a rock crusher is on order. Also, more employees have been added.

ISD Board Employs Elementary Principal

The school staff is complete now since the school board hired a new elementary principal during last week's meeting on Tuesday night July 14.

Hired was Jack Burns who has been Superintendent and principal in a K-6 system in Hunt ISD for the past 7 years. Superintendent Gerald Brister has stated that we are very fortunate to be getting Burns to fill the vacancy left when Frank Gray took over as high school principal at the end of the last school year after the resignation of Dale Freeman.

According to Brister, Hunt is one of the best run school systems in the state due to some of the thing Burns has done there. He feels that Burns

will be an asset to the community as well as to the school.

Jack Hunt received his degrees and certification from Sul Ross University in Alpine. Previous to being at Hunt he was employed with schools in Ramondville and Alpine. He and his wife have two small children. They plan to move to Santa Anna by the first of August.

The board also discussed and established a new policy concerning senior trips. Under the new policy, fundraising by the classes may continue as in the past. They will have a class sponsor who will assist in organizing and conducting fundraising activities. The senior class trip will not be taken until after graduation and will be sponsored totally by the class and parents, and will be completely independent of the school. It will no longer be a school activity and the school district will not be responsible in any way.

In other action, the board retained the same CPA firm of Colyer and Lowry of Brownwood to do the annual audit for the fiscal year ending August 31.

Looking forward to work yet to be done before another school year, the board will be having a budget workshop in the near future and will also be engaging in a local school board training session as required by state law.

away more than 1,000 hopeful participants, the program is filled to capacity with a record 50 school districts participating."

Goal of the program is to help participants establish and maintain a learning climate that fosters self-discipline and provides a basis for academic and personal success in the state's schools.

The workshops are designed to handle a variety of problems, from drug abuse to truancy and vandalism to suicide prevention. Emphasis is on preventing misbehavior in the first place, targeting "at risk" youth and developing student self-discipline through positive alternatives.

Session IV participants include Gerald Brister, Frank Gray, Sharon Greenlee, Joan Jones and Becky Martin from the Anna Independent School District.

course utilizes films and discussions to teach people to avoid accidents despite the actions of others and the surrounding conditions by recognizing the hazard, knowing what to do and acting in time. The cost of the course is \$88.00 per person.

The CPR class will be held on August 17 & 18 at the Farm Bureau Office from 1-10 p.m. The cost of this course will be \$8.00. Heart attacks are the number 1 killer in the U.S. The CPR techniques saves thousands of lives in the rural areas, since emergency medical help may be delayed.

These programs are offered through the Texas Farm Bureau Health and Safety Department and the local Farm Bureau offices. For further information or to sign up the either of these classes, please call Margaret Roberts at the Farm Bureau office 425-2521.

School Personnel Attend Classroom Management And Discipline Session

Local school personnel will be among seventy-four persons representing 14 public school districts from across the state who will take part in the fourth and final weeklong summer Classroom Management and Discipline Program session scheduled for July 27-31, at Southwest Texas State University.

Funded by a grant from the Criminal Justice Division of the Governor's Office, the program is a joint effort of SWT's Lyndon B. Johnson Institute for the Improvement of Teaching and Learning and the School of Education.

Now in its fourth year of existence,

the Classroom Management and Discipline Program (CMDP) last year won the prestigious Christa McAuliffe Showcase for Excellence Award presented by the American Association of State Colleges and Universities.

"The enthusiasm for the program is overwhelming," said Director Margaret Dunn. "Requests to attend this summer's courses exceed available space by more than 500 percent. School districts as large as Dallas, San Antonio, Amarillo and Corpus Christi and as small as Penelope, Chester and Frost are in attendance this year."

She continued, "Hoping turned

Farm Bureau BDC & CPR Classes

The Coleman County Farm Bureau will sponsor a Defensive Driving Course on July 27 and 28 from 9-11 p.m. at the Buckwood Community Center. The class topic

Volunteers Assist In Alien Legalization

Persons who need help registering for citizenship under the new illegal alien law can get help from counselors at The Sacred Heart Church in Coleman. Counseling will be available at the Church's rectory office at 308 E. College on Mondays from 1-4 p.m.

Tuesdays and Thursdays, 7-10 p.m. at the Sacred Heart Parish Hall at 221 San Geronimo.

Saturdays, 9 to noon at the Rectory office, 308 E. College. Those applying for citizenship should bring pertinent documents. The counselors speak both English and Spanish.

Lady May No Longer Be A Mystery

Our picture and story of the "Mystery Lady" in last weeks edition of the News has brought several responses and theories concerning her identity.

As you may recall, the portrait of the lady dressed in early 1900 attire was found above a closet in what we in Santa Anna call the 'Old Gipson House' on Wallis Ave. Warren Bruce Wallace of Seagraves has purchased the house and found the picture when getting ready to do work on the house. They have become interested in finding out who the lady in the portrait might be. When questioning former owners, no one was able to help them.

Several around Santa Anna have suggested the lady is the late Mrs. J. R. Gipson in her earlier years or even her daughter Mildred.

Some have determined it to be Mary Emloe Strozier, wife of Dr. William Marcel Strozier who built the house around 1900. In last weeks article we stated that DR. A.B. Strozier built the house. We have since found that to be in error. Dr. William Strozier was the first owner of the house having moved here from the Houston area to practice medicine with Dr. Richard Sealy.

Dr. A.B. Strozier was a brother of William and was a dentist. He came to Santa Anna in the early 1900's to set up a practice in dentistry and married Era Weaver, daughter of A.G. and Arena Allison Weaver, who were instrumental in the settlement and growth of the eastern part of Coleman County.

Wilhoorn Weaver now of Austin is the nephew of Era Weaver Strozier. He called to tell us that he was certain the lady was his aunt. He has pictures of her that bore a remarkable resemblance to the portrait in question.

Era Weaver Strozier died in 1975 and is buried in the Weaver family plot in the Santa Anna Cemetery beside her husband Augustus B. Strozier, D.D.S., who died in 1903. Wilhoorn Weaver states that Mrs. Strozier is survived by a daughter Elizabeth but does not know her married name. She supposedly lives in the Houston area.

If anyone else has a different opinion as to whom the lady in question might be, we would be most happy to hear from you.

Sheriff Fenton Makes Statement

Sheriff H.F. Fenton, in choosing not to be a candidate for the office of Sheriff of Coleman County for another term, has issued the following statement to the people of Coleman County.

"I, H. F. Fenton, would like to thank all my friends for their support as your sheriff. At the end of this term, I will have been Sheriff for 26 years and also served as Chief Deputy for 6 years.

Without your help, I could not have made it. I have enjoyed being a Peace Officer for the last 41 years. I will be 66 years old at the end of this term, so I am going to hang them up and do a few things different.

The 'Old Law' has changed a lot since 1945. A few of these changes are good, but I wished it was back like it used to be. Then, an officer could enforce the 'law', but now you 'just have too much damn red tape'." Your friend, H.F. Fenton.

Athletic Booster Club To Meet

The Santa Anna Athletic Booster Club will meet Tuesday, July 28th at 7 P.M., at the Coleman County Telephone Co-op Building. Plans for the upcoming year will be discussed. Everyone is urged to attend.

Ambulance Absentee Vote Began

Absentee voting began Tuesday, July 21, in the referendum on the question of the county providing subsidy for ambulance service in Coleman County. The election will be held, Saturday, August 1.

Those wishing to vote absentee may do so at the County Clerk's office in the Courthouse.

The Commissioners Court, in session on Monday of last week, voted unanimously to set the election. The action followed a hearing in the district courtroom with over 150 people in attendance.

Judge Gene Skilton, who presided at the open hearing, reported the county was in good financial condition, and if a subsidy is approved, it might not be necessary to raise taxes to retain income. But that action would likely have to be taken in the future.

Santa Anna Jr. High Cheerleaders Attend Camp

The cheerleaders from Santa Anna Jr. High were among approximately 300 participants in the 1987 Big Country Cheerleader camp held on the campus of Hardin-Simmons University in Abilene, June 22-26. The five-day camp was conducted by Southwest Camps of Cisco, with Mr. Eris Ritchie as camp director. Instructional staff and program were supplied by the National Cheerleaders Association. The cheerleaders were taught new cheers, stunts,

chants, and spirit ideas from a seven-member NCA staff headed by Davonne Fricks, a professional cheerleading instructor from the NCA's national headquarters in Dallas. The June 22-23 session of the camp was the second of two sessions, with the first being held June 15-19. Pictured in the photograph are left to right: Missy Bryce, Betsy McIver, Martha Frausto, Barbara Hardin and Julie Dean.

1987 Coleman (County) Little League All-Stars

THE 1987 COLEMAN LITTLE LEAGUE ALL-STARS won their first two play-off games in Ballinger last week, defeating Winters 8-4 and Ballinger 20-1. They were defeated by Winters in the third game of the week on Friday night, 4-3. The loss gave each team a setback in the double-elimination tournament setting up a championship game for Saturday night for the Little League Area III. Winyers again defeated the Coleman

County team to be named the Area III Champions. The all-star team is a combination of Santa Anna and Coleman athletes. Members of this year's squad are left to right: John David Isenhower, Bobby Ray Diaz, Clifford Hernandez, E.J. Salas; middle row: Benny Joe Guerrero, Vicente Frausto, Scott Malmstrom, Cody Parrott; Back row: manager Billy Diaz, Brian Bird, Kris Wardlow, Clayton Beal, Billy Joe Diaz, Chris Nunez, David Pritchard and coach Benny Guerrero.

Cowboy Camp Meeting Report 1987

By Carrie Howard

For the 21st year, Friday night June 19th the Cowboy Camp Meeting commenced at the Flying H Acres, just off Hwy. 84 between Coleman and Santa Anna and continued through June 28th.

The Aquila and Priscilla Tent Company of Waco, owned and operated by Charlie Rogers had the big, colorful vinyl tent up and a smaller tent for cooking up several days before the meeting got under way.

A number of friends and supporters were there a week or more in advance to help get the many things in order before the meeting started and stayed later to help get things in place.

Preachers include: Bro. Buck Hatfield of Snyder; Dr. Marvin Sheffield of Brownwood; Dr. Joe Price of Dallas and Bro. George. The Havens pastor, Bro. David Zimmerman, wife and two children were there a short time early in the meeting. Bro. Zimmerman is pastor of Temple Baptist Church in Irving.

Dr. Joe Price from Dallas was here again this year to direct the music. Thurman Justus and wife Cleo of Dallas furnish the music. On Tuesday night, John and Nelda Flanagan, music evangelists from Whitesboro were there and sang. They have been traveling for 14 years. Mr. Flanagan writes the music. They have 14 recordings. They have one son, Joel, who plays the bass guitar. Their home church is Central Baptist Church in Whitesboro. Bro. Joe Patterson is pastor. There was special music during the meeting. There were guest soloists. Keith Wells of Dallas; Mary Jo Deaver of Birmingham, Ala.; Dr. Joe Price (and perhaps others.)

This year a surprise was in store for Lucy. The first Saturday night a plaque was presented to her. "Highway and Hedges Award". The inscription: "Missionary Lucy Lee Havens" presented by Mexican Converts and friends of Cowboy Camp Meeting Inc., 1987". A picture of Lucy was on the plaque. She said the picture was taken where four states come together, when she was on her way to San Salvador, Zacatecas, Mexico as a Missionary.

The morning services through the years have always had an emphasis on Missions. Several Missionaries were present and spoke. Bro. Elaine Barlow and wife Marie, from Mission, Tx. Missionaries to Peru and Mexico. Their son, Wayne, was with them and his first time to be here.

Bro. Raymond and Dorothy Sjlander, Huffman, Tx. He is pastor of a Mission.

Duane and Marilyn Gibson, Mission, Tx. Missionaries to Mexico. They have a teaching and preaching ministry helping in church planning Bible correspondence courses. Free cassette tape ministry; literature distribution and other things.

Others giving testimonies concerning missionary endeavor they have participated in include: Keith Wells of Dallas; Bro. Joe Pedlar, who comes through the years, South Goshorn, Dallas, Tx. Lucy's friend here to visit and help her. Linda Torres, wife of a Mission Prester in Ranch Village near Jimenez

Tamaulipas, Mexico. She was raised in a Missionary Home (Lucy interpreted for her). During the entire meeting, there were decisions made for Christ, and commitment by young people to the cause of the Gospel around the world.

An average of 45 to 50 campers were on the grounds. Some preferred to get a motel in Coleman or Santa Anna. As in years past, some were there for the first time. Some coming by before the meeting commenced include: Dixie Lee Pine of Bay Center, Washington; she knew the Havens and was visiting her parents, Mr. & Mrs. Roy Wooten in Santa Anna.

Hilder Hatter of Dallas was there two days. She is a member of the Christian Motorcyclists Association and was on her way to New Mexico, Oregon and Washington before returning home. The C.M.A. have representatives in 34 states. They have several Chapters in Texas. Some may remember in 1984, when Herb Shreve of Hatfield, Ark. accompanied by George Witcher of Bluff City, Tenn. were here for an evening and night. Mr. Shreve is founder and director of "Christian Motorcyclists Association". Their motto is "Riding for the Son". They have rallies over the States. Another family who were early: Dr. Bill Wood and wife, Dell and their four children from Marshall, Tx. They have not been here in several years. Dr. Wood directed the music in 1982 and 1983.

On the first Saturday night of the meeting, Dale Stewart and wife Ruth were here from Cisco. Dale is a Bronze sculptor. He sculptured the metal figure astride the horse at top of the monument at the entrance of Cowboy Camp Meeting site. The monument was dedicated in 1978 by Stuart Hamblen with a large crowd present. Dale is a native of Coleman County. He has sculptured the figure of some well known people. One is the bust of Conrad R. Hilton and another is that of a Houston Minister, Oliver F. Fauss. His latest is a life-size bust of Willie Nelson.

Ernest Sheppard and wife Karen of San Angelo were here for the first time. He came by to investigate what the 'Cowboy Camp Meeting' was all about. He had not heard of it until recently when he saw a short item in the San Angelo paper. He came early the next week to help with the many things that needed to be done. He is semi-retired, and worked as a ranch foreman. Karen is a case worker for the Concho Valley Center for Human Resources in San Angelo.

Robert and Iva Smith of McAllen were here in their van. They were on their way to Virginia to visit relatives.

Friends coming through the years include: Mr. and Mrs. Melvin Tyler of Oklahoma City and Don and Ruth Stender of Tulsa, Ok. They came early and stayed a week or more after the close of the meeting to help put things in place.

Leroy and Linda Elnhorn of Houston, Tex. were here for their 16th visit. They missed coming in 1984. Others were: L.C. Doty of Houston, La., Mrs. Doty did not come this year; Samuel Hays and wife Clara Jane of Lahn. Mr. Sam cooks hotdogs on the Saturday nights

with his mesquite wood fire. Jim and Agnes Hinchcliff from Odessa; Joe and Dina Justice from Harlington, this year had a new addition to their family, Derienne, several months old. Their six other children were with them and were a lot of help around the campground...and helping to look after their baby sister. Mr. and Mrs. J.W. Lane of Odem; Sarah Graham of Medina and two nephews; Jack and Charlotte Pediford and two sons Sidney and Larry of Dallas; Helen Gammon of Irving; Frank Adams of Irving; Merle and Mary Misener and two grandchildren, Bartlesville, Ok. were here for the first time in several years.

Thomas and Ruth Parson and two children of Friona were camping at Hordes Creek Lake and were in the area to visit a sister who was in the Brownwood hospital. Mr. Parson was raised in the Brownwood area. Marshall Barnett and wife Jean and two children from Texarkana, Ark. brought his aunt, Mrs. Hattie Fomby along and she visited with her brother, Lee Taylor, in Coleman. Several years ago Mrs. Barnett worked for the Lester Roloff Enterprises in Corpus Christi where she met and married her husband. Loranza Franklin of Holdenville, Ok. came on the bus. Last year was his first time in several years. He spent his time with pencil and writing pad and sketching things around the grounds; the museum, monument, chuck wagon, tent, scenery, etc. On his way home his suitcase was stolen in the Dallas bus terminal. This year he was busy again sketching. He said he would check his suitcase this year.

The first Saturday afternoon of the meeting he was pleasantly surprised when his sister Jeanie McClelland from Abilene stopped by for a brief visit with him.

Late Wednesday night Charlie Rogers and wife Crystal and little girl drove in. They had been in Colorado and went by Las Vegas, N.M. to pick up a tent and bring it back to "tent headquarters" in Waco.

Keith Wells and wife Gail and six children of the Dallas area were there. Keith is with T.A.N.E. He sang several solos.

Bobby McMeens and wife Margie and 9 of their boys and girls from the Christian Corral Ranch located out of New Braunfels were here for 2 or 3 days. Bobby started his work with boys in 1967. They have had girls about 6 years. They have a radio program on Saturday 12:45, KDRY San Antonio.

Bill and Rosa Lee of Gustine, Lucy's brother were here. J.D. Haven and wife from Goldthwaite, Bro. George's cousin, were also here.

Coleman County people were also well represented at the Camp Meeting, and many friends from surrounding counties.

On Tuesday night the Abilene

Reed Memorial Co. Limited
Monuments of Distinction
P.O. Box 111
Brownwood, Texas
Box 265 Ph. 644-7425
Sylvia Herring
Local Representative

Reporter had two men present to get a story on the Camp Meeting. Larry Zelisko covered the story under the title "Old Time Religion".

The Santa Anna News and the Coleman papers gave good coverage to the meeting.

Lucy and Cleo Justus hope to have a cookbook ready for next year to go on the vendor wagon and proceeds of the sales to go for things needed for the kitchen. Cleo passed out recipe forms and asked for favorite recipes. You may mail your recipe to Lucy if you did not get it to her. Lucy wants to dedicate the book in honor of her Mrs. Frank Lee.

On Wednesday night after the meeting some people gathered in the camp site for a fish fry. Don Stender had caught the fish in Saskatchewan, Canada...walleye and northern pike. Mrs. Stender fried the fish assisted by Sam Hays.

In late July some friends of the Havens have invited them to accompany them on a Caribbean Cruise, sponsored by Dr. Criswell and the choir of the First Baptist Church of Dallas.

As a last note we will say that Bro. George Havens and Lucy lead a very busy life going places preaching and being involved in missionary work but they enjoy the month of June at their Flying H Acres getting ready for the meeting and seeing old friends. Anyone wishing to write them may do so at 1243 South Waverly Drive, Dallas, Tex. 75208.

The truth to some may seem to be a toddler, but the older it grows the sturdier it walks.

Little comfort is found in being tolerant when we are faced with the intolerable.

"Light" Mexican Food

If you love Mexican food—but not the extra calories—try making "light" Mexican dishes at home, suggests a Texas A&M University Agricultural Extension Service nutritionist. "Mexican foods served in restaurants and the prepared foods sold in grocery stores often contain a generous amount of fat," says Dr. Alice Hunt. "By using lower-fat ingredients and alternate cooking methods you can make similar dishes with fewer calories. The meat, beans and cheese in many Mexican foods are a good source of protein," Hunt says. "However, the meal may lack nutrients from fruits and vegetables." To get a balanced meal, she recommends serving vegetables as a side dish or adding chopped vegetables to the main dish.

To the Member Addressed:

You are hereby given notice that the 1987 Annual Meeting of the members of Coleman County Electric Cooperative Inc., will be held at the Rodeo Grounds 1 1/2 miles south of Coleman, County Courthouse, Coleman, Texas, Friday July 24, 1987, at 8:00 P.M. to take action on the following matters:

Report of officers, directors and committees. Election of four directors for a term of three years, along with other business that might come before the meeting.

We urge you to be present for this meeting on Friday, July 24, 1987 at 8:00 P.M., Coleman Rodeo Grounds, Coleman, Texas. In case of rain, meeting will be held at National Guard Army base by.

Registration starts at 7:00 P.M. and ends at 8:00 P.M. Beginning at 7:00 P.M. all concession stands will be open. Each person in attendance will receive a free cup of ice cream (homemade) compliments of the Cooperative. Business meeting begins at 8:00 P.M.

Welcome

We welcome you to the 49th Annual Meeting of your electric cooperative.

It is our desire to bring you up to date on the operations of your cooperative, to review the accomplishments of the past year and look at the challenges your cooperative will face in the future.

Above all we encourage you to attend the Annual Meeting to be a part of directing the future of your cooperative. The membership, through the democratic process, elects directors to direct the affairs of their Cooperative.

Coleman County Electric Cooperative is a business that belongs to the members. The definite, positive benefits of cooperative electric service, in turn, require a concerned, informed and dedicated membership.

Program

Registration 7:00-8:00 P.M.
Each member registering will receive a gift in addition to being eligible for other prizes.

Business Meeting 8:00-9:25 P.M.

Invocation
President's Report
Secretary's Report

Manager's Report
Election of Directors
Other Business

Entertainment 8:30-9:45 P.M.

Dancing for Prizes 9:45-11:15 P.M.

(Members Must Be Present To Win)

All Members Are Urged To Be Present.

Frank Mills: West Texas Lawman

(This is the fourth in a series of articles taken from the book written by Billy Mills about his father Frank Mills, a one time Coleman County sheriff. Billy Mills has been the sheriff at Ozona for over thirty years.)

By far the most famous case that Frank Mills had dealings in was the George (Machine Gun) Kelly-Urschel kidnapping case. Kelly was one in a gang who had kidnapped Charles F. Urschel, a wealthy Oklahoma oilman in 1946. The gang was able to secure a \$200,000 ransom from the family. Kelly's part of the ransom money was \$73,250.

After learning that Kelly was involved in Urschel's kidnapping, Frank Mills decided to keep a look out on Cass Coleman's farm in Coleman County. Said Mills:

"We knew Coleman was Kathryn Kelly's uncle. We knew Kathryn had visited here a number of times since she moved away in 1928, and we figured she or Kelly, and likely both, would come into this country hideout on familiar ground. We kept watch on Coleman's place, and once barely missed getting Kelly. He ought to have been our meat."

Sheriff Mills kept the stake out on the Coleman farm for several weeks before anything broke.

According to him:

"We began working on Coleman urging him to confirm our suspicion that some of the ransom money was hidden on his farm. Finally, Tuesday morning, he sent word he wanted to talk to me. I went to his place, but he backed off and told me nothing of value. Winstead and I then arrested him, and put him in jail here in Coleman.

Tuesday morning we carried him back to the farm, and guarded him all day in his own home, urging him to come across with the story. Along in the afternoon one of our men came out to the farm with a copy of the Abilene Reporter announcing Kelly's arrest in Memphis.

We showed that to Cass, and he began to weaken. About dark he announced he was ready to lead the way to the money. We decided to wait until the other federal officers got here. They got out to the farm around 11:30, and we went at once to the cotton patch and well, Cass leading the way. He showed us right where the stuff was buried, about 18 inches deep, in the thermos jug and bucket."

The location was near an abandoned well in the center of a one hundred acre cotton patch. Ten feet from the well was a clump of four small willow trees growing close together. This served as the landmark for Kelly.

Cass Coleman then proceeded to walk off three yards from the willow tree. "You'll find the thermos jug down there," he said pointing at his feet. He then stepped off four yards from the bucket. "The syrup bucket is down there," he declared. According to the Brownwood Bulletin, \$43,000 was in the one gallon thermos jug and \$30,250 in the syrup bucket.

Sheriff Mills told of a futile wait for Kelly to arrive at the Coleman farmhouse by describing how each window in the Coleman house was covered by himself, a deputy or a "G-Man" with the farmer and his wife hovered in one room, and the officers tense whenever a car was heard. Of this time, Mills said, "I was scared to death."

With Kelly captured in Memphis and Coleman charged in Coleman, another exciting chapter closed in the life of Frank Mills. He later played himself in a movie about the Urschel kidnapping.

Selling Your Own Home

If you're planning to sell your own home during peak home sales times this fall, now is the time to start getting it in good condition. Your investment in repair and small improvements now, could pay off later in profit. "Selling your home involves a lot of marketing strategies, just like selling any other product," says Dr. Susan Quiring, a housing specialist with the Texas A&M University Agricultural Extension Service. "The more appealing you make your home appear, the better impression it will have on prospective buyers. First impressions are important," the specialist says. "People may decide not to buy your house before they even look inside if the outside isn't attractive. Inside the home, try to make it look clean and uncluttered. It's also important to make any necessary repairs and complete those unfinished remodeling jobs before showing your house. Presenting your home in the best way possible will help; the home sell itself."

New Cobbler Recipes Bring Back Memories

The word "cobbler" is defined by Webster as "a deep-dish fruit pie." While that definition may be accurate, it can never do justice to the wonderful taste sensations the word suggests.

The love affair with cobblers is generations old, bringing with it thoughts of fresh fruits, baked in tender flaky pastry and served warm to enhance the taste of the buttery juices.

Sharing these memories with your family and friends can begin with a new recipe leaflet just released by the Martha White Kitchen. The collection includes a variety of cobblers—from the most traditional made with basic pastry to simple versions using a poured batter or biscuit mix.

Preparing cobblers is not an art that requires years of experience. But there are a few parts of the process that may benefit from helpful suggestions before you proceed.

Substitutions

When substituting frozen fruit for fresh fruit called for in the recipes, convert the quantities as follows:

- 6 cups fresh blackberries—2 pounds, frozen
- 7 cups sliced fresh peaches—3 pounds, frozen
- 2 cups fresh blueberries—12 ounces, frozen

Pastry Making

Since many cobbler recipes call for basic pastry dough, a review of preparation tips and terminology will be helpful for those not experienced in making pastry dough.

+To "cut in" means to distribute shortening evenly throughout the dry ingredients using a pastry blender or two knives.

+For flaky pastry, handle pie dough as little as possible. Stir with fork only until dry ingredients are moistened. Press into the desired shape; do not knead as this toughens the dough.

+Roll out dough as lightly as possible, rolling from the center out. Do not stretch the dough.

+To "roll up" means to form into a jelly roll shape. Start rolling with the long side and moisten edges to seal.

Baking Hints

Cobbler recipes recommend a specific shape or size of pan for your convenience. However, it does not matter if the pan is metal or glass. The cobblers will bake in the same time range.

For easier cleanup, grease the baking dish or pan before filling.

Let cobblers cool about 20 minutes after removing from the oven before serving.

Begin with Traditional Favorite

To create your own love affair with cobblers, begin with a traditional favorite—Old Fashioned Peach Cobbler, made with a basic pastry dough and containing mounds of sliced peaches covered with an attractive lattice top.

A special addition to any menu, served warm from the oven with vanilla ice cream.

OLD FASHIONED PEACH COBBLER

Pastry:
3 cups sifted Martha White All-Purpose Flour
1 teaspoon salt
1 cup shortening
about 8 tablespoons water

Preheat oven to 400. Combine flour and salt; cut in half of shortening until mixture resembles coarse corn meal. Cut in remaining shortening until mixture is consistency of small peas. Sprinkle water over mixture and stir gently with a fork until mixture holds together. Press into a smooth ball. Divide dough into thirds. On lightly floured board or pastry cloth, roll out one-third of dough to 1/8-inch thickness; cut into small pieces, about 1 by 3 inches. Place on ungreased baking sheet, and bake until lightly browned, about 8 minutes. Cover remaining dough and continue with filling directions.

Filling
2 cups sugar
3 tablespoons Martha White All-Purpose Flour
7 cups sliced fresh peaches
1 cup water
1/2 teaspoon almond extract
1/2 cup (1 stick) butter or margarine, divided

Reduce oven temperature to 375. Grease a 3-quart baking dish. Stir together sugar and flour. Add peaches, water and extract; blend carefully. Roll out one-third of dough to 1/8-inch thickness, shaping to fit into bottom and up sides of dish with a 1-inch overhang. Spoon half of peach mixture into pastry; dot with half the butter. Place cooked pastry strips over filling. Spoon remaining filling over cooked pastry; dot with remaining butter. Roll out remaining one-third dough to 1/8-inch thickness; cut into 3/4-inch wide strips and arrange lattice-fashioned over filling. Trim edges, seal and flute. Bake 50 to 60 minutes. Makes 8 to 10 servings.

Tips For Travelers

If you are planning to take your vacation by automobile, you should be aware that some mechanics and gas station employees are waiting for the unwary traveler. The best insurance against these unscrupulous operators is to have your car thoroughly checked -- especially the tires, fan belt, carburetor and air conditioning system -- before starting on your vacation.

REPAIR GUIDELINES

In our area, we have heard reports of abuses on I-75, which many people use to get to Florida, and on I-40, a route to California. Of course, it's hard to tell at first glance whether you have picked a reputable mechanic. But if you are in unfamiliar territory, it's best to do the following:

- Stay with your car and watch what the mechanic is doing; this will prevent some blatant abuses, even if you don't know the cam shaft from the gear shift.
- Get a written estimate.
- If you are in a town with more than one repair shop and your car is not disabled, consider a second or third opinion.
- Ask for your old parts if new ones are being installed.
- Call the local Better Business Bureau to see if others have complained about the shops you are considering.

CREDIT CARDS

Sometimes unscrupulous operators will try to take advantage of customers who trust them with their credit cards. For example, some attendants have been known to run off two credit card receipts, instead of just the one necessary for actual charges. Then, when the customer is gone, the operator can make up a phony charge. To avoid this possibility, carry your credit card to the machine and watch the attendant write up your ticket.

We certainly wouldn't want to leave you with the impression that most mechanics are waiting to rip off their customers. Most mechanics are hardworking and honest. Just be aware you could run into the other sort and not know it until it was too late.

FOR MORE HELP

If you have had problems with a mechanic, you should let the Better Business Bureau in that town know about it. You may also want to seek assistance from one of my regional Consumer Protection Offices. They are located in Austin, Dallas, El Paso, Houston, McAllen, and San Antonio. For more helpful consumer information, write for our free "Consumer Protection Handbook" and watch for "Consumer Alert" on your local radio station. The Attorney General's office is the people's law firm. We're here to help you.

EMPORIUM FISH RECIPE

Pan-Fried Small Trout

Small trout 1/3 to 1/2 pound (cleaned and dressed) may be sprinkled inside and out with lemon juice and salt, then rolled in cornmeal (flour or bread crumbs). Melt enough butter to cover the bottom of the skillet, add trout, and saute to a golden brown on both sides. Add a little lemon juice to the butter left in the pan, stir in a few drops of Worcestershire sauce, salt, and pepper, and pour it over the trout.
