Council Receives Keeney Resignation

The City Council received a written resignation from Councilman Jim Keeney last week. He had turned it in at City Hall November 3 and the Council was informed during their meeting last Thursday. Mayor Brooker stated there would be a called meeting in two weeks to discuss filling the vacancy. Keeney cited personal reasons for his resignation. He was elected for the term as councilman in April of this year.

The council approved the purchase of filters for the water plant at the cost of \$4,897.98.

Dudley Sansun had submitted the only bid on the 78 Chrysler police car the City had advertised for sale by bids. Sansun's \$75 bid was rejected.

There was a discussion and passage of a City Lake Ordinance prohibiting the use of all-terrain

vehicles in the vicinity of the city lake dams and spillways. The ordinance amended an old City Lake Ordinance.

The City has 120 votes for directors of the Coleman County Tax Appraisal District Board and council cast all of them for Barbara Kingsbery.

A discussion was held on the TDCA Grant application and matching funds. It seems the City can do the paperwork themselves and match \$9,577 cash and it would appear on the application as the City matching \$19,577 and they would receive an extra 35 points. After a motion by Councilman Jim Spillman and a second by Joe Taylor the Council voted unanimously to match the \$9,577 cash for the grant application.

After a motion by Council member Susie Voss and a second by Jim Spillman, the council voted passage of an ordinance pertaining to the Texas Municipal Retirement System for updated credit. The vote was 2 for and one against (Joe Taylor) with Stanley Hartman abstaining.

The Council unanimously passed a resolution authorizing Mayor Thelma Brooker to be the City's Executive Officer on the grant application for TDCA.

Mrs. E.E. McClintoc appeared before the Council to express her appreciation for the cleaning of Wallis Avenue and other areas prior to Homecoming.

Accounts payable were discussed and approved for payment in the normal manner.

Challenge To The Mountaineers

During a school assembly Monday, Eddie Hartman, far right, represented the Booster Club when he presented the football team with

a challenge in the form of a scroll which had been signed by many, many fans. Accepting on behalf of the team were Vernon

Valdez, Robby Pritchard, and Paul Mata. The Mountaineers face Rising Star Friday in the game that will decide the second team who will advance to the playoffs from District

Local Voters Don't Follow Statewide

Thirty-five percent of Coleman county voters went to the polls last week, totaling 2217. The county results of the balloting does not follow the state pattern. Coleman County voters gave the nod to only eight of the constitutional amendments and rejected both of the referendum issues. However, the vote on pari-mutuel wagering was much closer than expected.

County-wide the vote on pari-mutuel wagering was 1042 for and 1138 against. There were only 10 votes difference in how Santa Anna

voters felt about the issue. The vote here was 161 for and 171 against. On the State Board of Education issue, Santa Anna voters said an overwhelming "no" to the appointing of board members and made their desires known that they wanted to help elect the board members. That vote was 98 for the appointed board and 221 against.

Following is the vote count of the 339 ballots cast locally on the constitutional amendments and the two referendum issues in last week's election

Get Your Mammogram Tuesday

"Its like a doctor's office on wheels" says a spokesman for the cancer screening unit which will be at the armory next Tuesday. He said the bus includes a registration area, dressing area, x-ray room, darkroom and an area where self examinations can be taught by a female technician. Its purpose is to encourage mammograms for women who have no symptoms, he said.

Its like buying insurance and not needing it. For those whose cancer is detected, "Its the best \$50 ever spent."

The American Cancer Society says all women between the age of 35-40 should have a mammogram. Women between 40 and 50 without symptoms should have a mammogram every one to two years.

The society also says women over 50 should have an annual mammogram. Those women with a family history of breast cancer should have a mammogram at age 30 and those with previous breast cancer should be examined yearly. According to the Cancer Society, one of every ten women will develop breast cancer sometime during her lifetime. This unit is capable of detecting a tumor before it can be felt, increasing the possibility of being cured.

The mobile unit is an extension of The Regional Breast Care Center of Women's and Children's Hospital of Odessa. Appointments may be made by calling 348-3435.

Payment may be made by cash, check or credit card (Visa, Mastercard, or American Express).

Ex-Students And Ex-Teachers Who Registered During Homecoming

The following is a list of those ex-students and ex-teachers registering for the Saturday morning business meeting during the recent Ex-Student Association Homecoming at Santa Anna High School. There were many who participated in various reunions and events who were not present at the meeting. In all, 235 registered for the business meeting.

We regret that due to limited space we have not been able to publish the list earlier. We know that many of our readers look forward to reading it each year.

Council Appoints Quinton Daniel

In a called meeting Monday night, Quinton Daniel was appointed by the City Council to fill the vacancy left by the resignation of Jim Keeney.

Sales Tax Figures Still Down

According to the report issued last week by State Comptroller Bob Bullock, Santa Anna Sales Tax figures are still running behind last year by 26 percent. Coleman figures are up by 1.82 percent over this time last year.

Santa Anna's recent check amounted to \$2,102.89 compared to \$2,282.79 for the same period in 1986. 1987 payments to date show \$14,977.15 as compared to \$14,355.20 received to this date last year.

Compared to the figures for the year to date are \$224,951.23 as compared to last year when the total to date at this time was \$224,014.51, reflecting a drop of 1.24 percent.

TEXAS FACTS

The Gaceta de Tejas published by William Shaler and Jose Alvarez de Toledo, is said to be the first newspaper written on Texas soil. Apparently only one issue was ever printed, probably in Nachitoches, Louisiana, in May 1813 and distributed in Texas. It was connected with the Gutierrez-Magee Expedition.

Library Notes Check It Out

T.V., newspapers and magazines are telling us how important it is to read. All these studies show that parents are the key to a child's love of reading. Here are some questions that you should ask yourself.

1. Have I ever read a book to or with my child?
2. Did I ever give my child a gift of books? Did I select it based on his interests? Has my child given a book as a gift?
3. Does he ever see me reading or looking at magazines?
4. Does our family ever discuss something we have read? President John F. Kennedy's brothers and sisters were required to have a topic of news to discuss each night at supper.
5. Have I ever taken my child to the library or book store?
6. Do I have a small place especially for my child's books? Is there a good light to read by?
7. If he is reading, do I allow my child to finish the page before we must leave to start the chores?
8. If there are several children in the family, do I help protect each one's special books?
9. Does my family read the Bible or other religious literature together?
10. Am I interested in what my child reads at school? Have I looked through his books and talked about them?

A good baby shower gift would be a cloth book. Place it in the baby's crib, play pen or car seat. Read it together and help him know it is his. Start early and children will have a life long love of reading.

Attitudes Influence Contentment

Contradictory attitudes about aging can often interfere with feelings of contentment in old age, says Dr. Judith Warren, a gerontologist with the Texas A&M University Agricultural Extension Service home economics program. "Some elders feel that they ought to act a certain way or dress a certain way because of their age. These age norms can inhibit them from being themselves and being as outgoing as they might be." She observes that older people are also advised to "stay active" as the way to be happy in old age. "While this formula may work for some, many older people do not feel like being active, busy and responsible to others," she maintains. "They may want to pull away and will be more content not doing what they did in the past. Or unforeseen circumstances may require the older person to redefine what having an active life means. The formula for contentment in old age will remain individual to each person, but it certainly is possible to achieve."

Thoughts From Our Pastors

By Claude Davison
First United Methodist Church

DEVALUATION OF THE DOLLAR; OR HUMAN LIFE; OR YOUR FAITH

The dramatic drop in the demand for the American dollar on the world market is the clear signal that new pressures will be steadily mounting on our American style of life. Even with the rapid and frightening increases in food prices, Americans will still spend a smaller part of their income on food than people in other countries. But the wide gap between the economic prosperity of America and most other nations can be expected to decrease every year for the remainder of this century. The devaluation of the American dollar is a fact of life.

Although not so dramatic, but perhaps more important is the continuous trend toward the devaluation of human life. When men and women are identified only by numbers rather than by names, and when conglomerates and mass production dictate more and more of the daily life of families and individuals, it is impossible to ignore the conclusion that human life has cheapened. If we try to meet the issues of abortion or euthanasia without a basic faith in God, then once again human life has grown tragically cheap. When human life is devalued, then it really doesn't matter what happens to the value of the dollar!

Individuals may feel that nothing they can do will have any influence on the devaluation of the dollar or

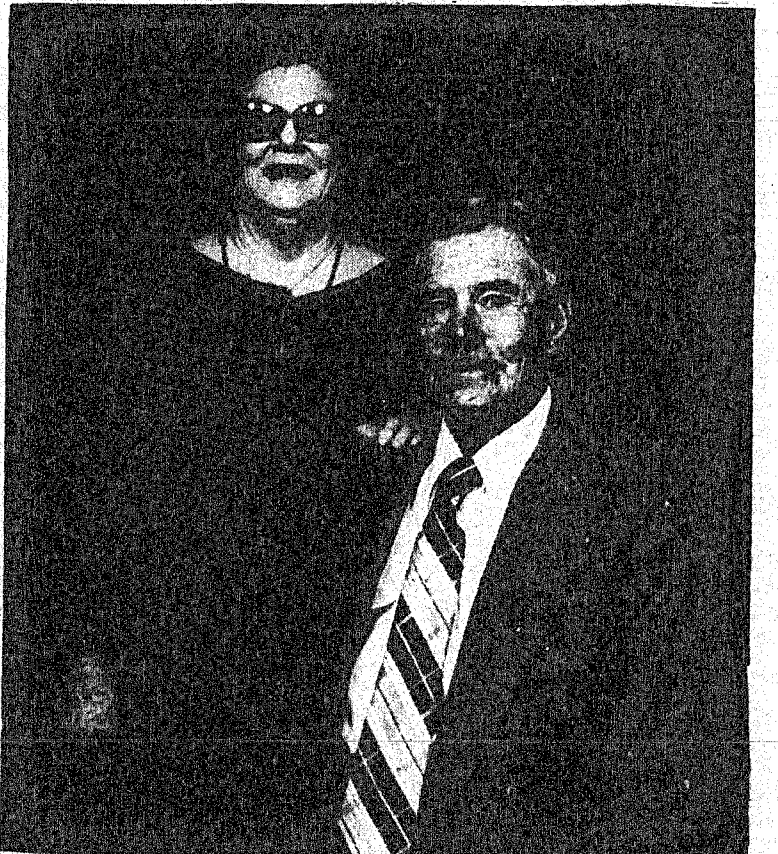

the devaluation of human life...they are swept along by forces like the tides of the sea. But every individual does have a personal choice in the DEVALUATION OF FAITH IN GOD! When you allow any attraction to take more of your time and thought than you are giving to knowing and trying to do God's will, your faith is devalued. When you go through any week without participating in "divine worship", you are contributing to the devaluation of faith. When you receive any increase in income, and fail to increase your financial support of God's work, your faith is devalued.

Values always depend upon priorities. "For where your treasure is, there will your heart be also." Matt. 6:21. The price tags are being changed on every item you buy. Inflationary food prices and the devaluation of the dollar may force you to shift your priorities...but if you should be disturbed enough to make an honest search for true values, you would surely find the greatest value of all in a growing commitment to faith in the LIVING GOD. Your church calls you to meet the "days of devaluation" with a new commitment to putting God first in your life.

"Seek ye first the kingdom of God and His righteousness...." Matthew 6:33.

Student Injured In Accident

Kathy Hudson, teenage daughter of Mr. and Mrs. Dwight Hudson was injured in a auto accident last Friday night. She was driving a car belonging to Jeremy Harizan on an unnumbered county road 1.5 miles east of FALLEN and northeast of Santa Anna traveling west when the vehicle ran off the road and began to slide into the ditch. It over turned one time and landed on the wheel.

Kathy was thrown from the auto and received a gash in the forehead which required 41 stitches. She was taken to Overhill-Morris Memorial Hospital in Coleman for treatment and was released Sunday afternoon. She is doing fine and is back at school at SAHS. Jeremy was uninjured in the accident. The 1981 Chevrolet received extensive damage.

Commissioners Still Dealing With Stacy Dam Access Route

The Coleman County Commissioners are still having to deal with the access route to Stacy Dam. A representative of the Day Ranch was supposed to have been at the last Court meeting in October but failed to make an appearance. Judge Pete Skelton informed the group that he had received a phone

call from Lee Vendig, an attorney for the Day family asking that his presentation be delayed until the Nov. 9 meeting.

There is a difference of opinion between the commissioners and the Days about the relocation of the road accessing the Stacy Dam Reservoir area. During the Oct. 30 meeting, three persons were appointed to the County Welfare Board and are to serve terms of three years each. The appointees are: Geniva Jones, Angie Hernandez and Sidney Jewell

The Commissioners also cast their votes for the director nominees to serve the Central Tax Appraisal District. The County has 1302 votes. That number is based upon the size of the county's tax base compared with other taxing authorities who work with the tax appraisal district. The vote was 834 for Jake McCreary; 234 for Barbara Kingsbery; and 234 for Dwight Nanny.

Judge Skelton told the commissioners that construction should begin on the elevator installation Nov. 3. The contractor has requested that the east entrance to the courthouse be closed during the construction, and the commissioners voted to do that. The construction is estimated to take about 60 working days.

Shirley Sansing, County Auditor, reported that some \$170,000.00 has already been collected for the 1988 tax statements mailed recently.

Fannies Funnies

By Fannie Gilbert

Where can a man find a cap for his knee? Or a key to a lock of his hair? Can your eyes be called an academy because there are two pupils there?

What jewels are in the crown of your head? Who walks the bridge of your nose?

Can you do the shingling in the roof of your mouth with the nails on the ends of your toes?

Can the crook of your elbow be sent to jail? If so what did it do?

Can you sit in the shade of the palm of your hand? Be darned if I know, do you?

Did you ever sharpen your shoulder blades? Can you beat the drum in your ear?

Do the calves of your legs eat the corns on your toes? Then why not grow corn on the ears?

A little boys composition on the Missouri mule reads as follows: "A mule is neither a geese nor a turkey. He has two legs to walk with and two legs to kick with. He wears two wings on the side of his head. He is stubbornly backward about going forward. Missouri stands at the head of mule raising states because it would be too dangerous to stand at the other end."

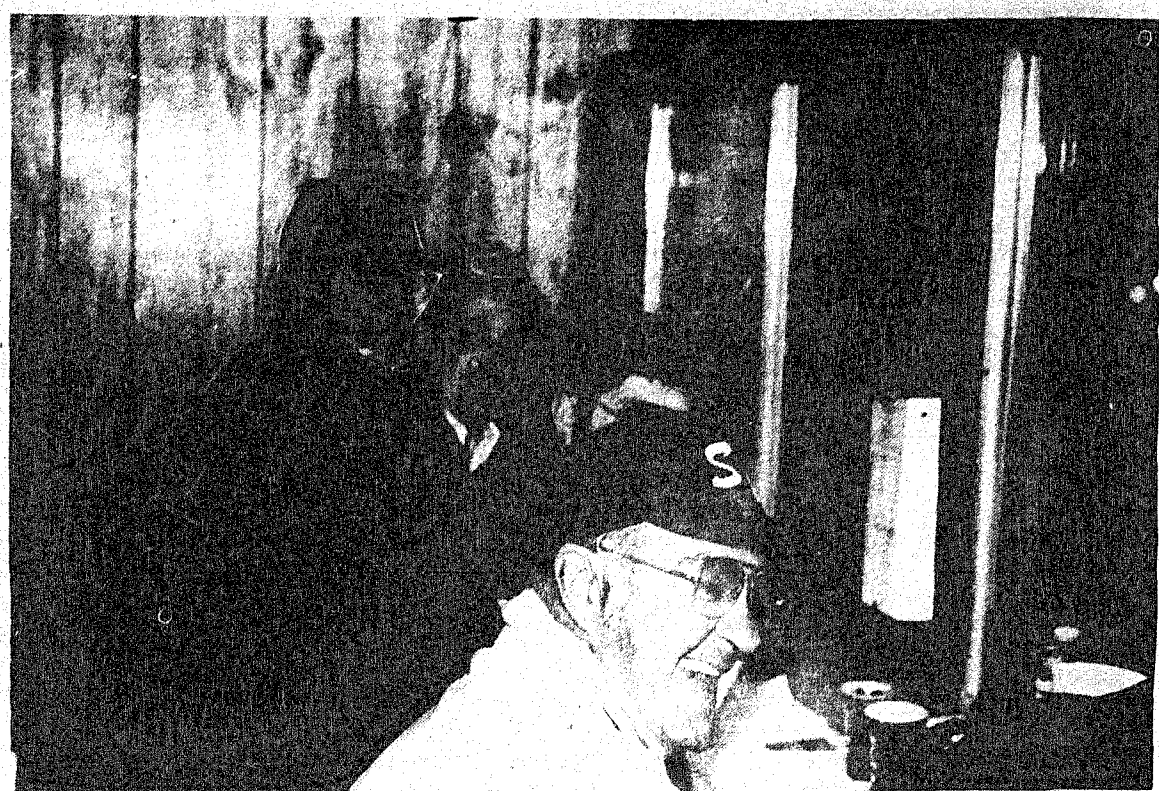

Why did Sam put a sweater around his hot dog? Because it was a chili dog.

BREAST CANCER DETECTION UNIT AVAILABLE TO AREA WOMEN

TUESDAY
NOVEMBER 17, 1987

A Service of
City of Santa Anna

CALL 348-3435 FOR APPOINTMENT

\$50.00

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Call 348-3435
 For Information

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease) Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetrics and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with

significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

Rising Star Here Friday For Clincher

S-Anna Zaps The Hornets 45-0

The Santa Anna offense racked up 26 points in the first quarter on their way to crushing the Lometa Hornets 45-0 Friday night on the home field. The stubborn Mountaineer defense limited Lometa to 129 yards for the night.

Lometa took the opening kick-off and ran 3 plays before having to punt on 4th down. The Mountaineer defense blocked the punt and took possession of the ball at the Lometa 32. On the first play from scrimmage, Reece McIver took a pass from James Hartman and raced into the endzone for the TD with 10:30 showing on the scoreboard clock. Hartman was good for the PAT.

Jacky Duquette intercepted a pass with 7:25 on the clock in the first period and sprinted 31 yards to paydirt. Hartman again accounted for the PAT.

Lometa fumbled on the first play from scrimmage after taking the kickoff following the second Santa Anna score and the Mountaineers recovered to again regain possession of the ball. McIver scored again on the second play of the Santa Anna possession, when he racked up another 19 yards and a touchdown. The PAT was blocked by Lometa.

At this point Santa Anna had run 4 plays and scored on 3 of them.

The fourth Mountaineer TD was set up by a 23-yard run by Hartman on a quarterback keeper after Santa Anna took possession of the ball again at the 40-yard line, Lometa giving up the ball on 4th down. Two plays later Alonzo Hernandez took

the ball in from the 8-yard line. Once again the PAT was blocked, but Santa Anna had scored 26 points by the end of the first quarter.

The Mountaineers got on the scoreboard only one time in the second quarter. Reece McIver raced 59 yards during a crowd thrilling play with an option pitch from Hartman. The Mountaineers led 32-0 at halftime.

In the third quarter Clarence McDowell staked the ball in from the 1-yard line with 8:19 on the clock. Then with 6:11 left in the period, Alonzo Hernandez again crossed the endzone from the 1. Bobby Deleon tacked on the PAT to bring the score to 45-0 which turned out to be the final score for the Mountaineers.

That final TD was set up by two pass completions from Jacky Duquette to Bobby Pritchard.

In the rushing department, Reece McIver turned in 124 yards on 9 carries. Jacky Duquette accounted for 54 yards on 8 carries. Clarence McDowell carried 6 times for 22 yards. James Hartman tallied 67 yards with 6 rushes and Alonzo Hernandez racked up 50 yards on 8 carries.

Santa Anna racked up 275 yards during the first half.

For Lometa, Craig Byrd carried the ball 27 times for 84 yards.

Jeremy Hartman Receives DAR Award

Santa Anna High School senior student Jeremy Hartman has received the DAR (Daughter of the American Revolution) citizenship award. Along with the award comes the right to compete for a scholarship.

The award is given annually. Three candidates are chosen by the high school faculty and then voted upon by class members. Others nominated for the award were Kallie Gray and Kendall Davison.

Jeremy is the son of Mr. and Mrs. Ronnie Hartman. Kallie is the daughter of Mr. and Mrs. Frank Gray and Kendall's parents are Rev. and Mrs. Claude Davison.

The Mountaineers meet Rising Star for their last district outing. A win Friday night against the Wildcats will earn a place in the playoffs as the second place team. Baird has captured the district lead and faces Blanket Friday night at Blanket. Rising Star is 5-1 in the district and Santa Anna stands at 4-2. With a defeat of Rising Star, the two teams would tie in the standings, however Santa Anna would advance on the basis of the win over the Wildcats.

Everyone is encouraged to be at the home field Friday at 7:30 to support the Mountaineers and cheer them into the playoffs.

Will Be In Rising Star Thursday For Title Game

Jr. Mountaineers Run Over Lometa

The Mountaineers continued their dominance of the game in the second quarter but scored only one time. Vicente scored his second TD on a 29-yard run. Tommy Williford added the Pat to close out the fist half scoring.

All of the Jr. Mountaineers saw action throughout the game with the younger boys playing the majority of the second half. In the third quarter, Dan Benton threw a pass to Vicente Frausto for a 50-yard score. Phillip Hernandez, who ran the ball only three times, scored the extra points. Tommy Williford scored a 65-yard TD in the fourth quarter. Vicente ended the scoring by adding the extra points.

Offensively, the Mountaineer Machine had a total of 336 yards.

Tommy was the leading rusher with

A large crowd traveled to Lometa last Thursday night to see the Jr. Mountaineers defeat Lometa 46-0. For the fifth game in a row, Phillip Hernandez scored on the first play of the game. This time, he ran 65 yards for the touchdown. Pedro Estrada added the extra points. A blocked punt by Phillip gave Santa Anna the ball after Lometa failed to pick up a first down. On the Next play, Dan Benton scored from ten yards out and Vicente Frausto added the two-point play. After the kick-off, Lometa fumbled the ball back to Santa Anna. Two plays later, Vicente scored on a 12-yard run. After one more exchange of possession, the first quarter ended with Santa Anna on top 22-0.

108 yards and 8 points followed by Phillip with 78 yards and 8 points. All of the team played well on defense. Phillip led the team with nine tackles and a blocked punt. Vicente had four tackles and two fumble recoveries. Other players with three tackles were Pedro Estrada, Scotty Yancey, Jason Dean, Rusty Fleeman, Ross Bradley, and Grady McIver.

The Jr. Mountaineers will play for the district championship against the Rising Star Wildcats. The game will be in Rising Star at 6:30 on Thursday night. Everyone is encouraged to make the trip to Rising Star to cheer the Jr. Mountaineers on to another title.

Marilyn Bryce Wins Shootout

Marilyn has been a regular contestant in the Mountaineer Football Shootout Contest and that persistence paid off this week as she placed first with her picks of 10 of 10 games. She will receive a years free subscription to the Santa Anna News. She has previously placed second the very first week of the contest and then again last week.

Mike Coffee is another whose name is not new to the contest. He has won first place twice, second place twice and third place one time, previous to this week. This time he places second for the third time and will receive 5 classified ads. He also picked 10 of 10 correctly, however did not come as close to the game of the week score as did Mrs. Bryce. Her guess was 42-8 while Coffee's was 28-6.

Roberta Tomlinson, also a previous winner, placed third and will receive a free classified ad. She came the closest to the Santa Anna game score with a prediction of 46-8 but missed on the May-Gordon game. Remember to get your entry in for this weeks games, the last of the regular season, then we will begin with the playoff games next week.

Boosters Honor Dedicated Workers

The Santa Anna Athletic Booster Club this week has named several "Boosters of the Week" for their dedication and tireless efforts on behalf of the Santa Anna Schools and to the athletic programs of the schools.

Named were, Rob Cheaney, who does the public address announcing at the home football games; Charles Wetsel, who runs the clock; Stanley Hartman, who does the spotting and Scott Patterson, who along with Eddie Jones, who has been honored previously, does the audio taping of the football games for KSTA Radio as a service to the school and community.

Texas Men Turning 26 Reach An Important Milestone

Men turning 26 during the remainder of 1987 will be reaching an important milestone according to the Selective Service System.

Young men born in 1961 were required to register with selective Service in July 1980 when President Carter reinstated the registration requirement. These men turn 16 in 1987. Selective Service does not have the authority to accept a young man's registration after he has reached his 28th birthday.

Harold Doyle, Texas Selective Service State Director, warned that, with few exceptions, a man who fails to register before turning 26 will permanently forfeit his eligibility for federal student financial aid, job training benefits and most federal employment. Additionally, non-registrants face possible prosecution as felons.

Texas has registered nearly one million men since 1980.

SAHS Citizen Of The Week

Stacie Gunter has been named Citizen of the week for Santa Anna High School. A senior, Stacie was chosen because of her cooperation with faculty and for efforts in doing extra work in the school office on her own time. She is a hard worker and a good SAHS citizen.

Stacie is the daughter of Tresa Gunter.

SAY HELLO TO Share Bear

Share Bear is the official mascot for the Furr's Foundation Christmas Campaign, a program aimed at raising \$750,000 for needy kids in Texas and New Mexico.

Each Share Bear is priced at \$12.99. From this purchase price, \$5.00 goes into the Share Bear Christmas Fund.

Five dollars may not seem like a lot of money, but it can make life a little easier for kids who need hope. Share Bear is a kid's best friend!

MOVIE MARQUEE

PLAY MOVIE MARQUEE AND WIN! START TODAY!

You've always enjoyed Video Emporium's big selection of movies and low rental prices. And now you can have all this and more! When you play Movie Marquee you can win a brand new movie for your home collection!

GET A GAME CARD AND PLAY!

This game is simple - you rent 25 movies during the month of November (Monday-Matinee rental do not apply toward total) and you win a free movie of your choice from almost 250 movies including Casablanca, Double Top

- Gun, Raiders of the Lost Ark and Lady and the Tramp. These are just a few of the hits you can choose from when you win!
- Each time you rent a movie we'll punch your card. And when all 25 numbers are punched, you win a free movie! But that's not all! Patches 11 and 21 are free!
- And, you win a free six-pack of 12-oz. cans of Coke when you rent movie number 15! It's easy! It's fun! And the prizes are terrific!
- Pick up your game card and start playing today! Rules of the game are on the back of the card and our store personnel will be happy to answer any questions you might have. A new game begins each month and you've got until Nov. 30 to win this first game - good luck!
