# **Become A Partner In Academic** Excellence

**High School principal Frank Gray** spoke to a group of Santa Anna business people during a luncheon meeting at the High School Home Economics Building on Friday, March 11. "Partners in Academic Excellence" was the name the group chose for their sponsoring organization for an academic awards program.

It was the second such meeting hosted by Gray to formulate a program of awarding students for academic achievements. The first meeting had taken place several weeks ago and those in attendance had been ask for input in establishing an organization of support for the program and ideas for implementing such a program.

Taking those ideas and suggestions, Gray presentd a plan to the group for their approval. In his presentation, he explained the program would consist of four levels of achievement. The first level would be attained with an A or B average during the student's freshman year of high school. At the end of the freshman year, the student averaging highest in the A group will receive a gold certificate and a silver certificate will be awarded the highest average in the B group. Level 2 would be attained by carrying that average through the student's sophomore year. At the end of that year, the students will receive a gold medal for A averages and a silver medal for B averages.

Attaining the A or B average for three years would place that student on the third level and four years achievement with that average would gain the fourth level. At the end of the third year level, the highest A average student will receive a gold plaque and the B average student a silver plaque. Those students having attained all four levels in both the A and B groups will be awarded an academic letter jacket during their senior year. According to UIL rules, this award will only apply if that student has not received a letter jacket in other activities, in which case he or she will receive a academic letter to place on their jacket.

At the end of each six weeks grading period, the students having

the highest A average in the freshman, sophomore, junior and senior classes will be awarded a gold card wich will be good for two treats at the local Dairy Queen and a pass to a movie in Brownwood. The highest B average students will

receive a silver card which will be good for 2 treats at Dairy Queen and a bronze card good for one Dairy Queen treat will be awarded to the student from each class who achieves a C average and is reccom-

mended by two teachers as being the best that student can achieve. The bronze honor was especially popular with the group as these students are not often recognized for their efforts and academic achievements except by their individual teachers.

Scott Patterson, Dickie Horner and Gary Absher were appointed as a membership committee and will be contacting business people and individuals in the community for support of the academic awards program. To become a Partner in Academic Excellence, a business may join the support group by purchasing a \$20.00 membership and individual memberships will be \$10.00. All membership fees will be used toward the funding of the program.

A list of all members of the Partners In Excellence will be placed in the trophy case in the High School building so the students will be aware of those individuals and businesses who are in support of their efforts.

The Santa Anna City Council discussed a number of items; some action was taken and several items tabled for further consideration when they met last Thursday, March 10.

Tabled was the matter of whether or not to have Lone Star to put in a station in Santa Anna for paying gas bills here. The matter needed more study by the council since it would entail the use of city office space. Approval was made to increase

the jurisdiction of the municipal court to include an increased range of punishment and increase the fine upon violations of City Ordinances with a right to appeal.

The council also agreed to set a speed zone for the school area and will set up radar within the zone. Glen Copeland was appointed election judge for the May 7 city

elections. The matter of an ordinance to allow the fire marshall or the mayor

to order hazardous structures, etc., to be destroyed was tabled for further study.

It was announced that the sewer farm situation is still being studied. A special called meeting will take place Thursday, March 24, to interview applicants for a city manager position.

### **28 Present For Friendship Luncheon**

Twenty-eight persons gathered for the Friendship Luncheon Thursday, March 10.

Mrs. Ed Jones of Killeen was a visitor. There were also several in attendance who had not been able to be there for a few weeks.

For the blessing, Mr. Balke read "I Said A Prayer For You Today". The previous week there were no desserts, but last week there were plenty of good ones...cookies, brownles and peach cobbler.

Fannie Gilbert gave the group many good laughs with "what happens when kids sleep with grandma".

Everyone sang "Happy Birthday" to Doris Griffin and signed a get well card for Claudine Keeney who had eye surgery in Brownwood.

The salad luncheon was great. You are invited this Thursday, March 17, when chicken and dumplings will be served.

**READING:** How the parent can help.

1.TALK to your child. The more words he uses naturally in his ordinary conversation, the more words will have meaning for him when he sees them on the printed page.

2. LISTEN to your child. Encourage your child to talk about things he has seen or done. Pay attention when he is talking with you. 3. READ to your child. Every time you read to him you are building an appreciation of books and reading.

4. HELP him with his reading. Help him to work out any words he doesn't know by looking at the picture, skipping over the unknown word and reading the rest of the sentence to see whether this suggests a new word, and checking to see whether the word makes"sense" in the sentence.

5. TEACH your child how to take care of books. He will then learn to regard books as friends.

6. TAKE him on trips. Even a short trip through the country or to a city will show him new sites to stimulate his interest in the world.

**Thoughts From Our Pastors** 

John D. Stanislaw **First Baptist Church** 

"YOU WON'T REACH IT ON TIPTOE"

2 Peter 1:7 says "Add to your brotherliness ... love". Love is indefinite to most of us. we do not know what we mean when we talk about love. Love is the sovereign preference of one person for another, and spiritually Jesus demands that that preference be for Himself (Luke 14:26). When the love of God is shed abroad in our hearts by the Holy Spirit, Jesus Christ is easily first; then we must practice the working out of these things mentioned by Peter.

The first thing God does is to knock pretence and the pious pose right out of me. The Holy Spirit reveals that God loved me not because I was lovable. but because it was His nature to do so. Now, He says to me, show the same love to others-"Love as I have loved you." "I will bring any number of people about you whom you cannot respect, and you must exhibit My love to them as I have exhibited it to you." You won't reach it on tiptoe. Some of us have tried to, but we were soon tired.

"The Lord suffereth long .... " Let me look within and see His dealings with me. The knowledge that God has loved me to the uttermost, to the end of all my sin and meanness and selfishness and wrong, will send me forth into the world to love in the same way. God's love to me is inexhaustible, and I must love others from the bedrock of God's love to Me. Growth in grace stops the moment I get huffed. Sometimes I get all huffed up because of disagreeable people I have to deal with. Just think how disagreeable I have been to God! Am I prepared to be so identified with the Lord Jesus that His life and His sweetness are being poured out all the time? Neither natural love nor Divine love will remain unless it is cultivated. Love is spontaneous, but it has to be maintained by discipline.

Christians! The best way to win the word is to show love among ourselves. This is a paraphase of Jesus' works in John 13:35.

7. BUILD UP a reading atmosphere at home. Have books, manazines, newspapers, etc. around the house. Let your child see YOU reading frequently.

8. WATCH television programs with your child and talk about them. If he is interested in a particular topic, help him find something to read more about it.

9. ENCOURAGE him to go to the library. Take him and let HIM pick out books to read or for you to read to him.

"WHAT'S UP"

We all seem to be hung up on up. Houses are opened up, lighted up, warmed up, cleaned up and closed up. We put up with, use up, come up, butter up, line up, punch up, and belly up. Motors are fired up, gassed up and charged up. Boats are speeded up, slowed up, tied up and laid up.

If we are mixed up we must hurry up and shape up or we'll be fouled up. Before I give up, I will drink up with 7-Up. If you think up other examples don't call me up. I'm up the wall with up, so I will shut up before you throw up.

A preacher was talking to the church organist, "When I finish my sermon" he said, "I'll ask for all those in the congregation who want to contribute four hundred dollars toward the churchs mortgage to stand up. In the meantime you provide appropriate music." "What do you mean, appropriate music?" "Play the Star Spangled Banner!"

Immediatley after she received the bill for the extraction of a tooth a woman phoned her dentist, "I'm shocked" she complained, "This is three times what you normally charge" "I know," replied the dentist, "but you yelled so loud you scared away two toher patients."

When a man forgets himself he usually does something everybody else remembers.

# **Range Fires Continue To Plague VFD**

Range fires, most starting from careless actions, continue to plague the Santa Anna Volunteer Fire Department. Along with one truck spending a day last week helping with the huge range fire that burned in the neighborhood of 300,000 acres in Shackleford and Callahan Counties, local firemen are spending a lot of time in fighting grass fires close to home.

Freddie Dodson and Dale Bradley took the smaller of the department trucks to the scene of the big range fire Friday and spent most of their time there protecting homes in the rural area of Callahan County and working with backfiring.

The department also answered a call Friday to a location northwest of Rockwood, where a controlled burn was in progress. The caller was unaware of the circumstances and the department had not been notified of the plans for a controlled burn, so that turned out to be a"wild goose chase". Officials ask that those making plans for a controlled burn. please notify the department so they will be aware of the situation rather than making unneeded runs with the fire fighting equipment.

#### **Balloons Released**

Kare-A-Lot Nursery will be releasing helium balloons near Trickham this Friday morning. Each balloon will have listed on it a child's name and a phone number.

If you find one of these balloons, you are asked to call the phone number on them anytime between Monday and Friday.

#### **Reading Conference**

The seventh annual reading conference of the Texas Association for the Improvement of Reading (TAIR) will be held this Saturday, March 19 from 8 a.m. to 5 p.m. at Howard Payne University. Registration will be in Newman Hall.

Six hours of academic training for the career ladder are available upon request.

On the way back into town, they checked out another unreported controlled burn on the city sewer farm location.

Saturday the members of the department spent from 2-7 p.m. north of Glen Cove. As one fireman, reported, he didn't know the extent of the fire, but that it covered "lots of acreage". The Ballinger, Coleman and Winters departments were also on the scene of that fire aided by help from Burkett Aerial Spraying

Also on Saturday, another unit was called to a location near Fisk where a fire started in a barbecue grill got out of control about 5:00 p.m. Sunday about noon a unit headed back to Glen Cove where that fire had been rekindled. However, they were stopped before reaching their destination, and were told everything was under control.

Funds continue to come in for the Fire Department Associate Membership drive. Those contributing the past week have been, Cecil Ellis, Allen and Tae Gann, Elmer Ralston, Mrs. Hardy Blue, George Havens, Henry Sorrells, Mark Griffis, Tony Watson, Hollis Watson, Wesley Isenhower, Mike Hosch, Jake McCreary, Jack Skelton, Mrs. E.E. # Cazey - Warnock Vows **Exchanged In Franklin**

Barbara Cazey of College Station, daughter of Mr. and Mrs. J.W. Cazey of Franklin, became the bride of Dwayne Warnock also of College Station, in a ceremony which took place at the First Baptist Church of Franklin Saturday, March 5 at 7:00 in the evening. The grooms parents are Mr. and Mrs. Derriel Warnock of Santa Anna. Mrs. Othal Warnock of Santa Anna is the groom's grandmother.

Joyce Smith, planist and vocalist provided the wedding music. Prior to the bride entering the sanctuary, Ms. Smith sang "Color My World" and after the bride and groom approached the alter she sang the "The Wedding Prayer".

Rev. Blan Watson officiated for the ceremony before an alter flanked with baskets of pink and salmon colored gladioli and large live ferns on tall brass stands at either side. Two fan shaped candelabra , each holding 7 long, white, lighted tapers, stood at either side of the alter.

Given in marriage by her parents, the bride was escorted to the alter by her brother-in-law, Bob Young, of Houston. For her wedding the bride chose a formal gown of white silk organza fashioned with a fitted bodice and full flowing skirt accented with five rows of ruffles along the hemline of the skirt and cathedral length train. The bodice and skirt were appliqueted with Shiffli embroidered lace enhanced with

### **Everyone's Irish on St. Patrick's Day**

#### **By Karen Baker PM Editorial Services**

Just about everyone is at least "a wee bit" Irish on St. Patrick's Day, March 17. In addition to parades, parades and more parades, Americans have devised some novel ways to celebrate this special holiday. It's a day when everything takes on a greenish tint, from beer and pretzels to hair, clothing, and even the Chicago River.

Chicagoans have made a tradition of dyeing their river a very Irish shade of green on St. Patrick's Day since 1963. It's all part of the city's St. Patrick's Day Parade, which generally draws a crowd of about 40,000 marchers and 250,000 spectators, according to Dan Lydon, who served as chairman for the city's first 33 parades. This year's parade, the 34th.

125,000 marchers. New York's is the oldest St. Patrick's Day parade, with the first dating back to 1762, when 200 Irish-born militiamen got to-

gether to celebrate the event. But St. Patrick's Day in New York is more than just a parade. It's also a day of "pub crawls," sampling some of America's favorite Irish imports. "Kiss Me I'm Irish" buttons become the latest Manhattan fashion trend and corned beef and cabbage, Irish' stew and even green bagels the favored cuisine. "Everyone in New York turns Irish for the day," explains Francine Mason of the New York Convention and Business Bureau.

New Orleans, a city known for its ability to "let the good times roll" has, characteristically, developed one of the more unique ways to celebrate the holiday. "It's incredible." says

Some of the holiday's more outlandish celebrations have occurred in Savannah, Ga., where the festivities date back to the earliest wave of Irish immigration into the U.S. Revelers don't stop at dyeing the Savannah River green. They also add their favorite hue to beer, pretzels, and just about anything else they can think of. all of which Georgia's famous mythical Irish resident, Scarlett O'Hara, would most likely heartily approve.

The groom's parents hosted a rehearsal dinner the previous night in the fellowship hall of the church. Following a wedding trip to Houston, the couple will be at home in College Station where the groom is employed with Coca Cola and the bride with Dillard's.

tou, D.C., where patrons will be celebrating with the help of an Irish champion fiddle player, says with a chuckle, "It's our busiest day of the year by miles-we live in terror of it?" Why is the holiday so popular? It's a good way to celebrate the end of winter," Kelly theorizes.

Many Americans would be surprised to learn that, although St. Patrick's Day is a national holiday in Ireland, it is, for the Irish themselves, a more restrained affair. In fact, until recently, the bars in Ireland were closed on St. Patrick's Day. The day's focus is more on its religious. significance, commemorating the pa-

# Mountaineers Win Third Place

#### By Coach Dean Bass

The Santa Anna boys track team won third place in the second annual Pioneer Relays hosted by Cross Plains. For the second week in a row, the Mountaineers placed behind class 2A Goldthwaite and Winters. This time, however, the Mountaineers closed the gap and made a much better race for top honors. All members of the team improved over their performances of last week.

Goldthwaite scored 97 points to win the championship. Winters earned 82 points and Santa Anna scored 79. Other teams competing were Cross Plains, Hico, Jim Ned, Baird, Gorman, Hawley, May and **Rising Star.**

# **Girls Take** Sixth Place

The Santa Anna girls didn't come home with as many points this past week as they did the week before but came up with some good individual performnces at the annual Pioneer Relays at Cross Plains.

Participating in the track meet were Kristi Morrow, Patricia Frausto, Maria Moreno, Lee Ann

Musick, Selina Cook, Amy Sauveur, Liz Longoria, Gloria Frausto, Sherry Michon, Rose Garza and Lorrie Perry. The 400 meter relay team was of

LeAnn Musik, Patricia Frausto, Maria Moreno and Kristi Morrow took 4th place with a time of 55.12. Liz Longoria was 6th in the 800 meter run with 3:02.59.

The 800 meter relay team brought home the second place medals with a time of 1:59.87. Patricia Frausto, Selina Cook, Maria Moreno, and Kristi Morrow make up the relay team.

Kristi Morrow won the 200 meter dash with a time of 27.02 and Maria Moreno came in 6th at 29.66. Amy Suevuer, for the Lady Mountaineers, finished 2nd in the grueling 1600 meter run with a time of 6:33.55

# **Coleman County Figures** From 1910 Census

A 1910 census of the United States with a supplement for Texas gives comparisons with 1900 and 1890. Submitted by Jack Shields of Novice the book quoted some interesting statistics for Coleman County.

In 1910 Coleman County had eight

precincts and the county population was 22,618. That was quite an encrease from 10,077 in 1900, 6,112 in 1890, 3,603 in 1880 and 347 in 1870. In 1910 the city of Coleman had 3,046 population as compared to 1,362 in 1900, and 906 in 1890. Santa was listed as having 1,453

population in 1910 and there was not a figure for a prior year.

The county population in 1910 included 11,971 males and 10,647 females. Males of voting age numbered 5,654. Further information listed 269 illiterate males of voting age. In the county population 15,991 persons were 10 years of age

or older. Out of the number of school age children only 61.1 percent were attending school.

In 1910 there were 4,341 dwellings in Coleman County while there were 4,406 families. It appears in a number of instances that there were more than one family to a dwelling. Farming was fast taking over in Coleman County in 1910, with 2,938 farms listed in the census. This figure was up from 1,369 in 1900. Of the number of farmers 2,872 were

native white, 65 were foreign-born white and one was non-white. The majority of the farms were not large, either 50 to 99 acres or 100 to

The average value per acre for farmland in 1910 was \$20.83. The census gave Coleman County 40,139 cat-

tle in 1910 and 10,445 horses. There were 5,593 mules and 105 burros. Swine population was 7,086 and sheep numbered 32,395. There were 2,121 goats.

With farm life predominant, there was lots of poultry, numbering

94,593, while there were 2,932 colonies of bees.

It seems in 1910 a lot of people living in towns in the county had domestic animals, including 1,423 cattle, 1,015 horses, 325 mules and

burros, 159 swine and 962 sheep and goats.

Apparently Coleman County had not started cotton farming at the time of the census, as cotton acreage and production were not listed. Later cotton came on strong and produced as many as 30,000 bales in some years. Four or five gins were located in Coleman County at ine time. At the present time, The Santa Anna Co-op Gin is the only gin operating in Coleman County and within a 40 mile radius of Santa Anna.

But just because there is an alleged product or service associated with the scam doesn't make it legal-the test is how you are supposed to get your money.

Chain referral sales are a similar kind of scam. And they are becoming increasingly prevalent.

#### How CHAINS WORK

To be financially independent is to be free. So reads one of the come-ons in a chain referral sale promotion.

chain is that it promises a fantastic sales is that there aren't enough peo-The fundamental appeal of a return for almost no investment. You are probably familiar with chain letters. All you have to do is send money to the names on the list, scratch off the top name, add your name, mail the chain letter to other people and wait for the money to roll in. Oftentimes a dire curse is threatened if you break the chain.

#### THE SCAM

The problem with chain referral ple to go around. In the example I used as the beginning, it would take 10,000 responses for you to receive \$55,000. But each of those 10,000 people want to make \$55,000 too. That would take 1 billion people. Since the population of the United States in 1980 was 226.5 millionmen, women, and children-it is obvious that the scheme is all air.

Chain marketing techniques are nothing but a bubble that will burst

The reason that chain referral sales and pyramid schemes sound too good to be true is because that is precisely what they are-too good to be

### Show Your Love **With Oatmeal Cookies**

**Old-Fashioned Oatmeal Cookies** -just the name conjures up childhood memories of a kitchen filled with the aromas of cinnamon and nutmeg. An apron-clad grandmother handing out soft, warm cookles straight from the oven may also be a part of the picture. Next to chocolate chip cookies, **Old-Fashioned** Oatmeal Cookies are an American favorite. Full of the goodness of oatmeal, brown sugar and raisins, you will want to serve these cookies warm with a tall glass of cold milk. What a welcome treat for after school!

Combine raisins and water in small bowl; set aside. Preheat oven to 375°F. Grease 2 large baking sheets; set aside. Sift flour, cinnamon, nutmeg, and baking soda into mixing bowl. Add sugars, shortening, egg, and milk; beat with electric mixer 2 minutes, or until smooth. Drain raisins; add oats and raisins to batter; blend well. Refrigerate about 20 minutes. Roll out dough on lightly floured board or pastry cloth to 4-inch thickness. Cut out with floured 2-inch cookie cutter. Place on prepared baking sheets. Bake 12 to 15 minutes, or until golden brown. Transfer immediately to wire racks to cool. Makes about 36 cookles.
