## Four SAHS Seniors Are Nominated As Homecoming Queen Candidates

Four pretty young ladies have been nominated to be chosen for the honor of Homecoming Queen for Santa Anna High School. The lucky lady who is selected for the honor by a vote of the student body next week will be recognized at halftime of the Homecoming football game on Friday of next week. All the candidates are seniors at SAHS.

Holly Hoffman is the daughter of Mr. and Mrs. Kenneth Hoffman. She has participated in the annual staff for 2 years, as photographer for one year; UIL science; UIL readywriting, in which she was a regional qualifier; and she has been active in the National Honor Society for two years. Holly was girls track and basketball manager 2 years and is a member of the student council as senior class representative. She has been both six

weeks and semester honor roll throughout her high school years.

Rhonda Fleeman is the daughter of Mr. and Mrs. Gary Fleeman. She has served on the student council for two years, one year as reporter. She was class reporter and secretary her sophomore year. She is a two year member of the National Honor Society and served as cheerleader last year. Throughout high school she has been involved in basketball, tennis, track programs. Rhonda has been a member of FHA, the annual staff, band, and has participated in UIL science and literary events. She is presently woodwind captain in the Mighty Mountaineer Band.

Rachel Phillips is the daughter of Jerry and Priscilla Phillips. She has participated in basketball, tennis, student council, annual staff, 4-H, one act play, and science club. She

has been a member of the National Honor Society for two years and has been active in many UIL math and literary events in which she was a regional qualifier. Rachel has received academic awards in home-making and English. Rachel will be escorted for the Homecoming Queen ceremony by Reece McIver, son of Orabeth McIver and Terry McIver.

Tammi Morrow is the daughter of Marcie Holt. She has participated in basketball, track and band, where she is serving her second year as a twirler. She has been a member of the student council and was president of her class during her sophomore year and vice-president during her junior year. She was voted class favorite both her sophomore and junior years.

## Antique Farm Equipment Is Needed For County Fair

The Coleman County Farm Bureau would like to encourage anyone having antique farm equipment to get in touch with the Farm Bureau office, 625-2361.

This portion of the County Fair on October 1, will draw a lot of interest and the more equipment exhibited, the better it will be. The location for the show is an excellent one and there is ample room for the display.

There has been a lot of interest shown in the antique farm equipment show, and organizers hope it will be the best ever. It is open to anyone with one piece of equipment or an entire collection.

### JUNIOR HIGH CONTINUES WINNING STREAK.

Carlos Garza (28) has an encounter with a Baird Bear during last weeks 20-0 win over Baird Junior High. Coming to assist are Paul Morris (72), and Netza Siller (76). Right in the middle of the action directly behind Garza, can be seen Rusty Fleeman. The Jr. Mountaineer in the combat zone with only the #6 showing on his jersey is either Tony DeLeon or Scotty Yancy. (Going by the roster. This

photographer was unsure) Roger Guerrero and Mitch Guthrie, (24 and 10) are taking a breather from the action on the sideline. Another Mountaineer near the ground with only a 2 showing on his jersey can be either Glen Donham or Bobby Diaz. The Junior High Team is expecting to continue their winning tradition when they travel to Gorman Thursday evening for a 6:30 scuffle with the Panthers. A Santa Anna Junior High team has not lost a game since 1985.

## Saturday Is Coleman County Fair Day

Saturday is Fair Day in Coleman County. If you have not made all your preparations, now is the time to be busy getting it all together for the big day for the activities to be held in downtown Coleman.

Activities will include a fajita cook-off, beauty pageant, a stick horse rodeo, a "42" tournament, horse shoe pitching, antique farm shoe, hay show, fiddling contest, car show, arts and crafts show, domino tournament, 5K fun run, flea market, guitar picking, food and drink concessions and various organizations will have many interesting exhibit booths along the activity center. You need to plan to just make a day of it at the fair.

A dance is planned at the National Guard armory that night with music by Southern Cross.

The fair will have many features and activities. Everyone in the county should be able to find something to please his or her taste. The exhibit building will be in the library expansion building next door to the Library on Commercial Ave.

Departments will include Antiques, Quilts, Afghans, Food Preservation, Fine Arts, Granny's Gallery.

General rules and regulations are as follows:

(1) All work exhibited must be

made by Coleman County residents.

(2) All articles must be the work of the exhibitor and must have been completed within the past 12 months.

(3) Work must not have been previously entered in Fiesta de la Paloma.

(4) Department chairmen, helpers, and judges are disqualified from entering the department in which they are assigned.

(5) Entries will be accepted between 4:00 p.m. and 7:00 p.m. Friday, September 30 and 7:30 and 9:00 a.m. on Saturday. Not before or after.

(6) Judging will be conducted between 9:00 a.m. and 10:00 a.m. No one will be allowed in the building during this time except for judges and department chairmen.

(7) The building will be open to the public from 10:00 a.m. to 3:00 p.m.

(8) Entries will not be released before 3:30 p.m. but should be picked up by 3:30 p.m.

(9) Only one entry will be accepted from any individual in each class.

(10) Exhibitors are responsible for completing an entry form for each item exhibited. Items left without a completed entry form will be disqualified.

Individual department rules are as follows:

**Antiques:** Classes are 1-firearms, 2-toys, 3-antique clothes.

\*A person who buys and sells antiques is not eligible to enter this department.

**Grandma's Gallery:** (Your chance to brag on your grandchildren) Classes 1 - Newborn through 23 months; 2 - 2 years thru 4 years; 3 - 5 years thru eight years.

\*In addition to the general rules and regulations, the following rules apply:

Please see FAIR page 8.

## Fund Established For Emma-Lee

A fund has been established at the Santa Anna National Bank to help defray mounting medical expenses of the family of little Emma-Lee Pool.

The five year-old daughter of Marsha and Randy Pool has been in and out of the hospital and had surgery a couple of times for a heart condition since the family moved to town when Mr. and Mrs. Pool became members of the school faculty.

If you wish further information, you may contact Rev. Claude Davison or high school principal Frank Gray.

## Local Students Above Average On SAT:

### Statement On Teacher's Insurance

## Keeping You Informed

By Gerald Brister

The 1988-89 school year has already passed the first three weeks. Unsatisfactory grade reports will be mailed to parents this week. The purpose of these reports is to make the parents aware that their children may be having trouble in their classes. If you receive an unsatisfactory grade report on your children, please contact the child's teacher. The teacher may be able to give you some clues as to how you can help your child to be successful.

The national and state averages on the Scholastic Aptitude Test were released last week. The SAT is one of two college entrance exams given in the United States. Scores on the verbal section of the SAT averaged 428 nationally. The average score in Texas was 417. The average for the Santa Anna students

who took the test was 460, well above the national and state averages. On the math section of the test, the national average is 476 while the Texas students scored 462. The local average on the math section was 497.

The national average on the ACT, the predominate college entrance exam in 28 states, was 18.8 on a scale from 1-36. The average score for the Santa Anna students was a 8.86, slightly higher than the national average. These scores indicate that our students are readily accepted into the colleges of their choice. Eleven members of the graduating class of 1988 are now enrolled in college.

Several of our employees were caught in the middle of the collapse of the Educators Health Insurance Group Trust two weeks ago. At

this time, the district is taking steps to see that outstanding claims are paid. The school district does not feel that it is liable, but we do feel a moral obligation to our staff. Superintendent of schools Gerald Brister will attend a meeting next week to (1) discuss ways to cooperate among districts to obtain legal assistance and, (2) to discuss ways to encourage legislature to include

teachers in a health package for state employees.

Homecoming is just around the corner, and we encourage you to attend all the activities. It is truly a time to become a part of the school system.

Planning a special activity? Let the Santa Anna News help you spread the word. Call 348-3545.

Republican Don Dorsett, left and Democrat William "Bill" Hudson right, candidates for the State Board of Education were in Santa Anna last week to meet with teachers and other voters and discuss is-

sues. Shown with the two are Sharon Greenlee and Sharon Cheaney, who were instrumental in organizing the rally for the local chapter of the Association of Professional Educators. (Photo by Polly Warnock)

### Dear Editor

Would you help me find a few good men by publishing this letter in your paper? The few good men mentioned are WW II veterans and were assigned to the 31st Heavy Bombardment Group at Polebrook, England between 1943 and 1945.

There are about 5,000 lost souls and some of them may be in your area. We have formed a 351st Association of flying and ground crews and have annual reunions. If anyone fits the above description, please contact:

### Thoughts From Our Pastors

Charlie Klinke  
Seventh Day Adventist

#### LET FREEDOM RING

The Declaration of Independence was a strong declaration prepared by a small group of dedicated men. Benjamin Franklin proposed that they pray together. This united them in spirit and purpose. The results of that prayer galvanized our country into an independent nation, a mighty nation, INDIVISIBLE, before God.

Most of probably don't remember who Frances Scott Key was. If we hear the sound of the National Anthem, we are projected in to the attack on Fort McHenry. Frances Scott Key is a prisoner on the deck of the Ship Minden. The cannon is blasting, smoke fills the air. As rockets light up the battle, Old Glory is waving in the night air. As they eagerly watch the ensuing battle, catching bits and pieces of what is happening in the flashes, they all exclaimed, "The flag is still there!" Put to music, those words became our national anthem.

Patrick Henry made a statement which we all remember, "Give me liberty or give me death". We all must make the choice that Patrick Henry made. In this day and age it's a different issue. The country founded as the Bible says represented by a lamb-like beast, an American bison if you please, shall speak as a dragon. The Saviour says it will be like it was in the days of Noah, and like Sodom and Gomorah. All of this is true today.

It is time we all make an important choice, Give me liberty in Jesus to serve Him and not die for eternity or to choose perhaps by default to die. Many will choose to die by default and their loved ones will join them for lack of someone who cares. My prayer today is that we pray together like our forefathers, that we stand and be numbered with the winners. God's people are the only free people on the earth.

May God give us strength to choose liberty in Jesus every day.

### Around & About

Make your plans to have lunch with the Santa Anna Band Boosters on Saturday of Homecoming. This is the main fundraising project of the Band Boosters and they would appreciate your patronage. Special arrangements can be made for groups wishing a private room and also for those wishing decorations. Contact Gary Absher for special arrangements.

Don't find yourself left out. Join your classmates at the annual Homecoming dance Saturday, Oct. 8th from 9:00 p.m. until 1 a.m. Southern Cross will be playing for the event. Soft drinks will be available.

Jake McCreary had a visit with his doctor last week and we are pleased to say he had a very good report. It is good to see Jake out and around Santa Anna again.

Tom Hays is out of his hospital room now and taking some time for recovery in the Baylor Hospital hotel unit, before coming back to Santa Anna. Tom is doing well following his heart surgery and all of us here in Santa Anna are pleased to know he will soon be back here with us.

Emma-Lee Pool is back home after more treatment and surgery in a Dallas Hospital. The spunky little girl seems to be doing very nicely and her parents are pleased with her current progress. Both are members of the Santa Anna school faculty. A fund has been set up at Santa Anna National Bank in the name of Emma-Lee Pool to help defray the mounting financial burdens incurred by the child's illness. You are invited to take part in this act of kindness.

Kay Gray had a harrowing experience when she lost control of her car Friday afternoon near the George Havens campground, after veering onto the gravel. Kay spent Friday night in the hospital in Coleman, for observation for a concussion received in the accident. She reports she is very thankful she had her seatbelt fastened or the injuries may have been much more severe than the bruises she suffered. She is feeling well although was advised to take a few days rest before returning to her job as a member of the school faculty.

We are happy to report that Alice Louise Walker is back at home after spending a couple of weeks in Brownwood hospital for treatment.

There will be a bridal shower honoring Mrs. Bill Hendrix, the former Serena Bryan, at the Rockwood Community Center at 2:30, Saturday, October 8. Everyone is invited.

### HPU Offers Free Tutoring

Howard Payne University is offering free tutoring in math and science for high school students, announced Dr. Ruth Ann Murphy, Chairman of the division of science and math.

High school students who need assistance in these areas of study are encouraged to take advantage of this opportunity, Dr. Murphy said. HPU students from within the division of science and math will be providing the tutoring service. No appointment is necessary.

The tutoring schedule, effective now through December 1, is as follows: Mondays 6:30-9:30 p.m., Tuesdays 6-9:30 p.m., Wednesdays, 1-7:45 p.m. and Thursdays 6:30-9 p.m. in the Browsing Room of the Walker Memorial Library.

An exception to this schedule is November 23 when no tutoring will be available.

Further information can be obtained from Dr. Ruth Ann Murphy at HPU, 646-2502, ext. 227.

Santa Anna ISD offers vocational programs in Vocational Agriculture and Home Economics. Admission to these programs is based on student assessment, student needs, community needs, and student and parent requests.

It is the policy of Santa Anna ISD not to discriminate on the basis of race, color, national origin, sex, or handicap in its vocational programs, services, or activities as required by Title VI and Title IX of the Civil Rights Act of 1973, as amended.

It is the policy of Santa Anna ISD not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI and Title IX of the Civil Rights Act of 1964, and section 504 of the Rehabilitation Act of 1973, as amended.

Santa Anna ISD will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

## Ex-Students Of SAHS Will Gather For 35th Annual Homecoming Next Week

A tradition that began in 1953 when Monte Guthrie Jr. was instrumental in organizing the first SAHS ex-student gathering will continue Friday and Saturday of next week, October 7 & 8 when hundreds of ex-students of SAHS converge in Santa Anna for their 35th annual homecoming.

Festivities will actually begin on Thursday evening when the Santa Anna Mountaineer cheerleaders and band host the annual bonfire and pep rally at about "dark-thirty" at the high school.

A parade will be held in downtown Santa Anna at 3:30 Thursday and will be followed by a pep rally at Perry Gymnasium. The Football game between the Mountaineers and Miles will kick off at 7:30 on Friday evening.

A Homecoming Queen and King will be recognized during the half-time of the football game.

## Officers Elected For Rockwood Homecoming

The Rockwood Homecoming was held Sunday, September 18, 1988 at the Rockwood Community Center. Due to the bad weather, there were only 68 present for the meeting.

During the business session, Mrs. Wayne Bray was elected president of the group. Mrs. Roland Duns was elected secretary-treasurer.

Those in charge of hosting the get-together expressed their appreciation to those who braved the weather to be in attendance and to Henderson Funeral Home for furnishing the awning in front of the building.

They reported a good time was had by all.

The Citizen of the year, Ada Lois Newman Williamson, of the class of 1938 will be introduced and honored at the business meeting at 10:30 on Saturday morning, Oct. 8. A coffee reception and registration will proceed the business meeting beginning at 9:00 in the school cafeteria.

## Friendship Luncheon

(Contributed)

The salad meal was well received at Thursday's friendship meal, with Rose Bass having brought a sugar free salad which went over in a big way.

The group missed the Fields and Virgil Priddy who has been absent for several weeks.

Raymond Balke was on hand with the ice and Rip Keeney led the table grace. Rip also later headed up the cleanup crew.

Ray Owen announced that the September 29th meal would be a pot-luck meal.

Everyone come join us for good food and good fellowship, at the Mountain City Community Center at about 11:30 each Thursday.

## Awards Program Slated Oct. 6

An awards assembly for the Partners In Excellence program will be held at the high school Thursday, October 6 at 10 a.m.

Partners In Excellence was formed last spring as a way to honor students for achieving levels of excellence in academics. It is an organization of parents and business people of Santa Anna and all funds for awards are raised through membership in the group.

The following classes have made plans for reunions to be held in conjunction with the Ex-Student Association of SAHS homecoming to be held Oct. 7 & 8.

- Class of 1926
- Class of 1930
- Class of 1938
- Class of 1948
- Class of 1953

The Santa Anna News would appreciate the loan of pictures of classes planning get-togethers. They will be needed by Monday, Oct. 3, and will be returned to the owners.

If other classes or groups are making special plans, please contact the Santa Anna news so we may help you publicize the event in next week's edition which will be the final before the big weekend.

## Class Of '30 To Meet

A dinner party is being planned for members of the Santa Anna High School Class of 1930, as part of the activities of the 1988 Homecoming. The party will be starting at 5:00 p.m. October 7, 1988, in the dining room of the Family Life Center of the First Baptist Church.

The dinner will begin at 5:30 and will include barbecued beef, sausage, and a generous assortment of other items such as salads, vegetables, and desert. The price of the meal will be \$5.00 per person and will include the catering service and other minor expenses. A collection will be taken to be given to the church for expenses incurred in providing the meeting place.

Each former class member is urged to bring their husband or wife, or special friend. Former members of the faculty who were teaching members of the class or

## Reunion Planned For Class of '53

The Santa Anna High School graduating class of 1953 will meet for their 25th year reunion in the Mountain City Center in the high-rise at 1 p.m. on Saturday, October 8.

Class members are urged to make plans to attend and pass the word around to all others. You are also encouraged to take part in the other homecoming activities that are scheduled for Friday and Saturday, Oct. 7 & 8, that will include lunch with the Band Boosters at the school cafeteria on Saturday.

Others who were in school with the class are invited to come by and visit with.

## PTO To Give Away Color Television

The Santa Anna PTO (Parents and Teachers Organization) will give away a 19" color television during the halftime of the Homecoming Football game, October 7.

Any 7th or 8th grade student will have tickets available for a donation to the club. Tickets will also be available at the PTO bake sale to be held on Friday, Oct. 7. Donations may be made to PTO members up to and during the Homecoming halftime activities until the time of the drawing.

## A Frontiersman's Inauguration

Early next year, we will inaugurate a new president of the United States at the Capitol in Washington, D.C. Whether it is a Democrat or Republican, the inauguration is certain to be an event marked by a serious speech, a parade down Pennsylvania Avenue and extremely high security. Some recent presidents have tried to break this mold — Jimmy Carter walked the inaugural parade route in 1977 — but no matter how hard the new president tries to bring his inauguration to the people, nothing will ever match Andrew Jackson's presidential inauguration of 1829.

Jackson, a national hero for leading the American forces to victory in the Battle of New Orleans in the War of 1812, ran for president in 1828 as the people's candidate. Born in a log cabin in what is now North Carolina, he was a true frontiersman and appealed to the common man. Affectionately known as "Old Hickory," he was the first president of the United States who was not from either Virginia or Massachusetts.

On March 4, 1829, a huge crowd of the common people who helped make Jackson president came to Washington, D.C., for his inauguration. What happened was very different from any of the inaugurations that had come before — or since.

"When the speech was over and the president made his parting bow, the barrier that had separated the people from him was broken down, and they rushed up the steps all eager to shake hands with him," a contemporary of Jackson's recalled years later. "It was with difficulty that he made his way through the Capitol and down the hill to the gateway that opens on the avenue."

Jackson mounted his horse for his inaugural ride down Pennsylvania Avenue to the White House, the throng trailing behind him. When the mob reached the White House, where Jackson was to give a reception for government officials, it did not stop. Frontiersmen, backwoodsmen, laborers and war veterans forced their way into the White House to celebrate the inauguration of their hero. Some stood on fancy chairs in their muddy boots to see Jackson while others pushed aside members of Congress and their wives to get to tables of food, smashing White House china.

The new president was pushed up against the wall by the tide of well-wishers and had to be protected by a ring of friends who linked arms to create a barrier around him. He eventually was forced to escape the White House through a back door. The partying crowd, however, did not leave until their square-dancing was done several hours later. **ll**

## Republican Women Organize In County

Twenty-one Republican Women attended a salad supper on Tuesday evening, Sept. 6th. A special guest was Mrs. Claire Johnson from Abilene who was a delegate to the Republican National Convention in New Orleans.

Mrs. Johnson told some of the highlights of the convention and her thrill at hearing George Bush and Dan Quayle speak. Many of those attending the meeting in Coleman had seen Mrs. Johnson being interviewed by some of the national commentators during the convention. She told of her frustration at being deliberately misquoted by some of those TV personalities, almost reversing her enthusiastic endorsement of Dan Quayle.

Also present for the salad supper were Mrs. Belinda Coyer and Mrs. Ruby Ray of Brownwood who work with the Republican women there. These knowledgeable guests encouraged the Coleman County women to form a local Republican Women's organization.

Dues were collected and officers were elected as follows: president, V.J. Kemper Horn; vice-president, Doodie Knox; secretary, Virginia McGuire; treasurer, Jean Horne. Several committees were chosen and future plans were made.

Anyone interested in joining the Coleman County Republican Women may contact one of the officers named above or call 625-5794. Meeting will be the first Tuesday evening of every month.

## Guthrie Named To TSU Cast

Monte Guthrie, a Tarleton State University sophomore from Santa Anna, has been named to the cast of "Romeo and Juliet" to be presented September 29, 30, and Oct. 1 in the Theater of the Clyde H. Wells Fine Arts Center at TSU. The production opens the 1988-89 season for the Tarleton Players with performances scheduled nightly at 7:30 and a matinee set for Saturday at 2 p.m.

Reservations and ticket information is available by calling 817-968-9634.

Guthrie is the son of Sandra and Monte Guthrie III of Santa Anna and is a 1987 graduate of Santa Anna High School.

## Johnny Applesseed

Although he is now thought of as just a figure in American folklore, there really was a Johnny Applesseed. Born John Chapman Sept. 26, 1774, "Johnny Applesseed" crisscrossed our young country planting orchards and befriending wild animals. To this day, orchards are pointed out as having been "planted by Johnny Applesseed."

Regarded as a powerful medicine man, Johnny Applesseed won the respect of the American Indians he encountered during his travels. He died in Indiana on March 11, 1847. **ll**

## State School Board Candidates Visit Last Week

The Republican and Democrat candidates for the State Board of Education for this district were in Santa Anna on Tuesday night of last week to visit with teachers and other interested persons and to present their views on various issues that face the voters concerning the Texas schools as well as the local schools.

The two men seemed to be very close together on some issues and far apart on others.

Questions asked the two by voters present, concerned a wide number of issues including the controversial no-pass, no-play; teacher pay; the career ladder; drop outs; and the possibility of three year-olds in the classroom, among others.

Both seemed to agree that the career ladder was not doing what it was intended to do and seemed to fault the legislature on that one, for not providing funds to carry out the mandates of the state. No conclusion seemed to be drawn as to how to fix the situation except that the state needed to help fund the program.

Dorsett even went so far as to say that he believed the schools are going to have to have money from sources other than ad-valorem taxes.

Both candidates thought the no-pass, no-play mandate needed revision. Both gave some examples they thought might work better than the current system, like the shortening of the penalty period for

the student. Both agreeing that three weeks is a sufficient penalty time Hudson stated that he thought the students should be evaluated weekly. Dorsett suggested that a

plan similar to that used by colleges might work, based on an overall average rather than one grade. Hudson likes the idea of credits for each grade and just as long as the student is on course for the number of credits he should have attained at any given time,

should be allowed to participate in extracurricular activities.

The point was brought out that some students might take less difficult subjects in order to assure themselves of passing and forego the subjects they might really need to be taking to plan for a future.

Dorsett explained that he was not opposed to the possibility of three year olds in the public classroom, and thought it was an idea to be looked into, but would like to take a look at the proposal put forth by Lt. Governor Bill Hobby after the money to fund it has been put up front.

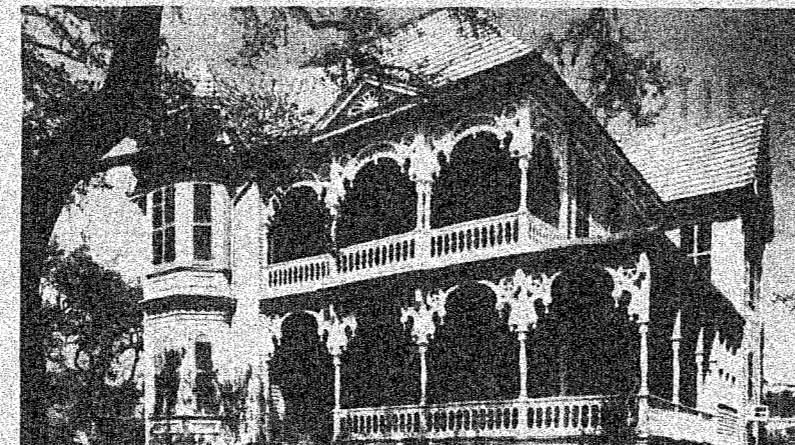

Hudson's thought on that subject was that the schools "can not take on raising kids".

Both were in favor of not consolidating schools but in strengthening the smaller schools and agreed teacher pay needed to be raised but gave no concrete ideas how it might be done.

School drop outs and the drug problem were of great concern to both candidates.

During the Middle Ages, the year began at various dates in different times and places. In England it was not until 1751 that January was restored to its place as first month, as it had been during the Roman era.

Galveston's 40-block East End Historical District was once home to the city fathers, well-to-do merchants and professionals of this coastal town during its heyday in the late 1800s. Many homes are about 100 years old, but some date back to the 1850s. While some of the structures represent better-known architectural styles such as Greek Revival and Queen Anne, most have been unofficially classified as Galvestonian Victorian. The entire district has been designated as a National Historic Landmark and has been placed on the National Register of Historic Places. Tourism Division, Texas Department of Commerce photo.

## Beautiful New Texas Travel Guide Now Available Free

Charging, splashing, larger-than-life mustangs have greeted visitors to Las Colinas, near Dallas, for years. Now, the majestic sculpture also brands the cover of *TEXAS*, an all-new travel guide just released by the State Department of Highways and Public Transportation.

Information for obtaining a free copy of the book is listed at the close of this article and this editor, after having seen the book, highly recommends that you not delay in writing for your free copy. It will be something you certainly will treasure even if your travels are only through the pages of beautiful pictures.

Don Clark of the department's Travel and Information Division called the new book "a comprehensive travel guide to the Lone Star State." He said it will be a primary tool for increasing tourism to and within Texas.

"We know what Texas deserves," said Clark, "and we've been aiming at this for five years...the finest state travel guide ever produces in the United States."

Clark concluded, "The Lone Star is on the rise again!"

The 248 page book was released to 500 travel industry professionals last week at the Texas Travel Summit in San Antonio. Rita Clements, chairperson of the Texas Tourism Advisory Committee, received a special first edition.

With more than 600 color pictures and descriptive text, the book is designed to inspire explorations of the great reaches of Texas. Keyed to grid codes of Texas' official travel map, the book's lavish details describe museums and historical sites, recreational opportunities at state and national parks, lakes and coastal beaches, and public tours of caverns and Texas wineries.

The book pictures bustling cities, eerie ghost towns, desert dunes, soaring mountains, and moss-draped wildlife sanctuaries in every corner of the State. Special bonus selections deal with Texas flowers, birds, climate, and fresh and saltwater fishing. Travelers will

also find tidbits about Texas history and folklore, little-known Texas facts, and travel into Mexico.

The New Texas State Travel Guide joins a family of travel-planning literature produced by the highway department. Free individual copies can be picked up at any of the state's 12 Texas Tourist Bureaus, or by writing Texas Travel Guide, Box 5064, Austin, Texas 78763.

## Local Funeral Home Owners To Open Bangs Funeral Home

Jim and Dorothy Eisenhower, owners of Santa Anna Funeral Home are making plans to expand their business interests to Bangs.

They have acquired the old Ferrin property located at the corner of Hall and Bell streets in Bangs where they will locate Bangs Funeral Home.

Remodeling is expected to begin soon and the opening will be announced once the remodeling has been completed, Eisenhower said.

According to Eisenhower, the new funeral home will offer ambulance service, monuments and pre-arranged funerals for those desiring those services.

# Mountaineers Mauled By Baird Bears

## Another Tough One Against Gorman Friday In Mountaineer Stadium 8:00

The Santa Anna Mountaineers took it on the chin 39-8 from the Bears last Friday night in Baird. Baird was ranked # 7 in the state going into last week's action and they lived up to that ranking according to their performance on the football field Friday night.

Coach Sandy McSpadden said that after having reviewed the game film, he was pleased as could be with some individual performances from the Mountaineers. Even in the defeat, he saw that some had outstanding games. "Coach Magen set up the defense and the object was to get to their quarterback and we did

that," said McSpadden. We caused them to fumble 5 times and we recovered three of them. Anytime you are hitting them hard enough to cause those fumbles, someone is doing his job."

McSpadden complimented Scott Anderson, Bradley Wise, Sammy Ramirez, and Bobby DeLeon for their fine defensive effort.

In the secondary, James Hartman and Jody Purcell both did some outstanding work.

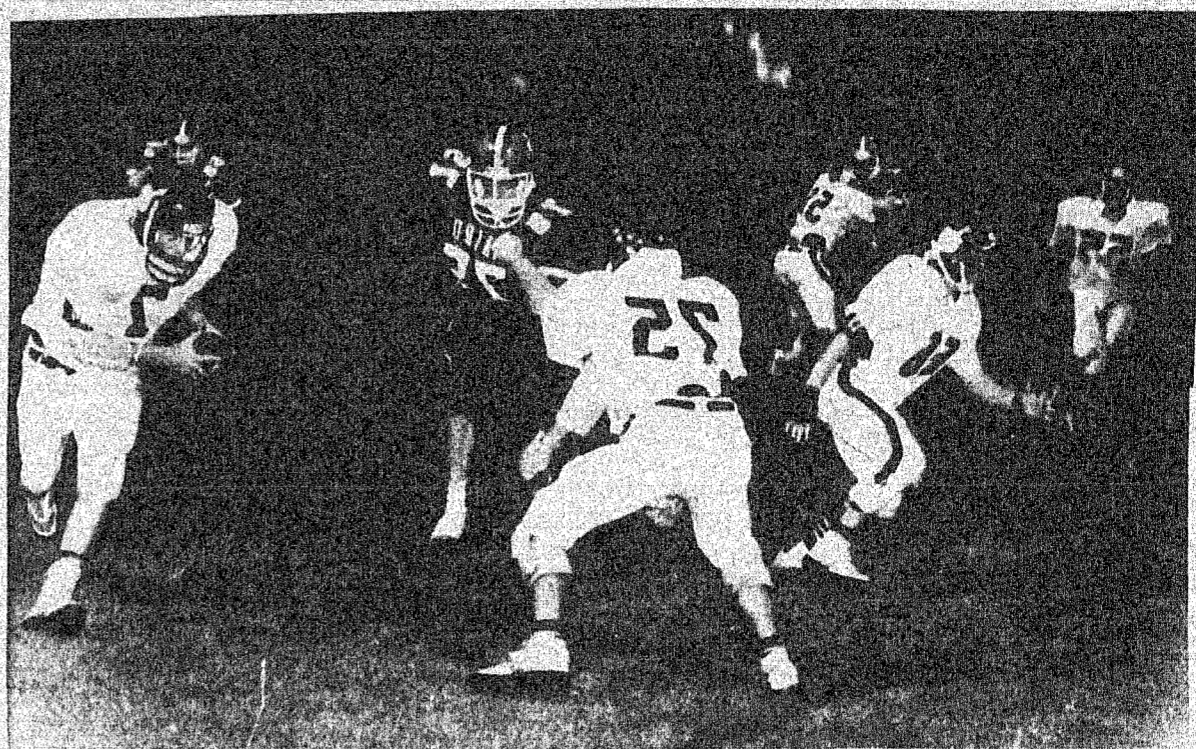

"We just didn't shut them down, nor has anyone else", he added. Baird's perfect record stayed that way as Kelly Corn and Burke

Robison combined for 333 yards rushing. The coach added that every time Santa Anna got something started, "They just shut us down".

Baird led 13-0 at halftime but broke the game open in the third quarter by scoring 20 points, and then scored another 6 points in the fourth.

Santa Anna's only TD came in the fourth quarter when Bobby DeLeon recovered Reece McIver's blocked punt, in the Baird end zone for 6 points and then he caught a pass from Hartman for the two-point conversion.

### Citizen Of The Week

The Citizen of the Week at Santa Anna High School is Janet Morris. Janet is new to the school, yet she is very involved in any activity taking place at the school. For example, she ran for class officer this past week, is a member of the annual staff, and is very busy selling ads for the annual to make it a success. She is always friendly and has a smile on her face. Janet is very enthusiastic about everything she does and is willing to help everyone. She serves as office aid at the high school and is very cooperative with members of the staff when called upon to do something.

We at Santa Anna High School feel fortunate to have Janet as a member of our student body as well as being chosen as Citizen of the week.

during the game just took Hartman's passing game out of the offense. The strategy just never did gel because of the rain and because Baird is legitimately ranked as high as they are, according to the head coach. "We did pretty good to hold them to 13 points in the first half" McSpadden said. Baird was ahead 27-0 at halftime when they beat # 9 ranked Cross Plains the week before.

After all was said and done, McSpadden continued to be optimistic. He declares that the Mountaineers were just beaten by a better team but are improving each game and should they have another chance, they just might beat Rising Star or Baird in a second chance setting. He believes playing the tough teams is good for the Mountaineers in their preparation for district play.

### 5th Quarter Fellowship

The First Baptist Church will sponsor a 5th Quarter fellowship at the Christian Life Center of the church following the football game Friday night.

All high school and junior high school students are invited to attend. Refreshments will be served and there will be an opportunity for visiting with fellow students.

They come up against situations that can only help them improve. No one was hurt in the Baird game, even though some are "bruised pretty good".

Talking to the Baird Coach, Quinn Conley, Saturday morning, McSpadden was told that Santa Anna was the most aggressive and hardest hitting team Baird had faced this year. Conley spoke well of the play of the young Mountaineer team, referring to the fact that the Bears are for the most part, seniors.

McSpadden says he had rather be 2-3 or 3-2 going into district play and knowing they have played some tough teams than to be 5-0 and after having played the weaker teams. "The Only way you better yourself is to play the best", he comments.

The Mountaineers face another tough assignment when they meet Gorman this Friday night here in Santa Anna.

McSpadden says they have a good scouting report from Gorman, and they are certainly another good ball club. Friday's action will be a good tune up for district play which begins next week here in Santa Anna when the Mountaineers play host to Miles in the Homecoming game.

### Setting Limits For Children Necessary

Children need to explore, feel, touch, experience, be messy, noisy and even skip a meal if they're not hungry. However, children aren't really comfortable with complete freedom to do as they please, according to child development researchers.

Children who are granted complete freedom are often anxious, over-active and ill at ease, not knowing how to handle all their freedom and power.

They want to be protected from harm. They crave the security, warmth and friendship of the home. Despite what they may say, they actually want parents to be consistent in setting limits on their potentially dangerous behavior.

Limit setting is also in order if the child's behavior interferes with the comfort and rights of others. Children want to be stopped when flirting with danger, and want to be sent to bed when they can no longer propel their exhausted little bodies about, or when they try to consume too much or the wrong kinds of foods.

When disciplining, the message to the child should be "I like you, but I don't like or approve of what you are doing." Limits may be one of the greatest gifts parents can give a growing child.

### Junior High In Action

Picture at left shows the Jr. High in action against Baird here last Thursday. They plan to keep their untarnished record in tact when they travel to Gorman tonight (Thursday). #54 is Johnny Diaz. The other black shirted Jr. Mountaineers are unidentifiable.

# Junior Mountaineers Extend Winning Streak

## Looking For Another Win At Gorman Thursday

By Dean Bass

The Junior Mountaineers, who have not lost a football game since 1985, won their second game of the season Thursday, Sept. 22, 1988. Much of the success belongs to the outstanding Mountaineer defense who held the Baird Bears to a minus three yards for the game. The offense, who played very well, never really managed to establish a consistent attack.

Vicente Frausto started the excitement on the first play of the game by scoring on a 60-yard run. The Mountaineers were penalized on the extra point attempt and failed to convert the two-point play. In the middle of the first quarter, Rusty Fleeman blocked a punt which set up Santa Anna's second TD. Good running by Carlos Garza and Vicente Frausto moved the ball to Baird's 15-yard line as the quarter came to an end.

On the first play of the second quarter, Vicente scored on a 15-yard touchdown run. The score remained 12-0 after an unsuccessful PAT. The Mountaineer defense gave Santa Anna two more scoring opportunities before the half time but unfortunately, the Mountaineers could not take advantage of the opportunities.

The final score came during the third quarter. Once again it was Vicente Frausto breaking loose for the score. He raced 71 yards for his third TD of the game. Carlos Garza scored the PAT to bring the final score to 20-0.

All the Mounties played extremely well defensively. They blocked punts, caused fumbles, and limited a very good Baird team to minus three yards total offense. The defense was led by Rusty Fleeman with a blocked punt and 12 tackles.

Keith Morris had 7 tackles and Vicente had 6. Paul Morris had four tackles and 2 fumble recoveries, followed by Roy Shields with 5 tackles. Bobby Diaz - 5, and Johnny Diaz with 5. Others who played well were Wesley Dockery, Glen Donham, Tony DeLeon, Roger Guerrero, Carlos Garza, Netza Siller, Michael DeLeon and Mitch Guhrig.

The offense was led by Vicente who received good blocking from the Mountie Machine. Vicente had 189 yards and three touchdowns.

The Junior Mountaineers will travel to Gorman This week for a 6:30 ball game Thursday evening.

**LOOK OUT, HERE THEY COME!** Gary Keas (89) member of the Mountaineer J.V. Squad is seen making yardage as a Baird Bears close in during a

J.V. matchup last Thursday evening. Santa Anna won the game 33-0. The J.V. squad will play this week and will travel to Miles this Thursday for a 7:30 game.

## First and Ninth Grade Students Receive Books

Last week ninth grade students in Santa Anna High School received copies of the book **BE THE BEST YOU CAN BE**. These books are handsomely bound and illustrated in full-color. They are a collection of eight short stories which reinforce traditional moral values.

This Friday first grade students will receive copies of **MY FAVORITE BOOK**. This book illustrates the beauty of the child's world and the people who are in it.

These books are part of the Youth Awareness Program which is trying to provide a positive influence in the lives of our young people. The civic-minded leaders who are sponsoring this program see it as a valuable contribution toward the development of the young people in the community. Books for the first graders were furnished by Scott and Barbara Patterson of Patterson Insurance Agency. Books for the ninth graders were furnished by Jim Laubhan and Employees of Art Fabrics and by Mike and Lana Korzenewski of Stevens Funeral Home.

## Tax Board Reports 1988 Taxes 98% Collected

The September meeting of the Coleman County Tax Appraisal District Board was held on Monday at the Tax office in Coleman. Barbara Kingsbery, chairman, led the meeting. Other directors present were Richard Johnson and Lang C. Martin. Absent were Jake McCreary and Dwight Nanny. Also present was Bill Jones, Chief Appraiser for the district.

Minutes of the previous meeting were read and approved, bill and accounts for the past month were reviewed and approved as paid.

Mr Jones presented the monthly financial report and gave an update on collections. The 1988 tax collections are above those of this date last year, totaling 98%. This figure includes delinquent taxes from prior years.

Mr Jones reported that the tax rolls have been updated, with new appraisals noted where property has been added or changed. Tax District employees have been all over the

county during the past two months getting the appraisals up-to-date. Mr Jones noted that there have been only a few new residences built during the past year, but a number of renovations or minor additions to existing homes.

It was announced that a representative of the Thomas Y. Pickett Company will be at the October meeting to secure a contract for mineral, utility and commercial appraisals for the next two years.

Mr Jones also distributed the list of entities and their pro-rated assessment for the tax district budget.

The next meeting will be Monday, October 10.

## The Bloodiest Day

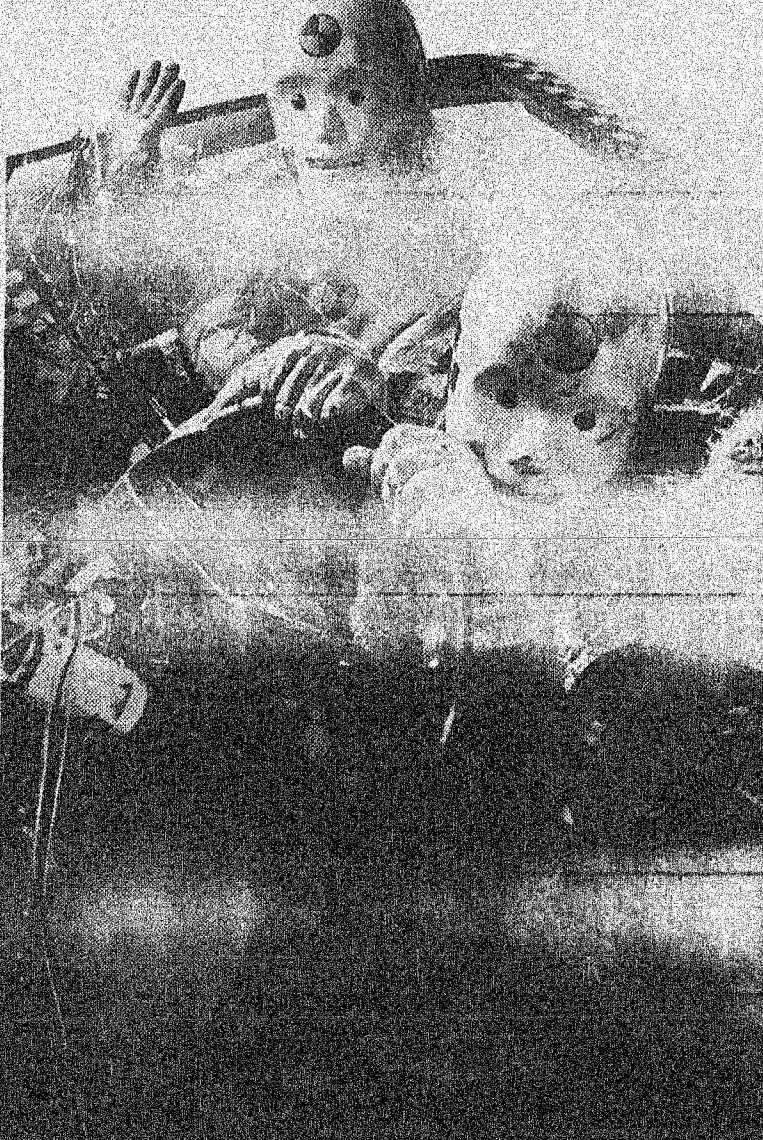

On Sept. 17, 1862, more than 25,000 Union and Confederate troops died or were wounded on the banks of Antietam Creek near Sharpsburg, Md. It was the single bloodiest day of the Civil War.

The Confederate forces commanded by Gen. Robert E. Lee invaded Maryland early in September. A copy of Lee's secret orders, wrapped around several cigars and dropped by some Confederate courier or officer, was discovered by men from Gen. George C. McClellan's army. The lost orders enabled McClellan to surprise Lee's troops, which were scattered and badly outnumbered.

Although Confederate partisans called the battle a draw, it was a major strategic defeat for the South. The invasion of the North ended when Lee pulled his army back to Virginia following the battle that Southerners named Sharpsburg and Northerners called Antietam.

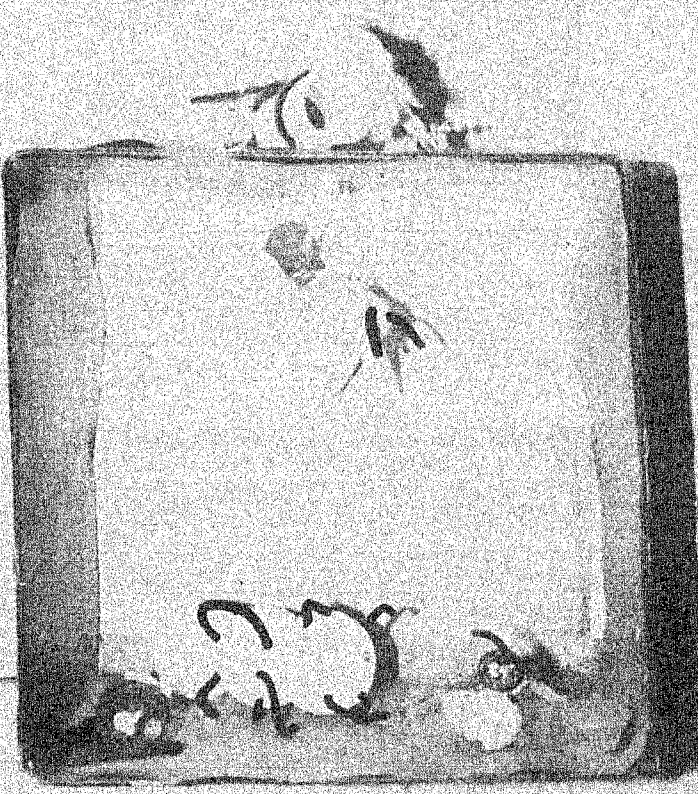

England and France, which had been considering recognizing the Confederacy as a legitimate government, saw the battle as reason not to become involved in the politics of the Civil War. Five days after the battle, President Abraham Lincoln announced his plans to issue the Emancipation Proclamation, which freed all slaves held in states that seceded from the Union. **ll**

## Band Boosters Will Serve Homecoming Luncheon, Oct. 8

Those making plans to attend the Santa Anna Ex-Student Homecoming October 7&8 are urged to keep in mind that the Santa Anna Band Boosters will be serving a meal at noon on Saturday. This is the primary fund-raising event for the local group and all funds raised are used to benefit the band program.

Those planning class reunions may contact Gary Absher to have a room reserved for your group if you wish to eat separately from the others. Arrangements may also be made for special decorations for groups.

Your patronage of this luncheon will be very much appreciated by members of the group and by the Mighty Mountaineer Band.

## Ice Cream Cones: 85th Anniversary

That all-American treat, the ice cream cone, is 85 years old this year. On Sept. 22, 1903, Italo Marchiony, an Italian immigrant, applied for a patent for his new invention, the ice cream cone. He was issued a patent on Dec. 15, 1903.

Marchiony invented the cone to hold the lemon ice he sold from a fleet of pushcarts in New York City. Although his first cones were made of paper, he switched to using rolled waffles. The edible ice cream cone has continued to grow in popularity ever since. **ll**

The reason there are so many surnames of Smith today is that during the Middle Ages the name was used for all metalworkers, or smiths, which means "to beat."

## Santa Anna 4-H Club to Organize

The Santa Anna 4-H Club will hold its October meeting on Monday, October 10th, at 6:30 p.m. in the Coleman County Telephone Co-Op Meeting Room in Santa Anna. We encourage all kids 3rd grade through age 19 to join the 4-H club program.

4-H is an organization that everyone can join and learn in. It also allows you to participate in some 70 different project areas. So, come out and see what we have for you.

We are also needing several 4-H leaders for our Santa Anna Club and if we cannot get volunteers from Santa Anna to help us with the 4-H program in that area, we will have to discontinue the club program and no one wants to see that happen. So, leaders and kids come join the fun of 4-H, because 4-H is what you make it.

If you have any questions, feel free to call the Extension Office at 625-4519.

By Mrs. Tom Rutherford

My grandson, Todd Rutherford, visited with me Sunday afternoon. Toss, his mother and grandmother of Bangs were at Dumas and Stratford from Wednesday to Saturday attending memorial services for his mother's sister who was found dead in her home in Dumas Tuesday morning. She was buried in the Stratford Cemetery.

Mr and Mrs Randel Lovelady and girls of Brownwood were dinner guest of his parents, Mr and Mrs Darwin Lovelady in Santa Anna Saturday.

We are sorry to hear Mrs Maye McFarlin had eye surgery in Brownwood the past Thursday morning. She spent Thursday night with her daughter, Mr and Mrs George Daniel Wheately.

Little mister Yancy Otts spent Wednesday and Friday nights with his grandparents, Leon and Billy Griffin and his uncle Bryan of the Gouldbusk area.

Mr Leon carter visited with his sister Lorene Black in Brownwood Sunday.

Mr Douglas Avant of Brady was in the Avant farm here Saturday and visited with his mother, Mrs Pearl Avant in Santa Anna before returning home.

Mr and Mrs Jamie Lee Morris and daughter of DeLeon were with his parents Saturday.

Mr and Mrs Elcc Cooper of Rockwood visited with Mr and Mrs Darwin Lovelady Wednesday afternoon.

Mr and Mrs George Daniel Wheately and Mr Richard Dilling-

ham visited with Mrs May McFarlin Saturday Morning.

Mr and Mrs Amon Otts and Yancy spent the weekend with his parents, grandparents and other relatives at Throgmorton. Mr Otts participated in a Ranch Rodeo at Olney Texas during the week end. They came home Monday morning.

Mr and Mrs Graham Fitzpatrick attended the musical at Echo Saturday night and reported it was really good. They enjoyed it a lot.

Hilary and I enjoyed a chat in the road Saturday afternoon with Mr Rex Turney and Nick Buse.

Sunday guest of Mr and Mrs Floyd Morris was Mrs Mina Morris and son Mike of Brady and another son Billy who is visiting his parents in Brady from California.

My son Hilary of Coleman was on vacation last week and was with me several days during the week doing much needed work. He was with me Saturday.

Mrs Pittard and Mrs Bill Lowery are helping Mrs McFarlin. Doctoring and dressing her eye. Visitors with Mrs McFarlin have been these ladies daily (when one don't come, the other one does), also Letha Martin and Velda Mills. How could we live without friends?

Mr Loyd Rutherford visited Sunday afternoon in the home of Mr and Mrs Don Bible and with some one he knew in years past who was in the Bible home.

Doris Ruth Stearnes of Brownwood visited with Mr and Mrs Darwin Lovelady Friday afternoon.

Our community received no rain at all during the past week.

### Over-The-Counter Medicines: An Expanding Role in Health Care

Self-Care/self-medication will play an important role in America's future, according to discussions during a recent symposium on the future role of self-care, which was held in the Washington, D.C. area last February.

Some nonprescription drugs are doing more than relieving symptoms of minor, self-limiting conditions. "Some cure," said Food and Drug Commissioner Frank E. Young, M.D., Ph.D. "Others prevent diseases...Still others help people manage chronic conditions...after professional diagnosis and professional or carefully taught self-monitoring."

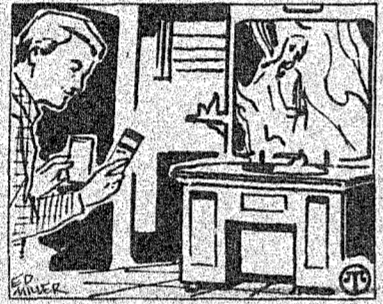

Young predicted an expanding role for OTC medicines as they continue to gain the acceptance of health professionals and consumers and as science defines risks and benefits more precisely.

Rep. Henry A. Waxman (D-Calif.), chairman of the health subcommittee of the U.S. House of Representatives, observed that there is a new generation of Americans today "who seek a life with minimal reliance upon expensive and sophisticated medical care services." He noted that

Today's quality nonprescription medicines are labeled with all the information needed for proper use.

consumers like to be in control of minor health care decisions: "As a result, there is a \$9 billion over-the-counter market for drugs...important from a health and economic standpoint."

OTC's value goes far beyond convenience; it represents savings not only to individual consumers but to the U.S. health care system as a whole. A study released during the symposium estimated that OTCs represent a savings of at least \$10 billion a year in today's market in alternative health care if OTCs were not available.

## Retirees Should File Early For Social Security Check

People who are planning to retire around the first of the year should not wait until then to contact Social Security.

To have their checks on schedule, Social Security recommends that applicants file about three months before the month they stop work.

Filing ahead of time gives the applicant time to resolve any problems that may crop up, officials state. Such problems may range from a discrepancy in available proofs of age to inability to establish the relationship of spouse and children.

A person applying for retirement benefits must be able to establish that he or she will be at least 62 years old when benefits are to start. If a spouse and children are also involved, the applicant will need a marriage license and birth certificates to establish the relationships. Other proofs may be needed if there

have been previous marriages, or if there are minor children outside the present marriage.

The preferred proof of age is an official birth certificate or a baptismal certificate issued before age 5. If these are not available, a combination of other evidence may be acceptable.

The Social Security office will help a person secure any necessary proofs that are not immediately available.

A person may file for retirement benefits at any Social Security office. A claim may be filed by phone or mail as well as in person.

A person should call ahead to make an appointment to apply for benefits at his or her convenience. The best times to call are during the last two weeks of the month, in the afternoon.

The Brownwood Social Security office number is 915-646-7533.

The Baptist minister will preach next Sunday at 11 a.m. His name is Pete Suukneck.

Last Sunday we had a big day at Church at Trickham. Rev James Gilbert the Presbyterian minister preached at 11 a.m. Sunday School was at 10 a.m. and a good dinner was served at the community center at noon. There was a nice crowd out for church and dinner.

Saturday Annelle Clark and Pauline Eubanks visited me and Sunday evening Debra Boyet and two children and Linda Dunn and Sara visited me.

Ilene Haynes spent Saturday night with Lou Vaughn. Sunday evening Carrie Stacy and Bill and Tavy Marie Heidbrier came to see Lou.

Saturday Genia McIver, Ilene Haynes and Reba Cozart and Lou Vaughn went to Bangs and visited

Mattie and Jim Limbery and Mary Ola and Elmer Woods.

Last Wednesday the Bridge club met with Natalie McIver, Lou Vaughn, Mary Lou Jones, Russie James and Thelma Fleming present.

Doyle McIver visited Genia McIver Tuesday evening.

Leona Henderson visited Sug Stearns Sunday evening.

The 84 party was held Thursday night at 6 p.m. There were 19 present and all had a good time. Natalie McIver was hostess.

We were glad to Carrie Stacy and Bill and Tavy Marie Heidbrier here for the day. Also Reba and Elvis Cozart were here and Virgil and Marie Lancaster from Santa Anna and a good crowd from Trickham.

### Gas Facts: Fossil Fuels

Natural gas is a fossil fuel composed almost entirely of methane. Other fossil fuels are coal and oil. Natural gas is by far the cleanest burning of the three, according to the American Gas Association.

The first use of natural gas in America occurred in 1816, when gaslights illuminated the streets of Baltimore, Md. Today the natural gas industry serves more than 166 million consumers in all 50 states.

Currently, oil holds the largest share of U.S. energy consumption—about 40 percent of the entire market. Natural gas provides about 25 percent, coal 23 percent, hydropower five percent and nuclear energy six percent.

However, about 40 percent of the oil Americans use is imported, while over 95 percent of the natural gas consumers use is produced domestically.

## CONSUMER ALERT

by **Jim Mattox**  
Attorney General

## Rights of Handicapped Motorists

There are state tax exemptions for orthopedically handicapped motorists. These exemptions come into play in the sale of vehicles equipped with specialized equipment needed to accommodate a handicapped driver or passenger.

### WHAT THE LAW SAYS

The first consideration to be made is whether the person seeking the exemption comes within the definition of "orthopedically handicapped." The definition is broad. Any person who has limited movement of body extremities or loss of physical functions to the extent that the person is unable to drive or be driven in a motor vehicle without special modifications is considered orthopedically handicapped.

The law previously provided for a sales tax exemption for only those people who were handicapped drivers. However, the exemption has since been expanded to benefit people who transport the orthopedically handicapped. In addition, if specially modified vehicles are bought by partnerships, corporations or other business associations, an exemption may be obtained.

### QUALIFICATIONS

To qualify for an exemption from the four percent (4%) motor vehicle sales tax, three requirements must be met:

- (1) the vehicle must be driven for or by an orthopedically handicapped person;
- (2) the vehicle must require modification of conventional foot brakes, accelerator pedal or steering wheel to facilitate driving by an orthopedically handicapped person; or
- (3) the vehicle must require some other device such as a wheelchair lift, hoist, or ramp, or special seat restraints, without which the orthopedically handicapped person could not reasonably enter the vehicle, drive or ride as a passenger.

The only boxer to win two titles in one Olympic meet was Oliver L. Kirk of the U.S. who took both bantam and featherweight titles in 1904.

### WHAT TO DO

Claiming the exemption is relatively simple. A handicapped person wishing to claim the sales tax exemption on a vehicle that he or she will operate must present the county tax assessor-collector with either a restricted Texas Driver's License showing the person to be so physically impaired as to be unable to drive an unmodified vehicle, or an invoice from the installer of the special equipment showing the vehicle had been modified so the handicapped driver may enter the vehicle.

If the person seeking the exemption is someone who transports an orthopedically handicapped person, then he or she must present to the county tax assessor-collector an invoice or other document from the installer of the special equipment which includes a description of the equipment and the vehicle being modified.

In the event the vehicle had not been modified prior to registration, a sworn statement on the application for Texas Certificate of Title may be made describing the planned modification, as well as naming the person who is to make the modification.

There are other benefits available to the disabled person, including special license tags, insignia designating the vehicle as belonging to a disabled person, and special license plates for qualified veterans. For more information regarding the benefits extended to the motion-impaired citizens of our state, interested persons should contact the local Comptroller's office.

## Parents Are Most Important Teachers

By Meredith Murphy  
Texas Education Agency Staff

Research has proven that children's chances for success in school are much better when their parents get involved in their education.

So important is parental involvement to education that the State Board of Education made improved parental and community involvement a major goal of its Long-Range Plan for Texas Public School Education.

To what extent a parent chooses to get involved makes little difference to a child's school success as long as the parent shows an interest, according to Joe Lopez, program director at the Texas Education Agency.

"There is some evidence that shows that it doesn't matter what level of involvement a parent takes as long as he or she supports what the school is doing," Lopez says.

Much of the assistance parents can give their children at home is developmental, says Lopez, and includes such tasks as teaching a child to count by using pots and pans or helping a child learn to read by selecting books at the library and reading them aloud together.

Lopez says that even parents who may be undereducated themselves can still find many things they can do to help their children.

"These parents make a difference when they encourage their children to finish their homework, make sure they have a good breakfast and that they get to school on time and attend regularly," Lopez says.

In addition, the staff of the TEA has prepared a list of some simple, everyday things parents can do to help their children succeed in school. These include:

- Speak to your child about the importance of a good education.

Children should learn to respect school.

- Get to know your child's teacher and the school principal. It's important to meet your child's teachers at the beginning of the school year and let them know you care.

- Help your child's teacher by reinforcing the importance of following school rules to your child. Talk about discipline, especially self-discipline.

- See that homework is done every day. Check to see that homework is done correctly and provide a quiet place for your child to study. Be sure your child remembers to take homework to school each morning.

- Provide your child with breakfast each day and make sure your child is at school on time.

- Parents can also help their children become better readers. Become an example for your child by reading newspapers, magazines or books from time to time.

- Take your children to the library. Schedule trips regularly to get books for your child to read.

- Talk to your child often. Make your child a partner in all your conversations and encourage and praise your child often.

- Ask teachers to help choose books that are on your child's reading level. Read to your child and encourage your child to read aloud.

- Encourage your child to write. Writing is important to reading. Have pens, pencils, crayons and paper available.

### TEXAS TRIVIA

Until the 1930s, one of the busiest hostels in many Texas

towns was the local wagonyard. For charges that ranged from four bits to \$1.50, a family, its wagon, and up to two horses or mules could have a haven for the night. The Camp Street Yard in Dallas was busy for half a century, and Denison's Woodard Street Wagon Yard served customers through the Depression.

Students at Seguin's now defunct old Montgomery Institute had to memorize a page from the Bible and one from the dictionary each day.

Play learning games with your child. Ask your child's teacher to recommend sight word cards, puzzles and other learning materials that make learning fun.

If you feel your child has trouble learning at school, contact your child's teacher and school officials.

Investigate whether your child needs special education classes. Through conferences, it can be determined whether your child should participate in special classes.

Finally, parents should always remember that they are their children's most important and influential teachers.

### Is there a connection between dietary fat and cancer as there is with heart disease and fat?

Recent studies seem to indicate that too much fat in your diet (both animal and plant) may increase the risk for developing cancer of the colon, breast, endometrium and prostate.

Cutting down on fat is one of the easiest cancer prevention actions you can take. Start by thinking about substitutes. Replace whole milk with skim. Use reduced-fat margarine instead of butter. Spray your pans with vegetable spray instead of frying in butter or oil.

Look for the products marked "light" in the grocery store. Light mayonnaise, light cream cheese and light sour cream all have about half the fat of their regular counterparts.

Most people think of chicken as a low-fat substitute for red meat, but it is only low in fat if you remove the skin and fat, and don't fry it in butter or oil. You can actually eliminate about two-thirds of the calories in a whole chicken just by removing the skin and fat before cooking it.

A high-fat diet is as much a habit as anything else. To look and feel better, it is a habit that we all should break.

We had 3/10ths of an inch of rain on Friday night which seems to be about what everybody else had. We are all grateful for this rain even though everybody would really like to see a three inch rain fill up the tanks which are very low on water. I guess we will take all the rain that we get.

**Ginger Broiled Fish**

Fish is low in calories and can be prepared for any meal. This recipe is especially delicious for light lunches and Summer brunches.

2 lbs.	fresh or frozen fish pieces or steaks, about 3/4 of an inch thick	1 1/2 tsp.	instant minced onion
		3/4 tsp.	ginger
3/4 cup	dry white wine	1/2 tsp.	horseradish
3 tbsp.	oil	1 tbsp.	soy sauce

Preheat broiler for five minutes. Cut fish into six serving portions; arrange in a single layer in a well-oiled, preheated pan.

Combine all ingredients except fish. Pour sauce over fish and broil 10 to 12 minutes about two inches from the heat, turning once and basting several times. Fish is done when it flakes easily with a fork.
