18th Amendment Repealed Tuesday

Carolinas in Dry Column 3 Favor Repeal

NEW YORK, Nov. 8.—(AP)—The eighteenth amendment to the national constitution has been ousted with Ohio, Pennsylvania and Utah voting in favor of repeal to give the quota of 36 states needed. Utah voted two to one for repeal. Ohio polled a 600,000 majority for repeal of the national prohibition law and Pennsylvania was overwhelmingly wet.

North and South Carolina voted dry, these two states being the only ones in the dry column out of 38 states that have voted and in which returns have been tabulated. Kentucky voted yesterday but the counting of votes in that turbulent state was not begun until today, this being a provision of Kentucky's "honest" election law.

Fiorello LaGuardia, fusion candidate, was elected mayor of New York in yesterday's hotly contested mayoralty election. Joseph V. McKee was second and John O'Brien, incumbent and candidate of Tammany Hall, finished third, this being the first defeat for Tammany since 1914.

Newly Married Couple Visit Here

Mr. and Mrs. A. D. Donham have been enjoying the presence of their son, A. D. Donham, Jr., and his new bride, of McQueen, Oklahoma.

Mr. Donham is the principal of the High School at McQueen, and a former student and football player of Santa Anna High School.

The bride is the daughter of Mr. and Mrs. B. O. Lewis of Weatherford, Oklahoma, where Mr. Donham attended college the past two years. The happy young couple were recently married and are here visiting home-folks and other relatives while on a short honeymoon.

WARD SCHOOL P-T. A.

Ward School P-T. A. met in regular session Tuesday, November 7, and enjoyed a very interesting program given by the fifth grade, and directed by Miss McCreary. After this number a very interesting and instructive program on family diets and economical foods was given by Mrs. G. F. Barlett and Mrs. Emmett Day. The business meeting was held and it was decided to tender a vote of thanks for their assistance of this and other organizations in making a success of the "Spook Night" held at the Golf Course on Halloween night.

The next regular meeting is the first Tuesday in December and all mothers are urged to attend.

Mrs. W. E. McKnight of Paris, Texas, daughter of Mr. and Mrs. J. M. Morgan, is visiting with her parents and other relatives here this week.

School District Bidding For Delinquent Taxes

The board of education for the Santa Anna Independent School District has arranged a plan whereby most everyone delinquent with their school taxes can pay the amount in broken doses.

For instance, if you are delinquent to the amount of \$100.00 by paying \$20.00 of the amount prior to November 15th, the privilege of paying the other eighty per cent can be distributed out over a period of two years, by paying \$20.00 each six months. By this arrangement, you will not be required to pay any interest or penalty on the principal sum of the taxes.

We suggest that each taxpaying citizen of the Santa Anna Independent School district take advantage of the special opportunity, as it will represent a considerable saving. Unless you accept the offer and begin the payment prior to November 15th, the board will have no other alternative than to order the delinquent taxes collected. Adding the penalties, interest and cost of suit, the amount in many instances will almost double the original.

There is a cry and demand for lower taxes, and justly so, but there is not a chance for lowering the taxes until delinquencies are removed. The cost of government, schools, etc., should be reduced, but how are the official boards to properly estimate the cost so as to compare with tax collections, and arrange a budget to correspond when a large portion of the taxes are not paid at all. A special effort must be made to collect the delinquent taxes, and put our schools on a cash basis again. Then, taxes can be lowered and not until then.

There is no use to argue or balk. It takes money to carry on and the people who live in the town and school district are the dependent ones to furnish the money.

The board of education has not called for this article, and will probably be surprised to see it in print, but we feel justified in publishing it, because, if you will get busy and start the payment of your taxes, it will greatly benefit the school work and besides, save you several dollars in interest and penalties. We hope this little reminder or suggestion, whatever you may term it, will be appreciated and cause a large number of delinquents to get busy before the time expires, and start the payment of your delinquent taxes.

CARD OF THANKS

We wish to thank our friends for their many expressions of sympathy in our bereavement. May God's richest blessings be with you all.

Mrs. J. J. Kirkpatrick and family.

The Scales Balance In Favor of NRA

There never was a honeymoon that lasted more than a few months; and if Mr. Roosevelt's excursion with the American people is beginning to produce a crop of disagreements and hard words, nobody need be especially surprised. The wonder is that the honeymoon has lasted as long as it has.

Looking at the new deal without partisan bias one way or the other, it is possible to arrive at two conclusions about it:

First, that it has not done as much for us as we permitted ourselves to hope.

Second, that it nevertheless has a genuine record of very solid achievement.

The depression isn't over, commodity prices are not back where we want them to be, labor unrest is not ended, unemployment still exists, and the farmer still is baying at the moon.

On the other hand, somewhere between 3,500,000 and 4,000,000 men have gone back to work, child labor largely has been abolished, the commodity price level is higher than it was before; and wage scales have been improved.

Balance the benefits against the shortcomings and you get a net gain which is very much worth having.

It is easy to be disappointed because the number of men who have gone back to work is not larger. Nevertheless, the mere fact that the purchasing power of upwards of three and a half million citizens has been restored is bound to have a wide and lasting effect. It's something, as they say, which can't be laughed off.

It is also easy to complain because there has been a trade recession since the early part of the summer. But there are two things to remember in this connection.

First, trade boomed at an abnormal rate late last spring, because manufacturers sought to build up surpluses before NRA codes went into effect. Second, while trade has declined, employment and payrolls have kept on going up—which, when you stop to think about it, is a fact of the highest importance.

A depression as wide and deep as the one we have been in is not ended in a day or in a month or two. It still is a little early for us to form final judgment on the merits of the recovery program.

Meanwhile, we might as well remember that it has done some things, at least, of great value. We may not be out of the woods, but we at least have got to a point where we can see daylight through the trees.

Organize Coleman County Teachers

COLEMAN, Nov. 6.—Teachers of Coleman county, at a recent meeting in this city, perfected the Coleman County Teachers' association and the interscholastic league.

Officers selected to direct the Teachers' association are J. H. Kellett, Glen Cove, president; W. T. Bowers, Gouldbusk, first vice president; Glen Mitchell, Talpa, second vice president; C. A. Freeman, Shield, third vice president, and Mrs. D. S. Jennings, Coleman Junction, secretary-treasurer.

Officers of the interscholastic league are J. L. Beard, director general; Polly Wise, athletic director; J. T. Runkle, essay director; Mrs. Florence Beakley, music director; J. C. Scarborough, arithmetic director; W. R. Chambers, debate director; J. H. Kellett, declamation director; Mrs. Beulah Sparkman, spelling director; Mrs. J. F. Turner, picture memory director; Miss Edith Tombs, choral director; J. M. Binion, wild flower director; J. L. Farmer, girls' athletics; Miss Salome Stevens, art director; Miss Maurine Jameson, story telling director; and Mrs. Lynn R. Brown, director of Three R contests.

Rev. G. A. Morgan is attending the Annual Conference of Methodist Pastors in this district, which is meeting in Corsicana this week. His congregation here is hoping to have him returned for another year's work.

Senator Walter C. Woodward Makes Early Announcement

Last week Senator Walter C. Woodward of Coleman definitely announced his candidacy for the office of Attorney General of the State of Texas, to succeed the present incumbent, James V. Allred.

Senator Woodward is a seasoned attorney of 25 years experience, has represented this district in the State Senate the past ten years, is widely and favorably known in Texas politics, and in all probability, he will be elected to the office he seeks, which is one of the highest in the state.

It has also been stated that the present Attorney General, Mr. Allred, has definitely decided to run for Governor. He is a fiery politician, an honorable official, and no doubt will play a leading role in the coming campaign.

Senator Woodward is planning to start an early campaign and keep the ball rolling until the votes are counted after the primary the last Saturday in July 1934.

Annual Homecoming At McMurry

Departing from the usual custom, McMurry College's Fifth Annual Homecoming will be held Saturday, November 25th. It has been the custom for homecoming to be held on the eleventh of November, but in order to permit Alumni and Ex-Students who are teaching school to attend it has been shifted to the later date.

High lights of the day will include the fourth clash between the McMurry Indians and the A. C. C. Wildcats; the barbecue luncheon to be served at noon; the meeting of the Mothers and Dads Club; and the meeting of the Alumni and Ex-Students Association.

Plans for the day are being completed by a committee headed by Howard Miller.

PROCLAMATION

While all of us observe Armistice Day it is not generally known that the day is set aside by presidential proclamation for fitting ceremonies. Just to prove to you and you and you that such is the case we are printing President Roosevelt's proclamation for this Armistice Day. It follows:

"Whereas the 11th of November, 1918, marked the cessation of the most destructive, sanguinary, and far-reaching war in human wars; and

"Whereas it is fitting that the recurring anniversary of this day should be commemorated by exercises designed to perpetuate peace through good will and mutual understanding between nations; and

"Whereas by concurrent resolution of the Senate and the House of Representatives, in 1926, the President was requested to issue a proclamation for the observance of Armistice Day;

"Now, therefore, I, Franklin D. Roosevelt, President of the United States of America, in pursuance of the said resolution, do hereby order that the flag of the United States be displayed on all government buildings on Saturday, November 11, 1933, and do invite the people of the United States to observe the day in schools and churches, or in other suitable places, with appropriate ceremonies expressive of our gratitude for peace and our desire for the continuance of friendly relations with all other peoples."

Mr. Wayne Durham accompanied by Glen McClatchey and Ralph Guyer of Bangs visited in Abilene Saturday night.

Mr. and Mrs. G. C. Stroop and baby of Brownwood were visiting in Santa Anna Wednesday.

Mr. and Mrs. Lewis Newman and daughter, Miss Ora Alice, and Mr. and Mrs. Emory Brown left Wednesday for Fort Worth where they are attending the Texas Baptist General Convention which is in session this week.

P. P. Bond of Alva, Okla. spent last week-end with his family here.

Pleasant Cruger of Sugar Land came Friday for a visit with his family here.

Turkey Season To Open This Week

The turkey market for the Thanksgiving season is now open and buyers are making ready for the handling of the famous birds.

Three dressing plants will be operated in Santa Anna this season. The McKinney Produce Company has equipped their place to dress and cool the birds. The Santa Anna Poultry & Egg Company and the Jones Produce Company have been operating dressing plants here for several years.

The Santa Anna Poultry & Egg Company, The Jones Produce Company, The McKinney Produce Company, and L. G. Bobo will all be in the market for your turkeys this season, and outside buyers will be here galore. Just what price will be paid, we have not been informed, but hope the prices will be satisfactory to the producers and the dealers will also make a profit. Dealers are starting off under a handicap, but here's hoping they pursue the right track.

The turkey crop will place several thousand dollars in the pockets and bank accounts of the producers in this community, and the money will come in handy. Winter clothes are needed and tax paying time is now at hand. Let us urge that you give your home town merchants the benefit of your trade insofar as is consistent to do so.

The Tri-County Holiness Association

The Tri-County Holiness Association which met with the Brooksmith Church of the Nazarene Oct. 27th to the 29th was one of the best meetings in the history of the association. The attendance was good from the beginning.

Rev. B. A. Fox, pastor of the Church of the Nazarene in Brownwood, brought a beautiful message Friday evening, from the twenty-third Psalm emphasizing God's care and protection for his children, as portrayed in this beautiful and much loved Psalm.

Saturday night Rev. Hershel Murphy and wife of Dublin, Radio station KPFL sang to the delight of the audience. Rev. Murphy brought a strong Evangelistic message for the evening using for his subject "The River of Lost Souls." He named a number of tributary rivers that go to make this stream. 1. The tributary river of indifference, 2. The tributary river of skepticism, 3. The tributary river of Sinful Pleasure, 4. The tributary river of Procrastination. This was a strong, masterful sermon and was much appreciated by the audience.

Basket lunch was served at the Church Sunday. The appearance of the tables gave no evidence that there was or ever had been a depression in this community.

At 1:30 p. m. the president of the Association, Mr. Sam Shields of Whon, called the Association together for a brief business session. The following officers were elected for the new year. Mr. Jesse Edwards of Brooksmith, president. Rev. Mack Ham of Brownwood, vice president. Mr. Arthur Williams of Brooksmith, secretary and treasurer. Rev. R. E. Cummings, reporter.

The Association accepted an invitation to hold its next meeting in Brownwood with the Avenue C Mission. It begins Friday night, December 29th.

The afternoon service closed with an old-fashioned praise and testimony meeting led by one of the founders of the Association, Rev. D. C. Price. Rev. Murphy brought a strong Evangelistic message in the evening, using for his subject "Death." This came to a close what is said to be one of the most successful meetings in the history of this Association. —Reporter

Mrs. W. D. Taylor returned Tuesday from Wichita Falls where she visited several days with her son-in-law and daughter, Mr. and Mrs. Paul Craig. Mr. Craig underwent an appendicitis operation while Mrs. Taylor was there.

Miss Lula Harvey left this week for Dallas where she is visiting friends.

Local Stores Will Be Open Saturday

Due to the fact that Armistice, November 11, comes this year on Saturday, and most people come to town Saturday to purchase their weekly supplies, the local merchants will keep their places of business open without interruption this year.

The merchants of Santa Anna have always been loyal to ex-service men, and respected them by observing Armistice Day as a holiday, and closing their places of business, but this year it is different. The day falls on Saturday and information from neighboring towns inform us they will not close, therefore, Santa Anna is justified in keeping her stores open during the entire day.

ARMISTICE DAY

On November 11 of each year we celebrate Armistice Day. This is, of course, a reminder to us of that first Armistice Day when the cessation of that terrible conflict was declared.

This year and in future years, as we celebrate Armistice Day, let us be careful to emphasize the fact that we are not only commemorating the heroic accomplishments of those who participated in that war and honoring those who made the supreme sacrifice, but that in a measure we are pledging ourselves that we will do everything in our power to avert another such world upheaval. (Monthly Tidings)

Mr. and Mrs. C. B. Rendleman of Little Rock, Ark. came last week for a visit with relatives and friends.

Dr. Thad Weaver of San Antonio is visiting his brother, Burgess Weaver, who is ill.

New Bank Will Be Open Soon

The final papers for signing to procure a charter for a new bank in Santa Anna were received this week, and after being properly signed by the board of directors, were carried to the Federal Reserve Bank in Dallas for confirmation. As soon as the papers are delivered to the Comptroller's Department in Washington, according to information received here Tuesday, the charter will be granted and the newly organized bank will open for business.

Lions Win Banner At District Meeting

The Santa Anna Lions Club suspended their regular luncheon Tuesday and met with the Coleman Club Wednesday in a district meet. Several clubs were represented and a good meeting was reported. Santa Anna won the banner for having the largest percentage of their membership present.

Red Cross Drive To Start This Week

The local chapter of the American Red Cross will launch its drive this week and next for new members. Saturday, November 11th being the opening day.

Santa Anna has always rolled up a splendid membership, and we feel sure a large number will enroll again this year. The local committee will be seeing you, so have that dollar ready for them when they call.

A special supplement is carried in this issue of the Santa Anna News with our compliments. Read it and keep in mind the purposes of the organization.

 State Health Dep't. on Rabies

Austin, Texas, Oct. 26, 1933—The State Hygienic Laboratory of the State Department of Health received over two thousand animal heads during the past year for examination to determine whether or not the animal had rabies. Luckily, only about one-fourth of the heads received were positive for rabies. Three hundred and twenty-seven persons were given treatment at the State Laboratory; others were treated in their home towns.

Rabies is transmitted to man through a bite or having a cut exposed to the saliva of a rabid animal. Bites through clothing are not as dangerous as bites on exposed surfaces, because the saliva is wiped off as the tooth passes through the cloth.

If a person is bitten, the offending animal should be penned, if possible, for a period of ten days. If the animal is normal at the end of that time, the case can be dismissed. If it is necessary to kill the animal, this must be done, in such a manner that the brain is not destroyed. If it is, an examination to determine whether or not the animal had rabies will be impossible. If the head is sent to the Pasteur Institute, care should be used in properly fixing it to prevent decomposition.

Rabies is commonly supposed to be a disease of warm weather, but the warmth of weather has no influence on the disease. On the contrary, rabies is more prevalent during the winter months because exposure to the cold lowers the resistance of the animal. It is true that more dogs are killed during the summer months, but the percentage of rabies is low.

Mrs. Bill Hohn of Kerrville came Wednesday for a visit with Mrs. L. Gene Hensley.

Mrs. J. F. Goen left Tuesday night for San Antonio where she is attending the W. C. T. U. Convention in session now. Mrs. A. L. Oeder left last week, and is also visiting relatives while gone.

WHEN WILL THE WONDERS OF RADIO CEASE?
 The big daily papers are carrying the news that one of the large telegraph and cable companies is now installing in their large offices in key centers short wave radio transmitters to handle the more important messages that need to be dispatched with speed. We thought telegraphy was speedy, but it is not fast enough for this "split-second age."

This move on the part of this big company seems to us to definitely open up a new and lucrative field for the youngster trained in Radio. Of course, in addition to being trained in the art of Radio, one must also have government license in order to operate a radio transmitter. This is where we specialize. We can properly train you not only to be able to send and receive radio messages, but also prepare you for the government examination for your license.

Should you be Radio minded, write us at once for our booklet R-6 which describes our School of Radio. It tells you all about the work. Its fortunate that we have a modern up to date radio station here in our school for your training. Your training consists of special preparation on how to operate a transmitter under a trained licensed engineer. This is a wonderful advantage for the young man interested in Radio.

Booklet R-6 is yours for the asking.

SENIOR EPWORTH LEAGUE ELECTS NEW OFFICERS
 New officers were elected in the meeting of the senior Epworth League Sunday. These officers, in connection with the sponsors, Mrs. Tom Hays, Miss Agnes Hays and Miss Ruby Harper have charge of the Santa Anna chapter and are to serve for one term.

The new officers are: Lena Jane Barlett, president; Rex Golston, vice president; Evelyn Kirkpatrick, secretary; Billy Baxter, treasurer; Dan Blake, Highway agent; and Evelyn Kirkpatrick and Rhea Boardman, song leaders. The committees that are to function will be appointed at the next meeting.

The time has been changed from 6:45 to 6:30 on Sunday evenings. This is a little earlier and will give a little more time for the program.

Every member of the league should try to attend the meetings regularly and be sure to bring someone with you. With these new officers working and everybody supporting the league work it should be a success. But the success or failure alone depends upon the cooperation of everyone.

Be sure to come and see what the meetings are like before you decide you won't attend because we know that if you once come you won't want to "drop out" and miss all the fun we are anticipating for this year, for the league plans to do lots of new things and we are going to start out "planning and doing things" at the first meeting. So let's come in one-hundred percent attendance and back the league work and remember 6:30 Sunday evening in the basement of the Methodist Church.

CIRCLE MEETING AT CHURCH
 The recently organized Circles of the Christian Ladies Aid Society held their first joint meeting at the First Christian church Monday, with a luncheon and program.

Reports of work done and planned by the different circles was very encouraging. Each Circle contributed something to the program. A Thanksgiving Playlet was given by a number of the ladies.

A lesson in the Teacher Training Course was very ably taught by Mrs. H. B. Thompson.

Despite the inclement weather the attendance was large. The meeting adjourned until the next regular day, Dec. 4th.

JOHNSON WILL HOLD PARLEY IN FT. WORTH

FORT WORTH, Nov. 6.—General Hugh S. Johnson, national recovery administrator, will hold a conference with supporters and opponents of the NRA here Saturday, according to information received from Washington. The exact time of the conference has not been determined. It probably will be during the afternoon as he is expected to review an Armistice Day parade in the morning, if he arrives in time by plane from Tulsa, where he will deliver an address Friday night.

The purpose of General Johnson's tour of the midwest, it has been explained, is to create sentiment in favor of the NRA movement. NRA leaders over the state are invited to hear him speak at 8 p. m., Saturday at the first Baptist church. They also will be invited to attend the conference.

More than 2,000 letters will be mailed Tuesday night to chambers of commerce, NRA committees and other organizations in cities of more than 2,500 population in Texas and Southern Oklahoma inviting them to send representatives to the Saturday night meeting.

LIFE'S MIRROR

There are loyal hearts, there are spirits brave,
 There are souls that are pure and true;
 Then give to the world the best you have,
 And the best will come back to you.

Give love, and love to your life will flow,
 A strength in your utmost need;
 Have faith, and a score of hearts will show
 Their faith in your word and deed.

For life is the mirror of king and slave;
 'Tis just what we are and do;
 Then give to the world the best you have,
 And the best will come back to you.

FARMERS AND THE N. R. A.
 The Methodist Presiding Elder of the Cisco District is holding a church conference and chanced to mention the benefits of the NRA before a farmer audience. One farmer laughed out loud. The idea of the NRA being a benefit to farmers was to him ridiculous.

The farmer, and particularly the cotton grower, who makes light of the NRA is not wise. It is true, the system has raised the price of what the farmer buys. But the same system has raised, and is continuing to raise the price of what the farmer has to sell.

Cotton farmers will not get rich selling cotton at around 9c per pound, the present price. But had it not been for the efforts of the democratic administration, embodied in the NRA, that same cotton would very likely not be bringing more than 3 1-2c or 4c at the peak.

Nobody makes any money on a low price scale, farmers, merchants or manufacturers. The government is doing its utmost through the NRA to boost prices so that everybody along the line can make money. The cotton farmer cannot reasonably expect to continue to buy overalls at 79c or 98c, last year's price, while at the same time receiving almost twice last year's price for cotton. Let's be reasonable and thank God for the cotton plow-up program, the almost doubled price of cotton over last season, for the doubled price of peanuts over last season, and for the increase in employment throughout the land. Our difficulties are not yet at an end. But we can rest assured that an honest, earnest effort is being made in Washington to adjust our economic scale of prices and bring back prosperity to us all. I say, let us cease our criticisms and give thanks! —DeLeon Free Press.

As long as you write the definitions the devil himself will write the contract. That is not a proverb—yet. But it might well be. Take "sound money," for example. The President promises it, but what is it? When the President was running for office, he talked about "sound money," you remember. The last time the country had heard anything about it theretofore was when McKinley beat Bryan. McKinley talked about "sound money." It wasn't entirely clear what he meant by it. Maybe he didn't know himself. But the way it worked out, sound money came to mean a dollar's worth of gold would always get a dollar and a dollar would always get a dollar's worth of gold—so many grains of gold to the dollar, and always the same. Manifestly, the President is not promising that now. He says that the sound money he is talking about will always have the same purchasing power, the same debt-paying power. To do that, the number of grains of gold will have to go up when prices get too high and the number of grains of gold will go down when prices are too low. A dollar of always the same buying power does seem sounder than a dollar that is worth first one unit of a year's living and then another. The President is doing his own defining, you notice. But that doesn't make him out wrong. A dollar with a buying-power governor on its gold content would be fine. But first we must have a buying-power speed that we want to maintain. Else our governor would really be a brake. —Hamilton Herald-Record.

RUPTURE
 H. L. Hoffmann, Expert, former associate of C. F. Kedlich, Minneapolis, Minn., will demonstrate without charge his "Perfect Retention Shields" in Brownwood, Saturday, Nov. 25, at the Southern Hotel.
 From 10 a. m. to 4 p. m. Please come early.
 Evenings by appointment.
 Any rupture allowed to protrude is dangerous, weakening the whole system. It often causes stomach trouble, gas and backpains.
 My "Perfect Retention Shields" will hold rupture under any condition of work and contract the opening in a short time.
 Do not submit to avoidable operations and wear trusses that will enlarge the opening. Many satisfied clients in this community. No mail order.

What Will Congress Do?
 Extraordinary powers were placed in the hands of President Roosevelt before Congress adjourned in the summer of 1933. The next regular session promises unusual measures, whether of help or hindrance remains to be seen. The News has the facilities of Associated Press, United Press and North American Newspaper Alliance. These would be sufficient for most newspapers, but not for The News which maintains its own staff of correspondents. The News is the only paper in the Southwest with its own Washington bureau, being represented by Mark Goodwin, outstanding correspondent on national affairs.

Bargain Offer for mail subscriptions to The Dallas News at this time is only \$6.60 daily and Sunday one year. Your local Dallas News agent is authorized to quote you this rate. Without Sunday, the cost is \$6.25. The large Sunday edition sells for 10c a copy. Order both daily and Sunday.

THE ARMISTICE

November the eleventh, 1918, was a "red-letter day" in World history, for on that day actual fighting in the great war ceased. On that day seventeen years ago the tumult of the nations was ended, bringing joy to the hearts of thousands of soldiers. And because this day was so significant to "the boys," the mothers, —to the world, in fact, each year we commemorate the day. It is observed throughout the nation as a national holiday. Each year the observation of the day brings a greater triumph over the malice felt toward the Germans. And, as time goes on, America hopes to entirely obliterate the antagonistic attitude toward their former foe.

REVEREND MORGAN SPEAKS IN CHAPEL

Reverend G. A. Morgan of the Methodist Church spoke to the student body in chapel Wednesday morning on the subject of mottoes. He gave as illustrations multifarious mottoes. Among them

were "Do Square," "Be Natural" and others. "I Serve" is the motto of the Prince of Wales. "But the greatest of all mottoes," says Brother Morgan, "is the Golden Rule, which is, 'Do unto others as you would have them do unto you.'"

It will be remembered that last year Reverend Morgan gave an interesting talk to the students on "Louisiana," his native state.

SANTA ANNA VS. BANGS

Saturday, November 11, the Santa Anna Mountaineers will meet the Bangs Dragons on the Dragon field. The game will be played Saturday morning, beginning at 10 o'clock.

This is the first game of the season between the Mountaineers and the Dragons. Let's have the local team well supported by the town, as well as the school.

CLUBS ARE ORGANIZED

Mr. Scarborough and Mr. Lock have set aside Tuesdays and Thursdays for club work this year. The following clubs have been organized: Scribblers Club, sponsored by Miss Land; Home Economics Club sponsored by Miss Hays, F. F. A. Club sponsored by Mr. Binion, Debate Club sponsored by Miss Land, and Choral Club sponsored by Miss Elsie Lee Harper. Other clubs may later be organized.

The Home Economics Club will meet on Tuesday, with home economics girls of classes two and three meeting one Tuesday, and home economics one girls meeting the following Tuesday.

F. F. A. boys will meet every Tuesday morning. The Debate Club will meet on Tuesdays. Scribblers will meet every Thursday and plan work for the following week.

The Choral Club girls meet on Monday, Tuesday, and Thursday after school. The Choral Club boys meet on Monday, Tuesday, and Thursday at home room period.

Profits from Lecture and Halloween Entertainment

Profits are gradually coming into the Athletic Fund of Santa Anna High School from the lecture on South America, which was by Mr. Clow, a South American explorer, who received six dollars and fifty cents.

Thirty-five dollars and fifty-six cents was taken from the Halloween entertainment sponsored by Coach Binion. Out of that amount twenty-five dollars and twenty-one cents was cleared. The Athletic Fund received twenty dollars and forty-three cents of that cleared, and each P-T. A. organization of Santa Anna received six dollars and fifteen cents.

TENNIS CLUBS ORGANIZED

Twenty-three girls met in the Home Economics Laboratory last Thursday and organized their tennis club. They selected "The Racket Club" as its name, and "We Serve," as its motto.

The officers elected were Bess Inez Shield, president; Beth Barnes, vice-president; Ruth Neill, Secretary; and Mary Garrett, reporter. Mary Lee Combs was chosen chairman of the social committee, with Marilyn Baxter and Annette Shield to assist her. The vice-president, Christine Zachary and Lenora Golston form a committee to select rules for the club.

The twenty-three girls in the "Racket Club" are planning "lots" of good times.

Hiram Glenn, A SAHS gradu-

ate of 1933 visited school Monday.

Mrs. J. Ed Bartlett, sponsor of the sophomore girls, was absent from school Thursday and Friday because of illness. Miss Alice Hays taught in her place.

Is Latin A Dead Language?

It is true that no living people now speak Latin, but is it a dead language? No, the question is not a foolish one. Latin is not a dead language! A careful study of our tongue reveals the fact that most English words, as well as some Spanish, come from Latin. The vernacular of the long dead Romans has passed down through the years, and we have formed a language very similar to theirs.

There are some words identical in Latin and English. They are, of course, not pronounced alike because of the difference of sound in letters in the two languages.

Our boys and girls still wear the names of the boys and girls that lived in Rome while she was spreading her government over all the known world. Some examples are Augustus and Virgil, both boys names, and Augusta, a girls name. It is interesting to note that there are students in our own school with these names.

After reading this article the question again appears — answer it as YOU like — Is Latin a dead language?

PEP NEWS

Because no ways could be found for the pep squad to go to Ballinger last Friday, only a few of the girls were able to attend the game. The few that went reported one of the best football games they have ever seen. They wish to thank Mr. Thate for taking his car. He has been a great help to the girls during the last few years, and they appreciate it very much.

HOME ECONOMICS II GIRLS

The girls taking Home Economics II, have been working hard trying to finish their dresses that they started as a class project.

We have an hour and thirty minutes to work each day, except on Monday and Wednesday which are forty-five minute periods. The last forty-five minutes the girls take physical education.

AT LARGE

Opportunity may not knock more than once, but it is safe to bet that it will not run up the light bill by ringing the doorbell.

Be not simply good—be good for something.

"Lives of great men oft remind us,

We can make our lives sublime. Asking teacher foolish questions, Taking up our lesson time."

The only thing that comes to him who waits is —whiskers. The philosopher calmly defined the exact difference between life and love: "Life is just one fool thing after another; love is just two fool things after each other."

Three can keep their peace if two stay away.

"Rock-a-bye Senior, on the tree top, As long as you study the cradle will rock.

But if you stop digging the cradle will fall. And down will come Senior, diplomas, and all."

While the wicked flee when no man pursueth, they make

much better time if someone is after them.

Bob Pierce never had but one wreck in his ford, and he threw her out.

Nothing falls like success.

WHO HAS BIG FEET?

If size of foundation meant anything, SAHS Mountaineers would march to victory in every game. Winston Hall, Newman Upton, Bob Cabiness, and H. L. Voss should succeed, for all of them wear size 10 in shoes, having the largest feet on the team. Even the coach, Mr. Binion, wears an honorable ten. Ranging from Latin. The vernacular of the long dead Romans has passed down through the years, and we have formed a language very similar to theirs.

After mentioning "nines", next come "eight and one-halves," who are worn by Edward Dillingham, Thomas Wheatley, Dexter Walthall, Brownlee Hunter, Carson Horner, and Billy Baxter. The "eights" are Willis Burney, Jim Jones, Sam Forehand, and J. T. Oakes. Next we will have to talk about baby feet compared with the sizes you have already read about.

None of the players wear a seven but one must stop a moment on 6 1/2's. Such small feet belong to J. S. Brewer, Todd Oakes, and James Hayes. Coming to the next "idy-bidy" boy (Alton D.) one finds him wearing a 5. No, the football editor and sports editor has not been forgotten. Vernon Ragdsdale really requires a girl's shoe — a four. Now, you realize what a foundation the football players have to have.

Mr. J. C. S. You say the tendency of heat is to expand and increase and of cold to contract and lessen. Can you give some illustrations of these effects? Floyd Gilbreath: The population of our seaside resorts. Little Wm. Mitchell: Papa, I've made a great discovery. Mr. Mitchell: Well, my son? William: I've found out that the heavy end of a match is the light end. Mr. Mitchell (fiercely): You go to bed, sir.

Charlotte Moseley: Are you fond of the water? Ruth Davis: Very! At the mere thought of sailing over the bounding waves I can scarcely contain myself. Charlotte: Yes, that's the way it affects me, too.

Samuel Hayes: Paw, what's the longest period of Time? Mr. Hayes: From one pay day to the next.

Trustee: We're thinking of putting up a nice motto over your desk to encourage the children. How would "Knowledge is Wealth" do? Teacher: Not at all. The children know what my salary is.

Diner: See here, where are those oysters I ordered on the half shell? Waiter: Don't get impatient, sah. We're deffite short on shells; but you're next, sah.

Ted Bradford: Can I have the five pounds I lent you? Tub Cheaney: You can have it next week. Ted: You told me that last week! Tub: Yes; do you think I'm a man to say one thing one day and another the next?

If that which might have been isn't why worry about it?

FIRST TASTE OF WINTER

The first real taste of winter put in its appearance in these parts Saturday night. Sunday was much cooler than it has been any time during the fall season. This week the merchants have had a better demand for long-handled underwear, and other heavier wearing apparel.

Considerable rain has been reported throughout the state, but it has not yet rained enough to bring about full relief. Most of this section has been greatly benefited but could stand a lot more moisture.

Cotton picking is just about over in these parts, and sowing small grain is the next order of the day for farmers.

HALLOWE'EN PARTY

Mrs. C. W. Tierney entertained her music class on Hallowe'en night with a very enjoyable party. Many games and stunts were enjoyed by the children, such as "Bobbing for Apples," "Eating Popcorn strung and suspended from the ceiling" and "pinning the black cat's tail on."

One of the most exciting games of the evening was "Killing the Old Cat." After the refreshments of candy, popcorn and apples were enjoyed by the children a contest of blowing "Christmas Candles Out" was held to see if Santa Claus would come and how many presents he would bring. All the children declared it one of the most enjoyable parties of the Hallowe'en season.

MISCELLANEOUS SHOWER

Last Saturday afternoon Mrs. C. A. Curry and daughter, Miss LaRue, honored Mrs. Walter Holt, a recent bride, with a Miscellaneous Shower. As each guest entered the reception hall she was asked to register, and was then ushered into the living room where Miss Lonella Taylor entertained with several beautiful selections on the piano. Then the honoree was invited into another room, where Miss Curry announced that the gifts with which a table was loaded
