Chamber Of Commerce Announces Plans

Citizens Are Urged To Attend A General Meeting Monday

The year of 1989 promises to be an active one for the Santa Anna Chamber of Commerce and citizens of the community, according to plans announced for the next few months.

In the immediate future, the Chamber has set March 4 for the date of the annual banquet at which the Citizen of the Year will be recognized.

Clean-Up Day is scheduled for May 6.

The Sixth and Sometimes Annual Funtier Day is on the calendar for May 13.

The Chamber has become a vital force in our community during the past few years and in doing so has sponsored such varied activities as

Funtier Day, Old Fiddler's Contest, The Annual City Clean-Up Day, The Christmas Parade/Decorations, Pride of the Month and the Chamber of Commerce Banquet.

Some plans for community improvement include to refurbish the Christmas decorations at a cost of approximately \$250 each. Plans are made to also complete the Chamber of Commerce office in downtown Santa Anna.

Community members can help by continuing your membership in the Chamber, or, if you are not already a member, by becoming one. Membership fees are \$12 yearly for an individual and \$60 for a business. You can also help by shopping here in Santa Anna and by en-

couraging your neighbors to do the same.

Chamber officials say that in order to really make Santa Anna the town we all want it to be, they need more than just your membership fees. They need your time, your energy, your ideas, and yes, more money. **YOU ARE NEEDED!**

The next general meeting of the Chamber is to be Monday, February 13, at 7:00 at the Lions Club building. Be there and do your part to make the Chamber of Commerce of Santa Anna truly representative of our community.

Board of Directors for 1989 are: Montie Guthrie III, Delma Blair, Charlotte Mosely, Jimmy Eisenhower, Jasper McClellan, and Charles Wetzel.

!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
Yes, it did get cold! And as this is written Tuesday morning, it is still uncomfortably cold, although they tell us we are in for a slow warming trend. Though ice wasn't a real problem for us in this area, we did have some after the moisture that fell last Thursday night. Through the drape of icicles in the picture above you are looking up the side of the mountain from the back yard of the editor's home. The icicles

hung from the patio canopy from Thursday night until Sunday, when they finally were evaporated by freeze drying. Our Weather the past week has held true to the reputation of Texas weather...one day above normal warm temperatures and the next the frigid cold of the *Alaskan Express*...with howling wind, freezing rain, sleet, and snow flurries thrown in for good measure.

Bob Turner of Voss Elected Vice President Of TFB

Bob Turner, a resident of the Voss community in Coleman County was recently elected to the office of Vice President of the Texas Farm Bureau, the largest organization in the state with over 327,000 members. He was elected to the post at the annual state convention held in Corpus Christi in December.

BOB TURNER
TFB VICE PRESIDENT

Turner has been serving as farm Bureau State Director since December 1, 1985, representing 17 the counties of District 7. He served as president of the Coleman County Farm Bureau from 1982 to 1985 and prior to that he served three years as vice president of the county organization.

Turner has farming and ranching interests in the Voss area, and for-

merly operated a business in Coleman where he was active in the Chamber of Commerce and in industrial expansion efforts. He was also active in reserve components of the military for years before recent retirement of the Civil Affairs unit headquartered in Abilene. He had been a member of the Coleman National Guard unit.

As vice president of Texas Farm Bureau, Turner automatically becomes a member of the board of directors of Southern Farm Bureau Life Insurance Company and Southern Farm Bureau Casualty Insurance Company, which is headquartered in Jackson, Miss. He will be in Jackson this week for a meeting of the board.

This will cover all but eight hours a week which will be covered by Sheriff Turner.

Approved the placement of a chain link fence around the jail, which will be done without cost to the county.

The contractor who holds a warranty on the roof of the courthouse will be asked to make necessary repairs.

Ed Freeman discussed ambulance operations and problems. The Commissioners shared their perspectives about the problems.

Stenholm Town Hall Meeting Saturday In Abilene

Dr. Thomas Kim, president of McMurry College, announced today that Congressman Charles Stenholm will be on the McMurry campus Saturday, February 11, for his annual Town Hall Meeting.

This open meeting is scheduled to begin at 1:30 p.m. and will continue until 3:30 p.m. in the Mabee Room of the United Methodist Campus Center. All citizens of the 17th Congressional District are urged to attend and meet with our representatives in Washington, D.C.

"We appreciate Charlie's desire to have input from all of us. He is available at all times", said Dr. Kim.

With 35 counties to serve and almost 600,000 people to represent, it is difficult for the Congressman to visit every area as often as he would like. Town Meetings such as this, scheduled outside regular working hours, provide the opportunity for every constituent to have access to our congressman.

Agenda For City Council Meeting Thursday

The City Council will meet in regular session, Thursday evening at the Mountain City Community Room at 7:00 p.m.

The published agenda is as follows:

- 1) Call to order
- 2) Reading of minutes
- 3) Visitors
- 4) Fire Department - David Huggins.
- 5) Employee Hospitalization and Life Insurance
- 6) Calling of City Election for May 6
- 7) Max Eubank - Acceptance of landfill site storage building; disposal of city trucks; sewer farm update; policy on "bumed-out" buildings.
- 8) "911" service - Mayor Brooker
- 9) Ordinances, Section 1 Administration
- 10) Accounts Payable
- 11) Adjourn

All citizens are welcome to attend city council meetings

Stacy Area Roads Still Topic Of Discussion For Coleman County Commissioners

Roads in the area of Stacy Dam were once again the topic of discussion during the meeting last week of the Coleman County Commissioners. That particular discussion was also the reason for several county citizens to be on hand to express their views on the matter. Jane Padgitt, Ed Morris, Ernest Lillard and Chris Wingert presented commissioners two possible road locations being discussed with property owners. In order for Ms. Padgitt to get to her home after the lake fills up, Colorado River Municipal Water District has accepted responsibility to build a private road to her house from the property line where the county road, on one of the tow routes, will be built cooperatively by CRMWD and Precinct 3.

There was an agreement on decisions dividing road construction responsibilities between the water district and the county. Location of the road has not been determined.

The court approved a resolution presented by Ross Jones, asking that the Central Colorado River Authority, and other similar water authorities be exempted from provisions of state laws which are known as "Sunset Clauses".

A request from Wendell Sparkman was approved which asked that a easement for a water line be changed to his name and to his

heirs' names. Said easement in Precinct 2 has been in the name of McDonald.

Jim Compton was present, representing the West Texas Council of Governments. He explained the possible working of a proposed "911" emergency phone number in Coleman County. Sheriff Wade Turner and Ed Freeman, director of Emergency Medical Services, were both on hand to speak in favor of the proposal.

The Commissioners approved entering the "911" emergency network along with all the other counties in the area. The cost of the system will be paid for by a 50 cent per month charge on telephone bills. Public pay phones will also access the system without money needing to be deposited.

The Court discussed a number of other agenda items, including: Two county-used pickup trucks that are to be advertised for sale.

Made plans for touring the Stacy Dam site.

Precinct 1 was given approval to replace a road grader with a used one to be purchased at the cost of \$11,000.

Approved the transfer of \$25,000 to each Precinct from the general road and bridge fund.

Accepted a suggestion from Sheriff Turner that four jailers be put on 40 hour week schedules.

Mountaineers Will Hit The Playoff Trails

With a 70-53 win over Panther Creek at Perry Gym Tuesday night, the SAHS boys' basketball team clinched the district 29-A championship title. It was a must win situation for the Mountaineers as they

were tied with Novice for the top spot until their win over PC. The Mountaineers end district play with a 5-1 record. (Panther Creek had beaten them earlier). Novice ends

thousands of telephone calls about pending legislation. A summary of legislative queries will be presented to the governor for his consideration as he reviews bills sent to his office by lawmakers.

Dr. Melanie Wayne To Speak At Seminar

ESA is sponsoring a seminar to teach women to perform breast self-examinations. The seminar will be held on Monday, February 13, at 6:30 p.m. in the Christian Life Center at First Baptist Church of Santa Anna.

Dr. Melanie Wayne of Brownwood will be the speaker. She will also show a video entitled "Breast Self Exam". The women of the community are invited to attend and learn to perform this important examination.

FUNERALS

John W. Hunter

Services for John W. Hunter, 86, of Santa Anna, were at 2:00 p.m. Sunday at the First Baptist Church with John Stanislaw, pastor, officiating. Burial was in the Santa Anna Cemetery under the direction of Santa Anna Funeral Home. Mr. Hunter died Saturday morning, February 4, at Ranger Park Inn.

Born February 2, 1903, in Santa Anna, he was a Merchant Marine. He lived in Philadelphia, Penn., for many years and returned to Santa Anna in 1969. He was retired from Campbell Soup Company and was a Baptist.

Survivors include a nephew, Julian Kelley of Santa Anna; and a niece, Doris Belle Turner of College Station.

Mina Smith

CRANE - Services for Mina Smith, 76, of Iraan were held at 3:00 p.m. Saturday, February 4 in Restland Cemetery in Iraan. Services were under the direction of the Richard W. Box Funeral Home. Ms. Smith died Thursday, Feb. 2 in Pecos County General Hospital in Iraan.

Born Feb. 13, 1912, in Robertson County, she had lived in Iraan for 49 years and was a member of the First Christian Church.

A local survivor is a sister, Eva Barnett of Santa Anna.

Thoughts From Our Pastors

by John Howze
Full Gospel Fellowship, Pentecostal Church Of God

WHOSOEVER WILL

Many sinners think they must get themselves straightened out before they can come to Jesus, but we can not straighten out ourselves, the power of God alone can do that. He didn't come to call the righteous but sinners to repentance. Matthew 9:13. Our own righteousness is filthy rags in the sight of God. We must take His righteousness through the washing of regeneration and renewing of the Holy Ghost.

Others have gone so far in sin they believe God will not do for them as He does for others. The devil has lied to them to keep them from coming to Jesus, that He might give them a new life. Jesus said, "Behold, I stand at the door and knock; if any man hear my voice and open the door, I will come in to him." Rev. 3:20.

It is not necessary for anyone to go through a long line of rituals, to be saved. They must know they are sinners, and believe that Jesus is the Son of God. In Matthew 7:7, "Ask and it shall be given you". It is as simple as that, ask for forgiveness, and He will change you, so you can live free from sin. Salvation is free to all who will receive it. "The spirit and the bride say come, and let him that heareth come. And let him that thirst come and whosoever will, let him take the water of life freely". Rev. 22:17.

Some think they have sinned the unpardonable sin of no forgiveness, for most this is not so. Those that have done this have known the fullness of God and His Spirit, sinning willfully. God has turned them over to a reprobate mind that they might believe a lie and be damned.

"God so loved the world that He gave His only begotten son, that whosoever believeth in Him should not perish but have everlasting life. For he sent not His son into the world to condemn the world but that the world through Him might be saved."

Come to Him. He stands with outstretched arms, desiring to change your life even more than you desire to have it changed.

Trained Counselors will be available from 8:30 a.m. to 12:30 p.m. every Tuesday from February 7 through April 11 at University Inn Senior Living Community in Abilene, located at 1250 East N. 10th. For more information, call 915-676-9946.

PTO Tells Of Projects Meeting Set For Tuesday

The Santa Anna PTO will be having its next meeting Tuesday, February 14 at 7:00 p.m. in the High School auditorium.

PTO board nominations are due in March. If you are interested in serving on the board for next year, please contact one of the current board members.

Through proposals of the project committee, the PTO has purchased for the school use a Magnavox stereo/cassette player. They have

Loaves and Fishes Provide Food for Needy

During the month of January several loads of food were transported to the Loaves and Fishes Coleman Food Ministry from the Concho Valley Regional Food Bank in San Angelo, totaling 8,890 pounds. Additional food items were secured from other sources (bread and beans in particular) and distributed also.

Distributions from the Food Pantry last month were made to 263 households, representing 862 people. (Last year the average monthly distributions totaled 207.) Of this number 28, or about 11 percent of the total monthly distributions, were families receiving food for the first time. There were 62 adults and 49 children in these 28 households for a total of 111 people. A number of families from Santa Anna received food from the Food Pantry.

The Loaves and Fishes Kitchen

also purchased twelve electric pencil sharpeners to be used in each of the individual class rooms.

The most asked items by teachers, were additional computer software. Through the recommendations of special education teacher Dee Dee Hudson, the PTO has purchased several new software programs.

The PTO is still discussing further playground renovation and hopes to have additional work done before the end of the school year.

Nathan Starr Injured Tues.

Nathan Starr was injured when he fell from the roof of the First Baptist Church Tuesday evening. Starr works for a roofing company and was checking the roof when the accident occurred. He was taken by Santa Anna Funeral Home ambulance to

POINTERS FOR PARENTS

By Ann C. Grandjean, Ed.D.
Director of The International Center For Sports Nutrition
Is There A Right Diet For Young Athletes?

Just as there is more than one way to tie a knot, there is more than one way to eat. Since no one food or group of foods contains all the nutrients the body needs, it is important to eat a variety of foods. Diets can vary greatly. As long as the diet provides adequate energy (calories) and supplies the 50-plus nutrients the body needs—it's the right diet for you.

Young athletes who eat a varied diet on a daily basis may find they decrease their "down time," feel better, train harder and are in better condition than those who do not eat properly.

Since active children and teens need more calories for their body size than their parents, several meals and snacks a day will provide the calories, vitamins and minerals they need to be strong and healthy. For further information on sports nutrition, write to ICSN, 502 S. 44th St., Suite 3012, Omaha, Neb. 68105.

Brownwood regional Hospital where he was hospitalized with several broken bones. According to one source, he was to have undergone surgery Wednesday morning.

Class Favorites Are Named At SAHS

SAHS SENIOR CLASS FAVORITES

Senior class favorites recently chosen by class members are Maria Garza and Sammy Ramirez. Maria serves as secretary of the senior class and is manager of the SAHS girl's basketball team. She is the daughter of Mr. and Mrs. Vale Garza. Sammy attended school in Santa Anna during his 7th and 8th grade years, moved away and returned during his sophomore year to finish his high school years here. He has been active in football and track. He is the son of Sam D. Ramirez and Mary Nuncio of Brady.

SAHS JUNIOR CLASS FAVORITES

The Junior class at Santa Anna High School recently chose Gloria Frausto and Alonzo Hernandez as their favorite classmates. Gloria is the daughter of Vicente and Maria Frausto. She is a member of the Mighty Mountaineer Band and plays basketball. Alonzo is the son of Margarito and Angelica Hernandez. He has served as president of FFA; is a member of the football, basketball and track teams. He was selected all-district in football. His hobbies are fishing and golf.

SAHS SOPHOMORE CLASS FAVORITES

Sophomore Class favorites at Santa Anna High School were recently chosen. They are Kristi Morrow and Charles Dixon. Kristi has been secretary of the class for the past two years. She is a member of the SAHS girl's basketball team and plans to run track. Her hobbies include horseback riding, drawing, and hunting. Kristi is the daughter of Marcie Holt. Charles is the son of Charlie and Shirley Dixon. He is a member of FFA and the SAHS Mountaineer football and basketball teams and is a member of the cast for the One Act Play. He enjoys hunting, fishing, and putting together plastic models.

SAHS FRESHMAN CLASS FAVORITES

Recently named favorites of the Freshman Class at Santa Anna High School are Veronica Frausto and Mark. Veronica has been a resident of Santa Anna since her fourth grade year in school. She is the daughter of Mr. and Mrs. Joe Frausto Jr. Mark is the son of Mr. and Mrs. Alex Frausto. He was active in football during his junior high years and continued that interest, this, his first year in high school. He is a lifetime resident of Santa Anna.

American Heroine

Susan B. Anthony, one of this nation's greatest advocates of women's suffrage, was born Feb. 15, 1820. Throughout her life, Anthony worked relentlessly to gain the right for women to vote. Her efforts helped pave the way for the 19th Amendment to the Constitution in 1920, guaranteeing women this right. With the stamping of the Susan B. Anthony dollar in 1979, Anthony became the first American woman to have her likeness on a coin. **hl**

Many people don't know that smokers are also at considerable risk at losing much of their hearing and that vision is also affected by smoking. Indeed, as one researcher put it, it's almost impossible to find any part of the body that isn't affected.

HOW TO FIGURE YOUR INCOME TAX

Folks, its that time of the year, there is just no getting around it! Income tax time, that's what I'm talking about. Of course there are those who just take all the "stuff" to their tax accountant and then don't worry about it until time to write that check to Uncle Sam. But for the most part, many of us still struggle along trying to figure out the latest tax return form concocted by the IRS, you know, *that easier than last year form????*

Cussin' at and making fun of the IRS has always been in vogue it would seem. Take for instance the following article found in the September 15, 1922 edition of the Santa Anna News. Revise the numbers just a little bit to fit today's income figures and you may be able to use it to figure your taxes. Good Luck!!!!

In the first place it must be worked by algebra, astronomy, trigonometry and syntax. That may be correct, or may not.

If our income is \$2,400 a year and you have a diamond ring and an automobile and are married to a brunette girl 26 years of age, take the amount of your income, add your personal property, subtract your street number, multiply by your height and divide by your telephone number. If you have a child in your family, you subtract \$200 from your income, add the amount of your personal property, multiply by your waist line measurement, subtract the size of your collar and the child's age, multiply by the amount you have given the church during the year, and divide by the number on your automobile tag.

If there is a second child, you deduct \$400 from your income, add the weight and age of one child, divide by the date of your birth, multiply by the size of your hat, and subtract the weight of your mother-in-law.

After you get it all figured out, they can't collect it, for they will have you in the booby hatch, strapped down.

BLUE NORTHER

Last Thursday we experienced the arrival of a Texas blue norther and felt the full gusto of its powerful, cold wind.

Students Share Writings

Fate - by Frances Wccms

I had five minutes until Mike would be here to pick me up for a date, and I couldn't find my shoes. Doing that makes me mad, and I know I took them off right here! Ah...there they are under the coffee table. So I won't be late after all, but Mike will. Another story altogether.

I probably should tell you about Mike. He is a very sweet, very Gentle man, but he is always running late for something. I remember the time we were supposed to go to his sister's wedding.

It was in the middle of summer and believe you me, it was hot. The wedding started at five o'clock in the evening, and the heat hadn't let up all that day. At the time Mike had just ask me to marry him, and we were going to announce our engagement at the reception.

For once, Mike was on time that day, but as fate would have it, the car would have to break down on the way to the church. Well, to make a long story short, by the time we got the car fixed and got to the wedding everything was over. The wedding, the reception, the cleanup, everything!! I knew that it wasn't Mike's fault, but that didn't make me feel any better.

That was four months ago, and Mike and I finally got our engagement announced. His sister and her husband even forgave us for not being there after they found out what happened. I just hope he's not late for our wedding when it gets here next summer!

A traveler to Texas in the early days of the Republic wrote the following account of her first experience with a blue norther: "A piercing norther was blowing and whirling around the fragile house, and forcing its way through the cracks and crannies and putting out both fires and candles...Our ceiling was of canvas and in the night we were obliged to "fix" an umbrella over the bed, while I watched the feet of a restless cat as she wandered over our heads; her paws finding their way through the bodies of the sailcloth covering.

MRS JOHN RUSSELL CRAIG

Granddaughter Of Local Woman Wed In Louisiana

Laura Lynn Ainsworth and Jon Russell Craig, both of Louisiana, were married December 31, 1988 during a 10 a.m. ceremony in the chapel of St. James Episcopal Church in Alexandria, La. The Rev. Ross Jones officiated and organist was Deanna Chalke.

The bride is the daughter of Mr. and Mrs. S. M. Ainsworth of Pineville, La. and the granddaughter of Irene Cameron of Santa Anna. Her great-grandparents are the late Mary Nancy Stephenson Felty and Tom Felty of Fisk.

For her wedding jewelry and for something old, the bride wore an antique locket which had belonged to

her great-grandmother, Mrs. Felty. Mr. and Mrs. Artie N. Craig of Ball, La., are parents of the groom.

Judy Boyette of Dodson, La., was maid of honor and Claire Bouton of Mansfield, La., was bridesmaid. Best man was Terry Turner of Shreveport and the groom's father was groomsmen.

Ushers were Brent Ainsworth, brother of the bride, and Brent Haymon of Ball, La.

Following the wedding ceremony, a reception was held in the church parish hall.

The couple will reside in Ausburg, Germany, where he is stationed with the U. S. Air Force.

Voss Post Office Opened Feb. 1

Mountaineers Are District Champions Girls End Season With Win

CONT'D FROM P. 1

up with a 4-2 record to take the runner up spot and will also advance in the playoffs.

A practice game with Knox City has been scheduled for Friday night at 7:00 at Hawley. The Bi-District game is scheduled for Friday, Feb. 24 at Brady when the Mountaineers will be playing Cherokee. Other practice games are being scheduled, but none confirmed at press time.

In beating Panther Creek for the district championship, the Mountaineers were led by Reece McIver with 22 points, James Hartman with 14, and Herbert Jackson and Scotty Anderson with 11 each.

The SAHS girls won over Panther Creek, 44-37, but are out of the playoff picture with a 2-4 district record and 10-12 season.

In their win the Lady Mountaineers were led in scoring by Shannon Brown with 18 points. Also getting into double digits was Maria Moreno with 11 points.

Last weeks games went as follows:

BROOKESMITH 49

SAHS GIRLS 45

Cold free throw shooting left the Santa Anna girls out in the cold, last Tuesday as they lost to Brookesmith and also lost out on any chance at a playoff spot in the district basketball race.

Brookesmith edged out the Lady Mountaineers 49-45. The Santa Anna Ladies were only able to hit only 5 of 21 attempts at the line. Eight of those misses came in the crucial fourth quarter of play. The Brookesmith team had 14 of 23 at the free throw line and added seven 3-point shots to their tally.

For Santa Anna, Shannon Brown led in scoring with 18 points to her credit and came down with 10 rebounds. Delia DeLeon contributed 7 points to the effort; Kristi Morrow 6 points and 9 rebounds, Maria Moreno 6, Belinda Deal 4, Laura Frausto 2, and Eva Frausto 2. Season, 9-11; District, 1-3

SAHS BOYS 94

BROOKESMITH 41

The Santa Anna boys romped all over Brookesmith and came home

with a 94-41 win to help put them in a race for a playoff spot.

In the rout over Brookesmith Reece McIver and Herbert Jackson tied for top spot in shooting for the Mountaineers with 21 points each. Scotty Anderson netted 10, Dennis Absher 10, James Hartman 9, Gary Keas 7, Bobby DeLeon 5, Rusty Bryce 3, Charles Dixon 4, Dan Benton 2, and Chris Simmons 2. Season, 12-8; district 3-1.

NOVICE GIRLS 56

SANTA ANNA 32

Novice clinched the first place district title with their 56-32 win over Santa Anna last Friday in Perry Gym.

Coach Gerald Brister's girls hit 2 of 28 shots in the first half of the game to spell their own doom as they were down 34-5 at half time.

Although they played much better basketball the second half when they hit 9 of 18 and outscored Novice 27-22, they couldn't overcome the first half deficit. According to Brister, inconsistency continues to plague them.

Maria Moreno led the shooting for the Lady Mountaineers with 12 points; Shannon Brown 9; Kristi Morrow 7; and Delia DeLeon 4. Season record, 9-12; district, 1-4.

Lawhons Place In Rabbit Show

Zackary Lawhon's pen of rabbits placed 6th and Johnie's 7th in the Santa Anna Youth Fair show. They also placed 12th and 17th respectively, in the County show.

The picture, run in last week's NEWS, of girls holding rabbits was not necessarily a picture of show exhibitors. Our apologies to those who felt they may have been left out.

People believe if you sprinkle salt on the tail of a bird, you will have good luck.

SAHS BOYS 55

NOVICE 45

Coach Jerry Magin's Mountaineers were assured of a playoff spot after their 55-45 win over Novice last Friday. Now sporting a 4-1 district record, The SAHS boys were in a must win situation for the Tuesday night game with Panther Creek. That is, if they hoped to pull off a district championship.

Reece McIver again led the Mountaineer scoring attack as he hit the nets for 25 points total (one three pointer). James Hartman rung the basket with three 3-pointers while tallying a total of 13 points. Scotty Anderson contributed 8 points to the win; Dennis Absher 4, Buddy Hardin 3, and Herbert Jackson who got into foul trouble early on ended up with 2 points.

Free Tutoring In Science and Math at HPU

Howard Payne University is offering free tutoring in math and science for high school students.

"High school students who need assistance in these areas of study are encouraged to take advantage of this opportunity," said Dr. Ruth Ann Murphy, chairman of the division of science and math.

Howard Payne students within the division of science and math will be providing the tutoring service. No appointment is necessary.

Evening tutoring schedule, effective now through May 4, is from 6:30 to 9:30 p.m. Monday through Wednesday and Thursday from 6 to 9 p.m. in the Browning Room of the Howard Payne Library.

An exception to this schedule is March 20-27 when no tutoring will be available.

Further information can be obtained from Dr. Ruth Ann Murphy at HPU, 646-2502, ext. 227.

MONDAY
BREAKFAST: Cereal, applesauce, milk
LUNCH: Burritos with chili and cheese, buttered corn, Mexican salad, oranges, milk

TUESDAY
BREAKFAST: Muffins, juice milk
LUNCH: Meat and spaghetti, green beans, tossed salad with dressing, Valentine cake, hot rolls, milk.

WEDNESDAY
BREAKFAST: Scrambled eggs, sausage, biscuit with jelly, juice, milk.
LUNCH: Stew, cheese chunk, carrot and celery chunk, apples, crackers, milk.

THURSDAY
BREAKFAST: French toast, juice, milk.
LUNCH: Fried chicken, cream gravy, whipped potatoes, pea salad, Jello with fruit and topping, hot rolls, milk.

FRIDAY
BREAKFAST: Cereal, juice, milk.
LUNCH: Bar B Que on bun, French Fries, pork and beans, cookies, milk.

Make Safety Belts Part of Your Routine

Dennis Absher

SAHS Citizen Of The Week

Dennis Absher was named Citizen of the Week at Santa Anna High School during assembly Monday morning.

Dennis is a very friendly and outgoing person. He is active in basketball, tennis and band.

According to a faculty member at SAHS, "This young man assumes a leadership roll as a senior student and is very helpful and dependable. We at SAHS are proud to recognize him as our Citizen of the Week."

Dennis, a senior, is the son of Mr. and Mrs. Gary Absher.

Julie Dean Wins With Candy

Julie Dean, junior high student and daughter of Debbie and Roddy Dean, should have been included with the list of winners submitted to the News earlier, concerning the recent Santa Anna Youth Fair food and clothing show.

Julie received a Reserve Champion ribbon in the food division for her candy entry.

4-H Happenings

JUDGING TEAMS

It's time to start with the Judging Teams. Anyone who is interested on being on the 4-H Livestock Judging Team is asked to be at the County Courthouse at 5:30 p.m., Wednesday, February 22. For a team to enter the San Angelo stockshow, you will need to be present for this meeting.

DEMONSTRATION

Now is the time to start planning and finding a partner for doing a Method Demonstration. The District contest will be held the first weekend in May, but it is not too early to start planning.

Also, remember, if you have a category you want to be in or you want to do Public Speaking, places will be filled on a county level, first come, first serve basis. If you want a particular category, you will need to call first.

SCHOLARSHIPS

The Coleman County Extension Homemakers sponsor a \$200 to \$400 scholarship for an active 4-H member. If you are graduating this spring and plan to go to college, you need to apply for this scholarship. You must turn in your 4-H story and project record form by April 15th.

Seniors need to think about applying for state scholarships as well. These are due in the district office by March 15th. Therefore they are needed in the county office well before that time.

For more information, contact Kerry Shropshire or Dana Poer at the Extension Office in Coleman, 915-625-4519.

County 4-H Members Exhibit At Fort Worth

Local young people were among several Coleman County 4-H'ers who have just returned from the Southwestern Exposition and Livestock Show in Fort Worth. These 4-H'ers did very well with their livestock during the show.

Jim Bob Edington's American Cross steer was picked Reserve Breed Champion. Jim Bob placed first in the middle weight division. Also placing first with her Polled Hereford steer was Michelle Edington. Other 4-H'ers with steers placing were Lanham Horne - 11th - Hereford, and Stephen Watson - 5th

- American Cross -

In the lamb department - Kent Taylor had a 7th place and 8th place Finewool. Mitchell Guthrie of Santa Anna had a 22nd place Finewool cross, and Rhett Guthrie, of Santa Anna was 19th with his Finewool Cross.

Other 4-H'ers to participate in Ft. Worth were Tom Guthrie, Cole Dodson, Lezlie Dodson, Chris Ferguson, Steven Ferguson, Payton Mayes, and Rob Edington.

Some are participating in the San Antonio stockshow this week.

Breakfast Before School Benefits Body And Mind

"Sit down and eat your breakfast." We've all grown up with that phrase sharply etched in our memories.

Perhaps that's what Congress was thinking about when it created the Federal School Breakfast Program as a two year pilot project in 1966. Becoming a permanent program in 1975, the Federal School Breakfast Program now provides 3.6 million elementary, junior and senior high school students who might ordinarily skip breakfast with a good-tasting, well-balanced meal that meets strict nutritional guidelines.

Based on choices from the four food groups—meat, milk, fruits and vegetables, and cereals and grains—a nutritious breakfast supplies a youngster with about one-fourth of the recommended daily amounts of protein, calories, vitamins and minerals, nutrients essential for energy, body growth and body repair.

A basic school breakfast that includes one cup of either whole or skim milk plus two slices of whole wheat toast provides students with about one-third of the recommended daily amount of protein. In general, school breakfast meals are more nutritious and economical than their highly caloric fast food counterparts that often contain high quantities of fat, cholesterol, sodium and sugar.

Students who regularly eat a well-balanced breakfast perform efficiently, can concentrate on the morning's tasks, react quickly and are less likely to experience the gnawing hunger pangs that can interfere with learning. A well nourished student, like a well-lubricated engine, works efficiently and effec-

tively. A breakfast-skipper is like a car running on empty.

"The bottom line is for children to feel full and learn," says Carol Reed, R.D., assistant food service director for the Richardson School District in Richardson, Texas.

A recently completed Boston, Mass., study linking an improvement in test scores to daily participation in the breakfast program supports Reed's position.

Undertaken by Alan Meyers, M.D., of the Boston University School of Medicine and supported by a grant from the William T. Grant foundation, the study examined the standardized test scores of 1,023 Lawrence, Mass., school children in grades 3 through 6. The study found that the test scores of the 335 students who had been eating a school breakfast for three months averaged an increase of 48.4 points over the year before. The scores of the remaining 688 students who did not eat school breakfasts rose by only 40.9 points.

"The likeliest explanation is that the kids came to breakfast and got something in their tummies that they wouldn't get ordinarily and this (the rise in the test score) was the effect," says Boston pediatrician Dr. Michael Weitzman, one of the study's researchers.

Aside from their improved academic performance, participants in the school breakfast program arrived at school "on-time" more often than did the non-program participants. During the following semester, breakfast program participants were absent slightly less frequently than

the non-participants.

The study also concluded that extended participation in the School Breakfast Program may also improve certain types of academic functions not measured in the Boston study.

"These [results] are perhaps subtle, but [they are] real benefits of having a meal in the morning. Kids missing breakfast might grow normally and look normal but there may be subtle ways their function is not optimum and could be improved with better nutrition," Weitzman says.

Lincoln Remembered

Our 16th president, Abraham Lincoln, was born in Hardin County, Ky., on Feb. 12, 1809. When Lincoln, who had spoken out against slavery during his campaign for the presidency, was elected in 1860, seven Southern states quickly seceded from the United States. The resulting Civil War lasted from 1861 to 1865.

Lincoln's strength in office during the war and his role in the abolition of slavery have made him one of the most beloved presidents in American history. He was shot by actor John Wilkes Booth in Washington, D.C., on April 14, 1865, and died April 15, just days after Robert E. Lee's Confederate forces surrendered to the Union Army commanded by Ulysses S. Grant at Appomattox, Va. H

County People Attend Farm Bureau Leadership Conference

Coleman County Farm Bureau was represented at the Texas Farm Bureau Conference Jan. 22-25 at the Hyatt Regency Hotel in Austin by their president Jack Knox, vice-president, Cliff Horn, State Hay and Forage Commodity Committee member, Mike Calk, Dodie Taylor Knox, National Affairs committee person, V.J. Horn, and county secretary, Margaret Roberts. Also attending from Coleman County was Bob Turner, vice-president of Texas Farm Bureau and State Director of District VII.

Conferences were held for county presidents, public affairs, rural health, membership, young farmer and ranchers, and commodities. Workshops included "Ag in the Classroom", "Computers in Agriculture", "Secretary/Treasurer", "Information", and "underground Water Conservation Districts".

Speakers for the opening session included Joe Malley, Training and Leadership Dev. Director of TFB, Warren Newbury, S.M. True Jr., president of TFB, and Harry Bell, vice-president of the AFBF with a speech "The Issues We Face In 1989".

METHOD
Governor Bill Clements was the keynote speaker for the closing session in which he emphasized the improved job market for Texas as well as the improving Texas economy. Governor Clements stressed the importance for new reform for worker's compensation.

The conference closed with a legislative reception held for members and their state Representatives and Senators. Topics the members discussed were the Texas Rivers Protection System, Texas Department of Agriculture Sunset Review, Water Master Program, Animal Rights, Central Notification, Truck Legislation and Regulation, Underground Water, Taxes and Budgets, and Public School Finance.

Of Particular interest to TFB is Judicial Reform Legislation drafted by TFB to require suits against the state alleging unconstitutionality be referred directly to the Supreme Court where the Chief Justice would designate a Justice to hear the case. All other appeals processes would remain in place. The objective would mean suits against the state seeking to have a law declared unconstitutional would be tried by a judge elected by all the people of Texas and not in the District Court in Travis County (Austin).

TFB will be supporting HBI filed by Rep. Richard Smith from Bryan, co-chairman of the Joint Select Committee on Worker's Compensation, and dealing with Worker's Comp.

A copy of all TFB legislative priorities is available at the county office.

SAHS student, Shane Simmons, proudly holds his Showmanship Trophy won during the Santa Anna Youth Fair. Shane exhibited in the swine division of the stockshow.

Valentine's Day

Far from the romantic occasion it now connotes, St. Valentine's Day historically is the celebration of the feast of two Christian martyrs bearing this name. Both Valentines were reportedly beheaded on the Flaminian Way at Rome in the Third Century.

Some reports claim Feb. 14 was chosen to celebrate the Christian martyrs as a diversion from the ancient pagan observance of Lupercalia, the Roman fertility festival.

Ironically, it is this celebration that is considered the forerunner of modern Valentine's Day customs.

TEXAS TRIVIA

During the Civil War, the city of Marshal, Texas served as the wartime capital of Missouri and the headquarters of the Trans-Mississippi Postal Department.

IRS Guide for Farm Employers

Publication 51, "Agricultural Employer's Tax Guide (Circular A)," contains information and forms that farm employers need to comply with federal tax laws relating to social security taxes (FICA), federal unemployment taxes (FUTA), and income tax withholding under voluntary agreements. Circular A is available free from IRS by using the order blank in the tax package or by calling toll-free, 1-800-424-3676.

Laurie Griffiths spins some yarn on a vintage spinning wheel at last year's Founders' Day celebration in Fredericksburg. The one-day fest is a working museum with over 20 artisans and craftspeople displaying their skills in tating, quilting, noodle & cheese-making, blacksmithing, and much more. The event, May 7, is held on the grounds of the Pioneer Museum, just off Main Street. Tourism Division, Texas Department of Commerce photo.

Fashion FORECAST

Questions and Answers
The Newest Fashion Look

Q: What new trends are on the fashion horizon?
A: Shades of "Bonnie and Clyde"—fashion pundits predict that the new "gangster look" will catch on with women across the country. It's all part of the new menswear-type look in women's sportswear. One designer, Linea Gitano, has unveiled its version of the "gangster look": wide pants legs, pin stripes and lace shawl collar tops.

Adequate lighting makes sense for... reading, working and studying.

Use the correct lighting for all your tasks by remembering these lighting tips.

- When possible, move your light source around until you eliminate any shadows or glare to make it easier on your eyes.
- Look for a light source with soft, even illumination so the brightness is balanced down, out, and up.
- When buying bulbs, remember that the lumen rating tells you the light output of the bulb. The watts are how much electricity is needed to produce the light output. And bulb life is the estimated number of hours the bulb will burn.

Valentine Cookie Treats

This year plan a special St. Valentine's Day treat by inviting the junior cooks of the house to try their hand at baking and decorating this delicious, do-it-yourself Giant Valentine Cookie. Then see who can come up with the most cleverly decorated Oatmeal Heart Pops using those all-time favorites, "M&M's" Plain Chocolate Candies.

End the day by rewarding the cooks and their friends with the refreshing Strawberry Cream Cooler, a delightful beverage mixture of ice cream, strawberries, orange juice and soda.

It's all a delightful way of wishing everyone a "Happy Valentine's Day" with special gifts from the kitchen.

OATMEAL HEART POPS

- 3/4 cup butter or margarine
- 3/4 cup granulated sugar
- 3/4 cup firmly packed light brown sugar
- 1/4 cup milk
- 1 egg
- 1 teaspoon vanilla
- 2 cups flour
- 3/4 teaspoon baking soda
- 1/2 teaspoon salt
- 2 cups regular oats, uncooked
- 1 cup "M&M's" Plain Chocolate Candies
- 1/2 cup raisins
- 1/2 cup chopped nuts

Beat together butter and sugars until light and fluffy; blend in milk, egg and vanilla. Gradually add combined flour, soda and salt; mix well. Stir in oats, candies, raisins and nuts. Press out on lightly floured surface 3/4-inch thick. Cut out a heart shape for the pattern, then cut out hearts. Place on ungreased cookie sheet about 3 inches apart. Insert rounded or flat wooden stick into edge of cookie. Press 4 to 5 additional candies into top of each cookie. Bake at 350°F. about 12 minutes; cool on cookie sheet about 3 minutes. Remove to wire rack to cool thoroughly. Makes about 3 dozen 3 1/2-inch cookies.

Variation: Use heart-shaped or other favorite cookie cutter to cut cookies from dough.

GIANT VALENTINE COOKIE

- 2 cups flour
- 1 1/2 cups firmly packed light brown sugar
- 1/2 cup shortening
- 2 eggs
- 2 tablespoons molasses
- 1 teaspoon vanilla
- 1/2 teaspoon salt
- 1 cup chopped nuts
- 1 1/2 cups coarsely chopped "M&M's" Plain Chocolate Candies

Beat together all ingredients except candies and nuts until blended and smooth. Stir in nuts and 3/4 cup candies. Spread batter into foil-lined and greased 12-inch heart-shaped pan. Sprinkle with remaining 1/2 cup candies. Bake at 350°F. for 20 to 25 minutes or until golden. Cool thoroughly in pan on wire rack. Carefully remove from pan to serving plate or flat surface to decorate. Variation: Bake in 13 x 9-inch pan 25 to 30 minutes.

STRAWBERRY CREAM COOLER

- 1 pint vanilla ice cream
- 1 package (10 oz.) frozen strawberries, thawed
- 1 cup orange juice
- 1 bottle (16 oz.) club soda, lemon-lime soda or ginger ale

Combine ice cream, strawberries and orange juice in blender container. Blend until smooth. Stir in soda. Serve immediately. Garnish with strawberry, if desired. Makes 6 servings.

Cedar Fever A Winter Annoyance To Many

Every year, some people suffer through the colder months with what feels like a head cold, combined with itchy eyes, headaches, general tiredness and other symptoms just because they breathe the brisk outdoor air. Allergy sufferers are plentiful in

Texas, especially in the central region and hill country. And December and January are some of their worst months, according to the Texas Department of Health (TCH), since the onset of colder weather invariably brings "cedar fever."

Cedar fever is an allergic reaction to the pollen of male mountain cedar (actually two species of juniper), which grow wild throughout Texas. The male trees have tiny green cones which turn brown, spring open, and release a yellow pollen onto the winter winds.

The minute, sticky, pollen grains irritate the eyes and sinuses, and enter the sufferer's respiratory system, triggering an allergic reaction.

Allergy specialists say that cedar fever is second only to ragweed allergy in the number of Texans it affects. And its severity may be greater. Even persons who are able to resist other allergens may fall victim to cedar fever. And for reasons not fully understood, some may react more severely in one year than in another.

In most cases of cedar fever, the reaction is uncomfortable, but temporary. Milder cases may be successfully controlled with over-the-counter antihistamines.

However, TDH advises that anyone with severe or persistent symptoms should consult a physician. Prolonged irritation of the sinuses or throat can lead to infections, or may be signs of other illness.

Also, anyone with histories of serious respiratory diseases may be advised to seek treatment by an allergy specialist.

Gross National Product.

This year Americans will produce more litter and pollution than ever before. If you don't do something about it, who will?

VA Questions And Answers

Q- Five years ago I renounced my VA disability compensation and it was terminated. Can I now make a new application for this disability?

A- Yes. A renouncement does not preclude a person from filing a new application. However, no payment may be made for any period prior to the date the new application is received by the VA.

Q- Who may receive a Presidential Memorial Certificate on the death of a veteran?

A- A Certificate may be issued to the next-of-kin, a relative or friend upon request, or to an authorized service organization representative acting on behalf of such relative or friend. The award of a Certificate does not preclude the authorization of additional Certificates to other relatives or friends.

Trickham News

By Mrs. O.R. Boenicke

The Sunday school church was called off Sunday morning on account of the weather. It was so cold.

Next Sunday the Methodist minister, Rev. Claude Davison, will preach at 9:30.

The "84" party was held at the community center at 5:30. There were 24 present and all had a good time. Genia McIver was hostess. It was a bad night. We had a good rain. There was water everywhere. I did not get that much at my house. Less than half an inch.

Visitors with Genia McIver were Gayla and J.W. Sellers and Jorge Wert, and Ruby, Lori and Mike

Zackery. All were there Friday night and Saturday. Other Saturday visitors were Sherrie Blake, Doynce and Wanda McIver and Tami, and Royce and Wanda McIver.

Lou Vaughn took Florence Stearn's dinner to her Sunday. Florence was sick and Sunday evening Sug Stearns spent Sunday evening with her.

Annelle Clark and Pauline Eubank visited me Monday evening.

The Jones family had their grand daughter Whitney Gunter visiting since Thursday.

It has been so cold. Not much visiting going on. So not much news. We sure have been having winter.

Eat-Your-Heart-Out Valentine Souffle

This Feb. 14 smooth the path to romance with a raspberry-and-cherry-sauced white chocolate expression of your love and devotion. This luscious souffle made expressly for your special one impresses and delights... yet is so deceptively simple.

Surprisingly, the perfect souffle is not nearly as elusive as you may believe. Nonetheless, if you are among the many otherwise capable cooks whose confidence wavers on this technique, the American Dairy Association offers -- in addition to its sumptuous kitchen-tested recipe -- the following step-by-step strategies to assure success. 1. Take a good, long look at the recipe before you start. Organize ingredients and equipment you will need.

2. Butter and dust every square inch of your souffle dish with sugar. The sugar provides traction for the baking souffle to climb up the slippery sides of the dish.

3. If the unbaked souffle comes to within a half-inch of the top of the dish, add a collar. Use a triple thickness of foil to fashion a 4-inch wide band that will go around the dish and overlap 2 inches. Butter the band and dust with sugar. (more)

Wrap the collar around the dish, sugared side in, with the edge of the collar extending at least 2 inches beyond the top of the dish; fasten with paper clips. After baking remove the collar. 4. The best souffle goes to the oven ASAP. If necessary,

however, you can refrigerate an unbaked souffle, covered, in the dish for up to 2 hours.

5. By all means, preheat the oven before baking the souffle.

Correction

The November 17 Santa Anna News report of the fire at Uncle Authur's should have read: According to a report from a fire department spokesman, the fires were ruled as possibly starting from an electrical short.

Any ensuing articles in the Santa Anna News referring to the same incidents should have read: possibly starting from an electrical short.

U.S. SAVINGS BONDS THE GREAT AMERICAN INVESTMENT

Bonds held less than five years earn a lower rate. A public service of this publication.

AGRICULTURAL MILESTONES

SIXTY YEARS AGO, very little sweet corn was grown in Texas and the rest of the South, although corn long had been used as human food, primarily as grits and corn meal.

Several reasons existed for not growing sweet corn but the main one was that farmers had no adapted varieties, especially ones that could cope with the corn ear worm.

In 1927, the Texas Agricultural Experiment Station began a sweet corn breeding program and by the early 1930s, had produced Honey June and Surcropper Sugar, two varieties that had long, tight shucks that protected them from the corn ear worm.

Today, sweet corn is widely produced in Texas and the South as "roasting ears," as well as canned and frozen corn. Modern Texans can't remember a time when these favorites were not readily available.

A HUNDRED YEARS ago, cattle in much of the South suffered from a disease variously called Southern Cattle Plague, Spanish Fever, Splenic Fever, Acclimating Fever and Texas Cattle Fever. It eventually came to be called Texas Fever because of its spread when Texas cattle were trailed North to market.

Native cattle, such as the Longhorn, were resistant to the disease but introduced cattle, such as the Hereford, Shorthorn and others, were highly susceptible and usually died when infected.

An Experiment Station veterinarian in Texas, Dr. Mark Francis, discovered the vector was a tick that transmitted the disease. Francis also researched dips and dipping vats for controlling ticks on livestock.

He also developed a way to inoculate susceptible cattle with the blood of resistant cattle, and the disease was eventually brought under control.

His work saved livestock producers millions of dollars, enabled Southern cattlemen to upgrade their herds, and helped them regain lost markets.

Ranger Park Inn

By Annie May Brimer

Jim Boyle, Wanda Wallace, Doris and Les Aderholt, Allene Necdham, Virginia Wood, Lorene Wynn, Gladys Creek, Neal Smith, Fannie Gilbert and Lorene Wells sang for an hour Tuesday afternoon for a large number of the residents.

It was a delight to have twenty sixth grade students and their teachers Joan Jones and Debbie Dean visit the nursing home Friday morning and present a Valentine program for the residents. The students made Valentines and book markers for each resident. After the program they visited with the residents and gave each one a valentine and book marker. It was wonderful to see how kind and gentle they were to the residents.

The weather has been so cold, it was a real treat for Billie Wheatly and the kitchen crew to serve hot chocolate and cookies from H & H Friday morning to the residents and staff members.

Joe Green popped corn for everybody Friday afternoon. This was enjoyed by all.

Pat Dowdy showed a film "How to Obtain Peace and Joy", Saturday afternoon.

Bro. Charles and Stena Mitchell conducted the 1st Sunday service Sunday afternoon. Cleo Cude played the piano for the service.

The "42" games were enjoyed by the residents Monday afternoon. Everyone appreciates Wilmoth Russell, Lucile Wylie, Peggy Johnson, Herman and Edna Estes in helping to make this a fun time.

It is wonderful to have Opal Maples home from the hospital.

Ethel Vaughn is making her home with us here at Ranger Park Inn.

Deepest Sympathy is expressed to the family of John Hunter who passed away last Saturday and was buried Sunday. He was a resident of our home for ten years and will be missed.

LIVING CENTER

Preston Cude visitors were Jesse Shaw, Johnny Row and Cleo Cude.

Red Cupps visitors were Raymond Cupps, Lemon Horton, Joe Wallace.

Thelma Whitehead visitors were Stena Mitchell, Marie Hill, and Jimmie Sue Huloff.

Myrtle Robertson visitors were Doris Stearns, Darwin Lovelady and Billie Lovelady.

NURSING HOME

Christine Sanders visitors were Stephanie Starr, Peggy Johnson, Nell Myers, Bea King, and Donna Cummings.

Lillie Knotts visitors were Ila and Jack Todd.

Johnnie Thomas visitors were Edna Thomas and M.H. Howie.

Ethel Vaughn visitors were Janice Turner and Blanche Turner.

Corrine Storey was visited by K.G. Storey.

Onnie Eden visitors were O.V. and Lula Bylerly, Harry and Margaret Crews, Edward and Allie Eden, Joan Jones.

Jim Dixon was visited by V.M. Smith.

Mae Tyson visitors were Merle McClellan, Myra and Ben Taylor.

Father of Invention

Many of modern life's luxuries and necessities might not be were it not for Thomas Edison. Born Feb. 11, 1847. Edison is considered one of America's greatest inventive geniuses. He held more than 1,200 patents in his lifetime, including those for the incandescent electric lamp, the phonograph and the motion picture projector. Edison's birthday is now widely observed as Inventor's Day.

Crews, Barbara Kingsbery, Bruce, Karyn and Laine Kingsbery, Elgean Harris, Bro. John Stanislaw.

Cleveland News By Carol Herring

Last Weeks News

Rachael and Clara Cupps are enjoying having their son and his family Billy Don and Diane Cupps, Reed and Ryan of Beaumont visit a few days. They arrived on Saturday. Kasha Cupps of Coleman was out on Sunday to visit with her dad and his family and grandparents.

Cecil and Nona Bell Ellis had as lunch guests on Friday Jerry and Cathy Ellis and Alicia.

Margie Fleming was visited by Phyllis Dillard this week. Saturday afternoon Odell Henderson came by.

Charlie and Thelma Fleming had as visitors this weekend their daughter and her family Margie and Tom Molden, Kelly and Sandy of Fort Worth. They took Thelma to lunch in Brownwood Sunday to celebrate her upcoming birthday.

Margie Fleming and Phyllis Dillard were over on Monday morning. Last Sunday afternoon J.E. and Ovella Williams dropped by.

Monday afternoon Mrs. Tavy Ford was visited by her sister Sammie LaDouCeur of Brownwood.

Lee Ray and Syble Huggins had their granddaughter Amber Huggins spend Saturday night with them.

Mrs. Ruth Hibbits visitors on Sunday afternoon were Dick and Carmilla Baugh and Joe Wallace. Charlie Avants had lunch twice during the week with Ruth.

Casey and Evaline Herring enjoyed having their daughter and family Pam and David Morgan, John and Josh of Stephenville and their grandsons Pete and Jeff Herring of Early come on Saturday and spend the night. Dale, Carol, Derek and Casey Herring were in and out during the week.

Mrs. Winnie Haynes had Clara Cupps to drop by on Tuesday.

Monday afternoon Adolph and Doris Kelly visited L.V. and Bea Cupps. L.V. visited twice during the week with them. Sunday afternoon visitors were Lena B. and Travis Smith and Nancy Hendry of San Angelo.

Lou Pierce visited Cindy Pelton and girls a couple of times during the week. Sunday, Mrs. J.E. Myers and Connie Hubbard of Edna arrived to spend several days with A.C. and Lou visiting.

Amanda Perry enjoyed visiting at the nursing home on Sunday afternoon.

Mrs. Lora Russell went to San Angelo on Thursday where she attended a birthday luncheon in honor of her granddaughter.

The Emil Williams had as visitors this past week Eppie Lowry, J.E. and Ovella Williams.

Mrs. Velda Mills is glad to be home from the hospital where she spent 18 days. Her daughter Karen Lasiter of Santa Fe, Texas is staying to help her until she gets back on her feet.

John and Juanita Naron were visited by his mother Mr. and Mrs. Joe Payne of Gatesville over the weekend.

Iona Moore and Ruby Hartman visited several times at the hospital with Velda Mills. They also visited in Coleman on Monday with Mrs. Eubanks. Iona Moore visited Louise Davis one day.

Carmilla Baugh was at Bangs on Wednesday to visit her mother Mrs. Mae Flores at the Twilight Nursing Home. She and Dick visited her mother on Saturday and they also visited with their daughter and family Nancy and Lonnie Lowry, Kayla and Will. Sunday afternoon they visited with Mrs. Ruth Hibbits.

Tuesday Myra and Coy Brooke were visited by J.B. and Hazel Brooke of Abilene. Mrs. Lorene Beeler came by several times during the week.

Visiting with Vera Wise during the week were Dorothy, Beth and Jimmy Eisenhower and Dorothy Alsobrooke.

Eppie Lowry spent Sunday at Bangs with her son and his family Lonnie and Nancy Lowry, Kayla and Will.

Kenneth Herring was visited by two of his daughters on Sunday. Visiting were Lizzie and Lauren

Gillett and Faye and Danny Gipson. Casey and Evaline Herring also visited late Sunday afternoon.

Glad to report that we had 7/10ths of an inch of rain this past weekend. Need more!!!

This Weeks News

The main topic of interest with everyone this past week seems to have been the weather. The first part of the week the temperatures were topping out in the 70's and 80's. Thursday, after a high in the upper 70's the Siberian Express finally made its debut. First we had thunder followed by rain. Then comes the extremely cold temperatures. Friday, Saturday and Sunday the high here at our house did not get above 20. This along with the winds made for some very cold days and nights. It looks like we are going to have to either get accustomed to the cold or go to some warm place (if you can find one) because the weather man said it would be here until probably Thursday.

Rachael and Clara Cupps' son and family, Billy Don and Diane Cupps, Reed and Ryan returned home to Beaumont on Wednesday. George and Lucille Teeters were out Sunday afternoon.

Visitors with Margie Fleming this week have been Odell Henderson on Monday afternoon and Donna and Jason Mapson, Brooke and Tyler Mapson of Waco and Edie and Phyllis Dillard on Sunday.

Charlie and Thelma Fleming were visited on Sunday afternoon by Peggy and Kenneth Sikes and Iris and Ronnie Seaton and Jeremy.

Visiting with Adolph and Doris Kelly was Roy Wilder of Coleman one day this past week.

Mrs. Velda Mills if feeling much better after returning home from a stay in the hospital. She celebrated her birthday this past week with a few of her neighbors.

Mrs. Byrdie Miller attended the funeral of a niece in Blanco on Monday.

Iona Moore attended Velda Mills birthday celebration.

Hardin Phillips visited Bruce Holaman on Friday and Bruce Alsobrooke on Saturday.

Lou Pierce, Mrs. J.E. Myers and Connie Hubbard visited with Bula Burleson in Gouldbusk Monday. They also visited with Cindy Pelton and girls. Mrs. Myers and Mrs. Hubbard returned home on Wednesday.

Casey and Evaline Herring were visited several times during the week by Dale and Carol Herring, Derek and Casey.

Mrs. Amanda Perry was visited on Wednesday by Carmilla Baugh, Saturday, James and Lorrie Perry ate dinner with her.

The Emil Williams were visited on Tuesday by Ovella Williams and on Thursday by J.E. Williams.

Visitors with Mrs. Tavy Ford have been Frances Ford on Friday and Peggy Miller and Nancy Miller of Eden and Mildred Ford on Sunday.

Mrs. Ruth Hibbits visited on Sunday with Charlie and Kathaleen Avants.

The Junior Hendersons were visited by their grandson and family Billy and Carol Henderson, Will and Lea-ann of Abilene on Sunday. Also visiting were their grandchildren from Bangs Sheila and Andy Henderson.

Carmilla Baugh was in Bangs several times during the week to check on her mother Mrs. Mae Flores at the Twilight Nursing Home. Sunday, Dick and Carmilla visited in Bangs with Nancy and Lonnie Lowry, Will and Kayla.

It should be interesting to see what Mother Nature has in store for us this week in the weather since we had hot weather, cold weather, rain, snow, sleet, ice and wind all this past week.

Visiting late Sunday afternoon with the Charlie Flemings were Randy and Ann Sikes and son Sam.

Seventeen percent of the U.S. adult population own jogging shoes, but less than half of those owners jog more than once a year.

HEART ATTACK QUESTIONS AND ANSWERS

Here are answers to common questions about heart attacks. Understanding the risk factors and symptoms of heart attacks may help reduce the number of deaths caused each year.

Q: How many Americans suffer heart attacks?
A: According to the American Heart Association, 1.5 million each year; one-third of these are fatal.

Q: What are the major causes of heart attacks?
A: Atherosclerosis is a common underlying cause of heart attacks. It occurs when fatty substances build up over years in the artery walls. These deposits can cause blood clots to form—these clots cause 86 percent of heart attacks.

Q: What are the symptoms of a heart attack?
A: They include pain in the chest, radiating to the shoulders, neck or arms; shortness of breath and dizziness. Other symptoms—such as sweating, nausea or a feeling of intense anxiety—can be more subtle and difficult to recognize, and are often confused with more minor health problems such as indigestion.

Q: What should a person do if he or she experiences these symptoms?
A: SEEK IMMEDIATE MEDICAL ATTENTION. Call 911 or your local fire department for an ambulance. Often, due to fear, people deny the symptoms or postpone treatment until several hours after warning signs begin. Yet, the best chance for recovery lies in receiving early medical attention.

Q: What type of therapies are available to treat patients if they get to the hospital early?
A: Certain clot-dissolving agents are effective in treating heart attacks in the first few hours after the onset of symptoms. One such agent is Activase® (Alteplase, recombinant), a tissue plasminogen activator (t-PA). When administered early in the course of a heart attack, it is very effective in dissolving clots

before the heart muscle is permanently damaged and improves the function of the heart after an attack. (Because it dissolves clots, Activase can cause bleeding that is usually minor and easily controlled. There is also a small risk of serious internal bleeding, such as intracranial hemorrhage. This occurs in 0.4 percent of patients. Therefore certain patients, particularly those at high risk of hemorrhage, stroke or high blood pressure, should not receive this type of therapy.) The product was developed and is marketed by Genentech, Inc.

Seek immediate medical attention if you experience these symptoms of a heart attack.

Time-Saving Recipe Idea Turned into \$1,000 Cash

Time is money, and Robert Hooley of Wilmington, DE knows the formula. He turned a time-saving recipe of beef tenderloin into \$1,000 by winning the "Most Convenient" category of the 1988 National Beef Cook-Off®.

A total of \$32,000 in prize money was awarded at the contest, held in Jackson, MS last September. Winners in the Outdoor, Microwave and Conventional categories each won \$5,000, and a chance to be selected as "Best of Beef," worth another \$10,000. Second and third prizes of \$3,000 and \$2,000 in the Conventional category also were awarded. In addition, "Most Convenient" and "Under 300 Calories/Serving" winners, each worth \$1,000, were chosen.

It's not too late to submit your original beef recipe for a chance to win \$15,000 in the 1989 Beef Cook-Off!

The 16th annual contest will be held in Portland, OR this coming September, and 64 amateur contestants from all 50 states will again be competing for the title of

America's best beef cook, along with \$32,000 in cash prizes. The American National Cattlewomen sponsor the competition, in cooperation with the Beef Industry Council of the Meat Board.

Robert Hooley's "Easy Beef Tenderloin Diane" was an ideal "Most Convenient" category winner, taking less than 20 minutes from refrigerator to plate. It's perfect for today's active lifestyle. Here's his recipe:

- Easy Beef Tenderloin Diane**
Preparation time: 8 minutes
Cooking time: 8 to 10 minutes
- 4 beef tenderloin steaks, cut 1 1/2 inches thick (approximately 6 ounces each)
 - 1/4 teaspoon each salt and pepper
 - 2 tablespoons butter
 - 1 tablespoon olive oil
 - 2 teaspoons grated lemon rind
 - 2 tablespoons fresh lemon juice
 - 1 tablespoon worcestershire sauce
 - 1 teaspoon Dijon-style mustard
 - Parsley sprigs
 - Paprika
- Pound beef tenderloin steaks to 1-inch thickness. Sprinkle both sides of steaks with salt and pepper. Heat

Whon News By Mrs. Tom Rutherford

Mrs. Leon Griffin and her mother-in-law Mrs. Lesly Griffin of the Gouldbusk area were dinner guests of Mr. and Mrs. Amon Otts and Yancy on Wednesday of the past week.

Mrs. May McFarlin of Santa Anna reported today that her uncle, Mr. Arthur Smith of San Angel had passed away and would be buried in San Angelo Cemetery Tuesday. Arthur was a brother of Mrs. McFarlin's father. He is survived by 2 brothers, Mr. Levi Smith of Coleman and Mr. Felix Smith of Bangs, and other members of his family whom we do not know.

Mr. Darwin Lovelady visited Sunday afternoon with his son, Mr. and Mrs. Randall Lovelady and girls in Brownwood.

We are very glad to report Mrs. Janie (Floyd) Morris remains a patient in the Brownwood Regional Hospital and is doing well following surgery but has been unable to leave the hospital due to illness in her home and then the bad cold weather. Mr. Morris and granddaughter Janet have had a round of the flu. Hopefully Mrs. Morris will come home in a few days.

My granddaughter, Deborah Smith of Abilene was with us Saturday.

Mr. and Mrs. Rick Wheeler and daughter Erica of LaGrange came on Friday night to be with myself and my guest, Mr. and Mrs. Thomas Rutherford of New Hampshire during the weekend. Mr. and Mrs. Hilary Rutherford of Coleman was with us Saturday. Also Todd Rutherford and friend Brandi Mosley of Bangs. Loyd Rutherford visited Sunday morning and was also a supper guest on Thursday night. The Wheeler's daughter Christi called them Sunday morning. The weather and roads were very bad there. Lynda (my daughter) called when they reached home. They

found the roads very bad especially around Austin to LaGrange, a distance of 60 miles. They made the journey home without disaster. But did see numerous cars and vehicles on the side of the road that could not move. When they reached home, the ground was white with ice and sleet. They were very tired and thankful to reach home safely.

Mr. and Mrs. Amon Otts and Yancy drove to Breckenridge Saturday and visited with relatives there overnight, returning home Sunday. They reported the roads that direction not so bad, but very cold.

Lucille Sorrells of Coleman visited with Mrs. Billie Lovelady on Sunday.

Doris Stearns of Brownwood visited with Mr. and Mrs. Darwin Lovelady (today) Monday and also with her Aunt Myrtle Robertson in the Ranger Park Inn Nursing Home. Mr. Darwin Lovelady visited with Mrs. Robertson during the weekend.

Mrs. Amon Otts attended the Gouldbusk Extension Club Thursday afternoon. While little son Yancy entertained his father at home.

Has been reported that Mr. Jack Sherrod of Angleton passed away in his home there. His body will arrive at Davis Morris Funeral Home in Brownwood Tuesday morning following services in the home town. Burial will be in Jenkins Springs Cemetery Tuesday. Mr. Jack Sherrod was married to Miss Leona Mae Gill, daughter of the late Mr. Glen Gill and Mrs. May Gill. Leona Mae was born in our community and attended school here. Mrs. Sherrod's mother taught school in Whon school system years back and if I'm not mistaken, was Mable Wilson when teaching here. But this has been a number of years past and I could be mistaken.

Hope to be with you next week.

butter, oil and lemon rind in large heavy frying pan over medium-high heat until hot. Add steaks; pan fry 6 to 8 minutes, turning once. Remove steaks to heated platter; keep warm. Reduce heat to medium. Add lemon juice, worcestershire sauce and mustard to frying pan, until sauce is blended. Pour over steaks. Garnish with parsley and paprika. 4 servings.

It's not too late to submit your original beef recipe(s) for a chance to win \$15,000 in the 1989 Beef Cook-Off! Send your microwave, outdoor and/or conventional entry by March 1, 1989 to: National Beef Cook-Off Entries, c/o the Beef Industry Council, 444 N. Michigan Ave., Chicago, IL 60611.

GIVE YOUR TIME TO THE IRS, AND YOU'LL GET SOMETHING IN RETURN.

Volunteer your skills and experience to the IRS. And everyone gets something in return. Taxpayers with questions get the answers they need. And volunteers like yourself get the satisfaction of a job well done. And sometimes a little bit more. For free IRS training, call 1-800-424-1040.

Volunteer now. And you'll make someone's taxes less taxing later.

WHY GO THROUGH THIS?
