SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY JULY 20, 1934

NUMBER 29

"He Profits Most Who Serves Best"

## Tagging of Cotton Ginned Prior to June 1 Advocated

All farmers or other individuals or corporations owning cotton harvested and ginned prior to June 1 are warned to have the bales tagged under terms of the Bankhead bill in order to avoid paying the Government tax of one-half the market value of the cotton.

"It is important for the owners of such cotton to have it tagged by the government" as the tax is applicable if it has not been tagged as exempt. It is automatically taxed until it is tagged, and when collection of the tax begins all cotton not otherwise exempt will be subject to the tax.

The bale tax is part of the program to regulate production of cotton.

The time for tagging old cotton has been extended to August 1st, 1934 for cotton ginned prior to June 1, 1934.

## Lions To Give Watermelon Feast

The Lions Club will entertain a number of the business men and their wives with a watermelon feast Thursday evening of this week, at the foot of the east Santa Anna mountain, at the supposed site for the park that is in process.

There is nothing assured yet that Santa Anna is to have a park, but there is a prospect, and if the local people can bring sufficient pressure upon the state board, there is a likelihood of a park being built.

About 75 men and their wives are invited to attend the meet and talk about the park. It is intended to create more interest and better educate the public as to the progress being made and the prospects of getting a park.

## REVIVAL AT LIBERTY

Sunday, July 22, a Revival meeting will begin at Liberty. Reverend Rowden will preach Sunday morning and evening. Reverend O. C. Hicks of Rhame will take charge of the services evening and continue during the remainder of the week. Everyone is invited to come and worship with us. Mrs. E. W. Polk.

## GIRL SCOUTS OFF TO ENCAMPMENT

Among the Girl Scouts attending the Encampment at Weatherford this week are Misses Bees, Inez Shield, Lenora Golston, Alice Jane Lovelady, Gwendoly Oakes, Gale Collier, and Augusta Bond of Santa Anna. They were accompanied to Weatherford Monday by M. S. P. Bond, Mrs. Sam Collier, and Misses Gene Adams and Helen Marona. Collier, who returned home Tuesday.

## New Bridge Now Open For Traffic

The new bridge over the Colorado River, south of Rockwood, which has been under construction since December, was thrown open to traffic Thursday morning, July 19th.

The News editor has waged a small effort to get Coleman and McCulloch counties to hold a formal opening with celebration, but failed to get sufficient interest created to put the deal over.

It is not too late yet if the secretaries of the chambers of commerce at Brady and Coleman will get on the job and work up a little interest. What about you?

## Santa Anna Schools Approved for Emergency Relief Funds

Supt. Scarborough is in receipt of a letter from Geo. H. Fern, Director Emergency Education Program, Austin, Texas, stating that a gift of \$2,945.37 has been approved for payment of last two and one-half months of teachers' salaries for school year just ended. This amount was granted in response to an application of the local schools for Emergency Relief Funds which length of term. Only schools in rural towns of less than 5,000 population were eligible to apply. The approval of this application as payment makes certain all teachers' salaries of 1933-34 being paid.

Mr. and Mrs. I. Williamson and son Bill, visited over the week-end with relatives in Bartlett. They report better crop prospects in that vicinity than in Coleman county, but business not as good.

## State Health Officer's Mayo School Advice for Picnics To Be Transported To Santa Anna

Austin, Texas, July 19, 1934.—Dr. John W. Brown, State Health Officer, warns those going on a vacation or picnic to be careful about their food and the water they drink to avoid unpleasant after effects.

"As to foods," Dr. Brown said, "First, be sure that what you take is perfectly fresh. Second, the things that won't spoil during the hot, muggy weather that prevails at this time of the year it is hard to keep any kind of food in good condition as every housekeeper knows. Rich, perishable food taken off the ice and carried around for several hours before using will spoil very quickly.

"It is better to avoid rich salads and indigestible combinations and to stick to the simpler things. Sandwiches—of which an infinite variety can be prepared—like, the simpler the better—and plenty of fresh, ripe fruit, are usually safe and satisfying and should form the principal part of your menu. Whatever you take, don't overeat and don't indulge in all sorts of queer mixtures. If you do, the day after the picnic is not likely to be a pleasant one for you.

And as a third precaution: Take your own drinking water, unless you are sure that the water supply of the place where you are going to spend the day is free from contamination. Thermos bottles, thermos jugs, fruit jars can all be pressed into service. It may be more trouble to carry water from home but it is much safer than to drink water from a source that may be contaminated with disease germs, especially those of typhoid fever.

## CANDIDATES TO SPEAK HERE SATURDAY

The Santa Anna News has been requested to announce the several county and precinct candidates will make their announcements here Saturday afternoon, beginning at two o'clock.

M. S. Will Parker and daughter Mickie left this week for Oil City, Pa. where they will visit for the next three months with Mrs. Parker's mother, Mrs. J. J. Winger.

## Ex-Rangers Without Meeting Place

Word was received here this week that the annual meeting of the Ex-Texas Rangers Association, scheduled to meet in Brownwood this week was postponed last Friday by the Brownwood Chamber of Commerce to an indefinite date.

Santa Anna entertained the Ex-Rangers association two years ago, and it was a real treat to have those brave old Indian fighters of the early days here for a three days convention.

Comanche entertained the association last year, and in response to an invitation from Brownwood, the association voted to meet there this year. Brownwood's recent water tragedy, which is most generally known, is alleged to be among the causes of the postponement. News of the postponement was quite a shock to members and others who attend the annual meetings.

## Scholastic Transfers Must Be Filed By First of August

All applications for transfers from one school district to another must be filed either with the secretary of the school board or with the County School Superintendent in Coleman by August 1st.

## Double Wedding Saturday

Saturday afternoon two young couples from the Leedy Community stole a march on their friends and were married in a double ceremony at Coleman.

Miss Bernice Fletcher, daughter of Mr. and Mrs. W. P. Fletcher, and Mr. Clifford Palmer composed one happy couple, and Miss Willie Webb and Mr. Martin Wallace the other. Justice of the Peace A. H. Brewer performed the impressive ceremony.

The young couples will make their homes in the Leedy community. The News joins their many friends in extending Best Wishes for a long life of happiness together.

## W. E. Ragsdale Accompanied a Cousin Living in San Antonio on a Trip Last Week Through the Panhandle Plains Country of Texas.

Heading west thru Post, and on to Slaton, Lubbock, extending the trip to Plainview, Tulla, Amarillo, and returning by way of Wichita Falls, Archer City, Graham and Intermediate points. Mr. Ragsdale reports poor crops in most places visited, and no crops at all in others. He says if the world is as big in all other directions as it is in the direction he went, there is a whooper.

## Special Edition Next Week

We purpose to publish a combination special edition next week, dated July 27th. We plan to get the paper in the mails Thursday, July 26th, and all copy must be in early. We have several special ads for this feature, and several more have been promised. This will be your opportunity to get extra advertising at the regular rate.

Those who subscribed to the Special Progressive Review page from Mr. Park last week, will find your ad in the special edition next week. Several candidates have engaged space in our special and others are expected to bring in copy Saturday and Monday. No political advertisements will be received after Monday. All copy should be in early, as it is necessary to get the paper out ahead of the regular schedule. We will also have the State and County ticket printed in our issue of next week, and plenty of extra copies will be published to supply all.

## OLD-TIMERS VISIT HERE

M. S. J. J. Byrd of Houston and her sister, Mrs. Sockwell of Comcho county, were here for a short time Monday, with friends of long ago.

Mrs. Byrd and Mrs. Sockwell lived in the Trickham community over sixty years ago, and are remembered by the few of the old guard who lived in this county at that time. Mrs. L. W. Hunter, deceased, was a niece to the elderly visitors.

## Scarboroughs To Austin

Supt. J. C. Scarborough, accompanied by Mrs. Scarborough, left for Austin Wednesday where he will be in a Conference on Curriculum Revision held by Texas School Administrators at the University of Texas, Thursday, Friday and Saturday. There will appear on the program twenty-one educational leaders of Peabody College, D. Washburne, Supt. Winnetka City Schools, Winnetka, Ill.; and Dr. McCriston, Dept. of Education, Little Rock, Ark.

## MAURY WOULD SPEAK HERE SATURDAY MORNING

Friends of Maury Hughes of Dallas, candidate for governor, wish to announce that Mr. Hughes will speak here in Santa Anna Saturday morning, July 21st at 10:30 instead of in the afternoon. Mr. Hughes is a forceful talker and his message will be worth hearing. Adv.

## PIGEON BUMS RIDES

BILOXI, Miss. (UP)—A gray-slate and brown spotted pigeon, possessed with the traveling instincts of the homing species, but the lazy traits of the barnyard fowl, daily bums rides on trains between here and Gulfport. The pigeon waits until an afternoon train pulls out of the local station, overtakes it after a two-mile flight and rides serenely on the engine tender. The feathery hobo returns on an early morning passenger.

## BIRTHDAY PARTY

Mrs. Raymond L. Blyss entertained her little daughter, Nettie Ardis, with a party on her fifth birthday, Monday, July 9th.

The guests enjoyed many games during the afternoon. They were led by Misses Ruth Laverne Irick and Gwendoly Oakes.

Those enjoying the party were Nancy Ann Flores, Roberta Conley, Jerry Fuller, Calvin Corley, Billy Mulroy, Nancy Evelyn Morgan, John Franklin Irick, Polly Ann Guthrie, James Ross Boardman, the honoree, Nettie Ardis Bayes and Sanford Jesse Boardman.

Guests of Mrs. J. L. Har is this week are Mrs. B. H. Cook and son, Ben, Jr. of Hobbs, New Mexico and Mrs. D. A. Hise of Brownwood.

Miss Betty Blue next Friday and Sunday in Rock Springs. Mr. and Mrs. Andrew Schirmer and Mr. and Mrs. W. E. Thate returned Friday from a tour through Colorado.

## 6 APPEAR TO HEAR FORTY CANDIDATES

Hurlingen, Tex.—Forty candidates for office in Cameron county were puzzled as to how to proceed when they assembled at a "mass meeting" at a small community near here, and found only six persons gathered to hear them.

The suggestion that the audience take the platform, and let the candidates sit and listen was made, but was voted down, the candidates refusing to listen. The meeting was finally adjourned without speeches.

## Donkey Baseball Game Sunday

What is said to be the most comical stunt pulled in Santa Anna this season was the Donkey Baseball game, played by members of the local fire company and a number of the business men last Sunday afternoon on the local diamond.

About three falls to the run was the average for each one to get spilt from a donkey, while making the run. The score was 4 to 6 in favor of the firemen.

One player said it didn't look very far from the back of a donkey to the ground from an observation standpoint, but to one up in the air it looked like a long way. It was not the distance or being spilt from the back of the donkey that hurt, it was the sudden stop.

## Funeral Rites for Pioneer Woman

Funeral rites for Mrs. T. J. Johnson were conducted at the Johnson home on the bank of Home Creek Wednesday afternoon, with Rt. Rev. Brockman, Catholic Priest of Brady, in charge.

The following data was read at the funeral: Catherine Ann Fox was born February 19, 1858 in Live Oak county, Texas. She was married to T. J. Johnson April 28, 1876. To this union nine children were born, eight of whom survive. Besides the husband, the following children survive: Mrs. Ada Brushenhan, Roy Johnson, Bob Johnson, Fox Johnson, Mrs. Kate McElvain Tom Johnson, M. S. Winnie Weaver, and Mrs. Blanche Flitherman.

Mrs. Johnson was a devoted member of the Catholic church all her life. She has lived in her home on the banks of Home Creek for fifty years, surrounded by loving friends and neighbors.

The following grandsons acted as pall-bearers: Vernon Johnson, Jack Johnson, Sidney Johnson, Charles Johnson, Edwin Johnson, Marvus Johnson, Emmett and Ernest Brushenhan.

Hoch Brothers were in charge of arrangements. Several from Santa Anna attended the funeral.

## NEWS FROM RELIEF OFFICE

The local Relief Office has an emergency CCC camp enrollment and will send six boys to CCC camp in Dublin and 14 boys to CCC camp in Stephenville. They will leave Coleman Monday morning, July 23, 1934.

Mr. Albert O. Hensley, member of the Texas Relief Commission, was here and gave us the set-up of our primary drought program and remarked that we will be in that class within the next few days.

The cannery is open and is running full time on the following basis: We butcher the beeves and can them furnishing all labor, material and cans, and give back to the customer one-half of his own meat.

The sewing rooms at Santa Anna and Coleman are making full blast getting ready to make childrens school clothing for this fall.

We are working men in Coleman, Santa Anna and in two precincts now and expect to start work on the Potato Curing Plant at Novice next week.

Word was received and certified that this county would be placed on secondary drought relief.

## Albany Bank Robbers Captured

Two robbers entered the First National Bank in Albany during the noon hour Wednesday and with employees and customers present, and robbed the bank of \$5,103.00 in cash and \$9,900 in travelers checks, and drove out of town in a stolen car.

The robbers entered the bank with pistols drawn in each hand, proceeded in the usual way of robbing the bank and left. The news was spread at once, and officers got busy on the trail. Arch Holmes, sheriff of Baylor county, left Seymour and drove out in the direction of Albany immediately after receiving the message. About seven miles out he met two men in a car that looked suspicious and turned to follow them. The men opened fire on the sheriff, who was single handed in his car, but he received powder and lead with them until they shot his radiator full of holes and let all the water out of his car, but he was close enough to town to go on foot for a deputy, and another car. Shortly after taking up the trail, with nothing to go by except fresh tracks of certain imprints of tires, they discovered where a car had skidded and turned off on a side road. Following them a short way the sheriff overtook them, and began pumping hot lead at them again, wounding one of them in the leg. They stopped the car and surrendered without further trouble. The money, travelers checks, seven guns and plenty of ammunition were found in the car.

Brought to jail at Seymour, one of the men admitted he was James Lucas, 22. State prison records show Lucas was one of four convicts who escaped from Harlem prison farm near Sugar Land on June 4. He had been convicted in Stephens and Taylor counties and sentenced to 2 1/2 years for three robberies and a theft. He was admitted to prison Nov. 25, 1932.

The other prisoner, also believed to be an ex-convict, gave his name as Jack Hardin, of Oklahoma. He was the one wounded in the right leg by a bullet from Sheriff Holmes' gun. A bullet penetrated the flesh but was not serious.

## W. R. Kelley Store Is Burglarized

About three o'clock Monday morning night watchman G. A. Adams discovered the back side door of the W. R. Kelley store open, and started an investigation. Mr. Adams knew the door had been closed since Saturday night, and evidently something was wrong.

An investigation revealed that the store had been burglarized, and several fine guns stolen. Entrance was gained by removing a glass from the overhead transom, over the front show window.

As well as could be ascertained, nothing was taken except the guns, ranging from 3 to 6. The burglar was evidently familiar with the store but it is believed that he does not live in Santa Anna.

Sheriff Frank Mills was called and is at work on the job. He has hopes of clearing it up soon.

Mr. and Mrs. H. H. Parker and boys of Houston are here for a few days visit with the lady's parents, Mr. and Mrs. W. R. Kelley. The Baker family are enroute home from a tour of the west where they visited the Grand Canyon, Salt Lake City and other points of interest while enjoying a vacation.

Misses Oita and Ruth Niell left Monday for Hamilton where they are visiting this week in the home of Mr. and Mrs. Ewing Lovelady.

Mr. and Mrs. Tom Wheatley of San Antonio visited here and in Shield Monday, while enroute to Story, Arkansas, where they are visiting this week.

R. H. Cole of Athens, Alabama, nephew James Cole, and grandson, Robert Cole, and a sister, Mrs. Annie Meadows of Arlington, Texas, visited last week in the M. D. Eubank home. Mr. Cole and Mr. Eubank are brothers-in-law.

## NEW YORK GOES TO PARIS

Chicago and St. Louis go to New York, Fort Worth and Dallas go to St. Louis or Chicago, and Santa Anna goes to Fort Worth and Dallas... to spend its money.

The small towns look to the bigger towns for style and price in merchandise.

In these days of airmail and rapid transportation, a new style is created in New York or Paris today and it is on the shelves of the stores in Santa Anna tomorrow. So why not spend our money at home... where it will do the most good?

Santa Anna styles are New York styles and Santa Anna prices are always lower.

THANKS

All you folks who received your cotton checks last week and who came in and remembered the editor with a dollar, two dollars, and some even more, we wish to thank you.

THINGS ONE REMEMBERS

I was recently in the oldest bank in the West the Wells Fargo Bank and Union Trust Company, in San Francisco. It was established 83 years ago. Its name conjures up visions of the Pony Express, the old Wells Fargo Express Company and the days when a gold miner represented a gold miner's dream.

going to the dogs but he does think that a lot of unsound practices must be thrown to the dogs. He expressed the opinion that much more is involved in operating a bank than just hiring a manager.

After talking to Mr. Libman, one feels that he knows every move that is being made in his bank and that to his aided banking is a serious profession, not just a job.

Sitting in Mr. Libman's office and watching the wheels go round, strengthens one's confidence in the fact that the character, ambition and enterprise which built America industrially, socially and spiritually still underlie our economic structure.

Conservatism may be temporarily crowded out of sight by the "show off." Governmental codding and pampering may be used to nurture or maintain the unsound or uneconomic enterprise.

But underlying all these things is the character of the people and their institutions with character like the Wells Fargo bank. They support our whole business structure with or without legislation and because they are founded and operated on sound principles with which passing fancies, experiments, depressions and boom time have little or no part.

The country can be thankful that such character still exists throughout the land.

ECONOMIC HIGHLIGHTS

(Industrial News Review) Happenings That Affect the Dinner Pails, Dividend Checks and Tax Bills of Every Individual, National and International Problems Inseparable from Local Welfare.

The drums heralding the approaching political war are beginning to rumble—and the public can look forward to many a knock-down and drag-out fight. A great many elections have passed into history since there were so many highly debatable issues, so much bitterness—or when there was so much at stake.

Democratic keynote was sounded in the President's radio speech of a few weeks ago—while he is not running, his political fortunes in the future will depend greatly upon reelection of enough Democratic senators and representatives to hold firm control of Congress.

In his speech Mr. Roosevelt pointed to gains that have been made in fighting depression, defended his measures without qualification, said that we were well on the road to recovery. The Administration has at its disposal one of the most high-gear publicity and campaign machines the country has ever seen.

Thus far, humanitarian considerations apparently have not impressed drivers as reason for exercising greater care in regard to speed. However, recent investigations of Clarence P. Taylor of the Massachusetts Motor Vehicle Department, constitute a serious challenge to the average driver's pocketbook, and may therefore bear greater weight.

It is vastly more expensive, Mr. Taylor found, to operate an automobile at speeds in excess of 20 miles per hour. The faster a car goes beyond that rate, the more gas it consumes per mile—at 75 miles per hour over twice as much gasoline is required to go the same distance as at 20 miles per hour.

The subject of "safe speeds" is everywhere controversial, but it is agreed that conditions on the highway must govern acceleration. It is frequently as dangerous to drive slowly on an express highway as it is to speed through congested districts.

Greater advantage of the Democratic party is that it is running the government and is spending the money—that always gives the party in power a decided head start in an election. Today the Administration has about ten billion dollars in the till which it can spend almost without check according to the wishes of the President.

Business has entered into the expected seasonal decline that always comes with summer. A short time ago a sizeable drop in steel ingot production occurred—one of the best barometers of business in general.

The Annalist brings up the moot question as to whether we are now entering a mild, temporary recession, or whether uncertainty as to the future will cause the decline to continue until the elections are over.

These indirect taxes were paid directly, there would be a howl of anguish from one end of the country to another. Taxpayers in all walks of life would band together to demand more efficient and less expensive government.

far as business at large is concerned is likely to come through reorganization of the NRA. The other day the Associated Press reported that it had learned, through a reliable source close to the Administration, that the NRA was to receive a thorough overhauling.

Main change in the NRA will be to modify governmental regulatory activities, permit business to rule itself under federal supervision. Doing this would eliminate many current criticisms of the NRA—a sizeable part of the public believes that it now represents rampant bureaucracy of the most dangerous kind.

Speed and Your Pocketbook

Excessive pressure on the accelerator has sent thousands of automobile passengers, drivers, and pedestrians hurtling to destruction, and is responsible for more than half of our 30,000 deaths and 850,000 injuries annually, according to the National Bureau of Casualty and Surety Underwriters.

THE UNTAXED AMERICAN IS A MYTH Here is a statement by Dr. William Bennett Munro of the Executive Counsel of the California Institute of Technology, that should be firmly implanted in the mind of every American. "The untaxed American is a myth. No one who occupies property, owns a car, smokes tobacco, drinks beer, goes to the theatre, eats three meals a day, rides on a street car or goes through the other motions of daily life gets by untaxed.

Dr. Munro might have added that it is the consumer who invariably bears the greater share of the burden—our industries, in such as they would like to, have no magic means of conjuring money from air. Every expense of operator, whether it be materials, labor, rent or taxes, must be included in the cost of the finished product.

### H. H. FROWN WRITES LETTER TO FORMER HOME

Editor, Empire-Tribune: More than 60 years past, Duffau community was settled with people unexcelled. Jim Burrett, Jake, Joe and others—McCartys, Roberts, Hollis, Gillentines, Wallers, Leaches and many others, all five lived near nature's heart, had nothing too good for each other. When sick they were with you, killed their fattings and brought it right into each other's homes. Yes, they never waited for you to call on them. They went all the way to you. They lived near nature's heart Adam and Eve, their ancestors, none not even remotely related to the wolf, skunk or monkey.

More than 60 years ago father and mother moved from Anderson county, Texas, with malaria in our systems. Traveled through awful cold and wint' weather. Planted my 11-year-old sister in Duffau graveyard. Came near losing two little brothers. It was then and there I, a 13-year-old boy, learned the value of real people. Yes, it is more than 60 years, but in reminiscences, I have never forgotten nor ceased to love that dear old spot, Duffau, and all of Erath county. It seems all like home where now the sweet and bitter meet. It is sweet to think so noble a people, better and lovely to know we will never meet their dear and lovely faces any more. We lived there one year. Father taught a 3-month's summer school, then moved to Johnson county, farmed and taught school, was elected sheriff, tax collector and representative to Texas legislature.

My sister-in-law, now Mrs. Alice Ewers, a subscriber to your paper, sent me a clipping of John McCarty's funeral. He was our very near neighbor. For more than 40 years I have wanted to write this, but, alas, I have waited too long. Only the very young ones remain. I feel I cannot omit mentioning one other matter. A Primitive Baptist revival meeting, conducted by Russell and Meeks, I, myself, am a missionary Baptist and have been in many protracted meetings of different denominations. But I say to you that was the most wonderful and inspiring meeting I ever witnessed.

As I close I repeat to say not only Duffau but all Erath county lies near my heart. I now am in my more than three score and ten year; send you my love and very high esteem to sleeping dead and every living man, woman and child in Erath county. I have been a voter in Santa Anna, Texas, more than 50 years, a town of 2,000 which is the home of another great people.

—H. H. Brown, Rt. 2, Bangs Tex.

### THINK OF IT!

FEDERAL GASOLINE TAXES COST \$180,000,000 A YEAR.

ONE YEAR'S TAX WOULD BUY 300,000 MOTOR CARS AT \$600 EACH.

GAS, OIL, TIRES, BATTERIES, REPAIRS, ACCESSORIES.

BUILDING THE CARS WOULD PUT 1,000,000 MEN TO WORK FOUR NRA WEEKS!

STATE TAXES PAID ON THEIR FUEL WOULD MAKE \$7,200,000 AVAILABLE FOR ROADS!

DRIVERS OF THE CARS WOULD SPEND \$300,000,000 IN TRADE!

ROAD CONSTRUCTION WOULD KEEP 100,000 MEN WORKING FOR FOUR NRA WEEKS!

REPEAL THE FEDERAL GAS TAX!

### O. E. S. OFFICERS ARE INSTALLED

At a recent meeting of the Santa Anna chapter of the O. E. S., officers for the ensuing year were installed.

The installation ceremonies were conducted by the District Deputy Grand Matron, M. S. Stacy B. Bledsoe, and Grand Inspecting Marshal, Mrs. Helen Turner, both of Brownwood.

The Chapter named Mrs. Birdie Gehrett as Worthy Matron; Mrs. Emma Penny, Associate Matron; Mrs. J. Ed Bartlett, Worthy Patron; Jack Mobley, Associate Patron; Miss Faye Childe, Secretary; Miss Grace Mitchell, Treasurer; Mrs. Maud Patterson, Conductress; Mrs. Edith Golston, Associate Conductress; Mrs. Maud Roblin, Martha; Miss Bettie Blue, Estimator; M. S. May Allen Blue, Ruth; Miss Agnes Hays, Ad. Mrs. Reta Bartlett, Electa; Mrs. Minta Bledsoe, Chaplain; Mrs. Annie Childe, Marshall; Mrs. Vivian Frye, Organist; Warder, Mrs. Myrtle Brown; Sentinel, Mrs. Myrtle Lovelady.

The Chapter presented beautifully bound copies of "The Five Heroines" to the District Deputy G and Matron and the outgoing Worthy Matron, Mrs. Minta Bledsoe.

The Chapter room has been improved recently; among the latest adornments is a beautiful star in emblematic colors with electric lights in corresponding shades. The gift is from one of our past Worthy Matrons, Mrs. Annie Childers, and the recently installed Worthy Matron, Mrs. Birdie Gehrett. The Chapter greatly appreciates this attractive feature.

The refreshment committee served ice cream and cake to the large number of members and visitors present.

### SUNDAY SCHOOL CLASSES ENTERTAINED

Miss Pearl Traylor, assisted by her sisters, Misses Adelle and Leola Puth entertained two Sunday School Classes from the Baptist Church, Tuesday evening, at their home south of town. The guests enjoyed various hilarious games until a late hour when delicious angel food cake and ice cream were served to the delighted group.

The following shared in the evening's fun: Misses Martha Helen Davis, Henrice Ashmore, Ara Belle Ragdale, Adelle Traylor, and Leola Ruth Traylor; and Messrs. John Bartlett Lamb, John and Burton Gregg, Alvin Newman, John Bob Sparkman, and LeRoy Traylor; and Misses Traylor and Queenie Gregg, teachers.

### LIBRARY LINES

Numbers have taken advantage of the opportunities for reading which a e offered by the Public Library.

Others may benefit themselves likewise.

It has been said "to love books is to have friends who can always be called to our side; they are never across the seas or busy somewhere else. They never change; they are not fickle weather friends who run away when storm's come."

Members of the Library Association acknowledge with pleasure a copy of "Purple Petals," a volume of verse by Leola Christie Barnes. This little book was published in London, but is fragrant with American thought and composition. We extend thanks to the author.

### The Children's Favorite

We knew this one from childhood though the years; Possessed was he of noble traits, receptive heart and ears. As he advanced in years he also grew in grace; His nation called for heroes; he filled a soldier's place. He loved the heart of a little child and was the children's friend. We've seen him stand for justice, and childish rigors defend. Entered into their pleasure games with eager zest and joy; Seemed he never to forget that he was once a boy. Within their little realm he calmed their childish fears. Within his breast a manly heart held pity for their tears. Though far away from home he went and sometimes long his stay. A welcome warm awaited him on his returning day. Our friend arrived one bright June day— (Nine days and one since he went away). To the house of worship he had made his choice. Where last we heard his kind and cheering voice. He now lay at rest in a casket of gray. Near the altar where oft he had stood to pray. Fond friends and flowers paid a tribute of love. To one whose dwelling place is now above. And all who knew him best shall see his face no more. Until again we meet "on that beautiful shore."

### Successful gardening depends upon shallow cultivation after every rain, according to Mrs. Monroe Reynolds of Hastings home demonstration club in Shackelford county. Mrs. Reynolds has raised a garden every year for 25 years, and this year has 37 varieties of vegetables, five of which are new to her experience.

### Farmers in Bailey county have found that alfalfa is a good crop for the shallow water dist. A large increase in acreage was made in 1933 and indications are that an even larger acreage will be planted in 1934. Several farmers are preparing their retired cotton acreage for seeding to alfalfa this fall.

### Growing chickens and turkeys, much of the needed feed and food for flocks and family, and depending on a variety of truck crops for cash is the way W. H. Nixon of the Henry Prairie community in Robertson county has weathered the gale of hard times. He tried an acre of cucumbers this year for the first time and the first picking paid all the expense of the crop except 10 cents. We cannot do without the German mind. That is a riddle we are still trying to solve.—H. G. Wells.

### HALLETTVILLE—Four thousand pounds of Irish potatoes were gathered from the 300 pounds planted by Eddie Vaughan 4-H club girl, Lavaca county. These potatoes were planted the first week in March in a sandy loamy soil which had one wagon load of barnyard manure added. Besides the potatoes, 600 pounds of other vegetables have been gathered since February from the 16 varieties planted in her garden.

Conserving moisture that is already in shrub beds is more important than watering them, says Mrs. Charles Gallow, home demonstration club member of Shady Acres, in Harris county. A loose, finely pulverized soil around the roots of the shrubs will not only hold the moisture but discourage the growth of weeds.
