## Amended School Calendar Allows For Aug 28 Starting Date

All members were present as the school board met in regular session last week. Also present were Superintendent Gerald Bristor and Business Manager Judy Hartman.

The first item on the agenda after the approval of accounts for payment was that of an amended school calendar. The motion to adopt the amended calendar was passed with McIver, Harvey, Wise, Cook and Donham voting for and Kellar and Jones against. Using new policy adopted by the recent state legislature school officials amended the calendar to change the first day of school to August 28 giving them four more days to allow for a 4-day spring break March 19-23. The calendar still allows for several Fridays off in the spring for students to be involved in school related events without missing classes.

Administrative salary increases were set for Supt. Bristor, Principals Frank Gray and Jack Burns, and for business manager, Judy Hartman with Kellar, McIver, Donham and Cook voting for the increases and Wise, Harvey and Jones, against.

The board unanimously approved Colyer and Lowry accounting firm to conduct the annual audit of the fiscal record of the school district for 1988-89.

A proposal for school district depository from Santa Anna National Bank was reviewed and the bank was awarded the depository contract

for the Sept. 1, 1989 - August 31, 1991 biennium.

Board member Ruth Ann Wise was appointed to serve as delegate and Danny Kellar as alternate to the 1989 TASB Delegate Assembly September 30.

By unanimous vote the board approved a school policy that "The use of all tobacco products is prohibited within all primary and secondary school buildings of the Santa Anna ISD."

The board accepted the resignation of teacher Orabeth McIver who recently married and moved to Ohio.

One-year probationary contracts were extended to Christy Dallas, wife of head coach and athletic director Doug Dallas, and to Maria V. Cardenas. Mrs. Dallas was employed as a full-time teacher and Ms. Cardenas as a half-time teacher. Kellar, Harvey, McIver, Jones and Donham voted in favor of the motion to employ the two and Wise and Cook against.

The TEA report of the 1988 accreditation visit to the school district was discussed after a review by the board.

A unanimous vote of the board approved the appropriation of \$14,400 to pay 1988 employee health claims outstanding as a result of the EIGHT bankruptcy.

Landscaping and grounds improvements were discussed, although no action was taken.

"LOOKS LIKE THE DEAD OF WINTER"—That's the way someone described a stretch of country near the community of Whon, just east of the LaVista Ranch gate. The Hail that hit the area Saturday evening,

June 11 stripped all foliage from the large oak trees and everything else in it's path of a couple of miles wide. One report was that cattle were severely injured in the storm and even a few head lost. (Staff Photo)

## Buffalo School & Community Reunion Set For Sat. & Sun.

The 10th annual Buffalo School and Community Reunion is set for this coming Saturday and Sunday at the Santa Anna Civic Center (Armory).

Registration will begin at 9:00 a.m. Saturday morning and visitation will continue throughout the day. A white elephant auction will be held at 2:30 Saturday with those attending providing items to be auctioned. A dance is planned for Saturday night with George Maxwell and his band providing the music. Sunday activities will begin at 9:30 a.m. with a memorial service. Chris Henderson and Barbara Kingsbery will provide special music for the service.

The Acteens of First Baptist Church will be providing morning snacks and coffee and sandwiches for lunch, and evening meal consisting of ham, beans, potato salad, bread, desert and drink will be served. Cost of the meal will be \$4.50 per plate. The meal will be served at 6:00 p.m. Saturday. The girls are trying to raise money to help pay their way to the National Acteens convention to be held in San Antonio, July 12-15th.

## Joy Trek Blast-Off Scheduled For 8:30 Monday Morning

Everything is set for blast-off for "Joy Trek: Journey With Jesus Through Time and Space", the theme for this year's vacation Bible school at the First Baptist Church. Bible school will begin Monday, June 26 and classes will start at 8:30 each morning of the week,

ending on Friday. There will be a finale on Sunday night, July 2 with a musical. Activities will include creative Bible discovery supervised craft projects, puppet shows, lively singing and much more.

Rev. John Stanislaw is director of the Bible School and Melissa Duquette assistant director. Gail Lloyd will be in charge of music. Others are Kyra Neff, nursery:

Michelle Morgan, preschool; Janet Neff, 1st and 2nd grades; Barbara Patterson and Marilyn Cullins, 3rd and 4th grades; Rick and Anita Beal, 5th and 6th grades. Edith Dodson will be in charge of crafts for all age groups.

All children in the community are invited. There will be classes for all ages, nursery through sixth grade.

## SAHS Graduate Receives First King Award

(Contributed by Jean Sitterle) Rhonda Flee was selected as the outstanding senior science student of Santa Anna High School for the school year 1988-89. The daughter of Mr. and Mrs. Gary Fleeman of Santa Anna, she is the first recipient

RHONDA FLEEMAN

of the Lily and Arthur King Science Scholarship Award which was presented at the SAHS graduation ceremony, May 26th. An endowment was set up last year to the most outstanding science student. Selection of the applicant for the scholarship is made school administrators and teachers.

Miss Fleeman was active in National Honor Society, student council, the Mountaineer band, and numerous other organizations. Her plans are to attend Angelo State University and major in pre-med.

Lily and Arthur King were residents of the Rockwood Community. Mrs. King, a 1915 graduate of

Santa Anna High School was a teacher for five years prior to her marriage. Mr. King was a farmer in the Rockwood area and was active in community affairs such as the school system, Masonic Lodge and the Baptist Church. They were most interested in seeing that their children Hearthal, Marjorie, Artie Jean and Travis received college educations and as a tribute to their efforts and their interest in education, this endowment was set up for the ensuing youth of Santa Anna High School. Mr. King died in 1968 and Mrs. King in 1981. They are buried in the Rockwood Cemetery.

## First United Methodist Welcomes New Pastor

REV. DON ELROD

The congregation of the First United Methodist Church welcomed a new pastor to the pulpit during Sunday's services.

Rev. Don Elrod and wife, Joyce have recently become the new parsonage family for the Santa Anna - Valera - Trickham United Methodist Churches. They come here from Blooming Grove, where Rev. Elrod has pastored for the past six years.

The new minister is originally from Coolidge, Tx. His parents, Mr. and Mrs. Perry Chastain now reside in Grandbury. He attended Navarro College in Corsicana and graduated from North Texas State University in 1959. Mrs. Elrod is a native of Azel and is also a 1959 graduate of North Texas State University.

Rev. Elrod entered the ministry in 1982, after working as a school teacher, locksmith and a machinist in Snyder. He graduated Perkins School of Theology at SMU in December 1986, with a Masters of Divinity. He was ordained elder this past annual conference of the United Methodist Church.

Mrs. Elrod has taught school for

the past 25 years. She was a volleyball coach in Snyder, where her teams won three state championships. She fills her spare time writing poetry. She has had one book published and is working on a second.

The couple has three daughters. Kellye will be attending Howard Payne University where she will be working toward obtaining a teacher's certificate in Elementary Education. Kelley has one daughter, Cawlye. Dana Andrews is a graduate of Texas Tech, now living in Richmond and teaching in Katy. Toni Gafford lives in San Angelo and is also a teacher. She is the mother of two children, Jeremy and Hayley.

Rev. Elrod comments that "We have been very well received in Santa Anna. The people are very friendly and we are excited about our ministry here. We are looking forward to getting acquainted with church members and the community as a whole."

Former pastor, Rev. Claude Davison and wife, Jackie, have been appointed to serve at Little River. Their son Kendall who is a graduate of Santa Anna High School remained in Santa Anna where he will reside and work in Brownwood before returning to college in the fall.

## Show Steer Validation Friday, 23

## Commodities Will Be Distributed Tuesday

USDA Commodities will be distributed to those eligible to receive the foodstuffs, Tuesday June 27 at the Armory, from 11:00 a.m. to 2:00 p.m.

Items expected to be available this month include butter, flour, egg mix and peanut butter. However, the flour and peanut butter is in short supply.

## Creature Features Continues With "Tiny Creature" Visit

"Tiny Creatures" will be the program for the library summer reading group this Thursday as they meet at the Telephone Cooperative hospitality room. The theme for the summer program, "Creature Features" will be carried out as local biology and science teacher presents a program on insects. She will be showing her collection of butterfly's during the presentation.

The first program a couple of weeks ago featured farm animals. All children ages four through the

Central Texas Opportunities, the agency that handles the program in our area, has no control over what items are available or the quantity of the items.

All eligible persons will receive the emergency food assistance without regard to race, sex, political beliefs, age, national origin, or handicap. Shut-ins are encouraged to designate an authorized representative to pick up for them.

All commodities will be distributed on a first come/first serve basis.

sixth grade are encouraged to participate in the program to be held throughout the summer. Children who may have missed the first program may still sign up this Thursday. They are also encouraged to check out books from the library. Certificates will be given to children who read four or more books during the summer. Kindergarten and pre-kindergarten children are participating in the "Read to Me" group and will receive certificates for books read to them.

## County Faces Shortage Of Funds

When the Coleman County Commissioners met last week they were told by County Judge W.W. "Pete" Skelton that "We are scraping the bottom of the money barrel."

"Can we make it through the rest of the fiscal year," was the question asked of County Auditor Shirley Sansung who estimated that expenditures would exceed the income for all accounts. However, there are funds now on deposit which will cover most, with the exception of

the county's General Fund. Sansung predicts that fund will be overspent by about \$7,000, even counting the amount of cash now on hand. In the next four months the General Fund is expected to have an income of \$180,000 while expenditures are expected to reach somewhere around \$397,000.

County Treasurer Barbara Freeman had just reported that with almost all tax revenues already collected, disbursements for the past eight months have been exceeded by

receipts by only \$65,480.

Sansung asked the commissioner what they would like to look at when considering next year's budget and they all agreed they needed to do

a line-by-line comparison of figures for the past three years. The group also considered the possibility of collecting the special road and bridge fee with each vehicle registration. That fee now stands at \$5.00 but a bill is now awaiting the Governor's approval that could raise the amount to \$10.00 if the

increase goes into effect and if the commissioners decide to collect the fee, it is estimated that about \$100,000 per year additional road and bridge money will be available to the county.

The question had been posed to Justice of Peace Emory Rider about his need for a fulltime secretarial assistance. He listed felony cases processed in the past year at 149 as compared to 87 for the same period the previous year, and 42 for the year before that. Upon hearing this, the commissioners agreed he needed the fulltime help.

## Thoughts From Our Pastors

Claude W. Davison  
First United Methodist Church

Other followers of Jesus were beginning to leave him. His teachings were too hard for them. Thus, Jesus turns to the twelve and asks them, "Will you also go away?" And Peter's plaintive reply lives forever, "Lord, to whom shall we go? You have the words of eternal life; and we have believed, and have come to know, that you are the Holy One of God."

"Lord, to whom shall we go..." We can scarcely conceive of any one but Peter speaking these words. They would not have been the first answer of the critical Thomas or the more philosophical John. The truth they contain would at last have aroused the faith of Thomas, and have been the resting place of the love of John. Their sudden, unqualified utterance could only have broken from the lips of Peter. At the bare mention of the possibility of departure from Christ, Peter's soul was on fire, and the utterance of his heart outran the slower processes of the intellect, and he spoke with the voice of one who had experienced the power of the words of eternal life.

"Lord, to whom shall we go?" It is an appropriate question for each of us. The temptation to let go of our Christian commitment is forever with us. After all, commitment to Christ is an expensive proposition. The weak of faith will deprive God before they will deprive themselves. Christian commitment costs us money and it costs us time. It may deprive us of the creaturely comforts that we cherish. The temptation to forsake Christ is a strong one. "Will you leave me also?" Christ asks. And the wise heart responds, "Lord, to whom shall we go?"

If not to Christ, to whom shall we go? But why not to Christ? Can you improve on his teachings? Can you explain the marvels of Creation with satisfaction any more clearly than the writer of Genesis did when he wrote, "In the beginning God created..."

If not Christ... "to whom shall we go?" There is no satisfying alternative for he, only, satisfies the deepest longing of our hearts. He only is the Way, the Truth, and the Life.

## Around & About

Mrs. Ralph Brisbin has returned to her home in Landenberg, Pa., after visiting in Santa Anna with her parents, Mr. and Mrs. J.W. McClellan and with a son and other relatives in Austin.

Visiting with Winnie and Pete Rutherford for several days last week were Winnie's sister and niece, Mrs. Ruth Greer and Mrs. Nelda Carter from Commerce. While here they also visited Winnie's brothers Archie and Davis Tucker. The group visited in Brownwood with with sisters and a brother, Mr. and Mrs. Curtis Price, Mr. and Mrs. Aubry Hutchenson and Jim Tucker. Ruth also visited her sister-in-law, Pearl Greer in Brownwood.

Mr. and Mrs. Larry Rutherford, Stacie and Jackie, from Anson were visitors with Larry's parents, Winnie and Pete Rutherford, over the weekend. Saturday visitors were Pete's niece and husband, Mr. and Mrs. Milton Havens from Childress, and their grandson.

Mr. and Mrs. David Key spent the Friday and Saturday in Snyder with their daughter and family, Linda and Gary Miller, Alesha, Jeremy, and

Michelle. Returning home on Sunday, they stopped for a Father's Day visit with Betty's dad in Abilene.

Xuma Jones, who recently returned to Ranger Park Inn from her home in Santa Anna, was taken to Brownwood regional hospital last Friday and then transferred on to a hospital in Fort Worth for further tests and treatment.

Stephanie Warnock was a recent visitor with her father, Marty Warnock, in Rockwall, spending several days there and seeing some of the sites of the Metroplex area.

Mitch Guthrie, son of Mr. and Mrs. Monte Guthrie III recently underwent a tonsillectomy but is up and around and preparing to be a helper in the library summer reading program, "Creature Features."

Lonella Roesch was in Honey Grove recently attending the funeral of her aunt, Modena McCown, who was a resident of the Dial community. She had been a noted singer in that area and much in demand for church and social functions. She was 110 years of age at the time of her death.

## Dear Editor

Beef is back. That's good news to those of us who enjoy eating beef, whether it's lean, tender steak; a convenient, flavorful roast; or a burger with all the trimmings. Its also good news to those of us who are beef producers.

Beef is big business. The beef industry is the single largest segment of American agriculture with sales of cattle and calves accounting for about 20% of total receipts from farm marketing. In Texas, cash receipts from cattle and calves totaled \$4.9 billion in 1988. And every dollar of cattle sales directly generates an additional \$5 to \$6 of business activity in the farm supply and food businesses.

There's an important reason why beef is back. Beef producers became part of a new era in the beef industry on October 1, 1986, when the national beef checkoff program began. Through the checkoff, beef producers invest one dollar per head of cattle sales in a program which funds beef promotion, education and

by Alice Anna Spillman  
When we first began the summer reading program, there was a shortage of workers. Junior Leaders have filled this desperate need. They still do, but we now recognize how important they are to the entire program.

Younger readers look up to the older children. To them, it seems that the older kids are always busy doing interesting activities. If junior leaders give their time to participate, younger children want to follow. This desire to imitate is one reason we encourage the juniors to read books and get certificates.

Some of the duties of the junior leaders are helping the children get into their group and assisting the leader in moving the younger members across the streets. Often little problems of interest or disputes can be easily stopped by a junior leader. At the library, juniors help select books and get them checked out. They also help get the books back to the library and checked in.

On leaving, the junior leaders help the younger children get across the traffic into cars. They also help with carrying their books, etc.

One day we hope to be able to train leaders to teach songs and tell stories. Some already help with games.

This year we added the responsibility of making pictures. Last week there was difficulty with film breaking, but Glenn Donham got several good pictures. These will be for our records and eventually one will appear in the newspaper.

Names of junior leaders who are helping this year are: Joey Cheaney, Tom Guthrie, Glenn Donham, Mitch Guthrie (when he feels better) Amy Ellerbe, Laura Howze, Misty Bradley, Chanda Simmons, Vicki Ford, Esther Patino and Missy Bryce.

Erica Pearce and Tammi Starr gave part of the first program this year, but they began as junior leaders several years ago. In a few short years they will be the adults planning the entire program. Please encourage younger boys and girls to join the reading program. Help get them there, Thursday, June 22nd is the next time we meet at 9:30.

## Dana Dee Kirkland, Norman Fryar Wed

Dana Dee Kirkland, daughter of H. A. and Nina Norment of Early, and R. Norman Fryar, son of Melvin and Bobbie Fryar, also of Early, exchanged marriage vows in a 6 p. m. ceremony on June 3.

The Church of Christ in Early was the scene of the wedding with Melvin Fryar, father of the groom, officiating. Decorations for the garden-like setting featured lattice work entwined with English ivy and peach blossoms, flanked by large Ficus trees and holley, accented by a pair of candelabra with peach candles.

The altar steps were adorned at the top where the couple faced the audience, with hurricane lamps accented with peach lilies and English ivy. Family pews were designated with

peach bows encircled by English ivy and dogwood blossoms.

The bride's dress of ivory moire taffeta was fashioned with a fitted jacket and full, tea-length skirt. The jacket front featured panels of Venice lace, inset with Victorian neckline, poet sleeve, and full skirt with waisted yoke.

She carried a flowing cascade of English ivy adorned with ivory roses and peach gerbers. She wore a diamond necklace, a wedding gift from the groom, and diamond earrings. The penny in her shoe was used by her parents at their wedding.

Stacy Henderson of San Angelo attended her sister as matron of honor. Bridesmaid was Kim Fryar of Stephenville, sister of the groom.

## Aviation Club Donates Funds To Local Meals On Wheels

The Coleman Aviation Club has donated \$1500 in proceeds from the recent air show with checks being handed out last week by club president Dewey Wilson.

The Meals on Wheels program of Santa Anna was the recipient of \$375 from the group. Others re-

ceiving money from the club were the Senior Center in Coleman, and the Coleman Meals on Wheels.

Wilson expressed appreciation to the area community for support of the air show which enabled the Aviation Club to make these contributions to three worthwhile programs.

## County Farm Bureau Plans Team Roping

The time is here for the Coleman County Farm Bureau team roping to be held at Gouldbusk Saturday, June 24. The roping is for Farm Bureau members, however, anyone interested can obtain a membership and participate.

If you don't plan to participate, you are still invited to be there to watch all the action. The concession stand will open at 11:30 a.m. Books will open at 12:00 and roping will begin at 1:00 p.m. Buckles will be awarded in the C roping.

All proceeds will be donated to West Texas Rehab Center.

## A Party For Young Patriots

Those first few days of summer are heaven for a kid. But boredom can soon set in. Here's a fun kitchen project that your child can do with just a little supervision from you.

When you've been asked to bring the dessert for the neighborhood Fourth of July picnic, pass the task on to your child.

Boys and girls, alike, will love this colorful Maraschino Drum Cake. It's easy to prepare. Simply make your favorite boxed cake mix. For added flavor, substitute maraschino cherry juice for a portion of the liquid.

Nothing could give your child a greater sense of accomplishment than creating a visual show-stopper that everyone can "ooh" and "aah" over. And that's what this cake is all about.

For your Fourth of July celebration, add the brilliant color and taste of maraschino cherries to your ice cube tray. Pop a few cubes in lemonade and watch the fireworks begin.

### Maraschino Drum Cake

- 4 cups powdered sugar
- 1/2 cup butter or margarine, softened
- 1/3 to 1/2 cup half-and-half or milk
- 2-1/2 teaspoons vanilla
- 1 ounce unsweetened baking chocolate, melted
- 1 baked two-layer (8-in.) cake
- 14 peppermint candy sticks

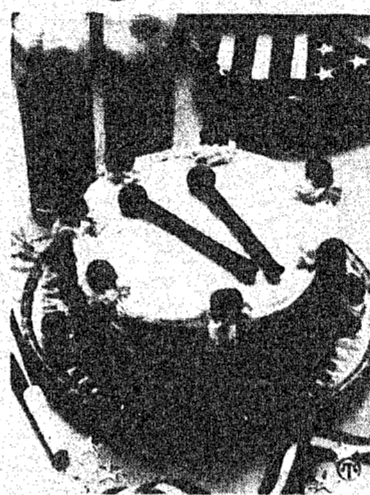

More than 40 percent of all teenage (15-19 years-old) deaths result from motor vehicle crashes. More than half of these fatal crashes involve drinking.

## Shower To Fete Bride-elect Of Rodney Duus

A miscellaneous bridal shower will be held Friday, June 30, at 3:00 p.m. in the Rockwood Community Center, honoring Miss Leann Habiger, bride-elect of Rodney Duus.

All friends and relatives of the couple are invited.

For more information, contact Dick Jamison 357-4708; Sammy Paie 625-5687; or the Farm Bureau office, 625-2361.

1 jar (10 oz.) maraschino cherries, thoroughly drained  
2 (6-inch) red licorice twists

Combine sugar, butter, half-and-half and vanilla; mix thoroughly or until smooth. Stir chocolate into 3/4 cup mixture. Mix thoroughly and set aside. Frost top of each layer of cake with white icing and stack; set aside remaining white icing for decorating. Frost sides of cake with chocolate icing. Cut peppermint sticks to desired length. Angle sticks in zigzag pattern on chocolate icing around sides of cake. Place reserved white icing in cake decorating bag; pipe icing around top and bottom edges of cake. Where peppermint sticks meet at top and bottom of cake, pipe star shapes and top with maraschino cherries. Place a maraschino cherry on end of each licorice twist to make drumsticks. Makes 10 to 12 servings.

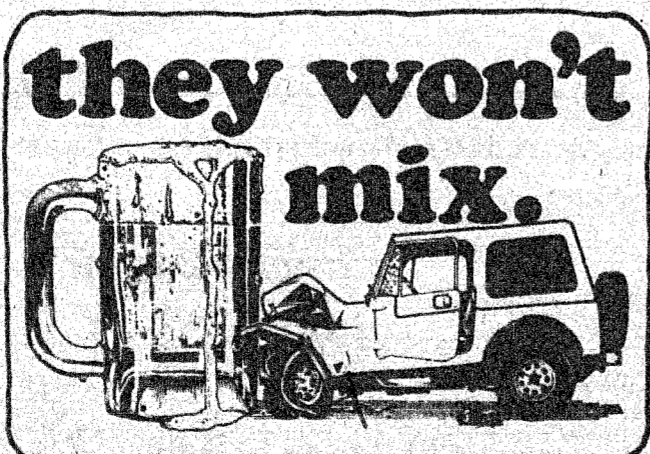

About 40 percent of all fatal crashes involve an intoxicated driver or pedestrian. In 1987, about 30 percent of all fatally-injured drivers were considered legally intoxicated as defined in most states.

If you tend to misplace door keys, put a hook right near the door or keep a small bowl on a table near the entrance. Drop the keys there as soon as you come in.

### JOY TREK (Theme Song)

By J.D. Miller (BMI)

We're going on a Journey Through time and through space. It's a one way ticket to a wonderful place. We're going on a journey to a heavenly land. We'll reach our destination, holding Jesus' hand.

We're on a joy trek and you're invited. A joy trek, and we're excited. A joy trek, the way is provided. There's room for more, so come on and join our joy trek!

We're going on a journey through space and through time.

Following Jesus, His truth we will find. He gives us power; We give Him praise. Our hands and our voices to Jesus we raise.

We're on a joy trek and you're invited. A joy trek, and we're excited. A joy trek, the way is provided. There's room for more, so come on and join our joy trek! There's room for more, so come on and join our joy trek! There's room for more, so come on and join our joy trek! So come on and join our..... JOY TREK!

WALLACE AND HANNAH COLLINS HOME

## Open House Sunday At Historic Collins Home

Pearl Wilson made a pledge to her late mother that she would try to restore the family home at 901 S. 8th in Santa Anna and she has spent the past several years undertaking that renovation project.

The house was built in the early 1900's, probably about 1905-1906 by a Mr. Tom Campbell. Mrs. Wilson's parents, the late Wallace and Hannah Collins, purchased the

home from W.M. Riley Jr. in 1934.

Mrs. Wilson has used many of her parents furnishings in the house and she also has modernized the kitchen.

She will host an open house from 2 to 4 p.m. Sunday. Members of the Dorcas Sunday School Class of First Baptist Church will assist Mrs. Wilson by serving in the house party. Everyone is invited.

## Department of Veterans Affairs

**EDITOR'S NOTE:** Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

**Q** — I am a Vietnam veteran, and I am concerned about the possibility that I may have been exposed to Agent Orange. What does the Department of Veterans Affairs offer in the way of examinations and health care?

**A** — Since 1978, the VA has operated the Agent Orange Registry Program for Vietnam veterans who are concerned about the possible health effects of Agent Orange. Veterans who participate in this program will receive a comprehensive physical examination and be asked to complete a questionnaire

about their service in Vietnam. The examination could help to detect any illness or injury the veteran may have, regardless of origin, and may provide a basis for follow-up. Vietnam veterans are encouraged to request an Agent Orange examination at their nearest VA health-care facility.

**Q** — Is there a time limit for applying for service-connected disability compensation from the Department of Veterans Affairs?

**A** — There is no time limit, however, the date of application is a factor in establishing the effective date of payment. It may also be more difficult to establish entitlement if a claim is filed long after the disability was incurred.

## For All Those Born Before 1945- We Are Survivors!

Consider the changes we have witnessed:

We were born before television, before penicillin, before polio shots, frozen foods, Xerox, plastic, contact lenses, Frisbees and the Pill.

We were born before radar, credit cards, split atoms, laser beams and ballpoint pens, before panty-hose, dishwashers, clothes dryers, electric blankets, air conditioners, drip-dry clothes- and before man walked on the Moon.

We got married first and then lived together. How quaint can you be!

In our time, closets were for clothes, not for "coming out of". Bunnies were small rabbits and rabbits were not Volkswagens. Designer Jeans were scheming girls named Jean or Jeanne and having a meaningful relationship meant getting along well with -- our cousins.

We thought fast food was what you ate during Lent, and Outer Space was the back of the Riviera Theater.

We were born before house-husbands, gay rights, computer-dating, dual careers and computer marriages. We were born before day-care centers, group therapy and nursing homes. We never heard of FM radio, tape decks, electric typewriters, artificial hearts, word processors, yogurt, and guys wearing earrings. For us, time-sharing meant togetherness - not computers or condominiums, a

chip meant a piece of wood, hardware meant hardware and software wasn't even a word!

In 1940, "made in Japan" meant junk and the term "making out" referred to how you did on your exam. Pizzas, MacDonalds and instant coffee were unheard of.

We hit the scene when there were 5 and 10 cent stores, where you bought things for five and ten cents. Isaly's sold ice cream cones for a nickel or a dime. For one nickel you could ride a street car (trolley), make a phone call, buy a Pepsi or enough stamps to mail one letter and two postcards. You could buy a new Chevy Coupe for \$600, but who could afford one? A pity too, because gas was 11 cents a gallon!

In our day, cigarette smoking was fashionable, Grass was mowed, Coke was a drink and Pot was something you cooked in. Rock Music was a Grandma's lullaby and AIDS were helpers in the Principal's office.

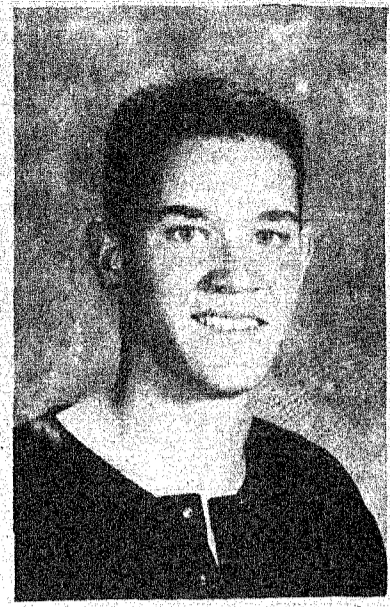

We were certainly not born before the difference between the sexes was discovered but we were surely born before the sex change. We made do with what we had, and we were the last generation that was so dumb as to think you needed a husband to have a baby!

No wonder we are so confused and there is such a generation gap today!

**BUT WE DID SURVIVE!  
WHAT BETTER REASON TO CELEBRATE?**

## County 4-H'ers Attend State Roundup At A & M

Chris Simmons and Rachel Phillips of Santa Anna were among Coleman County 4-H'ers who recently attended a state-wide roundup at A & M. The annual statewide speech and demonstration contest was held June 6 through 8 on the A & M Campus. Share-The-Fun and judging contests were held in conjunction with the speech contest and approximately 1200 youth participated in the competition. The two placed 8th out of 15 entries at the statewide contest. They reported having a very good time while attending other presentations and learning from their experiences. They especially enjoyed staying in the dorm rooms provided for them. They also had a full social calendar including several dances. All-in-all the young people considered the trip a very rewarding experience.

Chris, a student at SAHS, is the son of Mrs. Earl Simmons and the late Earl Simmons. Rachel, a recent graduate of SAHS, is the daughter of Mr. and Mrs. Jerry Phillips.

Members of the Coleman County group who attended and their categories were: Chris Simmons and Rachel Phillips, Entomology; Amy Beaver and Mayce Nanny, Sheep and Goat; and Kim Jeffreys, Safety and Accident Prevention.

To compete in the State 4-H Roundup, senior 4-H'ers must advance from the county level to compete at District. The top demonstrations at the district competition go on to the state roundup.

Scholarships, alumni awards, honorary 4-H members, and Salute to excellence awards were presented during the awards assembly, as were the contest winners.

## Granddaughter Of Local Couple Named "Miss Bangs"

Lori Niell, daughter of Mr. and Mrs. Jimmy Neill of Bangs and granddaughter of Mr. and Mrs. Woodrow Niell of Santa Anna and Mr. and Mrs. Alvis Griffin of Bangs, was crowned Miss Bangs for 1989 during the 11th annual pageant held Sunday, June 11. Lori also won the Miss Photogenic and Best Dancer titles during the pageant. She will be a junior at Bangs High School next fall.

Lori is a varsity cheerleader, and was president of her sophomore class. She has been elected to serve as treasurer of the the Bangs chapter of the National Honor Society for the coming school year. She was a Class favorite as a freshman and was recognized in Who's Who Among High School Students. She was valedictorian of her eighth grade graduating class two years ago.

## State to pay costs for some adoptions

AUSTIN—The state will reimburse up to \$1,500 of the cost of adopting a child with special needs, according to Charles Stevenson, acting commissioner of the Texas Department of Human Services. "We will reimburse non-recurring adoption expenses, such as fees paid to licensed child-placing agencies, court costs, attorney fees, health and psychological evaluations, transportation, and reasonable costs of lodging and food for the adoptive parent or child necessary to complete the adoption process," Stevenson said.

He said the federal Tax Reform Act of 1986 authorizes the reimbursements for adoption of "special needs" children. This includes children 6 years old or

older; minority children 2 years old or older; children diagnosed as having a physical, mental or emotional handicap; and children in a sibling group who are adopted together.

The adoption must have been in accordance with Texas laws or the laws of the state from which the child was adopted.

Claims for the cost of adoptions since Jan. 1, 1987, require completion of an application which may be obtained from an adoption worker at a local office of the Texas Department of Human Services. Claims for reimbursement after June 13 require a written agreement prior to the adoption.

## You Are Reminded Of The First Ever Coleman Rodeo Reunion

The Coleman Rodeo Association will host a reunion in conjunction with the Coleman's annual PCRA Rodeo, July 6, 7 & 8. All former students of schools of Coleman County are invited to participate in the reunion scheduled for Friday night July 7 and activities will include a barbecue meal, and "socializing" prior to that evening's rodeo performance.

The reunion will kick off with a barbecue dinner to be served at the Breeder Feeder building at the rodeo grounds at 6:00.

Special seating for the rodeo performance will be arranged for the reunion goers, and a dance will follow the rodeo at the open-air pavilion where you will dance under the

stars to the music of Jody Nix and his band. The Breeder Feeder building will also be available for visiting.

Discounts are available if you purchase your tickets in advance using the order form found below.

The order form must accompany all ticket orders and completed forms must be received no later than June 25. Your tickets may be picked up at the south end of the Breeder Feeder building after 5:00 p.m. July 7.

You may purchase the discount advance tickets to the rodeo even though you do not plan to attend the barbecue meal.

## Fort Griffin Fandangle Offers Fun For All

ALBANY, TEXAS — Tickets are currently on sale for the 1989 version of the Fort Griffin Fandangle set for its traditional six performances on June 22-24 and June 29-July 1 at the Prairie Theater located just northwest of the Albany city limits.

Strains of calliope music, Indians adorned with war paint, cowboys and their horses, and covered wagons loaded down with pioneers will soon be filling the theater as over 250 local residents prepare to celebrate their rich heritage.

Ticket sales for the annual outdoor show, which depicts the settling of the Clear Fork of the Brazos area through music, dance and narration, have been brisk so far, according to Fandangle Association Secretary Louann George. Ticket prices range from \$3 to \$10 depending on seat location.

Seats for the six-night run of the show can be purchased in advance through the Fandangle office in Albany. Phone orders can be placed by calling 915-762-3642. Ticket orders can be mailed to the Fandangle, Box 155, Albany TX 76430.

MasterCard and Visa are accepted for phone orders, or a check can be sent to the office. Tickets are not actually reserved until payment is received. Tickets can also be purchased at the gate on performance nights, but advance reservations are recommended.

The Fandangle continues to retell and keep alive the history of the settling of the Clear Fork area, and along with old favorites and crowd-pleasers, several new songs are being written.

Albany's outdoor pageant, which celebrated its 50th anniversary last summer, was created in 1938 by local playwright Robert Nail as a senior class play. The production grew to include the entire community the following year and has been held almost on an annual basis since its inception.

The gates at the Prairie Theater open at 7:00 p.m. each performance night and visitors are welcome to come early and enjoy the calliope concert preceding the show. The outdoor musical will begin at dusk, approximately 8:30 p.m.

One of the highlights of the summer season, the Fandangle Parade, is set for Thursday, June 29 beginning at 6:00 p.m. in downtown Albany. The parade will include Fandangle performers in costume, horsemen, covered wagons, antique cars, floats depicting scenes from the show, and the Fandangle's replicas of the Butterfield Overland stagecoach and the Texas Central train, as well as the steam-powered calliope.

Other Fandangle Special Activities in addition to the annual Fandangle performances and the parade, Albany has much to offer visitors during this special time of the year.

The Old Jail Art Center will be featuring a special exhibit of Peruvian Textiles and will be open until 7:00 p.m. each night of the Fandangle.

Other points of interest such as the Ledbetter Picket House will be open to the public. Located in the

First National Bank Park, the house was one of the first permanent houses built in the area, and offers a fine example of building methods, materials and furniture used by early settlers in the mid-1800's. Other historic homes will also be open for tours including Jacobs house, the oldest frame home in Albany.

Fandangle visitors are always surprised by the beauty and style of the Shackelford County Courthouse, built in 1983 and still in use today. The courthouse is open to the public for tours each evening during the Fandangle season.

Special organ concerts will be featured at the Matthews Memorial Presbyterian Church each evening, played on the church's unique tracker pipe organ.

Downtown businesses will also be dressing up the Fandangle season with window displays of antiques, pioneer memorabilia and Fandangle-related items. Most downtown businesses, which include several gift and specialty shops, are open late each performance day for Fandangle visitors. Western Style Barbecue Supper

Each night of the Fandangle, visitors will be able to enjoy a barbecue meal with all the trimmings prepared by Joe Allen's Bar-B-Q of Abilene. The meal will be served on the courthouse lawn from 5:00 p.m. until 8:00 p.m., and includes brisket, sausage, beans, cole slaw and all the trimmings.

Allen, who has been catering the Fandangle for several years, prepares and serves the meal from an authentic cowboy campfire and check wagon setting.

Visitors are encouraged to come early to have time to browse around the historic sites of Albany including visiting the 15 historical buildings and institutions in town that are designated by state historical markers.

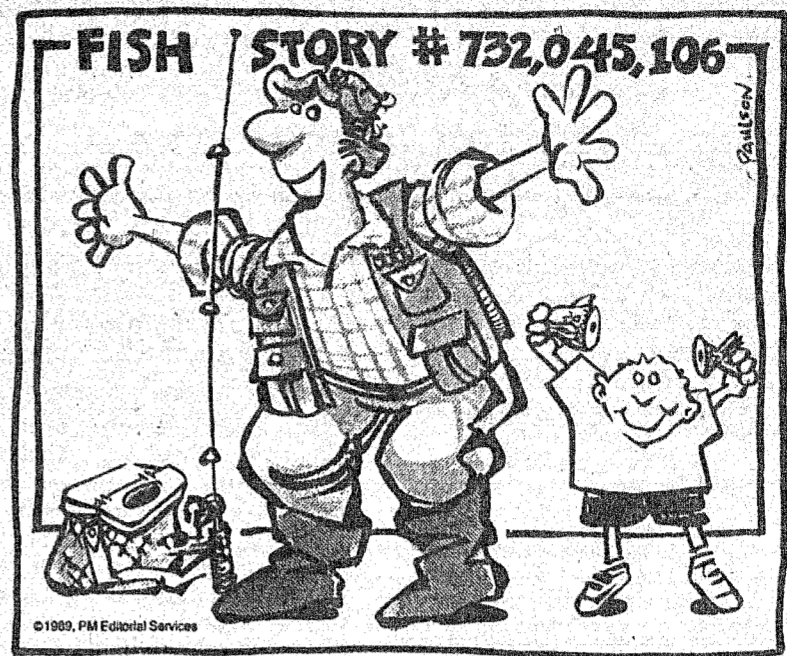

When guests drive out to the Prairie Theater, which is located on the northwestern outskirts of Albany, they will be treated to calliope music and free programs prior to the performance.

The natural two-acre stage provides the audience with the "look and feel of times long since past," using herds of Longhorns and buffalo, wagons, a stagecoach, an entire recreated street scene from the "wild and woolly" town of Fort Griffin, and even the replica of the first train to roll across the prairie heading west.

The Fandangle is a non-profit organization, which is supported by its memberships and ticket sales. Three types of memberships are available, including patrons, who donate \$125 or more. Regular memberships can be obtained for a contribution of \$25 or more, and pioneer memberships are available to persons 65 or older for \$10 or more.

The single most popular entree in American restaurants is the hamburger.

### Summer Hazards

Winter is long gone, spring has sprung and folks are enjoying the woods and waters. It's time for summer picnics, camping trips, fishing and water sports. It's also time to remember proper precautions.

Summer and its attendant activities do pose some hazards besides those filled with sand and water at the local golf course. First off, there's Old Sol himself to consider. Excess sun exposure is very uncomfortable in the short run and can cause serious problems in megadoses on an unprepared body. This is why sunbathers (the smart ones) monitor their exposure and use sun blocks.

On the other hand, Donald Deskbond spends the entire day on the water worrying about what the pike will like. Sun block? Never! None of that sissy stuff for daring Don who is medium-well in time for dinner.

Not laughing matters are the other summer sun and heat hazards. Heat exhaustion, heat stroke and dehydration are serious and potentially fatal conditions. Heat exhaustion is usually the result of overdoing it in hot weather, particularly if one is out of condition. It is the result of too much blood being diverted from the brain to help cool the body. Symptoms include dizziness, nausea, irritability, faintness and heavy sweating. The remedy — back off and cool down.

If you don't, heat stroke is the next step. The body's cooling system overloads and shuts down. The skin becomes hot and dry, and the victim may become confused and lose consciousness. Heat stroke is a medical emergency. Cool the victim with water and good air circulation and seek medical assistance.

Dehydration is another danger. The loss of body fluids and salts through profuse sweating can bring on cramps and, ultimately, shock. Replace lost fluids with fruit juice and "thirst-quencher" beverages containing electrolytes.

Bugs — the nemesis of summer fun. They range from the merely irksome, such as midges ("no-see-ums"), mosquitoes and chiggers, to the truly painful bees and wasps, to the dangerous ticks, which may carry Lyme disease or Rocky Mountain Spotted Fever.

A good insect repellent helps ward off the midges, mosquitoes and ticks. The milder concoctions are OK for a backyard cookout. But for serious outdooring you will want to consider one of the 100 percent DEET preparations. This, combined with protective clothing, and in tick country, frequent body checks, provides your best protection.

The stinging insects — wasps, bees, etc. — are best avoided by caution. Their stings are painful and dangerous to those who are allergic. The best treatment is a paste of meat tenderizer applied immediately to the sting. Some redness and swelling are to be expected. But if the symptoms worsen, and if the victim feels faint, disoriented or complains of shortness of breath, suspect an allergic reaction. Seek medical aid immediately.

Are we ready to skip summer entirely? That is not the intention. Summer is a wonderful time for family fun. But fun, whatever the season, should be tempered by common sense and reasonable precaution. **ll**

### Auto Safety Hotline

The National Highway Traffic Safety Administration (NHTSA) hopes drivers will get a lot of mileage out of this toll-free number: 800-424-9393. This hotline number gives callers important vehicle safety information. Ask for the NAPS representative.

The NHTSA is an agency of the U.S. Department of Transportation. The NHTSA Auto Safety Hotline representatives tell callers about safety recalls, safety defect investigations, new car crash test results and other safety topics.

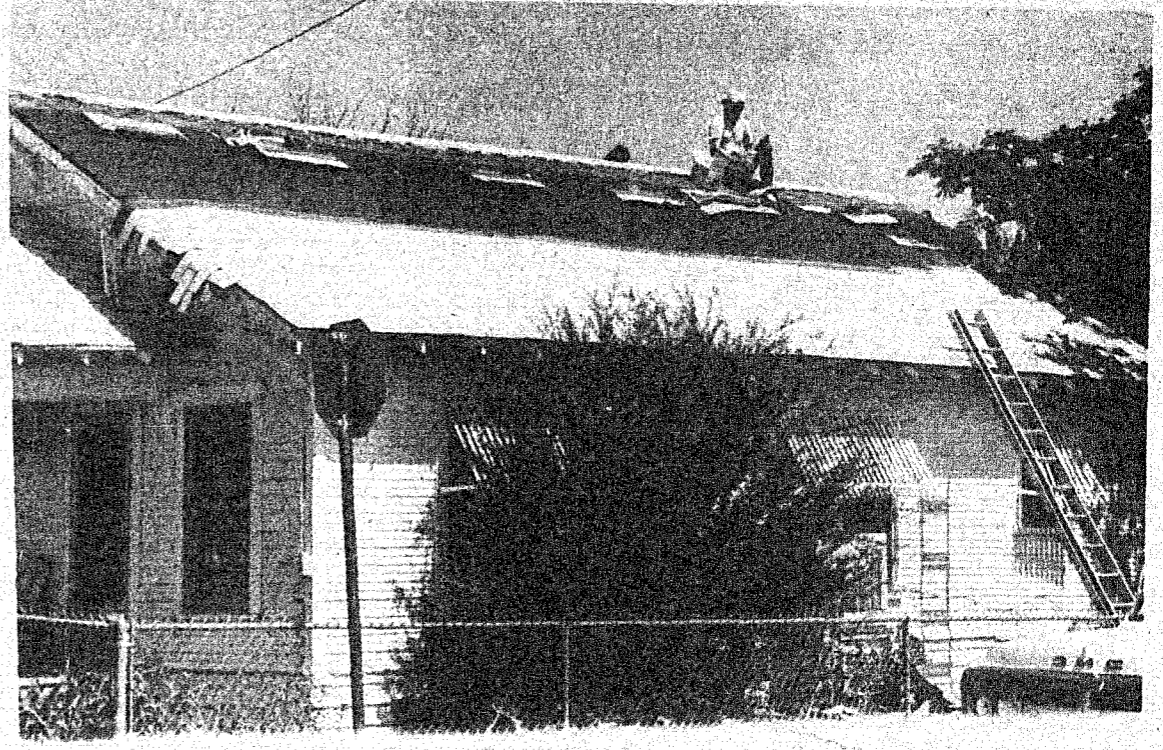

The hotline representatives also take consumer complaints about possible safety defects and help those with difficulty getting repair work for an existing safety recall. The representatives will also send callers literature relating to highway safety.

Hotline representatives are on duty Monday through Friday from 8:00 a.m. to 4:00 p.m., eastern time. However, you can call anytime, day or night, seven days a week. If you call after hours, an answering machine will record your name, address and request. The information requested will be mailed to you. The toll-free number is (800) 424-9393. In the Washington, D.C. area, dial 366-0123. Ask for the NAPS operator.

### DID YOU KNOW?

If "Old McDonald had a farm today, it would be one of 2.3 million farms in the United States. Did you also know that:

- Farmland covers about half the area of the United States—over a billion acres.
- The United States has about 470 million acres of cropland, more than any other country except Russia.

This roofer is taking a break from the heat during a roofing job last week. Many roofs were damaged by the golfball and baseball size hail that pelted Santa Anna a few weeks ago and this has become a common sight around town. (Staff Photo)

## Mom's Not In The Kitchen But The Kid-Friendly Microwave Is

Mom used to be home to serve lunch and after school snacks, but today Mom often isn't home. More than half of mothers work. Almost three-fourths of those with kids ages six and over are employed. Some things don't change though—kids still come home hungry.

These on-their-own children are learning cooking independence firsthand by mastering the microwave, whose speed, simplicity and relative safety are attractive to junior chefs. In less time than it takes to turn on the television, a tasty and often creative snack debuts.

Adults, too, appreciate the safety of a microwave oven. The microwave oven turns itself off automatically, so less supervision is needed, and fewer burners are left on by mistake.

The problem of scorching, resulting in messy pots and pans, is eliminated, so the dreaded task of clean-up is minimized.

The following American Dairy Association kitchen tested recipes are simple enough to encourage the most reluctant of youngsters because they use products kids generally like and most families keep on hand.

Before your child assumes the helm, here are a few tips to make microwave cooking safe and easy. We suggest reviewing them with junior chefs to ensure successful results.

- Read each recipe carefully.
- Gather all ingredients before you begin.
- The microwave oven cooks food fast so be sure to set the timer for the shortest amount of time and add extra seconds as needed.
- Never operate the oven when it is empty.
- Use glass or plastic dishes, not metal or foil.

- Keep hot pads nearby to use when removing a dish from the microwave oven. The heat of the food may make the dish hot.
- Ask Mom or an older brother or sister to help you with things you haven't done before like chopping and measuring.
- Be sure to clean your dishes and counter-top when you are finished.

### MEXI OR ITALIANO POTATO

- 1 medium-sized Idaho potato, scrubbed
- 1 tablespoon butter
- 3 tablespoons mild salsa\*
- 1/4 cup (1 ounce) shredded Cheddar cheese
- Sliced pitted ripe olives
- Tortilla chips, if desired

Pierce potato all over with tines of a fork. Place potato on paper towel in microwave. Microwave on High (100%) for 2 minutes. Turn potato over. Microwave for 2 to 3 minutes more, or until potato is tender when pierced with a fork. Carefully remove from microwave. Place on plate. Slit top of potato. Top potato with butter, salsa and cheese. Microwave on High (100%) 20 seconds, or until cheese is melted. Sprinkle with olives; garnish with tortilla chips.

\*NOTE: For Italiano Potato substitute prepared pizza sauce for the salsa and Mozzarella cheese for the Cheddar. Follow directions above. Serves 1.

### CHEESY DOG

- 1/4 cup (1 ounce) shredded Cheddar cheese
- 1 teaspoon chili sauce
- 1 teaspoon pickle relish
- 1 hot dog bun
- 1 hot dog, turkey or traditional

Combine cheese, chili sauce and pickle relish; mix well. Open hot dog bun. Spread cheese mixture over inside of bun. Place hot dog on top of cheese. Wrap filled bun in a paper towel. Microwave on High (100%) 1 minute, or until cheese is melted and hot dog is warm. Serve immediately. Serves 1.

Variation: Use 2 teaspoons prepared Sloppy Joe sauce instead of the chili sauce and pickle relish. Follow directions above.

Calories per serving: 429 Protein 17 g, fat 28 g, carbohydrate 26 g Calcium 243 mg, riboflavin (B2) .27 mg

### GOOEY CEREAL CRUNCH BALLS

- 1 package (8 ounces) cream cheese
- 2 tablespoons butter
- 1/4 cup honey
- 1/2 teaspoon cinnamon
- 4 cups toasted rice cereal
- 1 cup miniature marshmallows
- 2/3 cup EACH: raisins, mini semi-sweet chocolate pieces

Place unwrapped cream cheese and butter in 4-quart microwavable mixing bowl. Microwave on High (100%), uncovered, 2 to 2 1/2 minutes, or until butter is melted and cream cheese is soft. Stir with a whisk until well combined. Whisk in honey and cinnamon. Stir in cereal, marshmallows, raisins and chocolate pieces. Form mixture into 1 1/2-inch balls. Place on paper plates. Let stand at room temperature to firm up, about 1 hour. Store in airtight container at room temperature.

Yield: 36. Serving size: 1 ball

### Texas A&M veterinarian helps find solutions to pet behavior problems

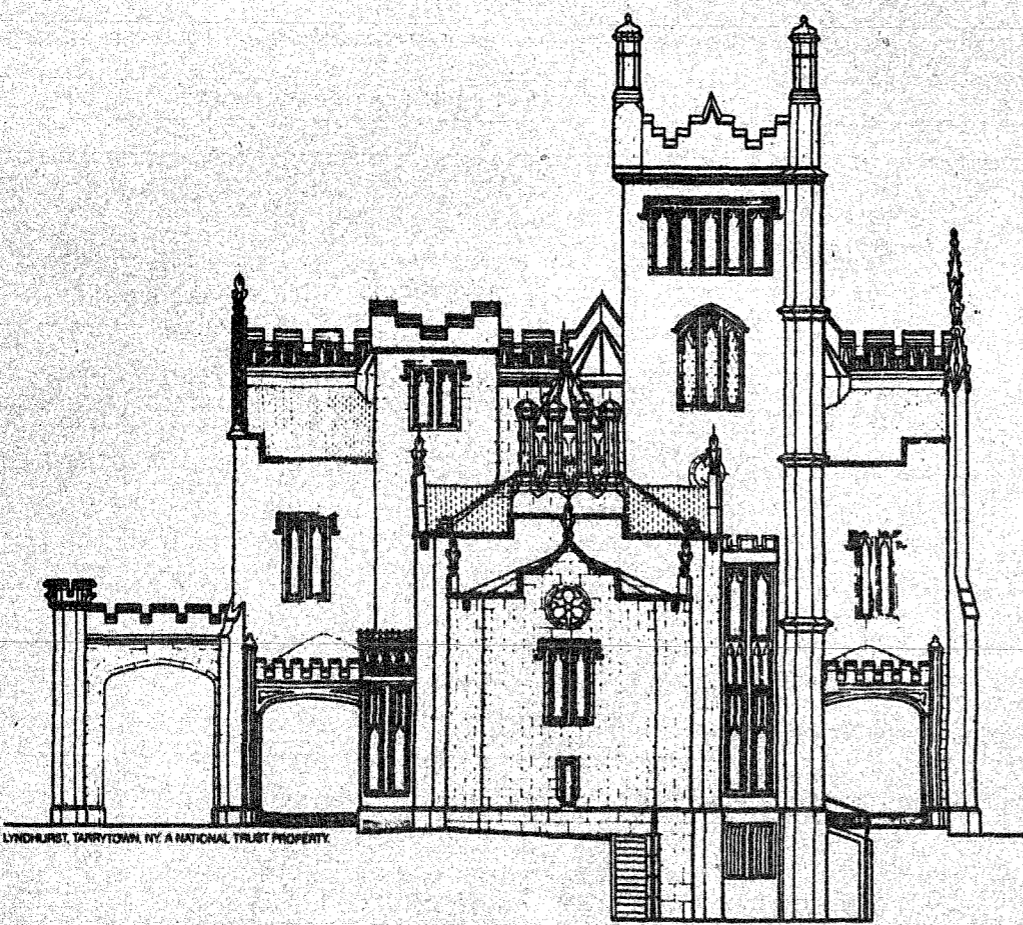

COLLEGE STATION — Sherlock Holmes once solved a mystery by observing that a dog did nothing in the nighttime. The dogs and other animals that Dr. Bonnie Beaver observes do lots

of baffling things, both night and day. These pets chew holes in walls, crash through windows, dig up the lawn, bite themselves or their owners, or bark continuously — sometimes to the point that they end up at animal shelters or abandoned somewhere along a country road.

"Some people just try and live with it, and eventually they get to the point that they're so frustrated they're going to do something with that animal," said Beaver, a veterinarian and animal behaviorist at the Texas Veterinary Medical Center at Texas A&M University.

Treatment of pet behavior disorders can range from identifying and changing factors in pets' environments that bring on odd behavior to medical treatment for physical ailments that cause unacceptable behavior, said Beaver, whose practice includes helping hundreds of pet owners each year solve the puzzle of their animals' sometimes seemingly unexplainable behavior.

### THE GOOD NEWS IS YOU HAVE HIGH BLOOD PRESSURE.

Finding out you've got high blood pressure is half the battle. With a plan for exercise, weight control, salt reduction and medication, the rest is easy.

If you have high blood pressure, get on a good program and stick with it. And do what your doctor says. Then there probably won't be any bad news.

## Ranger Park Inn

By Annie May Brimer

Boyd McClure gathered 72 ears of corn from his garden and took it to the kitchen to be cooked for the residents. It is wonderful to have fresh corn from the garden.

Idella Wristen helped with the lobby activities Tuesday while I was in Abilene attending a Big Country Chapter meeting.

The June birthday party was sponsored by the Disabled American Veteran's Aux. It was a beautiful party as Dorothea Johnson decorated the honoree's table with a birthday table cloth and Boston fern centerpiece with balloons. There were name plates at each table along with the birthday gifts from the Santa Anna Volunteer Fire Dept. Aux for Imo Herring, Lillie Knotts, Mattie Hicks and Velora Jackson. Pat DeWitt played piano selections and favorite songs selected by the honorees. Aunt Samantha, (Fannie Gilbert) read poems and funny sayings and Happy Birthday was sung. Helping with the party were Claudine Keeney, Sandra Burns, Allene Cope, Helen Wrig, Henri Gilbreath, members of the D.A.V. Aux, who baked cakes. Debbie Dean and Susie Voss from Delta Omicron sent angel food cake. Peggy Johnson, Jeanette Brock and Jean Caldwell served cake and punch.

Debbie and Danny Wheatly donated some clothes for the residents. The residents enjoyed the popcorn Friday afternoon that Joe Green and Jeanice Rice popped. The nicest people bring popcorn out for the residents to enjoy.

Glenn Moore conducted the Saturday afternoon service. This was a real treat for the residents.

The third Sunday service was conducted by Gay Irvin, Robert Robinett, Luther McCrary, Fannie and Clarence Gilbert members of the Northside Baptist Church. The residents enjoyed and appreciated this program so much.

We are sorry Xuma Jones and Dewey Dixon are in the hospital.

It is wonderful to have Alma Bryan make he home with us for a while. Welcome Alma.

The residents enjoyed the 42 games Monday afternoon. There were 4 tables of players. Ray Owens, Herman Estes, Wilmoth Russell, Lucile Wylie and Peggy Johnson helped make this an enjoyable time.

## SOOP PSYCHOLOGY

Getting into a rut is never any fun—it can dampen the brightest of spirits. Take mealtime, for example. If you serve the same foods on a routine basis, things are bound to get dull—and that can put a strain on family relationships. Try varying the menu. Let family members make suggestions or try out their culinary talents in the kitchen—that's a great way for Mom to get the night off! Try serving different beverages with meals as well. If sodas and juices have become routine, try mixing up a delicious pitcher of refreshing iced tea instead. It's great for lunch or dinner. If things work out really well, you may feel inspired to drink a toast to your ingenuity!

# Man Caught With Classified Information

## Claims information regularly published

Neighbors today were surprised to learn Melvin Kline, a seemingly quiet, well-mannered man was making extra money with classified information. When questioned earlier this morning, Kline professed surprise that everyone wasn't using the classified section to earn extra income and get rid of unwanted items. "It's common," he said. Recent studies tend to bear Kline out. Consumer Data Service reported that over 85% of the public read the newspaper and over 80% of those read the classifieds. Kline claimed widespread use was being made of the classified information. "But you have to act quickly," he remarked. "If I have something to sell, I can be in the paper by tomorrow. I do that a lot now," he confessed. "With classified, whether I'm buying or selling, I can reach a large market instantly. And it's easy... just pick up the phone."

When asked if price mattered at all, Kline stated he was in possession of Consumer Data Service documents that indicated newspaper readership increases as income increases. "The more money they make, the more they read the paper," he said, "and I can prove it." Asked for a last comment, Kline replied "No matter what you're looking for, a new job, a great car, merchandise, or even a home, take a long look at the classified section."

**"Sure, I've made some money from classified information, but so can anyone who reads the paper."**

The information's all there," Response Analysis Corp. studies indicate the public does exactly that, with 98% preferring the newspaper over radio and 68% preferring the newspaper instead of TV. Kline was last seen in the company of an unidentified man carrying two outboard motors.

Local confesses he profited from classified information in newspaper

# SALADS BEAT THE HEAT

With the rise in temperatures comes an increased interest in outdoor activities such as tennis, swimming and picnics. The popularity of salads—from tossed greens to potato salads—also seems to rise with the mercury.

For a change from familiar summertime salads, try a cool Tangy Bulgur Salad, an easy to prepare recipe with bulgur wheat cooked in Campbell's condensed chicken broth and combined with chopped tomato, lemon juice, olive oil, mint and pepper.

Serve Tangy Bulgur Salad over lettuce and sliced tomato for a refreshing break from the summer heat.

## Tangy Bulgur Salad

- 1 can (10 3/4 ounces) Campbell's condensed chicken broth
  - 1/4 cup bulgur wheat, uncooked
  - 1/2 cup chopped fresh parsley
  - 1 medium tomato, seeded and chopped
  - 1/4 cup lemon juice
  - 1/4 cup olive or vegetable oil
  - 1 tablespoon chopped fresh mint leaves or 1 teaspoon dried mint leaves, crushed (optional)
  - 1/4 teaspoon pepper
1. In 1 1/2-quart microwave-safe casserole, stir together broth and bulgur. Cover with lid; microwave on HIGH 6 minutes or until liquid is absorbed and bulgur is tender, stirring once during cooking.
  2. Stir in parsley, chopped tomato, lemon juice, oil, mint and pepper. Cover; refrigerate until serving time, at least 4 hours.
  3. Line serving plate with lettuce and tomato slices. Spoon bulgur mixture over tomato slices. Garnish with additional fresh mint leaves. Makes about 3 1/2 cups or 6 servings.

# Whon News

By Mrs. Tom Rutherford

The Smith and Lovelady reunion that was held down town Santa Anna Sunday was a success. Probably not due to so many being present. But the fact those present enjoyed the day together and the abundance of food. Making it a good day for the ones present to enjoy. Those attending were Jacky Joiner, Carroll Johnson, Linda Moss, Darrell and Rena Handcock, and Tom Boy Hale all of Fort Worth. # Stealing electricity is against the law!

## Stealing electricity is a felony.

Some people tamper with their electric meters to avoid paying for the energy they use. Stealing electricity is a felony offense in the state of Texas and violators will be prosecuted. West Texas Utilities' Current Diversion Department is working hard to help combat the growing problem of energy theft.

## Energy theft is dangerous.

Not only is service theft a crime, but it is also very dangerous. Serious injuries can result from meter tampering.

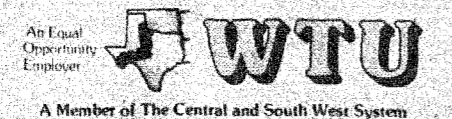

## A crime against you!

When someone steals electricity, they are not only stealing from WTU — they are also stealing from you, as a ratepayer. Just as shoplifting increases the cost of items you buy in the store, power theft increases the cost of your electric service.

## WTU will prosecute.

Because we are concerned about the dangers and costs resulting from meter tampering, West Texas Utilities will prosecute energy thieves.

**Take Care**  
Sailors, farmers, construction workers—and bathing beauties—should take care to avoid overexposure to the sun. It's a leading cause of skin cancer, according to the American Cancer Society.

**Warning**  
The American Cancer Society estimates that over 400,000 Americans will develop superficial skin cancer — a form of cancer that can be prevented by avoidance of excessive exposure to the sun.

# HEALTH ALERT

Although rabies is traditionally thought of as a disease that plagues wild animals and stray dogs, hundreds of pets die from rabies every year.

Over 500 of the 4,729 cases of rabies reported in the U.S. during 1987 were found in domestic animals, including 336 cats and dogs, according to Dr. John Briddell. Dr. Briddell is a veterinarian with Pitman-Moore, Inc., one of the world's largest producers of animal health products.

Those infected pets and livestock, in turn, expose owners, families and friends to rabies, a disease not only fatal to the animal, but also to people.

An immunized pet population creates a protective barrier between rabies-infected wildlife and people, Briddell explained.

"Rabies may be spread readily from infected wild animals to unimmunized domestic pets and then to humans. The virus is transmitted through saliva. Having an open scratch and being licked by an infected animal leaves a person exposed," he said.

Vaccinating pets costs only a fraction of what it might cost to

treat family members and others who may come into contact with the rabid pet.

"There is no cure for rabies, only protection. Once an animal is infected and develops symptoms, it is only a matter of time until it will die. In the meantime, if your pet is infected, your family, neighbors and friends may be exposed."

"Vaccinating your pet is the most effective way of preventing rabies from coming into your home," Briddell said. "It's as simple as taking your cat or dog to your local veterinarian for its vaccination. It's not just for the pet's protection, but for yours too," he said.
