S.A. Band Wins First Division Trophy

The Mighty Mountaineer Marching Band came home from the U.I.L. marching contest held in Brady last Saturday with a Division 1 trophy. There were six Division One bands named. Santa Anna ranked third and will be an alternate to the regional contest. The rating enables them to once again be eligible for sweepstakes awards if they receive the same rating in concert and sight reading in the spring U.I.L. contests. Sherry Michon is Drum Major for the proud band and is shown with band director Tom Stroud as they display the trophy won Saturday. Coming to Santa Anna from near Houston, this is Stroud's first year in the local schools. Our congratulations on a job well done for the outstanding band of 44 members, 23 of whom are junior high students! (News staff photo)

Mountaineers Head To District Showdown

The Santa Anna victory over Eden last Friday night sets the stage for a district showdown between the Mountaineers and the Bronte Longhorns at Bronte this coming Friday night. Both teams are now 3-0 in 15-A. Bronte has been defeated by only Robert Lee and Jim Ned. Robert is a very strong Class A school and Jim Ned a AA school.

The rain may have dampened the spirits of the spectators at Friday night's Homecoming football game, but the Mountaineers seemed undaunted as the caged the Eden Bulldogs by a score of 13-8.

Two big plays by cornerback Herbert Jackson, assisted by a lot of help from his teammates, gave the Homecoming exes something to cheer about.

Although many of the fans had left because of the rain, those who stayed moved down near the fence after halftime and made themselves heard by the team as they cheered them to a victory over the Bulldogs.

After a scoreless first half, Jackson took in an 88-yard run for a touchdown with 7:43 remaining in the game.

Michael Betts is swarmed by the Bulldogs as he fights for yardage in the rain that fell during last week's 13-8 win over Eden. The Mountaineers will be

in Bronte this Friday to challenge the Longhorns for the district championship. (Photo by Steve Tulcus)

Shera Lewis, Homecoming Queen

Santa Anna High School senior, Shera Lewis was named Homecoming Queen at the High School homecoming dance. The presentation had to be made at the dance rather than at halftime of the football game, due to the Friday night rain. Shera is head cheerleader at SAHS, is active in band, tennis, one-act-play, and is a member of the National Honor Society. She is the daughter of Mr. and Mrs. Gene Moore.

Chamber Of Commerce Musical Saturday Night

If you like good country western and bluegrass music, the Chamber of Commerce musical is the place for you to be Saturday night beginning about 6:00 p.m. at the Lions Club building. The musical will be the second of what is scheduled to be a regular monthly activity.

Bands from all around the area will be there to satisfy your musical appetite. At the first such affair last month, at least six bands showed up to entertain the crowd, furnishing a wide variety of music. Admission is free of charge but the Chamber of Commerce hopes you will take advantage of the sandwiches and other refreshments they will have for sale during the evening.

Organizers are hopeful this will turn into something akin to the now famous Echo Jamboree. Many of the musicians who will appear

here have performed at Echo. So be ready for a fun time of toe tapping at the Lions Club building Saturday night.

More Homecoming Next Week

Next week the Santa Anna News will publish a complete list of Exes who registered for the Ex-Student Association meeting held last Saturday. There will also be more Homecoming pictures.

Large Crowd Attends Homecoming

Once again the Santa Anna Ex-Student Association Homecoming was a big success in terms of numbers attending and in terms of good times enjoyed. Those coming to Santa Anna for the event enjoyed a bonfire pep rally, one of the best parades in many years, wonderful meals furnished by various school related groups, the football game which saw the Mountaineers take another district win (although it was played in a drenching rain), a coffee reception, an Association meeting at which 260 exes registered and a large crowd of

guests attended, 10 class reunions and many other activities such as the hospitality room offered for the first time this year.

Retiring president of the group, Dickie Horner, presided at the business meeting held in the high school auditorium Saturday morning. The exes and guests were welcomed by Scotty Anderson, a senior at Santa Anna High School and president of the student council. The group enjoyed the singing of the Alma Mater and fight song accompanied by Gail Loyd at the Piano.

Special recognition was given to Mary Ford Fields, new social director of the Ex-Student Association. Mrs. Fields was hostess for the new hospitality room activity. She did a great job and reported a wonderful time enjoyed by all who made the hospitality room one of their visits.

Mrs. Fields in turn presented Dickie Horner and Gay Abernathy each a hand painted picture for their work in making homecoming

special for the visiting exes. Garland Close, an ex student, painted and donated the pictures.

Thomas Wristen, coordinator of the first ever golf tournament for the association, gave a report on its success. President Dickie Horner presented trophies to the winners, Wristen, Jim Jones and Charles Wetsel.

Retiring vice president, Gay Abernathy gave special recognition to all ex-athletes (male and female),

ex-cheerleaders, ex-band members, ex-teachers, and to all classes ending in "9". The class of 39 had the largest group attending and Lucile Wylie represented the class of 1919. Classes having reunions over the weekend were 1926, 1930, 1937, 1939, 1949, 1959, 1964, 1969, 1974, 1979.

Horner introduced the Coming Home Queen, Bet Dean Steele from the class of 1969. She was

presented with a bouquet of roses and a hand painted china plate. The plate was painted by Oma Dean McDonald Homer. Wesley Hays Sr. was recognized and honored as the Ex-Student of the Year. He represented the class of 1939.

New officers for the 1990-1992 term are as follows: Gay Abernathy, president; Kay Gray, 1st vice president; Paul Martin 2nd vice president.

These youngsters seemed to be saying its never too young to be aware of the dangers of drugs. The "Say Nope To Dope" theme of the parade entry carried out the theme of the Red Ribbon campaign for drug awareness now being conducted. (News staff photo)

Amendment Election Tuesday; Fri. Last Day For Absentee Vote

Friday is the last day to vote absentee for the Constitutional Amendments election that is to take place next Tuesday, November 7. Locally, ballots will be cast at the Coleman County Telephone Co-op hospitality room. Polls will be open from 7 a.m. to 7 p.m.

Absentee voting by personal appearance is done at the courthouse in Coleman and has, to this date been very light, according to County Clerk Glenn Thomas.

The proposed amendments appeared in the Santa Anna News in

their entirety during September. We invite you to read the following, written by Secretary of State George Bayoud, about the election that will decide the fate of the 21 proposed amendments to the Constitution of the State of Texas.

BY TEXAS SECRETARY OF STATE GEORGE S. BAYOUD JR. Important issues will be decided when Texas voters head to the polls Nov. 7 to consider 21 state constitutional amendment proposals. The

Rain!!

According to our local weatherman, R.W. Balke, Santa Anna received a total of 2.37 inches of rain over the weekend. That is also pretty much the report received from many outlying areas of the county. The soaking rain was very much needed and very much appreciated and will be a big help in bringing up the grain and keeping it going. The cooler temperatures that arrived are also appreciated by many of us.

Dear Editor

Just this week I learned of the recent death of Lillie Box, a long-time resident of Rockwood. She and her husband, Claud, who passed away several years ago, were friends of mine for many years. I also heard this week that another dear Rockwood friend, Mattie Ella Gray, died several years ago. Hearing of the deaths of these friends brought a lot of sadness to my heart. And a feeling of love and gratitude.

In July 1964, I became pastor of the Rockwood Baptist Church. At the time I was a twenty-year-old student at Howard Payne University. For almost six years I served the small congregation. Those two ladies and numerous others were staunch members of that church and supporters of their young pastor. Almost 20 years have passed since I left the Rockwood church. I have pastored three churches in the years I have been gone, but that church and those people will always have a special place in my heart. They patiently loved me and encouraged me, and were used of God to give me a place to serve and to help prepare me for further service. I will always be indebted to them.

As I reflected this week on those years and those people, several folks come to mind...some still living, but many now dead. Such family names as Deal, Brusenhan, Bryan, King, Smith, McCreary, Estes, Rutherford, Steward, Bray, Blair, and Wise will be indelibly imprinted on my mind and in my heart.

The Secret A Whole Town Shared - Except for Three

by Pat McFadden
A community of a little over 1500 people shared a secret for three weeks. That is everyone except three men. Northside Baptist Church of Santa Anna decided to honor her deacons, Bro. E. Loyd Fisher, Bro. Robert D. Robinett, and Bro. S. Luther McCrary, on Sunday, October 22. The program theme was "This Is Your Life", (following from birth to salvation, family, and ordination). The church incorporated the help of the wives as well as the whole community.

During this time Bro. Robinett decided to take a trip to Colorado to visit his brother who had been seriously ill. After two weeks we began to worry, but never fear, Sister Maggie was there! After insisting they come home on Saturday, they got just outside of Lubbock and broke down. Now all this time Bro. Robinett had been ill with flu-like symptoms, but never-the-less they proceeded to walk the five miles into town along about sundown. After working late into the night, the shop owner got the van repaired and suggested they stay overnight there. Since they were pulling a travel trailer, and it was almost midnight, and Bro. Robert was just about on his last legs, he thought staying was a good idea. But Sister Maggie had other plans, and they were to get home before Sunday services. So they hit the trail again. Sweetwater looked inviting to Bro. Robert but, "no way, we are going home," replied Sister Maggie. So come church time Sunday morning, Bro. Robert was feeling pretty rough and just wanted to catch some z's. Yep! You guessed it! Off to church they went. What a surprise when he heard the voice of Linda, his firstborn. He thought she was in Waco. Then came all the rest of the children, Jean, Gail, and David, plus 9 grandchildren and 3 great-grandchildren.

Now during those three weeks. Mrs. Gail Horner, daughter of Robert and Maggie Robinett sang "Thank You" as a tribute to the deacons. Bro. McFadden, pastor, spoke from the 6th chapter of Acts. A covered dish luncheon was enjoyed by all following the morning service. The three deacons each received a red silk carnation boutonniere, a cassette tape of the service, and a book "Men of Good Report", co-authored by Donald Francis Pruitt, a former pastor of Northside Baptist Church. Bro. Dickie Horner video-taped the program for his father-in-law, Robert Robinett. The Church would like to thank the community and all family members for their cooperation in keeping the "the best kept secret in town - except for those three men" who now know what was going on during those three weeks.

Library Notes

Check It Out
by Alice Anna Spillman

Recently the TV and press have been concerned with how little knowledge W.S. young people have in the areas of geography and history. The excuse some have given is that the subject is dry and boring. I've never found it to be boring here are a couple of ideas on how to make history more interesting. Most of the school children in the 1920's and 30's were issued a comic book story of Texas. This little book was donated by Mobil Oil Company and made dull facts fun. Some original copies are still around and it was re-released for Texas 150th anniversary. Young or old will enjoy this history. I wish someone would return my copy. Sue Newman helped me find this book and I treasure it. Someone borrowed it to enjoy and failed to return it.

A book that I plan to buy for the library is Dave Barry Slept Here. According to a review this is a hilarious view of history. It starts by banishing the dates. Barry picked October 8 and used it for every event. This frees the mind to enjoy the happening. Well at least you will have knowledge of what did happen. I doubt that you can pass the tests now being given but you surely will have a laugh or so about humanities past. Buy one of these books for a Christmas gift. It might inspire the reader to the real facts next time.

The Santa Anna News recently received, from the U.S. Immigration and Naturalization Service, some study materials for those applying for legal residence through the immigration amnesty program. One section, especially caught my eye and that was the one on U.S. History and Government. We who are citizens of this country take so many things for granted and I dare say, those of us who were born and raised in the U.S. would probably have to do quite a bit of studying before we could answer all the questions correctly. For instance, here are some questions picked at random from the lists. Could you answer all or most without having to study about them first?

- What colors are the stars on the U.S. flag and what do they mean?
- What color are the stripes on the flag and what do they mean?
- How many changes or amendments are there to the U.S. Constitution.
- How many Senators are there in Congress?
- Can you name the two Senators from your state?
- For how long do we elect Senators?
- How many representatives in Congress?
- For how long do we elect representatives?
- What makes up the executive branch of the government?
- What is the judiciary branch of the government?
- What are the duties of the Supreme Court?
- What is the Supreme Law of the United States?
- Who is the Chief Justice of the Supreme Court?
- Can you name the 13 original states?
- Who said, "Give me liberty or give me death"?
- Which countries were our principal allies during World War II.
- How many terms can a President serve?
- Who is the head of your local government?
- According to the Constitution, a person must meet certain requirements in order to be eligible to become President. Name one of these requirements. (Can you name the other two).
- Name three rights or freedoms guaranteed by the Bill of Rights.
- Name one purpose of the United Nations.
- Which President was the first Commander in Chief of the United States Military?
- How many times may a Senator be re-elected?
- How many times may a Congressman (Representative) be re-elected?
- Well how do you think you fared on those questions? Watch this column next week for the correct answers as provided on the material sent.

Those seeking permanent residence must show basic understanding of English, and U.S. History and government. Although permanent residents are not required to become United States Citizens, many choose to do so. In general, permanent residents must live in the United States for an additional five years to become naturalized citizens.

Many preparation classes are set up across the state to provide help for those studying for the exams. IN Coleman County, classes are held in Coleman at Sacred Heart Catholic Church, 201 San Saba. You may call 915-625-5773 for more information.

Half Century Dance Sat.

The Santa Anna Half-Century Dance will be held this coming Saturday night at the Armory from 7:30 to 10:30.

George Maxwell and his band from Abilene will furnish the music. Admission is \$2.00 per couple. Those attending are asked to bring sandwiches, chips, or cookies for break-time snacks. All ages are welcome to attend.

The south side clean-up will be Saturday, November 11. The clean up is set for picking up trash that is too heavy or too large for regular collection and for yard brush, etc.

You are asked to place your trash near the regular collection site for your garbage collection. If you have extra heavy or extra large items, call City Hall before that date to make arrangements.

The City crew members work on clean-up Saturdays as a convenience for the local citizens and it would be appreciated if citizens would also pitch in to help with the project, especially with the loading of your trash.

James Neal Williams of Coleman, Kelly Wise Smith of Brownwood and the three hostesses.

In addition to spouses of several members present, other guests visiting during the afternoon were Delores Wise Black of Fort Worth, Dean and Susie Reneger Bass, Rose Bass and Coyita Griffin Bowker of Santa Anna, Martha Priddy Floyd of Snyder and Lynn Pittard of Brownwood.

The Class of 1949 will meet again in 1994 for their 45th reunion.

News For And About Santa Anna Mountaineers

JV Falls To Eden

The Santa Anna Mountaineer junior varsity team fell to Eden last Thursday night 36-2. The Mountaineers scored their two points after Eden made the first TD of the game. As they were attempting a two point conversion, Vicente Frausto intercepted a pass and raced 102 yards to put two points on the board for the Santa Anna team. The rest of the game belonged to Eden as they scored 24 points in the second quarter to seal the victory. The second half of play was scoreless with neither team being able to move across the goal line.

"The JV team is idle this week after the Cross Plains team had to cancel the scheduled game.

Tomlinsons Are Named Boosters Of The Week

Boosters of the Week as named by the Santa Anna Athletic Booster Club, are Roberta and Tex Tomlinson. They are the parents of Katrina, a seventh grader and a member of the junior high drill team.

The Booster Club meets each Tuesday night at 7:30 in the varsity lounge, Perry Gym. Everyone is encouraged to attend and take part in Booster Club activities.

The club is also encouraging all football fans to be in Bronte Friday night to support the Mountaineers in their district championship challenge.

Mountaineers Continued

The Mountaineer defense dominated the game with every team member doing their part. Again, Dallas complimented the team leadership of the seniors on the squad. He is proud of the way the Mountaineers are playing as a team...no one trying to be the star, just everyone doing his job and making sure the offense gets the breaks to move the ball. Jackson, although leading rusher and scorer, is also quick to tell you his teammates are responsible for his success.

Looking to Bronte, Dallas says they are an excellent football team, "just a cut below Baird". They have 16 players on the squad. Consequently everyone gets a lot of playing time and are experienced. They are excellent ball players and athletes. They are tall and rangy with average or better speed. Just a good, solid, tough team. They are hard to score on as they have a superior goal line defense. The Mountaineers will have to play "no mistake" ball to win this one, "but we have proved we can do it," says Dallas.

Eden answered with a one-yard run from Sanchez with 5:30 remaining in the third period. However, they went for the two point conversion and were successful, pulling ahead of the Mountaineers 8-7.

But Jackson took the ball and got loose again with 10:57 remaining in the game and raced 93 yards to paydirt. That TD sealed the victory for the home team. This time the extra point failed, but the Mountaineers hung on and kept the Bulldogs out of the endzone for the rest of the wet evening.

Jackson led the Mountaineers in offense with 313 yards on 13 carries and accounted for six tackles on defense.

Coach Doug Dallas was quick to praise his entire team for the outstanding play under such miserable conditions. "Once again they showed their fine attitude and determination. It was just a great display of character."

He also pleads for a good turn out of fans for the trip to Bronte and once there be very vocal in support of the Mountaineers. According to Dallas, that is what will get the team revved up and ready to bring home a victory and a district championship.

Granddaughter Of Local People Wins English Award

Karla Aldridge, a senior at Robert Lee High School, has received a 1989 National Council of Teachers of English Achievement Award in writing.

Karla is the granddaughter of Warren and Marion Aldridge and the great-granddaughter of Mr. and Mrs. W.P. Aldridge, all of Santa Anna.

Karla, daughter of Mr. and Mrs. Ray Aldridge, was nominated by her English teacher. She was one of 6,200 nominees and one of 45 winners in Texas. Karla was the only winner from a Class A school, according to Jerry Gibbs, superintendent of school at Robert Lee.

Karla will receive a certificate of merit from the National Council of Teachers of English during the school's spring awards assembly. The Robert Lee school also received a certificate of merit commending their instructional program. The council will also recommend winners for college scholarships in 1990.

Last year, Karla won the Class A persuasive speaking competition at the University Interscholastic League state meet.

ON YOUR FEET
Podiatrist DR. GENE NICHOLS

THICK TOENAIL (ONYCHOGRYPHOSIS)
Thickening and/or discoloration of a toenail is not a normal condition or development, and it will not go away by itself. Though the cause may be either a fungus infection or an injury, it will require treatment. While most often not painful, it is an extremely unattractive condition which should not be ignored. The toenail can turn from a dirty yellow to a brown color, with occasional blackened areas. There is usually a white or yellow crust that flakes off the toenail, and under or around the nail a cheesy substance with a strong odor may be present. Your podiatrist may suggest long-term medication therapy or permanent removal of the toe-

NOV 02 89

Election Continued

fate of many of these propositions could shape the future of our state for generations to come.

The Texas Constitution is the fabric of our state's laws. Since its adoption in 1876, our Constitution has been amended 307 times. When proposed amendments to this basic document are to be considered, it is imperative that all Texans who are registered to vote participate in the process.

Unfortunately, history tells us that despite the importance of constitutional amendment elections, they generally yield low statewide voter turnout totals. We need to turn the table on history and change this voting trend. There's no better time to start than Nov. 7, 1989.

Two years ago, Texas voters were asked to consider 25 constitutional amendment proposals. That statewide ballot also included the controversial pari-mutuel wagering issue. About 25 percent of the state's registered voters turned out in that election to adopt 20 of the 25 constitutional amendments and to endorse pari-mutuel wagering.

In past constitutional amendment elections, however, the statewide turnout rate has averaged between 10 percent and 15 percent. Interest in the pari-mutuel issue is credited with the above average turnout in 1987.

Fellow Texans, we must do better. The issues are too important to let a small number of people decide their outcome.

To put the turnout rate for constitutional amendment elections in perspective, 66 percent of registered Texas voters cast ballots in last November's presidential election.

In years when Texas voters elect a governor, the turnout rate usually hovers around 50 percent.

Whether the issue is electing a president or changing the state Constitution, it is the fundamental responsibility of every Texan to participate in the electoral process. Democracy's most precious gift to its citizens is the right to vote. That right must not be forsaken.

Some election observers attribute low voter turnout in constitutional amendment elections to confusing ballot language and uninspiring issues. Those are lame excuses.

If you are confused by the propositions and their potential effect, take a little time to study them. During the election period, the media will conduct a comprehensive campaign to explain and analyze the proposed amendments.

It's also extremely unfair to characterize potential changes to our state's Constitution as uninspiring. Any attempt to alter language in the Constitution is significant and should be thoughtfully considered by all Texans.

Another reason why it is important for Texans to vote Nov. 7 is because in many areas key local issues also will be decided. While the statewide ballot will include the 21 proposed constitutional amendments, some local ballots also will include city council, school board, bond elections and other issues.

Voters in Houston, for example, will elect a mayor and also fill other municipal, school and community college posts - and even a U.S. congressional seat.

Under a 1987 state law, prospective voters need not give a specific reason for casting absentee ballots. This law gives registered voters the option of casting absentee ballots in person during a 17-day period, which ends four days before Election Day.

My office is anxious to determine what effect this "no-excuses" absentee voting law will have on Nov. 7

election. With this law now on the books, you will be hard-pressed to find an excuse for not voting.

As Texas' chief elections officer, it is my responsibility to encourage you to exercise your constitutional right. It is your responsibility to go out and vote. Your vote can make a difference.

The proposed amendments and a brief explanation follow:

Proposition 1 would raise the salaries of state lawmakers to one-fourth of the governor's salary, and increase the salaries of lieutenant governor and the Texas House speaker to one-half of the governor's salary.

Proposition 2 would authorize the issuance of \$500 million in Texas Water Development Bonds for water supply, water quality and flood control projects.

Proposition 3 would authorize the issuance of \$75 million in bonds to establish programs to assist in the development of small businesses, agricultural production or new and improved products within the state.

Proposition 4 would authorize the Legislature to exempt from ad valorem taxation certain property of non-profit veterans' organizations.

Proposition 5 would authorize the exemption from ad valorem taxation certain personal property temporarily in the state. This proposition would provide a so-called "freight exemption" from taxes for goods that are in the state no more than 175 days for processing or manufacturing purposes.

Proposition 6 would allow hospital district board members to serve four-year terms.

Proposition 7 would remove the bribery provision in the oath of office required of elected and appointed officers. The proposition would place the bribery provision in a written oath that officeholders would have to sign.

Proposition 8 would authorize the issuance of up to \$400 million in bonds for state prison system expansion and other criminal justice and mental health construction projects.

Proposition 9 would allow the merger of the state prison, parole and adult probation agencies.

Proposition 10 would allow the Legislature to pass laws permitting courts to inform juries about the effect of good conduct time and parole laws for defendants.

Proposition 11 would tie the per diem, or daily expense allowance, of

state lawmakers to the Internal Revenue Service allowance.

Proposition 12 would allow us of the state's Permanent School Fund to guarantee bonds issued by the state to help school districts borrow money to finance new construction or refurbish existing facilities.

Proposition 13 would provide a bill of rights for crime victims.

Proposition 14 would allow the election of the new district attorney in Fort Bend County to a four-year term in 1990.

Proposition 15 would allow the Legislature to permit and regulate raffles conducted by certain non-profit groups for charitable purposes.

Proposition 16 would allow the Legislature to pass a law under which hospital districts could be created by local voters without legislative authorization.

Proposition 17 would allow the Legislature to provide scholarships, grants, loans and other financial assistance to local fire departments.

Proposition 18 would allow the Legislature to extend the time for issuance of Texas Agricultural Water Conservation Bonds.

Proposition 19 would allow the Legislature to enact laws allowing local governments to make certain investments.

Proposition 20 would abolish the office of county surveyor in Cass, Ector, Garza, Smith, Bexar, Harris and Webb counties.

Proposition 21 would authorize the issuance of up to \$75 million in bonds for tax-free college savings bonds by the Texas Higher Education Coordinating Board.

Thoughts From Our Pastors

Charlie Klinke
Seventh Day Adventist Church

I always wondered what Jesus meant when He said "by this will all men know that you are my disciples" in that you love one another as I have loved you". Just how did Jesus love those people who were His followers? John 3:16 says "For God so loved the world that He gave His only begotten son, that whoever believes in Him should not perish but have everlasting life." N.K.J

Not only did God send his only son to take our place, He did something else that we would do well to look at. Continuing in John chapter 3:17 "For God did not send His Son into the world to condemn the world, but that the world through Him might be SAVED." God does not condemn us. If ever there was good news to me that is good news. If we are to be like Jesus we to will surrender our willingness to condemn others.

Jesus loved with an unconditional love, we can receive this kind of love, however we don't come by it naturally. If we are willing to love

unconditionally then we will surrender to God our willingness to receive hurt from other people. If we are willing to carry hurt towards another person we cannot love them unconditionally. When Jesus was on the cross He set for us the ultimate example of unconditional love. He had been spit upon, His back lacerated until it was shredded, the thorns were beaten into his head with the stick (reed) they had given Him as a king's scepter, they laughed at Him, and nailed Him to the cross.

Jesus with his life almost to end, knowing He had the power to destroy everyone of His tormentors in a flash, said "Father forgive them, they don't know what they are doing." Forgiveness is not natural to us, it comes as a result of a daily surrender to a God who does not condemn us.

May your life be filled with joy as you receive and share real love unconditionally.

I love you
Charlie

Whon News

By Mrs. Tom Rutherford

We will begin with the nice little rain we received during the week-end. Wasn't so very much rain, but every drop was needed and given thanks for. At our place we received 7 tenths of moisture Friday night and Sunday night we received 3 tenths. Some places had more, some less.

Mr. and Mrs. Dud Seratte of Coleman visited with May McFarlin in Santa Anna on Wednesday. We are glad to report Mrs. McFarlin is home and slowly improving. She spent several days in the hospital and was awfully sick. Soon after returning home, her brother, Carl Smith passed away and was buried in Santa Anna Cemetery. Her neighbors and friends have been most kind and caring. Visitors have been Myrtle Chapman on Saturday. Mrs Pittard has been so wonderful to look after her needs. Tincy Turney came to her home and fixed her hair, making her feel better. Velda Mills, Gladys Hunter, Mrs. Lowry, Letha Martin, Alta Bengel...so many brought in food. Ken Bowker came and stayed with her during the time of the funeral services for her brother. Could be others whose names I have not remembered.

Mr. and Mrs. Amon Otts were in Abilene Wednesday on Ranch business. The little son Yancy enjoyed the day and night with his grandparents, Mr. and Mrs. Leon Griffin of the Gouldbusk area. They also visited with his grandparents, Mr. and Mrs. Les Griffin.

Mr Darwin Lovelady was transacting business in Abilene on Friday and visited with his cousin Mrs Alice Jane Couch.

Mrs McFarlin sister, Mr and Mrs

Vernia and Jaycen Burnett of Mexia visited with her on Tuesday.

Mr and Mrs Howard Lee Lovelady of Granbury, Doris Stearns and Jeanette Turner of Brownwood, Mr and Mrs Randel Lovelady and girls Stephanie, Melanic and Alicia, Mr Buddy Lovelady of Austin and Mr and Mrs Friday Couch visited with Mr and Mrs Darwin Lovelady and some attended the Santa Anna Homecoming also during the week end. Mrs Darwin Lovelady visited with her son, Mr and Mrs Randel Lovelady and girls in Brownwood Friday afternoon.

Barbara Williams of Santa Anna visited with Janet Morris in the home of her grand parents Saturday afternoon.

Mr and Mrs Jamie Lee Morris and daughter Lejae and Mrs Morris sister, Angelina Hamilton from the Dominican Republic, who is visiting in the Jamie Lee Morris home, were Friday and Saturday night guest of Jamie Lee's parents, Mr and Mrs Floyd Morris. Lejae remained for the week with her grandparents. Also visiting were John David Morris and Jeff Morris.

Mr and Mrs Amon Otts and Yancy visited with Mr and Mrs Jody Payne of Coleman Sunday afternoon.

Mr and Mrs Douglas Avant of Brady visited Saturday with his mother Mrs Pearl Avant in Santa Anna. The Douglas Avants attended the Santa Anna Home Coming in Santa Anna on Saturday and then drove to midland and visited with their daughter Jacky Lynn and Mrs Avant's sister there.

Mr and Mrs Howard Lee Lovelady, Mr Buddy Lovelady, Doris Ruth Stearns, Mr and Mrs Friday Couch visited their Aunt Myrtle Roberson at Ranger Park Inn on Sunday afternoon. If not on Sunday was Saturday afternoon, any way during the weekend.

On Saturday near noon Mrs Patsy Smith of Abilene came and had dinner with Mr Hilary Rutherford of Coleman and myself. Hilary was with me Saturday. Patsy attended the Saturday Morning Santa Anna Home Coming then came and was with me until Monday morning.

On Sunday Hilary Rutherford and Mr Herby Huffard of Coleman had dinner with Mrs Patsy Smith and myself.

Mr and Mrs Floyd Morris drove to the veterans Hospital at Temple on Wednesday for Mr Morris to see a doctor there. Due to a mix up in the call to the hospital, Mr Morris did not get to see the doctor.

president; and Debra Long, secretary-treasurer.

Special appreciation was expressed to Susie and Dean Bass who hosted the morning coffee reception. Assisting with serving duties were Barbara Kingsbery, Jean McClellan, Donna Bradley, Oma Dean Horner, and Gale Allen Brock.

Lois Ann Harper, Margaret Mobley, Michelle Morgan and Belinda Ince registered exes and guests.

The Ex-Student Association would like to express their appreciation for all the help in making the 1989 Homecoming such a overwhelming success. Special thanks to Mary Ford Fields for her outstanding word and dedication in coordinating new events.

Mr Loyd Rutherford came over late Sunday afternoon and had supper with Patsy Smith and myself and visited with us until bed time. Loyd also attended some of the Santa Anna Home Coming, seeing past acquaintances. He really enjoyed seeing again Mr S. D. Fellers and visited with Loyd Rutherford Sunday morning.

No Antlerless Deer Permits Required In Coleman County

The regular gun season for white-tailed deer hunting in Coleman County begins Saturday, November 4 and runs through January 7, 1990 with a tag limit of four deer, either sex, but with a limit of no more than two bucks.

Don Davis, Biologist for the Texas Parks and Wildlife Department would like to remind landowners and hunters that no antlerless deer permits will be required for the taking of antlerless deer in Coleman County during the 1989-90 regular deer season.

Deer populations vary from area to area and from ranch to ranch. The either-sex regulations allows the landowner the flexibility to harvest deer on his property at the proper rate. It does not automatically mean that a heavy harvest of antlerless deer is needed. The recommended harvest rates of both antlerless deer

and bucks, as provided by the Department, should be used only as a general guideline for harvesting deer in Coleman County. Please notice that, in most cases, the department recommends that more antlerless deer be harvested than bucks.

Recommended harvest rates for both antlerless deer and bucks, based on recently completed population surveys conducted in Coleman County, is indicated on the map.

Trickham News

Sybil Reagor and Laura Harris of Bangs, Novella Stearns, Leona Henderson and Edna Laughlin spent Wednesday afternoon with Daisy McClatchy. The ladies enjoyed visiting and playing "84".

Gertrude Martin and Laverne McClatchy were in Brady Saturday afternoon for the U.I.L. Contest. Mrs. Martin's grandson is the band director for Glen Rose high school and they were participating. His name is Mike McSwain. Mrs. Martin said their were lots of band present and she heard lots of good music.

Mr. and Mrs. Sherman Stearns and Sabrina of McGregor spent Friday night and Saturday with his mother, Novella Stearns and on Saturday, John Eufebio of McGregor visited them.

Mr. and Mrs. Odell Henderson visited with Mr. and Mrs. P.H. Henderson Tuesday afternoon. Eugene Ferguson of McAllen visited Thursday afternoon with them.

Doyle McIver of San Angelo visited Friday night with his mother, Eugenia McIver and the two of them visited briefly with Mr. and Mrs. Jim Blake and Megan.

Marjorie Sullivan of Bandera visited Saturday afternoon with Annie Lou Vaughn. Byrdie Miller of Santa Anna visited Sunday afternoon and Mary Lou Jones dropped by briefly.

In writing my news last week, I failed to mention that when Re. James Gilbert came in this area on Saturday, he visited briefly with several people including those in

the nursing homes. At Brownwood he visited with Lillie Featherston and Carrie Stacy. Then in Bangs he visited with Carrie McClatchy and Mary Boenicke. All were real happy that he came by. They tell me they are always so proud when old friends drop by for a visit.

Natalie McIver and Sherrie Blake and Megan visited Saturday afternoon with Mary Boenicke. That was the first time Mrs. Boenicke had seen the baby and she thought it was precious.

My son and daughter-in-law, Donnie and Sherry York of Ozona spent the day Saturday with Nikki and I. They reported they received about two and one half inches of rain at their place Friday, for which they are thankful as it had been dry there most of the year. And speaking of rain, we recorded an even inch here at my place, while up at the Hendersons, they received two inches and south of Trickham, from one inch to an and one half was recorded. Everyone is so thankful for the rain and hoping for more soon to bring their grain up and keep it growing.

Marjorie Sullivan and Mrs. Caroline Sells and children of Bandera visited Florence Stearns Briefly Sunday morning. They spent the weekend at Marjorie's place and were checking on her mother, Carrie Stacy, at Oak Ridge Manor in Brownwood.

Monday morning...This community received more rain last night with measurements from one and a half to two inches. That should put a smile on the faces of everyone.

Diet Pills Sweeping U.S.

Doctors Invent 'Lazy Way' to Lose Weight

U.S. Gov't. Approves Patent Claims for New Diet Pill

BEVERLY HILLS, CA (Special)—An amazing new weight loss pill called "fat-magnet" has recently been developed and perfected by two prominent doctors at a world famous hospital in Los Angeles that reportedly "guarantees" you steady fat loss and calorie reduction by simply taking their tested and proven new pill.

The U.S. government has just approved the doctors claims for a hard-to-get patent that confirms "there has never been anything like their fat-bonding pill process before." It is a totally new major scientific breakthrough and is revolutionizing the weight loss industry.

You Can "Eat Normally"

Best of all, "you can continue to eat your favorite foods and you don't have to change your normal eating habits. You can start losing fat and reduce calories from the very first day, until you achieve the ideal weight you desire without exercising."

Flushes Fat Out of Body

The new pill is appropriately called the "fat-magnet" pill because it breaks into thousands of particles, each acting like a tiny magnet, "attracting" and trapping many times its size in undigested fat particles. Then, all the trapped fat and calories are naturally "flushed" right out of your body because they cannot be absorbed.

Within 2 days you should notice a change in the color of your stool, caused by the fat particles being eliminated.

"Automatically" Lose Fat

According to one of the inventors, Dr. William Shell, heart specialist and associate professor of medicine at UCLA medical school, "the new fat-bonding process is a "lazy way" to lose weight because the pills alone "automatically" reduce calories by eliminating dietary fat. It is 100% safe and not a drug."

The fat-magnet pills are already sweeping the country with glowing reports of weight loss from formerly overweight people in all walks of life who are now slimmer, trimmer and more attractive again.

Now Available to the Public

If you are trying to lose 20, 50, 100 pounds or more, you can order your supply of these "no-risk" highly successful fat-magnet pills directly from the doctors' exclusive manufacturer only (includes optional calorie-reduction plan for even better results). Send \$20 for a 90 pill supply (+\$3 handling), or \$35 for a 180 pill supply (+\$3 handling), to: Fat-Magnet, 9016 Wilshire Blvd., Dept. W869, Beverly Hills, CA. 90211. (Unconditional money-back guarantee if not 100% satisfied.) Visa, MasterCard and American Express OK. (Send card number, expire date, and signature.)
