HOMECOMING QUEEN CANDIDATES AT SAHS are Selina Cook, Laura Frausto and Shera Lewis and Missy Cook, who are all seniors. The Cook sisters are daughters of Mr. and Mrs. Danny Cook. Laura is

the daughter of Mr. and Mrs. Alex Frausto and Shera's parents are Mr. and Mrs. Gene Moore. The Homecoming Queen will be crowned at halftime of the football game next Friday, October 27.

Police Officer Hired

The hiring of a new police officer for the City of Santa Anna was finalized by Mayor Gale Brock on Tuesday afternoon.

Carlos Morales Torres, age 34, has been named the new city policeman. He plans to be moved by the weekend and ready to assume his duties.

A twelve year veteran in law enforcement work, Torres was born and raised in Knickerbocker, Tex., near San Angelo, one of 10 children

in the family. He has six years experience with the Tom Green County Sheriff's department in San Angelo. He is not married. Torres says he enjoys ranching and rodeoing.

The City Council met last Thursday with all members present as well as several interested citizens.

There had been some earlier discussion regarding the armory being left dirty after citizens had rented it for a family reunion. A person representing the family had met with the council at a prior meeting. At the meeting last week the council heard from the caretaker of the building when she told of the condition in which she found the building after the event.

Mayor Brock and the council agreed that rules and regulations need to be posted in the armory as

SANTA ANNA POLICEMAN CARLOS MORALES TORRES

air in water lines was also brought up by a citizen. Mayor Brock responded that the matter had already

been recognized and a solution was already being looked into. It has been determined that most of the problem is in lines on Ave. A and Ave. B.

The water line that had been requested to be laid out of the city limits has been put on hold till further investigation can be made into the matter.

Councilman Daniel brought the council up to date on the "911" appreciation which has been sent to Austin and awaits approval.

The council unanimously adopted a resolution for the Texas Parks and Wildlife to make recommendations on how to go about fixing up the picnic area at the City lakes and what kind of fish to stock in the lakes.

Upon recommendation by Mayor Brock city clerk Alys Pelton was designated City Secretary for matters of records. The action was unanimous. Councilwoman Susie Voss and councilman Alex DeLeon were appointed to look into the matter of the possibility of moving the city hall offices to the city warehouse building on Wallis Ave. (Into the offices now known as the Police Dept. office and the Municipal Court Office.)

Accounts were reviewed and approved for payment.

Santa Anna went to Miles last week to prove they were ready for district play and did just that as they blanked the Bulldogs 20-0. Coming into the game the Mountaineers had won only one game in a tough pre-district schedule. Miles had not lost a game in pre-season and were stunned by the Mountaineers as

they checked into the 15-A race with their win over the Bulldogs.

Miles was apparently not expecting the dominating defense of the Mountaineers and the punishing ground game that saw one fourth quarter drive of 98 yards on 17 plays without a single hitch to spoil the eventual outcome when Johnny Betts raced 56 yards for the

TD. Johnny and his brother Michael played courageously following the death of their father on Thursday.

Mountaineers Blank Miles In Dist. Opener

No Football Games For Santa Anna This Week

The Mountaineers won't be playing football this week. Rochelle has had to cancel their appearance in Santa Anna due to too many injuries. The Junior varsity Mountaineers and the junior high had planned to play in Rochelle Thursday night but those games also are canceled.

The Santa Anna Junior High team has fallen victim of "no pass, no play" since report cards came out last week and has canceled the rest of their season.

The Mountaineers will be preparing for their Homecoming meeting with Eden on the 27th. According to Coach Dallas, they may be able to schedule a JV game for next week.

Eat Chili & Stew With The PTO Preceding The Homecoming Football Game

Attention all parents of students and all you ex-students. The Santa Anna Parent-Teacher Organization would like to extend an invitation to join them for a bowl of homemade chili or stew preceding the Homecoming football game Friday October 27.

Serving will begin at 4:40 until 7:00 p.m. at the school cafeteria. Cost of the meal is to be \$4.00 for adults and \$3.00 for children 12 and under. The PTO will also have slices of homemade pies or whole pies for sale.

Have supper with the PTO and then support the Fighting Mountaineers at the 1989 Homecoming game against Eden.

WINNER ANNOUNCED: Jasper McClellan, vice president of the Chamber of Commerce and seller of the winning ticket, presents the automatic rifle to a smiling Clint Day. The drawing was held at the first of the monthly country and western musicals sponsored by the Chamber of Commerce. Homemade cakes with cash attached were also presented to lucky winners. The musical will be a regular feature for the Chamber of Commerce and will take place the first Saturday night of each month at the Lions Club Building. No admission is charges, but it is hoped you will patronize the concession booth provided by the Chamber during the evening of entertainment.

Businesses Are Encouraged To Decorate For Homecoming

The Ex-Student Association is encouraging businesses to decorate in support of the Mountaineers and to welcome ex-students for next week's homecoming festivities.

According to reports from various groups planning activities during the homecoming weekend, there will be a large number of returning exes and we will want to put on our best "face" for them.

Black and Gold will be the "in colors" for next week!

Byron Dowdy was the first to score for the Mountaineers as he took the ball across the goal line from one yard out. The extra point try failed leaving the score 6-0 with 8:27 showing on the clock in the second quarter.

The third quarter was a defensive display by both teams and the Mountaineers got on the score board again in the fourth quarter when Herbert Jackson raced for the goal line on a 10 yard scamper. Scott Valdez's extra point kick was added to the board which now showed SA 13- Miles 0. Betts added his 56 yard run to round out the evening's TDs with 1:33 remaining on the clock. Brady Rice kicked the extra point to make the final score 20-0.

Coach Doug Dallas was quick to say that the win was just a super effort on the part of all the team members. He added that the brilliant defensive effort was total teamwork, something he was very proud to see unfold.

He also had praise for his offensive team who had to learn a new offense for the game, coming out with the wishbone for the first time this year. That was another thing that threw Miles off guard.

School Board Tends To Routine Business In Last Week's Meeting

Everything was pretty much routine for the members of the Santa Anna ISD as they met on Tuesday of last week for their regular monthly meeting. All members were present for the meeting as were Superintendent Gerald Brister, Principals Frank Gray and Jack Burns and Business manager Judy Hartman.

Burl Lowery, CPA of Colyer & Lowery, presented the auditor's report of examination of fiscal year 1988-89 records. Motion was made by Harvey and seconded by Wise to accept the report as presented. The motion passed unanimously.

Barbara Kingsbery was unanimously nominated as a candidate for the Coleman County Tax Appraisal Board of Directors, after a motion made by Harvey and seconded by Donham.

It also was a unanimous decision to approve the TASB Board Policy Update 35. Motion was made by Wise and second by Jones.

Board president Danny Kellar appointed three board members to serve as Personnel and Salary Committee. Those appointed were Harvey, Donham and Kellar.

Accounts were reviewed and approved for payment.

Services for Mrs. Claude (Lillie) Box, 86, of Rockwood were held at 3:30 p.m. Saturday, October 14, at Rockwood Baptist Church with Rev. Douglas Estes, pastor of Tyler Street Baptist Church of Dallas, officiating. Burial was in Rockwood Cemetery directed by Henderson Funeral Home of Santa Anna.

Mrs. Box died at 4:40 a.m. Wednesday, October 11, 1989 at Ranger Park Inn Nursing Home in Santa Anna. She was the widow of Claud Box who died in 1974. The couple were married at Rockwood, April 9, 1921.

Born Feb. 13, 1903 in Kalemcy, in Mason County, she was a lifetime resident of the Rockwood community and attended Rockwood schools. She and her late husband were retired owners and operators of the Box Grocery and Cafe of Rockwood. She was a Baptist and a church pianist for over 50 years. She was former secretary treasurer of the Rockwood Cemetery Association and treasurer of the Rockwood Water Works.

Survivors include one daughter, Mrs. Marshall (Mavice) Campbell of Fort Worth; three sisters, Blanche Estes of Fort Worth, Lois Reeves of Lubbock and Anita Stanslaw of Altadena, Calif; four brothers, Frank Harkey, Willard Harkey, Garland Harkey and Oran Harkey, all of Downey, California; one grandson; and one great-grandson.

She was preceded in death by two sons, A.W. Box in 1959 and John Earl Box in 1967.

Pall bearers were Wayne Bray, Curtis Bryan, Elec Cooper, Dick Deal, Joe Wise, Joe Ed Wise.

Charles Betts

Services for Charles J. Betts, 46, were held at 3 p.m. Sunday, October 15, at the First Baptist Church with Rev. John Stanislaw officiating, under the direction of Santa Anna Funeral Home. The body was cremated.

Mr. Betts died Thursday, October 12 after a short illness.

Born in Seymour, he lived for the past seven months in Santa Anna moving here from Brady where he had lived for several years. He was a truck driver, served in the U.S. Marine Corps, and was a Baptist.

Survivors include his wife, Patricia Betts of Santa Anna; seven sons, Charles J. Betts Jr. of Eufaula, Oklahoma, Lester Betts of Anchorage, Alaska, and Freddie Betts, Johnny Betts, Michael Betts, and Charles Douglas Betts of Santa Anna; a daughter, Lucy Marie Mitchell of Chanute, Ill.; three brothers, Chester Betts, Kenneth Betts, and Jimmie Betts of Wichita Falls, and one grandchild.

Mrs. Pearl Arnold

Services for Mrs. Pearl Arnold, 92, of Santa Anna were held at 2:00 p.m. Sunday at Henderson Funeral Home Chapel with the Rev. John Ridley, pastor of Emmanuel Baptist Church of Coleman officiating. Burial was in Santa Anna Cemetery.

Mrs. Arnold died Friday, October 13, 1989 at Ranger Park Inn Nursing Home.

She was born August 29, 1897 in Hamilton County. She married Paul Arnold April 21, 1919 in Santa Anna. He died in 1965. A resident of Santa Anna since 1918, she was formerly of Mills county where she attended Star schools. She was a Baptist and a housewife.

Survivors include a nephew, Billy Mills of Ozona; two nieces, Charlyne Griffith of San Angelo and Jackie Ginsberg of Dallas; and three great-nieces.

Here's a moving fact about Americans: according to moving industry experts, 20 percent of the population moves each year.

Thoughts From Our Pastors

G.W. McFadden
Northside Baptist Church

THE FIRST TABERNACLE Exodus, Chapters 25-40

We might compare the tabernacle in Exodus with the modern day church building as a physical reminder of a spiritual transaction that has been made.

Think of that building, standing symbolically on a particular piece of ground as a testimony made between certain people and God, both individually and collectively.

Why was that church built? It was built because the people who built it paid for it, established it, believed that they were under the mandate from God to do particular things as kingdom citizens.

God is present in that building and in the Christian's daily life, but the only way to have an "unforgettable worship experience" is for that Christian to look within himself and feel the "purging and forgiveness for his sin" causing a "radical" change in his life. "Our people have come to the conclusion—and maybe we've brought them to that point—that you experience worship sitting in quietude, and then you silently file out and go your way and stack the sermon into the little intellectual compartments of (your) mind." The whole worship experience is designed to bring us to a point of surrender to the will of God. When we genuinely worship, God's going to get a volunteer. Somebody's going to stand and say "Here am I, Lord, send me."

It is my conviction that the presence and glory of God fills any house where God's obedient children are present. You don't have to have a big crowd to have that, but you have to have a pure crowd. When we come into this place with sin on our hands, and sin in our minds, and sin in our hearts; when we have a lack of forgiveness in our souls, God will not crown our gathering with His glory, His presence, or His holiness. It's only when we come to Him with humble and contrite hearts, confessing who we are and who He is and what our need is that God will honor us with His presence and glory.

The requisite for holiness is obedience. Then when the people are filled with the glory of God through obedience to God's will, it isn't going to be long until the house is going to be filled—filled with people who are coming to see what is taking place under the hand of God.

Jesus said to bear much fruit, not a little piddling pile, not a short crop, much fruit. We are under mandate to reach the crowds. But I do hasten to say that we must not forget that the mandate of Christ is to make disciples, not mere converts. This may be why the curse of the 20th century is half-filled churches occupied with half-filled Christians.

The majority of even those who gather on the Lord's Day have no intention of following Jesus Christ on a daily, hourly basis. Christianity has become something far less than discipleship; they're really not involved.

Don't miss the glory of God. God is not reluctant to fill his house; we've got to meet His conditions.

The more a congregation comes to its soul-winning heritage, the larger the congregation, the warmer the fellowship, the sounder the orthodoxy, the greater the liberality, and the mightier the missions spirit.

Around & About

Jewel Lee was by the news office last Friday to tell of a very special friend, Mildred Cammack, who prepared an entire lunch, brought it to Jewel's home and shared it with her for a very lovely time of visiting. Jewel says this is the kind of thing Santa Anna people are known for doing and she certainly appreciates her good neighbors and friends.

Betty and David Key are home after a two week trip to Vermont for a visit with their son and family, Robert and Debbie Key and Joshua. On their return home they visited Niagra Falls and did some sightseeing in Ohio. They reported the fall foliage in some of the states they traveled through had already begun to be a spectacular sight.

The Class of 1930 will be having a reunion during Homecoming, to mark their 59th year as SAHS graduates.

Fred Williams is back at home and feeling much better after spending several days last week in the hospital.

Inez Lowe is also back at home after a stay in the hospital while suffering from a bout of pneumonia.

In 1849, Elizabeth Blackwell was the first American woman to become a doctor.

Mountainside Viewpoint

By Polly Warnock

I was never so glad to see anyone as I was my working partner, Betty Key, when she walked into the office this Monday morning!

You see, Betty has been on vacation for two weeks. Most of you know how much you can depend on someone else and not really find out how much until that person is not around for a while. Anyway, welcome back Betty!

Betty and her husband, David, have enjoyed a visit in Vermont with their son and family, Robert and Debbie Key, and Joshua.

The newspaper business is certainly a hectic existence of trying to meet deadlines, gathering news, keeping picture taking appointments, and mixing in some bookkeeping and circulation problems. It makes one want to reach for the extra strength headache tablet rather often, especially when you are trying to coordinate all this alone. And why do we put up with it week after week? Because we love it in spite of the headaches!

Speaking of deadlines and headaches, it does bother us when something important to the community is not given proper coverage due to a lack of meeting deadlines by those of you we depend upon to let us know about happenings around town. When we receive the news too late, we either have to cut it short and probably place it in a position in the paper where it is not as noticeable as it should be, or sometimes, we just are simply unable to get it in at all.

This has happened a couple of times recently, on events that were taking place and needed to be told about which leads me to once again emphasize the importance of our deadlines.

For regular articles that are run each week, such as the library column, Pastor's Thoughts, club meeting reports, features, planned activities and events, etc., ... we ask that they arrive in the News office by Thursday or Friday of the week prior to publication. We try to reserve Monday for typesetting news items. Tuesdays are for our community columns, classified ads and any late breaking news that is important to the community as a whole.

All advertising—classifieds and display—should be in the NEWS office no later than noon Tuesday, which must be our absolute cut-off time.

We all hate deadlines, but we in the newspaper business must, out of necessity, abide by them in order to meet our press room deadline. We therefore must ask our readers, who are also our reporters in many instances, to cooperate with us in meeting these deadlines and making for a better informed community on upcoming events and happenings that are important to all of us.

Thanks to all of you who have been so helpful. And remember, we must be informed, so we can in turn inform our readers.

1964 Class Will Meet

The 1964 SAHS graduating class will meet during Homecoming '89. They will be noting their 25th year as graduates of Santa Anna High School.

The group will gather at the Stanly Hartman home after the football game on Friday night, October 27, for coffee and visiting.

On Saturday morning the members plan to attend the coffee and business meeting and will have a table reserved for their noon meal at the cafeteria.

Following lunch the class will meet at First Baptist CLC for visiting during the afternoon.

Local arrangements are being made by Stanly Hartman, 348-3726 and Donnie Neff, 348-3879.

When active, the Paricutin volcano in central Mexico could spew four million pounds of rock and lava into the air in one minute.

UNIVERSITY OF TEXAS archeologists are shown excavating a prehistoric Indian campground in Coleman County.

Archeological Excavation In Coleman County Yields Valuable Information

According to Lee Bement of the Department of Archeology at the University of Texas, who participated in recent archaeological digs in Coleman County, much valuable information was found.

A number of sites were excavated but the largest proved to be the most valuable in terms of telling them about the prehistoric Indians of this area. The sites were Indian fire pits, or roasting ovens. It was determined that the pits were in use about 1300 B.C. The main food cooked in the ovens seemed to be muscle (or clam) commonly found in this area and in the hill country of Texas.

Recent Memorials To Santa Anna Cemetery Assoc.

Recent memorials to the Santa Anna Cemetery Association have been from Ray Owen, Tommy and Kay Dyer, Mary Lela Clifford, Ann Stiles, Mrs. Oleta Mobley, Annette Clarke, Quinton and Wanda Daniel, and Tex and Robert Tomlinson, in memory of Joe Taylor.

Others have been from Doris Griffin, Friendship Luncheon Group, Mildred and Chester Eubank, Pauline Eubank, and the Senior Citizen Nutrition Center, in memory of C.C. Windham.

Ken and Cowita Bowker in memory of Emma Lee Pool. Gwendolyn Walker, Betty Ann Henderson, Louise McCaughan, David and Margaret Karthouser in memory of Pearl Arnold.

Patronize Local Organizations For Meals During Homecoming '89

Be sure to make plans to patronize the local organizations who will be offering meals during Homecoming, October, 27, 28. The PTO will sponsor a chili and stew supper on Friday from 4:30 to 7:00 at the school cafeteria. Saturday at noon, the Band Boosters will serve lunch at the school cafeteria and Saturday evening beginning at 5:30, the Athletic Boosters will grill hamburgers at the Ag Building on the school campus. All these fine organizations will use proceeds from their activities for the benefit of school students.

'37 Class To Meet

The Class of 1937 will meet at the home of Martha Belle (Harvey) Thompson following the noon homecoming meal Saturday, October 28.

The members of the class plan to sit as a group at the business meeting that morning.

Archeological excavations at three prehistoric sites in Reagan, Coleman, and Lee counties have yielded significant information about the lifeways of prehistoric Indian peoples who once inhabited these areas. The digs were part of an archeological survey conducted by the Celeron/All American Pipeline Company, which is constructing a crude oil pipeline from California to Texas.

An additional 256 archeological sites, many containing remnants of Indian camps and workshop areas where they made stone tools, were identified along the pipeline corridor in Texas. Archeologists excavated test pits at 22 of the more important sites, and full scale excavations were held at the Reagan, Coleman, and Lee sites because they appeared to contain the most significant information about Texas prehistory.

The survey work was not limited to the study of prehistoric sites, however. Archeologists also identified many locations containing the remains of early settlers' farmsteads. In particular, detailed archival and oral history

work conducted on a historic ranch in Milam County will contribute to our knowledge about this period in the state's history, according to Dr. James Bruseth, Deputy State Historic Preservation Officer at the Texas Historical Commission in Austin.

"The work funded by the pipeline company has contributed a great deal to our understanding of Texas history and prehistory," he said. "In addition to the 259 sites within the right-of-way, the pipeline company has rerouted the line in some cases to avoid damaging many other sites."

The archeological investigations were carried out by the staff of the Texas Archeological Research Laboratory at The University of Texas at Austin under the direction of Dr. Solveig Turpin. At least four other prehistoric sites are slated for major excavations prior to construction of the pipeline.

The Texas Historical Commission is the official state agency for historic preservation. It administers a number of programs that seek to protect the archeological, architectural, and cultural heritage of the state.

Lateral Road Funds Are Received By County

State Treasurer Ann Richards is sending checks totaling \$7.3 million to Texas' 254 counties for lateral road construction and maintenance.

Coleman County with 890 miles of lateral roads will receive \$27,109.29.

The Treasurer each year disburses money appropriated by the Legislature for the Lateral Road Program. The grants may be used

by counties for the purchase of right-of-way and for construction and maintenance of lateral roads, farm-to-market roads or state highways.

The money is allocated to each county under a formula based on the county's area, rural population and lateral road mileage. Treasurer Richards said.

Band Boosters To Serve Noon Meal For Homecoming

The Santa Anna Band Boosters will be sponsoring a noon meal for all ex-students of Santa Anna High School on Saturday, October 28. The meal will be served in the school cafeteria following the business meeting of the Ex-Students Association on Saturday morning.

The menu will include chicken spaghetti, tossed salad, hot rolls, and dessert. Prices for the meal will be \$5.00 for adults and \$3.00 for children, age 10 and under. All proceeds will go to the Santa Anna Band Boosters to be used for the purchase of new hats and any other equipment the band may need this year.

This is the primary fund raiser for the Band Boosters and we encourage all exes and visitors to come have lunch and support the fine Santa Anna High School Band.

Library Board To Offer Book Sale Oct. 27 & 28

The Santa Anna Library Board will hold a book sale to benefit the Library building fund, Friday afternoon October 27 and Saturday afternoon, October 28 at the proposed new library building across the street from the Lions Club building.

This will be an opportunity for everyone to find out about plans for the library and also to pick up some real book bargains.

Magazines will sell for 5¢ each. Other books will be offered at 10¢ to 50¢ each. The sale will include one table of special old books that will go to the highest bidder.

Doctors Invent 'Lazy Way' to Lose Weight

U.S. Gov't. Approves Patent Claims for New Diet Pill

BEVERLY HILLS, CA (Special)—An amazing new weight loss pill called "fat-magnet" has recently been developed and perfected by two prominent doctors at a world famous hospital in Los Angeles that reportedly "guarantees" you steady fat loss and calorie reduction by simply taking their tested and proven new pill.

The U.S. government has just approved the doctors claims for a hard-to-get patent that confirms "there has never been anything like their fat-bonding pill process before." It is a totally new major scientific breakthrough, and is revolutionizing the weight loss industry.

You Can "Eat Normally" Best of all, "you can continue to eat your favorite foods and you don't have to change your normal eating habits. You can start losing fat and reduce calories from the very first day, until you achieve the ideal weight you desire without exercising."

Flushes Fat Out Of Body The new pill is appropriately called the "fat-magnet" pill because it breaks into thousands of particles, each acting like a tiny magnet, "attracting" and trapping many times its size in undigested fat particles. Then, all the trapped fat and calories are naturally "flushed" right out of your body because they cannot be absorbed.

Within 2 days you should notice a change in the color of your stool, caused by the fat particles being eliminated.

"Automatically" Lose Fat

According to one of the inventors, Dr. William Shell, heart specialist and associate professor of medicine at UCLA medical school, "the new fat-bonding process is a "lazy way" to lose weight because the pills alone "automatically" reduce calories by eliminating dietary fat. It is 100% safe and not a drug."

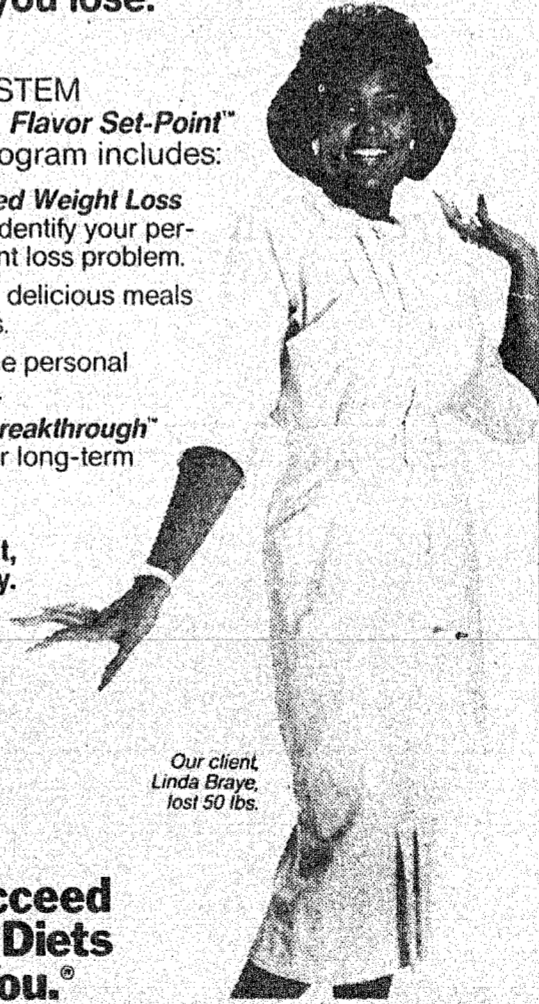

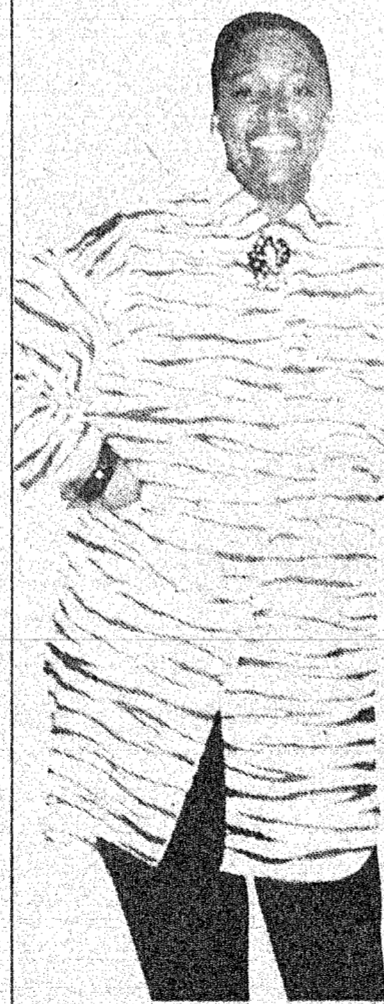

The fat-magnet pills are already sweeping the country with glowing reports of weight loss from formerly overweight people in all walks of life who are now slimmer, trimmer and more attractive again.

Now Available to the Public

If you are trying to lose 20, 50, 100 pounds or more, you can order your supply of these "no-risk" highly successful fat-magnet pills directly from the doctors' exclusive manufacturer only (includes optional calorie-reduction plan for even better results). Send \$20 for a 90 pill supply (+\$3 handling), or \$35 for a 180 pill supply (+\$3 handling), to: Fat-Magnet, 9016 Wilshire Blvd., Dept. W869, Beverly Hills, CA 90211. (Unconditional money-back guarantee if not 100% satisfied.) Visa, MasterCard and American Express OK. (Send card number, expire-date, and signature.) News For And About Santa Anna Mountaineers

Gold Fever-Catch It!

Junior High Bows Out With Loss In Final Game

by Coach Dean Bass
On Thursday, October 12, 1989, the Santa Anna Junior Mountaineers and the Miles Junior Bulldogs met in an exciting football game here in Santa Anna. After only 30 seconds of play the score was already SA 8 - Miles 6. Miles returned the opening kick-off for 70 yards for the first score. Tony DeLeon prevented the extra points by intercepting a pass. Carlos Garza raced 60 yards for Santa Anna's first touchdown. Tony DeLeon put SA in the lead by converting the two-point play. After holding the Bulldogs on their next possession, a 52 yard TD run by Tony DeLeon was nullified by a clipping penalty.

offensive statistics but lost on the scoreboard. Both Carlos and Tony rushed for over 100 yards. All of the Mounties played very well. Don Salcido won the defensive honors with 9 tackles and several GB sacks. Carlos also had 9 tackles, followed by Tony with 6; Keith and Kevin each had 5 tackles. Unfortunately, the Junior Mountaineers will have to cancel the remainder of their football games for the year. There will not be enough players eligible after the first grading period to continue.

tackling honors with 14 stops while Scott Anderson was credited with 11. All defensive players were given credit for their strong efforts. Herbert Jackson held Miles's Williams (a pre-season pick for all state honors as wide receiver) to one reception in 18 attempt for a total of one yard.

One big ego builder for the team was the fact that everyone was suited out after having had seven players with nagging injuries and one or more missing the last two or three games.

The Mountaineers will be idle this week. They were scheduled to play Rochelle who has too many injuries and had to cancel their appearance at Santa Anna. There also will be no JV or Junior High game.

The Junior Mounties' second score was set up by Bobby Diaz who recovered a Miles fumble on the Bulldog 28 yard line. The Mounties picked up two first downs before Carlos Garza broke in to the endzone. Mitch Guthrie scored the extra points as Santa Anna took a 16-6 lead.

The second half started well for the Mounties but soon took a turn for the worth. Critical mistakes by the speciality teams hurt the Mountaineers. After forcing the Bulldogs to punt, Santa Anna failed to handle the punt and Miles recovered the ball. On the next play Miles threw a TD pass and then passed for the extra two points.

The Mountie Machine, however, was still very much alive and moved the ball down the field again. Carlos scored his third TD of the game. Tony added the extra points to extend the lead to 24-14.

Miles scored a third time, and, after the Mounties were unable to get off a punt, took possession again deep in Santa Anna territory. This resulted in a fourth TD for the visitors. The Mounties fought back with good running from Carlos, Tony, and Charles Williford and drove to the Miles 13 yard line before time ran out.

The Mounties won the battle of

Science Club Elects Officers

by Michael Powers, reporter

The Science Club (JETS) of Santa Anna High School held a meeting Thursday, October 5, to elect club officers. Those who were elected are Scotty Anderson, President; Rhett Guthrie, vice-president; Garry Keas, secretary-treasurer; Michael Powers, reporter; and Robert Duus, activities director.

The office of activities director was initiated this year due to problems experienced in the past two years in trying to find and schedule UIL Science/Math Participatory Meets. It was the feeling of both Science Club sponsors, Roland Nicholas and Sheila Ogden, that this job should be handled by one responsible person, to end the confusion and disagreements of past years.

This year's members of the Science Club include: Scotty Anderson, Robert Duus, Rhett Guthrie, Garry Keas, Shera Lewis, Michael Powers, Charles Dixon, Jason Dean, and Tommy Williford. This year's new members are Matt Boivin, Julie Dean, Rusty Fleeman, Brandi Horner, and Jeannie Patterson.

JUNIOR MOUNTAINEERS pictured above are: front row, Glen Donham, Ruben Guerrero, Elijah Hardin, Manuel Frausto, Tom Guthrie, and Wayne Zable. Middle row, Mitchell Guthrie, Bobby Diaz, Corey Brown, Michael DeLeon, Michael Martinez,

Charles Williford, James Balderas, Roger Guerrero. Back row, Johnny Diaz, Joe Baugh, Don Salcido, Carlos Garza, Tony DeLeon, Keith Morris, Corey Halmon, Kevin Morris and Coach Dean Bass.

After Game Fellowship At Northside Church of Christ

There will be an after the game fellowship at the Northside Church of Christ following the Friday night football game between the SAHS Mountaineers and the Rochelle Hornets. All high school and junior high students are invited to attend for a time of visiting, fellowship and refreshments.

JV Nipped By Bulldogs

The Santa Anna Junior Varsity Mountaineers were defeated by the Miles JV here in Santa Anna last Thursday by a score of 14-7 in a close defensive battle.

Chris Simmons led in Yards rushing for Santa Anna with 102 yards in 20 attempts. Vicente Frausto carried the ball for 36 yards in 21 carries. Grady McIver caught a pass for 30 yards and Armando

Mata caught one for 29 yards and the only TD for Santa Anna. Zane Keeney and Vicente Frausto led the defense with 7 tackles each.

Frausto also intercepted a Bulldog pass.

Santa Anna had a total of 115 yards rushing with 10 first downs. Miles had 187 total yards rushing with 8 first downs. Santa Anna added 65 yard passing and Miles 59. The JV is idle this week.

ON YOUR FEET

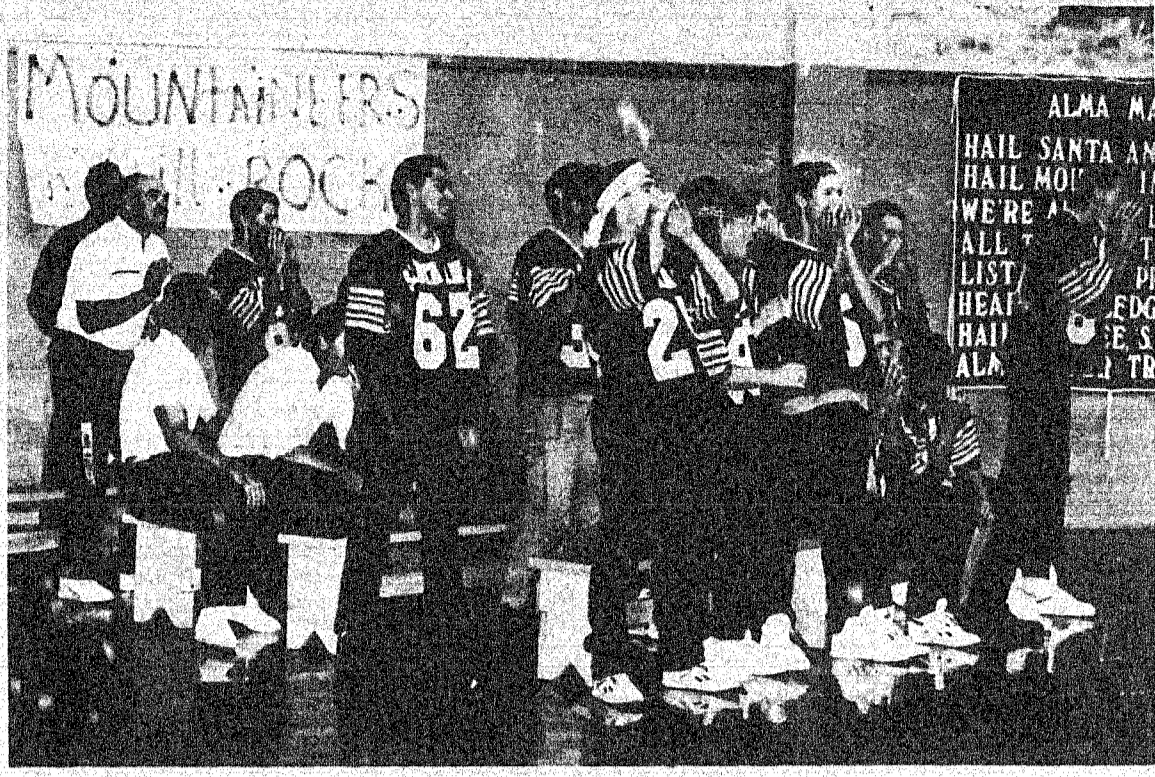

DR. GENE NICHOLS
—Podiatrist
BUNIONS AND JOGGING

If you like to run and jog and have developed a painful bunion, don't blame it on your favorite sport. Running and jogging do not cause bunions to develop. A bunion is an enlargement of the joint behind the great toe. In time, the joint tends to become increasingly deformed and painful. This can also push your other toes out of position, compounding the problem and the pain. Your foot may be structurally out of balance, and a bunionectomy may be needed to eliminate the pain and correct the problem. Left untreated, the structural imbalance indicated by the bunion may also cause problems in your lower back, hips, and knees as well as in your ankles and feet.

Sometimes the problem can be corrected by using foot braces (functional orthotics) that can be inserted interchangeably into your shoes. But if your bunion has reached the painful point, you may welcome the surgical relief your podiatrist can give you. Make an appointment to have the condition looked at and follow his recommendations for treatment.

BELINDA DEAL

SAHS Graduate Member Of C.J.C. Wrangler Band

Performing this year with the Cisco Junior College Wrangler Band is Belinda Deal, a freshman majoring in nursing. She is a 1989 graduate of Santa Anna High School and the daughter of Mr. and Mrs. Joe C. Deal. She was a member of the Mighty Mountaineer Band at SAHS.

Wrangler Band performances include football games, basketball games, parades, concerts, and tours - from Cisco to San Antonio, to New York, to Winchester, Virginia and the Shenandoah Apple Blossom Festival - a wide variety of performing and musical experiences are provided at C.J.C. Attractive scholarships are granted to each student band member and are based on recommendations from the applicant's high school band director and on personal auditions. Recipients of band scholarships are not required to be music majors.

Culture Club Hears Program On Early Santa Anna Doctors & Medical Facilities

The Santa Anna Self Culture Club met Wednesday, October 11 in the home of Eula McCary.

Delicious refreshments of cake, nuts, chips and candies were served from a table decorated for fall by hostesses, Mrs. McCary and Gladis Barnes.

Presiding over the business meeting in the absence of the president Ethel Williams, was Lucile Wylie who led the group through a very informative session. Plans for renovation of the library building are progressing as donations for the project continue to mount. A book sale has been set for Saturday, October 28, as a part of the Santa Anna Homecoming festivities.

The theme of the 1989-90 program schedule being the early history of Santa Anna. Members were treated to a very informative study of the evolution of medical practices and facilities in Santa Anna, beginning with the settling of the first M.D., Dr. J.P. Mathews, in 1883. Special features were the building of the Sealy Hospital and the nursing center to prominent places in Santa Anna's history. This very interesting program was presented by Gale Brock, and enhanced by early recollections of members present and early day photographs.

In attendance were Gladis Barnes, Mae Blue, Gale Brock, Mary L. Clifford, Cathy Ellis and Alicia, Bettie Henderson, Eula McCary, Earlene Scott, Grace Short, Barbara Simmons, Alice Anna Spillman, Mae Wallace, Lucile Wylie, and Jo Ann Allen.

Local Ladies Fare Well At Co. Fair

Vicki Green and Polly Warnock were among winners at the recent County Fair in Coleman. Mrs. Green received "Best of the Show" honors for her quilt entry. She has emphasized that although the quilt

top was her work of art, the Methodist Ladies Quilting Club helped with the quilting.

Polly Warnock won first place honors with a black & white photo entry of "Coleman County Wild Turkeys".

In scanning through the fair results we could find no other local people represented in the awards and are sorry if we missed anyone. Maybe someone can let us know if we have.

Search Underway For Rural Hero Of 1989

WACO -- The search is under way for the rural hero for 1989, according to Ben Bullard, president of the Texas Farm & Ranch Safety Council which presents the annual rural heroism award.

The 1989 recipient will be announced March 12, 1990, at the 51st annual Texas/Southwestern Safety Conference and Exposition to be held at the Hyatt Regency Downtown in Houston.

Deadline for submitting 1989 entries will be Feb. 9, 1990, Bullard said. Send all nominations to the Texas Farm & Ranch Safety Council, P. O. Box 2689, Waco, Texas, 76702-2689.

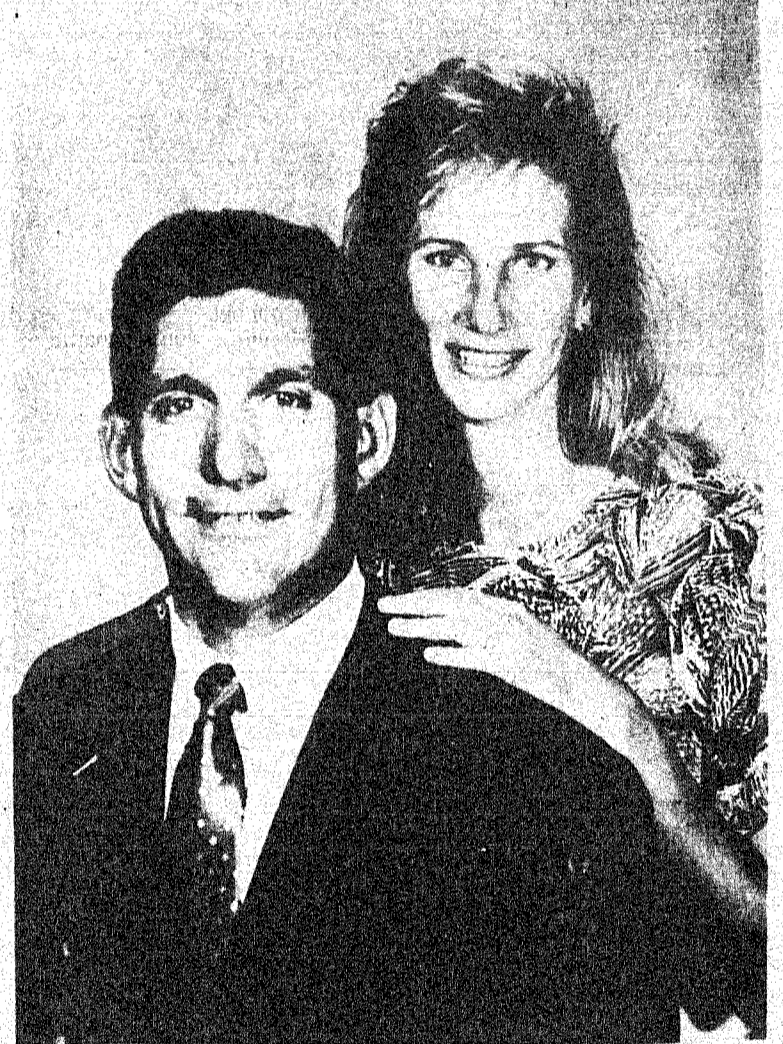

To qualify for the honor, a candidate must have performed a heroic

act of human-lifesaving within Texas during 1989. Preferably, it should be related to farming and ranching, Bullard said.

The 1988 winner was David Roberts of Morton, who rescued his younger brother, Dakota, from an electrical wire near their home in June of 1988. David received his award at Dallas last March.

Nominations should include a written account of the incident and the names, addresses and telephone numbers of all persons involved. Newspaper clippings and photos should also accompany when available, Bullard said.

Bullard is a field safety representative for the Texas Farm Bureau Insurance Companies.

LANCASTER-JOHNSON—Mrs. Peggy Miller of Eden, and Mrs. James Lancaster of Brownwood announce the engagement and approaching marriage of their daughter Debbie to Terry R. Johnson, son of Ms. Betty June Johnson of Morton, Illinois, and Mrs. Ray T. Johnson of Peoria, Illinois. The wedding is planned for 2 p.m. November 4 at the First Methodist Church, Dallas. A reception will follow at Heritage House at Old City Park. Friends and family are invited. Debbie, who is the granddaughter of Mrs. Tavy Ford of Santa Anna, was a 1982 graduate of Brownwood High School, and also graduated from North Texas State University in 1986. Terry graduated from East Peoria High School in 1977, and from Eastern Missouri State University in 1981.

The motto In God We Trust first appeared on U.S. coins in 1864.

Sacred Heart Church Fall Festival Slated Saturday

The annual Fall Festival is scheduled for Sunday, October 22 at Sacred Heart Parish Hall, 201 San Saba in Coleman.

Overall festival chairman, Tom Nixon, will be aided by Mack Salas. Carmen Rendon, dinner chairperson, will be assisted by Mary De Leon.

Tickets for the Mexican Dinner are now on sale and may be received by calling the Parish office, 625-5773. A menu of tacos, enchiladas, rice, beans, dessert and drinks will be served from 11:30 a.m. to 1:00 p.m. Prices for the dinner are \$4.50 for adults and \$2.50 per plate for children under age 12. All take-out dinners are \$4.50.

There will be a Silent Auction this year with sale items on display in

Oct. 22. At each item, pads and pencils will be provided for people who wish to submit bids. Bids can be made continually until 5:00 p.m. Sunday.

Popular annual festival attractions will be included this year, such as: Arts and Crafts, Cake Walk,

Pony Ride, Concession Stand and Raffle. A number of new games (Cane Toss, Ping Pong Toss, Carnival Wheel, 7-11 Game) besides old favorites (Money Target, Nail Maze, Putt-Putt, Duck Pond and Bean Bag Toss) will entertain all festival goers.

Everyone is invited to come and enjoy a good meal and an afternoon of fun.

FILLING THE GAPS OF MEDICARE

Medicare not only leaves a gap in hospital and medical coverage, there is also a gap in understanding what Medicare does and does not do under the Catastrophic Health Care Act.

Nancy Pepper of Insurance Specialists, is dedicated to removing these gaps. Her goal is to provide persons eligible for Medicare with the best possible Medigap coverage consistent with their means.

In addition, she is also dedicated to educating the public regarding the coverages that are and are not provided by Medicare. She spends much of her time providing programs on Medicare and Long-Term Care to civic groups, church groups and service organizations. Her video presentations

Hospital System Shows Impressive Results

The success of one hospital system is reflected not only in its yearly operating budget, but more importantly, in the way it provides expert medical care to children, absolutely free of charge.

The Shriners Hospital system consists of 19 orthopaedic hospitals and three burn institutes. The 22 specialized hospitals, which were founded by the Shrine of North

phone visits were enjoyed from a sister, Allene Leham of Flag Staff, Ariz. Janie Huston of El Paso and Billie Ruth Van Huss of Houston. Billie Gregg came in with a nice supper dish.

Sunday afternoon, Mr. and Mrs. Hank Wise and her mother, Mrs. Janet Barker of Coleman enjoyed seeing all the crowd at the Brady races.

Jerry Johnson of Abilene spent Tuesday night with Marcus Johnson. Bettie Duus stopped by Sunday afternoon.

Mrs. Claudia Rutherford and Mr. and Mrs. Jack Cooper were in Brownwood Sunday afternoon attending funeral services for Mrs. Avis Mary (Rutherford) Tingley. After attending the funeral services for our friend Lillie Box, in Rockwood, Jennifer Rutherford of San Angelo spent the weekend with Claudia. Mr. and Mrs. Bob Rutherford and girls of Santa Anna joined them Sunday. Claudia and Jennifer visited some with Gay Abernathy and family.

Recent visitors with Jack and Skeeta Cooper were Pebble and Denver Ellis and Alline and Lynn Ulstad of Brady. Wilma Williams, Minnie Bray and Isabella McCutcheon were the only Rockwood Club members attending the Octoberfest in Brownwood Tuesday to Friday.

Mr. and Mrs. Blake Williams attended the Methodist Church Services Sunday in Santa Anna. They were dinner guests of Mr. and Mrs. Cecil Ellis and their guests, Mr. and Mrs. Emmette Williams.

Monday guests of Blake and Wilma were Ruth McGill and Blanche Williams of Pasadena and Doris Richardson of Hillsboro.

Donations to the Rockwood cemetery fund as reported by Mrs. Wayne Bray are: in memory of Lillie Box-Byron Harkey, Ruth Harkey, John Frank Harkey, Garland and Julia Harkey, Harvey Campbell, Gladys Snodgrass, Lois Haines, Frankie McCarthy, Ora Caldwell, Charm Cullum, Mary Alice Allen, Robert and Celeste Steward.

Donations to the general fund have been from Weldon and Mozelle McCreary.

Shriners Hospitals operating expenses have increased dramatically over the years—so have the number of children they've helped.

America in 1922, have cured or substantially helped over 350,000 children.

The 1988 budget for Shriners Hospitals totals \$212 million. This includes \$15.5 million for research to find cures for crippling diseases and the best treatments available for burn injuries. However, the most important illustration of the growing success of Shriners Hospitals can't be measured on a graph or chart or in dollar terms—it's the children whose lives have been greatly improved by the specialized care the hospitals offer.

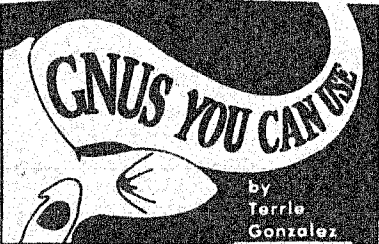

More News About SAHS Homecoming Hospitality Room

by Mary Ford Fields
On Friday the 27th...SOMETHING ELSE has been added to the Homecoming Hospitality Room at the Lions Club Building. Starting at 12:30 until 3:00 p.m. we are planning on having three tournaments, Bridge, Forty-two, and Dominoes. There will be small prizes for the high score winner in each game. So all you bridge players, forty-two and domino players come join us in

competition. Bring your own four-some or come single. We will try to show you an enjoyable afternoon. We welcome all ex-students

and people in the surrounding areas. Come by and visit. Snacks and soft drinks will be available and there will certainly lots of fun.

We hope to see you there. Please help make this Santa Anna Homecoming a memorable one.

Skirting the Issue Of Yakky Appearances

Q. Could you describe a 'yak' for me?

A. You bet! Yaks are shaggy-haired cattle with long, fuzzy pony-tails. They have humps at the shoulders, which make them look a bit like a buffalo. Their graceful horns are average in size.

"Yaks are native to the mountainous areas of Central Asia," said Ray Sutton, wildlife manager of the International Wildlife Park in Grand Prairie, Tex. "Their shaggy hair reminds me of a long skirt that drapes almost to the ground."

If you have a question you would like to 'yak' about, write to GNUS YOU CAN USE, 601 Wildlife Parkway, Grand Prairie, Tex. 75050.

Most common, easily cured cancer
Skin cancer, the most common form of cancer in America, is the least dangerous and is slow growing. It may be easily cured in a doctor's office, says the American Cancer Society. So don't delay if you find any change in size or color of a wart or mole, or a dry, scaly patch of skin, or any lump, bump or pimple that doesn't clear up in two weeks. See your doctor!

HOUSTON--Freezers have done much to make modern life more convenient and comfortable. Now they are helping extend the lives of patients afflicted with a bone-marrow cancer called acute myelogenous leukemia.

Patients with the disease are treated by bone-marrow transplants, but, Dr. Kim Fehir of Baylor College of Medicine said, there are no donors for fully 75 percent of them. Fehir said many medical facilities participate in a nationwide bone-marrow donor registry headquartered in Minneapolis, but the odds of making a match are a not-so-promising 16,000 to 1.

Fehir, director of the Bone Marrow Transplant Program at Baylor and The Methodist Hospital, decided there had to be a better way for patients with little hope of finding compatible bone marrow.

Fehir and others developed a program in which victims of bone-marrow cancer have their own marrow harvested while they are in chemotherapy-induced remission.

"Eighty to 85 percent of the people with acute myelogenous leukemia who go into remission will later suffer a relapse," Fehir said. "When they do, we are ready with their own preserved bone mar-

row for transplantation."

But it is their own bone marrow with a difference. After the marrow is removed from the patient, while in remission, Fehir explained, it is chemically treated -- "cleaned" -- with a chemical called 4HC. This eliminates from the marrow the residual leukemia cells, she said.

This is where the freezer comes in, Fehir said, explaining that the marrow is then frozen, ready for the patient's future need of it.

When a relapse occurs, the patient undergoes chemotherapy until remission once again takes hold -- and then the frozen bone marrow is used for a transplant. Additional chemotherapy follows, Fehir said.

"We have patients who, if not for this procedure, would be dead," she said.

Fehir cautions that the procedure is not a cure for acute myelogenous leukemia, but it is helping achieve longer second remissions.

One person who has benefitted from Fehir's experimental procedure is Bob Myers of Kaneohe, Hawaii, who met Fehir in a round-about way.

His wife, Sally, who was working on a doctorate in nursing had been a schoolmate of Dr. John Fe-

hir, Kim's husband. When Bob Myers became ill in Hawaii, his wife, attempting to reach John Fehir by phone for advice, instead got Kim Fehir on the line.

Bob Myers, 52, is glad things worked out the way they did. Myers, who is a sound mixer in motion picture production, came to Houston in 1985 to participate for the first time in Fehir's transplant program. He is convinced that, were it not for the harvest and transplantation of his own bone marrow, he would now be dead.

And, he added, it is not just a matter of sustaining life at any cost. He said he has been able to maintain quality in his life.

"I have a little less stamina than I did previously," he said, "but otherwise I'm okay. Shingles have given me more trouble than the leukemia has."

His last trip to Houston for a transplant was in December 1987. Since then, Myers said, he has been having monthly examinations by an oncologist in Hawaii.

But he doesn't confine himself to Hawaii. In 1988, he and Sally came to the mainland to take Kim and John Fehir to the Indianapolis 500.

How To Cope

Many people who suffer from itchy, flaky scalps assume they have dandruff. In at least five percent of these cases, "dandruff" is actually psoriasis or seborrheic dermatitis, says Hollie Apler, consultant to the Neutrogena Skin Care Institute. To help you spot the difference, check for the following symptoms:

• **Dandruff**—mild scaling and itching, usually confined to scalp. Worst in the dry winter months.

• **Seborrheic dermatitis**—redness and excess oiliness in addition to severe scalp itching and flaking.

• **Psoriasis**—dry, silvery scale build-up on well-defined reddened patches, accompanied by itching and inflammation.

Many dermatologists recommend coal tar shampoo for the treatment of itchy, flaky scalps.

Avoid: Overmassaging the scalp. Gently does it, and follow up with a conditioner. Very hot showers may dry out the scalp, making the oil glands work overtime. Make sure your hairbrush has soft, round bristles. Sharp bristles may worsen irritation. In extremely stubborn cases of psoriasis and seborrheic dermatitis, a dermatologist should be consulted.

Trickham News

By Anna York

Rev. James Gilbert of Denton will preach at Trickham Union Church next Sunday the 22nd at 11:00 a.m. Rev. Gilbert first came here in 1949 at the age of 20 to hold a revival and stayed with the late Mr. and Mrs. O.J. Martin who took him as as if one of their own children and he stayed with them each time he came. He was equally fond of them as they were of him. Even the Mr. and Mrs. Martin have passed away James Gilbert still comes to Trickham 2 or 3 times a year and called it his second home. He is the type of person everyone loves and we all look forward to his coming. To those of you that don't have a church home or anyone that enjoys good fellowship, we will have lunch after the service. So bring a dish and come out and worship with us next Sunday.

Mrs. John Earles of Paint Creek and her daughter Mrs. Dodie Iron and Mrs. Veda Kingston of Abilene spent the day Thursday visiting with their cousin Genia McIver. Terry McIver was a dinner guest and visited with them also.

Mr. and Mrs. Martin Stacy of Cleburne spent Friday night and Saturday with his parents Mr. and Mrs. Joe Stacy.

Mrs. Margaret Barton spent three days in Midland visiting and attending a birthday celebration for her little granddaughter Elizabeth Bilbrey who is four years old. On Friday Mrs. Barton had lunch with a friend, Mrs. Lodema Kolmr.

Mr. and Mrs. Clint Stearnes of Austin spent the weekend with his grandmother Mrs. Novella Stearns.

Mrs. Laverne McClatchy presided at the Cen-Tex Cattle Women meeting at the Pass The Biscuits Please in Brownwood on Monday.

Mrs. Sybil Reagor of Bangs, Leona Henderson, Novella Stearns, Laura Harris, and Daisy McClatchy spent Wednesday afternoon with Edna Laughlin. The ladies enjoyed visiting and playing "84"

Dr. and Mrs. Frederick Miller and son and a friend of Bryan spent the weekend with Mr. Miller's parents Mr. and Mrs. Albert Miller. On Saturday evening Mr. and Mrs. Alvin Miller and daughter Sheri of Bangs met them at the Section Hand Restaurant in Brownwood where they had dinner and celebrated Ryan Miller's 21st birthday.

Mrs. Winnie Haynes visited Wednesday afternoon with Florence Stearns and I visited briefly with her on Friday.

The quilting club met at the community center on Tuesday and quilted on a quilt for Gertrude Martin. There were 7 present and they will meet each Tuesday through the winter months.

There were 24 present on Thursday night at the 84 party at the community center. Daisy McClatchy was the hostess. Natalie McIver attended a Bible study at Word of Faith Christian Center in Brownwood on Tuesday. Mrs. McIver and Mildred Reeves went to Abilene shopping on Thursday and Mr. and Mrs. Terry McIver and children of Santa Anna visited Mr. and Mrs. Rankin McIver Friday night.

Reversing the Tide of Time

They say that time seems to go faster when you get older. Days and weeks grow shorter; even years go slipping by. I'm told it has to do with perspective—the amount of time you already have put in versus the time you have left. Something like that.

Well, I'm here to tell you that there actually is less time than there used to be. I became aware of that recently when my summer was interrupted suddenly by the beginning of the school year.

When I was a child, school always started the day after Labor Day. Every year, for 12 years, you could count on it.

These days, school starts somewhere near the middle of August, at least in Kentucky. That means two weeks of long, lazy, sleep-late days that have been declared null and void.

Two weeks may not seem like a lot. But over a 12-year period, the lost time adds up to six months! Six months of days when we don't have to be anywhere, or can be anywhere we want, eliminated by government fiat!

I read a recent article that said, in essence, timesaving devices actually have reduced the amount of time we have. I know this to be a fact.

When I was in college, I had long hair that I "set" on large rollers. Then I sat under a hair dryer for hours, reading a book or doing my nails.

Now I have short hair that I dry with a hand-held dryer in less time than it takes to sit down. Yet I have little time for reading and absolutely no time for manicures.

If all this sounds depressing, I have been able to take heart in another observation I made this past summer.

I received two high school graduation announcements and one wedding invitation, all from the children of close friends with whom I had graduated from high school.

Amazing! I don't know how these friends aged so much faster than I, but I know they must have because I have a daughter who is only 2! My friends may very well be grandmothers when I'm still into Brownies.

Can it be that I've found a way to reverse the tide? When time seems to be passing too quickly, I need only think about what lies ahead. The first day of school, still four years away; braces, at least eight.

And I still have 16 years until Emily's senior prom!

My gazes into the future may have brought me an unusual way to create time for myself. But I like it better than ditching my hair dryer or my microwave. **ll**
