SHUT UP

Visitors from the West called upon President Lincoln one day. There were filled with worry and excitement about the commissions and omissions of the Administration. After patiently hearing their complaints the President said:

"Gentlemen, suppose all property you were worth was in gold, and you had put it in the hands of Blondin (a noted rope walker of those days) to carry it across the Niagara River on a rope. Would you shake the cable, or keep shouting out to him—'Blondin, stand up a little straighter—Blondin, stoop a little more—go a little faster—lean a little more north—lean a little to the south?' No, you would hold your breath as well as your tongue, and keep your hands off until he was well over.

"The Government is carrying an immense weight. Untold treasures are in their hands. They are doing the very best they can. Don't badger them. Keep silence and we'll get you safe across."

We intended to prepare a real "As We Sit And Think" article this week, but up to noon Tuesday, we've not had time to think but little, and most of things suggested a thought so far are subjects that would bear some thought but not very suitable to write about at this juncture. Therefore, we will postpone for the present the column we usually get the most out of preparing.

Last week, two of our much treasured community correspondence reached us after the paper was printed and mailed. We certainly appreciate our community news each week, and hope that, in the future you will mail them in time to reach us Tuesday if possible.

Ferguson Flares Back At Brain Trust For Attack On Texas Pardons System

Dallas, July 6.—(AP)—Texans today awaited the reply of Raymond Moley former member of President's "brain trust", to former Governor James E. Ferguson's charges that Moley's magazine article concerning the Texas prison pardon system was "a lie."

The grev-hared veteran of Texas politics, husband of the present governor, bristled with rage here as he read the article by Moley and Edgar Slason that said "Texas has become a shelter for gangsters at the end of the crime corridor" and that "in Texas prison clemency has become a political football, with pardons and paroles handed out as political favors."

The charges were contained in an article headed "Murder and Parole". Published in the July 7 issue of the "Today", a weekly journal edited by Moley in New York.

"That's the usual lie they've been telling for years about the mismanagement of the pardoning power in Texas," Ferguson told interviewers.

"In all the pardons issued during the four terms of the Ferguson administration, there hasn't been six pardons attacked on their merits," Ferguson said in commenting on the article's assertion that Governor Mariam A. Ferguson freed 1,736 criminals in her first administration and 1,322 through May, 1934, in her second term.

Ferguson sneered at the article's statement that "Mariam Ferguson is governor in name only. Her husband, Jim, is the real governor. Ma' signs, Jim acts."

"That's some more ignorant propaganda," Ferguson shouted "If anyone doubts that my wife is the real governor, let him come down to Austin and try to start something and see where he gets. NOTE: this is the first real evidence we have noticed that Jim Ferguson is really weaking."

Miss Elizabeth Morris visited relatives near Cross Plains last week.

Miss Gladys Funderburk of Miles is visiting relatives and friends here this week.

**Confiscation of Place On Which Whiskey Made To Be Sought**

Ft. Worth, July 7th. (AP)—The government will attempt to confiscate a large ranch in Stone-wall County on which a huge whiskey distilling plant was found early this year. United States District Attorney Clyde Eastus announced today.

Libel proceedings for confiscating the thousand acre ranch, located ten miles north of Swenson, are being prepared for filing in the Abilene division of the district. It is believed to be the first action filed in this district to confiscate land used for illegal manufacture of liquor.

Three men were convicted in federal court in Abilene on April 12 after federal officers had seized six stills, of 2,400 gallons combined capacity, on Stonewall County ranch. The elaborate equipment of the stills was valued at nearly \$5,000.

Roy Hill, one of the owners of the ranch is serving a ten month sentence in the Taylor County jail. Two men arrested at the still, Cecil E. Davidson and Harry Jones, were sentenced to five months in jail and fined \$500 after pleading guilty.

The ranch was said to consist of between 6,000 and 10,000 acres.

**THE COUNTRY NEWSPAPER**

Turning from city newspapers to small town press exchanges that come to the editor's desk is like stepping from the slums into an old-fashioned garden sweet with lavender and thyme and the scent of perennial flowers. The pages of big dailies are so full of murder, thievery, immorality and selfishness that the better news is obscured by these glaring shatterings of the Decalogue.

One puts the papers aside with a feeling of depression and heartache that the world is so full of terrible and unhappy things at this time.

The picking up the newspapers that record the happenings of the little towns around us, one gains renewed faith in life. Here are set forth only that which uplifts a community—the activities of the business men, the church items, the happy social gatherings of the people, the marriages, births and deaths, farmers' items, and all the thousand and one daily occurrences that make up the simple annals of the great common people, who are really the foundation of this broad country of ours.

Sometimes people speak lightly of the country newspaper, but it is one of the most potent and uplifting factors in our national existence.

**ON TEXAS FARMS**

**LOOKHART**—Seventy acres in Italian rye grass on the farm of Jack Shelton of Caldwell county have supported an average of 40 head of cattle and 400 sheep since the middle of December. Although rather dry in this immediate vicinity the most luxuriant growth in the pasture is this Italian rye grass. It is a strong growing grass which covers the ground very quickly, does not freeze out in winter, costs less per acre to seed than oats, barley or wheat. It furnishes green grazing long after Sudan is ready to turn stock into, at which time ordinary grain crops that were used solely for grazing have died out.

**DECATUR**—Alfalfa can be grown in this section of Texas as proven by the 10-acre field of third-year alfalfa belonging to Clarence Admire of Chico in Wise county. In 1933, the second year for the alfalfa, 65 to 75 hogs, two to four work animals, and three to four milk cows were kept on the alfalfa throughout the twelve months. In addition to the grazing, Mr. Admire harvested 1,050 bales of good quality hay.

He is now preparing a 20-acre field for fall seeding to alfalfa. His experience this year with it as the larger part of the feed for work stock has been very satisfactory, showing the stock in better condition on this ration than at any time in the past. His plan also calls for sufficient alfalfa to be grown to supply most of the feed of the dairy cows milked on the farm.

**HEMPSTEAD**—There will be 12,000 acres of land in permanent pasture in Waller county within a few years, if the goal of interested farmers working under the direction of J. V. Bush, farm demonstration agent, is reached.

Seeded tracts ranging from one to 12 acres have been sown by 18 farmers to improve pasture grasses and clovers in five different communities in the county. The grass and clover seeds are planted in fenced tracts. Stock is turned in for grazing a short time at intervals after the plants mature seed, and through the stock the seed is expected to be disseminated over adjoining lands.

**DIMMITT**—"Asparagus beds mulched in the fall with manure produce a product of milder flavor than those mulched in the spring," Mrs. Reuben. Houy of Castro county said in giving a report at a meeting of the Castro county Home Demonstration Council. Mrs. Houy started her bed on May 29, 1932, and this year gathered one tip which measured 11 inches long, 3 inches around and weighed 3 ounces. "Even mammoth tips like this will be tender if the bed is properly set out and cut," Mrs. Houy said, and added that she cut nearly four pounds of asparagus from her bed every other day.

**SAN ANGELO**—Thirty quarts of native agerita berry juice and 3 pints of jelly have been canned by Mrs. E. V. Eddy, food suppl.

"I am using your Kruschen Salts for constipation and reducing. Have taken 3 jars and have lost about 20 lbs. I can recommend it to be great." Miss A. J. Harbor, Pineville, Ky., 1934.

"I have taken 3 bottles of Kruschen. I weighed 256, I reduced 56 lbs., and felt better each day, have got my 4th bottle." Ed Jordan, Leaven, Ariz., 1934.

If you are proud of your double chin and bulging abdomen don't take Kruschen Salts. Ed Jordan made up his mind to take off 50 or more pounds of fat—and he did—Ed was sick and tired of carrying it around with him—persistence won for Ed as it will for any fat man.

A half teaspoon in a glass of hot water before breakfast every morning—get Kruschen at any drug store.

**When Minutes Count ... Electric Appliances Are the Answer!**

When it is a matter of doing things in a hurry and doing them well you can trust an electric appliance with the job.

The automatic feature with which most of them are equipped, turning the heat on and off as required, makes them especially trustworthy.

These handy household appliances are fast becoming household necessities. Every day new ones are being developed to lend their assistance in lightening the homemaker's tasks.

Inspection of the complete line of Electric appliances at our store will reveal that many of them are much less expensive than you thought. Also you will welcome the easy terms at which they can be purchased. No obligation.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

Whon News

Babe Ruth and Art Shries were busy elsewhere and unable to attend the Whon-Santa Anna baseball games Sunday but the Mountain city seemed to be able to put a pretty fair team in the field. At least they were able to take a couple of games from Whon—and with no help except

a few kids from some of Santa Anna's suburbs. Elon Cheatham of the Dublin CCC camp has been spending a few days in the community. Nella Derrington, who is attending Howard Payne, was at home last week end, accompanied by her roommate, Miss Oleta Fisher, of Mullin. Mr. and Mrs. Woodrow Blackwell, natives of Iran for the past several months, have moved back to Whon. G. W. Martin and Mr. and Mrs. G. G. Martin of Forreton are visiting on the Gill ranch.

Eureka News

Bro. Bill Sikes preached at Eureka Church Sunday morning and Sunday night. Bro. Rowden will preach next Sunday. Everyone is invited. Nearly everyone from this community was in Santa Anna Trades Day. Mrs. W. C. Casey and daughter Cloia and Miss Mary Banks were in Coleman Wednesday. Mr. and Mrs. Alvin Mondawell and Miss Doela Bouchillon of Santa Anna and Miss Velma Alexander of Brown Ranch spent Saturday night with Mrs. R. N. Bouchillon. Mr. and Mrs. Bill Metcalf have moved to Santa Anna. Mrs. Annice Snodgrass of Coleman is moving where the Metcalfs lived. Mrs. Lancasters niece of Brownwood spent the week with her. Those who enjoyed the music and ice cream in the W. L. Swan home Saturday night were: Mr. and Mrs. E. Swan and children of Coleman, Mrs. T. M. Porter, Mr. and Mrs. Raymond Porter and children of Temple, Mr. Drew and Homer Vinson of Concho Peak, Miss Velma Harris of Plainview, Miss Sybil and Adele Vinson, Vera Banks of Santa Anna, Mr. S. M. Mr. and Mrs. Ted Christy, Mr.

and Mrs. Carlos McKown went fishing last Tuesday. Mr. Dee Witt Bouchillon visited in the Casey home Sunday. Mr. Clyde Parker of Coleman visited in the home of W. L. Swan Sunday morning.

FARM PURCHASING POWER INCREASED 25 PER CENT

COLLEGE STATION. — Farm purchasing power on the average throughout the United States has been 25 per cent higher during the first nine months in which benefit payments have been distributed through the provisions of the Agricultural Adjustment Act than in the corresponding period of the previous year. This is the conclusion reached by L. H. Bean, economic advisor to the Agricultural Adjustment Administration, following a study of the prices farmers receive for their products, compared with the cost of commodities they buy. Cash income, including benefit payments during this nine month period increased 38 per cent but this increase was partially offset by an increase in the cost of commodities farmer buy. Benefit payments on production adjustment contracts contributed nearly one-fifth of the net increase of 25 per cent in purchasing power. For the first four months of 1934, the net increase in farm purchasing power was 28 per cent over the first four months of 1933. Mr. Bean's study also shows that purchasing power of the farmer increased somewhat more than the purchasing power of the country as a whole during the first four months of 1934. During this period, the total national money income, including emergency funds, was about 20 per cent higher than in the corresponding period of 1933, but the cost of living for the country as a whole increased eight percent, leaving a net increase of 12 per cent in the national purchasing power. The net increase in farm purchasing power was 28 per cent for the same period. Miss Nora VanDalsem of Voss, shot and killed a large Armadillo, that was annoying her turkeys and also a large rattler near the VanDalsem home this week. Mr. and Mrs. Bob Coleman went to Brownwood Wednesday to attend the funeral of Ernest McCollum, who was drowned in the Lake Brownwood last Monday night.

FUNERAL HELD FOR YOUNG BRIDE MONDAY

Mrs. Ory Werner passed away at the local hospital Sunday afternoon, following several days of severe suffering from a complication of ruptured, gangrene appendix and general peritonitis. Her condition was pronounced very grave upon arrival at the hospital several days prior to her passing. She made a brave fight and all was done that could be done by human hands and medical skill, but it seems that it was so willed for her to go. The following information was furnished this office. Martha Jane Wallace was born at Lepan, Erath County, Texas, September 24, 1914. She was united in marriage to Ory Werner May 30, 1933, in Santa Anna, Texas. She was a senior in the class of 1933, Santa Anna High School. She is survived by her husband, father and mother and five brothers. The parents and Edward live at Montalba, Texas. Ben lives in Santa Anna and Cecil lives in Los Angeles, Calif. She was converted and joined the Baptist church at Bluffdale, Texas, in 1928, under the preaching of Rev. Sidney F. Martin. Funeral services were held in the Baptist church here Monday afternoon, conducted by the pastor, Rev. Hal C. Wingo, and pastor M. L. Womack, of the U. S. A. Presbyterian Church. Interment was made in the local cemetery with C. P. Petty, for Mead Undertaking company, in charge. The pall bearers were W. T. Vinson, J. W. Parker, Curran Pieratt, Mace Blanton, John Ross and Ruben Loftis. Out of town relatives and friends here for the funeral were Mr. and Mrs. Walter Wallace of Cameron; Mrs. Bob Myers and daughter, Mrs. Exie Hasler of Comanche, her parents, Mr. and Mrs. W. J. Wallace of Montalba; Mr. and Mrs. J. L. Lane of Brownwood and Raymond Werner of Fort Worth. The Santa Anna News joins the friends in extending sympathy to the bereaved. JOHN TARLETON INSTALLMENT PLAN Stephenville, Texas, July 3—A plan for installment payments on college expenses has been announced by Dean J. Thomas Davis of John Tarleton Agricultural College for the 1934-35 session. Tarleton's "New Deal" will make it possible for students to enter in the fall by making a down payment of between \$9 and \$28, to be followed by four like payments October 1, November 1, December 1, and January 1. Spring semester payments may be made in four installments. These payments will cover fees, uniforms, books and other supplies, and it stays on the campus, room and board. The variation depends chiefly on whether the student rooms and boards on the campus, and partly by the cost of uniforms and of school supplies. To cover the amount due the college, students will be allowed to borrow as much as \$50 from the student loan, putting up a note as collateral. Hence it is necessary that those who wish to use the plan should file their applications not later than August 18, or thirty days prior to the opening of the fall semester on September 17. W. C. T. U. The Woman's Christian Temperance Union met Thursday afternoon July 5 with Mrs. Bob Douglas. There was a better attendance than usual and a very interesting meeting. Mrs. G. A. Morgan led an interesting devotional. Mrs. Seth Risinger gave an interesting reading, entitled "Makers of the Flag." Several songs were sung and a general discussion of the work. One new member was secured, Mrs. J. M. Morgan, and several paid on their due. During the social period Mrs. G. F. Barlett won out in a game of "Feeding the Blind Pie" (not the blind tiger). The hostess served delightful refreshments consisting of two kinds of cake and fruit punch. The next meeting will be Wednesday, August 1st, at 4 o'clock with Mrs. M. L. Hooper. Each member is asked to bring a lemon and a few pennies. Goldthwaite Man Dies of Snake Bite Goldthwaite, July 9.—(AP)—A rattlesnake bite had brought death today to Thomas J. Harrison, pioneer of this county. He was alone when the reptile struck him and it was an hour before he could receive medical attention. Harrison had farmed in this county for forty years. Formerly he lived at Waco and at Crawford.

HOME BURNS! "MAIL ORDER FIREMEN" REFUSE TO ANSWER THE ALARM!

By Jack Scott Few, if any of us, realize how dependant we are upon the installation of our home town until ill fortune strikes at our door and help is needed. For instance, we seldom think of a fire department until the shrill cry of the village sirens drums upon our ears. But once the ol' fire truck, with its faithful crew, races past and to the scene of disaster, we realize how thankful we should be for organizations and institutions of that nature. We do not fall frequently, however to consider how that fire department is maintained and if we are doing our bit toward its upkeep. Virtually all municipal fire fighting organization are supported by tax payers, merchants, land owners and store keepers, who make-up any helmet or city. The money spent with these merchants and store-keepers allow them to pay the land and real estate owner's rent and etc., until eventually the money traverses the inevitable circle and returns to its original possession. But in passing through those hands each man or woman has made certain profit, whereby he, or she, can support such institutions as a fire department, church, school, municipal improvement and better living conditions. A mail order package seldom arrives at your postoffice but what an injury is done the community—fire department, church and school—in which you live. The money to pay for that mail order has left your community forever. Let us reckon with ourselves, realize that we must maintain these organizations upon which we are so dependent. How would you like to stand outside the smouldering ruins of your home and wait for the arrival of a mail order fire department? Politics are warming up a little now, but it has been a hard deal for the candidates to stir up interest. The voters seem to be rather reticent about committing themselves or even showing they are interested. We predict a large
