Late Week Beneficial Rain Falls

Rain To Allow Farmers To Plant Dryland Cotton

In amounts recorded from 'just a sprinkle' to three inches, the area benefitted from late night rains, Thursday night and early Friday morning.

Moving into Bailey County from eastern New Mexico, the first locations affected were the southwestern part of Bailey County.

Although little to no rain was recorded in the Maple area, Buffalo Farms received from .8 to more than two inches of rain.

They said nearly all of their land got a little rain, with .8 one mile south of Stegall, to over an inch northwest of Stegall to 2.3 inches north of Stegall.

Moving to the southeast part of the county, Mrs. Bennie Claunch said they received only .2, and that was the general report from that part of the county.

In Muleshoe, officially, .72 was recorded, with little change reported from home rain gauges.

In the West Camp, Lariat, Progress areas, from one-half to three-quarters of an inch was reported in isolated locations, as the thunderstorm skipped and eluded most of that area.

To the north of Muleshoe, Foster Fertilizer, located three miles east of Lazbuddie, said they recorded on inch of moisture, and that was generally the amount received in that area.

Roy Atkinson, in the Y-L community, to the northeast of Muleshoe, recorded just over two inches, according to a report from there.

Donald Harrison had reported just over two inches about three miles east of Muleshoe, just off Highway 70.

In the Pleasant Valley Community, Phyllis Angeley said they had recorded two and a half inches of rain, with some small hail noted.

Around Dodd, northeast of Bailey County, from two and a half to just over three inches of moisture was recorded.

Muleshoe area residents woke up Saturday morning to low, overcast skies, and heavy fog.

However, by 7:30 a.m., the fog was moving out and the sunshine had broken through.

As the National Weather service predicted, the storms moved out of the area, with the temperatures expected to move into the high 70's for Saturday, and back into the mid-80's for Sunday.

Isolated thunderstorms had less than a 20 percent chance to linger in the area for late Saturday afternoon and evening, according to the NWS.

Rather cold nighttime temperatures were expected to be in the mid-50's for the weekend, said NWS.

Rain was expected to be back into the forecast for midweek, as another series of storms were expected to cross the area.

The moisture received late last week was the first measurable moisture received in this area in several months.

Most farmers have been waiting for moisture in order to plant cotton. The final cotton planting date is May 31, and pre-planting irrigation has already been going on for sometime, although the dryland farmers have just had to wait.

Upcoming Election Vote Registration End Next Friday

If you are not registered to vote in Bailey County, you CANNOT vote in the upcoming Muleshoe Area Hospital District election.

In order to be eligible to vote on June 20, you must be registered by 5 p.m. on Friday, May 19.

Persons who are already registered will not need to re-register prior to the election.

Kathleen Hayes, of the Bailey County Tax Office, said anyone at least 18 years of age is eligible to register to vote.

Everyone in Bailey County is encouraged to be registered in order to be eligible to vote in this most important election.

Also, persons in Parmer County who are not registered, can register at Farwell, also until 5 p.m. on Friday, May 19.

around Muleshoe

Educator of the Week at Watson Junior High School is Gaylord Latham, seventh grade math teacher.

Receiving Principal's Awards at the school for the week were Ryan Clapp, sixth grade; Tony Serrano, seventh grade; and Aida Martinez, eighth grade.

Commencement for 159 seniors at Panhandle State University, Goodwell, OK, were held Saturday, May 13 at 7:30 p.m. at Carl Wooten Stadium.

Rhonda Walls of Muleshoe received a Bachelor of Arts in English.

Traci Elliott, a sophomore at Southwestern University, Georgetown, was recently named Most Valuable Player for the Lady Pirates at the Athletic Banquet for the university.

She averaged 15.5 points per game.

A 1987 graduate of Lazbuddie, she was also named Honorable Mention All-District for NAIA.

She is the daughter of Mr. and Mrs. Ronald Elliott of Lazbuddie and granddaughter of Mr. and Mrs. W. F. Bartley of Muleshoe.

Mrs. Alta Gore is convalescing well after emergency triple by-pass surgery at St. Mary's Hospital in Lubbock on May 5, according to family members.

Among 89 students recognized at South Plains College, Levelland, was Jennifer Kirk of Bula. She was recognized for outstanding achievement with the Symphonic Band.

A South Plains College student from Enochs was among students recognized for their achievements during the annual SPC awards assembly Thursday in Texan Dome.

John Snitker of Enochs received the theatre technical award for the fall of 1988 and spring of 1989.

Bailey County Judge Jim Watson said Bailey County Commissioners Court will meet in special session at 10 a.m. tomorrow, Monday, May 15.

Items on the agenda include to authorize the county judge to take bids for a sprinkler system for the courthouse lawn; discuss items with members of the Hospital District; meet with the

RECEIVE FIGHTING HEART AWARDS--Winners of the prestigious Fighting Heart Awards at the Muleshoe High School Athletic Banquet Tuesday night were Richard Ring and Heather Hutton. Richard also won the Cross Country Award and Heather was presented the girls' golf award. (Journal Photo)

MHS Athletes Feted At Awards Banquet

Lines started forming shortly before 6:30 p.m. Tuesday evening at the Muleshoe High School cafeteria, and just before opening ceremonies at 8 p.m., the last people had just been served.

A record 320 athletes, their parents and friends packed the cafeteria for the annual Muleshoe High School Athletic Banquet.

Jim Young, president of the Muleshoe Athletic Booster Club, sponsor of the banquet, said it was the largest turnout he had seen for an athletic banquet in the five or six years he has been involved with the Booster Club. "We are very happy to see this many people here," he added.

Kerry Moore, who acted as master of ceremonies, recognized Dani Heathington's Blue Goose Catering for the "excellent job they have done in handling this many people."

He introduced special guests, including school administrators and school board members, along with media representatives.

Young made a special presentation from the Booster Club. Calling Mr. and Mrs. Jose Triana and Mr. and Mrs. Bob Palmer to

the podium, he presented each set of parents a \$250 donation to the scholarship funds set up in memory of their children, Lee Palmer and Lisa Triana, who both lost their lives in vehicle accidents just weeks apart in the fall of 1988.

Young also outlined how more than \$8,000 had been spent by the Athletic Booster Club during the school year just about to close out, and this included a new scoreboard, scholarships, repairs and paint, signs, flowers, posters, newsletters, and the awards banquet.

Receiving the very prestigious "Fighting Heart Awards" were Richard Ring and Heather Hutton.

Cleta Williams represented *The Muleshoe Journal* and presented *The Journal* football awards to Jaime Olivarez and Chris Young. She also presented *The Journal* boys' basketball award to Frank Precure; and the girls' basketball award to Debbie Brown, along with *The Hustler* award to Heidi Bohler.

Stanley Wilson presented the awards for both *KMUL Radio* and *Channel Six Television*. The boys track award went to Michael Dunham; while Amber Green and Amy Harrison each received the girls' track award.

Heather Hutton received the *Channel Six* girls' golf award and Jason Box received the boys' golf award.

Four baseball awards were presented. They were presented by Wilson to Lonnie Wilhite, Blain Ferris, who were Most Improved; Most Valuable to Larry Gonzales and Spirit to Abel Leal.

For Tennis, Wilson presented the girls' award to Selina Gonzales, while Frank Precure received the boys' tennis award.

Representing *West Texas Ranger* Howard and Judy Watson presented the boys' cross country to Richard Ring and girls' cross country to Jenifer Hayes.

Stanley Wilson also presented the Roby Wilson Ironman Award to three individuals, Ruben Mata, A. J. Liles and John Orozco.

Newly appointed athletic director and head football coach, Jim Stewart, moderated the annual Senior Spotlight, and introduced each of the coaches and their spouses. then each coach intro-

Mule-Plex Productions Hold Meet

In the absence of director Kerry Moore, Pat Prater of the Mule-Plex Production Company, conducted a meeting of the group Thursday night.

Mrs. Prater said that following a meeting with Dr. Lawrence Ward, superintendent of the Muleshoe Independent School District, the school board agreed to allow Mule-Plex Production Company to hold its two nights of 'Family Fun Night' at no charge, in the Muleshoe High School auditorium.

It was agreed by the school board that since the production is a community-wide presentation, there would be no charge by the school.

Although it was suggested that all committee members wear 'period' costumes for both nights of the June 29-30 production, no final decision was made on the proposal.

Nancy Barnhill and Phyllis Angeley discussed the variety acts, and said they will have plenty of acts to fill in at least an hour and a half.

Some of the variety acts will include square dancing; the Nifty-Fifties Group; Willard Norman, Irvin St. Clair, possibly a mariachi band outside to greet those arriving for the evening, and many other acts.

There will probably be a few 'surprises' for those attending one or both of the productions.

Stage sets and costumes were discussed, as well as publicity, which will include visiting area towns, probably with at least one of the skits from the upcoming production, to invite people to be

Emergency Haying, Grazing Is Approved

Several important dates are noted in the May ASCS newsletter, along with important new information as compiled by Danny Noble, county executive director. This includes:

EMERGENCY HAYING AND GRAZING

Bailey County has been approved for emergency haying and grazing of your 1989 ACR and CU for payment acres throughout the calendar year.

This acreage may be grazed by the producer's own livestock or by another producer's livestock with the enrolled producer's permission.

This acreage may also be hayed, green chopped, or ensiled for feeding the producer's own livestock, feeding another producer's livestock, or stored for future use.

The approved cover *Shall Not* be harvested for grain or seed. During the five-month period that haying and grazing would otherwise have been restricted (May 15 through Oct. 14) the producer shall not charge or receive any benefit for grazing of the 1989 ACR or CU for payment acreage.

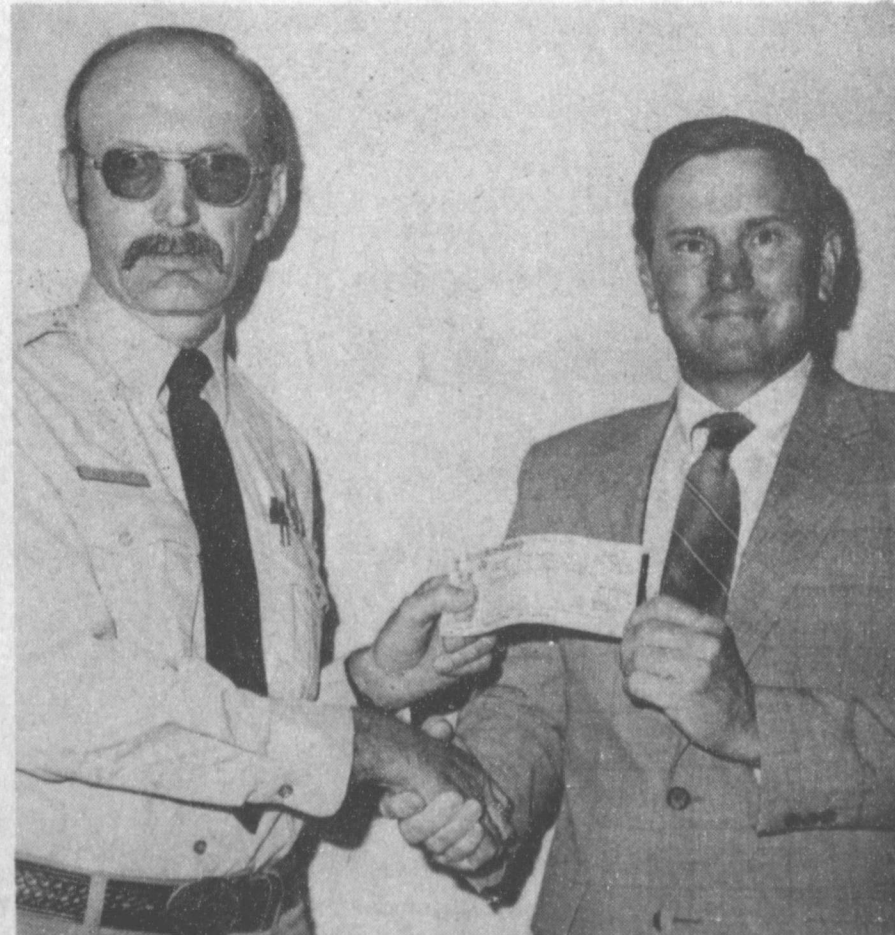

You may not charge or receive any benefit for value of vegetative growth when hayed, green chopped, or ensiled by or for another producer. The producer shall be permitted to recover normal and reasonable costs for other services; if vegetative growth is used by another producer.

Examples of chargeable services are: Installing temporary fences, pumping water for grazing livestock, cutting, raking,

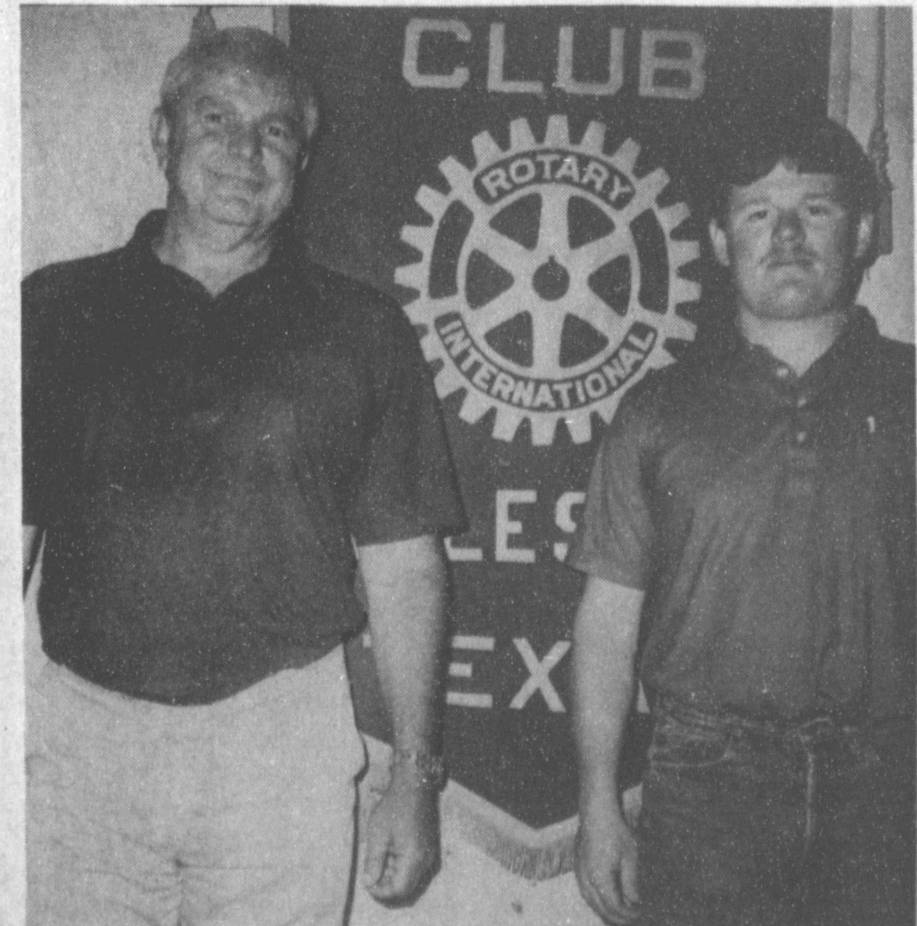

baling, or other necessary steps. The cover crop hayed, green chopped or ensiled and stored, during the five-month period that haying would otherwise have been restricted may be sold, but the sales price shall not exceed the amount needed to recover the normal and reasonable costs for removal.

After the end of the five-month period that haying would

(Guest Photo)

Creative Living

by Sheryl Borden

Information on how to plan your own hawaiian luau and a demonstration on furniture refinishing will be the featured topics on "Creative Living" on Tuesday, May 16 at 12 noon and on Saturday, May 20 at 2 p.m. (All times are Mountain.)

Sheri Mader will demonstrate how to put on a successful hawaiian luau--complete with food, music, costumes and even decorations. Sheri represents Time Brokers, Inc., a catering

business located in Albuquerque, N.M. Ms. Mader will go through the entire process of putting on a special event and will talk about planning the guest list and the place for the function as well as offer suggestions for selecting authentic music to create the right atmosphere, choosing decorations, invitations and even costumes.

The flashback segment will feature Lynn Gerhart who is an expert at furniture refinishing

from Baynton Beach, Florida. Lynn travels around the country demonstrating a unique product developed by her father, using QRB, which stands for Quickly Restores Beauty. Ms. Gerhart will present a mini-course in furniture refinishing.

On Tuesday, May 16 at 9:30 p.m., and repeated on Thursday, May 18 at 12 noon, "Creative Living" will present information on high fiber, gestational diabetes and how to do a landscape applique.

Donna Haverstock with Norwegian Dairies will talk about the importance on high fiber in our diets, and show how to substitute high fiber crispbread crackers in place of bread. Donna lives in Key West, Florida.

Dr. Lois Jovanovic-Peterson, a research scientist from Santa Barbara, California, will discuss gestational diabetes, which is a temporary but very serious condition that affects up to 10 percent of all pregnancies and is the most common cause of complications during pregnancy.

The flashback segment features Landscape Applique, which is a free-form type of applique. Kathy Albright from The Quilt Works in Albuquerque will demonstrate how to do landscape applique using ribbon, lace, doilies and fabric.

Guild Circle Met Monday

The Guild Circle of the Sudan UMW met Monday, May 1 in the church parlor. The invocation was led by Mary Smith.

A study of the book of Ruth continued on Chapter 3 with Anita Wallace as leader. The 4th chapter of Ruth was then presented by Eloese Curry.

Several members participated by reading scripture.

A report on the Spiritual Life Retreat of Ceta Canyon was given by Anita Wallace and Mary Tollett.

A report was given concerning the recent cancer drive. Eloese thanked everyone that helped

and noted that the drive had been exceptionally good.

Refreshments of cake, nuts, fruit and coffee were served by the hostess, Grace Lopes. Members present were Mary Smith, Thettie Mae Walker, Nellie Williams, Frances Potter, Eloese Curry, Mary Tollett, Mae White, Dorothy Drake, Anita Wallace and the hostess.

Brett Granger Honored On Third Birthday

Brett Granger was honored last weekend on his third birthday with a dinner in the home of his parents, Mr. and Mrs. Ralph Granger of Brownfield.

Attending were his grandmother, Josephine Fisher; and aunts, uncles and cousins, Mr. and Mrs. Mike Fisher, Tanya and Shannon, all of Sudan; Missy Fisher of Lubbock and Joe Ky Shultz of Plainview.

Dear Friends,

Thank you for your many prayers, the beautiful cards and flowers, you have truly shared our sorrow and brought comfort to our hearts.

We Love you,
Cleo, Beth, & family

Ms McMurtry Named Artist Of The Month

Ms. Charlotte McMurtry of Clovis, N.M. has been selected as Artist of the Month at the Muleshoe Public Library. The Clovis native stated that she has been painting professionally for eight years.

She teaches two art classes per week in water color as well as giving demonstrations and holding workshops. Her paintings are hanging in galleries in Houston, Los Angeles, Ruidoso, N.M., El Paso and Clovis, N.M.

Ms. McMurtry holds large Art and Craft Shows, where 30,000 people pass through, in Santa Fe, Albuquerque, N.M. and El Paso as well as holding one woman shows in 4-Hills C.C. at Albuquerque, N.M. Golden Library at ENMU and Senio Valley, Calif.

Tops Club

Muleshoe TOPS Club chapter No. 34 met Thursday night, May 11 at the Heritage Thrift Shop.

Laverne James, leader, presided over the short business meeting. The TOPS pledge was recited and the fellowship song sung. Mrs. James led the group in a prayer.

Evelene Harris called the roll with 17 members and one guest, Janie Hughes, present. Minutes of the previous meeting were read by Aurora Mata, and they were approved as read.

Ruth Clements celebrated her birthday and received a gift from her secret pal. She also drew a gift from the birthday box.

Several members received a gift for Mother's Day, from their secret pals.

Best loser for the week was Cleta Robertson. Runners up were Betty Jo Davis, Mollie Davis, Mary Edmiston and Jewel White, tying for first runner-up; second runner-up was also a tie between Lavern James and Alene Bryant.

Following the business meeting, Janie Hughes gave a demonstration on Mary Kay cosmetics.

The meeting was adjourned with the goodnight song.

By my rambling digressions I perceive myself to be growing old. —Benjamin Franklin.

My only fear is that I may live too long. This would be a subject of dread to me.

Lullaby Shower Honors Mrs Ty Wayne Moss

A lullaby shower honoring Mrs. Ty Wayne (Kim), Moss was held Tuesday, May 2 in the home of Mrs. Glen Cardwell.

The serving table was covered with a blue table cloth and accented with a pink carnation floral arrangement highlighted with pastel accents and a ABC music box and teddy bear with pastel streamers.

Cookies, punch and coffee were served from crystal appointments.

Special guests included: the mother and mother-in-law of the honoree, Mrs. Mary Powell and Mrs. Drucilla Moss, both of Sudan; grandmothers, Mrs. Marie Beckett of Sudan, Mrs. Teresa Baccus of Lubbock, Mrs. Aurora Moss of Littlefield and other family members including: Glenda Young of Amherst, Janet Houk and Norma Kay Terry of Littlefield, Alma Burton of Muleshoe, Linda Powell, Sherri Foley and Cindy Legg, all of

Sudan, Marley Hall and Debbie; Mrs. Cindy Nichols of El Paso and Kathy Gardner of Matador.

The hostesses gifts were a high chair and the centerpiece. Hostesses for the occasion included: Mrs. Corley Baker, Mrs. Charles Burnett, Mrs. Gaylon Burns, Mrs. Glen Cardwell, Mrs. Craig Doty, Mrs. Bob Edwards, Mrs. Pete Edwards, Mrs. Clyde Flowers, Mrs. Doug Gardner, Mrs. Dale Hanna, Mrs. Jim B. Hargrove, Mrs. Pat Kent, Mrs. John Kinnie, Mrs. Bo Lance, Mrs. Pete Lance, Mrs. Buddy Lowrance, Mrs. Pattie Miller, Mrs. Darren Provence, Mrs. Elray Rasco, Mrs. Darwin Reid, Mrs. Bob Summer and Mrs. John Williams.

Good Stuff

Butler: "Did the master smack his lips after drinking that fine old whiskey I served him yesterday?"

Maid: "No, sir. He smacked mine."

"Thank You"

The family of Harry Waddle wishes to thank all the people of Muleshoe for the kindness, sympathy and love shown to us.

Thank you for taking us into your hearts with your prayers and support.

Jason Conn, Kay Lynn Gordon, Mandy Davis, Kyle Edwards, Dickie Gipson, Donnie Harper, Missy Kuykindall, Mistie Miller, Jason Bellar, Josh Kenney, Heather Harrison, Penni Hargrove, Gayla Rasco, Melanie McKillip, Shannon Fisher and Justin Holley.

Special music was provided by Penni Hargrove, James Conn, Ann Walker, Jody Lyle, Mike Fisher, Tonya Fisher, Pill Bellar

and the adult choir. Also participating were Kita Hargrove, Patsy Fisher, Libby Mudget, Tommy Cate and Pam Bellar. Bro. Cliff Hargrove gave the benediction and the closing words.

Henley, McDonald

United In Marriage

Michelle Renae Henley and Michael Guy McDonald were united in marriage Saturday, April 15 at the First Baptist Church in Petrolia, TX, with the Rev. Bob Webb officiating.

Parents of the couple are Ed and Nita Henley of Sudan, Mike McDonald of Wichita Falls and Sharon Neaves of Byers, TX.

Marilyn Harris served as matron of honor. Bridesmaids were Darlene Henley, Traci Adams and Misty Rickard.

Best man was Mike McDonald and groomsmen were Johnny Harding, Todd Anderson and Brad Overstreet.

Kim McDonald registered the guest and Jill Mayo and Elisa Parker were hostesses.

The bride is employed at Bethania Regional Health Care Center in Wichita Falls and the groom is a graduate of Petrolia High School and is presently attending M.S.U.

The couple will make their home in Byers.

'Thank You'

A heartfelt thank you to all our many friends for the flowers, cards, food, telephone calls, and prayers, during our recent loss of our beloved dad.

Lavern & Jess Winn

Dear Friends,

Thank you for your support during the blood drive for Cleo at the First Baptist Church. Your thoughtfulness is greatly appreciated.

God Bless You,
Cleo and Beth

Get Well Soon Joy!

Rebekah Lodge News

Muleshoe Rebekah Lodge No. 114 met in regular session Tuesday, May 9 with Linda Tosh, Vice Grand, presiding. Dorothy Browning Pro Team chaplain, gave the opening prayer and Lena Hawkins and Lucille Harp presented the flags.

June Green, secretary, called the roll and read the minutes of the previous meeting and they were approved as read.

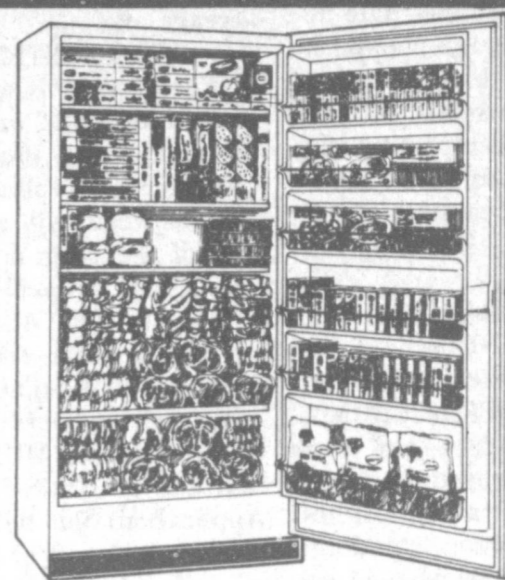

"A number of friends were reported ill and we hope them a speedy recovery" said Fern Davis.

After a short business meeting, June Green conducted a Candle Light Ceremony. The Alter song "One Day At A Time" was sung and Lena Hawkins gave the closing prayer.

Thirteen members were served refreshments by June Green and Ona Berry. "The fellowship hour was enjoyed by everyone attending" Mrs. Davis continued.

Why these heating and cooling specialists recommend the **Dual Fuel Heat Pump**

- "It saves money."
- "It's dependable."
- "It's cleaner."
- "It both heats and cools."
- "It's energy efficient."
- "It works with your present gas furnace."
- "It's comfortable."
- "It's modern."

ASCS Dates

Cont. From Page 1

otherwise have been restricted may be sold for any price. After grazing out or haying approved cover, a producer may establish a later approved cover for haying and grazing.

Acreage designated as wildlife food plots or wildlife habitat, shall not be hayed or grazed. Haying and grazing shall not remove cover to the extent that the land is not adequately protected from wind and water erosion.

Any producer that is interested in haying and/or grazing your ACR and CU for payment acreage from May 15 through October 14, MUST come into this office and designate the ACR and CU to be hayed and grazed before haying and grazing occurs during the consecutive five-month restricted period and sign a register.

FINAL CERTIFICATION DATE

The final date to certify or request aerial measurement service for wheat, rye, barley, oats, and triticale, regardless of use, program or non-program, ACR or CU, is May 15, 1989.

This is also the final date to certify to zero acreage planted if the farm has a base for that commodity. Remember, if you miss your acreage report by the larger of five percent or 1.0 acre, up or down, it can cause the farm to be ineligible for program benefits.

SMALL GRAINS LEFT STANDING

If you have wheat or other small grains on ACR or CU that will be left standing and not substantially destroyed by May 15, you must file a request to leave the small grains standing and pay a \$10 fee by May 15 to stay in compliance.

MEASURING SERVICE

Remember!! As soon as the ASCS gets your farm measured, you will be notified of the measured acreage and you have only five workdays in which to

Productions...

Cont. From Page 1

in Muleshoe for one of the two productions.

Groups will also visit local civic clubs with posters, and to sell advance tickets.

Other groups will be contacting businesses to ask for prizes to be given during the candy sales, at intermission, and a by-laws committee was discussed, to set up by-laws for the new company.

Mule-Plex Production Company will meet again on Thursday, May 25, in the Muleshoe State Bank community room.

adjust (if any) and certify your acres in the office. Please notify the office if you have to adjust prior to plowing anything up.

FINAL PLANTING DATES

The final planting dates for crops grown in Bailey County are: Barley-Nov. 15, wheat-Nov. 15, oats-Nov. 15, corn-May 15, cotton-May 31 and grain sorghum-June 30.

These dates are for crop insurance purposes primarily, but in the case of prevented planting, the dates are recognized as the final date for planting the crop.

Should you be prevented from planting any of these crops listed above, beyond your control, you have 15 days following the final planting date to file a prevented planting claim on an ASCS-574. Claims filed after 15 days will be considered late filed.

MAINTENANCE OF ACR DATE

Don't forget that ACR requires a cover crop. ACR land MUST be free of weeds and maintained in a workmanlike manner throughout the calendar year. Don't jeopardize your program benefits by neglecting to properly farm this acreage.

CRP MAINTENANCE

Weed control measures on CRP land MUST be carried out throughout the lifespan of the CRP contract. Failure to control noxious weeds will result in total loss of the program benefits of your CRP Contract.

FAILED ACRES

Any program crop that has failed due to drought, hail, or any other reason beyond the producers control, MUST be certified and an ASCS-574 (Disaster Application) filed before the crop is disturbed and/or replanted to a different commodity. All required ACR must be maintained for the failed acres. These requirements must be met for program crops to be eligible for program benefits.

1988 COMMODITY LOANS

The final date for placing 1988 crop soybeans, cotton, corn and grain sorghum in the government loan program is May 31, 1989.

INTEREST RATE

The Loan interest rate for May is 9.500 percent.

MIDYEAR CROP AND LIVESTOCK SURVEY

The Texas Crop and Livestock Reporting Service will be contacting farmers and ranchers in June for crop and livestock information. You are requested to complete and return the questionnaire to P. O. Box 70, Austin, Texas 78767.

OFFICE CLOSED

The ASCS office will be closed May 29, 1989, in observance of Memorial Day.

THE HOUSE THAT LOVE BUILT--Pictured last weekend during the grand opening of 'The House That Love Built' in Galveston, are Joe and Gail Adams, architects, Lawren Hall, former Muleshoe resident, who is a HUGS volunteer and was Junior League liaison for the development and creation of the Ronald McDonald House Volunteer Manual, and J. K. Adams, Muleshoe, the father of architect Joe Adams. (Guest Photo)

Former Residents Help Build 'Special' House

By: Lawren Hall

The "House That Love Built" is a reality. Volunteers have worked and planned for seven years to create a caring environment for the parents and families of the seriously ill children who

Muleshoe...

Cont. From Page 1

travel to Galveston, Texas for long-term medical treatment. In 1982, the Junior League of Galveston County, Inc. began to study the feasibility of providing housing for the immediate families of pediatric patients hospitalized in Galveston. After four years of extensive research, Help Us Give Support, Inc. (HUGS of Galveston) was established. This non-profit corporation accepted the challenge of directing the building and management of the Ronald McDonald House of Galveston.

The Capitol Campaign began in the Fall of 1986 and was successfully completed due to the enthusiastic support of many individuals, businesses, corporations, foundations and volunteers. Thanks to the generosity of several foundations, construction of the House began in the Spring of 1988. Construction was substantially completed in March 1989 and the task of furnishing the House began. From top to bottom, the Board and volunteers helped complete the task of making the House ready to receive its first families.

During the opening ceremony, Suzanne Sullivan, president of HUGS, dedicated the House "to the donors whose support made the house a reality and to the volunteers whose tireless efforts helped to bring it all together. Lawren Hall, formerly of Muleshoe, has served the Ronald McDonald House in many capacities including: fundraising, newsheet, publicity, VIP entertaining, Groundbreaking Ceremony Hostess and Volunteer Manual Coordinator.

She is the daughter of Mr. and Mrs. L. B. Hall of Muleshoe and Col. and Mrs. R. J. Standley of San Antonio. Architect Joe Adams is the son of Mr. and Mrs. J. K. Adams, also of Muleshoe.

There will be a public hearing to provide any interested person an opportunity to make recommendations regarding the use of 1989-1990 Chapter Two funds at Muleshoe ISD.

This hearing, along with a Chapter 1 Parent Advisory Council meeting, will be held on Monday, May 22, at 7:30 p.m. in the Federal Programs office at Muleshoe High School for the purpose of encouraging parents to become actively involved in the education of their children and to hear any recommendations made.

Salvation Army Annual Drive Fund Starts

A goal of \$700 has been set for the Muleshoe Salvation Army Service Unit Fund Drive which will kick off on May 23, 1989, as announced by Bailey County Judge Jim Watson, Service Unit Committee Chairman.

Funds collected in the drive will be used to pay for the Salvation Army's services to the underprivileged in Muleshoe through the current fiscal year.

In order to hold expenses to the minimum, the Service Unit has decided to use a direct solicitation, through a bank statement mailing this year. Chairman Watson asks that you give serious thought to this request so that this local volunteer organization can continue these worthwhile services.

The committee, composed of business and civic leaders, carries out a year-round program to help people with emergency needs. In the name of the Salvation Army whom it represents, the committee helps with such basic necessities that families or individuals may require in a temporary crisis.

The Service Unit also acts as liaison for the Salvation Army's state-wide program which includes summer outings for boys at Camp Hohlitzelle, care for

predelinquent girls and unwed mothers, help for paroled prisoners, relief in major disasters and other services.

Members of the Muleshoe Salvation Army Service Unit are: Judge Jim Watson, chairman; Troy Stegemoeller, treasurer; Chief Wayne Holmes, welfare secretary; Sheriff Jerry Hicks, welfare secretary; and members Frank Ellis, Ron Montgomery, Dee Clements, Darrell Turner, Rev. Barry Bradley, Glen Williams and Phil Kent.

Banquet...

Cont. From Page 1

duced his or her team, including freshman, junior varsity and varsity team members.

Dr. Lawrence Ward, MISD superintendent, made brief remarks, including: "This demonstrates some of the things we're all familiar with."

"I have been impressed with the honors and how they were made. You are not only a product of home and family, but of your community, your friends and your teachers."

A sparkling, and flashing light show accompanied the annual Athletic Memories video compiled and shown by Joella Flowers and Dale Hughes. The youths were delighted to watch some of their athletic activities during the past year.

BIBLE VERSE

"Her children arise up, and call her blessed; her husband also, and he praiseth her."

1. Of what is this verse a part?
 2. Who is credited with quoting this poem?
 3. To what is a virtuous woman compared?
- Answers to Bible Verse
1. The alphabetical poem on the Virtuous Woman.
 2. Lemuel.
 3. "Her price is far above rubies," verse 10B.

Good Question
A farmer visited his son's college. Watching students in a chemistry class, he was told they were looking for a universal solvent.
"What's that?" asked the farmer.
"A liquid that will dissolve anything."
"That's a great idea," agreed the farmer.
"When you find it, what are you going to keep it in?"

Marie Lewis Services Held At Morton

Funeral services for Marie Lewis, 78, of Morton were held at 11 a.m. Saturday in the First Assembly of God Church at

Morton with the Rev. Mike Hanks, pastor, and the Rev. David Watson, from the Assembly of God Stewardship Department of Springfield, MO, officiating.

Jake Tunnell

Funeral Services

Held Saturday

Funeral services for Jake Tunnell, 71, were held at 4 p.m. Saturday in the First Baptist Church with the Rev. Gerald Pepper, pastor of Terrace Hills Baptist Church of Odessa, officiating, assisted by the Rev. Barry Bradley, pastor.

Interment was in Bailey County Memorial Park under the direction of Ellis Funeral Home. Tunnell died at 5:50 p.m. Thursday in the Methodist Hospital at Lubbock.

Born March 17, 1918, in Yanzant County, TX, he had been a resident of Muleshoe since 1938. He was a retired cotton ginner and feedlot maintenance man and a member of the First Baptist Church. He married Pauline Chaney on June 8, 1938 in the West Camp community.

Survivors include his wife, Pauline; two sons, Wayne Tunnell of Muleshoe and Ralph Tunnell of Denton; two brothers, Lee Roy Tunnell of Amarillo and Osie C. Tunnell, Jr. of Springdale, Ark.; and three grandchildren.

Graveside services were held at 2:30 p.m. Saturday in Resthaven Cemetery in Lubbock with burial under the direction of Ellis Funeral Home of Morton. Mrs. Lewis died at 12:35 p.m. Wednesday in Maranatha Village Nursing Home in Springfield, MO.

Born May 2, 1911, in Paducah, she had been a resident of Morton since 1935, moving there from Earth. She was a homemaker and a member of the First Assembly of God Church in Morton 47 years where she has served as Sunday School teacher, beginner class, 27 years, was church secretary and church treasurer. She was active in the community of Morton. She married William A. Lewis on June 23, 1958, in Ft. Sumner, N.M. He died March 10, 1979.

Survivors include two sons, T.J. Peters and Carlton Peters, both of Lubbock; two daughters, Frances Scoggins of Morton and Gloria Watson of Springfield, MO; three sisters, Bessie House, Margie Neal, and Joyce Dobson, all of Colorado City, TX; two brothers, R.B. Cain of Colorado City, TX and W.D. Cain of Abilene; 21 grandchildren; 29 great grandchildren; and one great great grandchild.

Other survivors include a step-son, Olin Lewis, Whiteface; and two step-daughters, Bernice Barham, Dumas and Alvirce Hestand, McLeod.

Bill Watson Services Held At Springlake

Services for Bill Watson, 63, of Springlake were held at 4 p.m. Saturday in Springlake Baptist Church with Dr. Steve Branson, pastor, officiating, assisted by the Rev. Glenn Smith of Sundown.

Burial was in Springlake Cemetery under the direction of Ellis Funeral Home. Watson died at 12:43 a.m. Thursday at his residence.

He was born March 12, 1926, in Paducah and moved to Springlake in 1942. He married Betty Jo Washington on June 1, 1946, in Olton. He was a farmer, a member of the Springlake Baptist Church and was a veteran of World War II, serving in the U.S. Army Infantry.

Survivors include his wife, Betty; a son, Buster Watson of Calera, Okla.; two daughters, Donna Townsend of Calera, Okla. and Debby Dayton of Springlake; three sisters, Florine Madden of Lubbock, Beatrice McClure of Lubbock, and Faye Holt of Sacramento, Calif.; two brothers, Earl Watson and Lowell Watson, both of Springlake; seven grandchildren; and nine great grandchildren.

Mother's Day

The observance of Mother's Day is a recent one in the United States, beginning only in 1907. Then it was the idea of Miss Anna M. Jarvis, of Philadelphia, that at least one a year sons and daughters should pay tribute to mothers.

Miss Jarvis arranged for a special service in one of the Philadelphia churches and suggested white carnations be worn by those attending.

The observance, on the second Sunday in May, rapidly spread to every part of the United States. The fact that it became custom in all the states only four years after it had been suggested testifies to the strong sentiment for such an observance in this country.

In later years, the custom of wearing a white carnation on Mother's Day was expanded and those whose mothers were still alive wore red flowers, instead of white.

First observed in the United States, Mother's Day has become an international occasion and mothers in every area of the world are now honored each year on Mother's Day.

More than anyone else, the mother who cares for both home and her children is destined to influence the character and future of the country. And often this responsibility is combined with a back-breaking and steady ordeal of sewing, washing, mending, cleaning and teaching.

It's to this mother, who dedicates her life to her home, family and children, that the country owes such a debt of gratitude.

Breast Cancer Detection Unit Will Visit Here

According to the American Cancer Society, one out of every ten women in the United States will develop breast cancer sometime during her lifetime. Every year, over 37,000 women die as a result of breast cancer.

According to a spokesman from the Regional Breast Care Center at Women's and Children's Hospital in Odessa, "The death rate from breast cancer could be drastically reduced if women would have mammograms done before a problem exists."

By using modern state of the art x-ray equipment, breast cancers can be found when they are about the size of a grain of rice and well before the cancer can be felt. A woman who is diagnosed with breast cancer at this early stage has a 90-97 percent survival rate. However, a woman who is not diagnosed until a lump can be felt has approximately a 50 percent survival rate in five years.

In an effort to find cancers at the earliest possible stage and prevent unnecessary deaths, a mobile breast cancer detection unit will be made available to local women on Wednesday, May 17. The mobile unit will be parked at West Plains Medical Center in Muleshoe.

Appointments may be made by calling 272-4524.

For more information, you may call the Regional Breast Care Center at Women's and Children's Hospital at (915) 334-8888/-561-9999.

Golden Gleams

Her children arise up and call her blessed.

—Proverbs 31:28.

God could not be everywhere, so He made mothers.

—Yiddish Proverb.

Praise the child, and you make love to the mother.

—William Cobbett.

Cattle Fed In Feedlots Near Record

The number of cattle fed in feedlots within the area served by Southwestern Public Service Company (SPS) during 1988 nearly reached the record 1987 total, according to SPS's annual Fed Cattle Survey.

Feedlots in the SPS service area fed 5,335,603 head of cattle, a decrease of less than one percent from the 1987 total of 5,406,975. However, the one-time total capacity of the feedlots surveyed in 1988 was 2,734,987 head, up from the one-time total capacity of 2,728,255 head in 1987.

"The 1988 study shows how important cattle feeding is to the area's economy," said Dave Krupnick, manager of agriculture and wholesale marketing. "With higher prices for feeder cattle and the uncertainty of replacement heifers for herd rebuilding, 1988 still turned out to be the second highest year for cattle fed in our area."

SPS annually prepares a Fed Cattle Survey covering feedlots in its service area. The electric utility serves a 52,000-square-mile area comprising the Texas and Oklahoma panhandles, the Texas South Plains, eastern and southeastern New Mexico, and southwestern Kansas.

Additionally, the survey found that 4,674,210 cattle were slaughtered last year at 12 beef-packing plants in the SPS service area, Krupnick said, noting the facilities have an annual slaughter capacity of 4,785,773 head.

"Throughout the years of the Fed Cattle Survey, feedlots and packing plants have been extremely cooperative in supplying information for the survey," Krupnick said. "We would like to thank them again for their assistance in documenting what agriculture means to the region. Requests come in from all parts of the nation, so by publishing this report we hope to stimulate further development in the agriculture and food-processing sector."

The report showed that the total number of feedlots in the area has grown to 113, and the one-time capacity of these lots is still on the increase. The report also includes charts that reflect the 16-year history of the number of feedlots surveyed, number of feedlots with 1,000-head capacity or above, and a county breakdown of lot capacity and number fed.

Copies of the report and survey are available at SPS offices across the company's service area or may be obtained by contacting Dave Krupnick or Gregg Boggs at the SPS headquarters building, Tyler at Sixth Street, Amarillo, Texas, 79170.

Janes Ranch Report

Ten people showed up Tuesday night to work on the Old Janes Ranch House. Much work was done and, of course, much is to be done.

Each night of work means we are getting closer. Each hour of work donated puts us closer to the finish line. The finish is still quite a ways off, but each night will help make it a reality.

Those present Tuesday evening were Robert Hooten, Rose Sain, Helen and Norman Head, Vivian and T. R. White, Janie and Frank Saldana and Marie and R. A. Bradley.

Your help is still needed and appreciated. Thanks for all of the help that has been done.

We would like to say a *Big Thank You* to the Heritage Thrift Shop and all who work there each Friday and Saturday, because the money made at the Heritage Thrift Shop goes in to help keep the Depot open and refinish the old Ranch House.

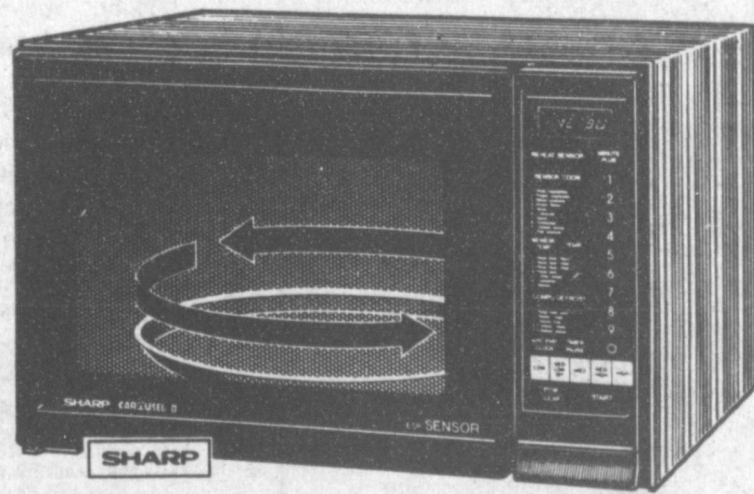

So, if you work at the Janes Ranch House, the Heritage Thrift Shop and all of those who give to the thrift shop, we say, "Thank You."

Farmers Facing Losses Eligible For New Programs

West Texas farmers who are suffering losses because of dry conditions might be eligible for several new emergency assistance programs, according to U.S. Representative Larry Combest (R-Texas).

The new programs are intended to provide assistance for producers in drought-impacted areas throughout the nation's farm belt. U.S. Agriculture Secretary Clayton Yeutter has instructed federal agricultural officials to expedite requests for emergency assistance. Combest, citing dry conditions in several areas of the 19th Congressional District, said the emergency assistance is vital to producers.

"Many areas of West Texas haven't had a soaking rainfall in more than six months," Combest said. "It appears the winter wheat crop could be completely lost. Livestock producers are

suffering from the drought conditions as well, and we hope to relieve some of the loss through this assistance."

The emergency programs will provide the following assistance to producers in affected areas which meet the criteria for eligibility:

- Emergency haying and grazing of Acreage Conservation Reserve (ACR) and Conservation Use (CU) acreage. This measure will permit qualifying producers to graze or produce hay on this land during the five designated summer months when it would normally remain idle;

- Emergency Feed Assistance and Emergency Feed Programs, in which Commodity Credit Corporation-owned grain can be sold to livestock and poultry producers at 50 percent of the average market price in the country.

- Yeutter has directed Agriculture Stabilization and Conservation Service (ASCS) office in Washington, D.C. to respond to eligibility requests from state officers within 24 hours, and to expedite assessment of failed acreage;

- The Agriculture Secretary has asked that county ASCS offices inform farmers of their eligibility for zero/92 deficiency payments if they have signed up for 1989 farm programs, are determined to have a total crop loss and do not plant a second crop.

Yeutter also informed governors that their requests for emergency credit will be processed by the Farmer's Home Administration (FmHA), using damage assessment reports from the State Food and Agriculture Councils. When county-by-county evaluations are complete, Yeutter will determine whether emergency low-interest loans should be granted to producers.

In another move to prevent delays if the dry conditions should continue, Yeutter has established a 1989 USDA Drought Task Force. The panel will closely monitor weather, crop and livestock conditions throughout the nation and make recommendations should increased drought-like conditions develop.

"As the planting season approaches, it is essential that we closely monitor the dry conditions in West Texas," Combest said. "I am pleased to see that the USDA has taken the initiative on what I hope will be a temporary problem."

LOUISA'S LETTER

Dear Louisa,
I have a husband who doesn't want to leave the house after dark. He says he sees people all day long and is tired. I do not see people but keep house and mind the baby. don't you think he should be willing to go out occasionally?
Wife—III.

Answer:
I think he should take you out occasionally but I also think you should have some social activities during the day. In that way you might not mind being at home so much at night.

So many women who have husbands who wish to be going somewhere every evening would be glad to exchange places with you. All of us have faults—some have one kind and others a different sort so we have to make out the best with what we have.

Louisa.

Address your letter to: Louisa, P.O. Box 532, Orangeburg, SC 29115.

Lawns, Gardens Use A Lot Of 'Home' Water

Approximately 35 percent of the water used around the home during the spring and summer months is sprayed on lawns and gardens. The High Plains Undergarden Conservation District No. 1 reminds city and rural residents that they can help conserve water and still have attractive yards by incorporating xeriscape techniques into their lawn and garden maintenance plan.

Xeriscaping is a seven-step program which conserves water through creative landscaping. The term, Xeriscape, is derived from the Greek work, Xeros, meaning dry.

Water savings ranging from 30 to 80 percent have been obtained using xeriscape principles. These principles include good landscape preparation and design, limiting the amount of turf areas, efficient irrigation, good soil preparation, mulching and proper maintenance.

In a xeriscape program, the yard is divided into water use zones, and compatible vegetation is planted accordingly. Proper planning is essential, and landscape professionals can be helpful in evaluating the proposed xeriscape design for water-use requirements, function, appearance and maintenance.

Turf areas should be used only where they serve a function such as in a children's play area. Grasses require frequent watering and more maintenance than any other landscape plant. Therefore, the turf area should be located away from trees and shrubbery, so that it may be watered separately. Ground covers and mulches may also be used to replace grasses and help reduce water demand.

Keeping grass at the proper height will also conserve water. Bermuda grass should be maintained at one to two inches in height, since this allows the turf to develop a deeper, more water-efficient root system.

With any landscaping program, it is important to apply the

correct amount of water for plant requirements without waste. Rapid water application causes runoff, while exposed soil allows soil moisture evaporation losses. Over-watering causes deep percolation below the plant root zone.

Sprinkler use and/or drip irrigation may be incorporated into a xeriscape garden or yard design.

Sprinkler irrigation is the most common watering method and is best suited for turf areas. Homeowners should make sure their hose-end or permanently installed sprinkler distributes large drops of water. Sprinklers that spray a fine mist can result in excessive water losses due to evaporation and wind drift.

Drip irrigation applies a slow, consistent volume of water directly to the plant roots through a main line with a series of emitters. With this uniform application, evaporation and deep percolation are reduced. Drip irrigation can save up to 60 percent of the amount of water use on the lawn and in the garden as compared to fine mist sprinklers.

Soil improvements are an important aspect of xeriscaping. Mulching helps reduce soil evaporation rates and helps protect the soil from erosion. In the Texas High Plains, preferred mulching materials are bark chips, wood shavings or compost materials. Inorganic mulches, such as lava rock, gravel and permeable plastic, are not recommended since they have a tendency to become filled with sand and provide an ideal growing environment for weeds.

Using plants which are adapted to regional soil and climate conditions is an important consideration for a successful xeriscape. When purchasing trees, shrubs and ground covers, note their water use requirements and proper soil conditions. Landscapers and nurserymen can recommend plants, trees and

groundcovers best suited for use in the Texas High Plains.

Regular maintenance of the xeriscaped area is important, especially during the first year when plants are trying to establish themselves. Homeowners should not ignore the xeriscape simply because the water requirements are lower than conventional landscapes.

A 20-minute slide show on xeriscaping is available for presentation to garden clubs and other interested organizations within the 15-county High Plains Water District service area.

To schedule a presentation or for additional information, please contact the High Plains Undergarden Water Conservation District No. 1, 2930 Avenue Q, Lubbock, Texas 79405 or call (806) 762-0181.

The Rose Affair

Whatever the final outcome of Pete Rose's gambling (and punishment), the way this case was tried and retried in the media for months is disquieting.

If the manager of the Cincinnati Reds had been found innocent of all charges, he would nevertheless have been blackballed for life. That's because media speculation involving rumors and allegations were headlines months before a determination.

It's difficult to find a method to avoid such abuse. If the victim is later found to have misstepped, perhaps it was justified. But that's not known during a media splurge of innuendo, rumor and unproven charges.

In the Rose case, the rumors affected the team, fans and many others. A speedier resolution in such cases, rather than serialized soaps in the media, is highly desirable.

He is bare of news who speaks ill of his mother.
—Irish Proverb.

Mother is the name for God in the lips and hearts of little children.
—W. M. Thackeray.

Happy Mother's DAY

MOM

HAS GOT IT ALL...

She's got energy, enthusiasm, warmth and wit. She's full of life... and has a lifetime of love to give.

But sometimes she is taken for granted - her wishes are ignored, her advice scorned or her feelings forgotten.

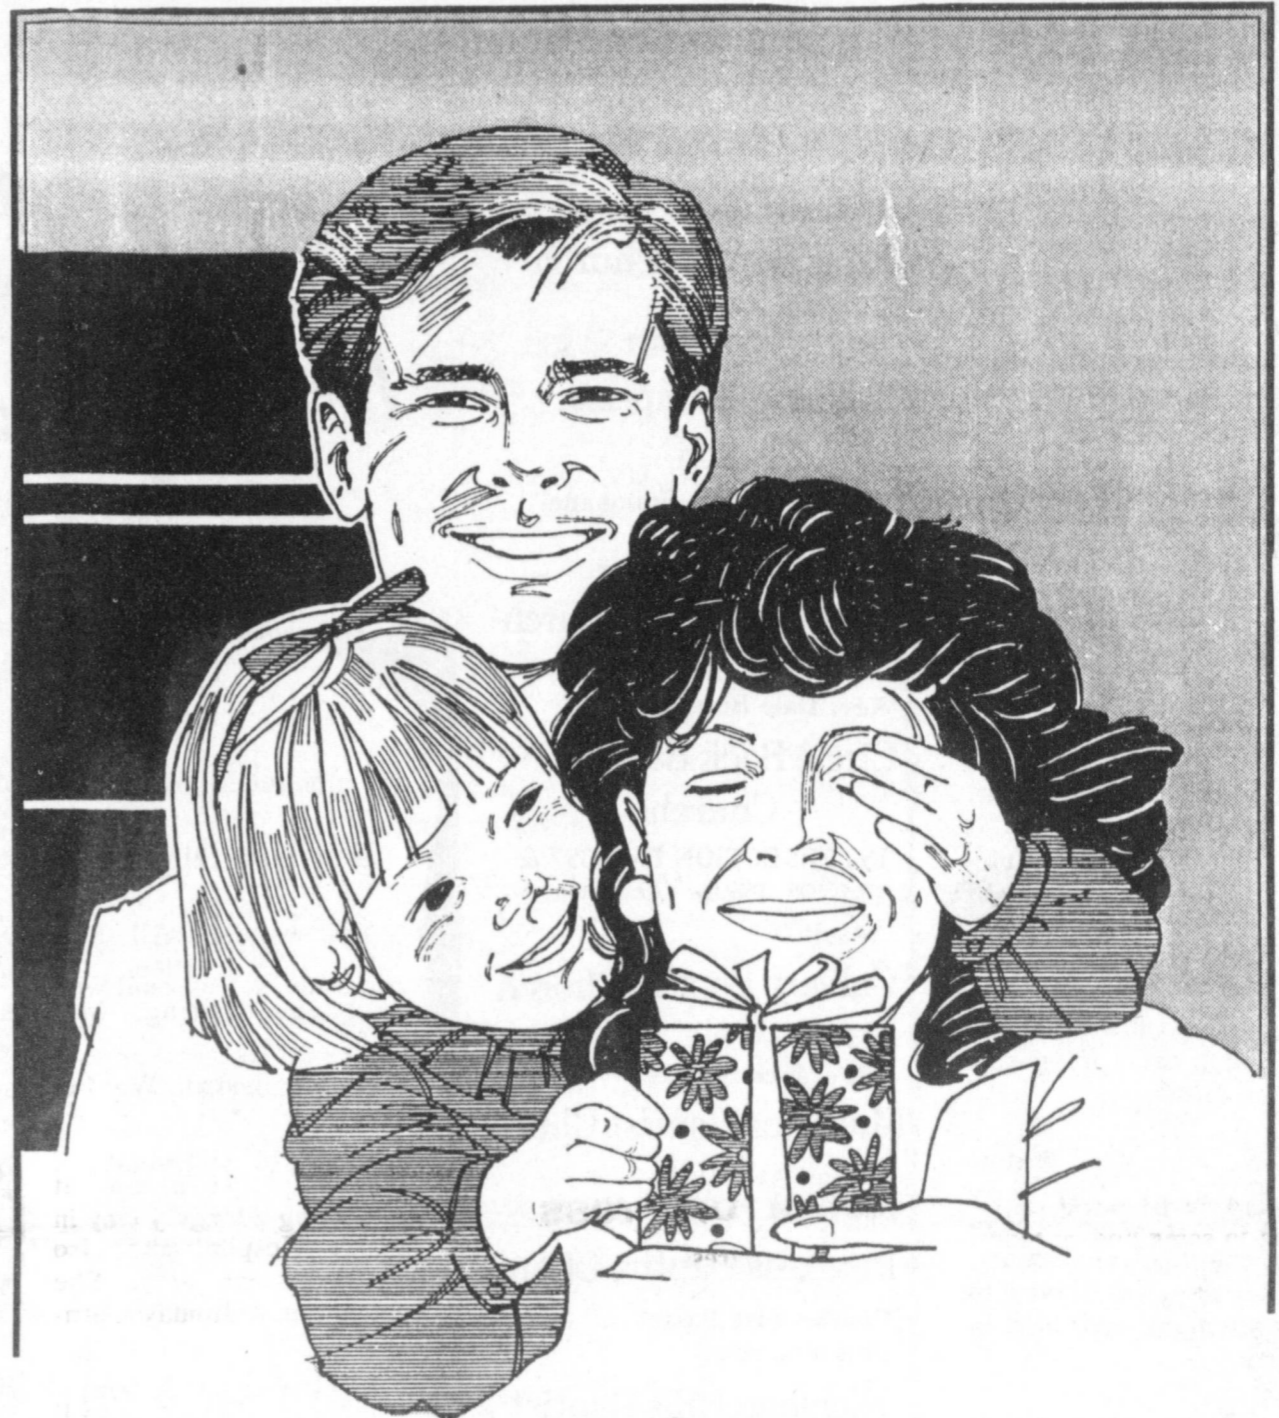

Her life is a mixture of joy, sorrow, love, comfort, anxiety, pride in her children and agonizing worry about their well-being.

On this special day...

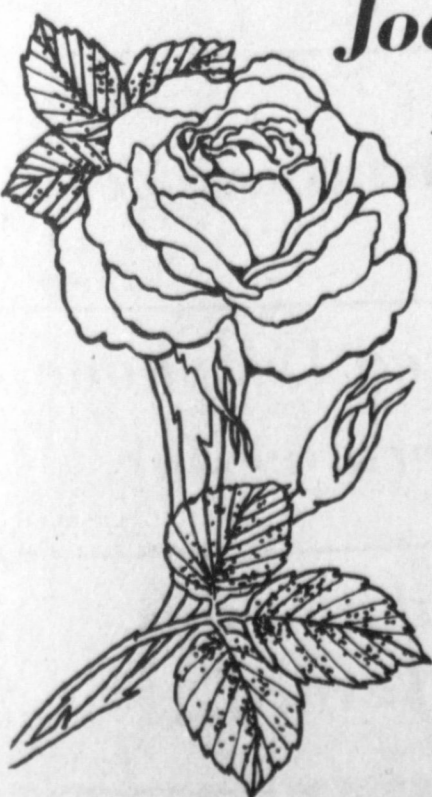

All of us would like to congratulate all Moms for their tireless years of love and devotion to their families.

Have a HAPPY MOTHER'S DAY-you deserve it!

Nursing Home News

By: Joy Stancell

Happy Mother's Day from our home to yours.

Friday afternoon we were delighted to have Harold and Avis Carpenter and Mr. and Mrs. R.E. Blankenship of the Oklahoma Lane Community to visit and lead us in a Sing-A-Long.

Thursday morning Rev. Mike Doyle executed a special communion service for the residents, and anyone wishing to attend in the nursing home day room. Zora Mae Bellar lead songs and Clara Lou Jones played the piano for devotional time.

The residents will be giving a party Monday afternoon at 3 p.m. to celebrate their book "I Remember When" that has just been completed, on interviews, by Lorinda Bodiford. Our thanks to Five Area Telephone for having them printed and bound.

Tuesday morning Louise Legg from Me Ma's Ceramic Shop in Sudan brought ceramics which she helped the residents paint. Residents participating were: Emma Schuster, Pearl Cox, Thelma Stearns, Julia Hawkins, Ruby McCamish, Effie Smith, Stella Morgan, Lois Ethridge, Guy Kendall and Clara Weaver.

Tuesday afternoon Claudine Embry, Jackie Johnson, Olive Cox, Betty Jo Davis, Laverne James and Beth Watson came to shampoo and set the ladies hair.

Sunday morning The Muleshoe Church of Christ brought communion. Kathrine Sanders came for Bible study.

Sunday afternoon the Calvary Baptist Church came for gospel singing and music.

Thursday afternoon, Winnie Berry, J.E. Embry, Ona Berry and Holly Milsap came to play table games with the residents. Carmel pop corn was served to everyone attending and those in their rooms.

Tuesday afternoon was homemade pie day. We had pecan, peach, cherry, coconut and that's just to name a few of the delicious pies baked by Mrs. Robert Gil, Thora Baker, Louise King, and Lula May Shanks. Our thanks to these ladies for the pies and to Lula May Shanks, Louise King and Dustie Moynihan for serving them.

Wednesday afternoon Mr. and Mrs. J.C. Shanks came to play the piano and sing with the residents. Special guest were: Mrs. Burford, Holly Milsap, Irene Splawn, Lois Baldwin and Elsie Kendall.

Agnes Moyer was visited by her son and daughter-in-law, L.T. and Nan Johnson.

Ruby McCamish was visited by her family this week. Also Mary Sisemore.

Stella Morgan has a son and daughter-in-law here visiting from out of town.

We are so pleased that Julia Hawkins has returned from the hospital and she is able to be up and about. Her family has visited her daily.

Clara Weaver was visited recently by Lorinda and Erin Bodiford; Cheryl and Jerry Weaver, Eula Dale and Lona Embry.

Ernest Kerr went out recently to help his mother-in-law, Goldie

Baker, celebrate her birthday.

Pearl Cox was taken out by her daughter, Holly Ann Millsap, Tuesday to get her hair cut and set.

Monday Martha Smaltz, Thelma Stearns and Oneita Wagnon all got new perms. What a group of lovely ladies.

Lois Ethridge, Effie Smith, Patsy Franklin and Ella Faubus continue to do a wonderful service of volunteer work for the nursing home. Thank you ladies.

Ora Roberts is able to be up and about more this week. We are happy to see her able to do so.

John Seid was visited by Evelyn Ziagenfuss Tuesday.

Inez Allgood was visited by Ollie Sebring, Lorinda and Erin

Bodiford and Dr. and Mrs. Homer Allgood last week.

Effie Smith was visited by her niece, Dortha Joyner of Lubbock over the weekend.

Ruth Williams is visited by her husband, Reihl Williams, every day. He brought her a lovely bouquet of roses.

We were pleased to see Eric Smith come out for the singing Wednesday afternoon. I hear that he too is a pie lover. Could this be true?

Ask Mrs. Dennett
The teacher was talking about the dolphin and its habits. "And children," she said, impressively, "just think! A single dolphin will have 2,000 baby dolphins!" "Goodness!" exclaimed the little girl at the foot of the class, "and how many do married ones have?"

Three Way News

Mrs. Nelson Carlisle and her daughter, Mrs. Jackie Zahan, from Littlefield visited their daughter and sister, the Doug Stetlers, in Waco last weekend.

Mrs. Rayford Masten spent Tuesday night in Whitherrell with her daughter, Mr. and Mrs. Lamar Pollard.

Wednesday evening the Three Way Baptist Church honored the Three Way seniors and their parents with a fish fry.

Friday night the Three Way seniors and parents, faculty and school trustees had their annual banquet at Portales, N.M.

Mr. and Mrs. Bill Dolle and

Darla spent the weekend in Lubbock attending an adult retreat. They also visited their daughter, Belinda Dolle.

Jack Lane and Mickey Sowder were re-elected to the Three Way school board Friday.

Mrs. Bobby Kindle and daughter, Stacy, attended a luncheon honoring a cousin, in Lubbock Saturday.

Mr. and Mrs. Joe Sowder attended a Baptist brother hood meeting at Sunnyside Tuesday evening.

Mrs. W.T. Simpson and Mrs. Jim Simpson were in Lubbock Thursday on business.

Camron Vaughn from Plainview is spending the week with his grandparents, the Adolph Wittners.

Mr. and Mrs. H.C. Toombs spent part of the week at Lake Kemp fishing.

Three Way Baptist Church had a pizza supper after church Sunday evening.

Mr. and Mrs. D.A. Williams of Enochs spent Sunday with her parents, the George Tysons.

BIBLE VERSE

And unto man he said, Behold the fear of the Lord, that is wisdom; and to depart from evil is understanding.

1. Where is this verse found in the Bible?
 2. Who is the author?
 3. What land does the book describe?
- Answers to Bible Verse
1. Job 28:28.
 2. The author is unknown.
 3. The Arabian desert, southeast of Palestine.

Unbounded joy! The joy of discovering new things. Each day bringing new wonders. All of life... so new... and exciting. God has been so wonderful. We have so much to appreciate. Living each day being thankful to God for all the wonderful things that he has given us. Attend church each week and know the "REAL JOY" of worshipping God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Booze Neat

Several manufacturers of whiskey have begun advertising campaigns recently which advise readers not to pollute their good stuff with water. Drink it straight, like the big boys in the films, is the macho nonsense of these ad campaigns.

For those who want to ruin their stomachs, this is fine advice. Film producers—obviously being rewarded—have long featured characters who gulp booze straight. When in a period of stress, depression, happiness, injury, heartbreak or anything else, the solution is straight stuff, chunked down he-man style.

It doesn't take much intelligence to realize what straight booze can do to one's insides. For those stupid enough, or gullible enough (including the young), to guzzle booze straight in a he-man exhibition, there are plenty of hospitals and ulcer centers—and plenty of cemeteries.

Home Gardens

The rising cost of food, the prospect that prices will go higher, makes it prudent that more Americans consider the potential of the good earth.

For very little effort, one can have as many potatoes, onions, tomatoes, beans, etc., as a family can consume in a year.

To maintain a good-sized garden, the mechanical tiller, selling for a few hundred dollars, is the answer.

Smaller garden plots, even terraces, if properly cultivated, can produce a surprising volume of produce.

Gardening exercise is healthful, and fresh vegetables from a garden provide better eating, and save money. Canning or freezing can be a family affair.

The satisfaction of knowing one has grown one's own fruits and vegetables, and some to give away, is not the least of the gardener's blessings.

NOTES COMMENT

Theories are good if they work. ***

The know-how is less important than the do-it-now. ***

We are in favor of a vacation each season of the year. ***

Carelessness is a great killer in the home and on the highway. ***

So far, science has developed no process to make pupils like to study. ***

Note to graduates: Life is too short for a complete education. ***

There is no record of church attendance having proved fatal to anyone. ***

The deliberate misuse of freedoms is as dangerous as the suppression. ***

The call of duty, it seems, usually leads a man to the highest salary offered. ***

Everyone has a plan and all of them begin with getting someone else to do the work. ***

One fault with the human race is the number of people who know how to read but have not learned how to think. ***

The life of politician consists of passing the buck and placing the blame.

BACK HOME
By Homer Box

Bugwaller—Widow Diddley's old-maid aunt is visiting. Lavinia McGirdle inquired about her youth. "I hate to think of my youth," she said. "What happened?" Lavinia asked. "Nothing," she said.

After she visited the dentist, Dr. Grindler told widow Diddley she had so many cavities she talked with an echo.

Lavinia had a hen party for her. Bozo Og Jr. asked his father what a hen party was. "That's where everything is torn apart except the chickens," he answered.

Lavinia asked why she never married. "I had three loves. The first boy I fell for—his father hated me. I fell in love again. His father also hated me."

"What about the third?" Lavinia asked. "That family loved me. The boy hated me," she said.

Ida Gottdough told her not to regret it. Her husband made it quick and left her a pile but died. "How did he die?" Lavinia asked.

"He got a suspended sentence," Ida said. "Well, that's not so bad," Lavinia suggested. "Yes it was. They hung him."

It was an enlightening party.
