THURSDAY, JANUARY 25, 1990

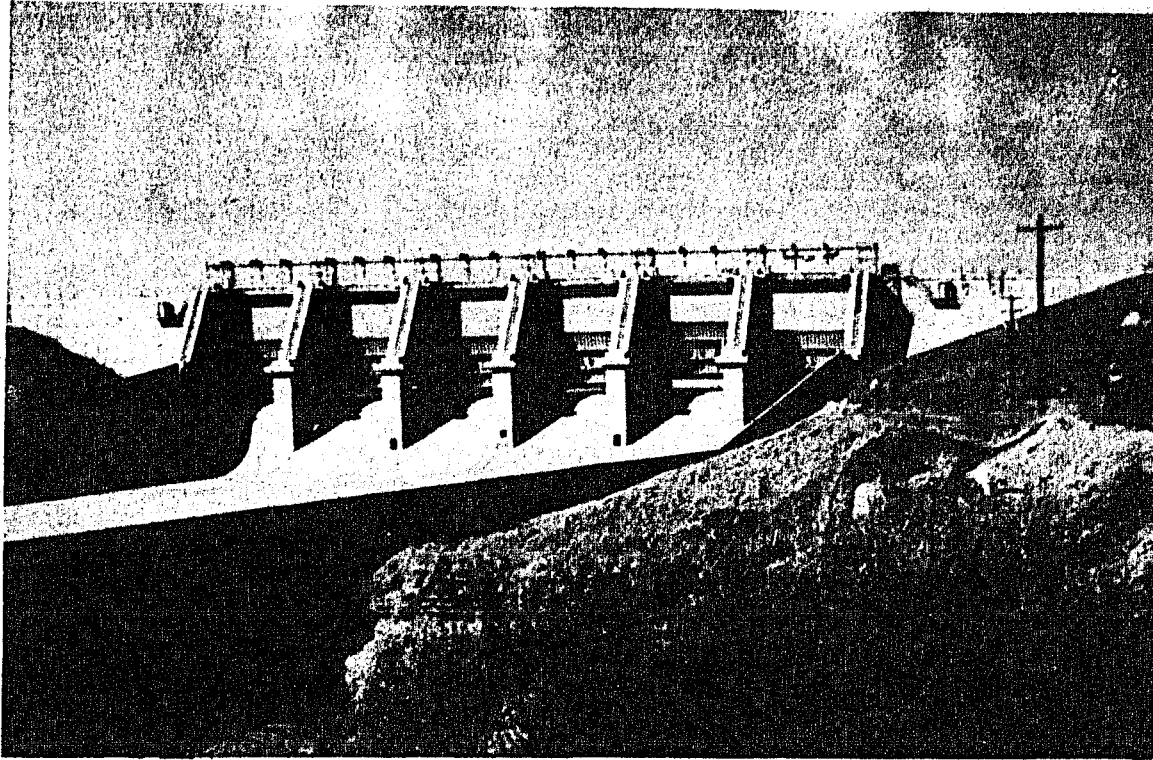

Rain!!

Coleman County was blessed with much needed and much appreciated rainfall last week when the slow showers from the heavens lasted over a couple of days. Santa Anna received about an inch and a half, while reports from other locals in the county ranged as much as two and one half inches, possibly even more in spots.

Stock tanks are looking good and some grain will be saved by the moisture.

A little light drizzle fell Tuesday leaving us hope there is more to come.

Shown here is the service spillway of the S.W. Freese Dam which will be impounding water for the recently named O.H. Ivie

Reservoir by mid-March. The lake-to-be was formerly known as the Stacy Reservoir.

(Photo by Steve Tulcas)

O.H. Ivie Reservoir Named For Man Who Worked So Hard To Make It Possible

Since its conception, the lake to be impounded on the Colorado River at the Stacy Dam site has been known as the Stacy Reservoir. However, it began the new year as O.H. Ivie Reservoir. At a recent meeting in Big Spring, the district directors of the Colorado River Municipal Water District announced the lake has been named the O.H. Ivie Reservoir in honor of the man who worked so hard to make the project happen. Ivie is General Manager of the Colorado River Municipal Water District and it has been noted that "no person has so poured out his life in dogged pursuit of the goal...that this reservoir comes to reality as a source of renewable water supply for Central-Western Texas."

The project, built and owned by the CRMWD, is due for completion in March 1990 and will begin to impound the first of its 554,000 acre feet of capacity. However if there is an opportunity to collect significant runoff, the valves could be opened sooner, according to Ivie, speaking at a "media day" last week at the site.

At the slow rate the Colorado River is now flowing, it would take a month or two to catch enough water to fill the river channel, he said.

At the same time, directors named the 10,000 foot earthen and concrete plugging the Colorado River the S.W. Freese Dam, memorializing the Fort Worth consulting engineer who helped

shape the formation of the water district 43 years ago.

A resolution establishing the official reservoir name stressed that Ivie persisted with "unflinching dedication and uncompromising devotion toward realization of the reservoir, often in the face of

Annual Chamber Of Commerce Meeting Thursday Membership Drive Has Begun

With hopes of making this new decade the best of the century for Santa Anna, the Chamber of Commerce has begun their annual membership drive and asks each of us to dig deep in support of their efforts to make Santa Anna a better place in which to live and make a living.

Stating that "With energy, perseverance and commitment, we can strive together to make this final decade of the twentieth century the best of that century for Santa Anna," the Chamber begins its membership drive with optimism for the future of our community. However, they need each citizen of Santa Anna to volunteer time, en-

ergy and ideas toward making this happen.

Individuals may become a member of the Chamber of Commerce for an annual fee of \$12 and business fees are \$60 annually.

The Santa Anna C of C will be holding its annual meeting Thursday, January 25th at 6:30 p.m. in the Lions Club building. All members are urged to be present. Other interested persons are also welcome and encouraged to attend.

Activities and projects of the past years will be discussed and plans will begin for 1990. There will be a discussion of several important items which possibly may have a very beneficial effect on our community.

Suggestions are welcome.

The Chamber of Commerce annually sponsors a banquet at which the citizen of the year is honored. This year's banquet will be held March 17 with cowboy cartoonist, Ace Reid, as speaker. Funtier Day, annually held in May is another project of the Chamber as is the annual Christmas season opening festivities. Throughout the year, the group conducts a 'shop at home' campaign.

New officers of the Chamber of Commerce are: President, Monte Guthrie III; Vice President, Charlotte Moseley, and Sec-Treas, Charles Wetsel.

Members of the board of directors for 1990 are Delma Blair, Charlotte Moseley, Jasper McClellan, Mike Simmons, Charles Wetsel, Montie Guthrie, III.

Tax Rebate Reflects Increase In Sales For Nov.

State Comptroller Bob Bullock said last week that strong retail sales in November resulted in a 10 percent increase over last January's sales tax rebate to cities and counties.

According to the published report, the City of Santa Anna received a rebate of \$1,762,72, an 18% increase over the same period last year when a rebate of \$1,487.89 was received.

Our neighbors in Coleman, however were down by 27% as compared to the same period last year. Coleman County as a whole showed a 24% decrease.

The rebates received by cities and counties in January reflect taxes collected on November sales and reported in December. The state keeps its 6 percent share each month and sends cities and counties their portion of the sales tax.

There was a statewide increase of 10% over last January's sales tax rebates.

"Texans continue to be optimistic about the state's economy and this month's healthy payments are proof of that consumer confidence," Bullock said.

announcements produced for television, radio, newspapers, magazines and other media. You can help by making sure you are registered and by encouraging others to do the same.

SCOTTY ANDERSON

Anderson Receives Yet Another Honor

SAHS Mountaineer football player Scott Anderson has received yet another honor when he was named to the Abilene Reporter All-area Team.

Scott, a 6-1, 185 pound senior tackle and defensive end, was in on 139 tackles during the recent football season, intercepted on pass, recovered one fumble, blocked one field goal and one extra point attempt. A strong blocker, Scott was pulling tackle on the wishbone offense for the Mountaineers. He bench presses 330 pounds.

Scott had previously received all-district acclaim, named to The San Angelo Standard Times All-West Texas Team, and Texas Sports-writer's all-state team.

Scott plans to attend Texas A&M after graduation from high school.

Commodities Distribution Tuesday, 30th

U.S.D.A. Commodities will be distributed in Santa Anna Tuesday, January 30, from 9:30 a.m. to 12:30 p.m. at the Civic Center (Armory). Butter, peanut butter, honey.

Central Texas Opportunities, the sponsoring organization for the distributions, has no control over what items are available or the quantity of the items. Allocation of all commodities depends on the availability of food items from the U.S.D.A.

All eligible persons will receive

Junior High Basketball Tourney Begins Here Thursday

There will be lots of good basketball action in town this week as the annual Junior High basketball tournament unfolds here beginning with the first game to tip off at 4:00 p.m. Thursday at Perry Gym.

Games will be played Thursday evening and all day on Saturday with the schedule as follows:

THURSDAY
Eden and Cross Plains girls 4:00 p.m.
Eden and Cross Plains boys, 5:15.
Santa Anna & Panther Creek girls, 6:30.
Santa Anna & Panther Creek boys, 7:45.

S.A. Cemetery Association Will Meet Friday Night

The Santa Anna Cemetery Association will meet Friday evening at 6:30 p.m. in the meeting room at Coleman County Telephone Cooperative. All members and interested people are encouraged to be present.

An election of directors will be one matter of business taken care of at the important meeting. Plans will also be made for the new year. Directors whose terms expire this year are Dickie Horner and Eddie Hartman.

emergency food assistance without regard to race, sex, political beliefs, age, national origin, or handicap. Shut-ins are encouraged to designate an authorized representative to pick up for them. Commodities will be distributed on a first come/ first serve basis.

SATURDAY
Santa Anna and Cross Plains girls, 8:00 a.m.

Santa Anna and Cross Plains boys, 9:15.

Eden and Panther Creek girls, 10:30.

Eden and Panther Creek boys, 11:45.

1-2:00 p.m., lunch break.

Cross Plains and Panther Creek girls, 2:00.

Cross Plains and Panther Creek boys, 3:15.

Eden and Santa Anna girls, 4:30.

Eden and Santa Anna boys, 5:45.

The present board of directors include Luther McCrary, Robert Robinett, Quinton Daniel, Mrs. C.M. Moseley, Glen Scarborough, Dickie Horner and Eddie Hartman. Yvonne Halmon is secretary of the Association and Charlie Armstrong is caretaker of the cemetery.

The Association reports there are now 472 enrolled in perpetual care and 110 have paid annual care for the upkeep of their lots.

Due to high costs of machinery, maintenance and gasoline, and due to low interest rates, the annual care prices have been raised.

The Cemetery Association thanks each one for donations, memorial gifts and for your continued interest.

Fourteen Arrested Here Last Friday

According to Santa Anna Chief of Police Carlos Torres, two adults, both 17, one a Santa Anna resident,

and 12 local juveniles were arrested in Santa Anna last Friday. The arrests have already cleared up at least eight violations. According to Torres, the investigation is continuing and there will probably be more arrests and several more violations cleared up before the operation is over.

Cleared were three motor vehicle burglaries, two school burglaries,

two criminal mischief cases and one theft at a gas station and several vandalisms.

Seven of the juveniles were taken Monday to the Juvenile Detention Center in Abilene. Some of the stolen items have been recovered and more is expected to turn up as the investigation continues.

Chief Torres said the Coleman County Sheriff's Department assisted in the investigations and he also received assistance from the Coleman Police Department.

February 11 Deadline For Registering To Vote In Primaries

Registration Cards Available At Post Office

From now through February 11 you will be seeing all kinds of reminders to be sure and register to be able to vote in the March 13 Democratic and Republican primary elections.

Texas voters will be electing a U.S. Senator, Governor, and lieutenant governor this year and many county and city offices will be up for grabs. Here in Congressional District 17, we will be electing a Representative.

Locally the City election will include electing a Mayor to fulfill the one year left on the term to which Gale Brock was appointed when former Mayor Theima Brooker resigned, and filling three council seats. Two places will be up for election on the local school board. No candidates have filed for the city election or the school board election as yet. Several County offices are to be voted on including Commissioner of our Precinct 2 for

which there are 7 candidates. You will want to be a part of the election process.

The General Election will take place November 6.

Postmaster Gary Absher informs us that voter registration cards are available at the local post office and postal employees will offer any assistance in filling out the registration cards.

Secretary of State George Bayoud Jr. has announced a voter registration-education drive - Vote '90. "We hope this campaign will make Texans stand up, take notice and feel proud about their state," Bayoud, Texas' chief elections officer, said recently.

"Our aim is to remind everyone how important it is to participate in the Democratic process of voting," he added.

The Vote '90 campaign will include a series of public service

FUNERALS

J.W. McClellan

J.W. (Jap) McClellan, 91, passed away Friday, January 19, 1990 at Ranger Park Inn.

Services were Monday, January 22 at 2:00 p.m. at the First Presbyterian Church of Santa Anna with Rev. Richard H. Wood officiating. Burial was in Santa Anna Cemetery directed by Santa Anna Funeral Home.

He was born April 1, 1898 in Santa Anna to J. E. and Celeste Robinson McClellan.

He married Veve Oakes, June 10, 1926, in Santa Anna.

After graduation from Santa Anna High School in 1917, he became a stock farmer, contractor and broommaker. A lifelong resident of Santa Anna, he was a member of the Presbyterian Church, where he was ordained elder in 1932.

Survivors include his wife, Veva of Santa Anna; one son Jasper W. McClellan of Santa Anna; four daughters, Novelle M. Boylston of Aiken, South Carolina, Frances M. Pierce of Austin, Joan M. Brisbin of Landenberg, Penn., and Carol McClellan of Abilene; twelve grandchildren; and seven great-grandchildren. He is also survived by one brother, Oliver McClellan of San Antonio and one sister, Celeste Miller of Bryan.

Memorials may be made to the First Presbyterian church or to the charity of your choice.

Pallbearers were Lewis Miles Guthrie, M.L. Guthrie, Jr., Jim Spillman, David Karthaus, Willard Allen and Robert Oakes.

"A Tribute"
by Jan Boylston (granddaughter)

In 1898, a horse and buggy was the major mode of transportation, a woman's place was in the kitchen, the world anxiously anticipated the dawning of a new century, and on April 1 of that year, Jasper Williamson McClellan was born. Today, just a decade shy of the 21st Century, metallic birds wing us across the country in a matter of hours, a woman's place is anywhere she chooses, and the world anxiously anticipates an era of cooperation as the iron curtain unravels. And, on January 19, Jasper died.

For the most part, his passing will go unnoticed for he was a common man. Despite the rapidly changing world during his 91-year span, his was a life of constancy. His gnarled and leathery hands evidenced years of hard work. He loved nurturing the land and tending its bounty. With care, he painstakingly built houses for other families and a home for his own. He crafted brooms with all the care of a skilled artisan.

He was a quiet man...except for an occasional heated exchange with inanimate objects such as his tractor, pick-up, or any other mechanical gadget that exerted a will of its own. With an ever-present twinkle in his eye and a smile to share, his wit was keen; his wisdom unmistakable. And, he preached the Christian Gospel in perhaps the most difficult way: by living it every day.

Benito R. Salazar

Mass for Benito R. Salazar, age 78, of Brownwood was held at 2:00 p.m. Wednesday, January 17, at Sacred Heart Church in Coleman.

Rosary was held at 8:00 p.m. Tuesday at the church. Burial was in Greenleaf Cemetery, Brownwood, under direction of Baker Funeral Home of Coleman.

He died at 1:30 p.m. Monday, January 15, in a Brownwood nursing home. Born March 21, 1911 in Brady, he lived most of his life in Brownwood. He married Aurelia Camacho Jan. 1, 1949 in Ballinger.

Survivors include his wife; two daughters, Alicia Rodriguez and Josie (Mrs. John) Rendon of Bangs; six sons, Benito Salazar Jr. and Henry Salazar both of Demmitt, Ramon Salazar, Joe Angel Salazar, and Porfirio Salazar, all of Santa Anna, and Ray Cruz of Bangs; five brothers, Kelly Salazar, Santos Salazar, Lorenzo Salazar, Cecil Salazar Sr. and Paul Salazar Sr. all of Brownwood; one sister, Juagina Martinez of Brownwood; 33 grandchildren and two great-grandchildren.

By the world's standards, he was a man of meager means. But a look deep into those blue eyes...eyes bluer than the West Texas sky on a sunny day...revealed a man of uncommon wealth. Reflected there was contentment with self, serenity with life and an unwavering belief in God's graciousness and plan. These were the treasures of his life, and without doubt, these are more precious than all the gold in King Solomon's mines.

Jasper McClellan was many things to many people: devoted husband, loving son, father, brother, and uncle; doting grandfather and great-grandfather; loyal friend, concerned citizen, faithful church member and elder, gracious host, and good neighbor. Whatever the relationship, he left a few of his gems with whomever he met. And that is why his passing will not go unnoticed by those whose life he touched. We mourn our loss; we rejoice in having known him.

Friendship Luncheon

(Contributed)
There were several visitors at the Friendship Luncheon last Thursday, making the attendance thirty-one, although it was a rainy day.

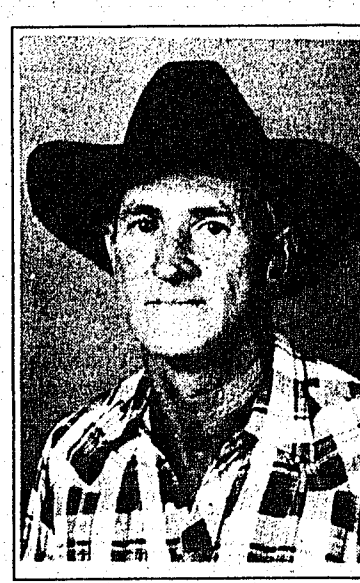

"Happy Anniversary was sung to Frank and Eula McCary who will soon be celebrating their 60th. Rev. Don Elrod gave the table blessing, then everyone enjoyed a pot luck dinner.

Era Walters of Abilene, a former resident of Santa Anna, was with us.

Only three percent of the earth's water is fresh.

Dear Coleman County Voter:

My name is Billy Don McCrary and I am a candidate in the Democratic Primary for County Commissioner, Precinct #2.

It has been a privilege for me to know many of you personally, but for those of you I have not met in person, I will give a brief history.

I was born and raised in the Santa Anna area and have been a lifelong resident of this area. I am self-employed in custom farming and livestock hauling. Previous to this I spent several years working with heavy equipment and in oilfield construction.

If elected, I promise to conduct the job with honesty and integrity and will do my best to account for every taxpayer's dollar and assure that the county receives the most goods and services for its tax dollar.

I would sincerely appreciate your vote and support in the Democratic Primary with a vote (X) for Billy Don McCrary on March 13, 1990.

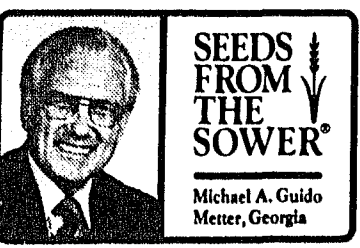

Every effort will be made by me to visit with each of you personally before election time, but if you have any questions or if at any time I can be of service, please feel free to call me at 348-3327.

Thank you for your support,
Billy Don McCrary

Thoughts From Our Pastors

EDITOR'S NOTE: We hope you enjoy the following messages in the absence of "Thoughts" from one of our local pastors.

Michael A. Guido
Metter, Georgia

A dealer said, "I like your new preacher."

"How can you say that?" came the reply; "you've never heard him preach."

"I haven't," he admitted; "but he must be good, your people are beginning to pay their bills."

When people get right with God, they'll get right with man. You can't be right with God if you're wrong with man.

You're not honest with God if you're dishonest with man.

You're not true to God if you're false to man.

You don't love God if you hate a man or a woman.

A man who's right with God is a walking Bible, a breathing prayer, a living saint.

Are you right with God?

This morning a young man exclaimed, "Become a Christian now? I'm young. Why should I?"

"Because," I said, "Christ, the Founder of Christianity, was a young Man."

It was to young men that He said, "Follow Me." And it was with them that He triumphed. They revolutionized life, put a new heart in man, a new face on society, and founded the Kingdom of God.

They weren't high born but heaven born. They didn't have possessions, but they had the priceless resources of youth.

"Don't let the excitement of being young cause you to forget about your Creator," says the Living Bible. "Honor Him in your youth."

A man had been arrested for stealing a dog. There was no concrete evidence against him, and the judge dismissed the case. But the man didn't seem to understand.

"It's all over," said the judge, "you can go."

"Thanks," said the man; "but do I have to give back the dog I stole?"

You can fool man, but you can't fool God. He knows you. Every moment, He knows where you are, what you're thinking, what you're saying, and what you're doing.

There's nowhere you can go to get away from God; nowhere to cover your sins. And some day you'll have to answer to God.

But forsake your sins and seek God on earth, and He'll forgive your sins and you'll see Him in heaven.

Around & About

It was a pleasant surprise to have Louise Moore of Washington, Iowa, drop in the News office on Monday for a short visit. Formerly a long time resident of Santa Anna, she and a niece have been in town for a few days visiting with friends and kin, and were leaving that day for their return home.

Bobby and Shelly Pritchard and little daughter Kelsey, left last week to return to South Bend, Nebraska where he is stationed with the U.S. Air Force. They had been here for a visit with their parents, Mr. and Mrs. Robert Pritchard and Mr. and Mrs. Edwin Hipsher, and other relatives and friends.

We are happy to report that Paulie and Kendra Vasquez and son Tye were recent visitors in Santa Anna with their parents, Mr. and Mrs. Ken Brixey and Mr. and Mrs. Junior Vasquez. Tye is improving daily and according to his grandfather, Ken Brixey, looks and acts the picture of health. The little tyke is still undergoing treatment for a vascular problem, but everything is looking good at this time.

Doug Warnock of San Angelo spent a few days recently with his parents, Mr. and Mrs. Derriel Warnock, while beginning his recovery from a separated shoulder. A friend, Amy Keith, came for a day's visit and to drive him back to San Angelo in time to register and begin the second semester of classes at ASU.

Tex and Patsy Wright and daughter Alys Pelton were in San Marcos over the weekend for a visit with another daughter and family, Danna and Bill Smith and girls. The Smiths have recently moved to San Marcos from Hale Center. Bill was transferred there for employment in the headquarter division of McCoy's, Inc.

Seems the flu has been keeping many people inside the past few weeks and as a result, we have not had much to report in *Around & About*. We are hopeful you don't forget how much everyone loves to read about who is going where and doing what around town. Call us at the News office, 348-3545, on Monday in order to get your news item in.

Nutrition Program Menu

The Nutrition Program of Santa Anna serves lunch every Monday, Wednesday and Friday at 11:30 in the Civic Center (Armory). Everyone over 60 years of age is invited. Meals are paid for by voluntary donations. Cost of serving each meal is approximately \$1.25.

Marriage Certificate

(Editor's note: The following very timely article entitled "Marriage Certificate" was submitted by Karen Cannon. In light of the growing drug problem in our country, we feel it is something well worth reading by all our readers and especially by the younger population):

So now little man, you've grown tired of grass, LSD, cocaine and has and someone pretending to be a true friend said, "I'll introduce you to Miss Heroin."

Well, honey, before you start dealing with me, just let me inform you of how it will be. For I will seduce you and make you my slave. We sent men much stronger than you to their graves. You think you could never become a disgrace, and become addicted to poppy seed waste.

You'll start inhaling me one afternoon and you will take me into your arms very soon. And after I have entered your veins, the craving will nearly drive you insane. You'll need lots of money as you have been told, for darling, I'm much more expensive than gold.

You'll swindle your mother, and just for a buck, you'll turn into something rude and corrupt. You'll mug and steal for my narcotic charm, and feel my contentment when I'm in your arms. The day you realize the monster you've grown, you'll solemnly promise to leave me alone.

If you think you've got the mystical knock then sweetie, just try getting me off you back. The vomit, the cramps, you get tied in a knot, the jangling nerves screaming for one more shot - the chills and cold sweats, the withdrawal pains, can only be saved by my little white grains.

There's no other way and there's no need to look, for deep down inside you'll know you are hooked. You will desperately run to the pusher and then you will welcome me back into your arms again. And when you return, just as I foretold, I know that you'll give me your body and soul. You'll give up your morals, your conscience, your heart. And you will be mine till "death do us part."

A Tribute: Santanna's Greatest Warrior

(EDITOR'S NOTE: The late Ben J. Garrett was one of those very special people who overcame unimaginable odds to carry on his life and become an example that would be too difficult for most to follow.)

Born and raised in Santa Anna, he contracted not one, but three of the worst types of polio during the summer of 1953, while working with his father on a summer job in Corpus Christi. He was 16 at the time. He won over great odds by even continuing to live. In the ensuing years, following long hospitalization and returning to his home in Santa Anna where he was lovingly cared for and encouraged by his parents, Bob and Pauline Garrett, and his sisters His strong will persuaded him that he could make a life for himself even though almost completely paralyzed.

He eventually married Civillia Slate, also a native of Santa Anna. After their marriage, he encouraged her to go into nursing, which she felt called to do. She joined the Army and later completed her nurses training at Shannon School of Nursing in San Angelo. She is now a nurse at Brownwood Regional Hospital.

Ben Jack obtained a computer and trained himself in tax work, consulting and accounting, and even served as Justice of Peace in Santa Anna for nine years before the couple and their young son, Justin, moved to Brownwood. He also served, at the request of the Governor, on a statewide board, The Consumer's Advisory Committee, that advanced the cause of the handicapped in Texas. He was an active ham radio operator. He was an avid spots fan and his van, in which he was able to travel in his wheel chair, was often seen at the home games of the Santa Anna Mountaineer football team, even after his move to Brownwood. He was a Deacon of the Austin Ave Church of Christ in Brownwood where he also served in other capacities.

He died April 18, 1989 at the age of 52. The following is written in tribute to Ben J. Garrett by his very close boyhood friend, David Wells. According to Wells, the two often roamed the Santa Anna Mountains as youngsters and wondered at the history there, including the carving of the face of the indian chief Santana, which was a great fascination for them. It is believed that Santa Anna was named for that great chief of peace. They men remained close to the end, and in fact, Wells helped officiate at his beloved friend's funeral services. Also a native of Santa Anna, Wells, the son of Mrs. Sloan Wells and the late Mr. Wells, is pastor of The Redeeming Love Church of Abilene. The copyrighted poem is published at the request of Rev. Wells.

A TRIBUTE: SANTANNA'S GREATEST WARRIOR

In the valley by the mountain.
Neath the central Texas sun
Lived a warrior of Distinction
With the courage of all warriors
before the West was won.

Though his hands were as tied
behind him
And his legs were as bound
with chains
From the bondage of his
captivity
He helped others their freedom
gain.

In the shadow of these ledges
Neath the picture of the Chief
Santanna's greatest warrior grew,
A prince of wisdom and
strength.

In a battle by the ocean
In the summer of Fifty-three
Death came with all its might
And struck him lifelessly.

First word to the village was,
"The mighty warrior's gone!"
Then hope arose in later words,
"Still, he's fighting on!"

Soon home again with family
From the battle by the sea
He won in all future battles
With heroic dignity

Thirty-six more years he reigned
A victor over warring death,
A champion (husband, son,
brother, friend).....A mighty man
Warrior, extra-ordinary!

Santanna's Greatest Warrior,
Ben J. Garrett
Turned a wheelchair into a chariot
of conquest:
Never down! Never Out! Up
and swinging!

Using the mobility and agility
of others
To accomplish what death's
sword severed at age sixteen.

In the valley by the mountain
On the side beside the sea
Lived the Warrior of distinction,
The ruling Chief of Peace

Like and eagle still his spirit
High above the mountain flies
From the place where faithful
warriors go
In the land beyond the skies.

Yet! In the valley by the
mountain

On the side beside the sea
Still we see the warrior walk,
A young brave of
distinction.....his son...
A living legacy!

COPYRIGHT: David S. Wells III, 1989).

Salute To Ranger Park Inn

From time to time the Santa Anna Chamber of Commerce salutes one of its member businesses. After researching the particular enterprise for its vital statistics, and finding it deserving of recognition, the Chamber of Commerce salutes the particular business and highly recommends that area residents patronize that entity when its goods or services are needed.

During this period the chamber salute goes to RANGER PARK INN NURSING HOME.

This facility, with 55-60 employees is the largest employer in Santa Anna, and is the only skilled and VA approved nursing home in Coleman County. Annual payroll is approximately one half million dollars and purchases in local economy run about \$180,000 annually.

Ranger Park Inn is a 70 bed unit that offers skilled care for heavy care residents and keeps an R.N. on duty 8 hours each day and one on call 24 hours a day, and LVNs are on duty 24 hours per day. Several aides to bathe, ambulate, feed, etc, residents are also on duty around the clock.

Food service at Ranger Park Inn is worthy of a salute in its own right. Meals are cooked to dietary requirements set by each resident's physician, in addition to regular diets, salt-free diets, calculated diets and when practical, diets in keeping with resident's individual preferences. Approximately 73,000 meals were prepared and served in the last 12 months.

Housekeeping and linen service is a full-time on going requirement. Both services are handled in house and not contracted out. Each room is cleaned daily as well as all common areas. The dining room is cleaned after each meal. Approximately 500 pounds of laundry is handled daily.

Activity programs at the Inn are very good. A kiln is provided so residents can fire their own ceramics. A wide variety of molds is available and Wednesday's ceramics activities is a focal point each

week. Many area volunteers donate time and services so that several programs are available daily. Residents enjoy exercises, bingo, dominoes, 42, devotional and church services, musical groups, and of course, the highlight of the month which is the birthday party for all who have birthdays that month. Every Friday, the smell of fresh popped popcorn permeates the home as staff, residents, and guests enjoy the popcorn together. Guests have been known to join in the feast whole heartedly even if they have just finished a meal.

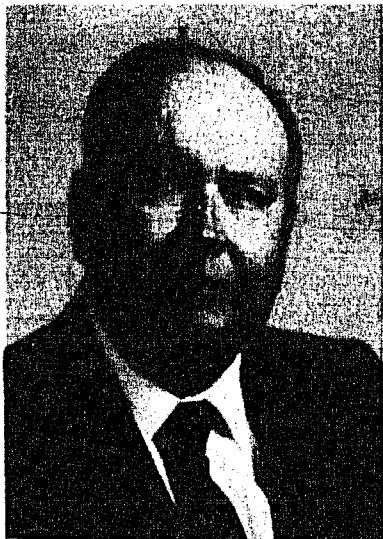

Seasonal activities are provided to celebrate Easter, Halloween, Thanksgiving, Christmas and others. Many residents look forward to these special times, but all the residents enjoy the individual visitors that take time for a personal visit.

Ranger Park Inn also features a LIVING CENTER in conjunction with the INN. Private rooms are provided from the hall off the front lobby. Tenants there can secure their own rooms, come and go at will and can have 3 meals a day, housekeeping once a week, as well as having personal laundry done for them. This has proved beneficial

for some couples when one partner needed the full service nursing care and the spouse did not, but desired to live close by.

Janice Reece, INN Administrator, has expressed her sincere appreciation for all volunteers, and welcomes visitors at any time and invites your comments.

SALUTE! To Janice and the entire staff at RANGER PARK INN NURSING HOME. We are proud that you are a part of the Santa Anna Community and a member in good standing of the Chamber of Commerce, and recommend your services to anyone who might need them.

TED LAWSON

Husband Of Santa Anna Native Seeks State Office

Ted Lawson is running for the office of Railroad Commissioner for the State Of Texas on the Republican Party ticket. He is the husband of the former Anne Blanton of Santa Anna, Anne, a 1954 graduate of SAHS, will be remembered here as the daughter of the late M.F. and Nora Blanton who lived in the Cleveland Community for over 40 years.

Lawson, an oilfield contractor in Odessa with experience in the oilfield and trucking industry, says he is "the only candidate in the race with working experience in petroleum and trucking, two of the primary areas regulated by the Railroad Commission." He feels his experience in the two related fields make him eminently qualified for the position he hopes to hold. The couple makes their home in Odessa.

The first known sewing needles were made of bone and they are over 30 thousand years old.

WCTCOG Looking For Volunteers

The West Central Texas Council Of Governments Ombudsman Force is currently seeking volunteers to serve in Coleman County. The ombudsman Task Force is a group of volunteers who give eight hours a month to visit residents in local nursing homes. Ombudsmen are trained advocates for nursing home residents and their families. They are trained and certified by the Texas Department on Aging in conjunction with the Texas Department of Health. In their roles as advocates, the Ombudsman attends inspections, open hearings, and may help in reporting and/or resolving complaints.

The next Ombudsman Certification Training will be February 6-7, 1990. If you would like more information on the Ombudsman program or would like to serve as a Nursing Home ombudsman call Jimmy Wallis, staff ombudsman for the WCTCOG at 915-672-8544.

Please vote for ROD MUSICK for Justice of the Peace, Coleman Co.

- The only candidate who has been a judge.
- Has been to judges training school.
- Has held inquests as a judge.

Your Vote Will Be Appreciated

Local Students Make HPU Honors List

Howard Payne University announced students named to the university's honor roll. Students must maintain a 3.50 to 3.64 to be named to the honor roll and become ineligible for consideration after their first full-time semester of course work.

Suzan (Mrs. Ronnie) Daniel of Santa Anna is included on the honor roll.

Included on the Dean's list is Gary Day of Santa Anna. In order to be included on the Dean's list students must maintain a grade point average of 3.65 to 3.99.

Janet Bryan, daughter of Mr. and Mrs. James Bryan, Mike Coffey and Kellye Luera, daughter of Rev. and Mrs. Don Elrod, were named to the President's list which requires a grade point average of 4.00.

MADD Meeting

The Coleman County Chapter of Mothers Against Drunk Drivers (MADD) met Tuesday January 9th at 7 p.m. in the Clubroom of the First Coleman National Bank.

Trooper James O'Shields of the Texas Department of Public Safety brought the program. He spoke of the wrecks he has worked during his career with the D.P.S. that were caused by drinking drivers. He said "the hardest part of my job is telling a family that a loved one has been killed - what can you say?". He also talked of the monetary waste of these wrecks - not only to the persons involved, but to everyone due to the higher insurance rates passed on to us all. He also pointed out that one in every ten drivers has been drinking and that 100% of all fatalities in Coleman County in 1989 were caused by drinking drivers, and 50% in the State of Texas.

Trooper O'Shields had prepared a double bulletin board filled with colored snapshots of wrecks involving drinking drivers. It is impossible to imagine the horrible scenes in these pictures, even after seeing them. Video tapes were also shown. One, an interview with the mother of a three year old who was killed by a drinking driver, was heartbreaking. These videos are available to any organization by contacting Trooper O'Shields.

MADD meetings are always open to the public and membership is available to everyone. It isn't restricted to mothers or to women. Several chapters have men presidents. MADD does not ask anyone not to drink. They do ask that you please NOT DRINK AND DRIVE.

To my friends of Coleman County:

As a candidate for re-election to the office of County Judge, I seek your continued support. I am presently serving you in this capacity and have served full-time as I feel being County Judge of Coleman County is a full-time job.

I was born and raised in Coleman County and have lived here all my life. I think it is a great place to live. I am the son of Rev. and Mrs. Jack Skelton, a long-time Baptist minister. I am married to the former Wanda Williams of Millerview, and we have four children: Curtis of Big Lake, Vickie White of Gouldbusk, Ray Ann Gibson of Eden, and Paul of Coleman, and nine wonderful grandchildren. Wanda and I are members of Gouldbusk Baptist Church and attend regularly. I serve as a deacon and assistant Sunday School teacher of adult men. I served my country in World War II with 15 months service overseas in the South Pacific. I served on the board of directors of Coleman Co. Water Supply Corp. from its beginning until last year when I retired from the board. I'm a past president of Coleman Rotary Club and I'm on the hospital board. I'm a graduate of Mozelle High School and I have attended 4 special schools for County Judges and one special school for Probate Judges.

Having been your County Judge, I am aware of the duties and responsibilities of the office and of the problems facing Coleman County. We must continue to provide efficient and courteous service to the people of Coleman County. We must do this while at the same time holding our County taxes and expenditures at as low a level as possible.

I have worked diligently on projects that I feel will better Coleman County. As Judge, I have worked with the Commissioner's Court to do what is within our power to cooperate with and promote the building of Stacy Lake and obtaining Highways in Coleman County and a bridge across the River to serve this Lake and in so doing, promote and develop Coleman County.

If you, the voters, will allow me to, I will continue to serve full-time to the best of my ability, the people of Coleman County. I am very grateful for your past support and would sincerely ask for your continued support in the up-coming election on March 13th.

Sincerely
Your friend
Pete Skelton

HOLD THOSE RABBITS—Aaron Guthrie, Justin Oakes and Josh Throgmorton hold Justin's pen of three rabbits during judging at the recent Santa Anna Youth Fair. Justin's rabbits were named grand champions for the

show. Toby Absher, center, exhibited the reserve champion pen of rabbits at the local show. Helping hold his rabbits are Jody Patterson and Shawn Kerr. Toby placed second in the County show.

Robby Pritchard Completes Recruit Training

Navy Seaman Recruit Robby Pritchard, son of Robert and Margaret Pritchard of Santa Anna, has completed recruit training at Recruit Training Command, Great Lakes, Ill.

During Pritchard's eight week long training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields. His studies included seamanship, closed order drill, Naval history and first aid. Personal who complete this course of instruction are eligible for three hours of college credit in Physical Education and Hygiene.

A 1988 graduate of Santa Anna High School, Robby joined the Navy in September of 1989.

Scholarship Deadline

High school students who are interested in applying for \$1,000 college scholarships should request applications by March 6, 1990 from Educational Communications Scholarship Foundation, 721 N McKinley Road, Lake Forest, Illinois 60045. To receive an application, students should send a note stating their name, address, city, state and zip code, approximate grade point average an-year of graduation. Sixty-five winners will be selected on the basis of academic performance, involvement in extracurricular activities and need for financial aid.

SAHS Boys Start District Race With Win; Girls Lose

The Santa Anna Mountaineers checked into the 29-A district race by routing the Brookesmith Mustangs 87-19 in the district opener here last Friday in Perry Gym.

Herbert Jackson's 16 points led the way for the Mountaineers with Dan Benton close behind with 15 points.

Santa Anna got off to a 12 point lead in the first period of play and never let up. Brookesmith was able to hit the basket for 10 points in the first quarter and 9 in the second to come up with 13 points for the halftime score. Santa Anna tacked on 19 points in the second period to show a halftime score of 41. Brookesmith shot another 5 points

in the fourth, while the Mountaineers hit the boards for another 21 points. In the last period of play, Brookesmith was only able to come up with one free shot while Santa Anna added another 25 points to win the game at 87-19.

The Lady Mountaineers lost a close one to the girls from Brookesmith as they fell 49-42. Brookesmith came out with both barrels loaded in the first quarter and chalked up 17 points while Santa Anna could find the basket for only 5 points. However, Santa Anna behind the scoring of Shannon Brown and Eva Frausto who had 13 points each for the game, the Ladies

came up with 14 points in the second period to 6 for Brookesmith, making the halftime score 23-19 in favor of Brookesmith. A close third quarter pulled Santa Anna even as the period ended with the two teams tied at 35 each. Brookesmith came out fired up in the fourth period to double Santa Anna's shooting efforts, 14-7 ending the game at 49 for Brookesmith, 42 for the Lady Mountaineers.

The next game for both girls and boys, was played Tuesday night here in Santa Anna against Novice. They will meet Panther Creek here Friday with games starting at 6:30.

For Installation In Next Couple Of Years Regional Implementation Of 9-1-1 Service Underway; Fee Collection Has Begun

With the beginning of fee collection in January, implementation of a 9-1-1 system has begun in the West Central Texas Council of Governments' region, according to Sue Smith, WCTCOG 9-1-1 Director.

"Residents in the 12 regional counties will see the first 50¢ per month per customer line fee appear on their January telephone bills," said Smith, "with the remaining five counties phased in during February, March and April.

Coleman and Brown Counties are among those to start collecting the fee in January.

System activation will occur approximately 24 months after the beginning of fee collection with the assistance from state surcharge funds, a pool of funds collected for this purpose from the surcharge on customer bills in the state's largest counties since last July. "Policy across the state has been to collect fees for a planned period of time, while the 9-1-1 system is being installed, so that when the system goes on the line, all initial costs are

paid," stated Smith. "With the help of approximately \$450,000 in surcharge monies," Smith continued, "our regional system can start operations in the black." To cover ongoing costs, the 50¢ fee will continue after the system begins operation.

During the implementation phase, many telephone switching offices will be modified, equipment purchased and field-tested for each answering point, calltakers trained, and in many places, rural addresses developed for individual citizens.

Smith stated, "9-1-1 can help save lives and property and we are excited about the prospect of this service being available in all rural areas of our region."

The service is designed to enable police, fire and medical organizations to respond quickly to emergencies. It will be established in most Texas communities within the next 18 months to two years.

Telephone customers are being cautioned that until the 9-1-1 service is established in their areas to continue dialing the fire department, police and ambulance service the same way they have been.

Many cities and communities already have the emergency phone serve. House Bill 911, which was adopted by the Texas Legislature two years ago, authorized the establishment of the service.

For industrial workers, smoking can multiply the risks associated with other cancerous agents. For example, exposure to both asbestos and cigarettes increases the risk of lung cancer by about 90 times.

ON YOUR FEET

Podiatrist DR. GENE NICHOLS

SPORTS AND HEALTHY FEET

If you enjoy sports, no matter what kind or what season of the year it may be, before you reach for the equipment make sure you have healthy feet.

Even minor foot problems, such as corns, calluses, or bunions, can be aggravated by sports activity. They'll do more than take some of the fun out of it. The increased stress and pain can make you slow down so you won't be playing at your best. And if you have a major foot problem, such as a structural defect, this can affect much more than your feet and legs. It can affect your whole body, throwing spine, hips, and pelvis out of balance.

In any sport, your body has to be able to take heavy stress and strain. That's why attention should be paid to your feet. Your body can't move without them. And it won't move as well as it could if you have foot problems that need treatment.

If you're feeling any kind of discomfort in your feet, let your podiatrist examine them so the problem won't get worse.

Africanized Honey Bees May Arrive In Texas By February

COLLEGE STATION—Researchers tracking the progress in Mexico of the aggressive Africanized honey bees, popularly known as "killer bees" now expect them to arrive in the Brownsville area between February and May of 1990.

At the latest, they report, the bees should arrive in the Rio Grande Valley by August or September.

The Texas Africanized Honey Bee Advisory Committee, chaired by Dr. Fowden Maxwell, head of Texas A&M's Department of Entomology, based its updated projections on recent monitoring of the bees' movement in Mexico.

Dr. John Thomas, a committee member and Texas Agricultural Extension Service entomologist who specializes in honey bee management and pollination, said the leading swarm of Africanized bees has been observed six miles east of Soto la Marina, in the Mexican state of Tamaulipas.

"That's 160 miles from Brownsville," Thomas said. The bees have traveled 260 miles since May, when a leading swarm was found about 80 miles north of Veracruz near Nautla. The rapid movement of the bees up the coast has led researchers to revise their estimates made last May, which had put the first swarm arriving in Texas between March 1990 and March 1991.

Thomas said the latest swarm was found in an Agricultural Research Service trapline spanning an area from Ciudad Victoria to La Pesca in November. The work there is supervised by Dr. Anita Collins, research leader at the U.S. Department of Agriculture's ARS Honey Bee Research lab at Weslaco.

Thomas said first (or "founder") swarms of Africanized honey bees will be few in number and tend to become a part of the local honey bee population. After the bees arrive in the Brownsville area, they are expected to spread northward up the Gulf Coast toward Corpus Christi and then Houston.

The rate of natural spread is anticipated at about 200 to 250 miles per year, although it is uncertain how far north the bees will be able to live. Thomas pointed out that this kind of bee is a tropical insect, and there is speculation that the bee may not range much beyond the southern half of Texas.

Thomas said that the Africanized honey bees aren't really "killers", but there is no question that they are a significant pest.

"These bees are not going to hunt people down and kill them," he said. Only one person a year dies from bee stings in Texas, and Thomas said he would be greatly surprised if

that number increased appreciably with the arrival of the Africanized bees.

"But this is a honey bee with a personality problem," he said. "Mainly, Africanized bees are more defensive and will react more vigorously when disturbed or provoked. A person who stumbles into their path should get away as quickly as possible."

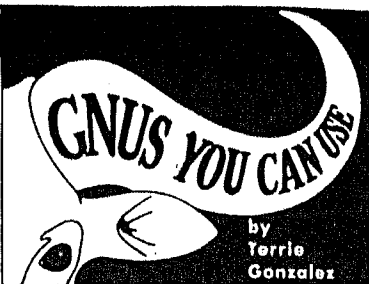

The Africanized bees have created many problems for the beekeeping industry as they have moved across South and Central America since 1957, when they reportedly escaped from a breeding program at Sao Paulo, Brazil.

Thomas said the Africanized bees do not produce as much surplus honey and cannot be managed as well as domesticated bees for pollination of crops. There is concern among beekeepers and farmers about their potential impact. Commercial beekeepers, he said, will have to manage their hives carefully to breed out the Africanized traits in their bees. This can be done by introducing domesticated queen bees into the hives at prescribed intervals, among other techniques.

Thomas said that the annual value of domestic honey bees as crop pollinators is estimated at \$800 million in Texas and \$20 billion in the U.S.

Other values of the Texas beekeeping industry, through the sales of honey, wax and other hive products, totals about \$9 million to \$11.5 million each year. Nationwide, annual gross income from honey and wax sales of beekeepers totals \$175 to \$200 million.

Thomas said a Texas Africanized honey bee management plan has been developed by the advisory group, but has not been funded. The plan will address the anticipated impact of the pest on rural and urban Texas and seek to establish strategies for public information, public health, research, regulatory aspects and beekeeper management practices.

Gangly Legs Create Unusual Acrobatics

Newborn colts struggle with their long, gangly legs as they learn to walk. And they only seem to get in the way when it's time to start nibbling blades of grass.

Faced with a short neck and much too long legs, the poor colt must master the 'pony splits' and spread its front feet as wide apart as it can to touch its nose to the ground. At least the pony grows into its long legs and can eventually graze without acrobatic maneuvers.

Giraffes go through the same ordeal every time they visit a watering hole for a drink.

"You'd think a giraffe's neck would be long enough to reach the ground," said Ray Sutton, wildlife manager of the International Wildlife Park. "However, they have to spread their front legs just like a baby horse every time they drink."

Giraffes realize they are in a vulnerable position for just a few moments, and they always survey their surroundings before taking liquid refreshment.

"If a lion happened upon a giraffe with its front legs far apart, it could attack before the giraffe could react and run away," he continued.

If you have a question about wildlife you would like to see answered in this space, write to GNUS YOU CAN USE, 601 Wildlife Parkway, Grand Prairie, Tex. 75050.

Here's a hint for cooks: there are three teaspoons in a tablespoon.

Cooking for HEALTH & FITNESS The Microwave Way

Silly or serious, the romance of Valentine's Day is centuries old and has international charm. A 15th century imprisoned Frenchman may have been the first to pen a rhymed love letter. Some English women in the 1700s hoped to dream about their future husbands atop pillows adorned with bay leaves.

For a festive dinner this year, Whirlpool suggests serving Be My Valentine Rice Pudding. This recipe, which updates a popular Danish dessert, features microwave convenience and heart-healthy ingredients. To adopt a Danish custom, add one whole almond—or just one raisin—and the finder will be your special Valentine.

BE MY VALENTINE RICE PUDDING (6 servings)

- 1/2 cup sugar
- 1/2 cup water
- 2 envelopes unflavored gelatin
- 1 cup water
- 1 cup enriched, uncooked "instant" rice
- 1/2 cup raisins (optional)
- 1 1/2 cups skim milk
- 1 teaspoon vanilla flavoring
- 1 cup nondairy whipped topping

Stir together sugar, 1/2 cup water and gelatin in 2-cup glass measuring cup. Microcook at HIGH (100%) 2 minutes or until mixture boils. Stir until dissolved.

In 2-quart microwave-safe bowl, stir together 1 cup water and rice. Cover (if using plastic wrap, make small vent by turning back one corner). Microcook at HIGH (100%) 5 minutes or until tender. Stir in raisins and gelatin mixture. Cover and let stand until cool.

Stir in milk and vanilla. Chill until slightly thickened. Fold in whipped topping. Spoon pudding into 1-1/2-quart mold. Chill until firm. Unmold onto serving plate and serve with Ruby Raspberry Sauce.

In 1-quart microwave-safe bowl, stir together water and cornstarch. Add remaining ingredients. Microcook at HIGH (100%) 2 minutes or until mixture begins to boil. Stir and microcook until thickened and clear (about 1 minute). Cool.

RUBY RASPBERRY SAUCE (6 servings, about 1/4 cup per serving)

- 1/4 cup cold water
- 1/2 teaspoon cornstarch
- 1/2 cup low sugar, red raspberry spread
- 1 tablespoon honey
- 1/4 teaspoon grated orange peel
- 1 1/2 cups fresh or dry pack frozen raspberries

Trickham News

By Anna York

The big news here is the rain that fell on Thursday night. Most everyone received at least two inches, and were so proud of every drop. Some of the grain may be dead as it was dry for so long, but with that much moisture the rest should perk up in a hurry and we should all be thankful.

The miscellaneous shower for the John Dockery family which was held Saturday afternoon at the community center was well attended with a large crowd present. They received so many nice and useful things. Special guests were Mrs. S. H. Johnson and Mrs. Dorothy Carnes of Coleman and Mrs. Barbara Dockery of Eden. The Dockery's have expressed their appreciation for everything people have done for them since they lost their home in a fire.

Tatia Leann Stearns was born January 19 at 10:45 a.m. at Gatesville Hospital to Clint and Missy Stearns of McGregor, weighing in at 8 pounds and 12 ounces and measured 19 and one half inches long. Grandparents are Mr. and Mrs. Sherman Stearns and Mr. and Mrs. John Underwood of McGregor. Great-grandparents are Mr. and Mrs. Frank Grammond of Temple and Mrs. Novella Stearns of the Trickham community. Novella spent Thursday night with the Sherman Stearns family at McGregor and visited the new parents and baby at the hospital on both Thursday and Friday before returning to her home.

Mr. Martin Stacy of Garland vis-

ited one day last week with her parents, Mr. and Mrs. Joe Stacy.

Mr. James McSwain and Phillip of Coleman were Thursday night supper guests with his grandmother, Mrs. Gertrude Martin.

Funeral services for Mrs. Lorene Pentecost were held at Davis Morris Funeral Home Chapel at 10:30 a.m. Friday with interment in the Trickham Cemetery. Born May, 15, 1901 in Ford County, she was a homemaker and a Methodist. She married John Pentecost at Bangs, December 23, 1926. He died in 1962. The couple lived near Trickham for several years and were well known here. Survivors are four nieces and a number of great-nieces and nephews. Our sympathy goes out to this family.

The "84" party was held Thursday night at the community center with 24 attending. Mr. and Mrs. Charlie Fleming were the host and hostess.

Rodney Guthrie and Michael of Brownwood spent the weekend with his parents and brother, Mr. and Mrs. John Dockery and Wesley. Mr. and Mrs. Leon Moore of Fort Worth were Saturday night supper guests of the Dockery's. On Sunday, the John Dockery family were dinner guests of Mrs. Annie Lou Vaughn.

Mr. Warren Barton visited in Coleman on Friday with Mr. Dorman Graves and Mr. Rachel Cupps. Mrs. Joyce Kirk visited on Saturday with Mrs. Warren Barton and the two ladies attended the shower at Trickham for the Dockery's.

NEW LAW REQUIRES WRITTEN AUTHORIZATION FOR SOME PAYROLL DEDUCTIONS

Dear Commissioner Nabers, I read in the newspaper about the new Payday Law which is going to be administered by TEC, and I have a question. The article said that employers cannot withhold any part of an employee's wages unless authorized to do so by a court, state or federal law, or the employee himself in writing. Employers were cautioned about this last part because, I take it, many employers withhold from paychecks for things like insurance, uniforms, or wage advancements without getting written permission from the employee. What could happen if an employer did not have this written authorization but withheld from an employee's paycheck, anyway?

L.G. Rowena, Tx.

Dear L.G., Technically, the employee could bring a wage complaint against the employer under the new Payday

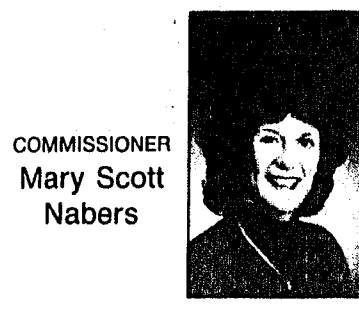

72nd Texas Legislature which convenes in Austin in January 1991.

The Silver Haired Legislature provided opportunities for the senior citizens of Texas to become actively involved in the issues which concern them. The first two sessions of the Silver Haired Legislature have been judged very successful, with state lawmakers responding positively to a majority of the group's proposals.

One does not need to be an experienced politician to serve in

the Silver Haired Legislature. A concerned citizen with the willingness to learn about the legislative process and the desire to use that process for the betterment of others will find this to be a challenging and rewarding experience.

For additional information contact the Area Agency on Aging, 1025 E.N. 10th Street, P.O. Box 3195, Abilene, Texas 79604 or call 915-672-8544.

COMMISSIONER Mary Scott Nabers

TEXAS BUSINESS TODAY

Law...and win. This would mean that the employer would have to pay the full amount of wages and try to recoup the amount the employee owes him through some other kind of legal action. Employers who make a habit of advancing wages or making loans to employees stand to get burned if they have only a verbal understanding with the

employee that those funds will come out of the next paycheck. Keeping in mind that any deductions must be for a LAWFUL purpose, employers should write up a list of those items which are commonly deducted from an employee's paycheck and have every employee authorize those deductions in writing.

Dear Commissioner Nabers, I recently bought a business and was advised by the TEC that I would have a 2.7% unemployment tax rate because that is the entry level rate for a new business. I know for a fact that this same business had a .64% tax rate last year and would quite likely have qualified for the minimum 1990 rate of .29% because there were no claims filed. Why isn't it possible for me to carry on with this lower rate since my predecessor is no longer in business at all?

M.W. Houston, Tx.

Dear M.W., If you had bought this business prior to September 1, 1989, you would

automatically have received the predecessor's good unemployment insurance experience. However, the law was changed to do away with the mandatory transfer of tax rate when a total acquisition of a business occurs, except under very limited circumstances. I am sending you a brochure from my office which explains this in more detail.

This was one of those laws which cuts both ways. You could just as easily get bad experience from a predecessor as good. Businesses which got saddled with a predecessor's bad rate felt that they should not have to pay for someone else's bad management practices. In some cases this provision was working as a disincentive to economic growth, so the legislature changed it. The disadvantage, as you are seeing, is that good experience is no longer available to a successor either.

Commissioner Mary Scott Nabers represents all Texas employers. If you have any questions you want answered,

User Fee Unchanged At Hords Creek Lake

The 1990 fees for use of recreational facilities at Hords Creek Lake will remain the same as last year, the Fort Worth District Engineer has announced. Col. William D. Brown explained that these funds are eventually reinvested at the federal campgrounds where they are collected.

A charge of \$8 per night is made for those campgrounds which include flush toilets with showers, sanitary disposal stations, picnic tables and roads. Visitors occupying areas with electrical hook-ups will be charged an additional \$2. Daily rates at less developed sites range from \$3 to \$8.

Campsites are available on a first-come, first-served basis; however, group facilities, with fees varying from \$14 to \$150 a day, may be reserved.

At lakes where the Corps manages the recreational facilities, at least one free primitive campground is available to the public. Additionally, at those same projects, senior citizens and disabled visitors, who have Golden Age or Golden Access Passports, will be given a 50 percent fee reduction.

please write Commissioner Nabers at: TEXAS BUSINESS TODAY, 614 TEC Building, 15th and Congress, Austin, Tx., 78778.

The Rio Grande Valley in far South Texas is famous for its numerous scenic "resacas" or waterways that trace the former paths of the Rio Grande. Resacas are usually found adjacent to residential areas and are lined with palm trees, flowering shrubs, cacti and other sub-tropical foliage. Some of the best examples of resacas can be found in the town of San Benito, also known as the "Resaca City." Tourism Division, TX Dept of Commerce photo.

Candidacy Opportunities For Silver Haired Legislature

Prospective members of the third Texas Silver Haired Legislature may now begin filing petitions for candidacy. The filing process will continue through February 28. The election will take place on Tuesday, May 22, 1990. Candidacy forms and petitions can be obtained from the West Central Texas Council of Governments Area Agency on Aging (1025 E.N. 10th St in Abilene) or in Senior Citizens Centers around the region.

There are three basic requirements

for those seeking election to the Silver Haired Legislature: The individual must be at least 60 years old prior to January 1, 1990; a registered voter; and reside in the region for which he or she is seeking election.

The Silver Haired Legislature was authorized by the 69th Texas Legislature. It is a non-partisan body of senior citizens who will meet in Austin in September 1990 to draft and propose suggested legislation to be considered by the

Bug Facts ...and other things

by Dr. George W. Rambo

Cockroaches: No. 1 Pest in United States

Cockroaches are the number one most bothersome pest to the American homeowner, according to a National Pest Control Association survey of pest control company owners around the country.

These pests have survived floods, fire, famine, trips to outer space and nuclear tests. With optimum conditions of food and moisture, one female can produce nearly 2 million offspring in one year. Cockroaches contaminate food and spread disease and bacteria such as salmonella and streptococci.

On the 10 "most wanted" list, following cockroaches, are: fleas, carpenter ants, termites, bees, rodents, spiders, silverfish, millipedes and boxelder bugs.

Americans spend over \$4 billion a year for a pest-free, disease-free environment. We spend nearly \$3 billion for professional pest control services. Another \$400 million for do-it-yourself household products, plus \$59 million for electronic bug killers. We spend \$520 million to keep our pets pest-free.

Carpenter ants, termites and other wood-destroying organisms damage nearly \$1 billion in property each year. That's more than tornadoes, hurricanes and storms combined.

Fleas and ticks afflict man and pets alike. They survive on blood and will attach themselves to any living being. Certain species of fleas and ticks are capable of transmitting a variety of diseases, including Rocky Mountain spotted fever and Lyme disease.

More than 45,000 rat bites are reported each year

Although bees are beneficial, making honey and feeding on insects, they will become aggressive if disturbed. Their stings, especially multiple stings, can be life-threatening to some people.

There is one rat for each person living in America today. Over 45,000 rat bites are reported each year. Rats contaminate billions of dollars in food products each year, and spread disease.

Spiders, for most of their 25,000 species, are helpful because they trap and eat other pests. Unfortunately, a few are dangerous, and most are nuisances and unsightly around the house.

Silverfish are other insects that pose no danger to humans, but can cause extensive damage to clothes of certain natural fibers, books and wallpaper.

For more information on how to keep these pests out of your home, contact the National Pest Control Association, 8100 Oak St., Dunn Loring, VA 22027

("Bug Facts" is a series of consumer information tips from Dr. Rambo, director of research, education and technical resources for the National Pest Control Association.)

Ranger Park Inn

Phyllis Bradley

On Monday after Bingo, exercise was instructed by Della Wristen. In the afternoon it was 42 and dominos among the residents.

Tuesday, again Bingo, and exercise.

Wednesday, after Bingo, exercise with Della Wristen and Billie Guthrie. Devotion with Rev G.W. McFadden, Doc McFadden, Fannie Gilbert and Minnie Perkins. Ceramics in the afternoon.

Thursday, bingo, exercise, devotion was given by Rev. Don Elrod. In the afternoon the January Birthday party was held. The sponsors were Glen Cove Baptist Church. Gifts were given by Santa Anna Volunteer Fire Department Auxiliary. Those having birthdays were Christine Sanders, Mary Jo Lovell, Cleo Canady, Dillard Gregg, Bobbie Wilson. Cakes were from Mrs Kenneth Bowker, Jan Brixey, Peggy Johnson, Mrs Helms and Mrs Pond. Serving were Mrs Helms, Mrs Pond and Peggy Johnson. Aunt Samithie did not get to be here. We missed you Fannie Gilbert.

On Friday, bingo, exercise, the afternoon was a full one. Joe Green popped pop corn. Everyone, residents and staff look forward to Fridays. While Joe popped corn, we were entertained by Bobby Haire playing guitar and singing, James Carrigan played harmonica. They are from Lake Brownwood. With them were Thelma Carrigan, Pamela and Bobbi Haire. We hope to see you again.

Saturday, Sabbath Services. Sunday service with Northside Baptist, with Amanda Perry, Robert Robnett, Luther McCrary, Walter McFadden, Minnie Perkins, Clarence and Fannie Gilbert, Gladys Day, Mrs Wells, Frances Weems, Gay Srevin, Pat McFadden and Annie Mae Brimer.

LIVING CENTER
Preston Cude's visitor was Cleo Cude.

Red Cupps visitors were Emil and Duane Williams, Raymond Cupps, Dick Baika, Tom Wristen.

Minnie Greer visitors were Maurine Roundtree, Alma Webb, Cleo Cude and Shady.

NURSING HOME
Velma and Johnnie Lanie visited Jim Dixon, Thelma Bollinger, Onnie Edens, Fred and Ima Rudolph, Mary Jo Lovell and Christine Sanders.

Ruby Parker visits every other day, her sister is Marie Hill. Ruby visits through out the nursing home with most all of the residents.

Merle McClellan, Myra and Ben Taylor visited, Mae Tyson, Opal Maples, Eula Hunter, Estelle Todd, Fred and Ima Rudolph, Viola Morris, Christine Sanders and Jimmie McGregor.

Ila and Jack Todd visited Lillie Knotts.

Alberto Stamper's visitors were Mona Yvette Stamper, Ida Perry, Donnie Perry, Delia and Stephanie Salazar, Virginia Stamper, Timmy Perry, Betty Perry, and Lucy Martinez.

Nester Diaz is in the hospital. We miss him.

Felix Horton's visitors were Janet Horton, Bertha Kirkpatrick, Debbie

Lucas, Dee and Earl Mankins.

Thelma Bollinger visitors were Johnnie Lanier.

Ora Caldwell's visitors were Suzanne Swinson, Johnnie Lanier and Joy Jacobs.

Viola Morris visitors were Harry Crews, Pete and Sadie Hendrix, Annie Mae Brimer, Billie Guthrie, G.W. McFadden, Maggie Robinett, Tammy Creed, Wanda Bible, Micheal Guthrie, Cliff Morris, Todd Martin and Peggy Johnson.

Christine Sanders visitors were Billie Guthrie, Tammy Creed, Wanda Bible Micheal Guthrie, Velma Deitrich, Annie Mae Brimer, Peggy Johnson, Bernice and Horace Snedegar, Myrl Rankin, Nancy and Keith Hewitt, Maggie Robinett, G.W. McFadden.

Faye Casey's visitors were Wanda Bible, Tammy Creed and Michael Guthrie.

Bula Fleming's visitors were Barbara Kingsberry, J.A. Fleming, Bessie Paris, Buna Baucom, J.C. McDaniel, Mary McDaniel, Charlie Fleming, Dee and Earl Mankins.

Madora Gilmore's visitors were Barbara Kingsberry, Bessie Parish and Buna Baucom.

Mary Jo Lovell's visitors were Eva Raper, Joe Watson, Sharon Watson and Thelma Deitrich.

Jimmy Sue Huelett's visitor was Kathrine Anderson.

Dillard Gregg's visitors were Bill and wife Gregg.

Myrtle Estes visitors were Marylin Monroe, Joe Estes, Dee and Earl Mankin.

Clarinda Menges visitor was Oscar Taylor.

Lois Haines was visited by Joes Estes, Dee and Earl Mankin.

Allene Barnett visitors were Opal Barnett, Doris Rogers, Lane Guthrie, Avis Vaughan, Billie and Monte Guthrie, Della and Tom Wristen.

Cleo Canady visitors were Doris Rogers, Della Wristen, Billie Guthrie.

Martin Wallace visitors were Bessie Parish, Joe Wallace.

Charlie Bruce visitors were Barbara Kingsberry, Margaret and Chanda Simmons, Karyn and Emma Kingsbery, Elaine Hines, Tammy Creed, Wanda Bible and Micheal Guthrie.

Doc Martin was visited by Floretta Jones.

Opal Maples visitors were Kim Simons, Billie Simons, Jerry Simons, Michael Gregory, Jeannie Guerrero and Cindy Squyers.

Frances Horton's visitor was Lee Horton.

Tavy Ford's visitors were Bessie Parish, Gladys Day, James Ford, Gerald and Fannie Davis, Peggy Miller, Sammie LaDaucer, and Frances Ford.

Bobbie Wilson visitors were Rob Wilson, Trey Wilson.

Joy Jacob's visitors were Maggie Robinett, Shannah and Christopher Cooley and Pat Sinclair.

Myrtle Robertson's visitors were Doris Stearns, Billie Lovelady, and Darwin Lovelady.

Fred and Ima Rudolph visitors were Buna Baucom, Bobbie Seals, Baker Rudolph, Ben and Myra Taylor, Merle McClellan.

Whon News

By Mrs. Tom Rutherford

We are thankful this week to report a nice rain in the early hours of Friday morning. Reports from our rain gauge was from the showers on Possibly Wednesday night and during Thursday and Friday. We received 2 1/2 inches of rain. Other reports could have been more or less, but was really accepted with great thanks.

Weekend guests from Friday to Sunday afternoon with Mr. and Mrs. Amon Otts and Yancy were Amon's cousin, Mr. and Mrs. Danny Otts and new baby boy, Hardy, from the Fort Worth area.

Mr. Joe Floyd Morris of Oklahoma City and Gayle Robin of Ardmore, Okla., were weekend visitors with Mr. and Mrs. Norman Floyd Morris.

Mr. and Mrs. Hilary Rutherford of Coleman were bed time visitors with Thomas, Loyd and myself on Tuesday night. Loyd moved to his home on the Taylor Ranch today (Sunday) following being with me at night since he has been suffering with a pinched nerve in his shoulder. Loyd's son, Todd, who is employed in Brownwood is with his dad this Sunday night.

Mr. and Mrs. Darwin Lovelady visited with Mr. and Mrs. Elec Cooper of Rockwood Saturday and the couples did some driving around and sight seeing, checking on the rainfall.

Jeff and Jennifer Morris were weekend guests of their grandparents, Mr. and Mrs. Floyd Morris and with their father, Mr. Joe Floyd Morris.

Mr. and Mrs. Leon and Billy Griffin and son Bryan of the Gouldbusk area visited with their daughter, Mr. and Mrs. Amon Otts and Yancy and their guests on Sunday.

Mr. Hilary Rutherford of Coleman was with us on Saturday and also Mrs. Patsy (Bob) Smith of Abilene came down for a while. But returned home in the late afternoon.

Doris Ruth Steames of Brownwood visited with Mr. and Mrs. Darwin Lovelady one afternoon the past week.

Mr. and Mrs. Don Fitzpatrick of Abilene visited with his parents, Mr. and Mrs. Graham Fitzpatrick during the weekend.

Mr. and Mrs. Watts of Bangs visited with Mr. and Mrs. Floyd Morris on Wednesday afternoon of the past week.

Mr. Leon Carter visited with his sister Lorene Black in Brownwood Sunday.

Lucille Sorrells of Coleman visited with Mrs. Darwin Lovelady Sunday afternoon.

Mr. Douglas Avant of Brady visited with his mother, Mrs. Pearl Avant, in Santa Anna Saturday afternoon. Mr. and Mrs. Douglas Avant were going to Austin to visit with their son, Mr. and Mrs. Doug Avant and boys in Austin Sunday. We are very glad to report Mrs. Avant is feeling so much better after having a terrible cold. Her son James Avant of Coleman checked in on her daily either by driving to her house or by telephone.

Mrs. Floyd Morris visited with her brother, Mr. and Mrs. Cecil and Martha Perkins of the Cisco area by telephone today, and was glad to hear they were doing real well. Staying home very close and have escaped the flu.

O.H. Ivie Reservoir

at this location at this time and at a reasonable cost.

Freese, with E.V. Spence, who was then on the State Board of Water Engineers, and later first general manager of CRMWD, were commissioned early in 1946 to scour West Texas for potential sources of long range water supplies for the region. Five years later ground was broken for Lake J.B. Thomas on the upper reaches of the Colorado River. Freese and his colleagues in the firm of Freese and Nichols, Inc., have been engaged in planning every major expansion of the district facilities.

"He has looked always to the next generation and beyond," said the resolution naming the dam for Freese, "in his determination that there would be ample water for life and growth before it was needed."

The reservoir is scheduled to be opened to the public once 50,000 acre-feet of water is impounded, which is less than 10 percent of the reservoir's capacity. Ivie said at the media day occasion. The 50,000 acre-feet of water will reach the three public boat ramps and will provide enough water for boat riding and skiing, he added.

Church Reports Busy Activity Schedule

(Contributed)
A report from Northside Baptist Church shows the members have been quite busy the past few months.

The WMA collected and delivered a food basket to a family at Thanksgiving.

The aunt of the pastor's wife passed away on Thanksgiving night and on Sunday morning the wife of the pastor's dad passed on to be with the Lord. This was the second wife Bro. McFadden's dad has lost to death. Bro. Walter "Doc" McFadden moved here and joined in fellowship with us the middle of December.

The "Trees of Christmas" was presented by the youth group December 20th. The children gave an outstanding performance. The church gave the pastor and Mrs. McFadden a surprise pounding following the program. Members made stockings, bookmarks, and bed slippers for the residents of the nursing home for Christmas and sang Christmas carols in each room as the gifts were passed out.

The southern district of the Central West Texas WMA met in Santa Anna on January 11th. The program theme, "The Church At Work", was presented with each church having a part. Northside Baptist WMA meets the 1st and 3rd Mondays of each month. The group is studying the minor prophets.

The youth of the church resolved

Soup Styles of the Rich and Famous

January. It brings to mind thoughts of blustery winds and winter chills. And what better way to warm the January jitters than with a nice, comforting bowl of soup. To pay tribute to soup, January is National Soup Month — the month in which Americans eat more soup than any other time of the year. Whether they use it to warm up a crowd, beat the blues or calm stagefright, everyone from politicians, to rock stars, to the royal family loves soup. For example, did you know:

- The Bush family's favorite soup is an all-American clam chowder that uses a can of cream of celery soup as its base.

- According to legend, Louis XIV's chefs created consomme to meet his demands for a soup so clear it would reflect his royal image.

- Singer Frank Sinatra's contracts often specify that Campbell's Chicken with Rice soup and a hot plate be put in his dressing room. Homemade chicken with rice soup will not do.

- Cream of peanut soup was one of George Washington's favorite dishes, according to his step-granddaughter, Martha Curtis. The recipe was based on chicken stock and flavored with carrots, onions, peanut butter, peanuts and tabasco sauce.

- Hyannis Fish Chowder was President Kennedy's favorite soup.

- Prince Charles has a hobby of creating new soups using ingredients from his herb garden, according to the *London Times*. And, the favorite soup at Kensington Palace dinner parties is the chef's classic watercress, made with chicken stock and cream.

- Bette Midler likes her crews to

be served different and exotic soups every night. One night it was gazpacho, the next night lobster bisque and the next vichyssoise.

- Bruce Springsteen once replaced his all-cheeseburger diet with Campbell's Vegetable Soup and balanced meals.

- Eleanor Roosevelt once sent a memo to her husband, Franklin, recommending peanut soup for the Navy and War Departments' menus.
- "Lifestyles of the Rich and Famous" host Robin Leach calls tomato soup his favorite comfort food.
- Former child star and U.S. Ambassador Shirley Temple Black fixes soup when she's feeling down.
- Debi Thomas created her own special diet centered around soup to help get in shape for the 1986 U.S. Figure Skating Championships. Since soup and pizza are Debi's two favorite foods, Campbell created "I Love Pizza Soup" especially for Debi.

- Actor Hal Holbrook asks to be served chicken noodle soup in his dressing room whenever he performs.

- Actress Justine Bateman of TV's "Family Ties" says, "I rarely cook. My cabinet has Campbell's Soup and tuna in it."

Deadlines

Last week we announced the deadlines for news items for the Santa Anna News had been moved to noon Monday in order to meet our new press deadline which is a half day earlier than in the past.

In order to help meet our press time, we must also move our advertising deadline to 10:00 a.m. Tuesday morning.

Briefs

"Experience teaches us to be most on our guard to protect liberty when the government's purposes are beneficent." — Justice Brandeis.

to write to at least one missionary (foreign or interstate) each week. The church has begun a "16¢ Project" building fund to put siding on the church. We are placing pennies,

nickles, dimes, or any spare change into the jar, hence the name "16¢ Project." The church is praying about two revivals for this year and having a speaker from each of the BMA departments. Also in the plans are to have at least one missionary here to speak. There have been a number of goals set for the "Nineties", of which the above are but a few.

So, as you can see, the church has been busy here in Santa Anna.

Cleveland News

By Carol Herring

Eula Bigham of Crescent City, California, sister of Dick Baugh and Mrs. Ruth Hibbitts is in the hospital recovering from surgery. She is reported to be doing as well as possible. She would appreciate hearing from people she knows here.

Pete and Iona Moore were visited Friday afternoon by Re and Odell Box of Brady who brought Mrs. Louise Moore of Washington, Iowa to spend several days visiting with relatives and friends in the Santa Anna area. Others visiting Friday were Mrs. Velda Mills, Ruby Hartman and Sandra Walker. Louise Moore spent Friday and Saturday night with the Moores.

The Emil Williams have their son Duane Williams of Pensacola, Florida visiting with them. Other visitors have been Adolph Kelley, J.E. and Ovella Williams.

Clara Cupps was visited by Carmen Donham on Saturday evening. Saturday afternoon, George and Lucille Teeters were out for a visit.

Cathy Ellis attended the shower for the Dockery family Saturday evening.

Wednesday afternoon visitors with Margie Fleming were Mrs. J.L. McDaniel and Johnny of Carbon. Sunday visitors were Naomi Smith, Naomi Bollinger, Rita Mae Neal, Phyllis and Eddie Dillard.

Charlie and Thelma Fleming were visited by O.B. and Mary Johnson of Coleman on Sunday afternoon.

Ruby and Edd Hartman visited in Brady with Odell and Re Box on Tuesday. Mrs. Velda Mills was a brief visitor Tuesday with Ruby.

Mrs. Winnie Haynes was visited by Anna York on Saturday afternoon. Sug Stearns visited with Winnie the past two Sundays.

The Junior Hendersons were visited by his brother Bobby Henderson of Mesquite.

Saturday afternoon Mrs. Velda Mills had her sister and spouses and brothers and spouses spend the day visiting. Those visiting were Ruby and Edd Hartman, Re and Odell Box of Brady, Doug and Doris Penny of Robert Lee, Helen and Wayne Hawthorne of Crane, Pete and Iona Moore and Louise Moore of Washington, Iowa. Other visitors have been Maurine Blair of Coleman, Suzan Daniel and Candi, and Ruby Hartman visiting during the week.

Lou Pierce visited Cindy Pelton and girls a couple of times during the week. Jennifer and Jessica Pelton visited over the weekend.

Mrs. Amanda Perry, James and Delores Perry and Robert and Dixie Perry of Baton Rouge, LA., had supper together Thursday night before Robert and Dixie left for home on Friday morning. Sunday afternoon Amanda visited with Mrs. Tavy Ford and others at Ranger Park Inn.

Weekend guests of Cecil and Nona Bell Ellis were Mr. and Mrs. Clyde Williams of Huntsville and Mrs. Thelma Besier of Liberty. Cecil visited Mrs. Grace Ellis.

Adolph and Doris Kelley were visited by C.E. Wise on Wednesday and Sunday. Other Sunday visitors were Evaline and Casey Herring, Rosalee Seals, Novie Seals, and Imalove Bond of Coleman.

Lee Ray and Syble Huggins visited in Brady on Saturday with her sister and husband, Leta Fay and Joe Elliott. Sunday they visited in Coleman with Phil and Gwen Huggins. David and Amber Huggins were in and out over the weekend.

Dick and Carmilla Baugh were visited by Mr. and Mrs. Jamie Joe Bible over the weekend. Carmilla and Jean Williams attended the quilting club in Brownwood.

Reach for your thermostat

to help save on your winter energy bills.

- Set the thermostat at 68° and reach for a sweater instead of raising the thermostat.
- Caulk and weatherstrip around windows and doors to help prevent excessive heat loss.
- Check your attic for adequate insulation; 11-12 inches is recommended.
- Tightly close the damper in the fireplace when not in use to keep your heated air from escaping up the chimney.
- Open drapes and blinds during the day to let in sunlight and close them at night to hold warm air in.
- Install gaskets behind cover plate outlets and switches to help keep warm air in and cold out.
