Find Time To Wind

The only redeeming grace about having to "spring forward" as Daylight Savings Time goes into effect at 2:00 a.m. Sunday morning, is that come the last of October we get to "fall back."

I am not one to wait up till the wee hours of the morning to take care of setting the clock so I will just do that chore before retiring at my regular bedtime.

Whatever your schedule might be, don't forget to take care of this little matter or you might find yourself embarrassingly late for church, work or other activities.

Spring, What Happened?

Last week was so beautiful, we just knew spring was here to stay, even though the old mesquites were telling us it just ain't so. We should have listened. The freeze that hit over the weekend spoiled any claim that spring was here to stay. In fact, we haven't seen the sun since last Friday and here it is Tuesday. And the wind! Oh that wind! But we did receive some moisture, however slight. (More is promised).

Now guess we will just have to wait patiently and see what Mother Nature has in store for us. Hope she has spring in mind!

Congratulations!

KEENE—Stephanie Starr, daughter of Mr. and Mrs. Nathan Starr of Santa Anna, was recently named to the Dean's List at Southwestern Adventist College for the 1989 fall semester. Miss Starr is an accounting major at Southwestern.

According to Dr. Angel Rodriguez, academic vice-president, to qualify for the Dean's List, the student must be taking 15 credit hours or more and have achieved a G.P.A. of 3.40 to 3.64.

A fully accredited liberal arts college owned and operated by the Seventh-Day Adventist Church, Southwestern has 736 students enrolled in 34 majors leading to the master's, the Baccalaureate and the associate degrees.

Well Said

There are three kinds of memory: good, bad and convenient.

SAHS One-Act Play Advances To District Competition

The SAHS one-act play, *Saben Revisited*, advanced to district competition as the result of the performance here last week at the zone competition held at Santa Anna High School. The Panther Creek presentation was the other play to advance from this zone. The plays are not rated one and two. The announcement is simply made as to which two plays advance from each competition. The Santa Anna cast placed three members on the Zone All-Star Cast. Garry Keas, Scotty Anderson and Shera Lewis were given those honors. Deanne Simons and Missy Bryce were named to the honorable mention list. The play was to have been presented at the District competition at Cross Plains on Tuesday night of this week. Watch the boxes at the upper section of this front page of the Santa Anna News for those late results. Area competition will take place, probably at Abilene, on April 7. Dorothy Ivey is director of the play. She is assisted by Kay Gray.

ToughLove; Support Group For Families In Trouble

Has your teenager come home high, stoned, drunk, late, or maybe even not at all? Has your teenager runaway for a day, overnight or perhaps stayed away weeks at a time? Has your teenager played hooky from school, been tardy to school, maybe been suspended from school? Has your teenager displayed violence by being physically or verbally abusive at school, to others in the neighborhood or worse yet to you or your spouse or other family members? Have you and your spouse argued about your teenager's behavior? Have you not had a peaceful night's sleep recently for worrying about your teenager? Has your teenager received fines, summons, tickets? Has your teenager been charged with drug incidents or drinking incidents; or been involved in an accident?

If you can answer yes to two areas in the home category, two areas in the school category and at least one in the legal category—**YOUR CRISIS IS BUILDING.** If you can answer yes to more areas, **YOU ARE ALREADY IN CRISIS!** Don't feel bad, get mad! Then use your anger to make constructive changes. You will be glad to know that a new group is forming in Santa Anna that may be

just what you are needing at this time in your life. **TOUGHLOVE** is a self-help program for parents troubled by teenage behavior. It is a non-profit educational organization for parents, kids in trouble, and the professionals working with them. **TOUGHLOVE** is a combination of philosophy and action which, together, can help you change and help you get control of your family again. **TOUGHLOVE** is a network of parents helping kids—of parents and professionals working together—to bring change into the lives of their young persons who are: impossible, incorrigible, uncontrollable, addicted, physically or verbally abusive, in trouble at school, in trouble with the law, destroying the family.

There is a local group forming, and in fact, has already met a couple or more times. The group meets each Thursday evening at 7:00 p.m. at the Mountain City Community Center. Teens and parents alike are encouraged to attend, although the two groups meet in separate rooms for peer support.

TOUGHLOVE group members from Abilene are currently meeting with the local group to help them get their feet on the ground and

begin functioning on their own.

If you can see your family's problems in any of the questions asked in this column, you are a candidate for this support group. The important thing to remember is that all families have problems at one time or another, and it is nothing to be ashamed of to admit you need help and support from your peers. There are others who know how lonely and helpless you feel when your kid is in trouble. You are not alone; there are many parents in the community who are having similar problems, and who are needlessly feeling isolated, guilty and ashamed. Take a risk and attend a meeting. If you have any questions, contact Billie Rae Diaz at 348-3815 or Pat Jones at 348-9127.

Cleanup Day At Cemetery April 7

The Delta Omicron Sorority would like to invite citizens of the community to bring their hoes, lawn mowers, etc., to the Santa Anna Cemetery on Saturday, April 7, for a clean-up day, beginning at 8:30.

Members of the Sorority, who are spearheading the clean-up, encourage all in the community to

Mayor Brock Is Unopposed Eight Running For Three Council Spots; Five In ISD Lineup

The last days of filing brought out several more candidates for City Council but Mayor Brock remained unopposed in her bid for election to the year remaining on the term to which she was appointed last summer after the resignation of then Mayor Thelma Brooker.

The eight candidates who will appear on the slate for City Council are: Joe Baker, Thomas M. Hays, Emmitt Simmons, J.T. Avants, Norman Asher, Alex DeLeon and Mark Turney.

DeLeon, who will be seeking his second term in office is an employee of Kholer in Brownwood. Thomas Hays is running for a place on the council after serving the past several months, having been appointed to an unexpired term. He served as Mayor in the mid seventies. Council lady Susie Voss has made the decision not to seek a third term.

J.T. Avants, manager of the Santa Anna Co-op Gin and a farmer, has previously served on the council. Norman Asher, a self employed contract laborer; Joe Baker, a truck driver and Mark Turney, owner of Turney Electron-

ics have all been candidates for the council in previous elections. Asher ran a number of years ago but failed to be elected at that time. Baker and Turney were unsuccessful candidates in last year's election.

Karen Morris, mother of two and Executive Director of the Bangs Housing Authority, is the only completely new face in the City Election. She is married to former Santa Anna policeman, James Morris, who is now a Coleman City Policeman. The couple make their home in Santa Anna and the children attend Santa Anna schools.

Eddie Jones, Gary Absher, Terry McIver, Rodney Dean, and Kim Stewardson Hubbard will be vying for two places on the school board, currently held by Jones and McIver.

Gary Absher, Santa Anna Postmaster, is a former member of the school board as is Roddy Dean who is employed as a salesman working out of Brownwood. Kim Hubbard, an employee of Santa Anna National Bank, is the only newcomer to politics who has placed her name in the running for school board.

Both elections will be held Saturday, May 5.

Funtier Day Activities Moved

Directors of the Santa Anna Chamber of Commerce recently voted unanimously to move this year's Funtier Day activities scheduled for May 12, to the Armory because it would provide some protection from thunderstorms. Also taken into consideration was the fact the location should be safer for

children as it is away from traffic. The site also provides more room for expansion as well as allowing activities to be in a more central area. The Gary James Park is close by, available for the children. The Chamber of Commerce sponsors the annual Funtier Day festival.

City Makes Application For Federal Assistance For Wastewater Treatment Plant

Mayor Brock presided as the City Council met on Tuesday night of last week with council members Susie Voss, Thomas Hays, Alex DeLeon and Quinton Daniel present. Councilman Jim Spillman was in Houston that day for a medical checkup.

The council scheduled a public hearing on wastewater treatment plant improvements with that hearing to have taken place at the Coleman County Telephone Cooperative hospitality room on Tuesday, March 27th.

The council approved an application for federal assistance for the wastewater treatment project. Approval was also given for the proposal and agreement for financial advisory services for the wastewater treatment project. Joe Smith with the First Southwest Co in Abilene had helped put the application together, and had also given the city other financial advice. The approved contract was for the City's protection as well as for Smith's protection. The agreements states that the City pays for the financial services only if the loan goes through.

take this opportunity to lend a helping hand to the Cemetery Association, who, like many others, face a tightening of the budget. If this initial clean-up is done by interested folk, there will be less work and expense for the association to take care of during the summer months. Plan to join in the fun and give a helping hand.

Glen Copeland was appointed as election judge for the City election to be held May 5.

Fire Dept. WEPS Unit Pays Off In House Fire

According to local volunteer firemen, their WEPS unit really paid off when they were called to a fire at the residence of Kathy Shields at 1604 Ave. B on Tuesday afternoon of last week.

Damage was confined to the bathroom and some ceiling damage. Cause of the fire was determined to be an overheated bathroom heater.

The firemen used their new WEPS unit to extinguish the blaze. The unit uses foam, therefore cutting down on water damage. It also extinguishes a blaze faster than water will, thus saving precious time when someone's property is at stake.

More Names Added To Fire Department Associate Membership Roll

Names added to the Volunteer Department Associate Membership roll during the past week include Henry Sorrels, Velda Mills, C.E. McCarrell, Annette Clark, Mrs. Jesse York, Glen Scarborough, Homer Horton Jr., Fern Hoke, Louis Ragsdale, and James Eilber.

Friendship Luncheon

(Contributed)
Twenty attended the Friendship Luncheon last week. Several of the regulars were not with us. Some were out of town and others were ill. You were all missed.

Thursday, March 29, we will have potluck again. This seems to be about the favorite.

We will be looking for you to be there. If each person would bring someone we can build up our group.

Recipe For Child Raising

Titus 2:3-7: "Likewise, teach the older women to be reverent in the way they live, not to be slanderer or addicted to much wine, but to teach what is good. Then they can train the younger women to love their husbands and children, to be self-controlled and pure, to be busy at home, to be kind, and to be subject to their husbands, so that no one will malign the word of God. Similarly, encourage the young men to be self-controlled. In everything set an example by doing what is good."

Ephesians 6:4: "Fathers, do not exasperate young children; instead bring them up in the training and instruction of the Lord."

I found this recipe in a little book called "The Bible Friend" and as I looked up the scripture I found there is a real treasure here that seems to be overlooked on our world today.

Proverbs 22:6: "Train a child in the way they should go, and when they are old they will not turn from it."

Proverbs 19:13: "A foolish child is the father's ruin,"

Proverbs 23:13: "Do not withhold discipline from a child, . . ."

Proverbs 3:5: "Trust in the Lord with all you heart and lean not on your own understanding....."

Around & About

Welcome visitors in the News office last Friday were T.A. Jackson of Rockville, Maryland and his brother O.D. Jackson of Coleman. It is always nice to have our readers drop in for a visit, especially those from great distances who are making visits to the old home town.

Also on Friday, this News editor received a telephone visit from Verna Blair LaMadrid, who has recently moved from San Diego, Ca. to Escondido, Ca. She says to give all of you out there a big Texas Howdy! She plans to be sending some more of her interesting stories of her childhood in Santa Anna for publication in the future and is hoping to make a visit here as soon as possible.

Eric Lomax is a patient at Brownwood Regional Hospital after suffering a heart attack late Saturday night. As of Monday morning he was doing quite well but will probably remain in the hospital for a period of evaluation.

Edd and Ruby Hartman were in Midland over the weekend visiting with his mother, Mrs. Reba Hartman, and his sister, Winnie Blanscott and son, J.B. and Sandy Hartman of Odessa were Sunday dinner guests.

On the way home the Hartmans stopped in Robert Lee for a visit with her sister and husband, Doris and R.D. Penny.

Derriel and Polly Warnock spent the weekend in the Fredericksburg and Kerrville area camping and sightseeing. Even tho the weather didn't seem a lot like spring, they did see several patches of Bluebonnets and other spring flowers along the roadside.

Santa Anna News Receives Cancer Society Award

The Santa Anna News last week received an award from the American Cancer Society, Texas Division for "Excellence in Public Information." The award is presented to those publications which willingly give space for Cancer Society public announcements and go beyond normal means to provide news coverage for Cancer Society news articles and projects.

Don and Joyce Elrod spent last week camping and sightseeing at Lost Maples Natural Area near Kerrville. Accompanying them on the trip were daughters and grandchildren, Kellye Luera and Cawlye of Santa Anna and Tonic Gaffard, Jeremy and Hayley of San Angelo. The group also visited in San Antonio one day during the week.

Mrs. Lena McClintock is a patient at Brownwood Regional Hospital where she is undergoing therapy following a recent stroke. Cards and other greetings may be sent to room 529.

Cartoonist Ace Reid is seen here autographing books at the recent Chamber of Commerce banquet. Among those books autographed was an autobiography, *Ace Reid Cowpoke*, which has been presented to the Santa Anna Public Library.

Someone else is likely to do today what you put off until tomorrow.

The desire for power must be tempered. Once set in motion, some forces never stop.

Check It Out
by Alice Anna Spillman
The Coleman County Literacy Council has been given special recognition in the news bulletin published by the Retired Teachers Association. We too extend our special praise for those who volunteer that others might enjoy reading.

Two women who are of special interest to us because of their community connections are Mrs. JoAnn Allen and Mrs. Judy Runyan. Both attended the training sessions to become qualified Laubach tutors. Mrs. Runyan has already given at least one lesson in Santa Anna. Mrs. Allen will begin this week.

If there are others from our community who have qualified as tutors, we wish to recognize them also. The gift they give to others can change lives.

By-the-way, if you or someone you know would like to learn to read, call the Santa Anna Public Library or library in Coleman. It would be a joy to help you contact the wonderful volunteers.

Attendance at the recent Chamber of Commerce banquet was outstanding. Those who missed hearing the speaker, Ace Reid, have suffered a loss. Mr. Reid grew up in West Texas and has become one of the most successful cartoonists of our time. We have a copy of the story of his life, *Ace Reid Cowpoke*, by John Erickson. Any age would enjoy the *Cowpoke* cartoons and funny stories. Many of the tall tales are by famous people Mr. Reid even autographed the book which has been placed in the library.

Do you remember when his mother and father lived in our community and trod upon the streets of Santa Anna. His mother, Mrs. Callie Reid, told us that she has books for the library. Word seems to be spreading about our needs.

Help Texas Get Its Fair Share By Answering Census Questions

By now you have received your 1990 Census questionnaire and are most likely as bamfuzzled as the rest of us about some of the questions and how to answer them. However, remember it is most important to answer the questions and have the questionnaire ready when those responsible for picking up the forms appear at your door. You will notice that according to instructions on the forms received in this area, you do not mail the form but hold it until a census taker calls for it at your place of residence. Postmaster Gary Absher tells us the Post Office has plenty of the forms in case for some reason you have not received yours or if you have made some errors and wish to begin again with a new form.

Persons who need help completing their forms will be able to call a toll-free number listed on the questionnaire. In fact, there are two numbers, one for assistance in English and one for assistance in Spanish.

The information requested on the form will remain confidential and the Texas officials are urging all Texans to STAND UP AND BE COUNTED.

100 percent of all Texans must be counted in order to receive a true answer to the census count, which will begin April 1, 1990.

Of course, not 100 percent will be counted, but it is imperative that as close to 100 percent as possible be counted to assure the state's receiving its fair share of funds for highways, school needs, health facilities and public housing. Busi-

to the Santa Anna Housing Authority Board were discussed. Up for re-appointment are the places currently held by R.W. Balke, Ken Bowker and Jake McCreary. McCreary has asked not to be re-appointed to his position. The three seats on the board will be filled after checking with several persons about their willingness to serve.

Library board members were re-appointed and include, Imogene Powers, Barbara Simmons, Betty Key and Alice Spillman. Patsy Starr was appointed to fill the place now held by Jane Gustavus who asked not to be re-appointed due to lack of time to serve efficiently.

Park Board members re-appointed were Betty Sue Cupps, Pearl Wilson, Susie Voss, Shirley Taylor and Thelma Brooker. Member Earlene Scott asked to be relieved of her duties on the board and Wanda Bible was appointed to serve as the 6th member.

Bids were opened for the 1968 Chev. pickup and for the janitorial services for the Armory. Both items had been advertised for bids. The council accepted the highest bid on the pickup, which was a bid of \$180 from Sandra Deal. The lowest bid on janitorial services for the armory came from Michael Salazar and were accepted by the council. The services will be evaluated after a six month period.

The Council also made final approval of the 1990-91 budget.

Special Activities Set At Methodist Church

The combined youth groups of the Methodist and Presbyterian churches will serve a spaghetti dinner at the Methodist Church annex immediately following church services on Sunday. Everyone is invited. There is no set fee for the meal, but donations to the youth fund will be accepted.

Prior to that event, there will be a family night get-together at the Methodist Church on Friday evening beginning about 6:30. Those attending are asked to bring snacks. There will be lots of old-fashioned visiting and other activities for all ages. Everyone is welcome to attend.

nesses also use the census numbers to determine demands for their products and sites for new business locations.

If Texas residents are uncounted, the state will not have the opportunity to get its fair share of political representation in Washington, D.C., nor its share of federal dollars again until the year 2000. Census taking will not occur again until the end of the decade.

More than \$38 billion in federal grants to Texas are allocated using the data compiled from the census. These grants include aid for highway construction to nutrition programs. The \$38 billion averages out to near \$150 per person in Texas per year. The estimated

Texas Leads Nation In Trash-Off Effort Sat.

Now that the Lone Star State has cleaned up its act, its issuing Texas sized challenges to the rest of the nation.

The state takes its successful Great Texas Trash-Off" a giant step further with the Great American Trash-Off" Saturday, March 31. The event is promoted by the highway department and encourages Americans to get out on that spring day to pick up litter with their local Adopt-A-Highway and local Keep America Beautiful organizations across the country.

Locally, the Delta Omicron Sorority, which is a participant in the Adopt-A-Highway program will be one of the groups out in the area to help in the Great American Trash-Off. The local group has been cleaning a portion of the highway entering Santa Anna from the east for several years and encourages others in the community to join in their efforts on Saturday. The Rockwood Club traditionally joins in the effort also.

Last year, Adopt-A-Highway groups throughout the state collected 1.2 million gallons of road-

side trash during their Great Texas Trash-Off.

The annual cleanup effort is part of the highway department's anti-litter efforts which, through the "Don't Mess With Texas" campaign and the Adopt-a-Highway program, have reduced visible roadside litter by 64 percent in just five years. Thirty-two states are now following Texas's lead with programs of their own and eight others are planning to join them. This year's national cleanup sweep is concentrated in the warmer states.

California was the first to declare its intentions to join Texas in the Great American Trash-Off, Arkansas, Arizona, Florida, Kansas, Kentucky, Louisiana, Mississippi and New Mexico have since announced plans to clean their states the last day of March.

States outside the Sunbelt have expressed interest in being a part of the American Clean Team, but this year's date may be a bit chilly for some of them. But as the snow disappears, the litter reappears, and so will the volunteers.

Caregiving Workshop Set In Coleman

Are you struggling to meet the needs of an aging relative and still trying to keep your own life on course?

Are you experiencing stress to a point that your own health may be in danger?

Are you burdened with feelings of guilt created by your loved ones?

Are you wondering how long the situation can go on?

Love gets tough when older family members experience frailty and declining health. The caregiver role requires changes that we may resist.

Our expectations of the ways we plan to care for our loved ones don't always match with what is realistically necessary when the problem time comes. All to often, feelings of guilt and high emotion result.

On Thursday, April 5, at noon, Judith Warren, Ph.D., will be in the Hospitality room at First

Youth attending were Shera Lewis, Missy Bryce, Julie Dean, Brandi Homer, Jeannie Patterson, Barbara Puckett, Tara Watts, Jason Dean, Jody Patterson, Ray Jones, Michael Powers, Scotty Anderson, Jeffrey Hartman, Leanda Kellar, Carla Gregg and Chris Bryce. Sponsors were Scott Patterson, Dickie Homer, and Bro. John.

Coleman National Bank to present "Coping With Caregiving." Dr. Warren is gerontology specialist with the Texas Agricultural Extension Service at Texas A & M University. The lunch meeting is aimed at helping caregivers to manage emotions and personal lives when caring for elderly loved ones.

Through this meeting one can develop perspectives and insights for coping with difficult situations, whether it be in the family home or in the nursing home. It will be an able one to come to grips with emotional responses triggered by changes in relationships with elderly relatives.

When love gets tough is when love must have the strength to do what people need - not necessarily what people want.

The lunch meeting is open to the public and free of charge. One can bring a brown bag lunch or lunch will be available for \$2.25 for those who call by April 3 to make reservations. For more information contact Dan Poer, County Extension Agent, at 625-4519.

My Sincere Thanks

Words can not express my gratitude and appreciation for the fine vote I received in the Primary Election. I will continue to do my best to be a good County Judge.

MRS. OWEN VICTOR GRANT III

McCullough - Grant Vows Exchanged In San Marcos

Miss Denise Leigh McCullough, daughter of Linda McCullough of Brownwood and Gordon McCullough of San Marcos became the bride of Owen Victor Grant III son of Mr. and Mrs. Owen Victor Grant II of San Antonio, in a double ring ceremony taking place at the First Christian Church of San Marcos at 6:30 p.m., Saturday, March 10, 1990, with Dr. Jimmy Cobb and Msg. Stuebben officiating.

The bride is the granddaughter of Mr. and Mrs. Rex Turney of Santa Anna and Mrs. Raleigh McCullough of Coleman. Her great-grandparents are Mr. and Mrs. A.C. Bible of Killeen. Becki Terry of Brownwood is the bride's aunt.

Grandmother of the groom is Mrs. Francis Weltens of San Antonio.

Given in marriage by her mother and father, the bride was escorted to

an alter flanked with Boston fern and brass candelabra which held lighted, white tapers.

For her wedding Denise chose an Illisa gown of white satin. It featured a basque bodice with a v-scalloped neckline and an elongated waist. The gown was embellished with embroidered lace, pearls and sequins. The short, ruffled sleeves were styled with lace inserts which were garnished with pearls. A silk double bow accented the back waist to which was attached a semi-cathedral length train. Her headpiece fashioned of lace, petals and sprays of pearls, held a two-tiered waltz-length veil.

The groom was attired in a cable tuxedo with black paisley cummerbund and tie.

Matron of honor was Heather Brown of Denver, Colorado. Bridesmaids were Shannon Sabatelli of San Antonio, Kathy Thomas of Houston and Brenda Morrisset of Houston. Each wore a teal moire suit fashioned with tea length straight skirt, and jackets with ruffled collars, puffed sleeves and pearl buttons.

Best man was Warren Smalley of Houston. Groomsmen were Ron Anderson of Austin, E.J. Huntley

of Houston and Danny Aude of Montgomery, Alabama. The groom's attendants all wore black tuxedos, teal colored cummerbunds and ties.

Emilee Saverance of San Angelo, cousin of the bride, served as flower girl wearing a moire taffeta, tea length gown.

Ring Bearer was Ted Grant, brother of the groom, attired in a black tuxedo.

Preceding the ceremony, organist Tim Smith, played "The Wedding Song" and "The Lord's Prayer", accompanying soloist Mary Williams. Trumpeter Kevin Brown, played two selections, "Trumpet Voluntary" and "Trumpet Tune".

Following the ceremony, a reception was held at the Quail Creek Country Club. Serving in the houseparty were Georgene Saverance and Becki Terry, aunts of the bride; Paula Weltens, Stacy Weltens, Jeannie Weltens and Sally Beer.

The bride is a graduate of San Marcos High School and Southwestern Texas State University. She is employed with Taylor Publishing Company in Dallas as a marketing analyst. The groom, also a graduate of Southwestern State University holds a Masters from A & M University. He is employed with Arthur Andersen & Co in Dallas as a Real Estate Consultant.

After a wedding trip to Maui, Hawaii, the couple will live in Dallas.

A Rehearsal dinner, hosted by the groom's parents was held Friday, March 9 in San Marcos at 7:30 at Aquarena Springs Restaurant.

A bridesmaids luncheon hosted by Mrs. Beth Morrisset and Karen Jennings was held in San Marcos at 11:00 a.m. the day of the wedding.

A bridal shower was given in San Marcos, February 24th. Hostesses were Hattey Ratliff, Carolyn Leinenweber, Wren Giesen, and Diana Thomas. A shower was given in San Antonio on Feb. 25th by Mrs. Ralph Beer, Lori and Cari Beer.

Other showers were given in Dallas and Houston.

County Cancer Crusade Set For April

"Contributions to the American Cancer Society in Texas represent one of the best returns on the dollar that I know of," said Victor Cardinas, chairman of the Coleman County Unit of the American Cancer Society.

In preparing for the April Community Crusade, Cardinas adds that he thinks it is important for Coleman County residents to know how the Society invests their contributions. "We are proud of our fiscal record and I know our friends and neighbors will be even more willing to give to the American Cancer Society when they learn how well their money is being spent," he stated.

Contributions raised in 1987-88 were invested during this last fiscal year (Sept. 1, 1988-Aug. 31, 1989) in Texas and are listed as follows: cancer research 43 percent, public education 29 percent, patient services 25 percent, professional education 10 percent, fund raising 15 percent, and program development-administration 3 percent.

This 125 percent expenditure reflects increased research spending in Texas by the National American Cancer Society, making contributions to the Society more valuable than the contributors realize.

"Programs that help people are our priority," Cardinas stated. "We keep a tight control over our administrative costs and keep them within acceptable limits, as this breakdown indicates," he concludes.

Coleman County will have its Crusade drive in April. The first 2 weeks will be business and rural drives, and the 2nd and 3rd week will be Coleman's residential campaign. Persons interested in volunteering may call 636-4318 or 625-4827.

Voters of Pct. 2 Please Vote

Jerry Ellis

as your choice for County Commissioner

Qualified: I graduated from Santa Anna High School and have a MS degree from Sam Houston State University. I worked for Schlumberger Well Services as a field engineer, training center engineer, and manager of 12 years.

Concerned: As a rancher and rural property owner, I am aware of the problems we face with narrow roads, steep and grown up ditches, and lack of urban services. As a former urban property owner I am aware of the cost and varying quality of provided service.

Leadership: I will give Pct. 2 responsible, honest representation on the difficult decisions our country will face the next four years.

Thank you

Flag Facts & Figures

The first American flag to receive a salute from another country was the unofficial flag flown from 1775 to 1777. On November 16, 1776, the Dutch Governor of the West Indies saluted the American ship *Andrea Doria*.

The flag of the United States of America has always served as the symbol of our nation's fundamental freedoms and liberties. When our national defenders were engaged in combat on foreign soil, the American flag was the one symbol which served as a constant reminder and link to the nation and home.

Thank You -Coleman County Voters

I would like to thank each of you for supporting me in the recent primary election and would appreciate your continued support in the upcoming run-off election for Justice of the Peace.

As I have stated previously if elected I will be fair and impartial, set bonds to fit the magnitude of the crime, strongly believe in vicarious compensation, and will be available 24 hours a day.

I will repeat that it is not necessary for a Justice of the Peace to have any knowledge of the law, but I do not see how an effective job can be done without it.

PLEASE VOTE BOB BURLESON, JUSTICE OF THE PEACE, APRIL 10.

TO THE VOTERS OF PRECINCT II

As an independent businessman, I have dealt with the problems of budgeting money, maintaining the proper records, and dealing with the state and federal rules and regulations that are required.

The issues that come before the commissioner's court are vital to the voters of Coleman County. I pledge that, if elected, I will study the issues, gather the appropriate information, and make a decision that will be beneficial to Coleman County.

Ask your neighbor about me, I think you'll find that I am the kind of person that you will want for your next precinct commissioner.

Whon News

By Mrs. Tom Rutherford

Today does not seem as though on April 7th will be very good picnic weather. Only two weeks until the Whon Picnic. No one told me but the standing procedures are to clean the picnic grounds and haul wood and whatever can be done on Saturday before picnic day. This Saturday, March 31 will be the day for making those preparations.

I am sorry for the mistake I made last week on my son Thomas from New Hampshire being with me. I stated he had been with me since mid July. Was very muchly wrong. I should have said mid-January. Sorry.

Mr. and Mrs. Amon Otts, Yancy and Mr. and Mrs. Danny Otts and Hardy were supper guests with Mr. and Mrs. Craig Bryant and boys one night the past week. Mr. and Mrs. Bryant have built a country home South of Whon near the Colorado River. Their home is in Brownwood where they have a business.

Mr. and Mrs. Douglas Avant and Mrs. Avant's mother, Mrs. Abby Steward of Brady, and Jacky Lynn Avant of Midland were guests of Mrs. Pearl Avant in Santa Anna Sunday. They were observing Mrs. Avant's birthday which will be March 27. Happy birthday to Pearl. Douglas also visited with his mother Saturday afternoon.

We are awfully thankful to report Mrs. Graham Fitzpatrick (Imogene) was dismissed from the Humana Hospital in Abilene Friday. Previously being a patient in Brownwood Regional Hospital for a time before entering Humana. She returned home Friday afternoon and reports so thankful to be home. She and her husband appreciated each who visited with them in the hospital.

Seward's Folly

On March 30, 1867, the United States and Russia signed a Treaty of Purchase putting the territory of Alaska under American control. Secretary of State William H. Seward agreed to buy the region for \$7.2 million, approximately 2 cents per acre. Alaska is the largest state in the union, is rich in natural resources and, due to its proximity to the U.S.S.R., is regarded as highly important strategically. At the time, however, Alaska's purchase was seen by the American public as a joke and was popularly referred to as "Seward's icebox" and "Seward's folly."

The windiest city in the US is Great Falls, Montana, where the average wind speed is 13.1 mph. Chicago, the notorious "windy city," actually ranks only 16th among the windiest cities in the US.

Roadside Parks in County Will Soon Be Spruced Up

Roadside parks and picnic areas in the Brownwood District of the State Department of Highways and Public Transportation will soon have a new look as the result of refurbishing contracts let recently by the State Highway Commission.

All of the picnic tables, benches, and arbors in the nine-county district are to be repaired, cleaned and repainted.

Two contracts were awarded to firms submitting low bids. Early Enterprises of Lampasas will refurbish park and picnic areas in Brown, Coleman, McCulloch, Lampasas, mills and San Saba Counties at a cost of \$35,250 while A-1 Construction Co., Inc. of Odessa received the contract for those in Comanche, Eastland, and Stephens Counties at a cost of \$24,000.

In addition to making the roadside parks more attractive and inviting to the traveling public, these projects to spruce things up are expected to help protect metals and concrete from deterioration because of weather conditions.

County Predator Control Needs Funds

The Coleman County Predator Control Committee decided at their last regular meeting to ask the producers in the county to again donate funds to help in the fight against predators, a fight which must continue if producers want to stay in the livestock business. It is just as important to increase and help fawn survival of the deer herds. The group suggested that producers donate five cents per acre - a similar donation made in the past. The last time donations were collected was 1984.

One of the major projects this committee hopes to use this money for is to fund one-half of the salary for an additional trapper. The other one-half of the salary would be funded by Rannels County producers. This person would work in both Coleman and Rannels Counties.

The money will also be used to

Since there are more than five-hundred species of birds in Texas, deciding on a state bird could have been very difficult. Our forefathers might have picked the roadrunner, the woodpecker or the cactus wren. However, when the State Federation of Women's Clubs suggested a bird that "is a singer of distinctive type, a fighter for the protection of his home, fall in if need be, in its defense, like any true Texan," the dye was cast. On January 31, 1927, the Mockingbird was adopted as the state bird of Texas.

Work is to begin the first of April and be completed by the end of June.

ON YOUR FEET
 Podiatrist DR. GENE NICHOLS
IMMERSION FOOT ("TRENCH FOOT")
 IMMERSION FOOT is brought on by prolonged contact of extremities, particularly the feet, with moderately cool or cold temperatures in constrictive clothing and in conditions of continuing moisture. It gets its other name, "TRENCH FOOT," from the fact that thousands of soldiers suffered the condition during WWI. In many cases, circulation was impaired to the point where gangrene set in.
 Today, immersion foot is only a danger to people who spend most of their days outdoors in the wet and cold — construction workers, fishermen, and winter sportsmen. By far the best treatment is prevention.
 Take care to warm and dry feet if they have been exposed to precipitating conditions. Also wear thick WOOL socks with relatively LOOSE-FITTING BOOTS, since wool can absorb a great deal of moisture and still keep the feet warm even when wet.
