SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY JUNE 8, 1934

NUMBER 23

"He Profits Most Who Serves Best"

## June Trades Day Brings Large Crowd to Town

Tuesday was a busy day in Santa Anna. Large crowds were here from most every direction, and the rodeo and other events were interesting and created much comment.

Added to the attractions formerly used were a potato race and two sack races, with 14 contestants in each event.

In the potato race, Othel Howard won first place. Donald Beard won second place and J. T. Cain won third.

In the first sack race, Rufus

Farris won first place, Clyde Bingham won second and Jim Beards won third place. In the second race, for small boys under ten years of age, the winners were Leon Oakes, Rep Harris and Lester Clay Kinnard, respectively.

The other events have no report on the winners or losers. The merchants report a busy day, and the Trades Day events are going over satisfactory, in the judgment of most local business people.

## School Faculty Is Announced

The Board of Education of the Santa Anna Independent School District announces the following faculty for next school year with the possibility of another teacher being elected later for high school work.

J. C. Scarborough, Supt., Chemistry, and Bookkeeping; J. R. Lock, Principal High School, Algebra, History and boys' Physical Education; D. D. Byrne, Principal Ward School; J. M. Binlon, Vocational Agriculture and Coach.

### HIGH SCHOOL

Miss Olivia Land, English; Miss Aenes Hays, Home Making and Girls' Physical Education; Miss Naugle, Spanish, Latin and English; Mr. W. M. Green, General Science, History, and Assistant Coach; Mr. Clyde Dean, Mathematics and Assistant Coach.

### WARD SCHOOL

Miss Pearl Traylor, Mrs. J. L. Harris, Miss Eulalia G. Adv. Mrs. D. D. Byrne, Miss Eunice Wheeler, Mrs. Maud Evans, Miss Dora Kirkpatrick, Miss Mattie Ella McCreary, Miss Geneva Karr.

### COLORED SCHOOL

Miss Sadie L. Voss. The only new teachers in the faculty will be Misses Naugle and Karr, and Mr. Dean, all of whom come highly recommended. Mr. Dean taught at Rockwood the past year, and is in Texas Tech working on his Master's degree this summer. He holds a bachelor's degree from Howard Payne. His home is at Anson, Texas. Miss Naugle holds the M. A. degree from C. I. A. has done additional work in North Texas Teachers College, and is doing some work there this summer. Her home is in Denton, Texas. Miss Karr, who formerly lived in Santa Anna, holds the bachelor's degree from Howard Payne, has taught for the past several years at Zephyr, is attending summer school at North Texas Teachers College, and will have charge of geography in the elementary school. With such a well trained faculty the educational interests of our city and outlying districts transferring here should be amply taken care of.

## Coleman Burial Association Celebrates First Anniversary

Coleman, Texas, May 31: The Coleman Burial Association celebrated its first anniversary Thursday night, May 31, at the Coleman Hotel where the officers, directors, and salesmen met to review the first year's work.

The invocation was given by S. W. Cooper, Secretary of the Chamber of Commerce, and after a very enjoyable meal, T. K. Campbell, secretary-treasurer, gave a brief report of the first year's work showing the rapid growth of the association and the handling of each death claim.

In outlining a program for the coming year, Mr. Campbell feels sure if Coleman and Coleman trade territory continue to work in harmony, as in the past, the Coleman Burial Association will prove a wonderful aid to this country.

Mr. S. W. Cooper favored the guests with an address on the value of burial protection to his family.

Among the more enjoyable events of the evening, Carl Lohn board director, showed the value of the association in his precinct and made a practical suggestion that by saving one egg each day, a member may pay his burial assessments.

Among the out of town guests present were Mr. and Mrs. Carl Lohn of Gouldbusk, Rev. and Mrs. E. H. Wylie of Santa Anna, and R. S. Gaines of Cross Plains.

Miss Mary Lee Combs is visiting relatives in Miles.

## Another Pioneer Passes On

Mr. Enoch Warren Boles, 85, died at the home of his daughter, Mrs. J. T. Griffin, Saturday morning about 3:30 o'clock.

Funeral services were conducted by Rev. A. L. Oder at the Eureka cemetery Saturday afternoon, and interment was made at about 4:30 with the Mitcham Funeral Home in charge of arrangements.

Mr. Boles was born April 8, 1849 in Ellis county, Texas. He was married, in 1877 to Miss Roxie Shannon. Ten children were born to this union, six of them still survive. His wife died seven years ago. He came to Coleman county in 1865, and has resided here continuously since, making his residence in this county about 69 years. He was a member of the Christian church, and was a devoted Christian.

The survivors are Mrs. W. E. Hunter, Hollis, Okla.; Mrs. R. L. Barnes and Mrs. Jim Evans, Groesvenor, Texas; Mrs. H. S. Dadd, Ranger, Texas; Mrs. A. B. Laudermlk, Talpa, Texas; and Mrs. J. T. Griffin, Santa Anna. He is also survived by 23 grand children and 14 great grand children.

The pall bearers were Sam McCreary Loyd Price, Bud Evans, Jesse Griffin, Roy West and Rev. Havneck.

Mr. Boles came to this part of the country before Coleman county was organized. All the old timers here remember him and the Fiveash families as being among the earliest settlers, coming here during the Indian days.

## David McClellan, Victim of Tragedy, Buried Here

David McClellan, 38, son of J. E. McClellan, together with six other men, were killed instantly Monday in an explosion near Norman, Oklahoma. The Associated Press carried the following news item Tuesday morning.

NORMAN, Okla., (AP) June 4.—Several members of a seismograph oil exploration party were killed in an accidental explosion of a roadside dynamite magazine eight miles southeast of here late today.

The victims were identified as: Vernon H. Weddel, 26, Chandler, Okla., single.

Preston Barnes, Guthrie, Okla. married.

Lloyd B. Flood, Norman, Okla., married.

Don McDonald, San Antonio, Texas, single.

David McClellan, Santa Anna, Texas, married (wife living here).

Herman Voigt, Perry, Okla., single.

Joe Fanning, May, Texas, single.

Weddel was a water-carrier in the employ of the Sinclair Prairie Oil company. The others were employes of the Petty Geophysical Explorations, company working under contract for the Sinclair concern.

The other members of the party, Edward C. Petty, the foreman, and Weldon Crawford were some distance away from the blast and were uninjured.

Crawford, said Dr. B. H. Coolidge of Norman, who assisted officials in conducting an investigation of the explosion, was the only person in a position to see the blast, and he did not witness it, because his back was turned at the moment. Crawford was mounted on an observation truck some distance away, and was making observations with precision instruments.

Petty was about a half mile away from the scene at the time of the blast.

Distraught by the horror of the accident, he turned aside interviewers with, "What is there that I can say?"

W. C. Berry, a farmer living about a quarter-mile from the scene, said he heard the explosion and saw part of the shower of debris fall.

"I was standing in my yard," he said. "Suddenly I heard a terrible noise. I looked up and saw the air was cluttered with objects."

The men's bodies were horribly mangled. Portions of them were scattered over an area 200 yards in diameter. Hurdly summoned undertakers raced from Norman to the scene, and removed the remains to an emergency morgue set up in a large store building. There formal identification was established.

Two trucks were at the scene of the explosion. One, used to transport the explosives, was blown to bits. The rear end of the other, a water truck, was badly damaged. Between the two was a fresh crater in the earth.

The frightful blast inflicted damage on the farm home of T. A. Maloy, about 200 yards away. Ceilings were caved in, partitions were broken, and chinaware cracked.

Although none of the Maloy family was hurt, three of the children had a narrow escape. Just three minutes before the explosion, the children had approached the working men, and had been ordered back to their home. Reluctantly they returned—and reached shelter just before the earth trembled from the force of the blast.

Sub-surface geophysical exploration by means of the seismograph and man-made miniature earthquakes is a relatively recent development in petroleum prospecting. Heavy blasts of explosives are detonated over the area to be surveyed, and delicate instruments record the sound wave echo vibrations from formations far under ground, giving accurate knowledge of structures at great depths.

The remains were brought here arriving on the morning train Wednesday, and interment was made in the local cemetery following funeral services held at the U. S. A. Presbyterian church at 2:30 P. M. Mrs. McClellan is a daughter of Mr. and Mrs. J. T. Oakes, both families being among the prominent people of this community.

## Baseball Schedule For Coleman County

(Reprinted from Coleman County Chronicle)

The Coleman County baseball league is now launched on the season's schedule of games in a big way.

The schedule for the season as arranged, ends on August 12 and immediately after that date the county series is to be played which will decide the league champions. The date of July 4th has been left open in order that the various communities may arrange picnic games according to their pleasure on that date.

The schedule for the South half of the county is as follows:

- JUNE 10**  
(All Double Headers)  
Gouldbusk at Cleveland.  
Trickham at Santa Anna.  
Whon at Voss.  
Leaday at Brown Ranch.
- JUNE 17**  
Voss at Gouldbusk.  
Brown Ranch at Trickham.  
Cleveland at Leaday.  
Santa Anna at Whon.

White Chapel at Goldsboro.  
Silver Valley at Webbville.  
South Coleman at Glen Cove.  
Burkett at Talpa.

### OPPORTUNITY IS KNOCKING; LET'S OPEN THE DOOR

There is before the people of this community right now, an opportunity and when we say the people of this COMMUNITY we do not mean the merchants and business people only. We are not talking to the church members nor the sinners solely, but we mean all of you, who are living in the trade territory of Santa Anna.

The Federal Government, thru its scheduled rehabilitation program is offering the following proposition, viz:

If this community in some way can and will furnish one-half of the material for a community center building, the government will put up the other half of the material and then furnish all the labor to construct said building, thus giving a few jobs to the needy, and then after it is completed this said Federal Government or ours will install equipment for a first class cannery adequate to take care of all needs of our community; also the government will install and equip another room in the building for a shop for cabinet work and to make rustic furniture and another room devoted to sewing and still others equipment for other kinds of workrooms that will employ more of our unemployed to make things for the needy and also others that are able to pay for articles.

We must have this building and the only way is to dig down and raise enough money and material to get this project secured and must do it now.

Had we been equipped with a cannery 30 days ago, we could not only have saved lots of food stuffs that have burned up but would have been employing about 40 people per week at living wages, so that they would not have been forced to go to the relief office to ask for grants of food supplies.

The Coleman cannery is running full time and has been since vegetables came in and the

### BUFFALO H. D. C.

"Teaching good habits should begin from the time of birth," said Mrs. N. S. Christy in her talk on "Teaching Children Good Habits," which she gave to the members of the Buffalo Home Demonstration Club that met at the Buffalo school house June 5.

"If we will teach good habits at this time we will save lots of time and effort later on," Mrs. Christy stated also.

"Food Habits" was the subject of Mrs. W. L. Thigpen's talk and other interesting talks were given by Mrs. George Bivins and Miss Gertrude Brent. Miss Brent also gave a very helpful talk and demonstration on "Pickling."

Mrs. Harvey Guest and Miss Fern Ragsdale were elected representatives to the A and M College short course. Mrs. Guest was also elected second reporter.

It was decided that no fee will be charged for playing at the next Progressive "42" party which will be given at the Buffalo High School auditorium June 15.

There were ten members and three visitors present.

### CARD OF THANKS

We wish to express our heartfelt thanks to our neighbors and friends for your kindness and sympathy during the sickness and death of our father, Enoch Warren Boles.

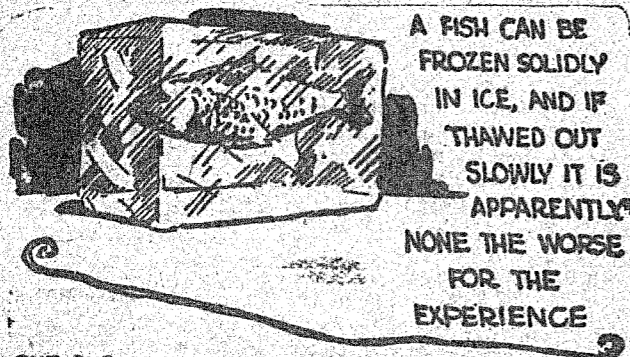

Mrs. A. B. Laudermlk  
Mrs. W. E. Hunter  
Mrs. R. L. Barnes  
Mrs. Jim Evans  
Mrs. H. S. Dadd  
Mrs. J. T. Griffin

C. I. Grantham was a Stephenville visitor Thursday.

records show that about half the food stuffs canned there is from this community.

SAY, LET'S GET THIS THING DONE QUICK.

## You Can Bank On This

ONE CUBIC FOOT OF PURE GOLD WEIGHS 1200.0 POUNDS, WHILE A CUBIC FOOT OF CAST IRON WEIGHS 450 POUNDS, AND A CUBIC FOOT OF WROUGHT IRON WEIGHS 430 POUNDS.

### SAVE—DON'T HOARD

There is a vast difference between saving and hoarding.

The hoarded dollar draws no interest, is an invitation to thugs and thieves, and being out of circulation retards progress.

The saved dollar put in this Bank is safe, and being in circulation helps to promote prosperous times.

Save—Don't Hoard.

## The Santa Anna National Bank

Safe... because it's sound

Under A Texas Star

By Austin Callan

The Greatest Present Danger

No one who thinks can be un- mindful of the fact that crime is a challenge to America. Picking up a daily paper the morning after Easter, I shuddered at reading accounts of diabolical deeds that had been committed in the previous twenty-four hours.

The front page of that paper was a bulletin of horrors. Officers in the discharge of their duty were brutally assassinated; notorious gunmen had left a smoking pathway across several states; there were killings and robberies reported in every part of the country that was worshipping at the shrine of the Risen Christ. No heathen nation anywhere on the face of the globe had made such a record for the same space of time.

In the same paper there was a list of pardons that had been granted other murderers and robbers.

There was also the pitiable excuse from those responsible for turning felons loose upon the country that it was the fault of the information placed in their hands that bad men had been released.

What right did the excuse-makers have to turn convicted prisoners loose without a thorough investigation. It stands to reason that those fighting for their freedom would present only one side of the case. After twelve sworn and impartial jurors weigh the evidence and bring in a conviction, that conviction should stand unless proof is furnished by the criminals themselves that the testimony against them was false and that there was a doubt as to their guilt.

It is mighty hard to capture a criminal these days. The desperate bank robbers and kidnapers will fight it out with the officers rather than surrender, and they are armed to the teeth with every advantage on

their side. The officer must know that he is right and that his life is in danger before he will shoot. The gunman kills if he thinks that his victim might be able to furnish some information concerning him. He doesn't care whose life he takes and he will take life cowardly.

It is hard to say what can be done. These desperadoes ride in fast cars; they travel far in the night, and they are armed with the deadliest weapons known. Hardly a one of them is ever caught without some brave officer going down. But every law abiding man on earth should lend every bit of assistance that he can to bringing such offenders to justice. And when they are captured and tried, and convicted, it should be regarded as the offense of an arch-criminal to pardon one of them.

Nearly every outlaw who is terrorizing the good people of this state, has been behind the prison bars. Some of them escaped through the carelessness of prison guards. But most of them were deliberately released to continue their record of crime.

Taxation is a problem, recovery is a problem, our growing army of unemployed is a problem. But crime outweighs all of these. We are faced with the proposition that it is as dangerous on a Texas highway as in the jungles of Africa. Your life was much safer on the wide open ranges of the West when the red man still infected our state than it is in the suburbs of any one of our metropolitan cities. And while that is the situation no thoughtful man can be satisfied.

Yes, it is hard to say just what can be done toward more effectively running our criminals down. But it is not hard to hold them when we once get them, and public sentiment should be strong against releasing murderers that when we once get them we will hold them.

THE RAWLEIGH LINE

We will be located at the old Welch Harness Shop each Saturday with complete line of Rawleigh Products. W. B. Griffin, the Rawleigh Dealer. 1p

Hardin & Simmons Commencement Climaxes Dr. J. D. Sandefer's 25th Year as President

DR. J. D. SANDEFER, PRESIDENT

MR. AND MRS. JOHN G. HARDIN

GEORGE H. MAHON, COMMENCEMENT SPEAKER

HARDIN & SIMMONS CAMPUS

COMMENCEMENT AT HARDIN AND SIMMONS UNIVERSITY

Forty-second annual commencement exercises held at Hardin and Simmons university, Abilene, on Thursday, June 7, were significant in two respects:

JUDGE C. L. SOUTH FOR CONGRESS

Judge C. L. South of Coleman, district attorney of the 35th Judicial district and candidate for congress from the new 21st district was in the Mountain City Tuesday, and placed his announcement with the News for the high office he seeks.

Judge C. L. South is too well known here to need any introduction at our hands, coming to this country twenty years ago from Callahan county, a young man school teacher, and being in public service most continuously since that time.

Judge South was born in Washington County, Virginia, 42 years ago. In 1893 the family moved to Callahan county, Texas, and settled on a farm. Judge south attended the public schools in that county, summer school in Abilene and Cisco until he managed to secure a teachers certificate. He taught school and continued to make use of his time between schools to accomplish a higher education. He was appointed to a place on the State Board of Education in 1919, by Miss Annie Webb Blanton, at that time State Superintendent of Public Instruction, and the head of the educational department of this state.

In 1920 he was elected County School Superintendent of Coleman county, and served two terms. His efficient work, directing the educational affairs of the county, rendered him rather popular, and in 1924 he was elected to the office of County Judge, which office he served six years, during which time he made good use of his spare time studying law. He was admitted to the bar several years ago. He was elected to the office of District Attorney in the 35th, Judicial district composed of Brown, Coleman and McCulloch counties four years ago, and re-elected to the same office two years ago. He has served well in every place he has been elected to serve, and when he is elected to Congress this year, he will make a good congressman.

Judge South is a forceful speaker, versed in law, competent in every way to fill the office he is seeking, and will do honor to not only his district, but the state at large. He is young, courteous, has a splendid personality, and is just the type of men needed in Washington. In talking with

him, had the following to say relative his campaign: "I am not announcing a definite platform just at this time, although I propose to discuss, as the campaign develops, such measures and issues as appear to have a place in the campaign. During times such as we have been passing through, and are now experiencing, when even our national leaders are uncertain as to what measures and policies to adopt, but are proceeding step at the time, and as has been aptly expressed by President Roosevelt, 'If this does not work we'll try something else,' it seems to me that for a candidate for Congress to definitely declare that certain measures should be adopted, and others abandoned, would be evidence of his unfitness for grave responsibilities, rather than the contrary. If elected to Congress, I propose to make a careful study of the problems as they arise, and then render to the people of this district the best service which I am able to render."

Dr. Sandefer, thought to have been president of one college

longer than any other man in Texas, was honored Friday in a program attended by 1,500 people, including some of the state's leading school men. Dr. George W. Truett of Dallas gave a tribute to Dr. Sandefer as a Christian educator.

Above are shown: Dr. Sandefer; Mr. and Mrs. John G. Hardin of Burk Burnett, whose recent gift of \$400,000 to the university resulted in a change of the name from Simmons to Hardin and Simmons; and George H. Mahon of Colorado, who delivered the commencement address to 71 seniors.

er; Mr. and Mrs. John G. Hardin of Burk Burnett, whose recent gift of \$400,000 to the university resulted in a change of the name from Simmons to Hardin and Simmons; and George H. Mahon of Colorado, who delivered the commencement address to 71 seniors.

DAVE SNOGRASS FOR DISTRICT ATTORNEY

D. L. Snodgrass of Coleman, Texas, candidate for District Attorney of the 119th Judicial District, is making a campaign in the counties embraced in the district, Coleman, Tom Green, Runtells and Concho.

Mr. Snodgrass made his formal announcement more than thirty days ago. He was born in Coleman county, Texas, April 18, 1889 and received his education in the public schools of Coleman, at Austin and in Vanderbilt University. He was admitted to the bar in 1913 and since that time has been engaged in the practice of law.

Mr. Snodgrass is a son of the late Judge F. L. Snodgrass of Coleman and a brother of Scott Snodgrass, practicing attorney of San Angelo. After being admitted to the bar he entered the private practice of law as a member of the firm of Snodgrass, Dibrell and Snodgrass, his father being the senior member of the firm. He served in the World War and is a member of the American Legion.

After his discharge from the army he served as county attorney of Coleman County and was for four years attorney for the Livestock Sanitary Commission of Texas. He has been City Attorney of Coleman for the past five years and is at present a member of the firm of Dibrell & Snodgrass.

He respectfully solicits the support of the people of the district and promises, if elected, to faithfully and efficiently discharge the duties of the office.

TO THE VOTERS OF COLEMAN COUNTY

This is to announce to you that I am in the race for sheriff, in and for Coleman County. I am a native born citizen of this county, resident of the city of Coleman, forty (40) years of age, and a taxpayer of this county. I realize the needs of the citizenship of Coleman County and pledge myself should I be elected to that office, to hold the cost of said office as low as possible, realizing that at the present the taxpayers of the county are burdened to the limit; consequently, there is the necessity of an economical ad-

ministration. By this statement I mean that I will deem it my first duty to look after the needs of the citizens of Coleman County.

I do not see the necessity of the taxpayers of my county paying a man to patrol the state of Texas thus adding mileage to expense. I further believe that we have within the limits of Coleman County many qualified men for the necessary deputies in connection with the office; and pledge to you, should I be elected, that my deputies will be selected from the citizens of Coleman County. I feel that the burden of the taxpayers toward the office of sheriff can be materially reduced by appointment of deputies in localities where necessary, and thereby the reduction of mileage.

I will further state that I am not controlled by any faction and believe in law enforcement. Feeling that the office of sheriff is a gift of the people, I will strive at all times to serve the people as whole as their public servant. Especially, will I strive to make our county a better and safer place in which to live. Realizing the temptations confronting the boys and girls who are the men and women of tomorrow, I will make every possible effort to cooperate with them and with their parents.

If elected to the office as sheriff of Coleman County, I expect to treat prisoners in a courteous and respectful manner, grant them without hesitation their rights under the laws of the state of Texas to immediate legal council. I feel it is necessary to bring criminals and law violators to justice as speedily as possible disposing of all unnecessary expense to the taxpayers from that source. By doing this, there will be eliminated to a great extent the cost of the keep of such prisoners to the taxpayers of Coleman County.

I have had experience as a peace officer, also, as a private investigator of the District Attorney's office in the Criminal District Courts of Pueblo, Colorado, and feel that I am fully qualified to serve you in the capacity of sheriff of this County, soliciting your votes and influence, respectfully submitting for your consideration. Yours for service,

N. L. (Norman) Robertson

Chester B. Hoopes, one of the superintendents at the Knappe-Coleman Glass company, plans to go after his family at Sapulpa, Okla., this week.

C. L. Peterson, who has been working in the office at the Knappe-Coleman Glass company, is out on the road this week, looking after outside affairs.

S. A. Coleman, Jr., one of the proprietors of the Knappe-Coleman Glass company, made a business trip to Austin last week-end.

Mr. and Mrs. Vernon Adams and son Bill came Wednesday for a visit in the home of Mrs. J. D. Simpson. Mr. Adams returned to Fort Worth Thursday.

POLITICAL ANNOUNCEMENTS

The Santa Anna News has been authorized to announce the following as candidates for the respective offices designated, subject to the action of the Democratic Primary, July 23, 1934:

FOR CONGRESS 21 DISTRICT E. E. (Pat) Murphy CARL RUNGE C. L. South

FOR STATE SENATE, 25th DIST. Penrose B. Metcalf E. M. Davis

For the first time in years I laughed at the calendar! Don't sacrifice part of every month to torturous periodic pains. Vibopyrine gives you soothing relief quickly. VIBOPYRINE

WEEDS AND SUMMER TIME

Summer time is now here, notwithstanding the nights are still very pleasant and the early mornings are exceedingly cool for the time of year, and the weeds are growing fast. Santa Anna recently went thru a general clean-up campaign, when more tin cans and other unburnable rubbish were assembled and carried out of town than has ever been carried out at any one time, and now it behooves the citizens to conduct a general weed cutting campaign.

Weeds furnish good breeding places for flies, mosquitoes, and other pests, as well as hiding places for poisoned rats, sick cats, chickens, birds, dogs and other such things as they are nearing the end. Many of them will die and remain there and transform thru the decaying stage unless the weeds are cut and the view is made more clear so they can be found and removed.

We have often stated, and repeat it again here, that Santa Anna could be made one of the most beautiful spots in central Texas, if the local citizens would only exercise the proper civic pride. Tourists and visitors will be here and passing thru here by the hundreds and thousands during the summer months, and the outside appearance of the town will make the impression on visitors and tourists as to the kind of people who live here. Let's cut the weeds.

Miss Kathryn Rose Pinney returned home this week from Fort Worth, where she attended Texas Womans College the past semester.

Mrs. Jimmie Simpson of Brownwood spent Sunday in the home of her grandfather, Mr. J. M. Byrd.

Miss Mary Southern Garrett left last Friday for an extended visit in Los Angeles, California and Seattle, Washington.

Little Bernie Jeanette Ashmore of Rockwood is spending the week with her little cousin, Maudie Kathryn Ashmore.

Weight Reduced From 180 to 137

"Wonderful," She Says

Here's to-day's story of a woman who knew she carried too much fat and decided the right way to get rid of it—just a few words that wise fat folks should heed—worth reading.

"I use Kruschen Salts to reduce. It's wonderful. Take it daily and eat what I want and still lose. I did weigh 180, now 137. Want to get down to 125." Mrs. Leonard Bass, Ft. Atkinson, Wis., Feb. 6, 1934.

When you take one half teaspoonful of Kruschen in a glass of hot water—you not only lose in weight but you put healthy activity into your whole body—you feel younger and look it—get it at any drugstore in the world.

Mr. and Mrs. J. L. McCaughan and Miss Fern spent the weekend in Star. Mrs. McCaughan's niece, Mrs. Rex Clifton and her three children returned home with them for a visit.

An etomologist declares that ants generate their own electricity by friction. We have a strong suspicion that we recently sat on one of their short circuits during a picnic.

Don't Get Up Nights

USE BUCHU AND GIN Make This 25c Test

It is as valuable to the bladder as castor oil to the bowels. Flushes out impurities and excess acids which cause the irritation resulting in getting up nights, burning, frequent desire, leg pains and backache. On account of the alcohol in gin use juniper oil from which gin is made. Ask for Bukets, the bladder laxative also containing buchu leaves, etc. After four days, if not pleased your druggist will return your 25c. You are bound to sleep better after this flushing.

BUKETS guaranteed by Phillips Drug Co.

Prisoner: "Judge, I don't know what to do."

Judge: "Why, how's that?"

Prisoner: "I swore to tell the truth but every time I try, some lawyer objects."

"Why does a red-headed girl always marry a quiet fellow?" "She doesn't. He just gets that way."

Maybe the good die young, but the chances are if they'd lived they'd grown up to be just as mean as the rest of us.

SHERIFF'S SALE STATE OF TEXAS County of COLEMAN

By virtue of an order of sale issued out of the Honorable District Court of Bell County on the 5th day of June, A. D., 1934 by the Clerk thereof, in the case of THE WHITEFIELD SAVING BANK & TRUST COMPANY, of Whitefield, New Hampshire, a private corporation, versus Will Gray Sallie Gray, and The First Coleman National Bank of Coleman, Texas, a private corporation, and being Cause No. 20,921, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the FIRST TUESDAY IN JULY, A. D. 1934, it being the 3rd day of said month, before the Court House door of said Coleman County, in the town of Coleman the following described property, to-wit:

111.9 acres of land lying and being situated in Coleman County, Texas, and being out of the Joseph Lavine Survey No. 698, Patent 420, Volume 2 and being out of the Southwest corner of said survey and being more particularly described by metes and bounds as follows:

BEGINNING 634 vrs. West of the N. W. corner of the J. M. King homestead tract out of the Joseph Lavine Survey;

WHY HELEN, DON'T THE ICE TRAYS STICK? MY DEAR, ICE TRAYS THAT STICK ARE OUT OF DATE... Ours is a Frigidaire '34' Automatically—at a finger touch—ice trays glide from the freezer of the Frigidaire '34! But that's only one of the features of this fine Frigidaire. For instance, the Super Series Frigidaire '34 has automatic defrosting; it has Lifetime porcelain inside and out; it has the new Sliding Utility Basket for eggs and small articles; and the Frigidaire Servashelf that's so convenient when rearranging things in the refrigerator. Nor is that all... double Hydrator capacity; interior lighting; faster freezing; and more-than-generous food space, with extra room for tall bottles. And the powerful, quiet motor operates on a remarkably small amount of current! Will you come in and see what's happened in electric refrigeration? Here is a Frigidaire that Uses Less Current than One Ordinary Lamp Bulb West Texas Utilities Company

Buffalo News

Mr. and Mrs. Hollace Pendergrass of Colorado, Texas, visited Mr. and Mrs. Warren Ragsdale last week.

Miss Velma Rogers of Brownwood is spending this week with her aunt, Mrs. Dan Evans.

Mr. and Mrs. Melvin Yarborough of Albany, Texas are visiting in the George Bevins home. Mrs. Arnold Ragsdale's sister, Miss Maybelle McDonald of Mount Zion spent last week with her.

Mrs. T. M. Hays, Jr. of Santa Anna, visited Monday with her father, J. J. Andrews.

Mrs. George Bivins and Mrs. Melvin Yarborough attended the singing at Plainview Sunday. Loyd Smith of Ada, Okla., is a guest in the Harvey Guest home.

J. B. Ragsdale of San Antonio spent the week-end with his cousin, J. S. Ragsdale of this community.

Mr. and Mrs. T. L. Christy and little daughter, Charlotte Jean of the Eureka community, were Sunday guests in the O. G. Curry home.

All the ladies of the community are very busy canning vegetables and fruits. Everyone is determined to have well filled pantries this year, it seems.

Mr. and Mrs. Jack Christy and daughter Evelyn of Silver Valley spent Sunday and Sunday night with Mr. and Mrs. Carlos McKown.

Mrs. Railback and children of Menard spent a few days this week with her daughter, Mrs. J. D. Lancaster.

The public is invited to the "42" party to be given June 15 at the Buffalo high school building.

Miss Ona Mae Smith is here this week visiting friends and relatives.

Mrs. Emmett Cox of Waxahatchie came Thursday for a visit with Mrs. C. I. Grantham.

Methodist Church

The Sacrament of Baptism is the subject for the message Sunday morning. This will be the third of a series of Sunday morning sermons on Methodist Beliefs.

At the evening hour, 8 o'clock, the subject will be, "So did not I, because of the fear of the Lord."

Sunday School meets at 9:45 a. m. Epworth Leagues at 7 p. m.

G. A. MORGAN, Pastor.

BAPTIST CHURCH

Next Sunday morning the pastor will speak on the sixth beatitude "Blessed are the pure in heart: for they shall see God." The general public is cordially invited, and the membership of the church urged to be present. Do you see much of God today? Does the world see God today as it has at Church, or is worship a ritual to you? These are good questions for us to ask our hearts. The next might suggest a satisfactory answer.

At night service we will observe the Lord's Supper, at 8:30. Prayer meeting at 8:30 Wednesday night—for all who feel the need of and urge to prayer.

Hal C. Wingo, Pastor

MORTUARY

T. L. Griffin, 78, died at the home of his grandson, Clint Griffin, in the Mud Creek community, early Sunday morning and was buried Sunday afternoon in the Lone Star Cemetery, near the Griffin home.

The News failed to get very much data on the life of deceased, or relatives surviving.

Rev. and Mrs. Hal C. Wingo and Mrs. H. Stephens, attended the funeral of Guy Burten Croft at Mineral Wells Tuesday afternoon. Mr. Croft was a cousin to Mrs. Wingo and Mrs. Stephens.

Buy it in Santa Anna.

Eureka News

Most everyone is up with their field work now. Nearly all of the grain is cut.

Mrs. E. Z. Casey and Mrs. W. H. Casey spent Saturday night and Sunday with their parents Mr. and Mrs. H. L. Lovell of Grosvenor.

Mrs. Ward Vinson of Brady is visiting her parents Mr. and Mrs. Dave Banks.

Mr. and Mrs. Christy and daughter Evelyn spent Sunday night and Monday with their daughter, Mr. and Mrs. Carlos McKown.

Mr. and Mrs. G. A. Brinson and Mrs. W. L. Swan attended the ball game in White field Sunday. The game was between Fry and Early High.

The singing last Friday night was enjoyed by a large crowd. Miss Josephine Bouchillon spent Saturday night and Sunday with her sister in Santa Anna.

Mrs. Lem Sheppard spent last week in Santa Anna.

Mrs. R. N. Bouchillon visited Mrs. W. L. Swan Friday afternoon.

Several from this community were in Santa Anna Trades Day. Dinner guests in the W. L. Swan home Sunday were Mr. Clyde Parker of Coleman, A. F. Brinson, Mr. and Mrs. G. A. Brinson.

Mr. S. M. Robinett and Mr. and Mrs. G. A. Brinson were supper guests of Miss Docia Bouchillon in Santa Anna last Saturday night.

MORTUARY

Miss Ida Gober, daughter of Mrs. J. L. Gober and her deceased husband, died at her home here last Friday morning, June 1st, after a lingering illness that kept her confined to her bed for three years.

Miss Gober was carried to the Carlsbad Sanatorium three years ago, and stayed until about 21 months ago, when she was released as a hopeless case. Loved ones looked after her every need to the best of their opportunities and administered to her to the last, knowing there was no hope for her recovery.

Miss Ida was born March 9, 1895, near Waco in McLendon county. She was converted and united with the Baptist church in 1908. She moved here with her parents in 1910. She lived a life of service and never hesitated sacrificing what might be termed her pleasures for the pleasures and convenience of others. She was said to look only for the good qualities and not the short comings in others.

She is survived by her mother, Mrs. J. L. Gober, and the following brothers and sisters: Albert Gober of Coleman; Lee Gober, Utleyville, Colorado; Jack and Lige Gober, Santa Anna; and Maurine Gober of Oregon, Ill.; Mrs. W. D. Begeman, Bellflower, Mo.; Mrs. Lovie Burnell, Brownwood; Mrs. Charles Bell, Tyler; Mrs. R. L. Newman and Mrs. A. A. Williams, Santa Anna. The latter was the principal nurse for her sister during her last days.

Funeral services were held at the First Baptist Church Saturday at 3:30 p. m., and interment was made in the local cemetery. Pastor Hal C. Wingo conducted the funeral service with Hosh B others in charge of arrangements.

All the family except three, Mrs. Begeman of Missouri, Lee Gober of Colorado and Maurine Gober of Illinois were here for the funeral.

Program of Worker's Meeting Coleman County Baptist Ass'n. Valera Church

MAN'S HEART STOPPED. STOMACH GAS CAUSE

W. L. Adams was blasted so with gas that his heart often missed beats after eating. A jerked him of all gas and now he eats anything and is fine. PHILLIPS DRUG CO.

ON TEXAS FARMS

Collin county farmers will receive \$691,024 from the AAA this year as a result of the crop and livestock reduction programs.

Four-H club girls in Wharton county continue to lead the way in showing the home folks how to make much of the living-at-home. Gardens are tended by 193 girls, 73 of whom made hotbeds late in January for getting their vegetables off to a quick start.

Lespedeza sericla, a rather new legume, is being tried by Stonewall county farmers in their effort to start pastures on rented acres. The county agent says the new lespedeza promises well in the sandy river bottom soils.

From sales of black walnuts and cakes sold in the home demonstration market in Sulphur Springs, Mrs. D. B. Kirk, home industry demonstrator for Arhala Club, has bought a pressure cooker and a new oil stove. She says her market experience has revolutionized her cake making.

The Big Five ration has made 22.2 per cent more profit above feed cost than other rations used by Bastrop county poultry demonstrators. The extra profit for one month was \$671 per farmer, the county agent reports.

Yard improvement means, according to Mrs. M. L. Bell, yard demonstrator for Farmers' Valley Home Demonstration Club in Wilbarger county: trees for shade and background at side and back of house; smooth unbroken grass lawn; foundation plantings of permanent shrubs; screen and border plantings; roses and flowers in separate beds in side and back yard; walks for back and front yard; and convenient yard service including well-equipped wash house, concrete cellar, and sanitary toilet.

CROCKETT: A feed tax of \$400,000 last year in Houston county, representing the amount sent out of the county by farmers for feed, was more than double the amount spent on all rural schools, white and colored, in the county, according to C. E. Bowles, county agent. The feed bill exceeded total state and county ad valorem taxes paid in the county in 1933 by \$231,000. Rented cotton acres in the agricultural adjustment program are expected to wipe out a large part of this feed tax this year, Mr. Bowles says.

GALVESTON: To encourage Galveston housewives and grocery stores to use home-grown vegetables when in season, the Galveston Truck Growers' Association has been conducting an educational campaign this spring. The aim is also to develop premiums for quality vegetables over the culls and unclassified stuff. "It is a program of cooperation on the part of producer, distributor and consumer," explains J. C. Yeary, county agent. "The aim is to see that each one gets a fair deal, a living wage, and No. 1 vegetables at all times. The campaign has met with good support on every hand."

ODESSA: Serious death losses among lambs from ravens which picked out the eyes of those newly weaned resulted in a spring drive against these pests in Ector and Andrews counties with about 10,000 ravens killed the first month. It is reported by H. L. Atkins, Jr., county agent. Corn poisoned with thallium was distributed in safe spots, pre-baited with rabbits.

A 5-cent jack rabbit bounty in Andrews county posted the last week in December resulted in county authorities paying off for 7,359 rabbits up to May 1st. In addition wide-range poison warfare was adopted in May. It is estimated by ranchers that rabbits destroy more than 100 sections of grass in the county every year.

DECATUR: Plans for the establishment of a home demonstration library were made by the home demonstration council of Wise county at its April meeting, according to the report of Miss Ora Slone, Wise county home demonstration agent. Each home demonstration club in the county was asked to secure contributions of books for the library. The members of home demonstration clubs will have the privilege of taking selections of the books to the library into local communities.

ROBY: According to the reports of 12 wardrobe demonstrators made to Miss Velma Heald, Fisher county home demonstrator

tion agent 114 individual patterns have been completed by home demonstration club members in the county this year. Many other patterns have been started which are not yet completed and so were not counted in the total. Miss Heald states that these patterns save the expense of buying a special pattern for each garment made and because these are individual patterns they solve the problem of fitting dresses, slips, pajamas, coats and skirts.

TYLER: The home demonstration market report for Smith county shows an increase of \$42.15 over the same period last year. In April 1933 the returns from the market were \$133.87. This year \$173.02 worth of products were sold in the market. Mrs. G. D. Sifton, a marketing member from Hopewell, sold \$63.22 of this amount. This was for chickens and eggs. One week she sold chickens to ten groups for a chicken barbecue.

PAMPA: Gray county home demonstration council's chairman of the recreational committee, Mrs. E. A. Shackleton, reported one county recreation party with 50 present, two county recreation parties with 58 at one and 38 at another.

Mrs. W. T. Hensley of Baird, who has been visiting Mr. and
