Rain Report

According to our local resident "Weather Man", Raymond Balke, the Santa Anna area received 1.63 inches of rain over Saturday night. Temperatures ranged from a 36 degree low over Saturday night and a high of 48 on Sunday. Sunday night's low dipped to 32 with a slight warming trend on Monday and Tuesday only to turn cold and wet on Wednesday, with a high of 40 predicted and turning colder Wed night.

Well Said

The mark of the man, or team, is not how many times he is knocked down, but how many times he gets back on his feet.

—Coach Dean Bass
in talking about his Junior Mountaineers.

Mountaineers Clinch Playoff Berth

Herbert Expecting To Break 2000 Yards Fri.

Mike Permenter's Mountaineers will be in Miles Friday to add the icing on the cake. They clinched a playoff berth last Friday with a 20-0 win over Menard and plan to finish district play at 4-1 with a win over the Miles Bulldogs having lost to Eden for their only defeat of the year. Eden is 4-0 in district play after routing Irion County 40-0 last Friday. The Santa Anna Black and Gold are now 8-1 for the year and will be entering the playoffs next week against Garden City.

History will be in the making Friday night as SAHS senior Herbert Jackson seeks to top over 2,000 in rushing yards. Following the win over Menard, he has already accounted for 1,923 yards in 215 carries in 9 games. If you add punt returns, kick off returns and pass receptions, he has accumulated 2,495 yards in those 9 games. You will want to be in Miles Friday to watch him add to his record which is nearing a state record for Texas

Class A football and in fact, in all of Texas high school football.

In the Mountaineer victory over Menard, Jackson was held to a mere 136 yards, an amount any running back would like to have to his credit for any one game, but under that which Herbert has become accustomed to piling up. It was the first game this year he did not score a touchdown.

Friday's win had the usual ingredients for the Black and Gold—a ground gobbling offense led by Herbert, and a punishing defense.

Santa Anna scored first in the first quarter, then tacked on two more TDs in the third and fourth quarters. The only real scoring threat by Menard ended in a fumble on the one-half foot line and Tommy Williford fell on the ball for the Mountaineers. That recovery closed out the first quarter of play.

Jackson ran the ball 19 times for 136 yards, lacking only 67 yards

Stan McVey reflects on his project of linking service families

Odessa Man Links Families To Military In Mideast

First Message Received From Saudi Was From Santa Anna Soldier

Story taken from October 13 edition of Odessa American, written by Christine Doll.

Instead of guns and artillery, 79-year-old Stan McVey uses his amateur radio equipment and free time to participate in the Middle East military buildup.

Odessan McVey and his equipment help families and Army personnel trade short messages that arrive in about two to five working days, he said.

Although he has helped families stay in touch with overseas soldiers for about four years, he is seeing an increase in messages because of the U.S. military buildup in the Middle East.

He received his first message from Saudi Arabia Thursday, October 11, from soldier Jack Duquette to his mother Cieta Brown who lives in Santa Anna.

It said: "Hi Mom. I just want to say hi and I love you. Take Care. Write when you can. Love, Jack."

McVey helps transfer messages because he is a member of the Military Affiliate Radio System, which

offers the program free to soldiers and their families.

When he sends out a message, he first types it into his computer where a copy is made. Then it is translated into his radio equipment and sent through the antenna on his house. From there it makes several stops before being sent overseas, he said.

McVey said he was not surprised that messages from Saudi Arabia were not until that time being sent out. "It takes a while to put everything together. The Army never does anything fast," he said.

But he also is disappointed that more families don't send messages to their soldiers. He suspects they don't know about the program or that it is free," he said.

"The only thing it costs me is the price of a stamp."

When McVey receives a message from overseas, he usually mails it to the family, he said.

His coverage is most of West Texas, although several other ama-

Local Methodists Sponsor Minister From Philippines For "Gathering" In Fort Worth

Close friends reunited, Garibay and Elrod

First United Methodist Church of Santa Anna sponsored a minister from the Philippines for the "Gathering" in Fort Worth last week. The Rev. Samuel Garibay is

District Superintendent of the West Central District of Luzon and is in the United States due to the efforts and caring of Rev. Don Elrod of First United Methodist and mem-

bers of the congregation, along with others in the area who have also helped with getting the visiting minister here.

The "Gathering" was attended by over 4,000 United Methodists from 49 countries around the world,

including ministers and lay people. The event was designed to launch a

new initiative for the entire United Methodist Church; with the emphases being that vital congregations produce faithful

disciples and faithful disciples produce vital congregations. Classes and meetings held were to equip local clergy and lay people with a new vitality and new spiritual skills for personal discipleship.

Rev. Elrod and Garibay became close friends in December of 1988 when Elrod was in the Philippines during a Methodist-sponsored missionary trip.

When the local pastor learned of Garibay's desire to attend the "Gathering" a drive was launched by the Santa Anna church to raise

funds to help Garibay pay air fare and room and board while in Fort Worth for the meeting. Donations came from local church members, from church members outside the area...including some from out of state...and from the local UMW, Methodist Men and United Methodist Youth.

While in the Philippines, Elrod stayed with the Garibay family for about two weeks and the two ministers developed a lasting friendship. Garibay will be a guest in the Elrod home until November 20 when he will leave to visit friends in California. Rev. Elrod says, "They were such gracious and giving hosts, I appreciate the opportunity to return the hospitality."

Rev. Garibay has been scheduled for some speaking engagements in area churches including the local First United Methodist Church where he will speak during next

Sunday's worship service. Everyone is invited. Other engagements include St. Paul United Methodist, Abilene, Big Springs District Pastor's meeting, Everman United Methodist Church and Whitney First United Methodist Church.

SAHS sophomore, Betsy McIver, tagged a trophy eight-point buck on the first day of gun season for deer hunting last Saturday. Hunting with her father, Terry McIver, she bagged her prize on the Simmons Home Creek Ranch. It was the first deer she had ever killed and what a first!

Thoughts From Our Pastors

Don Elrod First United Methodist Church

Shagmar had an ox goad
David had a sling
Samson had a jawbone
Rahab had a string
Mary has some ointment
Aaron had a rod
Dorcas had a needle
ALL WERE USED OF GOD

The story is told of a child in India going into the home of a missionary. The child wanted to do something to help the work of missions, so she gave the missionary a penny. The penny bought a Christian tract which was placed in a box, from which anyone who wanted a tract could take one free of charge. The tract came into the hands of a head-hunter who later became converted. A few years later, a church was built there. Fifteen hundred natives were saved from heathenism. One shiny penny was given to Jesus with a heart of love by a little child, but the result of that penny's work made it priceless indeed.

Around & About

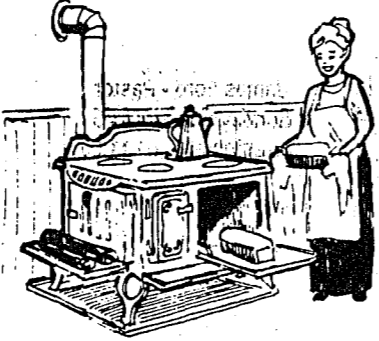

Mrs. T.J. McCaughan's visitors during the weekend included her daughters, Betty Ann Henderson of Del Rio and Margaret and David Karthaus of Fort Worth, their children, Rob Henderson and Elizabeth Hicks of Del Rio, and the James Karthaus family of Kerrville.

Friendship Luncheon

Doris Griffin reports there was a nice group for the Friendship Luncheon last Thursday when the menu was roast beef and all the trimmings.

Today's (Thursday) menu will be pot-luck. Everyone is invited to bring a covered dish and join the group for food and fellowship at noon at the Mountain City Community Center.

The group meets each Thursday at noon and everyone in the community is invited to participate. There will be a free blood pressure clinic prior to the meal next Thursday, November 15.

Cast-iron cooking ranges came into use in the 1800's. Burning coal, coke and wood, many of these stoves included a reservoir for keeping rain water warm.

Visitors over the weekend with Othel Warnock were her son-in-law and daughter, Lawrence and Glenda Merworth of Midland. Other recent visitors have been Mr. and Mrs. Thurman Boyd of Brownwood, Bertha Newcomb and Louise Garrison, both of Fort Worth.

Nutrition Program Menu

The Nutrition Program of Santa Anna serves lunch every Monday, Wednesday and Friday at 11:30 in the Civic Center (Armory). Everyone over 60 years of age is invited. Meals are paid for by voluntary donations. Cost of serving each individual meal is approximately \$1.25.

- FRIDAY, NOVEMBER 9
Barbecued chicken, red bean with rice, potatoes Au gratin, carrot-cabbage salad, peanut butter pudding.
- MONDAY, NOVEMBER 12
Chicken fried steak, cream gravy, whole kernel corn, spinach, banana cake.
- WEDNESDAY, NOVEMBER 14
Chicken Ala King with baking powder biscuits, orange glazed sweet potatoes, broccoli spears, canned pears, peanut butter cookies.
- FRIDAY, NOVEMBER 16
Ham & beans, deluxe slaw, fried potatoes with onions, mixed greens, fruit cobbler.

Quotable Quotes

A WORD FROM THE COACH:
I'm just a plowhand from Arkansas, but I have learned how to hold a team together. How to lift some men up, how to calm down others, until finally they've got one heartbeat together, a team. There's just three things I'd ever say:
If anything goes bad, I did it.
If anything goes semi-good, then we did it.
If anything goes real good, then you did it.
That's all it takes to get people to win football games for you.

Plan To Be In Miles Friday To Watch History In The Making

Make plans to travel to Miles Friday for a 7:30 game pitting the Mountaineers against the Miles Bulldogs. The Mountaineers last Friday clinched a playoff berth by defeating Menard. Eden leads the district with Santa Anna now in second place. The history making we will watch Friday is Herbert Jackson reaching over 2,000 yards in a season. He now has 1,923 yards on 215 carries in 9 games. Adding punt returns, kick off returns, and pass receptions he can account for 2,495 all-purpose yards at this time, nearing a state record not only in Class A, but for all time Texas high school football.

Community Choir Meets Sunday, 4:00

The Community Choir will meet for the second time this season Sunday afternoon at 4:00 p.m. at the First United Methodist Church. The group is beginning rehearsal for its annual Christmas presentation and anyone interested in singing with the choir is invited to take part. Lois Harper will be directing.

Billy Graham Film, "Caught", To Be Shown At Methodist Church Saturday

Caught, the newest film from Billy Graham's World Wide Pictures will be shown at First United Methodist Church in Santa Anna, Saturday, November 10, at 7:30 p.m. The true-to-life dramatic story portrays the power of one person caring for another.

An 18-year-old American goes to Amsterdam in search of the father he has never known. His mother reluctantly admits he was born illegitimately out of a college romance between her and a Dutch exchange student. The boys slips into self-destructive drug culture, but is encountered by a single, caring person... a person of deep faith who was able to share Christ's message of love, hope and forgiveness in a way the young man could not ignore.

Its a story for all ages. There will be no charge, however a love offering will be taken. Everyone in the community is invited to see the film.

4-H Meeting Monday At Lions Club

The Santa Anna 4-H Club will be meeting Monday, November 12, at the Lions Club building at 6:30 p.m. All members are urged to be present and visitors are welcome. (Jason Trichel, reporter).

Livestock Association Meets Monday

The Santa Anna Livestock Association will meet Monday, Nov. 12 at 7:00 p.m. in the ag building at the high school. The purpose of the meeting is to discuss the membership drive and to get more plans lined out for the upcoming stock show. All interested persons are urged to be present for the meeting. Lyn Loyd is president of the local Livestock Association and Rob Cheaney is Sec-Treasurer.

Free Blood Pressure Clinic 15th

The regular monthly blood pressure clinic will be held Thursday, November 15 at the Mountain City Community Center from 11:30 to noon. The clinic is provided by the Girling Health Care. All ages are welcome to take advantage of this free service.

Student Career Conference In Bwd.

Santa Anna High School seniors will be participating in a student career conference at the coliseum in Brownwood, Wednesday, November 21, according to school counselor Montie Guthrie III. Sponsored by the Education Service Center of Region 15, title of the conference will be "Opportunities for the New Decade". The conference will address the growing and emerging career fields in Texas until the year 2,000.

Professionals from about 30 career fields will be on hand. Students will identify some of their own interests and visit with those representatives.

Fall Harvest Festival Scheduled By First Methodist Church Of Coleman

A fall Harvest Festival has been scheduled for Saturday, November 17 at the First United Methodist Church of Coleman. Co-chairmen this year are Hortense and Foster Miller.

Doors will open at 10 a.m. at the Country Store, Ice Cream Parlor, Arts & Crafts, Kid's Room, Bakery and Plant Room. A luncheon will be from 11:30 to 1:30 with an auction following at 1:30 p.m.

Tickets for the luncheon are now available, \$4 for adults and \$3 for children 6 years and under. These may be purchased from church members or from Jim Snodgrass, ticket chairman. A sandwich plate, salad, dessert and drink will be served.

The public is invited to come for food, fellowship and fun!

WIC Office In Coleman Open Mondays

The WIC Supplemental Food Program for women, infants and children has an office in Coleman that is open Mondays from 9:00 a.m. to 4:00 p.m. The office is located at 303 East College.

Standards for participation in WIC are the same for all regardless of sex, age, handicap, race, color, creed, national origin, or political beliefs. The program is designed to help pregnant and breast-feeding women, babies and children to age 5 years. Phone 625-3347.

School Board & City Council Meets Tues.

The School Board will hold their regular monthly meeting Tuesday evening at the board room in the school administration office, 7:00 and the City Council will meet at 6:30 that evening at Coleman County Telephone meeting room.

Library Notes
Check It Out

By Alice Anna Spillman
A few weeks ago this column told of several new children's books about the Alamo. These had been given to the library by the Garrett family. I do hope some of the boys and girls have read these or plan it for the Thanksgiving holiday.

There are two new books for adults that history fans will enjoy, both concern the Alamo. James A. Michener has just published a shot story *The Eagle and the Raven*. This is the personal history of General Santa Anna and Sam Houston. Michener compares these two men to circling birds who met in 1836.

The illustrations by Charles Shaw are so good that you may want to invest in the hard bound book, but of course, the paperback version will soon be out.

Duel of Eagles, The Mexican and American Fight For The Alamo by Jeff Long will rub against the grain for most Texans. Long seems to want to destroy all the heroes. He feels that most came to Texas only for land and money, not war—newcomers, white trash and outlaws caused the war. He also thinks race

was a big factor—Southerners who wanted new slave territory and those who thought Mexicans were inferior as fighters. I haven't read this one but am quoting from reviews by others. Can't wait to see if I agree.

Jean and Jasper McClellan will be sending a box to Saudi Arabia soon. They plan to include paperback books, new ones. They will need to be "pure" with no "girlie" pictures. Remember they will be going to an Arab country. If you wish to contribute, contact the McClellans soon.

Local Cub Scouts To Join National Food Appeal

Local Cub Scouts will be going door to door in Santa Anna leaving food bags at each house on Saturday, November 10th. They will return on Saturday, November 17 to pick up the bags of food. When you receive a bag, you are urged to put canned food door other non perishable goods in the bag and place it outside your door on Saturday morning, November 17 for early pick up. All food collected will be given to needy families in and around Santa Anna.

If you wish to donate food and do not receive a bag or if your food bag is not collected, please call Troy Tomme at 348-3616. Cub Scout Pack 230 thanks everyone who gave food last year and hopes to have another successful food drive this year.

Pack 230 also invited you to help with the food drive by offering to distribute or collect the bags. Anyone who would like to participate is asked to be at the Armory in Santa Anna on Saturday morning November 10th at 9:00 a.m.

Organized by the Chisholm Trail Council, Boy Scouts of America, the 1990 Scouting for Food Turn

will involve Scouts and volunteer leaders from all over the Big Country. The local appeal is part of a national Good Turn, being conducted for the third time by the Boy Scouts of America, that seeks to ease the food problem for the more than 20 million Americans who go hungry at some time each month.

A similar campaign last November netted some 60 million items nationally. "Hunger is a problem we can do something about by working together", said John Clark, Executive Director of the Chisholm Trail Council. "Our Scouting For Food Good Turn is a starting point. It is an example of Scouting's long-standing commitment to community service." That commitment, he noted, dates back to the first national Good Turn, a 1912 program promoting a safe and sane Fourth of July.

Hunger is a problem we can address by getting involved with this project and our neighbors facing the pain of hunger are people we help help directly.

American Heart Association

Baked Apples

When you're planning the family meal for Rosh Hashana, don't forget this recipe. It's low in fat, sodium, cholesterol and calories. And the honey gives it a wonderfully sweet flavor.

- 4 baking apples
- 1/4 cup honey
- 1/2 cup water
- 1 tsp. grated lemon or orange rind

Wash and core apples, and place in baking dish. Combine the honey with the water and grated rind. Pour over the apples and bake at 375° F. covered, for 30 minutes, basting two or three times.

Uncover, baste again and bake 15 minutes longer, or until tender. Makes 4 servings.

This Help Your Heart Recipe is from the Fourth Edition of the American Heart Association Cookbook. Copyright 1973, 1978, 1979, 1984 by the American Heart Association Inc. Published by David McKay Company Inc. (a Random House Inc. company), New York.

Veteran's Day Sunday

November 11 is Veterans Day. This day was first celebrated in 1921 to honor the American soldiers and sailors who served in World War I.

The date was chosen because that was the day World War I ended, at 11:00 a.m. on November 11, 1918. At first the day was called

Armistice Day. (When two forces sign an agreement to stop fighting, we call it an armistice).

The name was later changed from Armistice day to Veterans Day to honor the cause of peace and all the men and women who have served in

our armed forces through the years. The oldest living veteran at this time is Nathan H. Cook who lives in a Veterans Medical Center in Phoenix, Arizona. He is 105 years of age. He was in the service for 44 years.

There are presently 100,000 living veterans of World War I; 9,147,000 of World War II; 4,893,000 from the Korean conflict; 8,295,000 from the Vietnam era.

We salute all veterans and thank them for the sacrifices they have made for our country!

The Family Of Gene & Bertha Allen

would like to say thanks to everyone who took part in our 50th anniversary. Those who just came by, brought presents, sent them, sent cards or telephoned us. We thank everybody.

A special thanks to our kids who hosted to party for us, Barbara Jones, Arlen and wife, Quency Allen. To all grandkids that helped so much, we could not have had it without everybody. So thanks, this made our day.

Gene & Bertha Allen

Police Report

The regular monthly report of police activity in the city of Santa Anna is contributed by Chief of Police Carlos Torres. The following is his report for the month of October:

Calls answered were 52. Total arrests, 3; tickets written, 0; written warnings, 5; accidents worked, 1; thefts, 3; burglaries, 2; harassment, 5.

No cases were filed in Municipal Court for the month of October. On the arrests made, one was for DWI and DWLS; one was for family violence assault; and the other was for an out of county felony warrant.

As for the thefts, one is being investigated, the other two complainants did not desire any charges filed.

Of the two burglaries, one is being investigated and the other complainant just wanted it reported, although nothing was taken.

The department assisted the Department of Public Safety in an investigation in which two local youths were killed in a train-vehicle accident.

A breakdown of Police Department activity for October is as follows:

Prowlers, 3; juvenile problems, 2; assist motorists, 3; thefts, 3;

suspicious vehicles, 1; suspicious persons, 1; hot rodding, 3; harassments, 5; family disturbances, 6; fights, 3; animal violations, 4; loud music and parties, 3; wrecks, 1; assist DPS with major accident, 1; welfare concerns, 2; inquest, 1; arrests, 3; burglaries, 2; assaults, 1; and trespassing, 1.

News For And About Santa Anna Mountaineers

Mountaineers Continued from page 1

now to top the 2,000 yard magic number. Quarterback Charles Dixon scored twice and passed for another touchdown accounted for 68 yards in rushing. Brady Rice rushed for 58 yards and kicked two extra points. The Mountaineers totaled 298 yards on the ground.

The Black and Gold defense held Menard to 174 total yards. The Mountaineers needed to drive just 23 yards to their first TD after a short punt from Menard. A pass from Dixon to Vicente Frausto covered the final six yards and Rice tackled on the extra point.

The scoreboard would stay hung at 7-0 until Santa Anna's first possession in the second half. Jackson broke a 53-yarder to the Menard 15 on the first play, then picked up 14 more before Dixon carried the ball across the goal line on the next snap.

The Mountaineers put the game away in the fourth period after recovering a Menard fumble on the Santa Anna 22 yard line. They

drove 78 yards in 13 plays and Dixon once again scored, this time from the six yard line, with 1:31 remaining on the game clock.

Others toting the ball for Santa Anna against Menard were Phillip Hernandez with 3 carries for 28 yards total; Vicente Frausto had 6 yards on 1 carry; Johnny Joe Salazar 16 yards in 3 rushing attempts.

Junior Mountaineers Lose A Couple, But At The Same Time Show Lots Of Character

(Contributed) On Thursday, October 24, 1990, the Junior Mountaineers traveled to Brownwood Jr. High to play the Cubs. The much larger and more experienced Brownwood team snapped the Mountaineer's winning streak.

Brownwood received the opening kick off and quickly drove the ball down the field for their first touchdown. Moments later they scored again on a 58-yd pass and a third time on a 51-yd run. However, they were able to convert only one of the three extra point attempts. The

Cubs scored again in the third quarter on a 54-yard pass play.

The Cub defense, equally powerful, kept the Mounties in check throughout the game.

The Cubs won the football game, but in the contest of effort and character, Santa Anna was at least equal to Brownwood. The Jr. Mountaineers never gave up and frequently sacked the Cub runners. The bright spot for the Mounties was a goal line stand. Charles Williford stopped a long run by one of the Brownwood backs on the Santa Anna one-yard-line. The

SCHOOL MENU

MONDAY
BREAKFAST: Cereal, Buttered toast, jelly, fruit, milk.
LUNCH: Chicken fried steak, gravy, creamed potatoes, green peas, cherry cobbler, Texas toast, milk.

TUESDAY
BREAKFAST: Waffle with sausage, syrup, fruit, milk.
LUNCH: Enchilada Casserole, refried beans, Spanish rice, Mexican salad, fruit cup, crackers, milk.

WEDNESDAY
BREAKFAST: Cinnamon rolls, juice, milk.
LUNCH: Burritos with chili & cheese, buttered corn, tossed salad, chocolate pudding, milk.

THURSDAY
BREAKFAST: Biscuit with sausage, gravy, jelly, fruit, milk.
LUNCH: Turkey & dressing, giblet gravy, sweet potatoes, green peas, cranberry jello, hot rolls, milk.

FRIDAY
BREAKFAST: Oatmeal, toast, jelly, fruit, milk.
LUNCH: Ham & cheese sandwiches, vegetable soup, lettuce & tomatoes, applesauce, cookies, milk.

Junior Varsity Falls To Menard

The Mountaineer Junior Varsity lost to Menard by a score of 12-8 in a hard fought game here at home last Thursday evening.

Carlos Garza scored the lone TD for Santa Anna on a 6 yard run in the final period with 1:52 left on the clock. Jimmy Rowe tackled on a two point conversion run, to give the Mountaineer JV their 8 points.

Menard had scored on a 65 yard pas play in the second quarter and a one yard run in the fourth, failing to convert on extra points.

Garza carried the ball 11 times during the evening for a total of 53 yards and Rowe carried 18 times for 47 yards. Kevin Morris added 3 yards on 2 carries.

Drugs Are Killing Our World

During Red Ribbon Week which was observed a couple of weeks ago, students in Santa Anna Elementary School wrote essays about the harmful use of drugs. One of those essays which was especially insightful came to our attention and we share it with our readers. It was written by Rikki Runyan, a fifth grader.

'DRUGS'

Many people use drugs, however I feel that drugs are harmful to me. Drugs can ruin your life. If you take drugs long enough the chemicals from the drugs will eventually deteriorate any part of your body. One of the most harmed body parts is the brain. If the chemicals go to the brain they will most likely destroy the brain cells. This could cause your grades to drop because every cell holds math, science and other skills. When your grades drop people look at you in a whole other light.

A family member involved in drugs creates many family problems. Whether to put him or her in a Psychiatric hospital is one of the hardest decisions to make because

many family members think he or she is not really hooked. Some do. Also, fear of the family member is likely by the little children or even the adults. I have this problem in my family because of an uncle who is a former drug user. He acts very rude and conceited, but a lot of the time it probably is just an act.

Another thing people must remember is that if they are in school, younger kids look up to you and so if you are hooked on drugs, they say, "So that's what they do to be cool." If they get a chance when they get older they will think back to you and try drugs themselves. Sometimes all it takes is one dose to mess you up. Depending on the drug the person tries, he or she may die after only one dose and you would be the cause of his or her death.

I must remember that one overdose may not hurt me now, but in the years ahead my life could be turned around or ended by the one time I took drugs. It's hard to believe this simple problem is killing our world.

CONGRATULATIONS—The Mountaineers receive the congratulations of their coaches and loyal fans following Friday's win over Menard that put them in the district 11-A second place slot for the playoffs that will begin next week. The Mountaineers will add icing to their cake with a win over Miles this Friday at Miles.

leaf curl as well as bacterial canker, again use a copper fungicide in the fall. Many of the specimens brought into my office during the past growing season were infected with one of the above fungi or bacteria. Again, once the signs of the disease are shown in the spring and throughout the growing season it is too late to control the disease at that time. Therefore, to help assure yourself of a good fruit crop next year, your spray program needs to include fall spraying for the control of these diseases.

Clinic Set For Prevent Peach Disease Next Year By Spraying Now

County Agent Kerry Shropshire announces there will be a palpation clinic held in Coleman County on November 19 and 20. This clinic is designed to teach producers the importance of having their cattle palpated plus introduce them to the skills needed to perform this procedure. This training will be conducted on Monday evening, the 19th and two sessions on Tuesday, the 20th. Those planning to participate are required to attend both segments of the training.

On Monday evening, 19th, there will be a classroom program that will cover the economics and importance of pregnancy determination. On Tuesday, Nov. 20th, you will be divided into two groups. One group will work with the cattle from 8 a.m. to 12 noon and the other group from 1:00 to 5 p.m.

Shropshire says that since this is a technical subject the group will be dealing with, there will be a limit to the number of participants to allow everyone a good opportunity to learn how to palpate. The first 20 people that come in will be accepted. If you are interested in the training, call Shropshire at the County Extension Office in Coleman, 625-4519 to put your name on the list and to specify which Tuesday group you will be in. The groups will be filled on a first serve basis. Those interested in doing pregnancy determination will need to sign up because of the limited number. Call and get your name down in a group. If you have any questions about the clinic, contact Kerry Shropshire at the County Extension Office, 625-4519.

During the next few weeks, owners of peach trees should consider spraying to prevent diseases in next year's crop. Many times individuals who have peach trees follow a spray program throughout the growing season, but once the peaches are harvested they wait until the following year for any additional sprayings. However, there are certain things that should be done to protect your fruit trees this fall for diseases next year. Peach trees are subject

to a number of diseases caused by different fungi and bacteria. Some of these disease can be best controlled during the fall. Bacteria leafspot is a disease of peaches which causes a loss of foliage and reduced fruit quality during the growing season. The bacteria which causes this disease overwinters in one-year-old twigs on the tree. A fall spray, properly applied, will reduce the amount of organism that overwinters. The critical time is when approximately one-half the leaves have fallen from the tree. Applications applied earlier or later are not effective. The copper-con-

taining fungicides such as Kocide 101 and copper bordeaux mixtures have proven to be the most effective bactericides for control of this problem.

Bacterial canker is a disease of peach trees caused by another bacteria which infects trees in the fall. As the foliage drops from the tree in the fall, there is an opening into the inner tree formed where the leaf was attached. The bacteria enter through this opening and the infection process is started.

Peach leaf curl is another foliage disease of peach which should be controlled in the fall of the year. Leaves affected with leaf curl are malformed and have a reddish color. The fungus which causes this condition overwinters on the scales of the peach buds. As the buds begin to grow in the spring, the fungus penetrates developing leaves and causes them to become puckered and discolored. Because it is subject to strict temperature and moisture requirements, only the first leaves

are affected. The loss of this foliage can have a very serious effect in the quality of fruit produced that year and on the vitality of the peach tree itself. To control peach

Rockwood News

By Mrs. John Hunter

The Rockwood Community is planning a Thanksgiving supper, Thursday, November 15 at 6:00 p.m. at the Community Center. Everyone is invited. All come and bring two dishes.

Recent visitors with the Marcus Johnsons were Wanda Bible, Doc Skelton and Kenneth Bryan visiting Thursday. Claude Russell of Coleman and Charlotte Fenton of Gouldbusk and Bettie Duus visited Sunday afternoon.

Mrs. Claudia Rutherford spent several days last week in San Angelo returning home Saturday.

Margaret Throgmorton visited with Goldie Milberger Wednesday afternoon. Andy McCarrell of Coleman visited Goldie and her brother, Harold McCarrell, Friday morning.

Goldie reports a telephone visit Sunday from a former Rockwood schoolmate, Naomi Harris Asbill of Los Lumos, N.M., who was a member of the 1936 class of Rockwood.

Mrs. Gene McSwane spent the weekend in Arlington with her son and family, Mr. and Mrs. Stan McSwane and Kevin, spending Friday to Sunday.

Mr. and Mrs. Johnny Horton and Rebecca of Austin visited over the weekend with Johnny and Geneva Steward. Other Saturday guests were Mr. and Mrs. Mike Ray, Casey and Lauren of Coleman, and Mr. and Mrs. Olin Horton of Brady.

Collins Wise of Hillsboro spent Friday to Sunday with his sister, Mrs. Vivian Steward. Collins and Vivian visited Sunday morning with Mr. and Mrs. Joe Wise.

Mr. and Mrs. David Pearson of College Station visited Mr. and Mrs. Howard Pearson Friday to Sunday.

Mr. and Mrs. Wayne Bray spent last week in San Angelo with Mrs. Kim Bloom, Clay and Katie. Mack Hambricht of Coleman visited one day last week with the Brays.

Guests Saturday night and Sunday with Mr. and Mrs. Bill Bryan were Mr. and Mrs. Bill Hendryx, Judy Bryan, Patricia Greener, and Frosty Robinson, all of Dallas. Mr.

and Mrs. P.L. Ulstad of Brady visited Saturday night and Sunday.

Gabreal Alonzo, a student minister of HPU conducted Sunday services at the Rockwood Baptist Church. Plans are for him to fill the pulpit gain next Sunday.

The Deals visited several times during the week with Norene Winstead in Coleman and with other friends.

Greg Mobley of Austin visited Friday to Sunday with his mother, Oletha Mobley. Greg visited Mr. and Mrs. Jake McCreary Friday night.

Ione Moore and her guest, Alcene Souza of California visited Nora Brusenhan Friday morning.

Weekend guests with the Jake McCrearys were Mr. and Mrs. Bobby Lee, Jenna and J.I. of Clyde, visiting Friday to Sunday with Mr. and Mrs. Jack Cooper

were Mr. and Mrs. Gil Gregory and Mr. and Mrs. Arlen Allen of Temple. Saturday afternoon, all attended the 50th wedding anniversary reception in Santa Anna for Mr. and Mrs. Gene Allen, where they were

joined by Beth Sheffield and Mollie Gregory. Saturday night guests with Jack and Skeeta Cooper were Mr. and Mrs. Gene Allen of Santa Anna, Barbara Jones of Fort Stockton, Terry and Beth Rains of Garland, Mr. and Mrs. Allen and Emily Jones of Carlsbad, N.M. Wesley Allen joined them after the ball game.

Mr. and Mrs. Curtis Bryan spent Sunday with her parents, Mr. and Mrs. C.W. Hunter, who have recently bought a new home and moved back to Coleman.

Roland Duus had to return to the Brownwood hospital last Wednesday night, but we are happy to report he was dismissed Sunday and doing nicely at home.

Jacksonville, Florida has the largest total area of any city in the U.S. It takes in 460 square miles.

Have you ever thought where your food dollar goes? For every food dollar you spend on food eaten at home, the farm value is 30 cents. Processing takes 31 cents and transportation takes six cents. Wholesaling takes 10 cents and retailing takes 23 cents.

For food eaten away from home such as in restaurants, the farm value if each dollar is just 16 cents and processing takes another 15 cents. Transportation on eaten away from home takes three cents and wholesaling six cents, but food service takes 60 cents of every dollar spent on food away from home.

TEXAS TIDBITS
The days of the mid-1930's Dust Bowl are long gone. In the decades since, the Texas High Plains have prospered agriculturally and risen to national importance with the production of crops such as grain, sugar beets, potatoes, carrots, lettuce, onions and castor beans, to name a few. The grit from dusty clouds pushed by northers still causes folks to pull up stakes, but the old-timers tend to see a blessing in disguise. As one Panhandle native put it, "Heck, if it weren't for the dusters, everybody would want to live here."

Did you know that a fruit juice label can state the word "juice" as long as the drink has at least 5 percent of the real thing?

Government definitions for blend, punch, -ade, drink or cocktail do not exist. These products probably are diluted with water and have added sugar.

Fruit juices contain about the same calories, ounce for ounce, as sodas but usually are more nutrient dense, providing carbohydrates, vitamins and minerals.

TEXAS orange and grapefruit juices are excellent sources of vitamins A and C, but may be high in sodium. Prune juice is high in iron. Select juices either canned or frozen, or squeeze them fresh at home.

Have you ever thought where your food dollar goes? For every food dollar you spend on food eaten at home, the farm value is 30 cents. Processing takes 31 cents and transportation takes six cents. Wholesaling takes 10 cents and retailing takes 23 cents.

Marriage Licenses Outnumbered Divorces In Texas Last Year

There were slightly less than twice the number of marriages as there were divorces in 1989 in Texas, according to the Texas Department of Health (TDH).

Last year, there were 170,964 marriages performed and 93,434 divorces granted, according to Tom Pollard, director of the Statistical Services Division of the TDH Bureau of Vital Statistics. The year before, 172,907 couples married, while 94,409 divorced.

Pollard said that the ratio of marriages to divorces has been nearly constant for several years.

The most numerous age group of people who married in 1989 was 20 to 24 for both males and females (47,771 men and 49,751 women). Divorces were more common among the 25-29 age group, where 20,918 women and 19,022 men ended their marriages.

The largest number of divorces concluded marriages of less than five years (33,692). Some marriages lasted less than a year before divorce (4,616).

Among adolescents and teens, 546 females and 43 males younger than 15 were married. Meanwhile, among those 65 and older, 1,839 women and 3,389 men were married. Divorces involving those 65 and older included 893 women and 1,662 men.

About half (48 percent, or 44,909) of the divorces in 1989 involved no children, while 24.5 percent or 22,853, involved one child. The total number of children involved in divorces last year was 85,042.

As expected, densely populated counties recorded some of the largest numbers of both marriages and divorces. Harris County lead in both categories. Among the leaders were:

County	Divorces	Marriages
Bexar	1989	1989
Dallas	7,228	10,398
El Paso	12,221	16,330
Harris	2,968	7,562
Tarrant	16,251	27,466
Travis	7,742	12,130

Beware Of The Content Of "Juice", Read The Label

Did you know that a fruit juice label can state the word "juice" as long as the drink has at least 5 percent of the real thing?

Government definitions for blend, punch, -ade, drink or cocktail do not exist. These products probably are diluted with water and have added sugar.

Fruit juices contain about the same calories, ounce for ounce, as sodas but usually are more nutrient dense, providing carbohydrates, vitamins and minerals.

TEXAS orange and grapefruit juices are excellent sources of vitamins A and C, but may be high in sodium. Prune juice is high in iron. Select juices either canned or frozen, or squeeze them fresh at home.

Have you ever thought where your food dollar goes? For every food dollar you spend on food eaten at home, the farm value is 30 cents. Processing takes 31 cents and transportation takes six cents. Wholesaling takes 10 cents and retailing takes 23 cents.

For food eaten away from home such as in restaurants, the farm value if each dollar is just 16 cents and processing takes another 15 cents. Transportation on eaten away from home takes three cents and wholesaling six cents, but food service takes 60 cents of every dollar spent on food away from home.

TEXAS TIDBITS
The days of the mid-1930's Dust Bowl are long gone. In the decades since, the Texas High Plains have prospered agriculturally and risen to national importance with the production of crops such as grain, sugar beets, potatoes, carrots, lettuce, onions and castor beans, to name a few. The grit from dusty clouds pushed by northers still causes folks to pull up stakes, but the old-timers tend to see a blessing in disguise. As one Panhandle native put it, "Heck, if it weren't for the dusters, everybody would want to live here."

Did you know that a fruit juice label can state the word "juice" as long as the drink has at least 5 percent of the real thing?

Government definitions for blend, punch, -ade, drink or cocktail do not exist. These products probably are diluted with water and have added sugar.

Have you ever thought where your food dollar goes? For every food dollar you spend on food eaten at home, the farm value is 30 cents. Processing takes 31 cents and transportation takes six cents. Wholesaling takes 10 cents and retailing takes 23 cents.

Trickham News

By Anna York

Rev. Sam Bowden the Baptist pastor preached at our church Sunday and brought a very good sermon. His scripture text was taken from the 14th chapter of John. On the third Sunday, which will be the 18th, we expect Re. James Gilbert of Fort Worth to be present and to speak that day so I would like to invite any of you to come meet with us. I believe you will enjoy it, and we will do our best to make you feel welcome.

Mrs. Arvil Bolton of Rockwall spent Friday and Friday night with Mrs. Florence Stearns. Mrs. Annie Lou Vaughn visited Friday evening and I visited Saturday with his parents, Mr. and Mrs. Joe Stacy.

The quilting club met Tuesday at the community center with five ladies present.

Mr. Roger Colston of Fort Worth and Troy Addington of San Antonio and Mrs. Joyce Kirk visited Saturday afternoon with Mrs. Lou Vaughn. Kelli Dockery of Eden and Wesley Dockery were recent visitors with her.

Mr. and Mrs. Sherman Stearns and Sabrina of McGregor spent the weekend with their mother and grandmother, Mrs. Novella Stearns. Florence Stearns visited with her two or three times during the week.

Doyle and Laverne Evans of Santa Anna visited with her mother Mrs. Winnie Haynes on Sunday. Clara Cupps visited with her one day during the week.

Mrs. Mickey Woolridge, Mrs. Juanell Green, Mrs. Modene Allen, and Mrs. Gene Rambo of Bangs visited on Tuesday with Mrs.

Gertrude Martin. Other recent visitors with her have been James McSwain and Phillip of Coleman, Paul Martin and Colt of Santa Anna, Leona Henderson, Annie Lou Vaughn, Anna York, Lorene Rice, Daisey McClatchy and Russie James.

Mrs. Darla McIver and Ben visited on Tuesday afternoon with her mother, Mrs. Rankin McIver. Weekend guests of Mr. and Mrs. Rankin McIver were Pete and Leota Walkovick of Houston. Saturday Leota and NATalie drove to Bangs and visited Mrs. Mary Boenicke at the nursing home. She is doing very well. Sunday afternoon, Mr. and Mrs. McIver babysat Megan Blake while her mother, Sherrie, was tending to business.

Mrs. Russie James visited in Santa Anna on Friday with Mrs. Oneta James. That night she attended the football game in Brownwood and spent the night with Mr.

and Mrs. Pat McShan Sr. Kelly, Cindy and Libby Hoffman of Dallas were also visitors of her parents, the McShans.

Sunday night, Mrs. James visited a while with Mrs. Annie Lou Vaughn.

Royce Ford visited Saturday afternoon with Mr. and Mrs. Talmadge McClatchy Jr.

Patsy and Earnest McCollough of Beeville and Stella McCollough of Vernon visited on Monday with Mrs. Gertrude Martin.

Lorene Wynn and son Herschel of Coleman came down and visited with us a while in the afternoon. I am sorry I failed to get it in the news. Just never thought at the right time.

On Tuesday, Mrs. Amon Otts was employed in Brownwood. Her boys; Yancy and Griffin entertained their grandparents, Mr. and Mrs. Billie and Leon Griffin of Fisk for the day.

Mr. Jeff Morris who is employed in the Dallas area and was also attending college there was with his grandparents, Mr. and Mrs. Floyd Morris during the weekend. His sister Jennifer Morris of Santa Anna was with them Saturday afternoon and night. Jeff also visited with a school friend, Bobby Watts during the weekend. He returned home Sunday afternoon.

My daughter, Patsy Smith of Abilene came and was with me from Friday night to Sunday afternoon. Hilary Rutherford of Coleman and Loyd Rutherford was with us Saturday. Loyd had lunch with us. Hilary was here farming.

Mr. Bruce Estes was here with Mr. and Mrs. Graham Fitzpatrick on Sunday assisting Mr. Fitzpatrick with some much needed help.

Mrs. Amon Otts and sons, Yancy and Griffin were with her grandparents, Mr. and Mrs. Les Griffin of Fisk on Saturday. Mrs. Otts' parents were also present for the day. They were with the grandparents and their guests, Mr. and Mrs. Jack and Geneva Hallonquist and son Robert, and also a grandson, Bryan from Pasadena. Mrs. Hallonquist is a sister of Mr. Leon Griffin.

Mr. Douglas Avant of Brady was with his mother Mrs. Pearl Avant in Santa Anna Saturday p.m.

Tommy Stansberry visited with Mr. and Mrs. Graham Fitzpatrick on Thursday afternoon.

Mr. Cleber Massy of Abilene accompanied by several friends were on the ranch here during the weekend.

Mrs. Janie Morris visited with Mrs. Imogene Fitzpatrick on Thursday afternoon. Enroute home she stopped and chatted with me briefly. Thanks Janie for stopping by.

Two weeks back Mrs. Juanita (Bible) Branch and a grandson from Willis and her nephew Hollis Bible of Santa Anna were on the Bible farm here on Friday afternoon and again on Saturday. I enjoyed visiting with Juanita and Mrs. Letha Martin and her grandson on the home place here. On Saturday morning they were doing some repair work on the house and were guests of Mrs. Letha Martin in Santa Anna Friday night, returning home Saturday afternoon.

Mrs. Janie Morris and granddaughter Jennifer Morris stopped by briefly Saturday afternoon and visited with Patsy and I.

Whon News

By Mrs. Tom Rutherford

Our community was well blessed with a good rain Saturday night. Seemed here moisture fell most all night. Community reports are 1 inch and 1/2. Fell good and really muddy.

I had news while my son Thomas was with me from New Hampshire. On Monday, October 13, Mrs.

NOTICE TO CREDITORS OF FIRST COMANCHE BANK
On September 20, 1990, the Banking Commissioner of the State of Texas determined that the First Comanche Bank, Comanche, Texas was insolvent and appointed the Federal Deposit Insurance Corporation Receiver of such institution.
Creditors of such institu-

400 Legal Notice
tion are notified to present their claims, together with proof, to the Receiver by December 26, 1990 or such claims may be disallowed by the Receiver.
Claims should be filed by presenting to the Receiver at the following address:
Claim Agent
Federal Deposit Insurance Corporation
Receiver of #4278, First Comanche Bank c/o Federal Deposit Insurance Corporation P. O. Box 3148 Midland, Texas 79702
You must submit a detailed explanation of charges or services rendered prior to and including the date of closing to the Receiver.
Dated: September 20, 1990
NOTICE TO DEPOSITORS OF FIRST COMANCHE BANK
On September 20, 1990, the First Comanche Bank was closed by the Banking Commissioner of Texas, who appointed the Federal Deposit Insurance Corporation as Receiver of the Bank.
The deposit accounts of the First Comanche Bank to the insured amount of \$100,000.00 will be paid by the Receiver. Payment of the insured accounts by the Receiver will be made, for the time being, at 115 East Central, Comanche, Texas. If you do not claim your deposit within eighteen (18) months after the date of this Notice, you may become a creditor rather than an insured depositor.
Depositors are further notified that interest on time and savings deposits will not be accrued after the date of closing.
No penalty will be assessed for early withdrawal of accounts.

FIRE IN BANGS : The Western Auto Store in Bangs was destroyed by an early morning fire on Tuesday. The Bangs Fire Department responded to the blaze at 4:45 a.m. and battled the blaze at the business located on Kyle Street. The store and its contents were determined to be a total loss. The Artie B Styling Salon on the east side of the store received minimum damage and the Bangs Upholstery on the west side received a bit more. The Brownwood Fire Department and Lake Brownwood Volunteer Fire Department assisted the Bangs firemen with the blaze.

Cordell Family Research Group Seeking Information On Lost Branches Of Family Tree

A group of descendants of Stephen Cordell (son of Benjamin Cordell who was born in 1752 in Lunenburg County, Va.) met for the first time last year. Most of the group, coming from various areas of Ga., Tenn., & Ala., had not known of each other or did not know they were related until their organizational meetings. Some of those having never known each other were as close as second cousins. Each of the twelve or more descendants and some of the spouses shared their research information with each other. As it turned out, all their great grandfathers (in some cases great grandfather) were brothers. The membership number has since increased considerably including memberships from at least 12 different states.
Stephen Cordell, born in Rowan, South Carolina in the late 1700s, came to Georgia about 1820, to Habersham County, Georgia and later to Chattooga and Walker County in 1830s or 1840s. Stephen's brother, David & possibly some of the other brothers moved to Alabama and other areas about 1850. Their descendants live in many different parts of the Country. Many of them are known to have moved to Texas before the turn of the century. Many remained there and reared families (in Moody, Temple, Waco, Penelope and Itasca to mention a few of the Texas locations where they originally settled).
Cordell descendants represented in the family research group now known as "Cordell Family Association," are Benjamin W. Cordell and Jeremiah Cordell by his first marriage, and Milligan, Martin Cordell, Chrisley Greene Cordell by his second marriage. Several descendants of Stephen's youngest child, Martha Ann Cordell, Crays McDaniel; also descendants of Cleveland (Cleve), & David Cordell are now known to some of the group; Stephen's other children are William Cordell who is thought to have married Angeline Freeland, Richard Cordell, Clara Cordell, Andrew Jackson Cordell who is thought to have moved to Arkansas, & Francis Marion Cordell. Birthdates of this generation range from 1805 to 1843.
Some other descendants probably later generations worthy of mention that are thought to have families in the Texas area includes James S. "Jim" Cordell, Olin Storey Cordell, Cordell Bonner Cordell; Jeremiah "Jerry" Cordell; Andrew J. "Andy" Cordell; Margaret Narcissa "Maggie" Cordell Wrinkle, her son Abb Wrinkle; Sarah Martha "Dove" Cordell Heallen Wilkerson Prince and her children O.W. & W.A. Heallen, J.O. & S.E. Wilkerson, R.B. & Curtiss Prince and Lillie Prince (Mrs Henry) Huber; Ethel Cordell Diddle; Cathy Cordell; Archie Cordell; Duke Cordell; Clara Lee Diddle Cagle; Jake C. & Ray Diddle; Milligan Cordell descendants; Ernest Jennings Cordell; Wm. Ed Cordell; Lena Alfrata Cordell (1807 -1904); Samuel Hatfield Cordell; George Washington Cordell 1858; Alexander Cordell; Nannie E. Cordell; Cora Cordell (Mrs. Herman Roscoe) Phillips; James Fred Cordell (1900); Walter Andrew Cordell (1909); Joseph Morgan Cordell; Hallie (Mrs. John William) Watson; Lillie (Mrs Morgan Earl) Benton; Theodore Roosevelt Cordell; Ruby Cordell (Mrs. Robert E.) Fisher; Epp Cordell; Matheny (Theny) Cordell Dietz; Ellen Cordell Riddle; Thomas Jefferson Cordell (1856); Daniel Spencer Cordell ; Hubbard Cole Cordell; Franklin Cordell, Wiley Cordell (1830s), Kimsey Cordell (1830s), Isaac Cordell; Frances (1842) ; a David Cordell (1853) and a David Cordell (1794) and other David Cordells.
The research group, "Cordell Family Association" meet each year in June, October and February to compare and share new information on their families. Any new branches to add to the family tree would be most welcome. Anyone who has done family research on a Cordell family lineage and is interested in exchanging and sharing information with the above group, or for more information please contact Ann Cordell Lamb (a descendent of Ezekiel Cordell, son of Jeremiah) at 715 Orchard Terrace, Rossville (Walker County), Georgia 30741 (phone 404-866-1218).
Please send as much information as possible as far back as you know of your ancestry including your name, the name of parents, Cordell grandparents, etc.; birth, marriage & death dates, where buried would be helpful, place of residence, etc. We welcome any information concerning occupation, achievements, hardships, etc. We would like to have this information on all members in each family. Anyone who is a Cordell descendant can very probably be traced with our information especially those whose ancestors lived in Ga., Tn, or Ala., in the 1800s. The group has done very extensive research on genealogy of this family. If you send your family information, we promise a prompt response.
The Civil War brought about a split in some branches of the Cordell family because some of the Southern Cordell men and boys made a decision to join the Union forces and were disowned by their family, causing the next generation to disavow each other in some cases and ultimately to lose track of the family lineage. Some others left Ga. for health reasons and/or a better way of life in the fertile virgin land of Texas and other states. Whatever the reason for the separation and losing track of relatives, this generation, through genealogical research, are trying to rectify the unfortunate situation and reestablish all family ties, attempting to restore every branch to the Cordell family tree. We urge all Cordell descendants to assist us in our efforts by contacting us with your family information. We will be most grateful for your cooperation and assistance.
The Future: Secure, Free and Prosperous
Thank you, America! That's the message from the new Germany, thanking its American friends and allies for their unswerving support for Germany over four decades—support that has led to a new era of freedom.
Germans and Americans will meet the challenges of the future just as they have met many of the challenges of the past 40 years: together.
The whole of Germany—based on freedom, democracy and free enterprise—is now part of the free world. At last, all Germans can live as citizens of the European community and as members of the Atlantic alliance, free from oppression.
ON YOUR FEET
Podiatrist DR. GENE NICHOLS
FOOTCARE FOR DIABETICS
If you are a diabetic there are three cardinal rules you should follow in protecting the health of your feet. First, avoid injuries to the feet. Second, do nothing to interfere with the circulation of the blood. Third, don't wait for your feet to hurt — check them every day. One of the best times to check your feet is right after a shower or bath.
Check for cracks between the toes, ingrown toenails and any discoloration of the toes. Also be on the lookout for blisters, corns, calluses and breaks in the skin, especially on the soles of your feet and around the heels. A mirror will be helpful or you can ask a family member to look for you.
Injuries that are not yet causing pain are particularly dangerous because you can make them worse by walking on them. If you see any signs of foot injury or are experiencing any problems with your feet, make an appointment with your podiatrist without delay for examination and treatment.
"Remember, Your Feet Don't Have To Hurt" From The Office of Dr. Gene Nichols 120B South Park Drive 646-0715

We've Put Water Up On A Pedestal And Think You Should Too. So let the State of Texas show you how to save it! Write: CONSERVATION TEXAS WATER DEVELOPMENT BOARD P.O. Box 13233, Capitol Station Austin, Texas 78711

Born In The U.S.A.
Baseball may be America's national pastime, but basketball is the only major sport strictly of U.S. Origin. And November 6 marked the birthday of its inventor, James Naismith. Born at Almonte, Ontario, in 1861, Naismith was a physical education instructor at the International Young Men's Christian Association Training School (now Springfield College) in Springfield, Mass. He wanted to make physical education more exciting for his students, who were bored with the usual activities of marching, calisthenics and apparatus work.
Naismith borrowed ideas from football, hockey, soccer and other outdoor games to formulate the original set of 13 rules. And he used two half-bushel peach baskets for goals, which gave the sport its name. Naismith introduced his students to the game in late 1891.
It caught on quickly, and in 1898, the first professional club was started in Trenton, N.J. Naismith, who died in 1939, lived to see his sport become an Olympic event in 1936.
Sandwich Bom In England, 1718
Everybody loves sandwiches. Whether its a mile-high "Dagwood" special or your basic peanut butter and jelly, everyone has a favorite. But whatever tickles your taste buds, November 3rd was Sandwich Day; a day that honored the masterful creator of the original fast food.
John Montague, Fourth Earl of Sandwich, was born November 3, 1718, in England. He was a gambler, and legend has it that he invented the sandwich as a time-saving nourishment while he was engaged in a 24-hour gambling session.
But sandwiches weren't his only claim to fame. Montague was Britain's first lord of the admiralty, secretary of state for the northern department, postmaster general, and the man whom Capt. Cook named the Sandwich Islands in 1792, but people everywhere will forever be indebted to the Earl of Sandwich for his timeless creation.
WORD FROM WASHINGTON
White House Christmas Ornament Now Available
Your Christmas tree and that of President and Mrs. Bush could have something in common: A beautiful ornament that celebrates a part of our nation's history.
Once again, the White House Historical Association offers copies of a new Christmas ornament designed for the President's tree. This year's ornament, tenth in the series, is designed in 24k gold finish and white and blue enamel. Its theme is the Blue Room of the White House—where the White House Christmas tree is traditionally placed—and it celebrates the presidency of Martin Van Buren, who decided that the oval parlor on the State Floor should be decorated and furnished in a blue motif.
The 1990 White House Christmas ornament comes in a velvet-lined gift package, with a brochure about the Blue Room and the Van Buren presidency, and costs \$13.00 postage included. You can order this historic ornament from the White House Historical Association, P.O. Box 96586, Washington, D.C. 20090-6586.

Continued from Page 1

teur radio enthusiasts help him, he said.

Sending written messages is McVey's favorite activity on his \$7,000-worth of amateur radio equipment.

"I don't have much to gossip about," he said about taking on the radio. "The only thing they talk about is the weather.

He started buying the equipment when his other hobby—golf—started to bore him. He said he was not intimidated by the technology the new hobby exposed him to.

"There's computer programs for everything," he said, "one of them corrects all your writing mistakes. That's pretty handy when your in your 70's."

Duquette had also that day tried to reach his wife, the former Melissa Stanislaw. However she had just moved to Florence from Santa Anna with her parents, Rev. and Mrs. John Stanislaw, and he had to wait on a change of address for her.

Melissa did a few days later receive a phone call from her soldier husband via an AT&T complimentary line at 4:30 a.m. on a Sunday morning. It was 1:00 Sunday afternoon for Jack. Jack and Melissa are both SAHS graduates and he is one of those the Santa Anna News told about when he first received word he would be going to Saudi, earlier in the buildup.

Ranger Park Inn

Phyllis Bradley

Lots of happings since we last reported to the paper.

Monday through Thursday. Rubye Wentzel gives our early morning devotions. Then it is bingo and exercise. No exercise on Wednesday. Northside Baptist, with Rev. G. W. McFadden or Robert Robinett gives our Wednesday mid morning devotion. On Thursday Rev. Don Elrod brings the mid morning devotion.

On the third Thursday of each month we have a birthday party for all residents having birthdays in that month. Birthdays celebrated in October were Frances Horton, Marie Hill, Doyle Taborn, Lucille Diamond, John Martin, Hazel Gibson, Nancy Menges, and Estelle Todd. Northside Baptist Church sponsored our party with many cakes made by Pat McFadden, Maggie Robinett and others.

Ruby Parker provided punch for the party and the Santa Anna Volunteer Fire Department Aux. gave gifts to each honoree. Fannie Gilbert read a poem for each one and Pat DeWitt played the piano during the party.

On Friday afternoons, Joe Green pops corn for the residents to enjoy. Friday afternoon is also music time with entertainment provided by Bobby Haire, Billie Wheatley, John McLathe, Jess and Jim Carringer and Newt Cooper.

On Wednesday of Halloween we had visiting with us, "dolly Burnett", a very frazzled "Treasa", "Charley McCarthy", "Mama" from Mama's Family, a sleek witch, a pretty "Kitty Kat", a quaint "scrub woman" and "Raggedy Ann". Judged the ugliest was "Treasa" and the cutest was "Kitty Kat."

We have received bags of clothing from Gary & Lawana Hosch, Bula Aldridge, Patricia Cox and Mrs. Edith Bullock.

Tom and Jodi Sedam gave individual bags of cookies, bananas and apples.

The Great Seal of the U.S. has 13 of each of these items: stars, stripes, clouds, arrows, laurel leaves, berries, feathers in each wing and tail, and rows in the pyramid. This is one case where 13 is a lucky number!

Reach for your thermostat

to help save on your winter energy bills.

- Set the thermostat at 68° and reach for a sweater instead of raising the thermostat.
- Caulk and weatherstrip around windows and doors to help prevent excessive heat loss.
- Check your attic for adequate insulation; R-30 is recommended.
- Tightly close the damper in the fireplace when not in use to keep your heated air from escaping up the chimney.
- Open drapes and blinds during the day to let in sunlight and close them at night to hold warm air in.
- Install gaskets behind cover plate outlets and switches to help keep warm air in and cold out.
