Compliments

Dear Editor:

I was very touched by the picture of your community that appeared in the Abilene Reporter News, Sunday, February 3. The men and women from your community who are serving their country must be very proud to call Santa Anna home. My husband, who is a Vietnam veteran, has expressed the importance of home support and the impact it can have on servicemen and women.

A few years ago we found out there was a slight possibility we might be moving to your community or the area. The move did not work out and we were disappointed. Had we become a part of the community, it would have been a pleasure to be a part of your support group to the service people. Your community sounds like a wonderful group of folks.

Mountaineers Are Playoff Bound Again

The Mountaineers are playoff bound once more. Finishing district play with 4-2 record, they are right behind Panther Creek in District 29-A basketball. In fact the two Santa Anna losses in district play were to Panther Creek. However, in the second loss which took place last week, the Mountaineers gave the Panthers a run for their money in a game that ended 58 to 53 in favor of PC. Santa Anna is now 14-7 for the season while Panther Creek holds a season record of 10-7.

Panther Creek jumped to a four point lead in the first quarter and held on to lead 33-26 at halftime.

They outscored Santa Anna by 3 points in the third. The never-saydie Mountaineer came back with a hot shooting streak to chalk up 19 points in the final period to PC's 14, but not enough to pull off the victory.

Herbert Jackson led the Mountaineer's scoring attack with 19 points while Charles Dixon poured in 12.

The Mountaineers had a practice game at Mason Tuesday night against Harper. A practice game against Rule is scheduled for Friday night, time and place to be announced, as of press time. Next Tuesday, Feb. 19, they will play Baird in a practice game at Bangs, CONTINUED PAGE 4

Turner was the front runner in the field of 11 candidates. The date for a runoff election will be set by Governor Ann Richards after all votes have been canvassed in all the six counties of the 65th Legislative District. A tentative date of March 2 has been suggested.

Turner, a Coleman County farmer and rancher, garnered 2,311 votes, or 20 percent of the vote. Sudderth, who has law offices in Comanche, was second with 1,867, or 16 percent of the total votes cast.

Narrowly missing a spot in the runoff was Brownwood businessman, Richard Gist who finished third with 1.571 votes. Martha Parker of DeLeon, wife of Jim Parker, who had vacated the post to become legislative liaison for the governor, captured 1,223 votes to

come in sixth in the balloting. Both Turner and Sudderth thank. the people who voted for them and said they were seeking the support of those who voted for the other nine candidates.

Thoughts From Our Pastors

Linwood E. Bishop Northside Church of Christ

WHEN AND WHERE DOES THE NEW LIFE BEGIN? One of the great Bible topics often discussed, but little understood is that of the "new birth", as set forth by Jesus in his discourse to Nocodemus and recorded in John 3:3-7. In verse 3, Jesus said, "verily, verily, I say unto thee, except a man be born again, he cannot see the kingdom of God." This was something entirely new to Nicodemus. He was thinking in terms of the natural birth and did not understand the spiritual concept expressed by Jesus. His confusion is evident in his question, "How can a man be born when he is old" Can he enter the second time into his mother's womb, and be born? (verse 4) Jesus further explains, "Verily, Verily, I say unto thee, except a man be born of water and of the Spirit, he cannot enter the kingdom of God. That which is born of the flesh is flesh; and that which is born of the Spirit is spirit. Marvel not that I said unto thee, Ye must be born again." (verses 5-7) The context of this conversation clearly shows that Nicodemus still did not fully understand what Jesus had said unto him. I suppose we should not be too surprised, in view of the fact that the Holy Spirit came and guided the apostles and prophets "into all truth" (John 16:13), and even yet, two thousand years later, there is still so much confusion on this subject. What constitutes the "new birth"? How is it accomplished? When and where does new life begin? If we can find the answers to these questions we can understand the "new birth". And these answers can be found in the New Testament. Let's

Since limited space does not permit a thorough discussion of the subceed with our auestion.

When and where does our new life begin? When and where did Jesus' new life begin? It began at his resurrection, of course. This fact is made perfectly clear in the New Testament. Peter affirms the fact that one purifies his soul by obeying the truth, and that one is "born again....by the word of God, which liveth and abideth forever". (I Peter 1:22-23). In verse 25, he explains that this is the word by which the gospel is preached unto you." In Romans six we have a concise but clear view of the new birth and when and how it is accomplished. "Shall we continue" in sin, that grace may abound? God forbid. How shall we, that are dead to sin, live any longer therein? Know ye not, that so many of us as were baptized into Jesus Christ were baptized into his death? Therefore we are buried with Him by baptism into death; that like Christ was raised up from the dead by the glory of the Father, even so we also should walk in newness of life. For if we have been planted in the likeness of his death, we shall be also in the likeness of his resurrection" (Romans 6:1-5) (Read on through verse 18).

ject. I shall try to shed as much light as possible on it in the space at my disposal. First of all, let us note some basic Bible principles. 1) Every seed shall bring forth after its own kind" (Genesis 1:11-12.). This is a divine universal law, established at the creation. 2) "The seed (of the kingdom) is the word of God" (Luke 8:11). 3) The gospel of Christ....."Is the power of God unto salvation." (Romans 1:16). 4) "Faith comes by hearing....the word of God." (Romans 10-17). 5) The resurrection of Jesus is spoken of as "the firstborn from the dead." (Colossians 1:18), 6) New life comes at the resurrection from death (I Corinthians 15:20-26). Now with these bible facts in mind, let us pro-

Be Sure To Check Out The Classifieds

You will want to be sure to check out the classified section of this edition of the Santa Anna News. For a while now, we have been running our local ads intermingled with ads from Brownwood. Many have expressed their displeasure with this format, although we kept hoping everyone could get used to it and be able to find the local ads easily.

Apparently this was not to be the case as the complaints continued to arrive at the NEWS desk or on the phone. You have spoken and you have been heard.

Last week after talking with our advertising representative Kay Phillips and our publisher, Shelton Prince, the decision was made to separate the Santa Anna ads from the others and place them in a section of their own at the very beginning of the classified pages.

We hope our readers and advertisers will like this new format. After all, our aim is to please. We value every reader and advertiser. And since advertising is the lifeblood of any newspaper we certainly want to please our advertisers as well as our readers. We also welcome those ads from Brownwood or any other locality which help support our business and hope you will continue to search through them also for items you may be looking for.

You probably have already noticed our new section in the classifieds, "Tex-SCAN." A bargain as big as Texas, this makes statewide advertising available to everyone through the Texas Press Association. At the present time, there are over 203 newspapers in the state, both weekly and daily, participating in the TexSCAN classifieds. For the cost of \$250 dollars, you can run your 25-word classified ad in newspapers across Texas. Sounds like a lot of money at first, but consider the fact that your ad will be read in newspapers with a combined circulation of 1,179,821, (that's 2.4 million readers) throughout the Lone Star State.

One call to this newspaper, that's all. We will place your ad and all you have to do is get ready for the results.

Everyone is urged to attend, especially those who have loved ones in the military service of our country. The meeting will take place at the First Baptist Church Christian Life Center, at 7:00 p.m.

Representatives of the various branches of the U.S. Armed Forces will be on hand to aid in the initial steps for organization of the group.

Due to the stress of having loved ones and friends involved in Operation Desert Storm, other such groups have proved to be of great comfort and support to families and friends of armed forces personnel. Those whose service men and women are stationed elsewhere also feel the stress and are also urged to be present for the meeting.

Make plans to be there and encourage others to come along.

Gun Cleaning and Storage

As the shooting season winds down, it is time to think about hanging up our guns. But before storing our firearms, we should give them a thorough cleaning and prepare them for the off-season.

Both in season and in storage, fouling and corrosion are the enemies of your gun. Powder fouling coats the bore and, in the case of gas-operated autoloaders, the operating mechanism as well. The residue from plastic shot cups remains in the shofgun barrels, and copper fouling builds up in centerfire rifle barrels, adversely affecting accuracy. Most serious rifle shooters clear the barrel every 20 to 30 shots.

Rust is also a problem, and any firearm that has been exposed to wet conditions (particularly salt water) should be dried and cleaned thor-

A thorough cleaning of both action and barrel is also in order at the end of the shooting season. Disassemble the action (only as far as the owner's manual recommends) and use old toothbrushes and moisture displacing solvents to remove moisture and field debris from nooks and crannies. Dry thoroughly to prevent solvent residue from building up, and avoid solvent contact with the stock.

Shotgun bores should be treated with solvent and given a vigorous brushing with a bore brush to remove plastic residue. When the bore is clear, apply a good coat of oil or grease to protect it during storage.

Centerfire rifle bores are more delicate, requiring more meticulous and extensive care. The copper fouling from jacketed bullets should be removed for best accuracy. Use a solid, plastic-coated cleaning rod to avoid excessive bore wear. First, wet the bore with a patch saturated with good quality copper solvent. Then pass a solvent-soaked, phosphor-bronze bore brush, appropriate in size to the rifle's caliber, through the bore several times. Pass another wet patch through until the dry patch emerges clean.

For very fouled bores, the use of special extra-strength solvents may be necessary. However, as some of these are abrasives, they should be used carefully. Avoid the use of jointed-rod or steel brushes, as these can damage the bore.

Once the rifle bore is clean, protect it from rust with a good gun grease. Wipe down the exterior surfaces with an oil or silicone rag and store in a moisture-controlled area. Do not leave any firearm in a plastic traveling case during the off-season, as moisture condensation may

Some argue that "excessive" gun cleaning will result in excessive wear. The use of proper equipment and technique will minimize the wear factor and protect your firearms from the greater damage of rust and corrosion. lil
