Take Time To Vote

Saturday is election day for City of Santa Anna offices and for Santa Anna ISD.

Whether you may believe it or not, the votes you cast on Saturday may be some of the most important votes you will ever cast. In fact, every vote is important.

The school district, along with every other school district in the state is going to be faced with some tough decisions in the next few months and years. Anyone who reads the newspapers or listens to news broadcasts knows something about what school districts are up against.

The City government is no exception. Council members are often faced with having to make decisions that they know will not be popular, but looking at the total scope of things from where they sit, they must go with what they believe is right and will benefit the most citizens. There are occasions, as in at least one case this past year, (the raising of the sewer rates) when their hands are tied by circumstances beyond their control, and they have no choice but to do what would turn out to be most unpopular. A most unpopular decision the school board might have to make, in order to get full state funding, is to raise taxes.

No one who sits on the school board, in the mayor's chair, or on the city council likes to have to make these unpleasant decisions. But thanks goes to those who are willing to stick their necks out when the time comes. As the old saying goes, "when the going gets tough, the tough get going."

And it is with that in mind that I urge you to take very careful consideration of each candidate, city and school board, before casting your ballots this Saturday. Look at the qualifications of each candidate and the priorities they have set to see if they speak for you. Then, most importantly, please go vote. Your opinion won't matter if you do not choose to make your voice heard by casting your vote.

It is important that every qualified voter in the school district and in the City of Santa Anna goes to the polls Saturday. However, you won't see me there. I felt it was important enough that I didn't want to take a chance on something happening that might keep me from voting on Saturday. I have already voted by absentee ballot. Now, you do your part!

If you are still undecided about your candidates for office, please take a few moments and look at the printed candidate forum in this edition of the Santa Anna News.

SAHS Sends Six To State Meet Including Four Freshmen Girls

Becky Simmons, Chrstle Beal, Martha Frausto, Amy Boyet and Elisha Blanton, headed for state track meet in Austin.

Santa Anna High School will be well represented in Austin when the state track meet is held Friday and Saturday, May 10-11. To be more exact, SAHS will be represented in the running events to begin at noon on that Saturday.

Christie Beal, SAHS Freshman will be there to try for the gold in the 100m hurdles and will join her teammates of the 800m relay team for its performance at the state meet. Christie placed 1st in the 100m hurdles at the regional meet held last week in Abilene, with a time of 16.19.

The Santa Anna girl's 800m relay took second place at the regional meet with a time of 1:51.07. Relay team members are Beal, who runs the anchor, and Elisha Blanton, Amy Boyet, Martha Frausto, Becky Simmons, a member of another SAHS relay team, will make the trip as an alternate. All the young

ladies, except Martha Frausto, are freshmen.

The 1600m girl's relay failed to qualify for the finals by less than 1/10th of a second. That team is made up of Frausto, Simmons, Boyet and Shelly Carter.

Phillip Hernandez will be the only representative of the Santa Anna boy's track team competing in the state meet. Phillip earned his trip to Austin by placing second in the 300m hurdles at the regional meet last week. He finished with a time of 40.24.

Coach Dean Bass says that Santa Anna track ace, Herbert Jackson, pulled a muscle while running the 100m dash in the regional meet and was unable to compete in the 200m dash. He had the second best qualifying time in that event in the prelims.

See page 4 for individual performances at Regional meet.

Hartman Extends SAHS Tradition

Jeffrey Hartman and Coach David Robinett, who himself was one of Coach R.C. Smith's State Tennis Players.

Jeffrey Hartman earned a trip to Austin and continued a Santa Anna tradition Thursday at the Region II-A tennis championships in Abilene.

Despite losing to Jason Masonheimer in the boys singles finals, Hartman became the 45th Santa Anna player to qualify for the state tournament in the last dozen years. Both the first and second place finishers at regional advance to Austin.

Hartman, who made it to state two years ago as part of a doubles team, earned his state ticket by surviving Mike Gobble of Muenster in Thursday morning's semifinals, 2-6, 7-6, 6-3.

Hartman played another three-set match in the finals, where he dropped a 7-5, 4-6, 6-2 decision to Masonheimer of Trent.

The State Tennis Tournament will be held in Austin, Friday and Saturday, May 10-11.

Board Seeks Creation Of Hospital District

The Board of Directors of Overall-Morris Memorial Hospital, Coleman, voted last week to pursue the course for the creation of a hospital district for Coleman County. The announcement came to the Santa Anna News last Thursday from Glen D. Bunn, Chief Executive Officer.

Hospital attorney Don Johnson explained to the Board the necessary steps to be taken.

After the petition is signed by the required number of registered voters, it will then be presented to the County Judge. After approval of the petition, the County Commissioner's court will order an election on the creation of the district and the authorization of a hospital tax.

Doctor Mike Eddington, board president, said, "There is simply no alternative. The Medicare and Medicaid programs have not reimbursed rural hospitals adequately causing a cash flow deficit." He said that the hospital has had to use its reserves in recent years to cover expenses not covered by Federal programs.

The President added, "Overall-Morris has been extremely fortunate to last this long. Most other rural hospitals had had to ask their communities for assistance long before now."

There are more than 100 hospital districts in Texas. Over 75 percent of them are in rural Texas. Hospital district tax rates range from a low of 3.5 cents per \$100

valuation to over 50¢ per \$100 valuation. Brady created a district two years ago with a tax rate of 20¢ per \$100 valuation.

Other neighboring towns who have had to form hospital districts in recent years include Ballinger, Winters, DeLeon and Sweetwater.

Milton Autry, President of the Coleman Development Company, said, "It is imperative for the future of Coleman County that our hospital remain open. Medical care for the citizens of the county must be our number one priority."

Doctor Morris Mann said, "We cannot expect to attract physicians without a hospital and Dr. Pope would be forced to relocate without a place to admit his patients." He

Funtier Fun & Games For All — Pie Contest; Antique Farm Machinery Show

Fun and games for everyone is in store Saturday and Sunday, May 11 & 12 when Santa Anna's annual Funtier Days extravaganza takes place.

Perhaps the biggest attraction is the annual Antique Tractor and Farm Machinery Show which has evolved into the largest show of its kind in West Texas. More than 100 exhibitors were on hand for last year's show, and this year's is expected to be as large if not larger with proud owners bringing their antique machinery from all across Texas.

Clint Day and Bill Garrett coordinate the show each year. Always before held at the east end of Wallis Ave., this year's show will be held at the baseball field next to Funtier Square, (armory). Signs on the highway will direct out-of-towners to the show site.

A pie contest has been added to the list of activities. So all you cooks grab that apron, find that favorite pie recipe and get busy!

There will be three divisions—cream pies; fruit pies (to include pecan); and custard pies. Three judges will pick the best in each division. There is no entry fee, however, contestants will be asked to donate their pie which will be sold whole or by the slice. You may enter in more than one division. The contest will take place Sunday at 1:00 p.m. inside the Funtier Show Building (armory). Entries will need to be in by 12:30. All ages of cooks are encouraged to enter.

For further information, contact Michelle Morgan at 348-3463 or Sharon Guthrie at 348-3433.

Water Polo and Tug-O-War will be two very popular games as they were last year. Those activities will take place Sunday afternoon, May 12, beginning at 1:30. Participants will need to be wearing old clothes and shoes that you don't care for water and mud being on.

Watch for signup posters at Funtier Square on Saturday, May 11. Signup sheets have also been passed out at school. All entries

will need to be signed up by Saturday evening of Funtier Saturday to participate in the Sunday games of Water Polo and Tug-O-War. Contact Sharon Guthrie or Michelle Morgan.

The Volleyball tournament will take place throughout the weekend. Volleyball teams wishing to enter need to contact Billy Gay Abernathy.

Rodney Guthrie is in charge of horseshoe pitching. The schedule for that event will be announced next week.

Various local organizations will have Dunking Booth, Go Fishing, Dig in the Sandbox, Wheel of Fortune, Snow Cones, Petting Zoo, and many more.

The Fire Department will be serving their oh-so-good grilled hamburgers and the fixins'.

Other booths will feature, arts and crafts, wood crafts, leather crafts, fresh homemade bread, cosmetics, computer portraits, children's toys, baseball cards, and a large variety of specialty food items.

The Funtier Fun Run will start at 7 a.m. on Funtier Saturday at Funtier Square. Events will be 1K, 3K and 5K. Walkers are also encouraged to enter the 1K. Trophies, donated by Nutri-System will be awarded in each division. Sign up that morning. There is a \$10 entry fee. All participants will receive a Funtier Fun Run t-shirt.

A Rod Run and car show will be one of the many featured activities. Montie Guthrie III is in charge of that activity.

Delta Omicron's Convention Bunch is kicking off Funtier Days with a dance on Friday May 10, from 8:00 p.m. till midnight. Bandera is the name of the band providing the music. Admission will be \$5 per person.

A parade beginning at 10:00 a.m. will kick off the Funtier Saturday activities. Included will be classic cars, antique tractors and other farm machinery, riding clubs, National Guard Color Guard, Boys Scouts and as in years past a flyover by Coleman Aviation Club will signal the beginning of the parade.

Thoughts From Our Pastors

G.W. McFadden

THE NATURE OF TRUE WORSHIP

"God is spirit: and they that worship him must worship him in spirit and in truth."

What does it mean to "worship in spirit?" Should I interpret this verse to mean it is unnecessary to worship in the company of others? Does this verse mean that I do not need church attendance to worship completely? It is true, the child of God may worship anywhere. Worship is an attitude of heart, not a place. But, just as I must depend on others for physical food, I must also depend on others for a well-rounded spiritual diet. There are many times when I can worship in solitude, perhaps surrounded by nature's beauty. But I will miss much of the blessing of communion with God if I never share this blessing with fellow Christians.

Dr. James Kennedy has an insightful comment on this whole idea: "Most people think of the church as a drama, with the minister as the chief actor, God as the prompter, and the laity as the critic. What is actually the case is that the congregation is the chief actor, the minister the prompter, and God is the critic."

How shall we secure the favor of this great God? How, but by worshipping him in spirit and in truth: by uniformly imitating him we worship, in all his imitable perfection, without which the most accurate systems of opinions, all external modes of religion, are idle cobwebs of the brain, dull farce, and empty show. Scripture in Hebrews 10:25 calls our attention to the very problem that our churches are having with worship. "Not forsaking the assembling of ourselves together, as the manner of some is: but exhorting one another."

May God Bless.

Obituaries

Blanche H. Willis

Services were held at 10:00 a.m., Wednesday, March 24, 1991, at Pacific Beach Mortuary for a former Santa Anna resident, Blanche (Hamon) Willis, with burial in the Greenwood Memorial Park in San Diego, CA.

Mrs. Willis, age 85, was the daughter of the late same M. and Minnie E. (Nichols) Hamon. A 1921 graduate of Santa Anna High School, she attended Howard Payne University, later teaching at Bee Branch and Plainview schools in Coleman County. She was the widow of Clebert E. Willis.

Survivors include four children, Eugene and Billy Sam Willis, Betty Hanger, Joyce Blackington; 16 grandchildren and 20 great-grandchildren; two sisters, Whittie Polard and Verna Blair LaMadrid, all of California.

Indeed It Is A Small World!

Dorothy Tillery Hutchinson, a former Santa Anna resident and member of the 1939 graduating class of Santa Anna High School, now resides in San Diego, CA.

During the appeal for stateside people to write to the troops involved in Desert Storm, Mrs. Hutchinson complied, giving Santa Anna as her former home. Recently she received a letter from a Marine who wrote that his buddy had given him her letter, knowing he was from Texas.

The letter of acknowledgement was written by CPL Gary Voss, now of Camp Pendleton, CA. He is the son of Steve and Carole Voss of Santa Anna.

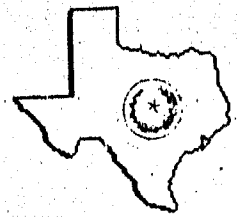

Gary returns to base this week after having spent a few days visiting with his parents and other relatives and friends in the area.

Those signing the petition must be registered voters of Coleman County.

TEXAS SENATE WEEK IN REVIEW

AUSTIN, APRIL 27—This week began with the continuation of Senator Carlos Truan speaking in opposition to Senate Bill 1094 sponsored by Senator Eddie Lucio Jr. of Brownsville. This is legislation relating to the creation of coastal conservation districts to be managed by the Coastal Conservation Commission. Senator Truan had filibustered against the legislation last week in an effort to postpone consideration. He spoke for 10 hours and 38 minutes on Monday at which time the legislation was passed to third reading and left pending until Thursday when the bill finally passed. Truan was opposed to the legislation on the grounds that it was special interest legislation meant to assist one large company. Senator Lucio believes the bill will bring much needed economic assistance to the South Texas area. The bill has now been sent to the Texas House.

Also on Thursday, April 25, the Senate adopted legislation creating the Texas Department of Natural Resources. Senate Bill 35 sponsored by Senator Carl Parker of Port Arthur, combines the Texas Water Commission, the Texas Air Control Board, and the Texas Department of Health's municipal

solid waste program in to one department responsible for enforcing state laws regarding control and cleanup of air and water pollution as well as hazardous and solid waste. Lieutenant Governor Bob Bullock endorsed this legislation stating that citizens will know who to turn to when they are concerned about their health and safety, and industry can count on fair, predictable regulatory enforcement policies with the Department of Natural Resources in place. Bullock also noted that this bill combines existing programs into a single agency and will not require new state money, in fact saving the state money in the long run by preventing environmental disasters and the costly cleanups associated with them. The Senate also voted to implement the pollution control programs authorized by the Federal Clean Air Act. These programs broaden the focus of air pollution controls to give increased emphasis to motor vehicle and other sources of pollution, while continuing strict regulation of pollution by heavy industry. Passage of the amendment guarantees the state millions of dollars in federal aid for pollution control. Senate Bill 35 now goes to the Texas House for approval.

Library Notes

Check It Out

By Alice Anna Spillman

Two ladies who have always wanted the very best for their community are Mrs. Mac Blue and Mrs. Lucile Wylie. They began their support of the library many years ago and continue to encourage family and friends to do the same.

This week, Mrs. Blue celebrates her 97th birthday. Congratulations! May you celebrate many more.

Mary Mills White, Mrs. Blue's niece, and her husband Harold, sent a donation to the library to honor this special occasion.

Mrs. Wylie, her daughter Nancy and son Tom and family were in town this weekend. She has given some very nice shelves to be used in the new library. There were also some very good books. How wonderful for the library to be remembered by all these special people.

Last week I described the book, *Vanished Arizona* and how people had recommended it. Lori Kernes got there first to check it out and enjoyed it enough to say — "read it you all!"

Patsy Starr purchased the book, *Gifted Hands* by Dr. Ben Carson for the Adventist School Library. Christy Beam brought it over for me to read. I enjoyed every page. It is such an inspiring story written in simple readable style. In my opinion, every parent, child, teacher, and grandparent — well in fact, everyone, should read the book. This young

man from the ghetto has achieved world fame and yet is so humble. He does few interviews... "if it is merely publicity for me or just home entertainment, I don't want anything to do with it," he says. He makes time to speak to children and young people. Dr. Carson tells them to think big. Example B — BOOKS. Developing good reading habits is something like being a champion weightlifter. Don't start with 500 pounds. Develop our minds by reading, thinking, figuring out things for ourselves. Read pages 226-227 for the other ways to succeed in whatever you choose. Use your talents, expect blocks, leap over them, move toward the next challenge.

This book isn't in the library, but do find a copy and check it out.

Hospital Bazaar Set For May 18

Overall-Morris Memorial Hospital's second annual Hospital Bazaar has been set for Saturday, May 18, according to Terry Carters, Bazaar Chair-person.

The event will be held on the Courthouse Square again this year from 10 a.m. until 5 p.m.

The committee is planning numerous events including bingo; garage sale; plant sale; horse and buggy rides; ambulance rides; snow cones; food booths; bake sale; arts and crafts; face painting; pet show; dunkin' booth; and various types of races.

An antique car show is being planned. Those wishing to show cars should contact the hospital.

Last year hospital employees raised over \$3,400 for equipment. The committee hopes the bazaar will be even bigger and better this year.

The goal of the bazaar this year is to raise enough money to enlarge the hospital cafeteria. The cafeteria is open for three meals a day, seven days a week.

Mrs. Carter urges everyone to mark their calendars for a fun-filled day, May 18, the Second Annual Overall-Morris Bazaar.

Birthdays and Anniversaries

Birthdays and anniversaries are taken from the Delta Omicron Community Calendar. If you wish to include one that has not been placed on that calendar, please call the Santa Anna News, 348-3545, no later than Monday of the week it should appear in the NEWS.

Mountainside Viewpoint

By Polly Warnock

We are faced with a problem that is plaguing every other newspaper—a lack of postal delivery of our paper each week.

The problem really hit home recently when over a period of two days we had six subscribers to call and tell us they were not getting their paper regularly and when they did get it, it was always a couple of weeks late. Two callers said they had not gotten an issue of the newspaper in a couple of months. One reader in Oregon who called only last week, told of getting their February 7th edition of the NEWS only the day before she called.

Reminded me of a call I received one day last May when our publisher, whose office is in Brownwood, telephoned to say he had that day received his copy of a February issue. (For whatever the reason may be, even though the paper is printed in the same facility in which his office is located, he still receives his copy through the mail).

As of recently though, the problem has compounded, it seems. The calls come from out of town subscribers, most from out of state.

From what we can gather it is taking most out of state subscribers almost three weeks to receive any edition of the paper.

Those readers are not alone though. Only this week, the Santa Anna News received the last issue of the Dublin Progress, a newspaper that closed down a couple of months ago. And one of the readers who called also takes another small town paper, which, she says, also has the same problem getting there.

Now let me be quick to point out the trouble is not within our local post office. In fact, the local postal clerks never touch our papers that go out of town. The papers are delivered to the post office in postal bags ready to be picked up by the postal carrier truck that comes by the post office each evening. I must say that our local postmaster and clerks have always gone out of their way of duty to help us in any way possible, and for that we are most thankful.

The slow service occurs after the papers leave Santa Anna and begin working (or crawling) their way through distribution channels.

What makes it even worse is that most of the problem has begun even after our postal rates were drastically raised. To our out-of-state and out-of-town readers, we can only apologize for the U.S. Postal Service.

Area Scouts Will Hold Camporee In Whon Area

The Spring Camporee of the White Buffalo District will be held Friday night, Saturday and Sunday at the Dudley Ranch south of the community of Whon which is at the southern most point of the Chisolm Trail Council.

Tex Wright of Santa Anna who is the Assistant District Commissioner for the scouts informs us there will be somewhere in the neighborhood of 300 scouts attending the camporee, coming from all across the district including Abilene, Winters, Clyde, Baird, Albany, Hawley, Santa Anna, Coleman and various other towns.

Theme of the camporee, which will be attended by the Webelos of Santa Anna and their Scoutmaster, Troy Tomme, will be "Reaching for the Stars".

Competitive events will be grouped into "problem solving" situations rather than testing the skills of each individual scout. The "problem solving" will encompass most skills required in the Scout handbook.

Tex Wright expressed his appreciation to all who have been helpful in helping the camporee get situated.

From Conventional To Microwave

In attempting to adapt conventional oven recipes for use in the microwave, remember the following tips:

- 1) Reduce liquid by 1/3 to 1/2.
- 2) Shorten the cooking time by one-fourth.
- 3) Virtually eliminate fat for greasing or sauteing.
- 4) Reduce the amount of herbs and spices.

effectiveness. This should be an excellent event for any producer involved in brush management of their range or one who is considering some type of brush control.

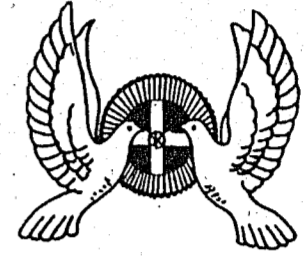

Again, we will begin at 11:00 a.m. on May 9th with hay and forage discussion, followed by lunch and a brush tour. Sponsors for the tour include: Coleman County

State Bank, First Coleman National Bank and Santa Anna National Bank, Central Colorado Soil and Water Conservation District, and Coleman County Extension Ag Committees.

For reservations or question-contact Kerry Shropshire, County Extension Agent - Agriculture at (915) 625-4519.

Overall-Morris Specialty Clinic

Stephen A. Korte, M.D.

F.A.C., F.S.C.A.I.
CONSULTATIVE & INTERVENTIONAL CARDIOLOGY

Doctor Korte has been recalled to active duty by the U.S. Army Medical Corps. We pray that this temporary interruption will be brief and that he will be able to re-establish his Coleman visits soon.

Donald W. Cook, M.D.

UROLOGY, UROLOGICAL ONCOLOGY,
CONTINENT; URINARY DIVERSION

Doctor Cook is a urologist specializing in problems with the genitourinary tract including the kidney, bladder and prostate. He also treats urinary incontinence in males and females, male infertility and urologic problems. He has extensive experience in urologic tumor surgery and offers procedures previously unavailable in our region. Doctor Cook offers several types of continent urinary diversion. This means that patients who previously had to wear an external bag to collect their urine can have a new internal bladder made of their own tissues. You may schedule an appointment by calling 625-2135. For more details about Doctor Cook and other physicians associated with the Specialty Clinic, call the number above.

Patrick E. Gibson, M.D.

GENERAL & VASCULAR SURGERY

Doctor Gibson is a General and Vascular surgeon. His subspecialty training is in blood vessel reconstruction. In San Angelo he is going to be doing laparoscopic cholecystectomies or band-aid gallbladder surgery. Doctor Gibson will see patients at Dr. Pope's Coleman Family Medicine Clinic and will do many procedures at Overall-Morris Memorial Hospital where he is on staff. Doctor Gibson completed his medical education at Southwestern Medical School in Dallas and his internship at Parkland. His vascular surgery residencies were completed at Parkland and Medical Center in Dallas. You may schedule an appointment by calling 625-3516.

Bruce R. Heare, M.D.

GASTROENTEROLOGY

Doctor Heare is a gastroenterologist specializing in problems of the gastrointestinal tract, such as stomach problems, bowel problems, gallbladder problems, etc. He will also bring his capability of removing retained gallbladder stones after cholecystectomy. You may schedule an appointment by calling 625-2135. For more details about Doctor Heare and other physicians associated with the Specialty Clinic, call the number above.

SCOTT & WHITE
OPTIONS FOR HEALTH

**Wash Immediately
If Exposed To
Poison Ivy**

Delma P. Posey, M.D.
Department of Dermatology
at Scott & White Hospital and Clinic
and Associate Professor of Medicine,
Texas A&M University College of Medicine

Q: *My family spends a lot of time outdoors and the children have gotten their share of Poison Ivy and Poison Oak. My daughter seems to have a serious reaction to it. She swells up and is covered with a rash. She almost becomes unrecognizable. She knows what it looks like and tries to avoid it, but she always gets it. Is there anything else she can do to avoid these outbreaks?*

A: The poison ivy plant family is the most common cause of allergic contact dermatitis (allergic skin rash) in the United States. Your daughter has a common problem, just a bit more severe than usual.

The poison from these plants will produce a reaction in the skin of virtually every one of us. Depending on one's sensitivity and the degree of exposure, the reaction may vary from moderate itching and redness to severe swelling and blistering.

If you have a question please write to "Scott & White Options For Health" in care of your local newspaper.

Unfortunately, we do not have any effective method to prevent this problem. Strict avoidance of actual or indirect contact with the poison ivy plant is the only certain way to avoid the rash. Indirect contact could be from pets, clothing, garden tools, or even from the smoke of burning plants. Complete avoidance is difficult as you and your daughter have discovered, but a soap and water bath within one hour of exposure should prevent an outbreak.

For mild rashes, I recommend Calamine lotion and non-prescription hydrocortisone cream; however, if your daughter should develop the severe reaction which you have described, she should see a physician for a more vigorous treatment plan. This may include potent topical and internal cortisone-like medications.

It is best to avoid contact with poison ivy, but if that is not possible, wash the exposed area right away.

Household Products Can Cause Damage To Fabric

Consumers use a wide array of products in and around their homes every day. Many of these products contain ingredients that will cause color change or color loss if spilled on fabrics. Several products that are known to affect fabric color are commonly used.

Pesticides used to fight fleas and ticks contain organophosphate. Plant food and fertilizers also contain organophosphate. Red dyes are especially sensitive to this ingredient.

Tile cleaners and mildew removers contain strong acids or bases and often contain chlorine. Acids and bases alone may remove color and, when combined with chlorine, the color loss is permanent.

Dandruff shampoo that contains sulfur compounds can change colors if spilled on fabrics. It gradually turns blue or green and the spot will darken with age.

Benzoyl peroxide is used in acne medication. It is not easily washed off the skin and wherever the skin touches fabric -- pillow cases, upholstery, carpet and garments -- it leaves a residue of chemicals. Even very low concentrations of benzoyl peroxide will remove color.

Other household products that may be sources of color removal or change are furniture polishes, oven cleaners, and pool chemicals. Often, spills from household products go unnoticed until age, heat or moisture triggers a color change. By then it is too late.

So remember to use household products carefully and remove any spills as soon as they occur. If necessary, get a professional to clean the fabric before permanent damage is done.

4-H Judging Teams At District

Coleman County 4-H'ers competed in District contests this past Saturday. The Livestock Judging and Shooting Sports competition was held in Fredericksburg while the Horse Judging team competed at Winters.

In the Horse Judging there were two Junior teams and a Senior individual competing. Team 1, composed of Tera Wilson, Mandy Hubbard, and Cory Crye, finished 6th overall. Team 2, consisting of Jamie McNutt, Heath Wilson and Tanna Wilson, placed 9th. In Individual ranking, Tera Wilson was 2nd high and Tanna Wilson was 6th high in the Junior contest. In the Senior division, Levi Villarreal was 6th high Individual.

In the Livestock Judging contest, there were seven team members.

They were: Aaron Guthrie, Mitchell Guthrie, Joey Cheaney, Chris Cheaney, Manuel Frausto, James Balderas and Josh Daniel. In the Junior Team competition, these boys placed 8th with Josh Daniel being the 6th high individual in the Junior contest.

In Rifle Competition, the Junior team of Cody Davis, Travis Jackson and Logan McDonald placed 3rd, with Cody Davis being 10th high Individual and Travis Jackson placing 9th. In the Senior competition, Justin Hale was 7th high Individual.

All these 4-H'ers did an excellent job representing Coleman County.

—Candidate Forum—

As is tradition during Santa Anna City elections and local school board elections, The Santa Anna News has asked

the candidates to participate in a printed candidate forum for our readers, some of whom may not have available a candidate choice. We hope the

following will be of help while considering each candidate whose views are printed here.

The Santa Anna News mailed a questionnaire to each candidate running for office in the City election and to each running for a place on the Santa Anna ISD board of

trustees. The candidates were asked the same questions with their answers to concern the office for which they were seeking election. Following

are their responses. You will find, when reading through, that some of the candidates chose not to respond to some of the questions.

City Council

Gale Allen-Brock
Candidate for Mayor

OCCUPATION:
Housewife. Retired insurance agent and teacher.

FAMILY: Husband, Byron D. Brock; son Sam Allen and wife Joy; and two grandchildren, Zachary, age 6 and Carly Joy, age 3.

EDUCATION:
Bachelor of Science Degree in English, Education, Social Science, Spanish and History.

QUALIFICATIONS:
Nine years on council during years 1970 thru 1979. Presently serving as Mayor since November 1989.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE CITY COUNCIL NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

1). Additional space for City offices, Police Department, and Judge's office, and Supt. of Operations' office. The present City Hall structure has numerous cracks in the structure and the present office lacks space for monthly Council meetings, necessitating meetings in various facilities in the local Telephone Cooperative offices, Housing Authority building and at church fellowship halls.

2). Improvement of water lines within the city, mainly feeder lines within loop installed in the 1978 water improvements project involving water supply from Lake Brownwood to City Filtration Plant.

3). Improvement of fire hydrants throughout the city.

4). As possible, sale of tax delinquent properties, hopefully having these properties returned to the tax rolls as tax revenue producing properties as residential residential or business properties.

5). Clearing away deteriorating structures no longer habitable. The cleared lots would be available for new dwellings, business/and commercial structures; or at least certainly improve the general appearance of our town.

6). Assistance for our City Policeman in the form of part time help.

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:

There are still some grants available, and possibly as the economy improves there will be more, but applications and qualifying for such grants is time consuming and of little expense. As other obligations are cleared, these should be pursued.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED AND HOW THEY MIGHT BE ACCOMPLISHED:
Upgrading of City Services such as water, sanitation and sewage and closer monitoring of expenses toward the possibility of a more profitable operation, thus increasing revenues and allowing for needed improvements in each facility. This would leave more funds for needed street and building repairs for areas of the City operation that are not revenue producing, but truly services.

Susie Voss
Candidate For Mayor

OCCUPATION:
Clerk, United States Postal Service.

FAMILY:
Husband, Eddie, and two children, Austin and Kelly, both students at Santa Anna Elementary School.

EDUCATION: G.E.D.

QUALIFICATIONS: Four years as council person. Attended numerous seminars and workshops on budgeting, retirement, management, and productivity.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE CITY COUNCIL NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

Water lines need repair and fire plugs need replacing.

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:

Do lots of research and apply for every grant available.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED AND HOW THEY MIGHT BE ACCOMPLISHED:
There is a lot of excitement in Santa Anna now that all the committees generated by the "Lets Get Started" program initiated by the Chamber of Commerce. I would like to see all their goals accomplished with support and cooperation from the Mayor's office.

OTHER BRIEF COMMENTS:
Mayor could help with State and Federal grants and lend a hand when needed.

Craig Terry
Candidate for City Council

OCCUPATION:
First assistant manager of Allsup's and Owner of CT Enterprises.

FAMILY:
Wife, Marsha J. Terry and our pet chow/coyote—"Midnight" Mother, Cassie Terry of Plainview and a sister, Janet Baird of the Fort Worth area.

EDUCATION:
Graduated from Grand Prairie High School, Grand Prairie, Texas; University of Texas at Arlington; Texas-Business Administration; and 1200 hours of law enforcement schools and training in Florida and Texas.

QUALIFICATIONS:
Numerous years in various law enforcement agencies. Have owned and operated different business ventures during adult years; worked in business here in Santa Anna for the past 3-1/2 years; have a true interest in the future of Santa Anna and its direction of growth by proper direction from futuristic thinking and leaving the past behind.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE CITY COUNCIL NEEDS TO

Norman Asher
Candidate for City Council

OCCUPATION:
Road Construction

FAMILY:
Wife, Bobbie, sons, Stacy, Scott and Patrick, and daughter, Audra.

EDUCATION:
Eleventh grade.

QUALIFICATIONS:
Heavy equipment operator.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE CITY COUNCIL NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:
Yes.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED AND HOW THEY MIGHT BE ACCOMPLISHED:

Taking care of all city streets by getting a government grant. Help clean up our town and to take care of all the stray dogs and cats.

OTHER BRIEF COMMENTS:
To make our town safe and clean for our children.

ADDRESS IN THE IMMEDIATE FUTURE:

Yes, I do. There are several buildings and houses throughout the town that need to be condemned and razed to eliminate hazards to health and welfare. The tax base needs to be broadened through bringing about the sale of alcoholic beverages. I have given this matter considerable thought, probing, and investigation in other city agencies since I first signed up to run for council this time. In Lubbock, they recently got \$104,000 in tax rebates; in Plainview they got \$41,068; in Hale Center, they got \$15,000; in several areas where the oil and gas is non-existent, more or less, and the economy is sagging like ours is—the tax base was still up because of the alcohol sales taxes and crime was not on the rise because of it. It is high time that Santa Anna gets off its laurels and becomes a part of the future and get the tax dollars here we need and deserve and stop thinking in the past, 20, 30, 40 years ago. This town will die on the vine in the next twenty years if we, the people, don't rise up and seize today for all it has to offer now! It is time to get over the procrastination that has bogged this city down for recent years because the City Fathers are only a select few instead of the entire people of this community. It is time for a change in Santa Anna's future and only modern thinking and looking people are what it will take to make it happen.

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:
Yes, as I have outlined in the previous question.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED AND HOW THEY MIGHT BE ACCOMPLISHED:
By broadening the tax base through some of the above ideas, more tax dollars would be in the City treasury to cope with the shortages faced in previous years by the City and would also help update

Danny Kellar
Candidate for City Council

OCCUPATION: General manager of Coleman County Telephone Cooperative, Inc.

FAMILY:
Wife, Jean and daughter Leanda, a student at SAHS; son Lynn and daughter-in-law, Lori; and a grandson, Josh.

EDUCATION:
Graduate of Cross Plains High School; graduate of Cisco Junior College (Associate of Arts Degree, 1968) and graduate of Howard Payne University (Bachelor Business Degree, minor in English, 1970).

QUALIFICATIONS:
I served six years on the Santa Anna ISD Board of trustees. I am general manager of a million dollar corporation.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE CITY COUNCIL NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

In my opinion, the most pressing problems, such as the sewer farm and the landfill, are currently being taken care of very efficiently. However, I believe that the City of Santa Anna will be facing more and greater impact from the E.P.A. on the water and sewer requirements. It pleases me to see local citizens making strides in our community by establishing a center for collecting recyclable items

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:

Even though at this time I am not familiar with the State and Federal financial requirements and regulations, and therefore can not offer a solution, I am very well acquainted with the financial and other requirements imposed on the telecommunications industry. Basically they are related. All the Federal and State programs are imposing spending reductions. It is up to the City Council to determine the impact on the Citizens of Santa Anna.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED AND HOW THEY MIGHT BE ACCOMPLISHED:

First and foremost, promote Santa Anna. Encourage our family, friends, and neighbors not to be negative toward the City, but to encourage and support all local activities, such as the recycling center, Funtier Days, citywide cleanups, and the older established businesses and new businesses. I am aware that the Coleman County area is no exception and is having its share of economical problems, higher taxes, fewer services, higher prices on goods and services, and costly insurance.

One solution is more involvement by our citizens, help the City—not by complaining—but by doing. The more each individual does, for instance, cleaning up a vacant lot; it costs the City approximately \$30 an hour. If we as citizens and individuals, take some of these responsibilities instead of expecting the City to do it for us, we will have saved the City money that can be used elsewhere.

OTHER BRIEF COMMENTS:
Let's be proud of Santa Anna!

the rising crime fighting capabilities of the law enforcement locally and also help in beautifying our city and getting in on the travel trade we currently are missing and will miss when the lake grows and is in full operation.

John Morris
Candidate for City Council

OCCUPATION:
Owner/operator of John's Bait & Tackle.

FAMILY:
Wife, Melanie and two children, Christopher, 20 months of age and Brittany, 3 months.

EDUCATION:
1985 graduate of Santa Anna High School; one week training course for Adler Royal Machines (business machines).

QUALIFICATIONS:
Have had five years management experience in retail business as well as construction management.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE CITY COUNCIL NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

There are two major problems that I feel the City Council has not tried to do anything to solve. First, the roads are in the worst shape they have been in in a long time. They need to figure out some way to fix them in the near future. And second, this town has one of the highest water bills around. Every time the City needs more money, they go up on the water and sewer rate. Instead of raising the water rates, they need to find some other way of raising this money that is so badly needed.

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:

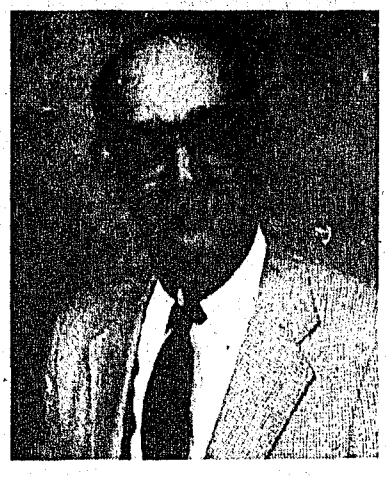

As far as fixing the roads in the city, there are grants you can receive from the State Government to help fix roads in an area. As far as water bill rates, I feel that a freeze should be put in so that it will not go up any more. Raising the City sale tax to match the surrounding cities would bring revenue in off the highway going through town instead of putting it all on the citizens of Santa Anna.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED AND HOW THEY MIGHT BE ACCOMPLISHED:

The number one goal I would like to see happen in Santa Anna is to see people working together in the community to better it, instead of working against each other. Also, I would like to see more activities for the youth and the senior citizens to do around the city.

OTHER BRIEF COMMENTS:

I would like to see the community pull together, clean up the town, and try to attract other small businesses as well as people into the city. This would bring the economy up and open up more jobs in the area.

Jim Spillman
Candidate for City Council

OCCUPATION:
Retired from U.S. Air Force after serving 23 years as a pilot. Currently financial aid officer, Central Texas Commercial College, Brownwood.

FAMILY:
Wife, Alice Anna, and daughter Monique.

EDUCATION:
BBA in accounting, Washburn University, Topeka, Kansas.

QUALIFICATIONS:
I am an accountant and am familiar with budgets and other accounting procedures necessary to run an operation like the City of Santa Anna. I have five year experience on the Council.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE CITY COUNCIL NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

There are always problems that need to be addressed but I also would like you to look at what has been accomplished the past few years or is now near completion: The Land Fill has been brought into compliance with Federal laws; reduction of mandatory water volume from the Brown County Water District; in-house accounting system for City Hall; and now being finalized, the update of the sewer plant to remain in compliance with Federal laws.

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:

Other improvements needed are improved streets; clean up of old buildings, houses and vacant lots. The City has been working on the legal and financial aspects of these problems.

Decreased population and income from taxes has limited the budget to water treatment, sewer and water line repair, upkeep and repair of equipment, some street repair, salaries, and the police Department.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED AND HOW THEY MIGHT BE ACCOMPLISHED:

OTHER BRIEF COMMENTS:
The New City Improvement Committees have contributed great time and effort with fine results. They have demonstrated that Santa Anna can be the best, if its people care. I would like to continue on the City Council working together with you to make this the outstanding small town in Texas.

Candidate Forum— School Board

Barbara Simmons

OCCUPATION:
Owner, Operator of Simmons Feed and Seed.

FAMILY:
Widow of Earl Simmons. Four children are Celeste, 29 and Mike 27, both graduates of SAHS; Chris, 18, a senior and Becky, 14, a freshman.

EDUCATION:
Graduated from high in Miami, Florida.

QUALIFICATIONS:
I feel I am qualified to be a member of the school board because of fiscal awareness and knowledge gained operating a family business. Due to the interest in my children's education, involvement in the school system has made me aware of the importance of cooperation among parents, teachers and the administration.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE SCHOOL BOARD NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

My intent is not to address one specific issue but rather to offer my experience with children and business management to help improve the quality and longevity of the Santa Anna School District.

Eddie Jones

OCCUPATION:
Sales and service.

FAMILY:

Wife, Norma Jo, Deputy sheriff and children, Ray, a junior at SAHS, Darla a freshman and Danna, an eighth grader.

EDUCATION:
High school graduate, 1967. One year of college. Radioman in the U.S. Navy. About fourteen hours continuous education for School Board Trustees.

QUALIFICATIONS:
I have been in management for 10 years and have been a public servant in a number of areas over the past several years and understand the pressures and time required to adequately fulfill the position. I am a past school board member.

ARE THERE ANY SPECIFIC PROBLEMS THAT YOU FEEL THE SCHOOL BOARD NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

Naturally during this day and time, finances are a problem, but another large problem this coming year is the selection of a new superintendent for our school district.

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT

MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:

Concerning finances, we all know that they have been a serious problem for the past few years. At this time, we are waiting on the final report from the State concerning the court agreement on state funding for schools. Just the same, we must continue to be cautious of our spending and make every penny count. We cannot afford to be frivolous at this time.

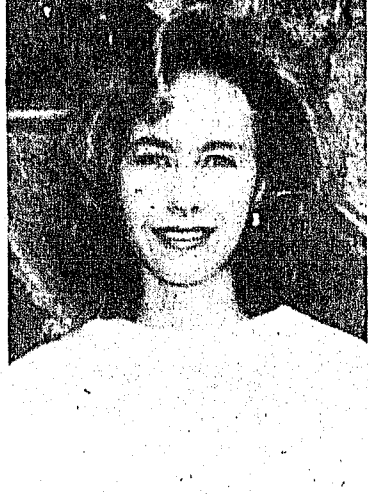

Another problem I feel we have is too little community participating in our school activities, but believe with careful consideration in selecting a suitable superintendent for our school district we can implement programs that could narrow this gap and perhaps enhance public enthusiasm, I believe our leaders should be involved in our community affairs which would give him or her the opportunity to keep our school in the public eye. Of course I believe in turn our school district needs to offer adults an opportunity to learn skills, gain more education, and/or participate in sport programs for health and fun.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED, AND HOW THEY MIGHT BE ACCOMPLISHED:

My # 1 long term goal is to do what I can to insure that our local school district remains intact. With government having so much "say-so" in our lives today and "pushing" toward larger school districts, we must all be concerned and involved in our system in order to have the quality of education we want for our children, as well as quality teachers.

Without our involvement, the voice we now have will become a whisper. Please get out and vote. Exercise your privilege and take part in your community.

OTHER BRIEF COMMENTS: I will appreciate your vote and sup-

Sharon Guthrie

OCCUPATION: Owner and operator of Sharon's Beauty Salon.

FAMILY:

Husband Lane Guthrie, a 13 year employee of Coleman County Telephone Cooperative; children are Tom, an eighth grader, Aaron, fifth grade, and Shala in the first grade.

EDUCATION:
1976 graduate of Santa Anna High School; attended Gary's Beauty College in Brownwood and became a licensed Cosmetologist. This has been my profession for the past 14 years. For the past 10 years, I have operated my own beauty salon. I have continued to maintain my education in my profession.

QUALIFICATIONS:
I have been active in several organizations in our community. I am vice president of the P.T. O. (Parents and Teachers Organization). I am an active member and past president of the Santa Anna Fire Department Aux. I am a member and very involved in the Presbyterian Church. I have also been active in the 4-H, the Cham-

ber of Commerce, and the Coleman County Baseball Association.

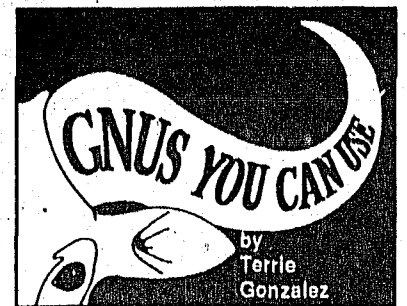

ber of Commerce, and the Coleman County Baseball Association.

ARE THERE ANY SPECIFIC PROBLEMS YOU FEEL THE SCHOOL BOARD NEEDS TO ADDRESS IN THE IMMEDIATE FUTURE:

I would rather like to address the necessity of knowledge of financial responsibilities concerning this position, and would like to re-state that I have solely owned and operated my own business for the past 10 years. Having done this, I feel confident of my knowledge of a budget and the responsibilities that follow.

TAKING INTO CONSIDERATION ANY FINANCIAL REQUIREMENT, STATE AND FEDERAL REGULATIONS, OR OTHER LIMITATIONS THAT MIGHT BE INVOLVED, CAN YOU OFFER A PROPOSAL FOR HELPING TO SOLVE THOSE PROBLEMS:

I would like to eliminate the perception that we are not producing academically functioning young adults. I have checked into some of the functions of school board members and find that in dealing with Federal and State mandates, there are many times we have very little choice in matters. However, we do have a choice in helping with local programs of our schools. That is why I am involved with assisting one day a week with the "Writing to Read" program.

Weasel-like animal makes a good pet

Q. What is a tayra, and where do they live?

A. Tayras look very much like weasels, and their range begins in southern Mexico and extends through Central and South America.

"Also called the 'taira,' these carnivores are frequently tamed and kept as pets," said Mickey Hunt, manager of the International Wildlife Park in Grand Prairie, Tex.

Their bodies measure approximately 26 inches long, not counting a 19-inch tail.

LONG TERM GOALS YOU WOULD LIKE TO SEE CONSIDERED AND HOW THEY MIGHT BE ACCOMPLISHED:

Long-term goals that I would like to see achieved are: Less negative and more positive thinking in the community; More building and growth of the self-esteem between our children, parents, and teachers. And to hopefully make parents feel more comfortable in our school system. All of these goals can be achieved by positive thinking by you and I.

OTHER BRIEF COMMENTS:
I love challenges and with the help of God, we can achieve these goals.
