## Car Accident Here Sunday

### TO THE OLDEST MOTHER

Walker's Pharmacy has given a box of candy to the oldest mother for a number of years.

Mrs. M. E. Chambers, 92 years old, and being the oldest mother to register this year, received the box of candy. She was born in Alabama in 1841 and came to Texas in 1850. She was married at Weatherford in 1860 and has lived here since 1895. She has never been sick, goes about the house with ease, plays the piano and she sang a song for Mr. Walker and others when he delivered the box of candy. She sang "Come, Rest in thy Bosom."

Mrs. Chambers said the candy was surely good, and the best dinner she has had in years, and she expects to get many more boxes of candy on Mothers Day.

Mothers who registered were: Mrs. M. E. Chambers, 92; M. S. W. D. Stephenson, 87; Mrs. E. J. Johnson, 84; Mrs. M. L. Hooper, 83; Mrs. R. A. Biggs, 82; Mrs. J. S. Martin, 81; Mrs. A. C. Watson, 78; Mrs. J. H. Green, 83; and Mrs. M. M. Ferguson, 74.

Sunday afternoon, one Mr. Crane, transfer agent with four convicts from west of here, who was headed for the state penitentiary collided with the Matt Estes car of Rockwood, causing considerable damage to the Estes car and also to the transfer car.

Mr. Estes suffered a severe head wound that required several stitches. None of the others were hurt seriously. One of the prisoners complained of a bruise on the head, but no surface was punctured.

Mr. Crane was delayed several hours while getting his car repaired.

### IF I WERE...

By G. A. Morgan

Last week I wrote on some things I would do if I were the City Commission, with reference to regulating traffic and reducing water rates.

There are two sides to every question. If I were the City Commission I would expect the citizens to co-operate by observing traffic regulations. All traffic violators are not visitors. The Editor has suggested that our citizens, on Saturdays and special days when traffic is heavy, park their cars on side streets and leave the parking space on main streets for visitors. This is a good suggestion. By all means, let the City Commission publish traffic laws, and let us, as citizens, observe these laws. If I were the City Commission I would invoke the law in cases where citizens, or visitors, or people passing through town, refuse to observe the law. Traffic laws are for our protection and should be observed. If I were the City Commission I would expect citizens to pay their water bills. One way to reduce water rates is for people to pay for water used. In cases where water bills are not paid within a reasonable time and no effort made to pay them or to extend time of payment, I would cut off water service.

What is sauce for the goose is sauce for the gander.

### PHYTHIAN SISTERS INSTALL SANTA ANNA LADY

Mrs. Jeannette Hensley was installed as Grand Outer Guard of the Grand Temple Pythian Sisters of Texas at installation ceremonies marking the close of the Grand Temple Annual Convention in Mexia last week. Mrs. Hensley by her election has been placed in line for Grand Chief of Texas in 1939, in which office her mother, Mrs. Lula Johnson, served in 1930-31. Jeannette has served as District Deputy of District No. 6 for the past two years, which includes Abilene, Bal'd, Brownwood and Eastland. At the Convention in Mexia her District had the best reports in Texas. Mrs. Ollie De Spain of Abilene won \$10 for the best Temple Deputies report for 1934. Mrs. Bertha Ross of Eastland won \$10 for the best Temple Deputies report for 1933. Abilene Temple won the Banner of the largest membership increase in Texas and Jeannette won \$10 for the best District Deputies report for 1934.

Abilene Lodge No. 42 and Abilene Temple No. 64 held a joint meeting in Abilene Tuesday in honor of Mrs. Hensley and Frank E. Smith, of Abilene who was elected Grand Outer Guard of the Knights of Pythias of Texas.

### Mr. Scarborough Approved by the State Dept. of Education

Superintendent Scarborough received last week from the State Department of Education a certificate recognizing his eligibility for the superintendent of a four-year accredited high school.

One of the recent laws of our state makes it mandatory that the superintendents of accredited high schools have completed twelve semester hours of advanced work in high school administration and six semester hours of advanced methods. By the term "advanced" one means courses of junior, senior, or graduate rank.

Mr. Scarborough was recognized as having met these requirements.

Mrs. Cecil A. Walker returned home Tuesday from Coleman where she underwent a surgical operation last week, and is reported well on the road to recovery.

### MOTHER'S DAY SERMON

By Rev. G. A. Morgan

"As one whom his mother comforteth, so will I comfort you." (Isalah 66:13)

Mother's Day is an anniversary occasion which has successfully demonstrated its right to a permanent place in our calendar. On Mother's Day we naturally think of home, and when we speak of home we naturally think of the dearest spot on earth, a spot around which cluster the sweetest associations and the most hallowed memories; the place where we were taught, "Now I lay me down to sleep," where we were taught the best we have ever known. "Be it ever so humble, there's no place like home."

To those of us who are older, Mother's Day is a day of precious memories, and we sing in the language of the poet,

"Backward, turn backward, O time in your flight, Make me a child again just for tonight! Mother, come back from the echoless shore, Take me again to your heart as of yore."

And when we think of home we naturally think of mother, the one who never disappointed us, who sacrificed personal comfort, who denied herself pleasures that we might be happy. Mother is the soul of the home. She is its heart-beat, she is its light; she is its life. One of the best things that has ever been said about mother is that statement in the Scripture: "Her children rise up and call her blessed." (Prov. 31:28)

Notwithstanding that cradles have gone out of style, and that modern mothers do not rock their babies, it is still true that "the hand that rocks the cradle rules the world." How wonderful motherhood is! Mary Rowland Beckwith has beautifully expressed the idea in her poem, "Mothers."

There's much of joy and much of peace For mothers! There's many a trouble made to cease

By mothers. It's mother that kisses the pain away, It's mother who guides from day to day; Yes, noble's the work of being, we say, A mother.

There are many beautiful things in the world, but there is nothing to compare with the beauty of a mother with her baby in her arms. A mother's love is the most beautiful and lasting thing on earth. Her love is akin to the divine. When God would have us catch some comprehension of his love for us he said, "As one whom his mother comforteth, so will I comfort you."

A teacher was describing Jesus to her class of small boys. She said, "This one of whom I speak was always doing good, always cheerful, always doing something to make others happy." One little boy said, "Teacher, I know who that is, my mother." What a protection is about a boy when he goes out from home with the memory of such a mother! It would be difficult indeed to overthrow the influence of such a mother in the life of her boy. A business man has his mother's picture in a silver frame on his desk. He says that the memory of his mother helps to keep him from going down under the temptation of a business man's life. The thought of mother has saved many boys and girls. The thought of mother has helped many over the rough and dangerous places of life.

They told me she was dead. I said: "It cannot be; She is only dead to earth, But never dead to me."

A mother's love is far-reaching, stretching over the separation of time and space. Many a boy has been saved through the influence of his mother's love. Let us not underestimate a father's love and care. His love is manifested in a different way. He it is who toils unceasingly, without complaint, to the end that his family may be assured comfort and that the children

### LOCAL STAGE SHOW WITH LOCAL TALENT

The Queen Theater will present a very unusual stage attraction on Wednesday and Thursday, May 23 and 24 of next week, in their "Gala Hollywood Premiere," with local people impersonating your favorite movie stars in songs, dances and dialogues. The manager, Mr. Daniels, expects this event to be one of the most outstanding attractions of the year, as Mr. Moore, who is staging the Premiere, expect to have 50 or more people on the stage for your entertainment, which will include comedy, beauty and pageantry.

In this Premiere, the local Wampus Baby Star will be chosen by an audience ballot vote, when local girls, in a parade of Youth and Beauty, appear on the stage, in the form of a style show. The Pageant will be judged on stage appearance and beauty. A trophy will be awarded the winner, and her picture will be sent to Hollywood for screen test possibilities.

An added feature of the Premiere will be the arrival of the movie stars in front of the Queen Theater. Arrangements made by the management, with the city official, will provide roped off space in front of the theater in order that the crowd may witness this spectacular attraction. High-powered lamps will be used for lighting the street, as well as the platform, equipped with broadcasting microphones, through which means the stars will be introduced, individually, and address the public as they leave the new automobiles, in which they will be escorted, and enter the theater for the performance and judging.

The stage will be decorated with flowers and furniture. You will see the stars in a setting of youth, beauty, glamor, and sophistication, not unlike that of the Cinema.

Who knows? We may have a movie star in our city—for some of the very best actors and actresses of today, came from the Lone Star State. Your choice may determine a movie career for your local favorite, and you can be sure of high-class entertainment for the entire evening.

While we are waiting for the government to act the cemetery has grown up in grass and weeds. We are calling an all day meeting Wednesday, May 23, to clean up the cemetery. We are asking that all who can come and bring your lunch and help us clean up the cemetery. To the unemployed who come and help us we will give a good feed at noon.

Cemetery work may have an education. The commandment is, "Honor thy father and thy mother." One of the most heartless things in all the world is to cause parents suffering and pain. Sometimes it is through carelessness. Sometimes it is through thoughtlessness. Sometimes it is unintentional. Sometimes it is through neglect.

To honor parents is to honor their name. We all owe it to our parents to honor their name by living clean, honorable, upright lives, never bringing reproach upon their fair name.

To honor our parents is to be a comfort to them, to make old age easy for them, maintaining them if they need our support. Jesus Christ was not content to die upon the cross for our redemption until he had first made provision for the care and comfort of his mother.

Most of us are glad when there comes the opportunity to go back home—back to the place where we spent the days of our childhood and youth; back to the place where they call us by our first name; back to the place where we joined the church. To many of us that opportunity will never come again. I am just trying to keep you from forgetting. If your parents are living, write to them regularly if you are away from home. Go back to the old home as often as possible and visit your parents; live over again the days of your childhood and youth. Whoever you are and wherever you are, young and old, thank God for your mother.

### SAN ANGELO HOST TO WTCC IN ANNUAL CONVENTION

Several from here attended the 16th annual convention of the West Texas Chamber of Commerce in San Angelo Tuesday.

There were several thousand visitors from over a large area of Texas and adjoining states. San Angelo, with her several fine hotels and other such things as is necessary toward entertaining conventions, furnished plenty of entertainment and the visitors lost no time in celebrating. Coleman county was well represented at the convention, the Coleman band, under the direction of their very efficient leader, Mr. King, took part in the entertainment, and had the warm support of a large number of fans.

No convention the size of the annual session of the West Texas Chamber of Commerce convention could be carried on without some mistakes, but mistakes can be used for stepping stones to better things if properly used. The president, Hon. Walter D. Cline of Wichita Falls, proved a valuable director and leader during the past year and also during the convention session.

Several resolutions of a broad nature were read, discussed and adopted. One resolution called for the abandonment of the present relief methods and organization machinery.

Other resolutions included: Continued support for education, especially of the seven state-supported colleges in West Texas, and opposition to discontinuance of any. Also opposition to control of the college system by a single board.

Criticizing present plans for the Texas Centennial, declaring proper observance can not be had under present arrangements. It termed the plans commercialized and condemned the "bidding system" of determining the location as compared to the "roving plan."

Another resolution urged more speed at Washington in getting projects approved under the PWA started, especially projects of local political subdivisions.

Unqualifiedly indorsing a bill for federal control of oil production, but asking that the state authorities not be interfered with as long as the allowable orders are not exceeded, the same resolution opposing diverting any more gasoline tax funds and opposing waste of natural gas.

Reaffirming the organization's position on water priority, under which the people get the first chance, at waters of any Texas stream, and opposing an application pending in Washington for use of Colorado River for a power dam.

Urging restrictions be lifted at Washington so that Dallam County farmers may have loan advantages.

Recommending that the Panhandle drought area be regarded as one unit in road relief work so that labor may be used to advantage, in moving from one point to another.

Opposing a road building holiday, declaring that West Texas needs a connecting highway system and declaring aid should be based on needs and not on the population basis, as the best means of direct relief.

Asking that the Robertson insurance investment law be retained.

A wire was received from Hubert Harrison, manager of the East Texas Chamber of Commerce, asking that the "hot oil" program of that organization be indorsed. "We have had that policy for the last six years," was the comment of President Cline.

Two luncheons were served complimentary to visitors at noon Tuesday. The county judges, mayors and representatives were served at the St. Angelus, the newspaper men and secretaries of the various chambers of commerce were served at the Hilton. A nice dinner was reported at the St. Angelus, and we are inclined to believe there was a nubrup and those county

The Knappe-Coleman Glass Company began making milk bottles this week in the plant formerly known as the Texas Glass company.

Messrs. Knappe and Coleman purchased the plant under execution of a Receivership sale last summer, and have worked diligently since that time, getting their business and the plant in readiness for operation.

The milk bottle unit is now ready and in operation.

The Lynch machine, where fruit jars and other glassware are made will be ready for service in three or four weeks, and a large quantity of orders have already been booked.

Messrs. Knappe and Coleman are both young men, have banked their all on the prospects that promise a bright future in the glass manufacturing business in Santa Anna, have come here to live and we hope they prosper beyond their fondest hope. There are unlimited quantities of raw material here. If the solution of manufacturing a satisfactory product has been solved and the present adventure proves a success other units will follow later, and the glass business is likely to prove the most valuable industry in Coleman county. We are not over-estimating the possibilities when we place our site high on the glass business in Santa Anna, and the industry is only in its infancy at present.

Associated with Mr. Knappe and Mr. Coleman are Chester B. Hoopes, formerly superintendent of the Liberty Glass company of Sapula, Okla.; David Jones, formerly associate superintendent of the Three Rivers Glass Plant at Three Rivers, Texas. Frank Schottel and Luke Waggoner, formerly with the Three Rivers plant, and W. Regulski, who comes direct from the Liberty plant at Sapula, Okla.; O. John and Frank John, who came direct from the Three Rivers plant.

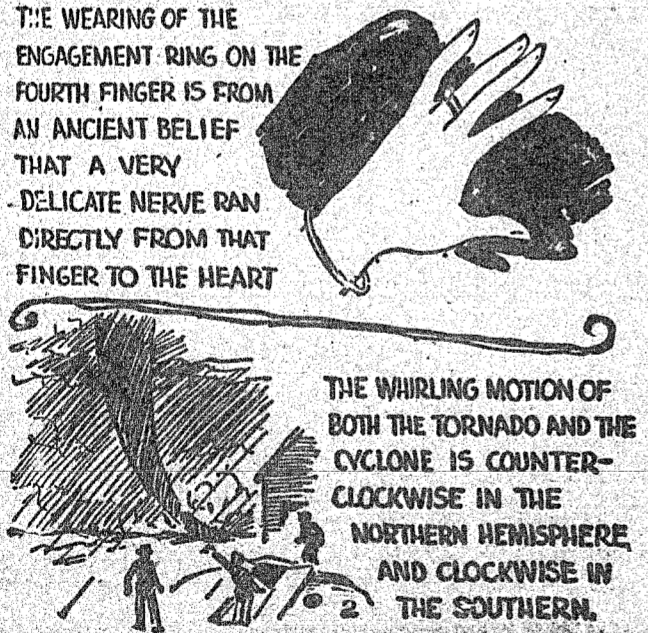

The above men are all expert glass men, skilled in the production and mechanical departments. Lester Peterson of Taylor, Texas, will be identified with the office department, and has been here on the job for several days.

The remainder of the labor, insofar as is possible to procure, will be selected from local talent.

The process has been long drawn out, and has required much work and endurance on the part of Messrs. Knappe and Coleman, but two young men never fought harder, and with more determination than they. We congratulate them upon the showing they have made, and believe they are now headed for success.

In a few days now, large shipments of glassware are expected to find their way into the markets.

### PUBLIC CONFIDENCE

The Santa Anna National Bank feels that it has earned the right to public confidence. Its strength and usefulness under a management ever actuated by the best interests of all the depositors, its reserves, surplus, and unimpeachable assets are a few justifications of this confidence.

We invite your business.

### GIRL SCOUTS TO REORGANIZE

The former members of the Girl Scout organization, and others eligible to become scouts are requested to meet at the home of Mrs. C. P. Petty Wednesday afternoon, May 23d.

### BRIDGE PARTY

Mr. and Mrs. J. W. Johnson of Whon honored Miss Olien Johnson of San Angelo with a bridge party Monday night of last week. The following were present. Mr. and Mrs. Jim Gill, Mr. and Mrs. Curtis Collins, Mr. and Mrs. W. T. Ferguson, Mr. and Mrs. Bert Turner, and Mrs. C. A. Walker.

Refreshments of ice cream and cake were served. The evening was very much enjoyed by all present.

Judges, mayors and representatives feasted upon the lunch that should have been served us newspaper men and secretaries. A dutch lunch composed largely of Bologna with the principal dutch part left out never was intended for a newspaper man. The big fat Bologna would have been much more appropriate on the other table.

KIDNAPED TOT AND MAN ARE FULLY ALIVE

Little six year old June Robles, who was kidnaped near Tucson, Arizona, April 27th, was found chained in a cactus covered hole out in the Desert Monday of this week after 18 days of suffering. Little June could not have survived but a short time longer in the surrounding conditions. We think it one of the most atrocious and unpardonable crimes we have ever read about.

June is reported fast responding to treatment and it is thought she will fully regain her strength and probably not suffer any bad effects from the long exposure.

She was returned to her parents and grand-parents, and the scene was said to have been one of uncontrollable joy. William F. Gettle, millionaire oil man was kidnaped from his palacious home near Beverly Hills, California, last Wednesday night, and was being held for \$60,000 ransom.

Officers followed a tip made by a telephone call, found the hideout, rescued Mr. Gettle and arrested three men and two women, supposed to be all the parties connected with the abduction.

Gettle was being held prisoner in a small LaCrescenda home near where he lived. All three of the men pled guilty Tuesday and accepted life terms in the penitentiary. The women claimed no part in the abduction, and the men assumed all responsibility.

If they spend the remainder of their lives in prison they will just spend a wasted life. There is a better way to deal with criminals of that class.

Mr. and Mrs. John Savage of Roswell, New Mexico, were visitors in the Mountain City Friday afternoon. Mr. Savage formerly lived in Santa Anna, and left here about twenty years ago to go to New Mexico, where he assumed the duties of manager of the state of Mexico for the Praetorian Insurance Fraternity.

WILLIAM MITCHELL REPRESENTS SANTA ANNA IN MY HOME TOWN SPEAKING CONTEST

William Mitchell was selected Monday to represent Santa Anna in the "My Home Town Speaking Contest" a feature of the annual convention of the West Texas Chamber of Commerce convention.

William was accompanied to San Angelo Tuesday by his mother, Mrs. W. I. Mitchell and sister, Miss Mary Alice, and a former teacher, Miss Ruby Volentine.

William made a good talk. His subject matter was splendid and his delivery was also good. He lost to other speakers, but promises to be a good prospect for another year.

TO THE VOTERS OF COLEMAN COUNTY:

In announcing my candidacy for the office of county clerk of Coleman county, I do so with the full appreciation of the responsibility of the office. Being left a widow by the death of my husband on July 31st, 1933, with six children to support I am seeking an opportunity to support my family. If given an opportunity I could support and educate my children and not become a charge upon society. My ambition is to make my own way and provide for my household. However at this time the conditions of employment are such as to afford very few opportunities for labor. I am appealing to you to favor me with this public office thru which I may be able to work out my living and save my home.

I received my education in the grammar and high schools of Louisiana and a college education in Meridian College, Meridian, Mississippi, at which place I was manager of the College Office. I have lived in Coleman county fifteen years. I will deeply appreciate your support and influence and if elected will deem it my highest privilege to serve with courtesy, promptness and efficiency.

Baptist Church

We had a splendid Mothers' Day program last Sunday and an increased attendance.

Next Sunday the pastor will be away, attending Southern Baptist Convention at Fort Worth. Bro. John B. Evans of Coleman will preach at the morning hour, and the male quartet from Simmons University will present their "Sermon in Song" at 8:15 Sunday night.

You are assured a spiritual feast at both services next Sunday. Bro. Evans is a fine preacher, and this quartet is unsurpassed. Let me urge the membership in particular and the public in general to attend these services.

We will move back to Santa Anna immediately after the Convention, and hope to be of better service in Christ's kingdom after this year of study at the Seminary.

HAL C. WINGO, Pastor.

TO MY FRIENDS:

It is a time honored custom that they that have received benefactions at the hands of their friends shall in some public way acknowledge such benefactions.

No doubt you have listened for the "echo in my heart" of your gracious deeds of kindness, through my long illness and convalescing. I am not unmindful of the great debt of love that I owe you but it seems that language fails in meaning when I try to express in words that which I feel in my heart. When my thoughts revert to the scenes of that affliction, it hangs like a pall of darkness over memory's sky. But there too I remember your cheerful presence and kind deeds, which I will always cherish in my heart, as the brilliant stars on the darkest night.

I feel unworthy of such kindness, unworthy because my arm is too short to reward you according to the greatness of your kind deeds. But friends, you are serving God, and not this poor mortal man that I am. God's arm is not shortened that He cannot save, but He will reward you with a crown of righteousness at that day.

Oh, the dark hours of that affliction that brought me down to the very doors of death. But my soul is not afraid of death. For when I am done with the world my heart will know no sorrow, my flesh will know no pain, my soul shall triumph in the Lord, and heaven shall be my gain.

And though my sleeping dust should rest in the tomb a million years, in that great morn of eternal day God shall bid it rise.

Then I and you, and my child and your child, my father and your father, and my mother and your mother shall join in that great Hallelujah that shall make the arches of heaven ring with the glory of God. Blessed be God who giveth us the victory through our Lord Jesus Christ. Your Fellow Pilgrim, H. M. Smith.

Presbyterian Mission Study

Members of the Mission Study class of the Presbyterian church met at the home of Mrs. W. R. Kelley Monday afternoon. Each member answered roll call with a brief biography of a missionary. The devotional was led by Mrs. Dora Bell, followed by prayer by the Presbyterian president, Mrs. Allen D. Forsythe of Brownwood.

"The Tea Party," sweetly given by little Bonnie Gene Balke, was appropriate for the occasion.

A beautiful poem "Nor Height Nor Depth" was given by Miss Blanche Boyd. A stewardship article, "Giving God a Chance" was the contribution of Mrs. Chas. Oakes. We were happy to have as our guests two Presbyterian officers, Mrs. Allen D. Forsythe and Mrs. James L. White of Brownwood, who greatly assisted us in perfecting our plans for the years work. Both are enthusiastic workers in their own church and inspired our membership to renewed action.

Charley Lockhart, state treasurer, and candidate for reelection, was a visitor for a short time in the Mountain City Sunday while enroute to San Angelo to attend the 16th annual convention of the West Texas Chamber of Commerce convention.

**CHEVROLET**

**WHY** do you suppose Chevrolet keeps repeating, in all of its advertising, "Drive it only 5 miles"? Very frankly, here's the reason: Chevrolet engineers have tried out all the various makes of cars in today's low-price field. They have compared performance—on rough roads, in traffic, over hills, through sand and mud and water! And they have proved, to their complete satisfaction, the same things that hundreds of thousands of Chevrolet owners are proving in their daily driving. The Chevrolet ride simply can't be matched by any other in the low-price field. That's why we urge you to "Drive it only 5 miles"—and that's why we promise, "you'll never be satisfied with any other low-priced car."

There were ten members present.

Whon News

Rev. Henry of Brownwood delivered the baccalaureate sermon for the Whon seniors Sunday evening. Members of the graduating class are Mattie Zue Featherston, Lorene Carter, Irene Avants, Rhoma Knox, Hope Tuney, and Zack Stewart.

Zack Stewart, the lone boy in the senior class, claims to have the longest name in the county. Zack's full name, so he explained to us, is Hector Napoleon Christopher Columbus Zachariah Taylor Stewart.

Whon's baseball team won another game Sunday, and, believe it or not, the Rockwood boys were the victims. Whon came from behind the last few innings to knock Cooper's pitching all over the pasture and pull out with an 11 to 9 lead. It was a free hitting game all the way, but poor fielding by both teams helped run up the score. Featherston and Shields pitched for Whon while Leach and Cooper were in the box for the visitors.

Brother Hampton, Whon's preacher-blacksmith, is hobbling around with a soft shoe on one foot as a result of a rather painful accident he suffered last week. He dropped a planter sweep which he was sharpening, the red hot sweep hitting his foot and nearly severing a toe. Brother Hampton says the injury to his foot is not so bad, as it will grow back, but that it nearly ruined a good shoe.
